Re: Workplace Investigation

### Dear Angela:

I would like to thank you for your membership with Employers Council. We look forward to working with you and your organization in conducting a workplace investigation. This letter is provided to clarify Employers Council's investigation services, and contains important information about your relationship with us.

Our investigations engagement and the related services that we will render to you are limited strictly to the services described in this Engagement Letter. You understand that within the scope of this engagement for investigations services, you are not relying on us for employment law or business advice. We will keep you advised of developments as necessary to perform our services and will consult with you as necessary to ensure the timely, effective, and efficient completion of our work.

## **Scope of Engagement**

In order to address specific issues within your organization, **Huerfano County** is engaging Employers Council to perform an objective and neutral investigation of the matter. Employers Council's investigators are licensed attorneys; however, the investigators do not provide legal services and do not act in a representative capacity in the course of conducting investigations. The investigator's specific purpose is to develop a comprehensive record of allegations and evidence of supporting and refuting information to enable you, as the employer, to make an

informed decision regarding the circumstances including corrective action, if any. This material will be presented in an investigation report summarizing the procedure and detailing the information involved.

#### **Information Production**

During the course of this investigation, we ask that all parties fully cooperate with us by providing accurate information and requested documents in a timely manner, including, but not limited to relevant facts surrounding the situation at hand and the appropriate contact person. Interview participants may be asked to review, edit and approve their respective interview summary statements. All participants will be informed of the investigator's purpose in this process, the organization's prohibition against retaliation for initiating this process or participating in the investigation, and the organization's expectation that he or she be entirely truthful. The investigator will also discuss with parties and witnesses the importance of not discussing the investigation with coworkers, and will inform all parties and witnesses that no confidentiality is guaranteed them.

In order for Employers Council to timely conduct an investigation, we ask that you provide someone to assist with interview scheduling within 5 business days. We ask that you notify us with any material employment or structural changes that take place during the investigation. We also ask that all documents are submitted as soon as possible. Without such cooperation, Employers Council's ability to conduct the investigation, including the production of the investigation report, may be hampered.

During the course of, or immediately following, an investigation, you may need legal advice as to managing the workplace environment or addressing the investigation findings. While the investigator cannot answer these questions, Enterprise and Consulting members may obtain legal advice from an Employers Council staff attorney. Core members will need to obtain legal advice from their own internal or outside counsel.

## **Processing Timeframe**

Due to the nature of investigations, Employers Council is unable to provide an estimated timeframe for interviews or a total cost for services. In some cases, additional witnesses will be suggested to the investigator during the course of an investigation, and witnesses may sometimes need to be re-interviewed. Typically, the investigation report is provided approximately 14 business days after the conclusion of interviews. Providing complete and uniform information will assist the assigned investigator in completing your investigation report in a timely manner.

## Confidentiality

Employers Council acknowledges that its employees and personnel may have access to confidential and proprietary information and trade secrets of **Huerfano County** during the performance of the services outlined in this agreement. Due to the confidential nature of our investigations, we utilize an encryption software called ShareFile to share the final reports and attachments with members. We will receive notification of your downloads to ensure that you have received your files. ShareFile only allows a document to be downloaded a maximum amount of three times, but these files will still be accessible to you in the download section of your computer.

## **Entire Agreement**

These terms will not be modified unless in a written agreement signed by all parties. # **2024 COLORADO EMPLOYMENT UPDATE**

The latest hiring rules from the state of Colorado require careful consideration of legal requirements, best practices, and the specific operational needs of each county. Below are three important legislative changes that affect employers and employees alike.

#### **COLORADO CHANCE TO COMPETE ACT**

The <u>Colorado Chance to Compete Act</u> prohibits employers from inquiring about criminal history, asking the applicant to disclose criminal history on the initial application, and makes it unlawful to post job opportunities stating persons with criminal history are not able to apply. The Act does not apply to a position being offered or advertised if federal, state, or local laws or regulations exist that prohibit employing a person with a specific criminal history to that position. The best practice for counties would be to list on the job posting the requirements for hire then include a supplemental question form to go with the application specific to the position.

#### **EQUAL PAY FOR EQUAL WORK ACT (EPEWA)**

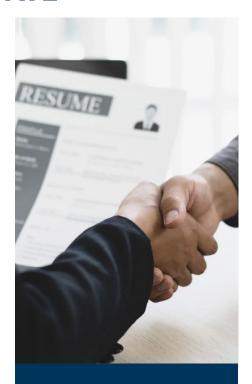

As of January 1, 2024, the EPEWA has added amendments that all employers must abide by. One significant amendment involves employers posting any "job opportunity" within the company to employees. This includes any current or anticipated vacancy that the employer is considering or interviewing candidates for, as well as vacancies externally posted. To ensure fairness and transparency, employers are obligated to make reasonable efforts to notify current employees of all promotional opportunities before making a final decision. Moreover, the EPEWA has specific notice requirements that must include the wage and/or salary range, an overall description of other compensation and benefits, as well as the closing date of the application window. Employers must also maintain accurate and up-to-date recordkeeping of relevant information related to the act.

#### **JOB APPLICATION FAIRNESS ACT (JAFA)**

Signed into law on June 2, 2023, the <u>JAFA</u> aims to protect job applicants from age discrimination during the hiring process. Under this act, employers are prohibited from seeking age-related information, such as date of birth and educational attendance details, on initial job applications. Exceptions are allowed for certain situations, such as verifying compliance with age requirements based on safety or federal, state, or local laws related to occupational qualifications. The CDLE is responsible for enforcing the JAFA and may issue warnings, compliance orders, and civil penalties for repeated violations. However, individuals cannot file private actions based on JAFA violations.

#### **FORM I-9 UPDATED**

The last step in the hiring process, prior to onboarding, is completion of Form I-9. Officially titled the Employment Eligibility Verification Form, this document is used by employers in the United States to verify the identity and employment authorization of individuals hired for employment. Make sure you are using the <u>updated form from August 2023</u>.

Reminder to check that all Labor Law posters are up to date for 2024. Posting this communication is not only a legal requirement in many iurisdictions, but it also serves to educate employees about their rights, fulfill employer obligations, and promote a positive workplace culture based on trust, fairness, and respect. In case of disputes related to employment rights, having labor law posters prominently displayed can demonstrate that the employer has made a good faith effort to inform employees of their rights. This can potentially help mitigate legal risks and avoid costly litigation. For questions, please contact CTSI at (303) 861-0507.

# **ENHANCED COMMUNITY SAFETY: AED USE**

An AED (automated external defibrillator) is a medical device that helps people in cardiac arrest by analyzing their heart rhythm, and if necessary, by delivering defibrillation (i.e., electric shock) to help the heart resume a normal rhythm. According to the American Red Cross, more than 350,000 people will suffer from cardiac arrest this year and response times by first responders is between 8-12 minutes. Every minute counts during a cardiac event where the odds of survival decrease by 10% for every minute defibrillation is delayed. Because of this, AEDs have become common in many workplaces.

Colorado requires all AED programs to have AED placement reporting and EMS activation, maintenance, training, medical direction, and program documentation. The Good Samaritan law applies to all AED program participants, but only for activities related to the use of an AED. Immunity is determined by the compliance of administrative and operation requirements. Colorado also requires AEDs to be placed in dentist offices. The state of Colorado has the following statute pertaining to AEDs:

# 13-21-108.1. Persons rendering emergency assistance through the use of automated external defibrillators – limited immunity.

(1) The general assembly hereby declares that it is the intent of the general assembly to encourage the use of automated external defibrillators for the purpose of saving the lives of people in cardiac arrest.

(3)(a) In order to ensure public health and safety, a person or entity who acquires an AED shall ensure that:

- (I) Expected AED users receive training in cardiopulmonary resuscitation (CPR) and AED use through a course that meets nationally recognized standards and is approved by the department of public health and environment;
- (II) The defibrillator is maintained and tested according to the manufacturer's operational guidelines and that written records are maintained of this maintenance and testing;
- (IV) Written plans are in place concerning the placement of AEDs, training of personnel, pre-planned coordination with the emergency medical services system, medical oversight, AED maintenance, identification of personnel authorized to use AEDs, and reporting of AED utilization, which written plans have been reviewed and approved by a licensed physician; and
- (V) Any person who renders emergency care or treatment to a person in cardiac arrest by using an AED activates the emergency medical services system as soon as possible.

(3)(b) Any person or entity that acquires an AED shall notify an agent of the applicable emergency communications or vehicle dispatch center of the existence, location, and type of AED.

(4)(a) Any person or entity whose primary duties do not include the provision of health care and who, in good faith and without compensation, renders emergency care or treatment by the use of an AED shall not be liable for any civil damages for acts or omissions made in good faith as a result of such care or treatment or as a result of any act or failure to act in providing or arranging further medical treatment, unless the acts or omissions were grossly negligent or willful and wanton.

# WHAT THIS MEANS FOR COUNTIES

AEDs are designed to be user-friendly, even for individuals without medical training. Having an AED in county facilities means that it can be quickly accessed and used by trained personnel or bystanders in the critical moments following a sudden cardiac arrest.

Placing AEDs in county facilities demonstrates a commitment to community safety. It reassures residents, employees, and visitors that measures are in place to respond effectively to emergencies, fostering a sense of security in public spaces. However, counties must be sure that they follow Colorado statutes about AED maintenance, training, and usage. For more information on AEDs, contact CTSI at (303) 861-0507.

# STEPPING UP SAFETY IN WORKPLACE FALLS

In workplaces across various industries, falls represent significant hazards that can result in injuries, productivity losses, and even fatalities. However, with proactive measures and a focus on prevention, employers can create safer environments for their county employees.

In the County Workers' Compensation Pool, slip, trip, and fall accidents are the top cause of employee injury... almost double that of body mechanics and lifting combined, the next two most common injury types. Falls can occur on level ground, such as slipping on an icy walkway, or tripping over an object, or from a different level, like falling off of a ladder. Risk factors also include uneven surfaces, improper footwear, and lack of safety signage.

#### **IMPLEMENT SAFETY MEASURES**

There are things you can do to lower the risk of slip, trip, and fall injuries. Most falls are caused by hazards, defined as any unsafe condition that can result in an accident. Keeping a worksite clear of hazards by using the precautions below can help prevent accidents:

- · Promptly clean up any spills
- · Keep walkways clear and free of clutter
- Use proper step-stools or ladders
- · Only carry loads you can safely handle
- · Make sure lighting is adequate

#### **DEALING WITH ICY CONDITIONS**

Many of these injuries could be prevented by wearing high-traction footwear or by adding ice cleats to traditional footwear. Ice cleats are devices with small spikes or high traction materials that can be affixed to boots or shoes with rubber straps and can easily be removed.

There are several types of ice cleats designed to meet specific needs. Retail ice cleats, such as those found at outdoor suppliers, are best suited for occasional use during hiking and other winter outdoor activities. Several companies manufacture heavy-duty ice cleats specifically designed for long-term, industrial use, which are more durable and designed to fit over insulated or oversized work boots. They have a higher price point than retail models, but this is often balanced by their increased longevity and specialized features.

When choosing the best type of ice cleat, consider what job duties the employees will be performing while wearing the cleats. Will they need to drive? Will they need to transition from outside to inside frequently throughout the day? Several manufacturers make transitional ice cleats that use abrasive materials or low-profile cleats that allow wearers to drive or walk indoors without removing the cleats repeatedly. Depending on the circumstance, ice cleats can also be worn on one foot to allow for partial traction and operating the pedal of a vehicle.

The following steps can help you minimize the risk of slip, trip, and fall accidents due to icy surfaces:

- Walk flat-footed, like a duck, or on the balls of your feet, not your heels
- Avoid routes that have not been cleared or appear to be glazed over
- Avoid carrying large objects that can obstruct your view or cause you to lose your balance
- · Traction devices, like ice cleats, should be worn by employees whose duties take them outdoors
- Avoid using traction devices inside on smooth surfaces, like tile or concrete floors

# WHAT THIS MEANS FOR COUNTIES

Each winter, CTSI receives multiple incident reports about county employees being injured while working in icy conditions. Slips and falls are a serious risk to employees, and taking steps to address them should be part of a comprehensive prevention program that safeguards against accidents. For more information about implementing a prevention program or advice on choosing the right footwear for county employees, contact CTSI at (303) 861-0507.

Commissioners and Huerfano County Board of Adjustment,

Last week of February, I learned that the Board needs another member to fulfill Board requirements. At this time, I am enlisting myself to take a seat on the Board at the Board's approval. Having sat on other county groups such as; Highway of Legends, county Airport, military affairs, and county Economic Development, I feel that I can add some positive assistance to the board without conditions. Thank you for this honor.

My brief history starts with co-owning a coffee shop on 120<sup>th</sup> and Colorado Blvd with my parents. This gave me my first commercial view internally and externally with how a business thrives or fails in the community. I am a 21-year military veteran and currently am the County Veteran Service Officer. I have an Bachelor degree in Science Psychology, Undergraduate Certificate in Ethics and Graduate in Clinical Mental Health Counseling. Furthermore, I currently hold a position as an Ordained Pastor and was a Denver Police Officer and Federal Agent. All of which allowed me to see two sides of every story and work in the 'grey areas' of a subject without deciding that the answer must be black or white. An eye for detail, proper vocal and writing language skills, and futuristic outlook finishes my brief synopsis.

I am looking forward to working with the Board and thank you for this opportunity.

Kind Regards,

PS P.W.

#### **Congressionally Directed Spending for Fiscal Year 2025: FAQ Document**

Senators Michael Bennet and John Hickenlooper are accepting Congressionally Directed Spending (CDS) requests for Colorado projects in Fiscal Year 2025 (FY25). As part of the broader appropriations process, CDS (previously known as earmarks) is a mechanism by which members of Congress can request funding for specific projects in their home state that have been submitted for consideration by local government entities and nonprofits. CDS funding is contingent upon a project being included in federal spending bills, and passed by both the House of Representatives and Senate.

Senators Bennet and Hickenlooper will have a joint application process for FY25 CDS projects. Applicants will be able to complete *one* application form which will be received by both offices. **Each Senator will then review project requests and submit to the Appropriations**Committee individually. Ahead of the official application, the Senators are sharing an *optional* interest form for projects to submit their interest in applying for federal funding through CDS.

Please note that this interest form does not serve as an official request submission, but allows our offices additional time to learn about your project and offer feedback on your request. Upon completion of the interest form and official FY25 guidance, our offices will send you the official request form.

This document provides answers to some of the most frequently asked questions about Congressionally Directed Spending. If you have additional questions about the process or your specific project, please contact the Senate offices at:

Senator Michael Bennet: <u>directedspending@bennet.senate.gov</u> Senator John Hickenlooper: <u>cds@hickenlooper.senate.gov</u>

#### **ELIGIBILITY**

#### What are the eligibility requirements for CDS projects?

- 1. Submitting organizations must be either not-for-profit entities or government organizations. Individuals and for-profit entities are not eligible to apply for CDS funding. All entities must provide their EIN number to verify non-profit status.
- 2. Projects must fit within an account of one of the Appropriations Committee subcommittees accepting requests. A list of the subcommittees and eligible accounts can be found <a href="HERE">HERE</a> or at the end of this document. Note: this list of eligible accounts is from FY24, it will be updated with FY25 guidance once it is released.
- 3. For the best chance of success, projects should be:
  - a. Shovel-ready: Projects should be ready to begin as soon as funding has been received. Given the uncertainty surrounding passage timing of an FY25 appropriations package, projects should be able to begin at any date.
  - b. Clear and reasonably budgeted: Itemized budgets must be as detailed as possible, and should indicate whether portions of the project could be completed independently of other portions if the project cannot be fully funded.
  - c. Self-sustaining: CDS projects should be able to be either completed or put on a sustainable path with one round of funding. While we will consider all projects, CDS projects should only depend on receiving money in FY25, and should have an ongoing impact on the community even after the funding has been used.
  - d. Beneficial to the wider community: Each project will be assessed based on its demonstrated level of positive impact for the community, with an emphasis on serving longstanding unmet needs.

### **APPLICATION PROCESS**

#### What is the CDS Interest Form?

Beginning in FY25, Senators Bennet and Hickenlooper will implement a new Interest Form for the CDS process. This is a simple form that allows projects to share basic information about their project (a detailed summary, budget, location, etc.) with the Senate offices ahead of the official request form. This will allow each office to review and provide feedback on project requests ahead of the official application. This form is <u>not</u> the official request form and submissions received only via the interest form will not be considered for CDS.

#### What is the CDS official request form?

When guidance from the Senate Appropriations Committee is available, Senators Bennet and Hickenlooper will release a joint official request form. Requests must be submitted through the official request form to be considered for CDS funding. This form will allow each office to collect all necessary information to review and submit projects for consideration by the Senate Appropriations Committee. Once available, the form will be available on each office's website. If an organization submits an interest form, the Senators will directly share the official request form. Our offices will not consider requests received outside the form.

#### Do I need to fill out an interest form to be considered for CDS?

No, but we suggest filling out the interest form for any appropriate feedback from our office on your request.

#### What information will I need to complete the official request form?

- Organization contact information
- A point of contact for all project specifics within your organization
- Detailed description of the purpose and scope of your project
- Itemized budget
- Your organization's Employer Identification Number (EIN)
- Details on any other CDS request your organization has made or will make this year
- Any other federal funding your project has secured including federal grants, loans, or CDS from previous years.

#### Do I need to provide any supporting documentation?

Yes, one letter of support is required from either the state government, local governments, Tribal governments, or other community leaders that identify the community benefits and support for the project. This letter must be submitted with the official request form.

#### What agencies and accounts are accepting CDS requests?

A list of the subcommittees and accounts that are accepting CDS requests is available at the end of this document. We expect that this list will contain very few changes from the fiscal year 2024 process.

#### What is the status of the FY24 projects that were included in the Senate spending bills?

The projects included in the FY24 spending bills have not yet been funded. They are still pending as Congress continues to negotiate the FY24 budget. We remain hopeful Congress will be able to agree upon a final budget that will include Colorado's projects and we continue to advocate for their passage. Our offices will stay in contact as the process continues to move forward.

# Should I complete the Interest Form if my project is included in the FY24 Senate spending bills?

No. If your project is currently included in the FY24 Senate spending bills you do not need to complete the Interest Form for FY25. Should Congress not pass a budget that includes the FY24 CDS projects, our offices will be in touch about appropriate next steps for FY25 consideration.

#### FREQUENTLY ASKED OUESTIONS

#### Can I submit projects to more than one member of Congress?

Yes, you can submit the project to every member of the congressional delegation who represents the location where the project will be implemented AND is accepting requests. If you submit the same project to multiple members of Congress, we ask that your application be identical and that you note the other members to whom you have submitted your project in your application.

#### Which agency and/or account should I select for my project?

An "account" is a funding bucket from which federal funds are disbursed. To be eligible for funding, your project <u>must</u> align with an account that is accepting CDS requests. When applying, please select the account that best fits the focus of your project. If your project does not fit within an account, even if it aligns with all of the other criteria above, it is unfortunately ineligible. Please review the list of Senate Appropriations subcommittees and examples of previously approved CDS projects, which can be found <u>HERE</u>. Eligible agencies and accounts can be viewed from the list of Senate Appropriations subcommittees found at the end of this guidance document.

If you are confused as to which account your project may fit within, please don't hesitate to reach out to our offices.

#### Where should I submit water infrastructure projects?

Water infrastructure (both drinking water and wastewater) projects should be submitted to the Interior subcommittee, NOT the Energy & Water subcommittee.

#### Can I have a meeting to discuss questions specific to my proposal?

Yes, our offices are happy to meet with organizations to answer questions specific to projects. If you anticipate needing to discuss your project, please reach out as soon as possible as we will not be able to extend our submission deadline.

#### Can I amend my submission after the deadline?

You should not plan on being able to make changes to your submission after the submission deadline. However, if minor mistakes are made, please let us know as soon as possible and we can work with you to try to correct them. Major changes may not be accepted depending on how close we are to the subcommittee's submission deadline. Once projects are submitted to the Appropriations Committee there will be no further opportunity to change them.

#### If Senators Bennet or Hickenlooper request my project, am I guaranteed funding?

No, our offices requesting a project is only the first step in the process. After our offices submit requests to the Senate Appropriations Committee, the committee will review requests and determine which projects will be included in spending bills. In order to be funded, these bills must pass both the House and Senate, and then be signed into law by the President.

If my project is included in FY25 appropriations legislation, when should I expect funding? Project funding will only be disbursed after the President signs the FY25 appropriations legislation into law. Projects that secure funding in a final spending bill will then work with the funding agency on their internal process (this can include another application or other submission on final project details). Agencies will need to approve the project details and scope before funds are ultimately distributed.

#### Can funds be reimbursed retroactively?

No, CDS funding cannot be used retroactively. For that reason, projects should not be dependent on receiving the funds by a certain date.

#### What grant requirements will I need to abide by if my project does get funded?

Each agency has slightly different requirements. But note that all CDS projects, once funded by Congress, will need to complete an agency process for final approval and release of funds. In many cases this is similar to a typical agency grant application. CDS projects are subject to all requirements for federal funds, including but not limited to: State Historical Preservation Office review, backend audits, and environmental impact reviews.

#### Does CDS require an EIS?

If you are requesting funds for a construction project, you should be prepared to complete an environmental impact study (EIS) or related review for the project per the requirements of the funding agency. If you have already completed an EIS at the time of your application, please clearly note that for our offices. In addition to an EIS, many agencies require other reviews for construction (including, but not limited to a review by the State Historic Preservation Office (SHPO)).

#### What types of projects were most successful the last time?

The most successful projects were those that could demonstrate qualitative or quantitative community benefits, met eligibility criteria for one of the accounts members can request CDS from, and were "shovel-ready."

Our project received CDS funding last year, can we apply again for the same project this year? Yes, but please note that CDS is meant to be a one-time infusion of funding for each project.

#### Can I request the total cost of my project?

Yes, but please note some accounts require match funds and our offices can therefore only request a percentage of the total project cost for specific accounts. In addition, while there is not a limit on the dollar amount Senators can request per project, most projects that received funding ranged from \$1-5 million.

#### Are there match requirements for CDS funding?

Many agencies have match requirements. The below chart outlines previous match requirements.

Agency	Account	Percentage of Total Cost you can request (%)
USDA	Rural Development	Varies between 10% and 70%, please contact USDA Colorado to confirm your eligibility.
USDA	Animal & Plant Health Inspection Service	Varies between 40% and 50% for certain programs.
Department of Energy	All energy projects	Varies between 0 and 50% depending on the nature of the project.

Army Corps of Engineers	Investigations; Construction; Operations and Maintenance	Please contact your local district (either Albuquerque or Omaha) to confirm specific project cost shares	
Department of Homeland Security	Pre-Disaster Mitigation Projects; Emergency Operations Center Grant Program	75%

U.S. Forest Service	Forest Service	50%

This is an official communication from the Directing Administrator of the National Opioid Settlements.

#### **Important Date**

Anticipated Payment Issue Date: 3/15/2024

#### **Payment Allocation Determination**

This Notice is an official communication from the Directing Administrator of the National Opioid Settlements. A copy of this Notice has been sent to the Enforcement Committee and Settling Distributors pursuant to Section IV.B of the Distributor Settlement Agreement, dated as of July 21, 2021, as amended, between and among the Settling States, the Settling Distributors, and Participating Subdivisions (the "Distributor Settlement Agreement"). All capitalized terms used in this letter have the meanings ascribed to them in the Distributor Settlement Agreement. The Settlement Agreement can be viewed online at <a href="https://www.nationalopioidofficialsettlement.com/Home/ImportantDocuments">https://www.nationalopioidofficialsettlement.com/Home/ImportantDocuments</a>.

Pursuant to Section IV.J of the Distributor Settlement Agreement, two of the Settling Distributors, Cencora, Inc, (f/k/a AmerisourceBergen Corporation) and Cardinal Health, Inc., have elected to exercise their right to make Settlement Prepayments for their respective anticipated contributions to the Annual Payment for Payment Year 7, due on July 15, 2027, for all States except Ohio and Rhode Island. Cencora, Inc. and Cardinal Health, Inc. made a separate prepayment for their respective anticipated contributions to the Annual Payment for Payment Year 18, due on July 15, 2038, for Ohio and Rhode Island. Pursuant to Section IV.J.3.b, a Settling Distributor can make no more than three (3) prepayments over the eighteen (18) year payment term and may not make more than one (1) prepayment in a five (5) year period.

As set forth in Section IV.J, these Settling Distributors provided a Prepayment Notice identifying Gross Settlement Amounts of \$294,894,035.65 and \$293,942,764.57 for Cencora, Inc. and Cardinal Health, Inc., respectively, and the corresponding Net Settlement Prepayment Amounts of \$208,876,496.06 and \$209,823,161.19, reflecting the net present value as of their respective Prepayment Dates. The Directing Administrator has received the funds for these Settling Distributors' respective Net Settlement Prepayment Amounts and these funds are now available for payment to the applicable Settling States and their Participating Subdivisions.

We have now determined the portion of the Net Settlement Prepayment Amounts to be paid to each Settling State and its Participating Subdivisions included on Exhibit G of the Distributor Settlement Agreement, excepting Ohio and Rhode Island and the Subdivisions therein, pursuant to Exhibit M and Section V of the Distributor Settlement Agreement. The attached Allocation Spreadsheet shows the intrastate calculations and allocations for Colorado following the methodology that Colorado has instructed the Directing Administrator to follow pursuant to Section V.D and Section V.C of the Distributor Settlement Agreement. You may also

find the calculations spreadsheet in your Beneficiary Portal at <a href="https://www.nationalopioidofficialsettle">https://www.nationalopioidofficialsettle</a> <a href="https://wwww.nationalopioidofficialsettle">https://ww

Item 8o.

As a reminder, it is the intent of the Distributor Settlement Agreement that 100% of the Annual Payment be used for Opioid Remediation, as defined in the Distributor Settlement Agreement, subject to certain exceptions. *See* Sections I.SS, V.B.1. This applies equally to Settlement Prepayments issued in advance of an Annual Payment. The Distributor Settlement Agreement requires that at least 85% of all settlement payments (i.e. payments pursuant to Sections IV, IX, and X) be spent on Opioid Remediation. *See* Section V.B.1. Additionally, Non-Litigating Subdivisions are required to spend 100% of their Annual Payments on Opioid Remediation. *See* Section VII.B. Your State's state-subdivision agreement or allocation statute may impose stricter limits on allowable spending.

Please note that the Settlement Prepayments discussed in this notice do not affect the Annual Payment for Payment Year 4, due on July 15, 2024. We anticipate providing notice of the Payment Year 4 payment amounts in late May.

#### **Your Right to Dispute**

Pursuant to Section IV.B of the Distributor Settlement Agreement, the Directing Administrator shall provide notice of the Annual Payment for Payment Year 7 no later than 50 days prior to the Payment Date of July 15, 2027. At that time, and consistent with every other Annual Payment, any party may dispute, in writing, the calculation of the Annual Payment or the amount to be received by a Settling State and/or its Participating Subdivisions.

It is anticipated that the Settlement Prepayments made by Cencora, Inc. and Cardinal Health, Inc. will reduce these Settling Distributors' contributions to Payment Year 7's Annual Payment to \$0 for the applicable Settling States. Pursuant to Section IV.J.3.e of the Distributor Settlement Agreement, if, in Payment Year 7, the amount a Settling State is calculated to receive is greater than the amount the Settling Distributors prepaid prior to discounting calculations, the Settling Distributors will pay any difference. Additionally, if, in Payment Year 7, the amount a Settling State is calculated to receive is less than the amount prepaid prior to discounting calculations, the Settling Distributors will receive a credit for the difference to be applied to subsequent Payment Years.

#### To Accept Payment

If you have previously created a Portal Account and completed your Payment Election Forms and W-9 Forms, no further action is needed unless you wish to provide updated payment instructions. The Directed Trustee will begin issuing payments after the anticipated payment date provided above using the payment instructions entered in the Portal. If you have not previously created a Portal Account, please do so and complete the Payment Election Forms and W-9 Forms to create payment instructions for any Settlement Payments. Keep your payment instructions current in your Portal Account at <a href="https://www.nationalopioidofficialsettlement.com">https://www.nationalopioidofficialsettlement.com</a> to prevent any delays in receiving your settlement payments.

As a reminder, your Case Manager is Emily Sirney whose email address is <u>esirney@browngreer.com</u>. We invite you to direct any questions you may have about creating a Portal, providing payment information, or the National Opioid Settlements in general to Emily.

Dear Carl,

You are receiving this email as the point of contact and/or fiscal agent for the disbursement of Opioid Funds to HUERFANO COUNTY. Below are some updates regarding upcoming disbursements of Opioid Funds.

# <u>Upcoming Disbursements from Teva, Allergan, CVS, Walgreens, and Walmart, as well as from Distributors and the Mallinckrodt Bankruptcy Trust</u>

You may have received an email from BrownGreer on March 1<sup>st</sup>, 2024 (DirectingAdministrator@ NationalOpioidOfficialSettlement.com), providing notice of initial disbursements from recent settlements with Teva Pharmaceuticals, Allergan Pharmaceuticals, CVS, Walgreens, and Walmart. Disbursements from these settlements are expected to be in late March or in April 2024.

A second email from BrownGreer on March 1<sup>st</sup>, 2024, noticed that two of the settling Distributors (Cencora, Inc. f/k/a AmerisourceBergen Corp. and Cardinal Health, Inc.) elected to pre-pay their 2027 payment this year. As a result, additional funds from Cencora and Cardinal will be disbursed **on March 15, 2024.** 

We also expect an additional disbursement in March 2024 from the Mallinckrodt Pharmaceuticals bankruptcy trustee, National Opioid Abatement Trust II or "NOAT II."

In total, we expect local governments to receive funds from a number of different parties in the coming months. We encourage local governments to keep an eye out for communications from BrownGreer and NOAT II and monitor their accounts to track incoming payments to ensure opioid funds are appropriately accounted.

All of the upcoming disbursements are from the State Share and Local Government ("LG") Share of the Colorado Opioids Settlement MOU. Funds allocated to the Regional Share and Infrastructure Share will be disbursed at a later date in accordance with the terms of the MOU.

#### **Note Regarding Payment Amounts and Timeline**

Please note that **all allocations and payment dates are estimates and are subject to change**. While we anticipate future disbursements will be made on a more consistent and uniform schedule, the various Settlements allow for some potential changes, including to the payment schedules. We will provide you with additional information for any changes to the disbursements as it becomes available.

You should have already received disbursements from the Distributor and Janssen Settlement payments for 2023 from the National Administrator, BrownGreer PLC. Additional disbursements were also recently made from NOAT II for the Mallinckrodt Cycle I bankruptcy payments using the same payment instructions you provided to BrownGreer for the Distributor and Janssen settlements.

Non-bankruptcy settlement information can be reviewed in the BrownGreer portal. Mallinckrodt bankruptcy information can be found on NOAT II's Colorado webpage.

If you expected to receive disbursements from the Distributor or Janssen settlements, or from the Mallinckrodt trustee, but did not receive those funds, please contact the Opioid Response Unit at <a href="mailto:opioids@coag.gov">opioids@coag.gov</a> or at (720) 508-6904. To review the 2023 disbursement amounts from the Distributor and Janssen settlements, as well as from the Mallinckrodt bankruptcy, please visit the Colorado Opioid Settlement Dashboard.

If you have any questions, please contact the Opioid Response Unit at opioids@coag.gov.

Warmest regards, Opioid Response Unit Colorado Attorney General's Office John Galusha, Chairman Arica Andreatta, Commissioner Karl Sporleder, Commissioner
