Motion made by Councilor Hamilton, Seconded by Councilor Slanetz.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

Councilor Hamilton inquired about the Local Option Tax chart and the magnitude of the decline in FY 20. Director of Finance and Internal Services Grant Gager offered a clarification of the data.

Motion made to approve item #4.

Motion made by Councilor Hamilton, Seconded by Council President Breen.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

● NEW BUSINESS (no public comment required)

13. Discussion of Law Enforcement Services with Blaine County Sheriff’s Office - Mayor Neil Bradshaw

Mayor Bradshaw introduced Sheriff Steve Harkins, Chief Deputy Sheriff Will Fruehling, and Lieutenant Jamie Shaw, the new Ketchum Police Chief.

Sheriff Harkins introduced his team and provided background on the new Chief. The Sheriff provided background on the Blaine County Sheriff’s Office operations and services. The Sheriff talked about community policing efforts of the Ketchum Police Department. The Sheriff reported on call volumes, response, and training programs.

Mayor Bradshaw reiterated citizen’s desire for more community policing and for officers to get out of their cars to interact. The Sheriff agreed with the importance of such efforts.

Councilor Hamilton asked about de-escalation training for officers. The Sheriff talked about crisis intervention training and other de-escalation measures and skills. Councilor Hamilton also inquired about implicit bias training. The Sheriff talked about past efforts and future goals for training deputies. Councilor Hamilton followed with a question on use of force within the department. The Sheriff talked about the use of force policy and stats on use of force in recent years.

Council President Breen asked about response to violations of the local mask orders. The Sheriff advised that certain calls are most appropriately handled via the non-emergency line.

Councilor David inquired about protocols related to the use of multiple units in a traffic stop. The Sheriff advised that the use of a back-up unit is at the officer’s discretion. The Sheriff talked about different situations that may arise to necessitate additional resources. Councilor David followed up with a question on response across jurisdictions. The Sheriff talked about the different jurisdictions and noted that Sheriff’s Deputies can respond throughout the County.
Councilor Slanetz asked about multi-lingual situations and resources. The Sheriff noted the number of multi-lingual officers in the department.

Mayor Bradshaw thanked the Sheriff and new chief for coming in and reiterated that we're all one team.

14. **ACTION ITEM:** Recommendation to provide direction on funding and potential approval of Encroachment Agreement #20494 with Idaho Power at 760 Washington Avenue - Suzanne Frick, Director of Planning and Building

Mayor Bradshaw introduced the item and turned it over to Director of Planning and Building Suzanne Frick to provide new information received concerning the project. Director Frick provided information on certain configurations and their respective costs to the Council. The Mayor turned the discussion to the Council for deliberation.

Council President Breen sought clarification on a configuration and its cost. Councilor Hamilton provided her thoughts on the project and benefits to neighbors. Council President Breen inquired about the balance of funds available for undergrounding. Director of Finance and Internal Services Grant Gager provided information on the balance and the franchise fee generally. Councilor Slanetz talked about the project and relative benefits to neighbors as well as the city. Councilor Slanetz expressed his preference for seeking additional contributions from neighbors. Councilor David talked about the project benefits and desire to do the project the right way.

Mayor Bradshaw talked about the process and flexibility the City has. Councilor Hamilton commented on the benefit of extending the project to the full length being contemplated. Councilor Hamilton inquired about the other utilities that share the poles which will be undergrounded; Director Frick provided background on that issue as related to the franchise agreements. Councilor Hamilton asked a clarifying question on the undergrounding funds available. Councilor Slanetz also inquired on the status of funding. Director Gager provided clarification on both items.

Council President Breen inquired about project phasing. Director Frick provided input on the project process and timelines. Councilor Slanetz advised his preference to engage additional neighbors. Councilor Hamilton expressed her willingness to wait. Councilor David concurred.

The item was continued to the September 29, 2020, Special City Council Meeting.

15. **ACTION ITEM:** Recommendation to approve Agreement #20505 with CSHQA for Architectural Services and Agreement 20506 with Core Construction for Construction Management Services at the 191 Fifth Street Building - Lisa Enourato, Public Affairs and Administrative Services Manager

Mayor Bradshaw introduced the item and turned the discussion over to City Administrator Jade Riley for a project update. Administrator Riley provided a project history and introduction to the next steps including two proposed contracts.
Councilor Hamilton thanked the project team and expressed her support for the proposed next steps. Councilor Hamilton reminded the team of the City's sustainability goals and her hope that they would be incorporated. Council President Breen expressed support for the project. Councilor David had no comments. Councilor Slanetz expressed support for the next steps and also to do less rather than more.

**Motion to approve contracts 20505 and 20506.**

*Motion made by Councilor Hamilton, Seconded by Council President Breen.*

*Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz*

16. Request to provide policy direction on the location of community housing units required for new development - Suzanne Frick, Director of Planning and Building

Mayor Bradshaw introduced the item and opened the item for Council discussion.

Councilor Slanetz advised that he was not in favor of the idea presented. Councilor David welcomed discussion of the idea and offered that a distance-based solution may be a possibility to consider. Council President Breen agreed with Councilor David that a distance-based solution should be considered. The President discussed the in-lieu fee and its usefulness. Mayor Bradshaw talked about the importance of a diversity of housing in Ketchum. Councilor Hamilton agreed that the proposed policy is not one she supports and noted that it was gentrification of the community. Councilor Hamilton also discussed the impact of HOA fees on affordability of the unit.

The Council deliberated the merits and impacts of the proposal on the future of Ketchum.

With support for the proposal mixed amongst the Council, the Mayor advised that staff would continue to work on the issue for future discussion.

- **PUBLIC HEARING**

17. **ACTION ITEM: Recommendation to approve a condominium subdivision preliminary plat for 660 First Avenue** - Suzanne Frick, Director of Planning and Building

Mayor Bradshaw introduced the item and opened the public hearing on the item. There was no public comment in-person, on-line, or on the phone. The applicant and representative were also present for this item. The Mayor closed the public hearing.

Councilor Slanetz inquired about the parking plan for the project. The Council discussed the parking plans for the project and the allocation of spaces. The Director of Planning and Building confirmed that the project has met the code for parking.
Motion to approve the preliminary plat.

Motion made by Councilor David, Seconded by Council President Breen.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

18. ACTION ITEM: Consideration and Adoption of a revised Fee Schedule (Resolution 20-023) - Grant Gager, Director of Finance & Internal Services

The Mayor introduced the item and opened the public hearing. There were no public comments either in-person, on-line, or on the phone. The Mayor closed the public hearing as there was no one present.

Councilor Hamilton commented on the increases to utility fees and the possibility of not doing annual increases. Director of Finance and Internal Services Grant Gager offered background on relative utility rates and the use of funds derived from increases.

Motion to approve Resolution 20-023.

Motion made by Councilor Hamilton, Seconded by Councilor Slanetz.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

EXECUTIVE SESSION

19. Executive Session to Review Litigation Matters Pursuant to Idaho Code 74-206(1)(f)

Motion to enter executive session pursuant to Idaho Code 74-206(1)(f).

Motion made by Councilor Slanetz, Seconded by Councilor Hamilton.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

ADJOURNMENT

Motion to adjourn at 6:22pm.

Motion made by Council President Breen, Seconded by Councilor Hamilton.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

• CALL TO ORDER: By Mayor Neil Bradshaw

Mayor Neil Bradshaw called the meeting to order at 10:00am.

• ROLL CALL

PRESENT

Mayor Neil Bradshaw
Council President Amanda Breen
Councilor Michael David
Councilor Courtney Hamilton (arrived at 10:07am)
Councilor Jim Slanetz

ALSO PRESENT

City Administrator Jade Riley
Director of Finance and Internal Services Grant Gager
Director of Planning and Building Suzanne Frick
COMMUNICATIONS FROM MAYOR AND COUNCILORS

Councilor Michael David discussed the speed limit on State Highway 75 from the hospital to the Elkhorn light and his desire to see the speed limit lowered. Councilors Breen, Hamilton, and Slanetz had no comments.

1. Proclamation - National Hispanic Heritage Month - Mayor Neil Bradshaw
   Mayor Neil Bradshaw introduced and read the proclamation.

2. Proclamation - National Long-Term Care Residents’ Rights Month - Mayor Neil Bradshaw
   Mayor Neil Bradshaw introduced and read the proclamation.

CONSENT AGENDA: Note: (ALL ACTION ITEMS) The Council is asked to approve the following listed items by a single vote, except for any items that a Councilmember asks to be removed from the Consent Agenda and considered separately

3. Authorization and approval of the disbursement of funds from the City’s treasury for the payment of bills in the total sum of $362,744.63 as presented by the Treasurer.
   Motion to approve the consent agenda.
   Motion made by Council President Breen, Seconded by Councilor Slanetz.
   Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

NEW BUSINESS (no public comment required)

4. ACTION ITEM: Recommendation to approve Legends and Lore Marker and authorize the Mayor to sign a letter of support – Lisa Enourato, Public Affairs and Administrative Services Manager
   Mayor Bradshaw introduced the item and background of the arborglyphs in nearby aspen groves. Councilor Hamilton thanked the sheep festival for their work, the Mayor and Council President concurred. Councilor Slanetz expressed his appreciation for the plaque.
   Motion to authorize the Mayor to approve the Legends and Lore Marker and sign a letter of support.
   Motion made by Councilor Hamilton, Seconded by Council President Breen.
   Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

5. ACTION ITEM: Adoption of the Blaine County COVID-19 Response Plan - Mayor Neil Bradshaw
Mayor Bradshaw introduced the item and discussed the importance of County-wide alignment and turned the discussion to the Council.

Councilor David agreed about alignment and expressed his concern about possible mitigation strategies and mandated strategies. He wanted to make sure the public is aware that a public process would be required to implement major changes; the Mayor agreed that this is a guide. Council President Breen also stressed that these are guidelines and the Council would need to meet to implement new orders.

Council President Breen discussed the importance of communications being thorough, regular, and strong and expressed her support of the guidelines. Councilor Hamilton expressed her belief that these are the right guidelines. She talked about mitigation versus elimination and favors that latter. Councilor Hamilton talked about possible future changes to our plan and the need to be flexible to adjust to situations.

Councilor Slanetz talked about the differing plans across the state and being an island. Councilors Breen and Hamilton talked about the differences in the county and state plans that have been adopted. Councilor Hamilton talked about the preferences of health officials.

**Motion made to adopt the Blaine County COVID-19 Risk Level Plan**

*Motion made by Councilor Hamilton, Seconded by Council President Breen.*

**Voting Yea: Council President Breen, Councilor David, Councilor Hamilton**

**Voting Nay: Councilor Slanetz**

6. **ACTION ITEM:** Recommendation to provide direction on funding and potential approval of Encroachment Agreement #20494 with Idaho Power at 760 Washington Avenue - Suzanne Frick, Director of Planning and Building

Mayor Bradshaw introduced the item and reminded the Council of recent discussions and the project timeline and history. The Mayor and Councilor Slanetz talked about their conversations with neighboring property owners and the likelihood of their financial participation.

Council President Breen confirmed the financial commitment of the City under the various project outcomes. President Breen talked about the effort of the project backers and how the project furthers City goals. Councilor Hamilton agreed with positive aspects of the project and the example that it sets for other property owners.

Councilor Slanetz discussed the benefit to the property owners and his desire to see them contribute. President Breen compared the situation with a new sidewalk. Councilor Hamilton agreed that the adjacent owners will benefit but wants to see it move forward for the good of the city.
Motion to approve agreement 20494 with the project going the full length as discussed at the September 21, 2020, meeting.

Motion made by Councilor Hamilton, Seconded by Council President Breen.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

7. ACTION ITEM: Recommendation to approve Contract 20524 with Electric One for construction of a HAWK (high intensity activated crosswalk) at the corner of Main Street and 4th Street - Suzanne Frick, Director of Planning & Building

Mayor Bradshaw introduced the item and talked about mobility. Council President Breen talked about how important the improvement will be; Councilor Slanetz agreed with the positives that this will bring to the community.

Councilor David added his support of the improvement and how it will benefit the City by connecting the two halves of the City. Councilor Hamilton agreed and thanked the URA for their funding.

Motion to approve contract 20524.

Motion made by Council President Breen, Seconded by Councilor Slanetz.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

● PUBLIC HEARING

8. ACTION ITEM: Reading of Ordinance 1211, Annual Appropriations Ordinance - Grant Gager, Director of Finance & Internal Services

Mayor Bradshaw introduced the item and talked about the reason for opening the budget with Grant Gager, Director of Finance and Internal Services.

Mayor Bradshaw opened the public hearing. There was no public comment in-person, on-line, or on the phone. Mayor Bradshaw closed the public hearing.

Motion to waive the first and second readings and read by title only.

Motion made by Councilor Hamilton, Seconded by Council President Breen.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

Motion to adopt Ordinance 1211.

Motion made by Councilor Hamilton, Seconded by Councilor David.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz
Councilor Hamilton read the title aloud.

9. ACTION ITEM: First reading of Ordinance 1212 establishing emergency powers - Mayor Neil Bradshaw

Mayor Bradshaw introduced the item and opened the public hearing. There was no public comment in-person, on-line, or on the phone. Mayor Bradshaw closed the public hearing and discussed the proposed action and its reason for being on the agenda. The Mayor turned the discussion to the Council.

Councilor Slanetz asked for clarification on the sunset date. The Mayor advised that, as drafted, there is no sunset date. Councilor Slanetz noted his preference to include a sunset date due to uncertainty and transparency considerations. Council President Breen agreed with the sunset date in 182 days. Councilor David also concurs with the sunset and confirmed Council’s ability to rescind at any time.

Motion to waive the first and second readings.

Motion made by Council President Breen, Seconded by Councilor Hamilton.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

Motion to adopt Ordinance 1212 with a sunset date of 182 days after passage and read by title only.

Motion made by Council President Breen, Seconded by Councilor Hamilton.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

Council President Breen read the title aloud.

• ADJOURNMENT

Motion to adjourn.

Motion made by Councilor David, Seconded by Council President Breen.
Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz

● COMMUNICATIONS FROM MAYOR AND COUNCILORS
Jim, Courtney, Amanda, and Michael had no comments. Neil encouraged vigilance with regard to fire danger that is on-going.

- **CONSENT AGENDA:** Note: *(ALL ACTION ITEMS)* The Council is asked to approve the following listed items by a single vote, except for any items that a Councilmember asks to be removed from the Consent Agenda and considered separately
  1. Authorization and approval of the payroll register
  2. Authorization and approval of the disbursement of funds from the City’s treasury for the payment of bills in the total sum of $974,722.57 as presented by the Treasurer.
  3. Approval of Contract 20525 with ALSCO for Uniform Rental Services - Mick Mummert, Wastewater Superintendent
  4. Approval of Contract 20529 with Pitney Bowes for Mail Metering - Grant Gager, Director of Finance and Internal Services
  5. Approve Contract 20530 with AECOM for Signalization Review - Grant Gager, Director of Finance & Internal Services
  6. Approval of Change Order #2 to Contract 20454 for the Fire Station - Grant Gager, Director of Finance and Internal Services
  7. ACTION ITEM: Approve Contract 20534 with Mountain Rides Transportation Authority for FY 21 Services - Jade Riley, City Administrator
  8. ACTION ITEM: Approve Contract 20532 with Blaine County Housing Authority for FY 21 Services - Jade Riley, City Administrator
  9. ACTION ITEM: Approve Contract 20533 with Rick Allington for FY 21 Prosecutor Services - Jade Riley, City Administrator
  10. ACTION ITEM: Approve Contract 20531 for FY 21 Services with Sun Valley Economic Development - Jade Riley, City Administrator

Council President Breen requested that item #10 be pulled from the consent agenda and considered separately.

**Motion to approve consent agenda items #1-9.**

*Motion made by Council President Breen, Seconded by Councilor Hamilton.*

*Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz*

Amanda disclosed that her husband is the outreach director for SVED and recused from the vote on item #10.

**Motion to approve consent agenda item #10.**

*Motion made by Councilor Hamilton, Seconded by Councilor Slanetz.*

*Voting Yea: Councilor David, Councilor Hamilton, Councilor Slanetz Abstain: Council President Breen*

- **NEW BUSINESS (no public comment required)**
11. **ACTION ITEM:** Recommendation to approve Encroachment Agreement 20528 with Idaho Power for the property located at 511 Walnut - Suzanne Frick, Director of Planning and Building

Mayor Bradshaw introduced the item and provided background on the two options of placing the power line in either Little Park or the right of way. Councilor Hamilton expressed her preference for placing the line in the right of way but advised that the contract could be structured to provide the City protection in the future.

Council President Breen expressed her desire to see it done right and placed in the right of way. Councilor Slanetz provided his desire to see it in the right of way. Matt Johnson provided legal clarification on the difference between an easement and encroachment. The Council discussed the best way forward and the benefits of doing this properly by placing the line in the right of way.

**Motion to approve agreement 20528 subject to the improvement occurring in the City right-of-way.**

*Motion made by Councilor Slanetz, Seconded by Councilor Hamilton.*

*Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz*

12. Discussion and update on COVID-19 in Blaine County - Mayor Neil Bradshaw

Mayor Bradshaw introduced Fire Chief Bill McLaughlin to provide his observations and recommendations. Chief McLaughlin discussed the current and near future data and risks and advised that hospital capacity was sufficient at this time. The Chief recommended that we work on our educational message and reinforcing good habits to fight "COVID fatigue." Chief McLaughlin talked about the different segments of the population and how they have been affected; the schools are making their independent decisions, too.

The Mayor talked about the coordinated City response and working with our County partners. The team is working to monitor this item closely.

Councilor Hamilton acknowledged the Chief's comments and noted the increase of cases and issues with regional medical capacity. Councilor Hamilton discussed some possible changes to City public health orders that the Council may want to consider including altering mask requirements and limiting event sizes. She addressed the differential measuring sticks and related confusion. The Councilor supported additional education and outreach efforts.

Council President Breen wanted to dispel rumors of a forthcoming full shutdown; it is the farthest thing from her mind and too extreme and detrimental to the economy. The Council President said that any drastic move right now would be unjustified. She did express support to Councilor Hamilton's idea of limiting crowd sizes and noted that weddings seem to be continuing in the
Valley. Indoor and outdoor gatherings are an area to consider. She supported additional education and monitoring efforts.

Councilor Slanetz addressed the confusion in the community arising from the recent change in warning system. The Councilor believes that we are still at acceptable levels and not in need of new policy changes.

Councilor David agrees that we are at an acceptable level and also acknowledged the confusion and voiced his support for a public process before any new restrictions are implemented.

Council President Breen discussed the differing monitoring systems in use around the state and noted that many others use the system that we do. The Mayor thanked Amanda. The Mayor also thanked the Fire Chief for his management of the situation.

- **EXECUTIVE SESSION**

13. Executive Session to Communicate with Legal Counsel on litigation pursuant to 74-206(1)(f)
14. Executive Session to Consider the Hiring of an Officer Pursuant to 74-206(1)(a)

*Motion to go into Executive Session pursuant to 74-206(1)(f) and (a).*

*Motion made by Council President Breen, Seconded by Councilor Hamilton.*

*Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz*

Executive Session ended at 5:00pm.

- **ADJOURNMENT**

*Motion to adjourn at 5:00pm.*

*Motion made by Councilor Hamilton, Seconded by Council President Breen.*

*Voting Yea: Council President Breen, Councilor David, Councilor Hamilton, Councilor Slanetz*

City of Ketchum

October 19, 2020

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

**Recommendation to Appoint Grant Gager to City Clerk Position**

*Recommendation and Summary*
The Mayor is recommending City Council adopt Resolution 20-026 and adopt the following motion:

“I move to adopt Resolution 20-026 appointing Grant Gager as City Clerk.”

The reasons for the recommendation are as follows:
- Idaho Code establishes certain positions as required for the efficient operation of the City.
- The current Ketchum City Clerk is leaving service.

*Introduction and History*
Chapter 2 of Title 50 of the Idaho Code provides that the Mayor “shall appoint a city clerk, a city treasurer, a city attorney” with the consent of the Council. The current Ketchum City Clerk is leaving office and an appointment is necessary to fill the position.

*Analysis*
The current City Clerk has functionally reported to the City’s Director of Finance and Internal Services, who also serves as the City Treasurer. Appointing the Director as City Clerk will streamline the Council’s reporting structure.

*Sustainability Impact*
There is no impact arising from this action

*Financial Impact*
There is no financial impact arising from this action.

*Attachments*
Attachment A: Resolution 20-026
RESOLUTION NUMBER 20-026

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF KETCHUM, IDAHO, TO APPROVE THE APPOINTMENT OF GRANT GAGER TO THE CITY CLERK POSITION

WHEREAS, pursuant to Chapter 2 of Title 50 of Idaho Code, the Mayor shall appoint a City Clerk with the consent of the City Council; and

WHEREAS, Grant Gager has served as the City Council-appointed Treasurer since November 2016 through his role as Director of Finance and Internal Services; and

WHEREAS, the Mayor desires to appoint Grant Gager as City Clerk.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF KETCHUM IDAHO:

That Grant Gager is hereby appointed to the position of City Clerk.

This Resolution will be in full force and effect upon its adoption this 19th day of October 2020.

CITY OF KETCHUM, IDAHO

October 19, 2020

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

**Recommendation to Appoint Member to the Ketchum Arts Commission**

**Recommendation and Summary**
Staff is recommending City Council adopt Resolution 20-024 and adopt the following motion:

“I move to adopt Resolution 20-024 appointing a member to the Ketchum Arts Commission.”

The reasons for the recommendation are as follows:

- The Ketchum Arts Commission (KAC) shall consist of no more than nine members.
- One Commissioner has resigned their position.

**Introduction and History**
One commissioner recently resigned their position with the Ketchum Arts Commission. Meredith Skillman, Registrar at Gail Severn Gallery in Ketchum, has expressed interest in serving on the commission. If appointed, Meredith Skillman will replace Shannon Daley.

**Analysis**
Pursuant to Ordinance No. 1168, Ketchum Arts Commission members are appointed by the Mayor and confirmed by the City Council.

The Commission shall consist of no more than nine members. The term of office for each of the members shall be three (3) years. Two consecutive three-year terms shall be the maximum allowable for a member and shall constitute a full term. Upon completion of a full term, reappointment is allowable after a one-year waiting period.

Shannon Daley began her second term on October 1, 2018. Due to employment obligations, she is no longer able to fulfill her role as a KAC commissioner.

**Financial Impact**
There is no financial impact.

**Sustainability Impact**
There is no sustainability impact.

Resolution 20-024
RESOLUTION NUMBER 20-024

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF KETCHUM, IDAHO, TO APPROVE THE APPOINTMENT OF MEREDITH SKILLMAN TO THE KETCHUM ARTS COMMISSION; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, pursuant to Ordinance No. 1168, Ketchum Arts Commission members shall be appointed by the Mayor and confirmed by the City Council; and

WHEREAS, Ketchum Arts Commission members may serve two consecutive three-year terms and upon completion of a full-term, reappointment will be allowable after a one-year waiting period; and

WHEREAS, the Mayor desires to appoint Meredith Skillman to the Ketchum Arts Commission, filling the resigned position of Shannon Daley, with a term ending on September 30, 2021.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF KETCHUM IDAHO:

That Meredith Skillman is hereby appointed to the Ketchum Arts Commission with a term expiring on September 30, 2021.

This Resolution will be in full force and effect upon its adoption this 19th day of October 2020.

Mayor Bradshaw and City Councilors:

Recommendation to Approve the Interlocal Agreement 20547 (Ketchum/Blaine County) for Geographical Information System (GIS) Services

Recommendation and Summary
Staff is recommending the council adopt the following motion:

Move to Approve the Interlocal Agreement for GIS Services in an amount not too exceed $5,000.

The reasons for the recommendation are as follows:

- Ketchum and Blaine County are in agreement with the proposed contract.
- This is a reduction in the amount Ketchum has spent in prior years.

Analysis
Ketchum’s Planning and Building Department has managed the GIS contract for a number of years. In discussions with Planning and Building staff, it was determined the scope of services and amount Ketchum was spending could be modified. The proposed contract reflects the modifications.

Financial Impact
There is sufficient funding to provide for this contract.

Attachments
FY21 Interlocal Agreement
RECITALS

WHEREAS, Ketchum employees and members of the public desire to have access to an internet-based GIS system to gain information about properties in Ketchum; and,

WHEREAS, Ketchum employees can share public agency data to reduce costs and guide in the provision of services to those most in need, including community safety, public health and development services; and,

WHEREAS, Ketchum employees seek to enhance their analytical, problem-solving and decision-making capabilities through the utilization of GIS and work with professionals in the field to incorporate new tools and technologies for personal skill development and community benefit at large; and,

WHEREAS, Ketchum employees can ultimately make more informed decisions using an internet-based GIS system that is constructed in-house as opposed to requesting external proposals and absorbing consulting fees; and,

WHEREAS, the interlocal agreement was in place during FY2020 and budgeted in the adopted Planning and Building Department FY2021 budget.

TERMS

NOW, THEREFORE, subject to the limitations of this agreement and in order to provide assistance between the parties in providing GIS service, it is hereby agreed as follows:

1. **DURATION OF AGREEMENT.** This Agreement shall be effective from October 1, 2020 until September 30, 2021. The parties may extend the agreement with the written consent of both parties.

2. **PURPOSE.** The purpose of this Agreement is to allow the City of Ketchum to contract with Blaine County for access to a City web-based application on Blaine County’s web server.

3. **MANNER OF FINANCING AND BUDGET.** Ketchum shall reimburse Blaine County for the hosting cost of the GIS web site at a cost of $5,000.00 per year. Such payment shall be paid at the beginning of the fiscal year in one payment.

4. **MUTUAL HOLD HARMLESS:** Each party to this Agreement agrees to indemnify and hold harmless the other from any and all liability for any injury, damage or claim suffered by any person or property caused by the party or its employee while performing under this Agreement.
5. **DUTIES.** The provision of these services shall be governed as set out below:

- The County agrees to host one (1) web-based GIS application on its Web Server for Ketchum.
- The size of the data hosted for the City application shall not exceed 200 MB.
- County staff will spend a maximum of 10 hours maintaining said web-based GIS application.
- The scope of County staff time will be limited to tasks directly related to the maintenance of said web-based GIS application.
- Ketchum will provide the County with GIS layers/geodatabases in the format compatible with County web-hosting. County staff will perform routine maintenance and inform Ketchum in the event additional work is required beyond the routine maintenance to ensure web-based GIS application displays perform.
- Blaine County will continue to host the following city specific GIS layers:
  - Zoning districts
  - Zoning overlays including avalanche, mountain overlay, LI height overlay and Community Core subdistricts
  - URA boundary
  - All layers currently hosted by Blaine County
  - Additional layers created by Ketchum and provided to Blaine County provided the maximum MB threshold is not exceeded. In the event the maximum MB threshold is exceeded, Ketchum may request that existing layers be removed and new layers be displayed.
- Blaine County will continue to maintain and make available current Ketchum and County GIS base layers such as parcels, streets/roads, floodplain areas, Area of City Impact, city limits, plat maps, property addresses, and any other base layer currently available for any parcel in Blaine County.

6. **AMENDMENT.** This Agreement may be amended at any time, and from time to time, by the mutual written consent of Ketchum and Blaine County for any of the following purposes:

- To add provisions to the Agreement to benefit either or both Ketchum and Blaine County.
- To extend the term of the Agreement.
- To cover any cost increases to the web site.
- To cure any ambiguity, to correct or supplement any provision herein which may be inconsistent with any other provisions with respect to matters or questions arising under this Agreement which are not inconsistent with the provisions of the Agreement.
7. **SEVERABILITY.** In the event any provision of this Agreement shall be declared by a court of competent jurisdiction to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall not, in any way, be affected or impaired thereby.

IN WITNESS WHEREOF, each of the parties has executed this Agreement by its duly authorized officials.

DATED this ______ day of ______________, 2020.

Mayor Bradshaw and City Councilors:

Recommendation to Approve Dozer Rental Agreement #20545

Recommendation and Summary
Staff is recommending the council approve the Dozer rental agreement and adopt the following motion:

“I move to authorize the Mayor to approve the contract with WSECO for equipment rental and approve the rental of a second Dozer, if needed.”

The reasons for the recommendation are as follows:
• A bulldozer is a vital piece of equipment to our snow hauling operations.
• Western States service personnel have come out to work on the equipment whenever needed, including on Christmas or New Year’s Day.

Introduction and History
The Streets Division uses a bulldozer to move snow at the snow storage site south of Serenade Lane. The team has experience using several different types of equipment over the years to push snow at our snow storage site, but the bulldozer has been found to be the most efficient. As may be expected, the City has experienced breakdowns with the rental equipment in the past and Western States has provided phenomenal service on holidays, weekends and after hours.

Analysis
The City typically rents the bulldozer from mid-November through February, unless it is still snowing. The City may keep the equipment longer if it appears to be a long snow year. On bigger snow years we have needed to rent two dozers to keep up with all the snow. The City has been renting a D6LGP from Western States (WSECO) in recent years and have paid approximately $5,900 per month.

Financial Impact
The transport cost is near $1,000 each way so our total seasonal cost is about $26,000 for one bulldozer and an additional $12,000 for the second, if needed. This rental is funded from the Professional Services account ($182,000) in the Streets Division.

Brian Christiansen
Director of Streets and Facilities

Rental Terms

• Prices above do not include any applicable state, county, city, or local sales taxes. Where applicable, WSE will charge sales tax on your invoice unless you have a valid sales tax exemption certificate on file. Valid sales tax exempt certificates can be emailed to SalesTax@wseco.com to ensure a copy is on file prior to invoicing.

• Rental payments are due within 10 days of rental invoice and can’t be placed on a WSECO account without prior approval. 30 day

L.Monette

• Any excess hours above the Normal Use stated above will be subject to an overtime charge.

• Rental Equipment Protection (REP):
Our Rental Equipment Protection ("REP") Program is OPTIONAL AND MAY BE DECLINED
IMPORTANT: If you decline REP, or if you fail to pay the REP Fee, you will be responsible for all damage, repair(s) and replacement(s) of/to the Rented Item(s) at its/their full (new) replacement value. In addition, if REP is declined, Customer is required to provide a certificate of insurance to WSECO showing coverage on the equipment, including, without limitation, fire, theft, and liability coverage with such other insurance as necessary to protect Customer’s and WSECO’s respective interests in the equipment. WSECO must be named as an additional insured and must include stipulations that coverage will not be cancelled or diminished without at least fifteen (15) days written prior notice to WSECO. Accept__________ Decline__________

• This agreement will auto renew every month until terminated.

• Customer agrees to perform daily maintenance on the machine(s). WSECO will perform operator manual suggested preventative maintenance as needed.

• Any damage done to the machine(s) while on rent is the responsibility of the Customer. In the event that the damage results in WSECO being unable to rent the machine(s), the Customer will continue to pay the rental rate listed above until the machine(s) is repaired and deemed to be rent-ready by WSECO.

All Terms and Conditions continued on the following pages apply

Initials__________ County: __________________
RENTAL AGREEMENT:

1. RENTAL OF EQUIPMENT AND PAYMENT: This is a Rental of the equipment, vehicles, accessories and attachments described on the invoice (referred to generally as "equipment" or "goods") by Western States Equipment Company, an Idaho business corporation or its affiliates ("WSECO") to Customer under the terms and conditions specified herein. It is NOT a sale of the equipment to the Customer. Customer hereby agrees to pay the rental rate stated on page 1 of this agreement and as further provided in paragraph 6, plus all expenses associated with the operation of the equipment such as fuel, freight, tire and belt wear, commercial general liability and physical damage insurance, sales or use taxes for "Normal Use" (defined below) of the equipment during the Rental period provided in paragraph 4. Customer also agrees to pay an overtime charge as determined by WSECO for use of the equipment in excess of Normal Use. Normal use means: a day = 4 hours, a week = 20 hours, 4 weeks = 88 hours.

2. OWNERSHIP AND LEGAL STATUS OF EQUIPMENT: The equipment will be deemed to be personal property, regardless of the manner in which it may be attached to any other property. WSECO shall be deemed to have retained title to the equipment at all times. Customer shall immediately advise WSECO regarding any notice of any claim, levy, lien, or legal process filed or issued against the equipment. Customer authorizes WSECO to file financing statement(s) evidencing WSECO’s rights, interests and priority in and to the equipment as that of a rental of equipment and not a sale.

3. COMPLETE NEGOTIATED RENTAL: Acceptance of this Rental agreement is limited to the express terms stated herein. Any proposal in Customer’s acceptance for additional or different terms or any attempt by Customer to vary in any degree any of the terms is objected to and hereby rejected, but such proposals shall not operate as a rejection of this offer, unless such variances are in the terms of the description, quantity, price, delivery schedule, or payment schedule of the goods, but shall be deemed a material alteration of this Rental agreement and this Rental agreement shall be deemed accepted by WSECO without said additional or different terms. Once accepted, this Rental agreement shall constitute the entire agreement between WSECO and Customer. WSECO is not bound by any representation or agreements, express, or implied, oral or otherwise, which are not stated within this Rental agreement or contained in a separate writing supplementing this Rental agreement and signed by authorized agents of both WSECO and Customer. This Rental agreement will supersede all previous communications, agreements, and contracts with respect to the subject matter hereof and any understanding, agreement, term, condition, or trade custom at variance with this Rental will be binding on WSECO. No waiver or modification of the terms and conditions hereof will be effective unless in writing and signed by both Customer and WSECO.

4. RENTAL PERIOD: The Rental period will commence upon the earlier of: 1) the delivery date designated on page 1 of this agreement, or 2) upon delivery of the equipment to the site designated at the "ship to" location on the invoice. The Rental will terminate upon the later of: 1) the return date specified on page 1 of this agreement, or 2) upon the return of the equipment to the WSECO yard from which it was delivered. If the equipment is not returned on the return date, this Rental is automatically deemed to extend on a month-to-month basis. No allowance is made for Saturdays, Sundays, holidays, time in transit, downtime or any period the equipment is not in actual use.

5. GUARANTEED MINIMUM: If initiated at the end of this paragraph, Customer has received a lower, negotiated rate in exchange for its commitment to rent the equipment for a guaranteed minimum period. If Customer decides to return the equipment prior to the end of the guaranteed minimum term, Customer waives the discounted rate and agrees to pay WESCO’s then current regular rental rates for the entire term of this Rental. Customer Acknowledgement/Initial Here: ______________________________________

6. RENTAL PAYMENT TERMS: Rental payments are due monthly and are past due if not paid within ten (10) days of the date of the invoice. A late charge of 1-1/2% per month is assessed against the delinquent unpaid balance of all Customers (except Montana) and a late charge of 1-1/4% per month is assessed against the delinquent unpaid balance of Montana Customers. Rental payments may not be placed on open account unless WSECO has preapproved credit. In the event WSECO, in its sole and absolute discretion, deems Customer’s financial condition to be unsatisfactory, WSECO has the right to (a) limit the amount of credit extended to Customer for the Rental or purchase of the equipment; (b) delay manufacture or shipment to Customer of the equipment; (c) require full or partial payment in advance; (d) ship or deliver equipment C.O.D. or require payments to be secured by letters of credit; (e) require written guarantee(s) of payment satisfactory to WSECO; or (f) cancel, refuse to accept or terminate any rental, lease or other order from Customer then outstanding or thereafter placed.

7. TIRE WEAR, BELT WEAR: If the equipment has tires or belts, Customer acknowledges that in addition to the Rental rate, Customer will also pay a charge at the end of the Rental period for all wear or damage to rubber tires or belts. Tires and belts are in the conditions listed below on the date out. Tire or belt wear to be charged at $_________ per 1/32” wear per tire or belt. Left front _______ /32", right front _______ /32", left drive _______ /32", right drive _______ /32", left rear _______ /32", right rear _______ /32”.

8. "VOID #8 L. Monette NO WARRANTY: The equipment is rented "AS IS." WSECO makes no warranties, express or implied, as to the equipment rented. Customer assumes the responsibility for the condition of the equipment. WSECO DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

9. EQUIPMENT OPERATION: Customer understands that the operation of the equipment requires skill and experience and that failure to operate it safely may result in serious personal injury or death and/or property damage. Customer is responsible for ensuring that all persons in and around the equipment follow the manufacturer's operation, maintenance and safety instructions, and acknowledge that those instructions have been provided to Customer. Customer’s operation and use of the equipment must comply with all laws, ordinances, and regulations relating to the possession, use, or maintenance of the equipment, including registration and/or licensing requirements, if any.

10. TIME OF DELIVERY and SHIPPING: Orders to rent equipment are processed in the order of their receipt. WSECO will use reasonable efforts to deliver the equipment to Customer on the scheduled date. However, shipping and delivery dates are estimates and dependent upon factors outside of WSECO’s control, including but not limited to, the manufacturer’s production schedule, equipment shortages, shipping delays, the equipment may not arrive on the scheduled date. WSECO is not liable for delays or damages caused by delays in delivery or shipment of the equipment. Unless expressly provided for otherwise, Customer is responsible for all freight, shipping, loading and unloading costs.

Initials_________________________________________
11. CUSTOMER'S RESPONSIBILITIES: During the Rental period and any extension thereof, Customer shall have the following obligations and responsibilities:

a. RENTAL EQUIPMENT PROTECTION (REP).
   Our Rental Equipment Protection ("REP") Program is OPTIONAL AND MAY BE DECLINED.
   IMPORTANT: If you decline REP, or if you fail to pay the REP Fee, you will be responsible for all damage, repair(s) and replacement(s) of/to the Rented Item(s) at its/their full (new) replacement value. In addition, if REP is declined, Customer is required to provide a certificate of insurance to WSECO showing coverage on the equipment, including, without limitation, fire, theft, and liability coverage with such other insurance as necessary to protect Customer’s and WSECO’s respective interests in the equipment. WSECO must be named as an additional insured and must include stipulations that coverage will not be cancelled or diminished without at least fifteen (15) days written prior notice to WSECO.

b. DELIVERY INSPECTION. Customer has or will promptly inspect the equipment and notify WSECO of any deficiencies.

c. TOWING. When transporting the equipment, Customer will have the proper towing device, hitches and materials for use with the towed and towing vehicles and the same will be in good, safe and operable condition. Customer is responsible for all damage caused to the equipment by Customer’s towing, towing devices and vehicles, hitches and materials.

d. DAILY INSPECTION, MAINTENANCE AND SAFEKEEPING. Customer will conduct daily inspection and routine maintenance of the equipment consistent with the procedures in the manufacturer’s operation and maintenance manuals provided with the equipment.

e. RETURN THE EQUIPMENT. Customer agrees to return the equipment in good working condition, reasonable wear and tear excepted. Customer further agrees to pay for repair/replacement of all or any portion of the equipment which becomes necessary because of damage caused by Customer, or its employees, agents and subcontractors.

f. REPLACEMENT. If the equipment is lost, stolen, destroyed or rendered unfit for use, Customer agrees to pay the full market value, as determined by WSECO, necessary repairs, or lost rent as the case may be, and monthly interest at the rates provided in paragraph 6 until all amounts due are paid in full.

g. CLEANING FEE. A cleaning fee may be assessed for equipment returned dirty.

h. SALES TAX: WSECO is required to collect sales tax for sales made in the following states: ID, WA, ND, and WY. Prices stated herein do not include any applicable state, county, city, or local sales taxes. This Agreement is accepted with the understanding that such taxes and charges shall be added, as required by law, at the time this contract is invoiced. Where applicable, WSECO will charge sales tax at the time of invoice unless the Customer has a valid sales tax exemption certificate on file. Valid sales tax exempt certificates can be emailed to SalesTax@wseco.com to ensure a copy is on file prior to invoicing. In states where WSECO is not required to collect and pay Sales Tax, the Customer is obligated to self-report and pay the Sales and/or Use Tax to the Customers appropriate state's and or local Department of Revenue.

12. EQUIPMENT FAILURE/LIMITATION OF REMEDIES: If, for any reason, during the time of this Rental the equipment does not perform satisfactorily, as judged by WSECO, WSECO may repair or replace the equipment or any part thereof, at its option, without affecting any of the terms of this Rental. Alternatively, WSECO may terminate this Rental and Customer will be billed only for the time the equipment was used by Customer. These remedies do not apply if the equipment has failed or performs less than satisfactorily due to Customer’s improper use of the equipment, accident (including, damage during shipment), neglect, abuse, misuse or exposure of the equipment to conditions beyond capacity, power, environmental design limits or operation constraints, as specified by WSECO and/or the equipment manufacturer. Void the line in blue L. Monette THE REMEDIES IN THIS PARAGRAPH ARE CUSTOMER’S SOLE AND EXCLUSIVE REMEDIES AGAINST WSECO.

13. LIMITATION OF LIABILITY: Notwithstanding trade customs or prior course of dealing to the contrary, in no event will WSECO, its subsidiaries, affiliates, agents or employees be liable for any incidental, indirect, special, or consequential damages in connection with or arising out of this Rental or furnishing of any goods, services or other items or any third party's ownership, maintenance, or use of any goods, services or other items furnished under this Rental, including, but not limited to, lost profits or revenues, loss of use of the equipment or any associated goods, damage to associated goods, costs of capital, cost of substitute goods, or claims of Customer’s clients for such damages. L. Monette void in blue Customer’s sole remedy, for any liability of WSECO of any kind, including but not limited to negligence, with respect to any equipment, service, or other item is limited to that set forth in the paragraph entitled “EQUIPMENT FAILURE/LIMITATION OF REMEDIES” of this Rental agreement. WSECO is not responsible for meeting any federal, state, local or municipal code or specification (whether statutory, regulatory or contractual), unless Customer specifies it in writing and WSECO agrees to it in writing.

14. FORCE MAJEURE: WSECO shall not be liable for any failure of or delay in the performance of this Rental agreement for the period that such failure or delay is due to causes beyond its reasonable control, including but not limited to acts of God, war, strikes or labor disputes, embargoes, government orders or any other force majeure event.

15. ASSIGNMENTS: Customer shall not assign, transfer, or sublet this Rental agreement, the equipment or any part thereof without obtaining the prior written consent of WSECO. WSECO may withold its consent in its sole and absolute discretion.

16. INDEMNITY: To the extent permitted by law L. Monette You agree to indemnify and hold WSECO harmless from and against any and all claims, actions, suits, proceedings, costs, expenses, damages (including but not limited to consequential and incidental damages), liabilities, fees (including, but not limited to, attorney fees and court costs), and settlements,(including those brought or incurred by or in favor of Customer’s employees, agents and subcontractors), arising out of or related to the selection, delivery, loading, unloading, towing, possession, use, operation, handling or transportation of the equipment. Customer agrees to defend, at its expense, any and all suits brought against WSECO either alone or in conjunction with others and additionally to satisfy, pay and discharge any and all judgments and fines against WSECO in any such suits or actions, whether based in negligence or otherwise. But only to the extent of customers negligent acts or omissions. L Monette
17. DEFAULT BY LESSEE: An event of default shall occur if (a) Customer fails to pay when due any Rental payments; (b) Customer fails to perform or observe any covenant, condition, or agreement to be performed by Customer; (c) Customer ceases doing business as a going concern, makes an assignment for creditors, admits in writing an inability to pay debts as they become due, files a petition in bankruptcy, or if owners or shareholders of Customer’s business organization take actions towards dissolution or liquidation; (d) Customer attempts to sell, transfer, or encumber, sublease or convey the equipment or any part thereof; or (e) WSECO, in good faith, believes that the equipment is being subjected to improper use. Upon the occurrence of any event of default, WSECO may, at its option, declare all sums due and to become due immediately due and payable, proceed to enforce performance by Customer and recover damages for breach of this Rental agreement, demand return of the equipment immediately and, in addition to the foregoing, recover unpaid rental payments prior to the event of default and through the unexpired term of the Rental. These remedies are cumulative and in addition to any other remedies WSECO may have under the law or in equity.

18. JURISDICTION, VENUE AND CHOICE OF LAW: At the sole and exclusive election of WSECO, jurisdiction and venue for any action or dispute arising under this Rental shall be in the Fourth Judicial District of the State of Idaho, in and for Ada County, which is WSECO’s corporate headquarters and principal place of business, wherein the parties acknowledge having done business sufficient to establish minimum contacts under the Idaho long arm statute, and which is a mutually convenient forum. In addition, Customer waives any and all rights to jurisdiction and/or venue in any other forum, including waiver of any and all rights to remove the action from any court originally acquiring jurisdiction. This Rental is controlled by the laws of the State of Idaho.

19. ATTORNEY’S FEES: Customer agrees to pay all costs incurred by WSECO in enforcing this Rental or any of its provisions, including without limitation reasonable attorney’s fees and costs and all costs of reclaiming the goods, whether or not legal action is commenced.

20. WAIVER: Waiver by WSECO of any breach or any provision contained herein does not constitute and is not deemed to be a waiver of any other breach or of any other provision.

21. EQUIPMENT DATA: The equipment may be equipped with a wireless data communication system, such as Product Link. In such case, Customer understands data reflecting the equipment performance, condition and operation is being transmitted to Caterpillar/WSECO to better serve Customer and to improve upon Caterpillar products and services. This data may include, but is not limited to: fault codes, emissions data, fuel usage, service meter hours, software and hardware version numbers and installed attachments. Neither Caterpillar nor WSECO sell, rent or share collected information to any other third party, and will exercise reasonable efforts to keep the information secure. Caterpillar Inc. and WSECO recognize and will respect customer privacy. Customer agrees to allow this data to be accessed by Caterpillar and WSECO within normal, accepted business practices.

The undersigned represents and warrants that he/she is authorized by the Customer identified below to bind the Customer to the obligations and duties expressed herein and does so commit Customer by signing below.

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

Recommendation to Approve Snow Hauling Contracts

Recommendation and Summary
Staff is recommending the council approve the snow hauling contracts and adopt the following motion:

“I move to authorize the Mayor to approve the contract for services with; Canyon Excavation, LLC, Hiatt Trucking, Joe’s Backhoe, Lunceford Excavation, Rick’s Excavation and S. Erwin Excavation”.

The reasons for the recommendation are as follows:

- The City of Ketchum does not have the staff and equipment necessary to perform the snow hauling duties and meet the historical level of service.
- Standardized contracts provide an economical method of achieving the historical level of service while ensuring fairness amongst the service providers.

Introduction and History
Currently, the City of Ketchum’s Streets Division uses contracted snow haulers to remove snow from the right-of-way immediately after snowstorms greater than 3-inches. Doing so ensures that roadways are immediately passable and parking areas are clear while also providing greater visibility to all users.

Prior to 1996, the Street Division would plow snow on the first night of the storm. On the next night, City staff would start hauling snow away using both city-owned and contracted trucks. This process was less costly but considerably slower. During back-to-back storms, the Streets Division would only plow as the staff was unable to haul snow. As a result, the snow would pile up in town to the point where there would be little parking and very narrow travel lanes down each street.

In 1996, the City had a good snow year with several back-to-back storms which left the city core full of snow with little to no parking. The city council wanted change and so approved funds to upgrade equipment, increase staff, and utilize more contracted snow haulers. Today, the City uses up to 14 contract trucks to help haul snow while City staff plows. The contract allows the city to require that the trucks and drivers are safe, professional and follow a list of details specific to completing the snow hauling job safely and responsibly. Having contracts in place also guarantees that the City will not be paying varying hourly amounts to different contractors; all the contractors are on the same pay scale.
Analysis
As stated, the City started using snow hauling contracts to keep the pay and requirements equal for all contractors. For the coming year, the city will pay $75.00 per hour for a truck that holds between 14 and 16 cubic yards and $80.00 per hour for a truck that holds more than 16 cubic yards. The city also pays up to an hour travel time, per truck, per day. While the hourly rate is lower than summer rates, the travel time has made the arrangement workable for the contractors.

Financial Impact
The Streets Division Professional Services line item funds the contract snow haulers, flagging services, and engineering services. This year $182,000 is budgeted for the line item. The minimal price changes in this contract should not significantly affect this line item.

Sincerely,

Brian Christiansen
Director of Streets and Facilities

Snow Hauling Contracts for:
Canyon Excavation Contract #20539
Hiatt Trucking Contract #20540
Joe’s Backhoe Contract #20541
Lunceford Excavation, Inc Contract #20542
Rick’s Excavation Contract #20543
S. Erwin Excavation Contract #20544
INDEPENDENT CONTRACTOR AGREEMENT #20539  
(City of Ketchum/Canyon Excavation, LLC)  

THIS INDEPENDENT CONTRACTOR AGREEMENT is made and entered into as of this 19th day of October 2020, by and between THE CITY OF KETCHUM, an Idaho municipal corporation (“Ketchum”), and CANYON EXCAVATION, LLC, an Idaho corporation (“Contractor”).

RECITALS

WHEREAS, Ketchum is a municipal corporation duly organized and existing under the laws of the State of Idaho; and

WHEREAS, Pursuant to Idaho Code §50-301 et seq., Ketchum is empowered to contract and be contracted with; and

WHEREAS, It is deemed in the best interest of Ketchum to contract with Contractor for certain snow hauling services as set forth in more detail herein below (the “Services”); and

WHEREAS, Ketchum finds that contracting with Contractor for performance of the Services shall conserve economic resources and improve snow removal throughout Ketchum in furtherance of the health, safety and welfare of the residents and visitors of Ketchum.

NOW, THEREFORE, for the consideration recited herein below, Ketchum and Contractor enter this Agreement according to the following terms and conditions:

1. Incorporation of Recitals. The Recitals set forth herein above are hereby incorporated into and made an integral part of this Agreement.

2. The Services. Contractor shall haul snow from the streets of Ketchum as follows:

   a. Contractor shall provide professionally trained and duly licensed drivers, and safe, Idaho-licensed, Idaho-registered, well-maintained trucks necessary to haul snow from Ketchum streets designated by the Head of the Ketchum Street Division or any other employee of Ketchum designated by such Division Head. Ketchum shall have no responsibility for the security or protection of, maintenance of or damage to, Contractor's supplies or equipment.

   b. At all times while performing the Services, Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

   c. Ketchum shall plow, collect and place the snow in Contractor's trucks.
d. Contractor’s drivers shall haul the snow in Contractor’s trucks to a Ketchum-designated snow storage site.

e. Contractor’s trucks shall use only biodegradable truck bed liner materials to provide for any non-stick surface.

f. Contractor shall provide all tools, equipment, materials and services to complete and perform the Services, including without limitation, fuel for Contractor’s trucks and all maintenance and repair of Contractor’s trucks.

g. Ketchum shall make all reasonable efforts to work until all of the snow is hauled; however, Ketchum may allow its employees to take a break before all of the snow is hauled.

h. Ketchum shall not provide meals or any benefits whatsoever to Contractor, its officers, directors, shareholders, members, managers, agents or employees at any time, including without limitation, during breaks.

i. Contractor is solely responsible for freeing any of Contractor’s trucks or trailers that become stuck.

3. **Consideration.** Ketchum shall pay Contractor the following consideration:

   a. FOR A TRUCK WITH A BED SIZE OF 14 TO 16 cubic yards: SEVENTY-FIVE DOLLARS ($75) per hour.

   b. FOR A TRUCK WITH A BED SIZE OF 16 cubic yards or more: EIGHTY DOLLARS ($80) per hour.

   c. Ketchum shall pay Contractor up to THIRTY (30) minutes each way for travel time to and from Ketchum, not to exceed one hour total per truck per day.

   d. Ketchum shall only pay Contractor for time actually worked and not for breaks or down time due to any reason including without limitation, equipment failure, labor disputes, strikes, being stuck, adverse weather, or traffic accidents.

   e. Contractor must submit a written bill to Ketchum prior to receiving any of the compensation due under this Agreement.

4. **Waiver.** If Contractor requests Ketchum’s assistance in any matter such as truck or trailer repair or maintenance or dislodging any stuck truck and Ketchum is able and willing to assist Contractor, Contractor hereby agrees to hold Ketchum, its employees and elected officials harmless and waives, releases, acquits, and forever discharges and indemnifies Ketchum, its employees and elected officials from any and all actions, causes of action, claims, demands, damages, costs, loss of service, expenses and compensation, in any manner related to or arising from such assistance. Such assistance shall be purely voluntary and this Paragraph 4 shall not create or imply the creation of any agreement or obligation on the part of Ketchum.
5. **Time of Performance.** Contractor shall provide the Services on an “on call” basis as designated by the Head of the Ketchum Street Division and shall complete such services in a professional and timely manner.

6. **Term.** This Agreement shall be effective as of the date first above written, and be in full force and effect until May 1, 2021, at which time it shall terminate and neither Party hereto shall have any continuing obligations to the other hereunder.

7. **Independent Contractor.** Ketchum and Contractor hereby agree that Contractor shall perform the Services exclusively as an independent contractor and not as employee or agent of Ketchum. The Parties do not intend to create through this Agreement any partnership, corporation, employer/employee relationship, joint venture or other business entity or relationship other than that of independent contractor. Contractor, its managers, members, directors, officers, shareholders, agents and employees shall not receive nor be entitled to any employment-related benefits from Ketchum including without limitation, workers compensation insurance, unemployment insurance, health insurance, retirement benefits or any benefit that Ketchum offers to its employees. Contractor shall be solely responsible for the payment of all payroll and withholding taxes for amounts paid to Contractor under this Agreement and for Contractor’s payments for work performed in performance of this Agreement by Contractor’s managers, members, directors, officers, shareholders, agents and employees; and Contractor hereby releases, holds harmless and agrees to indemnify Ketchum from and against any and all claims or penalties, including without limitation the 100% penalty, which in any manner relate to or arise from any failure to pay such payroll or withholding taxes.

8. **Warranty.** Contractor warrants that all equipment used to perform this Agreement will function safely, properly, and efficiently and that all services will be performed in a safe, professional and workmanlike manner. Contractor agrees and warrants that all of Contractor’s drivers are duly licensed to and capable of operating the trucks contemplated in this Agreement safely and efficiently in adverse or extreme road and weather conditions and that Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Contractor warrants and agrees that under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

9. **Indemnification.** Contractor agrees to indemnify and hold Ketchum harmless from and against all claims, suits, damages (including without limitation, damages to persons and property including deaths), costs, losses, and expenses, in any manner related to or arising from the acts or omissions of Contractor, its managers, members, directors, officers, shareholders, agents and employees.

10. **Registration.** Contractor agrees to maintain all registration, license and insurance as required by the laws and decisions of the State of Idaho for all trucks and trailers used in the performance of this Agreement throughout the term of this Agreement. Contractor shall furnish proof of said registration, license and insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.
11. **Insurance.** Contractor shall maintain public liability insurance in the amount of $500,000.00 and workers compensation insurance from an insurance carrier licensed to do business in the State of Idaho, and furnish proof of said insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.

12. **Compliance with Laws/Public Records.** Contractor, its managers, members, directors, officers shareholders, agents and employees shall comply with all federal, state and local laws, rules and ordinances, including without limitation, the Department of Transportation's rules and regulations, 49 CFR Part 40 Drug Testing Program and the Omnibus Transportation Employee Testing Act of 1991. This Agreement does not relieve Contractor of any obligation or responsibility imposed upon Contractor by law. Without limitation, Contractor hereby acknowledges that all writings and documents, including without limitation email, containing information relating to the conduct or administration of the public's business prepared by Contractor for City regardless of physical form or characteristics may be public records pursuant to Idaho Code Section 9-337 et seq. Contractor further acknowledges that, subject to certain limitations, the public may examine and take a copy of all such public writings and records. Accordingly, Contractor shall maintain such writings and records in such a manner that they may readily identified, retrieved and made available for such inspection and copying.

13. **Notice.** All notices, requests, demands or other communication required or provided for under this Agreement, other than instructions given by Ketchum pursuant to Paragraph 2 herein above shall be in writing. Notices to Ketchum and the Contractor shall be addressed as follows:

- **KETCHUM:**
  - City of Ketchum
  - Box 2315
  - Ketchum, ID 83340-2315

- **CONTRACTOR:**
  - Canyon Excavation, LLC
  - P.O. Box 961
  - Shoshone, ID 83352

14. **Non-Assignment.** Contractor hereby acknowledges that Ketchum has agreed to enter this Agreement based in part on Contractor's unique skills and reputation for professional work. Accordingly, Contractor may not assign or transfer in any manner this Agreement or any of Contractor's right, title or interest in or to this Agreement without the prior written consent of Ketchum which may be withheld for any reason.

15. **Amendments.** This Agreement may only be changed, modified, or amended in writing executed by all parties.

16. **Headings.** The headings in the Agreement are inserted for convenience and identification only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Agreement or any provision hereof.

17. **Attorney Fees and Costs.** In the event that either party hereto is required to retain the services of an attorney to enforce any of its rights hereunder, the non-prevailing party shall pay to the prevailing party all reasonable costs and attorney fees incurred in such enforcement, whether or not litigation is commenced and including reasonable costs and attorney fees on appeal.
18. **No Presumption.** No presumption shall exist in favor of or against any party to this Agreement as the result of the drafting and preparation of the document.

19. **Governing Law.** This Agreement shall be governed by the laws and decisions of the State of Idaho.

20. **Entire Agreement.** This Agreement contains the entire Agreement between the parties respecting the matters herein set forth and supersedes all prior Agreements between the parties hereto respecting such matter.

21. **Execution and Fax Copies and Signatures.** This Agreement may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

22. **Authority.** The parties executing this Agreement warrant, state, acknowledge, and affirm that they have the authority to sign the same and to bind themselves to the terms contained herein.

IN WITNESS WHEREOF, the Parties execute this Agreement as of this 19th day of October 2020.

THE CITY OF KETCHUM, an Idaho municipal corporation

CANYON EXCAVATION, LLC, an Idaho corporation

ATTEST:

_____________________________
Katrin Sharp
Deputy City Clerk
City of Ketchum
THIS INDEPENDENT CONTRACTOR AGREEMENT is made and entered into as of this 19th day of October 2020, by and between THE CITY OF KETCHUM, an Idaho municipal corporation (“Ketchum”), and HIATT TRUCKING, INC, an Idaho corporation (“Contractor”).

RECITALS

WHEREAS, Ketchum is a municipal corporation duly organized and existing under the laws of the State of Idaho; and

WHEREAS, Pursuant to Idaho Code §50-301 et seq., Ketchum is empowered to contract and be contracted with; and

WHEREAS, It is deemed in the best interest of Ketchum to contract with Contractor for certain snow hauling services as set forth in more detail herein below (the “Services”); and

WHEREAS, Ketchum finds that contracting with Contractor for performance of the Services shall conserve economic resources and improve snow removal throughout Ketchum in furtherance of the health, safety and welfare of the residents and visitors of Ketchum.

NOW, THEREFORE, for the consideration recited herein below, Ketchum and Contractor enter this Agreement according to the following terms and conditions:

1. Incorporation of Recitals. The Recitals set forth herein above are hereby incorporated into and made an integral part of this Agreement.

2. The Services. Contractor shall haul snow from the streets of Ketchum as follows:

   a. Contractor shall provide professionally trained and duly licensed drivers, and safe, Idaho-licensed, Idaho-registered, well-maintained trucks necessary to haul snow from Ketchum streets designated by the Head of the Ketchum Street Division or any other employee of Ketchum designated by such Division Head. Ketchum shall have no responsibility for the security or protection of, maintenance of or damage to, Contractor’s supplies or equipment.

   b. At all times while performing the Services, Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

   c. Ketchum shall plow, collect and place the snow in Contractor’s trucks and trailers.
d. Contractor’s drivers shall haul the snow in Contractor’s trucks to a Ketchum-designated snow storage site.

e. Contractor’s trucks shall use only biodegradable truck and trailer bed liner materials to provide for any non-stick surface.

f. Contractor shall provide all tools, equipment, materials and services to complete and perform the Services, including without limitation, fuel for Contractor’s trucks and all maintenance and repair of Contractor’s trucks.

g. Ketchum shall make all reasonable efforts to work until all of the snow is hauled; however, Ketchum may allow its employees to take a break before all of the snow is hauled.

h. Ketchum shall not provide meals or any benefits whatsoever to Contractor, its officers, directors, shareholders, members, managers, agents or employees at any time, including without limitation, during breaks.

i. Contractor is solely responsible for freeing any of Contractor’s trucks that become stuck.

3. Consideration. Ketchum shall pay Contractor the following consideration:

a. FOR A TRUCK WITH A BED SIZE OF 14 TO 16 cubic yards: SEVENTY-FIVE DOLLARS ($75) per hour.

b. FOR A TRUCK WITH A BED SIZE OF 16 cubic yards or more: EIGHTY DOLLARS ($80) per hour.

c. Ketchum shall pay Contractor up to THIRTY (30) minutes each way for travel time to and from Ketchum, not to exceed one hour total per truck per day.

d. Ketchum shall only pay Contractor for time actually worked and not for breaks or down time due to any reason including without limitation, equipment failure, labor disputes, strikes, being stuck, adverse weather, or traffic accidents.

e. Contractor must submit a written bill to Ketchum prior to receiving any of the compensation due under this Agreement.

4. Waiver. If Contractor requests Ketchum’s assistance in any matter such as truck repair or maintenance or dislodging any stuck truck and Ketchum is able and willing to assist Contractor, Contractor hereby agrees to hold Ketchum, its employees and elected officials harmless and waives, releases, acquits, and forever discharges and indemnifies Ketchum, its employees and elected officials from any and all actions, causes of action, claims, demands, damages, costs, loss of service, expenses and compensation, in any manner related to or arising from such assistance. Such assistance shall be purely voluntary and this Paragraph 4 shall not create or imply the creation of any agreement or obligation on the part of Ketchum.
5. **Time of Performance.** Contractor shall provide the Services on an “on call” basis as designated by the Head of the Ketchum Street Division and shall complete such services in a professional and timely manner.

6. **Term.** This Agreement shall be effective as of the date first above written, and be in full force and effect until May 1, 2021, at which time it shall terminate and neither Party hereto shall have any continuing obligations to the other hereunder.

7. **Independent Contractor.** Ketchum and Contractor hereby agree that Contractor shall perform the Services exclusively as an independent contractor and not as employee or agent of Ketchum. The Parties do not intend to create through this Agreement any partnership, corporation, employer/employee relationship, joint venture or other business entity or relationship other than that of independent contractor. Contractor, its managers, members, directors, officers, shareholders, agents and employees shall not receive nor be entitled to any employment-related benefits from Ketchum including without limitation, workers compensation insurance, unemployment insurance, health insurance, retirement benefits or any benefit that Ketchum offers to its employees. Contractor shall be solely responsible for the payment of all payroll and withholding taxes for amounts paid to Contractor under this Agreement and for Contractor’s payments for work performed in performance of this Agreement by Contractor’s managers, members, directors, officers, shareholders, agents and employees; and Contractor hereby releases, holds harmless and agrees to indemnify Ketchum from and against any and all claims or penalties, including without limitation the 100% penalty, which in any manner relate to or arise from any failure to pay such payroll or withholding taxes.

8. **Warranty.** Contractor warrants that all equipment used to perform this Agreement will function safely, properly, and efficiently and that all services will be performed in a safe, professional and workmanlike manner. Contractor agrees and warrants that all of Contractor’s drivers are duly licensed to and capable of operating the trucks contemplated in this Agreement safely and efficiently in adverse or extreme road and weather conditions and that Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Contractor warrants and agrees that under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

9. **Indemnification.** Contractor agrees to indemnify and hold Ketchum harmless from and against all claims, suits, damages (including without limitation, damages to persons and property including deaths), costs, losses, and expenses, in any manner related to or arising from the acts or omissions of Contractor, its managers, members, directors, officers, shareholders, agents and employees.

10. **Registration.** Contractor agrees to maintain all registration, license and insurance as required by the laws and decisions of the State of Idaho for all trucks and trailers used in the performance of this Agreement throughout the term of this Agreement. Contractor shall furnish proof of said registration, license and insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.
11. Insurance. Contractor shall maintain public liability insurance in the amount of $500,000.00 and workers compensation insurance from an insurance carrier licensed to do business in the State of Idaho, and furnish proof of said insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.

12. Compliance with Laws/Public Records. Contractor, its managers, members, directors, officers shareholders, agents and employees shall comply with all federal, state and local laws, rules and ordinances, including without limitation, the Department of Transportation's rules and regulations, 49 CFR Part 40 Drug Testing Program and the Omnibus Transportation Employee Testing Act of 1991. This Agreement does not relieve Contractor of any obligation or responsibility imposed upon Contractor by law. Without limitation, Contractor hereby acknowledges that all writings and documents, including without limitation email, containing information relating to the conduct or administration of the public's business prepared by Contractor for City regardless of physical form or characteristics may be public records pursuant to Idaho Code Section 9-337 et seq. Contractor further acknowledges that, subject to certain limitations, the public may examine and take a copy of all such public writings and records. Accordingly, Contractor shall maintain such writings and records in such a manner that they may readily identified, retrieved and made available for such inspection and copying.

13. Notice. All notices, requests, demands or other communication required or provided for under this Agreement, other than instructions given by Ketchum pursuant to Paragraph 2 herein above shall be in writing. Notices to Ketchum and the Contractor shall be addressed as follows:

KETCHUM:                             CONTRACTOR:

City of Ketchum                      Hiatt Trucking, Inc.
Box 2315                             P.O. Box 759
Ketchum, ID 83340-2315               Hailey, ID 83333

14. Non-Assignment. Contractor hereby acknowledges that Ketchum has agreed to enter this Agreement based in part on Contractor's unique skills and reputation for professional work. Accordingly, Contractor may not assign or transfer in any manner this Agreement or any of Contractor's right, title or interest in or to this Agreement without the prior written consent of Ketchum which may be withheld for any reason.

15. Amendments. This Agreement may only be changed, modified, or amended in writing executed by all parties.

16. Headings. The headings in the Agreement are inserted for convenience and identification only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Agreement or any provision hereof.

17. Attorney Fees and Costs. In the event that either party hereto is required to retain the services of an attorney to enforce any of its rights hereunder, the non-prevailing party shall pay to the prevailing party all reasonable costs and attorney fees incurred in such enforcement, whether or not litigation is commenced and including reasonable costs and attorney fees on appeal.
18. **No Presumption.** No presumption shall exist in favor of or against any party to this Agreement as the result of the drafting and preparation of the document.

19. **Governing Law.** This Agreement shall be governed by the laws and decisions of the State of Idaho.

20. **Entire Agreement.** This Agreement contains the entire Agreement between the parties respecting the matters herein set forth and supersedes all prior Agreements between the parties hereto respecting such matter.

21. **Execution and Fax Copies and Signatures.** This Agreement may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

22. **Authority.** The parties executing this Agreement warrant, state, acknowledge, and affirm that they have the authority to sign the same and to bind themselves to the terms contained herein.

IN WITNESS WHEREOF, the Parties execute this Agreement as of this 19th day of October 2020.

INDEPENDENT CONTRACTOR AGREEMENT #20541
(City of Ketchum/Joe’s Backhoe Service, Inc.)

THIS INDEPENDENT CONTRACTOR AGREEMENT is made and entered into as of this 19th day of October 2020, by and between THE CITY OF KETCHUM, an Idaho municipal corporation (“Ketchum”), and JOE’S BACKHOE SERVICE, INC, an Idaho corporation (“Contractor”).

RECITALS

WHEREAS, Ketchum is a municipal corporation duly organized and existing under the laws of the State of Idaho; and

WHEREAS, Pursuant to Idaho Code §50-301 et seq., Ketchum is empowered to contract and be contracted with; and

WHEREAS, it is deemed in the best interest of Ketchum to contract with Contractor for certain snow hauling services as set forth in more detail herein below (the “Services”); and

WHEREAS, Ketchum finds that contracting with Contractor for performance of the Services shall conserve economic resources and improve snow removal throughout Ketchum in furtherance of the health, safety and welfare of the residents and visitors of Ketchum.

NOW, THEREFORE, for the consideration recited herein below, Ketchum and Contractor enter this Agreement according to the following terms and conditions:

1. Incorporation of Recitals. The Recitals set forth herein above are hereby incorporated into and made an integral part of this Agreement.

2. The Services. Contractor shall haul snow from the streets of Ketchum as follows:

   a. Contractor shall provide professionally trained and duly licensed drivers, and safe, Idaho-licensed, Idaho-registered, well-maintained trucks necessary to haul snow from Ketchum streets designated by the Head of the Ketchum Street Division or any other employee of Ketchum designated by such Division Head. Ketchum shall have no responsibility for the security or protection of, maintenance of or damage to, Contractor’s supplies or equipment.

   b. At all times while performing the Services, Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

   c. Ketchum shall plow, collect and place the snow in Contractor’s trucks.
d. Contractor’s drivers shall haul the snow in Contractor’s trucks to a Ketchum-designated snow storage site.

e. Contractor’s trucks shall use only biodegradable truck bed liner materials to provide for any non-stick surface.

f. Contractor shall provide all tools, equipment, materials and services to complete and perform the Services, including without limitation, fuel for Contractor’s trucks and all maintenance and repair of Contractor’s trucks.

g. Ketchum shall make all reasonable efforts to work until all of the snow is hauled; however, Ketchum may allow its employees to take a break before all of the snow is hauled.

h. Ketchum shall not provide meals or any benefits whatsoever to Contractor, its officers, directors, shareholders, members, managers, agents or employees at any time, including without limitation, during breaks.

i. Contractor is solely responsible for freeing any of Contractor’s trucks that become stuck.

3. **Consideration.** Ketchum shall pay Contractor the following consideration:

a. FOR A TRUCK WITH A BED SIZE OF 14 to 16 cubic yards: SEVENTY-FIVE DOLLARS ($75) per hour.

b. FOR A TRUCK WITH A BED SIZE OF 16 cubic yards or more: EIGHTY DOLLARS ($80) per hour.

c. Ketchum shall pay Contractor up to THIRTY (30) minutes each way for travel time to and from Ketchum, not to exceed one-hour total per truck per day.

d. Ketchum shall only pay Contractor for time actually worked and not for breaks or down time due to any reason including without limitation, equipment failure, labor disputes, strikes, being stuck, adverse weather, or traffic accidents.

e. Contractor must submit a written bill to Ketchum prior to receiving any of the compensation due under this Agreement.

4. **Waiver.** If Contractor requests Ketchum’s assistance in any matter such as truck or trailer repair or maintenance or dislodging any stuck truck and Ketchum is able and willing to assist Contractor, Contractor hereby agrees to hold Ketchum, its employees and elected officials harmless and waives, releases, acquits, and forever discharges and indemnifies Ketchum, its employees and elected officials from any and all actions, causes of action, claims, demands, damages, costs, loss of service, expenses and compensation, in any manner related to or arising from such assistance. Such assistance shall be purely voluntary, and this Paragraph 4 shall not create or imply the creation of any agreement or obligation on the part of Ketchum.
5. **Time of Performance.** Contractor shall provide the Services on an “on call” basis as designated by the Head of the Ketchum Street Division and shall complete such services in a professional and timely manner.

6. **Term.** This Agreement shall be effective as of the date first above written, and be in full force and effect until May 1, 2021, at which time it shall terminate and neither Party hereto shall have any continuing obligations to the other hereunder.

7. **Independent Contractor.** Ketchum and Contractor hereby agree that Contractor shall perform the Services exclusively as an independent contractor and not as employee or agent of Ketchum. The Parties do not intend to create through this Agreement any partnership, corporation, employer/employee relationship, joint venture or other business entity or relationship other than that of independent contractor. Contractor, its managers, members, directors, officers, shareholders, agents and employees shall not receive nor be entitled to any employment-related benefits from Ketchum including without limitation, workers compensation insurance, unemployment insurance, health insurance, retirement benefits or any benefit that Ketchum offers to its employees. Contractor shall be solely responsible for the payment of all payroll and withholding taxes for amounts paid to Contractor under this Agreement and for Contractor's payments for work performed in performance of this Agreement by Contractor’s managers, members, directors, officers, shareholders, agents and employees; and Contractor hereby releases, holds harmless and agrees to indemnify Ketchum from and against any and all claims or penalties, including without limitation the 100% penalty, which in any manner relate to or arise from any failure to pay such payroll or withholding taxes.

8. **Warranty.** Contractor warrants that all equipment used to perform this Agreement will function safely, properly, and efficiently and that all services will be performed in a safe, professional and workmanlike manner. Contractor agrees and warrants that all of Contractor's drivers are duly licensed to and capable of operating the trucks contemplated in this Agreement safely and efficiently in adverse or extreme road and weather conditions and that Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Contractor warrants and agrees that under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

9. **Indemnification.** Contractor agrees to indemnify and hold Ketchum harmless from and against all claims, suits, damages (including without limitation, damages to persons and property including deaths), costs, losses, and expenses, in any manner related to or arising from the acts or omissions of Contractor, its managers, members, directors, officers, shareholders, agents and employees.

10. **Registration.** Contractor agrees to maintain all registration, license and insurance as required by the laws and decisions of the State of Idaho for all trucks and trailers used in the performance of this Agreement throughout the term of this Agreement. Contractor shall furnish proof of said registration, license and insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.
11. **Insurance.** Contractor shall maintain public liability insurance in the amount of $500,000.00 and workers compensation insurance from an insurance carrier licensed to do business in the State of Idaho, and furnish proof of said insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.

12. **Compliance with Laws/Public Records.** Contractor, its managers, members, directors, officers’ shareholders, agents and employees shall comply with all federal, state and local laws, rules and ordinances, including without limitation, the Department of Transportation’s rules and regulations, 49 CFR Part 40 Drug Testing Program and the Omnibus Transportation Employee Testing Act of 1991. This Agreement does not relieve Contractor of any obligation or responsibility imposed upon Contractor by law. Without limitation, Contractor hereby acknowledges that all writings and documents, including without limitation email, containing information relating to the conduct or administration of the public’s business prepared by Contractor for City regardless of physical form or characteristics may be public records pursuant to Idaho Code Section 9-337 et seq. Contractor further acknowledges that, subject to certain limitations, the public may examine and take a copy of all such public writings and records. Accordingly, Contractor shall maintain such writings and records in such a manner that they may readily identified, retrieved and made available for such inspection and copying.

13. **Notice.** All notices, requests, demands or other communication required or provided for under this Agreement, other than instructions given by Ketchum pursuant to Paragraph 2 herein above shall be in writing. Notices to Ketchum and the Contractor shall be addressed as follows:

**KETCHUM:**
City of Ketchum
Box 2315
Ketchum, ID 83340-2315

**CONTRACTOR:**
Joe’s Backhoe Service, Inc.
P.O. Box 54
Richfield, ID 83349

14. **Non-Assignment.** Contractor hereby acknowledges that Ketchum has agreed to enter this Agreement based in part on Contractor’s unique skills and reputation for professional work. Accordingly, Contractor may not assign or transfer in any manner this Agreement or any of Contractor’s right, title or interest in or to this Agreement without the prior written consent of Ketchum which may be withheld for any reason.

15. **Amendments.** This Agreement may only be changed, modified, or amended in writing executed by all parties.

16. **Headings.** The headings in the Agreement are inserted for convenience and identification only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Agreement or any provision hereof.

17. **Attorney Fees and Costs.** In the event that either party hereto is required to retain the services of an attorney to enforce any of its rights hereunder, the non-prevailing party shall pay to the prevailing party all reasonable costs and attorney fees incurred in such enforcement, whether or not litigation is commenced and including reasonable costs and attorney fees on appeal.
18. **No Presumption.** No presumption shall exist in favor of or against any party to this Agreement as the result of the drafting and preparation of the document.

19. **Governing Law.** This Agreement shall be governed by the laws and decisions of the State of Idaho.

20. **Entire Agreement.** This Agreement contains the entire Agreement between the parties respecting the matters herein set forth and supersedes all prior Agreements between the parties hereto respecting such matter.

21. **Execution and Fax Copies and Signatures.** This Agreement may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

22. **Authority.** The parties executing this Agreement warrant, state, acknowledge, and affirm that they have the authority to sign the same and to bind themselves to the terms contained herein.

IN WITNESS WHEREOF, the Parties execute this Agreement as of this 19th day of October 2020.

h. Ketchum shall not provide meals or any benefits whatsoever to Contractor, its officers, directors, shareholders, members, managers, agents or employees at any time, including without limitation, during breaks.

i. Contractor is solely responsible for freeing any of Contractor's trucks or trailers that become stuck.

3. **Consideration.** Ketchum shall pay Contractor the following consideration:

a. **FOR A TRUCK WITH A BED SIZE OF 14 TO 16 CUBIC YARDS:** SEVENTY-FIVE DOLLARS ($75) per hour.

b. **FOR A TRUCK WITH A BED SIZE OF 16 CUBIC YARDS OR MORE:** EIGHTY DOLLARS ($80) per hour.

c. Ketchum shall pay Contractor up to THIRTY (30) minutes each way for travel time to and from Ketchum, not to exceed one-hour total per truck per day.

d. Ketchum shall only pay Contractor for time actually worked and not for breaks or down time due to any reason including without limitation, equipment failure, labor disputes, strikes, being stuck, adverse weather, or traffic accidents.

e. Contractor must submit a written bill to Ketchum prior to receiving any of the compensation due under this Agreement.

4. **Waiver.** If Contractor requests Ketchum's assistance in any matter such as truck repair or maintenance or dislodging any stuck truck and Ketchum is able and willing to assist Contractor, Contractor hereby agrees to hold Ketchum, its employees and elected officials harmless and waives, releases, acquits, and forever discharges and indemnifies Ketchum, its employees and elected officials from any and all actions, causes of action, claims, demands, damages, costs, loss of service, expenses and compensation, in any manner related to or arising from such assistance. Such assistance shall be purely voluntary, and this Paragraph 4 shall not create or imply the creation of any agreement or obligation on the part of Ketchum.
5. **Time of Performance.** Contractor shall provide the Services on an “on call” basis as designated by the Head of the Ketchum Street Division and shall complete such services in a professional and timely manner.

6. **Term.** This Agreement shall be effective as of the date first above written, and be in full force and effect until May 1, 2021, at which time it shall terminate and neither Party hereto shall have any continuing obligations to the other hereunder.

7. **Independent Contractor.** Ketchum and Contractor hereby agree that Contractor shall perform the Services exclusively as an independent contractor and not as employee or agent of Ketchum. The Parties do not intend to create through this Agreement any partnership, corporation, employer/employee relationship, joint venture or other business entity or relationship other than that of independent contractor. Contractor, its managers, members, directors, officers, shareholders, agents and employees shall not receive nor be entitled to any employment-related benefits from Ketchum including without limitation, workers compensation insurance, unemployment insurance, health insurance, retirement benefits or any benefit that Ketchum offers to its employees. Contractor shall be solely responsible for the payment of all payroll and withholding taxes for amounts paid to Contractor under this Agreement and for Contractor’s payments for work performed in performance of this Agreement by Contractor’s managers, members, directors, officers, shareholders, agents and employees; and Contractor hereby releases, holds harmless and agrees to indemnify Ketchum from and against any and all claims or penalties, including without limitation the 100% penalty, which in any manner relate to or arise from any failure to pay such payroll or withholding taxes.

8. **Warranty.** Contractor warrants that all equipment used to perform this Agreement will function safely, properly, and efficiently and that all services will be performed in a safe, professional and workmanlike manner. Contractor agrees and warrants that all of Contractor’s drivers are duly licensed to and capable of operating the trucks and trailers contemplated in this Agreement safely and efficiently in adverse or extreme road and weather conditions and that Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Contractor warrants and agrees that under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

9. **Indemnification.** Contractor agrees to indemnify and hold Ketchum harmless from and against all claims, suits, damages (including without limitation, damages to persons and property including deaths), costs, losses, and expenses, in any manner related to or arising from the acts or omissions of Contractor, its managers, members, directors, officers, shareholders, agents and employees.

10. **Registration.** Contractor agrees to maintain all registration, license and insurance as required by the laws and decisions of the State of Idaho for all trucks used in the performance of this Agreement throughout the term of this Agreement. Contractor shall furnish proof of said registration, license and insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.
11. **Insurance.** Contractor shall maintain public liability insurance in the amount of $500,000.00 and workers compensation insurance from an insurance carrier licensed to do business in the State of Idaho, and furnish proof of said insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.

12. **Compliance with Laws/Public Records.** Contractor, its managers, members, directors, officers’ shareholders, agents and employees shall comply with all federal, state and local laws, rules and ordinances, including without limitation, the Department of Transportation’s rules and regulations, 49 CFR Part 40 Drug Testing Program and the Omnibus Transportation Employee Testing Act of 1991. This Agreement does not relieve Contractor of any obligation or responsibility imposed upon Contractor by law. Without limitation, Contractor hereby acknowledges that all writings and documents, including without limitation email, containing information relating to the conduct or administration of the public’s business prepared by Contractor for City regardless of physical form or characteristics may be public records pursuant to Idaho Code Section 9-337 et seq. Contractor further acknowledges that, subject to certain limitations, the public may examine and take a copy of all such public writings and records. Accordingly, Contractor shall maintain such writings and records in such a manner that they may readily identified, retrieved and made available for such inspection and copying.

13. **Notice.** All notices, requests, demands or other communication required or provided for under this Agreement, other than instructions given by Ketchum pursuant to Paragraph 2 herein above shall be in writing. Notices to Ketchum and the Contractor shall be addressed as follows:

**KETCHUM:**
City of Ketchum  
Box 2315  
Ketchum, ID 83340-2315

**CONTRACTOR:**
Rick’s Excavation, Inc.  
P.O. Box 443  
Bellevue, ID 83313

14. **Non-Assignment.** Contractor hereby acknowledges that Ketchum has agreed to enter this Agreement based in part on Contractor’s unique skills and reputation for professional work. Accordingly, Contractor may not assign or transfer in any manner this Agreement or any of Contractor’s right, title or interest in or to this Agreement without the prior written consent of Ketchum which may be withheld for any reason.

15. **Amendments.** This Agreement may only be changed, modified, or amended in writing executed by all parties.

16. **Headings.** The headings in the Agreement are inserted for convenience and identification only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Agreement or any provision hereof.

17. **Attorney Fees and Costs.** In the event that either party hereto is required to retain the services of an attorney to enforce any of its rights hereunder, the non-prevailing party shall pay to the prevailing party all reasonable costs and attorney fees incurred in such enforcement, whether or not litigation is commenced and including reasonable costs and attorney fees on appeal.
18. **No Presumption.** No presumption shall exist in favor of or against any party to this Agreement as the result of the drafting and preparation of the document.

19. **Governing Law.** This Agreement shall be governed by the laws and decisions of the State of Idaho.

20. **Entire Agreement.** This Agreement contains the entire Agreement between the parties respecting the matters herein set forth and supersedes all prior Agreements between the parties hereto respecting such matter.

21. **Execution and Fax Copies and Signatures.** This Agreement may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

22. **Authority.** The parties executing this Agreement warrant, state, acknowledge, and affirm that they have the authority to sign the same and to bind themselves to the terms contained herein.

IN WITNESS WHEREOF, the Parties execute this Agreement as of this 19th day of October 2020.

INDEPENDENT CONTRACTOR AGREEMENT #20544  
(City of Ketchum/S. Erwin Excavation, Inc.)

THIS INDEPENDENT CONTRACTOR AGREEMENT is made and entered into as of this 19th day of October 2020, by and between THE CITY OF KETCHUM, an Idaho municipal corporation (“Ketchum”), and S. ERWIN EXCAVATION, INC, an Idaho corporation (“Contractor”).

RECITALS

WHEREAS, Ketchum is a municipal corporation duly organized and existing under the laws of the State of Idaho; and

WHEREAS, Pursuant to Idaho Code §50-301 et seq., Ketchum is empowered to contract and be contracted with; and

WHEREAS, It is deemed in the best interest of Ketchum to contract with Contractor for certain snow hauling services as set forth in more detail herein below (the “Services”); and

WHEREAS, Ketchum finds that contracting with Contractor for performance of the Services shall conserve economic resources and improve snow removal throughout Ketchum in furtherance of the health, safety and welfare of the residents and visitors of Ketchum.

NOW, THEREFORE, for the consideration recited herein below, Ketchum and Contractor enter this Agreement according to the following terms and conditions:

1. Incorporation of Recitals. The Recitals set forth herein above are hereby incorporated into and made an integral part of this Agreement.

2. The Services. Contractor shall haul snow from the streets of Ketchum as follows:

a. Contractor shall provide professionally trained and duly licensed drivers, and safe, Idaho-licensed, Idaho-registered, well-maintained trucks necessary to haul snow from Ketchum streets designated by the Head of the Ketchum Street Division or any other employee of Ketchum designated by such Division Head. Ketchum shall have no responsibility for the security or protection of, maintenance of or damage to, Contractor’s supplies or equipment.

b. At all times while performing the Services, Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

c. Ketchum shall plow, collect and place the snow in Contractor’s trucks.
d. Contractor’s drivers shall haul the snow in Contractor’s trucks to a Ketchum-designated snow storage site.

e. Contractor’s trucks shall use only biodegradable truck bed liner materials to provide for any non-stick surface.

f. Contractor shall provide all tools, equipment, materials and services to complete and perform the Services, including without limitation, fuel for Contractor’s trucks and all maintenance and repair of Contractor’s trucks.

g. Ketchum shall make all reasonable efforts to work until all of the snow is hauled; however, Ketchum may allow its employees to take a break before all of the snow is hauled.

h. Ketchum shall not provide meals or any benefits whatsoever to Contractor, its officers, directors, shareholders, members, managers, agents or employees at any time, including without limitation, during breaks.

i. Contractor is solely responsible for freeing any of Contractor’s trucks that become stuck.

3. Consideration. Ketchum shall pay Contractor the following consideration:

a. FOR A TRUCK WITH A BED SIZE OF 14 TO 16 cubic yards: SEVENTY-FIVE DOLLARS ($75) per hour.

b. FOR A TRUCK WITH A BED SIZE OF 16 cubic yards or more: EIGHTY DOLLARS ($80) per hour.

c. Ketchum shall pay Contractor up to THIRTY (30) minutes each way for travel time to and from Ketchum, not to exceed one-hour total per truck per day.

d. Ketchum shall only pay Contractor for time actually worked and not for breaks or down time due to any reason including without limitation, equipment failure, labor disputes, strikes, being stuck, adverse weather, or traffic accidents.

e. Contractor must submit a written bill to Ketchum prior to receiving any of the compensation due under this Agreement.

4. Waiver. If Contractor requests Ketchum’s assistance in any matter such as truck repair or maintenance or dislodging any stuck truck and Ketchum is able and willing to assist Contractor, Contractor hereby agrees to hold Ketchum, its employees and elected officials harmless and waives, releases, acquits, and forever discharges and indemnifies Ketchum, its employees and elected officials from any and all actions, causes of action, claims, demands, damages, costs, loss of service, expenses and compensation, in any manner related to or arising from such assistance. Such assistance shall be purely voluntary and this Paragraph 4 shall not create or imply the creation of any agreement or obligation on the part of Ketchum.
5. **Time of Performance.** Contractor shall provide the Services on an “on call” basis as designated by the Head of the Ketchum Street Division and shall complete such services in a professional and timely manner.

6. **Term.** This Agreement shall be effective as of the date first above written, and be in full force and effect until May 1, 2021, at which time it shall terminate and neither Party hereto shall have any continuing obligations to the other hereunder.

7. **Independent Contractor.** Ketchum and Contractor hereby agree that Contractor shall perform the Services exclusively as an independent contractor and not as employee or agent of Ketchum. The Parties do not intend to create through this Agreement any partnership, corporation, employer/employee relationship, joint venture or other business entity or relationship other than that of independent contractor. Contractor, its managers, members, directors, officers, shareholders, agents and employees shall not receive nor be entitled to any employment-related benefits from Ketchum including without limitation, workers compensation insurance, unemployment insurance, health insurance, retirement benefits or any benefit that Ketchum offers to its employees. Contractor shall be solely responsible for the payment of all payroll and withholding taxes for amounts paid to Contractor under this Agreement and for Contractor’s payments for work performed in performance of this Agreement by Contractor’s managers, members, directors, officers, shareholders, agents and employees; and Contractor hereby releases, holds harmless and agrees to indemnify Ketchum from and against any and all claims or penalties, including without limitation the 100% penalty, which in any manner relate to or arise from any failure to pay such payroll or withholding taxes.

8. **Warranty.** Contractor warrants that all equipment used to perform this Agreement will function safely, properly, and efficiently and that all services will be performed in a safe, professional and workmanlike manner. Contractor agrees and warrants that all of Contractor’s drivers are duly licensed to and capable of operating the trucks contemplated in this Agreement safely and efficiently in adverse or extreme road and weather conditions and that Contractor and its drivers shall obey all traffic laws, drive safely and professionally, and act in a polite professional manner. Contractor warrants and agrees that under no circumstances while performing the Services shall Contractor or any of its drivers be under the influence of any alcohol or other legal or illegal drugs or substances which may impair their driving skills, reaction time or judgment.

9. **Indemnification.** Contractor agrees to indemnify and hold Ketchum harmless from and against all claims, suits, damages (including without limitation, damages to persons and property including deaths), costs, losses, and expenses, in any manner related to or arising from the acts or omissions of Contractor, its managers, members, directors, officers, shareholders, agents and employees.

10. **Registration.** Contractor agrees to maintain all registration, license and insurance as required by the laws and decisions of the State of Idaho for all trucks and trailers used in the performance of this Agreement throughout the term of this Agreement. Contractor shall furnish proof of said registration, license and insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.
11. **Insurance.** Contractor shall maintain public liability insurance in the amount of $500,000.00 and workers compensation insurance from an insurance carrier licensed to do business in the State of Idaho, and furnish proof of said insurance to Ketchum prior to performing any of the Services or being entitled to any pay there for.

12. **Compliance with Laws/Public Records.** Contractor, its managers, members, directors, officers shareholders, agents and employees shall comply with all federal, state and local laws, rules and ordinances, including without limitation, the Department of Transportation's rules and regulations, 49 CFR Part 40 Drug Testing Program and the Omnibus Transportation Employee Testing Act of 1991. This Agreement does not relieve Contractor of any obligation or responsibility imposed upon Contractor by law. Without limitation, Contractor hereby acknowledges that all writings and documents, including without limitation email, containing information relating to the conduct or administration of the public's business prepared by Contractor for City regardless of physical form or characteristics may be public records pursuant to Idaho Code Section 9-337 et seq. Contractor further acknowledges that, subject to certain limitations, the public may examine and take a copy of all such public writings and records. Accordingly, Contractor shall maintain such writings and records in such a manner that they may readily identified, retrieved and made available for such inspection and copying.

13. **Notice.** All notices, requests, demands or other communication required or provided for under this Agreement, other than instructions given by Ketchum pursuant to Paragraph 2 herein above shall be in writing. Notices to the Ketchum and the Contractor shall be addressed as follows:

14. **Non-Assignment.** Contractor hereby acknowledges that Ketchum has agreed to enter this Agreement based in part on Contractor's unique skills and reputation for professional work. Accordingly, Contractor may not assign or transfer in any manner this Agreement or any of Contractor’s right, title or interest in or to this Agreement without the prior written consent of Ketchum which may be withheld for any reason.

15. **Amendments.** This Agreement may only be changed, modified, or amended in writing executed by all parties.

16. **Headings.** The headings in the Agreement are inserted for convenience and identification only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Agreement or any provision hereof.

17. **Attorney Fees and Costs.** In the event that either party hereto is required to retain the services of an attorney to enforce any of its rights hereunder, the non-prevailing party shall pay to the prevailing party all reasonable costs and attorney fees incurred in such enforcement, whether or not litigation is commenced and including reasonable costs and attorney fees on appeal.
18. **No Presumption.** No presumption shall exist in favor of or against any party to this Agreement as the result of the drafting and preparation of the document.

19. **Governing Law.** This Agreement shall be governed by the laws and decisions of the State of Idaho.

20. **Entire Agreement.** This Agreement contains the entire Agreement between the parties respecting the matters herein set forth and supersedes all prior Agreements between the parties hereto respecting such matter.

21. **Execution and Fax Copies and Signatures.** This Agreement may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

22. **Authority.** The parties executing this Agreement warrant, state, acknowledge, and affirm that they have the authority to sign the same and to bind themselves to the terms contained herein.

IN WITNESS WHEREOF, the Parties execute this Agreement as of this 19th day of October 2020.

Katrin Sharp
Deputy City Clerk
City of Ketchum
Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

Recommendation to approve Right-of-Way Encroachment Agreement 20527 for placement of a concrete paver sidewalk and snowmelt in the City Right-of-Way at 180 W. 2nd Street.

Recommendation and Summary
Staff is recommending Council approve the attached Encroachment Agreement and adopt the following motion:

“I move to authorize the Mayor to sign Encroachment Agreement 20527 with KKL, LLC.”

The reasons for the recommendation are as follows:
• The improvements will not impact the use or operation of the street
• The improvements will not impact drainage and snow removal within the City ROW

Introduction and History
Kirsten Ritzau on behalf of KKK, LLC submitted a Right-of-Way Encroachment Permit application to install concrete paver sidewalks and snowmelt within the City’s Right-of-Way along Second Avenue and Second Street at 180 W. 2nd Street.

Right-of-Way standards were developed in the Community Core to achieve goals of pedestrian mobility, drainage, parking and provide materials that can be reasonably maintained by the city. Because the sidewalk paver materials and snowmelt system cannot be reasonably maintained by the city, the property owner will be responsible for repair and maintenance.

City code requires a right-of-way encroachment permit for any permanent encroachment in the public right-of-way. These agreements are intended to help protect the City in the event the proposed encroachments were to ever pose an issue requiring repair, relocation, or removal of the encroachment.

Analysis
The proposed encroachments were determined not to impact public access or city operations.

Financial Impact
There is no financial impact resulting from approval of this encroachment agreement.

Encroachment Agreement 20527
RIGHT-OF-WAY ENCROACHMENT AGREEMENT 20527

THIS AGREEMENT, made and entered into this _____ day of ____, 2020, by and between the CITY OF KETCHUM, IDAHO, a municipal corporation ("Ketchum"), whose address is Post Office Box 2315, Ketchum, Idaho and KKL, LLC, (collectively referred to as “Owner”), whose address is 216 EAST SPRUCE, HAILEY ID 83333.

RECITALS

WHEREAS, Owner is the owner of real property described as 180 W 2nd Street (“Subject Property”), located within the City of Ketchum, State of Idaho; and

WHEREAS, Owner wishes to permit placement of concrete pavers and snowmelt system within the right-of-way on Second Avenue and Second Street. These improvements are shown in Exhibit “A” attached hereto and incorporated herein (collectively referred to as the “Improvements”); and,

WHEREAS, Ketchum finds that said Improvements will not impede the use of said public right-of-way at this time subject to the terms and provisions of this Agreement;

NOW, THEREFORE, in contemplation of the above stated facts and objectives, it is hereby agreed as follows:

TERMS AND CONDITIONS

1. Ketchum shall permit Owner to maintain the improvements identified in Exhibit “A” within the public right-of-way of Second Avenue and Second Street in Ketchum, Idaho, until notified by Ketchum to remove the improvements at which time Owner shall remove improvements at Owner’s expense.

2. Owner shall be responsible for the maintenance of said Improvements. Any modification to the improvements identified in Exhibit “A” shall be approved by the City of Ketchum prior to any modifications taking place.

3. In consideration of Ketchum allowing Owner to maintain the Improvements in the public right-of-way, Owner agrees to indemnify and hold harmless Ketchum from and against any and all claims of liability for any injury or damage to any person or property arising from the Improvements constructed, installed and maintained in the public right-of-way. Owner shall further indemnify and hold Ketchum harmless from and against any and all claims arising from any breach or default in the performance of any obligation on Owner’s part to be performed under this Agreement, or arising from any negligence of Owner or Owner's agents, contractors or employees and from and against all costs, attorney's fees, expenses and liabilities incurred in the defense of any such action or proceeding brought thereon. In the event any action or
proceeding is brought against Ketchum by reason of such claim, Owner, upon notice from
Ketchum, shall defend Ketchum at Owner's expense by counsel satisfactory to Ketchum.
Owner, as a material part of the consideration to Ketchum, hereby assumes all risk of damages
to property or injury to persons in, upon or about the Improvements constructed, installed and
maintained in the public right-of-way arising from the construction, installation and maintenance
of said Improvements and Owner hereby waives all claims in respect thereof against Ketchum.

4. Ketchum shall not be liable for injury to Owner's business or loss of income
therefrom or for damage which may be sustained by the person, goods, wares, merchandise or
property of Owner, its tenants, employees, invitees, customers, agents or contractors or any
other person in or about the Subject Property caused by or resulting from the Improvements
constructed, installed, removed or maintained in the public right-of-way.

5. Owner understands and agrees that by maintaining the Improvements in the
public right-of-way pursuant to this Agreement, Owner obtains no claim or interest in said public
right-of-way which is adverse to that of Ketchum and that Owner obtains no exclusive right to
said public right-of-way nor any other right to use the public right-of-way not specifically
described herein.

6. This Agreement shall be a covenant running with the Subject Property and the
terms and provisions hereof shall inure to the benefit of and be binding upon the parties and the
respective heirs, personal representatives, successors and assigns of the parties hereof.

7. In the event either party hereto retains an attorney to enforce any of the rights,
duties and obligations arising out of this Agreement, the prevailing party shall be entitled to
recover from the non-prevailing party reasonable attorney's fees at the trial and appellate levels
and, whether or not litigation is actually instituted.

8. This Agreement shall be governed by, construed, and enforced in accordance
with the laws and decisions of the State of Idaho. Venue shall be in the District Court of the fifth
Judicial District of the State of Idaho.

9. This Agreement sets forth the entire understanding of the parties hereto, and
shall not be changed or terminated orally. It is understood and agreed by the parties hereto that
there are no verbal promises or implied promises, agreements, stipulations or other
representations of any kind or character pertaining to the Improvements maintained in the public
right-of-way other than as set forth in this Agreement.

10. No presumption shall exist in favor of or against any party to this Agreement as
the result of the drafting and preparation of this document.

11. This Agreement shall be recorded with the Blaine County Recorder by Ketchum.

12. The parties fully understand all of the provisions of this Agreement, and believe
them to be fair, just, adequate and reasonable, and accordingly accept the provisions of this
Agreement freely and voluntarily.

40. ALL WATER SUPPLY FIXTURES, FITTINGS, PIPES, AND ALL RELATED APPURTENANCES SHALL BE ANSI STP 41 COMPLIANT.
October 19, 2020

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

**Recommendation to Approve Purchase Order #20546 for**
**GE Cimplicity Software Upgrade and Technical Support**

**Recommendation and Summary**
Staff is recommending the Council approve Purchase Order #20546 and adopt the following motion:

“I move to approve Purchase Order #20546 for $5,951.88 to Gray Matter Systems LLC for the purchase of a GE Cimplicity Software Upgrade and Technical Support License and authorize the mayor to sign the purchase order.”

The reasons for the recommendation are as follows:

- The current GE Cimplicity Software v9.0 being used at the wastewater treatment plant is not compatible with Windows 10.
- 24/7 technical support is necessary for this vital software that runs the automated systems at the treatment plant.

**Introduction and History**
The wastewater treatment facility is controlled by a complex Supervisory Control and Data Acquisition (SCADA) system. The SCADA system is configured to coordinate various equipment activities and treatment processes throughout the entire facility and to notify operators when malfunctions occur. The computer currently running the SCADA system uses the Windows XP operating system which is no longer supported by the manufacturer. The updated computer being installed uses the Windows 10 operating system which is not compatible with the current version of GE Cimplicity software running the SCADA system.

**Analysis**
In order for the SCADA software to run correctly on the updated computer hardware at the wastewater treatment plant, a GE Cimplicity upgrade to version 11.0 along with the corresponding technical support is necessary.

**Sustainability**
Not applicable
Financial Impact
This expense will be shared with the Sun Valley Water and Sewer District. Payment for the purchase order will come out of the Computer Software and Professional Services budget line items of the Wastewater Fund.

**TERMS AND CONDITIONS**

(Acceptance)
Acceptance of Purchaser’s order is expressly subject to Seller’s terms and conditions of sale, contained herein, which shall take precedence over any other terms and conditions. No contrary, additional or revised provisions or conditions shall be binding on the Seller unless accepted by an Officer of Seller in writing. Should the terms and conditions contained herein differ in any way from the terms and conditions of the Purchaser’s order, this acknowledgement shall be construed as a counteroffer and shall not be effective as an acceptance of such order unless Purchaser assents to the terms and conditions contained herein. The failure of Purchaser to object thereto in writing within ten (10) days from
the date of receipt hereof shall constitute assent thereto. The terms and conditions contained herein shall constitute the complete and only agreement between Seller and Purchaser; it being intended by both parties that this document sets forth the entire agreement between the parties hereto as to the purchase of goods and/or services. All orders shall only become legally binding upon acceptance by Seller’s main office, located in Warrendale, PA.

(Pricing)
The prices contained in this Proposal and Statement of Work shall be valid for thirty (30) days from the date of receipt, or upon Seller’s prior notification of a price change to Purchaser, whichever occurs first. The prices contained herein do not include any federal, state, county local or other taxes levied on proposed goods and/or services, their use or sale, or on this agreement by any jurisdiction either within or outside the United States. Such taxes, where seller is required by law to collect them, whether designated as sales tax, gross receipts tax, occupation tax, etc., will be billed to the Purchaser based on the governing law in effect at the time of delivery unless Purchaser furnishes Seller with a proper Tax Exemption Certificate. Purchaser shall reimburse Seller for any state, county, or local taxes imposed, assessed, billed or becoming due and payable with regard to any goods and/or services furnished on or after the date said goods and/or services are located on Purchaser’s premises. The prices contained herein do not include freight charges. Seller shall prepay transportation charges and Purchaser agrees to reimburse Seller for such charges within thirty (30) days of Purchaser’s receipt of Seller’s invoice. All freight, transportation and shipping charges shall be stated separately from other charges.

All deliveries shall be F.O.B. Seller’s facility. Seller will select a carrier to ship Purchaser’s order to Purchaser’s specified destination, unless Purchaser indicates a specific carrier. Any goods, which Purchaser obtains from Seller to replace goods damaged or lost in transit, will be sold to Purchaser at Seller’s standard prices in effect at the time of such replacement.

All shipping dates quoted by Seller are ARO (After Receipt of Order) by Seller and reflect shipping dates, not delivery dates to Purchaser’s facility. Shipping dates are approximate and are based upon prompt receipt by Seller of all necessary shipping information. Delays due to missing information such as product specification sheets, or credit examination will be in addition to Seller’s quoted shipping times and may impact the originally scheduled shipping date. Partial shipments may be made unless specifically prohibited on Purchaser’s purchase order. If this contract calls for the shipment of goods in separate lots, or if partial shipments are made as herein authorized, this contract shall be deemed an installation contract within the meaning of the applicable law. Seller does not return Purchaser’s acknowledgements. Any shipment date is an estimate. Under no circumstances shall seller have any liability whatsoever for loss of use, or for any direct, incidental, or consequential damages resulting from delay, regardless of the cause(s).

TERMS AND CONDITIONS

(Ownership of Creative Work)
Seller maintains and holds the exclusive copyright to any and all applications developed, transmitted and/or delivered as part of this agreement. Seller grants to Purchaser, a limited, non-exclusive license to use the application and related documentation in Purchaser’s facilities only. Purchaser shall obtain no title, ownership nor any other rights in and to the application or related documentation, nor in or to any algorithms, concepts, designs or ideas requested by or incorporated in the application or related documentation. Purchaser agrees that it shall not; with exception for one (1) back up copy, reproduce, copy or distribute the application or related documentation for any purpose without Seller’s written consent.

(Payment Terms)
Unless otherwise agreed to by Seller in writing, all payments are due thirty (30) days from receipt of invoice and due at Seller’s main office in Sewickley, PA. Purchaser agrees that Seller specifically retains a security interest under the Uniform Commercial Code in all goods and proceeds thereof to secure payment of all amounts due from Purchaser to Seller. Any payment not received when due are subject to a one and one half percent (1.5%) finance charge per month on the unpaid balance. If the unpaid balance is collected by or through an attorney at law or other licensed entity, Purchaser agrees to pay Seller for all reasonable attorney’s fees and/or collection costs. All purchases shall be subject to the terms and conditions contained herein. If at any time Purchaser fails to submit timely payments, or Seller determines the financial condition of the Purchaser does not justify the terms of payment established, Seller may, at Seller’s sole option, require full or partial payment in advance or shall have the right to cancel any purchase order and shall be fully reimbursed for Seller’s reasonable and proper cancellation charges. If an outstanding agreement for goods and/or services is terminated for any reason, all outstanding invoices will become due immediately.

(Warranties, Limitations of Damages and Remedies)
Purchaser must look solely to all manufacturer warranties for specific information regarding warranties. Seller warranties all applications delivered to be free from defects in material and workmanship at the time of shipment and/or delivery to Purchaser’s facility, and for a period of sixty (60) days from time of shipment and/or delivery to Purchaser’s facility. This warranty does not cover any goods and/or services which have been subject to misuse, accident, abuse, neglect, improper installation (installed by other than Seller), storage, and improper maintenance. Any alterations or repairs performed without express written consent of Seller will void the warranty. Seller shall not be liable for any loss of use, or for any direct, incidental, or consequential damages due to goods and/or services provided. All implied warranties and specifically the implied warranties of merchantability and fitness for a particular purpose are expressly excluded and disclaimed. The terms of this warranty shall constitute Purchaser’s sole and exclusive remedy and Seller’s sole and exclusive liability with respect to this agreement. Seller shall have no further obligation or liability upon the expiration of the warranty periods set forth above. Seller’s liability to Purchaser (or that of Seller’s Agent/Representative) arising from the supplying of goods and/or services, shall not in any case exceed the cost of the original purchase order. Indemnification Purchaser shall indemnify and hold Seller, its parent corporations, subsidiaries, affiliates, suppliers, manufacturers, subcontractors, officers, directors, employees, representatives and agents harmless from any liability or damage whatsoever, including any court costs and attorney’s fees arising from the use of any goods and/or services supplied by the Seller.

Disputes
At the sole discretion of Seller, Seller may require any controversy, dispute or claim, of whatever kind, arising out of or relating to this agreement be resolved by and in accordance with the Commercial Arbitration Rules of the American Arbitration Association, as from time to time amended and in effect. Any litigation or arbitration arising out of this agreement shall be brought, maintained and administered in Allegheny County, PA. Should Seller be successful, in part or in whole, in prosecuting or defending any lawsuit or arbitration, then Seller shall be entitled to fully
recover its litigation or arbitration expenses, including attorney’s fees.

TERMS AND CONDITIONS Applicable Law
This agreement is made in and shall be governed by the laws of the Commonwealth of Pennsylvania, without giving effect to the conflict of law provisions of the laws of the Commonwealth of Pennsylvania.

Failure to Fully Compensate
Should Purchaser fail to fully compensate Seller for any goods and/or services provided, Seller shall be fully released from any obligations herein or otherwise.

Waiver
The waiver by Seller of any term, condition, or provision hereunder must be in writing and shall not be construed to be a waiver of any other term, condition or provision hereof, nor shall such waiver be deemed a waiver of a subsequent breach of the same term, condition or provision on this order or future orders.

Authority of Sellers Agents
Non-Solicit and Non-Hire
No agent, employee, or representative of Seller has any authority to bind Seller or form a part of the basis of this agreement unless the agent, employee, or representative of Seller is specifically included within this agreement and accepted in writing by an officer of Seller.

Purchaser and Seller agree, for a period of one (1) year after conclusion of purchase, that both parties shall not, without the prior written consent, directly or indirectly solicit, hire, entice, or encourage any person currently employed or who within six (6) months prior to the termination shall have been an employee or consultant of either party, to leave his or her employment or consulting position with the other party, or engage, or attempt or agree to engage, in any capacity, the services of any such person, or aid or assist anyone else to do so.

This document contains proprietary and confidential information belonging to Gray Matter Systems, LLC. Neither this document nor the information disclosed herein is to be reproduced or transferred, in part or in whole, to other documents, or used or disclosed for any other purpose to any third parties.

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

Recommendation To Enter into Contract 20550
For Services with Eco Edge LLC

Recommendation and Summary
Staff is recommending the council approve a short-term contract Eco Edge LLC to and adopt the following motion:

I move to authorize the Mayor to sign Contract 20550 with the Eco Edge.

The reasons for the recommendation are as follows:
• The City is contracting with Eco Edge to support Ketchum Sustainability Advisory Committee (KSAC) and the associated city sustainability goals
• The funding was approved in the FY21 adopted budget for sustainability initiatives/projects

Introduction and History
As part of the FY21 budget, the Council authorized funding for sustainability initiatives/projects. The proposed contract provides the scope of work.

Financial Impact
The cost for services is not to exceed $3,000, payment is made based on the invoices submitted to the City. The Fiscal Year 21 budget includes funding for the proposed services. Approval of this contract would result in $47,000 available for sustainability efforts.

Attachment
Proposed Contract 20550
ATTACHMENT A

Eco Edge
Scope of Work for FY21

Funds Provided: $3,000

Scope of Work:
- Coordination of GHG inventory and team meetings and drafting of report
- Produce a summary of KSAC accomplishments to date
- Produce an updated draft action list for 2021
- Review staff reports related to sustainability, draft and issue letters to Council to convey KSAC support and reasoning
- Present to Council as needed
- Screen various emails and webinar opportunities for pertinent opportunities for KSAC (e.g. micro bonds, DOE wastewater webinar/program)
- Analyze and report on sustainability performance (if the City resumes benchmarking)
- Correspondence with other organizations and cities to coordinate sustainability efforts and learn from each other
- Monitor Fire Station and new City Hall project progress and opportunities, provide advice as needed
- Coordinate with City staff as needed
- Research as needed
INDEPENDENT CONTRACTOR AGREEMENT 20417

THIS AGREEMENT made and entered into this _____ day of ________________, 2020, by and between the CITY OF KETCHUM, IDAHO, a municipal corporation (hereinafter referred to as “Ketchum”) and Eco Edge LLC.

FINDINGS

1. Ketchum is a municipal corporation duly organized and existing under the laws of the State of Idaho.

2. ECO EDGE will provide services to the City of Ketchum consistent with the services identified in Attachment A associated with the city’s sustainability goals/initiatives and in support of the Ketchum Sustainability Advisory Committee.

3. Pursuant to Idaho Code §§ 50-301 and 50-302, Ketchum is empowered to enter into contracts and take such steps as are reasonably necessary to maintain the peace, good government and welfare of the City.

4. Ketchum has appropriated funds for business development activities for the ECO EDGE in the amount of $187,200.

5. ECO EDGE desires to enter into an Agreement with Ketchum to provide such services all as hereinafter provided.

NOW, THEREFORE, the parties hereto covenant and agree as follows:

1. SERVICES RECEIVED. ECO EDGE agrees to provide those services described in Attachment A, as an independent contractor. ECO EDGE shall be responsible for all associated taxes, workers compensation and other related expenses.

2. TERM. The term of this Agreement shall commence on October 1, 2020 and shall terminate on the 31st day of December, 2020.

3. CONSIDERATION. In consideration for providing the services as herein provided, Ketchum agrees to pay to ECO EDGE $1,000 monthly at an hourly billable rate of $75.00. Payments will be payable within 45 days of submittal of the invoice to the city. The invoice requesting payment shall itemize the specific service provided as identified in Attachment A.

4. REPORTING. With each invoice, ECO EDGE will itemize the services performed, hours associated with the service and the cost for service.

5. NOTICES. All notices to be served pursuant to this Agreement or which are served with regard to this Agreement shall be sent by general mail to the parties at the following addresses:
6. **EQUAL EMPLOYMENT OPPORTUNITY.** ECO EDGE covenants and agrees that it shall not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin.

7. **TERMINATION.** Notwithstanding any contrary provision of this Agreement, either party may terminate this Agreement effective upon thirty (30) days written notice to the other for any reason or no reason. In addition, the parties agree that in the event ECO EDGE refuses or is unable to provide the services set forth hereinabove, the same shall constitute a default under the terms of this Agreement, and that Ketchum shall have the power to terminate this Agreement upon two (2) days’ written notice to ECO EDGE. Furthermore, this Agreement shall be terminable by Ketchum upon five (5) days’ written notice if ECO EDGE is adjudicated bankrupt, or subject to the appointment of a receiver, or has any of its property attached, or becomes insolvent, or is unable to pay its debts as the same become due. No refund of funds paid shall occur if the Agreement is terminated.

8. **NONASSIGNMENT.** This Agreement, in whole or in part, shall not be assigned or transferred by ECO EDGE to any other party except upon the prior written consent of Ketchum and approved by the Ketchum City Council.

9. **HOLD HARMLESS AGREEMENT.** Any contractual obligation entered into or assumed by ECO EDGE or any liability incurred by reason of personal injury and/or property damage in connection with or arising out of ECO EDGE’s obligations pursuant to this Agreement shall be the sole responsibility of ECO EDGE, and ECO EDGE covenants and agrees to indemnify and hold Ketchum harmless from any and all claims or causes of action arising out of ECO EDGE’s activities and obligations as set forth hereinabove, including, but not limited to, personal injury, property damage and employee complaints.

10. **ENTIRE AGREEMENT.** This Agreement contains the entire agreement between the parties hereto and shall not be modified or changed in any manner, except by prior written agreement executed by the parties hereto. If any term or provision of this Agreement or application thereof shall be declared invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby and shall remain in full force and effect.

11. **SUCCESSION.** This Agreement shall be binding upon all successors in interest of either party hereto.

12. **LAW OF IDAHO.** This Agreement shall be construed in accordance with the laws of the State of Idaho.
IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and year first written above.

October 19, 2020

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

**Consideration and Approval of Festival of Trees Special Event**

**Recommendation and Summary**
This report includes the special event application, COVID plan and site plan for the Festival of Trees event planned for December 11 from 7:30 a.m. to 10:30 p.m. at Ketchum Town Square. Staff recommends City Council approve or deny the special event application for this event.

"I move to approve/deny the special event application for Festival of Trees."

The reasons for the recommendation are as follows:

- City has adopted the Blaine County risk level plan, which includes the potential for limitations on gatherings at certain risk levels.
- Festival of Trees is planned during the holiday season when visitor population is high.
- Applicant has developed and submitted a COVID plan to manage participants.

**Introduction and History**
Due to the pandemic, City Council began to approve or deny park reservations and special event applications. Because of the decline in applications, review reverted to city staff for administrative approval, except for those events that may draw a large crowd.

The Festival of Trees event is expected to draw approximately 200 people walking through to view the ten trees decorated for the holidays and up for auction, and to place their bids. Santa and carolers will also be part of the event. There will be food offered for sale and a beverage vendor. Proceeds from the auction go to The Senior Connection in Hailey.

**Analysis**
Idaho is currently in Stage 4. The Stage 4 protocols direct event planners to use the practices outlined in the previous stages, which include allowing for groups larger than 50 people where physical distancing of six feet can be maintained for employees and attendees, wearing cloth face coverings in public places, providing adequate sanitation services, ensuring frequent disinfection of event location and regular cleaning of high-touch surfaces, limiting close interactions with attendees, among others. Planners should also know the level of disease transmission in the local community and the level of transmission in the areas from which the attendees will travel from.
The City of Ketchum’s Health Order mandating the use of masks in certain situations is still in effect. Council has also adopted the Blaine County Risk Level Plan, which provides Blaine County’s risk level weekly, based on metrics monitored over a 7-day period.

**Sustainability Impact**
There is no sustainability impact.

**Financial Impact**
There is no financial impact.

*NOTE: The State of Idaho adopted the Manual for Uniform Traffic Control Devices (MUTCD) as a minimum standard for traffic control. The city is legally obligated to require a temporary traffic control plan (TTCP) pursuant to MUTCD standards for anyone using the right-of-ways for any purpose, including special events. A TTCP must be submitted for Street Division review. Applications will not be accepted without a TTCP prepared by a qualified firm.

Are you requesting camping on public property? ☒ Yes* ☐ No

*Camping allowed only with written permission from the city and in association with an approved special event license.

STRICT GUIDELINES APPLY

EVENT SITE PLAN
On a separate piece of paper, provide a Site Plan of the event. Site Plan must be scaled to accurately represent the location of all items listed below (if applicable).

| ☐ Alcohol Vendors (A) | ☐ Barricades (B) | ☐ Beverage Vendors (BV) |
| ☐ Bleachers (BL) | ☐ Electricity/Generator (EL) | ☐ Fire Extinguishers (EX) |
| ☐ Fire Lane (FL) | ☐ First Aid/EMS (FA) | ☐ Food Vendors (FV) |
| ☐ Garbage Receptacles (G) | ☐ Hand Washing Sink (HWS) | ☐ Portable Toilets (T) |
| ☐ Recycling Receptacles (RR) | ☐ Retail Merchants (RM) | ☐ Security (P) |
| ☐ Stages or Amplified Sound (SO) | ☐ Tents (X) | ☐ Trailers, Vehicles, Storage (TR) |

TEMPORARY STRUCTURES
Will your event have temporary structures, including 10’ x 10’ pop-up tents? ☐ Yes* ☒ No

*Describe the size, number, use and assembly and disassembly plan:

TRANSPORTATION AND PARKING
Where will you direct event attendees to park vehicles?

AROUND KETCHUM

Will the event provide transportation services to the event? ☒ Yes* ☐ No

*Describe the transportation services:

CITY SERVICES REQUESTS
Police services request for (indicate dates and times needed):

☐ Security ☐ Traffic Control ☐ Parking Control ☐ Escort ☐ N/A

The Chief of Police will determine the number of police officers to staff the event. The Chief of Police also determines if police services will be needed at a special event for public safety concerns. Fees may be associated with the need for additional police services.

☒ CITY EMPLOYEE TO MANAGE/MONITOR FIRE PIT ON SQUARE
Fire/EMS services request (indicate dates and times needed):

<table>
<thead>
<tr>
<th>Ambulance</th>
<th>Fire Engine</th>
<th>N/A</th>
</tr>
</thead>
</table>

The Fire Chief will determine availability and approval of the request. The Fire Chief also determines if Fire/EMS services will be needed at a special event for public safety concerns. Fees may be associated with the need for Fire/EMS services.

Will your event use city infrastructure such as bathrooms and trash receptacles? Yes* No

*Fees may be associated with the use of city bathrooms and trash receptacles.

**ELECTRICITY, MUSIC AMPLIFICATION AND LICENSING**

Do you have electrical needs? Yes* No

* The Facilities and Maintenance Division will assist with the request based upon availability. Please note that some areas do not have electricity access.

Will your event have amplified sound? Yes* No

*Please review approved noise levels stated in guidelines.

Will live or prerecorded music be played? Yes* No

* Licensing fee of $10.00 is required. Fee may be waived for applicants showing proof of license with the appropriate organization or by certifying that any and all music played or performed is original and free of licensing requirements.

**PORTABLE RESTROOMS AND HANDWASHING**

The applicant is required to provide portable toilets for all events having an anticipated attendance that exceeds the capacity of permanent bathroom facilities at the event location. Handwashing stations may also be required. The City utilizes Satellite Industries, Inc. Restroom Calculator (https://www.satelliteindustries.com/calculator) to estimate the number of additional toilets needed for each event.

Restroom Company: **CLEAR CREEK DISPOSAL**

**SALE AND DISTRIBUTION OF SINGLE-USE PLASTIC WATER BOTTLES, PLASTIC STRAWS, PLASTIC BAGS, AND TO-GO FOOD CONTAINERS MADE OF PLASTIC OR STYROFOAM IS PROHIBITED AT ALL CITY-OWNED PROPERTIES, CITY-OWNED FACILITIES AND CITY EVENTS. (Resolution 19-013)**

BANNERS

If you would like to reserve space for an over the road banner, please submit complete application to the Special Events Manager. Application can be found here: [www.ketchumidaho.org/forms](http://www.ketchumidaho.org/forms)

BUSINESS AND/OR PROPERTY OWNER NOTIFICATION

Special events are required to notify businesses and/or property owners of the date, time, venue and purpose of event within five (5) days of city receipt of the special event application. Written notice shall be emailed, mailed or hand-delivered to property owners and businesses adjoining the proposed venue. City staff will provide the list and available contact information. Property owners and businesses have seven (7) days in which to submit comments regarding the proposed special event to the city.

For all events, city staff may elect to provide additional noticing based on the size, location and scope of the event. Additional noticing may include, but is not limited to, newspaper advertisements and physical mailing to adjacent property owners or business owners.
INSURANCE REQUIREMENTS

Attach a certificate of public liability insurance pursuant to the following requirements of Title 12, Chapter 12.32 of the Ketchum Municipal Code. Every applicant, at its sole cost and expense, shall obtain and maintain in full force and effect throughout the entire term of the licensed special event public liability insurance in the amount of one million dollars ($1,000,000.00) per person and one million dollars ($1,000,000.00) per accident. In addition, every applicant, at its sole cost and expense, shall obtain and maintain public liability insurance for property damage in the amount of one million dollars ($1,000,000.00). Certificates of such insurance shall be filed concurrently with the application for the special event and will include an endorsement stating that the City of Ketchum is named as an additional insured and that said insurance will not be canceled or altered by the insurance company or applicant without ten (10) days prior written notice of such intended alteration or cancellation to the City. Current certificates of such insurance shall be kept on file at all times during the term of the special event. (Ord. 669 § 7, 1995)

SIGNIFICANT EVENT CHANGES

Has this event been approved in the City of Ketchum in previous years? ☐ Yes* ☒ No

*If yes, please indicate any significant changes to the event request since its last approval:

HAVE YOU ATTACHED OR OBTAINED THE FOLLOWING?

☐ Payment & Deposit ☐ Proof of Insurance ☐ Temporary Traffic Control Plan
☐ Site Plan ☐ ITD Permit ☐ Alcohol Beverage Catering Permit
☐ City Sales Tax Permit ☐ Notification Form ☐ Health Department Permit
☐ Vendor List ☐ Proof of Music License ☐ Other

It is the applicant’s responsibility to contact agencies outside of Ketchum that may be involved in the permit, inspection, sales, convenience or assistance process connected with your event. Those agencies may include but are not limited to the Idaho Power Company, Intermountain Gas, Idaho Alcohol Beverage Control Board, Idaho Highway Patrol and Blaine County Recreation District (a separate permit is required for use of any portion of the Wood River Trail System).

AUTHORIZATION OF APPLICANT

I have reviewed the completed application and know the contents thereof to be true. I represent and warrant that I have the lawful authority and authorization to execute this application and attached indemnity agreement, for and on behalf of the entity applying for the special event license. I have reviewed the conditions of the Ketchum Municipal Code, Title 12, Chapter 12.32 and do hereby agree to the terms set forth therein. Furthermore, I acknowledge that if I fail to so comply with the criteria and conditions set forth in Title 12, Chapter 12.32, my special event license will be revoked.

Pursuant to Resolution No. 08-123, any direct costs incurred by the city of Ketchum to review this application will be the responsibility of the applicant. Costs include but are not limited to engineer review, noticing and copying costs associated with the application. The city will require a retainer to be paid by the applicant at the time of application submittal to cover said associated costs. Following a decision or other closure of an application, the applicant will either be reimbursed for unexpended funds or billed for additional costs incurred by the city.

The City of Ketchum reserves the right to revoke any permit and/or cancel any event or park reservation as deemed necessary in order to protect the public health and safety. In event of cancellation the City will reasonably work with the event or park reservation holder to accommodate rescheduling.

INDEMNIFICATION AGREEMENT

In connection with sponsoring the event described in the attached application, a "Special Event" to be held in Ketchum, and as a condition of obtaining a license therefore, __________________________ (hereafter referred to as "Applicant"), agrees that Applicant shall indemnify and save and hold harmless the City of Ketchum, (hereafter referred to as "City"), City officials, agents and employees from and for any and all losses, claims, actions, judgments for damages, or injury to persons or property and losses and expenses caused or incurred by Applicant, its servants, agents, employees, guests, and business invitees and not caused by or arising out of the tortuous conduct of City or its officials, agents or employees. In addition, Applicant shall maintain and specifically agrees that it will maintain, throughout the course of the "Special Event" liability insurance in which City shall be named insured in the minimum amount as specified in Title 12, Chapter 12.32. The limits of insurance shall not be deemed a limitation of the covenants to indemnify and save and hold harmless City from and for all such losses claims, actions, or judgments for damages or liability to persons or property. Applicant shall provide City with a Certificate of insurance evidencing Applicant's compliance with the requirements of this paragraph and file such proof of insurance with the Special Events Manager.

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

**Recommendation To Approve Encroachment Agreement 20548 with Jack Bariteau Jr. for 391 First Avenue**

**Recommendation and Summary**
Staff is recommending the council approve Encroachment Agreement 20548 and adopt the following motion:

I move to authorize the Mayor to approve the Encroachment Agreement 20548 with Jack Bariteau Jr. for the project located at 391 First Avenue.

The reasons for the recommendation are as follows:
- The improvements were discussed and reviewed as part of the development agreement approved for the proposed project at 391 First Avenue.
- The project has submitted for a building permit, and prior to issuance of the permit, the encroachment agreement must be approved by City Council.
- The property owner is responsible for installation, maintenance and repair of the improvements including the snow melt system in the public sidewalks and alley.

**Introduction and History**
As part of the new development under construction at 391 First Avenue (1st Avenue and 4th Street), the owner is proposing installation of a snow melt system in the sidewalks on 4th Street and First Avenue around the property and in front of the property at 331 First Avenue. The City has agreed to fund design and installation of the pavers and snow melt in front of 331 First Avenue to ensure continuity along the First Avenue block. With this project, and the project located at 311 First Avenue, the entire block will consist of pavers and snow melt.

Additional improvements are proposed along 4th Street and First Avenue consisting of planters, irrigation, and trees. This agreement also includes installation of pavement with snow melt in the remaining portion of the public alley adjoining 191 Sun Valley Road and 311 First Avenue. The agreement obligates the owner of 391 First Avenue to maintain and repair all the permitted improvements. In the event the snow melt system is not functioning, the owner will be responsible for snow removal. The obligations are documented in the encroachment agreement.

The agreement also permits the owner to construct improvements in the alley behind 391 First Avenue and 160 4th Street until such time as the alley vacation is recorded. After the alley is vacated, the improvements are no longer in city right of way and become private improvements. Under the development agreement conditions of approval, the alley is not vacated until the project is completed.
Analysis
As conditioned, the proposed improvements will be in working order during the winter. The system will limit the accumulation of snow and ice on the sidewalks and remaining portion of the public alley.

Sustainability
The project developer indicates installation of snow melt is more sustainable than plowing and hauling the snow to another location. Others believe installation of snow melt is not a sustainable approach because of the use of natural gas and greenhouse gas emissions. The decision to allow snow melt in the sidewalk and alley is a Council decision.

Financial Impact
There is a financial impact in that the city has agreed to fund the portion of the pavers and snow melt in front of 331 First Avenue. The agreement sets forth the terms of the funding. Funding for this improvement will come from the FY 21 capital improvement budget.

Encroachment Agreement 20548
RIGHT-OF-WAY ENCROACHMENT AGREEMENT 20548

THIS AGREEMENT, made and entered into this ___ day of _______, by and between CITY OF KETCHUM, IDAHO, a municipal corporation ("Ketchum"), whose address is Post Office Box 2315, Ketchum, Idaho and JACK E BARITEAU JR., as Trustee of THE JACK E. BARITEAU JR., SEPARATE PROPERTY TRUST, dated October 2, 1996 and Main Drive Properties, LLC, a Tennessee limited liability company, (collectively referred to as "Owner"), whose address is Post Office Box 84, Sun Valley, Idaho 83353.

RE bâtals

WHEREAS, Owner is the owner of real property described as 391 First Avenue North, Lots 1 and 2 of RE-DIVISION OF LOTS 1 & 2, Block 57, ORIGINAL KETCHUM TOWNSITE, according to the official play thereof, record as Instrument No. 191607, records of Blaine County, Idaho ("Subject Property"), located within the City of Ketchum, State of Idaho; and as shown on Exhibit “A” attached hereto as Lot 1B after the Subject Property is replatted and,

WHEREAS, Owner wishes to construct a snow melt system under sidewalk pavers, planters, drainage, irrigation, trees, and all related and approved improvements within the City of Ketchum rights-of-way directly adjacent and abutting to Owner’s property on First Avenue North and on Fourth Street as shown on Exhibit A: and,

WHEREAS, Until such time as the alley abutting properties identified as Owner’s Property; and 160 West Fourth Street is vacated, Ketchum permits the installation of retaining walls, a public stairwell and public utilities and as shown in Exhibit “A”. After the alley is vacated, such improvements will be owned and maintained by the Owner; and,

WHEREAS, Owner wishes to install a snow melt system and plant mix pavement in the public right of way alley adjacent to 311 First Avenue; 331 First Avenue; and 171 West Sun Valley Road as shown in Exhibit “A” attached hereto and incorporated herein (collectively referred to as the “Improvements”); and,

WHEREAS Ketchum finds that said Improvements will not impede the use of said public right-of-way at this time and approves of the use of said public right-of-way subject to the terms and provisions of this Agreement;

NOW, THEREFORE, in contemplation of the above stated facts and objectives, it is hereby agreed as follows:

[Text continues on subsequent pages]
TERMS AND CONDITIONS

1. Ketchum shall permit Owner to install and maintain the Improvements identified in Exhibit “A” within the public rights-of-way of First Avenue North and Fourth Street located directly adjacent to the real properties located at 391 and 331 First Avenue North in Ketchum Idaho. Improvements include a snow melt system under sidewalk pavers, planters, drainage, irrigation, and trees. Ketchum permits improvements for so long as Owner maintains said Improvements in a good repair and in a safe manner, and unless and until Ketchum in good faith requires the removal of all or some part of the Improvements to complete necessary modifications to the public right of way.

2. Ketchum shall permit Owner to install and maintain the Improvements identified in Exhibit “A” within the public alley right-of-way that is directly adjacent to; the east side of 171 West Sun Valley Road and the west side of 311 First Avenue North and 331 First Avenue North in Ketchum Idaho. Improvements consist of snow melt and plant mix pavement. Ketchum permits improvements for so long as Owner maintains said Improvements in a good repair and in a safe manner, and unless and until Ketchum in good faith requires the removal of all or some part of the Improvements to complete necessary modifications to the public right-of-way.

3. Until such time as the alley is vacated, Ketchum hereby permits Owner to excavate the public alley right-of-way directly behind and adjacent to Owner’s east property line and up to the west property line of 160 West Fourth Street and complete the alley right-of-way improvements as shown on Exhibit “A” attached hereto. Once the alley vacation is final, Owner shall assume ownership and responsibility for all improvements in the vacated alley.

4. Owner shall pay for the cost of all of right of way improvements as shown on Exhibit “A” at its sole expense, with the exception that Ketchum shall reimburse Owner for all design and construction costs of the sidewalk, snow melt system, curb and gutter and other improvements required by Ketchum that begins at the property line separating 391 and 331 First Avenue North and ends at the property line separating 331 and 311 First Avenue North. Owner shall provide Ketchum a written estimate of such costs prior to commencing work. Owner and Ketchum shall mutually agree to the estimated costs. Reimbursement of these costs shall be made within ninety (90) days of receipt of Owner’s written demand by Ketchum. Owner shall provide a complete accounting of all costs of this work to Ketchum with Owner’s written notice.

5. The removal of all Owner improvements if so directed by Ketchum shall be at the sole expense of the Owner unless otherwise necessitated by the future development and or redevelopment of the properties located at 331 First Avenue North and 171 West Sun Valley Road. Redevelopment or development of these properties may impact or disturb Owner’s original public alley right-of-way improvements and Owner’s maintenance responsibilities described below. If, and when an individual property owner of 331 First Avenue North, 160 West Fourth Street and or 171 West Sun Valley Road, has applied for and been granted approval by Ketchum for the development, redevelopment and construction of improvements on such property owner’s respective property, Ketchum agrees that as a condition of such future approval, that the applicant shall notify Owner in writing of the need to disturb all or a portion of the public alley improvements made by Owner. Owner and Ketchum agree to cooperate and coordinate with each respective
property owner related to the proposed improvement work that will disturb the improvements in the public alley right-of-way as shown on Exhibit "A" and each respective property owner shall be responsible for reimbursing Owner for any repair or restoration to the public alley right-of-way improvements so as to not interfere or cause Owner to not fulfill its obligations for the operation and maintenance of the public alley improvements as described herein. Ketchum agrees to make this obligation a condition of any future development, redevelopment or improvement approvals granted to the property owners identified by property address herein above.

6. Owner shall be responsible for the following:

a. Maintenance, repair and replacement of the snow melt system and all related improvements within the rights-of-way on First Avenue North, Fourth Street and the public alley right-of-way bordering the properties as shown on Exhibit “A” due to failures from installation, use, or other damage to the snow melt system. The Owner shall be responsible for removal of snow on the public sidewalks and alley where the snow melt is located in the event the snow melt system fails to operate or requires repair or replacement. Such maintenance, repair, replacement, and snow removal shall be at Owner’s expense and shall be an obligation of Owner or Owner’s property manager and occur within 48 hours of notice by Ketchum unless a longer period of time is agreed to by Owner and Ketchum. If the snow melt system is not operating, Owner shall Remove snow from the public right of way within 48 hours of Ketchum requesting removal.

b. Maintenance, repair, and replacement, of the pavers, planters and trees located in the public rights-of-way on First Avenue North and Fourth Street and directly adjacent to 391 First Avenue North and 331 First Avenue North. Such maintenance, repair, and replacement shall be at Owner’s expense and occur within 48 hours of notice by Ketchum unless a longer period of time is agreed to by Owner and Ketchum.

c. Until the vacation of the public alley right-of-way by Ketchum behind 391 First Avenue North is recorded in Blaine County, Owner shall be responsible for snow removal until such time as the snow melt system is operational in the public alley right-of-way bordered by the properties located at 311 First Avenue North, 331 First Avenue North and 171 West Sun Valley Road. Snow removal requirements may be adjusted during the period of construction with approval by Ketchum. Owner shall maintain access to the Idaho Power temporary sector power box located at the northwest corner of the alley behind 391 First Avenue, including snow removal, until the public alley right-of-way vacation is recorded.

7. In consideration of Ketchum allowing Owner to maintain the Improvements in the public right-of-way, Owner agrees to indemnify and hold harmless Ketchum from and against any and all claims of liability for any injury or damage to any person or property arising from the Improvements constructed, installed and maintained in the public right-of-way unless arising from the willful misconduct or gross negligence of Ketchum. Owner shall further indemnify and hold Ketchum harmless from and against any and all

Right-Of-Way Agreement –
Page 3
claims arising from any material breach or default in the performance of any obligation on Owner's part to be performed under this Agreement, or arising from any negligence of Owner or Owner's agents, contractors or employees and from and against all costs, attorney's fees, expenses and liabilities incurred in the defense of any such action or proceeding brought thereon. In the event any action or proceeding is brought against Ketchum by reason of such claim, Owner, upon written notice from Ketchum, shall defend Ketchum at Owner's expense by counsel satisfactory to Ketchum. Owner, as a material part of the consideration to Ketchum, hereby assumes all risk of damages to property or injury to persons in, upon or about the Improvements constructed, installed and maintained in the public right-of-way arising from the construction, installation and maintenance of said Improvements and Owner hereby waives all claims in respect thereof against Ketchum except those arising from the willful misconduct or gross negligence of Ketchum.

8. Ketchum shall not be liable for injury to Owner's business or loss of income therefrom or for damage which may be sustained by the person, goods, wares, merchandise or property of Owner, its tenants, employees, invitees, customers, agents or contractors or any other person in or about the Subject Property caused by or resulting from the Improvements constructed, installed, removed or maintained in the public right-of-way.

9. Owner understands and agrees that by maintaining the Improvements in the public right-of-way pursuant to this Agreement, Owner obtains no claim or interest in said public right-of-way which is adverse to that of Ketchum and that Owner obtains no exclusive right to said public right-of-way nor any other right to use the public right-of-way not specifically described herein.

10. This Agreement shall be a covenant running with the Subject Property and the terms and provisions hereof shall inure to the benefit of and be binding upon the parties and the respective heirs, personal representatives, successors and assigns of the parties hereof.

11. In the event either party hereto retains an attorney to enforce any of the rights, duties and obligations arising out of this Agreement, the prevailing party shall be entitled to recover from the non-prevailing party reasonable attorney's fees at the trial and appellate levels and, whether or not litigation is actually instituted.

12. This Agreement shall be governed by, construed, and enforced in accordance with the laws and decisions of the State of Idaho. Venue shall be in the District Court of the fifth Judicial District of the State of Idaho.

13. This Agreement sets forth the entire understanding of the parties hereto and shall not be changed or terminated orally. It is understood and agreed by the parties hereto that there are no verbal promises or implied promises, agreements, stipulations or other representations of any kind or character pertaining to the Improvements maintained in the public right-of-way other than as set forth in this Agreement.

14. No presumption shall exist in favor of or against any party to this Agreement as the result of the drafting and preparation of this document.
15. This Agreement shall be recorded with the Blaine County Recorder by Ketchum.

16. The parties fully understand all of the provisions of this Agreement, and believe them to be fair, just, adequate, and reasonable, and accordingly accept the provisions of this Agreement freely and voluntarily.

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

**Recommendation to approve Right-of-Way Encroachment Agreement 20536 with Idaho Power for a temporary sector box and underground power lines in the City Right-of-Way.**

**Recommendation and Summary**

Staff is recommending the Council approve the attached Encroachment Agreement 20536 and adopt the following motion:

“I move to authorize the Mayor to sign Encroachment Agreement 20536 with Idaho Power.”

The reasons for the recommendation are as follows:

- The encroachment is necessary to facility construction of the property
- Construction the encroachment will have no impact on pedestrian or public access
- The duration of the temporary sector box permitted will be 24 months from execution of the agreement.

**Introduction and History**

To facilitate construction of the mixed-use building located at 391 N First Ave., also referred to as First and Fourth, Idaho Power would like to relocate the existing underground power lines and install a temporary three phase sector box in the alley between 4th and Sun Valley Road west of 1st Ave. The overall project involves tying into the existing underground powerlines in 4th Street, relocating approximately 120 feet of underground power in a 4” conduit within the alley, and installing a temporary sector box. The temporary sector box is an above ground structure 30” tall x 66” long x 22” wide in and proposed to be placed in the alley ROW until construction of the building has progressed to permit relocation of the sector box adjacent to the new building. The underground power lines and conduit will continue to remain in place following relocation of the sector box.

City code requires a right-of-way encroachment permit for any encroachment in the public right-of-way. These agreements are intended to help protect the City in the event the proposed encroachments were to ever pose an issue requiring repair, relocation, or removal of the encroachment. In this case the sector box is a temporary encroachment necessary for construction and permitted for a maximum of 24 months.

**Analysis**

Staff has reviewed the layout of the proposed utilities. Though the sector box is placed within the City alley ROW the City does not maintain this portion of the alley during winter months and it will not impact operations.
Financial Impact
There is no financial impact resulting from approval of this encroachment agreement.

Encroachment Agreement 20536
RIGHT-OF-WAY ENCROACHMENT AGREEMENT 20536

THIS AGREEMENT, made and entered into this ___ day of ____, 2020, by and between the CITY OF KETCHUM, IDAHO, a municipal corporation ("Ketchum"), whose address is Post Office Box 2315, Ketchum, Idaho and ___________________, representing IDAHO POWER COMPANY, (collectively referred to as "Owner"), whose address is 1221 West Idaho St., Boise, ID 83702

RECITALS

WHEREAS, Owner wishes to permit placement of a temporary sector box and underground electrical power lines in the public alley right-of-way between 3rd St. and 4th St. west of 1st Ave. These improvements are shown in Exhibit "A" attached hereto and incorporated herein (collectively referred to as the “Improvements”); and,

WHEREAS, Ketchum finds that said Improvements will not impede the use of said public right-of-way at this time subject to the terms and provisions of this Agreement;

WHEREAS, the Owner will restore the sidewalk, street, curb and gutter and any landscaping back to the original condition acceptable to the Streets and Facilities Director;

NOW, THEREFORE, in contemplation of the above stated facts and objectives, it is hereby agreed as follows:

TERMS AND CONDITIONS

1. Ketchum shall permit Owner to install a temporary sector box and power infrastructure identified in Exhibit “A” within the public alley right-of-way between between 3rd St. and 4th St. west of 1st Ave., until notified by Ketchum to remove the infrastructure at which time Owner shall remove infrastructure at Owner’s expense. Placement of the temporary sector box is permitted for a maximum of 24 months from the date of execution of this agreement at which time the sector box will need to be relocated to private property or removed at Owner's expense.

2. Owner shall be responsible for the maintenance of said Improvements and shall repair said improvements within 48 hours upon notice from Ketchum that repairs are needed.

3. Owner shall be responsible for restoring the sidewalk, curb and gutter and landscaping that is altered due to the construction and installation of the facilities, to the satisfaction of the Director of Streets and Facilities.

4. In consideration of Ketchum allowing Owner to maintain the Improvements in the public right-of-way, Owner agrees to indemnify and hold harmless Ketchum from and against
any and all claims of liability for any injury or damage to any person or property arising from the Improvements constructed, installed and maintained in the public right-of-way. Owner shall further indemnify and hold Ketchum harmless from and against any and all claims arising from any breach or default in the performance of any obligation on Owner's part to be performed under this Agreement, or arising from any negligence of Owner or Owner's agents, contractors or employees and from and against all costs, attorney's fees, expenses and liabilities incurred in the defense of any such action or proceeding brought thereon. In the event any action or proceeding is brought against Ketchum by reason of such claim, Owner, upon notice from Ketchum, shall defend Ketchum at Owner's expense by counsel satisfactory to Ketchum. Owner, as a material part of the consideration to Ketchum, hereby assumes all risk of damages to property or injury to persons in, upon or about the Improvements constructed, installed and maintained in the public right-of-way arising from the construction, installation and maintenance of said Improvements and Owner hereby waives all claims in respect thereof against Ketchum.

5. Ketchum shall not be liable for injury to Owner's business or loss of income therefrom or for damage which may be sustained by the person, goods, wares, merchandise or property of Owner, its tenants, employees, invitees, customers, agents or contractors or any other person in or about the Subject Property caused by or resulting from the Improvements constructed, installed, removed or maintained in the public right-of-way.

6. Owner understands and agrees that by maintaining the Improvements in the public right-of-way pursuant to this Agreement, Owner obtains no claim or interest in said public right-of-way which is adverse to that of Ketchum and that Owner obtains no exclusive right to said public right-of-way nor any other right to use the public right-of-way not specifically described herein.

7. In the event either party hereto retains an attorney to enforce any of the rights, duties and obligations arising out of this Agreement, the prevailing party shall be entitled to recover from the non-prevailing party reasonable attorney's fees at the trial and appellate levels and, whether or not litigation is actually instituted.

8. This Agreement shall be governed by, construed, and enforced in accordance with the laws and decisions of the State of Idaho. Venue shall be in the District Court of the fifth Judicial District of the State of Idaho.

9. Subject to Section 13 below, this Agreement sets forth the entire understanding of the parties hereto and shall not be changed or terminated orally. It is understood and agreed by the parties hereto that there are no verbal promises or implied promises, agreements, stipulations or other representations of any kind or character pertaining to the Improvements maintained in the public right-of-way other than as set forth in this Agreement.

10. No presumption shall exist in favor of or against any party to this Agreement as the result of the drafting and preparation of this document.

11. This Agreement shall be recorded with the Blaine County Recorder by Ketchum.

12. The parties fully understand all the provisions of this Agreement, and believe them to be fair, just, adequate and reasonable, and accordingly accept the provisions of this Agreement freely and voluntarily.
13. Notwithstanding any other provision of this Agreement, this Agreement shall be subject in all respects to the terms of the Franchise Agreement between Owner and Ketchum set forth in Ketchum Ordinance No. 1092 adopted by Ketchum on May 7, 2012, as such Franchise Agreement may be amended, extended or replaced by a new franchise agreement in the future (“Franchise Agreement”), and in the event of any conflict or uncertainty between the terms of this Agreement and the Franchise Agreement, the Franchise Agreement shall control.

Mayor Bradshaw and City Councilors:

Discussion and Direction to Staff on Expansion of Winter Parking Pilot Effort & Curbside Pickup Spots

Recommendation and Summary
Staff is requesting council direction regarding the expansion of last year’s winter overnight parking pilot program as well as the expansion of curbside pickup spots.

The reasons for the request are as follows:

- Enable residents and visitors additional parking options to decrease instances of Driving Under the Influence.
- Decrease the financial impact to those who get towed and make it more convenient to retrieve their vehicle.
- With increased positive COVID rates and potential further indoor gathering regulations, it is important to aid businesses with additional curbside pickup locations.

Introduction and History
Winter Parking Regulations
City code currently prohibits overnight parking in the downtown core to allow for safe and efficient removal of snow. Historically, those who violated this law, had their vehicles towed to an impound lot. The average annual total number of tows has been between 50-60. The owner of the vehicle would be charged $250 and then coordinate with tow operator to retrieve vehicle from secured tow lot. There was an additional $50 daily charge for storage.

Last year the city started a pilot effort to be more user friendly to both residents and visitors. Specifically, the Washington Avenue parking lot was designated even/odd nights for overnight parking. In addition, First Avenue between River Street and First Street was designated as the tow lot for vehicles parked on the wrong side in the Washington Avenue parking lot. Since it was the first year of the pilot and new to residents and visitors, the city felt it was important to keep the towing fee as low as possible, the location of the vehicle close to the lot, and easily accessible.

This year, staff is proposing to maintain those elements and the following expansion components:
- Discontinue the practice of towing to a lot and instead relocate cars to First Avenue between River and First Street in the middle parking spots. Individuals would still need to pay $90 tow fee and $40 parking ticket. It is also important to remember the historical city impound lot is currently being used for construction parking associated with the new Fire Station.
• Designation of Second Avenue between Fourth and Fifth streets as even/odd night parking. Staff analyzed several blocks to offer an option on the north end of town. Based on topography, parking demands and construction projects, staff is recommending Second Avenue.

Staff is also exploring the concept of designating a portion of a street on the east side of downtown for bar/tavern workers. This street would be one of the last streets to be plowed so that workers have more time to conduct tasks after the closure of the facility without fear of being towed.

**Curbside Pickup Spots**
Several of these spots were designated this past spring during the early COVID re-opening stages. As the Council considers potential indoor group size limits due to increased positive rates in the county, staff felt it was important for the city to be proactive in designating additional spots to support our business community. City code enforcement staff is currently conducting a quick block by block assessment to determine the proper number of spots.

**Analysis/Next Steps**
Based on the Council’s direction, staff would like to engage the broader community for feedback regarding this expanded winter parking pilot effort.

The Traffic Authority would hold a special meeting on October 28th to take up both items for action. The Authority would receive formal public testimony (email, Zoom, or in person) on the winter parking pilot. During the November 2nd Council meeting, staff would present an amendment to the city’s parking code. Staff would then implement a multi-faceted public education effort to inform residents/visitors, businesses and workers regarding these options.

Should the expanded winter parking pilot move forward, staff would track the following metrics to help gauge the success of the project:

- Number of DUI citations
- Level of satisfaction from residents/adjacent businesses
- Impact to snow removal operations and safety
- Financial impact to city

**Sustainability Impact**
There is no sustainability impact.

**Financial Impact**
Should the city have to conduct double tows (move vehicle twice), there might be a financial impact.
WHEREAS, COVID-19 is a respiratory disease that can result in serious illness or death, is caused by the SARS-CoV-2 virus, which is a new strain of coronavirus that had not been previously identified in humans and can easily spread from person to person. The virus is spread between individuals who are in close contact with each other through respiratory droplets; and

WHEREAS, on January 30, 2020, the International Health Regulations Emergency Committee of the World Health Organization declared the outbreak of COVID-19 a public health emergency of international concern; and

WHEREAS, on and after March 13, 2020, Idaho Governor Brad Little signed a declaration of emergency for the State of Idaho in response to concerns that cases of COVID-19 are imminent in Idaho and issued a series Orders addressing public health measures to slow the spread of COVID-19 including the Idaho Rebounds Plan; and

WHEREAS, on March 18, 2020 the Mayor of the City of Ketchum declared a local disaster emergency, and on March 23, 2020 the Ketchum City Council adopted the Declaration as per the Disaster Preparedness Act (Title 46, Chapter 10 of the Idaho Code), due to the threat that COVID-19 poses to the health and welfare of the residents of Ketchum; and

WHEREAS, on March 23, 2020, the Council adopted Ordinance 1207 establishing emergency powers that provide the authority, purpose, and intent of emergency powers to address the threat of COVID-19; and

WHEREAS, on September 29, 2020, the Council adopted Ordinance 1212 renewing the emergency powers and providing for the authority, purpose, and intent of emergency powers to address the threat of COVID-19; and

WHEREAS, infection rates in Idaho have significantly increased in urban areas in recent weeks, and Blaine County and the City of Ketchum are experiencing a rise in the numbers of verified cases of COVID-19; and

WHEREAS, the emergency services and local healthcare facilities have limited capacity to handle a significant increase in COVID-19 confirmed cases in Blaine County; and

WHEREAS, the CDC recommends that people maintain social distancing and wear cloth face coverings in public settings, especially when other social distancing measures are difficult to maintain; and
WHEREAS, there is a continuing and urgent need to protect all residents, employees and visitors in the city of Ketchum from the risks relating to the COVID-19 pandemic through the protection provided by wearing facial coverings and practicing social distancing; and

WHEREAS, the Mayor and City Council find it necessary to enact additional regulations to strengthen guidelines, to slow the community spread, and to protect the health, safety, and welfare of individuals living, working and visiting the city of Ketchum; and

WHEREAS, this Public Health Emergency Order 2020-04 was considered and approved by the City Council in accordance with provisions of Ordinance 1212;

NOW, THEREFORE, the Mayor and City Council do hereby adopt the following regulations, which shall supersede and replace all prior Public Health Emergency Orders issued by the City of Ketchum, and which shall be in effect until rescinded, superseded or amended by the Mayor or City Council.

SECTION 1. FACE COVERINGS

Every person, shall, when in any indoor or outdoor public place, completely cover their nose and mouth when members of the public are physically present for otherwise unprotected social interaction.

1. DEFINITIONS: For purposes of this Public Health Emergency Order “public place” shall mean any place open to all members of public without specific invitation, including but not necessarily limited to, retail business establishments, government offices, medical, educational, arts and recreational institutions, public transportation, including taxi cabs and ridesharing vehicles. “Members of the public” shall mean persons not therein employed, present without invitation.

2. EXEMPTIONS:

a. Children under the age of 5.

b. Persons who cannot medically tolerate wearing a face covering. A person is not required to provide documentation demonstrating that the person cannot medically tolerate wearing a face covering.

c. Persons who are hearing impaired, or communicating with a person who is hearing impaired, where the ability to see the mouth is essential for communication.

d. Persons, including on-duty law-enforcement officers, for whom wearing a face covering would create a risk to the person related to their work, as determined by local, state, or federal regulators or workplace safety guidelines.
e. Persons who are obtaining a service involving the nose, face, or head for which temporary removal of the face covering is necessary to perform the service.

f. Persons who are eating or drinking at a restaurant or other establishment that offers food or beverage service, so long as the person is able to maintain a distance of 6 feet away from persons who are not members of the same household or party as the person.

g. Outdoor public places where people can employ social distancing as recommended by CDC.

SECTION 2. GROUP SIZE LIMITATIONS & SOCIAL DISTANCING MANDATE

All gatherings of non-household members shall maintain sixty-four (64) square feet of space per person in every indoor and outdoor space. No indoor gathering may exceed ten (10) persons, and no outdoor gathering may exceed fifty (50) persons, which limitations shall apply to all public and private property, private residences, business establishments of any and all type, unless herein below exempted.

1. DEFINITIONS: For purposes of this Public Health Order, “indoor” space shall mean any roofed space with two or more walls or impermeable vertical barriers preventing natural airflow and/or confining natural movement of air through said space, whether public or private. Rooms within a building, are separate “indoor” spaces. An ‘Outdoor” space is any other place, not an indoor space, that is owned by any single entity, public or private.

2. EXEMPTIONS:
   a. Schools and school property.
   b. Grocery stores.
   c. Healthcare facilities.
   d. Households with family units of more than ten (10) people that permanently reside together.
   e. Institutional facilities operated by government, taxing districts and/or genuine non-profit organizations.
   f. Any other private business, open to the public without specific invitation, that has adopted, implemented and posted written instructions at all entrances, and in other prominent public places, clearly visible throughout the business, COVID-19 mitigation strategies, enforced by the business, including at a minimum, provision of hand sanitizer or hand washing stations at all entrances and the ability to maintain 64 square feet of space per person in every indoor and outdoor space therein and on said premises.
   g. Businesses who have submitted a detailed plan, approved by the city, which demonstrates additional actions/measures utilizing CDC best practice mitigation measures for that specific industry.
SECTION 3. PENALTIES

Any person who violates any provision of this Order, shall be guilty of an infraction, punishable by a fine of $100.

SECTION 4. EFFECTIVE DATE AND SUNSET DATE

This Emergency Order shall take effect at 12:00 a.m., on October 20, 2020 and shall remain in effect until rescinded, superseded or amended by the Mayor or City Council.

Passed and approved by the Ketchum City Council on the 19th day of October 2020.

Katrin Sharp, Deputy City Clerk
Mayor Bradshaw and City Councilors:

Recommendation to hold a public hearing and approve the Lot Line Shift Preliminary Plat and Waiver Request to readjust the lot lines between two existing parcels, 131 Topaz Street and 151 Topaz Street

Recommendation and Summary
Staff recommends the City Council hold a public hearing and approve the Lot Line Shift Preliminary Plat and Waiver Request application by Galena Engineering, on behalf of Fritz Haemmerle and Reli Haemmerle, to reconfigure the lot lines between two existing parcels, 131 Topaz Street and 151 Topaz Street.

151 Topaz is a tax-lot 1.19 acres in size, contains a single-family residence (built 1951), and is an existing double-frontage lot with street frontage on both Topaz and Emerald Streets. 131 Topaz is Lot 1 of Shelby Dukes subdivision, is currently vacant, is 0.215 square feet in size and has frontage on Topaz Street only. The entirety of Topaz Street traverses the subject parcels, city right-of-way does not currently existing in this location. The majority of Emerald Street traverses the parcel addressed 151 Topaz, only a minimal length of city right-of-way (created and dedicated to the City with the platting of The Timbers condominiums) exists along the western portion of the parcel.

The Lot Line Shift action would reduce 151 Topaz to 0.76 acres in size and enlarge 131 Topaz to 0.43 acres in size. The proposed reconfiguration would also provide dedication of city right-of-way on both Topaz and Emerald Street for the entire lengths of both lots. However, the action as proposed would change 131 Topaz from a single-frontage lot into a double-frontage lot. The subdivision code prohibits the creation of new “double-frontage” lots and the property owners have requested a waiver from this standard.

City staff support granting the waiver request as part of this action because of the dedication of right-of-way to the city. See Figure 2 (next page) for the proposed right-of-way dedication. Additional analysis related to the waiver request is contained in Attachment D, Draft Findings of Fact, Conclusions of Law, and Decision.
Recommended motion: “I move to approve the Gem Street Subdivision Lot Line Shift Preliminary Plat and Waiver Request application, subject to conditions 1-7 contained in the draft Findings of Fact, Conclusions of Law, and Decision and to adopt the draft Findings as presented.”

The reasons for the recommendation are as follows:

- The request to subdivide meets all applicable standards for Lot Line Shift Preliminary Plats contained in Ketchum Municipal Code’s Subdivision (Title 16) and Zoning (Title 17) regulations.
- The Planning and Zoning Commission recommended approval of the Preliminary and Waiver Request at their September 15th, 2020 meeting.
- Reconfiguring 131 Topaz into a double-frontage lot allows for the property owner to accomplish the goal of creating a more suitable building envelope and allows the city to obtain right-of-way that will facilitate and improve city operations in the vicinity, such as snow plowing and snow storage.
- The property owners have agreed to impose additional easements on both parcels as a result of this readjustment of lot lines, including new 5’ wide snow storage easements along the street frontage of both parcels. Additionally, the property owners have agreed to enter into an indemnification agreement with the city prior to recording the Lot Line Shift Final Plat; the indemnification agreement will indemnify the city for any damages to existing fences which are located within the new easement areas being created.

Financial Impact
None at this time.

Submit completed application and payment to the Planning and Building Department, PO Box 2315, Ketchum, ID 83340 or hand deliver to Ketchum City Hall, 480 East Ave. N., Ketchum. If you have questions, please contact the Planning and Building Department at (208) 726-7801. To view the Development Standards, visit the City website at: www.ketchumidaho.org and click on Municipal Code.

### APPLICANT INFORMATION
- Name of Proposed Subdivision: Gem Street Subdivision
- Owner of Record: Fritz and Reil Haemmerle
- Address of Owner: PO Box 3154, Hailey, ID 83333
- Representative of Owner: Sean Flynn / Galena Engineering
- Legal Description: Tax Lot 8490 and Parcel 1, Shelby Dukes Line Shift
- Street Address: 131 and 151 Topaz Street

### SUBDIVISION INFORMATION
- Number of Lots/Parcels: 2
- Total Land Area: 81,264 sf
- Current Zoning District: LR
- Proposed Zoning District: LR
- Overlay District: None

### TYPE OF SUBDIVISION
- Condominium □
- Land □
- PUD □
- Townhouse □

Additional land in same ownership in acres or square feet: 10,881 sf

Easements to be dedicated on the final plat:
- A 15' City Row Dedication along Topaz Street, a 10' ROW Dedication along Emerald St, and 5' snow storage easements adjacent each street.

Briefly describe the improvements to be installed prior to final plat approval:
- Utility connections will be installed for Lot 1

### ADDITIONAL INFORMATION
- All lighting must be in compliance with the City of Ketchum’s Dark Sky Ordinance
- One (1) copy of Articles of Incorporation and By-Laws of Homeowners Associations and/or Condominium Declarations
- One (1) copy of current title report and owner’s recorded deed to the subject property
- One (1) copy of the preliminary plat
- All files should be submitted in an electronic format.

Applicant agrees in the event of a dispute concerning the interpretation or enforcement of the Subdivision Application in which the City of Ketchum is the prevailing party to pay reasonable attorney’s fees and costs, including fees and costs of appeal for the City of Ketchum. Applicant agrees to observe all City ordinances, laws and conditions imposed. Applicant agrees to defend, hold harmless and indemnify the City of Ketchum, city officials, agents and employees from and for any and all losses, claims, actions, judgments for damages, or injury to persons or property, and losses and expenses caused or incurred by Applicant, its servants, agents, employees, guests and business invitees and not caused by or arising out of the tortuous conduct of city or its officials, agents or employees. Applicant certifies that s/he has read and examined this application and that all information contained herein is true and correct.

Applicant Signature Date
Attachment B.
Preliminary Plat dated July 2020
Attachment C. 
Application for Waiver of Requirements dated August 5, 2020
APPLICATION FOR A WAIVER OF REQUIREMENTS

Name: Fritz & Reli Haemmerle

Phone No. (business): 208-578-0520 (home): ________________________________

Mailing Address: PO Box 3154, Hailey ID, 83333

Project Address: 131 and 151 Topaz Street

Legal Description: Tax Lot 8490 and Parcel 1, Shelby Dukes Line Shift

Zoning Designation: LR

Overlay District: Flood ___ Avalanche ___ Pedestrian ___ Mountain ___

Please state with particularity the matters the applicant seeks waiver or deferral:

16.04.040.F.5, which does not allow for double frontage lots

Please state how the waiver or deferral would not be detrimental to the public welfare, health and safety nor injurious to property owners in the immediate area.

The waiver is being requested given the existing conditions and the need to dedicate sufficient right of way to the City and provide snow storage, along with being able to have a suitable building envelope. It is not anticipated that this waiver will be detrimental to the public welfare, health and safety, nor be injurious to property owners in the immediate area.

REPRESENTATIVE: Sean Flynn, P.E., Galena Engineering 
OWNER: Fritz Haemmerle and Reli Haemmerle 
REQUEST: Preliminary Plat Lot Line Shift to reconfigure two existing lots and waiver request to allow the creation of a new double-frontage lot 
ASSOCIATED PERMITS: P20-074 (Waiver Request) 
LOCATION: 131 Topaz Street (Lot 1, Shelby Dukes Subdivision) and 151 Topaz Street (FR SE SW Tl 8490) 
ZONING: Limited Residential (LR) 
OVERLAY: None 

NOTICE: A public hearing was held with the Ketchum City Council on October 19th, 2020; Notice was mailed to properties within a 300 ft radius of the subject property and all political subdivisions on September 30th, 2020. Notice was published in the September 30th, 2020 edition of the Idaho Mountain Express.

FINDINGS OF FACT

1. On October 19th, 2020, the Ketchum City Council considered the readjustment of lot lines and waiver request during a public hearing and approved the applications.

2. The subject properties are located in the Limited Residential (LR) zoning district.

3. The proposed readjusted lots will meet all required zoning and dimensional standards. The waiver request to allow proposed Lot 1, Gem Street Subdivision, to become a double-frontage lot is warranted due Findings of Fact detailed in Tables 3 and 4. Proposed Lot 2, Gem Street Subdivision, is an existing double-frontage lot.

Findings

The applicant requested the waiver in writing, see Application for a Waiver of Requirements, dated August 5, 2020, in project file. This application was given a separate application number, P20-074.

The waiver request is to allow an existing single-frontage lot, addressed 131 Topaz Street, to become a double-frontage lot via the readjustment of lot lines action. Granting the waiver will allow the lot to have a depth of 139.93’ after 10’ of right-of-way is dedicated along the northern portion of the parcel and 15’ of right-of-way is dedicated along the southern portion of the parcel.

The LR zoning district requires a 15’ front setback and a 20’ rear setback. If the approximately 140’ deep lot were split in equal halves, the result would be two lots with 70’ of depth; after required setbacks are accounted for (15’ front + 20’ rear), the available building envelope would be only 35’ in depth on each lot. By creating one lot instead of two lots the city can gain dedication of significant right-of-way and the property owner gains a more functional building envelope.

The waiver request is not detrimental to the public welfare, health or safety and is not injurious to property owners in the immediate area.

An application for the waiver request (P20-074) was submitted concurrently with the Lot Line Shift Preliminary Plat application. The submittal materials are of sufficient detail to illustrate the relief sought.

|   |   | Findings | N/A – no canals or drainage easements are present. No grading will occur with this development action, no changes to site drainage is proposed. |
|   |   | 16.04.030. J.15 | Vicinity map drawn to approximate scale showing the location of the proposed subdivision in reference to existing and/or proposed arterials |
|   |   | Findings | Vicinity map included in the project file. |
|   |   | 16.04.030. J.16 | The boundaries of the floodplain, floodway and avalanche overlay district shall also be clearly delineated and marked on the preliminary plat or a note provided if the entire project is in the floodplain, floodway or avalanche overlay district. |
|   |   | Findings | N/A |
| X | ☐ | ☐ | 16.04.030. J.17 | Building envelopes shall be shown on each lot, all or part of which is within a floodway, floodplain, or avalanche zone; or any lot that is adjacent to the Big Wood River, Trail Creek, or Warm Springs Creek; or any lot, a portion of which has a slope of twenty five percent (25%) or greater; or upon any lot which will be created adjacent to the intersection of two (2) or more streets. | Findings | N/A |
| ☐ | ☐ | ☐ | 16.04.030. J.18 | Lot area of each lot. | Findings | Present |
| ☐ | ☐ | ☐ | 16.04.030. J.19 | Existing mature trees and established shrub masses. | Findings | An exhibit with an aerial photo showing trees and shrubs was provided with the prior application and copied to this project file. |
| ☐ | ☐ | ☐ | 16.04.030. J.20 | To be provided to Administrator: | Findings | Subdivision name is unique. |
| ☐ | ☐ | ☐ | 16.04.030. J.21 | All percolation tests and/or exploratory pit excavations required by state health authorities. | Findings | NA |
| ☐ | ☐ | ☐ | 16.04.030. J.22 | A copy of the provisions of the articles of incorporation and bylaws of homeowners' association and/or condominium declarations to be filed with the final plat of the subdivision. | Findings | N/A, this action is a Lot Line Adjustment between two existing lots. |
| ☐ | ☐ | ☐ | 16.04.030. J.23 | A current title report shall be provided at the time that the preliminary plat is filed with the administrator, together with a copy of the owner's recorded deed to such property. | Findings | Provided and included in project file. |
| ☐ | ☐ | ☐ | 16.04.030. J.24 | A digital copy of the preliminary plat shall be filed with the administrator. | Findings | Provided and included in project file. |
|   |   | X | 16.04.040.A | Required Improvements: The improvements set forth in this section shall be shown on the preliminary plat and installed prior to approval of the final plat. 

Construction design plans shall be submitted and approved by the city engineer. 

All such improvements shall be in accordance with the comprehensive plan and constructed in compliance with construction standard specifications adopted by the city. 

Existing natural features which enhance the attractiveness of the subdivision and community, such as mature trees, watercourses, rock outcroppings, established shrub masses and historic areas, shall be preserved through design of the subdivision. 

Findings | No improvements are required as this action is a Readjustment of Lot Lines between two existing lots. |
|   |   |   | 16.04.040.B | Improvement Plans: Prior to approval of final plat by the commission, the subdivider shall file two (2) copies with the city engineer, and the city engineer shall approve construction plans for all improvements required in the proposed subdivision. Such plans shall be prepared by a civil engineer licensed in the state. 

Findings | N/A |
|   |   | X | 16.04.040.C | Prior to final plat approval, the subdivider shall have previously constructed all required improvements and secured a certificate of completion from the city engineer. However, in cases where the required improvements cannot be constructed due to weather conditions or other factors beyond the control of the subdivider, the city council may accept, in lieu of any or all of the required improvements, a performance bond filed with the city clerk to ensure actual construction of the required improvements as submitted and approved. Such performance bond shall be issued in an amount not less than one hundred fifty percent (150%) of the estimated costs of improvements as determined by the city engineer. In the event the improvements are not constructed within the time allowed by the city council (which shall be one year or less, depending upon the individual circumstances), the council may order the improvements installed at the expense of the subdivider and the surety. In the event the cost of installing the required improvements exceeds the amount of the bond, the subdivider shall be liable to the city for additional costs. The amount that the cost of installing the required improvements exceeds the amount of the performance bond shall automatically become a lien upon any and all property within the subdivision owned by the owner and/or subdivider. 

Findings | N/A |

|   |   | X | **16.04.040.E** | Monumentation: Following completion of construction of the required improvements and prior to certification of completion by the city engineer, certain land survey monuments shall be reset or verified by the subdivider's engineer or surveyor to still be in place. These monuments shall have the size, shape, and type of material as shown on the subdivision plat. The monuments shall be located as follows:

1. All angle points in the exterior boundary of the plat.
2. All street intersections, points within and adjacent to the final plat.
3. All street corner lines ending at boundary line of final plat.
4. All angle points and points of curves on all streets.
5. The point of beginning of the subdivision plat description. |
|   |   |   | Findings | N/A |

Findings N/A
Lot Requirements:

1. Lot size, width, depth, shape and orientation and minimum building setback lines shall be in compliance with the zoning district in which the property is located and compatible with the location of the subdivision and the type of development, and preserve solar access to adjacent properties and buildings.

2. Whenever a proposed subdivision contains lot(s), in whole or in part, within the floodplain, or which contains land with a slope in excess of twenty five percent (25%), based upon natural contours, or creates corner lots at the intersection of two (2) or more streets, building envelopes shall be shown for the lot(s) so affected on the preliminary and final plats. The building envelopes shall be located in a manner designed to promote harmonious development of structures, minimize congestion of structures, and provide open space and solar access for each lot and structure. Also, building envelopes shall be located to promote access to the lots and maintenance of public utilities, to minimize cut and fill for roads and building foundations, and minimize adverse impact upon environment, watercourses and topographical features. Structures may only be built on buildable lots. Lots shall only be created that meet the definition of "lot, buildable" in section 16.04.020 of this chapter. Building envelopes shall be established outside of hillsides of twenty five percent (25%) and greater and outside of the floodway. A waiver to this standard may only be considered for the following:
   a. For lot line shifts of parcels that are entirely within slopes of twenty five percent (25%) or greater to create a reasonable building envelope, and mountain overlay design review standards and all other city requirements are met.
   b. For small, isolated pockets of twenty five percent (25%) or greater that are found to be in compliance with the purposes and standards of the mountain overlay district and this section.

3. Corner lots outside of the original Ketchum Townsite shall have a property line curve or corner of a minimum radius of twenty five feet (25') unless a longer radius is required to serve an existing or future use.

4. Side lot lines shall be within twenty degrees (20") to a right angle or radial line to the street line.

5. Double frontage lots shall not be created. A planting strip shall be provided along the boundary line of lots adjacent to arterial streets or incompatible zoning districts.

6. Every lot in a subdivision shall have a minimum of twenty feet (20') of frontage on a dedicated public street or legal access via an easement of twenty feet (20') or greater in width. Easement shall be recorded in the office of the Blaine County recorder prior to or in conjunction with recordation of the final plat.
Findings

Re: #5, 151 Topaz is an existing, non-conforming double-frontage lot. This Readjustment of Lot Lines would create an additional double frontage lot (131 Topaz), which is not permitted. However, the applicant has submitted a Waiver Request consistent with the requirements of Title 16 to request a waiver from this standard. The Commission recommended approval of the waiver request.

#2, 3, 4 are N/A.

Standards #1, and #6 have been met.

☐ ☐ X 16.04.040.G 6. Block Requirements: The length, width and shape of blocks within a proposed subdivision shall conform to the following requirements:

1. No block shall be longer than one thousand two hundred feet (1,200'), nor less than four hundred feet (400') between the street intersections, and shall have sufficient depth to provide for two (2) tiers of lots.

2. Blocks shall be laid out in such a manner as to comply with the lot requirements.

3. The layout of blocks shall take into consideration the natural topography of the land to promote access within the subdivision and minimize cuts and fills for roads and minimize adverse impact on environment, watercourses and topographical features.

4. Except in the original Ketchum Townsite, corner lots shall contain a building envelope outside of a seventy five foot (75') radius from the intersection of the streets.

Findings

No new blocks are being created. NA.

☐ ☐ X 16.04.040.H.1 H. Street Improvement Requirements:

1. The arrangement, character, extent, width, grade and location of all streets put in the proposed subdivision shall conform to the comprehensive plan and shall be considered in their relation to existing and planned streets, topography, public convenience and safety, and the proposed uses of the land;

Findings

No new streets are proposed. NA.

☐ ☐ X 16.04.040.H.2 2. All streets shall be constructed to meet or exceed the criteria and standards set forth in chapter 12.04 of this code, and all other applicable ordinances, resolutions or regulations of the city or any other governmental entity having jurisdiction, now existing or adopted, amended or codified;

Findings

No new streets are proposed, only dedicated on right-of-way.

☐ ☐ X 16.04.040.H.3 3. Where a subdivision abuts or contains an existing or proposed arterial street, railroad or limited access highway right of way, the council may require a frontage street, planting strip, or similar design features;

Findings

NA. the subdivision does not contain an existing or propose a new arterial street, railroad, or limited access highway.

☐ ☐ X 16.04.040.H.4 4. Streets may be required to provide access to adjoining lands and provide proper traffic circulation through existing or future neighborhoods;

</table>
N. Cuts, Fills, And Grading Improvements: Proposed subdivisions shall be carefully planned to be compatible with natural topography, soil conditions, geology and hydrology of the site, as well as to minimize cuts, fills, alterations of topography, streams, drainage channels, and disruption of soils and vegetation. The design criteria shall include the following:

1. A preliminary soil report prepared by a qualified engineer may be required by the commission and/or Council as part of the preliminary plat application.

Findings Item #1, soil report, not required by staff as area is already platted and this is a small-scale readjustment of lot lines.

2. Preliminary grading plan prepared by a civil engineer shall be submitted as part of all preliminary plat applications. Such plan shall contain the following information:
   a. Proposed contours at a maximum of five foot (5’) contour intervals.
   b. Cut and fill banks in pad elevations.
   c. Drainage patterns.
   d. Areas where trees and/or natural vegetation will be preserved.
   e. Location of all street and utility improvements including driveways to building envelopes.
   f. Any other information which may reasonably be required by the Administrator, commission or Council to adequately review the affect of the proposed improvements.

Findings N/A, no grading will occur. This is a readjustment of lot lines for existing lots.

3. Grading shall be designed to blend with natural landforms and to minimize the necessity of padding or terracing of building sites, excavation for foundations, and minimize the necessity of cuts and fills for streets and driveways.

Findings N/A, no grading will occur. This is a readjustment of lot lines for existing lots.

4. Areas within a subdivision which are not well suited for development because of existing soil conditions, steepness of slope, geology or hydrology shall be allocated for open space for the benefit of future property owners within the subdivision.

Findings NA

5. Where existing soils and vegetation are disrupted by subdivision development, provision shall be made by the subdivider for revegetation of disturbed areas with perennial vegetation sufficient to stabilize the soil upon completion of the construction. Until such times as such revegetation has been installed and established, the subdivider shall maintain and protect all disturbed surfaces from erosion.

Findings No disturbance will occur. This action is a readjustment of lot lines for existing lots.
6. Where cuts, fills, or other excavations are necessary, the following development standards shall apply:

   a. Fill areas shall be prepared by removing all organic material detrimental to proper compaction for soil stability.

   b. Fills shall be compacted to at least ninety five percent (95%) of maximum density as determined by AASHO T99 (American Association of State Highway Officials) and ASTM D698 (American Standard Testing Methods).

Findings

No disturbance will occur. This action is a readjustment of lot lines for existing lots.

O. Drainage Improvements: The subdivider shall submit with the preliminary plat application such maps, profiles, and other data prepared by an engineer to indicate the proper drainage of the surface water to natural drainage courses or storm drains, existing or proposed. The location and width of the natural drainage courses shall be shown as an easement common to all owners within the subdivision and the City on the preliminary and final plat. All natural drainage courses shall be left undisturbed or be improved in a manner that will increase the operating efficiency of the channel without overloading its capacity. An adequate storm and surface drainage system shall be a required improvement in all subdivisions and shall be installed by the subdivider. Culverts shall be required where all water or drainage courses intersect with streets, driveways or improved public easements and shall extend across and under the entire improved width including shoulders.

Findings

There are no culverts or drainage improvements in the vicinity.

P. Utilities: In addition to the terms mentioned in this section, all utilities including, but not limited to, electricity, natural gas, telephone and cable services shall be installed underground as a required improvement by the subdivider. Adequate provision for expansion of such services within the subdivision or to adjacent lands including installation of conduit pipe across and underneath streets shall be installed by the subdivider prior to construction of street improvements.

Findings

N/A – extension of utilities is not required as this is a readjustment of lot lines between existing lots.

Q. Off Site Improvements: Where the off site impact of a proposed subdivision is found by the commission or Council to create substantial additional traffic, improvements to alleviate that impact may be required of the subdivider prior to final plat approval, including, but not limited to, bridges, intersections, roads, traffic control devices, water mains and facilities, and sewer mains and facilities.

Findings

N/A
R. Avalanche And Mountain Overlay: All improvements and plats (land, planned unit development, townhouse, condominium) created pursuant to this chapter shall comply with City of Ketchum Avalanche Zone District and Mountain Overlay Zoning District requirements as set forth in Title 17 of this Code.

Findings
N/A property is not in Avalanche or Mountain Overlay.

S. Existing natural features which enhance the attractiveness of the subdivision and community, such as mature trees, watercourses, rock outcroppings, established shrub masses and historic areas, shall be preserved through design of the subdivision.

Findings
N/A

CONCLUSIONS OF LAW

1. The City of Ketchum is a municipal corporation organized under Article XII of the Idaho Constitution and the laws of the State of Idaho, Title 50, Idaho Code.

2. Under Chapter 65, Title 67, of the Idaho Code the City has passed a subdivision ordinance, Title 16.

3. The Council has authority to review and approve of the applicant’s Lot Line Shift Preliminary Plat with waiver request pursuant to Chapter 16.04 of Ketchum Code Title 16.

4. The project does meet the standards of approval under Chapter 16.04 of Subdivision Code Title 16.

DECISION

THEREFORE, the Ketchum City Council approves this Preliminary Plat application this Monday, October 19th, 2020 subject to the following conditions:

1. An indemnification agreement, indemnifying the city for damages to the existing fences located on both lots, shall be recorded prior to recording the Final Plat and the instrument number for the Agreement shall be indicated on the Final Plat; and

2. In accordance with Ketchum Municipal Code 17.132.010.C.1, existing non-compliant exterior lighting fixtures shall be brought into conformance with the Dark Sky ordinance prior to recordation of the Final Plat; and

3. The recorded plat shall show a minimum of two Blaine County Survey Control Monuments with ties to the property and an inverse between the two monuments. The Survey Control Monuments shall be clearly identified on the face of the map; and

4. An electronic CAD file shall be submitted to the City of Ketchum prior to final plat signature by the City Clerk. The electronic CAD file shall be submitted to the Blaine County Recorder’s office concurrent with the recording of the Plat containing the following minimum data:

   a. Line work delineating all parcels and roadways on a CAD layer/level designated as “parcel”;
b. Line work delineating all roadway centerlines on a CAD layer/level designated as “road”; and

c. Line work that reflects the ties and inverses for the Survey Control Monuments shown on the face of the Plat shall be shown on a CAD layer/level designated as “control”; and

5. All information within the electronic file shall be oriented and scaled to Grid per the Idaho State Plane Coordinate System, Central Zone, NAD1983 (1992), U.S. Survey Feet, using the Blaine County Survey Control Network. Electronic CAD files shall be submitted in a “.dwg”, “.dgn” or “.shp” format and shall be submitted digitally to the City on a compact disc. When the endpoints of the lines submitted are indicated as coincidental with another line, the CAD line endpoints shall be separated by no greater than 0.0001 drawing units; and

6. The applicant shall provide a copy of the recorded final plat to the Department of Planning and Building for the official file on the application;

7. Failure to record a Final Plat within two (2) years of Council’s approval of a Preliminary Plat shall cause the Preliminary Plat to be null and void.

Findings of Fact adopted this 19th day of October, 2020.

Neil Bradshaw, Mayor, City of Ketchum

______________________________
Katrin Sharp, City Clerk
October 19, 2020

Mayor Bradshaw and City Councilors
City of Ketchum
Ketchum, Idaho

Mayor Bradshaw and City Councilors:

Recommendation To Consider Emergency Ordinance 1213

Recommendation and Summary
Staff is recommending council consideration of emergency Ordinance 1213 and if supportive, adoption of the following motions:

- I move to waive the first and second reading of Emergency Ordinance 1213
- I move to adopt Emergency Ordinance 1213 and read by title only

The reasons for the recommendation are as follows:

- Historic or culturally significant structures identified in the 2005 Archaeological and Historic Survey Report for Ketchum (Survey) and the 2006 Ketchum Historic Preservation Commission Recommended Heritage Sites (Heritage Site List) are currently threatened with demolition.
- Development inquires have occurred on multiple properties identified on the Survey and Heritage Site List.
- Properties with historic or culturally significant structures identified on the Survey and Heritage Site List have recently sold and new owners may not be aware of the significance of the existing structure.
- The Planning and Zoning Commission identified an immediate need to prepare a list of significant structures that embody the history and character of Ketchum and establish measures to protect such structures before they are lost.
- Demolition permits submitted before October 15, 2020 will not be impacted by the proposed ordinance.

Introduction and History
Recently, the Planning and Building Department has handled multiple development inquires, and the Planning and Zoning Commission has reviewed several development projects, on properties identified as historic or culturally significant in Ketchum. Currently, Ketchum Municipal Code Section 15.16.040 sets forth the process for demolition of a building or structure that is fifty (50) years of age or older or a building or structure that has been documented in the city of Ketchum windshield survey of historic properties dated August 2005, by Walsworth And Associates and subsequent amendments, revisions, and updates. The process does not prevent the demolition of a historic structure. A historic structure may be demolished provided a 60-day demolition waiting period occurs that includes:

- A notice of intent to demolish is published in the newspaper, the demolition notice is posted on the site and all property owners within 300 feet of the property are noticed of the demolition.
A demolition permit may be issued at the end of the 60-day notice period or upon execution of a signed agreement to move the building to another site.

Staff is requesting Council consideration of an emergency ordinance to pause major alteration or demolition of historical or culturally significant structures for 182 days. During this period the City Council, Planning and Zoning Commission and staff would facilitate community input, update 2005 Archaeological and Historic Survey Report inventory and consider measures to protect historic and culturally significant structures in Ketchum. Consideration will be given to restoring the Ketchum Historic Preservation Commission as identified in Chapter 4.08 of the Ketchum Municipal Code.

Historic preservation has been a topic within Ketchum for over 30 years. In 1989, the City Council adopted Ordinance 511 that provided for the identification and preservation of historic sites in Ketchum, the establishment of the Ketchum Historic Preservation Commission (HPC) and their duties and responsibilities. Originally, the Commission consisted of five members and was increased to six members through Ordinance 512. Ketchum Municipal Code Chapter 4.08 sets forth the current membership for the HPC (seven members) and the powers, duties, and responsibilities. It is unclear when the HPC was disbanded. Based on city files it appears the HPC no longer existed after 2007/08.

During the period when the HPC was active, the Commission prepared the 2005 Archaeological and Historic Survey Report (Attachment B) for the city of Ketchum and surrounding area and in 2006, the Commission identified sites contained in the Survey in addition to other sites as Recommended Heritage Sites (Attachment C). Ketchum also obtained the status of a Certified Local Government (CLG), and to date, retains that designation. A CLG is defined by the Idaho State Historic Preservation Office as:

“Certified Local Government (CLG) communities are those that shown a commitment to historic preservation. They have done this by adopting a local ordinance and creating a historic preservation commission. The program is a dynamic partnership between local governments, the Idaho State Historic Preservation Office (SHPO), and the National Park Service (NPS). It assists local communities in preserving their unique historic character. The Certified Local Government program also provides technical assistance and small grants to local governments. Most importantly, communities use the grants to preserve their historic resources for future generations. The CLG program gives local communities a more active level of participation in the National Register of Historic Places program and a greater say in any federally funded projects in their area.”

The 2014 Comprehensive Plan identifies 10 core values for Ketchum and the #3 value is Community Character Preservation. The Plan includes a vision to “Protect and support our architectural heritage through appropriate historic preservation standards and guidelines.” Policy CD-1.2 of the Plan states, “Individual buildings and sites of historical, architectural, archaeological, or cultural significance should be identified and considered for protection. The City should encourage the private sector to preserve and rehabilitate buildings and sites through local landmark designation, public improvements, guidelines, and other tools.”

During the summer, the Planning and Zoning Commission reviewed several projects that included demolition of culturally significant structures. The Commission expressed concern about the pace of demolition and the loss of community character and requested a discussion on the issue. On October 13th the Commission had a robust discussion about the loss of cultural and historic structures in Ketchum and the need to take immediate action. The Commission expressed the following:

- The city is at a crossroads and if action is not taken now, Ketchum will lose its character and connection to its history.
- There is a need to identify significant structures and establish measures to protect them.
- Outreach that includes the City Council, Planning and Zoning Commission and the community should occur to identify the significant structures and develop protection measures.
Analysis
Presented for Council consideration is an emergency ordinance (Attachment A) to pause, for a period of 182 days, the demolition and significant exterior modifications to structures within the Community Core Zoning District (CC) that are identified as historically and culturally significant in the 2005 Archaeological and Historic Survey Report and the 2006 Ketchum Historic Preservation Commission Recommended Heritage Sites. A list of those sites is included in Attachment B to the proposed emergency ordinance. The 2005 and 2006 lists consisted of 96 sites. Based on a recent survey, 16 structures have been demolished or significantly altered since the lists were prepared in 2005 and 2006 leaving 82 remaining properties.

As proposed, any application filed on or after October 15, 2020 for a planning, building or demolition permit for a property on the list would be subject to the emergency ordinance. Dangerous building conditions that imperil the health or safety of the public, as determined by the Building Official and the Director of Planning and Building, would be exempt from the ordinance.

During the 182 period, the city will undertake a community process to update the 2005 Survey, and engage the community, City Council and the Planning and Zoning Commission in a process to identify options such as historic designations for buildings that prohibit demolition, limitations on exterior remodels while permitting interior remodels, relocation of buildings, and other options that would provide protections for historic and culturally significant structures in Ketchum.

Sustainability
Historic preservation and sustainability are linked together. Preservation and reuse of historic buildings reduces resource and material consumption, puts less waste in landfills, and consumes less energy than demolishing buildings and constructing new ones.

Financial Impact
There is no financial impact associated with the adoption of the proposed ordinance. Funding will be required to update the 2005 Survey and identify preservation options and potentially retain a consultant to assist with development of options and an ordinance.

Attachment C: 2006 Ketchum Historic Preservation Commission Recommended Heritage Sites
ORDINANCE 1213

AN EMERGENCY ORDIANCE OF THE CITY OF KETCHUM, BLAINE COUNTY, IDAHO FINDING AN IMMINENT PERIL TO THE PUBLIC HEALTH, SAFETY, OR WELFARE EXISTS REQUIRING ADOPTION OF AN EMERGENCY MORATORIUM PURSUANT TO IDAHO CODE SECTION 67-6523 TO PROHIBIT THE ACCEPTANCE OR ISSUANCE OF ANY PLANNING, BUILDING AND DEMOLITION PERMIT APPLICATION OR PERMIT FOR THE DEMOLITION, REMOVAL OR SIGNIFICANT ALTERATION OF HISTORICAL AND CULTURALLY SIGNIFICANT BUILDING IN THE COMMUNITY CORE (CC) ZONING DISTRICT; PROVIDING FOR PUBLICATION BY SUMMARY; PROVIDING A SAVINGS AND SEVERABILITY CLAUSE; PROVIDING A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE AND A SUNSET DATE.

WHEREAS, Idaho Code Section 67-6523 authorizes local jurisdictions to enact emergency ordinances and adopt moratoria when the local governing board finds imminent peril to the public health, safety, or welfare; and

WHEREAS, Idaho Code Section 67-4601 states, in pertinent part, “the legislature of this state has determined that the historical, archaeological, architectural and cultural heritage of the state is among the most important environmental assets of the state and furthermore that the rapid social and economic development of contemporary society threatens to destroy the remaining vestiges of this heritage, it is hereby declared to be the public policy and in the public interest of this state to engage in a comprehensive program of historic preservation, undertaken at all levels of the government of this state and its political subdivisions, to promote the use and conservation of such property for the education, inspiration, pleasure and enrichment of the citizens of this state.”; and

WHEREAS, the city of Ketchum (“City”) conducted an Archaeological and Historic Survey Report in 2005 that identified 241 potential historically significant structures in Ketchum including 80 structures in the Community Core (CC); and

WHEREAS, since the 2005 Survey Report was prepared 16 structures in the community core have been demolished; and

WHEREAS, the 2005 Survey Report and the 2006 Historic Preservation Commission Recommended Heritage Sites identified 96 properties in the Community Core District as historically and culturally significant; and

WHEREAS, none of the historical and culturally significant buildings within the Community Core are subject to local historic protections, therefore any of the buildings could be demolished or removed at any time; and

WHEREAS, demolition of historical and culturally significant structures in the Community Core would occur before the City could begin the process to preserve the significant structures in the Community Core; and
WHEREAS, the imminent threat to historical and culturally significant structures in the Community Core and the loss of important historical and cultural assets, necessitates the immediate imposition of a moratorium on the demolition, removal, or significant alteration of buildings within the Community Core District, as identified by the map attached hereto as Exhibit A and more particularly described in Exhibit B; and

WHEREAS, the moratorium is temporary in nature and shall expire one hundred and eighty-two (182) days after the adoption of this emergency ordinance; and

WHEREAS, during the pendency of this ordinance, the City will begin a public process to explore the development and creation of a historic preservation ordinance.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF KETCHUM, IDAHO:

Section 1. There shall now be a moratorium upon the acceptance or issuance of any planning, building, or demolition permit filed on or after October 15, 2020 for the demolition or moving of buildings under Ketchum Municipal Code for the buildings within the area depicted by Exhibit A and more particularly described in Exhibit B.

Section 2. There shall now be a moratorium upon the acceptance or issuance of any planning, building, or demolition permit filed on or after October 15, 2020 that would result in the significant alteration of the exterior of a building under Ketchum Municipal Code for the buildings within the area depicted by Exhibit A and more particularly described in Exhibit B.

Section 3. This moratorium shall not apply to dangerous building conditions that would imperil the health or safety of the public as determined by the Building Official and the Director of Planning and Building.

Section 4. Findings:

a. The above “WHEREAS” clauses are adopted as findings and incorporated into this ordinance;

b. This ordinance is necessary to protect the general welfare of the citizens of the city of Ketchum from the loss of significant historical and cultural assets within the Community Core;

c. The historical, cultural, and architectural integrity of the Community Core depicted in Exhibit A and more particularly described in Exhibit B serves the general welfare of the citizens of the city of Ketchum;

d. The historical, cultural, and architectural integrity of the Community Core depicted by Exhibit A and more particularly described in Exhibit B is imminently imperiled by the expressed intention of several property owners to demolish structures described in Exhibit B;
There are currently no protections in place to preserve the buildings in the Community Core. As such, demolition or removal would occur without sufficient time for the city of Ketchum to initiate planning functions authorized under the Idaho Local Land Use Planning Act;

Negative, long term impacts would occur to the general welfare of the public if the buildings depicted within Exhibit A and more particularly described in Exhibit B, are destroyed or removed.

Section 5. This ordinance establishing a moratorium shall be in full force and effect from and after its passage and approval, and shall remain in effect for a period not to exceed one hundred eighty-two (182) days from its effective date, pursuant to Idaho Code Section 67-6523 and Boise City Code Section 11-02-02.3.B.

Section 6. The notice requirement generally applicable to ordinances that requires three (3) readings is neither practical nor necessary, in light of the nature of this ordinance, and pursuant to Idaho Code Section 67-6523.

Section 7. Pursuant to the affirmative vote of one-half (1/2) plus one (1) of the members of the City Council, the rule requiring two (2) separate readings by title and one (1) reading in full be, and the same is hereby, dispensed with, and accordingly, this ordinance shall be in full force and effect immediately upon its passage and approval.

PASSED BY THE CITY COUNCIL and APPROVED by the MAYOR OF KETCHUM IDAHO, on this 19th day of October 2020.

APPROVED:

_______________________
Neil Bradshaw, Mayor

**A. KEY INFORMATION**

1. **Project Name:** 2005 Ketchum Reconnaissance Survey  
2. **Report No.:** TBA  
3. **Associated Agencies:** Idaho SHPO, City of Ketchum for CLG Grant  
4. **Author of Report:** Claudia Taylor Walsworth, M.A.  
5. **Date of Report:** August 2005  
6. **County:** Blaine  
7. **Legal Description:** Township 4 North, Range 17 East, Sections 11, 12, 13; Township 4 North, Range 18 East, Sections 18, 19, 30 of the Boise Base Meridian.

**B. PROJECT DESCRIPTION**

The City of Ketchum retained Walsworth and Associates to conduct a windshield or reconnaissance survey of the city of Ketchum as part of the Idaho State Historic Preservation Office’s (SHPO) Certified Local Government (CLG) Program. Limited survey information exists on historic properties within the City of Ketchum. The goal of the reconnaissance survey was to make field determinations on existing sites, buildings, structures, features, and objects that were built within the past 50 years that are either potentially eligible to the National Register of Historic Places (NRHP), have local historical significance or interpretive potential. The survey focused on historic commercial, residential, industrial, agricultural, and recreational properties built or used between 1880 and 1956.

A secondary goal of the survey was to identify historic properties recorded during the 1990 CLG Reconnaissance Survey that have been moved, obliterated or are slated for demolition. As part of the inventory process, historic properties within the City of Ketchum’s Impact Zones were also included such as McHanville, Adams Gulch, Warm Springs Ranch, and western portions of Sun Valley Road. At the request of the Idaho SHPO, Walsworth and Associates also gathered information on properties potentially eligible to the NRHP in the near future, from 2006 to 2010.

The products from the 2005 reconnaissance survey will be used to identify historic areas for thematic or multiple properties documentation (MPD), to identify historic properties for future NRHP nominations, and to recommend other properties for preservation goals or public educational forums. It has been suggested at recent meetings of the Ketchum Historic Preservation Commission (KHPC) that data generated from the 2005 reconnaissance survey will be used to plan and develop incentive programs to garner support for historic preservation. Currently in the discussion phase are a revised demolition ordinance to allow public input and expand an existing transfer of development rights (TDR) to allow owners of historic buildings to sell off development rights to the property by allowing the buyer to construct taller structures elsewhere within the City’s community core district.
C. STATEMENT OF OBJECTIVES FOR SURVEY

1. Research Design

As part of the CLG program, a windshield or reconnaissance survey of historic properties including sites, buildings, features, and objects will be performed during the early summer of 2005. The survey will become a planning tool for local historic preservation efforts and data generated from the survey will be used to assist in developing strategies for achieving historic preservation goals within the community.

The survey is planned in accordance with standards for conducting local surveys using the National Park Service (NPS) and Idaho State Historic Preservation Office (SHPO) guidelines. Historic properties will be assessed in terms of their national significance using National Register of Historic Places (NRHP) criteria established for eligibility. The criteria used in general terms are: (A) properties that are associated with events that have made a significant contribution to the broad patterns of history; (B) properties that are associated with the lives of person’s significant to our past; (C) properties that embody distinctive characteristics of a type, period, or exhibit methods of construction, or represent the work of a master, possesses high artistic values, or represent a significant and distinguished entity whose components may lack individual merit; and (D) properties that have the potential to yield or are likely to yield information important to our Nation’s prehistory or history.

In addition, the survey addresses properties that meet the age criteria and have local relevance to the community’s historical development. In broad terms, the survey will improve the existing body of knowledge pertaining to history of Ketchum and will provide an overview of the chronology, patterns of settlement, and areas of commercial, industrial, agricultural, and recreational development in Ketchum from the period 1880 to 1956. Data generated from the survey will also exemplify what properties represent each era of development including Ketchum as an early 1880’s mining camp, as a 1900 to 1930 rural village, or a mid 1930’s to early 1960’s recreational resort/tourist destination.

The research goals are as follows:

- Search for historical properties related to community development including settlement, agricultural, industry, recreation, and commerce/trade

- Identify historical sites, buildings, structures, features, and objects that relate to the above themes
• Document historical properties by noting location, setting, landscape features, or streetscape; past/current use; past/current ownership; architectural style, method of construction, size, significant elements, landscape features, and changes to property over time

• Evaluate historical properties for the NRHP

• Compare potentially eligible properties to others in similar setting, theme, architecture, method of construction, or other factors that portray a historic district, a conservation area, or historic design review sector

• Determine historical community boundaries including well established neighborhoods, business districts, industrial use areas, or agricultural zones

• Assess the groupings of historical properties in terms of potential NRHP multiple property documentation or thematic nominations

The goal of the reconnaissance survey is to review all available material pertaining to Ketchum history and land use planning areas prior to field investigations. Areas likely to contain historical properties will be inventoried based on prior knowledge of the area, primary and secondary sources of information, and previous cultural resource work experience in area.

The next phase of the survey is to identify historical sites, buildings, structures, features, and objects within designated land use planning or geographic areas and to assess their physical characteristics in terms of criteria used for the NRHP. Once the historical properties are assessed, they will be documented for location, setting, and landscape features; past and current use; past and current ownership; and architectural style, method of construction, size, and any particular changes to the property that have altered the original architectural or historical integrity over time.

Determining what properties are potentially eligible to the NRHP is based on a closer inspection of the property on foot by viewing architectural style, building materials, method of construction, workmanship, and other pertinent architectural elements. Once sites have been identified eligible to the NRHP, they will be photographed using black and white film and processed accordingly.
If certain properties exhibit a particular pattern in terms of location or setting or have an affiliation with others based on similar architectural characteristics, design, or method of construction the properties will be evaluated in terms of potential multiple property documentations. Thematic groupings or properties that fall within a continuous/discontinuous area will also be considered. For example, some sites may be linked together by a particular historic context or theme such as recreational resorts and tourist destinations that fall within a certain geographical setting. If such properties exist, they may be assessed individually and/or collectively for the NRHP. Once historic boundaries have been identified, the goal is to locate as many properties in that area that may portray a loose or formal historic district, a conservation area, or section of community where design review applications may serve useful to foster historic preservation goals. Part of the boundary concept is useful when defining areas where existing historical residential neighborhoods exist, commercial or trade centers occur, where industrial and agricultural sites overlap, or where recreational properties and tourist service oriented sites are found. Streetscapes and rural historic landscapes will also prove useful when viewing sites in relation to their setting and while evaluating their criteria in terms of the NRHP.

The research design guides the survey methodology. An essential question to ask is does Ketchum have areas that are linked by a particular social or economic trend or historic context theme? If so, where are these properties situated, how are they related, and do they contribute to a local historic district or thematic group or do they have broader ramifications in terms of regional or national patterns important to history? Once research questions have been stated and research goals have been defined, the field investigation begins. It is expected that numerous age related or historic properties are located in Ketchum. One can expect that about 50 historic or age related properties exist and that only about two dozen of these are potentially eligible to the NRHP.

2. Methodology

Prior to conducting the survey, the team completed a background check of pertinent historical and architectural literature relating to the study area. Based on pre-field research, the team divided Ketchum into sections based on land use planning or geographic areas to efficiently manage the survey. The following units were developed:
1. McHanville, located 1.5 miles south of Ketchum in the City’s Area of Impact

2. The Mortgage Row Planning Area

3. The Gem Street Neighborhood which is near the southern entrance to Ketchum

4. Gopher Gulch, a historic residential neighborhood adjacent to the community core

5. Tourist Zone which includes several areas surrounding the core

6. Knob Hill, a quiet residential neighborhood north of the business district

7. Recreational Use and Bigwood Area north of Ketchum’s core

8. Community Core which is basically all the streets that run parallel or perpendicular to Main Street for several blocks in each direction

9. West Ketchum which includes the area west of the Wood River Trails System or bike path between River Street, the north end of Third Avenue to the Big Wood River, the Beaver Slough and Badger Lane summer home area, and portions of the Second Avenue Transition Area

10. The Agricultural and Forestry land use planning area which essentially is the protected open space that forms the entrance to Ketchum at the Reinheimer Ranch

11. Warm Springs, which includes the Base of Bald Mountain from Saddle Road near Broadway Bridge to the Warm Springs Ski Lifts and from Gates Road west a short distance to the Cimino property

12. Light Industrial Area which includes areas surrounding Saddle and Warm Springs Roads

13. North Ketchum including North Wood, Beaver Springs Subdivision off Saddle Road, and Adams Gulch which is in the City’s Impact Zone

14. River Run Area at the base of Bald Mountain near West Ketchum

15. The west end of Sun Valley Road near Spruce Street in the City’s Area of Impact
The survey involved a team of two people, Walsworth and Flowers with assistance from architect Richard Meyer as needed. The team’s previous knowledge and experience in recording and photographing historic properties in Ketchum and involvement in local historic preservation efforts over the past 15 years was an asset to the inventory.

The vehicular survey involved a completing a systematic inventory of each street in Ketchum beginning in the south and gradually moving north. While the streets and roads of Ketchum were driven, the team took notes and initially photographed in digital form. In cases where historic properties were considered potentially eligible to the NRHP, a closer inspection was made on foot to view various elements of the structure to determine if the property indeed had historic or architectural merit. At that time, black and white photographs were taken. Other times, in situations where outbuildings, features, structures, or objects were obscured from the street or changes to the historical buildings over time had masked features or elements, the team took a closer look on foot. The team also paid close attention to changes in historic street or road patterns to determine if historical boundaries were intact or had been obliterated.

In summary, the basic purpose of the survey was to get an overview of the presence or absence of age related or NRHP eligible properties, the distribution and types of historically significant or age related local properties, and to define if these sites fall within a well established neighborhood, commercial core, or overlap zone. The goals of the survey were to collect useful data for the City to produce a planning document that defines where historically significant properties exist both in terms of the NRHP and what is vital to the community’s heritage and future vision. Data generated from the survey will be used to prepare forthcoming NRHP nominations, to plan for public education and interpretation programs, and to develop incentives through enhanced local preservation legislation by revising ordinances and producing historic overlay or design review districts for planning and zoning analysis.

D. LOCATION AND GENERAL ENVIRONMENTAL SETTING

1. Location (Figures 1 & 2):

The project is located in the City of Ketchum in northern Blaine County, which is part of South Central Idaho. Ketchum, which spans both sides of State Highway 75 that is nationally, recognized Scenic Byway, is a resort community that is a major employment center for Blaine County. Ketchum’s population is estimated to be around 3,000 which consist of about 16% of the county’s population that includes permanent and part time home owners but does not include short term visitors. At times during peak periods, the combined resort communities of Ketchum and Sun Valley have over 10,000 people

Figure 2. Survey Location Map
Township 4 North, Range 17 and 18 East of the Boise Base Meridian
Source: 1967 Sun Valley and 1967 Griffin Butte, Idaho 7.5’ USGS Quadrangles
2. Setting:

Ketchum is located within a transitional zone between the Northern Rocky Mountains and the Northern Great Basin. Situated in a high elevation river valley, Ketchum lies at approximately 5800 feet above sea level. The town is surrounded by high, rugged mountains including the Smoky and Dollarhide Mountains to the west and the Boulder and Pioneer ranges to the north and east. The arid climate is influenced by the surrounding topography. Precipitation varies between 20 and 40 inches annually. Temperatures range from 82 degrees Fahrenheit in mid summer to 1 degree Fahrenheit in mid winter.

The geology of south central Idaho is complex and beyond the scope of this report. In broad terms, Ketchum contains sedimentary and igneous rocks in addition to products from glacial and stream channel erosion that are very old. Broadly characterized, the sedimentary rocks consist of two main types; the Wood River Formation from the Pennsylvanian and Permian geologic time periods and the Milligen Formation from the Mississippian and Devonian age which are all about 250 million years old. Intensive volcanic activity during the Eocene period brought widespread igneous materials known as the Challis Volcanics into the sedimentary parent rocks which occurred about three million years ago. Glacial deposits and stream channel fluctuation that have occurred over the past 1.8 million years to 10,000 years ago have resulted in soils types that are found on the floodplains of the Big Wood River and its many tributaries including alluvial fans, glacial outwash, and landslide areas. In short, it is the geological landscape that gives the Wood River Valley surrounding Ketchum its unique and scenic qualities.

Soils in the general region belong to two main groups. The Little Wood-Balaam-Adamson group consists of very deep, well drained and somewhat excessively drained soils that form in alluvium on slopes that range from 0 to 4%. On the other hand, soils from the Picabo-Harpur-Bickett group are very deep, poorly drains soils that formed in alluvium on slope from 0 to 2%. Historically, the Wood River Valley was predominately sagebrush steppe and upland communities of mixed conifer forests adjacent to wetland/riparian communities along the floodplain. The Big Wood River and its tributaries provide ideal habitat for a variety of large and small mammals, migratory birds and water fowl on both a year round or seasonal basis. The region is also a productive fishery and populations of both native and hatchery produced rainbow, brown, and brook trout occur.
E. PRE-FIELD RESEARCH

1. Sources of Information Checked:

Files containing archaeological and architectural inventory reports, records, maps, and NRHP nominations were reviewed by Walsworth at the Idaho State Historic Preservation Office in Boise as part of the background project research. Walsworth and Flowers conducted research at the Regional History Department of the Community Library in Ketchum for historic photographs and manuscripts related to local history. The team interviewed local residents for architectural or historical information. Property records at the Assessor’s Office in the Blaine County Courthouse at Hailey were re-examined by Walsworth. Historic plat maps, government land office, homestead entry maps, water rights records, and land patents were also consulted.

2. Summary of Previous Studies in General Ketchum Project Area

To date, 26 cultural resource surveys have been performed in the Ketchum project vicinity. Most inventories were associated with projects related to Section 106 Compliance of the National Historic Preservation Act of 1966 as amended conducted by federal or state governmental agencies or professional consultants hired by those agencies. Previous surveys and results within the current study area are summarized in Table 1. Other pertinent studies that have not been given Idaho SHPO or other agency survey numbers are detailed in the reference section of this report.

F. PREHISTORIC AND HISTORIC LAND USE

1. Native American Context

Native American occupation in the Ketchum area including South Central Idaho is part of the Great Basin Culture Area. The geographic location of Idaho represents a transitional zone between several major cultural areas including the Columbia Plateau and Great Plains. Various Indigenous people have occupied the general study area over the past 16,000 years. The prehistoric period for the Snake River Plains generally spans from about 16,000 years ago to A.D. 1700. The early period is referred to as the Paleo Indian and covers the Clovis, Folsom, and Plano phases and spans to about 9,000 years before the present. Typically people living during this era had a life style focused on big game hunting in an environment that was much wetter than it is today.

Please Note: SNF= Sawtooth National Forest; ITD=Idaho Transportation Department; and ISHPO= Idaho State Historic Preservation Office.
The Paleo Indian period is firmly represented in the archaeological record of the Snake River region. Two key sites from this period are located only about 60 miles south of Ketchum; Kelvin’s Cave (10 LN 93) is a collapsed lava tube located southwest of Shoshone that was given a tentative date of about 16,300 years ago based on radiocarbon data from extinct camel, horse, and musk ox found in association with non-diagnostic artifacts. The deeply stratified layers of cultural deposits at Kelvin’s Cave date from the Late Pleistocene (ca. 15,000 years ago) to the historic period. Not far from Kelvin’s Cave is Wilson Butte Cave (10 JE 6), also located south of Shoshone in Jerome County. Wilson Butte Cave conversely is a lava blister (above ground) that contained deep deposits of five distinct layers that cover at least 15,000 years of prehistory. Also present in the cave were extinct species of camel, horse, and ground sloth. Associated with some of the cultural layers were several stone tools a modified bone that dated to 14,500 years before the present. Although no distinct diagnostic projectile points were recovered from the site, early point types such as lanceloates and Plano points were recovered from Stratum C.

The Camas Prairie, which is only about 40 miles southwest of Ketchum, was where a world famous Paleo Indian site known as the Simon Clovis Cache (10 CM 7) was found. In 1961, while a farmer was scraping a field next to a road, a cache of ancient Clovis points were discovered. Dating 11,500 years old, the Simon site represents one of the earliest examples of Clovis technology in the world.

From about 9,000 years ago to AD 500 is the Archaic Tradition. In general, people who lived during this time had a life way centered on seasonal foraging and small game hunting within a range of resource areas. Ethnographic records indicate that bands of Shoshone occupied the Snake River region during the Archaic. The project area is within the ancestral homeland of the Shoshone. Some scientists believe the Shoshone migrated into the Northern Great Basin from other areas. Historically the Shoshone, who are of the Uto-Aztecan linguistic stock, inhabited portions of California, Idaho, Nevada, Utah, Montana, and Wyoming. A majority of Shoshone settled along the Salmon and Snake River regions in Idaho were referred to as the Northern Shoshone. During late historic times when some of the Northern Shoshone who were forced onto formal reservations, they merged with the Bannock Indians, who are related to the Northern Paiute Indians of Oregon, California, and Nevada either through tribal affiliation or marital associations.

Ketchum lies within an important travel corridor that links the Snake River Plains with the Sawtooth and Salmon River Mountains of central Idaho. Intermittently used by humans over the past 10,000 years. The Northern Shoshone Indians, particularly the Mountain Sheep Eaters or Tukudeka occupied portions of the Wood River region including Ketchum sporadically for the past 5,000 years.
Archaeological evidence from the Elkhorn Springs site near Sun Valley located three miles east of Ketchum, was occupied by indigenous people from 10,000 to 6,000 years ago. The presence of a seasonal upland game camp near the foothills of Dollar Mountain contained an assortment of stone and bone tools as well as earth ovens that were used to heat treat native stone, process game animals, and prepare edible or medicinal plants and roots for human consumption. About a dozen prehistoric archaeological sites have been documented near Elkhorn Springs site in recent years however because archaeological investigations have been curtailed by private property issues and modern residential and commercial developments, scientific examination of these sites have been limited.

2. Euro American Context

One of the first Euro Americans to discover Ketchum was Alexander Ross of the Hudson’s Bay Company of fur trappers and explorers. In 1824, Ross and a small group made an expedition into the Wood River Valley from Trail Creek Summit to trap beavers. According to journals, the Ross group camped in what is now part of West Ketchum near the base of Bald Mountain at River Run where Trail Creek merges with the Big Wood River.

Euro American settlement into Central Idaho’s Wood River Valley did not begin until after mining discoveries at Boise Basin and Rocky Bar occurring during the 1860’s and early 1870’s. Some ore deposits were found near Hailey and Bellevue during the time period however a series of Indian wars prevented further investigation by outsiders. With the close of the Indian wars including the Sheepeater Campaign of 1878 and the Bannock War of 1879, Euro American immigration into central Idaho including Ketchum resumed. Miners motivated by the news of rich silver and ore deposits from 1879 to 1880 spurred a small group of miners from Montana to Ketchum. The first to arrive was David Ketchum, who was a part time muleskinner, packer, and miner. After locating a silver lode near the junction of the Big Wood River at Warm Springs Creek and some lead ore elsewhere, reportedly near Galena, he built a cabin a hot springs to store supplies for the winter of 1879. According to some, the site was the Guyer Hot Springs about three miles west of Ketchum along Warm Springs Creek.

The following year, Albert Griffith, Isaac Lewis, William Greenhow, and Jim Kellogg also of Montana, discovered Ketchum while exploring the area for gold, silver, and lead deposits along the upper stretches of the Big Wood River Valley near Galena into Elkhorn Valley. The discovery made at Elkhorn is what prompted the group to stay. After pitching a tent city in a grove of cottonwood trees along Trail Creek in the fall of 1879, the beginnings of Ketchum as a mining hamlet grew to several hundred fortune hunters by 1880. The result was an increase in the usual service industries such as freight companies, trade outlets, houses of ill repute, and wash houses.
It is not known how many Chinese inhabited Ketchum during this period. Chinese populations fluctuated with the anti sentiment of the era; census records indicate that around 1880 there were about 150 Asian immigrants in Blaine County. Early maps show China Towns often occurred in areas where mining districts operated. In terms of Ketchum, Asian immigrants reportedly lived in the Gopher Gulch Area and west of that along River Street where the Red Light District was. Typical of Western Frontier communities, China Towns often merged with female boarding houses which are indicated on an 1888 Sanborn Fire Insurance map of Ketchum. From the reported association of female boarding houses to Chinese neighborhoods, it can be assumed that Asian folks in Ketchum may have lived along the southeast corner of Main and Fifth Streets and on the west side of Washington Avenue between Third and Fourth Streets. It is equally possible that Chinese people may have been had small dwellings underground or in alley that parallel Main Streets as depicted on other Sanborn maps viewed for Hailey and Bellevue areas. As with the rest of Idaho, Ketchum’s Chinese populations often did menial labor others did not want. For example, they operated laundries, cooked in restaurants, cleaned boarding houses, and grew produce gardens to feed miners, stock ranchers, and local families. Some worked for other businessmen such as Isaac Lewis who actually was part owners of a Chinese laundry in Ketchum. It is not known just how many were in Ketchum at the time.

A post office was established in Ketchum in 1880. In 1881 after Isaac Lewis staked out four lots for himself, began surveying and laying out additional lots in a grid pattern that emerged into an official plat map. Lewis is credited with opening the first assay office in the Wood River Valley and building several of the brick buildings along Main Street, some of which remain standing today. Lewis, who is often termed the father of Ketchum was part owner of the Elkhorn Mine and also owned a large sheep ranch east of Ketchum which later became known as the Brass Ranch and Sun Valley.

By 1900, Ketchum, which began as a city of canvas structures, evolved into a series of wood frame and brick buildings. Jim Kellogg ran one of dozen saloons and Isaac Lewis ran one of two banks. Other commercial businesses included two hotels, six livery stables, and a weekly newspaper. The first ore shipment that left Ketchum was from the Elkhorn Mine owned by Lewis, Griffith and several others via a wagon road to Kelton, Utah. With the establishment of mining districts surrounding Ketchum the need to process ore became inevitable. One of the most important developments in the early mining industry affecting Ketchum’s development was the construction of the Philadelphia Smelter near the confluence of Warm Springs Creek at the Big Wood River between 1880 and 1882. A ditch that began several miles upstream of Warm Springs Creek brought water to the smelter. Later, a large wooden flume was constructed upstream on the south side of the creek that was used to divert wood from the steep slopes of Bald Mountain to the coal kilns located by the smelter. According to an 1882 Government Land Office Map, the flume ran along the south slope of Warm Springs Creek along the base of Bald Mountain. Another major involvement at the smelter was
the newly invented electric lights, including one of three that Thomas Edison invented. These lights were inaugurated at the smelter when it began operation in 1882.

An industry that thrived during the later part of the nineteenth century in Ketchum was the resort and tourism business. Three miles west of Ketchum on Warm Springs Creek was the Guyer Hot Springs Resort which opened its doors to guests in 1881. Owned and operated by Henry Guyer, the land was claimed by Guyer through the Hailey Land Office in 1880. People from as far away as New York City came to stay in the luxurious hotel and restaurant which boasted an indoor bathhouse, an outdoor plunge, croquet lawns, and tennis courts.

Transportation to and from Ketchum during the early 1880’s was via the Hailey to Ketchum wagon road that later evolved into the Sawtooth Park Highway and State Highway 75. Lack of adequate transportation between the smelter and points south spurred the construction of the Oregon Short Line Railroad to a terminus in Ketchum by 1884. The railroad was used to transport ore, building supplies, and even sheep to places to and from the Wood River Valley. With the budding sheep industry, which developed during the same time frame as mining, Ketchum became known as one of the largest sheep and lamb shipping stations second to Sydney, Australia, in the world.

Early ranches emerged from homesteads filed by immigrants through the various federal land grant programs. Some of the first in Ketchum were the Farnlun and Price Ranches at Warm Springs and the Farnlun and McCoy Ranches near the Weyakin Subdivision south of Ketchum. Sheep and cattle ranching became an important economic stable of the county. Domestic sheep were imported to the area when the railroad reached Ketchum. Soon after the decline of the mining industry, sheep ranching became one of Ketchum’s most important industries. The Lewis and Brass families ran sheep on land that is now During the first half of the twentieth century, the Lane family owned and operated one of the largest sheep farms in the Upper Wood River Valley and was the proprietors of the Lane Mercantile in downtown Ketchum on Main Street.

As with most rural frontier communities in the American West, ranching, farming, and the timber industry grew during the later part of the nineteenth century in Ketchum. The timber industry benefited from the dense forests surrounding Ketchum including Bald Mountain. Between the need for timber to fuel the smelter and the need for lumber to build houses, logging on Baldy, as it was nicknamed, began in the 1880’s and continued to the early 1900’s. The logging history of Ketchum is well represented on Bald Mountain as indicated by the numerous logging roads, skid trails, and abandoned portable saw mill sites that the author recorded in 1993 and 1994.
By 1890 Ketchum’s mining industry declined and in 1893 the Philadelphia Smelter closed its doors permanently. The mining industry waxed and waned into the next century, but the livestock and resort/tourism industry continued to grow. As agricultural activity continued to thrive, the tourism trade benefited by people such as Carl Brandt who saw the possibilities for transporting hot mineral water to a bath house in Ketchum. By 1929, water piped through a wooden flume from the Guyer Hot Springs to Ketchum resulted in the establishment of Ketchum’s first tourist attraction which became known as the Bald Mountain Hot Springs.

The tourism industry continued to evolve quickly from the late 1920’s to the mid 1940’s after the discovery of the 9,000 foot Bald Mountain in Ketchum and the 3,000 acre Brass Sheep Ranch in Sun Valley by Averill Harriman who was chairman of the board of the Union Pacific Railroad. With his assistant from Austria, Count Felix Schaffsgotch, the development of the Sun Valley Resort prior to 1936 led to the creation of a world class destination recreation resort that brought the tourism trade to Ketchum. Proctor Mountain, which is near Sun Valley about two miles east of Ketchum was the site of the first chair lift in the United States. Other ski areas include Dollar Mountain at Sun Valley, and the place some call Kinderhorn on Penny Mountain at Ketchum. Today the City of Ketchum is considered a world class destination resort that thrives on the recreation and travel industry and caters to visitors and second home owners on a year round basis.

Another influence on Ketchum’s growth was the presence of the United States Forest Service particularly the creation of the Sawtooth National Forest in 1905. In 1933, the Sawtooth National Forest operated an administrative site for the Ketchum Ranger District that was built by the Civilian Conservation Corps (CCC) in Ketchum during the early 1930’s. The Warm Springs Camp of the CCC were responsible for building many of the roads near Ketchum as well as the first ski runs and trails on Bald Mountain. The Forest Service Park, which is the former administration site, is now owned by the City of Ketchum and represents one of the few lasting legacies in northern Blaine County reflecting the CCC era.

3. Historic Neighborhoods and Early Settlement Areas

3a. McHanville

The small community of McHanville, which is located about 1.5 miles south of Ketchum alongside State Highway 75 near the St. Luke’s Medical Center, was one of the early tourists way stations developed during the late 1930’s and early 1940’s. Named after Ellis V. McHan, who was a prominent Idaho business man and Idaho State House of Representative politician on the Resources and Conservation Committee from 1971 to 1976, McHanville consisted of a grocery store and service station that catered to tourists and seasonal residents living near the mouth of Cold Springs Canyon. Known
over the years as McHan’s Corner or McHan’s Curves, the community was comprised of several duplexes, single family dwellings, and summer homes. Sun Valley Resort employees, who worked at the resort, lived there. McHan, who with his family operated the Mobile Oil Gas Station and grocery store from 1936 to 1969, provided essential supplies and services to the community. Additionally, McHan also distributed gas and home heating oil to residents from Ketchum to Salmon on a year round basis. McHan’s Corner or McHanville had two trailer parks, an antique store, an automotive repair shop, and other industrial related businesses that have operated over the past 50 years.

The Knight Cabin at McHanville, served as a secret central intelligence telecommunications station to outside forces in Europe during World War II. Shortly after the war broke out, a number of German and Austrian ski instructors working for Sun Valley were arrested by the FBI and asked to leave the county in connection with the hidden radio operation in the cabin. In later years, the site continued to be a key communications station for Blaine County law enforcement under cover activity.

3b. Mortgage Row

On the south end of Ketchum near the historic Farnlun and McCoy ranches is the Mortgage Row neighborhood, which consists of a mixture of commercial and residential structures. Mortgage Row was one of the first residential areas developed in Ketchum during the late 1930’s to mid 1940’s and contains a number of structures that portray quality examples of early twentieth century residential architecture.

Mortgage Row represented early affordable housing to the working class citizens of the Ketchum-Sun Valley area. Carl Pothier, who owned and operated a sawmill in Warm Springs canyon, developed the small settlement and built many of the houses with wood from the mill. Some of the homes in Mortgage Row were built for families who had a connection to the Union Pacific Railroad or Sun Valley Company under the leadership of Chairman Averill Harriman. Many of the homes built during that era in Mortgage Row are similar in architectural style and construction. What binds some of the homes together are the rectangular houses that have additions that are covered by metal sheeting with projecting eaves and cornice fascia. Exterior walls are often clad with half round logs with overlapping corners.

A number of homes built in the neighborhood also shared common features; chimneys that were constructed of red stone. It is possible that mason Dan Ruffinen who quarried “Cherry Creek Rock” from the Galena area, about twenty miles north of Ketchum constructed these fireplaces, but this information needs to be verified. Although a majority of the houses have been remodeled since their original construction, several properties maintain some original design characteristics as well as historical architectural integrity.
3c. Farnlun and McCoy/Reinheimer Ranches

The Farnlun Ranch, which is no longer in Ketchum City limits, is part of the Weyakin Subdivision east of State Highway 75 under the jurisdiction of the City of Sun Valley. The setting and history of the property is relevant to Ketchum history because it provides a glimpse into the past. The ranch is still intact with mature trees and areas of open space surrounding the historical buildings and features. Oscar Smith Farnlun developed the ranch during the period 1883 to the late 1930’s. Water rights for the ditch date back to 1883, which services both the Farnlun and Reinheimer Ranches. Several of the buildings were built with the help of Farnlun’s nephew Carl Pothier who owned and operated a sawmill near Ketchum. The property, which was not the subject of this field investigation, retains historic integrity and portrays a quality example of late nineteenth and early twentieth century rural folk architecture in Idaho.

Over 120 acres in size, the current day Reinheimer Ranch which is located near the southern entrance to the City of Ketchum, is a protected conservation easement area that was set aside by the Idaho Park Foundation through the Reinheimer Family Trust for the life time of Merle Bowcutt, who leases the land to raise and graze cattle. The Reinheimers, who came to the Ketchum-Sun Valley area from New York City in 1941 to ski, purchased the ranch the original owners, the McCoy family of Ketchum. The McCoys homesteaded the property during the late 1880’s after moving to the location from West Ketchum. Most of the structures that remain on site today were built by the McCoys during the early 1900’s. The property consists of the main Queen Anne style house, which is the only one of its kind in the area, a large two story barn, several outbuildings, alfalfa fields, series of modern irrigation laterals, and a historic 1883 earthen canal. The entire complex is a quality example of early 1900’s farmstead.

3d. Gem Street Neighborhood

Similar Mortgage Row, the Gem Street Neighborhood, which is located near the south end of Main Street on the east side of SH 75 in Ketchum, is a quality example of an early 1930’s to mid 1940’s residential community that was built by working class families who had a tie to the Union Pacific Railroad or Sun Valley Company. Many of the homes that were built on streets named after Idaho gemstones exhibit similar historic or architectural characteristics that reflect the surrounding pastoral heritage and the early resort development of Sun Valley. A majority of homes in the neighborhood were built using indigenous logs cut from local forests or milled lumber from local sawmills. A number of the homes contain cherry stone chimneys similar to the ones built at Mortgage Row and may be associated with Dan Ruffinen. Early builders of homes in the Gem Street Neighborhood were Carl Pothier, who was previously mentioned and Denny Pace, a retired long time resident of Ketchum.
3e. Knob Hill

The Knob Hill neighborhood consists of a mixture of older and newer homes that were built above the Ketchum core business district after Sun Valley resort was established. Some of the homes in the neighborhood date to the 1930’s, however a majority were built from the 1940’s to the 1960’s. Prior to its development as a residential neighborhood, Knob Hill was the site of a late nineteenth century brick kiln, which furnished building materials for some of the commercial buildings including banks and mercantile stores on Main Street.

In terms of the later time period, several homes from the 1950’s era were designed by the renowned Idaho architect and inventor, Arthur Troutner, who co-founded the Trus-Joist Corporation. Troutner, whose pioneering work in the wood technology field, often designed homes in the Boise, Ketchum, and Stanley area to reflect and meld into the surrounding landscape. Using a profound combination of steel, wood, and Oakley stone quarried from property he co-owned with his brother, Troutner’s style often made use of the elements of water, wood and stone fashioned into circular, rectangular, or triangular patterns. Much of Troutner’s work reflects the style of his mentor Frank Lloyd Wright and relate to the natural world surrounding home sites.

3f. West Ketchum

West Ketchum, which was originally part of the McCoy homestead during 1880’s, was initially settled by families who tried to raise stock animals and sustenance gardens. When homesteaders moved out because of lack of sunlight, the area later became a summer home area. Much of West Ketchum that developed during the early 1930’s to 1940’s was owned by Ned Foster and referred to as “Fosterville.” Soon after the advent of Sun Valley Resort by Averill Harriman, summer homes and tourists cabins such as the Wood River Motel were built in places such as the Pines, which is now a Planned Unit Development. Although most of the cabins and houses from that era have been torn down or remodeled beyond recognition, a hand full remain that retain some qualities and historic landscape features from the era of summer home development.

3g. Warm Springs

The area surrounding the present day Warm Springs Ranch was originally settled by a man named Horatio Stewart, who was a manager of the Philadelphia Smelter. Stewart claimed land in the west portion of the present day Warm Springs Ranch in 1881 and by 1887 had proved upon the land. To the east of Stewarts Ranch was known as Smelter Ranch that later became part of the Warm Springs Subdivision during the 1940’s. In 1898, Stewart leased his property near Warm Springs to August Farnlun who the following year bought the property from Stewart. In the 1900’s David Alonzo Price
became the resident agent for the smelter and Idaho Mining and Smelting Company and purchased the Smelter Ranch. Both the Farnlun and Price properties were used to feed and graze stock. The Farnluns also raised some crops including potatoes. When the Farnluns deeded over portions of the ranch to the State of Idaho for a game preserve in 1925, they moved to some of their ranching operations over to land what is now known as the Weyakin Subdivision and portions of the Reinheimer Ranch south of Ketchum.

In 1947, the Farnlun and Price families sold the property to some outside investor who had three other partners including one from Ketchum; Owen Simpson who owned and operated the Sawtooth Club. It is reported that Simpson actually won the property in a poker game and the land located between the river and both sides of Warm Springs Creek was part of his winnings. It was at this location that Simpson developed the Warm Springs Ranch which became a tourist destination and resort during the early 1950’s with a small rodeo ground, horse back riding facility, trout fishing pond, and later a small golf course and tennis courts.

3h. Adams Gulch

The history of Adams Gulch is closely tied to Native American seasonal occupation followed by permanent Euro American settlement. Mine prospecting, logging, and sawmill operations occurred in Adams Gulch from the 1880’s to the 1930’s. Abijah Adams was the first owner and builder of a sawmill at the confluence of Adams and Eve’s gulches, for it was named. Equipment for the sawmill was brought from Kelton, Utah via freight wagons driven by oxen in the 1880’s. The mill site contained several houses, a boarding house, and a bunkhouse for about ten to fifteen timber men, five of which lived year round. Abijah Adams was succeeded by Hobert C. Beamer who ran the mill for several years.

Logging was done out Adams Gulch, mostly from a large burn that extended into Warm Springs Creek. Some of the crew logged with horses and sleds in the winter and with wagons in the summer. In those days there was no bridge across the Wood River at the mouth of Adams Gulch, except for a plank bridge erected in the summer. Access to the canyon was from Warm Springs Creek or from the Griffith Bridge to the north (at the site of the present Hulen Meadows Bridge).

One of the experienced sawyers who worked for both Adams and Beamer was Thornton Wesley Flowers who had migrated from West Virginia with his parents and siblings to Bellevue in 1882. They homesteaded on Poverty Flats and had three sons: Arthur, George, and Eugene, and two daughters: Bessie and Mary. In 1908 Thornton Flowers bought the sawmill from Beamer, and he moved it from the first location to a site at the mouth of Adams Gulch in 1909. There he took out a dry land homestead and built a home for his family and they settled there permanently. In 1909 the sawmill
included a shingle mill and a planer. It could produce anything needed for building a home, including house logs, lumber, and shingles. Many early homes in Ketchum were constructed with lumber from the mill. These included the Dollarhide House, a Ketchum landmark which met its demise in a fire in the 1980’s, and the Lewis, Fairman, Parks and Venable homes. Many of the forms used to construct the Sun Valley Lodge were milled there.

On January 26, 1911, Mr. Flowers and his son Arthur were killed in an avalanche approximately three miles up Adams Gulch where they were logging. Eugene and George were also present and ran to safety, but Thornton and Arthur were unable to escape. With this tragedy, the young brothers were forced to assume the responsibility of the business and to support the family. Eugene was eighteen years old, and George was fourteen. The young men ran the sawmill and also did some ranching, raising hay in the summer to feed cattle in the winter. The cattle pastured on Forest Service land in Adams Gulch in the summer and the first Forest Service headquarters in the Ketchum area was in Adams Gulch, built in the early 1900’s. As a young man, Eugene took out an additional homestead between Adams Gulch and Warm Springs.

**F. EXPECTED LAND USE SENSITIVITY**

It is expected that historic properties that relate to the early settlement period will be found during the survey that portray all phases of development in Ketchum as mining camp, a rural hamlet, and a world class resort. It is possible that mining cabins, adits, trails, and tailings may be discovered in areas outside the community core. Sites associated with agricultural development such as outbuildings, fences, irrigation canals, and hay fields are also expected to be found. Properties affiliated with the timber industry such as abandoned equipment, logging trails, or former sawmills may be discovered. In terms of transportation, sites associated with early wagon roads, railroads including railroad sidings or former grades will be located. As for the recreation, resort, and tourism industry, properties that convey the early time frames will be noted such as resort cabins, tourist motels, or areas that were used for outdoor recreational sports such as ski runs. Table 2 depicts general Historic Context Themes expected in the Ketchum project vicinity.

G. FIELD METHODS

Before surveying, the team obtained planning maps from the City and defined areas to survey based archaeological, architectural, and historical information. The two month long investigation involved both a vehicular and pedestrian survey. Beginning in the south, Ketchum’s commercial, residential, industrial, agricultural, and recreational areas were inventoried in a systematic fashion. One street at a time from either the south or east side followed by the north or west side in a consecutive manner was inventoried. All properties that appeared old or historic or had sound evidence to support its historic time frame, were given a temporary site numbers, briefly recorded using street address, and color digitally photographed.
At the request of the City and KHPC, the team recorded all properties that were potentially eligible to the NRHP as well as those deemed important to local history or ones that met the age criteria.

1. **Areas examined and type of coverage**: The entire City of Ketchum and several areas of impact were inventoried using both a vehicular and/or pedestrian reconnaissance level of investigation. Approximately 85% of the town was inventoried during the 2005 survey.

2. **Ground surface conditions**: In most situations, the ground surface conditions were good but not necessarily relevant to the focus of this brief scouting inventory of predominately standing structures or above the ground features.

3. **Areas not examined and reasons why**: The base of Bald Mountain at River Run and Warm Springs were not inventoried to the fullest extent as it was either too densely forested or the team couldn’t gain access or drive into the areas.

4. **Names of Field Personal**: Claudia Taylor Walsworth and Jeanne Flowers. Richard B. Meyer assisted on an as needed basis.

5. **Survey Dates**: May 23 to 31; June 2, 3, 4, 8, 12, 15, & 16; July 1, 12, 3, 17, & 23

6. **Problems Encountered/Privacy Concerns**:

Some private land owners were not willing to let the team near or close to their property to view or take photographs. In some situations, negative attitudes on the part of the private land owner forced the team to abandon plans to further document or photograph ed places of historical interest. As a courtesy, the team telephoned private land owners or talked to them in person to gain access to photo vantage points on private property. Some owners expressed a deep concern about how data from the survey will be used in the future, for example there were concerns about tax increases due to the survey or limitations on property rights. Others stated they do not want their privacy intruded upon by onlookers citing the Hemingway House Tour controversy as an example. Other home owners have specifically asked that photographs not be used in any publications including walking tour brochures. The team wants to emphasize to the City and SHPO that release forms were not obtained from private land owners to use photographs or specific data generated from the survey in a public forum and that any photos from the survey which the City of Ketchum or SHPO might be interested in using for publication must be approved by the home/land owner(s) prior to use.
7. Future Use of Survey Data: The contents of this report should not be used for re-publication without permission of the City of Ketchum or Idaho SHPO. Proper citations should be used when referencing the contents of the report for research purposes or for use in publications, such as walking tour brochures or other informational material. It is suggested that photographs from the survey may not be reproduced or used for publication without the permission of both the City of Ketchum, the Idaho SHPO, and the homeowner/property owner.

H. RESULTS

In Ketchum and the outlying areas of impact surveyed for this project, the team identified 240 properties that either meets the age criteria of potential eligibility to the NRHP. Of the 240 properties, 37 were identified as potentially eligible or listed to the NRHP. In term of the historic properties previously identified during the 1990 CLG sponsored City of Ketchum Reconnaissance Survey, eight have been destroyed, two have been moved, and eight are about to become demolished. For a complete list of these properties, please refer to the attachment section of this report.

1. McHanville

McHanville represents two phases of Ketchum’s development period; 1880’s to the mid 1900’s. The community, which is located on the west side of SH 75 1.5 miles south of Ketchum is within a key impact zone for land use planning purposes. Containing an assortment of early tourist resorts, summer homes, and buildings that cater to commerce and trade, the area has been reconfigured over the past several decades into a mixture of contemporary residential and industrial structures. Here, eighteen properties that meet either the age or NRHP criteria were identified. Six are either listed or deemed eligible to the NRHP. Three NRHP eligible linear properties under Criterion A are segments of the 1879 Hailey to Ketchum toll road (MC 1/13-16171/10 BN 306); the 1870’s Ketchum to Stanley Stock Driveway (MC 3/13-16170/10 BN 905); and the former Oregon Short Line Railroad grade (MC 4/13-16172/10 BN 498). The Cold Springs Pegram Truss Railroad Bridge (13-4913), which was listed to the NRHP under Criteria B and C in 1997, is currently part of the former railroad grade that is now used as the Wood River Trails system and bike path. The bridge, which was constructed in 1994 and rebuilt in 1917, is one of four remaining in Idaho that was designed by renowned engineer George H. Pegram.
Two other properties that were previously identified during the 2003 ITD survey and determined ineligible to the NRHP were re-evaluated during this inventory and considered eligible under Criterion B for their association with Ellis V. McHan who was an early Idaho businessman and political figure. They are the Dean Tire Company Garage and Auto Repair Building (MC 12/13-16221) and the Dean Tire Annex (MC 13/13-16223). The first building is an automotive repair shop that was part of an early tourist way station (Figure 3). It is constructed of cinderblock, concrete and lava rock and has a flat roof covered with tar paper. The second building is a Craftsman style building with wood clapboard and shingle siding. The cross-gabled roof has metal sheeting, projecting eaves, and exposed rafters.

Figure 3. Dean Tire Company which was known as McHan’s Corner Grocery Store and Service Station in 1946. Digital Image MC 12 # 39, view northwest.
2. Mortgage Row

Mortgage Row, which is a planning area near Ketchum, was one of the first residential neighborhoods built during the mid 1900’s by working class families. Many of the homes in Mortgage Row were constructed by Carl Pothier from local timber products produced at a sawmill in Warm Springs Canyon. Although many of the houses have been remodeled since their construction in the 1940’s, several contain architectural or historical qualities that portray distinctive or representative examples from this era of Ketchum’s settlement period.

In total, eighteen properties were identified during this investigation, seven of which were determined potentially eligible to the NRHP. Of the seven potentially eligible properties, two are linear sites previously discussed; the OSLRR railroad (13-16172) and the Ketchum to Stanley Stock Drive (13-16170). Four of the seven potentially eligible properties were first recorded in 2003 by the ITD team of archaeologists and include (1) Reitinger Property (MR 1/13-16258); the William B. Wright (WBW) Property (MR 7/1316255), the Fuller Property (MR 9/13-16253), and the Mills Property (MR 14/13-16248). All four properties were determined eligible under Criteria A and C because they represent good examples of the period of development, have an association with an important event in time, and provide a quality example of a type of design and method of construction for the period of distinction.

Since 2003, the main house and cabin at the Reitinger property have been destroyed or moved. The only remaining structure is a small shed without a foundation. It has a front and back gable covered roof with corrugated sheeting and the exterior walls are clad with board and batten siding.

The WBW property consists of two buildings; a historical residence and a chicken coop. The house has a side-gable roof covered with pressed metal sheeting and the exterior walls are clad with half-round horizontal logs with overlapping corner. The dilapidated chicken coop has a plank-shed roof, partially covered with asphalt sheeting. The exterior walls are horizontal planks with openings and some chicken wire.

The Fuller property consists of a two story main house, single car garage, and a pump house that was built by John Saballa during the 1940’s (Figure 4). The exterior walls of the buildings are clad with half-round horizontal logs with overlapping corners and the roofs are covered with wood shingles and have exposed rafters under the projecting eaves.
The Mills property consists of a two story main house, a modern garage, and a horse stable that has been turned into a dog kennel. Exterior walls of the main house are clad in half round horizontal logs with overlapping corners. The side gable roof has projecting eaves with cornice fascia and covered with metal sheeting.

The seventh site, which is the archaeological remains of the Elkhorn Tram terminus, was once part of an aerial tramway that spanned from a railroad siding at Mortgage Row to the Triumph and North Star Mines, approximately five miles east up the East Fork Canyon. Remnants of the tram structure were noted in the Ketchum to Stanley Stock Drive (MC 3/MR 18/13-16170/10 BN 905) and along both sides of the Big Wood River near Mortgage Row (Figure 5a & b). The property was determined potentially eligible to the NRHP under Criterion A for its association with the formation of the Warm Springs Mining District in 1880’s and under Criterion D for its ability to yield important information regarding transportation technology related to mining at the turn of the century.
Figure 5a. View of the Ketchum to Stanley Stock Drive and remains of the Elkhorn Tram near Mortgage Row, view north.

5b. Historical image of the Elkhorn Tram Terminus from the Mortgage Row area siding, view north. Courtesy Regional History Department of the Community Library, Ketchum.
3. Gem Street Neighborhood

Sixteen properties in the Gem Street Neighborhood were observed during the current investigation. Of the sixteen properties, five were considered potentially eligible to the NRHP under Criteria A, B, or C. One of the properties is a linear site that spans approximately three miles from the point of diversion (POD) near the Community School at Sun Valley to the Farnlun, McCoy, and Reinheimer Ranches near Ketchum. The earthen canal (GM 5/TIM 163) was originally recorded in 2003 by ITD archaeologists and previously determined ineligible to the NRHP because it “lacked the distinct features and overall historical importance of larger irrigation features.” The author, who followed the canal from its POD to various points of usage in Ketchum, disagrees with the previous determination because of its age and association. The canal was constructed by hand by Oscar Farnlun and others in 1883 and it is associated with two NRHP eligible properties; the Farnlun Ranch (13-16110) and the McCoy / Reinheimer Ranch (13-16101).

In historic times, the canal provided a method for transporting water to the alfalfa fields and family gardens at both ranches. Today, the canal provides water to the agricultural fields at the Reinheimer Ranch and is part of an intact rural historic landscape.

Another potentially eligible property related to the agricultural heritage of Ketchum is the Matthes Barn/Chicken Coop (GEM 16) that is located above the Reinheimer Canal on Lava Street. Although an exact date for the building has not been determined, it appears to relate to the period 1900 to 1940. The structure retains much of its historical and architectural integrity and is one of only a few outbuildings remaining in Ketchum from the early agricultural period.

The other four potentially eligible to the NRHP properties in the Gem Street Neighborhood are the Demetre House (GEM 11), the Haemmerle House (GEM 12), and the Bellinger House (GEM 14/12-16235). The Demetre House, which was built in 1930, is a two story structure with exterior walls clad in wood and stucco. The side-gabled roof has a dormer with sidewalls of wood frame lumber and covered with metal sheeting. The detached new single car garage is compatible with the house and has exterior walls clad in stucco and wood frame lumber and has a front-gabled roof covered with metal sheeting. Landscaping includes lava rock walls and a lava rock line canal that runs through the property, which is the historic Reinheimer ditch (GEM 5). Overall the property retains its original integrity and unique architectural design elements therefore it was determined eligible to the NRHP under Criterion C.
The Haemmerle property consists of a one story chalet-style house with a detached two story two car chalet style garage (Figure 6). The buildings have wood and stucco cladding and front-gabled roofs covered with wooden shakes. The garage has overhanging eaves and a large roof dormer with side walls. On the outside windows and walls, wooden shudders and decorative paintings adorn both buildings that have a Tyrolean or Bavarian theme. On the garage is the German Coat of Arms that adorns the west facing wall. Such paintings are referred to as “Luftmalerei” and were often used on alpine houses in parts of Western Europe and in many of the ski resorts in the Intermountain West. The late Florian Haemmerle, who was a German ski instructor for Sun Valley, designed and built the house and painted the murals. Haemmerle was a renowned local artisan who painted many of the chalet buildings in Ketchum and Sun Valley including the historic Challenger Inn. The property is determined eligible to the NRHP under Criterion B for its association with Haemmerle and under Criterion C for its distinct architectural style and historical integrity.

Figure 6. Florian Haemmerle built this house in 1951 and did all the outside Tyrolean paintings also known as “Luftmalerei.” Digital Image GG 11 # 24, view northwest.
The Bellinger property consists of a historic house and modern garage. Built in 1948, the house has a side-gable roof with projecting eaves that are covered with corrugated metal. Exterior walls are clad with half-round horizontal logs with overlapping corners. Because of its architectural distinction and historic integrity, the house was determined eligible to the NRHP under Criterion C during the 2003 ITD survey.

4. Gopher Gulch

Ten historic buildings were documented in Gopher Gulch, an area along River Street in east Ketchum. Of the ten properties, only one was determined eligible to the NRHP. The McConville/Mueller property (GG 4/13-16100) was built in 1880 and appears to be the oldest remaining private residence in Ketchum. The property is known as the Jesse Hughes House or the Joe Hunter Freight Station (Figure 7). According to one source, Hughes was a saloon keeper that moved to Ketchum from Galena after mining declined. The house was originally a small un-insulated cabin and below the property was a corral that was built for Hugh’s son-in-law Joe Hunter who ran a freight company from Ketchum to Stanley Basin. The 1.5 story house has exterior walls clad in wood shingles and a front-gable roof with metal sheeting. In the back yard are two sheds with metal roofs have exterior wood frame cladding. A chicken coop with exterior walls in wood planks and wire has a metal roof. The property’s association with the first settlement period of Ketchum qualifies it to the NRHP under Criterion A. Because the buildings retain their architectural distinction and historical integrity, they have been determined eligible under Criterion C.

5. Tourist Zone

In the Tourist Zone, ten historic or age criteria properties were identified during the inventory. Of the ten properties, two have been previously determined eligible to the NRHP by ITD archaeologist during the 2003 survey.

The Ketchum Korral (TZ 1/13-16234) consists of a historic tourist hotel complex with four duplex units, six continuous modern motel units, a large office, and a modern outbuilding or garage (Figure 8). The office building has exterior walls clad with horizontal logs with log end boards and dovetail overlapping corners. The side-gable roof is covered with pressed metal sheeting and has projecting eaves and cornice fascia alone. The duplex hotel units are similar to the office except there are vertical log paneling in each of the roof gables. It is in the north unit of this building that Ernest Hemingway stayed. Because the Ketchum Korral is associated with the development of Ketchum as a tourist destination and represents a quality example of the 1940’s era tourist lodges, it was considered eligible to the NRHP under Criteria A and C. For its association with Hemingway, the property was determined eligible under Criterion B.
The second site that was determined eligible in 2003 was the Gulch property (TZ 9/13-16235). The building’s roof is cross-gable with exposed rafters under projecting eaves and is covered with wood shingles. The exterior walls are clad with half-round horizontal logs with overlapping corners. The property was determined eligible for its architectural distinction and historic integrity under Criterion C in 2003. However since that time it has been noted that new elements have been added to the building such as a stone chimney, windows, and doors so the Idaho SHPO may want to re-evaluate the structure in terms of the NRHP.
6. Knob Hill

Ten properties were identified in the Knob Hill neighborhood, which is located north of the community core on the east side of SH 75. Of the ten sites that were documented, three appear to be eligible to the NRHP under Criteria B and C. A fourth property may become eligible in the near future also under the same criteria.

The Dumke Property (KH 6), which is located on Spruce Avenue, was designed and constructed in 1955 by Arthur Troutner for the Arnolds and later sold to the Goldbergs. The Arnolds were Sun Valley icons and friends of Ernest Hemingway. It is a split level house with an attached two car garage. The exterior walls are wood frame and Oakley stone cladding and the low pitched roof is covered in wood shingles (Figure 9). For its association with renowned designer and inventor, Arthur Troutner, the property has been determined eligible to the NRHP under Criterion B. The house has undergone some architectural changes over time however the most of its original design elements are intact and newer materials are compatible with the original construction therefore it is considered eligible under Criterion C.
The Caputo Property (KH 8) located on Walnut Avenue North is a two story chalet style house with an attached two car garage that was built in 1953. The exterior walls are clad with wood frame and stucco and have been painted with Tyrolean or Bavarian motifs known as “luftmalerei.” “Luftmalerei” is a German word that has no English translation and is a style of adornment that was derived from a word in the Italian language used in the 1700’s that basically meant oil paintings. The front-gabled roof is moderately sloped and covered with wood shingles. The property has been determined eligible to the NRHP under Criterion B for its association with Florian Haemmerle and under Criterion C for its distinct architectural style and historical integrity.

Another Troutner house in the Knob Hill area of Ketchum is the Wirth Property also located on Walnut Avenue North (KH 9). Built in 1955, the multi-level structure’s exterior walls are clad in wood clapboard and Oakley stone. The shed roof is covered with metal sheeting. Although there have been some architectural changes to the house over the past two decades, the property retains enough architectural integrity and historical merit for its association with Troutner, particularly in the outside Oakley stone walls. Therefore, it has been determined eligible to the NRHP under Criteria B and C.
7. Recreational Use/Bigwood Area

The Recreational Use District within Ketchum pertains to areas that are protected to enhance the visual, scenic, and natural view corridor within the City and represent buffer areas that have some recreational benefit to the general public. Land use areas within this district include the Big Wood Golf Course and single family and low density residential areas or subdivisions north of Ketchum’s core community business district on the east side of State Highway 75.

Most of the buildings in the planning area are modern. Four historic or age related properties were found and one was determined eligible to the NRHP. Penny Mountain, which many locals refer to as Kinderhorn, consists of the archaeological remains of the historic down hill ski rope tow structure, including abandoned equipment (Figure 10a & b). The site was used intermittently from the late 1930’s to the early 1960’s as an affordable alternative to Dollar and Bald Mountain for winter sports activities for children. The property was determined eligible to the NRHP under Criterion A for its association with the development of Sun Valley Resort and under Criterion D for its potential to yield information about the early ski industry in Blaine County.

Figure 10a. Jeanne Flowers who as young teenager enjoyed skiing Kinderhorn on Penny Mountain in 1958.
8. Community Core

The Community Core contains an assortment of commercial and residential buildings that either meet the age or NRHP criteria. In all, 79 properties were identified and photographed during the current investigation. Of the 79 properties, two are presently listed to the NRHP; the Iconoclast Bookstore which was the Lewis-Lemon Grocery Store also known as the Greenhow and Rumsey Store (CC 29/13-13742) and the Bald Mountain Hot Springs (CC 30/13-0004288).
The Lewis-Lemon Store was constructed in 1884 but some records document 1897. The building, which is a two story brick structure made from materials manufactured at the Knob Hill kiln, contains a full basement and was the hub of retail activity for many years. As a wholesale and retail outlet the building catered to the working class citizens. Later the building housed the post office, a variety store, and a pool hall. In 1925, Jennie Griffith, the wife of Ketchum founder Albert Griffith, purchased the building for their sons Albert and Oscar. The Griffiths sold the building in the late 1930’s however their sign remains on the south wall of the building today. The site was listed to the NRHP in 1983.

The Bald Mountain Hot Springs, which was built in 1929 as a rustic tourist cabin complex and outdoor hot spring plunge by owner Carl Brandt and designed by Tourtellotte and Hummel. The property was listed to the NRHP in 1982 under Criteria B and C. Since 2002, the property has undergone major changes that have ultimately compromised its original architectural design and historical integrity. The main lodge and outdoor pool have been demolished and some cabins have been moved elsewhere. The remaining structures include several rental cabins surrounding the block and vacant land that was recently landscaped (Figure 11). The property no longer retains its historical or architectural value and may no longer qualify for the NRHP.

Figure 11. The remains of the Bald Mountain Hot Springs, view northwest. Digital Image CC 30 # 48.
The Andy Sable property, which is located on Leadville Avenue and known as the Alonzo Price/Esther Fairman home (CC 15/13-16113), is a 1.5 story private residence with a detached single car garage/apartment that was built in 1929 (Figure 12). The exterior walls of both buildings are clad in clapboard siding and the front-gable roof is covered with metal sheeting and has overhanging rafters and eaves. Architectural elements such as windows and doors are historically correct, and intact landscaping features reflect the 1920’s settlement period. As such, the property has been determined eligible to the NRHP under both Criteria A and C. The site has also been determined eligible to the NRHP under Criterion B for its association with the Price family who came to Ketchum in 1885 and were one of the first homesteaders. Alonzo Price was the son of William Price who was the manager of the Philadelphia Smelter in 1882. The house remained in the Price family until recently when Esther Price Fairman passed away.

Figure 12. The historic Alonzo Price and Esther Fairman House on Leadville Avenue was built in 1929. Digital Image CC 15 #b 19, view northeast.
The Griffith/Conger Compound (CC 57/13-16125) which is located at the corner of Second Street and Leadville Avenue was built in 1929. The complex, which retains all of its original historical and architectural integrity, consists of a two story house with full basement, a two story two car garage/apartment building, and a metal outbuilding that joins the alley between Main Street and Leadville Avenue. The main house and garage/apartment building have exterior walls clad with clapboard siding and front-gable roofs with overhanging eaves and covered in metal sheeting. All of the characteristics of the buildings including mature trees and landscaping, portray a typical 1920's Ketchum residence. As such, the property has been determined eligible to the NRHP under Criteria A and C. In terms of Criterion B, the site is also eligible for its association with the Albert Griffith family. A miner, entrepreneur, businessman, Albert was one of the founding fathers of Ketchum.

The Forest Service Park (CC 33/13-16132/10 BN 120), which is the former Ketchum Ranger District administrative site of the Sawtooth National Forest (SNF), is now owned by the City of Ketchum. Originally the property was used during the 1880’s by Bob Koeniger, a German immigrant who used the land to grow hops and barley for his brewery located across the block on River Street. In 1905, the SNF was established and the first ranger station that was built at Adam’s Gulch in 1909. By and 1929 a need for a district headquarters in Ketchum was soon realized by Ranger Arthur Berry so he constructed the first warehouse on the premise using local wood products from Flower’s Mill in Adams Gulch. The rest of the warehouses, pump house, garage, and residential dwellings were constructed in 1933 by the Civilian Conservation Corps (CCC) crews who were based at a camp out Warm Springs canyon west of Ketchum. The complex retains its original architectural and historical integrity with the exception of two covered entries that were added during the 1990’s that are compatible with the era of the buildings (Figure 13). The property has been determined eligible to the NRHP under Criterion A for its association with the New Deal Era of the Roosevelt Administration and CCC. It is also eligible under Criterion C for its distinctive architectural and historical qualities and for its unique setting.

9. West Ketchum

Twenty four properties were identified in the survey area that met either the age or NRHP criteria, one of which was previously identified at McHanville and Mortgage Row which is the OSLRR grade (WK 24/MC 4/MR 16/13-1612/10 BN 498) previously discussed. The other property is a subdivision that at one time was known as “Fosterville.” Three structures at the complex are considered eligible to the NRHP under Criteria A an C. It is possible that one or more buildings near the Davies property may meet the age or eligibility criteria, but the team was not able to gain access to the private property.
Figure 13. Two of the historic warehouses at the Forest Service Park on Washington Avenue. Digital Image CC 44 # 65, view northeast.

The Davies property, which is referred to as the Rocking Ranch No. 2 Subdivision is a secluded and gated property consisting of five lots and two parcels surrounding a cul-de-sac in West Ketchum along the eastern edge of the Big Wood River. The property boasts two large modern log houses and four undeveloped lots. Three historic dwellings were noted on Lots 3 and 4 and Parcel 2. The small early 1900 cabin has been moved to the site and has exterior walls clad in wood shingles. The roof is front-gabled covered with wood shingles. The second dwelling is an 1880’s homestead cabin, similar to the Bonning Cabin (CC 68/13-16099) located on Lot 3. A rustic rectangular one story shelter, the exterior walls are clad in horizontal hand-hewn round logs with saddle notching that were once chinked with mud. Rags were noted stuffed in portions of the cabin near the roof line. The front-gable roof with overhanging eaves once had a sod covering but has been re-roofed using plywood sheeting and tar paper. Associated with this building is an abandoned outhouse with exterior walls clad in half-round logs and a shed roof covered in plywood.
Also located on Lot 3 is a 1930’s vintage summer home cabin from the Fosterville era (Figure 14). The one story cabin has a stone foundation and exterior walls are clad with half-round horizontal logs chinked with mud and patterned with vertical split log siding. The front-gable roof has extending eaves and is covered with wood shingles. Several hand made wooden bird houses adorn the outside walls on all sides. An earth covered root cellar with a trap door is located adjacent to the two cabins on Lot 4 was noted as were several rock lined walkways, a stone wall, and an abandoned and overgrown irrigation ditch. The property is considered eligible to the NRHP under Criterion A for its association with the initial settlement period of Ketchum. Under Criterion C, the property is eligible because it retains its original rural historical setting, has integrity, and represents a unique example of Ketchum nineteenth and early twentieth century architecture.

Figure 14. A summer cabin from the Fosterville Era in West Ketchum, view northwest. Digital Image WK 16 # 16.
10. Agriculture and Forestry

In this land use area, properties are within what is termed open space or part of rural historic landscape. The Reinheimer Ranch (AF 1/13-16101), which is located at the south entrance to Ketchum represents an excellent example of a late nineteenth century and early twentieth century farmstead (Figure 15a). Situated on both sides of SH 75, the pastoral complex contains a large park-like expanse of alfalfa fields overgrown in some places by wild timothy hay. Nine buildings including the original McCoy house and several and an irrigation feature (GEM 5) portray a once historic now modern working cattle ranch (Figure 15b).

![Figure 15a. View southeast of the working Reinheimer Ranch barn, outbuildings, and alfalfa fields. Digital Image AF 1 # 5.](image-url)
The main residence, which is on the east side of the highway, is a two story Queen-Anne style house with some modern elements such as new windows. Built in 1920, exterior walls are clad in wood clapboard and the roof is side-gabled with overhanging eaves covered with asphalt shingles. The front covered porch has a decorative support system below a small ornamental balcony and front-gabled roof dormer with side walls. A large two story barn is situated on the west side of the highway and has a twelve-sided window on its north elevation that was salvaged from a church. Because the house retains much of its historical and architectural integrity and the remaining outbuildings and features which include and an 1883 irrigation canal represent a quality example of turn-of-the-century agricultural property, typical of the frontier West. As such, is considered eligible to the NRHP under Criteria A and C.

Figure 15b. Reinheimer Canal also known as Bowcut’s Ditch was built in 1883. Digital Image GEM 5 # 36, view north.
11. Warm Springs

Warm Springs Road in Ketchum, which runs from the junction at SH 75 and North Main Street west three miles toward the Warm Springs ski lifts on Bald Mountain, was inventoried. The land adjacent to Gates Road was also included because it lies within an area of immediate impact. In all, 47 age or NRHP related properties were identified during this investigation which included various land use areas such as limited residential and light industrial. Of the 47 properties documented, four are considered eligible to the NRHP while two may qualify at a future date.

The first eligible property lies in the impact zone west of Gates Road which is the site of the 1881 Guyer Hot Springs Hotel (WS 21/13-001875/10 BN 495). The archaeological remains of one of Idaho’s first recreational resorts consist of an abandoned flume, foundations, and structural features above the source of hot water on land that is now owned by local entrepreneur James Cimino (Figure 16a & b). The site is considered eligible to the NRHP under Criterion A for its association with the early recreational and resort industry of Idaho and under Criterion D for its potential to contribute important information about late nineteenth century recreational development in Central Idaho.

The second eligible property is the Puchner Residence located on the Warm Springs hillside of Bald Mountain. Now owned by Sun Valley Company, the house was designed by Arthur Troutner and built in 1953. Because the property has all original architectural elements and its historical integrity is intact, it has been determined eligible to the NRHP under Criterion C. In terms of Criterion B, it is eligible for its association with Troutner.

The site of the 1881 Philadelphia Smelter (WS 37/13-000787/10 BN 496) is now obscured by modern houses and new landscaping but archaeological remains are still evident along Exhibition Boulevard (Figure 17a & b). Here, the stone wall that once sat below the largest structure on the 400 acres site near the confluence of Warm Springs Creek and the Big Wood River still stands. Also noted were artifacts strewn about the hillside such as brick fragments, slag, and wooden debris. The property has been determined eligible to the NRHP under three criteria. Under Criterion A, the property is eligible for its association with the onset of the mining industry in Ketchum where the first electric lights in Idaho were turned on. In terms of Criterion C, the property is eligible because the exact walls provide a glimpse into the structure’s unique design qualities. As for Criterion D, the site is eligible for its potential to yield important information about mining technology in Idaho and as well as the Intermountain West.

Figure 17a. View of east facing wall along Exhibition Boulevard looking west.
Digital Image WS 37 # 20.

Figure 17b. Philadelphia Smelter and Oregon Short Line Railroad courtesy Regional History Department of the Community Library, Ketchum.
A third property determined eligible to the NRHP in Warm Springs Canyon is the Henry J. “Bob” Topping/Ernest Hemingway House (WS 39/13-00094). Around 1958, Hemingway purchased the house from Topping for a small sum of $50,000 and lived there with his fourth wife Mary for two years until his death in 1961. The Nature Conservancy (TNC) now owns the property which is located near the end of a long private road called Canyon Run Boulevard. Access to the site is limited because of adjacent neighbors concern for privacy; therefore the team obtained permission to enter the site from the TNC prior to photographing the site.

The compound consists of a large residential dwelling, a cinder block shed, an abandoned driveway, and a thirteen acre nature conservancy along the Big Wood River that is one of the largest undeveloped parcels in Ketchum. In 1950, the three story house was built for Topping who was heir to a large fortune and at the time part owner of the New York Yankees baseball team with his brother Dan. The house was designed and constructed using concrete walls poured into rough wood forms painted brown to mimic the texture and appearance of rough wood. This same style was used to construct the Sun Valley Lodge in 1936 that was designed by the team of Gilbert, Stanley, Underwood and Company of Los Angeles. It has not been verified if the same architects were used for the Topping/Hemingway House.

The three story house originally had a driveway and front door facing south but Mary changed the driveway and main entrance after Hemingway shot himself in the front porch entry. Most of the home is the same as it was left aside from new doors and windows observed on the east facing wall of the house (Figure 19). In terms Criterion B, the property is eligible for its association with both Topping and Hemingway. Because new elements do not detract from the architectural character of the house and with most of its historical character intact, the property is also considered eligible under Criterion C.

12. Light Industrial

Modern developments in the Light Industrial planning area of Ketchum over the past fifty years have obliterated most of the historic sites including sheep shipping corrals and 1883 Oregon Short Line Railroad Depot. The former railroad grade (LI 2; MC 4; MR 17/13-16172/10 BN 498) which is located near the junction of Saddle and Warm Springs Road, has been discussed in the previous Results Section H1 of this report.

A second property located in the Light Industrial area, which is the former Louie’s Restaurant and 1884 Congregational Church located on city owned property on Lewis Street, has lost its historical setting and architectural integrity therefore does not meet the criteria for eligibility to the NRHP.
13. Northwood/Adams Gulch

Equally true of Northwood, the area has lost its entire historical or architectural heritage in terms of the built environment. No historic sites, buildings, features, or objects of interest were identified in this survey area during the current investigation. Adams Gulch, on the other hand, has one relevant site that meets both the age and NRHP criteria; the Flowers Mill Homestead (LR2-1/13-16116). The property, which is located on Adams Gulch Road in an impact zone of the City, contains an assortment of abandoned sawmill equipment and structures related to the early 1900’s.
The original ranch house, a frame building with clapboard siding, was built in about 1909. It was sold to Ollie and Evelyn Miller and moved to Ketchum in 1941 and still stands on Seventh St. and Washington Ave., where it houses a pre-school. Ollie Miller’s daughter, Virginia, married Morris Obenchain, Jr. George and Gene continued to operate the sawmill until George’s death in 1968. Thereafter the sawmill was sold and dismantled. The steam boiler and engine from the first mill still reside on the site, along with various items of antique farm machinery.

Parts of the ranch were sold in the fifties and seventies. Two residential homes are on the property today; one is the Jeanne Flowers house and the second is the George Flowers residence built in 1939 which retains all of its historical and architectural distinctiveness. The historic 1.5 story house has lower exterior walls clad in horizontal round logs and the upper portion patterned with vertical split log siding (Figure 19a & b). The front-gabled roof with overhanging eaves is covered with metal sheeting and a covered entry porch is located on the south wall. The detached single car garage retains similar characteristics as the house but on a smaller scale.

Figure 19a. View northwest of the George Flowers residence built in 1939.
In 1985 the Adams Gulch section was subdivided and sold. The sheds were not on the Flowers property, so the family lost control over them when the Bigwood property was subdivided. They were demolished in 2001. In 1998 Jeanne Flowers, Gene and Pearl’s daughter remodeled the old log house where she was raised and currently resides there on a year round basis.

There are two outbuildings on the lot on which the George Flowers home is located. They are a one story chicken coop of half-round log construction, with butt and pass corners and a wood frame-gazebo or garden house, with vertical wood siding and gingerbread tri, which was part of a movie filmed in Sun Valley in 19327 called “I Met Him in Paris,” starring Claudette Colbert. The garden house was moved to the Flowers property by George and Gene Flowers after the filming of the movie. The Flowers property is eligible under Criterion A for its association with the advent of the early sawmills industry in northern Blaine County and under Criterion C, for its distinctive characteristics and historical integrity representative of the early 1900 agricultural and settlement landscape of Ketchum.

14. River Run

River Run located at the base of the Bald Mountain ski area was not inventoried for this vehicular reconnaissance survey because of access issues and time constraints. It is mentioned in this report because it is in the City’s impact zone and has several sites related to the historic development of Ketchum. Four age related or historic sites are located here, two of which are determined eligible to the NRHP. One of the non eligible properties is the Trail Creek Timber Trestle Bridge (RR 1/ 13-16161/10 BN 439) that was
built in 1883 and at the time it was documented was the only known bridge of its type in Idaho. Unfortunately, the bridge was rebuilt in 1997 as part of the Wood River Trails system and lost all of its original historical and architectural integrity. The two eligible properties are the Oregon Short Line Railroad Grade (RR 3, MC 4, MR 16, and WS 4/13-16172/10 BN 498) which has already been discussed and Bald Mountain (13-16095; Figure 20). Today on Bald Mountain, there over 80 previously identified cultural resource sites on Bald Mountain that include historic ski runs built by the CCC during the mid 1930’s. As a large historic landscape, the property has been determined eligible to the NRHP under Criterion A for its association with the discovery and development of Sun Valley Resort by Chairman of the Board of the Union Pacific Railroad, Averill Harriman.

![Figure 20. Aerial view of Bald Mountain, view southwest.](image)

15. Sun Valley Road

The Sun Valley Road impact area near the eastern edge of the City was not inventoried because of time constraints. Two historic properties here meet either the age or NRHP criteria. The Sun Valley Barn (SV 1), which was built in 1890 by Isaac Lewis and later used by the Brass family on the large expansive sheep ranch that became Sun Valley (Figure 21). The structure is an excellent example of the late nineteenth century agricultural development of Ketchum. It retains its distinctive architectural
characteristics and maintains historical integrity and has been determined eligible to the NRHP under both Criteria A and C.

![Image of a barn](image)

**Figure 21. 1890 Lewis/Brass Barn on Sun Valley Road, view southeast.**

The second property is mentioned because of its architectural style using the combination of stone, wood, and glass. The A frame building which was designed by architect Nat Adams in 1958 was recently remodeled but retains most of its unique design characteristics. St. Thomas Episcopal Church (SV 2) on Sun Valley Road and Spruce Avenue may become eligible under Criterion C in the near future.

### I. CONCLUSIONS AND RECOMMENDATIONS

In all, 241 historic or age related sites were identified during the reconnaissance survey, 40 of which were previously identified during the 1990 CLG Reconnaissance Survey. Of the 241 sites, 38 are potentially eligible to the NRHP, including four historic properties that are located in different areas of Ketchum; the historic Ketchum to Stanley Stock Driveway, the Oregon Short Line Railroad grade, the Farnlun/McCoy/Reinheimer Canal, and ski runs on Bald Mountain.

In terms of the research design, the team expected to find about 50 properties that met the age criteria for local significance and about approximately a dozen that met the NRHP criteria for national significance. Because a systematic approach was taken to conduct field investigations rather than an intuitive based survey that was used during the 1990 investigations, more historic resources were found.
Historic properties documented during this investigation may have the potential to contribute to future historic context statements, multiple property documentation (MPD’s), historic thematic nominations, and NRHP nominations. Ketchum history relates to broader areas of Idaho’s past including the mining; transportation; agriculture and timber; and recreation, and tourism developments. Some of the sites in Ketchum were affected by other historical events in the world, nation, and elsewhere in Idaho.

1. Potential contributions to historic context themes:

Ketchum, like the rest of Idaho is at a crossroads in terms of decisions being made by both by the private and public sector regarding fragile historic and cultural resources. As population densities of rural and urban communities increase, the landscape of these places is changing at a rapid rate; some for the good and some negatively.

Idaho has many places within its built environment that reflects the past and a lot of these places have not been recorded. Ketchum is like much of Idaho’s rural places in that it has intact historic resources. These places have the potential to provide the general populace with enjoyment, whether from a recreational and educational standpoint. As the population around Ketchum ages and as it continues to be a destination for outdoor sports, historic resources can play a role in keeping people in the area a little longer which in turn helps the economy that is largely based on the service industries. On a broad level, preservation planning is needed all over Idaho and through this investigation the team was able to provide a baseline of information for future preservation work at both the local and county level. It is the City of Ketchum’s chance to demonstrate the there are special places to protect and others to interpret.

Many sites found during this investigation tell the story of significant events and people of the past. The architectural details of its buildings over time and the archaeological records of earlier industrial sites and pleasure resorts illustrate the wide range of culturally diverse sites in Ketchum. As Donald Watts stated in “A View to the Future” which was a preservation plan for Idaho published by the Idaho SHPO in 1998, there is a need to plan for the future by articulating long range goals that aim to identify, evaluate, formally recognize, and protect Idaho’s special places. As part of that planning process, this survey aimed to satisfy some of the preservation goals of the state and City that relate to a broader framework of American Frontier West history. The data generated from this inventory will be used in a manner that is supportive and compatible with Idaho’s long term goals that will make history of the past available to all people for the future whether it is through protecting historic resources or documenting them fully so they can be remembered.
This survey demonstrated that Ketchum does still have numerous historic properties despite all the recent developments that these historic properties have an association with Ketchum as an 1879 mining camp, a 1940’s rural recreation/resort hamlet, and a 1960’s world class tourist destination. The properties identified during this investigation have the potential for contributing to regional and state historic context framework themes and time periods that have been outlined for Idaho in the 1998 publication by Watts. In retrospect, Ketchum’s historic development period under study here, 1880 to 1956, made major strides in the overall contribution to the Idaho history on a local, regional, state level and has also made an impact on our national history. Since site numbers are already listed in the report and attachment sections, they will not be reiterated for the following discussion.

1a. Mining

Sites which have contributed to the overall understanding of the 1880’s mining phase of Ketchum’s discovered during this investigation include the abandoned miner’s prospect and old trail found at the mouth of Coldsprings Canyon near McHanville; the site of the Elkhorn Tram that serviced the Triumph and North Star Mines five miles west to a railroad siding at Mortgage Row; the historic miner’s cabin found in West Ketchum; the Bonning Cabin relocated to a small pocket park near the City’s offices; and the Philadelphia Smelter site at Warm Springs in a busy residential neighborhood where one of the first electric lights in Idaho were turned on in 1882.

1b. Transportation

Sites which portray the early development phase of transportation in Ketchum from 1879 onward include a short segment of the Hailey to Ketchum toll Road near St. Luke’s Medical Center at McHanville, the Oregon Short Line Railroad grade that ran from Shoshone to Ketchum, and the Coldsprings Pegram Truss Bridge, that is one of four remaining in Idaho.

1c. Commerce/Trade

Three brick buildings on Main Street that portray turn of the century commerce include the 1887 Comstock & Clark/Lane Mercantile Building (Starbucks), the Lewis-Lemon/Greenhow and Rumsey General Store (Iconoclast Books), and the Lewis Bank (Chapter One Bookstore). It is possible that the Comstock & Clark/Lane Mercantile Building, with its architectural sophistication in terms of preservation efforts over time, has resulted in a highly sensitive creation of both intact and introduced historical architectural elements to the building that should be re-evaluated in terms of the NRHP. Based on how much consideration went into remodeling the building by renowned designer Nat Adams of Boise, who also designed the intriguing architectural A-Frame modernism building of the St. Thomas Episcopal Church in 1958 near east...
Ketchum, the property may be considered worthy of a nomination in the near future. If one compares historic photographs to the building today, one notices some changes to exterior windows, doors, and cornices on both the west and south facing walls however these changes do not detract from the historic building and are in fact, compatible.

1d. Agriculture and Timber

The rural historic landscape surrounding Ketchum’s down town core contain an assortment of properties that relate to the agriculture or timber industry. They include the Farnlun Ranch and McCoy/Reinheimer ranches south of Ketchum, the Reinheimer Ditch in Sun Valley and Ketchum, the Flower’s Mill homestead at Adam’s Gulch, and the Sun Valley Barn near east Ketchum.

1e. Recreation/Resorts/Tourism

In terms of the early to middle phase of Euro American development in Ketchum several sites related to the historic context theme of recreational resorts. They are the 1881 Guyer Hot Springs site just outside the western boundary of Ketchum near Board Ranch, the Bald Mountain Hot Springs on Main Street, the Bald Mountain ski resort at River Run and Warm Springs, and Penny Mountain or Kinderhorn located north of the town core above the Ketchum cemetery. Sun Valley, which is located one mile east of Ketchum, was one of the first ski resorts built in North America and should be recognized as having contributed to Ketchum’s early recreational development history. The remains of the first chair lift built in America are located on Ruud Mountain above the Fairways Road.

1f. Architecture

Architectural legacies built in Ketchum from the 1930’s to the 1960’s are representative examples of modernism movements in national architecture. Some of the properties identified in this survey were influenced by a small group of Pacific Northwest Architects who adopted design methods using local materials, simple geometrical designs, and the natural surroundings to produce structures that blend or were compatible with the rugged often isolated environment of the mountainous regions of Central Idaho.

Some examples of the modernism or regionalism architecture are found in the Knob Hill and Warm Springs neighborhoods of Ketchum. Arthur Troutner, who founded the Truss Joist Company and was an admirer of Frank Lloyd Wright, designed and built several houses that warrant further attention in the Ketchum area now and in the near future. They include the Dumke, Wirth and Ripsom houses on Knob Hill and the McLaughlin and Puchner houses out Warm Springs.
Nate Adams, who is an architect and designer from Boise, designed the St. Thomas Episcopal Church which was built in 1958. The property may become eligible to the NRHP in the near future. Adams, who was inspired to link the A-Frame structure to its mountain setting, used steep intersecting roofs and natural stone, wood, and glass materials to enhance the building’s relationship to the steep mountains surrounding the property.

Another type of architecture that warrants further attention is the Hemingway house that was designed from products used to simulate the rustic texture of wood on outside walls in much the same manner as the Sun Valley Lodge was built by renowned architects Gilbert, Stanley, Underwood Company of Los Angeles.

The John Koppes house out Warm Springs is another example of unique regional architecture which may become eligible in the near future for its unusual character which consists of a split-level stone castle that is only about 20 feet in diameter and yields a total of about 750 square feet. The house was built around 1962 and is one of the most unusual in town.

2. Potential contributions to multiple property documentations:

2a. Architecture:

Also worthy of attention in terms of intact historic properties that make up a larger, rural historic landscape are the Mortgage Row and Gem Street Neighborhoods. These areas portray thematic groupings of indigenous log architecture constructed by local masons and builders who took advantage of the natural resources of wood and stone to produce structures that reflect the mid 1940’s summer home and recreational properties.

Another influence on architecture in Ketchum is the development of Sun Valley resort during the mid 1930’s. The use of European themes on properties located in Gem Street, Knob Hill, and Community Core neighborhoods are to be considered. Many of these buildings retain characteristics of an alpine setting. In general, these buildings are one and two story Chalet-style buildings that have low, horizontal massing, gable roofs with shake roofing, overhanging eaves and balconies supported by brackets and varied rooflines. Many of these structures have ground plans that create a picturesque effect and their exterior wall finish is pained with “Luftmalerei” or hand painted murals of themes from Austria, Germany, or the Swiss Alps. There are several properties in the Ketchum area that meet both the age or NRHP criteria and may be considered for MPD’s. They are two potentially eligible properties; the Haemmerle House in the Gem Street Neighborhood and the Caputo House on Knob Hill as well as several others in Ketchum that are not eligible including the Alfs buildings and two unknown named...
private residences in the Community Core. These properties may portray a loose
district based on theme or could

Buildings previously discussed associated with Arthur Troutner, Nate Adams, John
Koppes and Gilbert, Stanley, Underwood Company. Most the sites in Ketchum from
designed from these architects are built using natural materials such as stone, wood,
and glass in shapes that reflect the natural surroundings of the alpine setting.

2b. Transportation

Linear sites associated with transportation such as the Oregon Short Line Railroad
grade and associated features including the historic Cold Springs and Bridges. The
Sawtooth Park Highway and its earlier versions including the Hailey to Ketchum Toll
Road, the Galena Toll Road which serviced the mines in Wood River and Sawtooth
Valley over Galena Summit, are located throughout Blaine County and other parts of
South Central Idaho. An MPD would include these properties as part of the Idaho
SHPO preservation long range preservation goals as well as provide enjoyment and
education to the general public through interpretive programs.

2c. Agriculture

Historic ranches, farmsteads, and homesteads in the Ketchum area have the potential to
contribute to a larger rural, agricultural landscape that encompasses Blaine, Custer,
Camas, and Lincoln counties. Such is the case with the Reinheimer and Farnlun
Ranches south of Ketchum that have the potential to contribute to MPD’s in the near
future.

2d. Recreation and Tourism

Several sites in Ketchum which relate to the early development of recreation and
tourism could become part of an MPD in South Central Idaho and perhaps add to the
body of knowledge regarding back country and remote developments of types of
resorts including tourist motels, guest ranches, and hot springs resorts.
These include the Guyer Hot Springs site, the Bald Mountain Hot Springs, the Ketchum
Korral, and the resort complex at Sun Valley.

3. Potential contributions to district nominations

Non-contiguous properties associated with architecture previously discussed include
the historic Mortgage Row and Gem Streets Neighborhoods that have several homes in
each area that have been determined eligible to the NRHP. Perhaps a thematic or non-
continuous group nomination could be made for these residential areas.
4. Potential threats to properties and recommendations for future investigations or protective actions:

Threats to historic resources in Ketchum will be constant as long as the population increases and modern residential, commercial, and industrial developments occur. The recommendations for future investigations were presented earlier. Ketchum is undergoing considerable changes and developments in terms of its commercial core, light industrial areas, residential communities, and outlying settlement areas of impact. Historic buildings are being torn down or relocated at a rapid rate while some are being replaced by massive structures that have varying designs elements and architectural features that are not necessarily compatible with Ketchum’s historical surroundings.

Over the past decade approximately fourteen properties have been lost since the 1990 CLG survey and the 2003 ITD survey (Attachment 6). During the past year alone numerous known historic or age related structures have been altered, demolished, remodeled beyond recognition, or moved. Properties recently lost include the 1940’s vintage Ski View Lodge (13-16233) that was torn down this year; the 1929 historic Bald Mountain Hot Springs Lodge and pool (13-004288) that was partially destroyed in 2002; the 1940’s Reitinger property (13-16258) that has lost two of its three historic buildings this past spring and has large berms that detract from its original setting; the Gulch property built in 1948 (13-16235) that has been remodeled and no longer retains its original architectural elements; the Evergreen Building, which was designed by Arthur Troutner in the mid 1950’s that was about to be recorded for this survey but the team did not get there in time and the building was demolished in June 2005; and the Marjorie Heiss house located on Second Avenue where Ernest Hemingway often visited, was moved to Mortgage Row in the spring of 2005 and lost its original setting and historical association with the settlement of the 1880’s Lewis/Brass Ranch.

Two bridges lost to development were the Broadway Bridge and the Trail Creek Timber Trestle Bridge that once was the oldest bridge of its type in Idaho. Despite these recent losses, the survey was extremely beneficial in terms of providing the City with a solid data base from which to make future plans including decisions about public preservation incentive and education programs and changes to local ordinances that may provide leverage to protect some Ketchum’s special historic places for the future.

It is recommended that the City proceed with researching and developing tax incentive programs, revising existing ordinances such as the demolition and TDR’s, and incorporating a historic design review section in their planning and zoning forecasting, particularly at a time when the Master Plan is being revisited and updated. It is also suggested that the City and KHPC move forward with completing a NRHP nomination.
on the Forest Service Park. This piece of real estate is one of the only last remaining blocks in Ketchum that have not been developed and it portrays an era of construction that has ties with both the CCC and the USFS. This late SNF administrative site is worthy of a NRHP nomination application and could potentially become a role model for local preservation efforts. Once one successful nomination and listing has been accomplished in Ketchum then perhaps other nominations will follow suit. Ketchum has not had a nomination in almost twenty years.

In addition to programs and nominations, it is proposed that the City and KHPC develop updated walking tour brochures and plan programs that will attract public land owners and visitors to learn more about Ketchum’s past and how to protect or honor it. It is the intent of this author that the responsibility to ensure appropriate actions regarding historic resources is done in such a way that is compatible with the vision statement of the future that links the past provides to provide enjoyment for perpetuity in one way or another. The author would like to thank the City, the KHPC, and the Idaho SHPO for the opportunity to conduct this survey and is looking forward to an ongoing working relationship in the near future to assist with historic preservation efforts.

List of Buildings Over Fifty (50) Years Old within Ketchum that May or May not Be Eligible for the National Register of Historic Places. Ketchum: Planning and Zoning Department, City of Ketchum.

2002 Yohe, Robert II and James C. Woods

K. ATTACHMENTS

Attachment 1- Site Location Maps

Attachment 2- Reconnaissance Survey Results

Attachment 3-Tables of All Historic Sites Located

Attachment 4- Historic Sites Potentially Eligible or Listed to NRHP

Attachment 5- Historic Sites Potentially Eligible to the NRHP in near Future

Attachment 6- Historic Sites Demolished, Moved, Extensively Remodeled or Slated for Removal

L. REPOSITORY

Original survey records and attendant data are housed at the offices of Walsworth and Associates in Ketchum, Idaho. Copies of the report and attachments are on file with the City of Ketchum and the Idaho State Historic Preservation Office in Boise.

M. CERTIFICATION OF RESULTS

I certify that I conducted the investigations reported here, that my observations and methods are fully documented and that this report is complete and accurate to the best of my knowledge.

Note: E=Eligible; UE=Unevaluated; IE=Ineligible; IIE=Insufficient Information to Evaluate
Historic Preservation Commission
Recommended Heritage Sites
November 8th, 2006
Criteria

- Representative of traditional Ketchum residential and/or commercial architecture, scale proportion and site orientation including but not limited to, being built before 1956 (significant periods include 1880s, 1920s, 1930s), gabled roofs, overhanging eaves, log or brick construction, one to two story, chalet style.
- Representative of Ketchum’s community traditions and/or heritage, including but not limited to, mining, railroad, ranching, timber, farming, sheep herding or skiing.
- Associated with significant events and/or people of the past, including but not limited to, being a residence or business of an early Ketchum family or resident (1880’s to 1940’s).
- Listed on or eligible for the National or State Register of Historic Places.
Bonning Cabin
531 5th St. East (73)
Block 46 Lot 1

Criteria:
• Representative of traditional Ketchum residential architecture
• Representative of Ketchum’s mining heritage

History
▪ Circa 1882
▪ Bonning Cabin was built in 1882 and used as a bunkhouse for the freighters who worked on the ore wagons. The one-room log cabin was built out of hand-squared logs that were hewn with a broad axe. Wood strips, secured in place by wooden pegs, were used as a rigid filler between the logs while the smaller cracks were filled with soft rags. The original roof was covered with sod.
▪ Art and Kate Bonning moved the cabin from its original site directly across the street from their home to the southeast side of their home. It was rented by family or employees of Sun Valley until it was moved in 1999. The City of Ketchum provided the current site for the cabin.
▪ NHRP Eligibility: IE

-source: Ketchum Historical Society
Thornton House
560 East Ave. (11)
Block 46 Lot 3

Criteria:
• Representative of traditional Ketchum residential architecture
• Associated with significant events and/or people of the past (a residence of an early Ketchum family)

History
• Circa 1912
  ▪ Like most immigrants who left their homelands for America during the turn of the Century, Mr. Thornton hoped to make a fortune in mining. He purchased this residence and lived here until World War I, when he returned to France to fight alongside his countrymen. He asked his friend, Albert Griffith, one of Ketchum's original pioneers, to watch over his house while he was away and dispose of it if he didn't return. He never came back, and whether he perished in the line of duty or simply decided to live elsewhere, is not known.
  ▪ Martyn Mallory, Hailey resident and County Assessor, purchased the house for his wife's parents, the Jim Obenchain's. Mallory, an exemplary photographer, took hundreds of photographs documenting the development of the Wood River Valley in the early part of the twentieth century.

-source: Ketchum Historical Society

▪ NHRP Eligibility: IE
Ed Williams House
520 East Ave. North (12)
Block 46 Lot 2

Business owned by E.B. Williams

E.B and Lesley Williams

Criteria:
• Representative of traditional Ketchum residential architecture
• Associated with significant events and/or people of the past (a residence of an early Ketchum family)

History
• Circa 1884
  ▪ When Nellie Easley married one-time postmaster and merchant, E.B. Williams, this home was a wedding gift from her father. The wedding took place at the Easley Stage Stop and Springs where Nellie had been raised, and the wedding reception was held here on East Avenue.
  ▪ Ketchum suffered several major fires during its heyday as a boom town, and in 1896 E.B.'s merchandise store on Main Street burned to the ground when a fire broke out in the Palace Hotel next door. As their next venture, the Williams’ purchased a former brothel, had it towed several blocks to the site of their store, turned it into the fashionable William’s Hotel. In 1904 it too was destroyed by fire and the Williams’, hoping to find better luck elsewhere, moved away. Years later an arsonist in Mackay alleged he was paid $100 by a rival hotelier to torch the establishment.

▪ NHRP Eligibility: IE
Criteria:
• Representative of traditional Ketchum residential architecture

History
▪ Circa 1930’s
▪ NHRP Eligibility: IE
George Castle Complex
431 Walnut Ave (1)
Block 45 Lot 6

Criteria:
• Representative of traditional Ketchum residential architecture
• Representative of Ketchum’s logging and ski heritage,

History
▪ Circa 1950’s
▪ The building facing Walnut Avenue was built as a duplex in the 1950’s by George Castle, an independent prospector and logger who came to Ketchum in the 1930’s. The duplex was a renown “crash pad” for skiers who came for sport and stayed to carve out a niche for themselves.

George Castle Complex
431 ½ Walnut Ave. (2)
Block 45 Lot 6

Criteria:
• Representative of traditional Ketchum residential architecture
• Representative of Ketchum’s community traditions and/or heritage

History
▪ Circa 1930’s
▪ George Castle’s original cabin was built in the late 1930’s. With $8 in his pocket he built a one room cabin and added two more rooms as he earned the money. “It was tough going…but I built it alone. Part of the bark was left on the logs, and at night wood worms working under the green bark made a ‘tick-tick’ noise so irritating that sometimes I got out of bed and picked out a handful of them so I could go to sleep!”

George J. Lewis Sr., George J. Lewis Jr., Crawford Lewis, Unidentified Man
Horace Lewis Home
280 East Ave. North (13)
Block 43 Lot 3 and 4

Criteria:
• Representative of traditional Ketchum residential architecture,
• Associated with significant events and/or people of the past, including but not limited to, being a residence or business of an early Ketchum family or resident (1880’s to 1940’s).
• Listed on or eligible for the National or State Register of Historic Places.

History
▪ Circa 1880’s
▪ Horace Lewis established the Ketchum Fast Freight Line and built the first wagon road over Trail Creek Summit, called the Ketchum-to-Challis Toll Road.
▪ Horace built this home in the early 1880’s and was the first residence to have indoor plumbing and a modern bathroom.
▪ Horace married Katherine Barry and when the mining boom ended they moved to Seattle. After Horace died in 1911, Kate returned to spend the remainder of her life in this home. Members of the Lewis family lived here until 1967 when it was sold and converted to commercial use. The right-side rear portion remains much as it was in the early part of the century.

▪ NHRP Eligibility: IE
McCoy/Gooding/Miller House
480 East 2nd Street
Block 22 Lots 7 and 8

Heritage Site Criteria
Age – late 1880s
Character - traditional Ketchum residential
Historical Significance - Governor Frank Gooding’s House

History (source: Ketchum Historical Society)
- Circa 1884
- Jim McCoy was one of ten children born to pioneers, George Washington and Sarah Jane McCoy. George and Sarah met and married in California and moved to Ketchum in 1880. George McCoy purchased a homestead south of town and built the house that still stands on the premises. Bought by the Reigheimer family after WWII, the property is referred to as the Reinheimer Ranch.
- In the 1890’s Jim began hauling ore from the mines, and freight in the local area. He continued his operation into the 1920’s. He and his wife, Rosie, bought a homestead two miles south of the McCoy Ranch, and started their own operation with a herd of cattle, milk cows, and horses for their freight business. They raised eight children, and when their first-born began school, the family moved into town and spent winters in this house.
- Frank Gooding, senator and two-term Idaho Governor also occupied this home at one time. Frank and his wife arrived by wagon early in 1881 and their daughter, Maude, was reputedly the first baby born in Ketchum. The Gooding brothers-Frank, Fred and Thomas-were involved in logging, and for several years operated the Ketchum Meat market, supplying the mines and the smelter during the boom.
- In the 1940’s this residence was purchased by a waiter at Sun Valley, remodeled, and sold again a few years later. The original wood exterior was redone in stucco, presumably to match the alpine look typical of the architecture at Sun Valley Lodge.

NHRP Eligibility: Ineligible
James Shaw & Obenchain House
111 East Ave. North (60)
Block 22 Lot 8

Criteria: Age; Architecture: cross gabled roof; Character: Traditional Ketchum residential; Size and Scale in relation to neighborhood; Historical Significance: Obenchain Family

History
- Circa 1910
- James Shaw...
- Marvin Obenchain served as the guide and skiing companion of Felix Schaffgotsch from Austria who visited Ketchum as a scout for Union Pacific Chairman Averell Harriman. Following the Count’s visit Harriman founded the soon to be world famous Sun Valley Resort.

Griffith House (Mary Jane Griffith-Conger)
380 Second St. East (54)
Block 2 Lot 8

Criteria:
• Representative of traditional Ketchum residential architecture
• Associated with significant events and/or people of the past, including but not limited to, being a residence or business of an early Ketchum family or resident (1880’s to 1940’s).
• Eligible for the National or State Register of Historic Places.

History
▪ Circa 1929
▪ “Bert” was the eldest son of Albert Griffith, the first prospector to come to Ketchum, homestead and remain. He dabbled in mining and headed to Alaska to make his fortune. When he ran out of money, he wired his parents for passage home and went to work for the U.S. Forest Service. Bert served a term as County Commissioner and another as State Representative from Blaine County. He built this house one block from the Griffith’s Grocery and Hardware Store on Main Street, which he and his brother owned.
▪ Bert’s son, Jim, was the town’s first native son to make the U.S. Olympic Ski Team. While practicing in Alta, Utah for the 1952 Olympic Games, Jim died in a tragic ski accident.

Block 23 Lot 3

Criteria:
• Representative of traditional Ketchum residential architecture
• Associated with significant events and/or people of the past, including but not limited to, being a residence or business of an early Ketchum family or resident (1880’s to 1940’s).

History
• Circa 1912
• Sidney Venable operated Venable Livery Stable on Main Street, and built his house next to the old Isaac Lewis home, which stood at the corner of Sun Valley Road and Leadville. Frances Venable outlived her husband by many years, and was known as “Mother V” to generations of Ketchum children. She operated her home as a boarding house until after World War II. The front of the building is virtually unchanged, except that the former screened-in porch has become the restaurant main entrance. Interior room partitions have been removed to create the restaurant’s large dining space.

• Associated with significant events and/or people of the past, including but not limited to, being a residence or business of an early Ketchum family or resident (1880's to 1940's).

History
▪ Circa 1887
▪ A.W. Comstock & Walter Clark built the brick structure in 1887 with materials from a local company. Soon after, it was sold to Tom Tague, a successful pack outfitter. It served as the upper valley’s prime gathering spot for miners, and later ranchers, who worked in the surrounding hills. Jack Lane, a local rancher bought the building after Tague’s death in 1917 and opened Lane Mercantile five years later. From 1967 till present, the building has had several occupants. Currently, Starbuck is continuing the building's retail history.

• Associated with significant events and/or people of the past, including but not limited to, being a residence or business of an early Ketchum family or resident (1880’s to 1940’s).

History
▪ Circa 1925
▪ This entire block stood vacant for many years after the 1904 arson of the Williams Hotel, which spread to destroy all other structures on the block. Elmer Ebbe bought the land from Nellie Easely Williams, cut the timber and built his hotel by himself. The hotel included a salon and dining room furnished with big game trophies and rustic hand-made furniture. The bar featured a dance floor, a large fireplace and French doors.
▪ Slavey and Dora Werry purchased the property the year Sun Valley Resort opened. They changed the name and built a gambling casino which thrived until Idaho began to enforce its anti-gambling laws in 1948. The remodeled Casino still operates as a bar and reputed to have the second-highest yield, by volume, of any bar in Idaho. Werry family members till own the property.

• Associated with significant events and/or people of the past, including but not limited to, being a residence or business of an early Ketchum family or resident (1880’s to 1940’s).

History
• Circa 1880’s
• Isaac Lewis was drawn here by the mining strikes in the Wood River Valley. He left his banking position in Butte, Montana and headed to Ketchum by wagon with “all necessary tools and equipment for a genuine prospecting and mining outfit.” He pitched the first tent in Ketchum on the morning of May 3, 1880 after purchasing 4 lots at $2 each from a party that was platting the town on a sheet of brown paper. He was indeed active. He invested in real estate, opened the town’s first drug store in 1881, helped build the Guyer Hot Springs Resort, purchased the local newspaper the Ketchum Keystone in 1883, and then built this bank using locally made brick. After weathering several bank crises, the national financial panic of 1896 forced him to close his doors.

• Listed on the National or State Register of Historic Places.

History
▪ Circa 1884
▪ A.W. Comstock started the first store in Ketchum in a tent on this site in 1880. It has been a hub of retail activity ever since. Isaac Lew encouraged the building of this store by Robert Leonard and former Boise U.S. Marshal Joe Pinkham. Locally made brick was used and three layers were placed on the roof for fire protection. After Leonard left, Lewis became Pinkham’s partner, but Pinkham proved to be more interested in card games than in groceries.

- Associated with significant events and/or people of the past, including but not limited to, being a residence or business of an early Ketchum family or resident (1880’s to 1940’s).

History
- Circa 1895
- Mr. Womack worked in the mines, and his wife ran a restaurant on south Main Street. In 1949 Ed Scott purchased the home from Bert Griffith, son early Ketchum settler Albert Griffith. Scott moved the abandoned, weather-beaten home from the alley behind the old Griffith Grocery Store to this location and turned it into a ski-repair shop. He shortly thereafter developed the Scott USA ski pole, which revolutionized the ski industry world-wide. This building was the first factory and distribution center for Scott poles. When Scott sold his company after ten years, the building was also sold. Ed Scott moved on to develop a mountain bike brake shoe, considered one of the best in the business. Since the 1970’s the building has housed several retail and restaurant ventures. Although there have been some interior remodels and additions, the original home to the left retains its basic structure.

• Listed on or eligible for the National or State Register of Historic Places.

History
• Circa 1880
• This building was constructed of thick stone to store explosives sold by the Gillette & Evans hardware store on Main Street. The store was the chief supplier of mining supplies during Ketchum’s mining and smelting boom. After the Silver Crash of 1894, this building passed through numerous hands, occasionally standing vacant or housing a number of small businesses. Glenn and Esther Mueller bought it in 195- and added the second story as their living area. She ran a gift shop downstairs. The Jailhouse beauty shop later occupied the premises and the bars were in keeping with the jail theme.

History
▪ Circa 1930-33
▪ In 1926, Ranger Arthur Berry began to operate the Ketchum Ranger Station out of his home in town. Not satisfied with the arrangement, he purchased several lots from Mrs. Walter Leflang, and Fred Pothier donated the remainder of the land to complete this site. Berry had his crew construct the center warehouse building in 1930.
▪ In 1933 President Franklin D. Roosevelt formed the Civilian Conservation Corps to provide jobs for young during the Depression. Some 250 CCC workers made up of boys or men from Idaho, established a camp five miles west of Ketchum on Warm Springs Creek on April 5, 1933. The first major project of the local CCC was construction of the ranger station structures, including the two large warehouses and living quarters. Arthur Berry moved his family into the new complex in the fall of 1933. Wayne Sorenson and Marvin Obenchain were two local CCC youths who represented Ketchum. -source: Ketchum Historical Society
