Glenn motioned to adopt as proposed with minor update of development condition #4: ...the area to be restored and planted at a minimum of 30 feet wide within property boundaries. Mary motioned to approve second.

Tree Board Motion for the Lofts at Chadwick

Based on plans submitted to the Tree Board, dated January 29, 2024, we recommend the following development conditions:

1. Invasive trees, shrubs and ground cover shall be removed, particularly English Ivy, throughout the site, especially for the trees that are preserved. Care shall be taken to not substantively disturb the root systems of preserved trees. Invasive trees and shrubs can be cut off at ground level and the stump treated to kill the roots. Control of English Ivy shall be confined to the recommendations found in the North Carolina Extension publication "Controlling English Ivy in Urban Landscapes".

2. Oak trees are part of a group of native plants known as Keystone Plants which are defined as plants critical to the food web and necessary for many wildlife species to complete their life cycle. Since this development will be removing 35 oak trees, it is the Tree Board's recommendation that where required large maturing or canopy trees are to be planted, species of the genera Quercus (oaks), Acer (maples), and Carya (hickories) be used.

3. All preserved trees shall be protected from grading and construction activities as prescribed in the zoning code Section 15-4 regardless of use as tree credits.

4. Since both a stream buffer and a buffer yard is required on the east side of this site, the Tree Board recommends that the waterway along the east side of the site be naturally restored using native plants to reduce erosion, provide additional wildlife habitat, and incorporate the necessary buffer yard planting materials. The area to be restored and planted shall be a minimum of 30 feet wide within property boundaries. A restoration plan must be approved by the planning staff and the Tree Board requests the opportunity to review the plan. Restoration guidelines contained in the following publications shall be followed: Small-scale Solutions to Eroding Stream Banks (published by the NC Cooperative Extension) and Stream Restoration: A Natural Channel Design Handbook (published by the NC Stream Restoration Institute).

The Tree Board's recommended conditions, above, are based on the following guiding city code documents: Municipal Code, Chapter 46, Article IV, Division 1, Trees & Shrubs, Section 46, 116 & 117; the Zoning Code, Article XV Buffering, Screening & Landscaping Sections 15-1, A & C and 15-4 A; the Subdivision Ordinance, Purpose and Intent, Section 1.04, Part H; and the Comprehensive Plan, Vision Statement, Section 3.1 Purpose, Sections 3.2 and Section 3.3, Goal NR-1, Strategy NR 1.1 and NR 1.2 and Goal NR-2, Strategy 2.3; and the City Council's adoption (Feb., 2021) of core values and beliefs as guiding principles as they apply to the

prioritization of existing tree canopy.

C. Conditional Zoning District Approval - Kids City USA

Unanimous approval

Tree Board Motion for Kid City USA Development

Based on plans submitted to the Tree Board, dated October 16, 2023, we recommend the following development conditions:

Invasive trees, shrubs and ground cover shall be removed, particularly English Ivy, throughout the site, especially from trees that will be preserved. Care shall be taken to not substantively disturb the root systems of preserved trees. Invasive trees and shrubs can be cut off at ground level and the stump treated to kill the roots. Control of English Ivy shall be confined to the recommendations found in the North Carolina Extension publication "Controlling English Ivy in Urban Landscapes"

All preserved trees shall be protected from grading and construction activities as prescribed in the zoning code Section 15-4 regardless of use as tree credits.

The Tree Board's recommended conditions, above, are based on the following guiding city code documents: Municipal Code, Chapter 46, Article IV, Division 1, Trees & Shrubs, Section 46, 116 & 117; the Zoning Code, Article XV Buffering, Screening & Landscaping Sections 15-1, A & C and 15-4 A; the Subdivision Ordinance, Purpose and Intent, Section 1.04, Part H; and the Comprehensive Plan, Vision Statement, Section 3.1 Purpose, Sections 3.2 and Section 3.3, Goal NR-1, Strategy NR 1.1 and NR 1.2 and Goal NR-2, Strategy 2.3; and the City Council's adoption (Feb., 2021) of core values and beliefs as guiding principles as they apply to the

prioritization of existing tree canopy.
