e. Requested contributions from clubs for use of City fields and facilities.

City staff is requesting financial or in-kind contributions to help reimburse the expenses incurred to prepare and maintain facilities and fields for game play. Staff is recommending requesting contributions each fall based on the previous year expenses incurred. We are also asking that when a rentable park/pavilion facility is occupied due to tournament/field use, that the club will also reserve and pay for the rental fees of said park.

Club communication with city staff can also help reduce costs and reduce excessive staff

time preparing fields. City will be requesting clubs use an online system to reserve fields and indicate the intended use (game or practice) to automate and document how the parks department will schedule staff each day; a small fee is proposed. Finally, we are requesting clubs to take out a special events application for each facility they will use each year. Discussion had and questions answered.

A recommendation was made to direct staff to request financial contributions based on each club's field/facility use and actual expenses incurred, approve communication policy changes as discussed, and work with clubs to develop a memorandum of agreement to better define roles and responsibilities moving forward.

Motion by DeCoster, seconded by Eggleston to adjourn.
