Project Based Section 8 PBRA

- We manage 375 units in Henderson County. 343 units in city limits, 22 units in Etowah and 10 units in Fletcher.
- 352 units converted to RAD PBRA on 10/1/2020 from Public Housing & the remaining 23 units converted on 6/1/2021.
- Public Housing operated from a Capital Fund that was dispersed to Housing Authorities one time a year and the rent we collected.
- PBRA (Multi-Family) is operated by receiving a voucher from HUD once a month and the rent we collect.
- Our rents are based on 30% of your gross income.
- The contract rents are set by HUD. 80% of the Fair Market Value.

Hendersonville Affordable Housing Corp

- 352 units
- Contract rent for these units are as follows:
 - 0 Bedroom - \$647
 - 1 Bedroom - \$651
 - 2 Bedroom - \$812
 - 3 Bedroom - \$1089
 - 4 Bedroom - \$1411
 - 5 Bedroom – \$1620

RTS Affordable Housing Corp

- 23 units
- Contract rent for these units are as follows:
- 0 Bedroom - \$895
- 1 Bedroom - \$897
- 2 Bedroom - \$1039

Rent

- Your rent is based on 30% of your gross income
 - Example: 3 bedroom unit – contract rent \$1089.00
 - If we figure your rent to \$500.00 on a 3 bedroom unit, then you would pay the \$500.00 and HUD would send me a payment of \$589.00.
-
- We pay all utilities – gas, water and electricity
 - HHA has a maintenance staff to fix problems
 - HHA contracts mowing companies to care for your yard

Applications

- Applications are taken on Tuesday & Wednesday from 8:30 am – 11:00am after the first 10 days of the month.
- The applications are taken in person and anyone over 18 years of age must be present at application time.
- Everyone is welcome to apply.
- Please bring ID (those 18 & older) ss cards and birth certificate.
- Applications will be taken even if you do not have these documents with you but we will have to follow for this information.
- A background check is done on all members of household, 18+

Preferences

- Your application is grouped with the size of unit you require.
- Then you are given a preference in that unit size.

Elderly/Disabled persons in Henderson County

Working persons and Elderly Disabled not in Henderson County

Non-working persons

- We have MOU of with Rescue Mission and Safelight and if you are participating in their program you will be given a step up in each of the above categories.

NOTE: **Henderson County** is part of the **Asheville, NC HUD Metro FMR Area**, so all information presented here applies to all of the Asheville, NC HUD Metro FMR Area. HUD generally uses the Office of Management and Budget (OMB) area definitions in the calculation of income limit program parameters. However, to ensure that program parameters do not vary significantly due to area definition changes, HUD has used custom geographic definitions for the Asheville, NC HUD Metro FMR Area.

The **Asheville, NC HUD Metro FMR Area** contains the following areas: Buncombe County, NC; Henderson County, NC; and Madison County, NC.

Maximum Rents

- HUD sets a limit on rent we can charge by bedroom size.
- FY 2024
- 0 Bedroom - \$1428
- 1 Bedroom - \$1496
- 2 Bedroom - \$1680
- 3 Bedroom - \$2160
- 4 Bedroom - \$2851

Hurricane Helene

- HAHC lost 48 units to Hurricane Helene
- 30 units in Lincoln Circle
- 18 in Robinson Terrace Family
- FEMA is assisting these families with shelter at this time.
- All of the damaged units have been cleaned out and we were given authorization from the families to dispose of unwanted items.
- We are starting to gut the units to stop the mold growth and we are working with EPA and HUD on the standards of air quality and remediation of the mold.

SSS

Waiting List

- As of the storm, we are not taking applications at this time.
- We are not housing anyone on the waiting in 2 or 3 bedrooms at this time. We are offering all available units to displaced residents.
- We have been able to house 15 of the families that lost their unit to Hurricane Helene.

C. WNC Source Update – *Robert Hooper, Housing Director*

Robert Hooper gave a brief PowerPoint presentation about WNC Source Housing Services and answered some questions from the Board.

D. Landlord/Tenant Law – Madeline Offen. Attorney

Attorney Madeline Offen gave a PowerPoint presentation explaining North Carolina Landlord/Tenant Law.

NORTH CAROLINA LANDLORD TENANT LAW

Madeline Offen
Managing Attorney at Pisgah Legal
Services
December 16, 2024

One Caveat

I'm a lawyer, but I'm not YOUR lawyer. I can't answer any specific questions but can speak generally about what North Carolina law says. If you have other questions, or your working with folks you think could use Pisgah Legal Services' assistance, please refer them to us by calling (828) 253-0406 or applying online at pisgahlegal.org.

Termination of leasehold

- §42-3 Failure to pay (statutory)
- §42-14 Holdover
- §42-26 Breach of lease
- §42-63 Criminal Activity

Common Misconceptions

- No automatic right to a 30-day notice (or in some cases, any notice)
 - Month to month tenant generally only entitled to 7 days notice
- No exceptions made for disabled, elderly, people with children, people who have fallen on hard times.
- North Carolina law **does not** permit tenants to withhold rent when a landlord fails to make repairs. Tenants can only do so after receiving a court order permitting them to do so.
- Very little changes to North Carolina landlord tenant law in the post-disaster context. (except 42-12).

Common Situations

- Landlords are not making necessary repairs
- Tenant falls behind on rent due to job loss
- Landlord wishes to terminate tenancy
- Tenant wishes to terminate tenancy

When a Tenant Falls Behind on the Rent, Landlords...

- Can't turn off utilities
- Can't have law enforcement remove tenants without going through eviction process
- Can't change locks
- Can't dispose of the tenant's property

In order to evict someone, a landlord **MUST** go through the summary ejectment procedures outlined in Chapter 42 of the North Carolina General Statutes

§42-3 Failure to pay rent

- Requirements:
 - 10 day grace period...full days
 - Clear and unequivocal demand for rent
- Default provision... Parties are stuck with contract terms

§42-3 Defenses

- Statutory defense: §42-33 tender
 - Tender must be made before **final judgment**
 - Need not include late fees and other non-rent charges
 - Must include all rent past due and cost of court
- Set-off
- Notice issues

§42-14 & §42-14.3 Holdover

- Notice requirements
 - Year to Year: one month
 - Month to month: one week
 - Week to week: two days
 - Mobile Home lot rental: 60 days regardless of the length of tenancy
 - §42-14.3 Mobile home park closing: 180 days notice (plus notice to NC Housing Finance Agency)

§42-26(a)(2) Breach

- Landlord Must prove by preponderance
 - Right to declare a forfeiture must be distinctly reserved in the lease
 - Proof of the happening of the event on which the right is exercised must be clear
 - The party must exercise his right promptly

§42-26(a)(2) Breach

- Ambiguous lease terms are interpreted against the LL
- The law “abhors a forfeiture”
 - Landlord must follow notice and other procedural requirements in the lease or face dismissal
 - Substantially increased in subsidized properties

Defenses to Breach

- Common Law Waiver:
 - Landlord, after learning of the breach may choose to exercise right to evict or allow tenancy to remain by accepting rent, can’t do both
 - After acceptance, Landlord has waived breach for the remainder of tenancy
 - Holding but not cashing a check counts as acceptance
 - Multiple “violations” constituting a breach?

§42-63 Criminal activity

- “occurred on or within individual rental unit” or immediate vicinity of the entire premises;
- Unit was used in furtherance of
- Tenant with knowledge allows banned person to reenter or does not call law enforcement
- Eviction can be partial or conditional

§42-64 Criminal activity

- Affirmative defense:
 - Tenant not involved in activity; AND
 - Did not know it was occurring; OR
 - Did everything that could be reasonably expected to prevent commission of criminal activity; such as
 - Calling law enforcement, requesting LL remove household member from lease, seeking help from a church, dss, Pisgah legal?, etc
 - Second time around, tenant’s burden is clear and convincing standard

§42-64 Criminal activity (cont)

- Exemption: “the court is clearly convinced that immediate eviction or removal would be a serious injustice, the prevention of which overrides the need to protect the rights, safety, and health of the other tenants and residents of the leased residential premises”.
- 42-67: it is not a defense that activity was isolated or criminal no longer lives there BUT is admissible to support exemption in 42-64

APPEAL for trial de novo

- 3 documents needed
 - Notice of appeal
 - Bond to Stay
 - Petition to Sue/Appeal/File Motions as an indigent
 - food stamps, TANF, SSI, Represented by Legal Services (or pro bono atty), or catchall

Bond to Stay

- NCGS §42-34
 - Tenant must sign an undertaking to pay periodic rent as it becomes due under the lease.
 - Five day grace period (days calculated using rule 6 of NC rules of Civ. Pro.)
 - If the eviction was based on failure to pay rent AND the Magistrate's judgment falls on a day more than 5 days (actual days) before rent becomes due, T must pay prorated rent for those days.
 - Failure to pay....stay dissolves

Misc. Ejectment in DC

- §42-34.1 (after District Court)
 - Judgment is stayed for 30 days after District Court.
 - Conditions in 42-34(b) apply
 - (a1) If judgment is to be executed before rent is due, rent is prorated.
- §42-35- Tenant dispossessed of premises after Magistrate's Order.
 - If proceeding is quashed in District Court, the Court SHALL restore Tenant to Possession (if necessary).

Breach/ Warranty of Habitability

- Residential leases include an implied warranty of habitability which creates numerous landlord responsibilities
- Responsibilities include:
 - Duty to Make Repairs
 - Duty under Express Covenants
 - Liability for Defects
- Remedy: Rent Abatement
 - Difference between the fair rental value of the property in a warranted condition and the fair rental value of the property in its unwarranted condition.

Breach/ Warranty of Habitability

- What is uninhabitable?
- §42-42(a) Landlord Obligations
 - Comply with all applicable housing codes
 - Make all repairs and keep premises in a fit and habitable condition
 - Keep all common areas in safe condition
 - Provide operable smoke alarms
 - Repair or remedy any imminently dangerous condition on the premises
 - Unsafe wiring, flooring, ceiling, chimney
 - Lack of potable water, operable locks, heating, operable toilet and bathtub or shower, structural defects that can lead to infestation, sewage, etc ...

Misc. Considerations

- Take pictures of all defects.
- Contact the fire marshal or building inspector for a safety check.
- Request Repairs in writing in order to place landlord on notice of defects.
- Go look at the premises yourself before you file
- Client can testify as to the value of the property

Board Member Sarah Cosgrove left the meeting early at 5:16 p.m.

6. OTHER BUSINESS - None

7. ADJOURNMENT

There being no further business, the meeting was adjourned at 5:34 p.m.

CONCLUSION.....31

ACKNOWLEDGEMENTS

The City of Hendersonville extends its gratitude to the residents, business owners, and nonprofit organizations who shared their stories, experiences, and viewpoints. Special thanks to True Ridge, El Centro, and MountainTrue's Healthy Communities program for their vital role in supporting the Spanish-language session, as well as the community partners who graciously hosted the Community Conversations: Trailside Brewery, Henderson County Veterans Services, Mountain View Baptist Church, Union Grove Baptist Church, and Immaculate Conception Catholic Church.

BACKGROUND & PURPOSE

The City of Hendersonville is committed to ensuring all residents have access to safe, quality, and affordable housing. To achieve this goal, the City is developing a Strategic Housing Plan that reflects the needs, experiences, and aspirations of the community. This Plan is part of the City's broader efforts to promote economic vitality, foster strong partnerships, and enhance the quality of life for all residents through sustainable and inclusive growth.

A first step in this process was engaging with the community through "Community Conversations" and an online survey. These efforts were designed to provide residents with the opportunity to share their perspectives on housing challenges, personal experiences, and aspirations for the future. The City also sought feedback on potential strategies to address housing issues, ensuring the plan is grounded in the realities and priorities of Hendersonville's residents.

This report summarizes the insights gathered from these initial engagement efforts. By amplifying the voices of community members, the City aims to create a plan that is both responsive to current challenges and proactive in preparing for future needs. The feedback shared during these conversations and through the survey will directly inform the development of the Strategic Housing Plan.

Looking ahead, there will be additional opportunities for residents to review and provide input on the draft Plan. These steps are essential to ensuring the Plan reflects the diverse needs of Hendersonville's community and aligns with the City's commitment to sound infrastructure, great public services, and financial sustainability.

“Our community does better when everyone is able to feel safe, and stable housing could help.”

Executive Summary

Across the five sessions and survey, Hendersonville community members identified the following themes:

CURRENT EXPERIENCES

<p>Hendersonville's strong sense of community enhances residents' quality of life.</p>	<p>Insufficient affordable housing options create barriers for underserved populations.</p>	<p>Optimism about addressing housing challenges through thoughtful community efforts.</p>
--	---	---

FUTURE HOUSING IN HENDERSONVILLE

- Participants want housing that **supports middle-income buyers, increases rental options**, and allows retirees, workforce members, and young families to **thrive**.
- Attendees suggested **mixed-use housing, vertical development, and infill projects** to maximize land use and create **long-term stability** for residents.
- Hendersonville's community emphasized **investments in water and sewer systems** to support sustainable growth and ensure existing neighborhoods are equipped for future development.
- **Pro-renter legislation** and collaborations with **developers who actively prioritize affordability and sustainability** were highlighted as key strategies to address systemic housing challenges.

Executive Summary (continued)

Across the five Community Conversation sessions and Community Survey, Hendersonville's residents, business owners, and others identified the following themes:

AFFORDABLE HOUSING CHALLENGES

Funding Frustrations

Complicated grant processes and developer priorities often leave affordable housing projects underfunded.

Infrastructure Gaps

Limited water and sewer systems, especially in rural areas, prevent new housing developments and expansion.

Developers Chasing Profits

Luxury developments overshadow community needs, leaving low- and middle-income residents behind.

Community Resistance

NIMBY (not-in-my-back-yard) attitudes fueled by fears and misconceptions block progress on needed housing projects.

Preserving Community Identity

Development that prioritizes outsiders and short-term rentals threatens the character of established neighborhoods.

Zoning Roadblocks

Restrictive zoning policies make it tough to introduce diverse and higher-density housing options.

Structural Inequities

Generational barriers like redlining, rising property values, and zoning restrictions perpetuate exclusion and displacement.

Economic Pressure Cooker

Stagnant wages and rising costs force families to struggle with housing access while short-term rentals complicate the market.

COMMUNITY INPUT PROCESS

The City of Hendersonville conducted five Community Conversations and an online survey as the first steps in developing its Strategic Housing Plan. These efforts, held between September and December 2024, were designed to gather input from a broad cross-section of the community. Despite adjustments to the original timeline caused by unforeseen events, namely the impact of Hurricane Helene, the City successfully engaged with residents to explore housing challenges, experiences, and aspirations. While Hurricane Helene did cause a delay in these efforts, it also highlighted the urgent need for a Strategic Housing Plan.

The Community Conversations brought together a total of 155 participants across five sessions, each focusing on a specific segment of the Hendersonville population. These sessions allowed council members to hear directly from their constituents. Notably, the City hosted its first-ever Spanish-language session, conducted with the support of True Ridge, El Centro, and MountainTrue's Healthy Communities program.

In tandem with the Community Conversations, the online survey received 377 responses, offering additional insights into the community's housing priorities. The survey was launched on September 23, 2024, and remained open through December 9, 2024, aligning with the timeline of the Community Conversations.

FINDINGS

SESSION 1 - BUSINESS COMMUNITY | SEPTEMBER 23, 2024

The Business Community session was held at Trailside, an informal setting that encouraged open dialogue and connection among local business owners, developers, and other stakeholders. This session focused on understanding how housing affordability impacts the local workforce and the broader economy. Participants explored the challenges businesses face in attracting and retaining employees due to the rising cost of housing and discussed potential solutions to address these issues in the community.

CURRENT EXPERIENCES

Those who attended the business community session who were happy with their current housing situation highlighted several key aspects that contribute to their satisfaction.

- They expressed appreciation for the strong sense of community and friendliness that define the town.
- Many noted the convenience of living close to amenities and family, which enhances their quality of life.
- The ability to walk or bike to various locations was seen as a major advantage, supporting a lifestyle that feels connected and accessible.
- Additionally, the area's natural beauty and overall community feel were frequently celebrated as standout features.
- For some, affordability was a highlight, with participants mentioning the benefits of living in inherited family homes, which allowed them to maintain roots in the community without facing high housing costs.

SESSION 1 - BUSINESS COMMUNITY (continued)

IDEAL HOUSING EXPERIENCE

◆ AFFORDABILITY & DIVERSITY

Participants envisioned a community with a wide range of housing types to meet diverse needs. This includes mixed-use housing developments, mobile home parks with cleanliness covenants, and homes priced between \$250,000 and \$350,000 to support middle-income buyers. They also emphasized the importance of increasing rental options for the working class and public servants.

◆ INNOVATIVE DEVELOPMENT

The idea of "going vertical within reason" was proposed to increase housing density while maintaining aesthetic appeal. Suggestions also included adopting citywide overlay zoning to allow for more inclusive housing opportunities and promoting infill development to utilize existing spaces effectively.

◆ INFRASTRUCTURE EXPANSION

Investments in water and sewer infrastructure were seen as critical to supporting both new developments and existing housing. Attendees also emphasized the need for collaboration between the city and property owners to facilitate these improvements.

◆ SUPPORT FOR AGING RESIDENTS

Tax exemptions for seniors aged 70 and older were suggested as a way to support aging residents and help them remain in the community without financial strain.

◆ ADDRESSING SHORT-TERM RENTALS

Participants expressed interest in exploring the impact of short-term rental platforms, such as Airbnb, on local housing availability, noting the need for balanced policies that protect both residents and the tourism economy.

Contractors or Airbnb/VRBO owners are paying in cash and swipe away homes that are lower cost, flip them, and resell them or rent them at a high cost nightly.

SESSION 1 - BUSINESS COMMUNITY (continued)

AFFORDABLE HOUSING CHALLENGES

Participants identified several key barriers impeding affordable housing development:

INFRASTRUCTURE

Participants emphasized that inadequate water and sewer systems, particularly along Highway 25 and in rural areas, remain a critical challenge. The lack of this essential infrastructure prevents the development of new housing and limits the potential for expansion in underserved areas.

COMMUNITY ATTITUDES

The NIMBY mindset was cited as a pervasive issue, with resistance to new developments often rooted in misconceptions or fears about the impact on property values and neighborhood character.

ZONING

Restrictive zoning policies were frequently mentioned as a major barrier to housing diversity and affordability. Attendees expressed concerns about density limits and the difficulty of introducing higher-density housing options within existing regulations.

ECONOMIC GAPS

The absence of a strong middle-class presence in the community was highlighted as a gap that contributes to housing inequities. Participants noted that the limited availability of affordable housing options makes it difficult for working-class families, including public servants such as teachers and law enforcement officers, to live in the area.

SESSION 1 - BUSINESS COMMUNITY (continued)

COMMUNITY CONSIDERATIONS

Participants provided broad feedback on community-level considerations:

ECONOMIC DEVELOPMENT

- There is a need to attract industries that offer well-paying jobs, ensuring residents can afford to live within the community.
- Building systems to support and maintain existing housing stock would allow for greater access to quality, affordable housing.

COLLABORATION

- Increased collaboration between the city and property owners would allow for housing developments to best represent the needs of the entire Hendersonville community.

ZONING & DEVELOPMENT

- Mixed-income developments and upzoning properties would encourage and enable diverse housing options.
- Modular homes, duplex infill, and all housing types are viable options to address affordability and availability.

We need legislation in place to incentivize and require developers to include affordable property units in their development plans.

SESSION 2 - ELDERLY/VETERAN COMMUNITY | SEPTEMBER 24, 2024

The Aging Population session took place at the Veterans Services Building, a familiar and accessible location for many seniors in the area. This session addressed the unique housing needs of Hendersonville's aging population, focusing on the challenges seniors face in finding affordable and accessible housing. Attendees discussed the barriers to downsizing and the need for homes that accommodate aging in place while ensuring they are within reach for fixed-income residents.

CURRENT EXPERIENCES

Participants in the elderly and veteran community shared a variety of perspectives on their housing experiences. Those with current experiences noted that their houses were in a central location, which provides convenient access to amenities and services.

- Many expressed positive sentiments about the responsible use of tax dollars, emphasizing that these resources seem to be directed toward meaningful community improvements.
- Some participants highlighted a shift in community values toward wanting to address housing challenges “the right way,” reflecting a sense of commitment to thoughtful and equitable development.

Participants also voiced concerns about pressing housing issues:

- The availability of housing for the workforce was identified as a major gap, with attendees noting that current housing stock has not recovered from the 2008 recession.
- Concerns were raised about a developer's proposal for an extended-stay hotel, which some felt would negatively impact the community.
- Participants also identified the need for more inclusive housing policies to ensure affordability and accessibility for all, particularly as wages remain stagnant.

SESSION 2 - ELDERLY/VETERAN COMMUNITY (continued)

IDEAL HOUSING EXPERIENCE

◆ AFFORDABILITY & ACCESSIBILITY

Participants envisioned a full range of housing opportunities that are both affordable and sustainable. They emphasized the importance of providing housing options for retirees, the workforce, and young people returning after college. A strong desire for families to thrive—beyond merely surviving—was a recurring theme, with aspirations for families to have enough disposable income to enjoy community activities.

◆ POLICY & PARTNERSHIPS

The need for pro-renter legislation that protects tenants and ensures equitable housing was a significant priority. Participants also stressed the importance of fostering relationships with developers who share the community's goals for affordable and sustainable housing.

◆ INNOVATIVE DEVELOPMENT

Attendees supported the development of mixed-use housing that serves the community's residents rather than transient populations. They emphasized the value of creating opportunities for families and retirees to live in a way that supports long-term stability, including the ability to age in place. Improving existing housing stock was also highlighted as a vital component of addressing housing challenges.

I am a retired single woman. Rent is unbelievably high. I've worked and have been frugal with my money, but rent, food, and medical expenses are making it difficult to make ends meet, especially when unexpected events happen.

SESSION 2 - ELDERLY/VETERAN COMMUNITY (continued)

AFFORDABLE HOUSING CHALLENGES

Participants identified several key barriers impeding affordable housing development:

ECONOMIC FACTORS

Participants emphasized the interplay between stagnant wages and rising housing costs, which makes it increasingly difficult for individuals and families to secure adequate housing. Short-term rentals were also discussed, with some attendees cautioning against vilifying these properties, as they contribute to the local economy.

ZONING & LEGISLATION

Many noted difficulties in accessing federal grant funds for affordable housing projects due to administrative or eligibility restrictions. Concerns were also raised about local government decisions to approve developer-led projects that do not include affordable housing components.

FUNDING CHALLENGES

Restrictive zoning policies were seen as a key barrier to housing development. Additionally, participants expressed frustration over a lack of support for state legislation that could advance affordable housing initiatives.

Common themes discussed in this session include:

- **The need for elderly-friendly housing**
- **How to develop and enforce pro-renter policies**
- **How to ensure long-term housing stability**

SESSION 3 - NON-PROFIT COMMUNITY | NOVEMBER 19, 2024

The Non-Profit Service Providers session was held at Mountain View Baptist Church, a central gathering space for community leaders, non-profit staff, and local advocates. This session centered on the housing struggles faced by the region's most vulnerable populations, including those experiencing homelessness and families living in poverty. Participants discussed how the lack of affordable housing limits their ability to serve these communities effectively and how policy changes could improve housing stability for their clients.

CURRENT EXPERIENCES

The nonprofit community highlighted the increasing strain on housing availability, especially for underserved populations. While there is a strong sense of community and a desire to address these issues collaboratively, the existing housing stock fails to meet the needs of low-income families and individuals. Participants noted that nonprofit organizations are frequently stepping in to fill gaps left by government initiatives.

Key Takeaways

- Housing stock is insufficient for low-income and underserved populations.
- Nonprofits are bearing much of the burden for addressing housing needs.
- There is a strong desire for collaboration but frustration with the current pace of progress.

The nonprofit community identified overlapping barriers with other sessions, such as limited funding, lack of rent control, and government inaction. A significant barrier unique to this session was the perception that housing-related initiatives are often deprioritized compared to schools, tourism, and aesthetic preservation. Participants underscored the challenge of balancing tourism interests with housing needs, noting that some fear affordable housing developments could negatively impact the area's character or resources.

SESSION 3 - NON-PROFIT COMMUNITY (continued)

CURRENT EXPERIENCES

Another distinct concern was the perception that mobile and manufactured homes are often the only affordable option, but these residents typically own the home but not the land, perpetuating vulnerability. There was also frustration around public resistance to housing density, or NIMBYism, and the absence of “bridges” to help renters or low-income families transition into more stable housing options.

IDEAL HOUSING EXPERIENCE

◆ COMMUNITY LAND TRUSTS

Participants emphasized the importance of community land trusts as a strategy to secure long-term affordability in Hendersonville. This approach, which separates land ownership from housing, ensures stability by keeping housing costs predictable and accessible for generations.

◆ INTENTIONAL PARTNERSHIPS

Participants discussed the value of partnerships with developers who align with nonprofit goals to address housing needs. By collaborating with mission-driven developers, the community can encourage projects that prioritize affordable units and reflect local values.

◆ FOCUS ON AFFORDABILITY

Throughout the session, non-profit leaders and others highlighted the need for housing solutions that are both sustainable and affordable, particularly for low-income families. Ideas included energy-efficient homes that reduce utility costs while contributing to environmental health. These types of developments were viewed as essential to creating a strong community.

It's very difficult to find affordable homes that are built to universal design standards. Older people can't move out of their inaccessible homes because of the price of buying something smaller.

SESSION 3 - NON-PROFIT COMMUNITY (continued)

AFFORDABLE HOUSING CHALLENGES

Participants identified several key barriers impeding affordable housing development:

FUNDING & POLICY

Participants emphasized that limited funding and restrictive policies continue to hinder affordable housing development. Accessing grants often involves complicated requirements, and existing policies lack flexibility to address Hendersonville's specific challenges.

COMMUNITY ATTITUDES

Community resistance to affordable housing projects remains a key challenge. Participants highlighted how NIMBY attitudes, driven by misconceptions about affordable housing's impact, prolong timelines and create barriers for necessary developments.

DEVELOPER PRIORITIES

Participants raised concerns that developers frequently prioritize profit over community needs, focusing on luxury housing that excludes low- and moderate-income residents. They emphasized the need for stronger incentives to encourage developments that align with local priorities.

I work full time with benefits at a local non-profit and cannot afford regular housing in Henderson County.

SESSION 3 - NON-PROFIT COMMUNITY (continued)

COMMUNITY CONSIDERATIONS

Participants outlined several key points they believe the government should prioritize in drafting the Strategic Housing Plan:

ZONING & INFRASTRUCTURE

- Think big and broad—expand sewer and water infrastructure to support future development.
- Be bold and sustainable! Hold builders accountable, and rezone with future needs in mind.
- Implement universal design in new housing options to ensure accessibility for all.

ECONOMIC CONSIDERATIONS

- Recognize that affordable housing is a persistent issue—it will not resolve itself.
- Emphasize the need for local residents to live and thrive within the community.

COMMUNITY DEVELOPMENT

- Affordable housing is an opportunity to build community with other residents.
- Avoid displacing vulnerable communities.
- Create spaces that support everyone's growth and well-being.
- Consider city-supported initiatives like online housing forums

SESSION 4 - BLACK COMMUNITY | NOVEMBER 19, 2024

Held at Union Grove Baptist Church, this session focused on the Black community's experiences with housing in Hendersonville. As a historically significant institution within the Green Meadows community, the church served as an ideal location for discussing the impact of rising housing costs and gentrification. Residents shared their concerns about displacement, the loss of long-standing neighborhoods, and the need for affordable housing policies that protect Black families from being pushed out of the area.

CURRENT EXPERIENCES

Members of the Black community highlighted challenges around housing scarcity, affordability, and preserving their neighborhood's character. Participants expressed pride in their homes and strong community bonds but voiced frustration with zoning policies and development pressures that threaten their stability. These concerns reflect persistent patterns of exclusion and displacement amid Hendersonville's growth.

- Participants highlighted the limited availability of affordable and diverse housing options, emphasizing the challenges this creates for the Black community.
- Many participants expressed a strong sense of pride in their neighborhoods, citing close-knit bonds, community care, and pride in maintaining their homes and streets.
- Frustration was shared about zoning regulations that do not align with real housing needs, leading to car dependency and increased vulnerability to outside investors.
- Concerns were raised about development projects that prioritize infrastructure for external interests, risking the loss of the unique character and identity of their neighborhoods.
- Participants noted that generational patterns of exclusion continue, with outward development often resulting in the displacement of lower-income, long-standing residents.

SESSION 4 - BLACK COMMUNITY (continued)

IDEAL HOUSING EXPERIENCE

◆ **EQUITABLE & INCLUSIVE POLICIES**

Participants emphasized the importance of creating housing policies that directly address systemic and historical inequities impacting Black residents. They envisioned a future where affordable housing opportunities empower residents through both rental and ownership options, fostering generational wealth and long-term stability.

◆ **INNOVATIVE DEVELOPMENT**

Participants called for innovative housing solutions like Missing Middle Housing and vertical development to maximize space and meet diverse community needs. By incorporating these strategies, they believed Hendersonville could balance modernization with the preservation of its cultural and historical identity.

◆ **COMMUNITY-CENTERED DESIGN**

Participants stressed the need for zoning practices that align with housing realities while reducing reliance on cars and addressing resistance to affordable housing projects. They envisioned neighborhoods that reflect the community's charm and uniqueness, avoiding standardized designs and fostering vibrant, interconnected communities.

“We need zoning that allows more options like duplexes or smaller homes and prevents cookie-cutter developments that don't fit our community's character.”

SESSION 4 - BLACK COMMUNITY (continued)

AFFORDABLE HOUSING CHALLENGES

Participants identified several key barriers impeding affordable housing development:

PRESERVING IDENTITIES

Participants feared losing community character due to development catering to external interests. Deep cultural attachments, the rise of short-term rentals, and changes that undermine family history were seen as threats to maintaining the identity of long-standing neighborhoods.

ECONOMIC CHALLENGES

Rising costs, cash buyers, and declining manufacturing jobs are pricing out residents. Predatory lending, redlining, and skepticism about local leadership's priorities exacerbate housing inequities, leaving many without access to affordable and stable housing.

STRUCTURAL INEQUITIES

Zoning policies, rising property values, and stigma around low-income housing perpetuate exclusion and displacement. Participants noted systemic barriers, including limited housing diversity and generational cycles of inequity, as critical challenges to creating inclusive communities.

My home has doubled its value in 7 years which is alarming and unsustainable growth pattern for any smallish town. Imagine what that means for people who are trying to raise families here, live and work.

SESSION 4 - BLACK COMMUNITY (continued)

COMMUNITY CONSIDERATIONS

Participants outlined several key points they believe the government should prioritize in drafting the Strategic Housing Plan:

ZONING & INFRASTRUCTURE

- Rising property values and cash offers displace lower-income, long-standing community members.
- Declining manufacturing jobs reduce pathways to affordable homeownership.
- Inadequate wages and limited financing options hinder access to affordable housing.
- High taxes increase financial strain on residents struggling to afford housing.

STRUCTURE & POLICY

- Zoning policies restrict diverse and affordable housing development.
- Redlining and predatory lending perpetuate long-standing housing inequities.
- Insufficient land availability limits opportunities for new affordable developments.
- Participants expressed skepticism about local leaders prioritizing community housing needs.

CULTURAL CONSIDERATIONS

- Developments prioritizing external interests threaten community character and identity.
- Cultural attachments create resistance to changes disrupting family or neighborhood legacies.
- Stigma surrounding low-income housing and homelessness prevents equitable housing solutions.
- Short-term rentals reduce availability of stable, long-term rental housing for residents.

Common themes discussed in this session include:

- **How to maintain neighborhood and community identity**
- **The term “low income housing” has poor connotations that can be offensive or demeaning**

SESSION 5 - SPANISH-SPEAKING COMMUNITY | DECEMBER 3, 2024

The Spanish-Speaking Population session took place at Immaculate Conception Catholic Church, a vital center for many Spanish-speaking families in Hendersonville. The session explored the unique housing challenges this community faces, including language barriers, cultural differences, and the lack of affordable housing options. Participants discussed the difficulties of navigating the housing market without bilingual support and the need for more inclusive policies that accommodate the growing Spanish-speaking population.

CURRENT EXPERIENCES

Participants from the Spanish-speaking community shared their experiences with housing in Hendersonville, emphasizing key qualities they value while also pointing out areas of concern. This community highlighted their appreciation for a tranquil and safe environment. They emphasized the value of having privacy, good neighbors, and living in a community with low crime rates. These aspects were identified as essential qualities of a good home.

Several barriers to affordable housing were discussed, reflecting unique challenges faced by this community:

- Concerns about the safety of power lines were prominent.
- High interest rates on loans, limited access to financing, and very low incomes make both renting and buying difficult.
- Stringent criteria for renting or purchasing homes reduce access to housing options.
- Insufficient resources and guidance for navigating housing processes, including building and buying homes.
- Elevated property taxes further strain affordability.
- Limited availability of land suitable for mobile homes, especially with necessary permits for wells and septic systems.

SESSION 5 - SPANISH-SPEAKING COMMUNITY (continued)

IDEAL HOUSING EXPERIENCE

◆ BETTER INFRASTRUCTURE

Participants discussed the need for expanded sewer and water systems, along with sufficient drainage, to support future housing developments. Improving infrastructure was seen as essential to accommodating new growth and ensuring sustainable development.

◆ IMPROVED FINANCIAL ACCESS

The group stressed the need for banks to offer loans to individuals with ITINs and provide affordable credit options. Simplifying the path to homeownership through targeted programs was seen as a critical step toward housing equity.

◆ EXPANDED RENTAL OPTIONS

Increasing the availability of rental housing, particularly through alternatives to online-only platforms, was a recurring theme. Attendees emphasized that broadening rental options would better serve the needs of diverse residents.

◆ COMMUNITY GUIDANCE

Many highlighted the importance of providing resources and orientation programs to help residents understand where and how to build homes. This was seen as a way to empower individuals and reduce confusion in the housing process.

◆ ENHANCED OPPORTUNITIES

Access to driver's licenses was recognized as a vital tool for improving economic stability and mobility. Participants underscored how this would make it easier for residents to secure both employment and housing opportunities.

Necesitamos menos requisitos para rentar o comprar, mas opciones de prestamo.

SESSION 5 - SPANISH-SPEAKING COMMUNITY (continued)

AFFORDABLE HOUSING CHALLENGES

Participants identified several key barriers impeding affordable housing development:

SYSTEMIC ISSUES

Systemic barriers disproportionately affect vulnerable groups. Participants highlighted the lack of programs tailored for Spanish-speaking residents and the reliance on online rental processes, which exclude those without internet access. These challenges must be addressed to ensure equitable access to housing and support inclusive community development.

INFRASTRUCTURE LIMITATIONS

Community members raised concerns about inadequate drainage, dangerous power lines, and limited land availability for mobile homes. These infrastructure issues hinder safe and affordable housing development that meets Hendersonville's growing needs.

ECONOMIC CHALLENGES

Participants noted that low incomes and rising taxes heavily burden residents, reducing housing affordability. High interest rates and restrictive lending requirements further limit financing access, especially for those with non-traditional credit histories.

I've lived in this area for most of my adult life and thought one day I would be able to afford to own a home. The past few years have taken that dream away with the rapid rise in population and the demand driving up home prices and the constant development of luxury living.

SESSION 5 - SPANISH-SPEAKING COMMUNITY (continued)

COMMUNITY CONSIDERATIONS

Participants outlined several key points they believe the government should prioritize in drafting the Strategic Housing Plan:

PUBLIC ENGAGEMENT

- Ensure ongoing opportunities for public listening sessions and transparency in future planning phases.

FOCUS ON AFFORDABILITY

- Include affordable housing options for seniors and explore innovative ways to reduce the costs associated with renting and homeownership.

GUIDANCE & RESOURCES

- Provide more orientation programs and accessible resources to empower the community in navigating housing systems.

FINANCIAL ACCESSIBILITY

- Encourage banks to work with ITIN holders and create policies that reduce the barriers posed by high interest rates and restrictive loan requirements.

LOCAL LEADERSHIP ACCOUNTABILITY

- Local leaders must develop and be held accountable to plans that support affordable housing across the City.

Common themes discussed in this session include:

- How to make quality, affordable rentals more readily available
- The need for access to financial support and resources

COMMUNITY SURVEY

A total of 377 community members responded to the digital survey. The survey was open from September 23, 2024 until December 9, 2024.

GENERAL PREFERENCES & PRIORITIES

Safe, Secure Housing is Paramount

Across respondents, a safe and secure living situation ranked highest, reflecting a top priority for housing. Long-term stability and financial manageability followed, highlighting the importance of security and affordability in housing choices. Other factors like privacy, green space, and proximity to work or school ranked significantly lower, indicating they are secondary considerations.

Impact of Affordable Housing on the Community

The affordability of housing for both current and future residents is the top concern. Preservation of local culture and long-term community development are also critical, whereas increased density and displacement (gentrification) are less pressing concerns.

PREFERRED HOUSING SOLUTIONS

Apartments are Most Favored:

Apartments (214) and accessory dwelling units (196) are the most popular housing types for addressing affordability, with condominiums and tiny homes also receiving support. Mobile/manufactured homes received notably less support (122).

Mixed Opinions on Public Subsidy:

Most respondents support the use of local tax dollars for infrastructure improvements (198) or low/no-interest loans (157) to support affordable housing. Direct subsidies (131) and partnerships with private developers (125) have less consensus. A minority (74) oppose using local tax dollars for affordable housing altogether.

COMMUNITY SURVEY

ATTITUDES TOWARD AFFORDABLE HOUSING

Strong Support for Housing Rights and Crisis Acknowledgment:

A majority agree that everyone has a right to safe, secure housing (212) and recognize an affordable housing crisis in the City of Hendersonville (204). This indicates broad acknowledgment of the issue and support for action.

Subsidized Housing as a Solution:

Most respondents support subsidized housing for providing secure housing for low-to-moderate-income families (202), with fewer agreeing that it should be used for building generational wealth (116).

Integrated Affordable Housing Development:

There is moderate support for requiring all developments to include affordable units (174) and building affordable housing alongside market-rate housing (140). However, limiting affordable housing to designated areas has relatively low agreement (111).

PERCEIVED HOUSING CHALLENGES AND NEEDED SOLUTIONS

Cost and Supply Barriers:

The rapid increase in housing costs and lack of affordable housing supply are viewed as the primary challenges. General population growth and lack of overall housing supply also contribute but are secondary concerns.

Assistance Needs for Obtaining Housing:

While 110 respondents indicated no need for assistance, others identified a need for more homes available for purchase (99), more rental units (87), and alternative financing options like loans for people with credit or income challenges (95) or down payment assistance (85).

COMMUNITY SURVEY

CONCERNS ABOUT AFFORDABLE HOUSING

Quality and Safety are Key Concerns:

Respondents are most concerned about the quality of affordable housing (168) and its potential impact on safety (147). Other concerns include neighborhood change (129) and property values (125), while 57 respondents have no concerns.

What makes living in Hendersonville truly awesome is the sense of belonging that comes with being part of this community. Neighbors greet each other with friendly smiles, and there's a genuine willingness to lend a helping hand. I've also enjoyed exploring the local parks, bustling farmers' markets, and charming shops that give the city its unique character.

Moreover, there are numerous community events throughout the year, from outdoor concerts to fairs, where I've had the chance to meet new friends and connect with others who share my interests. The mix of outdoor activities, vibrant arts, and a strong sense of community makes Hendersonville a wonderful place to call home. I feel grateful to be part of such an incredible place, where every day brings new opportunities for friendship and adventure!

ANALYSIS

SHARED PRIORITIES ACROSS ALL SESSIONS AND SURVEY

Workforce Housing

The community emphasized the need for affordable housing options for workers, including teachers, first responders, and service industry employees.

Mixed-Use Developments

A shared vision for housing integrated with amenities and green spaces was evident across all groups.

Zoning Reform

Participants consistently identified restrictive zoning as a significant barrier to housing diversity and affordability.

Equity in Housing

All groups emphasized the importance of equitable access to housing, with tailored solutions to meet the needs of vulnerable populations.

DIVERGENT THEMES

- **Community Identity:** Members of the Black community focused on preserving cultural identity, while the nonprofit community emphasized systemic collaboration to address gentrification.
- **Barriers for Undocumented Residents:** The Spanish-speaking community highlighted legal and language barriers not as prominently discussed in other sessions.
- **Funding and Policy Priorities:** The elderly and veteran group focused on leveraging federal grants and pro-renter policies, while the business community stressed private-sector partnerships.

ANALYSIS (continued)

UNIQUE CONSIDERATIONS

Cultural Preservation

Black community participants were uniquely focused on preserving their community's cultural identity amidst housing development.

Veteran & Elderly Voices

Concerns about aging in place and intergenerational housing emerged uniquely in this group.

Language Accessibility

Spanish-speaking participants uniquely prioritized multilingual support and protections for undocumented families.

STORIES ON AFFORDABLE HOUSING

"I am lucky to have inherited my mom's condo upon her death in 2021...If I were to be in the market for the exact same space I'm living in now, my mortgage would more than double. I don't know how people afford to live here."

"As a single person, I found it extremely difficult to find an apartment that I could afford even when making \$23/hr. Rent prices are through the roof and no one is telling landlords to stop increasing rent prices. I have seen apartments increase their rent anywhere from 25% to 30% in one year."

"My husband and I are incredibly fortunate to be making above the median family income for Henderson County. Despite that, we can't afford to buy a home that's big enough for us and the baby we have on the way. It's made me really feel for the teachers, firefighters, etc. who are working full time jobs but realistically cannot afford to buy a home where they live."

CONCLUSION

The voices of the community collectively paint a picture of a town striving for accessible and sustainable affordable housing.

While specific priorities may vary across individuals and groups, the overall message is unified: Hendersonville's affordable housing strategy must break down systemic barriers, safeguard vulnerable populations, and create accessible opportunities for all residents. There is a clear demand for a housing approach that does not simply meet immediate needs but also fosters long-term stability, equity, and quality of life for everyone.

By centering the voices of residents in this process, Hendersonville is laying the foundation for an Strategic Housing Plan that is reflective of the community's needs and aspirations.

- Not-in-my-backyard (NIMBY) attitudes
- Zoning (density)
- Zoning is too restrictive
- Need water and sewer in rural areas
- Need infill development within the City

COMMUNITY CONVERSATION TRANSCRIPTIONS

SESSION 1 - BUSINESS COMMUNITY | SEPTEMBER 23, 2024 (continued)

Community Considerations

- Agree with mixed income in same developments
- All housing types
- Modular homes
- Upzone properties
- Zoning and neighbors
- Bring industries that pay well
- Build systems that support existing housing
- Add duplex infill!!
- City work with property owners

SESSION 2 - ELDERLY/VETERAN COMMUNITY | SEPTEMBER 24, 2024

Current Housing Experience

- Centrally located
- Value change, want to do it right
- Appreciate how tax money is being used
- Need housing for workforce
- Developer currently proposing extended stay hotel; bad for the community

Ideal Housing Experience

- Full range of housing opportunities
- Sustainable; innovative
- Available, affordable housing for next generation and retirees
- Pro-renter legislation; the state protects tenants and renters
- Not just new builds
- Build/improve relationships with developers who have shared goals
- Housing opportunities for young people who want to return after college
- Not just surviving, families thriving
- Mixed-use housing as a goal
- Serving residents, not just people coming here
- Retirees able to age in place
- Family of four can do more than just pay bills; they can go to the movies and out to eat

COMMUNITY CONVERSATION TRANSCRIPTIONS

SESSION 3 - NON-PROFIT COMMUNITY | NOVEMBER 19, 2024

(continued)

Barriers to Housing

- Water/sewer on Highway 25
- Missing the middle-class
- Not-in-my-backyard (NIMBY) attitudes
- Zoning (density)
- Zoning is too restrictive
- Need water and sewer in rural areas
- Need infill development within the City

Community Considerations Q1

- Eviction and foreclosure prevention programs
- Incentivizing teachers, social workers, first responders to live here
- Preserving existing housing stock

Community Considerations Q2

- Concerns about taxpayer funds being used to subsidize housing for others
- Local government getting creative; find other methods
- We should help people, question whether these plans work

Community Considerations Q3

- Density should be site-specific
- A couple thumbs up!

Community Considerations Q4

- Design it appropriately (equitable)
- Can't tell difference between low-, medium-, and high-income housing
- Mixed income housing lifts everyone up

Community Considerations Q5

- Depends on the site
- No specific type will be the solution; it is about family needs

COMMUNITY CONVERSATION TRANSCRIPTIONS

SESSION 3 - NON-PROFIT COMMUNITY | NOVEMBER 19, 2024

Current Housing Experience

- Disproportionate; developers build expensive houses
- If affordable, housing is substandard
- No low barrier shelter
- Flood zones
- High property taxes
- High upfront costs
- We collaborate to address issues
- Housing authority has a program
- Demands exceed housing inventory
- Not enough units to move into cheaper housing
- Access to green space
- Unfair
- Access to green space
- Vulnerable for renters
- Exclusive
- Unsustainable and out-of-control
- Vulnerable (I'm a renter)
- Personally very satisfied but feel very lucky
- Some landlords do not want to rent to families with small children
- Can walk to downtown
- Some great neighbors
- Great neighbors, great character
- Landlords treat families differently
- Walkability

Ideal Housing Experience

- Bikeability
- Put planning for folks with disabilities on the forefront
- Tax breaks for seniors
- Homeowner first-time-buyer incentives
- Community is knowledgeable and compassionate
- Control over zoning regulations
- Robust enforcement of housing codes
- Extended return-on-investment (ROI)
- Everyone has housing to pay for without subsidies
- Address goal of 5,000 units
- Thoughtful infill plan (multi-use, keep feel/vibe)
- System that stops abusive landlords
- More variety in homes
- Affordable renting options
- A volunteer organization that helps people appeal taxes
- Inclusionary zoning
- Density
- More bikeability
- Youth/high school enrichment and employment
- \$100-200k homes

COMMUNITY CONVERSATION TRANSCRIPTIONS

SESSION 3 - NON-PROFIT COMMUNITY | NOVEMBER 19, 2024

(continued)

Barriers to Housing

- Balance interests of tourism
- Funding
- No rent control
- Incentivize developers to create supply
- Public – When we don't like the project
- No bridges to move to next step
- Not-in-my-backyard (NIMBY) attitudes
- Demand exceeds inventory
- Short...
- Government refuse to
- Do not want people to flock here
- Tax dollars should be spent on schools, etc.
- What do we mean 'tax dollars?'
- Marginal situation drain on tax dollars
- Tax credits to generate revenue
- Support tourism and housing with tax dollars from tourism
- Maintain beauty/aesthetic
- Limits land disturbance
- Not all density is the same
- Develop on existing land
- Helps build diversity and community
- Middle class house (teachers, nurses)
- Involve media in education on mixed-type development
- Discourage builders—cut into their profits
- Build intergenerational community
- All new housing should be affordable
- Mobile homes often are the only option
- More options for all to own their own space
- With mobile homes and manufactured homes, people own the vessel but not the land

Remember When Writing the Plan

- Affordable housing is an opportunity to convert the community into residents and true citizens
- Think bid and broad—sewer and water extension
- Be bold! Be sustainable! Hold builders accountable. Rezone for the future.
- We need not to displace vulnerable communities
- Affordable housing is important and must be addressed. It won't go away on its own
- Implement universal design in building new housing options
- People need to live here!
- Space for all to thrive
- City offer help with social workers; shared housing like “open communities” online

COMMUNITY CONVERSATION TRANSCRIPTIONS

SESSION 4 - BLACK COMMUNITY | NOVEMBER 19, 2024

Current Housing Experience

- Lack of inventory
- Not affordable
- Do not have housing diversity
- We take care of our homes
- Zoning and reality do not align
- No more roads
- Forces people to use cars
- Vulnerable to outside investment
- We know everybody
- People care about their streets
- Neighbors and proximity

Ideal Housing Experience

- Our community is still here
- High value of house, but reasonable taxes
- More focus on vertical infill
- Options at different price points
- Spread out across City
- Affordability differs for different people
- Desirable and attractive (not cookie cutter)
- Emphasis on the missing middle
- Availability
- No NIMBY attitudes
- Walkable on a human scale
- Knowing our neighbors
- Diversity of housing types
- Incentives for developers who care about affordable housing
- Need adequate space
- Proximity to services

Barriers to Housing

- Wages and the economy
- Lack of land
- Taxes are too high
- People get priced out
- Income
- NIMBY attitudes
- Financing—still have redlining
- Traffic
- Affordable wages to pay rent/mortgage
- Transportation
- Price
- Stigma of low-income/homelessness
- Attachment to “what is” based on history/family/precedent (culturalism)
- Income and housing selection affordable to current residents
- Short-term rentals vs. long-term rentals (AirBNBs)
- New residents to area buying with case offers on our current pool of homes
- Lack of inventory
- Manufactured jobs are decreasing
- Cap on public housing rent?

COMMUNITY CONVERSATION TRANSCRIPTIONS

SESSION 4 - BLACK COMMUNITY | NOVEMBER 19, 2024 (continued)

Remember When Writing the Plan

- People are not just numbers or dollars
- Missing middle options (duplex, fourplex, sixplex options for working class families (multi-bedroom options)
- Build vertical on existing land, like on top of Blue Ridge Mall
- Don't forget the charm
- Develop more recreational facilities for the children in these housing areas
- There is dismal selection of housing available
- Raising minimum wage
- Short term-rental law or AirBNBs
- Having a contingency plan for the disaster from the hurricane
- Do not forget the residents
- Workforce housing
- Cap on taxes
- Tax dollars allocated for affordable housing
- Don't allow greed to overshadow compassion or humanity
- Don't forget that the existing residents helped to build this community and it's desirable points of locating here
- The situation is sad. Job will not provide income to buy or rent in Hendersonville

SESSION 5 - SPANISH-SPEAKING COMMUNITY | DECEMBER 3, 2024

Current Housing Experience

- Pueblo bonito y tranquilo
Hendersonville is a beautiful and calm place to live
- Seguridad (no hay crimen)
The City is safe and does not have much crime
- Privacidad
Privacy
- Buenos vecinos
Good neighbors

COMMUNITY CONVERSATION TRANSCRIPTIONS

SESSION 5 - SPANISH-SPEAKING COMMUNITY | DECEMBER 3, 2024
(continued)

Ideal Housing Experience

- Drenage suficiente
Sufficient drainage
- Renta no sude tanto
Rent does not go up very much
- Plan para comprar casas facilmente
A plan that allows people to easily buy homes
- Credito para ser propietario de casa
Credit to own a home
- Mas bancos para prestar dinero con itin
More banks that will lend money via the ITIN mortgage program
- Oportunidad de tener licencia de conducir
Opportunity to have a drivers license
- Sistemas de agua y drenaje que vayan mas lejos
Sewer and water extensions
- Opciones para rentar que no sea en linea (online)
Options to submit rental applications besides online applications
- Programas para poder comprar hogar
Programs to buy a home
- Mas orientacion para la comunidad en cuanto a opciones de lugares para y como construir
More guidance for the community regarding options for places to build and how to build
- Mas oportunidades para rentar
More opportunities to rent

Barriers to Housing

- Calles de electricidad son peligrosas
Power lines are visible (not buried underground) which is not as aesthetically pleasing; these lines can also be dangerous
- Los intereses para prestamos son muy altos
The interest on loans is very high
- Menos requisitos para rentar o comprar, mas opciones de prestamo
We need fewer requirements to rent or buy, and more loan options

COMMUNITY CONVERSATION TRANSCRIPTIONS

SESSION 5 - SPANISH-SPEAKING COMMUNITY | DECEMBER 3, 2024

(continued)

Barriers to Housing

- Ayudar a la comunidad – recursos
We want community resources that will help the community with this issue
- Impuestos altos
High taxes
- Muy bajos ingresos
Salaries are too low
- Cobras para la aplicacion
High price of application fees
- Lugar para poner tanque septico
Not having a place to put my septic tank
- Falta de terreno para poner casas moviles, con permisos de pozos (pozos?)
Lack of land for mobile homes to place drinking water wells on the property

Remember When Writing the Plan

- Going forward into 2025, will there be additional public listening sessions? Or at least the public's ability to sit in on meetings of the next planning phase
- Is there affordable senior housing available in Hendersonville?
- Each Hendersonville Councilmember should have and outline their position on the affordable housing issue
- An affordable housing in addition to "path to home ownership" fair would be a welcome resource to many Hendersonville residents.

Others

Item B.

- Studio apts
- Town Homes and Duplexes
- Duplex's
- Accessible
- Regular homes
- Going vertical with existing infrastructure already in place. The Blue ridge Mall for example.
- Don't combine the option of attached and detached in same selection that is why I chose tiny homes or mobile homes units being built so cheap they are unless for peace and privacy with high drug activity
- Reimagining/renovating the several buildings that stand empty and/or that property instead of building new
- Missing middle, duplex, triplex, courtyard apartments
- Modulars
- Homes
- SRO Single Resident Occupancy homes
- duplexes; duplexes, small but not tiny homes; small but not tiny homes
- Duplexes
- None
- duplex, tri-plex, cottage Court, quad-plex
- private homes, farms, ranches
- 3/4 ply clusters
- "In the city" needs to be better defined. Don't believe there is any dense residential building space left within a 2.5 mile radius of alof Main St.
- Prefabricated/assembled on site quadplexes
- built homes
- Just let people build homes as they used to. Stop packing Hendersonville with people.
- All of these as long as they are put WHERE CURRENT ZONING ALLOWS.; Assurance that original zoning will be honored so infrastructure (roads/traffic, water pressure, etc.) for original zoning are not overwhelmed), so green space is preserved, so home investment is protected, so people not forced to move because the zoning pur in place to protect these things, is violated by greedy developers and bureaucrats, etc.. People who trusted that city bureaucrats would not violate the protective zoning in place, which they depended upon when they decided to purchase their home here - their major life investment - should not be betrayed by city "officials" pandering to developers who don't want to build where zoning permits them to build, but want to change existing zoning to build where they are now prohibited by protective zoning (that homeowner's depended upon when buying in Hendersonville). THEN they want the homeowner's to PAY (financially & every other way) for trying to upgrade the zoned-for infrastructure to something much less effective than it was before. "Growth" is not necessarily synonymous with IMPROVEMENT.; All of these, as long as they are put WHERE CURRENT ZONING allows.
- Smaller built homes (square footage)
- allow free market to determine
- Assistance to Seniors or Low Income Home Owners who need to complete the complicated process to appeal their Property Taxes and are eligible for.; our other response: "Assistance to Seniors or Low Income Home Owners who need to complete the complicated process to appeal their Property Taxes and are eligible for the relief, like when AARP files IRS taxes for Seniors. ; Assistance to Seniors or Low Income Home Owners who need to complete the complicated process to appeal their Property Taxes and are eligible for the relief, like when AARP files IRS taxes for Seniors.
- Modular allowed in more zoning districts ; Modular
- single family homes
- Houses
- single family residences, duplexes - no more multiple unit buildings

QUESTION 5

Please select each statement that you agree with below.

62%	Local tax dollars should be used to pay for infrastructure, such as water and sewer or sidewalks, to developments that will provide affordable housing	198 ✓
49%	Local tax dollars should be used to provide low or no interest loans for affordable housing to purchasers of affordable housing (example: down payment assistance loans, purchase loans)	157 ✓
41%	Local tax dollars should be used to provide direct subsidies (grants) for affordable housing to renters or purchasers of affordable housing (example: down payment assistance, rent subsidies)	131 ✓
39%	Local tax dollars/property should be used to partner with private developers to provide affordable housing	125 ✓
23%	Local tax dollars/property should not be used for affordable housing	74 ✓

- The Government has no business taking my money and giving it to other people. Infrastructure, police, fire, etc., yes, gifts to other people, NO!
- Investor speculation
- "Not in my backyard (NIMBY)" attitudes
- AirBnB occupying units, as well as second houses for people who spend most of their time elsewhere.
- The rate at which high-end housing is being build aka the cedars
- Lack of vision and planning early on; Lack of early visioning and planning.
- Average income not matching cost of housing
- NIMBYS
- greedy realtors and developers
- No vertical housing buildings
- Politicians need to SLOW DOWN. GREED is a demanding mistress. Hvl has grown way too fast. Tax money doesn't compensate for the chaos being created.
- policy needs to limit the number of rentals used for short term rentals (ie VRBO); too many short term rentals
- Raising taxes - raises the selling price of homes.; Raising property taxes raises the cost of homes.
- too many wealthy individuals moving to Hendersonville
- seniors on low income & low wage jobs
- Short and long term rental property profiteering
- Selfish local resistance to new housing development of nearly any kind
- Too many advertisements luring people to this area.
- price perception and greed has driven the costs up
- Salalries have not kept pace with the cost of living in Hendersonville.
- Greed
- zoning. planning. board obstacles. good ole boy club in contrl
- The government should have a cap on private equity/blackrock, etc purchasing single family homes. We don't need 15 minute cities ...
- Out of state private equity greed has destroyed and guided the market here and elsewhere. Yheres no accountability or rules for the unknown absent owners.
- requirements and down payments
- Short Term Rental boom from outside investors
- I believe people are too lazy to work and want a free hand out. I have to work for my house payment why should I have to pay theirs.
- People are buying out homes to rent for profit, which is stopping families from being able to own a home in general
- Lack of vision. Late to address the issue. Inadequate building codes.

QUESTION 9

- I can only answer as a supporter of affordable housing solutions
- Variety in styles, construction, aesthetics
- Restrictions on Airbnb/short term rentals to increase housing supply
- unretricted zoning in rural areas, or relax the accessory dwelling zoning restrictions
- Zoning
- Smaller less expensive homes
- policy that makes it easier to establish tiny home communities
- Local regulations to control quantity and profits from rental property/real estate investment
- Stop all the talk about subsidizing developers. Just assist with stabilizing the market no matter what that involves. It's time to loosen zones and codes and allow people to get back on their feet. I have a home, paid for. But thanks to private equity greed, supported by realtors and politicians, I'm looking into van dwelling at age 71. I'm not kidding. I'll be looking for assistance to pay the high lot rent before I take such a drastic move. ; Stop all the talk about subsidizing developers. There's no accountability or rules to the absent face owners of such developments, much greed. Private equity greed must be controlled in housing and healthcare. I own my house outright but am looking at selling, greedy owners of the lots, from New Jersey.
- Assistance in the process to appeal property taxes
- Not so much requirements to get a home
- Having a rent increase cap!

What is your personal story or experience with regards to housing?

- Sr.Widow looking for safe, solid home
- There is a lack of quality housing that is energy efficient, easily maintained, safe, and in close proximity to community amenities, jobs, educational facilities, shopping so that the combined costs of housing and transportation are easily managed within a tight income.
- My husband and I, together, were able to afford a mortgage that allowed us to purchase the home we hope to live in for a long time.
- Education = Job = Housing without assistance
- I found safety, beauty and community in a well planned tiny house community.
- I'm a full time nurse that has struggled to find homes in this area that are in good shape, safe areas, and not ridiculously over priced. I lived in a condo in Henderson county that cost more than my 3 bedroom home did in Greenville SC and am now living in a fixer upper that cost more than my new condo or my newish home in Greenville. I make a good salary. My 20 year old son can not find a rental that he can afford and still lives at home. If it wasn't for my elderly Dad I'd move out of the area.
- As a single person I found it extremely difficult to find an apartment that I could afford even when making \$23/hr. Rent prices are through the roof and no one is telling landlords to stop increasing rent prices. I have seen apartments increase their rent anywhere from 25% to 30% in one year
- subsidize housing was recently developed in my neighborhood and the first time owners do not know anything about being good neighbors. They're not maintaining their properties. There's garbage and kids' crap all over the place, chained-up dogs (ABUSIVE!!!), screaming, out-of-control children, ugly non-matching privacy fences,
- No challenges
- I've lived in this area for most of adult life and thought one day I would be able to afford to own a home. The past few years have taken that dream away. With the rapid rise in population and the demand driving up home prices and the constant development of luxury living
- Rental housing so far. Excessive and constantly increasing rental rates. Low supply and poor apartment options (Is it really a good idea to put the refrigerator next to the stove! :(Retail rate big boxes seem to be standard solution. More options, variety. Use solutions already in use successfully by other states and counties and save time and energy.
- greedy and unresponsive landlords who raise rents by disproportionately high percentages that are out of step with individual wage increases

Item B.

- I was able to buy an affordable house in 2018 just outside city limits. The cost of housing now is high however whenever I send a friend or family member a house to go look at, contractors or Airbnb/VRBO owners are paying in cash and swipe away homes that are on the lower cost, flip them and either resell them or rent them at a high cost nightly. This has gotten worse over the years and has not been addressed at all. South Carolina has added a 30% tax to people who do not reside in the state they are buying homes and that has helped out their housing problems somewhat. I think Hendersonville needs to look into something like that so housing can be less competitive for the buyers just trying to find a place to live and work and not for buyers who are trying to make money and hurt the people who want to live and work here.
- I was able to buy a home a few years ago right before interest rates went up. I would not have been able to afford to buy right now. As a single female living alone, I pay \$1600 for my mortgage every month by myself.
- I have been privileged to own a house (in New York state and North Carolina) since 1981 --- generally at the lower end of market rates in diverse neighborhoods.
- Housing for those retirees that make just over the limit to qualify for affordable housing but not enough to pay for current rental rates
- Saved our money and bought our first home. Did not rely on other taxpayers, or government.
- It is "talked about" and there is minimum to no City commitment in pressing new build contractors to provide it in the plans. Additionally, the definition of "affordable housing " has not been clearly presented to the public in laymen's terms for clear understanding.
- Because of supply and demand we made above asking price offers on 4 houses before we were able to finally buy a house in the Hendersonville area
- I've lived here for over 30 years and even though I have minimal debt and a good paying job, it is near impossible to afford the costs associated with either buying a new home or building a new home myself.
- Been a home owner since 1983. Was a renter before then.
- It's very difficult to find affordable homes that are built to universal design standards. Older people can't move out of their inaccessible homes because of the price of buying something smaller.
- It is a struggle to find affordable housing in the area.
- I was able to purchase a tiny house close to where I wanted to be that is very pleasant and encourages a community atmosphere.

- I work full time with benefits at a local non-profit and cannot afford regular housing in Henderson County. If it were not for living with a roommate who makes a larger income than me and is willing to pay more rent, I would not be able to afford rent at all. It is not only individuals and families who are impoverished that cannot afford housing in Hendersonville, it also includes young adults in the work force who see no end in site to an economic crisis impacting our ability to build credit, put anything in our savings towards securing a down-payment on a house - let alone an apartment, while also trying to contribute to our local economy and work force. The increasing amount of wealthy folks deciding to move here as well as the increase of our town catering towards their expensive housing desires is pushing out the local families and young people who want to live here and contribute to the work force. I would love to continue to live here and serve our community, but unfortunately, that will not be possible unless the city of Hendersonville makes a big change in the way they incentivize land lords, stake holder community members, and other organizations to prioritize affordable housing opportunities for younger individuals and families who are trying to get on their feet.
- I have been very lucky, and privileged to have come out of a divorce with just barley enough resources to buy a house again - the interest rates were good, and the prices hadn't rocketed yet. But my security is now constantly threatened by rising costs EVERYWHERE. Though I am employed full time, I am finding it harder to meet basic costs.
- I am lucky to have inherited my mom's condo upon her death in 2021. I would love to move to a larger house with room for my children to play outside, however, the cost of housing is prohibitive here. If I were to be in the market for the exact same space I'm living in now, my mortgage would more than double. I don't know how people afford to live here.
- I'm a retirement single woman. Cost of rent is beyond my income. Housing is too high!
- It has been very difficult for me to find suitable low income rental housing. The rental rates have been way too high to afford and most do not meet Section 8 rental rates.
- My family has been blessed with the ability to purchase quality, affordable housing with our budget and the neighborhood of our choice. We believe that every citizen in our community should have the same privilege.
- The only workforce housing available to people that work in the ag sector is trailers and RVs. Everyone I know are either struggling to make rent or have substandard housing. It's not just inadequate supply, it's that costs exceed what workers can earn
- I can purchase a house of my choosing. I volunteer at IAM and see the dire need for affordable housing options and financial support. This is a critical need in our town.

- My husband and I have lived in Hendersonville our entire life. We are parents to two wonderful kids. We are a one paycheck income family therefore we can barely afford anything nowadays. We live with our grandparents and I'm extremely grateful they have let us live here for years. Our kids are growing and we currently have one small room for us. I can say we have pretty much outgrown it now. We have tried to look for a bigger place, maybe a two bedroom, but we can't afford anything. I remember before Covid, when we were looking there were houses going for \$800-\$1000 a month in rent, but back then we couldn't afford that either as we were much younger. Nowadays they go for \$1,200-\$2,000 some even more. Mind you it's the one bedrooms that go for \$1,200. I love Hendersonville and want to continue living here. We tried moving and we lived in TN for a couple months but we moved back here as we missed it and our families. My husband works 40 hour weeks and we have had to discuss him getting a second job to be able to make ends meet. I am currently in college and at the moment it is online so I'm able to take care of our kids. We have tried the affordable apartments but due to the fact that there are not many they have a long waitlist. I know of many families barely making it that live in Hendersonville and I'm sure there are much more. All these luxury apartments keep being built but nothing has been done to help us who need affordable housing. We should all have a decent place to sleep at night and not have to worry about what we are going to have to do or where our next meal is going to come from. In all honesty as I see Hendersonville grow and welcome new people what I see is that instead of caring for their residents they care more about the money now. It's sad but the reality. I've been saying it for years, Hendersonville does not care about its residents no more, they care more about the money. We shouldn't have to be in fight or flight mode constantly just to make ends meet. We found our house through a family connection 8 years ago. My daughter found a house online while living overseas about 3 years ago. There was very little selection in her price range at that time. I am fortunate in being able to afford housing that works for me, from a safety perspective and an affordability perspective. Over the past 5 years property values have escalated over the entire country while wages have remained low, providing some challenges for obtaining affordable rentals and homes to purchase. This rapid increase of people has helped to create a housing shortage. I personally have not had issues with housing but many others are struggling.
- I have owned 3 single family properties over the last 25 years
- I struggle to keep up with my housing costs - even though it seemed attainable 5 years ago. It has all gotten more expensive - inflation plays a part in that.

- I have owned homes during all my working life. I am 70 now and settled nicely into a senior park, love senior park living for the community and manageable downsizing. I think private equity greed is destroying housing for us all. We can call stabilizing rent laws and restricting corporate buyouts socialism all we want, but I'm like a sitting duck waiting for for greed to make me homeless. My best hope is to sell my place and buy a retrofitted livable and driveable van and find affordable places to travel while healthy. If there were more unrestricted zoning in the rural parts of the county I could buy a piece of land and live peacefully away from greed. The only taxpayer solution that I like is the services that allow people to stay in their own homes. I don't approve of building apartments and housing specifically for low income and isolating people.
- I've currently qualified for a mortgage, and to afford a house, I'm having to look in places like Rutherford and Polk county and sc. I want to own a home in the same community where I work, but right now, it isn't possible.
- I've experienced homelessness and struggled with securing safe, stable, and affordable housing for years because there is not enough affordable rentals in this area. We need legislation in place to incentivize and require developers to include affordable property units in their development plans.
- I work in housing rehabilitation for low and no income residents.
- I work in Hendersonville but cannot live there because of the high cost of housing, which hurts because I grew up in Hendersonville and went to HHS.
- When we first arrived in this country we could only afford to rent. Our focus was safe neighborhoods and affordability. Often we improved our living conditions by asking the landlords to let us paint and fix the rental units - they provided the materials and we did labor. That allowed us to live in better neighborhoods at lower cost. There's much more - we didn't own a house until we graduated from college.
- I purchased my home 22 years ago. Fortunate to be able to live there. There's no way I could buy on single income today. I feel for younger home owners.
- The city keeps reassessing property taxes on homes (raising the value) even though the homes are not worth the value estimated due to poor maintenance and deterioration.
- I have owned two homes and am in the mortgage industry.
- Ive lived in housing for the last 2 years here in Hendersonville n..c. Iam looking to be more involved
- If I did not have friends that had property for rent I likely would have had to leave Hendersonville

- In 1998 I was working with a masters degree and barely scraped together a down payment for a \$65,000 house. How do young people without generational wealth do it now?!
- I am a case manager for a nonprofit in Hendersonville trying to help people find low-income housing and it is extremely difficult. The Hendersonville Housing Authority and other low-income apartment complexes are maxed out for months even years. Their waitlists are over 30 households long. There is nowhere for the unhoused to go especially because of the new Supreme Court Law being passed that people are not being allowed to sleep on public property and are getting jail time over it. Our community really needs to add more low-income housing or community living areas so people do not need to sleep out in the cold, rainy, harsh weather that North Carolina can sometimes bring. It is time for us to treat everyone as an equal and give everyone a chance to a good meaningful life and that starts with everyone having access to good housing.
- My daughter and I ,along with her two daughters,have an apartment through the Hendersonville Housing Authority and have been here for 3 years. We would like to own our home sometime in the future.
- Neighbors Not Wanting Change
- We bought our first house just before COVID hit, thankfully. I had a lot of privilege to be able to live with family to save up money in order to be able to afford a house at all! Others don't have that option. Our community does better when everyone is able to feel safe, and stable housing could help.
- Real Estate Broker for 26 years; builder; landlord.
- Prior to 2020, I was almost able to purchase my first home. I was working on saving up a down payment and only needed a couple thousand dollars more. After so many people moved in during the pandemic with the ability to pay twice as much as I can for the same house that was available in 2020, I can no longer afford a home. I believe the problem isn't the need for "affordable housing" owned by the government, but we need some way to control the prices of homes in the area. People moving in with higher incomes than what can be made in Henderson county is a big part of the problem. Henderson county natives are being shoved out.
- Working like a dog for years and years and doing without to save for years and years to be able to afford a small home in a community with ZONING that SHOULD protect my very hard-earned investment in a home, and the adequacy of it's infrastructure, especially as to my ACCESS to it (traffic density/congestion and water pressure for a shower).
- We've haven't been able to purchase a home due to my income not being enough.

- This so called survey has a definitive slant toward subsidizing housing and the implementation of so called affordable housing with high density which I AM NOT in favor of. This in the past has invited an element we DO NOT need or WANT in Hendersonville!! I wish the City Council would STOP pushing this agenda which does NOT favor current citizens but favors the real estate business!!!

- I had not difficulty with it myself. But I see others that do. I am concerned that teachers do now want to come here and teach because they cannot afford housing. I understand that is the same with firefighters, and other civil servants. I would like to see affordable housing for all those people, so they don't have to drive from another county to work here. I want students. that live here to want to come back here after they have gotten their teaching degree.
- We bought our starter home in 2016. In late 2019 we were in a good spot to upgrade, but housing shot up, the market was saturated by Covid buyers and people who could afford cash purchases or to offer way more than what the sellers were asking. Five years later, we're still in our starter home, now interest rates are keeping us from looking. It's a big bummer, especially because there are more homes that would fit our family on the market than there were before, but we aren't going to trade up for a higher interest rate. Honestly, if it wasn't for the public schools, we would probably be moving away from Hendersonville.
- Despite making over \$23 per hour I still don't make enough to purchase a safe livable home for myself and my child in the Hendersonville or surrounding areas where I currently work. Rent continues to increase every year and eventually I won't be able to afford to live here at all if things continue as they are.

- Our house - along with our neighbors' - was bought to allow for the construction of the Fairmount Heritage Place luxury apartment complex. Our house is almost 100 years old and the street and area near the high school hold a lot of historic and personal value. I am saddened by projects like these that continue to serve the wealthy class while so many locals and immigrants fleeing traumatic situations struggle to secure stable housing. I think the way Hendersonville can continue to preserve its beauty is to prioritize working-class people over wealthy transplant residents. Once locals and working-class residents who contribute to maintaining Hendersonville cannot afford to live here, they will leave and take the spirit of the town with them.
- tax credit/sec 8 property management lying to or about tenant. PM talking to other tenants about other tenants and showing favoritism. PM telling tenant that the complainer should either pay to fix the car or pay for repairs or stay inside. Maintenance not giving 24 h notice prior to showing up. locks on doors can easily be broken into, not enough handicapped parking especially for seniors in low income apartments. Monopoly of one management company in the city (Partnership Management Corp) Mixing elderly and disabled tenants with younger working people and kids. Need separate buildings for seniors. Kids, not just little kids but bigger kids and teenagers need outside areas with basket ball courts and bicycle/skateboard etc... areas and benches away from apartments to gather outside. Smoking needs to more than 25 ft away from buildings. Benches are always taken up by smokers. We need a transit system that goes into apartment complexes hourly and daily to major shopping, medical and services in the city. Apartments need fenced dog areas. Everyone should be safe and feel safe.
- My husband and I are incredibly fortunate to be making above the median family income for Henderson County. Despite that, we can't afford to buy a home that's big enough for us and the baby we have on the way. It's made me really feel for the teachers, firefighters, etc who are working full time jobs but realistically cannot afford to buy a home where they live. We hope that one day we can afford to buy based on our income, but I fear that won't be the case for many of the folks our age (early 30s).
- I'm delighted to call this charming community my home. I reside in a cozy apartment on Fletcher's, within walking distance to local shops, restaurants, and the Fletcher Town Hall. I love the small-town feel and the friendly faces that come with it. As a resident of Fletcher, I appreciate the town's strong sense of community, its beautiful parks, and the nearby Blue Ridge Mountains. It's an ideal place to live, work, and play!
- I feel stuck in my current apartment due to lack of availability and exorbitant pricing

- Hendersonville property is grossly over-priced, like much of the country, largely because of real estate profiteering. Families with a decent to modest income cannot afford a single family home with a nice size yard anywhere in town. We are forced to live in community developments like apartments and townhomes or purchase homes that are dilapidated and require too much work for working parents. We love the area, but real estate is disgusting around here. ; Hendersonville property is grossly over-priced, like much of the country, largely because of real estate profiteering. We are forced to live in community developments like apartments and townhomes or purchase homes that are dilapidated and require too much work for working parents. We love the area, but real estate is disgusting around here. Additionally in city taxes are outrageous, especially because county tax collectors state home values higher than the real value of homes.
- My husband and I had to combine our incomes to qualify for a home loan. 14 years ago the housing market was abundant and incentives were given to purchase a home. It felt supportive of folks getting settled and stabilizing financially. Now there is a housing shortage, it feels like all the forest/farm land around us is turning into communities and apartment complexes and it feel suffocating. We hoped to stay in this home for the rest of our lives but it feels it lacks privacy, population is getting crowded and infrastructure that's needed to support this growth is greatly changing our area.
- Finding a suitable home in Hendersonville has been an incredible journey for me. From the moment I arrived, I was struck by the welcoming atmosphere and the vibrant community spirit. After searching for the perfect place, I finally discovered a lovely home that feels just right – cozy, spacious, and surrounded by beautiful nature. What makes living in Hendersonville truly awesome is the sense of belonging that comes with being part of this community. Neighbors greet each other with friendly smiles, and there's a genuine willingness to lend a helping hand. I've also enjoyed exploring the local parks, bustling farmers' markets, and charming shops that give the city its unique character. Moreover, there are numerous community events throughout the year, from outdoor concerts to fairs, where I've had the chance to meet new friends and connect with others who share my interests. The mix of outdoor activities, vibrant arts, and a strong sense of community makes Hendersonville a wonderful place to call home. I feel grateful to be part of such an incredible place, where every day brings new opportunities for friendship and adventure!

- 5 years ago this area was affordable to the everyday family unit - whatever that may be. NOW prices are inflated and the houses are dismal at best, old, in need of updates still cost 600k. Brand new is over a 1 million easy and this is not sustainable for our everyday worker
- My home has doubled its value in 7 years which is alarming and unsustainable growth pattern for any smallish town. Imagine what that means for people who are trying to raise families here, live and work. It is almost unapproachable a two-bedroom one bath on our street rents for \$2,100! Hendersonville city is to blame for much of this. We have no restrictions on Airbnb. Short-term rentals folks are building tiny homes in town(!) to rent for tourism. It's a debacle how you watch this happen and approve dev plans for subdividing lots and so on...
- The reason why housing has become so expensive in Henderson County is because we have such an influx of Northerners who can afford to pay more money for housing which drives the locals to move somewhere more affordable. Henderson County used to be CONSERVATIVE!!! It is no longer this way. Until our "County Commissioners" stop worrying about their own bank accounts and do their job to stop all of this Million dollar homes being built and over crowding Henderson County. How many times do we have to say there is NOT enough water, highways, doctors, dentist and schools and police for all these" Money people moving here. These builders have to stop building 5 houses on an acre of land. This is what has truly driven up the housing market.
- I live downtown in a live/work unit for 12 years.
- My personal experience is folks who buy or rent affordable housing do not always upkeep their homes or rental units as folks who buy regular single family homes. I personally see plenty of affordable housing options in Zillow or Redfin in Hendersonville already.
- Age 71, may be forced to sell and start over and become a burden to my son with his own struggles. Healthcare seems a distant priority to housing. I'm holding out hope that it all works out for the best as last year was so good for me thanks to appreciated help. This survey was timely as I just rec'd my fifth lot rent increase in 5 years, still reeling from today's letter.
- I'm frustrated with all those who think "locals" deserve entitlement, and who resent the "newcomers" who are largely funding the local economy and tax base. There's a lack of understanding that Henderson County's issues are not at all unique. I have tremendous concerns about housing affordability for the service industries, teachers, medical staff, and retail workers, etc.
- Kept a job and worked. Didn't live above my means.

- I've recently relocated back home to WNC and have the best paying job I've ever had. I've owned my home previously and have a decent amount in savings to put towards buying a home here in Henderson County. I can't find anything that is safe, move in ready and affordable even with all of the privileges I have. Thankfully I have family still in the area and was able to rent a small basement apartment from family. That is before TS Helene, when it was flooded and now I share a living space with family. There are 5 of us in a 2 bedroom with no hope of buying or even able to rent affordably in the area. Again, I make good money with my career and have savings for a down payment (on an affordable home).
- Housing in HENDERSONVILLE is so high that people have to work 2 jobs just afford to live here. Our young adults have no chance of getting into a mobile home, apartment the rent is to HIGH no inventory for low income people HENDERSONVILLE rental are way to high landlords are to greedy we should help our young and older adults get in a stable home to suit there needs.our young are moving away to south Carolina because the rent is much cheaper and buying a house here is so hard home ownership is out of reach for most
- I purchased my home 27 years ago and and it was shockingly expensive then. I have put 27 years of sweat equity in to make the place livable. Today, I could not afford to buy into my neighborhood. at this rate, my taxes are outpacing my income. Soon I will not be able to afford to stay in my home. I will never be able to retire because of taxes.
- I got lucky and happened to find an apartment rental from a private landlord that is extremely affordable compared to any other rental I found in this area (I pay \$800/month + utilities). It is not the most ideal location since the area does not encourage walking and it is not bike-friendly which are priorities of mine, but this was my only option with my income. The only way I was able to move in was to borrow money from my Dad to pay the deposit.
- I saved money for a down payment on buying a home and I bought a house that was inside of my means of living.
- My husband and I have grown up in WNC and have only been able to afford to live here due to being able to be a tiny home community. We have yet to be able to find a traditional home in the area that we can reasonably afford to live in that does not require a lot of remodeling work. With this situation we are in, we are having to look in other states when we strongly prefer to stay here if possible to start our family since our families and community is rooted here.
- single parent trying to afford living on a lower salary job because I am in education with three children

- We need more of it for our entire community to thrive. Without it we will just continue to be economically, socially and politically divided. How we get more affordable housing is irrelevant, we just need to do it. Less talk, more action. What is the downside to having too much affordable housing? Nothing (unless you are someone who benefits from people being economically/socially/politically divided). Let's just build more affordable in whatever manner possible.
- My wife and I built our house and payed for it on our own did not receive any help from tax payers to subsidize it in anyway. And paid it off in full why should may tax dollars go to fund someone else home . we work hard every and didn't live be our means to get what we have . And on this survey I find it very leading to who came up with it questions
- The lack of a rent cap in NC makes it easier for landlords to raise rent at alarming rates and price people out of rentals.
- I have transitioned from Section * housing to Habitat For Humanity and some what well versed in affordable housing
- We've been looking for affordable price of houses since 2018 up to now is hars to find one that we can afford without us being house poor in the long run.
- Decreased availability within price range
- As a teacher I've seen families pay \$2,500 per month to live in run down single wide mobile homes with mold growing everywhere, holes in roofs, sewage flowing through yards where children play. It's unacceptable that these landlords keep charging so much for such inhumane living conditions. If there were more housing options that provided a competitive market families would be able to choose another place to live and landlords would be forced to provide better housing conditions. However, over the years what I've heard is "this is all that was available." As for my personal experience, all I see are new developments coming in that even I as a single income teacher cannot afford. It feels like options that meet my basic needs within my price range are nonexistent to the point where I am considering teaching in a more affordable county.
- Propietario de vivienda (*translation: homeowner*)
- Buying a home in Hendersonville as someone who's lived here all her life is turning out to be impossible nowadays. I'm afraid that younger generations of Hendersonville residents will not be able to afford to ever buy a home. I don't want to rent for all my life!
- We can barely afford the home we purchased in 2022. The only was we were able to.was due to the low interest rate
- We need affordable work force housing.

Item B.

- Pude acceder a vivienda muy fácilmente teniendo un empleo fijo así como mi esposo (*translation: I was able to access housing very easily by having a permanent job as well as my husband.*)
- I worked for WCCA for 13 years in the housing department. I helped close to 50 families become homeowners. I taught 8 financial literacy classes, twice a year. Currently WNC source doesn't offer these classes, nor do they HCV voucher toward homeownership, just rental assistance
- I'm broke asf and I'm sad I can't buy my own house one day. The government sucks
- Renting here for the first time. Lack of inventory. Quality concerns about many units advertised (refrigerator next to the stove, for example). High rents, especially for what you get. Rent here went up 60% with the majority increase after a corporation purchased the apartments. Long wait lists for affordable housing and vouchers and that was before Helene. Never before did I ever think about not being able to afford a place to live...until now, when I am older and more limited on income. I'm glad to see a survey and initial planning efforts. However, it's so far down the road that I'm doubtful things will improve here for me.
- Had to move away from medical care and friends after 15 years of renting in Hendersonville because house was sold and I couldn't afford to buy it. I'm 78, have medical issues and don't feel safe in the mobile home park I moved to
- I rented from a well known landlord in the area and was so shocked at the level of mishandling of the rental space. It was not safe (termites, holes, electrical unit not up to code, electrical outlets not up to code, no safety concerns addressed ever), it was not taken care of prior to me moving in, and yet it was still \$850 a month, the most affordable I could find. Maybe the city should be looking into who is renting out spaces and remember the little people, and shame those who become old Hendersonville money slumlords. Thank God I was able to get assistance with HAC and find a place to live that is my own. Was able to get out of that hell hole into my own home using an USDA Loan.
- The price of housing is high.
- Took market to bottom out and 19 months of negotiations until I could afford to purchase small house in county in ETJ
- I was able to find a modest apt 7 years ago. Now retired, I cannot afford it.
- I am a retired single woman, rent is unbelievable high. I've worked and have been frugal with my money. But rent, food and medical is making it difficult to make ends meet. Especially, when an unexpected event happens. I would love to have nice, small home, and have some breathing room. Thank you, for what you all are doing!

What is your personal story or experience with regards to housing? (continued)

Item B.

- Purchased a house in 2017 that has now doubled in price.
- I inherited my home from my parents and I became the owner.
- I was in a hub section 8 home three bedroom I'm low income due to disability,
- I grew up here in WNC. The rampant growth is ruining the charm and beauty of this area. We need to stop luring people here, there are enough!
- Grew up in low income area, worked starting at age 17 and slowly moved into detached unit, now own a home. Forced tax-supported subsidized housing does not incentivize income mobility. It should not be prioritized in Henderson county.
- Purchased our home in 2015 in a wooded area in Horse Shoe, and are working hard to reforest about 1/2 acre of lawn as we watch sprawl occurring all around us.
- We were lucky to move with enough money to buy a house.
- I am fortunate enough to own my own condo and want others to have the same experience of having secure housing.
- Finding safe affordable housing for my son that moved up here from Florida to be closer to help me.
- Wanted to upgrade from our starter home purchased in 2016, but with the rapid increase in home prices, we are stuck with the same or worse level of home, even though our purchase power has increased greatly over the last 8 years.
- It is a challenge to get affordable housing or a down payment is crazy as well as what you need to be qualified. If you purchase a home you will basically pass away before paying it off.
- I have no problem finding housing. I am concerned about apartment complexes that are being built with inadequate parking causing a large increase in on street parking also concerned that their appearance is not in keeping with the local old town flavor.
- I got a job education and a job that has put a roof over my head.
- Have over the last 42 years used a mortgage to buy first home and over the years have built equity.
