Friends of 1000 Islands Report

Hietas reported the Pancake & Porkie event was a success with over 300 people served; 100 more than last year. Profits this year were \$2,800; up \$800 from last year. The weather was good, and the event was well marketed. There was a shortage of plates and applesauce. Fresh maple syrup was provided for the meal. A maple syrup cooking demonstration was provided using water. There may not be a surplus of syrup next year due to the unseasonably warm weather which shortened the maple syrup season.

Naturalist's Report

The Assistant Naturalist will be resigning in mid-April. The transition plan was discussed. In lieu of filling the Assistant Naturalist position and hiring an AmeriCorps position, the interim plan will increase the Site Manager's hours from 20 hours per week to 29 hours per week. This will allow the Site Manager to assist with education programs. The Street Department will provide a limited term position (20 hours per week) to assist with building and grounds work through 2025. Heitpas spoke in favor of a full-time buildings and grounds position to maintain the trails and green space. Eggleston stated a full-time building and grounds position could assist at other

natural areas within the City. Manion indicated an organized volunteer day could accomplish many projects.

Gravel has been placed on the trail going up the hill. Split rail fencing has been installed. Heitpas would like to repurpose the boardwalk materials to extend the trail beyond the blacktop trail.

The Street Department will be replacing the siding on the Nature Center. Funds are not available to replace the windows. The interim fix is to add insulation around the windows.

The Committee requested a status report for the planned updates to the Nature Center restrooms. Previous discussion involved updating the electrical/plumbing, countertop, and installing an ADA compliant sink.

The Committee weighed the pros and cons of purchasing either a new electric truck or a used, low mileage truck from the Street Department.

1st Quarter Usage Report

White stated Pautz found the Park School program was reported twice. The overall total will be amended to reduce the total by 48. In addition to the reported usage, Blood led three Geology Hikes at River View.

Changing Authorized Signors for CDs

1000 Islands CDs will need updated signing authority designations due to staffing changes. Two authorized signors are required to conduct transactions for the business account. Sally Kenney, City Clerk, is currently listed as an authorized signor. Another authorized signor will need to be designated. Manion made a motion to remove Deb Nowak and Maureen Feldt as authorized signors and to designate the City of Kaukauna Finance Director/Treasurer, William VanRossum, as an authorized signor for the CDs held at East Wisconsin Savings Bank. Seconded by Breitzman. Motion carried.

Admin and Finance Sub-Committee

Eggleston raised a motion to approve the meeting minutes of November 29, 2023. Breitzman seconded. Motion carried.

Education Sub-Committee

Blood reported February programs were well attended. Heitpas raised a motion to approve the meeting minutes of March 12, 2024. Breitzman seconded. Motion carried.

Building and Grounds Sub-Committee

The boardwalk project will be completed in two phases. The first section of boardwalk to be replaced will be along the river, followed by replacing the boardwalk in the wooded areas. Heitpas raised a motion to approve the meeting minutes of November 29, 2023. Seconded by Hintz. Motion carried.

Old Business

Pancake & Porkie: A meeting is planned to be held on Tuesday, March 26, 2024, at 4:00 p.m. at the Nature Center to discuss improvements and successes. Breitzman commended the National

Honor Society for serving the meal.

Policy Binder Updates: Committee members will review their policy binders and advise staff if updates are needed.

Good of the Center

Staff contacted a wildlife rehabber to assist with removing Jabber from his cage to attend his vet appointment. X-rays and labs were performed, and his prescription has been renewed. Jabber's medical condition is stable. He has an enlarged heart. Jabber's vet visits expenses are \$300 every 6 months. Eggleston commented that Jabber is staple at the Nature Center and would be great for marketing.

Next Committee Meeting

The next Committee Meeting will be on Thursday, April 18, 2024, at 6:30 PM in the Nature Center building.

Adjournment

There being no further business, Eggleston moved to adjourn the March 21, 2024, Committee Meeting at 7:32 PM. Seconded by Breitzman. Motion carried.

March 2024 Naturalist Report

Admin/Finance

- Staff was informed that a CD held at East Wisconsin Savings Bank totaling \$21,594.53
 reached maturity. The CD was closed, and funds were released to 1000 Islands. A request
 was sent to the City's Accounts Payable staff to transfer the funds to the Community
 Foundation for the Fox Valley 1000 Islands Endowment Fund.
- All CDs held at East Wisconsin Savings Bank have now been updated to remove Maureen Feldt and Deb Nowak as signors and William VanRossum has been added as a signor.

Building/Grounds

- With the warm weather, Brad Garrity is looking forward to spending more time out on the property doing restoration and invasive species work.
- Thankfully, there was no damage on the property with recent snowstorms. Only a couple of small trees fell, and they didn't damage the boardwalks or trails.
- Ballasts, outlets, and electrical equipment totaling \$306.38 were purchased for the nature center, pavilion, and sugar shack and installed by volunteer Kevin Hietpas. This work saved a significant amount of money for the nature center.

Education

- 3rd grade students and parents from Park Community School attended an open house tour
 of the facility and trails to learn about our partnership. Despite a snowy afternoon, 22
 showed up.
- Sarah and Nathaniel led Riverview Middle School students on a new geology-focused hike.
 Around 219 students came out over the course of three separate days for a 45-minute program. It was well-received by both teachers.
- I have started to put together some ideas to evaluate the exhibits in the nature center. As we start to think about adding new exhibits or repairing existing ones, it's important to know how the existing space is currently viewed and used by visitors.
- I'm in the process of setting up a meeting with Mike Slowinski to figure out what our partnership might look like in terms of programming, barriers, etc.
