Mr. Larry Miller explained to the Commission that the special use permit was needed for temporary housing/ office during the remodeling of Fire Station 1.

Commissioner Tina Weber asked what temporary facility they are placing there.

The City of Jackson’s engineer, George Harris, who was representing the Fire Department, came forward and explained it would be a larger-scale construction office than you would see on construction sites. He said it will contain four bedrooms, a kitchen area, and a bathroom. Mr. Harris also explained that the location of the building had to be there because it was the closest to the sewer connection.

Commissioner Tina Weber asked how long the temporary building would be there, and Mr. Harris told her it would be for approximately 12-15 months.

Chairman Harry Dryer asked if the building would be equivalent to a double-wide trailer. Mr. Harris told him it would be.

Mr. Larry Miller told the Commission that the rezoning is for the subdivision plat that was before them last month. He informed the board that an annex agreement had been in place since after the meeting. Mr. Miller explained to the board that once this subdivision is annexed, the larger portion will be R-1, and the small portion in the city is already R-2. Mr. Stroder is asking it all to be rezoned to C-2.

Commissioner Tony Koeller asked if there is C-2 around this property. Mr. Miller showed the Commission on the map that there is Commercial property on the south side of the subdivision.

Commissioner Tony Koeller asked if a public hearing at their level is optional. Mr. Miller said it is optional for P&Z and mandatory at the Board of Aldermen level.
