RE: Proposed 2025 Budget for the Huerfano County Department of Human Services

Attached is the proposed budget for the Huerfano County Department of human Services for the County Fiscal Year 2025.

The total request for 2025 is \$\$2,967,043.92. Included in the request are County funds in the amount of \$429,763.38.

Human Services programs are funded by a variety of allocations. Most programs are 80% funded by the State with some programs being 100% Federally funded. The Department receives a State allocation for each program and the budget is based on these allocations.

County Funding

Included in the county funding request of \$429,763.38 are funds for county match and maintenance of effort for Human Services programs in the amount of \$423,513.38 with \$6,250 accounting for shared transportation and operating expenses.

The county revenue for these expenditures includes \$389,767 from property taxes and \$39,996.38 from other revenue sources.

There is a 2% pay for performance increase for the 2025 budget, several reclassifications, and one new position.

The 9% increase for health insurance is also included.

The most significant changes to the administration expenditures for the 2023 budget are as follows:

The county funded services and transportation decreased as we are no longer paying a share of salary for the county finance director.

The Employment First budget was still included to show the change over time, but we have elected to refer Employment First services to an outside vendor and no longer run the program in house.

The Child Welfare budget increased by \$550,000. This does not actually represent an increase in costs, but we are including pass through funds that are allocated in order to better track our spending to allocation and budget.

ADDED LINE ITEM

This budget category funds child protective services offered by the county department. The county department is mandated to provide services as per the Colorado Children's Code which is part of the Colorado Revised Statutes.

Cost saving strategies have been implemented by the county to reduce out -of-home placement expenditures. However, costs continue to rise as services must be provided to all children in need. As a result, transfer of funds from TANF reserves and child welfare mitigation dollars may be needed in order to meet expenses in this program.

Counties are required to offer a number of child welfare"core services" for children and families. These services are designed to prevent out-of-home placement of children or to quickly return children who have been removed from their homes by improving family functioning.

These services include alcohol and substance abuse counseling, mental health services, sexual abuse counseling, intensive family therapy, individual counseling and parenting and life skills. Core Services funding is partially 80% State and 20% county and partially 100% State (page 8). This allocation has basically remained unchanged for several years despite increasing costs.

The Huerfano County Department of Social Services has been awarded an additional \$24,000.00 to operate the Reconnecting Youth Program. This program provides counseling and other services specifically designed to prevent the out-of-home placement of troubled adolescents.

Several years ago Colorado entered into a settlement agreement with the American Civil Liberties Union relating to improving and increasing child protective services. Some of the dollars allocated to provide services to meet the terms of this settlement were funded with State only monies. Although the settlement agreement has expired these State only dollars continue to be allocated.

This is funding that is provided to the counties by the State as Federal pass thru and State incentive funds to be spent for child welfare purposes only. Part of this funding is based on the number of children who were eligible for the Temporary Assistance to Needy Families program had they not been in Child Foster Care and the rest is earned by collecting parental fees to offset the cost of foster care.

The Huerfano County Works and Temporary Aid to Needy Families (TANF) programs were implemented July 1, 1997. These programs were implemented statewide pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act, commonly known as Welfare Reform legislation. The County share is an MOE derived from expenditures from a year prior to 1997.

The focus of this program is to assist participants to become self-sufficient by providing or purchasing services to eliminate barriers participants may have which prevent them from being self-sufficient. These services include, but are not limited to, basic job readiness training, GED courses, subsidized and unsubsidized on the job training, community work experience placements, college courses limited to 12 months, substance abuse avoidance counseling, mental health counseling, domestic violence elimination counseling, etc. The services available to participants are based on an assessment which allows the local flexibility needed to design effective plans. The temporary benefits provided to participants, Temporary Assistance to Needy Families or "TANF," are no longer an entitlement. These benefits are made available only after the participant agrees to and signs a Road map and participates as set forth in that contract.

The MOE is found in that portion of the budget that deals with the authorized benefits provided to Huerfano County Works participants and in the Child Welfare 80% State funded sections (pg. 5)

The claims of stolen benefits were all founded and the benefits have been, or will be, replaced. We had a total of 4 stolen Cash reports and approximately 26 stolen SNAP reports.

Collaborative Management Program

Andrea Montoya attended the 2024 Collaborative Management Retreat in Vail, CO. The retreat had topics such as HB23-1249 Data Planning, Using Evidence-Based Assessments in Collaborative Management Programs, Service Arrays, Networking for Coordinators, and a baby shower celebration! The CYDC Conference followed the retreat and was attended by Heather Wellman.

Item 4b.

The Family Meetings Program was re-launched in October! Holding two in-person meeting dates with the newly contracted facilitator, HCDHS Child Welfare completed six meetings! It was a great beginning to hopefully a strong Family Meetings Program for Huerfano County. Family Meetings are offered to at-risk or multi-system involved families and coordinated through the Family Resource Center as a CMP service. The collaborative and multi-agency approach provides an evidence-based, supportive, and non-judgmental environment where families can explore issues, identify personal strengths, and take an active role in overcoming challenges.

Building Blocks Playgroup

Building Block Playgroup, under the direction of Facilitator Amy Vallejos and Aide Andrea Garcia, held their annual Pumpkin Patch Playgroup on October 29th. Participants were able to walk the Playgroup Pumpkin Patch at Fiesta Park and choose a pumpkin to keep. The facilitators also coordinated Building Blocks Playgroup's annual Trick-Or-Treating Special Event on October 31st to businesses around downtown Walsenburg. The October events are as fun for staff as they are for families!
