AGENDA CAPTION: Janitorial Services Award

Presented by: Karen Steward, HR Director

Background Information

An RFP was issued to select a new janitorial services provider for the new City Hall, which also includes the Public Safety Building, Senior Center, and Library.

Budget Implications

The cost of janitorial services is already included in the approved budget. The newly proposed contract is lower than the current agreement and represents a cost savings. Additionally, the new contract includes all required equipment and supplies, eliminating the need for separate purchases and reducing the risk of unforeseen expenses. No additional budget allocation is required.

Operational Impact

None

EXECUTIVE SUMMARY

CTJ Maintenance Inc. appreciates the opportunity to submit a proposal for **RFP # 2025-12-23 Janitorial Services**.

CTJ Maintenance Inc. was incorporated in 1996 and is a full service janitorial and facilities maintenance organization locally owned and operated. We have over 30 years of continuous experience and unlike our competition, we specialize and only serve government and municipal customers. Our areas of expertise include Janitorial and Custodial Services, Flooring Cleaning and Maintenance, Window Washing, Landscaping Services, Pressure Washing, Disinfection Services, and Maintenance Technician support.

CTJ is dedicated to improve our customer focus, invest in technology and our people, and to deliver exceptional quality in all that we do. Our portfolio of highly satisfied clients includes Tarrant County, Denton County, the City of Fort Worth, the City of Arlington, the City of Farmers Branch, and DART to name a few. While we have several new customers, our broader customer base includes contracts and tenure that span 18 or more continuous years of service in the municipal space, demonstrating our focus on quality, reliability, stability, and efficiency.

CTJ Maintenance differentiates itself from the competition in several ways including:

1. 30 years of superior performance with a sole focus on Government clients – we know this space better than most.
2. Experience with complexity – We currently clean all DART area buildings and the entire Fleet of buses and LRVs daily – An operation spanning 725 sq miles, over 40 locations, over 160 LRVs and 550 buses, and a staff of over 115 associates operating 7 days a week, 52 weeks per year... DART has been our customer since 2015.
3. Use of innovative tools and methods to improve safety, quality, and efficiency including the SWEPT App – cloud based time management, materials management, and quality suite including task lists by location and inspection reporting.
4. Our greatest asset – a stable workforce with a high level of overall satisfaction as evidenced through a low turnover rate and a growing list of referrals including an ALL LOCAL leadership team.

Again, we appreciate the opportunity to submit this proposal and look forward to the opportunity to partner with the City of Hutchins in the future!

Sincerely,

Lorena Noguera-Rivello, President and Owner

PROPRIETARY AND CONFIDENTIAL

EXPERIENCE – STAFFING

RECRUITMENT AND STAFFING

Our HR team has a proven track record of completing successful transitions and start-ups for both large and smaller scale operations, and in difficult labor markets.

By augmenting non-traditional recruiting techniques to those more traditional, we are able to achieve our start-up hiring target which is 20% above the required staffing level, while positioning ourselves to successfully maintain candidates in the recruiting pipeline.

Tool/Platform	Purpose	Notes
Indeed / ZipRecruiter	Job postings and broad exposure	Include keywords like "janitorial," "day shift," etc.
Facebook Jobs	Community-based hiring	Great for reaching local candidates
Company Website	Direct applications + branding	Add a careers page with photo testimonials
Referral Program	Encourage internal recruitment	Offer bonuses for successful referrals
Flyers/Posters	Old-school but effective locally	Distribute at local businesses and city centers
Job Fairs	In-person recruitment	Partner with local workforce boards
Workforce Agencies	Contract-to-hire options	Great for scaling large teams quickly

SCREENING

CTJ Maintenance requires a current form of identification (Driver’s License, Passport, Military ID, etc.), Social Security Cards, I-9 forms, DHS Work Permits, Permanent Residency, etc. to positively identify all employees and to ensure they have clean criminal backgrounds and the right to work the U.S. We conduct the following to ensure a fully compliant employee staff for all current contracts: Reference checks, Drug testing, and Universal background checks. Additionally, CJIS background checks are provided for all employees working in designated high security areas/facilities (i.e. Police, Jails, Juvenile Probation/Adult Probation, County Courthouses, etc).

CTJ Maintenance now uses E-Verify, a service provided by the Department of Homeland Security to ensure all associates are fully authorized to work in the

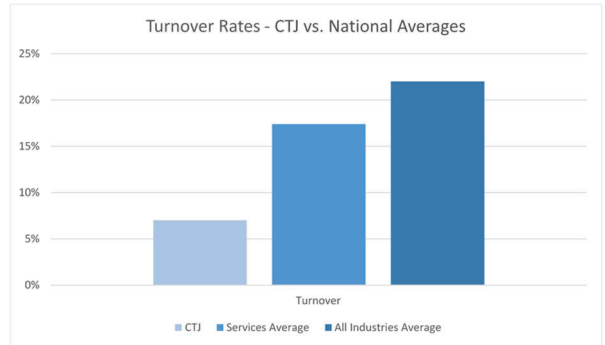

CTJ Maintenance now uses IdentoGo to process all fingerprinting and background checks for all associates. Their expansive database ensures that all our associates have clean records at the local, State and Federal levels.

- Over 450 associates currently on staff
- Management staff with over 200 years of experience in the industry
- Average tenure of associates is 5 years of service – with years of service ranging from 1 to 15 years
- Annual Turnover Rate is 6% – Better than Industry (17.4%) and National Averages (22%)

COMPETITIVE PAY

CTJ Maintenance is the current janitorial service provider to many DFW Metroplex municipalities including Tarrant County, Denton County, the City of Arlington, the City of Denton, City of Farmers Branch, as well as, DART. We have a very good handle on the current labor market and what it takes to staff and manage multisite contracts in this broad and diverse area. The charts below obtained from Indeed.com offer an excellent comparison of the City of Hutchins to neighboring municipalities...

Our proposal includes a base starting wage of \$15.00 per hour for Cleaners which is both competitive in the broader DFW market and comparable to what is currently offered to our employees in surrounding municipalities and at DART. We believe that any proposals offering less than this amount will continue to feel pressure from turnover and an unstable workforce.

QUALIFICATIONS – ORG STRUCTURE

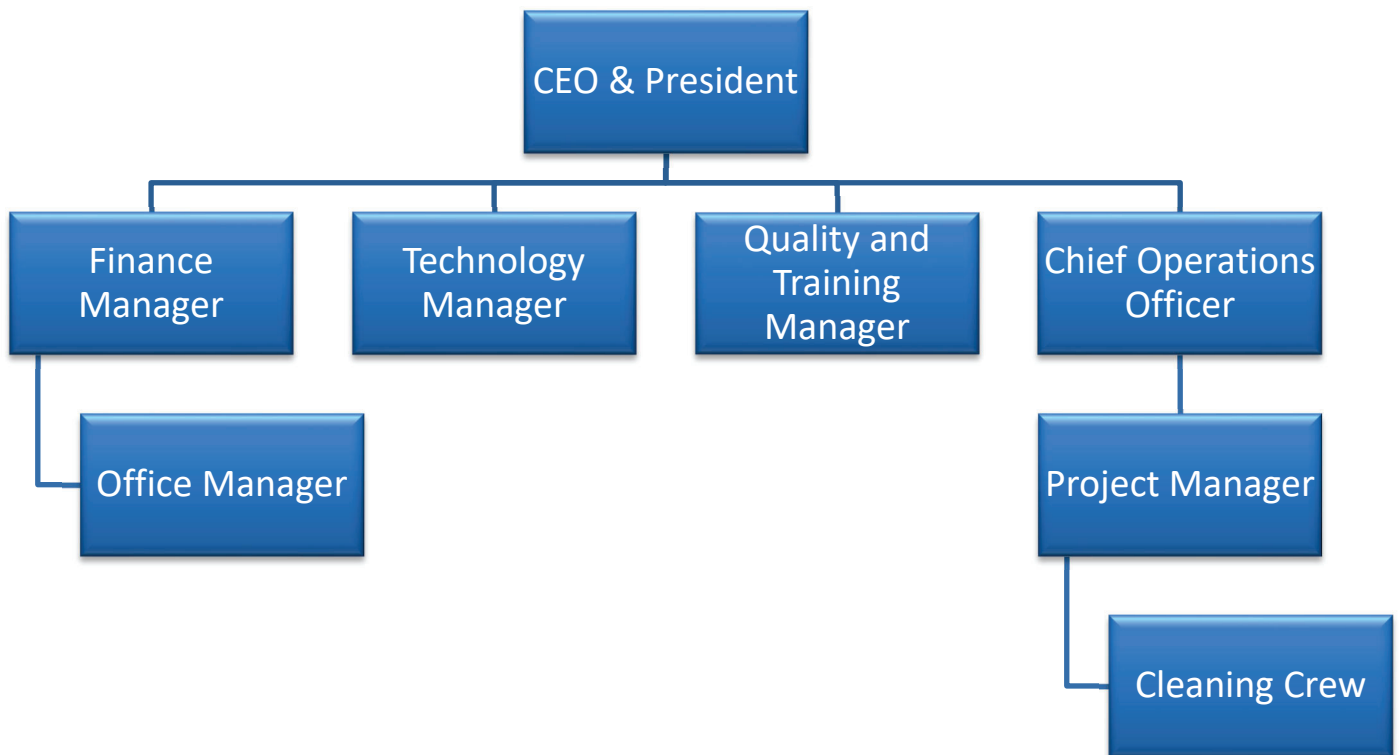

ORGANIZATION STRUCTURE

Our leadership and staff are all local. Below is a high-level diagram displaying our leadership structure including our proposed Project Manager and staffing organization.

Our assigned Project Manager will continue to have overall purview of the scope of work with the City. She will have up to 4 cleaners assigned on staff to ensure all shifts are completely covered and to ensure the scope of work is completed.

The Project Manager can pull staff from benchstrength we have in neighboring municipalities to cover Paid Time Off and Sickness. All buffer staff shall go through the complete background check and processing for the City of Hutchins before being deployed.

Our specialized flooring team is comprised of full-time, in-house CTJ resources supported by a full-time dedicated Supervisor with over 30 years' experience. We have found this arrangement works best to ensure the delicate work of flooring maintenance is done right the first time.

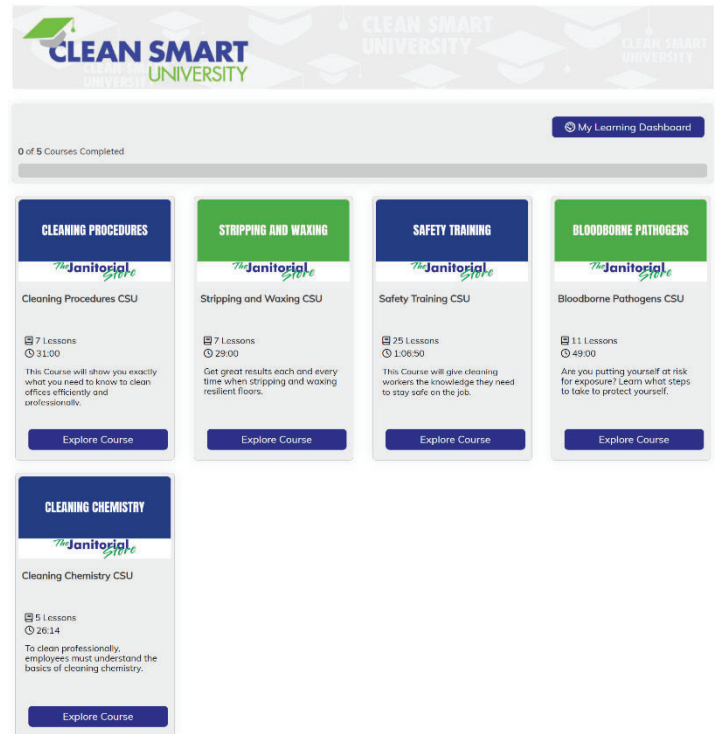

QUALIFICATIONS – TRAINING PROCEDURES

TRAINING PROGRAM OVERVIEW

CTJ employs managers and cleaning staff that are experienced, competent and fully qualified to perform their assigned duties/tasks. We conduct various formats of training including:

- Online courses
- Video coursework
- In person training in classroom
- In person on the job.

We use the Clean Smart University to provide online and video training resources – these classes were designed and developed by ISSA – the cleaning standards organization.

NEW HIRE ORIENTATION

All newly hired associates go through a foundational course to acquaint themselves with company and workplace standards:

- Company rules, regulations and safety policies, OSHA regulations (including blood borne cleanup)
- Company dress code requirements
- OSHA, EEOC, Wages/Hour rules, guidelines and laws
- Pay, timekeeping, payroll records and related HR items
- Discipline and employee rights

QUALIFICATIONS – TRAINING PROCEDURES, CNTD

Below is the outline of our standard curriculum for new hires and transfers:

On-the-Job Training: (New Hire and Transfers Orientation)

CTJ employs a qualified Quality Manager that conducts a training program for all employees assigned to the new project. The items covered include, but are not limited to the following:

- General Safety topics including proper lifting
- Hands on demonstration of proper and approved cleaning techniques
- Restroom disinfectant cleaning procedures
- Vacuuming / Spray Buffing / Carpet spot cleaning and other floor maintenance techniques
- MSDS reviews and proper use of cleaning chemicals and supplies
- Task and Space Assignments. "Space Assignment": Each employee is assigned an area of responsibility, tasks required to clean the area satisfactorily and timeframes for completion
- Proper use, procedures, and maintenance of tools and equipment
- Highlighting of common mistakes and avoidance techniques
- Green Cleaning policies including Recycling and Waste diversion responsibilities
- Dress Code (including ID badge, uniform, proper foot wear, proper ID, etc.)
- Proper use of cell phones and other electronic devices/accessories
- Smoking restrictions
- Any location specific training: Safety, Access, and Security

On-Going Training (Recurring):

- Semi-Annual Equipment Maintenance Review
- Annual Safety training and Health & Environmental Protection
- Account and Project managers receive annual training on the OSHA standard 29 CFR 1910.1200 (Occupational Exposure to Bloodborne Pathogens) and the Texas Hazard Communication Act (Texas Health and Safety Code, Chapter 502)

QUALIFICATIONS – SUPERVISORS/LEADS TRAINING

SUPERVISOR TRAINING PROGRAM OVERVIEW

CTJ Maintenance prefers to promote from within to generate excitement in recruits looking to move up, learn more skills and eventually get into leadership. In many cases these individuals are really good at cleaning and other janitorial tasks however lack the skills needed to effectively make the jump to those front line leadership roles. We bridge the gap by allowing high potential employees to attend Supervisory Training.

SUPERVISOR TRAINING CURRICULUM

This training program provides supervisors with essential skills for managing people, resources, and customer expectations in a professional service environment. Participants begin with a self-assessment to understand strengths and areas for improvement, followed by an overview of why supervisors struggle and the traits that define effective leadership—such as communication, accountability, and approachability.

- **Core responsibilities** are covered in detail, including daily job duties, security awareness, supply and equipment control, budgeting, planning, and legal and safety compliance. Emphasis is placed on strong communication with both management and frontline teams.
- **Customer relations** training focuses on understanding client expectations, handling complaints, and applying Total Quality Management (TQM) principles to support consistent service quality. Supervisors learn how to perform quality inspections and address service issues proactively.
- **Leadership development** includes navigating the transition from “buddy to boss,” motivating employees, understanding generational and cultural differences, and fostering loyalty through engagement and trust-building strategies. The program also explores communication styles—written, verbal, and non-verbal—and reinforces the importance of active listening to avoid costly misunderstandings.
- **A 5-step process** provides Supervisors with structured guidance on training employees, managing performance, resolving conflict, and applying fair and effective disciplinary procedures. The curriculum concludes with strategies for introducing workplace changes, involving employees at the right time, and understanding how change impacts individuals and team dynamics.

QUALIFICATIONS – SAFETY PROCEDURES

SAFETY PROGRAM AND TRAINING – New Hires and Recurring

CTJ Maintenance Safety Topics consist of (6) operational areas:

Safety - General Reporting

Employees are instructed to report the following conditions to supervisors as part of the safety training:

- Report the use of unsafe or misused equipment
- Report the use of unsafe Chemicals / mislabeled Chemicals
- Report anyone under the influence of drugs, alcohol or any mind-altering chemical
- Report any area in the facility deemed unsafe
- Report all Injuries related to the workplace

Safety - Orientation Training

As part of the Orientation training, employees are trained on the following:

- Proper handling of equipment, ladders, floor machines, etc.
- Proper maintenance of Supplies/chemical storage in janitorial closets
- Proper wearing of gloves when using harsh chemicals
- Wearing protective gear when handling hazardous material
- No horseplay allowed in the facility
- No working if impaired by fatigue, illness or medication

Safety - Proper Floor Care

Employees used for floor care receive training on safety of customers, proper use of chemicals and equipment:

- Floor crew shall wear closed toe shoes with low heels that are slip-resistant.
- Floor crew should take proper precautions when working on wet soapy floors to avoid slip-fall accidents
- Proper signage should be used in areas frequented by the public, signs shall be posted warning all people in the area of WET FLOORS
- All employees will know where the MSDS book is kept and reviewed when appropriate

Safety - Electrical Equipment

When operating electrical equipment, employees are trained on these safety methods:

- Operate vacuums, floor machines and all equipment per manufacturer's instructions
- Inspect all equipment before and after use, report any unsafe conditions to supervisor, do not use any equipment until repaired
- Make sure all switches are in the OFF position before plugging in equipment or releasing the handles
- Unplug all equipment before making adjustment or repairs
- Equipment will be cleaned nightly before put away, stored in janitor's' closet neat and orderly

PROPRIETARY AND CONFIDENTIAL

QUALIFICATIONS – SAFETY PROCEDURES, CNTD

Safety - High Work

Employees used for high work area cleaning will receive proper training for handling ladders, scaffolding and step stools:

- No work over ten feet high without proper instruction from supervisor
- Scaffolding and ladders will be properly checked prior to use
- Ladders to be used on level surfaces and inspected for cracks, excessive play at joint, worn or loose screws, etc.
- Extension ladders should not be used without supervisor present.

Safety – Biohazard Services Training

CTJ employees receive initial and annual training on the symptoms and transmission of bloodborne pathogen diseases. Our training program covers:

- A copy and explanation of the OSHA bloodborne pathogen standard including what constitutes an exposure incident
- An explanation of the procedure to follow if an exposure incident occurs, including the method of reporting the incident and the medical follow-up that will be made available
- An explanation of the type, uses, location, removal, handling, decontamination and disposal of personal protective equipment
- Each location is supplied with a clean-up kit for bloodborne spills

In addition, CTJ employees receive annual training on the OSHA standard 29 CFR 1910.1200 (Occupational Exposure to Bloodborne Pathogens) and the Texas Hazard Communication Act (Texas Health and Safety Code, Chapter 502), they are responsible for:

- Maintaining, reviewing and updating the ECP annually, or when necessary to include new or modified tasks, or procedures
- Provide and maintain all necessary personal protective equipment, labels and red bags
- Maintaining all OSHA records
- Post exposure evaluation and follow-up

QUALIFICATIONS – EVALUATIONS AND CERTIFICATIONS

INSTRUCTORS QUALIFICATIONS

CTJ Maintenance vets all supervisors and leadership before they may be used as trainers. The corporate Quality Manager is responsible to ensure standards are met and only certified leaders are used. Typical qualifications include:

- Minimum 5 years experience in Janitorial Services
- Certified in all basic skills and any specific skills needed as trainer
- Recognized leader in area of expertise with a minimum of 3 years experience in that skill
- Meets or exceeds all quality and service level expectations over a 12 month period.

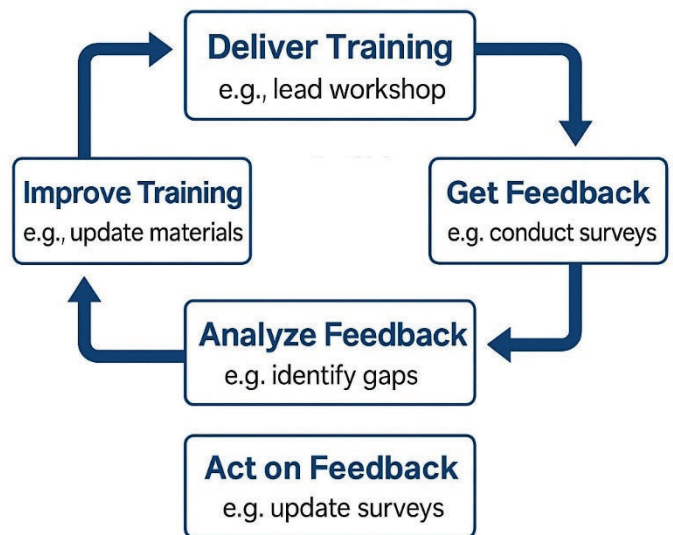

EVALUATION AND CONTINUOUS IMPROVEMENT

CTJ Maintenance uses a feedback cycle to ensure training and certifications are always aligned with quality and service expectations. The Quality Manager is responsible for this assessment and ensuring compliance with all expectations both internal and external.

Surveys are conducted internally and externally to gauge effectiveness and training materials and curriculum will be updated as appropriate.

TRAINING FEEDBACK LOOP

IMPROVE TRAINING EFFECTIVENESS

CERTIFICATIONS

CTJ Maintenance issues certifications to all associates who complete the various training programs we offer. These certifications are tracked on a cross-training matrix and reviewed biannually to ensure all associates are maintaining expected standards as well as to determine which associates are ready to be trained in higher-level curriculum or as supervisors.

WORK PLAN – QUALITY CONTROL METHODS

Our quality assurance program structure is designed around both the CIMS and ISO 9001 standards to ensure our team adequately performs all work delivery services. These standards provide an Integrated Management System tied into our cloud-based SWEPT Application for real-time management.

We are currently CIMS and ISO 9001 Compliant* meaning CTJ Maintenance has demonstrated that it meets the requirements outlined in the specific standard developed by both ISSA and ISO and is ready for a full audit. Audits to achieve both certifications will be scheduled in 2026.

Below are some highlights of our Integrated Management system:

QUALITY PROGRAM TOOL	
Work Task Tool	This tool is used to assign <u>detailed</u> tasks to an employee. The employee records date/time each task was completed. This allows the inspector to monitor if/when the employee completed the task and ensures all work is accomplished correctly and timely.
Work Timeline Tool	This tool is used to monitor the location of each employee. Daily the employee performs each task at a specific location/time. This allows the inspector to always locate an employee and inspect each task in real-time.
Work Supplies/ Equipment Tool	This tool is used to inventory equipment and supplies to ensure adequate cleaning and maintenance of equipment daily.
Daily Inspection Tool	This tool is used by the project managers to inspect the facility. Leadership inspects each area of the facility and provides a pass/fail for the employee. Unsatisfactory inspections result in on-the-job training or employee corrective action.
Daily Corrective Action Tool	This tool is used for corrective action purposes to ensure immediate feedback in response to issues, changes in processes or one-time request for service.
QUALITY PROGRAM METHODS	
Method for Staffing/Schedules	We provide minute-by-minute cleaning schedules to all employees for time management and quality assurance.
Method for Efficient Equipment	The use and maintenance of all equipment is part of the daily inspection for our management staff. We currently use Green Seal products that are environmentally friendly. The leadership will also make sure that all equipment meets OSHA requirements and properly maintained.
Method for Daily Inspections	Our leadership inspect buildings on a daily basis. They provide immediate feedback to workers to ensure each building meets the highest level of cleanliness.
Method for Real-Time Management Feedback	Our Project Manager will be responsible for overall problem resolution and will have the full authority to act on behalf of CTJ at any time. They will be available to the Facility Manager twenty-four hours a day, seven days a week, to respond to any issue that may arise.
QUALITY PROGRAM MEASURES	
Real-Time Measures	All immediate tasks are resolved within 30 minutes of reporting. These requests are reported directly to project managers and considered satisfactorily completed within the 30 minute time of inspection.
Daily Measures	Supervisors/Project Managers inspect facilities daily, all inspections are rated as excellent or unsatisfactory. All unsatisfactory inspections result in training or employee corrective action.
Weekly Measures	Project Managers are required to report all building deficiencies and re-training request to the contract manager on a weekly basis. All unsatisfactory reports are analyzed by project team for proactive review. The project team is tasked to provide proactive recommendations to prevent future deficiencies.
Monthly Measures	All daily, weekly measures are reported to the project manager for the Monthly Report Card. This monthly report provides the team with a score (1 to 5). Each team is rewarded or corrected based on this monthly report card.
Annual Measures	The annual measures are designed for hiring, training and floor support. The annual report documents the hiring, retention and rewarding of employees and the quality of our floor team.

WORK PLAN – THE SWEPT APP

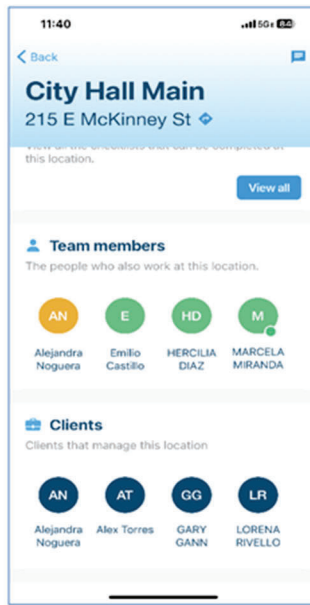

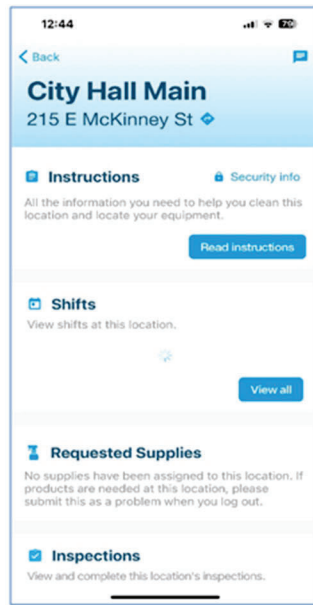

CTJ is a proud user of the SWEPT App – a one-stop mobile solution for Quality Control and Training through task management, supply management, inspections, and real-time problem solving. This tool effectively integrates our entire quality system into an easy-to-use, mobile App-based solution provided real-time and proactive measures to ensure tasks are completed and a high level of quality is maintained.

Our Project Manager will conduct weekly inspections which will be made available in real-time to Cleaners, Management, and the City. Inspections will cover all aspects of the contract from regular daily, weekly, monthly tasks to floor maintenance, window cleaning and any other service CTJ provides.

Instructions can be updated in real time with an automatic note to all cleaners assigned.

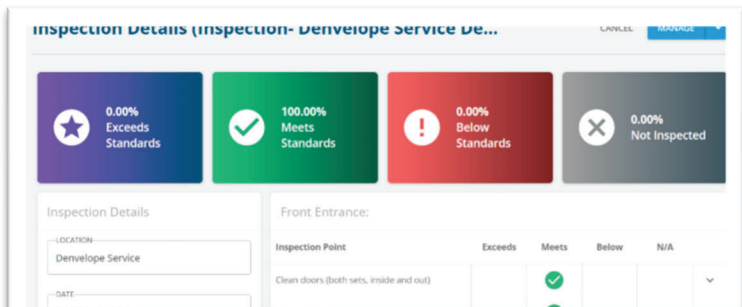

Cleaning shifts are identified and a cleaner may only “clock in/out” during the assigned schedule.

Cleaners update inventory and equipment needs in real-time. Alerts go immediately to the Project Manager to ensure buildings do not run out of supplies and Cleaners always have the tools needed to complete tasks.

Cleaners are assigned to each location. Accountability is reinforced using a “Geofence” that tracks when the cleaner enters

Clients and Management have full access to Cleaner time/attendance reporting, Inspection Reporting, and can send messages to relay feedback.

WORK PLAN – THE SWEPT APP, CNTD

Inspections can be customized per location or area based on the specific cleaning needs.

The Project Manager will complete Inspections weekly or monthly depending on the cleaning schedule of the location.

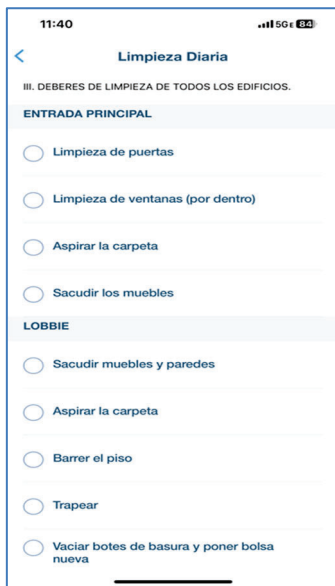

The Inspection records a Rating for each element. Notes can be made and pictures attached.

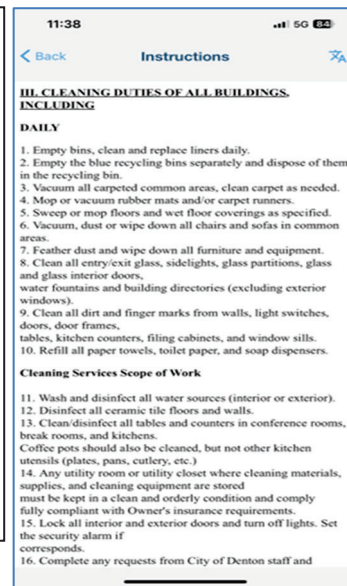

Nonconformances are reported to the Cleaner upon “clock in” by the SWEPT App and the Cleaner can provide corrections.

Notes can be sent directly to the City showing all the details including corrective actions.

This way there is full transparency and accountability.

Check lists in the App allow the Cleaner to ensure they clearly understand all requirements in their native language. These lists are updated automatically when a new task is added and SWEPT will auto translate. These checklists correlate to the Inspection template for each location so there is always a continuous feedback loop to the cleaners.

This cutting-edge tool is a perfect ensemble of support to our associates to complete their work effectively, as well as, an excellent tool to communicate status and progress to our clients.

Swept supplies our employees all the information they need to do their best work and in their native language. While allowing for easy time tracking, problem reporting, supply requests, and location alerts.

WORK PLAN – TIME MANAGEMENT

TIME KEEPING

As discussed before, CTJ Maintenance uses the SWEPT Application to track when cleaners have started and ended their shifts. Every location will have its own profile as seen below:

Locations are assigned with a fixed “geofence” which is a designated area within the facility that will allow cleaners to clock in/out. Cleaners cannot clock in/out outside the geofence thus maintaining the fidelity of the time keeping data. Project Managers can check in real time how many cleaners are working on shifts in each location and can adjust/move staffing as necessary.

Reporting time entry data is available on demand at any time and will be included in invoicing as requested.

The Time Entry Report is generated per location. Each line of the report includes 1) Location Name, 2) Cleaners Name, 3) Date/Time In, 4) Date/Time Out, and 5) Hours. A summary of Total Hours per location is displayed at the bottom of the report making it easy to determine if the location was serviced the correct number of hours.

WORK PLAN – TASKS AND COMMUNICATION

MAINTAINING CLEANLINESS

CTJ Maintenance will use approved Task Lists based on the specifications provided by the City to ensure we meet or exceed quality expectations. The Daily, Weekly and Other tasks will be transcribed into the SWEPT App by location and will become our starting point of specific areas and tasks to be inspected. We will generate custom Inspection Reports for each location and conduct weekly inspections to ensure we meet or exceed these standards. As new tasks are added to our requirements or new locations are added, it takes seconds to update the SWEPT App to include new tasks, new locations and new inspection reports.

DAILY COMMUNICATION

Communication is key and CTJ will ensure contact numbers (cell phone) are provided for our Project Manager. We will ensure we are in constant contact, solving problems, flexing labor, etc.

You will have full access to leadership through text, email and/or cell phone throughout the life of the contract.

EQUIPMENT REPLACEMENT

Employees will evaluate the condition of all equipment prior to shift start and at shift end. Replacements will be ordered directly by the Supervisor or Project Manager. As per quality plan – All equipment will be evaluated and replaced if determined to be faulty.

WORK PLAN - TRANSITION

TRANSITION PLANNING

Our goal is to make transitions as smooth as possible for our customers and our staff. We plan our transitions leaving a buffer of time before a contract starts to account for any unforeseen circumstances. Our quality systems and the SWEPT App make transitioning relatively easy and ensure that we are ready to fully execute our contractual obligations on Day 1 of the new contract.

TRANSITION STRATEGY

- CTJ will look to retain existing employees with stellar performance and positive feedback from the Authority.
- As a retention tool, we are providing vacation/sick pay, full holiday, and medical benefits offerings to all Full-time employees.
- We will maintain a list of back-up workers to cover shifts for employees on vacation, sick, terminations, etc. and will have them processed through the appropriate background checks and processes for the Authority.

Below is an example of our standard transition plan. This plan will be customized and provided to the City once we are notified of award.

TARRANT COUNTY
DEPARTMENT OF FACILITIES MANAGEMENT

DAVID PHILLIPS
DIRECTOR

March 25, 2020

To Whom It May Concern:

CTJ Maintenance has provided custodial services to Tarrant County since April 2008.

CTJ has serviced the majority of our buildings throughout Tarrant County; providing cleaning to our offices, training rooms, restrooms, break rooms and public areas. Collectively our buildings total over 3 million square feet, with our downtown campus accounting for 2.25 million square feet.

Tarrant County is a government entity that provides services to its citizens and the general public. It is essential that our facilities are maintained properly. CTJ Maintenance has met our expectations for custodial services. Their staff has been professional and responsive to our request.

I would recommend CTJ Maintenance to anyone in need of custodial maintenance services for their facilities.

Sincerely,

Robert Carter 3-25-2020
Assistant Director-Support Services

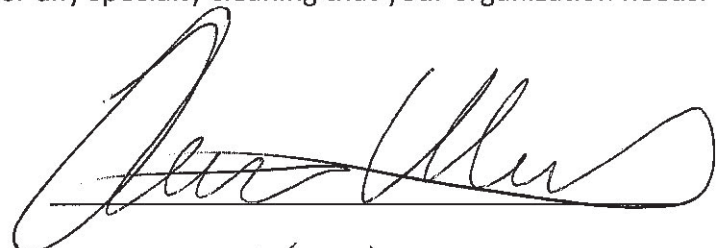

Recommendation Letter

To whom it may concern,

CTJ Maintenance has held Denton County’s janitorial contract since 2017. In this time they have overcome many challenges and have maintained well-staffed teams and serviced over 30 government buildings. CTJ Maintenance cleans over 1 million square feet of Denton County facilities, servicing public spaces, restrooms, courtrooms, offices and high traffic areas. CTJ maintenance also provides a wide variety of floor care and specialty cleaning upon request.

The management team for CTJ maintenance excels in responsiveness and professionalism. CTJ has consistently provided excellent janitorial service for Denton County. During the height of the pandemic CTJ maintained staff and materials, being able to continue contracted service without interruption. CTJ works to customize any task list that best services the customer’s needs. The management team is able to resolve issues in a timely manner, and their billing is consistently accurate.

I recommend CTJ Maintenance for janitorial service or any specialty cleaning that your organization needs.

Subject: Letter of recommendation for CTJ Maintenance Inc.

To whom it may concern:

CTJ Maintenance has provided custodial services to DART since July 2015. CTJ is currently executing their fourth contract with DART.

CTJ has serviced our operational buildings throughout DART, providing cleaning to our offices, training rooms, restrooms, break rooms and employee maintenance areas. Collectively we have 15 buildings total over 311,000 square feet, spread out over 8 campuses. Most operations run 24 hours/7days per week and services must be maintained throughout.

DART is a regional transportation agency that provides public transportation and services to its citizens and the general public. It is essential that CTJ Maintenance meet our expectations for custodial services. Their staff has been professional and responsive to our request and continues to exceed our expectations.

I would recommend CTJ Maintenance to anyone in need of custodial maintenance services for their facilities.

Sincerely,

Chad Jeffrey

MEETING DATE:	March 2, 2026
MEETING TYPE:	City Council
SUBMITTED BY:	Katherine Lindsey
AGENDA CAPTION:	A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF HUTCHINS, TEXAS, ACCEPTING BIDS RECEIVED IN ASSOCIATION WITH THE CONSTRUCTION OF THE CITY'S NEW RECREATION CENTER AND LIBRARY BUILDING; AUTHORIZING THE CITY ADMINISTRATOR TO NEGOTIATE AND EXECUTE AN AGREEMENT WITH THE APPARENT LOW BIDDER POGUE CONSTRUCTION CO., LLC, IN AN AMOUNT NOT TO EXCEED \$19,005,000.00; AND PROVIDING FOR AN EFFECTIVE DATE. Presented by: Katherine Lindsey, Assistant to the City Administrator

Background Information

An election was held on November 5, 2026 for the purpose of issuing bonds for the purchase of designing, acquiring, constructing, improving, and equipping a new Recreation Center and Library building. The bond was approved by 69.9% of voters.

Brandstetter Carroll, Inc. designed the construction plans. On January 6, 2026 an RFP was issued for construction services. It was a best value procurement being procured from competitive sealed proposals. The apparent lowest bidder was Pogue Construction, Co., LLC. The firm was also ranked highest based on the rated criteria listed in the bid notice. The base bid amount is \$19,005,000 with a contingency allowance of \$972,738.

Budget Implications

The construction cost of the new Recreation Center and Library building was included in the budget.

Operational Impact

Constructing the new building will strongly enhance municipal services to the public.

Legal Review

The resolution was approved by the City Attorney.

Dear Mr. Quin,

Brandstetter Carroll has evaluated the general contractor bids submitted to the City of Hutchins for the construction of the new Recreation Center and Library Building. Our role was to assess the completeness and qualifications of submissions as required by the solicitation. Our firm did not participate in the ranking of firms. We recommend that Pogue Construction be selected as general contractor based on the City's selection committee's ranking of submissions.

Respectfully,

Mary Ann A. Mitchell, AIA
Managing Principal
