Re: Request for Payment of SVP Court Costs

Dear Victoria:

Our Office requests Executive Council approval for payment pursuant to Iowa Code section 7D.10 for court costs and expenses incurred in prosecuting civil commitments under Iowa Code chapter 229A for the Sexually Violent Predator (SVP) program.

In addition to the cost of employee salaries, travel and support devoted to this program, the Office incurs substantial expenses for expert witnesses. These expenses have increased substantially due to the growing number of chapter 229A commitments. Section 7D.10 authorizes payment of court costs and expenses by the Executive Council "[i]f sufficient funds for court costs have not been appropriated to a state department, or if sufficient funds are not otherwise available for such purposes within the budget of a state department." There is no specific appropriation for these expenses and sufficient funds are not otherwise available.

Therefore, pursuant to Iowa Code section 7D.10, the Office requests Executive Council approval of payment of $16,000.00 for record review/report preparation (invoices enclosed).

Sincerely,

Sam Langholz
Chief Deputy Attorney General

Re: Request for Payment of SVP Court Costs

Dear Victoria:

Our Office requests Executive Council approval for payment pursuant to Iowa Code section 7D.10 for court costs and expenses incurred in prosecuting civil commitments under Iowa Code chapter 229A for the Sexually Violent Predator (SVP) program.

In addition to the cost of employee salaries, travel and support devoted to this program, the Office incurs substantial expenses for expert witnesses. These expenses have increased substantially due to the growing number of chapter 229A commitments. Section 7D.10 authorizes payment of court costs and expenses by the Executive Council "[i]f sufficient funds for court costs have not been appropriated to a state department, or if sufficient funds are not otherwise available for such purposes within the budget of a state department." There is no specific appropriation for these expenses and sufficient funds are not otherwise available.

Therefore, pursuant to Iowa Code section 7D.10, the Office requests Executive Council approval of payment of $6,625.00 for record review/report preparation (invoices enclosed).

Sincerely,

Sam Langholz

Re: Request for Payment of SVP Court Costs

Dear Victoria:

Our Office requests Executive Council approval for payment pursuant to Iowa Code section 7D.10 for court costs and expenses incurred in prosecuting civil commitments under Iowa Code chapter 229A for the Sexually Violent Predator (SVP) program.

In addition to the cost of employee salaries, travel and support devoted to this program, the Office incurs substantial expenses for expert witnesses. These expenses have increased substantially due to the growing number of chapter 229A commitments. Section 7D.10 authorizes payment of court costs and expenses by the Executive Council "[i]f sufficient funds for court costs have not been appropriated to a state department, or if sufficient funds are not otherwise available for such purposes within the budget of a state department." There is no specific appropriation for these expenses and sufficient funds are not otherwise available.

Therefore, pursuant to Iowa Code section 7D.10, the Office requests Executive Council approval of payment of $7,200.00 for record review/report preparation (invoices enclosed).

Sincerely,

Sam Langholz
Chief Deputy Attorney General

Dear Victoria:

Our office requests appointment of outside counsel pursuant to Iowa Code section 13.3(1) in *Hollingsworth, Luanna v. Mr. Clark has agreed to represent the Second Injury Fund at the rate of $160.00 per hour. Our office will represent the State of Iowa.

Accordingly, we request Executive Council approval to retain Mr. Clark to represent the Second Injury Fund in this case.

Sincerely,

Sam Langholz
Chief Deputy Attorney General

Re: Litigation Expense Fund

Dear Victoria:

On behalf of the Department of Revenue, Assistant Attorney General Stephen Sullivan requests authorization to expend monies from the Litigation Expense Fund pursuant to Iowa Code section 441.73 in the third quarter of the 2023 fiscal year. The Department started the 2023 fiscal year with an approximate balance of $ 573,071.21. The Department of Revenue did not request that any additional funds to be added to the Litigation Expense Fund for FYE 2023. The amount of approved expenses for the first quarter totaled $4,388.49, leaving a balance of $568,682.72. After the approved expenses in the amount of $1,410.39, the litigation fund stands at $567,272.33 at the start of the third quarter of the 2023 fiscal year.

The funds expended for the second quarter involved various matters handled by this office that pertained to a variety of central assessment valuation issues, including work related to six active appeals, including coordination with outside counsel, review of discovery requests and related work. The Department expects to incur costs in the third quarter of the 2023 fiscal year related to these appeals, including work with outside counsel and expert witnesses, and the review and consideration of a variety of other central assessment valuation issues, particularly pipeline issues. Expenses necessary to cover these and other matters are not expected to exceed $175,000 for the third quarter of the 2023 fiscal year.

The Department, therefore, requests authorization to expend $175,000 from the Litigation Expense Fund in order to cover estimated expenses for the third quarter of the 2023 fiscal year.

Sincerely,

Sam Langholz
Chief Deputy Attorney General

From: Stephen P. Sullivan *SPS*
Re: Executive Council Approval for Litigation Expense Fund
Date: February 7, 2023

Iowa Code section 441.73 established a litigation expense fund for litigation expenses incurred by the state to defend property valuations established by the Director of Revenue under section 428.24 and chapters 433, 434, 437, 437A, 437B, and 438, and for the payment of litigation expenses incurred by the state to defend the imposition of replacement taxes and statewide property taxes under chapters 437A and 437B. As required by Iowa Code section 441.73, the Executive Council is to receive a report from the Department of Revenue regarding expenditures from the litigation expense fund for the second quarter of FYE June 30, 2023. This report details the amount expended in the second quarter of the 2023 fiscal year and seeks approval to expend amounts for the third quarter of the 2023 fiscal year.

The amount expended from the approved expenses through the second quarter of the 2023 fiscal year is as follows:

October 1 through December 31	$1,410.39

The litigation expense fund had a balance of $573,071.21 at the start of FYE 2023. The Department of Revenue did not request any additional funds to be added to the litigation expense fund for FYE 2023. A total of $4,388.49 was expended from the fund during the first quarter of FYE 2023, leaving a balance of $568,682.72. After the second quarter of FYE 2023 expenses in the amount of $1,410.39, the balance of the litigation expense fund is $567,272.33.

The funds expended for the second quarter involved various matters handled by this office that pertained to a variety of central assessment valuation issues, including work related to six active appeals, including coordination with outside counsel, review of discovery requests, and related work. The Department expects to incur costs in the third quarter of the 2023 fiscal year related to these appeals, including work with outside counsel and expert witnesses, and the review and consideration of a variety of other central assessment valuation issues, particularly pipeline issues. Expenses necessary to cover these and other matters

are not expected to exceed $175,000.00 for the third quarter of the 2023 fiscal year.

Based on the above, the Department of Revenue requests authority from the Executive Council to expend $175,000.00 from the litigation expense fund to cover potential expenses for the third quarter of the 2023 fiscal year.

Dear Ms. Newton:

The Iowa DNR is seeking our 1st and final reimbursement in the amount of $39,988.50 for our costs associated with May 30, 2019 flood damage at Odessa Wildlife Management Area in Louisa County. An allocation was approved by the Executive Council in the amount of $25,822.95 at the August 23, 2021 meeting. Actual costs were higher than estimated when the allocation request was submitted therefore we are requesting an additional $14,165.55. I have enclosed copies of the accounting documents paid by the DNR for this billing. I have also attached an IET document to transfer the funds to our agency. I can be reached at 515.587.7409 should you have questions.

Sincerely,

Re: Emergency Allocations of Funds

Dear Ms. Newton,

On or about November 16, 2022 the Iowa Communications Network (ICN) received physical damage to ICN Communications equipment in Des Moines, Iowa. An email was sent to the Office of the Auditor of State and the Executive Council. This letter represents a claim for $4,300.00 in accordance with Chapter 29C.20 of the Code of Iowa for an emergency allocation of funds to repair damages sustained. The repairs for this project have been completed and we have included copies of the paid invoices.

It was determined ICN equipment was deliberately cut and it was determined that the most likely reason would be that someone mistaking the fiber cable as cooper in an attempt the harvest copper illegally at the intersection of Plank Road and High Street in Keokuk, IA in Lee County. Enclosed are the damage assessment and cost estimate/actuals to restore that damaged equipment to normal operating condition.

If you have any questions regarding this claim, please call my office at 515-725-4666 located in the Grimes State Office Building.

Sincerely,

Randy Goddard

Good morning,

Early yesterday an ICN cable cut was reported in Keokuk near the intersection of Plank Rd and High Street. Technicians responding found an ICN handhole had been opened and the cable coil within deliberately cut. The assumption is that the perpetrators assumed this was copper cable and were attempting to harvest the cable but realized it was fiber and left after cutting the cable. The only other plausible explanation would be it was simply sabotage (unlikely). A Keokuk police officer was dispatched to review and advise but there was little in the way of evidence to make any conclusions aside from that the cable was deliberately cut.

I am notifying the Executive Council of this damage in the event that this would be something we could claim for reimbursement for damages. Please advise as this is unusual and, to my knowledge, not something we have encountered in the past.

Respectfully,

NARRATIVE

Unit one was southbound with two correctional officers in the vehicle when a deer entered the roadway. Unit one was unable to avoid contact with the deer striking it with the front of the vehicle. The vehicle was driven back to ASP where the report was taken. Both occupants of the vehicle left prior to my arrival. I was in contact with Sgt Smith at ASP to gather the needed information to complete the accident report. CO Richard Orr was the passenger in Unit one.

Subject: Storm Damage to Various Roofs/Buildings, Trees and Cemetery due to Straight Line Winds on May 17, 2017
Iowa Veterans Home
Claim dated August 16, 2017
AOS Claim ID: 1422

The total estimated repair costs for the above-mentioned damages are expected to exceed $2.6 million. The Iowa Veterans Home has applied for federal funding from the Department of Veterans Affairs to cover a portion of the costs. The Department of Veterans Affairs will reimburse the state 65% of the costs incurred after the application is approved. The costs included in this request were incurred prior to the approval of the application and do not qualify for reimbursement from the Department of Veterans Affairs.

The Iowa Veterans Home has requested a supplemental allocation of $5,560.57 because additional damages were identified. We recommend Executive Council approval of the supplemental allocation request, which increases the allocation to $336,565.80.

As requested by the Department, we recommend reimbursement be made to the Department of Administrative Services in the amount of $289,091.97. This represents full and final payment of the loss.

Iowa Veterans Home
Claim dated May 19, 2018
Supplemental Request dated July 19, 2021
AOS Claim ID: 1624

The Iowa Veterans Home has requested a supplemental allocation and reimbursement totaling $1,039,904.50 for damages incurred. In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damages. The request included an invoice in the amount of $10,936.30, which was previously included in the original allocation and reimbursement request and costs of $2,021.25 which were included in the request in error by the Iowa Veterans Home. These amounts will be deducted from the Iowa Veterans Home supplemental request.

In addition, the U.S. Department of Veterans Affairs approved reimbursement to the Iowa Veterans Home for a portion of the project costs, totaling $674,156.11. This amount will also be deducted from the Iowa Veterans Home supplemental allocation and reimbursement request. It is our conclusion that the above damages incurred by the Iowa Veterans Home is covered by Chapter 29C.20 of the Code of Iowa. Therefore, we recommend an Executive Council allocation and reimbursement in the amount of $352,790.84 to be paid to the Department of Administrative Services.

Sincerely,

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damage. The estimated repair costs total $134,324.22 with FEMA covering a portion of these costs and approving grants for 75% of the covered amount. The total covered by FEMA is $86,120.51, with the FEMA share at $64,590.38 and the State share at $21,530.13. The portion of costs not covered by FEMA total $48,203.72; however, several vendor invoices include sales tax totaling $261.90. This amount will be deducted from the Iowa Veterans Home request. The Iowa Veterans Home is requesting an allocation for the State's share of costs covered by FEMA and the portion of costs not covered by FEMA for a total of $69,471.95.

It is our conclusion that the above- mentioned damage incurred by the Iowa Veterans Home is covered by Chapter 29C.20 of the Code of Iowa. Therefore, we recommend an Executive Council allocation in the amount of $69,471.95, subject to an audit of actual invoices.

Dear Ms. Newton:

On Thursday, July 19, 2018, the Iowa Veterans Home received storm damage from an EF3 tornado. The damage was reported to the Auditor's Office on Friday, July 20, 2018. We received extensive damage to roofs, which will be replaced by funding from the State of Iowa Major Maintenance Fund, FEMA, and the VA State Home Construction Program.

At this time we are requesting reimbursement under a 29C.20 claim for costs expended by IVH that are not covered by Major Maintenance, FEMA, or the VA. The attached spreadsheet itemizes those costs and totals $69,733.85 (State of Iowa Share).

If you have any questions or need additional information, please do not hesitate to contact me at (641) 844-6358.

Sincerely,

Karen Connell

Deb, as part of the support efforts and getting reimbursed for the overtime from FEMA, I need some information regarding how much two of the security staff get paid per hour on overtime.
This would be Mike Rutledge and Lyle Gaston. Can I get that information so I can add it to my report?

They both are at $19.88 per hour. At time and a half, this would be $29.82 per hour.
Let me know if there's anything else I can help you with.

Subject: Damages Due to Fire at Ross Hall in 1st Floor Custodial Room on February 22, 2021
Iowa State University – Board of Regents
Claim dated February 3, 2022
AOS Claim ID: 2079

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damage. It is our conclusion that the above-mentioned damage incurred by Iowa State University – Board of Regents is covered by Chapter 29C.20 of the Code of Iowa. Repair and clean-up costs for all damages totaled $2,529,153.75. The University's property insurance carrier, Travelers, covered $529,153.75 of the damages. Therefore, the University is requesting an allocation and reimbursement of $2,000,000.00, which is the University's out-of-pocket deductible. Although the allocation and reimbursement of $2,000,000.00 exceeds the $1,920,000.00 maximum threshold for 29C.20 claims set by the Executive Council on July 18, 2022, we recommend approval of the allocation and reimbursement request.

RE: ISU Ross Hall Building 2/22/2021 Fire in custodial room – **Preliminary Loss Report**

Dear Ms. Hollingsworth, Ms. Newton, and Mr. Nash:

This letter serves as Iowa State University's Preliminary 29c20 Loss Report for damages sustained to Ross Hall (General Fund Building) in the early morning hours of February 22, 2021, as a result of a suspected electrical fire. Initial loss report was emailed to Board of Regents on the date of loss. The fire was discovered by the building custodian. Water was contained to the room where the fire originated and the adjacent corridor. Smoke, soot, and odor impacted the rest of the seven-floor building. Service Master was dispatched immediately to assess damage and begin cleanup efforts. The building was closed for cleanup and repairs reopening for occupancy on July 1, 2021.

Final clean up and repair costs totaled $2,529,153.75. ISU submitted a claim to property carrier, Travelers. Travelers paid $529,153.75 over and above ISU's $2 Million general fund property deductible. Below is the estimated breakdown of total incurred costs.

Claim Costs submitted and approved by Travelers:

Service Master (clean up)	$1,972,080.98
Johnson Controls (fire panel replacement)	$ 176,615.00
Story Construction (building repairs)	$ 274,017.02
FP&M incurred charges	$ 106,440.75
Total:	**$2,529,153.75**

Travelers payments

1st payment 5/18/21	$115,983.24
2nd payment 6/8/21	$207,774.13
3rd payment 12/30/21	$205,396.38
Total:	**$529,153.75**

Once all requested supporting documentation has been received ISU will submit Formal Loss Report requesting funds of $2 Million to cover ISU's $2 Million property deductible.

I have been in communication with Mr. Nash on behalf of ISU regarding the Executive Council's maximum 29c20 payment threshold in relation to ISU's $2 Million request. Mr. Nash and Board of Regents Executive Director Mark Braun have been made aware that ISU does not wish to seek funding through the appropriations process should the Executive Council not fully fund ISU's $2 Million request. If the appropriation process is recommended as a next stop ISU would ask that its formal request be returned to ISU.

Feel free to contact me with any questions.

RE: ISU Ross Hall Building 2/22/2021 Fire in custodial room – **Formal Loss Report**

Dear Ms. Hollingsworth, Ms. Newton, and Mr. Nash:

This letter serves as Iowa State University's Formal 29c20 Loss Report for damages sustained to Ross Hall (General Fund Building) in the early morning hours of February 22, 2021, as a result of a suspected electrical fire. Initial loss report was emailed to the State on the date of loss. The Preliminary Loss report followed on January 20, 2022.

The fire was discovered by the building custodian. Water was contained to the room where the fire originated and the adjacent corridor. Smoke, soot, and odor impacted the rest of the seven-floor building. Service Master was dispatched immediately to assess damage and begin cleanup efforts. The building was closed for cleanup and repairs reopening for occupancy on July 1, 2021.

Final clean up and repair costs totaled $2,529,153.75. ISU submitted a formal property claim to property carrier, Travelers. Travelers paid $529,153.75 over and above ISU's $2 Million general fund property deductible. Below is the final breakdown of total incurred costs.

Claim Costs submitted and approved by Travelers:

Service Master (clean up)	$1,972,080.98
Johnson Controls (fire panel replacement)	$ 176,615.00
Story Construction (building repairs)	$ 274,017.02
ISU FP&M incurred charges (labor, material, etc.)	$ 106,440.75
Total:	**$2,529,153.75**

Travelers payments

1st payment 5/18/21	$115,983.24
2nd payment 6/8/21	$207,774.13
3rd payment 12/30/21	$205,396.38
Total:	**$529,153.75**

Included in the Formal Loss Report as outlined in the Table of Contents page are photos of the damages, supporting documentation for third party vendors Service Master (SMR), Johnson Controls Inc. (JCI) and Story Construction. ISU FP&M costs of $106,440.75 are included in above total claim amount of

$2,529,153.75 but were not itemized in this report since a portion of those costs are ineligible for payment under 29c220 and are in excess of the $2 Million funding request.

At this time ISU is requesting 29c20 funding in the amount $2 Million to cover ISU's out of pocket $2 Million deductible.

I have been in communication with Mr. Nash on behalf of ISU regarding the Executive Council's maximum 29c20 payment threshold in relation to ISU's $2 Million request. See email exchange included in report dated 12/8/2021. Mr. Nash and Board of Regents Executive Director Mark Braun have been made aware that ISU does not wish to seek funding through the appropriations process should the Executive Council not fully fund ISU's $2 Million request. Tammy, Victoria, and John,

At approximately 6am this morning, February 22, 2021, a fire broke out in Iowa State University Ross Hall (General Fund building) first floor custodial room 119. The sprinklers activated and the building was evacuated immediately. City of Ames Firefighters responded extinguishing the fire. Service Master is currently onsite handling cleanup of water, soot and smoke damage that impacted all levels of the building surfaces and contents.

We anticipate cleanup of the soot and smoke to take several weeks. The main fire alarm panel is in the room of fire origin and is completely destroyed. The initial cause of the fire appears to electrical in nature but the investigation is ongoing. Once estimated damages and more details are known we will share in the preliminary report.

Attached are photos showing initial damage immediately after the fire was extinguished.

Subject: Ross Hall Fire Damage Repair: ISU's 29c.20 claim to the Auditor & Executive Council

Mark,
In April 2021, the Board approved the "Ross Hall Fire Damage Repair" revised project budget of $3.75M, as you know. That project is 98% complete. ISU is now ready to submit their funding request through our normal 29C.20 channels; ISU to the Auditor's Office-Auditor's Office to the Executive Council. That claim would be exactly $2M, which is the amount of ISU's property insurance deductible with Travelers.

In their 29c.20 funding request cover letter, ISU would express their desire to not seek any appropriations should the Executive Council not fully fund the $2M. The Executive Council's maximum 29c.20 payment has been increased from $500,000 (est. late '70's) to $1.7M in the last few months. So, there could be some risk of not getting funding the extra $300,000. However, over the last 10 months since the Ross Hall fire (02/22/21), I have been working with Tammy Hollingsworth with the Auditor's Office and Victoria Newton (Treasurer's Office) with the Executive Council. I spoke with both of them again this morning about ISU's pending $2M 29c.20 funding request. While $2M is an unusually large 29c.20 request, I feel that Tammy, Victoria, ISU and the Board Office are all on the same page and prepared to successfully process and attain the full $2M.

This morning I updated Aimee, who is okay with ISU proceeding. Are you okay with ISU proceeding?
Thanks,

RE: ISU Ross Hall Building 2/22/2021 Fire in custodial room – **Preliminary Loss Report**

Dear Ms. Hollingsworth, Ms. Newton, and Mr. Nash:

This letter serves as Iowa State University's Preliminary 29c20 Loss Report for damages sustained to Ross Hall (General Fund Building) in the early morning hours of February 22, 2021, as a result of a suspected electrical fire. Initial loss report was emailed to Board of Regents on the date of loss. The fire was discovered by the building custodian. Water was contained to the room where the fire originated and the adjacent corridor. Smoke, soot, and odor impacted the rest of the seven-floor building. Service Master was dispatched immediately to assess damage and begin cleanup efforts. The building was closed for cleanup and repairs reopening for occupancy on July 1, 2021.

Final clean up and repair costs totaled $2,529,153.75. ISU submitted a claim to property carrier, Travelers. Travelers paid $529,153.75 over and above ISU's $2 Million general fund property deductible. Below is the estimated breakdown of total incurred costs.

Claim Costs submitted and approved by Travelers:

Service Master (clean up)	$1,972,080.98
Johnson Controls (fire panel replacement)	$ 176,615.00
Story Construction (building repairs)	$ 274,017.02
FP&M incurred charges	$ 106,440.75
Total:	**$2,529,153.75**

Travelers payments

1st payment 5/18/21	$115,983.24
2nd payment 6/8/21	$207,774.13
3rd payment 12/30/21	$205,396.38
Total:	**$529,153.75**

Once all requested supporting documentation has been received ISU will submit Formal Loss Report requesting funds of $2 Million to cover ISU's $2 Million property deductible.

I have been in communication with Mr. Nash on behalf of ISU regarding the Executive Council's maximum 29c20 payment threshold in relation to ISU's $2 Million request. Mr. Nash and Board of Regents Executive Director Mark Braun have been made aware that ISU does not wish to seek funding through the appropriations process should the Executive Council not fully fund ISU's $2 Million request. If the appropriation process is recommended as a next step ISU would ask that its formal request be returned to ISU.

Feel free to contact me with any questions.

Sincerely,

Cally Jennett

L Remarks (Local Option)

Engine 2 was dispatched to Ross Hall for a report of a closet on fire. Engine 2 verified dispatch information, and then upgraded the call to a Structure Fire. Command 1, Engine 1 and Truck 3 were dispatched. CAD notes indicated that ISU Dispatch had their system lock up on second dispatch. Engine 2 arrived on scene to the 7-story, type 1, educational building and reported thick, heavy smoke and that the crew was pulling a 1-3/4" attack line. ISU PD was on scene and met the crew with keys, and reported the only occupant, who reported the fire, was out of the structure. The occupant stated there was a utility/custodial closet that had flames present when she returned from a task in the building. She gave directions to Engine 2 to the location on the first floor. Command 1 arrived and directed Engine 1 to approach from the north, and Truck 3 to approach from the south. Engine 2 called for ventilation, and a fan was set at the Northeast corner doors where they made entry. The fire room was located on the Southwest corner, interior. ISU PD and Command's 360 of the building revealed a light on in an office on the second floor, above the fire room. Engine 1 was directed to search the area and determine the building was clear. Truck 3 was assigned to assist ventilation, and opened doors to the loading dock on the East side of the building. Engine 2 reported the fire was knocked down. It was determined a hydrant was not needed at this time as less than 150 gallons of water had been used to this point. At this time, smoke was noted exiting the penthouse of the structure. Truck 3 was assigned to make their way to the roof to check for any fire extension and ventilate. Engine 1 was directed to continue search on all floors. Truck 3 reported they had ventilated and did not locate any fire extension. They were directed to search the floors as they headed down, until meeting Engine 1 crew. The building was clear, and no occupants or fire extension was located by Engine 1 or Truck 3. Engine 2 began overhaul, as Inspector Ziph, and Firefighter Bundy started the investigation. Air monitoring was taking place during overhaul, and investigation. ISU Building Maintenance had arrived and assisted with placing ice melt, and

Electricians and maintenance personnel were called and arrived to assist with building systems. Air monitoring continued until CO dropped in areas that maintenance would work in. ISU PD was assisting Inspector Ziph with evidence collection. All fire apparatus were released from the scene after equipment clean up. Command 1 remained to answer questions from Maintenance and assist Inspector Ziph as needed. The Building was turned over to ISU Facilities and all fire units were cleared after all needed information was gathered for the investigation.

Unit Narrative

E1 was dispatched for a structure fire at Ross Hall. E1 arrived with E2 and C1 already on scene. E1 was assigned to primary search of second floor due to a visible light in an office window. E1 entered building on northwest corner and found stairs to second floor. The second floor was searched by Lt. Facio, FF Bundy, and FF Osborn. The office doors were all locked with coverings over the windows in the doors. All rooms were searched and crew moved to third and fourth floors with the same results. No contact was made with any occupants in the building. E1 crew exited the building and was assigned to rehab.

Unit Narrative

E-2 arrived at Ross Hall. Nothing was visible. We were able to see smoke inside the main doors as we approached. We pulled a crosslay. The female employee we talked to said the fire room was around to the right. She said there was pretty good fire. We advanced the line. There was no visibility. We called for ventilation. E-2 driver added more hose to our line. The fire room door was halfway open. We could hear pressurized air flow. We extinguished the fire and began clearing some large items from the room. We found an exit 20 feet down the hall and opened the doors to vent. We found a valve to shut down the air flow in that room. The monitor was brought in to check Carbon Monoxide levels.
The investigation team was called in to take pictures. Bundy and Ziph did the investigation. Lighting was set up. We assisted by clearing debris from the room as pictures were taken. The debris was carried outside and placed on to one of our tarps. We

Unit Narrative

T3 responded on the upgraded structure fire response. We positioned in front of E2 and were assigned ventilation. We assisted with setting up fans at the entry point on the NW corner, and opened a loading dock door for additional intake on the E side of the building. We briefly assisted E2 with hoseline advancement and then were reassigned to the roof to investigate smoke from the penthouse. We confirmed no extension, and that there was residual smoke on the top two floors. We then gathered ISU employees to enter the building with us to attempt to turn on ventilation systems inside the building after the conditions allowed for non-scba entrance. Conditions in the basement and top floors where the ISU staff needed to go were still experiencing elevated CO readings and it was not safe for non-scba personnel to be present. We obtained keys from an ISU officer and proceeded back to the penthouse and opened the door to the roof. Using the East stairwell to ventilate the building, we had significant airflow and allowed for that natural ventilation to take place. T3 then returned to service.

Matt,

The cost to add P&P bond fee is $5.00 per $1,000.00 quoted so for Ross Hall that is $5.00 X $171 = $855.00

Subject: RE: ISU Ross Hall-Simplex Quotes

I am checking in to the bond fees. In the meantime, the base quote was changed a couple days ago based on input from Brian Dangelsar (we had missed a couple items). I resent the quote to Troy Carey. The revised quote is attached for your review.

Thanks.

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damages. It is our conclusion that the above damage incurred by the Department of Administrative Services is covered by Chapter 29C.20 of the Code of Iowa. The Department requested an allocation of $12,496.30; however, the estimate includes vehicle damage inspection costs of $392.40. These costs are considered administrative costs since they are incurred regardless of whether or not a claim is allowed under Chapter 29C.20 of the Code of Iowa. This amount will be deducted from the Department's request. Therefore, we recommend an Executive Council allocation in the amount of $12,103.90, subject to an audit of actual invoices.

Claim dated November 18, 2022
AOS Claim ID: 2386

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damage. It is our conclusion that the above damage incurred by the Department of Public Safety – Iowa State Patrol is covered by Chapter 29C.20 of the Code of Iowa. The Department requested an allocation of $15,452.30; however, the estimate from the vendor includes sales tax of $1,010.90. This amount will be deducted from the Department's request. Eric,
This is payment documentation for 29c20 for roof replacement and window repairs from 2021 storm/hail damage. Total for all came to $442,008.60.
The Excel document attached summarizes related invoices paid along with DAS payments through MOU. Note that Document "INV 16787, 16788, 16790" also includes payment for an unrelated invoice ($10,620.64 of the $12,005.29 is related to the 29c20 request as reflected on the summary).

Let me know if this doesn't make sense or you have questions. Thank you.

Clint

Eric,
WRC had damage related to the hail storm on Friday 7/10/21. We don't have all of the specifics as are still in assessment but so far have about 12 full house windows. There are about one hundred+ small window panes in the large buildings, roof and siding damage. Nothing large damage, but quite a bit of small things, easily over the minimum threshold.

Good Afternoon DR-4557 Public Assistance Applicants & Subrecipients,

On March 15, President Biden signed "H.R. 2471, Consolidated Appropriations Act, 2022" into law, which granted a minimum 90% federal cost share for any emergency or major disaster declaration declared from or having an incident period beginning between, January 1, 2020 and December 31, 2021. As a result, the federal cost share for DR-4557 (August 10, 2020 Derecho Storms) has been adjusted from 75% to 90% federal. This change affects pending, open and closed Public Assistance projects.

Pending Projects (pending obligation): FEMA has made the cost share adjustment in Grants Portal. Projects will be obligated at the updated cost share.

Open & closed projects (obligated): As FEMA approves additional funding as a result of the adjustment, HSEMD will be initiating project versions and payment for the additional federal obligations in the upcoming weeks. You can view the status of your project versions in EMGrantsPro (my.iowahomelandsecurity.org).

Payment Questions? If you have specific questions regarding the processing of a pending payment, please contact HSEMD's PA Finance Officers Katherine Hines (katherine.hines@iowa.gov) or Danielle Simmons (danielle.simmons@iowa.gov).

General Questions? Please reach out your HSEMD PA contact or reply to this email.

In accordance with Executive Council policy, we have examined the claim for 29C.20 funds for the above-mentioned damage. It is our conclusion that the above-mentioned damage incurred by the Iowa Communications Network (ICN) is covered by Chapter 29C.20 of the Code of Iowa. The amount requested may include costs that will be covered by a monthly maintenance contract for technician services that are not additional expenses to ICN. The actual claim for reimbursement should only be for expenses that exceed the technician hours per the maintenance agreement.

Therefore, we recommend an Executive Council allocation for the requested amount of $61,264.36, subject to audit of actual invoices and supporting documentation and demonstration that no costs covered by the maintenance contract have been included.

Re: University of Iowa – Hawkeye Tennis and Recreation Complex Snow and Ice Damage – Preliminary Loss Report (3/9/2021)

Dear Executive Council,

On March 9, 2021, snow and ice caused damage to the Hawkeye Tennis and Recreation Complex located at 2820 Prairie Meadow Drive, Iowa City, Iowa. The weight of the snow and ice on the roof caused the gutters to become unattached from the building in multiple locations. The snow and ice also caused damage to the lightning protection system located on the roof of the building. The Hawkeye Tennis and Recreation Building is 79% supported by General Fund.

The purpose of this Preliminary Loss Report is to notify you of our current damage estimate and to request allocation of funds for repair and replacement of the damaged building components. Our estimated damage is approximately **$14,611.05**. A Formal Loss Report will be provided with the final invoices and payment documentation.

Please feel free to contact me with any questions or concerns.

Hello,

Risk Management was notified on 3/9/2021 of damage at the Hawkeye Tennis and Recreation Complex, located at 2820 Prairie Meadow Drive, Iowa City, IA. The weight of the snow and ice on the roof caused the gutters to become unattached from the building in multiple locations. There is also damage to the lightning protection system on the roof of the building. We are investigating the incident at this time but the estimated damages are expected to exceed $5,000. I have attached a photo of some of the damage.

We will submit a preliminary loss report once we have a better estimate.

Please feel free to contact me with any questions or concerns.

Thank you

Re: Special Counsel Update, January – February, 2023

Dear Honorable Council Members:

I write to update you on my work as Special Counsel representing the State of Iowa in criminal prosecutions of non-native offenders for offenses occurring on the Meskwaki Settlement. We have seen a continued influx of operating while intoxicated, driving while barred, and narcotics cases during this period. I attribute this to the Meskwaki Nation Police Officers being more aggressive with interdictions on Highway 30. Overall, the cases are strong and the officers are doing an excellent job.

I have enclosed an invoice containing a detailed accounting of my time broken down by each particluar case. Should you have any questions or concerns, please do not hesistate to contact me.

Sincerely,

Michael Marquess
