

# BOARD OF PUBLIC WORKS

City of Kaukauna  
**Council Chambers**  
Municipal Services Building  
144 W. Second Street, Kaukauna

Monday, October 14, 2024 at 6:00 PM

## AGENDA

### In-Person and Remote Teleconference via ZOOM

1. Correspondence.
2. Discussion Topics.
  - a. 2023 Annual Clearwater Sustainability Program Report to Heart of the Valley Metropolitan Sewerage District (HOVMSD).
  - b. Quiet Zone Study Update.
  - c. Seawall Project Update - Draft Easement.
  - d. Public Works Update.
3. Adjourn.

## NOTICES

Notice is hereby given that a majority of the City Council will be present at the meeting of the Board of Public Works meeting scheduled for Monday, October 14, 2024 at 6:00 P.M. to gather information about a subject over which they have decision making responsibility.

**IF REQUESTED THREE (3) DAYS PRIOR TO THE MEETING, A SIGN LANGUAGE INTERPRETER WILL BE MADE AVAILABLE AT NO CHARGE.**

## **MEETING ACCESS INFORMATION:**

You can access this meeting by one of three methods: from your telephone, computer, or by an app. Instructions are below.

To access the meeting by telephone:

1. Dial 1-312-626-6799
2. When prompted, enter Meeting ID 234 605 4161 followed by #
3. When prompted, enter Password 54130 followed by #

To access the meeting by computer:

1. Go to <http://www.zoom.us>
2. Click the blue link in the upper right hand side that says Join a Meeting
3. Enter Meeting ID 234 605 4161
4. Enter Password 54130
5. Allow Zoom to access your microphone or camera if you wish to speak during the meeting

To access the meeting by smartphone or tablet:

1. Download the free Zoom app to your device
2. Click the blue button that says Join a Meeting
3. Enter Meeting ID 234 605 4161
4. Enter Password 54130
5. Allow the app to access your microphone or camera if you wish to speak during the meeting

\*Members of the public will be muted unless there is an agenda item that allows for public comment or if a motion is made to open the floor to public comment.\*

**City of Kaukauna  
Board of Public Works**

**October 14, 2024**

JB/engr dept

**Agenda Item # 2a  
2023 Annual Clearwater Sustainability Program Report to HOVMSD**

**Background**

Member communities of the HOVMSD (Kaukauna, Kimberly, Little Chute, Combined Locks, and the Darboy Sanitary District) are required to file an annual Clearwater Sustainability Program report to the HOVMSD.

The City of Kaukauna’s annual report is attached.

The intent of the annual report is to update the HOVMSD on the community’s efforts toward maintaining a sustainable level of inflow and infiltration.

The governing body of each HOVMSD member community must review each year’s annual report. A resolution stating that the governing body has reviewed and accepted the annual report is on the Common Council agenda tomorrow night.

**Recommended Action**

Accept and place on file the City of Kaukauna 2023 Annual Clearwater Sustainability Program Report to HOVMSD, recommend approval of the 2023 resolution to Common Council

# Clearwater Sustainability Program

## 2023 Annual Report to HOVMSD

October 14, 2024

**Submitted By:**  
**Jeffrey Bodoh**  
**City of Kaukauna Engineering**

# **Clearwater Sustainability Program 2023 Annual Report**

## CONTENTS

- 1) CMAR
- 2) WDNR Response
- 3) Construction and Non-Construction I&I Reduction Projects
- 4) Local Ordinance Changes
- 5) CMOM Updates and Changes

## Section 1: 2023 CMAR

The City of Kaukauna submits a Compliance Maintenance Annual Report to Wisconsin DNR. Per Wisconsin DNR: Chapter NR 208, Wis. Adm. Code is more commonly known as the Compliance Maintenance Annual Report (CMAR) rule for publicly and privately owned domestic wastewater treatment works. The CMAR is a self-evaluation tool that promotes the owner's awareness and responsibility for wastewater collection and treatment needs, measures the performance of a wastewater treatment works during a calendar year, and assesses its level of compliance with permit requirements.

This report provides the following information to help:

- Describes the management and physical condition of the wastewater treatment works during the previous calendar year.
- Assesses system performance and wastewater maintenance activities.
- Evaluates compliance with WPDES permit requirements
- Provides an objective analysis to determine whether a more detailed evaluation of the wastewater facility is needed.
- Identifies proposed actions necessary to maintain regulatory compliance.

City of Kaukauna has achieved an overall grade of "A" in 2023, which requires no formal corrective actions. A Resolution acknowledging that the report is complete and reviewed is required and was adopted by the Common Council. Recommended collection system response and an overall comment/action items from the Council acknowledging the need to continue improvements to City sanitary sewer collection system was approved. A copy of the 2023 CMAR is attached to this section.

# Compliance Maintenance Annual Report

Item 2.a.

## Kaukauna Sewage Collection System

Last Updated: Reporting For:  
6/5/2024 **2023**

3.2.5 Subtractions from Fund (e.g., equipment replacement, major repairs - use description box 3.2.6.1 below\*) -

\$ 3,594,848.00

3.2.6 Ending Balance as of December 31st for CMAR Reporting Year

\$ 7,876,405.00

All Sources: This ending balance should include all Equipment Replacement Funds whether held in a bank account(s), certificate(s) of deposit, etc.

3.2.6.1 Indicate adjustments, equipment purchases, and/or major repairs from 3.2.5 above.

2023 Sanitary Sewer Budget, shows 2023 expenses. Detailed ledger is available upon request.

3.3 What amount should be in your Replacement Fund?

\$ 1.00

0

Please note: If you had a CFWP loan, this amount was originally based on the Financial Assistance Agreement (FAA) and should be regularly updated as needed. Further calculation instructions and an example can be found by clicking the SectionInstructions link under Info header in the left-side menu.

3.3.1 Is the December 31 Ending Balance in your Replacement Fund above, (#3.2.6) equal to, or greater than the amount that should be in it (#3.3)?

- Yes
- No

If No, please explain.

## 4. Future Planning

4.1 During the next ten years, will you be involved in formal planning for upgrading, rehabilitating, or new construction of your treatment facility or collection system?

- Yes - If Yes, please provide major project information, if not already listed below.
- No

Project #	Project Description	Estimated Cost	Approximate Construction Year
1	Desnoyer Street Area Utility Relay	\$1,250,000	2025
2	Kenneth Ave/3rd Street Area	\$600,000	2024
3	Manhole Lining/Repair Project	\$50,000	2024
4	Presidential Streets Phase 2 of 2	\$800,000	2026
5	Lift Station Force Main Upgrades	\$200,000	2024
6	River Street Sanitary Sewer and Easement CIPP	\$150,000	2024
7	Thilmany Interceptor	\$90,000	2024
8	CE Lift Station Interceptor to KHS	\$400,000	2025
9	Presidential Streets Phase 1 of 2	\$700,000	2025

## 5. Financial Management General Comments

None

## ENERGY EFFICIENCY AND USE

## 6. Collection System

### 6.1 Energy Usage

6.1.1 Enter the monthly energy usage from the different energy sources:

### **COLLECTION SYSTEM PUMPAGE: Total Power Consumed**

Number of Municipally Owned Pump/Lift Stations:

<b>Total</b>	<b>142,454</b>	<b>0</b>
<b>Average</b>	<b>11,871</b>	<b>0</b>

### 6.1.2 Comments:

The City's annual sanitary sewer flows and the annual electric usage both went up roughly 2%.

### 6.2 Energy Related Processes and Equipment

6.2.1 Indicate equipment and practices utilized at your pump/lift stations (Check all that apply):

- Comminution or Screening
- Extended Shaft Pumps
- Flow Metering and Recording
- Pneumatic Pumping
- SCADA System
- Self-Priming Pumps
- Submersible Pumps
- Variable Speed Drives
- Other:

### 6.2.2 Comments:

6.3 Has an Energy Study been performed for your pump/lift stations?

No

Yes

## Sanitary Sewer Collection Systems

### 1. Capacity, Management, Operation, and Maintenance (CMOM) Program

#### 1.1 Do you have a CMOM program that is being implemented?

- Yes
- No

If No, explain:

#### 1.2 Do you have a CMOM program that contains all the applicable components and items according to Wisc. Adm Code NR 210.23 (4)?

- Yes
- No (30 points)
- N/A

If No or N/A, explain:

#### 1.3 Does your CMOM program contain the following components and items? (check the components and items that apply)

- Goals [NR 210.23 (4)(a)]

Describe the major goals you had for your collection system last year:

Specific 2023 Numerical Goals and Results are found in Appendix IV of the city CMOM. A summary is attached.

Overall System goals:

- 1) No sanitary sewer overflows
- 2) No basement backups due to lack of mainline maintenance
- 3) No infrastructure failure (street or sewer collapse) due to lack of maintenance
- 4) Maintain capacity for community and industrial growth within the City and HOVMSD interceptor
- 5) Review and update City Sewer Use / ordinance and maintain compliance with WIDNR and HOVMSD ordinances
- 6) Assist HOVMSD in implementation of a FOG control program.
- 7) Continue to identify and eliminate illegal sump discharges, cross connections, and other illicit connections
- 8) Design and implement an on going sewer condition evaluation program
- 9) Maintain an adequate budget to perform necessary maintenance of sewer system
- 10) Maintain and update records to ensure accurate and efficient data management

Did you accomplish them?

- Yes
- No

If No, explain:

Experienced 4 basement backups in 2023 - related to system maintenance. We believe the change in maintenance schedule for this area will prevent future backups. On May 16, 2023 the City had a sanitary sewer main failure. The entire sanitary sewer line was replaced. The City is replacing sanitary sewer on an annual basis.

- Organization [NR 210.23 (4) (b)]

Does this chapter of your CMOM include:

- Organizational structure and positions (eg. organizational chart and position descriptions)
- Internal and external lines of communication responsibilities
- Person(s) responsible for reporting overflow events to the department and the public
- Legal Authority [NR 210.23 (4) (c)]

What is the legally binding document that regulates the use of your sewer system?

Municipal Ordinance-Sewer Use Ordinance

# Compliance Maintenance Annual Report

Item 2.a.

## Kaukauna Sewage Collection System

Last Updated: Reporting For:  
6/5/2024 **2023**

If you have a Sewer Use Ordinance or other similar document, when was it last reviewed and revised? (MM/DD/YYYY)

Does your sewer use ordinance or other legally binding document address the following:

- Private property inflow and infiltration
- New sewer and building sewer design, construction, installation, testing and inspection
- Rehabilitated sewer and lift station installation, testing and inspection
- Sewage flows satellite system and large private users are monitored and controlled, as necessary
- Fat, oil and grease control
- Enforcement procedures for sewer use non-compliance
- Operation and Maintenance [NR 210.23 (4) (d)]

Does your operation and maintenance program and equipment include the following:

- Equipment and replacement part inventories
- Up-to-date sewer system map
- A management system (computer database and/or file system) for collection system information for O&M activities, investigation and rehabilitation
- A description of routine operation and maintenance activities (see question 2 below)
- Capacity assessment program
- Basement back assessment and correction
- Regular O&M training
- Design and Performance Provisions [NR 210.23 (4) (e)]

What standards and procedures are established for the design, construction, and inspection of the sewer collection system, including building sewers and interceptor sewers on private property?

- State Plumbing Code, DNR NR 110 Standards and/or local Municipal Code Requirements
- Construction, Inspection, and Testing
- Others:

- Overflow Emergency Response Plan [NR 210.23 (4) (f)]

Does your emergency response capability include:

- Responsible personnel communication procedures
- Response order, timing and clean-up
- Public notification protocols
- Training
- Emergency operation protocols and implementation procedures

- Annual Self-Auditing of your CMOM Program [NR 210.23 (5)]

Special Studies Last Year (check only those that apply):

- Infiltration/Inflow (I/I) Analysis
- Sewer System Evaluation Survey (SSES)
- Sewer Evaluation and Capacity Management Plan (SECAP)
- Lift Station Evaluation Report
- Others:

## 2. Operation and Maintenance

2.1 Did your sanitary sewer collection system maintenance program include the following maintenance activities? Complete all that apply and indicate the amount maintained.

Cleaning	<input type="text" value="17.9"/>	% of system/year
Root removal	<input type="text" value=".2"/>	% of system/year
Flow monitoring	<input type="text" value="100"/>	% of system/year

River or water crossings	<input type="text" value="100"/>	% of pipe crossings evaluated or maintained
Please include additional comments about your sanitary sewer collection system below:		
<input type="text"/>		

### 3. Performance Indicators

3.1 Provide the following collection system and flow information for the past year.

<input type="text" value="27.7"/>	Total actual amount of precipitation last year in inches
<input type="text" value="31.08"/>	Annual average precipitation (for your location)
<input type="text" value="86"/>	Miles of sanitary sewer
<input type="text" value="7"/>	Number of lift stations
<input type="text" value="0"/>	Number of lift station failures
<input type="text" value="1"/>	Number of sewer pipe failures
<input type="text" value="4"/>	Number of basement backup occurrences
<input type="text" value="27"/>	Number of complaints
<input type="text" value="3.07"/>	Average daily flow in MGD (if available)
<input type="text" value="4.77"/>	Peak monthly flow in MGD (if available)
<input type="text" value="19.6"/>	Peak hourly flow in MGD (if available)

3.2 Performance ratios for the past year:

<input type="text" value="0.00"/>	Lift station failures (failures/year)
<input type="text" value="0.01"/>	Sewer pipe failures (pipe failures/sewer mile/yr)
<input type="text" value="0.01"/>	Sanitary sewer overflows (number/sewer mile/yr)
<input type="text" value="0.05"/>	Basement backups (number/sewer mile)
<input type="text" value="0.31"/>	Complaints (number/sewer mile)
<input type="text" value="1.6"/>	Peaking factor ratio (Peak Monthly:Annual Daily Avg)
<input type="text" value="6.4"/>	Peaking factor ratio (Peak Hourly:Annual Daily Avg)

### 4. Overflows

# Compliance Maintenance Annual Report

Item 2.a.

## Kaukauna Sewage Collection System

Last Updated: Reporting For:  
6/5/2024 **2023**

LIST OF SANITARY SEWER (SSO) AND TREATMENT FACILITY (TFO) OVERFLOWS REPORTED **				
	Date	Location	Cause	Estimated Volume
0	5/16/2023 12:16:00 PM - 5/16/2023 6:00:00 PM	Plank Road, Kaukauna, WI 54130	Broken Sewer, Broken Sewer	8,600

\*\* If there were any SSOs or TFOs that are not listed above, please contact the DNR and stop work on this section until corrected.

What actions were taken, or are underway, to reduce or eliminate SSO or TFO occurrences in the future?

The 18" concrete sanitary sewer main was replaced with 18" PVC pipe.

5. Infiltration / Inflow (I/I)

5.1 Was infiltration/inflow (I/I) significant in your community last year?

Yes

No

If Yes, please describe:

I&I could be detected at metering station, specifically after rain events and changes in river level.

5.2 Has infiltration/inflow and resultant high flows affected performance or created problems in your collection system, lift stations, or treatment plant at any time in the past year?

Yes

No

If Yes, please describe:

5.3 Explain any infiltration/inflow (I/I) changes this year from previous years:

Approximately 4,700 feet of deteriorated clay, concrete, and truss main and approximately 113 service laterals were replaced or rehabilitated as part of the City's rehabilitation projects in 2023. In addition, some temporary manhole improvements were made in the river to reduce inflow

5.4 What is being done to address infiltration/inflow in your collection system?

The City continues to replace and rehabilitate the sanitary sewer and manholes throughout the City. The City has an annual sanitary sewer replacement program in place.

**2023 COMPLIANCE MAINTENANCE ANNUAL REPORT (CMAR) RESOLUTION**

WHEREAS, it is a requirement under a Wisconsin Pollutant Discharge Elimination System (WPDES) permit issued by the Department of Natural Resources for the governing body to file a Compliance Maintenance Annual Report (CMAR) for its wastewater collection system under Wisconsin Administrative Code NR 208:

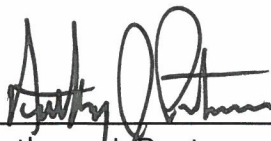

WHEREAS, the governing body has reviewed the Compliance Maintenance Annual Report (CMAR);

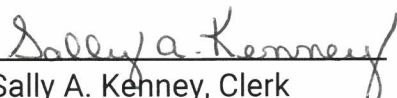

WHEREAS, it is necessary to provide recommendations or an action response plan for the Collection Systems CMAR section grades of "C" or less and/or an overall grade point average <3.00, or if a Sanitary Sewer Overflow was reported;

NOW, THEREFORE, BE IT RESOLVED by the Common Council of the City of Kaukauna that the following recommendations or actions will be taken to address or correct problems/deficiencies of the wastewater treatment or collection system as identified in the Compliance Maintenance Annual Report (CMAR):

- 1) Continue systematic inspection, rehabilitation, and replacement of sanitary sewer collection system to maintain zero sanitary sewer overflows and assure capacity of the system for future growth.

Introduced and adopted this 4<sup>th</sup> day of June 2024.

APPROVED:   
Anthony J. Penterman, Mayor

ATTEST:   
Sally A. Kenney, Clerk

## **Section 3: Construction and Non-Construction I&I Reduction Projects**

### **2023 Construction Projects**

#### **Project 1-23 Concrete Street Paving**

This project incorporated the installation of 33 internal manhole chimney seals in newly paved areas, including Setter Drive, Boxer Street, Greyhound Street, White Dove Lane, and White Birch Street and reconstructed streets including Dixon Street, Seventh Street, Quinney Avenue, Metoxen Avenue, Oak Street, Schulthies Street and Canal Street.

There were also 63 storm sewer laterals installed as part of the paving project.

#### **Project 2-23 Kenneth Avenue Area Utility Relay-Phase 3**

This project included a sanitary sewer main and lateral relay on Sullivan Avenue, Hendricks Avenue, Main Avenue, Park Street, Klien Street, Miner Street, Fourth Street and Fifth Street as well as replacement of sewer in adjacent easements. Approximately 7 lineal feet of 18" sanitary sewer, 5 lineal feet of 12" sanitary sewer, 4,558 lineal feet of 8" sanitary sewer, 7,042 lineal feet of private lateral pipe (96 homes) and 135 vertical feet of sanitary manholes replaced the existing deteriorated clay pipe sanitary sewer system. A map of the project area is attached to this section.

### **2023 Non-Construction Projects**

#### **On-going Clearwater (Illicit Cross Connection) Inspections**

In addition to inspection of private laterals by City staff in reconstruction project limits, the City contracts with Kaukauna Utilities (KU) to perform Clearwater inspections while they are in a property for Cross Connection Control and Backflow Prevention inspections.

In 2023, the City inspected 274 homes and businesses for illicit connections; we found no violations. Violations can include a variety of issues including, non-compliant private sewer lateral and sump to floor drain connections.

#### **Sewer Cleaning and Inspections**

The one of major areas of sewer main cleaning in 2023 was between the CTH 'CE' on the south, Buchanan Road on the north, Thelen Avenue on the east and Travis Lane to the west. The other area was between Lawe Street on the north, Green Bay Road to the south, Claribel Street to the east and Grant Street to the west. The third area is between Debruin Road to the west, STH 55 to the east, CTH 'CE' to the north and CTH 'KK' Drive to the south. CCTV inspections include annual televising contract in various areas (see CCTV map), post televising for the sewer rehab areas and some miscellaneous lines that were suspect of having issues. 31,750 lineal feet of sewer main and 110 laterals were televised in 2023. See maps at the end of this section.

**Section 4: Local Ordinance Changes**

Ordinance number 1884, amending Section 13.05(5)(A) and Section 13.05(5)(B) of the Kaukauna Municipal Code changed the user charge from \$8.00 per 100 cubic feet to \$8.75 per 100 cubic feet.

**Section 5: CMOM Updates and Changes**

The CMOM Plan is a working document that will require updates based upon annual reviews and performance of the system. The annual audit of the CMOM plan will be an important part of maintaining a high level of sewer service and sewer capacity. Reviews will occur in December of each calendar year.

There were no major updates/changes to the CMOM program in 2023. The City did update the appendix for annual maintenance goals and performance measures for 2023. An updated table is attached to the end of this section.

ANNUAL MAINTENANCE GOALS AND PERFORMANCE MEASURES							
<b>2023</b>							
<b>Sewer Mainline O&amp;M</b>							
MAINTENANCE ITEM	GOAL	% of System	2020	2021	2022	2023	Comments

Inspect Private Properties for Illicit Connections	Inspect all properties within a 10 year cycle	10%	2%	2%	3%	5%	Mostly performed by Kaukauna Utilities - performed 274.

RESOLUTION NO. \_\_\_\_\_

**RESOLUTION ACCEPTING THE CITY OF KAUKAUNA  
2023 ANNUAL CLEARWATER SUSTAINABILITY PROGRAM REPORT TO THE  
HEART OF THE VALLEY METROPOLITAN SEWERAGE DISTRICT (HOVMSD)**

**WHEREAS**, it is a requirement of the HOVMSD that member communities file an annual report as part of its Clearwater Sustainability Program; and

**WHEREAS**, the governing body of the City of Kaukauna has reviewed the annual report to the HOVMSD; and

**WHEREAS**, the annual report contains the following components as required by the HOVMSD:

1. Compliance Maintenance Annual Report (CMAR) as submitted to the Wisconsin Department of Natural Resources (WDNR)
2. WDNR response to CMAR
3. Summary of construction and non-construction inflow/infiltration reduction projects
4. Local ordinance changes related to inflow/infiltration
5. Capacity, Management, Operation, and Maintenance (CMOM) updates or changes

**NOW, THEREFORE, BE IT RESOLVED** by the Common Council of the City of Kaukauna that the report prepared by the City of Kaukauna Engineering Department has been accepted and shall be forwarded to the HOVMSD as per HOVMSD requirements.

Introduced and adopted this 15<sup>th</sup> day of October, 2024.

APPROVED: \_\_\_\_\_  
Anthony J. Penterman, Mayor

## Engineering Department

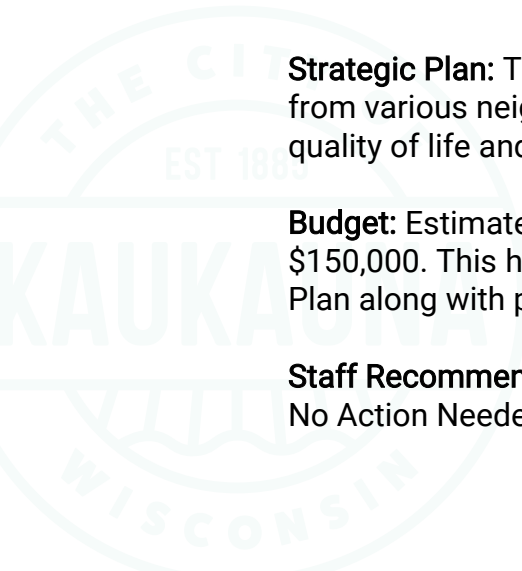

To: Board of Public Works  
 From: John Neumeier, Director of Public Works/City Engineer  
 Date: 10/14/2024  
 Re: 2b - Quiet Zone Update – Draft Plans

**Background information:** The City has been working with Short Elliot Hendrickson (SEH) on developing plans for quiet zone implantation. Draft plans are attached. These drawings will be combined with other data for a submittal for the Quiet Zone Notice of Intent (NOI) to various parties for review, including Federal Railroad Administration (FRA), Office of the Commissioner of Railroads (OCR), CN Railroad, and Wisconsin Department of Transportation (WisDOT).

**Strategic Plan:** The quiet zone implementation has been a request for several years from various neighborhoods. The investment by the City will be an improvement to quality of life and will help work toward being a community of choice.

**Budget:** Estimated project cost for temporary safety improvements is \$100,000-\$150,000. This has been accounted for in the proposed 2025 Capital Improvement Plan along with previous borrowings.

**Staff Recommended Action:**  
 No Action Needed – Informational Only

RAIL CROSSING IMPROVEMENTS  
CITY OF KAUKAUNA, WISCONSIN

DELANGLADE STREET

# MEMO

## Engineering Department

To: Board of Public Works  
From: John Neumeier, Director of Public Works/City Engineer  
Date: 10/14/2024  
Re: 2c – Wisconsin Avenue Seawall Project Update – Draft Easement

**Background information:** The City has been working with the State of Wisconsin to establish an easement for installation of the Wisconsin Ave Seawall. We have received a draft of a temporary easement, and it is currently being reviewed by staff, City Attorney, and our consultant. Staff will bring a resolution to a future Common Council meeting in order to authorize entering into said agreement. A copy of the draft easement for review will be distributed to the Board.

**Strategic Plan:** This project brings a much-needed update to an underutilized connection to the Fox River. The project has been a great example of collaboration with many entities working toward a goal of improving quality of life, increasing park usage, and will help work toward being a community of choice.

**Budget:** Estimated construction cost is \$257,700. The City has received grants from Wisconsin DNR for 50%, up to \$128,850, and a grant from Community Foundation of the Fox Valley Region (CFFVR) for \$95,000. An additional \$75,000 has been approved and borrowed with previous capital borrowings for design and to cover remaining construction expenses.

**Staff Recommended Action:**  
No Action Needed – Informational Only
