Staff Report Public Hearing for CUP 15-010 Walsenburg Cannabis Board of County Commissioners

Meeting Date: 05/23/2023

Introduction: With this application The Huerfano Code Enforcement has found this CUP 15-010 to be in violation of Section 18.04.01 and 18.3.1 of the Land Use Code, and have attempted to contact the owner(s) without adequate response. The Facility has been vacant since before August 1, 2022 (See code reference 13.3.1 on page 2). On March 23, 2023, the Huerfano County Planning Commission reviewed this CUP and recommended that the Board of County Commissioners begin the revocation process outlined in Section 1.06.04, which requires Commissioners to schedule a public hearing. Following the conduct of the public hearing, as specified in Section 1.06.02, the Board shall act to revoke, not to revoke or to impose additional or amended conditions or sanctions on the conditional use approval holder.

Background

- The facility is located at 23054 US Hwy 160 near the Spanish Peaks Regional Medical Center and Lathrop State Park.
- The original CUP 15-010 was granted to DDS Ltd. The PW CO CanRE Walsenburg and Walsenburg Cannabis then transferred the CUP into their name.
- On August 26th 2021 the Board of County Commissioners approved the amendment to CUP #15-010, which transferred CUP 15-010 and gave specific facility operator approval to transfer Site 1. Case reference number: 21-15-010 Amendment.
- The applicants at time were Cedric Crockett, Jared Schrader, and David Lesser.
- Building permits for greenhouses #21-185, 21-205 and 21-206, were pulled on 11/9/21 and 12/6/21.
- When the Huerfano County Building Department went to do pier hole inspections they were notified that Cedric Crockett had no further affiliation with Walsenburg Cannabis.

Code Enforcement

- In July, 2022, Huerfano County Code Enforcement was informed that Walsenburg Cannabis was no longer in operation. Huerfano County Code Enforcement was also informed that the doors had closed and all of the plants that were being grown were destroyed through a wood chipper. A phone call was made to Jared Schrader who informed Huerfano County Code Enforcement that the operation had been shut down, but he declined to give an explanation.

Walsenburg Cannabis. The emails also explained that CUP 15-010 would go to the Huerfano County Planning Commission after February 1, 2023 to be considered for revocation. Two phone calls were placed to each of the numbers that were listed and messages left for Mr. Lesser with no return call.

- No building inspections have been conducted in over a year by the Huerfano County Building Department. Section 18.04.01.02 states that final inspections must be performed within one year of the building permit approval. There has been no communication on the building side of things.
- There were conditions put forth by the Huerfano County BOCC to the amendment to CUP 15-010 at their August 21, 2021 meeting. One of those conditions was that the Planning Commission would hold a compliance review after one year from the date of the CUP approval. No compliance review done as the facility was no longer in operation.

Code References

18.3.1 Abandonment.

Any facility that ceases operations for a period of six (6) consecutive months shall be considered abandoned and the Conditional Use Permit issued therefor may be revoked on such grounds following the procedure set forth under Section 1.06.04 of the Huerfano County Zoning Regulations.

18.04.01 Time of application and operation.

- 18.04.01.01 Annual Compliance Reviews shall be performed by the Board of County Commissioners, or its designees, no later than 30 days following the anniversary date of the issuance of a Commercial Building Permit.
- 18.04.01.02 All required construction permits must be in place within forty-five (45) days of CUP approval, construction must begin within 180 days of building permit approval, and all final building inspections must be performed within one year of the building permit approval.
- 18.04.01.03 Failure to meet any of the foregoing thresholds may result in revocation of the CUP.

1.06.04 Review and Revocation of a Conditional Use Approval

At such intervals as it may have specified in its decision granting a conditional use approval or by its own initiative or upon request by the Planning Commission or the Zoning Enforcement Officer, the Board of County Commissioners shall request the Planning Commission to review the terms, conditions or other provisions of conditional use approvals issued by the Board. Upon review of the approval provisions, the Planning Commission may specify time periods in which any violations of the terms or conditions shall be corrected and request the Zoning Enforcement Officer to report upon the action(s) taken to remedy the specified deficiencies. If the Planning Commission recommends revocation of the conditional use approval, such recommendation and the reasons for it shall be forwarded to the Huerfano County Board of County Commissioners. Within ten (10) working days of receiving that recommendation the Board of County Commissioners shall schedule a public hearing by the Board, as specified in Section 1.06.02. Following the conduct of the public hearing, as specified in Section 1.06.02, the Board shall act to revoke, not to revoke or to impose additional or amended conditions or sanctions on the conditional use approval holder. Failure of the approval holder to comply within the stipulated time periods with any of the original conditions under which the permit was issued or to comply with any amended conditional use application provisions shall be adequate reason for revocation of a conditional use permit without additional hearings or administrative remedies.

Staff Comments

Because no compliance review was conducted as per 18.04.01.01 and the permit holders have declined to communicate with Huerfano County Code Enforcement, Walsenburg Cannabis is not in compliance with Section 18 of the Land Use Code and the terms of CUP 15-010.

Planning Commission Recommendations:

On March 23,2023 the Huerfano County Planning Commission unanimously voted to send CUP 15-010 Walsenburg Cannabis to the Huerfano County Board of County Commissioners with the recommendation to begin the revocation process of CUP-010 due to non-compliance of the following Huerfano County Marijuana Regulations:

- 18.04.01 Time of application and operation.
- 18.04.01.01 Annual Compliance Reviews shall be performed by the Board of County Commissioners, or its designees, no later than 30 days following the anniversary date of the issuance of a Commercial Building Permit.
- 18.04.01.02 All required construction permits must be in place within forty-five (45) days of CUP approval, construction must begin within 180 days of building permit approval, and all final building inspections must be performed within one year of the building permit approval.
- 18.04.01.03 Failure to meet any of the foregoing thresholds may result in revocation of the CUP.

Decision of the Board of County Commissioners:

On March 28, 2023 The Board of County Commissioners voted unanimously to schedule a public hearing on Tuesday May 23, 2023 at 10:00am, upon closing the public hearing, the Board shall act to revoke, not to revoke or to impose additional or amended conditions or sanctions on the conditional use approval holder.

Additional Staff Comments:

On Wednesday May 10, 2023 an email was sent to David Lesser reminding him of the Public Hearing on May 23, 2023, sent him a copy of the Staff Report that was done up to that point, to let him know when the Public Hearing Notices and letters were done. As of today May 22, 2023 no correspondence has taken place between Mr. David Lesser and the Huerfano County Land Use Office.

A letter from one of the adjacent property owners Robert Maldonado was brought in on May 15, 2023 by Mr. Maldonado, who stated he couldn't be at the Public Hearing on May 23, 2023.

5/15/2023

To whom it may concern,

My name is Robert W. Maldonado. I live at 1620 County Road 346 in Walsenburg Colorado. I own property that ajoins the Cannabis grow located at 23054 US Highway 160. While the new tenants have been here I have had boat loads of problems with them. I reached out to them to resolve these issues and they refused to cooperate.

The issues included trespassing, cutting my fences to have access to poaching on my property. I would hear gunfire after dark. Yelling as if it was an all night bar, and they were throwing their trash on my side of the fence. My home sits directly below the property in question. I have caught them on my property a number of times and they tell me they work for the grow and to take it up with them.

I called the Code Enforcer and nothing was done to address these issues. If there is not going to be very strict enforcement, I am totally against this operation opening again.

Respectfully Yours, Robert W. Maldonado obi

RESOLUTION NO. 23 - 18

THE BOARD OF COUNTY COMMISSIONERS OF HUERFANO COUNTY, COLORADO

A RESOLUTION TO ADOPT A POLICY FOR THE DISPOSITION OF SURPLUS REAL AND PERSONAL PROPERTY

WHEREAS, C.R.S. § 30-11-107(1)(a), as amended, grants the Board of County Commissioners ("the Board") the power to make such orders concerning the property belonging to the County as it deems expedient; and,

WHEREAS, The Board believes that it is in the public interest for real property owned by the county to be returned to the tax rolls if it is not needed for some present or future government use and if it can be sold for a reasonable return.; and,

WHEREAS, The Board finds that in keeping with prohibitions against acquiring real or personal property as a speculation, the County does not have the power to retain property lawfully acquired for the use of the county when the use no longer exists; and

WHEREAS, The Board desires an orderly and transparent process for this disposition of County property and believes that such a process is in the best interests of the County and the public.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Huerfano County, Colorado that the following is hereby adopted:

Section 1. Purpose and Scope.

- 1. The purpose of this policy is to provide for the disposition of County-owned real and personal property in a manner that maximizes public benefit and upholds the highest ethical standards.
- 2. This policy applies to the entire Huerfano County Government, including elected officials and County-owned enterprises, and all property of Huerfano County Government or an enterprise thereof.
- 3. Easements and Rights-of-Way are specifically excluded from this policy and may only be vacated under the Huerfano County's adopted Land Use Regulations.

Section 2. Definitions.

- 1. Surplus personal property means that personal property which has been determined to be obsolete, outmoded, unusable or no longer usable by the institution, or property for which future needs do not justify the cost of maintenance and/or storage. Such property must be declared "surplus personal property" as set forth in this resolution; provided however, property need not be declared surplus when disposition is through the trade-in method.
- 2. Surplus real property means that real property which has been determined, by the Board of County Commissioners, to not meet the current or future needs of Huerfano County.

Section 3. Disposition of Personal Property.

- 1. **Surplus Declaration Authority.** Department heads and elected officials have the authority to deem personal property to be surplus, except for:
 - a. computer and computer-related equipment, which can be declared as surplus only by the IT Department; and
 - b. vehicles and other motorized equipment, which shall be declared surplus only by Sheriff's Office, for motorized equipment under their authority, or the Road and Bridge Department for all other vehicles and motorized equipment
- 2. Storage, recycling, disposition or disposal of surplus personal property with a replacement cost of less than five hundred dollars (\$500.00) shall be at the discretion of the appropriate department head or elected official; provided that donation of items to county employees is strictly prohibited, except as set forth in subsections 4 and 5 below. The County Administrator, or a designee thereof, shall have the authority to determine the disposition of all surplus property which has a replacement cost of five hundred dollars (\$500.00) or more.
- 3. **Approved dispositions.** When surplus property cannot be sold to a bona-fide third party for value, approved dispositions, in the order of priority, include:
 - a. The exchange or trade-in of supplies as part or full payment for the procurement of new supplies.
 - b. The transfer of property no longer needed by one county department or elected official to another department or elected official. Surplus county property shall first be offered to other county departments via email. The property will be distributed on a first come, first served basis.
 - c. Transfer to another governmental agency.
 - d. Transfer of property to a registered 501(c) non-profit entity serving local needs, including any recipients of DHS contract awards or other non-profit agencies.
 - e. Sale of supplies that cannot be used by any department or elected official, by public auction or other public advertisement, as deemed appropriate by the finance director, in accordance with subsection (IV) below.
 - f. Sale at salvage or scrap.
 - g. Disposal of surplus personal property that is deemed unfit for disposition in any other manner.
- 4. **Prohibited dispositions.** County employees and their immediate family members are prohibited from purchasing surplus property, unless such purchases are made at a public auction or other advertised sale. Notwithstanding the foregoing, obsolete computers and computer-related equipment that is deemed by the IT director, or the director's designee, to net less than twenty-five dollars (\$25.00) in any public sale may be offered to county employees, free of charge with the approval of the County Administrator.

5. Manner of sale.

- a. **Sales under \$500.** A total sale (representing a single transaction of one or more items) estimated to be under five hundred dollars (\$500.00) should be made by informal procedures calculated to achieve the maximum financial benefit to Huerfano County.
- b. **Sales of \$500 or more.** A total sale (representing a single transaction of one or more items) of surplus property in estimated amounts of five hundred dollars (\$500.00) or more shall be formally advertised, sealed bids shall be taken, and the

bids received shall be submitted to the County Administrator, or a designee thereof, for award. Sale by public auction may be used in lieu of sealed bids.

- i. Huerfano County employees may submit sealed bids and may bid on surplus property at public auction.
- ii. If no monetary offers are received in the form of sealed bids or bids at public auction, the finance director may negotiate a sale. County employees may not procure any surplus county property through a negotiated sale of any type.
- 6. **Returns.** Nothing contained in this code shall be construed to prohibit the return of unused goods, which are surplus to the requirements of the county. Unused goods, supplies or equipment may be returned to the original contractor with or without a restocking fee if this method of disposal will result in higher benefit to the county.
- 7. **Refunds.** Funds received from the sale of surplus property will be credited back to the same fund from which its original purchase originated.

Section 4. Disposition of Real Property.

- 1. Policy
 - a. The Board of County Commissioners declares that it is in the public interest for real property owned by the county to be returned to the tax rolls if it is not needed for some present or future government use and if it can be sold for a reasonable return. The Board of County Commissioners also declares that it is in the public interest to transfer county property for a public benefit or purpose consistent with the requirements of this resolution and state law. It is therefore the policy of the county to transfer parcels of property owned by the county which are determined to be surplus property pursuant to this subsection 1, where disposal of a subject parcel:
 - i. would afford the county a reasonable return from the transaction; or
 - ii. is determined by the board of county commissioners to be in the public interest for a public benefit purpose; and
 - iii. the disposal is conducted consistent with the requirements of this resolution and state law.
 - b. Each sale shall be made on the conditions the Board of County Commissioners may prescribe to the best responsible bidder after the published notice of the sale. The standard conditions set forth in section 2 below shall apply to all sales unless altered by the Board of County Commissioners.
 - c. For purposes of this section, the term "sale" shall include any transfer of real property except vacation, or except as otherwise specifically excluded.
 - d. Only the Board of County Commissioners may declare real property surplus. Such a declaration should be made, at minimum, in the form of a motion during a public meeting. Declarations may be made at the discretion of the Board, after a request from an Elected Official or Department Head, or after a request submitted though the public process set forth in subsection 3 below.
 - e. All sales of surplus property shall use the bid procedure set forth in subsection 4 below.
 - f. Real property owned by a County enterprise is subject to this resolution, except that the board of said enterprise may declare a property surplus with the consent of the Board of County Commissioners and the board of the enterprise will receive and open bids before forwarding a recommendation to the Board of

County Commissioners for final action. Provided however, that should the entirety of the Board of County Commissioners constitute the entirety of the enterprise board, then the decision to declare a property surplus may be made in a meeting of either Board and bids must be opened in a meeting of the Board of County Commissioners.

2. Standard Conditions

- a. The following conditions apply to all sales unless removed or altered by the Board of County Commissioners:
 - i. The purchaser shall pay for all costs of any bid and publication procedure, appraisal, title search, surveys, report or commitment, escrow, recordation, postage and all other such transactional costs.
 - ii. The county shall sell the surface estate of any real property by quit claim deed, and may except from such estate or interest, any and all water, water rights, mineral, mineral rights, oil, gas or leases that may be associated with the land.
 - iii. The county shall reserve any known and existing public easements for sewer, access, open space, gas, water, electricity, pipelines, ditches, canals, laterals, broadband fiber, telephone cable and for similar lines and appurtenances. No easement may be removed except by the vacation process set forth in the County Land Use Regulations and State Law.
 - iv. The County shall reserve easements for or retain title to any road right-ofway, drainage area, or other public utility right of way that have either been developed on the property since acquisition or previously existing in either prescriptive form or by informal agreement.
 - v. If the purchaser is an adjacent owner, the title shall vest, subject to the same encumbrances, liens, limitations, restrictions and estates as exist on the abutting land of the purchasing owner. Further, the County may require adjacent owners to consolidate lots as a condition of the sale.
 - vi. In no event shall the county sell real property so as to deprive any parcel abutting the property of preexisting access connecting the abutting land with a public road, street or other public way.
 - vii. The required terms, conditions or statutory requirements arising out of the manner in which the county acquired the property shall be observed.
 - viii. No warranties, express or implied, of any kind whatsoever shall be made as to the fitness for intended use, habitability or any other assurance.
- b. The Board of County Commissioners may prescribe such other terms and conditions as in its sole discretion it shall determine including, but not limited to, those necessary for the mitigation of adverse impacts to adjacent property owners.
- c. County land use and dedication requirements shall be met, where applicable.
- d. These sale procedures shall not be construed to apply to property acquired pursuant to C.R.S. § 39-11-101 et seq. (Tax Sales Treasurer's Deed), in which event those statutory procedures shall apply.

3. Request for Sale Procedure

- a. **Right to Request.** Any person or legal entity may make a request for sale of public property, except for county staff. All requests for sale of county-owned public property shall be made on a form provided by the County and received by, or transferred to, the Land Use and Building Department.
- b. Submittal Information. The following must be submitted with any request.

- i. A form provided by the County that includes, at minimum, the following:
 - 1. Information to identify the parcel such as an address or preferably the Property Tax ID of the parcel;
 - 2. Contact information for the requestor;
 - 3. An opening offer for the parcel; and
 - 4. An acknowledgement that the requestor understands the request process and standard conditions.
- ii. The Assessor's Real Estate Appraisal Card or CAMA for the property
- iii. The deed where the County acquired the property.
- c. **Deposit Required.** Submitted requests must be accompanied by a deposit of either 5% of the proposed purchase price or \$1000, whichever is higher. The deposit will be fully refundable if the request is denied. If the request is approved the deposit will be applied to the purchase price and any closing costs.
- d. Administrator's Review. Upon receipt of a request for the sale of public property, the Land Use and Building Department will forward the request to the County Administrator, who may deny the request in the event that the Board of County Commissioners has given direction to reject requests for a given property; if the property is in use by the County; or if the County has active designs on the property. Such denial must be given in writing with the reasoning clearly stated.
- e. **Estimate of Value.** After the Administrator's review, the Land Use and Building Department will request the following from the County Assessor's office an estimate of the assessed value of the property and an estimate of the fair market value of the property.
- f. **Department and Interagency Review.** After receiving the Assessor's estimate of value, the Land Use and Building Department will circulate the request along with the supporting documentation and a map of the property including the surrounding area to the following referral agencies:
 - i. all County departments and elected officials
 - ii. The Planning Commission
 - iii. The school district and any other special purpose districts in which the requested sale is located
 - iv. All utility companies and municipalities potentially affected by the requested sale.

Additional referral agencies may be added at the discretion of the County Administrator. All referral agencies shall be allowed a thirty (30) day review period from the receipt of the referral materials to consider if there is a potential current or future use of the property that has public benefit. An extension period may be granted with the approval of the County Administrator. Failure to respond within the original review period or the extension period shall be considered a de facto statement that the agency does not know of a current or future beneficial use

g. Commissioners Review.

- i. After the conclusion of the review period or any extension, the Land Use and Building Department will prepare a package for Commissioner's review the request, along with all information provided to review agencies, and any feedback from review agencies to the Board of County Commissioners.
- ii. A public hearing before the Board of County Commissioners shall be held for the purpose of determining whether the property should be put up for bid and the terms, conditions and reservations thereof. At least ten (10) days prior to a public hearing scheduled before the Board of County

Commissioners to consider a request for sale, a notice of the public hearing shall be published in a legal publication in Huerfano County.

iii. The Board of County Commissioners may, after the conduct of the public hearing, direct that property be put out for bid using the procedures forth in subsection 4 below and under the conditions set forth in subsection 2 above.

4. Bid Procedures

The following bid procedures shall be used for the sale of surplus County property:

- a. **Treasurer's deeds.** If the real property proposed for sale is held by the county pursuant to a treasurer's deed, the bid procedures contained in C.R.S. § 39-11-143 shall be applicable.
- b. Other real property. If the real property proposed for sale is held by the county, other than pursuant to the treasurer's deed, a bid notice shall be posted in a public place at the county courthouse not less than 30 days prior to the date of sale; mailed to adjoining property owners not less than 30 days prior to the date of sale; and advertised in two issues of the paper of record or, in the absence thereof, a newspaper of general circulation in the County and the notice shall appear no closer than one week apart and within 21 days. Such notice shall reserve the right to reject any and all bids. In addition, thereto, the Board of County Commissioners shall reserve the right to impose additional bid terms and conditions, and to award the bid to the bidder which shall present the bid which is, in the sole discretion of the board of county commissioners, the best bid considering all of the terms, conditions, evidence and public interest.
- c. **Bids opened publicly.** Bids shall be publicly opened at the time and place specified in the bid notice. Bids received shall be presented to the board of county commissioners for their consideration and direction.

Overview: Site access road and well site pad is heavily infested with the above listed species. Control efforts will need to be implemented prior to full flower development and seed set.

Suggested Treatment Method: The above listed species will be most susceptible to herbicide control at the rosette\seedling stage through early flowering prior to seed set. The application of either *Milestone* or *Whetstone* herbicide at the rate of **5 fl\oz. per acre with a .25% V/V non-ionic surfactant** will yield satisfactory results if properly applied within the suggested treatment window. Given the industrial nature of the site, total vegetation control using herbicide (bareground) would also be an appropriate management approach. The herbicides referred to above provide selective control for the listed broadleaved species only. Bareground herbicide treatments may compromise reclamation efforts for an extended period of time given the longevity\persistence of many common "bareground" herbicides.

Site Considerations: Avoid soil disturbance and the off-site transportation of soil within the area as it is heavily contaminated with viable seed from the above listed noxious plant species.

Bareground herbicide treatments may compromise reclamation efforts for an extended period of time given the longevity\persistence of many common "bareground" herbicides.

Site Considerations: Avoid soil disturbance and the off-site transportation of soil within the area as it is heavily contaminated with viable seed from the above listed noxious plant species.

Satisfactory Site Condition (Pass\Fail): Fail

| Diffuse Knapweed X Spotted Knapweed (hybrid) | Centaurea X psammogena | В | Biennial | Rosette\seedling | | |

| Whitetop | Lepidium draba | В | Perennial | Rosette\Seedling\Mature | | |
| Scotch thistle | Onopordum acanthium + *Onopordum tauricum (*subspecies) | В | Biennial | Rosette\Seedling | | |

Overview: Site access road and well site pad is heavily infested with the above listed species. Control efforts will need to be implemented prior to full flower development and seed set.

Suggested Treatment Method: The above listed species will be most susceptible to herbicide control at the rosette\seedling stage through early flowering prior to seed set. The application of *Opensight* herbicide at the rate of **2-3oz. per acre with a .25% V/V non-ionic surfactant** will yield satisfactory results if properly applied within the suggested treatment window. Given the industrial nature of the site, total vegetation control using herbicide (bareground) would also be an appropriate management approach. The herbicides referred to above provide selective control for the listed broadleaved species only. Bareground herbicide treatments may compromise reclamation efforts for an extended period of time given the longevity\persistence of many common "bareground" herbicides.

Site Considerations: Avoid soil disturbance and the off-site transportation of soil within the area as it is heavily contaminated with viable seed from the above listed noxious plant species. **Satisfactory Site Condition (Pass\Fail):** Fail

| Scotch thistle | Onopordum acanthium + *Onopordum tauricum (*subspecies) | В | Biennial | Rosette\Seedling |

Overview: The access road had a limited amount of Scotch thistle rosettes of the primary species *Onopordum acanthium* while the northern perimeter of the well pad contained a considerable amount of the subspecies *Onopordum tauricum* in one concentrated monoculture. Control efforts will need to be implemented prior to full flower development and seed set.

Suggested Treatment Method: The above listed species will be most susceptible to herbicide control at the rosette\seedling stage through early flowering prior to seed set. The application of *Opensight* herbicide at the rate of **2-3oz. per acre with a .25% V/V non-ionic surfactant** or *Milestone\Whetstone* herbicide at the rate of **5fl\oz an acre with a .25% non-ionic surfactant** will yield satisfactory results if properly applied within the suggested treatment window. Nothing herein shall be construed as creating or constituting a general obligation or other indebtedness or multiple fiscal year financial obligation of the Lessee within the meaning of any constitutional, home rule charter, or statutory provision, nor a mandatory charge or requirement against the Lessee in any ensuing fiscal year beyond the then current fiscal year. The Lessee shall have no obligation to make any payment with respect to this Lease except in connection with the payment of the Rental Payments and certain other payments under this Lease, which payments may be terminated by the Lessee in accordance with the provisions of this Lease. This Lease does not constitute a mandatory charge or requirement of the Lessee in any ensuing fiscal year beyond the then current fiscal year or constitute or give rise to a general obligation or other indebtedness or multiple fiscal year financial obligation of the Lessee within the meaning of any constitutional or statutory debt limitation and shall not constitute a multiple fiscal year direct or indirect debt or other financial obligation whatsoever. No provision of this Lease shall be construed or interpreted as creating an unlawful delegation of governmental powers nor as a donation by or a lending of the credit of the Lessee within the meaning of Sections 1 or 2 of Article XI of the Colorado Constitution. This Lease shall not directly or indirectly obligate the Lessee to make any payments beyond those budgeted and appropriated for the Lessee's then current fiscal year.

Section 4.02. Termination of Lease Term. The Lease Term will terminate upon the earliest of any of the following events:

Lessor shall have the right at all reasonable times during business hours to enter into and upon the property of Lessee for the purpose of inspecting the Equipment.

ARTICLE 6 RENTAL PAYMENTS

Section 6.01. Rental Payments to Constitute a Current Expense of Lessee. Lessor and Lessee understand and intend that the obligation of Lessee to pay Rental Payments hereunder shall constitute a current expense of Lessee payable in the Lessee's current Fiscal Year and not in any other Fiscal Year so as to be construed as multiple Fiscal Year direct or indirect debt or other financial obligation and shall not in any way be construed to be a debt of Lessee in contravention of any applicable constitutional or statutory limitation or requirements concerning the creation of indebtedness by Lessee, nor shall anything contained herein constitute a pledge of the general tax revenues, funds or monies of Lessee.

Section 6.02. Payment of Rental Payments. Lessee shall pay Rental Payments, exclusively from legally available funds, in lawful money of the United States of America to the Lessor during the Original Term and any Renewal Terms as hereinafter provided. The Rental Payments during the Original Terms and any additional Renewal Terms shall be the amounts in the "Rental Payment" column as set forth in **Exhibit A** attached hereto and made a part hereof.

Section 6.03. Interest Rate. A portion of each Rental Payment is paid as, and represents the interest on the lease as described on Exhibit A which shall accrue during the Original Term and Renewal Terms.

Section 6.04. Rental Payments to be Unconditional. The obligations of Lessee to make payment of the Rental Payments required under this Article VI and other sections hereof and to perform and observe the other covenants and agreements contained herein shall be absolute and unconditional in all events except as expressly provided under this Lease. Notwithstanding any dispute between Lessee and Lessor, any Vendor, or any other person, Lessee shall make all payments of Rental Payments when due and shall not withhold any Rental Payments pending final resolution of such dispute nor shall Lessee assert any right of set-off or counterclaim against its obligation to make such payments required under this Lease. Lessee's obligation to make Rental Payments during the Original Term and the then current Renewal Terms shall not be abated through accident or unforeseen circumstances.

Section 6.05. Non-appropriation. Lessee shall not be obligated to make payment of the Rental Payments provided for in this Lease beyond the then current Original or Renewal Term. In the event sufficient funds shall not be specifically budgeted and for any other reason appropriated for the payment of the Rental Payments required to be paid in the next occurring Renewal Term under Exhibit A hereto to continue the leasing of the Equipment for any reason, Lessee agrees at Lessee's cost and expense

peaceably to deliver the Equipment to Lessor unencumbered and in at least as good condition and repair as when delivered to Lessee, ordinary wear and tear resulting from proper use alone excepted, to such location, as Lessor shall designate at or within a reasonable distance from the general location of the Equipment

Section 6.06. No Lessor Liability. This is a financing arrangement only, and to the extent lawful, Lessee therefore waives any and all claims against Lessor for any and all liability, obligations, losses, claims and damages whatsoever regardless of the cause thereof, any expenses in connection therewith, including, without limiting, counsel fees and expenses, penalties and interest arising out of or as the result of the entering into of this Lease, the ownership of any item of the Equipment, the ordering, acquisition, use, operation, condition, purchase delivery, rejection, storage or return of any item of the Equipment resulting in damage to property or injury to or death to any person. This waiver shall continue in full force and effect notwithstanding full payment of all obligations under this Lease and the termination of the Lease Term. Lessee agrees not to withhold or abate any portion of payment required by reason of any defects, malfunctions, breakdowns or infirmities of the Equipment.

Section 6.07. Transportation Costs and Change of Condition. All transportation charges shall be borne by Lessee. Lessee will immediately notify Lessor of any changes occurring in or to the Equipment, of a change in Lessee's address or in any fact or circumstance warranted or represented by Lessee to Lessor, or if any Event of Default occurs.

Section 6.08. Location of Equipment. Lessee shall, whenever requested, advise Lessor of the exact location and condition of the Equipment and shall give Lessor immediate notice of any attachment or other judicial process affecting the Equipment. Lessor may, for the purpose of inspection, at all reasonable times enter upon any job, building or place where the Equipment and the books and records of Lessee with respect thereto are located.

Section 6.09. Return of Equipment. In the event of the return of any of the Equipment in addition to preparing the Equipment for shipping and paying the delivery cost, Lessee will also return to Lessor the maintenance records and other documents covering or information relating to such Equipment as may be requested by Lessor.

ARTICLE 7 TITLE TO EQUIPMENT; PERSONAL PROPERTY; SECURITY INTEREST

Section 7.01. Title to the Equipment. During the term of this Lease, title to the Equipment and any and all substitutions, repairs, replacements or modifications will be in Lessor.

Section 7.02. Personal Property. The Equipment is, and shall at all times be and remain, personal property notwithstanding that the Equipment or any part thereof may be, or may hereafter become, in any manner affixed or attached to, or imbedded in, or permanently resting upon, real property or any buildings thereon or any fixture, or attached in any manner to what is permanent as by means of cement, plaster, nails, bolts, screws or otherwise.

Section 7.03. Security Interest. To evidence the existence of this Lease and secure the payment of all Lessee's obligations under this Lease, Lessee grants to Lessor a security interest based upon the terms and conditions set forth in this Lease, constituting a first lien on all modifications, attachments, accessions and substitutions to or for the Equipment and any proceeds of the Equipment. Lessee agrees to execute such additional documents, including financing statements, affidavits, notices and similar

instruments, in form satisfactory to Lessor, which Lessor deems necessary or appropriate to establish and maintain its security interest and, upon assignment, the security interest of the Assigns of Lessor in the Equipment. The remaining security interest shall be released upon payment in full of all the Rental Payments and upon Lessee's exercise of its Option to Purchase.

Notwithstanding the above, both parties hereto acknowledge and agree that this document represents a lease and not a conditional sale or financing of the Equipment. Notwithstanding anything contained herein to the contrary, Lessee acknowledges Lessor's right to file a financing statement to evidence Lessor's purchase money security interest in the Equipment in the event a court of competent jurisdiction determines that this document creates a conditional sale or financing of the Equipment and further agrees, in such event, that this document represents a grant of a security interest to the Lessor in the Equipment.

ARTICLE 8 MAINTENANCE; MODIFICATION; TAXES; INSURANCE; AND OTHER CHARGES

Section 8.01. Maintenance of Equipment by Lessee. Lessee agrees that at all times during the Lease Term, Lessee will, at Lessee's own cost and expense, maintain, preserve and keep the Equipment or cause the Equipment to be maintained, preserved and kept with the appurtenances and every part and parcel thereof, in good repair, working order and condition and that Lessee will from time to time make or cause to be made all necessary and proper scheduled maintenance, repairs, replacements and renewals. Lessor shall have no responsibility in any of these matters or for the making of improvements or additions to the Equipment.

Section 8.02. Modification or Alteration of Equipment. Subject to the following, Lessee shall have the privilege at its own cost and expense of making substitutions, replacements, modifications and improvements to the Equipment, and the same shall be, consistent with Section 7.01, included under the terms of this Lease a part of the Equipment or be considered proceeds thereof. Specifically, Lessee covenants and agrees that:

- (a) Any substitutions, modifications or improvements of or to the Equipment shall not in any way damage the Equipment nor cause it to be used for purposes other than those authorized under the Applicable Laws.
- (b) The Equipment, as improved or modified in accordance with this Article VIII shall be of a value not less than the value of the Equipment immediately prior to the improvement or modification.
- (c) Any property for which a substitution or replacement is made pursuant to this Section 8.02 may be disposed of by Lessee in any manner and in the sole discretion of Lessee, subject to any requirements of the Vendor so long as the substitution or replacement for such property is of equal or greater value. Lessee shall notify Lessor, in writing, at least ten (10) days prior to any such substitution or replacement so that Lessor shall have the right to amend the Equipment list attached hereto as **Exhibit B** and file an amendment to any financing statements Lessor deems necessary.
- (d) Other than Lessor's lien as described herein, Lessee will not permit any lien to be established or remain against the Equipment, including but not limited to a mechanic's or other lien for labor or materials furnished in connection with any remodeling, substitutions, additions, modifications, improvements, repairs, renewals or replacement so made by Lessee.

Section 8.03. Taxes, Other Governmental Charges and Utility Charges. The parties to this Lease contemplate that the Equipment will be used for a governmental or proprietary purpose of Lessee and, therefore, that the Equipment will be exempt from all taxes presently assessed and levied with respect to personal property. In the event the use, possession or acquisition of the Equipment is found to be subject to taxation in any form, Lessee will pay during the Lease Term, as the same respectively becomes due, all taxes and governmental charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Equipment of, or a modification, improvement or addition to the Equipment as well as all gas, water, steam, electricity, heat, power, telephone, utility and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Equipment; provided that with respect to any governmental charges that may lawfully be paid in installments over a period of years, Lessee shall be obligated to pay only such installments as are required to be paid during the Lease Term. In the event of the assessment of any taxes on the Equipment, Lessee shall promptly notify Lessor of such assessment and provide proof of payment or a sustained protest.

Section 8.04. Provisions Regarding Insurance. At its own expense Lessee shall cause casualty, public liability and property damage insurance to be carried and maintained, or shall demonstrate to the satisfaction of Lessor that adequate self-insurance is provided, with respect to the Equipment, sufficient to protect the Full Insurable Value, as that term is hereinafter defined, of the Equipment and to protect Lessor from liability in all events. All insurance proceeds from casualty losses shall be payable as hereinafter provided in this Lease. At closing, Lessee shall furnish to Lessor certificates evidencing such coverage through the Original Term, and certificates evidencing such coverage through each Renewal Term, when effective. Alternatively, Lessee may insure the Equipment under a blanket insurance policy or policies which cover not only the Equipment but other properties. If Lessee shall insure similar properties by self-insurance, Lessee will insure the Equipment by means of an adequate insurance fund set aside and maintained out of its revenues.

Lessee shall carry Worker's Compensation insurance covering all employees working on, in, near or about the Equipment, or demonstrate to the satisfaction of Lessor that adequate self-insurance is provided, and shall require any other person or entity working on, in, near or about the Equipment to carry such coverage, and will furnish to Lessor certificates evidencing such coverage throughout the Lease Term.

The term "Full Insurable Value" as used herein shall mean the Option to Purchase Value payable as of the beginning of the payment period then in effect as may be applicable during the Original or any Renewal Term.

Any insurance policy issued pursuant to this Section 8.04 shall be so written or endorsed as to make losses, if any, payable to Lessor and the assigns of Lessor, as their respective interests may appear. The Net Proceeds of the insurance required in this Section 8.04 shall be applied as provided in Section 9.02 hereof. Lessee shall not cancel or materially modify an insurance policy issued pursuant to this Section 8.04 without first giving written notice thereof to Lessor at least ten (10) days in advance of such cancellation.

Section 8.05. Advances. In the event Lessee shall fail to maintain the full insurance coverage required by this Lease, fail to keep the Equipment in good repair and operating condition, or fail to perform any other covenant or obligation of this Lease, Lessor may (but shall be under no obligation to) purchase the required policies of insurance and pay the premiums on the same, make any such repairs or replacements as are necessary and provide for payment thereof or perform any other covenant or

obligation of Lessee hereunder; and all amounts so advanced therefor by Lessor shall be paid by Lessee to Lessor, upon demand.

ARTICLE 9 DAMAGE, DESTRUCTION AND CONDEMNATION; USE OF NET PROCEEDS

Section 9.01. Damage, Destruction and Condemnation. Unless Lessee shall have exercised its option to purchase the Equipment by making payment of the Option Purchase Price, as provided herein, and if prior to the termination of the Lease Term (a) the Equipment or any portion thereof is destroyed (in whole or in part) or is damaged by fire or other casualty or (b) title to, or the temporary use of, the Equipment or any part thereof or the estate of Lessee, Lessor or its assigns in the Equipment or any part thereof shall be taken under the exercise of the power of eminent domain by any governmental body or by any person, firm or corporation acting under governmental authority, Lessee and Lessor will cause the Net Proceeds of any insurance claim or condemnation award to be applied to the prompt repair, restoration, modification or improvement of the Equipment. Any balance of the Net Proceeds remaining after such work has been completed shall be paid to Lessee.

For the purposes of Section 8.04 and this Article 9, the term "Net Proceeds" shall mean the amount remaining from the gross proceeds of any insurance claim or condemnation award after deducting all expenses (including attorneys' fees) incurred in the collection of such claim or award.

Section 9.02. Insufficiency of Net Proceeds. If the Net Proceeds are insufficient to pay in full the cost of any repair, restoration, modification or improvement referred to in Section 9.01 hereof, Lessee shall, subject to annual appropriation and at the determination of the Lessee's governing body, either (a) complete the work and pay any cost in excess of the amount of the Net Proceeds and Lessee agrees that if by reason of any such insufficiency of the Net Proceeds, Lessee shall make any payments pursuant to the provisions of this Section 9.02, Lessee shall not be entitled to any reimbursement therefore from Lessor nor shall Lessee be entitled to any diminution of the amounts payable under Article 6 hereof, or (b) Lessee shall pay to Lessor the amount of the then applicable Option Purchase Price and, upon such payment, the Lease Term shall terminate and title to the Equipment, if not previously conveyed to Lessee, shall then be conveyed by Lessor to Lessee as provided in Article 11 of this Lease. The amount of the Net Proceeds in excess, if any, of the then applicable Option Purchase Price, may be retained by Lessee.

ARTICLE 10 DISCLAIMER OF WARRANTIES; VENDOR'S WARRANTIES; USE OF THE EQUIPMENT

Section 10.01. Disclaimer of Warranties. LESSOR HAS MADE AND MAKES NO REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AND ASSUMES NO OBLIGATION WITH RESPECT TO THE TITLE OR THE CONFORMITY OF THE EQUIPMENT TO SPECIFICATION OR PURCHASE ORDER, ITS DESIGN, DELIVERY, INSTALLATION OR OPERATION. LESSEE LEASES THE EQUIPMENT AS IS. ALL WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, CONDITION, QUALITY, DURABILITY OR SUITABILITY OF THE EQUIPMENT IN ANY RESPECT OR IN CONNECTION WITH OR FOR THE PURPOSES OR USES OF LESSEE, ARE HEREBY WAIVED AND DISCLAIMED. All such risks shall be borne by Lessee without in any way excusing Lessee from its obligations under this Lease, and Lessor shall not be liable to Lessee for any damages on account of such risks. In no event shall Lessor be liable for an incidental, indirect, special or consequential damage in connection with or arising out of this Lease or the existence, furnishing, functioning or Lessee's use of any item or products or services provided for in this Lease.

Section 10.02. Vendor's Warranties. Lessor hereby irrevocably appoints Lessee its agent and attorney-in-fact during the Lease Term, so long as Lessee shall not be in Default hereunder, to assert from time to time whatever claims and rights including warranties of the Equipment which Lessor may have against the Vendor of the Equipment. Lessee's sole remedy for the breach of such warranty, indemnification or representation shall be against the Vendor of the Equipment, and not against Lessor, nor shall such matter have any effect whatsoever on the rights and obligations of Lessee or Lessor with respect to this Lease. Lessee expressly acknowledges that Lessor makes, and has made, no representation or warranties whatsoever as to the existence or availability of any such warranties of the Vendor of the Equipment. Lessor may, but shall have no obligation whatsoever to, participate in such claim or action on such warranty, at Lessor's expense. Any recovery under such a warranty shall be made payable jointly to Lessee and Lessor.

Section 10.03. Use of the Equipment. Lessee will not install, use, operate or maintain the Equipment improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated by this Lease. Lessee shall provide all permits and licenses, if any, necessary for the installation and operation of the Equipment. In addition, Lessee agrees to comply in all respects (including, without limitation, with respect to the use, maintenance and operation of each item of the Equipment) with all laws of the jurisdictions in which its operations involving any item of the Equipment may extend and any legislative, executive, administrative or judicial body exercising any power or jurisdiction over the items of the Equipment, including but not limited to the Applicable Laws.

ARTICLE 11 OPTION TO PURCHASE

Section 11.01. Option to Purchase. Provided Lessee has complied with the terms and conditions of this Lease, Lessee shall have the option, on any date, as set forth on Exhibit A to purchase not less than all of the Equipment which is then subject to this Lease, "AS IS" and "WHERE IS". Lessee may exercise such option to purchase by giving written notice to Lessor, not less than sixty (60) days prior to the applicable date Lessee has chosen to exercise its option to purchase the Equipment (the "Exercise Date"), provided that upon Lessee's timely payment of all Rental Payments specified in Exhibit A, Lessee shall be deemed to have properly exercised its option to purchase the Equipment.

Upon the receipt of any grant money or other unencumbered funds of the Lessee hereafter available for such purposes, the Lessee may, at its option, prepay a portion of the Rental Payments due hereunder, and the remaining Rental Payments shall be recalculated to reflect the reduction in principal due and owing.

Section 11.02. Option Purchase Price. On or prior to the Exercise Date, Lessee shall pay to Lessor the Option Purchase Price.

Section 11.03. Effect of Exercise. Upon exercise of the option to purchase and payment of the applicable Option Purchase Price, Lessee shall be deemed to have acquired all of Lessor's right, title, and interest in and to the Equipment, free of any lien, encumbrance, or security interest except such liens, encumbrances, or security interest as may be created, or permitted and not discharged, by Lessee but without other warranties. Upon payment of the applicable Option Purchase Price, Lessor shall deliver to Lessee a quitclaim bill of sale transferring Lessor's interest in the Equipment to Lessee, without representations or warranties of any kind. Upon Lessee's payment of the Option Purchase Price, and

Lessor's delivery of a quitclaim bill of sale covering the Equipment, this Lease shall terminate except as to obligations or liabilities accruing hereunder prior to such termination and obligations and liabilities hereunder that expressly survive the termination of this Lease.

ARTICLE 12 ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING

Section 12.01. Assignment by Lessor. Lessor's right, title and interest in this Lease and the Equipment may be assigned and reassigned in whole or in part to one or more assignees or sub-assignees. No subsequent assignment or reassignment of any of Lessor's right, title, or interest in this Lease or the Equipment shall be effective unless and until Lessee shall have received a duplicate original counterpart of the document by which such assignment or reassignment is made, disclosing the name and address of each such assignee. During the Lease Term, Lessee shall keep a complete and accurate record of all such assignments in form necessary to comply with Internal Revenue Code, Section 149 (a) (3), and the regulations, proposed or existing, from time to time promulgated thereunder.

Section 12.02. Assignment and Subleasing by Lessee. This Lease and the interest of Lessee in the Equipment may not be assigned or sublet by Lessee for any reason without the express written consent of Lessor; provided, however, that no such consent by Lessor shall relieve Lessee of its obligations hereunder.

ARTICLE 13 EVENTS OF DEFAULT AND REMEDIES

Section 13.01. Events of Default Defined. The following shall be "Events of Default" under this Lease and the terms "Event of Default" and "Default" shall mean, whenever they are used in this Lease, any one or more of the following events:

- (a) Failure by Lessee to pay any Rental Payment or other sums required to be paid hereunder at the time specified therein; and
- (b) Failure by Lessee to observe and perform any covenant, condition or agreement on its part to be observed or performed, other the obligation to pay money, for a period of thirty (30) days after written notice, specifying such failure and requesting that it be remedied as given to Lessee by Lessor, unless Lessor shall agree in writing to an extension of such time prior to its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, Lessor will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by Lessee within the applicable period and diligently pursued until the Default is corrected.
- (c) Any representation or warranty made by Lessee hereunder shall be untrue as of the date made.
- (d) Lessee makes, permits, or suffers any unauthorized assignment, transfer, or other disposition of this Lease or any interest herein, or any part of the Equipment or any interest therein.
- (e) Lessee becomes insolvent; or admits in writing its inability to pay its debts as they mature; or applies for, consents to or acquiesces in the appointment of a trustee, receiver, or custodian for Lessee or a substantial part of its property; or, in the absence of such application, consent, or acquiescence, a trustee, receiver, or custodian is appointed for Lessee or a substantial part of its property and is not discharged within sixty (60) days; or any bankruptcy, reorganization, debt arrangement, moratorium, or any proceeding under any bankruptcy or insolvency law, or any dissolution or liquidation proceeding is

instituted by or against Lessee and, if instituted against Lessee, is consented to or acquiesced in by Lessee or is not dismissed within sixty (60) days.

Section 13.02. Remedies on Default. Whenever any Event of Default referred to in Section 13.01 hereof shall have happened and be continuing, the Lessor shall have the right, at its or their option without any further demand or notice, to take one or any combination of the following remedial steps:

- (a) terminate the Lease Term and give notice to the Lessee to surrender possession of the Equipment, which vacation and surrender the Lessor agrees to complete within thirty days from the date of such notice;
- (b) lease or sublease the Equipment or sell or assign any interest the Lender has in the Equipment;
- (c) recover from the Lessee: (i) the portion of Rental Payments for which a specific appropriation has been effected by the Lessee for such purpose, which would otherwise have been payable hereunder, during any period in which the Lessee continues to occupy, use or possess the Equipment; and (ii) Rental Payments for which a specific appropriation has been effected by the Lessee for such purpose, which would otherwise have been payable by the Lessee hereunder during the remainder, after the Lessee surrenders possession of the Equipment, of the Fiscal Year in which such Event of Lease Default occurs.
- (d) take whatever action at law or in equity may appear necessary or desirable to enforce its rights in and to the Equipment under this Lease.

Section 13.03. Termination. Unless Lessee has properly exercised its option to purchase pursuant to Article 9 hereof, Lessee shall, upon the expiration of the term of this Lease or any earlier termination hereof pursuant to the terms of this Lease, deliver the Equipment to Lessor unencumbered and in at least as good condition and repair as when delivered to Lessee, ordinary wear and tear resulting from proper use alone excepted, to such location, as Lessor shall designate at or within a reasonable distance from the general location of the Equipment. If Lessee fails to deliver the Equipment to Lessor, as provided in this Section 13.03, on or before the date of termination of this Lease, Lessee shall pay to Lessor upon demand, for each month during the hold-over period, an amount equal to highest amount due during the term of this Lease as a Rental Payment.

Section 13.04. No Remedy Exclusive. No remedy herein conferred upon or reserved to Lessor is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Lease or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle Lessor to exercise any remedy reserved to it in this Article 13 it shall not be necessary to give any notice, other than such notice as may be required in this Article 13.

ARTICLE 14 MISCELLANEOUS

Section 14.01. Force Majeure. If by reason of Force Majeure Lessee is unable in whole or in part to carry out its agreement on its part herein contained, other than the obligations on the part of Lessee contained in Article 6 hereof, Lessee shall not be deemed in Default during the continuance of such inability. The term "Force Majeure" as used herein shall mean, without limitation, the following: acts of God; strikes, lockouts or other industrial disturbances; acts of public enemies; orders or restraints of any

kind of the government of the United States of America or of the state wherein Lessee is located or any of their departments, agencies or officials, or any civil or military authority; insurrections; riots; landslides; earthquakes; fires; storms; droughts; floods; explosions; breakage or accident to machinery, transmission pipes or canals; or any other cause or event not reasonably within the control of Lessee.

Section 14.02. Notices. All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when delivered or mailed by registered mail, postage prepaid, or by reputable overnight courier to the parties. Such notice shall be given to the parties at their respective addresses designated on the signature page of this Lease or at such other address as either party may hereafter designate

Section 14.03. Binding Effect. This Lease shall inure to the benefit of and shall be binding upon Lessor and Lessee and their respective successors and assigns.

Section 14.04. Severability. In the event any provision of this Lease shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 14.05. Execution in Counterparts. This Lease may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 14.06. Applicable Law. This Lease shall be governed by and construed in accordance with the laws of the State of Colorado wherein Lessee is located.

Section 14.07. Captions. The captions or headings in this Lease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Lease.

Section 14.08. JURY TRIAL WAIVER. ALL PARTIES HERETO HEREBY WAIVE TRIAL BY JURY IN ANY AND ALL LITIGATION RELATED TO AND/OR ARISING OUT OF THIS LEASE, ANY AGREEMENTS RELATED TO THIS LEASE, AND/OR THE TRANSACTION CONTEMPLATED BY THIS LEASE.

Section 14.09. LIMITATION OF REMEDIES AGAINST LESSOR. LESSOR SHALL NOT BE RESPONSIBLE OR LIABLE FOR ANY LOSS OF BUSINESS, LOSS OF PROFITS, CONSEQUENTIAL DAMAGES OR OTHER DAMAGE CAUSED BY AND OR RELATED TO THIS LEASE AND/OR THE EQUIPMENT INCLUDING BUT NOT LIMITED TO: TIME LOST IN REPAIR OR REPLACING ANY PROPERTY, IRRESPECTIVE OF THE CAUSE THEREOF; FAILURE OR DELAY IN DELIVERING ANY PROPERTY LEASED OR TO BE LEASED HEREUNDER; FAILURE TO PERFORM ANY PROVISION HEREOF; FIRE OR OTHER CASUALTY; RIOT, STRIKE OR OTHER LABOR DIFFICULTY; GOVERNMENTAL REGULATIONS OR RESTRICTIONS; THEFT, DAMAGE TO, LOSS OF, DEFECT IN OR FAILURE OF ANY PROPERTY LEASED HEREUNDER; OR ANY OTHER CAUSE WHETHER OR NOT DUE TO NEGLIGENCE OR BEYOND LESSOR'S CONTROL. THERE SHALL BE NO ABATEMENT OR APPORTIONMENT OF MONTHLY RENTAL PAYMENTS AT ANY TIME OR FOR ANY REASON EXCEPT AS SPECIFICALLY ALLOWED BY THE TERMS OF THIS LEASE.

Section 14.10. Time is of the Essence. Time is of the essence. No covenant or obligations hereunder to be performed by Lessee maybe waived except by the written consent of Lessor, and a waiver of any such covenant or obligation or a forbearance to invoke any remedy on any occasion shall not constitute or be treated as a waiver of such covenant or obligation as to any other occasion and shall not

preclude Lessor from invoking such remedy at any later time prior to Lessee's cure of the condition giving rise to such remedy. Lessor's rights hereunder are cumulative and not alternative.

Section 14.11. No Third Party Beneficiaries. There are no third party beneficiaries of this Lease and/or the transaction contemplated by this Lease.

Section 14.12. Savings Clause. The parties acknowledge that this Lease is subject to and shall be implemented in accordance with Section 20 of Article X of the Constitution of Colorado. To that end, any provision of the Lease (or any exhibit, amendment, or addendum hereto) that requires payment of any nature in fiscal years subsequent to the current Fiscal Year, and for which there are not present cash reserves pledged irrevocably for purposes of the payment of such obligations, shall be contingent upon future appropriation by the Lessee of sufficient funds for purposes of payment of such obligations for any future Fiscal Year. Any provision of the Lease (or any exhibit, amendment, or addendum hereto) that is contrary or inconsistent with this paragraph shall be deemed to be void and of no force and effect, but shall not invalidate or render unenforceable any other provision hereof.

Section 14.13. Electronic Transactions. This agreement by the parties to use electronic signatures is made pursuant to Article 71.3 of Title 24, C.R.S., also known as the Uniform Electronic Transactions Act. The parties hereto agree that the transactions described herein may be conducted and related documents may be stored by electronic means. Copies, telecopies, facsimiles, electronic files and other reproductions of original executed documents shall be deemed to be authentic and valid counterparts of such original documents for all purposes, including the filing of any claim, action or suit in the appropriate court of law

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and each major fund of the Huerfano County, Colorado (the County) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements of the County, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and each major fund of the County as of December 31, 2021, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The County's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the beginning net position as of January 1, 2021 has been restated to reflect prior period adjustments to fixed assets. Accordingly, adjustments have been made to the beginning balance of net position as of January 1, 2021. Our opinion is not modified with respect to this matter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance to express an opinion or provide any assurance.

The County has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Huerfano County, Colorado's basic financial statements. The supplementary information and the local highway finance report listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Notes to the Financial Statements December 31, 2021

Note 1: Summary of Significant Accounting Policies

The financial statements of the Huerfano County, Colorado (the County) have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

Reporting Entity

The County is a political subdivision organized under the statues of the State of Colorado. The County is governed by a three-member Board of County Commissioners (The Board). Each commissioner is elected at-large by the voters of the County to represent one of the three separate districts and must reside in the district for which he or she is elected. There are also six other elected officials - assessor, clerk and recorder, coroner, sheriff, surveyor and treasurer. The treasurer is also the County Public Trustee.

The County provides a wide range of services to its residents including general administration, public safety, highways and streets, health and human services, public improvements, planning, zoning, airport, predatory animal and weed control.

Component Units

The County's combined financial statements include the accounts of all County operations. The criteria for including organizations as component units within the County's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- The organization is legally separate (can sue and be sued in their own name).
- The County holds the corporate powers of the organization.
- The County appoints a voting majority of the organization's board.
- The County is able to impose its will on the organization.
- The organization has the potential to impose a financial benefit/burden on the County.
- There is fiscal dependency by the organization on the County.
- The organization is financially accountable to the County.
- The organization receives or holds funds that are for the benefit of the County; and the County has access to majority of the funds held; and the funds that are accessible are also significant to the County.

Based on the application of these criteria, there are no component units included in the County's reporting entity.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges for interfund services that are reasonably equivalent to the services provided. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current year.

Taxes, intergovernmental revenues, and interest associated with the current year are considered to be susceptible to accrual and so have been recognized as revenues of the current year. All other revenues are considered measurable and available only when cash is received by the County.

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> (Continued)

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

In the fund financial statements, the County reports the following major governmental funds:

The *General Fund* - Is the County's primary operating fund. It accounts for all financial resources of the County, except those accounted for in another fund.

The *Road and Bridge Fund* - This fund accounts for maintenance of all county roads and bridges which includes salaries and benefits and other expenses related to maintenance. The main revenues are highway users trust fund receipts and property taxes. The fund also sells fuel to other departments and governmental agencies within the County.

The *Human Service Fund* - This fund accounts for public welfare costs paid to qualifying clients. The majority of federal funds expended are incurred through this fund. In addition to federal funds received this fund also receives state funds and property taxes.

The *Special Projects Fund* - This fund accounts for certain projects and specific funds received that are for the overall good of the County that are not classified as being from one particular fund.

The *Emergency Services Fund*- During 2009, the voters approved an additional 1% sales tax to be used for emergency/dispatch services for all residents of the County.

The *Disaster Recovery Fund* - This fund accounts for grants and other funds received to use for fire loss mitigation due to the 2019 fire.

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> (Continued)

Proprietary fund financial statements are used to account for activities, which are similar to those found in the private sector. The measurement focus is based upon determination of net income, financial position, and cash flows.

Proprietary funds are accounted for using the accrual basis of accounting as follows:

- Revenues are recognized when earned, and expenses are recognized when the liabilities are incurred.
- Current-year contributions, administrative expenses, and premium payments, which are not received or paid until the subsequent years, are considered to be incurred.

Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or non-current) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position presents increases (revenue) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating of the fund. All other expenses.

The County reports the following major proprietary funds:

Correctional Facility - This fund accounts for funds received from a contract with CCA for the housing of prisoners. Currently no revenues of a material amount are being received as the local prison was closed.

Gardner Water & Sewer Improvement District - During 2011 the voters of the County approved a ballot question authorizing the County to take over operations of the improvement district. The fund accounts for water and sewer services to the Gardner area.

Note 1: Summary of Significant Accounting Policies (Continued)

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> (Continued)

The County reports the following non-major funds:

Conservation Trust Fund - This fund accounts for lottery proceeds required to be expended solely on park and recreation improvements.

P.I.L.T Fund - This fund accounts for payments in lieu of taxes received from the federal government due to the amount of federally owned land in the County. The funds can be spent for any legal purpose.

Retirement Fund - This fund receives the Colorado Retirement Association (CRA) contributions from the eligible employees of each fund and pays the employee's and employer's share for the benefit of each eligible employee's retirement.

Federal Forest Project Fund - This fund accounts for reimbursements received for search and rescue missions and for the cost of those missions.

Lodging Tax Tourism Fund - During 2006 the voters approved a lodging tax that is levied against each hotel or motel room rented. The funds collected will be spent for economic development.

Waste Transfer Station Fund - This fund accounts for fees and related costs of operating a waste transfer station.

Fiduciary fund financial statements consist of the Agency Fund established to record transactions relating to assets held by the County as an agent for individuals, governmental entities, and non-profit organizations. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regard to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

The County applies all applicable GASB pronouncements to the business-type activities. Reconciliation of the Fund financial statements to the Government-Wide financial statements is provided in the financial statements to explain the differences created by the integrated approach of GASB Statement No. 34.

Assets, Liabilities and Net Position/Fund Balances

Cash Equivalents - For purposes of the statement of cash flows, cash equivalents are defined as investments with original maturities of three months or less. The County considers all pooled cash and investments to be cash equivalents.

Receivables - Receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Inventory - Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory in the Road and Bridge Fund consists of expendable supplies held for use. Reported inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources", even though they are a component of net current assets. Inventory policy on government-wide statements is consistent with fund statements.

Interfund Receivables and Payables - During the course of operations, certain transactions occur between individual funds. The resulting receivables and payables are classified on the balance sheet as *interfund receivables* and *interfund payables*. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as *internal balances*.

Prepaid Expenses - Certain payments to vendors reflect costs applicable to future accounting periods and are reported as prepaid expenses using the consumption method.

Capital Assets - Capital assets, which include land, buildings, equipment, and all infrastructure owned by the County, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and the proprietary funds in the fund financial statements. Capital assets are defined by the County as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the acquisition value on the date of donation. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

Capital assets of the County are depreciated using the straight-line method over the following estimated useful lives.

| Infrastructure | 75 years |
|---------------------------------|---------------|
| Buildings & Improvements | 50 - 75 years |
| Furniture & Fixtures | 7 - 10 years |
| Machinery, Equipment, & Vehicle | 5 – 10 years |

It is the County's policy to capitalize all infrastructure purchased after July 1, 1980.

Assets, Liabilities and Net Position/Fund Balances (Continued)

Compensated Absences - Employees of the County are allowed to accumulate unused vacation and sick time depending on length of employment. Upon termination of employment from the County, an employee will be compensated for all accrued vacation time at their current rate of pay. If an employee has unused sick time and ceases employment with the county, the sick time is cancelled and there is no provision for payment for unused sick leave.

Accumulated, unpaid vacation time is accrued when earned in the government-wide financial statements and the proprietary funds in the fund financial statements. A liability is recorded in the governmental fund financial statements only when payment is due.

Long-Term Debt - In the government-wide financial statements and the proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Debt premiums, discounts and accounting losses resulting from debt refunding's are deferred and amortized over the life of the debt using the straight-line method. In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses.

Debt issuance costs, whether or not withheld from the debt proceeds, are reported as current expenses or expenditures.

Deferred Inflows of Resources - In addition to liabilities, the statement of net position and the governmental fund balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position and/or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has two types of items which arise both under the full accrual and modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the items, property taxes and unavailable grant revenue, are reported in both the governmental activities statement of net position and in the governmental funds balance sheet. The governmental funds report deferred inflows of resources from property taxes and unavailable grant revenue. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Since property tax revenues are collected in arrears during the succeeding year, a receivable and corresponding deferred inflow of resources is recorded at December 31. As the tax is collected in the succeeding year, the deferred inflow of resources is recognized as revenue and the receivable is reduced.

Fund Equity - In the fund financial statements, governmental funds report non-spendable amounts that are (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash such as inventories, prepaid items, long-term notes receivable and fund advances. Restrictions of fund balance represents amounts that are restricted for specific fund purposes stipulated by external resource providers constitutionally or through enabling legislation.

Assets, Liabilities and Net Position/Fund Balances (Continued)

Committed fund balances include amounts that can only be used for the specific purposes determined by the passage of a resolution by the Board of County Commissioners. Commitments may be modified or changed only by the Board of County Commissioners approving a new resolution. Assigned fund balance includes amounts intended to be used by the County for specific purposes that are neither restricted nor committed. Intent is expressed by the County Administrator. Unassigned fund balance includes amounts that do not meet any of the above criteria. The County may report positive unassigned fund balances only in the general fund and negative unassigned fund balances may be reported in all funds.

Net Position - The County's net position is classified in the following components:

- Net Investment in Capital Assets This component consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted This component consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets are assets which have restrictions placed on the use of the assets through external constraints imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported.
- Unrestricted This component consists of the net amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Property Taxes

Property taxes attach as an enforceable lien on property on January 1, are levied the following December, and collected in the subsequent year. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The County Treasurer's Office collects property taxes and remits to the County on a daily basis. Since property tax revenues are collected in arrears during the succeeding fiscal year, receivables and corresponding deferred inflows of resources are reported at year end.

<u>Estimates</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The County has evaluated subsequent events for recognition or disclosure through September 30, 2022, the date the financial statements were available for issuance.

Cash Deposits

The Colorado Public Deposit Protection Act (PDPA) requires all local government entities to deposit cash in eligible public depositories. Eligibility is determined by State regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution or held in trust for all uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. At December 31, 2021, the County had bank deposits of \$3,065,702 collateralized with securities held by the financial institutions' agents but not in the County's name.

Note 2: Cash and Investments (Continued)

Investments

The County is required to comply with State statutes which specify investments meeting defined rating, maturity, and concentration risk criteria in which the County may invest, which include the following. Custodial risk is not addressed by State statutes.

- Obligations of the United States and certain U.S. Agency securities.
- Certain international agency securities.
- General obligation and revenue bonds of U.S. local government entities.
- Bankers' acceptances of certain banks.
- Commercial paper.
- Local government investment pools.
- Written repurchase agreements collateralized by certain authorized securities.
- Certain money market funds.
- Guaranteed investment contracts (GICs).

At December 31, 2021, the County had the following investments with the following maturities:

| | | \$5,600,045 | \$3,411,205 | \$2,188,840 |

Fair Value Measurements - The County reports its investments using the fair value measurements established by generally accepted accounting principles. As such, a fair value hierarchy categorizes the inputs used to measure the fair value of the investments into three levels. Level 1 inputs are quoted prices in active markets for identical investments; Level 2 inputs include quoted prices in active markets for similar investments, or other observable inputs; and Level 3 inputs are unobservable inputs. At December 31, 2021, the County's investments as shown above were measured utilizing quoted prices in active markets for similar investments.

Interest Rate Risk - State statutes generally limit the maturity of investment securities to five years from the date of purchase unless the governing board authorizes the investment for a period in excess of five years.

Note 2: Cash and Investments (Continued)

Investments (Continued)

Credit Risk - State statutes limit certain investments to those with specified ratings from nationally recognized statistical rating organizations, depending on the type of investment.

Local Government Investment Pools - At December 31, 2021, the County had \$1,026,981 and \$1,216,123 invested in the Colorado Local Government Liquid Asset Trust (Colotrust) and the Colorado Surplus Asset Fund Trust (CSAFE), respectively. The pools are investment vehicles established for local government entities in Colorado to pool surplus funds. The Colorado Division of Securities administers and enforces the requirements of creating and operating the pools. The pools operate in conformity with the Securities and Exchange Commission's Rule 2a-7. The pools are measured at the net asset value per share, with each share valued at \$1. The pools are rated AAAm by Standard and Poor's. Investments of the pools are limited to those allowed by State statutes. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. The custodian's internal records identify the investments owned by the participating governments.

Certificates of Participation

During 2019, the County issued Certificates of Participation (COPs) for a new Judicial Center, the Judicial Center Facilities Project. The COPs will end at one of three occurrences; the County does not appropriate enough money to make the annual payments, the lease is paid in full before the maturity of the lease, or al the lease payments are made as required. Upon making all lease payments as required the property will belong to the County.

The lease requires semi-annual interest payments due on June 1 and December 1 of each year beginning December 1, 2020. The interest on the lease is 4.0% annually. The bonds are callable in 2029.

At the 2018 election, County electors approved an increase in the County's sales tax rate by 1%, with such sales tax effective January 1, 2020, with a factional sunset of such tax on December 31, 2039, to a permanent rate of 0.25%. The County is allowed to collect and spend or reserve all revenues received from the tax for the purpose of providing continued operations of such facilities.

Note 5: Retirement Plans

Defined Contribution Plan

The County provides pension benefits for all full-time employees through an agent multiemployer public retirement system, the Colorado County Officials and Employees Retirement Association (CCOERA), a defined contribution plan.

In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Full-time employees are eligible to participate immediately upon hire. The County has established that employees contribute 4% and the County contributes a matching 4% of the employee's wages each bi-weekly pay period. The County's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of continuous plan participation. The participants in this plan are offered various investment options through the plan and are allowed to invest all monies in their account, at their own discretion, among the options.

County contributions for, and interest forfeited by, employees who leave employment before five years of participation are used to reduce the County's current contribution requirements.

The County's total payroll in 2021 was approximately \$5,644,600, of which qualifying compensation was \$4,443,372. Both the County and the covered employees made the required contributions, amounting to approximately \$177,762 from each the County and from employees. The County had forfeitures of \$8,429 that were used to pay part of their contributions. Plan provisions and contribution requirements are established and may be amended by the Board of County Commissioners. That report may be obtained by writing to Colorado Retirement Association, formerly CCOERA, 751 South Park Drive, Littleton, CO 80120 or by calling 1-800-352-0313.

Note 6: Colorado Contraband Forfeiture Act

The County has reviewed financial activities in the Sheriff's Department for compliance with the above referenced act. There were no sales of contraband during the year ended December 31, 2021.

Note 7: TABOR Amendment Reserve

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding section 20; commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax, and debt limitations that apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate policy change directly causing a net tax revenue gain to any local government.

The initial base for local government spending and revenue limits is 1992 fiscal year spending. Future spending and revenue limits are determined based on the prior year's fiscal spending adjusted for inflation in the prior calendar year plus annual local growth. Fiscal year spending is generally defined as expenditures and reserve increases with certain exceptions. Revenue, if any, in excess of fiscal year spending limits must be refunded in the next fiscal year unless voters approve retention of such revenue.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

TABOR also required local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be 3% or more of fiscal year spending for fiscal years ending after December 31, 1995. Fiscal year spending excludes enterprise spending. The County has reserved a portion of the December 31, 2021 year-end balances in the General Fund for this purpose in the aggregate amount of \$300,000, which is the approximate required emergency reserve.

Note 8: Risk Management

Colorado Counties Casualty and Property Pool (CAPP)

The County is exposed to various risks of loss related to property and casualty losses. The County joined together with other counties in the State of Colorado to form the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CAPP for its property and casualty insurance coverage. The inter-governmental agreement of formation of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

Note 8: Risk Management (Continued)

Colorado Workers' Compensation Pool (CWCP)

The County is exposed to various risks of loss related to injuries of employees while on the job. The County has joined together with other counties in the State of Colorado to form the Colorado Workers' Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CWCP for its workers' compensation insurance coverage. The intergovernmental agreement of formation of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self- insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

Note 9: Commitments and Contingencies

Grant Programs

The County participates in a number of federal and state grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The number of expenditures, if any, which may be disallowed by the granting agencies cannot be determined at this time, although, the County expects any such amounts to be immaterial.

Litigation

The County is a party to various legal actions normally associated with governmental activities, the aggregate effect of which, in management's and legal counsel's opinion, would not be material to its financial statements.

Insurance Pools

The County is a member of the Colorado Counties Casualty and Property Pool (CAPP) and the Colorado Workers' Compensation Pool (CWCP). CAPP and CWCP have a legal obligation for claims against its members to the extent that funds are available in their annually established loss funds and amounts are available from insurance providers under excess specific and aggregate insurance contracts. Losses incurred in excess of loss funds are direct liabilities of the participating members. CAPP and CWCP have indicated that the amount of any excess losses would be billed to members in proportion to their contributions in the year such excess occurs. The ultimate liability to the County resulting from claims not covered by CAPP and CWCP is not presently determinable.

Note 10: Restatement

The 2021 financial statements have been restated for the correction of several errors. Capital assets we restated to correct several errors related to the record of the capital asset cost basis and related depreciation. This restatement only affected the beginning net position of the governmental activities in the government-wide statements.

Additionally, the beginning fund balance of the Gardner Water and Sewer Improvement District and the Road and Bridge Fund were restated for a prior year error in the recording of various expenditures.

Huerfano County, Colorado Notes to Required Supplementary Information December 31, 2021

Note 1: Stewardship, Compliance, and Accountability

Budgets

Formal budgetary integration in all funds is employed as a management control device during the year. Budgets are adopted for all governmental fund types on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to October 15, the County Budget Officer submits to the Board of County Commissioners a proposed operating budget for the fiscal year commencing the following January 1. The budget is prepared by fund and department, and includes actual data from the prior year, current year and budget year estimated revenues and expenditures.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to December 16, the budget is legally enacted, and the required mill levy is adopted through the passage of a resolution. This resolution authorizes an appropriation at each fund level and lapses at year end. The fund then becomes the level of control upon which expenditures cannot legally exceed appropriations.
- All appropriations lapse at the end of the year.
- Budgeted amounts in this report are as originally adopted or as amended by the Board of Commissioners during the year through supplemental appropriation.

Independent Auditor's Report on Internal Control Over Financial Reporting and On Compliance and Other Matters Based on An Audit of Financial Statements Performed In Accordance with *Government Auditing Standards*

Board of County Commissioners Huerfano County, Colorado Walsenburg, Colorado

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each discretely presented component unit, each major fund, and the aggregate remaining fund information of Huerfano County, Colorado (the County) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements of the County, and have issued our report thereon dated September 30, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item *2021-001* to be material weaknesses.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of The County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program, Report on Internal Control Over Compliance, in Accordance with The *Uniform Guidance*

Independent Auditor's Report

Board of County Commissioners Huerfano County, Colorado Walsenburg, Colorado

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Huerfano County, Colorado (the County) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2021. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

<u>Office Locations:</u> Colorado Springs, CO Denver, CO Tulsa, OK

Denver Office:

750 W. Hampden Avenue Suite 400 Englewood, Colorado 80110 TEL: 303.796.1000 FAX: 303.796.1001 www.HinkleCPAs.com

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2021-002. Our opinion on each major federal program is not modified with respect to these matters. *Government Auditing Standards* requires the auditor to perform limited procedures on Huerfano County's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Huerfano County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a material weakness.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis.

A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2021-002, to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Huerfano County as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise Huerfano County's basic financial statements. We issued our report thereon, dated September 30, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Government Auditing Standards requires the auditor to perform limited procedures on [*Entity Name*]'s response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Huerfano County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose

Notes to Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2021

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal awards is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, using the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this schedule may differ from amounts presented in the financial statements.

Note 2: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are generally reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the Cost Principles in Office of Management and Budget Circular A-87, Cost Principles for State, Local and Indian Tribal Governments or the cost principles contained in the Uniform Guidance. As such, certain types of expenditures are not allowable or are limited as to reimbursement

Note 3: Subrecipients

The County did not pass through any federal funds to sub-recipients during the year ended December 31, 2021.

Note 4: De minimis Cost Rate

The County has elected to not use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 5: Reissuing of the Single Audit Report

In preparation of the Schedule of Expenditures of Federal Awards, the County mis-reported certain federal expenditures or Federal Assistance Listing Numbers in its Single Audit Report dated September 30, 2022. It was also determined, a State SNAP program was mistakenly included in their original SEFA. Because of these changes, a revised Schedule of Expenditures of Federal Awards is presented, and additional compliance work has been performed which resulted in dual-dating of the Single Audit report.

Schedule of Findings and Questioned Costs For the Year Ended December 31, 2021

Section III: Federal Award Findings and Questioned Costs

Finding 2021-002:

Inaccurate reporting of federal expenditures listed in SEFA.

<u>Criteria</u>: According to 2 CFR 200.303 requires non-Federal entities receiving Federal awards to establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements. <u>Context:</u> According to 2 CFR 200.510(b), a recipient of federal awards is required to prepare a schedule of expenditures of Federal awards (SEFA) for the period covered by the entity's financial statements and to provide total Federal awards expended for each individual Federal program and the Assistance Listings Number or other identifying number when the Assistance Listings information is not available. For a cluster of programs also provide the total for the cluster.

STATEMENT OF SERVICE AGREEMENT Revised February 2023

This STATEMENT OF SERVICE AGREEMENT ("SOS") is entered into by, Huerfano County hereinafter referred to as AGENCY, and PISCES International, a Washington Nonprofit Corporation, hereinafter referred to as PISCES-INTL, for the purpose outlined below (hereinafter, the "Project").

I. PURPOSE

PISCES-INTL has developed a system for gathering network metadata relating to cyberattacks that impact the sustainability and resilience of critical infrastructure. This system collects metadata from public sector organizations and applies detection analytics to identify events and trends of interest, alerting participants and other stakeholders depending on severity and taxonomy of the findings.

The objective of the metadata collection and analysis is to supply situational awareness of the region's current threat taxonomy, to identify and initiate response to true incidents, and to differentiate between coordinated, targeted attacks and "background noise". A secondary objective is to assist regional organizations in meeting compliance requirements for cybersecurity monitoring, to facilitate research in cyber security, and to act as the situational awareness tool of record in the event of a regional infrastructure disruption through cyber means.

To this end, AGENCY agrees to share metadata (as defined below) with PISCES-INTL to help achieve the goals of information sharing, public-private partnerships, and protection of regional critical infrastructure. PISCES-INTL will perform monitoring and analysis services such as identifying events and trends of interest and alerting participants and other stakeholders as described in more detail below (the "Services"). AGENCY agrees that PISCES-INTL will work with analysts such as college-level students ("Analysts") to assist in the performance of the Services.

II. DEFINITION OF METADATA

For purposes of this SOS, "metadata" means metadata extracted from AGENCY network traffic by PISCES' s technology at the point of Internet egress. Examples of metadata include: source and destination IP addresses; source and destination ports; protocol used; flags and sequence numbers; time stamps; and size. For the avoidance of doubt, metadata does not include the contents of messages on AGENCY' s network, nor any other information contained in the content layer of network packets.

III. TERMS OF USE

- 1. By using the AGENCY's metadata participation in the Project, PISCES-INTL agrees to be bound by the provisions of this SOS.
- 2. The metadata has been provided for the Project's use only. PISCES-INTL is granted a limited, non-exclusive, non-transferable right to use the metadata solely for the purposes identified in this SOS.

- 3. All other uses, including but not limited to the transfer of any portion of the metadata to another party or agency, must be authorized by AGENCY in advance of such use and in writing, unless disclosure is required by law. AGENCY acknowledges that the Project includes data from public agencies that may be subject to the requirements of public records laws. If PISCES-INTL receives a public records request that includes the metadata, PISCES-INTL will not disclose the metadata and will refer the requestor to AGENCY.
- 4. Reproduction and/or disclosure of metadata compilations for commercial purposes is prohibited, unless expressly authorized through a separate licensing agreement with AGENCY. Unless PISCES-INTL chooses to use metadata for research purposes related to the Project, PISCES-INTL will use reasonable efforts to delete metadata within 90 days of receipt. Metadata to be used for research purposes may be retained for a longer period subject to AGENCY's advance approval in writing.
- 5. Errors may exist in the metadata provided. PISCES-INTL accepts metadata "as is", with all faults, and assumes all responsibility for use thereof.
- 6. THE AGENCY DISCLAIMS ANY WARRANTY OF ANY KIND, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR WARRANTY FOR FITNESS OF USE FOR A PARTICULAR PURPOSE, EXPRESS OR IMPLIED, WITH RESPECT TO ANY METADATA.
- 7. THE AGENCY MAKES NO REPRESENTATION OR WARRANTY AS TO THE ACCURACY OF INFORMATION IN THE METADATA. PISCES-INTL ASSUMES ALL RISKS ARISING FROM THE USE OF ANY METADATA.
- 8. AGENCY REPRESENTS THAT IT HAS FEWER THAN 150 full time users on its network. It is a precondition of participation in the Project that the AGENCY have fewer than 150 full time users on its network. Exceptions can be made on a limited term basis for communities with more than 150 full time users who are interested in pursuing commercial services.
- 9. Errors may exist in the Services, including in any events and trends of interest identified by PISCES-INTL, Analysts or others who assist in the performance of the Services. AGENCY accepts the Services "as is", with all faults, and assumes all responsibility for its use of the Services. PISCES-INTL does not represent that the Services will be uninterrupted or error-free.
- 10. PISCES-INTL DISCLAIMS ANY WARRANTY OF ANY KIND, INCLUDING ANY WARRANTY OF MERCHANT ABILITY OR WARRANTY FOR FITNESS OF USE FOR A PARTICULAR PURPOSE, EXPRESS OR IMPLIED, WITH RESPECT TO THE SERVICES.
- 11. PISCES MAKES NO REPRESENTATION OR WARRANTY AS TO THE ACCURACY, COMPLETENESS OR RELIABILITY OF THE SERVICES. AGENCY ASSUMES ALL RISKS ARISING FROM THE USE OF THE

SERVICES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL PISCES-INTL, ITS AFFILIATES, OR THE ANALYSTS BE LIABLE FOR ANY INDIRECT, PUNITIVE, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES ARISING OUT OF OR RELATING TO THE USE OF THE SERVICES, AND TO THE EXTENT ALLOWED BY APPLICABLE LAW, THE MAXIMUM POTENTIAL LIABILITY OF PISCES-INTL UNDER THIS SOS SHALL NOT EXCEED \$100. THIS LIMITATION OF LIABILITY SECTION APPLIES WHETHER THE ALLEGED LIABILITY IS BASED ON CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR ANY OTHER BASIS DAMAGE.

IV. IT IS MUTUALLY AGREED AND UNDERSTOOD BY AND BETWEEN THE PARTIES THAT:

- 1. In exchange for, and in consideration of, monitoring and analysis services provided by PISCES- INTL, AGENCY will share the metadata with PISCES-INTL.
- 2. PISCES-INTL will provide a data collector and tap technology to be installed by the AGENCY per instruction by PISCES-INTL. AGENCY acknowledges and agrees that this technology will transmit metadata and related intrusion detection alerts to PISCES-INTL in connection with the Project.
- 3. Except as otherwise provided in this SOS, PISCES-INTL has the right to use threat analysis information generated in connection with the Project for its own purposes. Without limiting the foregoing, PISCES-INTL may share intrusion detection alert information and metadata with a federally designated Fusion Center and/or Information Sharing Analysis Center of the State in which the AGENCY is located.
- 4. PISCES-INTL has the right to utilize Analysts to review, maintain, and analyze metadata provided by the AGENCY.
- 5. AGENCY agrees to provide metadata on a real-time or near real-time basis until the termination of this SOS, as provided in paragraph IV.9, below. PISCES-INTL will use reasonable efforts to review the metadata on a regular basis, but AGENCY acknowledges and agrees that the metadata will not be reviewed on a 24/7 basis.
- 6. PISCES-INTL will communicate significant Project changes to AGENCY staff when they occur, including between planned quarterly updates. Examples of significant Project changes could be the addition of technology to identify previously unknown threats, new analysis products, or changes to the user interface.
- 7. AGENCY agrees to allow PISCES-INTL to aggregate data for the Project using the collector and tap technology provided by PISCES-INTL, and/or to provide logs, alerts, traps, netflow, or other event data via the syslog protocol over a secure network

- 8. AGENCY and PISCES-INTL agree that metadata that includes identifying fields such as usernames, IP addresses or hostnames, if transmitted, will not be used in any analysis or intentionally disclosed by PISCES-INTL.
- 9. This SOS may only be amended or supplemented to provide for additional opportunities to share data; otherwise, it shall remain in effect until terminated either by mutual consent of the parties or by cancellation by thirty (30) days written notice from one party to the other party.
- 10. Equipment return: In the event of election to terminate this SOS, AGENCY agrees that it will disconnect and return the data collector and tap technology to PISCES-INTL at their expense within 90 days of termination.
- 11. Nothing herein shall be construed as obligating AGENCY or PISCES-INTL to expend funds or involve either party in any contract or other obligation for future payment of money, in excess of appropriations authorized by law and administratively available for this work.

Las Animas-Huerfano County District Health Department Huerfano County Opioid Settlement Project Narrative

STATEMENT OF NEED

Las Animas and Huerfano Counties District Health Department (LAHCDHD) coordinates and provides services in Huerfano County, which is experiencing a rapid rise in Substance Use Disorder (SUD) and Opioid Use Disorder (OUD).

- Overdose deaths disproportionately impact communities already experiencing higher rates of discrimination and criminalization based on such factors as race, gender and socioeconomic status.
- Huerfano County is a medically underserved community and experiences many inequities, such as intergenerational poverty, adverse childhood experiences, food insecurity, trauma, homelessness and lack of resources for prevention, treatment and recovery.
- Stigmatized mental health and self-treatment with SUD's/OUD's, marijuana and/or alcohol is an entrenched culture. Such stigmatization leads to social exclusion, adverse physical and mental health outcomes and is associated with SUD.
- Per the Robert Woods Johnson Foundation, Huerfano is ranked 55 out of 64 Colorado counties in health outcomes.
- * It is among a small sub-set that lead Colorado in opioid addiction and related death.

PROJECT DESCRIPTION

LAHCDHD's goal is to significantly reduce adverse health effects associated with opioids by addressing community needs through collaboration and prevention. We implement efforts in Huerfano County to prevent overdose, reduce harms associated with drug use and address substance use as a public health issue rather than a criminal legal system issue. We seek to reduce the morbidity and mortality associated with substance use disorders (SUDs) and opioid use disorders (OUDs) in Huerfano County through a combination of prevention, treatment, and recovery strategies.

To decrease stigma, LAHCDHD takes a tiered approach that requires unbiased relationships, continuing education, prevention, treatment and recovery of SUD/OUD. Through a strong regional collaboration, we address the growing problem that SUDs and OUDs present within our communities. We partnered with the CU College of Nursing, which has led a strong community partnership including government, law enforcement, medical, mental health, businesses, community leaders and citizens to form a coalition to work together around SUD/ OUD-identified needs. Growing from a grassroots effort, this coalition has defined a strategic plan to address prevention, treatment and recovery of substance and opioid abuse.

Prevention & Education

Working in coalition, LAHCDHD created and distributes messages to raise awareness and reduce stigma across the community. Marketing materials aimed at educating the public highlight recovery and help individuals who are struggling with SUD find current resources and

services in the region, using academic partners' experience in delivering tailored programs in community settings. Message content and campaign acceptability, feasibility, and preliminary efficacy was preliminary tested in a small group of stakeholders.

Prevention educational materials for the general public include:

- materials on Naloxone
- the stigma associated with SUD/OUD
- materials that cover the safe use, storage and disposal of prescription drugs

We have been successful with presentations and trainings related to Naloxone, SUD, mental health first aid and more. Past attendees include medical, mental health, law enforcement, judicial, agencies/businesses, community partners and citizens. Community health workers (working at libraries, community centers, and the Department of Social Services) were trained to administer naloxone in emergency situations.

To prevent the initiation of drug use among youth, the Botvin LifeSkills curriculum is currently being implemented through our OBH and TGYS grants within some of our schools. This is an evidence-based program shown to decrease substance abuse and violence among participants.

Activities to raise awareness and change include:

Anti-Stigma Campaign. We propose expanding a public education campaign to raise public awareness related to harm reduction and lowering stigma related to substance use. Messages of recovery, education and promotion of MAT services and other resources encourage residents to seek health care regarding SUD will be fully disseminated and tested for impact. The campaign will be launched through pamphlets/flyers, social media (Facebook/Tweeter, Instagram, etc.) and diverse media campaigns (newspaper/radio).

Program awareness and visibility. We are producing updated marketing materials aimed at bringing greater awareness to the availability of substance abuse treatment and recovery resources. We are promoting programs related to both new and re-emerging SUD/OUD.

Community events. Through collaboration with community-based organizations serving youth and families, we will engage in outreach and promotion of harm reduction strategies and an antistigma campaign in various social activities held in the county.

Activities on substance use and harm reduction trainings and education include:

First responders and community 'response' education in using Fentanyl test strips (FTS) and Narcan kits includes first respondents, law enforcement and community health workers. We then target people who use drugs and community members at large.

Provider Education to enhance access to treatment, prescribing guidance and awareness of the Harm Reduction Strategies. LAHCDHD is working with the <u>Colorado Consortium</u> for Prescription Drug Abuse Prevention to line up speakers (e.g. Drs. Blum, Dr. Valuk) to provide in person and virtual provider education.

Community education presentations to parents, students, law enforcement, schools, business owners and community members.

<u>Treatment</u>

Previous funding has created and increased access to Medication Assisted Treatment Expansion (MAT) in the region along with our partners Spanish Peaks Regional Health Center (SPRHC), Health Solutions and Front Range Clinics.

Activities to serve individuals in treatment for SUD/OUD include:

Refer individuals to Spanish Peaks and Frontrange clinics for MAT services.

Re-start SUD/OUD screenings in the county that had been put on hold due to the COVID pandemic and a loss of funding in the health and criminal justice systems.

Harm Reduction

We provide Naloxone to community members through a partnership with Colorado Department of Public Health and Environment's (CDPHE) Naloxone Bulk Fund. Fentanyl test strips (FTS) are made available through a grant from CDPHE, and we provide education and FTS with a goal of preventing deaths in the county. We train Public Health Nurses to provide the Naloxone training/education to community, first responders, law enforcement, fire, ambulance, schools, Emergency Rooms and more.

Distribute Fentanyl test strips (FTS) as a low-cost method of helping prevent overdoses by detecting the presence of fentanyl in pills, powder, and injectables. In this project we will focus training, tracking and distribution of FTS to ensure availability to demand, along with harm reduction trainings (see below).

Narcan (Naloxone) distribution and outreach. Naloxone (Narcan) is an opioid antagonist medication that is used to reverse an opioid overdose. We will provide trainings on how to use Naloxone, and provide it through the Naloxone Bulk Purchase Fund to the county. We will also disseminate educational materials on how to use Naloxone for a drug overdose.

Provide Storage and safe disposal resources. Safe storage and disposal of prescription medications that have the potential for misuse, abuse or diversion is a recognized harm reduction strategy. We will distribute medication lock boxes throughout the community (i.e. community health service sites, probation, funeral homes, law enforcement agencies, library, etc.) regularly used service, particularly with the rapid increase in Fentanyl use and related overdoses, which also requires higher doses to prevent deaths. There are currently one safe medication disposal box available in Huerfano County

Criminal Justice

Drug/alcohol overdose is the third leading cause of death in jails, following illness and suicide. Furthermore, the risk of death from opioid overdose is high after release from prison or jail. Opioid overdose results in death from coma and cessation of breathing, but is reversible through the immediate administration of a quick-acting opioid antagonist called Naloxone that blocks the action of the opioid, e.g., heroin, fentanyl or prescription opioids. Its administration typically results in return to consciousness, resumption of breathing, and, in cases of opioid dependence, onset of opioid withdrawal symptoms. Naloxone is safe, effective, and non-addictive and has a rapid onset of action. It can be administered as an injection or through the nose (intranasally). Training in its administration is relatively simple. It can be safely used by nonmedical personnel, resulting in more lives saved.

Activities to distribute Harm Reduction materials in the criminal justice system include: |

Support Naloxone access for inmates. LAHCDHD will serve as a fiscal sponsor for Huerfano County jail as needed to provide Naloxone supplies and training for inmates being released.

Recovery

Recovery is a process of change through which people improve their health and wellness, live self-directed lives, and strive to reach their full potential. Even people with severe and chronic substance use disorders can, with help, overcome their illness and regain health and social function. This is called remission. Being in recovery is when those positive changes and values become part of a voluntarily adopted lifestyle. While many people in recovery believe that abstinence from all substance use is a cardinal feature of a recovery lifestyle, others report that handling negative feelings without using substances and living a contributive life are more important parts of their recovery.

Activities for individuals in recovery include:

Referrals to services. LAHCDHD will refer individuals to recovery services Crossroads Turning Point in Huerfano, Southeast Colorado and Pueblo County, and mental health providers for inpatient and outpatient services.

EVALUATION

- Routinely collect and analyze regional data associated with program activities, including: SUD/OUD screening, referrals to services as well as fatal and non-fatal overdoses.
- > Establish monitoring of FTS, naloxone kits and medication boxes distribution/utilization.
- > Evaluate the impact of our education effort and the anti-stigma campaign.
- > Continue working with CDPHE and CU Nursing, conduct quarterly analysis of SUD data.
- Produce a data collection tool to capture data, collected at the outset of our initiative with ongoing data collection (outcome metrics, organizational data, referral data, screening data, and demographic information).

| Re: | 611 Main Street Gym Project Authorization |
| Attached: | Bids Received |

Summary: This is a request for authorization to proceed with the 611 Main Street Gym Project, using informally procured construction services with the County serving as General Contractor and a not to exceed spending amount of \$161,070. This amount includes an estimated \$134,225 in hard costs and \$26,845 in contingency. In order to meet our October 1st completion goal I am requesting that you allow me to work with the County Engineer and Bob Martin, as a contract project supervisor, to competitively negotiate final purchase orders with subcontractors with the oversight, review, and approval of the BOCC Chairman. The contract with Bob Martin is presented separately, for your review and approval during this meeting.

Requested Motion/Action:

Motion to instruct the County Administrator to work with the County Engineer and Project Supervisor to proceed with the 611 Main Street Gym Project, at an amount not to exceed \$161,070. The Chairman is authorized to review and approve any updated estimates from subcontractors and further authorized to sign related purchase orders for subcontractors.

Background:

The 611 Main Street Gym project aims to renovate the 611 Main Street building into a gym to be operated by Two Peaks Fitness for public use. The County put this project out for bid with RFP 2022-08 and the 4 bids received were deemed to in excess of what the County deemed prudent. The County conducted an informal process as allowed under the County Procurement Policy with the County to serve as the General Contractor for the project. With the County serving as GC each trade was bid separately with no less than 3 bids solicited per trade. The following bids were received:

| Trade | Contractor | Bid Amount |
|---------------------|-----------------------|---|
| HVAC | Strickler Services | \$41,285.66 or \$32,159.34 depending on options |
| Electric | JAR Electric | \$26,965 + \$6,298 for Fire Alarm |
| Electric | Valley Electric | \$27,140.32 No Fire Alarm included |
| Electric | TNT Electric | \$35,896 + 6,400 for Fire Alarm |
| Plumbing | Avalanche Plumbing | \$25,600 |
| General Contracting | Circle M Construction | \$27,683.97 |

The below project budget includes the high option for HVAC and the low bid for electrical work, including the fire alarm.

| HVAC, Strickler Services | \$41,286 |
|--------------------------|----------|
|--------------------------|----------|

| Electric, JAR Electric | \$25,600 |
|--|-----------|
| Plumbing, Avalanche Plumbing | \$27,684 |
| General Contracting, Circle M Construction | \$33,263 |
| Subtotal, Construction Labor and Materials | \$127,833 |

| | |
| Construction Labor and Materials | \$127,833 |
| Project Supervisor | \$6,392 |
| Contingency | \$26,845 |
| Total | \$161,070 |

The County Administrator sought the services of project supervisor to coordinate the project. Robert "Bob" Martin of R. Martin Builders was selected because of his reputation and experience as a building inspector, both for the County and the City of Walsenburg.

This document constitutes an agreement ("Agreement") by and between the City Council and the City of Walsenburg (the "City"), a Colorado municipal corporation, and the Board of County Commissioners of Huerfano County, Colorado, the governing body of Huerfano County (the "County"), a political subdivision of the state, collectively, (the "Parties").

WHEREAS, Colo. Const. art. 14 § 18, and C.R.S. § 29-1-201, 203 et. seq. permit and encourage political subdivisions to enter intergovernmental agreements to provide any function, service, or facility lawfully authorized to each of the cooperating or contracting units, including the sharing of costs for the mutual benefit of both;

WHEREAS, C.R.S. § 30-11-410(1) provides that the governing body of a municipality and the board of county commissioners may contract to provide law enforcement services, including enforcement of municipal ordinances, by the sheriff within the boundaries of the municipality;

WHEREAS, public safety within the jurisdictional limits of Walsenburg and Huerfano County is in the mutual interest of both entities;

WHEREAS, the Parties previously entered into an agreement for law enforcement services and that agreement expired at the end of 2022;

WHEREAS, the Parties wish to enter into a new agreement for law enforcement services under substantially similar terms as the prior agreement;

WHEREAS, Walsenburg desires to obtain all reasonable and necessary law enforcement services from the County and the County desires to provide all reasonable and necessary law enforcement services to the City; and

WHEREAS, the County and the City desire to enter into an agreement for the provision of law enforcement in accordance with the terms herein provided.

NOW, THEREFORE, the City and the County agree as follows:

- 1. General Purpose.
 - a. <u>The Huerfano County Sheriff</u> shall provide law enforcement services within the Walsenburg corporate limits including, but not limited to, patrolling, issuing summons and complaints, preparing and timely delivering to the District Attorney all reports and information necessary to prosecute matters, appearance by the appropriate law enforcement officials at all court proceedings as necessary to prosecute matters, gathering and retaining evidence so as to provide for proper chain of custody, responding timely to complaints or calls, transportation of

- b. <u>The law enforcement services described below</u> will be implemented by the Huerfano County Sheriff (the "Sheriff"). It is the intent of the parties that implementation of this Agreement will not adversely impact law enforcement services provided to unincorporated portions of Huerfano County.
- c. <u>As part of the implementation process</u>, the Sheriff will make all determinations regarding scheduling and designating the patrol area of deputies delivering services to Walsenburg under this Agreement. Standards of performance, employee discipline, control of personnel providing such services and other matters incident to the performance of the services to be provided hereunder shall be in accordance with Huerfano County Sheriff's policies and procedures a copy of which will be provided to Walsenburg upon execution of this Agreement. The written policies and procedures will remain the property of the Huerfano County Sheriff's Department and the Sheriff will remain the legal custodian of the written policies and procedures. Any request for the documents under the Colorado Open Records Act or by subpoena shall be given to the Sheriff who will timely respond to the request or subpoena.
- 2. Municipal Authority.
 - a. <u>At the effective date and time of this Agreement</u> and for the duration of this Agreement, Walsenburg grants the Huerfano County Sheriff and all sworn sheriff's deputies that are Colorado peace officers the law enforcement authority granted to any Walsenburg police officer by statute or by Walsenburg municipal ordinance to engage in law enforcement pursuant to this Agreement to enforce State law and Walsenburg ordinances within the City of Walsenburg's jurisdiction.
 - b. <u>Immediately upon proper transfer of evidence</u> and records in a case from the Walsenburg Police Department to the Huerfano County Sheriff's Department, the Huerfano County Sheriff's Department shall be the legal custodian of the evidence and records for all purposes under Colorado law through the duration of this Agreement.
 - c. <u>The Huerfano County Sheriff's Department</u> shall be the. legal custodian or all evidence and law enforcement records developed in any case within the Walsenburg municipal limits commencing with the effective date of this Agreement and continuing until the termination of this Agreement and

- 3. Duties and Levels of Service.
 - a. <u>The Sheriff</u> will have at least one on-duty deputy responding to calls within the municipal limits of Walsenburg at all times.
 - <u>Deputies</u>. The number of on-duty deputies available to respond to calls will be adjusted accordingly during peak times except in extraordinary circumstances. For the purposes of this paragraph, "peak times" and "extraordinary circumstances" shall be determined in the sole discretion of the Sheriff or his designee. "Peak times" will be defined in reports presented to City Council. Any changes to these definitions shall be noted in the written reports to City Council as they occur.

 - e. Ordinance Criminal and Administrative Enforcement.
 - (i) The County and City acknowledge that all municipal ordinances have a criminal law component over which the municipal court has authority. The County and City also acknowledge that a limited set of Walsenburg ordinances also provide a procedure for administrative enforcement.
 - (ii) The Sheriff's Department shall enforce all ordinances where the only enforcement provided by the ordinance is criminal in nature and the ordinance does not provide authority to the City to enforce the ordinance administratively and the Model Traffic Code adopted by the City.
 - (iii) The City shall enforce all ordinances where the ordinance provides an administrative enforcement procedure. Except as set forth below.
 - 1. <u>In any case</u> where an administrative procedure is available and human safety is at issue, the sheriff will provide enforcement under the ordinance's criminal enforcement provision or, at the option of the city administrative

enforcement to the extent necessary to assure the safety of all involved.

- 2. <u>The Sheriff</u> will also enforce the criminal component of any ordinance in a particular case upon request by the City administrative enforcement representative where the administrative enforcement has proven ineffective.
- 3. <u>Examples</u> of ordinances that provide administrative enforcement are the city weed ordinance, dogs at large, licensing ordinances and zoning ordinances.
- 4. <u>Animal Control</u>. The Sheriff's Department will respond to dangerous animal and human safety calls related to animals within City limits. The City will enforce ordinances related to animal control where human safety is not an issue.
- 5. <u>Land Use Ordinances</u>. The City will continue to enforce all land use and associated ordinances. The Sheriff should cite all traffic violations contained in the Model Traffic Code under the Model Traffic Code into municipal court and not under Title 42 of the Colorado Revised Statutes.
- f. <u>Marijuana and Liquor</u>. The Sheriff will provide the City with reports as necessary regarding enforcement of marijuana and liquor licensing.
- g. <u>Walsenburg</u> will provide three (3) copies of their ordinances to the Sheriff and shall work with the Sheriff providing information required to assist Sheriff's employees in enforcing the ordinances.
- 4. Independent Contractor.
 - a. The parties agree that Huerfano County is acting as an independent contractor. All Sheriff's Department personnel shall be employees of the Sheriff's Department for all purposes and controlled by the Sheriff, including standards of performance and discipline.
 - b. The County shall be solely responsible for Sheriff's Department employees' wages, benefits, tax withholdings of all types, timely filing of all employment tax reports and payment of all employment tax deposits, filing of all Workers Compensation and Unemployment forms and payment of all Workers Compensation and Unemployment premiums.
 - c. The County is solely responsible for meeting all state and federal criteria to maintain its independent contractor status and holds Walsenburg harmless for any claim resulting from a determination that County is not an independent contractor.

- 5. Contract Administration. The parties will comply with the Colorado Criminal Justice act.
- 6. Conform Laws. The County and Walsenburg shall, to the extent reasonable and feasible and with all due consideration for local circumstances, make diligent efforts to conform ordinances, rules and regulations to provide for consistent effective and efficient delivery of law enforcement. This shall not be interpreted to require the approval of either party of the other party's ordinances, rules and regulations.
- 7. Reporting.
 - a. The Sheriff or designee shall attend the first regularly scheduled City Council meeting of each quarter and provide the city council with an oral and a written report of its activities within Walsenburg. The written report will include but not be limited to:
 - (i) definition of "peak times";
 - (ii) any information the Sheriff deems relevant, appropriate, and necessary to illustrate regular and ongoing law enforcement activities and issues; and
 - (iii) addressing any questions presented in writing by the Mayor or the City Council;
 - b. The Sheriff will submit the written reports by noon on the Friday prior to the meeting.
 - c. The Sheriff or designee may meet with the Mayor or the City Council from time to time to foster communication and enhance community policing and partnerships.
- 8. Fee for Services.

The City and County shall share the cost of law enforcement through the payment of fees by Walsenburg to the County to offset the cost of law enforcement services within Walsenburg as set forth below. The fees do not constitute tax revenues to the County or the imposition of debt on Walsenburg.

a. <u>2023 Fee</u>. Walsenburg shall pay County seven-.hundred-thirteen thousand eight hundred and fifty-seven dollars (713,857.00) for the twelve-month period commencing upon the date of execution in twelve (12) equal monthly payments of \$59,488 due on or before the 20th day of each calendar month. - b. Successive Years of Agreement.
 - (i) <u>Negotiations</u>. Walsenburg and County shall negotiate amendments to the fee annually with negotiations to commence September 15 and conclude prior to November 15 each year to allow the parties to appropriately budget. If the parties fail to agree by October 20, they shall enter mediation as provided in this Agreement.
 - (ii) <u>Basis</u>. The basis for any modification to the fee shall be the actual cost of services provided by County to Walsenburg.
 - (iii) <u>Maximum Increase</u>, The annual fee amount shall not increase by more than the rate of "Inflation" as defined in Colo. Const. art. X § XX(Z)(f) unless Walsenburg requests additional services in which case the cost of providing the additional services shall increase the maximum annual increase by that cost in addition to the increase in the Denver-Boulder-Greeley CPI referenced in Colo. Const. art. X § XX(2)(f).
 - (iv) <u>Amendment</u>. Any decrease or increase In the annual fee shall be in writing executed by the parties as provided by law and shall constitute an amendment to this Agreement.

- 9. Property-Ownership and contribution.

HUERFANO COUNTY GOVERNMENT ADMINISTRATOR'S REPORT

| Date: | May 23, 2023 |
|-------|---|
| To: | Huerfano County Board of County Commissioners |
| From: | Carl Young, County Administrator |
| Re: | Report for the May 23 Regular BOCC Meeting |
| | |

Commissioners please accept the following report of accomplishments, updates, and upcoming activities.

Redistricting

I believe that we are on track to present a resolution to adopt new redistricting maps during your June 13th Meeting. Attached you find a map labeled Exhibit E. This is a progress report as we still want to make adjustments in Northlands to make the legal description cleaner. I'd like to confirm that we are on track with your instructions from May 9.

Backflow Preventers

We are proceeding with backflow preventers at County facilities in Walsenburg. Social Services, the HC Community Center, Law Enforcement Center, and Road and Bridge are at the top of the list. We did contact three plumbers for estimates. Rhino Plumbing was the only responsive bidder that could complete the work in a timely fashion. Most buildings will be under the \$2,000 limit, we've asked Sheriff Newman to approve the Law Enforcement Center project which, because of the complexity involved with that building, came in at \$3,725.

Porchfest

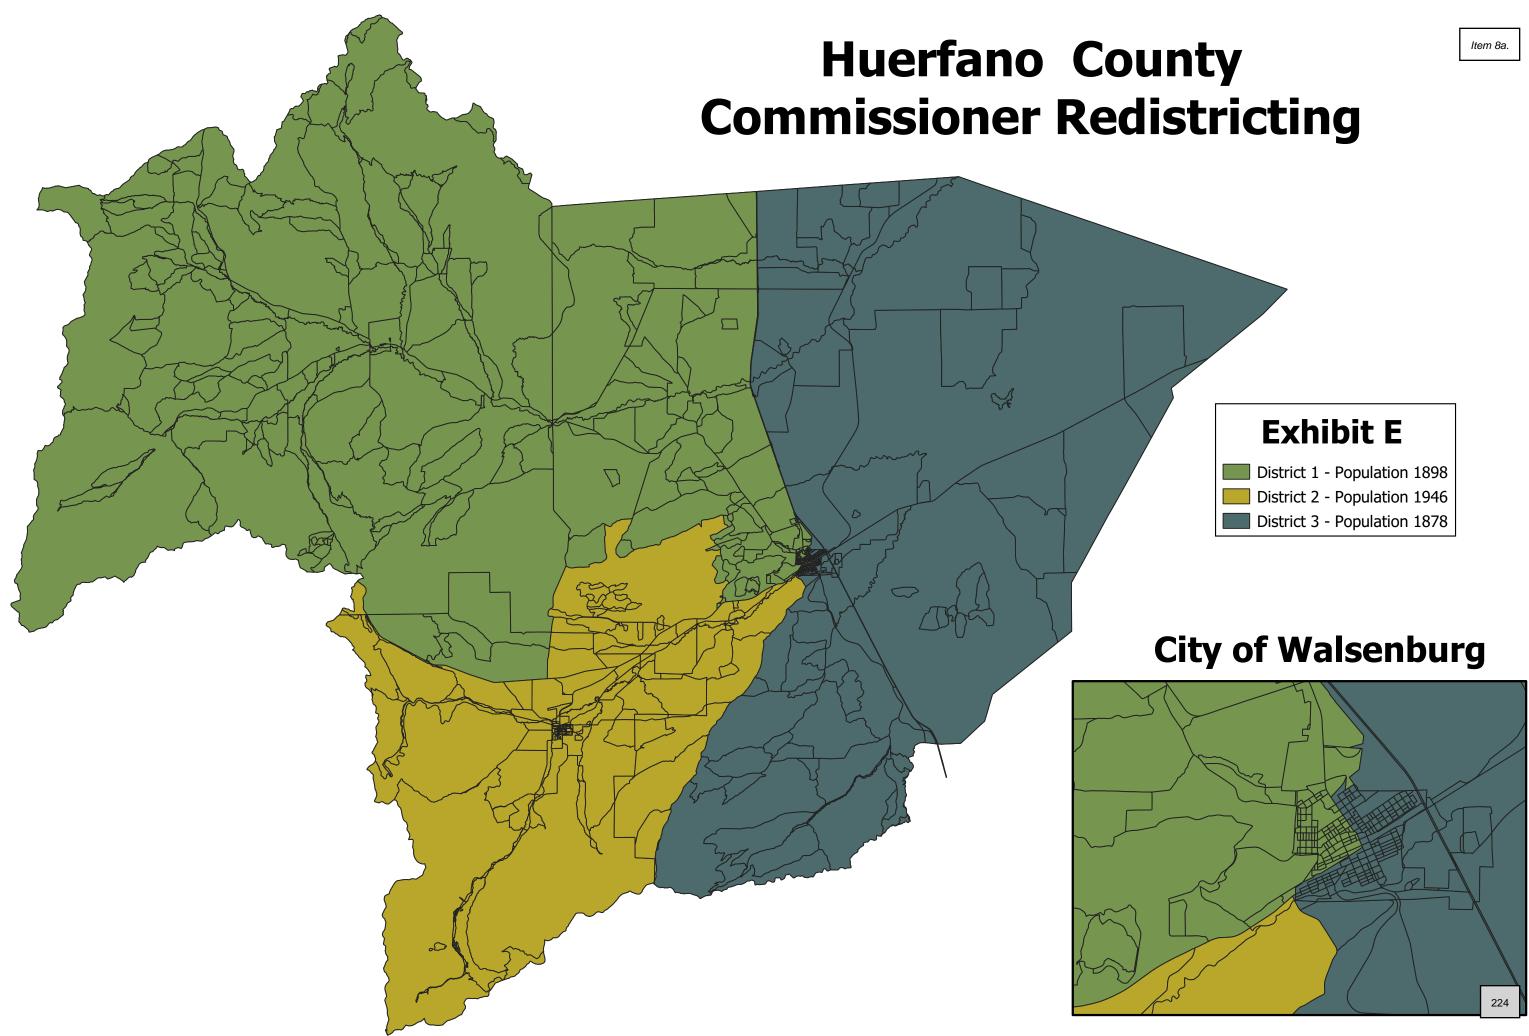

I have reached out to the organizers of the inaugural Walsenburg Porchfest to see if they would like to use the front entrance to the Courthouse which, in my mind, meets the definition of a porch. They are checking to see if they have a band for this location. This year isn't perfect for this use, with the scaffolding up for the masonry project. That said the area is safe and I think would be a boost to business along Main Street.

Fireworks

Ryan Sablich, one of our Code Enforcement and Building Inspectors, has been working on getting certified for fireworks displays. He should have that by the end of the year. In order to facilitate this year's Fourth of July show, he will need approval from the County and the fire district. He is still working on having someone oversee, just as an extra precaution. I feel that we are on track to have the Fourth of July fireworks.

NeoGov

We held our kickoff meeting with NeoGov last week for their applicant tracking system. Angela Wakeman, HR Officer, and I have been working together on the implementation and will be bringing in the SO and DHS as needed. Our goal is to have the system ready by July 1st.

CTSI Provides Boiler & Pressure Vessel Inspections

Because boilers and pressure vessels can explode, causing property damage, injury, and death, the state of Colorado has a Boiler Inspection Section, part of the Oil and Public Safety division, that enforces nationally adopted standards on installation, operation, maintenance, and repair. Boilers and pressure vessels in commercial and public buildings must be inspected either annually or every two or three years, depending on BTU input.

Inspections may be conducted by either a Colorado Boiler Section inspector or by a special inspector. Special inspectors are inspectors employed by an insurance company licensed to sell or provide insurance for boilers or pressure vessels in Colorado who holds a valid commission as inspector issued by the National Board of Boiler and Pressure Vessels.

WHAT DOES AN INSPECTION CHECK?

A boiler or pressure vessel inspection checks nine different items:

- Nameplate
- Relief Valve or Safety Valve
- Control Safety Devices
- Boiler Room Piping
- Combustion Air
- Flue Pipe Connections
- Expansion Tanks
- Boiler Room Condition
- Internal Inspections

For more information about each of these items, view the state provided document <u>What the Inspector Looks for when Inspecting a Boiler</u>. Also, consider <u>this free guide</u> that steps you through a checklist of specific items to consider before an inspector arrives.

HOW MUCH IS AN INSPECTION BY A STATE INSPECTOR?

A boiler or pressure vessel inspection conducted by a Colorado Boiler Section Inspector requires an inspection fee and a certificate fee based on the BTU input of the boiler/vessel. Currently, an initial inspection after installation costs \$100 with a \$25 certificate fee. A State Inspector must perform initial inspections; however, subsequent inspections can be performed by special insurance inspectors.

HOW TO SCHEDULE A NO-FEE INSPECTION?

CAPP members have the option of arranging a free boiler inspection through Liberty Mutual Insurance, which offers boiler and pressure vessel inspections as part of their equipment breakdown insurance. To schedule an inspection, contact Liberty Mutual at 877-526-0020 or by email at LMEBInspections@LibertyMutual.com. Please provide the following information: company name, address of location needing service, contact person with telephone number, Liberty Mutual policy number.

WHAT THIS MEANS FOR COUNTIES

Beyond the initial inspection, CTSI members do not need to pay to have boiler and pressure vessels in county buildings inspected. Counties should contact Liberty Mutual Insurance at the number or email provided to arrange for an inspection. For assistance in arranging a boiler or pressure vessel inspection, contact CTSI at 303 861 0507.

Remaining in Good Standing

For over 30 years, CTSI and your pools have successfully navigated each year's challenges and consistently provided comprehensive services to pool members. In an effort to protect all members and minimize the potential for financial surprises late in the year, the CTSI Board would like to remind the members of all the Pools (CAPP, CWCP, and CHP) of their commitment to remain a member in good standing throughout the policy year. In the event a member of any of the Pools is considering their option to withdraw from membership, each Pool's bylaws provide that they must give notice of intent to withdraw, for each Pool concerned, before October 1st of the year preceding the new policy year that begins on January 1st.

NOTICE OF INTENT TO WITHDRAW

This notice of intent to withdraw is a requirement to leave the respective Pool. Submission of a withdrawal notice affects budgeting options for the pool for the upcoming year but is non-binding on the member and can be rescinded at any time up to the start of the new policy year. If the notice of intent to withdraw is rescinded, the member will automatically retain membership in good standing for the following policy year.

This requirement allows the Pools to give adequate notice to carriers from whom the Pools will purchase stop-loss, excess, and reinsurance coverage and give timely statutory notifications to the Division of Insurance. Moreover, this

furthers CTSI's ability to protect members who do not intend to consider withdrawing and to make timely adjustments to the budget in the event the member decides to follow through with their withdrawal from membership.

Failure to provide notice as required by each Pool's bylaws may result in the loss of protections afforded to withdrawing members, including potential claim runouts and equity distributions or benefits.

The Pools have proven their worth to the membership throughout their existence for insurance and associated services and still offer the best long-term solutions for members' needs. This notice requirement is an expression of each member's commitment to every other member to preserve the special benefits of local government risk pooling now and for the future.

WHAT THIS MEANS FOR COUNTIES

Members cannot withdraw from membership in any of the Pools during a policy year and must give proper notice by October 1st if they are considering withdrawal from membership for the upcoming policy year. Compliance with this requirement preserves all of their rights as a withdrawn member if they choose to follow through with their withdrawal. Failure to give notice as required could impact their future interests in claim runouts, distributions of equity, etc. A copy of all Pools' Bylaws can be found in the Members Only section on our website at <u>www.ctsi.org.</u> For more information, contact CTSI at 303-861-0507.
