A. CALL TO ORDER

Chair Lee called the Systemic Racism Review Committee to order at 12:01p.m.

B. LAND ACKNOWLEDGEMENT

We acknowledge that the City and Borough of Juneau is on Tlingit land, and wished to honor the people of this land, the Auk Kwaan and Taku Kwaan. For more than ten thousand years, Alaska Native people have been and continue to be integral to the well-being of our community. We are grateful to be in this place, a part of this community, and to honor the culture, traditions, and resilience of the Tlingit people. Gunalchéesh!

Mr. Barr read the ordinances into the record and gave a brief summary of each ordinance moving forward to public hearing at the next regular Assembly meeting on January 8, 2023. Ms. Cheney requested to pull Ordinance 2022-62 from the consent agenda and Mr. Froehlich requested to pull Ordinance 2022-64 from the consent agenda for further discussion.

MOTION: by Mr. Froehlich to approve the consent agenda as amended. ***Hearing no objections, motion passed.***

G. LEGISLATION PULLED FROM CONSENT FOR DISCUSSION

Legislation pulled from the consent agenda during the meeting for further discussion, questions or to walk through the SRRRC checklist on a particular piece of legislation.

Sample Motions:

"I move to forward Ordinance xxxx-xx (or Resolution xxx) to the full Assembly as presented and ask for unanimous consent" or "I move the SRRRC recommend to the Assembly it {fill in the recommendation} prior to taking action on proposed legislation"

Ordinance 2022-62 was pulled by Ms. Cheney for discussion. She asked if they would have to put pumps in for sewer. Mr. Barr noted that would work through the general development as it works through the permitting process. Mr. Gottschalk noted the Planning Commission recommendation was "public water was on-site". Mr. Froehlich asked for a point of clarification, the intent is not to increase density but to create more multifamily homes. Mr. Gottschalk said it is measured in a per acre way that gives flexibility to the developers. When there is a rezone it goes in front of the Planning Commission. Mr. Barr noted that as a practical side effect, depending on developer in a D10 vs. a D10SF can develop to the maximum density. Chair Lee, has this been requested by someone? Mr. Barr, this is a proposal from a developer. Chair Lee so this would open up for the developer to develop multifamily vs. single family if they so choose. Mr. Barr stated it would be for maximum permissible density, there isn't a change in density just the type of density.

MOTION: by Chair Lee to forward Ordinance 2022-62 to the full Assembly as presented and ask for unanimous consent. ***Hearing no objection, motion passed.***

Ordinance 2022-64 was pulled by Mr. Froehlich for further discussion. Mr. Schaaf said that one of the reasons for consolidation was due to staff capacity and members of the community to serve on these boards. This will help to create meaningful outreach. It tends to be the same people serving on the boards and there aren't that many people in town for those specific boards such as the Aquatics Board or the Treadwell Arena Advisory Board. This will open up to the full community vs. the small silos. Ms. Cheney asked if that would be a longer meeting for board members. Mr. Schaaf noted that more structure and meaningful tasks shouldn't and if anything PRAC has had less to do. Built in the creation of subcommittees to work on projects as needed. Ms. Patterson asked if there will be a specific requirement to be on the board for all the different organizations. Mr. Schaaf said that over the years there were specific qualifications for the various Parks and Recreation boards, moving forward PRAC will continue as an advisory board and won't need those same specifications. Looking for advice on how P&R operations affect the general public, looking for broad-based interest in Parks and Recreation. Mr. Froehlich had concerns around making sure it continues to be equitable.

The committee went through the SRRRC checklist related to Ordinance 2022-64, flagging potential issues of systemic racism and held discussion. The committee made the following recommendations to the Assembly: suggested placing a sunset date on the ordinance; adding language that specifically outlines objectives that includes D/E/I of historically marginalized voices in the community as well as final language in the ordinance for community outreach to marginalized community for board recruitment. Ms. Patterson noted the concern from fellow committee members, stating the committee supports the consolidation and wants to make sure it's not the same type of people on the board but instead follow the above mentioned request for marginalized community outreach. Mr. Gottschalk will incorporate the SRRRC recommendations into a memo for the Assembly.

MOTION: by Chair Lee to forward Ordinance 2022-64 to the full Assembly as presented and ask for unanimous consent. *Hearing no objection, motion passed.*
