SUN VALLEY CULINARY

INSTITUTE

Please join us for our

Professional Development Series

SVCI is excited to announce our **first** Professional Development Series, **May 3-6** at the Institute.

These short and concentrated classes are designed to teach essential culinary and service skills for those who want to enter foodservice, who are new to foodservice employment, or who wish to broaden their skill set.

This program will empower participants to be more confident in their culinary and/or service abilities.

Encourage your staff to join **Chefs Naomi Everett** and **Christopher Koetke** for this new educational initiative designed to directly benefit the local foodservice community. Our chefs represent not only

RECOMMENDATION TO REVIEW, DISCUSS AND PRIORITIZE TRANSPORTATION PLAN CAPITAL PROJECTS

Introduction/History

The City has adopted the Transportation Plan that identifies specific capital improvements for implementation. The KURA may be interested in helping fund some of the improvements. Funding for the projects may come from several different sources such as the City's General Fund, Impact Fees from development and KURA funds if the Board agrees to fund all or a portion of a project.

Analysis

Staff is recommending the KURA begin review and discussion of the list of Transportation Plan improvements and identify projects the Board may be interested in funding or partially funding.

Staff suggests the Board go through the list and prioritize the projects KURA is interested in funding and then discuss the amount of funding the Board may want to contribute.

Actual funding would occur as part of each fiscal year budget. This process is to set the priorities and potential amount of funding.

Recommendation to Review, Discuss and Provide Direction on Projects for FY 2020

Each year the KURA discusses and decides project to fund. Up until last year, the Board was focused on in-fill sidewalk projects. That effort was put on hold last year and the following projects were funded:

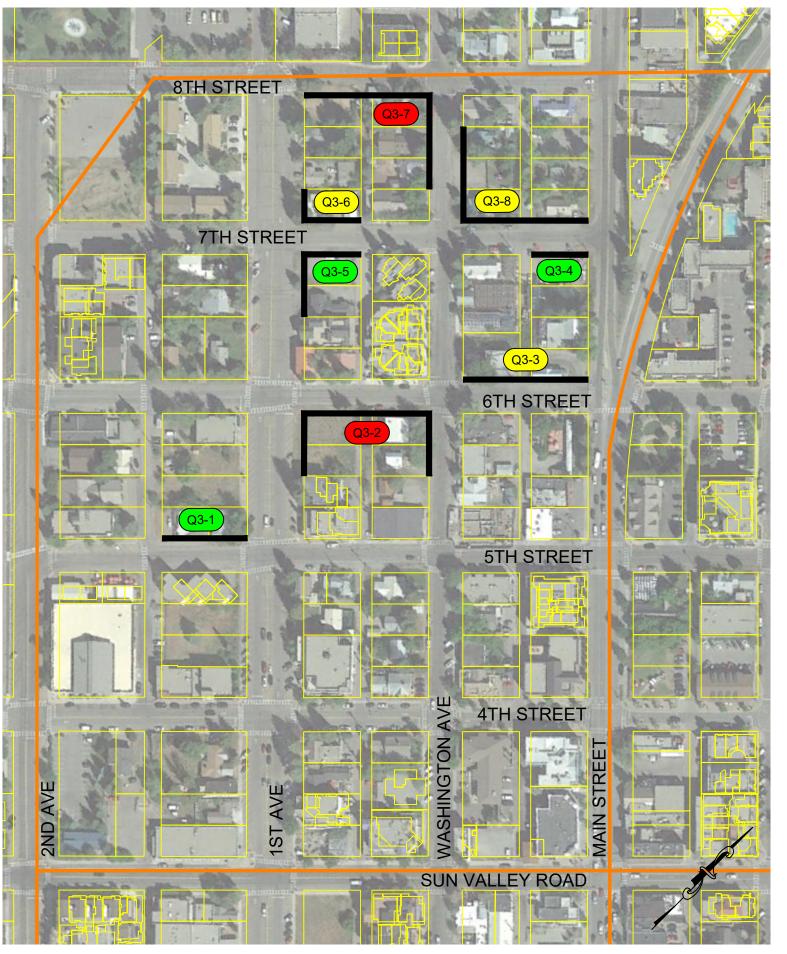

- Repair 4th street pavers from Walnut to Washington
- Install and improve ADA curb ramps throughout the downtown intersections
- Convert the pedestrian activated light at 4th Street and Main Street to a Hawk system which improves pedestrian and bicycle safety. Once this system is in place, the signal at Sun Valley Road and Main Street can be modified to include a pedestrian scramble crossing system.

The following projects are proposed for Board discussion for this fiscal year:

- Repair 4th street pavers from Walnut to Washington
- Replace the pavers in the alley behind town square with asphalt or concrete the existing pavers just don't hold up to the snow removal and truck traffic
- Replace the pavers/install snow melt in town square—the existing pavers are not holding up during snow removal and significant dollars are spent to remove the snow in the winter
- Proceed with implementation of the quadrant 3 sidewalk segments consisting of:
 - Q3-3 north side of 6th Street between Warm Springs Road and Washington Ave
 - Q3-4 South side of 7th Street at Warm Springs Road

Q3-8 north side of 7th Street between Warm Springs Road and Washington Ave and east side of Washington Avenue between 7the Street and 8th Street

Staff is seeking direction on projects the Board is interested in funding this fiscal year.

MEMORANDUM

To: Ketchum Urban Renewal Agency Board members and Suzanne Frick

From: RPA Agency counsel

Date: April 15, 2021

Re: Draft Administration and Support Services Agreement

In response to recent discussions, a draft of the Administration and Support Services Agreement ("Agreement") has been prepared for review and comment. At the April 19, 2021, Board meeting, the Agreement will be presented for discussion and comment. No formal action will be taken, rather an opportunity to receive your input, consideration of other provisions, and revisions to this draft. The draft has not yet been shared with anyone from the city of Ketchum (the "City"), as KURA staff and Counsel seek your consensus before submitting to the City for review and comment.

Currently, there is no formal written agreement between the City and KURA concerning the provision of services. The draft Agreement is primarily based on the existing practice between KURA and the City for providing administrative, financial, and clerical services. The compensation section also reflects the current arrangement between KURA and the City establishing a percentage allocation of individual workload by City employees in providing services to KURA. Certainly, you can propose other methods for compensation for consideration. You will also see several DRAFTING NOTES in sections where more analysis may be needed and/or we have yet to retrieve appropriate information to complete the drafting process.

While there are many issues addressed in the Agreement, several deserve your attention and comment:

- Identification/Designation of the City department or City employee who has been selected to provide the service described and the role of KURA in the selection process or the ability to propose an alternate person for that role.
- The description/scope of work for the several activities provided.
- Creation of an evaluation process to judge performance against an agreed upon set of metrics or criteria.
- Periodic reporting requirements and the information the Board desires to be included in that reporting.
- How to address involvement from other City departments or representatives beyond just administrative, clerical, and financial activity, and any compensation which should be considered.
- Including the compensation rates or amounts into the annual budget setting process for both the City and KURA.

The Agreement does include a termination clause as well as a renewal clause.

I look forward to discussing this with you on Monday.

KETCHUM URBAN RENEWAL AGENCY

Re: Engagement of Elam & Burke, P.A. as Counsel for the Urban Renewal Agency of the City of Ketchum for the 2021 Refinancing
E&B File No. 8962-0002

Dear Chairman Johnson and Suzanne:

Elam & Burke, P.A. ("Firm") looks forward to providing legal services to the Ketchum Urban Renewal Agency ("Agency") for the contemplated refinancing of debt and the financing of additional debt which may be privately placed or publicly issued. The Firm will provide typical services as Issuer's Counsel, working in connection with Agency bond counsel and Agency financial consultant. The purpose of this letter is to confirm the Firm's agreement with the Agency concerning the performance of legal services and the payment of legal fees for this contemplated debt issue.

Our billing rate for this matter will be \$250 for shareholders and of counsel, \$175 for associates, and \$100 for paralegals. We have currently been attending Agency meetings by phone and/or zoom, which has worked well. We have found that attendance at Agency meetings is important for providing the best service to the client as it allows for counsel to be advised of issues and/or potential issues as they arise, and helps to create a more efficient working relationship between the Agency and counsel. If in-person attendance at an Agency meeting is required for this contemplated financing, we are willing to charge a discounted rate of \$75 per hour for 5 hours of travel between Boise and Ketchum. Therefore, the cost to attend meetings in person is estimated at approximately \$542 (\$375 for attorney fees for travel time and \$167 for mileage which is billed at approximately 300 miles times current federal rates [currently \$.55 per mile]). We will also bill you for office expenses such as postage and printing charges.

We will bill the Agency for all attorney and/or paralegal time expended on this matter. This will include, among other things, time spent in appointments, meetings, telephone calls,

consulting with others, document review, research, drafting letters and the drafting of other documents required to provide advice and/or assist with the above scope of services.

The Firm has agreed to waive any retainer for this matter. We will charge fees for services at the rates noted above. Our fees are based on the amount of time required at various levels of responsibility, plus costs and expenses. Fees and costs will be billed monthly and are payable upon presentation of our invoices. If fees and costs are not paid within thirty days following the invoice date, we may terminate our engagement but retain the right to collect all amounts due and unpaid by the Agency. Failure to pay the bill by the ninetieth day after receipt will result in the imposition of a late charge equal to eighteen percent per annum on the unpaid balance. In the event that it becomes necessary for us to undertake collection procedures against the Agency, the Agency will be liable for our expenses and attorney fees incurred in doing so.

We understand the Agency reserves the right to terminate our services at any time or for any reason whatsoever with thirty (30) days' written notice. Subject only to the applicable rules of attorney conduct, termination of the Firm will not eliminate the requirement to pay the Firm for fees and other charges incurred prior to receipt of notice of the termination or for fees and other charges incurred after receipt of notice that were nevertheless reasonably necessary to protect client interests. To the extent permitted by the applicable rules of attorney conduct, Elam & Burke reserves the right to terminate this relationship for reasons, including but not limited to, nonpayment of sums due, failure to cooperate fully and appropriately with you and conflicts of interest with thirty (30) days' written notice.

Please contact me if you have any questions about anything contained in this letter. If the terms of our engagement are acceptable to the Agency Board, please sign below and return the letter to us.

We look forward to working with the Agency on this matter.

Sincerely,

ELAM & BURKE

A Professional Association
