MEMO

TO: Mayor Hahs and Members of the Board of Aldermen
FROM: Larry Miller, Building & Planning Manager
DATE: February 15, 2024
SUBJECT: P&Z Meeting

These are the items that were on the P&Z Agenda.

- Consider a request to approve a Land Exchange Certification for transferring 1 Acre from Lot 2 to Lot 1 of the Shriners Subdivision, as submitted by MidAmerica Hotels Corporation and BKR Commercial, LLC.

This was unanimously approved and does not require an action from the Board of Alderman.

- Consider a request for a special use permit for a temporary housing unit for the Fire Department at 525 S Hope St, as submitted by the City of Jackson.

This was unanimously approved, and P&Z waived their public hearing. This requires a public hearing at the Board of Alderman level.

- Consider a rezoning request for Stroder's Industrial Park Subdivision from an R-1 and R-2 Single-family residential district to a C-2 General commercial district as submitted by Trussworks Realty Missouri, LLC.

This was unanimously approved, and P&Z waived their public hearing. This requires a public hearing at the Board of Alderman level.

JOURNAL OF THE PLANNING & ZONING COMMISSION
CITY OF JACKSON, MISSOURI
WEDNESDAY, JANUARY 10, 2024, 6:00 P.M.
REGULAR MEETING
CITY HALL COUNCIL ROOM, 101 COURT STREET, JACKSON, MISSOURI

The Planning and Zoning Commission met in regular session with Chairman Harry Dryer presiding, and Commissioners Tony Koeller, Eric Fraley, Angelia Thomas, Heather Harrison, Michelle Weber, Tina Weber, and Beth Emmendorfer were present. Commissioner Bill Fadler was absent. Building and Planning Manager Larry Miller was present as staff liaison. Alderman Mike Seabaugh and Alderman Joe Bob Baker were present. The citizens attending were Chris Koehler, Steven L. Stroder, and Wyatt D. Stroder.

Consider a request to approve the final plat)
of Stroder’s Industrial Park Subdivision)
submitted by)
Trussworks Reality Missouri, LLC.)

Chairman Harry Dryer asked for a staff report.

Mr. Larry Miller explained where the property is located and how the portion of the tract inside the city limits will become part of Stroder’s Industrial Park Subdivision, which is outside the city limits. He told the Commission that the applicant asks for four variances from the subdivision requirements under Chapter 57 of the City of Jackson Code of Ordinances. Mr. Miller read each variance request to the Commission.

Chairman Harry Dryer asked if the applicant or a representative of the applicant was present.

Chris Koehler from Koehler Engineering came forward and said he had prepared the plat and the variances for Mr. Steven L. Stroder, who is also present. With it being partially in the city and the rest out of the city, this is a little more difficult situation. Mr. Stroder wants to make the lots available on the market quickly. Mr. Koehler said even if they sold something next week with closing times to set up, the plat would be finished going through the process, and sewers would at least be under construction. Mr. Koehler explained to the Commission that the only reason to get the plat quickly and the requested variances is the timing.

Commissioner Eric Fraley asked if the plan is to annex the whole subdivision into the City. Mr. Koehler said Mr. Stroder is planning on annexing into the city.

Commissioner Tina Weber asked if they had started any part of the infrastructure yet, and Mr. Koehler responded that they had not. He said they do have the design for the sewer underway.

Commissioner Tony Koeller asked the Commission and Mr. Miller if a variance has ever been granted for a preliminary plat in the past. Mr. Miller said since he has been the Building and Planning Manager, there hasn't been one given, but he could speak on behalf of the prior Building and Planning Managers.

Chairman Harry Dryer asked Alderman Mike Seabaugh and Alderman Joe Bob Baker if they could remember whether a variance for turning in a preliminary plat while serving as Aldermen had been granted. Both responded they couldn't recall when that happened.

Commissioner Tony Koeller asked if Mr. Stroder has applied for annexation, and Mr. Koehler said it will be filed in the next week or so.

Commissioner Tina Weber asked if any lots had been sold or spoken for, and Mr. Steven L. Stroder, the owner of the lots from 2155 Greensferry, came forward and said no. He said they want to start marketing them as soon as possible and to be able to place a picture of the plat on the property for sale. He stated he wants to get things started since there is a 60 to 90-day process for annexation.

Commissioner Tony Koeller asked why he can't go ahead and market it. Mr. Stroder said he could. Then Commissioner Tony Koeller said if the Commission does this, they are setting a precedent for other contractors wanting to develop.

Mr. Chris Koehler said there are unique circumstances since some of the lots are primarily in the county and slightly in the city. He stated they could record three lots in the county and one in the city, but this was the better way.

Mr. Steven L. Stroder asked the Commission if it causes a problem to do it this way, and Commissioner Tony Koeller said it doesn't generate a problem in this case for you. However, if a developer came in with a survey and asked to approve it with the variances, we would have a hard time denying it because of the precedent set by approving this subdivision.

Mr. Steven L. Stroder said he didn't think it would cause a problem because the city property is such a small amount of this subdivision.

Commissioner Tina Weber asked if a rezoning would need to be applied for with this property, and Mr. Chris Koehler said it would be done in conjunction with the annexation process.

Commissioner Heather Harrison asked what would happen if this plat was approved, and then it was decided not to be annexed inside the city. Mr. Steven L. Stroder asked Mr. Chris Koehler if they had committed to annexation, and he said a verbal commitment had been made, but there was no application or agreement in place.

Commissioner Tony Koeller asked if the commission could approve the plat pending an annexation agreement. Mr. Larry Miller said they could.

Chairman Harry Dryer asked Mr. Chris Koehler when the 30 days start in reference to number two of the variance letter that explains plans to be submitted for the sewer construction to serve all lots. Mr. Chris Koehler said it started on the 3rd of January.

Chairman Harry Dryer asked why there was an urgency in getting the plat approved with all the variances. Mr. Chris Koehler said his client wants to be able to provide a plat for people who are interested in buying to show them there are four lots for Stroder's Industrial Park.

Mr. Chris Koehler told the commission they are in contact with MODOT on the entrances for these lots. He said he wasn't sure if MODOT would allow an entrance for each lot or if there would only be two entrances.

Commissioner Tony Koehler asked if the 10-foot easement Mr. Steven L. Stroder requested would later be added to the annexation. Mr. Chris Koehler said all the utilities are in the front, so there shouldn't be any reason for an easement in the rear of the lots.

Seeing no further questions or comments, Chairman Harry Dryer entertained a motion.

Commissioner Tony Koeller motioned to approve the subdivision plat and variances contingent on the annexation agreement in place. The request was seconded by Commissioner Tina Weber and was unanimously approved.

Staff Report

ACTION ITEM: Consider a rezoning request for Stroder's Industrial Park Subdivision from an R-1 and R-2 Single-family residential district to a C-2 General commercial district as submitted by Trussworks Realty Missouri, LLC.

APPLICANT: Trussworks Realty Missouri, LLC (Steven L. Stroder)

APPLICANT STATUS: Property Owner

PURPOSE: To rezone from an R-1 and R-2 Single-family residential district to a C-2 General commercial district.

SIZE: 1.45 acres (inside the city limits), 10.55 acres (in the process of annexation) 12 acres total.

PRESENT USES: Agricultural

PROPOSED USE: C-2 General commercial district.

ZONING: R-1 and R-2 Single-family residential district

SURROUNDING LAND USE: North – I-2 Heavy industrial district; South – C-2 General commercial district; East – C-2 General commercial district; West – R-1 Single-family residential district

HISTORY: This tract was part of the Larry D. Borgfield and Audrey Borgfield property before being sold to Trussworks Realty Missouri, LLC. A small portion of this tract was annexed into the city as part of a large voter-approved annexation that followed public survey lines.

TRANSPORTATION AND PARKING: All required street frontage exists.

APPLICABLE REGULATIONS: Zoning Code (Chapter 65)

2009 COMPREHENSIVE PLAN: Single-Family Residential

MAJOR STREET PLAN: This does not conflict with the major street plan.

FLOODPLAIN INFORMATION: This property is not in a floodplain per FEMA panel 29031C0143E dated 9/29/11.

PHYSICAL CHARACTERISTICS: Various

COMMENTS: This rezoning is concurrent with annexing the land outside the city limits. Once the land is annexed, it will become an R-1 Single-family residential district. This rezoning will be for the 12 acres of Stroder's Industrial Park Subdivision, which is 12 acres.

ACTION REQUIRED: The Commission shall vote to recommend approving or denying this request and will need to make their recommendation contingent on the annexation of the 12 acres for Stroder's Industrial Park Subdivision. A public hearing at this level is optional but requires one at the Board of Aldermen level.

LEGAL DESCRIPTION OF TRACT (attach a copy of the deed or other legal description):

see attached description

REASON FOR REQUEST: State the reason(s) why you believe the requested use will be beneficial to the neighborhood and the City of Jackson. Attach additional page(s) as needed.

The majority of the property is in the County, which is unzoned and will be annexed and come into the city with a R-1 zoning. The property is along a commercial corridor which is developing commercially. The adjacent property and property across the street is zoned either C-2, I-1, or I-2. The owner intends the property for commerical use, and is requesting a C-2 zoning, which will be consistent with the use along the corridor and near by properties.

DRAWINGS (FOR SPECIAL USE PERMITS ONLY): If one or more buildings or other structures are to be added to the property for a special use permit, attach a scaled plat of the tract(s) showing the location of all buildings. If any buildings are to be less than the standard minimum setbacks, include these distances on the drawing. Any approved special use permit will be based on this building layout. RE: Deerwood Roundabout Island Enhancements

In order to continue preparation for a future landscape design in the center island of the Deerwood roundabout, the framework of a preliminary design needs to be determined and submitted to MODOT for approval. While we know we want the island landscaped, if a sign is still desired, the basic parameters of the sign also need to be established and submitted to MODOT for approval.

We will discuss the MODOT guidance and staff recommendations at the study meeting.

MoDOT Sign Zone

This area is reserved for the placement and maintenance of the signing for the roundabout

Area Width = 8 ft
Ground Cover Height = 0 feet
Lighting Fixtures - None

Buffer Zone

This area may be landscaped for aesthetic purposes, but maintained as a buffer zone and for sight distance purposes, containing no fixed objects

Area Width = Variable
Ground Cover Height = 2 feet max
Lighting Fixtures - None

NOTE:
The width of the buffer zone varies based on the area remaining between the sign zone and the monument zone

Monument Zone

This area may contain non-breakaway features, monuments or other aesthetic treatments. Tall objects, such as flag poles shall not be tall enough to reach the travel lane if the object would fall over

Area Width = 1 / 2 Inner Circle Diameter max
Ground Cover / Fixed Object Height = Truck Apron Radius max

Lighting Fixtures - Low mounted, upward facing light fixtures used to light the objects within the fixed object zone. Shall not be used to light the roundabout or impede the vision of the motorist

NOTE:
The ability to place fixed objects in this area is also dependent on other criteria, such as the existence of splitter islands on the approaches, approach speed as well as the requirements of any MoDOT aesthetic or monument policy criteria.

The diameter of the monument area may need to be reduced to a diameter less than the maximum diameter based on design factors, such as improving sight distance
