FY 2020-2021 LOCAL GOVERNMENT ASSISTANCE PROGRAM

PURPOSE

The purpose of the Local Government Assistance Program (LGAP) is to provide financial assistance to local units of government in rural areas.

ELIGIBILITY AND MAXIMUM GRANT AMOUNTS

All municipalities and parishes in Louisiana are eligible to participate in the 20/21 LGAP program with the exception of the following HUD entitlements: Alexandria, Bossier City, East Baton Rouge Parish Consolidated Government, Jefferson Parish (Including Grand Isle, Gretna, Harahan, Jean Lafitte, and Westwego), Kenner, Lafayette Parish Consolidated Government, Lake Charles, Monroe, New Orleans (including unincorporated areas), Shreveport, Slidell, St. Tammany Parish (including Abita Springs, Covington, and Madisonville), Terrebonne Parish Consolidated Government, and Thibodaux.

Maximum grant ceiling amounts are based on the following population ranges.

Villages (1-999) are eligible to apply for up to \$25,000.

Towns (1,000-4,999) are eligible to apply for up to \$35,000.

Cities (5,000-35,000) are eligible to apply for up to \$50,000.

Parishes are eligible to apply for up to \$100,000. (If a parish's incorporated communities' combined maximum ceiling amounts are less than the allocation for the entire parish area, the parish can then apply for more than \$100,000.)

Eligible parishes may apply for projects that serve a parish-wide area or an unincorporated area of the parish.

For the 2020-2021 fiscal year, the maximum allocation amount available **per parish** area will be **\$58,800**. The Office of Community Development encourages all potential applicants within each parish to prioritize their requests.

****ONLY ONE (1) APPLICATION WILL BE ACCEPTED FROM EACH LOCAL GOVERNMENT ENTITY. MULTIPLE PROJECTS CAN BE INCLUDED ON THE SAME APPLICATION.**

APPLICATION DUE DATE

In order to be considered for the FY 2020-2021, completed applications must be received, not merely postmarked, in the Office of Community Development by February 1, 2021. Applications received after this date will not be considered.

ELIGIBLE ACTIVITIES

Fire protection, sewer, water, renovations to essential governmental buildings, police protection, land acquisition, demolition, equipment, roads, drainage, and reasonable engineering costs (10% of grant award for basic engineering services if associated with construction and 3% for inspection services) are eligible for assistance under this program.

INELIGIBLE ACTIVITIES

Previously incurred debt, improvements to private property, on-going salaries, overtime for government employees, administration, engineering-only or planning-only projects are not eligible activities under this program. Projects intended for “recreational use” such as playground equipment, park benches/trash receptacles, or walking trails are not eligible.

EVALUATION PROCESS

The evaluation process involves several steps, including a staff review and rating. Rating will be based on the following criteria.

1. Does the proposed project improve the health, safety, living conditions, and quality of life of the community?
2. Are the proposed activities eligible?
3. Will LGAP funds be used to match other local, state or federal funds?

The Office of Community Development will evaluate each application to determine its rating and award amount.

APPLICATION PROCEDURES

Complete all of the application forms included herein. If the project involves technical or engineering questions, you may need to consult a qualified expert for design descriptions or budget estimates. A resolution of support from the governmental body must be attached to the application. In addition, the application must include a letter of support from the state senator and state representative who represents the district in which the project is located. Applications will not be considered for potential awards without both the legislative letters of support and the local government resolution of support.

EMERGENCY SET-ASIDE

\$400,000 dollars has been set-aside for projects determined to be of an emergency nature that affect the health and safety of residents of an area. The ceiling amount for an individual emergency grant is \$200,000. The emergency situation must have occurred within 3 months of application submission. Applications will be accepted on a continuous basis. Local governments interested in applying for these funds should first contact Jeff Tessier in the Office of Community Development to discuss the proposed project. If it is determined by the Office of Community Development that the proposed project meets the intent of the program, the local government will be invited to submit an application. Municipalities may only be funded for an emergency grant every other program year. Parish governments may be funded every year; however, the water or sewer system receiving the emergency funds can only be funded every other grant program year.

Please note the following rules regarding the LGAP program:

- Local governments are limited to two (2) open LGAP grants at one time. If a local government has two open grants at the time the award would be made, the Office of Community Development will notify the local government that it has six months to close out one of its open grants or it will no longer be eligible for the award.
- Local governments on the Legislative Auditor's Non-Compliance List at the time of award will not be eligible. The Office of Community Development will notify the local government that it has six months to be removed from the list or it will no longer be eligible for the award.
- LGAP will not provide funds to administer the project nor fees to complete the application.
- Requests for payments, accompanied by invoices, will be sent to the Office of Community Development. Under no circumstances will the state reimburse costs for invoices dated prior to an executed contract with the unit of local government.
