## **Board of Equalization Orientation**

#### The BOE's Purpose:<sup>1</sup>

The BOE determines whether an error in valuation occurred regarding annual CBJ property assessments. If the BOE determines there was an error, the BOE alters the property assessment to the correct value **or** remands the matter to the assessor for reconsideration.<sup>2</sup> The decision to remand is based on whether or not the BOE has sufficient evidence of value in the record or it is necessary for the assessor and appellant to gather more evidence.

#### **Appeal Process:**

(a) Assessment Notice

The assessor gives every person named in the assessment roll a notice of assessment containing their property's assessed value, the date payment is due, and date when the Board will meet.<sup>3</sup> The notice is sufficiently given if it is mailed first class 30<sup>4</sup> or more days prior to the BOE hearing, and the notice must be either addressed or delivered to the person's last known address.<sup>5</sup>

(b) The Assessor

The assessor determines properties' "full and true value" in money as of January 1 of the assessment year.<sup>6</sup> Under state statute, "full and true value is the estimated price that the property would bring in an open market and under the then prevailing market conditions in a sale between a willing seller and a willing buyer both conversant with the property and with prevailing general

<sup>&</sup>lt;sup>1</sup> This memo's purpose is to provide big picture guidance regarding the BOE process. Pursuant to Ordinance 2022-21, substantial changes were made to the BOE process in late 2022. BOE members should review CBJC 15.05.041—.210 online (or the ordinance itself) to see all changes made (particularly CBJC 15.05.190). As always, BOE members should defer to the guidance of their designated CBJ attorney advisor.

price levels."<sup>7</sup> The assessor has broad discretion to adopt assessment methods to set values for properties.<sup>8</sup>

### (c) The Appellant

The appellant has 30 days to appeal their property assessment, which they must do by submitting a written notice of appeal to the assessor specifying the grounds for their appeal.<sup>9</sup> If an appeal is filed late, the would-be appellant must show—to the BOE's satisfaction—they were unable to comply with the 30-day period.<sup>10</sup>

(d) Prehearing Information Exchange Between the Assessor and the Appellant

Once the 30-day appeal period closes, the appellant has 15 days to send the assessor all documentary evidence and briefing in their possession that the appellant believes is relevant and wishes the Board to consider.<sup>11</sup> During this same 15-day window, the assessor must make available to the appellant all reasonably relevant assessor records requested by the appellant.<sup>12</sup> If the appellant and the assessor agree, the 15-day deadline to supplement the record may be waived up until 10 days prior to the BOE hearing.<sup>13</sup> Supplementation after the 10-days-out point will require authorization from the BOE's chair (the chair will determine whether CBJC 01.50.110(e) criteria is satisfied).<sup>14</sup> If an appellant has refused or failed to provide the assessor or assessor's agent full access to property or records, the appellant shall be precluded from offering evidence on the issue or issues affected by that access and those issues shall be decided in favor of the assessor.<sup>15</sup> A *timeline for this process is provided below*.

#### (e) Rules (Robert's, Evidence)

*Robert's Rules of Order*: Robert's Rules of Order (11<sup>th</sup> ed.) is the default set of conduct rules governing BOE hearings and meetings. However, Robert's Rules takes the backseat where CBJ Code, ordinances, and resolutions conflict.

*Resolution 2976 (A Resolution Repealing and Reestablishing the Assembly Rules of Procedure)*: These rules of procedure replace Robert's Rules where the two sets are in conflict.

*Rules of Evidence*: The formal rules of evidence do not apply to hearings. Still, evidence must be relevant to the issues on appeal. Hearsay evidence may be considered as long as it is sufficiently trustworthy and it is more probative on the point for which it is offered than any other evidence the proponent can procure by reasonable efforts.

#### (f) Presentation

CBJC 15.05.190(c)(7) – (8) are the primary Code provisions on appeal presentations' lengths and content. Three notable Code changes are (1) clarification the BOE may provide parties additional time for good cause,  $^{16}(2)$  limitations on evidence that may be considered at the hearing,  $^{17}$  and (3) clarification on confidentiality of commercial enterprises' income information.  $^{18}$ 

### (g) Voting

Once a member makes a motion, and the presiding officer has restated the motion, the members should discuss the motion—this discussion should include statements regarding the evidence and arguments and whether these were or were not persuasive. The point here is to let the parties know (and create a record in case there is an appeal) the reasons for the BOE's decision.

The norm:

- Member makes the motion.
- Presiding officer restates the motion and asks the maker to speak to their motion.

<sup>&</sup>lt;sup>16</sup> CBCJ 15.05.190(c)(7).

<sup>&</sup>lt;sup>17</sup> CBJC 15.05.190(c)(8)(ii) & (iv).

<sup>&</sup>lt;sup>18</sup> CBJC 15.05.190(c)(8)(v).

- The maker explains the reasons for their motion.
- The members discuss the arguments/evidence.
- Members then vote.

A change this year is a "deemed denied" default<sup>19</sup> meaning that, unless there is a majority vote to grant, alter, or remand an assessment, the appeal is considered denied and the assessment stands. This means you do not have to vote to deny an appeal.

(h) Sample Motions:

"I move that the Board grant the appeal because the appellant has provided sufficient evidence of error showing the assessed valuation is . . . ."

"I move that the Board adjust the assessment to \_\_\_\_\_\_ as requested by the \_\_\_\_\_\_ because . . . . "

"I move that the Board remand the assessment to the assessor for further consideration because the appellant has proved there was error in valuation; however, the Board lacks sufficient evidence of valuation on the record."

## Deemed Denied

\*For each of the scenarios above, if the vote fails, then the appeal is deemed denied and no further motions are necessary.

\*If the case presentation concludes and no member wishes to make a motion, then the appeal is deemed denied and no further action is necessary.

(i) FAQs/Reminders:

*Discretion*: BOE members have reasonable discretion to decide which items of evidence and arguments they find persuasive. Likewise, they have the discretion to interpret Code; members may—and are likely to—have varying thresholds of what constitutes "excessive" or "unequal."

<sup>&</sup>lt;sup>19</sup> CBJC 15.05.190(b)(2).

*Ex Parte Communication*: Generally, in the interests of fairness and credibility, BOE members should not discuss appeals with parties outside of appeal hearings. There are some minor exceptions, such as when the chair makes a ruling on supplemental evidence. For further guidance, BOE members should contact their CBJ attorney advisor.

*Due Process*: In essence, due process is the "opportunity to be heard and the right to adequately represent one's interests[.]"<sup>20</sup> The reasonableness of the opportunity to be heard is based on the nature of the case.<sup>21</sup> The BOE's current process has undergone and overcome several recent challenges.<sup>22</sup> A cornerstone of due process is fairness to the parties, so best practice is to afford each party equal opportunity (e.g., if one party receives extra time, the other should as well).<sup>23</sup>

*Absent Appellant*: Due process requires a reasonable opportunity—it does not require the appellant take advantage of their reasonable opportunity. If the appellant chooses not to attend after they were properly notified of the hearing, the Board may proceed without them.<sup>24</sup>

*Making a Record*: BOE members should articulate the reasons for their motions and votes in order to inform parties (and potentially the superior court) the bases for the BOE's decision.

## Updated by C Section C, Item 1. April 25, 2023

## **BOE Hearing Guideline**

- 1. Presiding officer appointed by panel.
- 2. Call to order: "I call the [May 1, 2023] meeting of the Board of Equalization to order."
- 3. Roll call: "Will the clerk please do a roll call?"
- 4. [If applicable] Presiding officer announces if there will be hearings regarding late-filed appeals and, if so, whether those will take place before or after the appeal hearings.
- 5. Presiding officer introduces the first appeal for hearing.
  - "We are on the record with respect to 'Petition for Review of Assessed Value' in Appeal [2023-0523] filed by [Coin Shop] with respect to Parcel Id. No. [1CO....]."
- 6. Presiding officer recites the hearing rules/procedures.
  - This should be done before each appeal hearing *unless* the appellant was in attendance for an earlier reading. The below statements are intended as guidance:
    - a. The appellant has the burden of proving error in the assessment, which they can do by sufficiently showing—with factual evidence—the assessed value of their property was unequal, excessive, improper, or too low.<sup>25</sup>
    - b.The formal rules of evidence do not apply to this hearing. However, the presiding officer may exclude evidence irrelevant to the issues on appeal.
    - c. The appellant and the assessor will each have 15 minutes total to make their arguments and present their evidence.
    - d. The appellant will present first, followed by the assessor.
    - e. The appellant may reserve up to 10 minutes of their time for rebuttal after the assessor's presentation. The appellant's rebuttal is limited to issues raised by the assessor during the assessor's presentation.
    - f. After the parties' presentations, Board members may ask the parties questions.
    - g.After Board members are done questioning the parties, the presiding officer will call for a motion from the Board members. Once a motion is made, the Board members will discuss the motion and then vote on the motion.
    - h.Does either party have questions?
    - i. Are the parties ready to proceed?
- 7. The Board will hear appeals.
  - The presiding officer should recite hearing rules/procedures as necessary (i.e., if the appellant was not present for an earlier reading).
- 8. [If applicable] The Board will hear late-filed appeals.
- 9. After the hearing, the chair will call for discussion and motions. If no motion is made, the appeal is deemed denied. If a motion is made and fails, the appeal is deemed denied.
- 10. Adjourn.

#### ATTENTION OWNER

Under Alaska Statutes and CBJ Code, you, as the appellant, bear the burden of proof. The only grounds for adjustment of an assessment are proof of unequal, excessive, improper, or under valuation based on facts that are stated in your written appeal or proven at the appeal hearing.

Any evidence or materials you would like to include in your appeal must be submitted to the Assessor's Office {preferred method via email to <u>assessor.office@juneau.gov <mailto:assessor.office@juneau.gov></u> Attn.: Assessment Appeal} by 4:00 PM **May 31, 2023** and will be included in the packets for the Board so the members have an opportunity to review the materials before the hearing.

Your Board of Equalization packet will be sent to you through email by 2:00 PM, **June 1, 2023**. For a paper copy of your Board of Equalization packet or other questions please contact the City Clerk's Office at 907-586-5278.

You or your representative may be present at the hearing {via Zoom Webinar, participation/log in information will be listed on the agenda packet you receive for the hearing your appeal is scheduled for}. If you choose not to be present or be represented, the Board of Equalization will proceed in the absence of the appellant.

It should be noted that, between the date of this letter and the Board hearing date, your appeal may be resolved between you and the Assessor. If your appeal is resolved, you will not need to appear before the Board.

If you have any questions please contact the Assessor's Office at the number listed below.

## **Land Valuation**

• Not Valued on this parcel

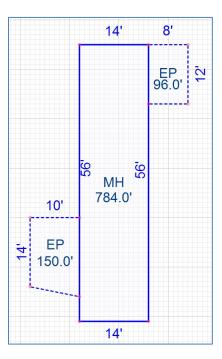

## **Building Valuation**

Buildings are valued using the cost approach to value by: (1) calculating the current cost to reproduce or replace improvements such as buildings and (2) subtracting out physical, functional, or economic depreciation evident in the structures. This provides a uniform basis for the valuation of all buildings within the Borough.

For any given parcel, the buildings are valued by the cost approach and the land value is determined by the neighborhood model. These two values are combined to produce a total basis value for the parcel. This combined value is then adjusted to market value by application of neighborhood adjustments developed by analysis of neighborhood sales. This sales analysis is done each year to establish assessed values.

## **Summary**

As a result of this petition for review **no changes were made**; the buildings are valued using the same methods and standards as all other properties across the borough.

The appellant states that "value is excessive". State statute requires the Assessor to value property at "full and true value". According to appraisal standards and practices set by the Alaska Association of Assessing Officers, the State of Alaska Office of the State Assessor, and the International Association of Assessing Officers, correct procedures of assessment were followed for the subject. These standards and practices include consideration of any market value increase or decrease as determined by analysis of sales. Values have risen in Juneau; the current valuation of the subject reflects this increase.

The Assessor Office proposes no change to the appellant's 2023 Assessment.

Jake

This is a follow up email from our phone conversation on 3/30/23. You had stated that the mobile home had some interior repairs that needed to be. I had requested that either a scheduled interior inspection take place or pictures to be sent of the interior damage so that I could document it accordingly. Please let me know if you need a interior inspection done or if you will be providing interior photos.

Thank you

Petition for Review Parcel 5B2101310660

Mr. Olivit,

I have tried to contact you several times concerning the petition for review you submitted for the above-mentioned property. During our last conversation on 03/30/23 you told me that you would provide photos of the interior damage. As of this date, I have yet to receive any information that would prove the assessed value for this mobile home is incorrect. I reached out via email on 04/17/23 and called on 04/19/23 requesting to set up a time for an interior inspection. As of 04/25/23, I have yet to hear from you.

If I do not hear from you by the close of business on Friday, May 05, 2023 I will assume that this assessed value of \$43,600 is correct and will forward the appeal to the Assessor for closure as a NO CHANGE.

If you have any questions, please call the below number.

Sincerely,

Business Personal Appraiser CBJ Assessor's Office 907-586-5215 ext. 4035

Mr. Olivit,

This email is to follow up with our conversation on 04/27/23 in which we discussed the fact that you didn't want an interior inspection completed by the Assessor's Office. As I stated on the phone we are required by state statue to value based on market value. The appellant bears the burden of proof, (AS 29.45.210). The only grounds for adjustment of an assessment are proof of unequal, excessive, improper, or under valuation based on facts that are stated in a valid written appeal.

Market value of property means the most probable price which a property should bring in a competitive and open real estate market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Below I have provided a list of verified sales for your neighborhood.

With no specific evidence provided to the Assessor's Office that would warrant a change in value, my recommendation to the Assessor will be no change. I have attached a form that indicates if you accept or reject this decision. If I don't hear back from you by May 12, 2023 I will send forward to Assessor for a no change in value and close out your petition for review.
