**Agenda Item # 2A**  
**4-24 Asphalt Paving Project**

**Background**

The Engineering Department has reviewed and analyzed the bids from Northeast Asphalt and MCC Inc, received on January 31, 2024, at 4:00PM for the 4-24 Asphalt Paving Project. The Engineering Department received two bids this year and also created an engineer's estimate prior to bid opening.

**Review**

The Engineering Department has compared the two received bids against the engineers estimate. The bids themselves are within \$58,605.44 of each other which is a good indication that they are competitive. The lower bid (Northeast) is under the Engineers Estimate by \$59,394.50 which is another indication that the received bids are reasonable and competitive. Attached is a bid tabulation showing the pricing differences between the received bids.

There is the Alternate A section of this project, which is the relay of storm sewer in the Downtown Second Street Alley. This work would be done in early Spring, so the storm sewer relay does not interfere with other utility work in the Alley.

**Recommended Action**

Award Project 4-24 Asphalt Paving Units A and B to Northeast Asphalt, Greenville, WI for a total bid price of \$318,455.85. Award Project 4-24 Asphalt Paving Alternate A to Northeast Asphalt Paving for a total bid price of \$129,845.35.

**5-24 Kenneth Avenue Utility Relay Project**

**Background**

The Engineering Department has reviewed and analyzed the bids from Feaker & Sons, Kruczek, Carl Bowers, DeGroot, Jossart, PTS Contractors, Dorner and David Tenor Corporation, received on January 31, 2024, at 4:00PM for the 5-24 Kenneth Avenue Utility Relay Project. The Engineering Department received eight bids this year and also created an engineer's estimate prior to bid opening.

**Review**

The Engineering Department has compared the eight received bids against the engineer's estimate. The bids themselves are within \$28,822.00 from the three lowest bids, which is a good indication that they are competitive. The lowest bid (Feaker) is under the Engineer's Estimate by \$60,186.50 which is another indication that the received bids are reasonable and competitive. The bids for the Alternate Arthur Street are within \$22,316.14 from the three lowest bid, which is competitive. The lowest bid (Feaker) is under the Engineer's Estimate by \$33,059.95, which indicates the bids we received are reasonable and competitive. Attached is a bid tabulation showing the pricing differences between the received bids.

Kaukauna Utilities Board will review the bids and recommend the project on February 21<sup>st</sup>.

**Recommended Action**

Award Project 5-24 Kenneth Avenue Utility Relay to Feaker & Sons, DePere, WI including the base bid price of \$1,318,816.00 and Alternate Bid for Arthur Street for bid price of \$658,752.50, total contract award of \$1,945,634.36.

February 5<sup>th</sup>, 2024

**Agenda Item #2c**

**Authorization to seek bids for Project #6-24, Thousand Islands Boardwalk Reconstruction**

**Background**

The Engineering Department is completing plans to reconstruct a series of trails through the Thousand Islands Conservancy Area. This project will include removal of the old boardwalks, installation of steel footings, construction of new boardwalks with safety edges and railings in select locations, and appropriate restoration of the affected areas. This boardwalk reconstruction is planned to be completed over 2 phases. Phase 1 will be the main focus for this project, with phase 2 being bid as an alternate. If prices are good, both phases may be awarded on this project. A map is shown below highlighting in red the trails that are to be reconstructed in Phase 1 (1,364 Feet), and in black Phase 2 (1,343 Feet), along with a visual example of a finished boardwalk.

**February 5, 2024**

**Agenda Item #2d**

**Project Support and Authorization to submit applications for 2024 Grants – 1000 Islands Boardwalk Project.**

**Background**

The Greenway Fund is an Outagamie County program that offers grants to assist local units of government, within Outagamie County, develop greenway networks that are regional in nature. A greenway, defined here, is a trail or collection of open space, usually continuous and linear in fashion, found in urban and rural settings, serving various purposes. Examples of greenways include, but are not limited to bicycle, pedestrian, and other networks (e.g. trails, paths, and lanes) as well as environmental corridors (e.g. wildlife, waterways, or other natural corridors).

Greenway Fund grants are awarded annually, following a competitive application process. Funding requests are limited to 25% of the total project cost. Funds are provided to grant recipients on a reimbursement basis only. Local units of government in Outagamie County are encouraged to apply. In this funding cycle, up to \$30,000 will be available.

**Recommended Action:** Motion for the Board of Public Works to support the 1000 Islands Boardwalk replacement project and to authorize the Director of Public Works/City Engineer to apply for and administer 2024 Greenway Fund Grant and a Nelson Fund Grant on behalf of the City.

**Agenda Item #2e**  
**Office Update for Code Enforcement Officer (COE)**

**Background**

With Code Enforcement proposed to align under the Police Department, staff believe keeping the COE office in the same department for communications, supervision, record keeping, and daily operations/collaborations is important. We have identified a storage area that could be converted to additional office space, and the location is ideal for communication and access to the department and to meet with any residents, complainants, or violators looking to have in-person conversations with COE. City staff has worked with several contractors to price out the project and would like to have the support of the Board to proceed. The anticipated project cost is \$4,400 plus any furnishings not already available. Funding will be discussed in a Finance and Personnel meeting later tonight. This project will also free up more office space in the MSB.

**Recommended Action:** Motion for the Board of Public Works to support the COE office project contingent upon budget amendment approval for Code Enforcement Budget Item Reallocation.
