

CITY COUNCIL MEETING

Thursday, May 18, 2023 at 6:30 PM
Council Chambers, 60 West Main, Hyrum, Utah

AGENDA

Public notice is hereby given of a Hyrum City Council Meeting to be held in the Council Chambers, 60 West Main, Hyrum, Utah at 6:30 PM, May 18, 2023. The proposed agenda is as follows:

1. **ROLL CALL**
2. **CALL TO ORDER**
3. **WELCOME**
4. **PLEDGE OF ALLEGIANCE**
5. **INVOCATION**
6. **APPROVAL OF MINUTES**
7. **AGENDA ADOPTION**
8. **PUBLIC COMMENT**
9. **OTHER BUSINESS**
 - A. [Consideration and approval of the annual State of Utah Fraud Risk Assessment.](#)
 - B. [Consideration and approval of the Municipal Wastewater Planning Program \(MWPP\) Annual Report for 2022.](#)
 - C. [Consideration and approval of utility billing write offs.](#)
 - D. Discussion of the Mt. Sterling Farms Park Agreement.
 - E. [Tentative adoption of the 2023-2024 Operating Budgets and setting a date for the Public Hearing.](#)
 - F. Mayor and City Council reports.
10. **ADJOURNMENT**

Stephanie Fricke
City Recorder

Council Members may participate in the meeting via telephonic communication. If a Council Member does participate via telephonic communication, the Council Member will be on

speakerphone. The speakerphone will be amplified so that the other Council Members and all other persons present in the Council Chambers will be able to hear all discussions. In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during this meeting should notify Hyrum City at 435-245-6033 at least three working days before the meeting.

CERTIFICATE OF POSTING - The undersigned, duly appointed and acting City Recorder of Hyrum City, Utah, does hereby certify that a copy of the foregoing Notice was emailed to The Herald Journal, Logan, Utah, posted on the Utah Public Notice Website and Hyrum City's Website, provided to each member of the governing body, and posted at the City Offices, 60 West Main, Hyrum, Utah, this **15th day of May, 2023**. Stephanie Fricke, MMC, City Recorder.

Fraud Risk Assessment

*Total Points Earned: 375 / 395 *Risk Level: Very Low Low Moderate High Very High

> 355 316-355 276-315 200-275 < 200

	Yes	Pts
1. Does the entity have adequate basic separation of duties or mitigating controls as outlined in the attached Basic Separation of Duties Questionnaire?	X	200
2. Does the entity have governing body adopted written policies in the following areas:		
a. Conflict of interest?	X	5
b. Procurement?	X	5
c. Ethical behavior?	X	5
d. Reporting fraud and abuse?	X	5
e. Travel?	X	5
f. Credit/Purchasing cards (where applicable)?	X	5
g. Personal use of entity assets?	X	5
h. IT and computer security?	X	5
i. Cash receipting and deposits?	X	5
3. Does the entity have a licensed or certified (CPA, CGFM, CMA, CIA, CFE, CGAP, CPFO) expert as part of its management team?		20
a. Do any members of the management team have at least a bachelor's degree in accounting?	X	10
4. Are employees and elected officials required to annually commit in writing to abide by a statement of ethical behavior?	X	20
5. Have all governing body members completed entity specific (District Board Member Training for local/special service districts & interlocal entities, Introductory Training for Municipal Officials for cities & towns, etc.) online training (training.auditor.utah.gov) within four years of term appointment/election date?	X	20
6. Regardless of license or formal education, does at least one member of the management team receive at least 40 hours of formal training related to accounting, budgeting, or other financial areas each year?	X	20
7. Does the entity have or promote a fraud hotline?	X	20
8. Does the entity have a formal internal audit function?	X	20
9. Does the entity have a formal audit committee?	X	20

*Entity Name: Hyrum City

*Completed for Fiscal Year Ending: June 30 2023 *Completion Date: May 18th 2023

*CAO Name: Stephanie Miller *CFO Name: Todd Perkins

*CAO Signature: Stephanie Miller *CFO Signature: Todd Perkins

*Required

Basic Separation of Duties

See the following page for instructions and definitions.

	Yes	No	MC*	N/A
1. Does the entity have a board chair, clerk, and treasurer who are three separate people?	X			
2. Are all the people who are able to receive cash or check payments different from all of the people who are able to make general ledger entries?			X	
3. Are all the people who are able to collect cash or check payments different from all the people who are able to adjust customer accounts? If no customer accounts, check "N/A".			X	
4. Are all the people who have access to blank checks different from those who are authorized signers?			X	
5. Does someone other than the clerk and treasurer reconcile all bank accounts OR are original bank statements reviewed by a person other than the clerk to detect unauthorized disbursements?	X			
6. Does someone other than the clerk review periodic reports of all general ledger accounts to identify unauthorized payments recorded in those accounts?	X			
7. Are original credit/purchase card statements received directly from the card company by someone other than the card holder? If no credit/purchase cards, check "N/A".	X			
8. Does someone other than the credit/purchase card holder ensure that all card purchases are supported with receipts or other supporting documentation? If no credit/purchase cards, check "N/A".	X			
9. Does someone who is not a subordinate of the credit/purchase card holder review all card purchases for appropriateness (including the chief administrative officer and board members if they have a card)? If no credit/purchase cards, check "N/A".	X			
10. Does the person who authorizes payment for goods or services, who is not the clerk, verify the receipt of goods or services?	X			
11. Does someone authorize payroll payments who is separate from the person who prepares payroll payments? If no W-2 employees, check "N/A".	X			
12. Does someone review all payroll payments who is separate from the person who prepares payroll payments? If no W-2 employees, check "N/A".	X			

* MC = Mitigating Control

Municipal Wastewater Planning Program (MWPP)
Annual Report
for the year ending 2022
HYRUM CITY

Thank you for filling out the requested information. Please let DWQ know when it is approved by the Council.

Please download a copy of your form by clicking "Download PDF" below.

Below is a summary of your responses

[Download PDF](#)

SUBMIT BY APRIL 15, 2023

Are you the person responsible for completing this report for your organization?

☒ **Yes**

☐ **No**

This is the current information recorded for your facility:

Facility Name:	HYRUM CITY
Contact - First Name:	Angela
Contact - Last Name:	Pritchett
Contact - Title	Water Reclamation Supt.
Contact - Email:	

Contact - Phone:	435-760-1724
Contact - Email:	apritchett@hyrumcity.com

Is this information above complete and correct?

☒ **Yes**

☐ No

Your wastewater system is described as Collection, Mechanical Treatment & Financial:

Classification: COLLECTION

Grade: II

(if applicable)

Classification: TREATMENT

Grade: III

Is this correct?

WARNING: If you select 'no', you will no longer have access to this form upon clicking Save & Continue. DWQ will update the information and contact you again.

☒ **Yes**

☐ No

Click on a link below to view a previous year's examples of sections in the survey:

(Your wastewater system is described as Collection, Mechanical Treatment & Financial)

Will multiple people be required to fill out this form?

☐ Yes

☒ No

Financial Evaluation Section

Form completed by:

Angela Pritchett

Part I: GENERAL QUESTIONS

Yes

No

Are sewer revenues maintained in a dedicated purpose enterprise/district account?

Yes

No

Are you collecting 95% or more of your anticipated sewer revenue?

Are Debt Service Reserve Fund⁶ requirements being met?

What was the annual average User Charge¹⁶ for 2022?

47.00

Do you have a water and/or sewer customer assistance program (CAP)?

Section 9. Item B.

☐ Yes

☒ No

Part II: OPERATING REVENUES AND RESERVES

	Yes	No
Are property taxes or other assessments applied to the sewer systems ¹⁵ ?	<input type="radio"/>	<input checked="" type="radio"/>
Are sewer revenues ¹⁴ sufficient to cover operations & maintenance costs ⁹ , and repair & replacement costs ¹² (OM&R) at this time?	<input checked="" type="radio"/>	<input type="radio"/>
Are projected sewer revenues sufficient to cover OM&R costs for the <i>next five years</i> ?	<input checked="" type="radio"/>	<input type="radio"/>
Does the sewer system have sufficient staff to provide proper OM&R?	<input checked="" type="radio"/>	<input type="radio"/>
Has a repair and replacement sinking fund ¹³ been established for the sewer system?	<input checked="" type="radio"/>	<input type="radio"/>
Is the repair & replacement sinking fund sufficient to meet anticipated needs?	<input checked="" type="radio"/>	<input type="radio"/>

Part III: CAPITAL IMPROVEMENTS REVENUES AND RESERVES

	Yes	No
Are sewer revenues sufficient to cover all costs of current capital improvements ³ projects?	<input checked="" type="radio"/>	<input type="radio"/>

Has a Capital Improvements Reserve Fund⁴ been established to provide for anticipated capital improvement projects?

Yes

☒

No

☐

Are projected Capital Improvements Reserve Funds sufficient for the *next five years*?

☐☒

Are projected Capital Improvements Reserve Funds sufficient for the *next ten years*?

☐☒

Are projected Capital Improvements Reserve Funds sufficient for the *next twenty years*?

☐☒

Part IV: FISCAL SUSTAINABILITY REVIEW

Yes

No

Have you completed a Rate Study¹¹ within the last five years?

☒☐

Do you charge Impact fees⁸?

☒☐

2022 Impact Fee (if not a flat fee, use average of all collected fees) =

2206.42

Yes

No

Have you completed an Impact Fee Study in accordance with UCA 11-36a-3 within the last five years?

☐☒

Do you maintain a Plan of Operations¹⁰?

☒☐

Have you updated your Capital Facility Plan² within the last five years?

☐☒

In what year was the Capital Facility Plan last updated?

Section 9. Item B.

Yes

No

Do you use an Asset Management¹ system for your sewer systems?

☒☐

Describe the Asset Management System (check all that apply)

☐ Spreadsheet

☐ GIS

☒ **Accounting Software**

☐ Specialized Software

☐ Other

Yes

No

Do you know the total replacement cost of your sewer system capital assets?

☐☒

Yes

No

Do you fund sewer system capital improvements annually with sewer revenues at 2% or more of the total replacement cost?

☐☒

What is the sewer/treatment system annual asset renewal* cost as a percentage of its total replacement cost?

☐☒

What is the sewer/treatment system annual asset renewal* cost as a percentage of its total replacement cost?

Part V: PROJECTED CAPITAL INVESTMENT COSTS

Cost of projected capital improvements

	Cost	Purpose of Improvements		
	Please enter a valid numerical value	Replace/Restore	New Technology	Increase Capacity
2023	425000	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
2023 thru 2027		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2028 thru 2032		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2033 thru 2037		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2038 thru 2042		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

This is the end of the Financial questions

To the best of my knowledge, the Financial section is completed and accurate.

☒ Yes

Collections System Section

Form completed by:
May Receive Continuing Education /units (CEUs)

Part I: SYSTEM DESCRIPTION

What is the largest diameter pipe in the collection system (diameter in inches)?

24

What is the average depth of the collection system (in feet)?

8

What is the total length of sewer pipe in the system (length in miles)?

50

How many lift/pump stations are in the collection system?

6

What is the largest capacity lift/pump station in the collection system (design capacity in gallons per minute)?

250

Do seasonal daily peak flows exceed the average peak daily flow by 100 percent or more?

☐ Yes

☒ No

What year was your collection system first constructed (approximately)?

Section 9. Item B.

1975

In what year was the largest diameter sewer pipe in the collection system constructed, replaced or renewed? (If more than one, cite the oldest)

1975

PART II: DISCHARGES

How many days last year was there a sewage bypass, overflow or basement flooding in the system due to rain or snowmelt?

0

How many days last year was there a sewage bypass, overflow or basement flooding due to equipment failure (except plugged laterals)?

0

The Utah Sewer Management Program defines two classes of sanitary sewer overflows (SSOs):

Class 1- a Significant SSO means a SSO or backup that is not caused by a private lateral obstruction or problem that:

- (a) affects more than five private structures;*
- (b) affects one or more public, commercial or industrial structure(s);*
- (c) may result in a public health risk to the general public;*
- (d) has a spill volume that exceeds 5,000 gallons, excluding those in single private structures; or*
- (e) discharges to Waters of the state.*

Class 2 - a Non-Significant SSO means a SSO or backup that is not caused by a private lateral obstruction or problem that does not meet the Class 1

by a private lateral obstruction or problem that does not meet the Class 1 SSO criteria.

Below include the number of SSOs that occurred in year: 2022

Number

Number of Class 1 SSOs in Calendar
year

0

Number of Class 2 SSOs in Calendar
year

0

Please indicate what caused the SSO(s) in the previous question.

NA

Please specify whether the SSOs were caused by contract or tributary community, etc.

NA

Part III: NEW DEVELOPMENT

Did an industry or other development enter the community or expand production in the past two years, such that flow or wastewater loadings to the sewerage system increased by 10% or more?

☐ Yes

☒ No

Are new developments (industrial, commercial, or residential) anticipated in the next 2 - 3 years that will increase flow or BOD5 loadings to the sewerage system by 25% or more?

☒ Yes

☐ No

Section 9. Item B.

Number of new commercial/industrial connections in the last year

0

Number of new residential sewer connections added in the last year

146

Equivalent residential connections⁷ served

3693

Part IV: OPERATOR CERTIFICATION

How many collection system operators do you employ?

4

Approximate population served

10036

State of Utah Administrative Rules requires all public system operators considered to be in Direct Responsible Charge (DRC) to be appropriately certified at least at the Facility's Grade.

List the designated Chief Operator/DRC for the Collection System below:

	Name Name First and Last Name First and Last Name	Grade Grade	Email Email Please enter full email Please enter full email address	Section 9. Item B.
Chief Operator/DRC	Angela Pritchett	II	apritchett@hyrumcity.com	

List all other Collection System operators with DRC responsibilities in the field, by certification grade, separate names by commas:

	Name separate by comma
SLS ¹⁷ Grade I:	
Collection Grade I:	
Collection Grade II:	
Collection Grade III:	
Collection Grade IV:	

List all other Collection System operators by certification grade, separate names by commas:

	Name separate by comma
SLS ¹⁷ Grade I:	
Collection Grade I:	
Collection Grade II:	Jeff Jorgensen, Chris Crockett
Collection Grade III:	
Collection Grade IV:	David (Tom) Broadbent,
No Current Collection Certification:	

Is/are your collection DRC operator(s) currently certified at the appropriate grade for this facility?

☐ No

Part V: FACILITY MAINTENANCE

	Yes	No
Have you implemented a preventative maintenance program for your collection system?	<input checked="" type="radio"/>	<input type="radio"/>
Have you updated the collection system operations and maintenance manual within the past 5 years?	<input type="radio"/>	<input checked="" type="radio"/>
Do you have a written emergency response plan for sewer systems?	<input checked="" type="radio"/>	<input type="radio"/>
Do you have a written safety plan for sewer systems?	<input checked="" type="radio"/>	<input type="radio"/>
Is the entire collections system TV inspected at least every 5 years?	<input type="radio"/>	<input checked="" type="radio"/>
Is at least 85% of the collections system mapped in GIS?	<input checked="" type="radio"/>	<input type="radio"/>

Part VI: SSMP EVALUATION

	Yes	No
Has your system completed a Sewer System Management Plan (SSMP)?	<input checked="" type="radio"/>	<input type="radio"/>
Has the SSMP been adopted by the permittee's governing body at a public meeting?	<input checked="" type="radio"/>	<input type="radio"/>
Has the completed SSMP been public noticed?	<input checked="" type="radio"/>	<input type="radio"/>
During the annual assessment of the SSMP, were any adjustments needed based on the	<input type="radio"/>	<input checked="" type="radio"/>

were any adjustments needed based on the performance of the plan?

Yes

No

Section 9. Item B.

Date of Public Notice

11/16/2017

During 2022, was any part of the SSMP audited as part of the five year audit?

☐ Yes

☒ No

Have you completed a System Evaluation and Capacity Assurance Plan (SECAP) as defined by the Utah Sewer Management Program?

☒ Yes

☐ No

Part VII: NARRATIVE EVALUATION

This section should be completed with the system operators.

Describe the physical condition of the sewerage system: (lift stations, etc. included)

Lift stations are new and are regularly maintained. Manholes are inspected annually and are in good condition. Some of the sewer lines may need to be replaced for capacity.

What sewerage system capital improvements³ does the utility need to implement in the next 10 years?

We are in the process of updating our SECAP. Once the SECAP is complete we will have a better idea of what lines need to be replaced for capacity.

What sewerage system problems, other than plugging, have you had over the last year?

None

Is your utility currently preparing or updating its capital facilities plan²?

☒ **Yes**

☐ No

Does the municipality/district pay for the continuing education expenses of operators?

☒ **100% Covered**

☐ Partially cover

☐ Does not pay

Is there a written policy regarding continuing education and training for wastewater operators?

☒ **Yes**

☐ No

Any additional comments?

Hyrum City is in the process of updating their SECAP plan. Based off of the findings the SSMP may be modified and we will have a better informed capital plan moving forward.

[This is the end of the Collections System questions](#)

To the best of my knowledge, the Collections System section is completed

and accurate.

NOTE: This questionnaire has been compiled for your benefit to assist you in evaluating the technical and financial needs of your wastewater systems. Completion of the collection section meets the annual reporting requirement for the USMP. If you received financial assistance from the Water Quality Board, annual submittal of this report is a condition of that assistance. Please answer questions as accurately as possible to give you the best evaluation of your facility. If you need assistance, please send an email to wqinfodata@utah.gov and we will contact you as soon as possible. You may also visit our [Frequently Asked Questions](#) page.

HYRUM CITY CORPORATION

COMMUNITY PROFILE

HYRUM CITY CORPORATION COMMUNITY PROFILE

Hyrum City was settled by Mormon Pioneers in 1860. Named for the brother of Joseph Smith, Hyrum was built at a time when local leaders envisioned a neighboring city in the area now known as "College Ward" which would be called "Joseph."

For many years, Hyrum's population remained stable at 1,700 people. Then, following a growth spurt in the early 1970's, Hyrum leveled off at 3,900. Over the next 40 years, the population inched upward until an influx of people from outside the valley created a need for new housing. New figures estimate 2022 population at 10,036.

Surrounded by farms and countryside, Hyrum remains a rural community in nature. Its chief employer is JBS Swift (formerly known as E.A. Miller, Inc.), a meat packing plant with approximately 1,500 employees.

People list the rural atmosphere high among the chief reasons why they locate in Hyrum. Quiet neighborhoods with a blending of country living mixed with urban convenience make Hyrum an ideal community in many ways.

Those who do not work at JBS Swift, West Point Dairy, or in any one of the city's 200 other businesses (divided between commercial and home locations), find employment with Cache County School District, Utah State University, or commute to Thiokol, Autoliv, nearby Logan for work.

Hyrum offers ample land zoned for commercial or industrial uses. The Blacksmith Fork Industrial Park, a 79-acre site east of the city, is home to a number of businesses, including Mountain Fiber Insulation and Recycling, Timber wolf

Cabinet, Royal Dog Boarding, Hyrum Self Storage, Artistic Metal Works, Smitty's Automotive & Sales, Top Shed, LJ Millworks, On Automotive, Cedar Valley Transport. The Blacksmith Fork Subdivision has completed its infrastructure and provides additional industrial and commercial business space. There are many new subdivisions and a lot of residential growth on the East side of Hyrum.

Hyrum City offers many recreational opportunities through its own parks and facilities including group picnic areas on the City Square and AJ Park and the Canyon Lodge in Blacksmith Fork Canyon. In addition, the state owns and operates the Hardware Ranch elk preserve and the Hyrum State Park, which has boating and camping facilities, adjacent to Hyrum Dam. The state park draws people from a wide area for fishing, swimming, and other water sports and activities.

Blacksmith Fork River provides some of the best fishing in the state and the canyon includes four Forest Service campgrounds in addition to city camping areas up Left Hand, at the CCC Camp, and near the hydroelectric plant.

The hydroelectric generator, located 11 miles up Blacksmith Fork Canyon, forms the foundation of the city's municipal electric utility and offers recreational opportunities in park facilities located on the river by the plant.

4

Other public buildings and facilities include the Elite Hall, with one of Utah's few remaining spring-loaded dance floors, the Civic Center, with its attractive multi-purpose room, and the city's rodeo arena located on the East Park complex. The Senior Citizen Center provides weekday activities (9 a.m. to 2 p.m.) for seniors from Hyrum and surrounding communities.

The Library is located at 50 West Main and provides an attractive setting for individuals and families to enjoy reading and other educational experiences.

Hyrum City is widely known for its annual 4th of July celebration complete with fireworks, rodeo, and parade. Hyrum's Star Spangled Week provides

old-fashioned fun and entertainment for people of all ages.

Medical, dental and chiropractic services are available in Hyrum and the community provides a wide range of municipal services including culinary and secondary water, wastewater collection and treatment, electricity, fire protection, emergency medical technicians, parks and recreation programs, library and other cultural opportunities. Law enforcement, ambulance service, mosquito abatement, building inspection, recycling and solid waste collection are provided through contracts with Waste Management.

Community leaders continue to provide for continued, orderly growth, both commercial and residential, through a revised general plan and appropriate zoning.

COMMUNITY GROWTH 2023-24

This chart graphs new single family residences including town homes constructed between 2011 and 2022:

There has been 16 town home units built in 2022 compared to 67 in 2020. The construction of townhomes increased the numbers significantly starting in 2017. With less town homes, more single family homes and higher interest rates it looks like building permits will decrease.

The total number of permits for each category for 2017 through 2022 is as follows:

	2017	2018	2019	2020	2021	2022
Single family homes	69	80	94	124	174	122
Townhouse-total units	58	75	77	67	24	16
Multi-family housing	1	0		12		
Residential-additions/garages/sheds	37	37	62	45	80	67
New commercial construction	6	4	10	7	4	6
Commercial remodel/additions	1	5	3	8	3	6
Solar	11	4	5	5	13	56
Totals	183	205	251	268	298	273

Approved residential subdivisions under construction are listed with their remaining lots. As of April 1, 2023 there are 167 lots in the following approved subdivisions:

HYRUM CITY CORPORATION

BUDGET

MESSAGE & SUMMARY

FISCAL YEAR

2023-24

**HYRUM CITY CORPORATION
OPERATING BUDGETS
FISCAL YEAR 2023-24
EXECUTIVE SUMMARY**

To the City Council and the Citizens of Hyrum City:

This year we've had a long winter with record snowfall. Our roads department worked long hours to clear snow to keep our roads safe.

Local participating municipalities have joined together and formed the Cache Waste Consortium. A request for proposals to haul garbage was issued. There were four companies that submitted bids. The CWC contracted with Waste Management. They should begin service in the Fall.

The Hyrum City Fire Department operates as a volunteer unit and provides fire suppression, not only within Hyrum City limits, but also primary response in Cache County Zone 8 (from Blacksmith Fork River Bridge in Nibley to 7400 South, up Blacksmith Fork Canyon to the Rich and Weber County lines) and contracts with Nibley City and Millville for primary alarm response. Kevin Maughan has served as Hyrum's Fire Chief and Water Reclamation Superintendent for many years and recently has retired. His Assistant Fire Chief Blake Christensen has been serving with Kevin. I want to take the opportunity to thank them for the many hours of training and responding to calls in behalf of all who live here! Tony Stauffer has been selected by a committee to serve as Hyrum's new fire chief. He has selected Luke Schmid and Chris Crockett as assistant fire chiefs. Chris will be over the fire aspect of the department and has selected Ryan Williamson as a captain. Luke will be over the medical aspect of the department and has selected Kendall Christensen as a captain. There are approximately 36 trained firemen and EMTs that work in these departments. I appreciate their service!

On November 10th, our city administrator, Ron Salvesen, retired after working almost 16 years for Hyrum City. He began as a planning and zoning administrator, and has been the city administrator for 12 years. I am grateful to him for his hard work and dedication. It has been a privilege to work together with him for the best interest of the city! As mayor I possess the administrative and executive powers of the city. With consent of the city council, I have assumed the administrative responsibilities that the city administrator has previously taken care of. With unsurety of the direction the economy may take, we will save money until the time comes that we are ready to fill the administrative position.

Hyrum's power utility serves approximately 3,600 residential, commercial, and industrial customers. The utility buys most of its power from outside sources. Five of these sources are owned in part by the City: San Juan, Hunter II, IPP,

EXECUTIVE SUMMARY (CONTINUED)**FISCAL YEAR 2023-24**

Nebo Power Station, Pleasant Valley Wind Facility, and the Horse Butte Wind Project. The remainder comes from generating plants on the Colorado River, Richmond/Cove irrigation hydro, and Hyrum's own generating plant in Blacksmith Fork Canyon, which supplies less than four percent of the City's energy. The city owns and maintains over 100 miles of distribution lines throughout the city. Our system receives power through high voltage transmission lines owned by Rocky Mountain Power. The cost of power has been very volatile. The City completed a rate study and some adjustments in rates have been made. Transmission lines are being built to West Point Dairy, and the city is building a gas generation plant that can provide 50% of the total power used.

Significant projects completed this year: skateboard park; park at the top of the Blacksmith Fork Canyon Trail; power system upgrades including West Point substation and work on the 46 KV line, beginning to build a gas generation plant; installation of water meters; storm water sumps on Rosewood, Glenwood, and Canyon View Drive; 6 pickle ball courts; new playground equipment at Salt Hollow and Blacksmith Fork parks; cemetery restroom completed; more steel water lines replaced; paint removal on the outside of the Elite Hall, 300 south sidewalk from 400 East to Center Street; head gates and drying beds at the sewer; electric rate study

While serving as your mayor, I've seen countless hours of service given to others. Our Planning Commission, Museum Board, Senior Citizen Board, Library Board, Youth Council Advisors and Youth Council all voluntarily serve our community. Hyrum's volunteer Fire Department and First Responders train tirelessly at no cost to our citizens and are only paid when they respond to an event or call. Boy Scout and Girl Scout leaders volunteer to teach good citizenship to the youth. Parents volunteer at our local schools and coach our youth in sports. Many of you look out for your neighbors and give service to them. There are many who give of their time and money for the benefit of others.

HYRUM CITY 2023-24 EXPENDITURE HISTORY

The following charts show the history of actual expenditures (projected for 2023 and budgeted for 2024). Since the necessity for capital expenditures fluctuates from year to year, these charts

indicate ongoing operational expenses and do not include any capital outlay for equipment, buildings, special projects, or land.

GENERAL FUND

Expenditures in the general fund continue to rise as the population of Hyrum grows and expanded services are provided to the residents.

2021 reflects an increase due to CARES act expenditures, the new EMS contract and transfers to the Capital Project Fund. We are transferring more starting in 2018-19 to the Capital Projects fund to construct the fire station, Blacksmith fork Trail. In 2022-23 The transfer is for Blacksmith Fork Park and the West Park.

The increases in 2020-21 is from CARES act expenditures EMS contract and the mass transit tax. Transfers were made to the Debt Service fund to pay off the library in 2016 and 2017. 2020-21 budget included a CDBG grants (\$100,000) for The Family Place. Nothing is budgeted to transfer to the Capital project fund for Blacksmith Fork Park in 2023-24. As transfers and federal funding go away it decreases the operational expenditures. Less subdivisions and building permits are budgeted for 2023-24.

WATER FUND

Maintenance of the distribution system has steadily increased as infrastructure ages and the system expands with additional development projects. Expenditures for professional services, utility costs and maintenance continue to increase the budgeted amounts. Starting in 2010 re-payment of the 2 Million gallon

reservoir bond were included; No transfers to the General Fund have been done since 2016 and no transfer is budgeted for 2022-23; but money is budgeted for new meters. The decrease in expenditures is mainly because the 2 MG Water tank is paid off and an employee not being replaced.

**HYRUM CITY
2023-24
EXPENDITURE HISTORY
(CONTINUED)**

SEWER FUND

A concerted effort is being made to curtail any increase in costs for utilities and chemicals. In 2012 the increase is due to repayment of a bond on a water recycling project. The water recycling project will reduce the cost of treatment chemicals. The sharp increase starting in 2015 is due to large number of plates being purchased to continue running the plant. The increase in 2016-17 is due to paying off the water recycling bond, for the purchase of new replacement plates and additional pumping/treatment cost from a very wet

year. With the new upgrades plates will not need to be replaced. As the plant ages chemical cost and plate cost steadily increase with the capital improvements completed to the plant we are hoping some of these cost will decrease with efficiency. The increase from 2020 to 2021 is because of the chemical T-Floc that is keeping the plant running efficiently while the plant received its much needed upgrade. In 2021-22 includes paying off the original WWTP bond and starting the new WWTP upgrade bond.

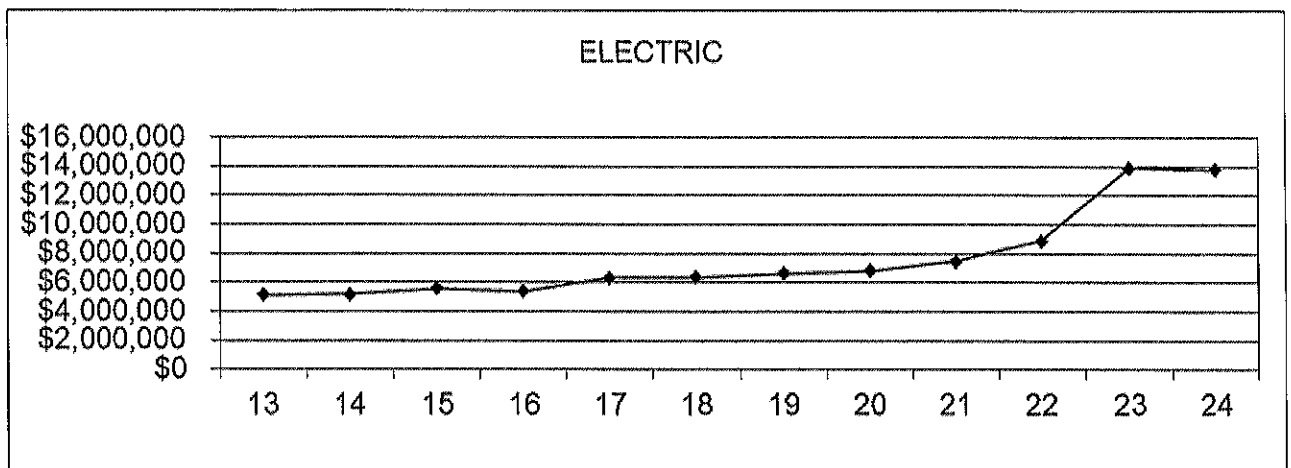

HYRUM CITY
2023-24
EXPENDITURE HISTORY
(CONTINUED)

ELECTRIC FUND

Demand for electricity continues to increase and power purchase costs have fluctuated so much the last year. A rate increase was passed by the council in 2023 along with the PPAC. An increasing population including additional air conditioning and other electrical requirements in new homes also contributes to the steady operational increases. JBS new plant is on line this contributes to additional power needing to be purchased as well as Kilgore and the addition to West Point Dairy plant. The

new metering system is now installed and contributed to the increases in 2017 and 18. 2012 a small decrease is due to no transfer to the General Fund. No transfer to the General Fund is budgeted for 2023-24. The spike in 2020-23 is due to many new homes/subdivision, increased inventory, increased cost to purchase materials with long lead times and huge spikes in power purchase prices. The temp generators also increased operating cost.

IRRIGATION FUND

Expenditures in this fund have remained fairly consistent over the last several years with slight increases for utility and personnel costs. 2012 and 2013 show a decrease because of an employee leaving

and not being replaced. Additional employees were added in 2014. A budgeted increase for 2023-24 is for additional employees to install meters for the secondary metering grant.

**HYRUM CITY
2023-24
EXPENDITURE HISTORY
(CONTINUED)**

STORM WATER FUND

The storm water fund was created in 2006. As the collection system facilities expand maintenance costs increase. The spike in 2011 is due to a storm water audit done by the State in 2010. To stay in compliance with the State requirements, additional training and professional services are required. The drop in 2011-2014 is due to less professional service we anticipate that we will not have the

audit or any other major engineering. The spike in 2016-17 is due to repairs associated with this fund and a storm water inspector being hired. Storm Water is becoming more and more of a concern and more work is done by employees to stay in compliance. \$30,000 is budgeted in 2022-23 in professional services to pay for a storm water inspector.

HYRUM CITY CORPORATION

PROPERTY TAXES

HYRUM MUNICIPAL TAX RATE 2023-24

It is helpful to review the process used in determining the Certified Property Tax Rate because of the way the State computes these taxes.

In 2003, the Utah State Legislature passed HB-116, which modified the Property Tax Act by changing the method in which the certified tax rate is calculated. The certified tax rate is now computed based on the previous year's budgeted tax revenue instead of the previous year's collected tax revenue. Even though tax funds are tied to the budgeted amount of revenue, the certified tax rate continues to decline annually unless cities choose to go through the lengthy process to raise the tax rate.

A history of the Utah State Property Tax Act follows:

Since local governments rarely collected all of the budgeted property tax, there was a continuous annual decrease in the amount of property taxes collected because of its connection to the "collected" amount of tax. This phenomenon of decreasing property tax was created in 1987 when the State Legislature, in an attempt to slow the growth of property taxes in the State, changed the levy from a "mill levy" that could increase revenues up to six percent a year to a "certified tax rate" that limited cities to the same amount of revenue collected plus new growth the previous year.

The Utah League of Cities and Towns provided this information: "The Utah Code Annotated 59-2-9, et seq. set forth the methodology for achieving the legislative intent. For the first two years after the legislation was adopted, the statutory

language read as follows: 'The Certified Tax Rate means a tax rate that will provide the same ad valorem property tax revenues for a taxing entity as were levied by that taxing entity for the prior year.' UCA 59-2-924 (2)(a)(1). Two years later, in 1991, the word was changed yet again to 'collected,' which is the word currently found in the statute. The reasons for these wording changes have faded with time, but their impact in today's environment is clear.

"It is important to note that new growth, delinquent taxes, and interest and penalties were not included in the calculation of certified tax rate, since they vary from year to year. The purpose of the legislation, simply stated, was to assure cities that they would receive the same revenue as they were entitled to receive the previous year. Unfortunately, there was a serious problem that arose from using the word 'collected.' Simply stated, if the revenue collected by the county was less than the taxing entity was entitled to receive, that lesser amount (the shortfall) became that base for the following year.

"The possible reasons for shortfalls have to do with the fact that setting the tax rate involves many parties—the state tax commission (valuing centrally assessed property, handling property tax appeals for centrally assessed and appeal from the county board of equalization), counties (estimating personal property and relieving taxes through the board of equalization), court decisions (involving property tax appeals), property taxpayer declarations (for personal property), and even the taxpayer himself (by the timing of

HYRUM MUNICIPAL TAX RATE 2023-24 (CONTINUED)

when he pays his taxes). While this will not prevent shortfalls or windfalls in the year they occur, it will prevent them from being compounded by incorporating them into the revenue calculation for subsequent years."

The following graph shows the annual change in property taxes using the Certified Tax Rate. A tax rate adjustment was approved for fiscal 2010-11. The drop in 2009 was due to the drop in home prices that is why an adjustment was made. No adjustment to 2023 taxes is anticipated.

PROPERTY TAX ASSESSMENTS 2023-24

This graph represents the allocation of property tax dollars. The property tax assessment on a home with a market value of \$415,000 would be \$1,799.52.

This total is calculated as follows:

Home value	\$415,000
45% of the home value is exempt	<u>-186,750</u>
Taxable value of home	\$228,250

These figures and graph are based on 2022 property tax percentages:

Cache County School District	\$1,276.60	.005593
Cache County	\$ 342.83	.001502
Hyrum City	\$ 169.82	.000744
Mosquito Abatement	<u>\$ 10.27</u>	.000045
	\$1,799.52	

Three thousand six hundred homes at \$169.82 each will generate \$611,352 in property tax revenue. Based on 2023-24 General Fund budget estimates, Hyrum City provides approximately \$2,055.95 worth of General Fund services to each home (not including solid waste collection or utility services). This means that \$1,886.13 of those services must come from sources other than property tax.

CACHE COMMUNITY TAX RATES 2023-24

The following graph indicates Certified Tax Rates published for the year 2022 by the Utah State Tax Commission. We will not know how much our rate for 2023 changes

until after the budget is approved, but are using 2022 figure of .000744 for purposes of this budget.

These community tax rates are the published figures for 2022 from Utah State

Tax Commission web site. The actual Certified Tax Rates are as follows:

<u>Municipality</u>	<u>Tax Rate</u>

*The rates for these cities include cemetery district taxes.

HYRUM CITY CORPORATION

GENERAL FUND REVENUES

GENERAL FUND REVENUES 2023-24

This chart tracks total General Fund revenue compared with taxes, transfers, and other revenues. Revenues budgeted for 2023-24 are 10.13% more than those budgeted in 2022-23. No Transfer is budgeted for 2023-24 and has not been since 2017. The mass

Transit tax was imposed in 2013 increasing the overall tax revenue. Tax revenue was also increased due to the Kilgore, and JBS annexations. CARES act funding was also a big contributing factor in the large increase in 2020-21 and ARPA Funds in 2021-22.

GENERAL FUND BUDGET 2023-24 REVENUE PERCENTAGES

Taxes remain the largest source of General Fund revenue for 2023-24. Tax revenues include property tax, delinquent property tax collections, fee in lieu, sales tax, franchise, energy taxes and a mass transit tax.

Contributions are donations from private sources and include money donated to the senior citizen center and miscellaneous other donations to fire, first responders, parks, museum etc.

Transfers are dollars moved from one fund to another and no transfer is budgeted for 2023-24. A transfer is proposed on the expenditure side from

the General Fund to the Electric Fund and The Capital Projects Fund.

Intergovernmental Funds this year include, \$755,000 B&C and additional road funds from the State. State and federal Grants this year are budgeted include \$6,000 CLEFT grant, \$23,000 population RAPZ, \$150,000 RAPZ for Parks, \$267,000 COG 900 West, \$250,000 COG 900 West, \$90,000 for a brush truck and \$54,000 from other grants.

Fines include those received from the Court, the Library, and parking citations.

TAX REVENUES BY SOURCE 2023-24

Tax dollars projected for 2023-24 supply 44% of General Fund revenues.

Sales tax continues to be the largest source of tax revenue, contributing 51% of total tax dollars. Sales Tax has increased the last few year with JBS and Kilgore being annexed.

Energy tax projections make up 19% of the tax revenue and increased due to energy prices, last year they made up 15%. Property tax revenues are 19% down from 20% last year.

The final 11% of tax revenue is made up of franchise taxes, fees-in-lieu and the Mass Transit Tax. The Mass Transit Tax is just a pass through we record it as a revenue and an expenditure.

GENERAL FUND REVENUES 2023-24

ACCOUNT TITLE	2023 BUDGET	2023 PROJECTED REVENUES	2024 PROPOSED BUDGET	BUDGET NOTES
Property Taxes - Current	675,000	720,660	790,000	The County Assessor assures us that property values have increased in Cache County and the increased property tax revenue reflects a decrease in the Certified Tax Rate but an increase for new growth. JBS and Kilgore are Annexed and have increased the overall property tax.
Fee in Lieu – Motor Vehicles	50,000	47,363	50,000	These funds are assessed and collected by Cache County and charged on all motor vehicles, recreational vehicles, etc. All vehicles are assessed at the same rate statewide.
Property Taxes – Delinquent	15,000	7,191	15,000	Revenues from delinquent property tax collections.
Sales Taxes	1,800,000	2,082,414	2,100,000	Sales tax revenue have increased due to JBS and Kilgore being annexed. Online sales have also increased the sales tax revenue.
Franchise Taxes	55,000	52,526	55,000	Franchise taxes remain constant each year. These fees are received from cable franchise and both land and cell telephones.
Energy Sales & Use Tax	510,000	777,808	800,000	The budgeted amount is based on projected amounts for 2022-23. Energy is higher and so this tax is also increased. PPAC is also increasing this line item.
Mass Transit Tax	310,000	325,448	350,000	In 2013 this tax was applied to Hyrum on the CVTD. It is just a pass through. Expenditures are budgeted to cover the cost.
Business Licenses	17,000	23,327	23,000	Included in this line item is Landlords and regular business licenses.
Building Permits	50,000	84,081	50,000	The Cache County Building Department issues building permits and provides all inspections for Hyrum City. The County returns 20% of the building permit fee to the City. 2023-24 estimates are based on construction of 80 new dwelling units located throughout the community.
Animal Licenses	11,000	10,499	11,000	Dog license fees remained constant. \$12 spayed or neutered \$22 for unaltered and \$5 late fee.
State, Federal, County Grants	605,000	645,327	840,000	This includes \$6,000 CLEFT grant, \$23,000 population RAPZ, \$150,000 RAPZ for Parks, \$267,000 COG 900 West, \$250,000 COG 900 West, \$90,000 for a brush truck and \$54,000 from other grants.
CARES Act				CARES Act was Federal funding that helps with any COVID-19 budget shortfalls.
ARPA		510,032		ARPA funds will be transferred and expended in the Sewer fund and Irrigation fund respectively.
Class C Road Allotment	600,000	692,927	755,000	This money is used to fix and repair roads. Additional money was approved with the new County transportation sales tax.
Zoning & Subdivision Fees	50,000	83,680	50,000	These are fees paid by developers and tied to the engineering cost estimates for professional services and fees associated with new development. They continue to fluctuate from year to year as building increases so does this fund.

ACCOUNT TITLE	2023 BUDGET	2023 PROJECTED REVENUES	2024 PROPOSED BUDGET	BUDGET NOTES
Sale of Maps & Publications	1,000	57	1,000	Based on average sales during the past several years. This includes the sale of the history book.
Special Protective Services	120,000	150,092	140,000	This figure represents annual contracts for fire coverage with Nibley and Millville at \$12.00 per capita. It also includes reimbursement for fire protection to County areas and Forest Service ground.
Solid Waste Collection	1,000,000	1,032,984	1,090,000	Hyrum City currently adds five percent to solid waste charges to cover billing costs and \$1 per service per month to pay for dumpsters brought in for the Spring clean-up in April. Recycling adds a mandatory \$3 to each bill, however green waste containers remain optional. Waste Management was selected after a bidding process as the new provider and rates will be looked at.
Emergency Medical Services	200,000	189,630	200,000	This fee was started in January 2021 at \$4.00 per service per month. These fees will help offset the new EMS expenditures. This goes up 3% every July 1 st . Current Rate is \$4.12.
Animal Control Fees	3,000	2,015	3,000	These are fees charged for impounded animals, boarding, stray pen, sale of animals, etc. generated by the Animal Control Department. Cache County Sheriff's Office finished a county intake facility for dogs to be housed until dogs are claimed by their owners, sold, or euthanized.
Recreation	20,000	16,950	20,000	Fees collected for ball registrations to cover costs of equipment, umpire fees, insurance, and other expenses associated with operation of the baseball/softball programs for the south end of the valley. Wellsville, Nibley, Millville, and Mendon, participate in the program and are billed according to the number of players who enroll in the program. All registration is now done online.
Community Progress Activities	2,000	0	2,000	Revenue fluctuates in this category from year to year based on July 4 celebration and whether other city-related items are sold to the public.
Youth Council Activities	3,000	3,292	3,000	Funds generated through activities organized and promoted by the Youth Council. The July 4 th youth dance remain their primary fundraisers. Also, the sale of penny candy at the cabins.
Library User Fees	55,000	52,646	55,000	Includes 2022-23 amounts assessed to Wellsville and Nibley for use of the library and individual user fees paid by those in cities not participating. The rate will increase from \$43 to \$44 in 2023-24.
Road Impact Fees	77,900	46,740	46,800	Road impact fees continue to be used to pay the cost of the road extension of 300 South to 1300 East. They are based on construction of 30 homes east of 800 East at \$1,558 each.
Park Impact Fees	221,700	243,870	177,400	Park impact fees are based on 80 homes constructed throughout the community at \$2,217 each. These fees are used for design and development of new parks.
Cemetery	60,000	74,800	80,000	Includes charges for the purchase of cemetery lots and opening/closing of graves. Prices were increased March 2, 2023.

ACCOUNT TITLE	2023 BUDGET	2023 PROJECTED REVENUES	2024 PROPOSED BUDGET	BUDGET NOTES
Miscellaneous	100,000	22,527	100,000	Miscellaneous revenues include copy fees, sale of materials, publications, etc. This budget amount is based on amounts received during the last several years.
Court Fines	100,000	101,317	100,000	Revenues have increased due Nibley and Mendon coming to Hyrum.
Library Fines	6,500	5,335	6,500	Library fines are projected to remain constant during 2023-24.
Parking Tickets	400	810	400	Parking citation revenue have slowly decreased the last few years.
Interest Earned	20,300	96,280	148,800	Interest rates are currently at 4.8008 % for funds invested at the PTIF. The rates have increased significantly due to the Federal Reserve increasing rates and the amount in reserves.
Building & Facility Rents	30,000	64,798	60,000	Includes rental fees from the Civic Center, Elite Hall and canyon areas.
Library room rental	100	10	100	This room is rented sporadically, \$100 has been budgeted for 2023-24.
Sale of Fixed Assets	35,000	4,500	35,000	Based on sales of items declared surplus by the City Council. This Includes \$8,000 for the sale of an old roller from the Roads and \$27,000 for surplus property.
Sale of Materials & Supplies	10,000	14,420	10,000	These funds are received primarily from sales of craft items and quilts at the Senior Center.
Sale of Library Materials	1,000	1,732	1,000	This revenue source comes from reimbursement for lost library items, outdated library materials, and book fairs.
Library copy and laminating fees	2,000	1,673	2,000	This revenue source is for copies and laminating at the library for the public.
Contributions – Utilities	0	0	0	The 2023-24 budget is proposing a transfer from the electric utility.
Contributions – Private	10,000	9,163	10,000	This budget includes contributions for lunches at the Senior Citizen Center.
Contributions – Sr. Center Trips	10,000	710	10,000	The Senior Center likes to take trips this is to offset the cost.
Contributions – New Library	2,000	5,070	2,000	This was previously in the library trust fund.
Contributions – Elite Hall	10,000	5,100	10,000	This fund is to track money for the Elite Hall.
Contributions – Museum	20,000	39,199	20,000	This Fund is set up to track Museum donations. The Museum is asking for donations for exhibit development.
Contributions – Misc.	7,000	3,535	7,000	This Fund is set up for Misc. donations.
Transfer from designated funds	30,500	11,614	32,000	This is revenue to offset money spent from departments designated funds. \$10,500 is for Senior Center, \$11,500 library, and \$10,000 for the Museum exhibit development.
Transfer from general fund un appropriated	659,282	0	115,400	This line item is used to balance the budget if needed.
Total General Fund Revenues	7,607,032	8,244,152	8,377,400	

HYRUM CITY CORPORATION

GENERAL FUND EXPENDITURES

GENERAL FUND EXPENDITURES 2023-24

This chart depicts General Fund expenditures over the past 11 years.

Increases are primarily for capital projects started and completed during these years.

In the years since 2008, the General Fund has made annual contributions to both the Capital Projects and Debt Service Funds; \$1,500,000 is proposed for 2022-23 for the Capital Projects Fund for Blacksmith Fork Park and

West Park. The library bond was paid off in January 2017 ending the need for the Debt Service Fund. \$500,000 transfer to the electric department is being proposed in 2023-24 and ARPA funds \$510,032 in 2021-22 for Sewer and \$510,032 in 2022-23 for Irrigation.

The largest expenditures included in this year's budget are road rebuild and slurry seal including 900 West Road rebuild; A new shop in roads.

PROPERTY & SALES TAXES COMPARED WITH EXPENDITURES 2023-24

This chart compares sales and property tax to total General Fund expenditures. Property taxes have fluctuated over the past 11 years from a low of 8.06% of expenditures in 2020 to a high of 12.72% in 2017.

A property taxes increase in 2008-09 made the percentage 10.71%. With the property tax increase in 2010-11, the percentage increased to 12.21%. No tax increase is proposed at this time.

Sales tax revenue have also fluctuated during the last 11 years fluctuating between 19.99% of sales

tax compared to expenditures in 2020 and 25.07% in 2024. Sales tax increased from 2010-13 due to Ruby pipeline.

The spike in expenditures is due to CARES act money and transfer to capital projects and enterprise funds. Also the Elite Hall restoration.

Property and sales taxes remain the primary sources of revenue for the General Fund. The remaining funding must come from other sources. Property Tax and Sales tax have been helped by the annexation of JBS and Kilgore.

GENERAL FUND BUDGET 2023-24 EXPENDITURE PERCENTAGES

Capital is the largest expense in 2023-24; The Debt service is no longer needed because the library bond was paid off January 2017. Contract includes law enforcement coverage, solid waste and newly added EMS contract.

Capital expenditures this year total \$3,511,600 and include:

- Gen Gov. Buildings - A rock wall/redo of the sidewalk at the City Office \$28,000; Covered Park at the City Office \$10,000.
- EMS- Equipment updates \$5,000.

**HYRUM CITY GENERAL FUND
2023-24
CITY COUNCIL**

Current Councilmembers with their terms are:

	<u>From</u>	<u>To</u>
Stephen G. Adams	1-1-20	1-1-24
Jared L. Clawson	1-1-22	1-1-26
Paul C. James	1-1-22	1-1-26
Vicky McCombs	1-1-20	1-1-24
Craig L. Rasmussen	1-1-20	1-1-24

The City Council is the legislative branch of municipal government and is comprised of five members, all of whom are elected at large. The Council is responsible to evaluate and pass ordinances, approve the budget, and consider other items that come before them during Council meetings.

PERSONNEL: This budget proposes no salary increase.

OPERATION AND MAINTENANCE: Travel includes funding for attendance at the annual and mid-year League training conferences (\$10,000).

RELATED REVENUES: None

HYRUM CITY GENERAL FUND

2023-24

J.P. COURT

The Hyrum City Justice Court offers a variety of services to the residents of Hyrum and surrounding communities. The court resolves citations, handles small claims, and other judicial procedures.

The Court Clerk is available Monday through Friday 12:00 to 4:30 p.m. and the Municipal Justice Court Judge is available from 4:00 to 6:00 p.m. on Tuesdays. Trials and small claims are by appointment only. A court bailiff is in attendance any time the judge holds court. Availability of the Internet allows the court access to state agencies and gives them the ability to post outstanding court warrants statewide. The internet also provides a way for the judge to do arraignments over the internet so prisoners at the county jail are no longer transported to Hyrum.

In 2012-13 Paul Larsen was hired and trained on the duties of a Judge. On September 2021 Lori Hatch was hired as the new Court Clerk. The Court combined with Nibley and Mendon July 1st 2019.

RELATED REVENUES: Revenues from citations issued within Hyrum City are divided between the Cities and the State according to the nature of the citation. The combining of the courts brings in additional revenue.

PERSONNEL: Court personnel include a part time Municipal Justice Court Judge (salaried), one part time court clerk at 1,560 hours, and a part time assistant who works two hours per week when court is in session. The Cache County Sheriff provides bailiff services included in line 620.

OPERATION AND MAINTENANCE: The 2023-24 budget is based on 2022-23 projection. Jon Jenkins of Daines & Jenkins, LLP now provides prosecution service as of May 15th 2019 for the same amount as the County (\$2,000 per month). This is now moved to the Administration fund as of 2017.

CAPITAL: No capital request are included in this budget.

**HYRUM CITY GENERAL FUND
2023-24
MAYOR**

The current Mayor is Stephanie Miller whose term of office is: 1-1-14 to 1-1-26

In Hyrum City, the Mayor is the chief administrative officer and is responsible for the day-to-day operation of the city. The Mayor is elected to a four-year term of office.

PERSONNEL: The proposed budget includes no salary increase just an adj for a phone allowance. An adjustment was made in 2021-22.

RELATED REVENUES: None

OPERATION AND MAINTENANCE: The 2023-24 budget is based on 2022-23 projections.

**HYRUM CITY GENERAL FUND
2023-24
ADMINISTRATION**

Administration oversees the general accounting and billing functions of the City. Staff members prepare agendas, record minutes, schedule building rental, and provide numerous other services to the general public. They also provide efficient service to the public and effective support of elected officials, department heads, and other staff and volunteer workers.

RELATED REVENUES: Sale of maps, copying and miscellaneous revenue.

PERSONNEL: The City Administrator 20%, Administrative Secretary 40%, Nuisance Officer 25%, The Treasurer is charged 10% to this department. The Recorder is charged 15%, and three receptionists are charged one

at 25%, one at 30%, and one at 10% to this department.

PROFESSIONAL SERVICES: Legal fees are charged to specific projects, however, \$3,000 is budgeted in Administration to cover miscellaneous professional services, including computer support. Also Included in this account is \$32,000 for Attorney fees for Court appointed Attorneys.

OPERATION AND MAINTENANCE: The 2023-24 budget is based on 2022-23 projections and changes to personnel distributions.

CAPITAL: There are no capital requests for 2023-24.

2023-24
NON-DEPARTMENTAL**

Non-departmental funds are those activities not directly attributable to any single department. It provides for payment of the annual dues to the League of Cities and Towns, publishes the City's newsletters, and provides funds for the General Fund portion of the audit.

RELATED REVENUES: None

OPERATION AND MAINTENANCE:
Memberships include the City's annual assessment from the Utah League of Cities and Towns the cost is based on population so as population goes up so does the price of membership. Professional services provide for that portion of the annual audit fee pertaining to the General Fund. Insurance and bonds pays for the annual employee bond.

2023-24
GENERAL BUILDINGS**

This department funds the maintenance and operation of the Civic Center and Elite Hall. Other buildings are being funded by their respective departments, i.e. fire, first responders, shop, senior citizens, library/museum, and electric.

RELATED REVENUES: Rental receipts from City facilities including City parks and buildings, and canyon properties are combined in one account in the General Fund called Building and Facility Rents. In 2019 \$125,000 RAPZ grant was awarded for Elite Hall Exterior Masonry Rehabilitation and is included in 2022-23 Grants. An additional RAPZ application was awarded in 2022 for \$100,000.

PERSONNEL: Current staffing includes one part-time custodian responsible for the Civic

Center; options for contracting out cleaning the Civic Center are being looked at; one part time custodian for the Elite Hall and two office staff one at 5% and one at 20%. The office staff provides scheduling of all buildings and park areas that are now offered online.

OPERATION AND MAINTENANCE: The 2023-24 budget is based on 2022-23 projections.

CAPITAL: During 2022-23 Major work on the Elite Hall restoration including exterior brick and a new front entry way was completed. Capital requested in 2023-24 includes redoing the rock wall around the city office \$20,000; redo of sidewalk and gutter along rock wall \$17,000; covered parking at The City Office \$10,000.

2023-24
ELECTIONS**

This department funds the cost of municipal elections. The next municipal election will be held November 2023.

RELATED REVENUES: A candidate filing fee of \$25 dollar is required.

OPERATION AND MAINTENANCE No primary election was held in 2019 and no general election was held in 2021. When an election is held the cost will increase substantially because of the vote by mail. The election will partially be administered by Cache County.

2023-24
PLANNING COMMISSION

The Planning Commission is responsible for maintenance of the General Plan as well as zoning and subdivision ordinances. The Planning Commission also considers and makes recommendations regarding conditional use applications, subdivisions, zoning changes and other land-use issues.

During 2022-23 the Planning Commission was very busy with all the new subdivisions.

RELATED REVENUES: Zoning and subdivision fees are charges assessed for conditional use applications, subdivision plat approval, and construction inspection fees. This year's revenues increased significantly

due to all the subdivisions being approved. A CIB grant of \$50,000 will be sought for plan updates.

PERSONNEL: This department currently requires the services of The City Administrator (10%), a Zoning Administrator (10%), a part-time Nuisance officer (75%) and two part-time secretary one at (10%) and one at (15%).

OPERATION AND MAINTENANCE: Expenditures for 2023-24 are based on 2022-23 levels. With the exception of the 310 account that increased due to an update to the general plan and master plans.

HYRUM CITY GENERAL FUND
2023-24
LAW ENFORCEMENT

This department provides funding for law enforcement activities within Hyrum City. Hyrum City contracts with the Cache County Sheriff for law enforcement.

RELATED REVENUES: Liquor Patrol funds from the State of Utah are now distributed Directly to Cache County Sheriff's, annually in December. Revenues are based on the population, convictions, number of liquor outlets, and the county population. The State

Tax Commission retains a small fee to administer the program and the funds vary from year to year. These funds help cover Cache County Sheriff's costs associated with liquor patrol.

OPERATION AND MAINTENANCE: In 2008-09 an additional deputy was added to the Hyrum City patrol. There are now three shifts covered by Cache County deputies. No additional hours are contracted for 2023-24.

2023-24
EMERGENCY MANAGEMENT SERVICES

The Emergency Management Services (EMS) department has been created to facilitate and update the City's emergency response plan. The plan has been implemented to keep City personnel in line with Federal requirements called NIMS (National Incident Management System). The department will also manage the City's CERT (Community Emergency Response Team) program. Starting in 2010-11, CERT training was available to the public; the department converted a medical trailer to the CERT Trailer and upgraded Emergency Operation Center. Full scale disaster drills (or table top drills) will be conducted annually to test the capability of the City's planning. These drills were canceled due to COVID but are looking to make a comeback. The EMS will also train all public officials and City employees regarding their roles and responsibilities in case of a disaster. In 2021

the County took over the EMS Services line item (310).

RELATED REVENUES: Starting January 2021 a fee was placed on utility bills to help offset the cost of the agreement we have with the County for EMS services. The fee is \$4.12 per residence and more according to the call volume of business. This fee increases by 3% on July 1st.

PERSONNEL: The department is currently staffed by volunteers.

OPERATION AND MAINTENANCE: 2023-24 expenditures are based on 2022-23 levels.

CAPITAL: The 2023-24 budget is requesting \$5,000 for equipment.

HYRUM CITY GENERAL FUND 2023-24 FIRST RESPONDERS

First responders provide preliminary medical assistance on the scene of an accident, life-threatening illness or similar occurrence and receive training that helps make the responders an effective, efficient team. Certification and up-to-date training of each active First Responder is conducted annually.

Cache County Firefighters/EMTs staff the ambulance 24 hours a day. Cache County pays the salaries of each EMT who covers the ambulance service. Although the ambulance is stationed in Hyrum, volunteer EMT's are still called out to respond to emergency situations within Hyrum. The County EMTs moved to their new building up by the cemetery in September 2016.

Defibrillators are located at the City Office, Senior Center, City Shop, Squads 80, 81,

Engine 80 City Library, two in the linemen trucks and Sewer Plant.

PERSONNEL: There is a minimum of one-hour pay per response. The personnel are available to take calls on a rotating schedule with an EMT President who assists in safety management, training, coordination, and updating the emergency preparedness plans of the City.

OPERATION AND MAINTENANCE: Travel and training provides for EMT recertification and continuing medical education for all EMT's. Professional services covers the costs associated with the vaccinations and testing required for First Responders.

CAPITAL: \$5,000 is budgeted to update equipment in 2023-24.

**HYRUM CITY GENERAL FUND
2023-24
FIRE DEPARTMENT**

The Hyrum City Fire Department operates as a volunteer unit and provides fire suppression, not only within Hyrum City limits, but also primary response in Cache County Zone 8 (from the Blacksmith Fork River Bridge in Nibley to 7400 South up Blacksmith Fork Canyon to the Rich and Weber County lines) and contracts with Nibley City and Millville for primary alarm response. Tony Stauffer has been selected by a committee to serve as Hyrum's new fire chief. He has selected Luke Schmid and Chris Crockett as assistant fire chiefs. Chris will be over the fire aspect of the department and has selected Ryan Williamson as a Captain. Luke will be over the medical aspect of the department and has selected Kendall Christensen as a Captain.

RELATED REVENUES: The Fire Department also receives private contributions that usually range from \$500 to \$2,000 per year. Contracts with Nibley and Millville provide additional revenue.

Based on a population estimate of 10,036 Hyrum residents will pay approximately \$22.07 per capita for fire protection. This includes contracting out two full-time County employees to respond to calls during the day. A

rate adjustment is being looked out for Nibley and Millville that will be billed at \$12.00 in 2023-24 as per the agreement.

PERSONNEL: There are currently 36 trained volunteer firemen in Hyrum's department.

CAPITAL: The 2023-24 budget is requesting \$90,000 to purchase a Brush truck.

The 2018-19 budget had accumulated fund of approximately \$1,108,067. These funds were held in reserve until now to provide funding for the purchase of a new fire station. Funds were previously set aside for a new fire engine. The fire engine was purchased in 2014-15 to replace an existing 1975 engine. The total cost of the new engine was \$350,045 and was delivered in 2015. The extra funds from the fire truck \$300,000, the funds set aside for the fire station and some General Fund transfers to the Capital Project fund were used to build the new fire station. The shop part of the Fire Station was completed in 2018-19 and the Administration building was completed in 2019-20. The remaining fund will go to a new ladder truck that will be purchased out of capital projects. Donations from JBS and the county will also be used to purchase this truck.

HYRUM CITY GENERAL FUND 2023-24 ANIMAL CONTROL

The Hyrum City Animal Control Department provides a means for tracking lost or stray dogs and returning them to their rightful owners. Animal control officers provide a valuable service to pet owners and non-owners alike by ensuring that all dogs in the City are properly vaccinated against the spread of rabies and are restrained by their owners to avoid dog bites and other injuries. During calendar year 2022, 136 citations were issued; 74 dogs were impounded, of which 58 were returned to their owners; 16 dogs were sold; and 0 dogs were euthanized.

RELATED REVENUES: Animal violation citations are reported as part of court fines. From July 2022 to March 2023, impound, stray, and board fees totaled \$1,315 Dog license sales for the same period totaled \$9,183 for a total of \$10,498 or 26% of the total proposed budget for 2023-24.

PERSONNEL: The Animal Control Department is staffed by two part-time officers, who respond on a per-call basis to animal complaints and also patrol each day.

The 2023-24 budget provides for 1,100 hours of patrol, recordkeeping, and other activities related to the operation of the department.

OPERATION AND MAINTENANCE: Professional services provides boarding of impounded dogs, and euthanization services. The Blacksmith Fork Veterinary Clinic houses stray dogs and takes care of euthanization. Cache County Sheriff's Office finished a county intake facility for dogs to be housed. This will take the place of Black Smith Fork Vet. Special department supplies include dog tags, license books and other materials unique to Animal Control.

CAPITAL: No capital requests are included in this budget.

STATISTICS: The charges for dog licenses are: \$12 for spayed or neutered animals, \$22 for unspayed females, and for un-neutered males. Late fees of \$5 per dog are charged beginning March 1 for dogs over four months that should have been licensed prior to the deadline. New dogs and those reaching four months after March 1 are not charged a late fee. Dog owners moving into the City have 30 days in which to license their dogs without penalty.

HYRUM CITY GENERAL FUND

2023-24

ROADS

The Roads Department provides for maintenance and construction of all City streets, curbs, gutters, and sidewalks, including snow removal, sign maintenance and curbside tree maintenance.

RELATED REVENUES: The City receives Class C Road and Funds from the state to help with road maintenance within the City. These funds are budgeted at \$755,000 for 2023-24. Class C funds may be used for road construction and maintenance as well as the purchase of new road maintenance equipment. Road impact fees charged on new construction east of 800 East can only be used to pay for roads constructed specifically to access certain areas. We have budgeted the use of these impact fees to continue paying for the road construction project on 300 South between 800 and 1300 East. This road was completed during 2006-07 at a total cost of \$1.2 million. With road impact fees at \$1,558 per home, these fees will be transferred to the General Fund each year until the \$1.2 million has been recovered. A Grant was awarded for the 300 South Sidewalk and was completed.

PERSONNEL: Personnel are charged to the Road Department as follows: one at 30%, six

at 25%, one at 50%, one crossing guard and a new Public Utility Director at 5%. All overtime accumulated during winter snow removal is charged to roads and this is budgeted at \$10,000 for 2022-23. Included is one additional employee for 2022-23 budget at 25%.

CAPITAL: In 2022-23 Road rebuilds include: 100 North (200-Center); 100 North (200-600 East); 200 East (100-300 North); 100 South (200-300 East); 100 South (500-600 East); 700 East (200-100 South); 255 South (1300-1400 East; and 1350 East (25-Hyrum Blvd.). 300 South (400 East-Center) sidewalk was completed.

The 2023-24 budget requests include: \$520,000 For a new public works shop; a trade in of a roller (\$81,000-\$8,000) \$73,000; a snow plow and sander \$16,000; a snowplow for the loader \$30,000; a new loader \$200,000; \$235,000 for sidewalk grinding/leveling and additional sidewalks these two are in the 480 account; slurry seal \$155,100; road rebuilds \$315,000; rebuild dirt roads with tailings \$112,000; and \$800,000 for 900 West (Hwy 165-700 North) rebuild and widening.

HYRUM CITY GENERAL FUND
2023-24
SOLID WASTE COLLECTION

Hyrum City currently contracts with Logan Environmental for solid waste collection and disposal. The City charges five percent above the rates set by Cache County to help pay for the costs of billing and collection plus \$1 per service per month for the annual spring clean-up costs. Making the price for a 90 gallon with recycling \$21.11 and a 60 gallon with recycling \$18.75. The cost for those who choose to have an individual green waste can is an additional \$5 per month per can. Logan City gave notice to Cache County/other cities that they will not be collecting garbage in the county/other cities but will only be serving Logan residents after October 2023. A Cache Waste Consortium was formed to provide a way to select garbage services for multiple cities. Waste Management was selected to provide this service after a bidding process.

RELATED REVENUES: Projected revenues for 2022-23 are approximately \$1,032,984. This includes the regular garbage cans which are emptied weekly, the blue recycling cans which are emptied every other week. With the change in provider, rates will be looked at and may go up.

OPERATION AND MAINTENANCE: Office supplies include a portion of the cost of postage, billing forms, envelopes, and other materials related to producing and mailing the monthly billings. Most of these expenses are equally divided among Solid Waste and the four utilities. Contract services (310) include the monthly service charge to collect and dispose of solid waste.

2023-24
SHOP

The Shop maintains City vehicles and equipment. Parts are billed directly to the individual departments and the City makes no charge for repair and maintenance labor.

OPERATION AND MAINTENANCE: The 2023-24 shop budget are based on 2022-23 levels.

PERSONNEL: The Shop is staffed by two full time employee one at 20% and another at 5%.

CAPITAL: Includes a new forklift \$50,000.

HYRUM CITY GENERAL FUND 2023-24 PARKS

The Parks Department provides for the maintenance and care of all public parks located within City limits except the CCC Camp. These include the City Square, East Park, Soccer Fields, Pride Park, Salt Hollow Park, Blacksmith Fork Park that is in the construction stage and West Park also in the construction phase. All canyon facilities are maintained by the electric utility and these include the Left Hand property, the CCC Camp, AJ's, the Canyon Lodge, and the grounds around the power plant.

During 2022-23 the Parks Department added numerous pickleball courts; a new rodeo grounds shop; and continuous work at Blacksmith Fork Park.

RELATED REVENUES: Park impact fees are currently \$2,217 and are being collected on each new residential construction. These fees are used to purchase and develop new park areas like Blacksmith Fork Park.

Blacksmith Fork Park will now be moved to Capital Projects Fund starting in 2020-21.

PERSONNEL: The Parks Department is staffed by two full time and nine seasonal employees. Some summer mowing was bid out to independent contractors.

OPERATION AND MAINTENANCE: Expenditures for 2023-24 are based on 2022-23 levels.

CAPITAL: Includes a mega tower playground for Salt Hollow Park \$91,000; a new sprinkler system for Salt Hollow Park \$190,000; a rock wall around the Salt Hollow pond \$40,000; design plans for sprinkler system at the dog park \$10,000; pipe to finish ditch at Salt Hollow park \$9,000; a new truck \$68,000; a Tarco windy series leaf box \$20,000; a new air compressor \$40,000; ice and water machine for shop \$7,000; attachments for field groomer (aerator and spreader) \$8,000.

ENGINEERING**

Hyrum City hired Matt Holmes in October 2019 to be the City Engineer. In addition to engineering functions, this department provides design review and inspection of all subdivisions. Additional engineering for special projects are charged to department specific project.

During 2022-23 many developments were completed, with many more in the approval process.

RELATED REVENUES: City ordinance established subdivision and inspection review fees of 2.5% of the estimated cost of the

infrastructure. These charges help offset the cost of providing inspections, plan review, etc.

PERSONNEL: The City Administrator is charged (10%) to this department, the new City Engineer (10%) and a New Public Utility Director at (15%).

OPERATION AND MAINTENANCE: Engineering review of developments within the City is charged to the professional services account. Additional money has been set aside in the 250 account for document storage.

HYRUM CITY GENERAL FUND 2023-24 RECREATION

The Recreation Department provides those recreation programs sponsored wholly, or in part, by the City. These programs include minor and major league baseball, girls' softball, girls' fast pitch and tee ball. All registration is now online on the Hyrum City web site; you can register from home.

RELATED REVENUES: Other communities involved in league play reimburse Hyrum for their portion of expenses. Registration fees include the cost to purchase T-shirts and hats and a portion of the cost for umpire fees.

PERSONNEL: Steve Webb is our sports director running both the boys and girls ball programs. He organizes the teams and coordinates games and expenses with other communities (Wellsville, Paradise, Nibley, Millville, and Mendon).

OPERATION AND MAINTENANCE: Field preparation supplies cover the cost of pumice (diamond dust) and lime to prepare the fields for ballgames.

CAPITAL: Capital projects for 2022-23 include an ABI laser kit for ABI field groomer \$7,500. Also included in the 481field prep includes pumice \$10,000 and field prep for spring start up \$20,000.

2023-24

MUSEUM

The Hyrum City Museum is located in the basement of the library at 50 West Main. On January 12th, 2013 the museum was reopened under a new director Jami Van Huss. Museum hours of operation are Tuesday, Wednesday and Thursday 10:00 AM - 5:00 PM, 2nd Saturday of each month 10:00 AM - 3:00 PM and by appointment.

In 2022-23 the Museum welcomed new exhibits and awards including: AASLH National Award of Excellence; Utah State History outstanding achievement award; four permit exhibits including Heart of Hyrum; Hyrum's Main Street; opened the print shop with 100 year old operating printing press; and a grant for \$32,00 from the CDC to develop,

print travel, a and STEM exhibit; Science Superheroes.

RELATED REVENUES: Museum admission is free of charge although private donations are accepted. Hot Wheels in Hyrum brings in money every year. These donations mostly go for the museum expansion. Also \$10,000 will come from the designated funds to pay for capital improvements.

OPERATION AND MAINTENANCE: The museum is staffed by two part time employees the museum director and a curator.

CAPITAL: Capital projects for 2022-23 budget includes \$10,000 for new exhibits.

HYRUM CITY GENERAL FUND 2023-24 YOUTH COUNCIL

The Hyrum Youth Council provides an opportunity for community involvement and service during each one-year term of office.

Youth Council activities include a dunking booth, youth parade, and a teen dance for the July 4 celebration. They also provide help with the patriotic meeting, Elk Festival, Top of Utah Marathon, Hyrum Holiday at Hardware, Dairy Princess Pageant, Easter Egg Hunt, posting the flags at the cemetery with the American Legion for Memorial Day and volunteering at the historic cabins.

Council members attend the annual Day at the Legislature in January where they meet with their local representatives and observe the legislature in session. They also receive

training at the annual Youth Council Conference held in March at Utah State University. This conference includes representatives from youth councils throughout Utah. The Youth Council also does a day around Hyrum.

RELATED REVENUES: Youth Council fund raising activities typically generate several hundred dollars each year and they use these funds for worthy causes.

OPERATION AND MAINTENANCE: The decrease in the 230 account is due to Covid-19 not allowing the youth council to do much travel and training. They added the unused funds from 2020-21 to 2021-22 to do a conference for all YC members.

2023-24
SENIOR CITIZENS**

The Senior Center is open Monday through Friday from 9:00 a.m. to 2:00 p.m. The Senior Center serves lunch at noon with a suggested donation of \$3.00; except Thursdays.

The center is open approximately 247 days a year with about 4,000 people coming through and 8,540 meals served.

Daily activities include exercise and health programs, entertainment programs, educational programs, and many other fun activities.

Yearly events include: a snowflake party in January, a Royalty Pageant, a leprechaun party & program, mother/daughter party, Fourth of July celebration, August summer social, a Thanksgiving feast & program, December holiday boutique and a Christmas dinner & program.

The Senior Center offers fun road trips. With new vans the Senior Center can now accommodate 29 seniors on these trips.

PERSONNEL: The Senior Citizens Center is staffed by three part-time employees. The director has 2,028 hours, a cook at 1,300 hours, and a custodian at 240 hours. Our

board of directors and volunteers help as needed and we appreciate their efforts. The Senior Center also has an advisory board made up of seniors from other cities.

RELATED REVENUES: The annual craft fair is held the first week in December. The Senior Center also receives monetary donations throughout the year and sell beautiful quilts all year long.

The food pantry has been very generous to the Senior Center and they really help with our food costs.

SENIOR NEWS: A monthly newsletter is provided in the city newsletter and in surrounding cities newsletters. The Local paper and radio is used also.

OPERATION AND MAINTENANCE: Expenditures for 2023-24 are based on 2022-23 expenditures.

CAPITAL: In 2020-21 the Senior Center completed a digital marquee that helps inform the public of upcoming activities for Seniors and the City. Capital for 2023-24 include a new main front door \$10,500.

HYRUM CITY GENERAL FUND 2023-24 LIBRARY

The Hyrum Library currently serves the cities of Hyrum, Nibley, and Wellsville with 3470 active patrons. While the majority of our library patrons come from these cities, we do have some patrons from all over Cache Valley, including North Logan, and Smithfield. The library currently houses 47,260 items and has circulated 271,533 items with an average of 22,627 items monthly. Library patrons have placed holds on 13,518 items. The library also provides access to 388,409 e-books, and e-audio titles available for library patrons to download. Of those items, the Hyrum library has circulated 49,321 items.

The library continues to be a very busy place! The library holds programs during the months of September – April, along with the Summer Reading program during June and July. Story time was held 4 times weekly, this last year we kicked off our fall programming with Story time with the Sheriff and K-9 deputy. Other

programs included Magic Tree house Book club, Lego club, chess club, craft afternoon, and various teen activities.

During the months of June and July the library holds a Summer Reading program which is geared towards all ages, with programs that appeal to all. The Summer Reading program, like previous years, is our biggest event. The theme for Summer Reading was "Oceans of Possibilities", the library held an annual kickoff party where over 800 people were in attendance. 2258 individuals signed up which consisted of 613 families. Attendance for all programs stayed constant throughout the summer months, which helped increase our circulation statistics.

During the month of February, the library holds an amnesty month when all fines are "paid" with items that will benefit a nonprofit organization. This year the library accepted items that could be donated to the Cache Food Pantry. The library waived over \$1000.00 in fines and donated a truck load of items.

Just as in previous years, the library staff continues to make changes to the library collection, which gives the library a more appealing, and keeps items organized and orderly. The library staff also continues to attend training through the Utah State Library, and watch webinars, and listen to podcasts, which helps bring new ideas and new programs to our community.

Goals set for 2022-23 include:

- Continue to arrange the library to make it more appealing to the patrons that we serve.
- Send staff members to more conferences, webinars, and uplift training.
- Purchase new furnisher for the Teen area, this will enhance goals of the Teen librarian, and create a safe place for teens to hang out, and feel welcome.

HYRUM CITY GENERAL FUND
2023-24
LIBRARY (CONTINUED)

PERSONNEL: The Library is currently staffed by 11 individuals; hours are reported annually and includes: One part-time Library Director at 2028 hours, one Part-time Assistant Library Director at 1560 hours, one part-time Library Assistant at 1560 hours, one part-time Library Assistant at 1300 hours, one part-time library assistant at 1040 hours, one part-time Children's Librarian at 1404 hours, one part-time Young Adult Librarian at 1508 hours, three Library Pages at 988 hours each, and one Custodian at 624 hours.

OPERATION AND MAINTENANCE: The 2023-24 budget is based on 2022-23. projections. The Library Trust Fund was done away with in 2016-17 and added into the General Fund.

CAPITAL: Includes \$7,000 to update furniture in the teen zone; and \$4,500 for additional shelving in the teen area.

LIBRARY CIRCULATION

This chart looks at library circulation from 2012-2023. The circulation took a big jump in 2020, then into a big dive with COVID-19 from 362,871 in 2020 to 143,259 in 2021. It is making a comeback with new and returning patrons and is currently at 271,533.

LIBRARY COST PER ITEM CHECKED

This chart demonstrates the cost per book checked out of the library based on circulation and budget (Without costs associated with capital, new books and tapes) Cost per unit went from .68 cents in 2020 to 1.91 cents in 2021 because of COVID-19. Cost per check out is coming down as new patrons and returning patrons return to the library and check out books at the library.

HYRUM CITY GENERAL FUND 2023-24 CEMETERY

The Cemetery Department provides funding for the grounds and equipment pertaining to operation and maintenance of the Cemetery.

During 2022-23 a new restroom was completed.

RELATED REVENUES: The purchase price of each cemetery lot sold is credited to cemetery revenue as are the opening and closing fees for individual graves at the time they are used. Fees were increased March 2nd, 2023; fees had not been changed since 2018.

PERSONNEL: The cemetery is staffed by a sexton split with other departments at 20%, another employee at 5% and one office staff at 10%. In 2017-18 budget year we bid out the yard maintenance of the cemetery so now the two other seasonal workers are not needed. That independent contractor will be charged in the 310 account.

OPERATIONS AND MAINTENANCE: These budgets are based on 2022-23 expenditures.

CAPITAL: Capital includes a survey for future expansion of the cemetery \$50,000 and two Honda tracked snow blowers \$10,000.

HYRUM CITY GENERAL FUND
2023-24
COMMUNITY PROGRESS

Community Progress provides funding for the 4th of July celebration, the Hyrum Royalty Pageant, the City's parade float, Night out against Crime, Hyrum Holiday Celebration and business breakfasts. Hundreds of hours are donated by volunteers involved with the various events held under the direction of the Community Progress Committee.

RELATED REVENUES: Community Progress revenue comes from booth rentals at the July 4th celebration. Along with donations from various businesses to support these events.

Mass transit tax was added in community progress it is offset by taxes collected. During

2016-17 the Kilgore Annexation agreement that provides a tax break for Kilgore at 50% of property tax and sales tax for 10 years was added. CARES act expenditures were also added to this fund and are offset by CARES act funds on the revenue side. ARPA funds will not be in this fund but in Sewer and Irrigation respectively.

PERSONNEL: Community Progress involves the efforts of many people, all of whom serve as volunteers.

CAPITAL: No Capital projects are included in 2023-24 budget.

HYRUM CITY CORPORATION

CAPITAL PROJECTS

FUND

HYRUM CITY 2023-24 CAPITAL PROJECTS FUND

The Capital Projects Fund has been created to accumulate funds in the General Fund to finish projects that may take more than one fiscal year to complete. Balances in this fund are carried over from one year to another and set up in reserves to provide funding for future projects.

REVENUES: In 2020-21 a generous donation of \$425,000 from JBS was received for Blacksmith Fork Park including the skate park. The Fire Station was paid for by accumulating funds in the Designated Funds. The 2021-22 budget is proposing a transfer of \$1,500,000 from the General Fund to Capital Projects to put toward Blacksmith Fork Park and the West Park; this money comes from surplus from the General Fund.

UTILITY FUNDS

UTILITY RESERVE BALANCES 2023-24

This chart shows the changes in utility cash reserves from June 2013 to June 2022.

The fluctuations in reserve funds over the last nine years are due to increased operating costs including rising power cost, capital investments and transfers to the General Fund and Capital Projects Fund.

Between June 2021 and June 2022 Culinary Water cash reserves increased by 24% to \$3,077,131. The increase is from new growth. As of February 2023, reserves were \$3,420,659.

During the same time period, Sewer cash reserves increased by 39% to \$3,014,137. As of February 2023, the reserves are \$3,499,860. Reserves increased due to growth and an updated plant; rates were also increased in January 2020 with a built-in dollar increase in January to offset some of these costs.

Electric cash reserves decreased by 2% during 2022 from \$3,407,544 to \$3,351,147; as of February 2023, the reserves are \$650,039 these are down in large part because of West Point Dairy's construction for the transmission line upgrades, lots of projects, inflation, new growth and high-power cost.

Irrigation cash reserves increased by 45% in 2022 to \$755,903. As of February 2023, they have increased to \$777,254. Most of this is due to new growth.

Storm Water increased from \$417,482 in 2021 to \$615,232 in 2022 due to a fee increases and growth. As of February 2023, Storm Water has a reserve balance of \$749,283.

Total reserves increased by 20% between June 2021 and June 2022 from \$9,010,070 to \$10,813,550. The total of all funds as of February 2023 is \$9,097,095.

HYRUM CITY CORPORATION

CULINARY WATER

FUND

HYRUM CITY CORPORATION
2023-24
WATER FUND

The City's water sources include four springs located in Blacksmith Fork Canyon and three wells—two located at the mouth of Blacksmith Fork Canyon and one located on the southeast corner of East Park.

METERED WATER SALES: Rates were raised in January 2019. The base rate for residential was changed from \$12 to \$15. Commercial rates also increased 6 cents per 1,000 gallons for three years beginning Jan. 1 2020. Charges for overage were also increased and are computed after both residential and commercial customers have used the basic 10,000 gallons. Residential water meters are read May through October and commercial and agricultural meters are read throughout the year. The water department has over 3,400 connections.

NEW CONNECTION FEES: Rates and policies were changes in 2017-18; property owners are now responsible for new water

connections. Meter and City inspection fees are now \$424 each. We are anticipating 80 new homes.

INTEREST EARNINGS: Interest revenues are based on maintaining an average reserve of \$3,279,964 at 4.8008%.

IMPACT FEES: Impact fees are divided into four accounts: buy-in, storage, distribution, and professional services. Buy-in is the contribution new customers make to the existing system. These funds are revenue to the utility and can be used as part of the revenue base. Storage, distribution, and treatment impact fees must be held in reserve to be used on future projects built specifically for the benefit of those who contribute these fees. Impact fees are transferred to and held in a restricted fund balance until used. Water Storage Impact fees were used to build the 2 million gallon water tank and we will continue to recoup cost from the storage impact fees.

**HYRUM CITY CORPORATION
2023-24
WATER FUND (CONTINUED)**

PERSONNEL: The Water Department is charged for 12 full-time employees whose salaries are shared with other departments including a new employee and a Public Utility Director; one part time meter reader (shared with the electric department); four part-time office employees whose salaries are shared with other departments, and one seasonal employee. Corey retired after 42 years and Kade Maughan replaced him as the department head.

CAPITAL: During 2022-23 engineering and design of 900 west was done in anticipation of the capital project in 2023-24. also completed will be replacing steal lines on 300 East (100 North-100 South). Capital requests for 2023-24 include: A new air compressor \$40,000; a canyon metering spring box \$210,000;

SCADA at the chlorine building and well house \$36,000; a backup generator for the chlorinator building \$25,000; a backup generator for well #4 \$120,000; a computer program to source inventory lead and copper \$20,000; a city camera upgrade \$71,000; 900 West \$500,000; public works shop \$500,000; security gate at parts yard \$16,000. Included in the 255 account is \$75,000 for meters, \$75,000 for Radios and \$20,000 to clean the water tanks.

CONTRIBUTIONS: The 2023-24 isn't requesting a contribution to the General Fund; the additional funds from not contributing to the General Fund were used to pay off the 2 MG water tank bond. The Bond was paid off in June 2018. Funds are now used to update the system.

**HYRUM CITY CORPORATION
2023-24
WATER FUND (CONTINUED)**

PERSONNEL: The Water Department is charged for 12 full-time employees whose salaries are shared with other departments including a new employee and a Public Utility Director; one part time meter reader (shared with the electric department); four part-time office employees whose salaries are shared with other departments, and one seasonal employee. Corey retired after 42 years and Kade Maughan replaced him as the department head.

CAPITAL: During 2022-23 engineering and design of 900 west was done in anticipation of the capital project in 2023-24. also completed will be replacing steal lines on 300 East (100 North-100 South). Capital requests for 2023-24 include: A new air compressor \$40,000; a canyon metering spring box \$210,000;

SCADA at the chlorine building and well house \$36,000; a backup generator for the chlorinator building \$25,000; a backup generator for well #4 \$120,000; a computer program to source inventory lead and copper \$20,000; a city camera upgrade \$71,000; 900 West \$500,000; public works shop \$500,000; security gate at parts yard \$16,000. Included in the 255 account is \$75,000 for meters, \$75,000 for Radios and \$20,000 to clean the water tanks.

CONTRIBUTIONS: The 2023-24 isn't requesting a contribution to the General Fund; the additional funds from not contributing to the General Fund were used to pay off the 2 MG water tank bond. The Bond was paid off in June 2018. Funds are now used to update the system.

HYRUM CITY CORPORATION

WASTEWATER TREATMENT FUND

HYRUM CITY CORPORATION
2023-24
SEWER FUND

Hyrum City's Sewer Department operates a wastewater collection system and mechanical treatment plant that serves over 3,200 homes and businesses.

The mechanical plant became operational January 1, 2005 and it processes up to two million gallons per day. The plant functions with technology called membrane bio-reactor (MBR). The effluent waters meet or exceed water quality standards established by State and Federal requirements and is now pumped into the pressurized irrigation system during the irrigating months.

SEWER SERVICE: For purposes of this budget, the proposed residential rate of \$48.00 per month is being used. Millville is also in the process of sending their sewer to Hyrum, this will be in the near future but does not reflect in this budget book.

SEWER LINE EXTENSIONS: The cost of extending sewer lines to individual homes is the responsibility of the homeowner. If the property is located within 300 feet of an existing line it must be connected to the sewer

system. Both the cost of engineering and construction are billed to the property owner.

Because of the depth of most sewer lines and government regulations requiring specialized trenching equipment, the City now requires that qualified contractors hired by builders or those requesting the connection make all sewer connections. City personnel inspect all connections made to the municipal system.

CUSTOMER SERVICE FEES: This includes inspection fees for new sewer service lines and is set at \$50.

INTEREST EARNINGS: Interest revenue is based on maintaining an average reserve balance of \$3,343,611 at 4.8008 percent. The City earns interest on its reserve funds.

IMPACT FEES: Impact fees are divided into two accounts: treatment and collection. These other two impact fees are used to recoup cost on projects previously completed. The southeast sewer impact fee and the buy in fee were done away with in 2012, when the impact distribution was changed.

HYRUM CITY CORPORATION
2023-24
SEWER FUND (CONTINUED)

PERSONNEL: The Sewer Department is staffed by four full time employees, Including Angela Pritchett the new Wastewater Superintendent who replace Kevin in July 2022, the City Recorder at 25%, City Engineer/Zoning Administrator 20%, and the acting City Administrator at 10%, two part time receptionist one at 25% and one at 5%, two office staff one at 10%, one at 5%, the Utility Billing Clerk at 15% and the City Treasurer at 25%. Also a new Public Utility Director at 25%.

OPERATION AND MAINTENANCE: Costs in travel and training continue to reflect expenses for maintaining certification and also training of other city personnel to meet safety requirements for the state. Utility costs (electricity and natural gas) for 2022-23 totaled \$230,858 estimated total. A conscious

effort is being made to reduce the chemical cost which is a large part of the cost of the sewer plant. With the water reuse plant chemical cost continue to be low and the new upgrades. The plant was replaced with SP600 plates and a new blower/screens and headworks. This will increase efficiency and capacity of the plant. This was paid for by a grant (\$1,569,000), some reserves (\$1,200,000) and a small bond (\$2,402,000).

CAPITAL: In 2022-23 a new compactor, a lakeside screen was purchased, belt press upgrades and many much-needed upgrades to the plant were completed. 2023-24 capital request include a new truck \$60,000; MBR influent UNF replacement \$60,000; a backup generator \$1,000,000; upgrading drying beds \$164,000; and a lakeside screen \$90,000.

HYRUM CITY CORPORATION
2023-24
SEWER FUND (CONTINUED)

SEWER FUND

This chart depicts the relationship between sewer billings and operating expenses (less capital).

Revenue increases are due in part to rate hikes and growth. An increase in 2020 to \$45.00, \$46.00 in 2021, \$47.00 in 2022 and \$48.00 in 2023 to cover the costs associated with growth, operating costs, and bond repayment. Also Millville is in the works to bring their sewer to Hyrum.

Operating costs have increased primarily because of utility and chemical costs associated with the new larger sewer plant. The Water Reuse project has decreased

chemical cost but utilities have increased due to pumping the effluent and repayment of a bond. In 2016-17 \$311,626 was spent to pay off the Water Reuse bond. Also large quantities of plates have been purchased since 2015 driving expenditures up. Chemical cost spiked in 2020-21 due to a cleaning Chemical T-Floc that was used to help the plant run cleaner, now the upgrades are done chemical cost will go back down. The main Sewer bond was paid off in 2021-22 \$704,000 The new Sewer Bond started in 2021-22. With the new bond repayments and an additional employee, expenditures will remain higher than past years.

HYRUM CITY CORPORATION

ELECTRIC UTILITY FUND

HYRUM CITY CORPORATION
2023-24
ELECTRIC FUND

Hyrum City's electric utility serves approximately 3,600 residential, commercial, and industrial customers. The utility buys most of its power from outside sources. Five of these sources are owned in part by the City: San Juan, Hunter II, IPP, Nebo Power Station, Pleasant Valley Wind Facility, and the Horse Butte Wind Project. The remainder comes from generating plants on the Colorado River, Richmond/Cove Irrigation hydro, and Hyrum's own generating plant in Blacksmith Fork Canyon, which supplies less than four percent of the City's energy. The City owns and maintains over 100 miles of distribution lines throughout the city.

Projects completed during 2022-23 include: Electrical work for the new subdivisions. Additionally, transmission lines are being built to West Point Dairy and the City is building a gas generation plant that can provide 50% of the total power.

METERED ENERGY SALES The City completed a rate study in 2022-23 and rates have been adjusted. Due to increasing energy costs nationwide, Hyrum City Council implemented PPAC or "Purchase Power Adjustment Charge" (see resolution 23-04 & resolution 22-16). This is a surcharge that may be adjusted monthly depending on the

wholesale electric rates. Hyrum city is taking efforts to keep rates low, but due to the current energy market uncertainty, energy rates are unpredictable.

CONNECTION FEES: Connection fees have been implemented for new residential construction. Single family connections are \$750 in a major subdivision and \$1,200 for mini subs or undeveloped lots. Multi-family, commercial, certain other types of connections, extra poles and if the property requires a transformer are billed at the actual cost of construction.

MISCELLANEOUS: Miscellaneous revenues include customer service fees, reconnect fees, miscellaneous charges, subdivision electrical work and any credits from UAMPS. Also included is work done in subdivisions.

INTEREST EARNINGS: Based on average reserves of \$2,198,119 at 4.8008 percent interest.

IMPACT FEES: Impact fees were approved and are charged on all new residential and commercial connections. The rates are Residential 0-200 Amp \$1,265; 201-400 Amp \$2,530. Commercial is also charged a different rate (see electric utility charges).

**HYRUM CITY CORPORATION
2023-24
ELECTRIC FUND (CONTINUED)**

PERSONNEL: The Electric Department is staffed by one superintendent, Matt Draper, five full time linemen, a part time electrical secretary, a part time meter reader (shared with the Water Department), a seasonal parks maintenance worker, nine office personnel shared with other departments, and a new Public Utility Director at 25%.

OPERATION AND MAINTENANCE: Expenditures are based on 2023-24 projections.

DISTRIBUTION SYSTEM: 2023-24 expenses are for regular maintenance and new subdivisions.

TREE CITY/CONSUMER EDUCATION: This line item covers costs for trimming trees, planting new trees, the Arbor Day celebration, and other related costs associated with the Tree Committee whose members were

appointed to facilitate Hyrum's designation as a Tree City.

POWER PURCHASE: The annual power figure is based on an average monthly billing of \$875,000. As of March 2023, the average monthly billing is \$882,453.

CAPITAL: The 2022-23 capital requests for the electric department are: \$3,500 canyon park improvements; and system upgrades including West Pt. substation and 46 KV line \$1,200,000. Included in the 257 account includes 3 natural gas generators \$730,000 that will be used to produce power during peak loads.

CONTRIBUTIONS: A \$1,500,000 transfer was made in 2021-22 budget from the General Fund to the Electric Fund to help with upgrades to the system. Another \$500,000 is budgeted in 2023-24.

ELECTRIC FUND

This chart shows the relationship between electric billings and operating expenses including power purchase (less capital).

In spring of 2016 JBSs new plant became operational. Also West Pt. Dairy is doing a major upgrade to their operations this should see additional metered energy sales. We anticipate revenue and power purchases to increase as they have in the past.

Although this chart does not include capital expenses, they are a big factor in the depletion of electric reserves.

The main reasons for the expenditures exceed revenues is because of increased inventory cost and long lead times, Hydroelectric upgrades, and increased power purchase costs. A lot has been done to increase the new

meters/metering system also a lot of subdivisions electrical work and upgrades were done to the system. Additionally, 2-3 natural gas generators are included in the 2023-24 expenditures to help with high loads in the summer. Some of these revenue not shown on this graph include reimbursement from developers for electrical work and West Pt. Dairy contributing to the new transmission line.

Transfer to the general fund also play a major factor in the depletion of the electric fund reserves. No transfers have been made since 2012. In budget year 2023-24 no transfer is budgeted. A transfer of \$1,500,000 from the General fund is being proposed to help the electric department in 2021-22. Another \$500,000 is budgeted in 2023-24.

ENERGY BILLINGS COMPARED WITH PURCHASES

This chart depicts the margin between electric utility billings and power costs. Power costs have increased over the last year a rate increase was passed and a PPAC was also passed in 2022-23 budget year.

JBS new plant was on line in 2016. Also West Point Dairy finished there upgrade. Power purchases fluctuated a lot. We are hoping for more steady power cost. We anticipate more in the way of energy cost in 2023-24 and more energy billed.

NET ELECTRIC BILLINGS COMPARED WITH TOTAL CASH OUTLAY

This chart shows the relationship of only electric billings (not total revenue) to total expenditures.

In the years since 2013 there have been five years when expenditures have exceeded billings. 2019, 2020, 2021, 2023 and 2024 these are due to inflation, high energy cost and many subdivisions being built, the Hydro Plant upgrades and the West Pt. Dairy Line. Some of the cost will be paid for (not reflected in the graph) by West Point and the developers.

In the years revenue exceeded expenditures some reserves were built up and in 2012 no transfer was made to the General Fund increasing the reserve. Also, no transfer was made from 2018-2024. In 2021-22 a transfer from the General fund of \$1,500,000 was made to help the Electric Fund. Another \$500,000 is budgeted in 2023-24.

Resolution 23-04
Updated 3/20/2023

HYRUM CITY CORPORATION

IRRIGATION FUND

HYRUM CITY CORPORATION
2023-24
IRRIGATION FUND

Hyrum City's pressurized irrigation system provides secondary water to over 2,300 homes and properties within the City.

The main goal of the Irrigation Department is to utilize the existing water supply in the best way possible to conserve water and yet provide the citizens of Hyrum with an adequate supply. During 2020-21 the irrigation pond was expanded, and upgrades were made to the pond to provide additional water for irrigation. Completed during 2022-23 include new VFD drive and continued SCADA improvements. The Irrigation department was approved for a grant of 5 Million dollars for metering the secondary water systems. Additionally, ARPA funds are also being used to help with these conservation efforts.

IRRIGATION BILLINGS: Rates were increased in 2015.

NEW CONNECTION FEES: Property owners are now responsible for the irrigation connections.

INTEREST EARNINGS: Interest is based on reserves of \$791,031.80 at 4.8008 percent interest.

IMPACT FEES: All impact fees are now included in the buy-in portion and can be used to support any irrigation fund expenditure. In 2011-12 impact fees changed to a standard rate throughout the city of \$794 for a single-family home. 60 homes are budgeted for 2023-24.

IRRIGATION FUND (CONTINUED)**

IRRIGATION FUND

This chart depicts the relationship of irrigation billings to operating expenses less capital. In 2015 rates were increased. The spikes in billings is due to pumping being required and additional charges being assessed on customer's bills. Expenditures were down in 2013 and 2014 estimate because of an employee not being charged.

2015 had additional employees charged against the fund. The 2023-24 proposed

budget has one additional employee charged at 50% to this fund. The employee will be hired to help install secondary water meters. Expenses each year reflect costs associated with maintenance of the pumping system, irrigation lines, increased annual assessment fees and utility costs. Revenues have increased due to growth but with growth comes additional expenditures.

HYRUM CITY CORPORATION

STORM WATER FUND

HYRUM CITY CORPORATION
2023-24
STORM WATER FUND

Hyrum City's storm water fund has been implemented to comply with Federal and State mandates to provide for water run-off from storms, excess ground water, and other unplanned occurrences.

The Fund was set up in 2005-06 and a budget approved, however storm water fees were not charged on utility bills until May 2006. Record-keeping and reporting requirements increase every time a meeting is held with State representatives. Inspections of new construction will also be the responsibility of City representatives. In 2009-10 a State Storm Water audit was completed. Due to the audit and new regulations; increased funding is required.

During 2021-2022 many efforts were made to inform the public about storm water requirements. Including a storm water fair held each spring. Additionally, a new vac truck was purchased that will help clean out storm drains.

STORMWATER FEES: Residential storm water fees were raised January 2023 to \$7.00 per month for each property, it was previously \$6.50. Commercial fees add an additional charge based on the amount of impervious surface on each property. An additional connection fee was implemented in 2017 requiring new homes pay \$150 for lots that require Storm Water inspections.

OPERATION AND MAINTENANCE: 2023-24 budgets continue to be at an elevated level due to increased compliance to storm water laws. Three full time employees are charged to this fund; one at (5%); and two at (10%). \$30,000 is budgeted for a storm water inspector form JUB and is included on the 310 line.

CAPITAL: During 2022-23 Rosewood, Glenwood, and Canyon View Drive sumps were completed as well as Hidden Valley retention basin and South Cache retention basin; 2023-24 capital request include 500 West walking trail/zero scaping \$100,000 and 900 West storm drain \$350,000.
