Re: Request for Payment of SVP Court Costs

Dear Victoria:

Our Office requests Executive Council approval for payment pursuant to Iowa Code section 7D.10 for court costs and expenses incurred in prosecuting civil commitments under Iowa Code chapter 229A for the Sexually Violent Predator (SVP) program.

In addition to the cost of employee salaries, travel and support devoted to this program, the Office incurs substantial expenses for expert witnesses. These expenses have increased substantially due to the growing number of chapter 229A commitments. Section 7D.10 authorizes payment of court costs and expenses by the Executive Council "[i]f sufficient funds for court costs have not been appropriated to a state department, or if sufficient funds are not otherwise available for such purposes within the budget of a state department." There is no specific appropriation for these expenses and sufficient funds are not otherwise available.

Therefore, pursuant to Iowa Code section 7D.10, the Office requests Executive Council approval of payment of $11,200.00 for record review/report preparation (invoices enclosed).

Sincerely,

JEFFREY S. THOMPSON

Our office requests appointment of outside counsel pursuant to Iowa Code section 13.3(1) in *Lampe, Joseph Bernard v. Iowa State Penitentiary, State of Iowa and Second Injury Fund of Iowa* case filed by a state employee. Because the resolution of this claim may turn on whether the State of Iowa or the Second Injury Fund must pay workers' compensation benefits, our office cannot represent both defendants.

In order to avoid a conflict of interest, the Special Litigation Division has contacted Ryan Clark of the Patterson Law Firm, L.L.P., 505 5th Avenue, Suite 729, Des Moines, Iowa 50309-2390, to represent the Second Injury Fund. Mr. Clark has agreed to represent the Second Injury Fund at the rate of $160.00 per hour. Our office will represent the State of Iowa.

Accordingly, we request Executive Council approval to retain Mr. Clark to represent the Second Injury Fund in this case.

Re: Retention of Special Counsel

Dear Victoria:

Our office requests authorization pursuant to Iowa Code section 13.7 to retain Special Counsel to provide legal services and representation to the University of Iowa Hospitals and Clinics (UIHC) and former UIHC employee Dr. Ademola Abiose (Abiose) with respect to claims asserted in *D.J. et al. v. University of Iowa Hospitals and Clinics, et al.*, Case No. 2:22-cv-00752-CB (W.D. Pa. 2022) (Fabry Working Group Litigation).

The Fabry Working Group Litigation is a putative class action filed in a Pennsylvania federal court against physicians who participated in the Fabry Stakeholders Working Group (FSWG) and the institutions – both public and private – at which they were employed. The claims arise from the FSWG's work with Genzyme Corporation and Sanofi US Services Inc. (Genzyme Sanofi) relating to recommendations for the use of the drug Fabrazyme during a period of limited supply. This case presents unique challenges due to the nature of the claims and the foreign venue in which it is filed.

This office has consulted with UIHC and we have determined that it would be in the best interests of the State to coordinate and cooperate with other public-entity defendants in the defense of this matter. We propose to retain the same law firm that currently represents the University of Minnesota Medical Center (UMMC) as special counsel and share the costs of defense. We recommend Husch Blackwell, 120 South Riverside Plaza, Suite 2200, Chicago, IL 60606-3912. Fees charged will be reduced 15% from standard rates and range from $680 to $370 per hour. Fees and associated costs of litigation will be paid by UIHC.

Accordingly, our office recommends Husch Blackwell be approved as Special Counsel.

Sincerely,

JEFFREY S. THOMPSON
Solicitor General

Re: Extension of Special Counsel Agreement

Dear Victoria:

On March 2, 2020, the Executive Council authorized appointment of Michael Marquess as Special Counsel under Iowa Code section 13.7 to represent the State of Iowa in criminal cases when the offenses are committed by non-natives against non-natives or without a victim on the Sac and Fox Indian Settlement in Tama County. The initial appointment was reviewed at the end of fiscal year 2020 and extended.

Mr. Marquess continues to do an excellent job and the compensation is both fair and reasonable. He makes regular reports to this office regarding his caseload and those reports support the continuing need for his services. This office therefore recommends and requests extension of the appointment through the end of FY2023.

Accordingly, our office recommends the extension of Mr. Marquess' appointment as Special Counsel through June 30, 2023.

Re: Retention of Special Counsel

Dear Victoria:

Our office requests authorization pursuant to Iowa Code section 13.7 to retain Special Counsel to provide legal services and representation to Iowa State University (ISU) and the State of Iowa with respect to claims asserted in *Shirtcliff v. State of Iowa*, Case No. LACV052619, in the Iowa District Court for Story County.

This matter arises from a prior employment dispute involving members of the ISU faculty. The case presents complex and unusual employment law and university governance issues. This office has determined that it would be in the best interests of both ISU and the State to engage Special Counsel with expertise in similar matters and with additional resources to represent the State in this matter

This office has consulted with ISU and we recommend Husch Blackwell, LLP, 4801 Main Street, Suite 1000, Kansas City, MO 64112-2551, to act as Special Counsel in this matter. Fees charged will be the same as those charged by the firm for work with other public universities and range from $341 to $393 per hour for attorneys. The fees will be subject to a 5% annual escalation through 2024. Fees and associated costs of litigation will be paid by ISU.

Accordingly, our office recommends Husch Blackwell be approved as Special Counsel.

Re: Emergency Allocations of Funds

Dear Ms. Newton,

On or about May 3, 2022 the Iowa Communications Network (ICN) received physical damage to ICN Communications equipment in Des Moines, Iowa. An email was sent to the Office of the Auditor of State and the Executive Council. This letter represents a claim for $12,585.03 in accordance with Chapter 29C.20 of the Code of Iowa for an emergency allocation of funds to repair damages sustained. Paid invoices will be included upon completion of repairs.

It was determined ICN equipment was exposed due to continued and excessive erosion in a culvert along US Highway 59, north of Schleswig, in Crawford County, IA. This will require relocation of the fiber. Enclosed are the damage assessment and cost estimate to restore that damaged equipment to normal operating condition.

If you have any questions regarding this claim, please call my office at 515-725-4666 located in the Grimes State Office Building.

Sincerely,

Randy Goddard

Iowa Communications Network (ICN)
Claim Dated June 27, 2022
AOS Claim ID: 2319

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damage. It is our conclusion that the above-mentioned damage incurred by the Iowa Communications Network (ICN) is covered by Chapter 29C.20 of the Code of Iowa. The amount requested may include costs that will be covered by a monthly maintenance contract for technician services that are not additional expenses to ICN. The actual claim for reimbursement should only be for expenses that exceed the technician hours per the maintenance agreement.

Therefore, we recommend an Executive Council allocation in the amount of $16,897.00, subject to an audit of actual invoices and supporting documentation and demonstration that no costs covered by the maintenance contract have been included.

Sincerely,

Ernest H. Ruben, Jr., CPA

Good morning,

While troubleshooting a fiber outage yesterday, ICN field technicians determined the cause to be a rodent chewed fiber cable along E 14th St near the I-235 on ramp in Des Moines. To temporarily restore service, technicians rolled service onto spare fibers within the damaged cable. Permanent restoration will require new cable be pulled in a respliced. The ICN would like to submit this as a claim for reimbursement for damages due to natural causes (rodent chewing). Please let me know of any questions or concerns.

AOS Claim ID: 2366

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damage. It is our conclusion that the above-mentioned damage incurred by the Iowa Communications Network (ICN) is covered by Chapter 29C.20 of the Code of Iowa. The amount requested may include costs that will be covered by a monthly maintenance contract for technician services that are not additional expenses to ICN. The actual claim for reimbursement should only be for expenses that exceed the technician hours per the maintenance agreement.

Therefore, we recommend an Executive Council allocation in the amount of $73,304.24, subject to an audit of actual invoices and supporting documentation and demonstration that no costs covered by the maintenance contract have been included.

Re: Emergency Allocations of Funds

Dear Ms. Newton,

On or about August 31, 2022 the Iowa Communications Network (ICN) received physical damage to ICN Communications equipment in Des Moines, Iowa. An email was sent to the Office of the Auditor of State and the Executive Council. This letter represents a claim for $73,304.24 in accordance with Chapter 29C.20 of the Code of Iowa for an emergency allocation of funds to repair damages sustained. Paid invoices will be included upon completion of repairs.

It was determined ICN equipment was damaged due to a rodent chew along Neon Road between Highway 18 and 200th Street, west of West Union, IA in Fayette County. This will require relocation. Enclosed are the damage assessment and cost estimate to restore that damaged equipment to normal operating condition.

If you have any questions regarding this claim, please call my office at 515-725-4666 located in the Grimes State Office Building.

Estimate for ICN Fiber Cable Damage: Outside Plant Log #33230207

This estimate is for the repair and relocation of a rodent damaged ICN fiber cable along Neon Rd between Highway 18 and 190th St in Fayette County. Inability to locate the existing cable led to investigation which found significant rodent activity throughout the area. It was determined the damaged ICN cable is the result of natural causes (rodent chew) and will require relocation back into the ground. Relocation will require approximately 3.75 miles of new cable be installed between two existing splices. The span has a substantial number of existing maintenance splices and it was determined that adding additional splices could cause too much signal loss and, so, it was determined that relocating between existing splices would be the best course of action. The ICN notified the Executive Council of ICN's intent to submit this as a claim for reimbursement on August 31st, 2022

Estimated costs for this project are listed below:

Construction Labor & material	$57,301.00
Splicing labor	$3,060.00
ICN-provided material	$12,943.24
Total:	$73,304.24

Good morning,

The ICN was notified by USIC (locating service) that there is a 2 mile plus section of ICN fiber that is not locatable along Neon Road between Highway 18 and 200th St in Fayette County just west of West Union, IA. Investigation by ICN Outside Plant staff and field technicians found considerable evidence of rodent activity and have determined the degradation of locate signal is likely due to the rodent chewing. There is a high likelihood of continued chewing and subsequent signal loss. Repair will likely require replacement of approximately 3.7 miles of existing cable to reach existing splice locations. The ICN would like to submit this as a claim for reimbursement for damages due to natural causes (rodent chew). Please let me know of any questions.

In accordance with Executive Council policy, we have examined the supplemental request for 29C.20 funds for the above-mentioned damages. The Department of Public Safety has requested a supplemental allocation of $8,722.00. Ref. AON 29C20 Allocation Request for 3-5-22 Tornado Damage to ISICS Communication – Keosauqua Tower

State of Iowa Executive Council:

On 3-5-22, an F-3 tornado passed Lucas County causing damage to one of the Keosauqua ISICS Tower radome covers. The damage was caused by flying debris. On 3-5-22, an initial 29C20 notification was sent to the Executive Council regarding possible Act of Nature (AON) Tornado Damage to ISICS towers sites (See attached email.

On 5-31-22, Motorola was able to provide an estimate of damage sustained to the Keosauqua Tower. The damage is estimated at $8,722.00. Due to supply chain issues and other Motorola towers repair commitments the repairs to the tower had been delayed; however, they are now in progress and we should be receiving an invoice soon.

The DPS Interoperability and Communications Bureau is respectfully submitting a 29C20 Allocation Request for $8,722.00 for this AON damage.

Thank you for your consideration.

Sincerely,

Captain Richard Pierce

Tammy & Executive Council

I was notified this morning, 4-5-22, during our weekly Motorola Warranty Update call that Motorola repair crew reported on Monday they discovered a broken radome cover that was caused during the 3-5-22 Tornado event. Initially it was on the list of potential sites on the 3-5-22 Initial Notification (see attached) that could have sustained damage. One of our technicians thought he could see a break in the cover when he inspected the site from the ground after the tornado but was not sure. This week Motorola tower crews were able to confirm it was in fact broken. In my 3-17-22, Allocation request, I advised that it appeared that the Lucas tower was the only tower that sustained damage during this event. I must amend that with this email advising that Keosauqua Tower also had tornadic damage. I have asked for an estimate for the damage repair and should have something for you shortly. I anticipate a ballpark estimate for now is $10,000.00. This is the only other additional damage we have for the 3-5-22 Tornado event. When I receive a formal repair estimate from Motorola, I will submit another Allocation Request for the Keosauqua Tower.

I apologize for the for the late notification of this damage. Motorola Work crews have been swamped and just finished the repairs from other storm damage events. It took a while to get this damage confirmed.

Subject: Storms Tonight & Impacts on the ISICS Sites

Captain Pierce, Lt. Hove, and Sgt. Duden,

Tonight we had numerous severe storms traverse the state that affected several of the ISICS sites. Several sites may have taken on damage as a direct impact of those storms. They are listed below. An example is attached that has been pulled from social media (Lucas site in the path of downed power poles in the path of a tornado). However this does not include local enhancements to the initial build out of the ISICS network. There may be additional local enhancement sites that need attention.

- Mitchellville/Jasper Scales
  - Possible hail in the morning and wind in the evening
- Adams
  - Possible hail and verified tornado/wind in the area
- Madison/Winterset
  - Verified tornado in the vicinity of the site with suspected EF-3 damage
- Norwalk site of DSM Simulcast
  - Possible near-by tornado and wind
- Lucas
  - Likely direct tornado hit
- Albia

In addition to the possible damage, we had a few sites lose power. It will be beneficial to check the propane tank levels and schedule refills appropriately.

I will add that Dave Gordon and Scott Richardson worked diligently on a weekend to verify that sites survived the storms. A tremendous amount of credit is due to them for their commitment to ensure that the ISICS is the most reliable communications network in Iowa. This is on top of the commitment of the rest of the DPS team (Dave Brittain and Connie Stufflebeem) to ensure that local agencies get what they need to utilize the network effectively on a daily basis.

Please let me know if you have any questions.

Thanks,

Chris

Ref. AON 29C20 Allocation Request ref. 4-12-22 Franklin ISICS Communication Tower Path Misalignment due to high winds from storm.

State of Iowa Executive Council:

On 4-12-22, Dave Gordon, Motorola Customer Support Manager, advised that due to a local severe storm with high winds during the early morning hours of 4-12-22 the Franklin ISICS Communication Tower became misaligned. This misalignment impacts the micro wave path's ability to communicate with surrounding towers. On 4-12-22, an initial 29C20 notification was sent to the Executive Council this Act of Nature (AON) Damage to the Franklin ISICS tower site (See attached email).

On 8-17-22, Motorola provided a repair estimate regarding the damage sustained. The estimated cost to repair this damage is $15,286.00. Repairs will commence when tower crews become available.

The DPS Interoperability and Communications Bureau is respectfully submitting a 29C20 Allocation Request for $15,286.00 regarding this AON damage.

Thank you for your consideration.

Executive Council and Tammy

During the night of 4-12-22, the National Weather Service advised of severe storms and high winds in the western and northern regions of Iowa. As a result of the storm, the DPS Interoperability Communications ISICS Tower In Mason City sustained the damage to the south facing 6ft dish, the SE antenna is tilted to the NE, and the awning over the hut door is broken and drooping badly. Furthermore, the winds appear to have loosened support cables for a couple of ice bridges over a couple of microwave dishes (See attached email – Mason City, for photos). An inspection of the Franklin Tower revealed the high winds may have tilted the north facing tower antenna (See attached email – Franklin, for photos).

Please accept this email and the initial notification of AON damage to the Mason City and Franklin ISICS Tower Sites. We will provide more information at a later date.

Ref. AON 29C20 Allocation Request for 6-25-22 Lightning Strike Damage to Jones ISICS Communication Tower

State of Iowa Executive Council:

During the early morning hours of 6-25-22, a severe storm occurred in the Jones county region that caused multiple system failures at the Jones ISICS Tower. At 1018, on 6-25-22, Motorola technicians conducted an inspection of the Jones ISICS Tower. Motorola Support Manager, Dave Gordon, advised the tower sustained multiple areas of damage due to a massive power surge related to a lightning strike to the tower. The initial assessment indicated several breakers were tripped. The tower top light was inoperable due to water intrusion in the light controller box, the LP tank monitor was damaged and inoperable, and all ODU & RAC cards were severely damaged causing communication link failures. Winds from the storm also caused misalignment of the Jones tower dishes.

On 6-25-22, an Initial 29C20 Notification was submitted regarding the above damage (See attached).
A NOTAM was also filed with the FAA due to the inoperable top light.

On 7-13-22, it was discovered the tower's Transmit Antenna was also damage due to the lightning strike (See attached 7-13-22 Jones Update email)

The overall repairs to this site have been extensive and, due to the difficulty in acquiring critical parts, the repairs have been delayed. Currently, the estimated repair cost for the Jones ISICS Tower is $106,304.00 (See attached tracking spread sheet).

The DPS Interoperability and Communications Bureau is respectfully submitting a 29C20 Allocation Request for $106,304.00 for this AON damage.

Thank you for your consideration.

Executive Council and Tammy,

During the early morning hours of 6-25-22, a severe storm struck jones county region causing multiple failures at the **Jones ISICS Tower**. At 10-18, on 6-25-22, Motorola technicians arrived on site and conducted an inspection of the Jones ISICS Tower. At 1429, Motorola Support Manager, Dave Gordon, advised the tower sustained multiple areas of damage due to a major power surge related to a lightning strike (see below and attached). The initial assessment indicates several breakers were tripped. The tower top light is inoperable due to water in the light controller box, the LP tank monitor is inoperable, and all ODU & RAC cards were damaged causing link failures. Communication system redundancies are currently in effect for this region.

Furthermore, same regional storm produced high winds that caused misaligned dishes on the **Jones, Cedar Rapids & Maquoketa ISICS tower sites**. Damage assessments are still being conducted, additional damage could be discovered. A NOTAM was requested a submitted regarding the Jones Tower site due to the inoperable tower beacon.

Please accept this email as the required 29C20 Notification regarding AON Lightning and wind storm damage to the **Jones, Cedar Rapids, and Maquoketa ISIS Tower sites**. These AON repairs could take several weeks and a repair estimates for each tower will be submitted upon receipt from Motorola.

Jones Update:

We have found various things that indicate a lightning strike or major surge.

Various breakers were tripped.

The SDM3000 is not working.
The CMU for the tower top amp is dead.
The tank monitor is dead.

The generator is running.

We believe that all 4 ODU's and 4 RAC cards were damaged causing the links to fail.

We are still troubleshooting and looking for spare parts.

Contact me if you have any questions.

Good Morning,

We had the tower crew on site at Jones yesterday. They were able to replace the TTA and the two primary microwave ODU's to Maquoketa and Cedar Rapids.

Around 8:15pm we were able to get the site back up in wide trunking.

There are several things we still need to do at the site.

MOSCAD Alarms
Currently the MOSCAD alarms are not working. We tried several loaner SDM3000's but could not get them to work. Jon is picking up the one that was removed and stored at Hooper today and we will try it. We do have a new one on order but awaiting ship dates for it.

Microwave
As mentioned, the primary microwave links from Jones to Maquoketa and Cedar Rapids are up and working. They replaced the damaged ODU's and RAC cards.

We are working on a plan for the secondary microwave ODU's with Aviat. This will require a tower climb. We will plan to do this work and replace the Transmit antenna when we get the plan locked down.

Transmit Antenna
The tower crew did find that the Transmit Antenna was hit by lightning and will need to be replaced. We did radio tests and it appears the site is working fine with the damaged antenna currently. This will require getting a spare antenna to the site and replaced by the tower crew.

Tower Lights
Flash Technology indicated they will be shipping the new tower light controller box later this week.

The team will be back on site working on the MOSCAD and some other misc clean up today.

Once we can get the plan established to replace the secondary ODU's and Transmit antenna, we will let you know.

Please let me know if you have any questions.

Thanks,

Ref. AON 29C20 Allocation Request ref. 7-11-22 & 7-14-22 Denison ISICS Communication Tower Path Misalignment & Broken Radome due to high winds from storm.

State of Iowa Executive Council:

During the 7-26-22 Bi-weekly Motorola Warranty Update Conference Call, Dave Gordon, Motorola Customer Support Manager, advised that high winds produced from a 7-11-22 storm caused the Denison ISICS Communication Tower to become misaligned. This misalignment impacts the micro wave path's ability to communicate with surrounding towers. It was also reported on 7-14-22, due to a local storm, the Denison ISICS Tower radome cover was broken due to flying debris. It is suspected broken radome occurred during the 7-11-22 storm, but was not noticed until 7-14-22. On 7-26-22, an initial 29C20 notification was sent to the Executive Council this Act of Nature (AON) Damage to the Denison ISICS tower site (See attached email).

On 8-17-22, Motorola provided a repair estimate regarding the damage sustained. The estimated cost to repair this damage is $8,722.00. Repairs will commence when tower crews become available.

The DPS Interoperability and Communications Bureau is respectfully submitting a 29C20 Allocation Request for $8,722.00 regarding this AON damage.

Thank you for your consideration.

Iowa Communications Network (ICN)
Claim Dated April 28, 2022
AOS Claim ID: 2295

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damage. It is our conclusion that the above-mentioned damage incurred by the Iowa Communications Network (ICN) is covered by Chapter 29C.20 of the Code of Iowa. The amount requested may include costs that will be covered by a monthly maintenance contract for technician services that are not additional expenses to ICN. The actual claim for reimbursement should only be for expenses that exceed the technician hours per the maintenance agreement.

Therefore, we recommend an Executive Council allocation for the requested amount of $18,357.52, subject to audit of actual invoices and supporting documentation and demonstration that no costs covered by the maintenance contract have been included.

Sincerely,

Ernest H. Ruben, Jr., CPA

Subject: Exposed Cable in Multiple Locations along Highway 34 in Monroe County due to Excessive Erosion on April 20, 2022
Iowa Communications Network (ICN)
Claim Dated May 3, 2022
AOS Claim ID: 2299

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damage. It is our conclusion that the above-mentioned damage incurred by the Iowa Communications Network (ICN) is covered by Chapter 29C.20 of the Code of Iowa. The amount requested may include costs that will be covered by a monthly maintenance contract for technician services that are not additional expenses to ICN. The actual claim for reimbursement should only be for expenses that exceed the technician hours per the maintenance agreement.

Therefore, we recommend an Executive Council allocation for the requested amount of $60,585.56, subject to audit of actual invoices and supporting documentation and demonstration that no costs covered by the maintenance contract have been included.

Sincerely,

RE: **Install new Roofing System on the damaged area of the Varied Industry Building (approx. 158' x 37')**

We propose the following scope of work:

1. Tear off the EPDM in the area and haul debris to the landfill.
2. Back out the existing fasteners and save for reinstallation.
3. We will remove the top layer of 1.5" Polyisocyanurate and flip it over. All boards that are too damaged to use will need to be replaced at an **EXTRA** cost to the owner.
4. Fasten the insulation with the existing Screws and Plates.
5. Install a 60 mil EPDM, Adhered Roofing System.
6. We will tie the new EPDM into the existing EPDM with 3" Seam Tape.
7. We will furnish and install new 24 gauge pre-finished edge metal to match the existing. The color will not 100% match since the existing is 20 years old.
8. **Furnish a Central States Roofing 5 Year Labor and Material Watertight Warranty.**

BASE PRICE ----------$43,920.00

NOTE: We will need access for a crane and dump truck to get materials on the roof and debris off of the roof, on a daily basis. We will have to coordinate the location with the owner and the neighbors.

NOTE: We have not included Tax in our bid. We will need a **Construction Tax Exempt** before we begin our work.

All terms on this proposal override any terms on any plans or specifications. Any changes to this proposal must be agreed to by both parties before being binding. Any terms on your contract form are not considered to be agreed to by Central States Roofing (CSR) until we have signed your contract and at that point this proposals terms still override your contract form even if you have not signed this proposal form. CSR may be excused from this obligation to perform under this agreement if conditions are uncovered after this agreement is made; if work has already commenced you are responsible to reimburse CSR for associated costs related to discontinuing the work or changes in work required. You understand and agree that CSR shall have no responsibility at any time during or after completion of the work for damages of any kind to person or property located below the installed or repaired roof membrane regardless of cause including leaks or other weather-oriented sources and also specifically excludes all responsibility for any and all mold growth and related issues. Owner agrees to hold harmless and protect CSR for any claims brought about for any reason after the work under this agreement has been completed, again to specifically include leaks and mold. Owner also agrees to hold harmless and protect CSR for any claims brought about during the work under this agreement unless it is specifically caused exclusively by a negligent act of CSR. Under this proposal you understand CSR never has responsibility to pay for any claims, repairs, damage, etc. on anything below the roof level. This proposal becomes complete when one copy is signed and returned to our office. This proposal becomes complete upon completion of all work and an invoice is delivered to you; at that time payment terms are net cash. At time of completion either a manufacturer's or a CSR warranty will be issued and no other warranties implied or other apply to you. Any warranty is not transferable unless agreed to by CSR. This proposal shall be subject to review 30 days after delivery to owner.

Subject: Iowa DNR Fall Drainage Assessments

Ms. Newton,

I recommend Executive Council approval of payment in the amount of $106,023.07 for special tax assessments against State owned land under the jurisdiction of the Iowa Department of Natural Resources located in the counties of Allamakee, Calhoun, Clay, Des Moines, Dickinson, Fremont Hancock, Harrison, Howard, Humboldt, Jackson, Kossuth, Louisa, Mills, Monona, Muscatine, Pocahontas, Pottawattamie, Van Buren, Winnebago, Woodbury, Worth and Wright.

Please note that the payment will be for drainage assessments pursuant to Iowa Code section 468.43.

Finally, please note that I identified a potential issue with the assessment for $21.51 from Mills County which is shown on the second invoice from Mills County. As such, this amount has been removed from the spreadsheet attached resulting in the revised total above. Also, please find the tax statement from Mills County with this amount red-lined. This issue is being investigated, and once State ownership is confirmed, this amount will then be submitted.

Please let me know if there is anything else you or the council members need in order to approve payment of these special assessments.

Regards,

Michael J. Moss

Experience the convenience by processing your tax payment Online at www.IowaTaxAndTags.org. Visa, MasterCard, Discover, and electronic checks (e-Checks) is another option available Online. Click on your county to see what payment method is acceptable in your County Treasurer's office. Convenience fees charged are applicable and non-refundable.

IMPORTANT NOTICE TO ALL TAXPAYERS: PLEASE READ CAREFULLY:

1. **PAYMENTS:** Taxes are due on September 1st and March 1st. They become DELINQUENT on October 1st and April 1st. Payments must be postmarked with a US Postal Service postmark of September or March. Mailing on Sept. 30 or March 31 DOES NOT guarantee a September or March postmark. October or April postmarks will require interest. If the last day of September or March falls on a Saturday or Sunday, payments will be accepted on the first day of the following month without interest. Delinquent taxes accrue 1.5% per month interest, rounded to the nearest whole dollar, with a $1.00 minimum per parcel. Overpayments of $5.00 or less may not be refunded. You will not receive a receipt unless you provide a stamped, self-addressed envelope. Your check is your receipt.
2. **CHECK YOUR STATEMENTS:** Be sure to pay taxes on all your properties. The Treasurer is not responsible for any taxes missed or omitted. Overpayments may not be refunded depending on your County Treasurer's refund policy. Contact the Treasurer's office to determine the refund policy.
3. **TAX SALES:** All delinquent taxes are published within three weeks of the Tax Sale, which is usually held on the 3rd Monday in June. Costs are added to your tax bill on May 1, per Iowa Code Chapter 446. Any unpaid tax is subject to Tax Sale. The interest rate until redemption will be 2% per month, rounded to the nearest dollar. If property is not redeemed within the time frame provided by Chapter 447, the right to redeem expires and a deed may be issued.
4. **LOW INCOME SENIOR CITIZEN AND DISABLED CITIZEN STATE CREDITS AND MOBILE HOME STATE CREDITS:** Must be:
   - 65 or older by December 31, 2021 and have a household income less than $24,354 OR
   - Totally disabled and 18 years of age by December 31, 2021 OR
   - 70 or older by December 31, 2021 and have a total household income less than 250% of the federal poverty level guidelines OR
   - 23 or older by December 31, 2021, and have a household income less than $24,354, and own a Mobile/Manufactured/Modular Home.

   Property owner must file a claim with the county treasurer by June 1 preceding the fiscal year in which the property taxes are due. For this program, Social Security and Medicare must be included as income. CONTACT THE TREASURER for claim forms and details.
5. **PARTIAL PAYMENTS:** The County Treasurer MAY accept partial payments. Contact the Treasurer for more information and authorization to make a partial payment. Partial Payments are NOT allowed on Special Assessments, Drainage Assessments, or Tax Sale Redemptions.
6. **RETURNED CHECKS:** If your check is returned to the Treasurer, your receipt shall be void. YOU WILL BE CHARGED A FEE. If your check is returned after the tax deadlines, INTEREST WILL ALSO BE CHARGED.
7. **HOMESTEAD, MILITARY, DISABLED VETERAN, FAMILY FARM AND BUSINESS PROPERTY TAX CREDITS:** These credits must be applied for at the COUNTY ASSESSOR'S office. Please contact the Assessor for information.
8. **WHERE DO YOUR TAXES GO?** The County Treasurer collects taxes on behalf of all tax authorities and distributes the amounts accordingly. The distribution of your tax dollars is itemized on the back of this statement for your information. You may protest your VALUATION which is set by the ASSESSOR.
9. **AUDITOR POLLING HOURS:** In Iowa, Auditor Election polling hours will be 7am – 8pm. For more information please contact your auditors office.

IMPORTANT NOTICE TO ALL TAXPAYERS: PLEASE READ CAREFULLY.

1. **PAYMENTS:** Taxes are due on September 1st and March 1st. They become DELINQUENT on October 1st and April 1st. Payments must be postmarked with a US Postal Service postmark of September or March. Mailing on Sept. 30 or March 31 DOES NOT guarantee a September or March postmark. October or April postmarks will require interest. If the last day of September or March falls on a Saturday or Sunday, payments will be accepted on the first day of the following month without interest. Delinquent taxes accrue 1.5% per month interest, rounded to the nearest whole dollar, with a $1.00 minimum per parcel. Overpayments of $5.00 or less may not be refunded. You will not receive a receipt unless you provide a stamped, self-addressed envelope. Your check is your receipt.
2. **CHECK YOUR STATEMENTS:** Be sure to pay taxes on all your properties. The Treasurer is not responsible for any taxes missed or omitted. Overpayments may not be refunded depending on your County Treasurer's refund policy. Contact the Treasurer's office to determine the refund policy.
3. **TAX SALES:** All delinquent taxes are published within three weeks of the Tax Sale, which is usually held on the 3rd Monday in June. Costs are added to your tax bill on May 1, per Iowa Code Chapter 446. Any unpaid tax is subject to Tax Sale. The interest rate until redemption will be 2% per month, rounded to the nearest dollar. If property is not redeemed within the time frame provided by Chapter 447, the right to redeem expires and a deed may be issued.
4. **LOW INCOME SENIOR CITIZEN AND DISABLED CITIZEN STATE CREDITS AND MOBILE HOME STATE CREDITS:** Must be:
   - 65 or older by December 31, 2021 and have a household income less than $24,354 OR

   - 23 or older by December 31, 2021, and have a household income less than $24,354, and own a Mobile/Manufactured/Modular Home.

   Property owner must file a claim with the county treasurer by June 1 preceding the fiscal year in which the property taxes are due. For this program, Social Security and Medicare must be included as income. CONTACT THE TREASURER for claim forms and details.
5. **PARTIAL PAYMENTS:** The County Treasurer MAY accept partial payments. Contact the Treasurer for more information and authorization to make a partial payment. Partial Payments are NOT allowed on Special Assessments, Drainage Assessments, or Tax Sale Redemptions.
6. **RETURNED CHECKS:** If your check is returned to the Treasurer, your receipt shall be void. YOU WILL BE CHARGED A FEE. If your check is returned after the tax deadlines, INTEREST WILL ALSO BE CHARGED.
7. **HOMESTEAD, MILITARY, DISABLED VETERAN, FAMILY FARM AND BUSINESS PROPERTY TAX CREDITS:** These credits must be applied for at the COUNTY ASSESSOR'S office. Please contact the Assessor for information.
8. **WHERE DO YOUR TAXES GO?** The County Treasurer collects taxes on behalf of all tax authorities and distributes the amounts accordingly. Hello Mike and Whitney,
Attached is a copy of the corrected Tax Statement in which the legal description has been corrected for the parcel that had TR E PT SW1/4 NE1/4 and it is corrected to TR E PT SE1/4 NE1/4 5-71-43
Our Mills County Treasurer has this correction also for her file.
This parcel legal description is correct now in our Auditor file so it will be correct for the tax statement processing next year.
Thank you very much for bringing this matter to our attention.

Re: Special Counsel Update, September - October 2022

Dear Honorable Council Members:

I write to update you on my work as Special Counsel representing the State of Iowa in criminal prosecutions of non-native offenders for offenses occurring on the Meskwaki Settlement. Our case numbers continue to be consistent as are the types of cases being brought. The majority of offenses are driving and narcotics related, with the occasional theft and other property crime coming our way. Happily, we have very few assaults and just one sex offense pending at this time.

I have enclosed an invoice containing a detailed accounting of my time broken down by each particluar case. Should you have any questions or concerns, please do not hesistate to contact me. I look forward to continuing to serve the State of Iowa.

Sincerely,

Michael Marquess

Re: Special Counsel Update, October – November 2022

Dear Honorable Council Members:

I write to update you on my work as Special Counsel representing the State of Iowa in criminal prosecutions of non-native offenders for offenses occurring on the Meskwaki Settlement. Our workload has continued to be fairly heavy during this reporting period. We have also begun taking cases wherein the offender is non-Native and the victim is Native in light of the holding by the U.S. Supreme Court in Oklahoma v. Castro-Huerta. We have reached out for direction from the U.S. Attorney, Iowa Attorney General, and Attorney General for the Sac & Fox Tribe of the Mississippi in Iowa to determine if we may also prosecuted non-Native offenders who victimize the tribal government.

I have enclosed an invoice containing a detailed accounting of my time broken down by each particluar case. Should you have any questions or concerns, please do not hesistate to contact me. I look forward to continuing to serve the State of Iowa.

Sincerely,

Michael Marquess
