Project Abstract:
This project is to purchase the equipment needed to provide monthly training for the Hutchins Police Department in the Advance Law Enforcement Rapid Response Training (ALERRT) - Exterior Response to Active Shooter Event (ERASE).

Problem Statement:
Getting the needed training for when an active shooter event occurs. To provide the ALERRT continuing education required hours to current Hutchins Police Officers. To provide on-going monthly training to Hutchins Police Officers.

Supporting Data:
The Federal Bureau of Investigation (FBI) in March of 2013 announced that the ALERRT Center is the national standard. (www.alerrt.org/page/facts). September of 2023 Texas Commission on Law Enforcement mandated that all Texas Peace Officers have a least 16 hours of continuing education of ALERRT by August 31, 2025, and continuing for each 2 year training cycle (www.tcole.texas.gov/content/training-requirements). Thus, making ALERRT the standard for Texas.

Project Approach & Activities:
The following approach would be used: 1. Purchase ERASE Add – On from KDL Solutions LLC. as they are the sole provider of ALERRT equipment. 2. Purchase a 7x16 foot enclosed trailer to securely transport the equipment that is needed to teach the ERASE course. 3. Send Hutchins Police Officer to ERASE Train-the-Trainer course. 4. Begin training Hutchins Police Officers in ERASE.

Capacity & Capabilities:
Hutchins Police Department has 28 full time sworn positions, 1- Police Chief; 3-Lieutenant; 5-Sergeants; 4-Corporals/Training Officers; 3-Detectives; and 12-Patrol Officers. A training room suitable for holding up to 24 officers comfortably with tables and chairs. It is equipment with a whiteboard and 2 television monitors used as projectors. A simulation rounds only gun range within 3 miles of the Public Safety Building. A secured armory for the storage of the weapons. With the purchase of the enclosed trailer all training equipment, tables, and chairs can be transported to the gun range for class. This would also allow training to be conducted at different locations. When the trailer is not in use, it would be parked in a secure parking lot.

Performance Management:
The goal of this project is to get all Hutchins, Sergeants, Corporals, Detectives, and Patrol Officers trained in ERASE. This would also be an asset to the on-going monthly training schedule. With the use of this equipment, we would not rely on ALERRT to send us the equipment needed to host the course or for our monthly training. This equipment is for specific training purposes only, force-on-force training as required for ALERRT, and all weapons only hypothetical simulation rounds. These weapons will be used by officers for training only. The objective of the project is to...
Target Group:

The target group is primarily the Hutchins Police Department. As required by ALERRT all law enforcement agencies can request to be part of any ALERRT training free of charge if a vacancy is available.

Evidence-Based Practices:

The U.S. Department of Homeland Security defines an active shooter event as an individual killing or attempting to kill people in a confined and populated area. While still a relatively new area of research, there is a growing body of literature dealing with various aspects of active shooter events and police response. Some research has explored the development and effectiveness of specific response tactics and police perceptions of acceptable responses. Since the 1999 Columbine High School shooting in Littleton, Colorado, police response to active shooter events has changed dramatically. Before Columbine High School shooting, police officers were expected to contain the shooter, control access to the location, and call for the Special Weapons and Tactics (SWAT) team to deal with the problem. Now police officers are expected to enter the location quickly, even alone and stop the killing. (Blair & Duron, How police officers are shot and killed during active shooter events: Implications for response and training 2022). In March of 2013 ALERRT became the National Standard and in September of 2023 it became the state standard for Texas, in responding to an active shooter event. ALERRT currently hosted a variety of courses that teach and train officers in the response to an active shooter event. This project is to bring the training that is provided by ALERRT to the Hutchins Police Department. KDL Solutions LLC. has worked with ALERRT to provide all the equipment needed to successfully conduct the training course outlined for ERASE. This equipment is not to stop an active shooter event, but to train the officers on how to stop it, thus protecting lives.

Certifications
In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

**Constitutional Compliance**
Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

**Required Agency Policies**
Applicant assures that it has adopted policies addressing the deployment and allocation of vests or plates to its officers; and the usage of vests or plates by its officers. PSO requires that the policy on usage of vests or plates include mandatory training on the proper care, fitting, inspection, use, storage, and maintenance of the armor. PSO also requires the policy specify that body armor may not be left in patrol vehicles when an officer is not on duty in order to minimize the heat damage to the armor.

In crafting these policies, applicants should be aware that the inspection, storage, and replacement of body armor were identified as potential points of failure in body armor use by the Police Executive Research Forum. See “A Practitioner’s Guide To the 2011 National Body Armor Survey of Law Enforcement Officers” for more information.

**NIJ Body Armor Standards**
Applicant assures that body armor purchased with grant funds will comply with the National Institute of Justice (NIJ) standard (Ballistic Resistance of Body Armor NIJ Standard-0101.06) for type III (rifles) or type IV (armor piercing rifle) body armor, including bullet-resistant vests, ballistic plates, and plate carriers.

**Personally Fitted Vest Requirement**
Applicant assures that all body armor vests purchased with grant funds will be personally fitted for individual officers, including vests specifically fitted to individual female law enforcement officers. “Personally fitted” does not require armor to be individually manufactured based on the measurements of a specific wearer, but rather that it provide the best possible fit and coverage, through a combination of:
1. Correctly-sized panels and carrier, determined through appropriate measurement; and
2. Properly adjusted straps, harnesses, fasteners, flaps, or other adjustable features.

**Cybersecurity Training Requirement**
Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [Cybersecurity Training Certification for State and Local Government](https://www.eGrants.state.tx.us/). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the [Texas Department of Information Resources Statewide Cybersecurity Awareness Training](https://www.tdx.state.tx.us/tdx3/index.php) page.

**Criminal History Reporting**
Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the Texas Code of Criminal Procedure, Chapter 66. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

**Uniform Crime Reporting (UCR)**
Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit
complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

**Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses**

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or other sex offenses or investigates or prosecutes a sexual assault or other sex offense for which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit [Sexual Assault Evidence Tracking Program](#) website for more information or to set up an account to begin participating. Additionally, per Section 420.042 "A law enforcement agency that receives evidence of a sexual assault or other sex offense...shall submit that evidence to a public accredited crime laboratory for analysis no later than the 30th day after the date on which that evidence was received." A law enforcement agency in possession of a significant number of Sexual Assault Evidence Kits (SAEK) where the 30-day window has passed may be considered noncompliant.

**Compliance with State and Federal Laws, Programs and Procedures**

Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency’s custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, eligible applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code.

Each local unit of government, and institution of higher education that operates a law enforcement agency, must download, complete and then upload into eGrants the CEO/Law Enforcement Certifications and Assurances Form certifying compliance with federal and state immigration enforcement requirements. This Form is required for each application submitted to PSO and is active until August 31, 2025 or the end of the grant period, whichever is later.

**Overall Certification**

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the Guide to Grants, the Grantee Conditions and Responsibilities, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

_ I certify to all of the application content & requirements._

Agency Name: Hutchins Police Department
Project Title: ALERRT Equipment
Application #: 5012401
Location of Agency Headquarters: 550 West Palestine, Hutchins, Texas 75141

OOG funds requested for this new or renewal project: YES_____ NO____ X____

PROJECT SUMMARY – NO POINTS ASSIGNED (100 WORDS OR LESS): Summarize the proposed project.

This project is to purchase the equipment needed to provide monthly training for the Hutchins Police Department in the Advance Law Enforcement Rapid Response Training (ALERRT) - Exterior Response to Active Shooter Event (ERASE).

SUPPORTING DATA: Will be assessed with eGrants Problem Statement and Target Group sections (UP TO 25 POINTS): Provide at least three years of local, comparable data that demonstrates the problem exists, demonstrates the problem’s size and scope, and demonstrates the problem’s negative effects on the target population. All data sources must be cited.

The Federal Bureau of Investigation (FBI) in March of 2013 announced that the ALERRT Center is the national standard. (www.alerrt.org/page/facts). September of 2023 Texas Commission on Law Enforcement mandated that all Texas Peace Officers have a least 16 hours of continuing education of ALERRT by August 31, 2025, and continuing for each 2-year training cycle (www.tcole.texas.gov/content/training-requirements). Thus, making ALERRT the standard for Texas.

Without the equipment to train new officers and to continuously train current officers for an active shooter event officers will still response. The decision making and response required/needed while the event happens will happen, the quickness of the response happens depends on the training the officer received. With the need for ALERRT training required by TCOLE every 2 years, the need is great.

With continuous training the time of the response and decision making will be quicker. Continuous learning is the ongoing expansion of knowledge and skill sets. It’s about developing new skills and knowledge, while also reinforcing what has been previously learned. In traditional training, the level of knowledge rises to a peak right after a specific training course, and then gradually falls off over time from a lack of reinforcement, (www.techtarget.com, continuous learning, by: Cameron Hashemi-Pour, Site Editor, Wesley Chai). With this equipment we can reinforce the training, cutting the time for an officer to make the correct response when an active shooter event happens.

There are over 5,000 people that currently live in the City of Hutchins as of the 2021 census (United States Census Bureau), and 2 new housing developments currently being built. During the day, the population in and around Hutchins is believed to be over 10,000 people. Not including the many new businesses coming to Hutchins. There are 2 local schools, Wilmer-Hutchins Elementary and Wilmer-Hutchins High School. Most of the businesses in Hutchins are warehouses, employing mainly temporary/day workers. Union Pacific Railroad has an Intermodal Port that connects Hutchins and Wilmer. There are a few correctional facilities in and around Hutchins: Hutchins State Jail...
(TDC), Dallas County Transitional Facility, Dallas County Youth Treatment Camp, and Volunteers of America (Federal Transitional Facility).

Within the past few years Hutchins has been the place of deadly/high-risk events that have started in a neighboring city and ended in Hutchins. For example, Dallas Police Department Headquarter got attacked in June 2015, the suspect fled to the Jack in the Box in Hutchins (www.cnn.com). In February 2018, a US Postal Worker was shot and killed in Dallas on Interstate 30 but later was arrested in Hutchins (www.dallasnews.com).

The City of Hutchins reported to the Texas Department of Public Safety, (www.dps.texas.gov/section/crime-records/crime-texas), in 2021 with a population of 5,941, there were 22-Aggravated Assaults, 14-Robberies, and 93-Burglaries. In 2022, with a population of 6,048, there were 1-Murder, 20-Aggravated Assaults, 7-Robberies, and 52-Burglaries. In 2023, with a population of 5,594, there were 29-Aggravated Assaults, 8-Robberies, and 35-Burglaries.

Hutchins Police Department currently has 26 sworn positions. With this equipment we would be able to train for when an Active Shooter Event happens. That the Hutchins Police Department will be able to quickly and decisively end the killing, stop the dying, and protect lives.

**SUSTAINABILITY - (100 WORDS OR LESS):** Describe agency’s financial commitment to support THIS project during grant period. Describe your strategy to sustain this project beyond the grant period. For equipment or technology grants, describe agency’s plan to maintain equipment beyond the grant period (i.e., routine maintenance, repairs, upgrades, etc.).

This equipment will be maintained by our department armor. The protected equipment (face shields, helmets, throat protector, etc.) will be washed after each class. If the equipment is broken during training replacements will be ordered within a reasonable amount of time. Training ammunition will be on hand to conduct training.

**NOTE:** The Addendum’s Collaborations table and Sustainability section will be assessed with eGrants Capacity & Capabilities section (up to 15 points).

**DUPLICATION OF SERVICES - NO POINTS ASSIGNED (100 WORDS OR LESS):** Describe how this project avoids duplication or overlapping of existing resources or programs available within project’s proposed service area and target population.

Currently ALERRT sends training equipment to agencies throughout Texas the United States to host classes. However, getting the equipment to train continuously is not offered. With this equipment we would be able to train monthly and be able to host without relying on ALERRT for the equipment. Just the literature and consumables for the formal class.

**RENEWAL BUDGET INCREASE JUSTIFICATION – NO POINTS ASSIGNED (100 WORDS OR LESS):** If this renewal has an increase in OOG funds from what is currently funded, describe justification for the funding request increase. Put N/A if this is NOT a renewal project or put N/A if this is a renewal with NO budget increase.

STAFF REPORT

MEETING DATE: February 5, 2024
MEETING TYPE: City Council
SUBMITTED BY: James Quin, City Administrator
AGENDA CAPTION: Discuss and Consider Approving Resolution R2024-02-1167 OF THE CITY COUNCIL OF THE CITY OF HUTCHINS, TEXAS, APPROVING AND AUTHORIZING THE CITY ADMINISTRATOR TO NEGOTIATE AND EXECUTE THE TERMS AND CONDITIONS OF THE AIA STANDARD FORM OF AGREEMENT FOR BETWEEN OWNER (CITY OF HUTCHINS) AND ARCHITECT (BRANDSTETTER CARROLL INC.) FOR INTERIOR DESIGN AND FURNITURE, FURNISHINGS, AND EQUIPMENT (FF&E) DESIGN SERVICES

Presented by James Quin, City Administrator.

Background Information

The City Hall $10,775,000 bond issue included the cost of the building. It did not include the purchase of property which totaled $750,000. These funds could have been used for a good portion of the furniture, fixtures and equipment (FF&E) for the building. The estimated cost for fully equipping the City Hall is 1.3 million dollars.

The attached proposal from Architect Brandstetter Carroll INC illuminates the cost of the FF&E. Much of the furniture has a useful life of twenty+ years and much of the equipment and fixtures should last for the life of the building. The advantage of having the architectural firm manage the purchase of the FF&E is the uniformity of design of the interior. This cannot be achieved by purchasing separate items from Buy Board.

The City's financial advisor has indicated that the 1.3 million can be included in a 3 million-dollar tax note to be issued in March 2024. This tax note includes the purchase of vehicles, equipment and the reconstruction of Chatman Street which is included in the FY 2023/24 CIP. The tax note has no effect upon the tax rate.

It is anticipated that the architectural fee of $84,500 will be underwritten by City Hall interest earnings.

Budget Implications

1.3 million dollars plus $84,500 architect fee.

Operational Impact
Funding the FFE will enable the City to achieve consistency of furniture design for the offices, provide light fixtures throughout the City Hall particularly the public space and the Event Center and enable the Council Chambers to be completed including Council dais and furniture.

**Legal Review**

The AIA agreement and proposal have been reviewed the City Attorney

**Staff Recommendation**

It is recommended that the City Council approve the Resolution and FFE agreement.

RE:
Intent to order Chevrolet Tahoe PPV

The City of Hutchins would like to pre order three Chevrolet Tahoe PPV, black in color for the upcoming 2023/2024 budget cycle. If you have any questions, please feel free to reach out to me.

Thank you,

Steve Perry
Steve, that is the build sheet for the BASE PPV 2whdr with no options on it that is supplied on the SAT contract.

I am attaching a generic build that entities in the LONGHORN district (our metroplex area) can use to price units.

The attached build has most all the options on it with the cost associated with the options.

In Wave 1, I did not get any available units that I could order for Hutchins.

I am told that there may be some more units coming after January in which I will be looking to add over 190 units that I could not get placed in Wave 1.

EXHIBIT “A”
Asset Disposition Services Agreement
This Asset Disposition Services Agreement ("Agreement") is made by and between PropertyRoom.com, Inc., a Delaware corporation ("Contractor") and ____________________________ ("Owner"). The Agreement is effective upon Owner's signature date ("Effective Date").

Whereas Contractor's business involves surplus asset management, selling, auction, disposition and related services ("Services"); and

Whereas Contractor desires to provide Services to Owner and Owner desires Contractor to provide Services subject to this Agreement.

Now therefore, in consideration of premises above and mutual covenants and agreements set forth herein, Contractor and Owner agree as follows.

Any other municipal, county, or state government agency located within the same state as Owner may also procure Services under this Agreement under the same terms and conditions stated in this Agreement by executing an adoption agreement with Contractor based upon this Agreement.

1. **Items Requiring Services.** Owner will identify items ("Assets") it desires to provide to Contractor for Services. Contractor retains the right to accept or reject certain Assets in its sole discretion.

2. **Title to Assets.** Owner shall retain, at all times, legal title to Assets unless and until Assets are purchased or otherwise disposed of according to the Agreement, at which time Owner will be deemed to have transferred title directly to an Asset purchaser or other acquirer ("Buyer") identified by Contractor. Owner appoints Contractor as its representative and instrumentality to hold and offer Assets for sale, on Owner's behalf, in accordance with the Agreement. Owner appoints Contractor as its attorney-in-fact to sign any and all documents necessary to assign to Buyers all of Owner's rights, title and interest in and to Assets sold or disposed. Cash receipts, accounts receivable, contract rights, notes, general intangibles, and other rights to payment of any kind arising out of Asset sales ("Proceeds") belong to Owner. Contractor may utilize subcontractors in its performance of Services, provided Contractor shall be responsible for any breach of this Agreement by such subcontractors. Contractor may withhold from Proceeds amounts owed to Contractor and any third parties in connection with Services, which amounts shall be disbursed by Contractor on Owner's behalf. Contractor will remit remaining balances to Owner ("Owner Net Proceeds").

3. **Term and Termination**

This Agreement shall commence on the Effective Date and shall continue for an initial term of one (1) year from the Effective Date and thereafter will automatically renew for consecutive one (1) year terms unless written notice of non-renewal is provided by either party to the other at least sixty (60) days prior to the expiration of the then current term.

a. Either Owner or Contractor (the "Party" or "Parties") may terminate the Agreement upon thirty (30) days prior notice to the other Party.

b. The rights of the Parties to terminate the Agreement are not exclusive of any other rights and remedies available at law or in equity, and such rights will be cumulative. Exercising any such right or remedy will not preclude exercising these or any other rights and remedies.

c. Upon any termination or expiration, Contractor may continue to provide Services for any unsold Assets then in the possession of Contractor. Alternatively, Owner may, at Owner's expense, arrange for the return of Owner Assets.

4. **Payment for Services**

a. **Fees.** Fees for Contractor Services appear in signed addendums to this Agreement.

b. **Remittance of Proceeds.** Once a month, Contractor will remit Owner Net Proceeds from sales completed the prior month. Sales are deemed completed when all items from an asset list line-item are sold, paid for and shipped. Contractor may defer payment of any amount less than $250 until such time as the amount owed Owner equals or exceeds $250.

c. **Invoices.** If monthly Proceeds do not cover amounts owed, Contractor and Owner will mutually agree for Contractor to either:

   (1) Invoice Owner for Services, net of Proceeds collected, or

   (2) Accrue and carry-over unpaid balances, invoicing Owner when negative balances persist for six (6) consecutive months.

d. **Reporting.** Each month, Contractor will publish a standard online report containing information related to Owner Assets, Services provided, Fees and Owner Net Proceeds.

5. **Contractor Obligations.**

Contractor may utilize subcontractors in its performance of Services, provided Contractor shall be responsible for any breach of this Agreement by such subcontractors. With respect to delivering Services:

a. Contractor shall maintain insurance covering Assets against fire, theft, and extended coverage risks ordinarily included in similar policies.

b. For auction Services, Contractor will use organic marketing techniques ("OMT") to increase bidding on Owner Assets. OMT may include, but not be limited to, email, publicity related to this Agreement, and facilitation of...
6. **Asset Lists**
   a. **Manifest & Asset Lists.** Owner will complete paperwork reasonably necessary to convey custodial possession of Assets to Contractor, such as written manifests or Asset lists (the “Asset Lists”) describing items in sufficient detail for proper identification. Contractor owns exclusive rights to sell Assets described in Asset Lists provided by Owner for a period of 120 days from the date Owner releases an Asset to Contractor for sale and Owner will not grant any such rights to any third party (or itself sell the applicable Assets).
   b. **Excluded Assets.** Owner agrees it will not knowingly provide illegal or hazardous Assets or Assets that infringe intellectual property rights of any third party (“Excluded Assets”). In the event Contractor identifies any item as an Excluded Asset, Contractor shall have the right to suspend, cancel, or unwind any sale or disposal of such Excluded Asset.

7. **Salability of Assets.**
   a. Owner states Assets subject to Services are legally available for sale to the general public; and
   b. If required, Owner has taken necessary actions for transfer of Asset title(s) to Buyers.

8. **Books and Records.** Contractor will keep complete and accurate books of account, records, and other documents with respect to the Agreement (“Books and Records”) for at least 3 years following Agreement expiration or termination. Upon reasonable notice, Books and Records will be available for inspection by Owner, at Owner’s expense, at the location where Books and Records are regularly maintained, during Contractor’s normal business hours.

9. **Assignment.** This Agreement shall be binding upon and inure to the benefit of the Parties named herein and their respective successors and assigns. Neither Party may assign any of its obligations under this Agreement without the prior written consent of the other Party, such consent not to be unreasonably withheld or delayed, provided that Contractor may assign this Agreement without such consent to a successor in interest by way of a merger, consolidation, or sale of all or substantially all of Contractor’s assets.

10. **Notices.** Any notice or other communication given under the Agreement will be in writing and delivered by hand, sent by facsimile (provided acknowledgment of receipt thereof is delivered to the sender), sent by certified, registered mail or sent by any nationally recognized overnight courier service to the addresses provided in the Owner information section. Notices sent by registered mail or national overnight carrier shall be effective upon delivery. The Parties may, from time to time and at any time, change their respective addresses and each will have the right to specify as its address any other address by written notice to the other Party. A change of address will take effect upon receipt of notice unless a later date is otherwise specified.

11. **Interpretation.** Whenever possible, each provision of the Agreement will be interpreted in such a manner as to be effective and valid under applicable law, but if any provision of the Agreement is held to be prohibited by or invalid under applicable law, such provision will be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of the Agreement. The Agreement headings are inserted for convenience of reference only and shall not constitute a part hereof.

12. **Governing Law.** The internal law, and not the law of conflicts, of the state in which Owner is located will govern all questions concerning construction, validity and interpretation of the Agreement and the performance of the obligations imposed by the Agreement. The proper venue for any proceeding at law or in equity will be the state and county in which the Owner is located, and the Parties waive any right to object to the venue.

13. **Further Assurances.** Contractor and Owner will each sign such other documents and take such actions as the other may reasonably request in order to effect the relationships, Services and activities contemplated by the Agreement and to account for and document those activities.

14. **Relationship of the Parties.** No representations or assertions will be made or actions taken by either Party that could imply or establish any joint venture, partnership, employment or trust relationship between the Parties with respect to the subject matter of the Agreement. Except as expressly provided in the Agreement, neither Party will have any authority or power whatsoever to enter into any agreement, contract or commitment on behalf of the other, or to create any liability or obligation whatsoever on behalf of the other, to any person or entity.
15. **Force Majeure.** Neither Party will be liable for any failure of or delay in performance of the Agreement for the period that such failure or delay is due to acts of God, public enemy, war, strikes or labor disputes, or any other cause beyond the Parties’ reasonable control (each a “Force Majeure”), it being understood that lack of financial resources will not be deemed a cause beyond a Party’s control. Each Party will notify the other Party promptly of any Force Majeure occurrence and carry out the Agreement as promptly as practicable after such Force Majeure is terminated. The existence of any Force Majeure will not extend the term of the Agreement.

This Agreement, together with one or more signed addendums attached hereto, comprises the entire agreement between Contractor and Owner relating to Services and supersedes any prior understandings, agreements, or representations by or between the parties, whether written or oral.

1. This addendum ("Addendum") is attached to and made part of the Asset Disposition Services Agreement dated _____________________ ("Agreement") between Contractor and Owner. In the event of a conflict between the provisions of the Agreement, this Addendum and any prior agreement or Agreement addendum, this Addendum will govern.

2. Definitions.
   a. Winning Bid. "Winning Bid" means the highest amount committed and paid by a Buyer of a sold Asset. Winning Bid does not include shipping & handling, buyer premiums, or other fees, if any, nor does Winning Bid include an amount a Buyer commits but fails to pay.
   b. Sales Price. “Sales Price” equals the Winning Bid plus shipping & handling, shipping insurance and sales tax paid by a Buyer.
   c. Payment Processing Costs. Payment processing costs equal 3% of Sales Price (“PP Costs”).
   d. Success Fee. For sold Assets, Owner will pay Contractor a Services fee equal to a percent of profits or Winning Bids as specified below (“Success Fee”).
   e. Buyer Premiums. Notwithstanding anything to the contrary herein, Contractor may collect a Winning Bid percent fee from a Buyer, typically referred to as a “Buyer’s Premium”.

3. Services Offered. Contractor provides a suite of Services referenced herein. Upon mutual agreement of Owner and Contractor, Contractor may provide all or any combination of Services. Contractor will use commercially reasonable efforts to deliver Services.
   a. Portables Auction Service ("Portables"). Applying to Assets small enough for pick-up by Contractor via box truck or common carrier shipment, excluding firearms, Contractor will transport, test and/or authenticate (if applicable and practicable), erase or destroy memory media (in the case of electronics), image, store, list and sell Assets via public internet auction on one or more Contractor selected websites. Owner will pay Contractor a Success Fee as described below.
      (1) Asset Success Fee. For Portable Assets, Success Fee equals 50% for the first $1,000 of a Winning Bid amount and 25% of Winning Bid amount, if any, over $1,000.
      (2) Net Proceeds. For each Portables Asset, Owner Net Proceeds equals Winning Bid less Success Fee less PP Costs.
      (3) Fuel Surcharge. If quarterly retail diesel prices, as published by the U.S. Energy Information Administration, rise above the level shown in the table below, a fuel surcharge ("Fuel Surcharge") will be deducted from Owner Net Proceeds for each Portable Manifest picked up at Owner’s location.

   b. Firearms Auction Service. This service is restricted to Owner firearm assets ("Firearm Assets") legally available for public sale in the United States. Contractor is compliant with ATF, Title 18, U.S. Code Ch. 44 and NFA (26 U.S.C., Ch. 53), as well as applicable state and local laws. Contractor may work with one or more subcontractors ("Subcontractor") for storage and processing of Firearm Assets.

   Contractor will deliver Firearm Assets disposition services beginning with the collection and transport of Firearm Assets to a Federal Firearms Licensee ("FFL") holder ("Recipient FFL" or “Partner FFL”). Subsequently, Contractor and Recipient FFL will store, catalog, image, list for public internet auction, process purchaser payment and ship Firearms Assets to another FFL holder ("Transferee FFL") that will administer final physical transfer to purchaser ("Buyer") in compliance with applicable federal, state, and local laws. Owner will pay Contractor a Success Fee as described below.
      (1) Success Fee. For Firearm Assets, Success Fee equals 50% for the first $1,000 of a Winning Bid amount and 25% of Winning Bid amount, if any, over $1,000.
      (2) Net Proceeds. For each Firearm Asset, Owner Net Proceeds equals Winning Bid less Success Fee less PP Costs.
c. **In Place Auction Service** ("In Place"). Applying to Assets that Owner and Contractor mutually agree to auction in place, Contractor will sell In Place Assets via public internet auction on one or more Contractor selected websites using descriptions and digital images supplied by Owner. Owner will maintain physical control of In Place Assets and transfer possession to Buyers after sale. Owner will pay Contractor a Success Fee as described below.

1. **Success Fee.** For each In Place Asset, Success Fee equals 2.5% of Winning Bid.
2. **Net Proceeds.** For each In Place Asset sold at auction, Winning Bid less Success Fee less PP Costs equals Owner Net Proceeds.

d. **Haul Away Auction Service** ("Haul Away"). Applying to fleet vehicles and equipment, Contractor will tow Assets to, or take delivery at, Yards. Contractor will store, image, describe, list and sell Haul Away Assets via public internet auction on one or more Contractor selected websites. 1. **Success Fee.** For each Haul Away Asset, Success Fee equals 12.5% of Winning Bid.
2. **Tow & Miscellaneous Fees.** Tow and Miscellaneous Service Fees are indicated in fee schedule below that specifies tow processes and related fees for Owner-specific needs ("Tow & Miscellaneous Fee Schedule"). The Tow & Miscellaneous Fee Schedule will distinguish between Assets that can be hauled away on a standard vehicle transporter (such as automobiles and light trucks) from over-sized Assets (e.g., cranes, buses, backhoes).

(3) **Storage Fees.** Impound storage fees are indicated in the fee schedule below. Per the Texas Election Code, the Hutchins City Council shall order the General Election to be held on Saturday, May 4, 2024, to elect the mayor and two (2) Councilmembers, (at large).

In 2023, the Dallas County Commissioner's Court determined that the City of Hutchins will have a single location for voting. This decision was reached after a review of voter turnout for each location, the cost associated with each voting site, and careful consideration and consultation with the Dallas County Vote Center Advisory Committee.

Staff recommends that the Resolution include approval of a Joint Election Agreement and Election Services Contract by and between the City of Hutchins and Dallas County Elections, and to authorize the City Administrator to execute such joint election contract, together with any amendments thereto, as necessary to conduct a May 4, 2024, election. The Contract and all attachments are available for review in the City Secretary's office.

Early Voting by personal appearance dates and times:
