A. CALL TO ORDER

B. LAND ACKNOWLEDGEMENT

We would like to acknowledge that the City and Borough of Juneau is on Tlingit land, and wish to honor the indigenous people of this land. For more than ten thousand years, Alaska Native people have been and continue to be integral to the well-being of our community. We are grateful to be in this place, a part of this community, and to honor the culture, traditions, and resilience of the Tlingit people. Gunalchéesh!

PUBLIC PARTICIPATION ON TRIPPER SERVICE

INSTRUCTION FOR PUBLIC PARTICIPATION

The public may participate in person or via Zoom webinar. Testimony time will be limited by the Chair based on the number of participants. Members of the public that want to provide oral testimony via remote participation must notify the EPW Staff prior to 10am the day of the meeting by calling 907-586-0800 Option 0. For in-person participation at the meeting, a sign-up sheet will be made available at the back of the Chambers and advance sign-up is not required. Members of the public are encouraged to send their comments in advance of the meeting to BoroughAssembly@juneau.gov.

Assembly Chambers/Zoom Webinar

https://juneau.zoom.us/j/91849897300 or 1-669-900-6833 Webinar ID: 918 4989 7300

- **A. CALL TO ORDER** 12:10 P.M.
- B. LAND ACKNOWLEDGEMENT Read by Mr. Kelly

We would like to acknowledge that the City and Borough of Juneau is on Tlingit land and wish to honor the indigenous people of this land. For more than ten thousand years, Alaska Native people have been and continue to be integral to the well-being of our community. We are grateful to be in this place, a part of this community, and to honor the culture, traditions, and resilience of the Tlingit people. Gunalchéesh!

C. ROLL CALL – Members Present: Chair Bryson; Ms. Adkison; Mr. Kelly; Ms. Hughes-Skandijs (joined at 12:45 PM)

Staff Members Present: Denise Koch, EPW Director; Beth McEwen, City Clerk; Andi Hirsh, Deputy City Clerk; John Bohan, Chief CIP Engineer; Alexandra Pierce, Tourism Manager; George Schaaf, Parks & Recreation Director; Lauren Verrelli, Parks & Recreation Deputy Director; Amanda Babin, Dimond Park Field House Supervisor

D. APPROVAL OF AGENDA

Item 11 - Item for Action - Energy Efficiency and Conservation Block Grant Appropriation - \$76,130 - was moved to Item 6.

E. APPROVAL OF MINUTES

December 18, 2023 - Regular Meeting

Approved with a minor correction.

F. ITEMS FOR ACTION

Funds Transfer to CBJ Def. Bldg. Maint. for JPD Roof Replacement (CIP P44-090 to F22-027)

Ms. Koch stated that the bids for this project came in lower than anticipated, which is good news. More funds had previously been moved to this project, because the bids were expected to be higher. Staff has reestimated the costs for this project, including some contingencies, and sees that the entirety of funds won't be needed, so the remaining funds can be transferred to other projects.

Mr. Kelly asked if there were any timeframe or quality assurances that were given with the bid.

Ms. Koch replied that the bid winner had not formally given these assurances, but they have a long history of completing projects in a timely manner and doing a very good job. However, there is also a performance bond that is part of the procurement process, so if things were to go awry, the City does have an opportunity for recourse.

Ms. Adkison moved that \$800,000 be moved from the CIP project for JPD Roof Replacement to the CIP for Deferred Building Maintenance and forwarded to the full Assembly for decision.

No objection, motion passed.

3. CIP Funds Transfers and Closeouts

Mr. Bohan stated that staff is looking to move about \$6.6 million from a series of active projects that are ready to be closed out to projects that need funding for construction. It looks that bid prices are coming down, and while civil projects have doubled in price over the last five years, everything looks to be stabilizing. So, funds are available to get more work done. Staff has been strategizing CIPs over the last couple years to put money into everything, in hopes of catching up and being able to fund more projects. That strategizing is now paying off.

Mr. Kelly moved that the transfers described on pages ten and eleven in the meeting packet be forwarded onto the full Assembly for approval.

No objection, motion passed.

4. Circulator

Ms. Pierce stated that a visitors' circulator is a concept that has been discussed for many years, with considerations of a train to move visitors throughout downtown, how to provide a bus service that would help spread people out and get visitors out of the South Franklin area and into other parts of downtown. A downtown circulator study was launched a couple years ago; with the persistent issues of visitors on the City buses trying to access the Mendenhall Glacier, it was quickly recognized that it would be helpful to have the consultants look at this and provide recommendations on how to manage the Capital Transit pressures. LSC Consultants was hired to help. They have a long history of developing visitor industry related transportation strategies all over the country.

Justine Marmesh, LSC Consultants, gave a summary of the work LSC Consultants has done and the report that was submitted (included in the meeting packet).

Chair Bryson asked if any business entity had ever expressed interest in performing the operations of a downtown circulator.

Ms. Pierce replied that one of the local Coach operators said they provide a similar service in Anchorage and provided some information on how they could operate here in Juneau.

Ms. Hughes-Skandijs joined the meeting via Zoom.

Ms. Pierce stated that these proposed service alternatives would be funded through Marine Passenger Fees, not the CBJ General Fund. Right now, you can see the Marine Passenger Fee Budget that there is a subsidy to Capital Transit and downtown circulator start-up costs have been left in the fund balance, in case the plan is adopted.

Mr. Kelly moved that the Public Works and Facilities Committee forward Service Alternatives 1 and 2 to the Assembly Committee of the Whole for further consideration.

No objection, motion passed.

5. Dimond Park Field House Elevator vs. Lift

Mr. Schaaf stated that there are two options to provide accessibility to the mezzanine level of the Dimond Park Fiel House, which has Juneau's only indoor track. The Parks & Recreation Department has been working with the Engineering Department to refine some of the proposals between an elevator and a system of two lifts. The elevator is significantly more expensive than the lift system. However, the elevator provides better customer service experience. CBJ staff is also able to provide maintenance for elevators, but does not have

that type of service available for a lift system. However, the CBJ maintenance team can likely take on this role, if needed.

Mr. Kelly asked if funding for these options would come from usage fees for the Field House.

Mr. Schaaf replied that usage fees go into the operating budget as a revenue item, and those fees don't cover operating costs. So, the usage fees would not be used for these options.

Ms. Adkison asked how the fees for elevator maintenance were determined.

Mr. Schaaf replied that the information on elevator maintenance costs is based on what was received from the facilities maintenance staff.

Mr. Kelly asked if this project would be funded in this year's budget or next year's budget.

Mr. Schaaf replied that if this was something the Assembly wanted to move forward with, the Parks & Recreation Department would include it in their FY25 CIP budget. As an unscheduled item currently, funding is not identified. Southeast Alaska Independent Living (SAIL) has indicated they would be willing to help with grant writing for this project. SAIL has also stated they don't believe they will be able to generate grants for the entire costs of the project, but any amount would help.

Chair Bryson asked Mr. Schaaf to describe the current conditions of the Field House.

Mr. Schaaf replied that a property assessment was done on the Field House when the Department took over management of it, and they saw that the roof is in pretty good condition, the turf surface will need to be replaced soon, the HVAC system is operating well, the Department performed some immediate repairs and improvements to the facility when they took over, so most everything is in decent shape.

Chair Bryson stated that he had recently seen buckets and trash cans collecting water from the roof leaking at the Field House. He asked Mr. Schaaf to speak on this.

Mr. Schaaf stated that some of the buckets were there to collect condensation that runs off the cold water that's in the fire sprinkler system that's in the roof. The condensation issue improved after the repairs were made to the HVAC system, but when the wind is bad and the rain is falling hard, there will be some leaks, which are being worked on to repair.

Ms. Hughes-Skandijs moved that the Public Works and Facilities Committee forward the elevator proposal to the full Assembly for approval.

No objection, motion passed.

G. INFORMATION ITEMS

6. Item for Action - Energy Efficiency and Conservation Block Grant Appropriation - \$76,130

Ms. Koch stated that the Federal Government is planning to give CBJ money through a formal grant process. It does not require a match of local funds and they are looking to give CBJ \$76,130 for energy efficiency and conservation efforts. Given that there has been high priority placed on electric vehicles, staff is asking that the Assembly considere approval for purchasing a Ford F-150 Lightning vehicle, which would be the first electric truck for CBJ. The truck itself costs less than the total grant, so that balance would be used for associated costs, including electric vehicle charging infrastructure at several locations. If this all goes well, this could be seen as a pilot project and could help with funding decisions in the future.

Ms. Adkison moved that the Public Works and Facilities Committee forward an appropriation ordinance for \$76,130 to the full Assembly for approval upon receipt of the executed grant agreement.

No objection, motion passed.

January 29, 2024, Assembly Public Works and Facilities Committee

Minutes Page 4 of 4

7. Tire Shredder

Ms. Koch stated there will be more information to come on a tire shredder. Staff is looking at options and believe that this project would help the life of the landfill last longer.

8. Draft FY2025 Capital Improvement Program (CIP) Projects and Schedule

Ms. Koch stated there will be time and opportunity in the future to discuss these projects.

Engineering and Public Works De

Section F, Item 2.

155 Heritage Way Juneau, Alaska 99801

Telephone: 586-0800 Facsimile: 586-4565

DATE: March 11, 2024

TO: Wade Bryson, Chair

Public Works and Facilities Committee

THROUGH: Denise Koch, Engineering and Public Works Director

FROM: Jeanne Rynne, Chief Architect

SUBJECT: Funds Transfer from BRH Deferred Maintenance to BRH CT/MRI Replacement

(From CIP B55-086 to CIP B55-084)

Staff requests a transfer of \$50,000 from Capital Improvement Project (CIP) B55-086 – BRH Deferred Maintenance to CIP B55-084 - BRH CT/MRI Replacement.

Background:

Bids were opened for this project on August 17, 2022, and the project was awarded to the apparent low bidder, Cornerstone General Contractors, in the amount of \$2,329,698. The scope of work included the replacement of two CT (computed tomography) scanners and the MRI (magnetic resonance imaging) machine, along with associated infrastructure upgrades to support the equipment. Change Orders to date, including pending Change Order No. 5, total \$551,657, 23.7% of the contract award.

Several items challenged the budget on this project, some foreseen and some unforeseen. One of the major changes was proactively expanding/remodeling the MRI room to meet Facility Guidelines Institute (FGI) requirements and to increase the level of service. This cost approximately \$360K. When the MRI room was constructed in 2005, it was during a time when the FGI guidelines were changing, and the 2005 addition was grandfathered in under the former guidelines. Another change included replacing the warped MRI room door, whose magnetic seal had failed, approximately \$30K. With the recent receipt of contractor pricing for addressing the failed existing magnetic shielding at the MRI room floor of \$108K, \$50,000 will need to be brought to the project to keep the budget solvent. The cost of services (consultant, project management, etc.) through close-out of the project have been factored into this request.

Consequently, staff requests that \$50,000 be transferred from CIP B55-086 – BRH Deferred Maintenance to CIP B55-084 - BRH CT/MRI Replacement. This leaves an unallocated balance of \$2.2M in CIP B55-086 – BRH Deferred Maintenance.

Action Reauested

Staff requests a motion to transfer \$50,000 from CIP B55-086 – BRH Deferred Maintenance to CIP B55-084 - BRH CT/MRI Replacement. be forwarded to the full Assembly for approval.

Telephone: 586-0800 Facsimile: 586-4565

DATE: March 11, 2024

TO: Wade Bryson, Chair

Public Works and Facilities Committee

THROUGH: Denise Koch, Director Engineering and Public Works

FROM: Alan Steffert, Utilities Engineer

SUBJECT: Funds Transfer to Juneau Douglas Treatment Plant (JDTP) New Vactor Dump CIP

Staff requests the transfer of \$3.27 million to the JDTP New Vactor Dump CIP, U76-112 from various Wastewater Utility CIPs to accomplish this high-priority project.

One year ago, the Wastewater Utility transferred funding out of the JDTP Vactor Dump CIP to fund the unanticipated high bids for the high-priority, immediate-need project to rebuild the Outer Drive and West Juneau sewage Lift Stations. Components were failing in these critical lift stations that pump sewage from Douglas Island and downtown Juneau to the JDTP. Cost escalations, material supply chain and freight issues, and major increases and uncertainty in delivery times for mechanical, electrical and process components were major factors in the high bid prices received.

The Vactor Dump project is the next immediate priority for the Wastewater Utility. The project includes a new receiving station for waste and debris collected by CBJ's Vactor trucks (Vactor trucks suction clean wastewater manholes and lift station wet wells) and replaces/upgrades the JDTP's grit collection equipment, original to the plant (built in the '70s with spare parts no longer available), with a new high-efficiency, high-capacity grit removal system. Waste stream grit removal, prior to treatment, is essential for prolonging the life of downstream treatment process pumps and conveyances.

The JDTP Vactor Dump Project is now ready to bid. The refined bid-ready estimate of project costs is \$7.92 million. Currently, the JDTP Vactor Dump CIP only has \$4.65 million available.

The CIPs tabulated on the next page that are not being closed will retain sufficient funding after the transfer to continue and complete the planning and design efforts that are currently ongoing in the development of these planned improvement projects.

Action Reauested

Staff requests a motion to transfer of \$3.27 million from various Wastewater Utility CIP projects (U76-106, U76-109, U76-119, U76-120, and U76-131) to the JDTP New Vactor Dump CIP (U76-112) be forwarded to the full Assembly for approval.

FROM: John Bohan, Chief Engineer

SUBJECT: Draft FY 2025 Six-Year Capital Improvement Program

Attached is the draft FY 2025 Six-Year Capital Improvement Program (CIP) for the Committee's review, discussion, and comment.

The differences between the attached document and the preliminary document provided at the PWFC's January 29, 2024, meeting are as follows:

- The attached document is the complete draft of the 6-year program book, including each department's 6-year Capital Improvement priority lists. Years beyond FY25 are not currently funded.
- The January 29 information included only projects nominated for funding in FY2025 with descriptions and details.

Also, note that Passenger Fee projects are still not included. The nominated projects are out for public comment, with comments due by March 25, 2024. The proposed projects are scheduled to be presented to the Assembly Finance Committee on April 6, 2024.

Engineering & Public Works provided the Community Development Department with the CIP information for the Planning Commission's review. The Planning Commission has not yet scheduled a time to review the CIP.

For historical reference, the past years' 6-Year CIP Plans can be found on the web at:

https://juneau.org/engineering-public-works/cip

As a reminder, the remaining schedule for the CIP is as follows:

<u>March 11:</u> Draft FY25 CIP provided to the PWFC for forwarding to Assembly for inclusion in the FY25 Budget review and approval

by April 5: The Charter requires the Preliminary CIP must be presented to the Assembly

April – by May 1: FY25 CIP Review by the Systemic Racism Review Committee (SRRC)

by May 1: The Charter requires the Assembly hold a public hearing on the CIP

Recommendation:

Staff recommends removing the \$3M in the FY25 Resolution for BRH Enterprise Funds at BRH's request after finalizing the Draft CIP. Staff recommends the PWFC forward the revised FY25 CIP to the full Assembly for introduction and inclusion into the FY25 Budget review process.

FY 2025 CIP

The CIP Process

- October: Engineering solicits prioritized CIP nominations from departments and offers assistance on scoping and cost estimation.
- December: Finance provides revenue projections for Sales Tax funded CIP categories, which dictate available funding for priorities.
- January: Draft CIP resolution introduced at PWFC
- March: Six-year CIP reviewed at PWFC. This is the large book that includes appropriating resolution for current year, 6-year plan, and unfunded department priorities. Lots of good info in here!
- April May: Review by Assembly Finance Committee, Planning Commission, and SRRC
- April 29 Regular Assembly Meeting Public Hearing Opportunity for the Public to Comment on the CIP
- June 15th: Charter deadline to pass CIP

CIP Funding Categories

- Voter Approved 3% Sales Tax
 - General Sales Tax \$3.0 million
 - Areawide Street Sales Tax \$11.8 million
- Voter Approved Special 1% Sales Tax \$12 million
- Passenger Fees to be determined by Manager's process
- Enterprise Funds

Voter Approved 3% Sales Tax

- Voter information from approved 3% Sales tax Oct. 2021
- Approved through June 30, 2027
 - 1% police, fire, street maintenance, snow removal, EMT/ambulance service, parks and recreation, libraries and other general purposes. (general government operations combined with the permanent 1%)
 - 1% for capital improvements to roads, drainage, retaining walls, sidewalks, stairs, and other capital improvements
 - Areawide Street Sales Tax for FY25 CIP \$11.8 million
 - 1% for capital improvements, an emergency budget reserve, and other general public services.
 - General Sales Tax for FY25 CIP \$3.0 million

General Sales Tax Funds: \$3.0 million

- Eaglecrest,
- Manager's Office (JPD, CCFR, Zero Waste, etc.)
- Parks and Rec Maintenance Obligations
 - Facilities Maintenance
 - Parks and Playgrounds
 - Sportsfields
 - Trails

Areawide Street Sales Tax: \$11.8 million

- Street Maintenance Projects
 - Some priorities driven by Street Dept. maintenance
 - Other priorities driven by utility (Water or Wastewater) maintenance
 - Proposal to fund Water and Wastewater Utility work to allow Street Maintenance projects to move forward – Water and Wastewater Utilities are unable to fund these projects
- Miscellaneous Items as Funding Needs Identified
 - Transit Matching funds for Fed Transit Grant for charging infrastructure and upgrades at the Bus Barn.
 - Zero Waste
 - Juneau Douglas North Crossing Project

Voter Approved Special 1% Sales Tax

- Voter Approved 1% Sales Tax funding Oct 2023 to Sept 2028 - \$12 Million
 - Projects approved by voters. Funding schedule set by the Assembly Finance Committee

VOTER APPROVED 1% Sales Tax Projects FY24 - 29

Proposition 3 from October 2022 Ballot

Passenger Fees

- Project Nomination process through the City Manager's Office
- Public Comment Period currently open comments due to the Manager's Office by March 25
- Scheduled to be reviewed by the AFC at the April 6, AFC meeting

Enterprise Funds

- Departments that generate revenue
- Contribute to CIP based on their available funds and their priorities
 - Bartlett Regional Hospital (BRH)
 - Docks and Harbors
 - Lands and Resources
 - Water, Wastewater Utilities
 - Note: due to limited Utilities' funds a Street Sales Tax contribution has been proposed to allow Street Reconstruction projects to move forward efficiently

Unscheduled Funding

- Speculative funding requests that would require an appropriation of the funding when it becomes available:
 - Grant funding requests
 - Airport Projects- FAA Grant funding
 - Capital Transit FTA Bus Barn Charging and improvement grants
 - Harbors ADOT Harbors Facility Grant Aurora Harbor, Dingell-Johnson Sportfish Grant for Taku Harbor Repairs,
 - Parks and Rec Dimond Park Field House Elevator, Fish Creek Park ADA Improvements, ORV Park and Trails Grant
 - Managers NOAA Habitat Restoration Grant Mend River
 - Project special needs identified without funding source
 - Harbors Cruise Ship Dock Electrification
 - Public Safety Communication Infrastructure
 - Public Works Upper Jordan Creek Sediment Control

Project Selection for Funding

- Priority lists provided by each department ENG does not create project priorities
 - More project requests than available funding
 - ENG works with each department to identify specific priorities that will fit within available funding limits
 - Unfunded project priorities moved to next Fiscal Year priority list

FY25 CIP is Mostly Infrastructure Maintenance

- \$26.8 M in Sales Tax funded CIP projects
 - \$800k Specifically identified for Green and Sustainability projects Zero Waste Program, Juneau Renewable Energy Strategy (JRES), and Capital Transit Electric Bus Charging infrastructure
 - \$500k each for Affordable Housing Fund and Childcare
 - Standalone maintenance CIPs <u>ALSO</u> incorporate sustainability improvements
 - Street reconstructions upgrade street lighting with LED fixtures
 - Deferred Maintenance projects evaluate the most sustainable opportunities within available budget
- \$21.45M (80%) of Sales Tax funding goes to CBJ Infrastructure Maintenance and Repairs

Questions?

Thank you

Section F, Item 4.

CITY AND BOROUGH OF JUNEAU CAPITAL IMPROVEMENT PROGRAM FISCAL YEARS 2025-2030

DRAFT

Prepared By
City and Borough of Juneau
Engineering & Public Works Department
March 6, 2

Section F, Item 4.

INTRODUCTION

Each year, the City and Borough of Juneau (CBJ) adopts a capital improvement program (CIP). The legal requirements applicable to the CIP are set forth in Section 9 of the CBJ Charter. In general, the CIP is a plan of capital improvements proposed for a six-year period, together with an estimated cost of each improvement and the proposed method of financing it. The CIP serves as the overarching strategic plan for improving the public infrastructure of Juneau and is collectively developed by the CBJ Assembly, its boards and commissions, CBJ staff, and the citizens of Juneau.

The CBJ Charter requires the City Manager to assemble and submit a CIP to the Assembly by April 5th of each year. This document is the City Manager's CIP. The Charter further requires this document to be available for public inspection. This document is available from the CBJ Engineering & Public Works Department (EPW) at the third floor of the Marine View Building in downtown Juneau or from CBJ's website at https://juneau.org/engineering-public-works/cip.

By May 1st, the Charter requires the Assembly to hold a public hearing on the CIP. In addition to the Charter requirement, the Assembly reviews the CIP at the Public Works and Facilities Committee, and the Planning Commission reviews it for conformance with the Area Wide Comprehensive Plan. The meetings are announced in the Juneau Empire, on the CBJ's web pages, and the public access channel. Citizens are encouraged to provide their comments at these meetings.

By June 15th, the Assembly must adopt its own CIP or the City Manager's CIP. In practice, the Assembly uses the City Manager's CIP as the starting point, adjusts it during the public comment period, and adopts its own CIP at the same time it adopts the budget in early June.

If you would like more information about the CIP please contact the EPW Director, Denise Koch, by phone at (907) 586-0800 or by email at Denise.Koch@juneau.gov.

Fiscal Years 2 Section F, Item 4.

FY 2025 CIP IMPROVEMENTS

This section of the preliminary six-year CIP plan lists capital project priorities of the City and Borough of Juneau for FY 2025 that are being recommended by the City Manager. A table is presented to show the name of each improvement, the department recommending the improvement, and the amount and type of funding being recommended.

A summary table at the end of the section lists all funding sources, and the total amount recommended for expenditure in each fund.

The City Manager recommends capital improvement projects according to the following criteria:

Support: Projects that are a high priority of the Department or Committee proposing it, as well as the general public.

Consistency: Projects that are consistent with applicable CBJ plans or policies.

Health and Safety: Projects that will address an imminent or expected threat or danger to users or occupants.

Maintenance or Repair of Existing Property: Projects that will prevent further deterioration or damage to property.

Local Match for Federal/State Grants: Funds required to match federal or state capital project funds.

Maintenance Impact: Projects that will increase efficiency and reduce on-going operating costs.

Sustainability Element: Projects that promote the advancement of economic, social, environmental and governmental well-being of the community without compromising the quality of life of future generations

Economic Development Stimulus: Projects that directly or indirectly stimulate economic development in the community.

Anticipated Need: Projects that enhance or expand an existing facility or service to accommodate increased public use.

Recreational: Projects that establish, enhance or expand a facility or service to accommodate new or increase public use.

Funding Alternatives: Funding alternatives are explored for each project.

Presented by: The City Manager

Introduced: April 3, 2024

Drafted by: Engineering & Public Works Department

RESOLUTION OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 3052

A Resolution Adopting the City and Borough Capital Improvement Program for Fiscal Years 2025 through 2030, and Establishing the Capital Improvement Project Priorities for Fiscal Year 2025.

WHEREAS, the CBJ Capital Improvement Program is a plan for capital improvement projects proposed for the next six fiscal years; and

WHEREAS, the Assembly has reviewed the Capital Improvement Program for Fiscal Year 2025 through Fiscal Year 2030, and has determined the capital improvement project priorities for Fiscal Year 2025.

NOW, THEREFORE, BE IT RESOLVED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

Section 1. Capital Improvement Program.

- (a) Attachment A, entitled "City and Borough of Juneau Capital Improvement Program, Fiscal Years 2025-2030," dated **June 1, 2024**, is adopted as the Capital Improvement Program for the City and Borough.
- (b) The following list, as set forth in the "City and Borough of Juneau Capital Improvement Program, Fiscal Years 2025 2030," are pending capital improvement projects to be undertaken in FY25:

FISCAL YEAR 2025 GENERAL SALES TAX IMPROVEMENTS

Section 2. Fiscal Year 2025 Budget. It is the intent of the Assembly that the capital improvement project budget allocations as set forth in the FY25 pending Capital Improvements List in Section 1(b), above, not already appropriated, shall become a part of the City and Borough's Fiscal Year 2025 Budget.

Section 3. State and Federal Funding. To the extent that a proposed CIP project, as set forth in Section 1(c), above, includes state funding, federal funding, or both, the amount of funding for that project is an estimate only, and is subject to appropriation contingent upon final funding being secured. It is the intent of the Assembly that once funding is secured, these items will be brought back to the Assembly for appropriation.

Section 4. Effective Date. This resolution shall be effective immediately upon adoption.

Adopted this	day of June , 2024.	
Attest:		Beth A. Weldon, Mayor
Flizabeth 1 McFwen	Municinal Clerk

Section F, Item 4.

	FY 2025 CIP PROJECTS									
Priority	Project	Funding Source	Amount	Description	Sustainability Element					
Admini	stration									
	Manager's Office									
		General Sales Tax	\$ 450,000	Dravida adaptista and sustainable radio access misstices						
	Public Safety Communication Infrastructure	Unscheduled	\$ 13,000,000	Provide adequate and sustainable radio communications for CBJ public safety agencies and response partners to communicate effectively during routine events and disasters locally, regionally and statewide.	Maintaining Emergency communications for public safety					
	Juneau Douglas North Crossing (JDNC)	Areawide Street Sales Tax	\$ 250,000	Continue to provide support for the JDNC Project						
		Areawide Street Sales Tax	\$ 50,000	The Zero Waste Program includes planning, including waste profiling, research, and stakeholder engagement,	A Zero Waste program will enable Juneau to sustainably reduce its waste towards the goal of zero through many avenues. It will also look into					
	Zero Waste Program	General Sales Tax	\$ 125,000	for the development of a zero-waste plan, and an investigation into long term waste disposal solutions for when the landfill reaches capacity.	the long term solutions available for waste disposal once the landfill reaches capacity. This a priority of JCOS and integrated into the Juneau Assembly's goals.					
	Childcare Funding	Temporary 1% Sales Tax - Voter Approved 10/1/23 - 9/30/28	\$ 500,000	Provide direct assistance to licensed childcare providers through grants from the CBJ on a per child served basis						
	Outburst Flooding Improvements and Agency Coordination	General Sales Tax		Provide funding to continue working on emergent issues associated with the outburst flood and pursuing agency input and studies.						
			\$ 150,000							
	Affordable Housing Fund	Temporary 1% Sales Tax - Voter Approved 10/1/23 - 9/30/28	\$ 500,000	Provide funding for housing activities that target families and individuals who earn 120% of the Median Income and Below. The fund can be used by local developers, non profits and social service agencies for the creation, acquisition, rehabilitation or preservation of affordable housing.

Section F, Item 4.

FY 2025 CIP PROJECTS								
Priority	Project	Funding Source		Amount	Description	Sustainability Element		
	Juneau Renewable Energy Strategy	General Sales Tax	\$	25,000	Funding for ongoing work related to the Juneau Renewable Energy Strategy			
	NOAA Transformation Habitat Restoration and Coastal Resilience Grant - Mendenhall River Glacial Outburst	Unscheduled	\$	130,000	Potential pass through funding for CBJ to provide support to Southeast Watershed Council's Restoring Pacific Salmon Habitat and reducing disaster risk from the Mendenhall Glacial outburst flooding for habitat friendly riverbank armoring			
	Administration	Total Funding	\$	15,180,000				
Airport								
1	Design & RA 26 MALSR	Airport Unscheduled	\$	1,000,000	This would continue the approach lighting system on the east end (channel) to RWY 26. Reimbursable agreement with FAA for FAA owned equipment.	This would reduce minimums (ceiling and visibility) for aircraft flying RNP approaches thereby reducing missed approaches and excess flying/fuel during inclement weather. Improves aviation safety.		
2	Const. Safety Area Grade; RW Shoulder/NAVAIDs	Airport Unscheduled	\$	3,300,000	This would survey and grade the gravel portion of the safety areas on runway sides and around NAVAIDs to meet FAA specs for runway safety area (shoulders).	Regrade existing runway areas to FAA spec.		
	Airport Tot	tal Funding	\$	4,300,000				

Fiscal Years Section F, Item 4.

			FY 2	025 CIP PROJECTS	
Priority	Project t Hospital	Funding Source	Amount	Description	Sustainability Element
1	Deferred Maintenance	Bartlett Hospital Enterprise Fund	\$ 3,000,000	There were improvements identified in the Facility Master Plan that are planned to be accomplished. In addition, unanticipated maintenance projects may arise that need to be addressed. Located at BRH.	Systematic maintenance of the campus will provide for sustainable medical services to the community and surrounding region. Deferred maintenance projects will prolong the life of the existing Bartlett infrastructure.
	Bartlett Hospit	tal Total Funding	\$ 3,000,000		
Eagleci	est				
1	New Septic System	General Sales Tax	\$ 200,000	Eaglecrest is in need of an updated septic system as the current system is from the mid 1980's. The new system will be able to accommodate increase summer and winter usage.	Protect the water quality of Fish Creek
2	Brown Maintenance Shop Fortification Engineering	General Sales Tax	\$ 50,000	The Brown Shop in the Eaglecrest Maintenance Yard is one of the original buildings on the campus. It still houses a lot of core infrastructure such as our electrical panels and switch gear, hydro power generation and back up diesel generation.	Preserve longevity of existing building housing important infrastructure
3	Fish Creek Lodge Covered Deck Engineered Solution	General Sales Tax	\$ 30,000	The back deck of the Fish Creek Lodge also serves as the roof for one of the seasonal locker rooms. This design is extremely prone to leaking water and is adding to premature building deterioration. Covering the deck with a solarium or roofed solution will allow us to expand seating and will prevent continued water infiltration into the building	Preserve the longevity and increase functionality of a very important base lodge building.
4	Fish Creek Lodge Kitchen Improvements and Miscellaneous Repairs	General Sales Tax	\$ 35,000	This project will expand the size of the hood venting system in the commercial kitchen to allow the installation of a commercial pizza oven which will allow improve the options for quick grab and go food and increase food sales.	Improve the variety of food offerings

3	Pederson Hill Phase IB	Lands & Resources Fund	\$ 350,000	Funding for the study of a road alignment and access to the next developable area of Pederson Hill						
4	Tee Harbor Access Study	Lands & Resources Fund	\$ 75,000	Funding for the study of a road alignment and access to high value CBJ waterfront property						
	Lands & Resource	ces Total Funding	\$ 1,825,000							
Parks &	Recreation									
1	Park & Playground Maintenance & Improvements	General Sales Tax	\$ 275,000	This CIP funds maintenance and improvements of parks, playgrounds, and athletic facilities, including playground equipment and surfacing, restrooms, accessibility, lighting, drainage, sidewalks, parking areas, landscaping, public use cabins and other infrastructure. Funding priorities for parks include Steelhead Park, Bonnie Brae Playground, Medenhaven Playground, and catching up on areawide deferred maintenance. A single playground replacement typically costs \$500,000.	Maintaining parks provides for health and wellness of the community and outdoor recreation opportunities in facilities that require minimal carbon based fuel input. Green infrastructure such as trees, other landscaping, natural drainage, riparian protection to waterbodies, and wetland preservation reduce green house gases.					
2	Trail Improvements	General Sales Tax	\$ 50,000	This fund supports trail work, connections between existing trail infrastructure, signage, repair and/or replacement of structures and tread (bridges, culverts, etc.), and other trail improvements. Funding priorities include Montana Creek Recreation Area per the 2022 Master Plan, Perseverance Trail Bridges and associated trail work, and a variety of other trail deferred maintenance items such as tread and drainage work.	Maintaining trails provides for alternative , carbon free transportation opportunities and improved health and wellness for the community.					
3	Sports Field Repairs and Improvements	General Sales Tax	\$ 425,000	This CIP supports the repair and replacement of athletic fields, courts, and related facilities throughout Juneau, including those for basketball, tennis, softball, baseball, soccer, and football. Funding priorities include Dimond Park Field #1 Resurfacing and Field Dirt Procurement, Dzantik'i Heeni Resurfacing, and Mendenhall River School Field Resurfacing and Drainage.	Providing outdoor exercise and recreation opportunities for the community promotes health and wellness. These activities require minimal carbon fuel input.					

	FY 2025 CIP PROJECTS									
Priority	Project	Funding Source		Amount	Description	Sustainability Element				
	Off-Road Vehicle (ORV) Park Development	General Sales Tax	\$	150,000	This project will continue development of motorized use trails at the 35 mile site based on community planning	Many people in Juneau enjoy recreating with off road vehicles and currently travel to the lower 48 or other parts of Alaska, often bringing their				
4	[35Mile]	Unscheduled	\$	300,000	efforts that began in 2013. The funding will leverage grant funds for priority trail projects.	vehicles with them. By providing this activity in Juneau, travel and shipping will be minimized.				
6	Jackie Renninger Park Renovation	Temporary 1% Sales Tax - Voter Approved 10/1/23 - 9/30/28		\$1,000,000	Voter-approved project to develop new outdoor recreation facilities in one of Juneau's most underserved neighborhoods.	This funding will support health and wellness activities that are community supported. Parks and their use typically require minimal carbon input and include landscaping and greenspace that reduces green houses gases.				
8	Elevator for Dimond Park Field House	Unscheduled	\$	1,000,000	The Dimond Park Field House (DPFH) offers the only publicly accessible indoor walking track in Juneau. The track is very popular with people of all ages and abilities, especially senior citizens. The Americans with Disabilities Act requires public facilities be accessible to people with disabilities. The Dimond Park Field House, however, was constructed without an elevator. Now that the facility is owned and operated by CBJ, it is important to provide barrier-free access to all of the buildings features and amenities. It is anticipated that this project will be grant funded through a partnership with SAIL and other local organizations.					
9	Fish Creek Park ADA Fishing, Trail and Access Improvements	Unscheduled	\$	250,000	Project in partnership with the Southeast Alaska Watershed Coalition to restore fish and wildlife habitat and improve access to recreation and subsistence activities for elders and people with disabilities.	This funding will support health and wellness activities that are community supported. Parks and their use typically require minimal carbon input and include landscaping and greenspace that reduces green houses gases.				
		P & R Total Funding	\$	3,450,000

SIX-YEAR DEPARTMENT IMPROVEMENT PLANS

This section of the CIP shows the capital improvement plan for each CBJ department for fiscal years 2025 – 2030. The plans were submitted by the director of the department and were developed in conjunction with a governing board or committee. For example, the Docks and Harbors plan was submitted by the Port Director and developed by the Port Director and the Docks and Harbors Board.

The projects identified for 2025 are those recommended by the City Manager for funding in FY25. Projects identified by the City Manager in the years 2026 and 2027 will be recommended for funding in the coming fiscal years. Those projects identified for funding beyond 2027 provide a general direction of capital spending in those years, not a specific direction.

FINANCIAL SUMMARY OF CURRENT PROJECTS

This section of the CIP provides a financial summary for the capital improvements that were active on March 5, 2024. A table is presented showing the project name, budget, commitments, expenditures to date, and the funds available to complete each improvement. This financial information is obtained from Infor, CBJ's official accounting system.

FY 2024 CIP PROJECT DESCRIPTIONS

Financial Summary

		as of March 5, 2	2024		
		,			Funds

Engineering and Public Works De

Section F, Item 4.

155 Heritage Way Juneau, Alaska 99801

Telephone: 586-0800 Facsimile: 586-4656

DATE: March 11, 2024

TO: Wade Bryson, Chair, Public Works and Facilities Committee

THROUGH: Denise Koch, Director, Engineering & Public Works Dept.

FROM: John Bohan, Chief Engineer

SUBJECT: Draft FY 2025 Six-Year Capital Improvement Program

Attached is the draft FY 2025 Six-Year Capital Improvement Program (CIP) for the Committee's review, discussion, and comment.

The differences between the attached document and the preliminary document provided at the PWFC's January 29, 2024, meeting are as follows:

- The attached document is the complete draft of the 6-year program book, including each department's 6-year Capital Improvement priority lists. Years beyond FY25 are not currently funded.
- The January 29 information included only projects nominated for funding in FY2025 with descriptions and details.

Also, note that Passenger Fee projects are still not included. The nominated projects are out for public comment, with comments due by March 25, 2024. The proposed projects are scheduled to be presented to the Assembly Finance Committee on April 6, 2024.

Engineering & Public Works provided the Community Development Department with the CIP information for the Planning Commission's review. The Planning Commission has not yet scheduled a time to review the CIP.

For historical reference, the past years' 6-Year CIP Plans can be found on the web at:

https://juneau.org/engineering-public-works/cip

As a reminder, the remaining schedule for the CIP is as follows:

<u>March 11:</u> Draft FY25 CIP provided to the PWFC for forwarding to Assembly for inclusion in the FY25 Budget review and approval

by April 5: The Charter requires the Preliminary CIP must be presented to the Assembly

April – by May 1: FY25 CIP Review by the Systemic Racism Review Committee (SRRC)

by May 1: The Charter requires the Assembly hold a public hearing on the CIP

Recommendation:

Staff recommends removing the \$3M in the FY25 Resolution for BRH Enterprise Funds at BRH's request after finalizing the Draft CIP. Staff recommends the PWFC forward the revised FY25 CIP to the full Assembly for introduction and inclusion into the FY25 Budget review process.

Marine View Building, Juneau, AK 99801 907-586-5254

MEMORANDUM

DATE: March 11, 2024

TO: Chair Bryson and the CBJ Public Works and Facilities Committee

THRU: Denise Koch, Engineering & Public Works Director

FROM: Rich Ross, Capital Transit, Transit Superintendent

SUBJECT: Capital Transit Tripper Service During Tourist Season

The 2023 summer cruise season highlighted significant challenges for Capital Transit in effectively serving both cruise tourists and Juneau residents. Overcrowding on routes, particularly those from which tourists could get off at the Dredge Lakes stop on Mendenhall Loop Road and walk 1.5 miles to the Mendenhall Glacier, resulted in local riders being bypassed at stops. Hundreds of local bus riders, including people in wheelchairs, were unable to board buses during the summer of 2023 because they were full. Despite attempts to mitigate overcrowding by running unscheduled Valley/Downtown Express Route 8 service when resources allowed, the situation underscored the need for improved planning for future peak seasons. During the February 12, 2024, COW meeting, the assembly directed staff to come up with options for providing "tripper" service to mitigate impacts to local riders from cruise tour passengers.

FY24

With the 2024 summer cruise season approaching, Capital Transit's capacity to increase service is limited by our 17 buses. To address immediate needs, we are:

- Restoring mid-day Valley/Downtown Express Route 8¹ service on weekdays.
- Extending Valley/Downtown Express Route 8 service to Saturdays and Sundays.

For the FY24 portion of the Summer of 2024, it will cost Capital Transit \$164,000 to add this augmented service. We recommend that this cost be covered by Marine Passenger Fees.

FY25

Capital Transit will provide the level of service described above for the period of July through mid-September 2024.

We anticipate the arrival of 7 new Gillig electric buses in fall 2024, and plan to retain some older diesel buses. The additional buses will allow for expanded service during the Summer of 2025. Capital Transit sees the following potential options for the Summer of 2025 to enhance service and mitigate overcrowding:

¹ Find Valley Express Route information here: https://juneaucapitaltransit.org/routes/downtown-valley-express/

Marine View Building, Juneau, AK 99801 907-586-5254

Options	Service	Impact	Cost
1A. *NEW* Egan Express Service	15 Minute Service	Eliminate overcrowding	Up to \$1M
	4 additional buses per hour on a new route connecting the Valley and Downtown.	Attract local riders seeking faster commute	
	Buses would travel directly between DTC and VTC along Egan drive and then proceed to the Loop Road	Provide service on 2 holidays with no service, earlier and later service on Sundays to better match cruise ship	
	7 days/week from 8am-5pm. Saturday level core service for Sundays, Memorial & Labor Day	schedules.	
1B. *NEW* Egan Express Service	Same as above but with no added Sunday or Holiday Service.	Eliminate overcrowding,	\$815K
		Attract local riders seeking faster commute	
2. Increased Route 8 Frequency	15 Minute Service 2 additional buses per hour by increasing	Reduced core route overcrowding	\$735K
	route 8 service frequency from 30-minute service to 15-minute service	Improved access for existing local riders,	
	8am-5pm, 7 days/week.	Less likely to attract new local riders	

With a projected 15-minute travel time between downtown and the valley, Egan Express cuts ten minutes off the current Route 8 schedule, making it a more attractive choice for many commuters. This efficiency, combined with the convenience of the Valley Transit Center park & ride lot is likely to incentivize new local riders.

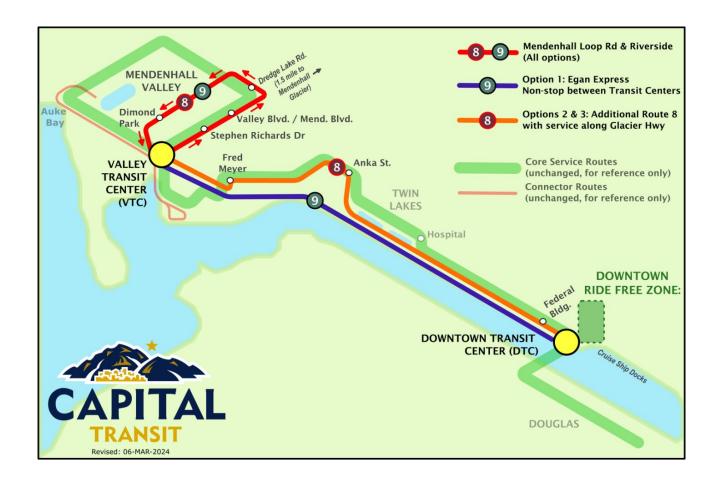

Staff Recommendation:

- 1) Make a motion to use \$164,000 of Marine Passenger Fees in FY24 to support the Tripper service and move to the full Assembly.
- 2) Make a motion of support to use \$1 million of Marine Passenger Fees in FY25 to support Tripper Service Option 1A and move to the full Assembly.

JOINT TECHNICAL AND STAKEHOLDER ADVISORY COMMITTEES

Meeting No. 5 Summary

Presented to the City and Borough of Juneau Public Works and Facilities Committee

March 11, 2024

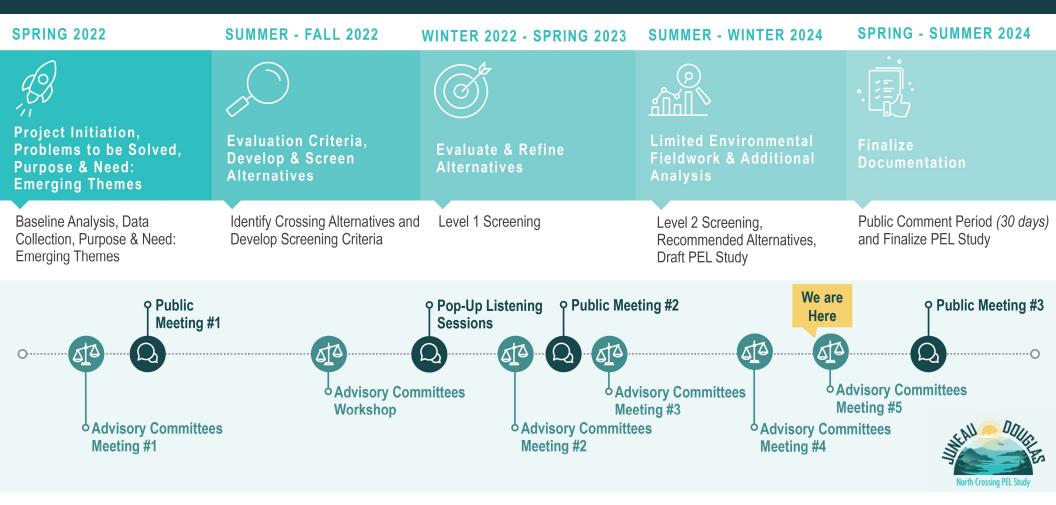

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by DOT&PF pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated April 13, 2023, and executed by FHWA and DOT&PF.

AGENDA

- PEL Study Process and Schedule Update
- Fieldwork Update
- Level 2 Screening Process
- Level 2 Screening Preliminary Results
- Next Steps

SCHEDULE

FIELD STUDIES

Agencies, organizations, and the public suggested Level 2 Screening would benefit from additional environmental analyses.

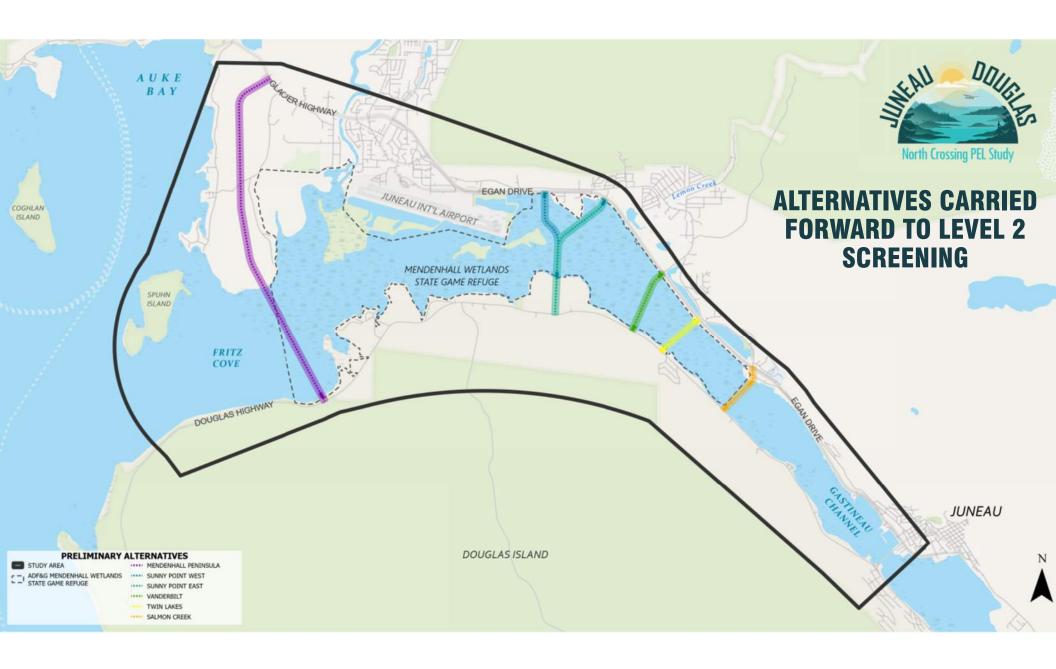

Additional Fieldwork Completed Included:

- Wetland delineation
- Eel grass survey
- Intertidal habitat mapping
- Migratory bird survey and upland bird habitat mapping
- Geophysical surveys
- Visual analysis

This Work Has Been Incorporated Into The Draft Level 2 Screening Results

PURPOSE & NEED STATEMENT – LEVEL 2 SCREENING

The *purpose* of the Juneau Douglas North Crossing PEL Study is to identify ways to improve the connection between Douglas Island and Juneau.

The secondary purposes are to identify ways to improve transportation for non-motorized users and reduce transportation related energy consumption.

NEED

An improved connection to Douglas Island should address the following **needs**:

- Alternate access and transportation infrastructure resiliency
- Decrease traffic pressure on Douglas Island Bridge and its intersections

The identified alternative(s) should also strive to meet these additional goals:

- Improve connection to North and West Douglas Island by creating additional traffic capacity to support the future development of affordable housing and economic development opportunities.
- Enhance and protect public health and safety and safety of travelers and the communities that transportation facilities traverse and serve.
- Transportation improvements should avoid, minimize, and mitigate impacts to the environment and to residential areas.
- Transportation improvements should maintain the visual, cultural, and scenic identity of Juneau and Douglas Island.

LEVEL 2 SCREENING - DETAILS

Level 2 Screening quantitatively evaluates how well each alternative:

- Satisfies the proposed projects purpose and meets the transportation needs
- Satisfies adopted planning documents
- Is technically implementable and constructable from an engineering perspective
- Is financially feasible
- Is reasonable under the National Environmental Policy Act (NEPA)
- Is practicable under the Clean Water Act
- Is prudent and feasible under Section 4(f) of the Department of Transportation Act of 1966

THANK YOU

Adopted Date: 3/04/2024

PWFC Report Date: 3/11/2024

1. Housing - Assure adequate and affordable housing for all CBJ residents

Implementing Actions	PWFC Committee Work:	Notes:
Continue planning and implementation of (re)development of Telephone Hill, Pederson Hill, and the 2nd/Franklin property		2.12.24 COW - Assembly provided direction on next planning steps. Staff to work on variations of Option C.

2. Economic Development - Assure Juneau has a vibrant, diverse local economy

	Implementing Actions	PWFC Committee Work:	Notes:
Е	Complete design for West Douglas and Channel	Engage the public and prepare the	2.16.24 - CBJ returned MOA with comments
	Crossing, apply for construction funding and	project for a successful grant	to DOT. 3.7.24 DOT and DOWL to hold
	appropriate and/or bond for local match	application for full design including	technical and stakeholder meeting on PEL.
		working with ADOT and identifying	3.11.24 DOWL to present Level 2 Screening
		match.	results to PWFC.

3. Sustainable Budget and Organization - Assure CBJ is able to deliver services in a cost efficient and effective manner that meets the needs of the community

	Implementing Actions	PWFC Committee Work:	Notes:
В	Maintain Assembly focus on deferred maintenance	Do committee work so that Assembly	11.4.22. Assembly increased commitment to
	including BRH and JSD with emphasis on enhancing	can increase funding for deferred	deferred maintenance in 1% that passed in
	building efficiency.	maintenance.	October.

5. Sustainable Community - Juneau will maintain a resilient social, economic, and environmental habitat for existing population and future generations.

	Implementing Actions	PWFC Committee Work:	Notes:
A	Implement a zero waste or waste reduction plan, including development of the Zero Waste Subdivision.	Evaluate Juneau's Solid Waste situation holistically. Establish framework for stakeholder engagement. Define goals for composting and level of municipal involvement.	2.12.24 - COW authorizes EPW to spend funds from Zero Waste CIP to do a high-level study of future municipal waste disposal options. 2.22.24 - Staff do a solid waste Q&A session at the Mendenhall Library. 2.20.24 - EPA issued a final NEPA Finding of No Significant Interest (FONSI) for the \$2.5 mill development of a compost site. There are other application steps but CBJ believes that we may get authorization from EPA to access the CDS in Spring 2024. 3.7.24 - Staff will do a solid waste Q&A session at the Downtown Library.

В	Identify and prioritize the most cost-effective energy efficiency and electrification upgrades in CBJ facilities.	Support and follow efforts of Facilities Maintenance to implement an Energy Management and Information System (EMIS)	8.28.23. Update from Building Maintenance. 3.5.2024. CBJ applying for EPA grant funding for electric boiler at MWWTP and Dock Electrification. Transit applying for Low or No Emission grant for 6 more electric buses and associated charging infrastructure.
С	Implement projects and strategies that advance the goal of reliance on 80% of renewable energy sources by 2045	Do committee work on Green House Gas (GHG) Emissions data collection/ measuring initiative to ensure a useful metric the Assembly can support. Define CBJ's role in providing EV charging infrastructure and electricity to the community. Support efforts to continue building the EV charging network to provide convenient and affordable EV charging for the public and to lay the groundwork for applying for grants.	12.18.2023 JCOS requested funding to complete GHG reports for 2022 and 2023. Working on contract.
D	Develop mitigation and resilience strategies aimed at reducing community risk and helping Juneau adapt to climate-related hazards that have been identified in the 7/22 ACRC Report	Review "Juneau's Changing Climate & Community Response"	8.08.22 Report released: https://acrc.alaska.edu/docs/juneau-climate- report
E	Develop strategy to reduce abandoned/junked vehicles	Do committee work to support the Assembly in increasing funding for junk vehicle disposal, including possible incentives.	11.6.23. At the 10/24/2023 Assembly Reorganization Meeting, Draft Ordinance 2023-38 Introduced "An Ordinance Amending the Traffic Code Relating to Impounds of Vehicles" This will ease the burden on JPD and allow impound in place.
