October – Solar panel project completed with ribbon-cutting event. Hosted 2nd annual fundraising gala: Enchanted Garden.

November – Added two additional Individual Shelter Units (Thank you Marlette/Clayton Homes!), replaced and added trees, and added electricity to two storage sheds.

December – Celebrated 3rd year of consecutive service to guests in the Sleep Center!

OUTREACH

Our focus continues to include outreach and community education. It is important that everyone is aware of our services. We are providing shelter, and so much more, to those in need. We regularly attend, participate, and present at area events. We attend area meetings to spread the word and help our community at large to better understand what we are doing and why.

Below is a further re-cap of 2025:

10 total presentations to the city councils of Echo, Stanfield, Hermiston, and Umatilla, as well as Umatilla County commissioners.

12 presentations to civic/service organizations and/or church congregations.

27 scheduled group tours to community partners, organizations, and supporters; along with countless impromptu tours for community members and supporters.

We participated in five community resource events with information for the general public.

We participated in monthly meetings for PATH, Hermiston’s Faith Advisory Council Committee, Eastern Oregon Shelter Collaboration, Home for Hope, Oregon Continuum of Care, and our own board meetings. We also attended quarterly meetings for the Local Planning Group in Pendleton, the Community Action Group of Eastern Oregon, and the Food Insecurity planning group.

We invite you to come take a tour in person!
Visit our facebook page and/or website for a virtual tour.

We’d love to come to you, give an update, and answer questions you have about our work. Reach out to schedule with us!

SLEEP CENTER

Cindi Jorgensen
Sleep Center Coordinator

The Sleep Center continues to offer a low-barrier solution to those seeking overnight shelter, meaning we are an emergency, temporary shelter designed to minimize obstacles for people experiencing homelessness.

We have been in continuous operation every night since opening in December of 2022. We allow immediate access without requirements like sobriety, identification, income, or background checks. We encourage stability and safety for vulnerable populations; including accommodating pets and families.

Our Reverse Advent Calendar was very well received by individuals, as well as community groups, in December. We were grateful for the many donations!

We continue to rely on volunteers to help with serving breakfast and guest check-out, as well as evening check-in procedures. Meals are generously donated by individuals in the community, service organizations, local restaurants, and churches.

Our guests are fortunate to have the support of so many. SSA appreciates the thousands of dollars of in-kind donations for our guests.

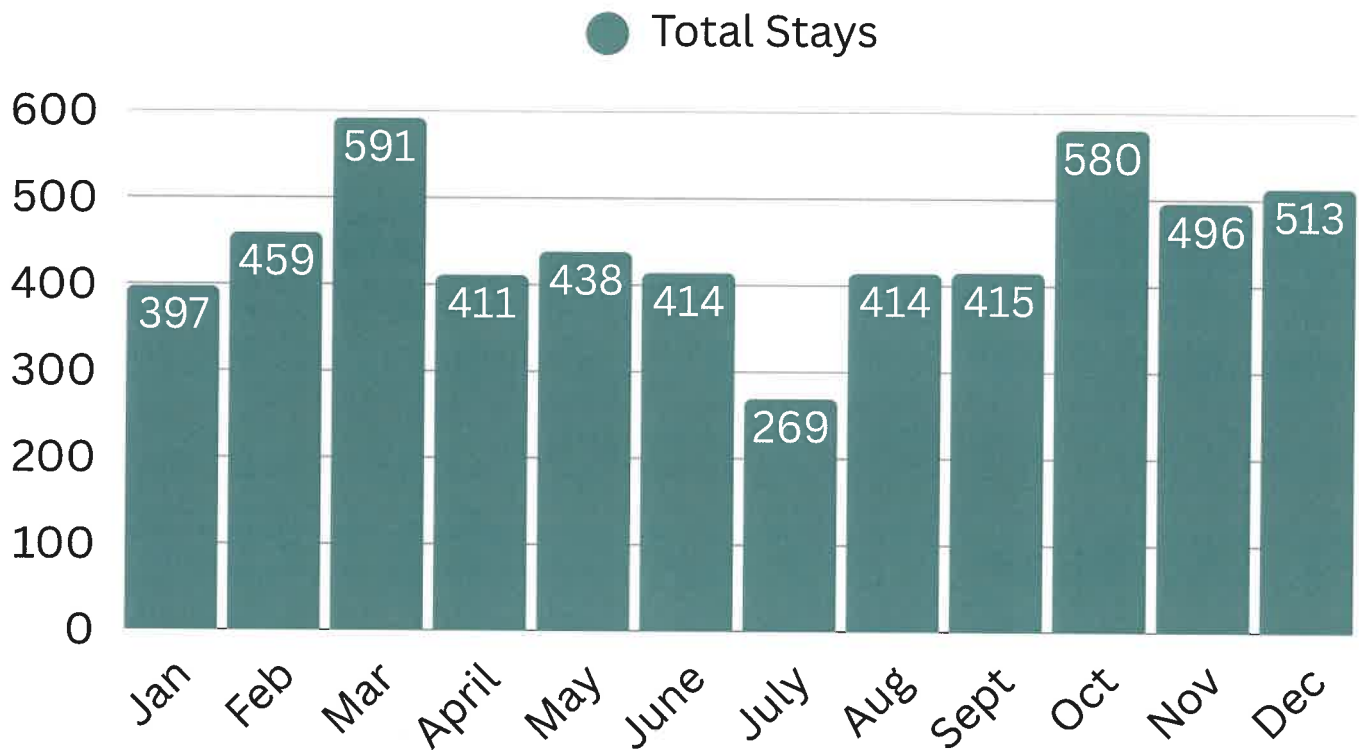

Transportation is available from a pick-up location in downtown Hermiston, or guests arrive independently. They are welcomed into the center, fed an evening meal, and given a safe place to sleep for the night. Breakfast is served in the morning before guests depart for the day. Transportation is then offered back to the same location downtown.

Overnight security is contracted through Phoenix Protective Services.

SLEEP CENTER NUMBERS

With average nightly stays ranging from 10-20 guests, the Sleep Center is offering a much-needed service in the region. Over 5,000 overnight stays occurred in 2025 representing well over 350 unique individuals.

Once a guest has stayed 14 consecutive nights at the Sleep Center he/she qualifies to transition into membership and works with our Navigation Director on the next steps to get into an Individual Shelter Unit.

NAVIGATION CENTER

Carolina Delgado
Navigation Center Director

Our Navigation Center and Individual Shelter Units opened in June of 2024. We continue to build the services and resources available to members.

Members set and work toward goals while staying on campus. Some categories include: employment, housing, budgeting, physical health stability, mental health stability, substance use disorder treatment, obtaining documents, and/or obtaining benefits. Each member works one-on-one with Carolina to set and progress toward their individual goals. She works hard to link our members with the appropriate resources to meet with success.

Members have access to computers, washer/dryer, kitchen, showers, and the group area that includes games, books, and puzzles. Staff is on hand daily to help with resume building, applications, etc. We offer a shuttle schedule Monday-Friday for members to be able to run errands. We strive to build a community where members are growing in hope, independence, and accountability. We celebrate birthdays, personal milestones, promote peer support, offer field trips, and host craft and social activities. We work to show members what a home looks and feels like, and how they can create that for themselves.

SUCCESSSES

We were able to add two additional ISUs on campus at the end of 2025. In the 18 months of our ISUs being available, we have successfully transitioned 18 individuals to permanent housing. Our primary goal is for our members to find sustainable, permanent housing, not quick fixes. We want to see success, so we strive to build a community that creates stability for members while they are here, and independence beyond our campus. We are working on long-term goals and long-term solutions, and this takes time.

Stepping Stones Alliance works with a vulnerable population filled with unique individuals. Each has his/her own, unique history, along with hopes for the future. Through our Navigation Center and staff, we work one-on-one to set goals and link each member to the community resources that will help them achieve those goals. Dealing with government bureaucracy is challenging for the best of us, but for those with limited means and difficult situations it is even harder without an advocate in your corner. We become that advocate and assist our members to navigate and persevere through the challenges.

Here are a couple recent member stories:

*names have been changed to protect the privacy of our members

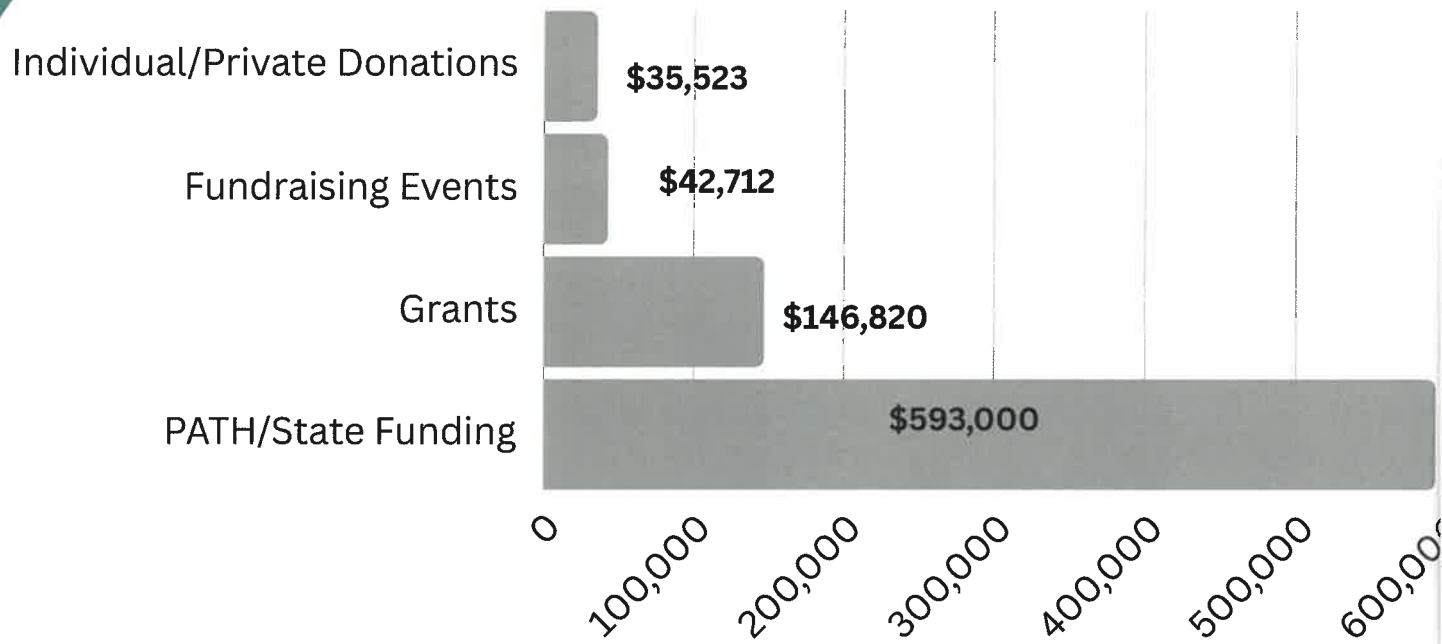

Steve came to the shelter fleeing domestic violence. He had been in an abusive relationship in another state and wasn't sure where to turn or even where was safe. Over several weeks, we were able to build trust with Steve and get more information about his background. He had cut all ties with his family years prior, but was open to the idea of reaching out to them. We were able to facilitate a reconciliation, and he was welcomed back by his parents (who had known nothing of the abuse or his whereabouts).

His mom sent a follow-up letter of gratitude stating, "We want to thank you so much for the help you gave our son. Because of you, he will now get his life back."

John moved to the area to live with family after his wife of many years passed away from cancer. The living situation did not work out, and he was left homeless, with little to no resources. John, a Veteran in his 80s, was lost without his wife. We began working through the process of getting him linked to Veteran resources. This involved a lot of navigating through the system to get the documents he needed to prove his service. His daily walks with his dog brought him solace, and he began to connect with staff and other members.

The connection made with our Veteran services partner eventually got John the resources he needed, and his own apartment.

REVENUE

We operate the Sleep Center 12 hours a day, 7 days a week and have members on site 24 hours a day, 7 days a week with the Navigation Center and ISUs. We operate with 8 staff members and have contracted overnight security staffing. Thanks to every donation, small and large, we are able to offer necessary resources to our guests and members. Funding opportunities for future revenue are constantly being researched and explored. Grants, sponsorships, private donations, and fundraising events are all being worked on as we continue to grow and add services.

STAFF MEMBERS

We have five phenomenal staff members who oversee our day-to-day operations. They drive, cook, clean, assist members, handle check-in and check-out, oversee the reception area, and so much more!

Outside of the daily operations; Zak focuses on IT, technology, and writing the monthly newsletter. Ross brings his own lived experience and assists with member goals through one-on-ones and navigation. They have both celebrated their 1-year work anniversaries with us and we hope they continue to offer their compassion and encouragement to guests and members at Stepping Stones for a long time.
