G. PUBLIC HEARING ON ORDINANCES

2. **Ordinance 2024-01(b)(M): An Ordinance Appropriating \$3,000,000 to the Manager as Local Matching Funds for a United States Army Corps of Engineers Glacier Outburst Flooding General Investigation Study; Funding Provided by General Funds.**

This ordinance would appropriate \$3,000,000 as local matching funds for a United States Army Corps of Engineers (USACE) glacier outburst flooding investigation study. In August 2024, the Mendenhall Vally was flooded by a glacier outburst flood caused by Suicide Basin. The 2024 flood levels exceeded previous flooding events, damaging over 300 residences in the area. This funding would contribute toward a study with the USACE to determine flood mitigation solutions when the Suicide Basin ice dam releases water in the future.

The Committee of the Whole reviewed this request at the September 9, 2024 meeting. The Systemic Racism Review Committee reviewed this ordinance at its September 17, 2024 meeting.

The Assembly Finance Committee reviewed this ordinance at its September 18th, 2024 meeting. Staff are working on two additional pieces of legislation to reimburse the General Fund for this appropriation, which will include \$2,000,000 from the Docks and Harbors Fisheries Land Terminal Purchase CIP and \$1,000,000 from the Restricted Budget Reserve.

The City Manager recommends the Assembly hold public testimony and adopt this ordinance.

3. Ordinance 2024-01(b)(N) An Ordinance Appropriating \$100,000 to the Manager for Expanded Inundation Maps and Hydrological Modeling of the Mendenhall River; Funding Provided by General Funds.

This ordinance would appropriate \$100,000 of general funds for expanded inundation maps and hydrological modeling of the Mendenhall River. In August 2024, the Mendenhall Vally was flooded by a glacier outburst flood caused by Suicide Basin. The 2024 flood levels exceeded previous flooding events, damaging over 300 residences in the area. This funding would contribute toward detailed mapping and hydrological modeling of the Mendenhall River to determine potential flood impacts in the future, with data collected to be used for mitigation solutions.

The Committee of the Whole reviewed this request at the September 9, 2024 meeting. The Systemic Racism Review Committee reviewed this ordinance at its September 17, 2024 meeting. The Assembly Finance Committee reviewed this ordinance at its September 18, 2024 meeting.

The City Manager recommends the Assembly hold public testimony and adopt this ordinance.
