# EXECUTIVE SESSION:

<u>19.</u> Pursuant to Idaho Code 74-206(1)(f) - Pending litigation. ADJOURNMENT:

From:	peter tynberg
То:	Participate
Subject:	The material below is to be included in the Public Comments for the September 18th City Council Meeting
Date:	Saturday, September 9, 2023 5:29:10 AM

I am a partner in the Wood River Group duplex at 500 Wood River Drive. This spring the City permitted neighbors (including the new project at Rember and Bird Drive) to deposit unwanted aquifer run off into the wetlands system on our property and the property of our neighbor. Transporting unwanted water to a City street or to another property is a violation of the City ordinance. I understand in the emergency that developed last spring the City "granted a waiver" to protect homes. There is also a City culvert which also deposits unwanted rain water and snow melt water into this wetlands system and aggravates the problem. Because our property is the low point in the neighborhood a large area of west Ketchum is using our property to get rid of unwanted water.

The City has an obligation to address this problem. This unwanted spring run off needs to be retuned to the Big Wood River, and the construction of a storm drain from the culvert to the river would solve the problem. This will continue to be an ongoing problem in the future and needs to be addressed. This solution has been suggested to the City. See the correspondence below.

Respectfully, Peter Tynberg, M.D.

On Sep 7, 2023, at 4:37 AM, peter tynberg cpltynberg@gmail.com> wrote:

Thanks Mr.Bradshaw,

I was hopeful that the City would be sympathetic to this issue. Our lot should not have to be inundated with the unwanted snow melt water, rain melt water, and aquifer spring run off water from

so many of our neighbors in West Ketchum. All of this water eventually goes into the river, but it is unfair (and against the City ordinance) to run it all through 490 Wood River Drive, and over burden the wetland pond system that is partially on our property. Placing a storm drain from the culvert under Wood River Drive that is next to our property line and having it empty into the river is the logical solution to this issue. I believe that the City is acting improperly in disregarding my concerns and suggestions.

As I informed you, I have written several courteous emails to the developer of 490 Wood River Drive in the last few months, but have not received any response from him. By making this problem (which affects us as the developer's neighbor), the developer's responsibility, the City is ignoring their responsibility to me. I am not aware of any other similar area in Ketchum where the City is diverting unwanted water (with the use of a culvert) and allowing neighbors (with the use of blue tubes in the spring to divert aquifer run off water) to also divert water onto private property. I am at a disadvantage as the site of the diverting is not on my property, but just a few feet from the property line.

I believe that the City has chosen to ignore its responsibility to our property in this matter. Respectfully, Peter Tynberg, M.D. On Sep 6, 2023, at 3:33 PM, Neil Bradshaw <<u>NBradshaw@ketchumidaho.org</u>> wrote:,

#### Hi Peter

Thanks for your email. We did get a chance to meet to consider your situation. Here is what I would say:

1) The applicant in the neighboring property is expected to go through the public process with the P&Z sometime in the next few months. This would be a good opportunity for you to share your thoughts with the P&Z commission.

2) From our preliminary conversations the applicant is looking at was to mitigate the drainage situation. This includes looking at how offsite drainage issues can be mitigated

3) Any development in the neighboring property cannot exacerbate the drainage issue through their property

4) While our code says that people cannot pump onto the public right over way we usually grant a waiver to that rule during flooding events

5) I would also encourage you to look at ways to mitigate any flooding issues that occur on your property - if you have any proposal for work on your property then that would require a city review

As planning director, Morgan Landers will be leading the P&Z process. She has my full support to make make the determinations that she sees fit. Feel free to reach out the Morgan if you have any follow up items Hope this helps

Cheers Neil

Hi,

First - thank you for all the great work that you do!

Second – I live in Hailey, but I work in Ketchum. I'm so tired of having to listen to the grating noise of leaf blowers being used at an HOA next to my office. It's horrible! I've been trying to have a zoom meeting for the past hour and even the participants on the zoom meeting can hear the leaf blower through the audio from my office (with all my windows closed). That's how loud it is! I work at 208 Spruce, and the noise is from the HOA across the Trail Creek, below us. There are some days where the noise has been so distracting and awful that I've left my office and worked from home for the remainder of the day.

Has anyone else ever raised the concern or question about banning gas powered leaf blowers? I know it probably sounds like a frivolous complaint and there are certainly more urgent things to worry about. But this does matter to me, so maybe others also hate the noise. Here's a recent article for context: <u>https://www.businessinsider.com/gas-powered-leaf-blowers-ban-cities-towns-us-pollution-noise-2023-6</u>

Just wanted to say something Thanks, Natalie

As fiduciaries, it is the Council's responsibility to ensure that Ketchum taxpayer resources are managed in conformity with Idaho state law.

This contract with BCHA is not consistent with the Council's fiduciary responsibility. This is bad governance.

1. It commits Ketchum staff to providing services to BCHA on an open-ended basis. Any contract like this should be for a fixed term at pricing that fully reimburses Ketchum taxpayers. It should be an annual contract subject to Council approval in a transparent manner.

2. The capped payment of \$43k is not substantiated on how it will fully reimburse Ketchum taxpayers for services to BCHA. In particular, the cap commits Ketchum to potentially subsidizing BCHA. Any transfer of resources from City of Ketchum to BCHA statutorily requires an affirmative vote of the Council and a public hearing.

It is disturbing that the City Administrator, Corporation Counsel, Mayor and Council would sign off on a contract that is so clearly evidence of poor management controls.

I urge the Council to exert its responsibility to demand the term and pricing changes for this contract that would ensure it conforms to their statutory and fiduciary responsibilities to the electorate.

# BLAINE COUNTY HOUSING AUTHORITY

## **BOARD MEETING AGENDA MEMO**

Meeting Date:	September 20, 2023	Staff Member:	Carissa Connelly
Agenda Item:	Recommendation to Re	enew Contract for Servi	ces with City of Ketchum
Recommended I	Motion:		

"I move to approve Contract for Services with City of Ketchum."

## Reasons for Recommendation:

- The city's Housing Director participated in the development of the BCHA strategic plan
- The city's Housing Department, Treasury, Clerk, and IT have and can continue to support BCHA's mission in a cost-efficient manner
- The city is hiring two new staff to fulfill and expand BCHA's role in line with BCHA's strategic plan

## Policy Analysis and Background:

**Proposed contract change:** Staff propose that, rather than renewing such contract annually, either party can terminate the contract at no-fault with sixty days notice. BCHA maintains the right to terminate the agreement upon two days written notice if Ketchum "fails, refuses, or is unable to provide the services."

## Proposed additions to the scope of work include the following:

- Adopt and implement a customer relationship management system to maintain clear documentation of communication and tasks.
- Enhance Ketchum's Housing Department's countywide needs assessment

Increase collaboration and communication among housing- and service-providers

• Shift hosting duties of quarterly implementation partner meetings from City of Ketchum to Blaine County Housing Authority

## Implement Emergency and Transitional Housing Plan

- Hire Housing Stability Manager to undertake these responsibilities and the Housing Navigation System.
- Master lease RV spots and assist in winterizing.
- Master lease a motel from November to April.
- Launch a community-wide funding campaign.

Financial Impact:	
None OR Adequate	City and County allocated budget includes the two positions and for programming
funds exist in account:	

Attachments:

1. Resolution 2023-08
2. Contract for Services with City of Ketchum
3. Exhibit A. Scope of Work

#### RESOLUTION No. 2023-08

## BEFORE THE BOARD OF COMMISSIONERS OF THE BLAINE COUNTY HOUSING AUTHORITY BLAINE COUNTY, IDAHO

## A RESOLUTION OF THE BLAINE COUNTY HOUSING AUTHORITY BOARD OF COMMISSIONERS TO RENEW CONTRACT FOR SERVICES WITH CITY OF KETCHUM

- A. Whereas, contractor City of Ketchum has the expertise and capacity to undertake BCHA's responsibilities and fulfill BCHA's Strategic Plan, including support from the Housing Department, Treasury, Clerk, Communications, and IT; and
- B. Whereas, the city's Housing Director participated in the development of BCHA's Strategic Plan, has provided guidance to BCHA for the previous year and a half; and
- C. Whereas, with the city of Ketchum's support, BCHA is more likely to fulfill its Strategic Plan; and,
- D. Whereas, the city's Housing Department fulfills BCHA's responsibilities when there are no BCHA-designated staff, and recruits on onboards new staff to fulfill these responsibilities; now,
- E. Therefore, be it resolved by the Board of Commissioners of the Blaine County Housing Authority, Blaine County, Idaho, as follows:

Section 1. The Blaine County Housing Authority Board of Commissioners approves and authorizes the renewal of City of Ketchum's contract for services on September 20, 2023, set forth in Attachment 2, attached and incorporated herein.

Section 2. Authorizes signature and directs the Executive Director to proceed with assisting in implementing the scope of work.

DATED thisday of	, 2023		
ATTEST:	BLAINE COUNTY HOUSING AUTHORITY BOARD OF COMMISSIONERS		

**Executive Director** 

Chair

## CONTRACT FOR SERVICES AGREEMENT WITH BLAINE COUNTY HOUSING AUTHORITY

THIS AGREEMENT is made and entered into effective to this \_\_\_\_\_ day of September 2023, by and between the CITY OF KETCHUM, IDAHO, a municipal corporation ("Ketchum") and the BLAINE COUNTY HOUSING AUTHORITY, an Idaho housing authority ("BCHA"), jointly "Parties."

## FINDINGS

1. Ketchum is a municipal corporation duly organized and existing under the laws of the State of Idaho, and is empowered to enter into contracts pursuant to Idaho Code § 50-301 *et seq.* 

2. BCHA is an Idaho independent public body, corporate and politic, duly organized and operating under the laws of the State of Idaho.

3. Ketchum has proposed to provide services to BCHA related to the management and preservation of community housing for low and moderate income households. Under the direction of the Blaine County Housing Authority Board of Commissioners, Ketchum will perform the Scope of Services, as attached hereto as Exhibit A.

4. Pursuant to Idaho Code § 31-4204 BCHA is empowered to enter into contracts and take such steps as are reasonably necessary to fulfill the authority's statutory mission.

5. Pursuant to Idaho Code § 67-2332 the Parties are empowered to enter into interagency contracts.

6. Ketchum has appropriated funds for the staffing administration of the proposed scope of services. Ketchum will seek a contract for services agreement with Blaine County to ensure matching funds.

NOW, THEREFORE, the Parties agree as follows:

**1. SERVICES RECEIVED**. Ketchum agrees to provide to BCHA the services and products described in the Scope of Services, attached as Exhibit A.

**2. TERM**. The term of this Agreement shall commence on September \_\_\_, 2023 and shall terminate when either party provides a sixty (60) day notice of no-fault termination of contract.

**3. PAYMENT OF BCHA CONTRACTORS**. The BCHA Board has entered into contracts for services with independent contractors to provide specific duties and services for the Board. The City of

Ketchum agrees to pay invoices from these contractors until the Board terminates their services. This amount may not exceed \$45,000 in fiscal year 2023 unless extended by the parties.

**4. COORDINATION**. Ketchum will coordinate and collaborate with BCHA contractors and the BOARD to facilitate training of Ketchum housing staff on BCHA programs.

**5. REPORTING**. Ketchum shall update the BCHA Board monthly during the BCHA Board's regularly scheduled meetings with respect to how each identified service in Exhibit A is being performed.

**6. NOTICES**. All notices to be served pursuant to this Agreement or which are served with regard to this Agreement shall be sent by general mail to the parties at the following addresses:

City Administrator	Board Chair	
City of Ketchum	BCHA	
Post Office Box 2315	Post Office Box 4045	
Ketchum, ID 83340	Ketchum, ID 83340	

**7. EQUAL EMPLOYMENT OPPORTUNITY**. The Parties covenant and agree that they shall not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin.

**8. TERMINATION**. Notwithstanding any contrary provision of this Agreement, either party may terminate this Agreement effective upon sixty (60) days written notice to the other for any reason or no reason. In addition, the Parties agree that in the event Ketchum fails, refuses or is unable to provide the services set forth hereinabove, the same shall constitute a default under the terms of this Agreement, and upon default that BCHA shall have the power to terminate this Agreement upon two (2) days' written notice. Furthermore, this Agreement shall be terminable by Ketchum upon five (5) days' written notice if BCHA is adjudicated bankrupt, or subject to the appointment of a receiver, or has any of its property attached, or becomes insolvent, or is unable to pay its debts as the same become due.

**9. INDEPENDENT CONTRACTOR.** Ketchum performs the Services hereunder solely and exclusively as an independent contractor. Ketchum is not an employee, servant, agent, or joint venture of BCHA. Ketchum will determine the legal means by which it accomplishes the work specified by this Agreement. This Agreement shall not be construed to create or establish any employee-employee relationship between BCHA and Ketchum or make Ketchum employees eligible for any BCHA employment benefits. Ketchum is solely responsible for the supervision of Ketchum staff and for all withholding and payment of all applicable federal, state, and local income or payroll taxes of any kind.

**10.INSURANCE.** Each party will carry and maintain liability insurance in the following minimum amounts:

General liability \$1,000,000.00 per occurrence;

	\$2,000,000.00 aggregate.
Commercial Auto	\$1,000,000.00
Professional Liability	\$1,000,000.00
Worker's Compensation	As required by the State of Idaho, and not less than
	\$1,000,000.00

Proof of said insurance shall be provided upon request. Each policy of insurance required shall provide for no less than thirty-day advance notice prior to cancellation.

**10. NONASSIGNMENT**. This Agreement, in whole or in part, shall not be assigned or transferred to any other party except upon the prior written consent and approval of the governing board of both Parties.

**11. SOLE RESPONSIBILITY**. Each Party will be solely responsible and liable with respect to its own actions taken and obligations made pursuant to this Agreement.

**12. ENTIRE AGREEMENT**. This Agreement contains the entire agreement between the parties hereto and shall not be modified or changed in any manner, except by prior written agreement executed by the parties hereto. If any term or provision of this Agreement or application thereof shall be declared invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby and shall remain in full force and effect.

**13. SUCCESSION**. This Agreement shall be binding upon all successors in interest of either party hereto.

**14. LAW OF IDAHO**. This Agreement shall be construed in accordance with the laws of the State of Idaho.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and years first written above.

#### EXHIBIT A Blaine County Housing Authority Scope of Services | October 2023

#### **Goal:** *Provide staffing, administrative and program services to the Blaine County Housing Authority Board.*

#### **Administration**

Tasks to Be Completed no later than January 1, 2023, or earlier as stated.

- Recruit and hire a BCHA Program Administrator, create and manage a 90-day work plan in coordination with BCHA independent contractors and facilitate training.
- Evaluation and consolidate BCHA Teamshare files containing 15 years of documents; eliminate duplicate files and create a new filing system with Program Administrator.
- Adopt and implement a customer relationship management system to maintain clear documentation of communication and tasks.

#### Ongoing

- Update BCHA website and social media.
- Provide clerical support, including managing board meetings, agenda, notice, and minutes.
- Provide finance support by (a) routinely monitoring, managing, and controlling program and office expenditures and (b) collecting rents and (c) managing invoices for work orders.
- Administer human resources, such as benefits, pay, and conflict resolution.
- Administer communications, including newsletters, social media, and interviews.
- Administer technology for staff and Hailey office, printers, and computers.

#### Establish a housing navigation system for providing resources, services, and housing application assistance Ongoing

- Maintain and manage infrastructure and relationships for coordinated entry into housing, such as by developing a common pre-application.
- Maintain a database on waiting lists for affordable housing.
- Provide housing counseling and financial services. Manage and annually update county-wide resource guide.
- Train case workers on housing application processes, fair housing, conflict resolution, application processes, and other resources.

#### Steward and expand deed-restricted homes, including on-going compliance

- Work with BCHA Contractors to Maintain an accurate, up-to-date, database of qualified applicants.
- Refer eligible applicants to developers and landlords. Provide data to jurisdictions as requested.
- Work with BCHA Contractors to monitor and enforce compliance of deed-restrictions and policies/guidelines.
- Improve and clarify processes.

#### Serve as the single source of housing data, housing needs, housing lists to support data-driven decisions

- Collect quantitative and qualitative data, including BCHA database, census data, building trends, housing costs, and resident feedback on needs, preferences, and initiatives.
- Enhance Ketchum's Housing Department's countywide needs assessment.
- Analyze and distribute findings in accessible format with visual and written representations.

Develop community education to build understanding of needs.

- Develop shared messaging and materials to build understanding of continuum of local housing needs and intersection of housing and other areas.
- Share about existing programs and identify innovative programs for consideration and learning.
- Translate and distribute materials through speaker series, training, and accessible communications.

#### Increase collaboration and communication among housing- and service-providers

• Shift hosting duties of quarterly implementation partner meetings from City of Ketchum to Blaine County Housing Authority.

Recommend policies to promote housing supply and access.

- Develop and recommend policies which will increase the supply of affordable housing options, such as through code and process changes.
- Develop and recommend policies which will increase access to affordable housing options and stability of residents
- Identify and advocate for state- and federal-level policy changes.
- Review the BCHA Community Housing Guidelines/Policies annually.

Implement Emergency and Transitional Housing Plan

- Hire Housing Stability Manager to undertake these responsibilities and the Housing Navigation System.
- Master lease RV spots and assist in winterizing.
- Master lease a motel from November to April.
- Launch a community-wide funding campaign.

What is the position of the Council on ITD's plan to widen 75 to five lanes from Bellevue to Ketchum?

Blaine County Commissioners are meeting on this tomorrow. Will Ketchum be represented at this meeting?

Perry Boyle Ketchum Hello!

A long overdue thank you for repainting the crosswalk from parkside to the ymca. Very much appreciated!

# **MEETING AGENDA MEMO**

Meeting Date:	September 18, 2023	Staff Member/Dept:	Shellie Gallagher / Treasurer		
	Γ				
Agenda Item:	Recommendation to Re	eceive and File Treasure	er's Monthly Financial Reports		
Recommended	Viotion:				
I move to receiv	e and file the Treasurer'	s financial report.			
		·			
Reasons for Rec	ommendation:				
Idaho State Statu	te 50-208 establishes requi	irements for monthly fina	ncial reports from the City Treasurer to		
the Council. The Statute provides that the Treasurer "render an accounting to the city council showing the					
financial condition of the treasury at the date of such accounting."					

Idaho State Statute 50-1011 establishes an additional requirement for a quarterly financial report "indicating salaries, capital outlay and a percentage comparison to the original appropriation." Such quarterly reports require publication on the City website within 30 days of the end of the quarter pursuant to 50-208. Finally, 50- 708 creates the requirement that "at least once in each quarter of each year, the council shall examine by review of a quarterly treasurer's report included upon the city council agenda the accounts and doings subject to management by the chief financial officer of the city."

Policy Analysis and Background (non-consent items only):

Sustainability Impact:

There is to sustainability impact to this reporting.

#### Financial Impact:

There is no financial impact to this reporting.

# General Fund

The General Fund revenues are up approximately \$1,446,449 (11%) compared to FY2022. The increase is largely due to an increase in Permitting and the interest earned State of Idaho LGIP.

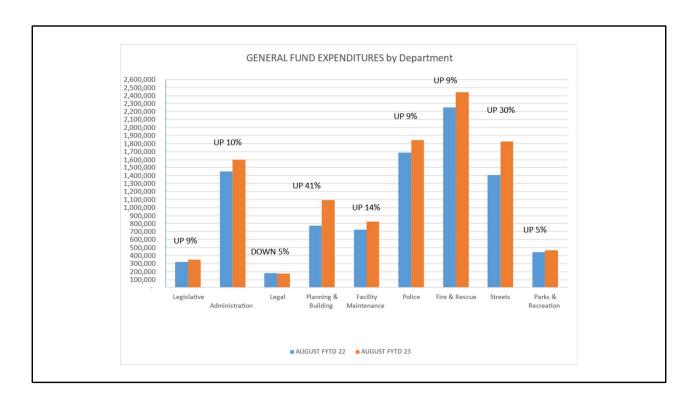

General Fund revenue budget has been amended to reflect approved council adjustments.

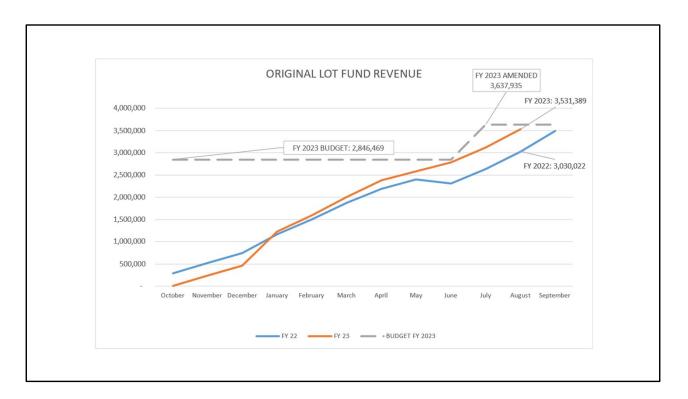

The General Fund expenditures are up 1,092,204 (10%) FYTD in comparison to last fiscal year. The increase in expenditures is largely due to snow removal, IDBS expenses offset but revenue, benefit costs and added positions in Fire & Rescue department included in the ambulance contract reimbursement.

General Fund expense budget has been amended to reflect approved council adjustments.

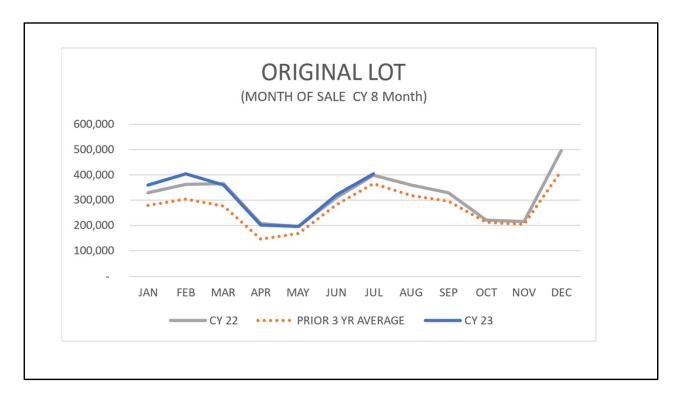

# LOT Analysis

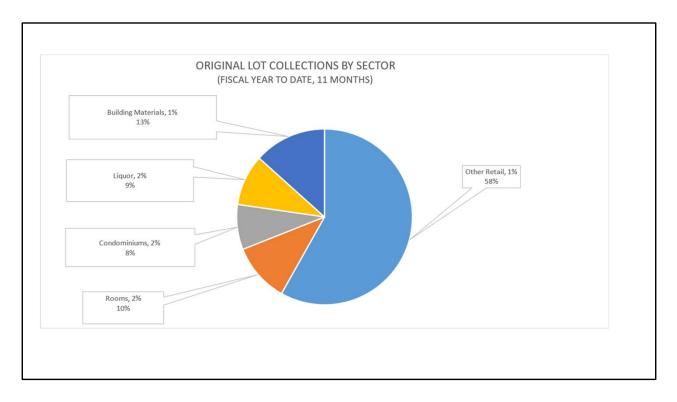

Revenue to the Original LOT Fund is up approximately \$501,367 (17%) FYTD.

Original LOT budget has been amended to release excess funds for one-time commitments and a transfer to capital improvements for sidewalks.

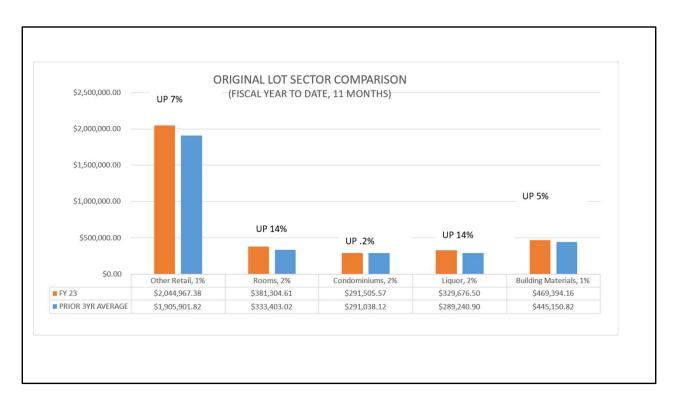

Original LOT for June month of sale are up approximately 1.3% compared to last year and up approximately 10% compared to the prior three-year average.

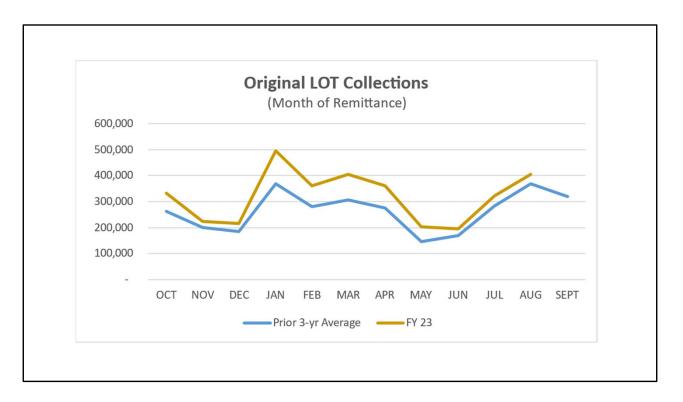

To date in FY 2023 (11 month), Original LOT collections have been generated by each sector as follows:

- 1. Retail has generated 58% of the total.
- 2. Building Materials have generated 13%.
- 3. Liquor has generated 9%.
- 4. Rooms have generated 10%.
- 5. Condominiums have generated 8%.

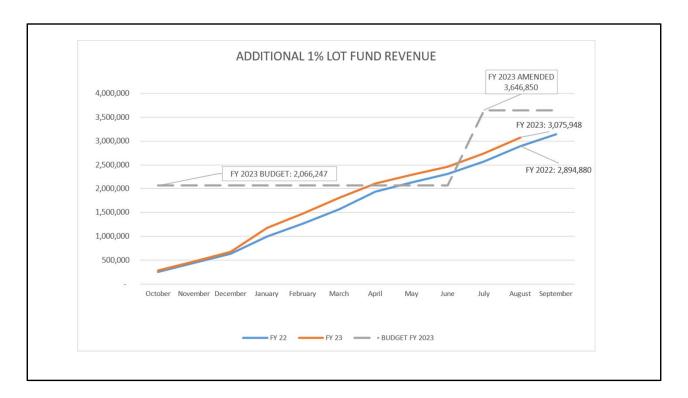

Through the eleven month of FY 2023, collections compared to the prior three-year average are as follows:

- 1. Retail is up 7%.
- 2. Rooms are up 14%.
- 3. Condominiums are up .2%
- 4. Liquor is up 14%.
- 5. Building Materials are up 5%.

Revenues from Original LOT covered sales are up approximately 19.9% compared to the average of the prior three years.

### Add'l 1% LOT

Revenue to the Additional LOT Fund is up approximately \$181,068 (6%) FYTD, June 2023 month of sale.

#### **CITY COUNCIL MEETING AGENDA MEMO**

Meeting Date:	September 18, 2023	Staff Member/Dept:	Shellie Gallagher/ Treasury				
Agenda Item:	Recommendation to Accept Engagement Letter from Workman & Company for Audit						
	Services						

#### **Recommended Motion:**

" I move to approve the engagement letter with Workman & Company for audit service for FY2023 and authorized the Mayor to sign the letter."

#### Reasons for Recommendation:

• Section 50-1010 of the Idaho Statutes requires the Council to cause a full and complete audit of the financial statements of the City each fiscal year.

#### Policy Analysis and Background (non-consent items only):

The City's last competitive procurement for audit services was in 2019 at which time we had two other bidders for audit services, the bid was awarded to Workman & Company at that time. As requested by council the City Treasurer developed a request for proposal (RFP) for audit services for 2023. The RFP was sent out on August 14, 2023 to a local firm as well as our current auditors, and posted to our website.

Staff is recommending award to Workman & Company our current audits for \$9,460. We did not receive any other bids.

Sustainability Impact:

There is no sustainability impact arising from this action.

Financial Impact:

#### REQUEST FOR PROPOSAL (RFP) AUDITING SERVICES

#### DEADLINE FOR RECEIVING PROPOSAL SEPTEMBER 10, 2023 at 2:00 PM MT

CITY OF KETCHUM CONTACT PERSON Shellie Gallagher, City Treasurer sgallagher@ketchumidaho.org

#### I. INVITATION TO SUBMIT PROPOSALS

Date of Request: Wednesday, August 16, 2023

Due Date for Proposals: September, 15, 2023 at 2:00 pm mountain time

The City of Ketchum (City) is seeking proposals for auditing services.

Copies of the RFP in PDF format may be obtained online at <u>www.ketchumidaho.org</u> or by submitting an email request to the following:

EMAIL: finance@ketchumidaho.org SUBJECT: AUDITING SERVICES RFP

All questions regarding this project prior to opening of proposals shall be directed to Shellie Gallagher at <u>sgallagher@ketchumidaho.org</u>.

The City reserves the right to reject any and all proposals or any part thereof, to waive any formalities or informalities and further, to award the services to the most responsive and responsible Proposer, according to the City's evaluation and as deemed to be in the best interest of the City. The City may opt to conduct interviews at its own discretion following the proposal deadline.

#### II. PROJECT DESCRIPTION

The City of Ketchum (City) invites qualified public accounting firms to submit a proposal to provide financial audit services for the City's annual audit for the fiscal year ending September 30, 2023. The City's enacted budget with amendments for this year was approximately \$45.5 million across 13 funds, including a \$14.1 million general fund as well as separate water and wastewater funds in the amount of \$14.5 million.

The City expects the successful firm to conduct a full and complete financial audit with accompanying notes for the fiscal year, as required by Idaho Code §67-450B (minimum requirement). Also, such audit shall be conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

The City of Ketchum intends to award a one-year contract as a result of this RFP. Additional optional terms of one-year may be included in any contract arising from this RFP.

#### III. PRELIMINARY PROJECT SCHEDULE

As a guideline, the city anticipates the following schedule:

Milestone	Date	
Posting on City of Ketchum's Website	8-16-2023	
Proposal Opening	9-10-2023	

Contract Award by Council	9-15-2023
Work Start	10-15-2023
Work Completion	11-30-2023

#### IV. SCOPE OF SERVICES

The successful firm will perform the audit as an expression of opinions as to whether the City's financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information when considered in relation to the financial statements as a whole.

The audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the City and other procedures considered necessary to enable expression of such opinions.

The firm will produce a written report upon completion of the audit of the City's financial statements. The firm will also provide a report on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

The successful firm will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government.

The firm will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to attention. The firm will also inform the appropriate level of management of any violations of laws or governmental regulations that come to attention, and of any material abuse that comes to attention.

The firm's audit procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and may include tests of the physical existence of inventories and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions.

#### V. PROPOSAL FORMAT

Proposals shall be organized and contain the following information.

- Company information
  - Provide a summary of company.
  - Provide resume of project lead
  - o Include Idaho License Information
- Description of experience with financial audit concepts
- Description of experience in similar projects
- Examples of Work and References (minimum of 3)
- Price Proposal

#### VI. PROPOSAL SUBMITTAL INSTRUCTIONS

Sealed proposals and marked City of Ketchum – AUDITING SERVICES RFP shall be submitted via email or received at either of the following locations: <u>finance@ketchumidaho.org</u>

Mailing Address: City of Ketchum PO Box 2315 Ketchum, Idaho, 83340

Delivery Address: 191 5th Street W Ketchum, Idaho, 83340

Requests for information and/or clarification may be directed by email only to <u>finance@ketchumidaho.org</u>

The city will respond to any questions of a substantive nature via an addendum to this RFP. All addenda will be posted to the City's website and distributed to known holders of the RFP.

August 8, 2023

City of Ketchum, Idaho 191 5t Street W Ketchum, ID 83340

Attached are documents containing our proposed contract for audit services. The essence of this contract is as follows:

- 1. We will audit the City's financial statements for the year ended September 30, 2023.
- 2. Our fee for this work will not exceed \$ 9,460 (unless additional work is necessary which would be negotiated.)
- We will begin our audit services approximately November 6 and issue our report by December 31, 2023.

We are pleased to propose our services to the City. If you accept our proposed contract, please sign and return a copy to our offices.

Sincerely yours,

Workman & Company

Certified Public Accountants

### WORKMAN & COMPANY

2190 Village Park Avenue, Suite 300 • Twin Falls, ID 83301 • 208.733.1161 • Fax: 208.733.6100

August 8, 2023

City of Ketchum, Idaho 191 5<sup>th</sup> Street W PO Box 2315 Ketchum, ID 83340

We are pleased to confirm our understanding of the services we are to provide the City of Ketchum, Idaho for the year ended September 30, 2023.

#### Audit Scope and Objectives

We will audit the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, and the disclosures, which collectively comprise the basic financial statements of the City of Ketchum, Idaho (City) as of and for the year ended September 30, 2023. Accounting standards generally accepted in the United States of America (GAAP) provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the City's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the City's RSI in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient appropriate evidence to express an opinion or provide any assurance. The following RSI is required by GAAP and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis
- 2) Budgetary Information
- 3) Public Employees' Pension Information

We have also been engaged to report on supplementary information other than RSI that accompanies the City's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS, and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

- 1) Combining Statements of Non-Major Funds
- 2) Debt Future Principal and Interest Schedules

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP; and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that

an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

The objectives also include reporting on internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.

#### Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of your accounting records of the City and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain assets and liabilities by correspondence with selected customers, creditors, and financial institutions. We will also request written representations from your attorneys as part of the engagement.

We have not identified significant risk(s) of material misstatement as part of our audit planning.

We may, from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Our audit of financial statements does not relieve you of your responsibilities.

#### Audit Procedures—Internal Control

We will obtain an understanding of the government and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements. whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Government Auditing Standards. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and Government Auditing Standards.

#### Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the City's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

#### Other Services

We will also assist in preparing the financial statements and related notes of the City in conformity with accounting principles generally accepted in the United States of America based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

#### **Responsibilities of Management for the Financial Statements**

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with accounting principles generally accepted in the United States of America, and for compliance with applicable laws and regulations and fare provisions of contracts and grant agreements.

Management is responsible for making drafts of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1)

access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all relatedparty relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by GAAS and *Government Auditing Standards*.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, or contracts or grant agreements that we report.

You are responsible for the preparation of the supplementary information, which we have been engaged to report on, in conformity with accounting principles generally accepted in the United States of America (GAAP). You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

#### Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

We will provide copies of our reports to The City of Ketchum, Idaho, however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Workman and Company, CPAs and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to any federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for the purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided

under the supervision of Workman and Company, CPA's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend or decide to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Brady Workman is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. We expect to begin our audit on approximately November 6, 2023 and to issue our reports no later than December 31, 2023.

Our fee for services will be at our standard hourly rates plus out-of-pocket costs (such as report reproduction, word processing, postage, travel, copies, telephone, etc.) except that we agree that our gross fee, including expenses, will not exceed \$9,460 for a yellow book audit, \$11,500 if a single audit is required. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

#### Reporting

We will issue a written report upon completion of our audit of the City's financial statements. Our report will be addressed to the Mayor and City Council of the City of Ketchum, Idaho. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or we may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will state (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The report will also state that the report is not suitable for any other purpose. If during our audit we become aware that the City is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

We appreciate the opportunity to be of service to the City of Ketchum, Idaho and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the attached copy, and return it to us.

Very truly yours,

#### Workman & Company

RESPONSE:

This letter correctly sets forth the understanding of the City of Ketchum, Idaho.

Date:

#### I. INVITATION TO SUBMIT PROPOSALS

Date of Request: Wednesday, August 16, 2023

Due Date for Proposals: September, 15, 2023 at 2:00 pm mountain time

The City of Ketchum (City) is seeking proposals for auditing services.

Copies of the RFP in PDF format may be obtained online at <u>www.ketchumidaho.org</u> or by submitting an email request to the following:

EMAIL: finance@ketchumidaho.org SUBJECT: AUDITING SERVICES RFP

All questions regarding this project prior to opening of proposals shall be directed to Shellie Gallagher at <u>sgallagher@ketchumidaho.org</u>.

The City reserves the right to reject any and all proposals or any part thereof, to waive any formalities or informalities and further, to award the services to the most responsive and responsible Proposer, according to the City's evaluation and as deemed to be in the best interest of the City. The City may opt to conduct interviews at its own discretion following the proposal deadline.

#### II. PROJECT DESCRIPTION

The City of Ketchum (City) invites qualified public accounting firms to submit a proposal to provide financial audit services for the City's annual audit for the fiscal year ending September 30, 2023. The City's enacted budget with amendments for this year was approximately \$45.5 million across 13 funds, including a \$14.1 million general fund as well as separate water and wastewater funds in the amount of \$14.5 million.

The City expects the successful firm to conduct a full and complete financial audit with accompanying notes for the fiscal year, as required by Idaho Code §67-450B (minimum requirement). Also, such audit shall be conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

The City of Ketchum intends to award a one-year contract as a result of this RFP. Additional optional terms of one-year may be included in any contract arising from this RFP.

#### III. PRELIMINARY PROJECT SCHEDULE

As a guideline, the city anticipates the following schedule:

Milestone	Date	
Posting on City of Ketchum's Website	8-16-2023	
Proposal Opening	9-10-2023	

Contract Award by Council	9-15-2023	
Work Start	10-15-2023	
Work Completion	11-30-2023	

#### IV. SCOPE OF SERVICES

The successful firm will perform the audit as an expression of opinions as to whether the City's financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information when considered in relation to the financial statements as a whole.

The audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the City and other procedures considered necessary to enable expression of such opinions.

The firm will produce a written report upon completion of the audit of the City's financial statements. The firm will also provide a report on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

The successful firm will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government.

The firm will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to attention. The firm will also inform the appropriate level of management of any violations of laws or governmental regulations that come to attention, and of any material abuse that comes to attention.

The firm's audit procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and may include tests of the physical existence of inventories and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions.

#### V. PROPOSAL FORMAT

Proposals shall be organized and contain the following information.

- Company information
  - Provide a summary of company.
  - Provide resume of project lead
  - o Include Idaho License Information
- Description of experience with financial audit concepts
- Description of experience in similar projects
- Examples of Work and References (minimum of 3)
- Price Proposal

#### VI. PROPOSAL SUBMITTAL INSTRUCTIONS

Sealed proposals and marked City of Ketchum – AUDITING SERVICES RFP shall be submitted via email or received at either of the following locations: <u>finance@ketchumidaho.org</u>

Mailing Address: City of Ketchum PO Box 2315 Ketchum, Idaho, 83340

Delivery Address: 191 5th Street W Ketchum, Idaho, 83340

Requests for information and/or clarification may be directed by email only to <u>finance@ketchumidaho.org</u>

The city will respond to any questions of a substantive nature via an addendum to this RFP. All addenda will be posted to the City's website and distributed to known holders of the RFP.

# CITY COUNCIL MEETING AGENDA MEMO

Meeting Date:	September 18, 2023	Staff Member/Dept:	Paige Nied, Associate Planner
			Planning and Building Department
		-	
Agenda Item:	Recommendation to A	pprove the Okada Towr	nhomes Subdivision Final Plat and Adopt the
	Findings of Fact, Conclu	usions of Law, and Deci	sion.

Recommended Motion:

I move to approve the Okada Townhomes Subdivision Final Plat and adopt the Findings of Fact, Conclusions of Law, and Decision.

Reasons for Recommendation:

•	The request meets all applicable standards for Preliminary Plats and Townhouse Subdivisions as	
	specified in the Ketchum Municipal Code's Subdivision (Title 16) regulations.	

- The Preliminary Plat application was approved by City Council on November 1, 2021, following recommendation by the Planning and Zoning Commission on September 21, 2021.
- All conditions of approval of the Preliminary Plat have been met.
- All city departments have reviewed the proposal and have no concerns with the proposed lot line shift.

Policy Analysis and Background:

Sustainability Impact:

This application has no impact on the City's ability to meet the Ketchum Sustainability Action Plan.

# Financial Impact:

None	There is no financial request to the City of Ketchum for
	the application and therefore no budget implications.

Attachments:

1.	Townhouse Subdivision Final Plat Application and Supplemental Documents
2.	Final Plat
3.	Draft Findings of Fact, Conclusions of Law, and Decision

#### **GUARANTEE CONDITIONS AND STIPULATIONS**

- **1. Definition of Terms** The following terms when used in the Guarantee mean:
  - (a) "the Assured": the party or parties named as the Assured in this Guarantee, or on a supplemental writing executed by the Company.
    - (b) "land": the land described or referred to in Schedule (A)(C) or in Part 2, and improvements affixed thereto which by law constitute real property. The term "land" does not include any property beyond the lines of the area described or referred to in Schedule (A)(C) or in Part 2, nor any right, title, interest, estate or easement in abutting streets, roads, avenues, alleys, lanes, ways or waterways.
    - (c) "mortgage": mortgage, deed of trust, trust deed, or other security instrument.
    - (d) "public records": records established under state statutes at Date of Guarantee for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without knowledge.
    - (e) "date": the effective date.
- 2. Exclusions from Coverage of this Guarantee The Company assumes no liability for loss or damage by reason of the following:
  - (a) Taxes or assessments which are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the public records.
  - (b) (1) Unpatiented mining claims; (2) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (3) water rights, claims or title to water; whether or not the matters excluded by (1), (2) or (3) are shown by the public records.
  - (c) Assurances to title to any property beyond the lines of the land expressly described in the description set forth in Schedule (A)(C) or in Part 2 of this Guarantee, or title to streets, roads, avenues, lanes, ways or waterways on which such land abuts, or the right to maintain therein vaults, tunnels, ramps or any other structure or improvement; or any rights or easements therein unless such property, rights or easements are expressly and specifically set forth in said description.
  - (d) (1) Defects, liens, encumbrances or adverse claims against the title, if assurances are provided as to such title, and as limited by such assurances.
    - (2) Defects, liens, encumbrances, adverse claims or other matters (a) whether or not shown by the public records, and which are created, suffered, assumed or agreed to by one or more of the Assureds; (b) which result in no loss to the Assured; or (c) which do not result in the invalidity or potential invalidity of any judicial or non-judicial proceeding which is within the scope and purpose of assurances provided.
- 3. Notice of Claim to be Given by Assured Claimant An Assured shall notify the Company promptly in writing in case knowledge shall come to an Assured hereunder of any claim of title or interest which is adverse to the title to the estate or interest, as stated herein, and which might cause loss or damage for which the Company may be liable by virtue of this Guarantee. If prompt notice shall not be given to the Company, then all liability of the Company shall terminate with regard to the matter or matters for which prompt notice is required; provided, however, that failure to notify the Company shall in no case prejudice the rights of any Assured under this Guarantee unless the Company shall be prejudiced by the failure and then only to the extent of the prejudice.
- 4. No Duty to Defend or Prosecute The Company shall have no duty to defend or prosecute any action or proceeding to which the Assured is a party, notwithstanding the nature of any allegation in such action or proceeding.
- 5. Company's Option to Defend or Prosecute Actions; Duty of Assured Claimant to Cooperate Even though the Company has no duty to defend or prosecute as set forth in Paragraph 4 above:
  - (a) The Company shall have the right, at its sole option and cost, to institute and prosecute any action or proceeding, interpose a defense, as limited in (b), or to do any other act which in its opinion may be necessary or desirable to establish the title to the estate or interest as stated herein, or to establish the lien rights of the Assured, or to prevent or reduce loss or damage to the Assured. The Company may take any appropriate action under the terms of this Guarantee, whether or not it shall be liable hereunder, and shall not thereby concede liability or waive any provision of this Guarantee. If the Company shall exercise its rights under this paragraph, it shall do so diligently.
  - (b) If the Company elects to exercise its options as stated in Paragraph 5(a) the Company shall have the right to select counsel of its choice (subject to the right of such Assured to object for reasonable cause) to represent the Assured and shall not be liable for and will not pay the fees of any other counsel, nor will the Company pay any fees, costs or expenses incurred by an Assured in the defense of those causes of action which allege matters not covered by this Guarantee.
  - (c) Whenever the Company shall have brought an action or interposed a defense as permitted by the provisions of this Guarantee, the Company may pursue any litigation to final determination by a court of competent jurisdiction and expressly reserves the right, in its sole discretion, to appeal from an adverse judgment or order.
  - (d) In all cases where this Guarantee permits the Company to prosecute or provide for the defense of any action or proceeding, an Assured shall secure to the Company the right to so prosecute or provide for the defense of any action or proceeding, and all appeals therein, and permit the Company to use, at its option, the name of such Assured for this purpose. Whenever requested by the Company, an Assured, at the Company's expense, shall give the Company all reasonable aid in any action or proceeding, securing evidence, obtaining witnesses, prosecuting or defending the action or lawful act which in the opinion of the Company may be necessary or desirable to establish the title to the estate or interest as stated herein, or to establish the lien rights of the Assured. If the Company is prejudiced by the failure of the Assured to furnish the required cooperation, the Company's obligations to the Assured under the Guarantee shall terminate.
- 6. Proof of Loss or Damage In addition to and after the notices required under Section 3 of these Conditions and Stipulations have been provided to the Company, a proof of loss or damage signed and sworn to by the Assured shall be furnished to the Company within ninety (90) days after the Assured shall ascertain the facts giving rise to the loss or damage. The proof of loss or damage shall describe the matters covered by this Guarantee which constitute the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage. If the Company is prejudiced by the failure of the Assured to provide the required proof of loss or damage, the Company's obligation to such Assured under the Guarantee shall terminate. In addition, the Assured may reasonably be required to submit to examination under oath by an authorized representative of the Company and shall produce for examination, inspection and copying, at such reasonable times and places as may be designated by any authorized representative of the Company, in writing, for any authorized representative of the Company to examine, inspect and copy all records, books, ledgers, checks, correspondence and memoranda, whether bearing a date before or after Date of Guarantee, which reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, in writing, for any authorized representative of the Company to examine, inspect and copy all records, books, ledgers, checks, correspondence and memoranda in the custody or control of a third party, which reasonably pertain to the loss or damage. All information designated as confidential by the Assured provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Assured to submit for examination under oath, produce other reasonably requested information or grant permission to secure reasona
- 7. Options to Pay or Otherwise Settle Claims: Termination of Liability In case of a claim under this Guarantee, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Liability or to Purchase the Indebtedness.

<sup>©</sup> California Land Title Association. All rights reserved. The use of this Form is restricted to CLTA subscribers in good standing as of the date of use. All other uses are prohibited. Reprinted under license or express permission from the California Land Title Association. File Number: 21410678

#### **GUARANTEE CONDITIONS AND STIPULATIONS**

The Company shall have the option to pay or settle or compromise for or in the name of the Assured any claim which could result in loss to the Assured within the coverage of this Guarantee, or to pay the full amount of this Guarantee or, if this Guarantee is issued for the benefit of a holder of a mortgage or a lienholder, the Company shall have the option to purchase the indebtedness secured by said mortgage or said lien for the amount owing thereon, together with any costs, reasonable attorneys' fees and expenses incurred by the Assured claimant which were authorized by the Company up to the time of purchase.

Such purchase, payment or tender of payment of the full amount of the Guarantee shall terminate all liability of the Company hereunder. In the event after notice of claim has been given to the Company by the Assured the Company offers to purchase said indebtedness, the owner of such indebtedness shall transfer and assign said indebtedness, together with any collateral security, to the Company upon payment of the purchase price. Upon the exercise by the Company of the option provided for in Paragraph (a) the Company's obligation to the Assured under this Guarantee for the claimed loss or damage, other than to make the payment required in that paragraph, shall terminate, including any obligation to continue the defense or prosecution of any litigation for which the Company has exercised its options under Paragraph 5, and the Guarantee shall be surrendered to the Company of cancellation.

To Pay or Otherwise Settle With Parties Other Than the Assured or With the Assured Claimant.

To pay or otherwise settle with other parties for or in the name of an Assured claimant any claim assured against under this Guarantee, together with any costs, attorneys' fees and expenses incurred by the Assured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay.

Upon the exercise by the Company of the option provided for in Paragraph (b) the Company's obligation to the Assured under this Guarantee for the claimed loss or damage, other than to make the payment required in that paragraph, shall terminate, including any obligation to continue the defense or prosecution of any litigation for which the Company has exercised its options under Paragraph 5.

- Determination and Extent of Liability This Guarantee is a contract of Indemnity against actual monetary loss or damage sustained or incurred by the Assured claimant who has suffered loss or damage by reason of reliance upon the assurances set forth in this Guarantee and only to the extent herein described, and subject to the exclusions stated in Paragraph 2.
  - The liability of the Company under this Guarantee to the Assured shall not exceed the least of:
  - (a) the amount of liability stated in Schedule A;
  - the amount of the unpaid principal indebtedness secured by the mortgage of an Assured mortgagee, as limited or provided under Section 7 of these (b) Conditions and Stipulations or as reduced under Section 10 of these Conditions and Stipulations, at the time the loss or damage assured against by this Guarantee occurs, together with interest thereon; or
  - (c) the difference between the value of the estate or interest covered hereby as stated herein and the value of the estate or interest subject to any defect, lien or encumbrance assured against by this Guarantee.

#### Limitation of Liability

- (a) If the Company establishes the title, or removes the alleged defect, lien or encumbrance, or cures any other matter assured against by this Guarantee in a reasonably diligent manner by any method, including litigation and the completion of any appeals therefrom, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused thereby.
- In the event of any litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has (b) been a final determination by a court of competent jurisdiction, and disposition of all appeals therefrom, adverse to the title, as stated herein.
- The Company shall not be liable for loss or damage to any Assured for liability voluntarily assumed by the Assured in settling any claim or suit (c) without the prior written consent of the Company.
- 10. Reduction of Liability or Termination of Liability - All payments under this Guarantee, except payments made for costs, attorneys' fees and expenses pursuant to Paragraph 5 shall reduce the amount of liability pro tanto.
- 11. Payment Loss
  - (a) No payment shall be made without producing this Guarantee for endorsement of the payment unless the Guarantee has been lost or destroyed, in which case proof of loss or destruction shall be furnished to the satisfaction of the Company.
  - (b) When liability and the extent of loss or damage has been definitely fixed in accordance with these Conditions and Stipulations, the loss or damage shall be payable within thirty (30) days thereafter.
- 12. Subrogation Upon Payment or Settlement Whenever the Company shall have settled and paid a claim under this Guarantee, all right of subrogation shall vest in the Company unaffected by any act of the Assured claimant.

The Company shall be subrogated to and be entitled to all rights and remedies which the Assured would have had against any person or property in respect to the claim had this Guarantee not been issued. If requested by the Company, the Assured shall transfer to the Company all rights and remedies against any person or property necessary in order to perfect this right of subrogation. The Assured shall permit the Company to sue, compromise or settle in the name of the Assured and to use the name of the Assured in any transaction or litigation involving these rights or remedies.

If a payment on account of a claim does not fully cover the loss of the Assured the Company shall be subrogated to all rights and remedies of the Assured after the Assured shall have recovered its principal, interest, and costs of collection.

Arbitration - Unless prohibited by applicable law, either the Company or the Assured may demand arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Assured arising out of or relating to this Guarantee, any service of the Company in connection with its issuance or the breach of a Guarantee provision or other obligation. All arbitrable matters when the Amount of Liability is \$1,000,000 or less shall be arbitrated at the option of either the Company or the Assured. All arbitrable matters when the amount of liability is in excess of \$1,000,000 shall be arbitrated only when agreed to by both the Company and the Assured. The Rules in effect at Date of Guarantee shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the land is located permits a court to award attorneys' fees to a prevailing party, Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules. A copy of the Rules may be obtained from the Company upon request.

#### 14. Liability Limited to This Guarantee; Guarantee Entire Contract

- (a) This Guarantee together with all endorsements, if any, attached hereto by the Company is the entire Guarantee and contract between the Assured and the Company. In interpreting any provision of this Guarantee, this Guarantee shall be construed as a whole.
- Any claim of loss or damage, whether or not based on negligence, or any action asserting such claim, shall be restricted to this Guarantee. (b)
- (c) No amendment of or endorsement to this Guarantee can be made except by a writing endorsed hereon or attached hereto signed by either the President, a Vice President, the Secretary, an Assistant Secretary, or validating officer or authorized signatory of the Company.
- 15. Notices, Where Sent All notices required to be given the Company and any statement in writing required to be furnished the Company shall include the number of this Guarantee and shall be addressed to the Company at P. O. Box 2029, Houston, TX 77252-2029.

**City of Ketchum** Planning & Building

IN RE:	)
Okada Townhomes Townhouse Subdivision Final Date: September 18, 2023	) KETCHUM CITY COUNCIL Plat ) FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ) DECISION
File Number: P23-057	)
PROJECT:	Okada Townhomes Subdivision Final Plat
FILE NUMBER:	P23-057
ASSOCIATED PERMITS:	Design Review P21-042, Townhouse Subdivision Preliminary Plat P21-041, Building Permit B22-005
OWNER:	Robert Okada
REPRESENTATIVE:	Galena-Benchmark Engineering
REQUEST:	Townhouse Subdivision Final Plat for the Okada Townhomes
LOCATION:	407 Bald Mountain Road (Tax Lot 3215)
ZONING:	General Residential – Low Density (GR-L)
OVERLAY:	None
NOTICE:	A public hearing was conducted for the townhouse preliminary plat approval. Public hearings are not required for townhouse final plats; therefore, no public hearing was scheduled for the application.

### **RECORD OF PROCEEDINGS**

The Planning and Building Department received the Final Plat application on June 15, 2023. Following the receipt of the application, staff routed the application materials to all City departments for review. The application was deemed complete on August 17, 2023, after one round of review. As of the date of these findings, all department comments have been resolved or addressed through the conditions of approval recommended below.

The Ketchum City Council conducted their final consideration of the Townhouse Subdivision Final Plat application (File No. P23-057) during their meeting on September 18, 2023. After considering staff's analysis and the application materials, the Council unanimously approved the application.

## BACKGROUND

The applicant, represented by Dave Patrie of Galena-Benchmark Engineering, is requesting Final Plat approval for a Townhouse Subdivision, subdividing an existing 8,838 square foot lot into two sublots (Sublot 1 is 5,734 square feet in size and Sublot 2 is 3,104 square feet in size) within the General Residential – Low Density (GR-L) Zoning District. The Planning & Zoning Commission considered the Okada Residence Townhouse Subdivision Preliminary Plat application (File No. P21-041) during their regular meeting on September 21, 2021, and recommended approval of the application to the City Council. The City Council considered and approved the Preliminary Plat application on November 1, 2021. The City issued a building permit for the construction of the new detached townhouse (File No. B22-005) on March 30, 2022, and a Certificate of Occupancy was issued for the project on April 19, 2023.

# **FINDINGS OF FACT**

The Council, having reviewed the entire project record, does hereby make and set forth these Findings of Fact, Conclusions of Law, and Decision as follows:

# FINDINGS REGARDING COMPLIANCE WITH TOWNHOUSE FINAL PLAT REQUIREMENTS

	Townhouse Plat Requirements					
Co	Compliant		Standards and City Council Findings			
Yes	No	N/A	Ketchum Municipal Code	City Standards and City Council Findings		
			16.04.080.B	Townhouse Owners' Documents: The subdivider of the townhouse project shall submit with the preliminary plat application a copy of the proposed party wall agreement and any proposed document(s) creating an association of owners of the proposed townhouse sublots, which shall adequately provide for the control and maintenance of all commonly held facilities, garages, parking and/or open spaces. Prior to final plat approval, the subdivider shall submit to the city a final copy of such documents and shall file such documents prior to recordation of the plat, which shall reflect the recording instrument numbers.		
			City Council Findings	This standard is not applicable as this application is for a detached townhouse development and no party walls are proposed.		
			16.04.080.C. 2	The subdivider may apply for preliminary plat approval from the City Council pursuant to subsection 16.04.030D of this chapter at the time application is made for design review approval pursuant to title 17, chapter 17.96 of this code. The City Council may approve, deny or conditionally approve such preliminary plat upon		

	<i>City Council Findings</i> 16.04.080.C. 3	consideration of the action taken on the application for design review of the project.The townhome subdivision preliminary plat and design review applications for the development were reviewed concurrently. The design review was approved by the Planning and Zoning Commission on September 21, 2021, and the Preliminary Plat was approved by the City Council on November 1, 2021.The preliminary plat, other data, and the commission's findings may be transmitted to the council prior to commencement of 
	City Council Findings	The Ketchum City Council reviewed the preliminary plat per the requirements of all applicable sections and approved the plat as outlined in the findings of fact dated November 1, 2021.
	16.04.080.C. 4	In the event a phased townhouse development project is proposed, after preliminary plat is granted for the entirety of a project, the final plat procedure for each phase of a phased development project shall follow §16.04.030.G and comply with the additional provisions of §16.04.110 of this code.
	City Council Findings	This standard is not applicable as a phased development was not proposed for the detached townhouse development.
	16.04.080.D City Council Findings	<ul> <li>D. Final Plat Procedure:</li> <li>1. The final plat procedure contained in subsection 16.04.030G of this chapter shall be followed. However, the final plat shall not be signed by the city clerk and recorded until the townhouse has received either: <ul> <li>a. A certificate of occupancy issued by the city of Ketchum for all structures in the townhouse development and completion of all design review elements as approved by the planning and zoning administrator; or</li> <li>b. Signed council approval of a phased development project consistent with §16.04.110 herein.</li> </ul> </li> <li>2. The council may accept a security agreement for any design review elements not completed on a case by case basis pursuant to title 17, chapter 17.96 of this code.</li> <li>The final plat may be signed by the City Clerk in accordance with KMC §16.04.110 as all improvements have been completed to the satisfaction of all City Departments. The detached townhouse</li> </ul>
	16.04.080.E	<ul> <li>development was issued a Certificate of Occupancy on April 19, 2023.</li> <li>E. Required Findings: In addition to all Townhouse Developments complying with the applicable provisions of Title 17 and this Subdivision Chapter (§16.04), the Administrator shall find that <ol> <li>All Townhouse Developments, including each individual sublot, shall not exceed the maximum building coverage</li> </ol> </li> </ul>
		requirements of the zoning district.

		2. Garage: All garages shall be designated on the preliminary and final plats and on all deeds as part of the particular townhouse units. Detached garages may be platted on separate sublots; provided, that the ownership of detached garages is tied to specific townhouse units on the townhouse plat and in any owner's documents, and that the detached garage(s) may not be sold and/or owned separate from any dwelling unit(s) within the townhouse development.
	City Council Findings	The detached townhouse development meets the dimensional standards and requirements of the General Residential Low Density
	rmumgs	(GR-L) Zoning District. The existing dwelling unit on Sublot 1 has a building coverage of 1,082.83 square feet. The proposed detached townhouse on Sublot 2 has a building coverage of 1,053.47 square feet. This results in a total building coverage of 24.5% (2,136.30 square feet building coverage/8,838 square foot lot). No detached garages are proposed with this townhome development.
	16.04.080.F	General Applicability: All other provisions of this chapter and all applicable ordinances, rules and regulations of the city and all other governmental entities having jurisdiction shall be complied with by townhouse subdivisions.
	City Council Findings	All other provisions of this chapter and all applicable ordinances, rules, and regulations of the City and other governmental entities having jurisdiction shall be complied with by the townhouse subdivision.

# FINDINGS REGARDING COMPLIANCE WITH FINAL PLAT REQUIREMENTS

	Final Plat Requirements					
Con	nplian	t		Standards and City Council Findings		
YES	NO	N / A	Ketchum Municipal Code	City Standards and City Council Findings		
			16.04.030.K	Contents Of Final Plat: The final plat shall be drawn at such a scale and contain such lettering as to enable same to be placed upon sheets of eighteen inch by twenty four inch (18" x 24") Mylar paper with no part of the drawing nearer to the edge than one-half inch (1/2"), and shall be in conformance with the provisions of title 50, chapter 13, Idaho Code. The reverse side of such sheet shall not be used for any portion of the drawing, but may contain written matter as to dedications, certificates, signatures, and other information. The contents of the final plat shall include all items required under title 50, chapter 13, Idaho Code, and also shall include the following:		

			City Council Findings	The final plat mylar shall be prepared following Ketchum City Council review and approval of the final plat application and shall meet these standards.					
$\boxtimes$			16.04.030.K.1	Point of beginning of subdivision description tied to at least two (2) governmental survey corners, or in lieu of government survey corners, to monuments recognized by the city engineer.					
			City Council Findings	As shown on Sheet 1 of the final plat, the point of beginning is tied to two survey corners.					
$\boxtimes$			16.04.030.K.2	Location and description of monuments.					
			City Council Findings	The location and description of monuments are indicated on Sheet 1 of the final plat.					
			16.04.030.K.3	Tract boundary lines, property lines, lot lines, street right of way lines and centerlines, other rights of way and easement lines, building envelopes as required on the preliminary plat, lot area of each lot, boundaries of floodplain and floodway and avalanche district, all with bearings, accurate dimensions in feet and decimals, in degrees and minutes and radii, arcs, central angles, tangents and chord lengths of all curves to the above accuracy.					
			City Council Findings	Sheet 1 of the plat indicates property lines and the centerline of Bald Mountain Road.					
		16.04.030.K.4	Names and locations of all adjoining subdivisions.						
			City Council Findings	The names and locations of adjoining subdivisions are identified on the final plat.					
$\boxtimes$								16.04.030.K.5	Name and right of way width of each street and other public rights of way.
			City Council Findings	As shown on Sheet 1, the Bald Mountain Road right-of-way is both named dimensioned.					
$\boxtimes$			16.04.030.K.6	Location, dimension and purpose of all easements, public or private.					
			City Council Findings	The 6-foot-wide snow storage easement and the 10-foot-wide public utility easement are indicated on Sheet 1 of the plat.					
		$\boxtimes$	16.04.030.K.7	The blocks numbered consecutively throughout each block.					
			City Council Findings	This townhouse subdivision will subdivide an existing lot into 2 townhouse sublots. No new blocks are created with the townhouse subdivision.					
		X	16.04.030.K.8 <i>City Council</i>	The outline of any property, other than a street, alley or easement, which is offered for dedication to public use, fully dimensioned by distances and bearings with the area marked "Dedicated to the City of Ketchum for Public Use", together with any other descriptive language with regard to the precise nature of the use of the land so dedicated. <i>N/A as no dedications have been required or proposed for this</i>					
	1	1	city council	ry, as no acalcations have been required of proposed for this					

$\boxtimes$		16.04.030.K.9	The title, which shall include the name of the subdivision, the name of
			the city, if appropriate, county and state, and the location and
			description of the subdivision referenced to section, township, range.
		City Council	This standard has been met. The name of the proposed subdivision is
		Findings	Okada Townhomes.
$\boxtimes$		16.04.030.K.10	Scale, north arrow and date.
		City Council Findings	As shown on Sheet 1, the plat includes a scale, north arrow, and date.
$\boxtimes$		16.04.030.K.11	Location, width, and names of all existing or dedicated streets and other public ways within or adjacent to the proposed subdivision
		City Council	The location and width of Bald Mountain Road is indicated on the plat
		, Findings	map. No new public streets or public ways are proposed for the
		0	townhouse subdivision.
	$\boxtimes$	16.04.030.K.12	A provision in the owner's certificate referencing the county recorder's
			instrument number where the condominium declaration(s) and/or
			articles of incorporation of homeowners' association governing the
			subdivision are recorded.
		City Council	This standard is not applicable to this application.
		Findings	
$\boxtimes$		16.04.030.K.13	Certificate by registered engineer or surveyor preparing the map
			certifying to the accuracy of surveying plat.
		City Council	The signature block page on Sheet 2 of the plat includes the surveyor's
		Findings	certification.
$\boxtimes$		16.04.030.K.14	A current title report of all property contained within the plat.
		City Council	This standard has been met. A title report for the property was
		Findings	submitted by Stewart Title Guarantee Company on April 16, 2021.
$\boxtimes$		16.04.030.K.15	Certification of owner(s) of record and all holders of security interest(s)
			of record with regard to such property.
		City Council	As conditioned (#2), this standard will be met prior to recordation of the
		Findings	Final Plat. The signature block page on Sheet 2 of the final plat includes a
			certificate of ownership and associated acknowledgement from all
			owners and holders of security interest with regard to the subject
			property, which shall be signed following Ketchum City Council review
			and approval of the application and prior to recordation of the Final Plat.
$\boxtimes$		16.04.030.K.16	Certification and signature of engineer (surveyor) verifying that the
			subdivision and design standards meet all city requirements.
		City Council	As conditioned (#2), this standard will be met prior to recordation of the
		Findings	Final Plat. The signature block page on Sheet 2 of the final plat includes
			the project engineer's certificate which verifies that the subdivision and
	-	10.04.000 % 47	design standards meet all City requirements.
$\boxtimes$		16.04.030.K.17	Certification and signature of the city engineer verifying that the
			subdivision and design standards meet all city requirements.
		City Council	As conditioned (#2), this standard will be met prior to recordation of the
		Findings	Final Plat. The signature block page on Sheet 2 of the final plat includes

				the City Engineer's approval and verification that the subdivision and	
				design standards meet all City requirements.	
$\boxtimes$				16.04.030.K.18	Certification and signature of the city clerk of the city of Ketchum
				verifying that the subdivision has been approved by the council.	
			City Council	As conditioned (#2), this standard will be met prior to recordation of the	
			Findings	Final Plat. The signature block page on Sheet 2 includes the certification	
			-	and signature of the City Clerk verifying the subdivision has been	
				approved by City Council.	
		$\boxtimes$	16.04.030.K.19	Notation of any additional restrictions imposed by the council on the	
				development of such subdivision to provide for the public health, safety	
				and welfare.	
			City Council	Snow storage easements must remain free from obstructions; therefore,	
			Findings	no surface parking is permitted in the driveway for sublot 2. To ensure	
				full compliance with this requirement, a condition of approval for the	
				preliminary plat application (File No. P21-041) required a plat note to be	
				added stating that parking is prohibited within the driveway for sublot 2.	
				As indicated on Sheet 1 of the plat, this plat note has been added.	
$\boxtimes$			16.04.030.L	Final Plat Copies: Both a hard copy and a digital copy of the final plat	
				shall be filed with the administrator prior to being placed upon the	
				Council's agenda. A digital copy of the final plat as approved by the	
				council and signed by the city clerk shall be filed with the administrator	
				and retained by the city. The. Applicant shall also provide the city with a	
				digital copy of the recorded document with its assigned legal instrument	
			City Council	number. This standard has been met.	
			Findings	This standard has been met.	
$\boxtimes$			16.04.040.A	Required Improvements: The improvements set forth in this section	
				shall be shown on the preliminary plat and installed prior to approval of	
				the final plat. Construction design plans shall be submitted and	
				approved by the city engineer. All such improvements shall be in	
				accordance with the comprehensive plan and constructed in	
				compliance with construction standard specifications adopted by the	
				city.	
			City Council	All project plans for the townhome development were reviewed and	
			Findings	approved by City Departments through Design Review (Application File	
				No. P21-042), Townhouse Subdivision Preliminary Plat (Application File	
				No. P21-041), and Building Permit (Application File No. B22-005). The	
				townhouse development was issued a Certificate of Occupancy on April	
				19, 2023. The project's utilities, private driveway, and right-of-way	
				improvements have been installed and completed to the satisfaction of	
				all City Departments.	
$\boxtimes$			16.04.040.B	Improvement Plans: Prior to approval of final plat by the Council, the	
				subdivider shall file two (2) copies with the city engineer, and the city	
				engineer shall approve construction plans for all improvements required	
				in the proposed subdivision. Such plans shall be prepared by a civil	
				engineer licensed in the state.	

	City Council Findings	City Departments, including Planning, Building, Fire, Streets, City Engineer, and Utilities, reviewed approved all required improvements through Design Review (Application File No. P21-042), Townhouse Subdivision Preliminary Plat (Application File No. P21-041), and Building Permit (Application File No. B22-005).
	16.04.040.C	Performance Bond: Prior to final plat approval, the subdivider shall have previously constructed all required improvements and secured a certificate of completion from the city engineer. However, in cases where the required improvements cannot be constructed due to weather, factors beyond the control of the subdivider, or other conditions as determined acceptable at the sole discretion of the city, the city council may accept, in lieu of any or all of the required improvements, a performance bond filed with the city clerk to ensure actual construction of the required improvements as submitted and approved. Such performance bond shall be issued in an amount not less than one hundred fifty percent (150%) of the estimated costs of improvements are not constructed within the time allowed by the city council (which shall be two years or less, depending upon the individual circumstances), the council may order the improvements installed at the expense of the subdivider and the surety. In the event the cost of installing the required improvements exceeds the amount of the bond, the subdivider shall be liable to the city for additional costs. The amount that the cost of installing the required improvements exceeds the amount of the performance bond shall automatically become a lien upon any and all property within the subdivision owned by the owner and/or subdivider.
	City Council Findings	N/A. The townhouse development was issued a Certificate of Occupancy on April 19, 2023. The project's utilities, private driveway, and right-of- way improvements have been installed and completed to the satisfaction of all City Departments.
	16.04.040.D	As Built Drawing: Prior to acceptance by the city council of any improvements installed by the subdivider, two (2) sets of as built plans and specifications, certified by the subdivider's engineer, shall be filed with the city engineer. Within ten (10) days after completion of improvements and submission of as built drawings, the city engineer shall certify the completion of the improvements and the acceptance of the improvements, and shall submit a copy of such certification to the administrator and the subdivider. If a performance bond has been filed, the administrator shall forward a copy of the certification to the city clerk. Thereafter, the city clerk shall release the performance bond upon application by the subdivider.
	City Council Findings	All project plans for the townhome development were reviewed and approved by City Departments through Design Review (Application File No. P21-042), Townhouse Subdivision Preliminary Plat (Application File No. P21-041), and Building Permit (Application File No. B22-005). The

			townhouse development was issued a Certificate of Occupancy on April 19, 2023. The project's utilities, private driveway, and right-of-way improvements have been installed and completed to the satisfaction of all City Departments.
		16.04.040.E	<ul> <li>Monumentation: Following completion of construction of the required improvements and prior to certification of completion by the city engineer, certain land survey monuments shall be reset or verified by the subdivider's engineer or surveyor to still be in place. These monuments shall have the size, shape, and type of material as shown on the subdivision plat. The monuments shall be located as follows: <ol> <li>All angle points in the exterior boundary of the plat.</li> <li>All street intersections, points within and adjacent to the final plat.</li> <li>All angle points and points of curves on all streets.</li> <li>The point of beginning of the subdivision plat description.</li> </ol> </li> </ul>
		City Council Findings	The final plat indicates two monuments, both of which have been verified by the subdivider's surveyor and City Engineer.
$\boxtimes$		16.04.040.F	Lot Requirements:
			<ol> <li>Lot size, width, depth, shape and orientation and minimum building setback lines shall be in compliance with the zoning district in which the property is located and compatible with the location of the subdivision and the type of development, and preserve solar access to adjacent properties and buildings.</li> <li>Whenever a proposed subdivision contains lot(s), in whole or in part, within the floodplain, or which contains land with a slope in excess of twenty five percent (25%), based upon natural contours, or creates corner lots at the intersection of two (2) or more streets, building envelopes shall be shown for the lot(s) so affected on the preliminary and final plats. The building envelopes shall be located in a manner designed to promote harmonious development of structures, minimize congestion of structures, and provide open space and solar access for each lot and structure. Also, building envelopes shall be located to promote access to the lots and maintenance of public utilities, to minimize cut and fill for roads and building foundations, and minimize adverse impact upon environment, watercourses and topographical features. Structures may only be built on buildable lots. Lots shall only be created that meet the definition of "lot, buildable" in section 16.04.020 of this chapter. Building envelopes shall be established outside of hillsides of twenty five percent (25%) or greater to create a reasonable building envelope, and mountain overlay design review standards and all other city requirements are met.</li> </ol>

		<ul> <li>b. For small, isolated pockets of twenty five percent (25%) or greater that are found to be in compliance with the purposes and standards of the mountain overlay district and this section.</li> <li>3. Corner lots outside of the original Ketchum Townsite shall have a property line curve or corner of a minimum radius of twenty five feet (25') unless a longer radius is required to serve an existing or future use.</li> <li>4. Side lot lines shall be within twenty degrees (20°) to a right angle or radial line to the street line.</li> <li>5. Double frontage lots shall not be created. A planting strip shall be provided along the boundary line of lots adjacent to arterial streets or incompatible zoning districts.</li> <li>6. Every lot in a subdivision shall have a minimum of twenty feet (20') of frontage on a dedicated public street or legal access via an easement of twenty feet (20') or greater in width. Easement shall be recorded in the office of the Blaine County recorder prior to or in conjunction with recordation of the final plat. Minimum lot sizes in all cases shall be reversed frontage lot(s).</li> </ul>
	City Council Findings	<ol> <li>The proposed townhouse subdivision meets all dimensional standards as outlined in the GR-L zone district for the parent lot. The minimum lot size is 8,000 square feet and the parent lot is 8,712 square feet. The new detached townhouse and the existing dwelling unit meet minimum setback requirements in the GR-L for the front, side, and rear. There are no minimum setbacks to the interior lot line of a townhouse lot.</li> <li>Building envelopes are not required as the subject property is not within the floodplain/floodway, avalanche zone, does not contain slopes greater than 25%, nor is it located adjacent to an intersection of two streets.</li> <li>The subject property is not a corner lot.</li> <li>The parent lot of the townhouse subdivision and the newly created sublot lot line is within 20 degrees to a right angle to the street lot line along Bald Mountain Rd.</li> <li>The subject property is not a double frontage lot.</li> <li>Both Sublots have a minimum of 20 feet of frontage on Bald Mountain Road. Sublot 1 has 29.5 feet and Sublot 2 has 46.33 feet.</li> </ol>
	16.04.040.G	<ul> <li>G. Block Requirements: The length, width and shape of blocks within a proposed subdivision shall conform to the following requirements: <ol> <li>No block shall be longer than one thousand two hundred feet (1,200'), nor less than four hundred feet (400') between the street intersections, and shall have sufficient depth to provide for two (2) tiers of lots.</li> <li>Blocks shall be laid out in such a manner as to comply with the lot requirements.</li> <li>The layout of blocks shall take into consideration the natural topography of the land to promote access within the subdivision</li> </ol> </li> </ul>

City Council	<ul> <li>and minimize cuts and fills for roads and minimize adverse impact on environment, watercourses and topographical features.</li> <li>4. Except in the original Ketchum Townsite, corner lots shall contain a building envelope outside of a seventy five foot (75') radius from the intersection of the streets.</li> <li>This townhouse subdivision application does not create a new block. This requirement is not applicable.</li> </ul>
Findings	requirement is not applicable.
] 16.04.040.H	Street Improvement Requirements: 1. The arrangement, character, extent, width, grade and location of all streets put in the proposed subdivision shall conform to the comprehensive plan and shall be considered in their relation to existing and planned streets, topography, public convenience and safety, and the proposed uses of the land; 2. All streets shall be constructed to meet or exceed the criteria and standards set forth in chapter 12.04 of this code, and all other applicable ordinances, resolutions or regulations of the city or any other governmental entity having jurisdiction, now existing or adopted, amended or codified; 3. Where a subdivision abuts or contains an existing or proposed arterial street, railroad or limited access highway right of way, the council may require a frontage street, planting strip, or similar design features; 4. Streets may be required to provide access to adjoining lands and provide proper traffic circulation through existing or future neighborhoods; 5. Street grades shall not be less than three-tenths percent (0.3%) and not more than seven percent (7%) so as to provide safe movement of traffic and emergency vehicles in all weather and to provide for adequate drainage and snow plowing; 6. In general, partial dedications shall not be permitted, however, the council may accept a partial street dedication when such a street forms a boundary of the proposed subdivision and is deemed necessary for the orderly development of the neighborhood, and provided the council finds it practical to require the dedication of the remainder of the right of way shall be dedicated; 7. Dead end streets may be permitted only when such street terminates at the boundary of a subdivision and is necessary for the development of the subdivision or the future development of the adjacent property. When such a dead end street serves more than two (2) lots, a temporary turnaround easement shall be provided, which easement shall revert to the adjacent lots when the street is ext

(400') from entrance to center of turnaround, and all cul-de-sacs shall
have a minimum turnaround radius of sixty feet (60') at the property
line and not less than forty five feet (45') at the curb line;
9. Streets shall be planned to intersect as nearly as possible at right
angles, but in no event at less than seventy degrees (70°);
10. Where any street deflects an angle of ten degrees (10°) or more, a
connecting curve shall be required having a minimum centerline radius
of three hundred feet (300') for arterial and collector streets, and one
hundred twenty five feet (125') for minor streets;
11. Streets with centerline offsets of less than one hundred twenty five
feet (125') shall be prohibited;
12. A tangent of at least one hundred feet (100') long shall be
introduced between reverse curves on arterial and collector streets;
13. Proposed streets which are a continuation of an existing street shall
be given the same names as the existing street. All new street names
shall not duplicate or be confused with the names of existing streets
within Blaine County, Idaho. The subdivider shall obtain approval of all
street names within the proposed subdivision from the County
Assessor's office before submitting same to council for preliminary plat
approval;
14. Street alignment design shall follow natural terrain contours to
result in safe streets, usable lots, and minimum cuts and fills;
15. Street patterns of residential areas shall be designed to create areas
free of through traffic, but readily accessible to adjacent collector and
arterial streets;
16. Reserve planting strips controlling access to public streets shall be
permitted under conditions specified and shown on the final plat, and
all landscaping and irrigation systems shall be installed as required
improvements by the subdivider;
17. In general, the centerline of a street shall coincide with the
centerline of the street right of way, and all crosswalk markings shall be
installed by the subdivider as a required improvement;
18. Street lighting shall be required consistent with adopted city
standards and where designated shall be installed by the subdivider as a
requirement improvement;
19. Private streets may be allowed upon recommendation by the
commission and approval by the Council. Private streets shall be
constructed to meet the design standards specified in subsection H2 of
this section and chapter 12.04 of this code;
20. Street signs shall be installed by the subdivider as a required
improvement of a type and design approved by the Administrator and
shall be consistent with the type and design of existing street signs
elsewhere in the City;
21. Whenever a proposed subdivision requires construction of a new
bridge, or will create substantial additional traffic which will require
construction of a new bridge or improvement of an existing bridge, such

		construction or improvement shall be a required improvement by the subdivider. Such construction or improvement shall be in accordance with adopted standard specifications; 22. Sidewalks, curbs and gutters shall be required consistent with adopted city standards and where designated shall be a required improvement installed by the subdivider; 23. Gates are prohibited on private roads and parking access/entranceways, private driveways accessing more than one single-family dwelling unit and one accessory dwelling unit, and public rights-of-way unless approved by the City Council; and 24. No new public or private streets or flag lots associated with a proposed subdivision (land, planned unit development, townhouse, condominium) are permitted to be developed on parcels within the Avalanche Zone.
	City Council Findings	This standard does not apply as no new streets are proposed.
	16.04.040.I City Council Findings	Alley Improvement Requirements: Alleys shall be provided in, commercial and light industrial zoning districts. The width of an alley shall be not less than twenty feet (20'). Alley intersections and sharp changes in alignment shall be avoided, but where necessary, corners shall be provided to permit safe vehicular movement. Dead end alleys shall be permitted only within the original Ketchum Townsite and only after due consideration of the interests of the owners of property adjacent to the dead-end alley including, but not limited to, the provision of fire protection, snow removal and trash collection services to such properties. Improvement of alleys shall be done by the subdivider as required improvement and in conformance with design standards specified in subsection H2 of this section. <i>This standard is not applicable as the proposed townhome units are not within a business, commercial, or light-industrial zone district.</i>
	16.04.040.J	<ul> <li>Required Easements: Easements, as set forth in this subsection, shall be required for location of utilities and other public services, to provide adequate pedestrian circulation and access to public waterways and lands.</li> <li>1. A public utility easement at least ten feet (10') in width shall be required within the street right-of-way boundaries of all private streets. A public utility easement at least five feet (5') in width shall be required within property boundaries adjacent to Warm Springs Road and within any other property boundary as determined by the City Engineer to be necessary for the provision of adequate public utilities.</li> <li>2. Where a subdivision contains or borders on a watercourse, drainageway, channel or stream, an easement shall be required of sufficient width to contain such watercourse and provide access for private maintenance and/or reconstruction of such watercourse.</li> </ul>

			3. All subdivisions which border the Big Wood River, Trail Creek and Warm Springs Creek shall dedicate a ten foot (10') fish and nature study easement along the riverbank. Furthermore, the Council shall require, in appropriate areas, an easement providing access through the subdivision to the bank as a sportsman's access. These easement requirements are minimum standards, and in appropriate cases where a subdivision abuts a portion of the river adjacent to an existing pedestrian easement, the Council may require an extension of that easement along the portion of the riverbank which runs through the proposed subdivision.
			4. All subdivisions which border on the Big Wood River, Trail Creek and Warm Springs Creek shall dedicate a twenty five foot (25') scenic easement upon which no permanent structure shall be built in order to protect the natural vegetation and wildlife along the riverbank and to protect structures from damage or loss due to riverbank erosion.
			5. No ditch, pipe or structure for irrigation water or irrigation wastewater shall be constructed, rerouted or changed in the course of planning for or constructing required improvements within a proposed subdivision unless same has first been approved in writing by the ditch company or property owner holding the water rights. A written copy of such approval shall be filed as part of required improvement construction plans.
			6. Nonvehicular transportation system easements including pedestrian walkways, bike paths, equestrian paths, and similar easements shall be dedicated by the subdivider to provide an adequate nonvehicular transportation system throughout the City.
		City Council Findings	As shown on Sheet 1 of the plat, the subject property has a 10-foot public utility easement. Standards 2-6 do not apply to the project as the property is not adjacent to any of the listed waterways, does not contain any irrigation infrastructure, and does not include pedestrian or equestrian pathways.
	$\boxtimes$	16.04.040.K	Sanitary Sewage Disposal Improvements: Central sanitary sewer systems shall be installed in all subdivisions and connected to the Ketchum sewage treatment system as a required improvement by the subdivider. Construction plans and specifications for central sanitary sewer extension shall be prepared by the subdivider and approved by the City Engineer, Council and Idaho Health Department prior to final plat approval. In the event that the sanitary sewage system of a subdivision cannot connect to the existing public sewage system, alternative provisions for sewage disposal in accordance with the requirements of the Idaho Department of Health and the Council may be constructed on a temporary basis until such time as connection to

	City Council Findings	the public sewage system is possible. In considering such alternative provisions, the Council may require an increase in the minimum lot size and may impose any other reasonable requirements which it deems necessary to protect public health, safety and welfare. This standard does not apply as this application does not create a new subdivision. Both sublots are directly connected to the City of Ketchum
	16.04.040.L	sewer system main found in Bald Mountain Road. Water System Improvements: A central domestic water distribution system shall be installed in all subdivisions by the subdivider as a required improvement. The subdivider shall also be required to locate and install an adequate number of fire hydrants within the proposed subdivision according to specifications and requirements of the City under the supervision of the Ketchum Fire Department and other regulatory agencies having jurisdiction. Furthermore, the central water system shall have sufficient flow for domestic use and adequate fire flow. All such water systems installed shall be looped extensions, and no dead end systems shall be permitted. All water systems shall be connected to the Municipal water system and shall meet the standards of the following agencies: Idaho Department of Public Health, Idaho Survey and Rating Bureau, District Sanitarian, Idaho State Public Utilities Commission, Idaho Department of Reclamation, and all requirements of the City.
	City Council Findings	This standard does not apply as this application does not create a new subdivision. Both sublots are directly connected to the City of Ketchum sewer system main found in Bald Mountain Road.
	16.04.040.M	Planting Strip Improvements: Planting strips shall be required improvements. When a predominantly residential subdivision is proposed for land adjoining incompatible uses or features such as highways, railroads, commercial or light industrial districts or off street parking areas, the subdivider shall provide planting strips to screen the view of such incompatible features. The subdivider shall submit a landscaping plan for such planting strip with the preliminary plat application, and the landscaping shall be a required improvement.
	City Council Findings	This standard does not apply as this application does not create a new subdivision. There are no incompatible uses adjacent to the townhouse sublots.
	16.04.040.N	Cuts, Fills, And Grading Improvements: Proposed subdivisions shall be carefully planned to be compatible with natural topography, soil conditions, geology and hydrology of the site, as well as to minimize cuts, fills, alterations of topography, streams, drainage channels, and disruption of soils and vegetation. The design criteria shall include the following: 1. A preliminary soil report prepared by a qualified engineer may be required by the commission and/or Council as part of the preliminary plat application.

2. Preliminary grading plan prepared by a civil engineer shall be
submitted as part of all preliminary plat applications. Such plan shall
contain the following information:
a. Proposed contours at a maximum of five foot (5') contour
intervals.
b. Cut and fill banks in pad elevations.
c. Drainage patterns.
d. Areas where trees and/or natural vegetation will be
preserved.
e. Location of all street and utility improvements including
driveways to building envelopes.
f. Any other information which may reasonably be required by
the Administrator, commission or Council to adequately review
the affect of the proposed improvements.
3. Grading shall be designed to blend with natural landforms and to
minimize the necessity of padding or terracing of building sites,
excavation for foundations, and minimize the necessity of cuts and fills
for streets and driveways.
4. Areas within a subdivision which are not well suited for development
because of existing soil conditions, steepness of slope, geology or
hydrology shall be allocated for open space for the benefit of future
property owners within the subdivision.
5. Where existing soils and vegetation are disrupted by subdivision
development, provision shall be made by the subdivider for
revegetation of disturbed areas with perennial vegetation sufficient to
stabilize the soil upon completion of the construction. Until such times
as such revegetation has been installed and established, the subdivider
shall maintain and protect all disturbed surfaces from erosion.
6. Where cuts, fills, or other excavations are necessary, the following
development standards shall apply:
a. Fill areas shall be prepared by removing all organic material
detrimental to proper compaction for soil stability.
b. Fills shall be compacted to at least ninety five percent (95%)
of maximum density as determined by AASHO T99 (American
Association of State Highway Officials) and ASTM D698
(American Standard Testing Methods).
c. Cut slopes shall be no steeper than two horizontal to one
vertical (2:1). Subsurface drainage shall be provided as necessary
for stability.
d. Fill slopes shall be no steeper than three horizontal to one
vertical (3:1). Neither cut nor fill slopes shall be located on
natural slopes of three to one (3:1) or steeper, or where fill slope
toes out within twelve feet (12') horizontally of the top and
existing or planned cut slope.
e. Toes of cut and fill slopes shall be set back from property
for stability. d. Fill slopes shall be no steeper than three horizontal to one vertical (3:1). Neither cut nor fill slopes shall be located on natural slopes of three to one (3:1) or steeper, or where fill slope toes out within twelve feet (12') horizontally of the top and existing or planned cut slope.

	City Council Findings	the height of the cut or the fill, but may not exceed a horizontal distance of ten feet (10'); tops and toes of cut and fill slopes shall be set back from structures at a distance of at least six feet (6'), plus one-fifth (1/5) of the height of the cut or the fill. Additional setback distances shall be provided as necessary to accommodate drainage features and drainage structures. This standard does not apply as this application is the subdivision of an existing lot. On-site grading for the new detached townhouse meets all grading requirements and all disturbance will be revegetated per the landscape plan included in the project plans.
	16.04.040.0	Drainage Improvements: The subdivider shall submit with the preliminary plat application such maps, profiles, and other data prepared by an engineer to indicate the proper drainage of the surface water to natural drainage courses or storm drains, existing or proposed. The location and width of the natural drainage courses shall be shown as an easement common to all owners within the subdivision and the City on the preliminary and final plat. All natural drainage courses shall be left undisturbed or be improved in a manner that will increase the operating efficiency of the channel without overloading its capacity. An adequate storm and surface drainage system shall be a required improvement in all subdivisions and shall be installed by the subdivider. Culverts shall be required where all water or drainage courses intersect with streets, driveways or improved public easements and shall extend across and under the entire improved width including shoulders.
	City Council Findings	The applicant submitted a site grading and drainage plan with the townhouse subdivision application showing drainage for each sublot. No common drainage courses are utilized or disturbed. The grading and drainage plan meets all requirements and each sublot is managing stormwater runoff independently, not impacting adjacent properties.
	16.04.040.P	Utilities: In addition to the terms mentioned in this section, all utilities including, but not limited to, electricity, natural gas, telephone and cable services shall be installed underground as a required improvement by the subdivider. Adequate provision for expansion of such services within the subdivision or to adjacent lands including installation of conduit pipe across and underneath streets shall be installed by the subdivider prior to construction of street improvements.
	City Council Findings	The Bald Mountain Road residential area is served by a series of above ground power lines. Many of which serve multiple lots and residences from one pole and transformer. There is an above ground power pole located at the northwest corner of the subject property that serves the existing home, and three other lots to the east, west, and north of the subject property. To accommodate the new detached townhouse, the pole size and transformer on the pole has been upgraded. The overhead line serving the residence to the east, the existing residence on the subject property, and the service to the new detached townhouse is located underground, running along the front property line. The

			overhead power pole serving the existing properties to the north and
			west will remain. This meets the criteria for underground utilities as all
			new and existing structures within the development will be served by
			underground utilities. The transformer is located in the northwest corner
			of the property.
	$\boxtimes$	16.04.040 <i>.</i> Q	Off Site Improvements: Where the off site impact of a proposed
			subdivision is found by the commission or Council to create substantial
			additional traffic, improvements to alleviate that impact may be
			required of the subdivider prior to final plat approval, including, but not
			limited to, bridges, intersections, roads, traffic control devices, water
			mains and facilities, and sewer mains and facilities.
		City Council	The proposed townhouse development does not create substantial
		Findings	additional traffic; therefore, no improvements are required.
	$\boxtimes$	16.04.040.R	Avalanche And Mountain Overlay: All improvements and plats (land,
			planned unit development, townhouse, condominium) created
			pursuant to this chapter shall comply with City of Ketchum Avalanche
			Zone District and Mountain Overlay Zoning District requirements as set
			forth in Title 17 of this Code.
		City Council	The standard does not apply as the detached townhomes are not
		Findings	located within the Avalanche Zone District or Mountain Overlay Zone
		0	District.
П	$\boxtimes$	16.04.040 <i>.</i> S	Existing natural features which enhance the attractiveness of the
			subdivision and community, such as mature trees, watercourses, rock
			outcroppings, established shrub masses and historic areas, shall be
			preserved through design of the subdivision.
		City Council	N/A. No existing natural features that would have enhanced the
		Findings	attractiveness of the townhome subdivision were present on the parent
		ı mumgə	lot. The project's new landscaping will beautify the townhome
			development.

# CONCLUSIONS OF LAW

- 1. The City of Ketchum is a municipal corporation established in accordance with Article XII of the Constitution of the State of Idaho and Title 50 Idaho Code and is required and has exercised its authority pursuant to the Local Land Use Planning Act codified at Chapter 65 of Title 67 Idaho Code and pursuant to Chapters 3, 9 and 13 of Title 50 Idaho Code to enact the Ordinances and regulations, which Ordinances are codified in the Ketchum City Code ("KMC") and are identified in the Findings of Fact and which are herein restated as Conclusions of Law by this reference and which City Ordinances govern the Applicant's Townhouse Subdivision Final Plat application for the development and use of the project site.
- 2. The Ketchum City Council has authority to hear the applicant's Townhouse Subdivision application pursuant to Chapter 16.04 of Ketchum Code Title 16.
- 3. The Townhouse Subdivision Final Plat application is governed under Sections 16.04.010, 16.04.020, 16.04.030, 16.04.080, and 16.04.110 of Ketchum Municipal Code Chapter 16.04.

4. The proposed Townhouse Subdivision for the Okada Townhomes development meets the standards for Townhouse Final Plats under Title 16 of Ketchum Municipal Code subject to conditions of approval.

## DECISION

**THEREFORE,** the Ketchum City Council **approves** the Okada Townhouse Subdivision Final Plat application this Monday, September 18<sup>th</sup>, 2023, subject to the following conditions:

## CONDITIONS OF APPROVAL

- 1. The applicant shall provide a copy of the recorded Final Plat to the Planning and Building Department for the official file on the application.
- 2. The Final Plat mylar shall contain all items required under Title 50, Chapter 13, Idaho Code as well as all items required pursuant to KMC §16.04.030J including certificates and signatures.
- 3. The final plat shall be filed with the Blaine County Recorder within one (1) year after final plat approval by the council. Failure to file such final plat within that time shall cause all approvals of such final plat to be null and void.
- 4. The Okada Townhomes Final Plat is subject to all conditions of approval associated with Design Review (Application File No. P21-042), Townhouse Subdivision Preliminary Plat (Application File No. P21-041) and Building Permit (Application File No. B22-005) approval.

Findings of Fact **adopted** this 18<sup>th</sup> day of September 2023

Neil Bradshaw, Mayor

# CITY COUNCIL MEETING AGENDA MEMO

Meeting Date:	September 18, 2023	Staff Member/Dept:	Paige Nied, Associate Planner Planning and Building Department
Agenda Item:	Recommendation to re between the City of Ke	•••••	t-of-Way Encroachment Agreement #22883 I Gail Pratt.
Recommended	Motion:		
I move to authorize the Mayor to sign Right-of-Way Encroachment Agreement #22883 between the City of			
Ketchum and Br	Ketchum and Bradley and Gail Pratt.		

Reasons for Recommendation:

- The 406 Sage Road Mountain Overlay Design Review application (File No. P23-009) and Conditional Use Permit application (File No. P23-009A) was approved by the Planning and Zoning Commission on August 8, 2023.
- The improvements will not impact drainage or snow removal within the public right-of-way.
- Snowmelt is not proposed within the right-of-way.
  - The project complies with all standards for Right-of-Way Encroachment Permit issuance specified in Ketchum Municipal Code §12.12.060.

Policy Analysis and Background (non-consent items only):

Sustainability Impact:

None OR state impact here: None, no snowmelt is proposed within the city's right-of-way.

Financial Impact:

None OR Adequate funds exist in account.	There is no financial requirement from the city for this action.
--	--

# RECORDING REQUESTED BY AND WHEN RECORDED RETURN TO:

City Clerk, City of Ketchum PO Box 2315 Ketchum Idaho, 83340

(Space Above Line For Recorder's Use)

# **RIGHT-OF-WAY ENCROACHMENT AGREEMENT 22883**

THIS AGREEMENT, made and entered into this \_\_\_\_\_\_day of \_\_\_\_, 2023, by and between the CITY OF KETCHUM, IDAHO, a municipal corporation ("Ketchum"), whose address is Post Office Box 2315, Ketchum, Idaho 83340 and Bradley and Gail Pratt, ("Owner"), whose mailing address is 2232 78<sup>th</sup> Avenue NE, Medina, Washington 98039 and who owns real property located at 406 Sage Road, Ketchum, Idaho 83340 ("subject property") legally described as Warm Springs Village 4<sup>th</sup> Addition, Lot 23, Block 3.

## RECITALS

WHEREAS, Owner wishes to permit the placement of driveway pavers within the right-ofway on Sage Road. These improvements are shown in Exhibit "A" attached hereto and incorporated herein (collectively referred to as the "Improvements") and;

WHEREAS, Ketchum finds that said Improvements will not impede the use of said public right-of-way at this time subject to the terms and provisions of this Agreement;

WHEREAS, following construction of the Improvements, the Owner will restore the rightof-way, as shown in Exhibit "A", acceptable to the Streets and Facilities Director;

NOW, THEREFORE, in contemplation of the above stated facts and objectives, it is hereby agreed as follows:

## TERMS AND CONDITIONS

1. Ketchum shall permit Owner to install the Improvements identified in Exhibit "A" within the right-of-way off Sage Road, until notified by Ketchum to remove the infrastructure at which time Owner shall remove infrastructure at Owner's expense.

2. Owner shall be responsible for the maintenance of said Improvements and shall repair said improvements within 48 hours upon notice from Ketchum that repairs are needed. Any modification to the improvements identified in Exhibit "A" shall be approved by the City prior to any modifications taking place.

3. Owner shall be responsible for restoring the street, curb, gutter, and landscaping that is altered due to the construction and installation of the Improvements, to the satisfaction of the Director of Streets and Facilities.

4. In consideration of Ketchum allowing Owner to maintain the Improvements in the public right-of-way, Owner agrees to indemnify and hold harmless Ketchum from and against any and all claims of liability for any injury or damage to any person or property arising from the Improvements constructed, installed and maintained in the public right-of-way. Owner shall further indemnify and hold Ketchum harmless from and against any and all claims arising from any breach or default in the performance of any obligation on Owner's part to be performed under this Agreement, or arising from any negligence of Owner or Owner's agents, contractors or employees and from and against all costs, attorney's fees, expenses and liabilities incurred in the defense of any such action or proceeding brought thereon. In the event any action or proceeding is brought against Ketchum by reason of such claim, Owner, upon notice from Ketchum, shall defend Ketchum at Owner's expense by counsel satisfactory to Ketchum. Owner, as a material part of the consideration to Ketchum, hereby assumes all risk of damages to property or injury to persons in, upon or about the Improvements constructed, installed and maintained in the public right-of-way arising from the construction, installation and maintenance of said Improvements and Owner hereby waives all claims in respect thereof against Ketchum.

5. Ketchum shall not be liable for injury to Owner's business or loss of income therefrom or for damage which may be sustained by the person, goods, wares, merchandise or property of Owner, its tenants, employees, invitees, customers, agents or contractors or any other person in or about the Subject Property caused by or resulting from the Improvements constructed, installed, removed or maintained in the public right-of-way.

6. Owner understands and agrees that by maintaining the Improvements in the public right-of-way pursuant to this Agreement, Owner obtains no claim or interest in said public right-of-way which is adverse to that of Ketchum and that Owner obtains no exclusive right to said public right-of-way nor any other right to use the public right-of-way not specifically described herein.

7. In the event either party hereto retains an attorney to enforce any of the rights, duties and obligations arising out of this Agreement, the prevailing party shall be entitled to recover from the non-prevailing party reasonable attorney's fees at the trial and appellate levels and, whether or not litigation is actually instituted.

8. This Agreement shall be governed by, construed, and enforced in accordance with the laws and decisions of the State of Idaho. Venue shall be in the District Court of the fifth Judicial District of the State of Idaho.

9. This Agreement sets forth the entire understanding of the parties hereto and shall not be changed or terminated orally. It is understood and agreed by the parties hereto that there are no verbal promises or implied promises, agreements, stipulations or other representations of any kind or character pertaining to the Improvements maintained in the public right-of-way other than as set forth in this Agreement.

10. No presumption shall exist in favor of or against any party to this Agreement as the result of the drafting and preparation of this document.

11. This Agreement shall be recorded with the Blaine County Recorder by Ketchum.

12. The parties fully understand all of the provisions of this Agreement, and believe them to be fair, just, adequate, and reasonable, and accordingly accept the provisions of this Agreement freely and voluntarily. OWNER:

# GENERAL CONSTRUCTION NOTES

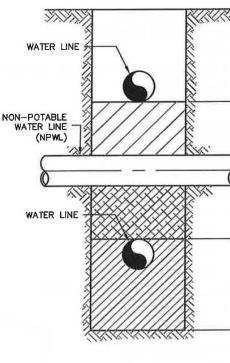

- 1) The location of existing underground utilities are shown on the plans in an approximate way. The contractor shall be responsible for locating existing utilities during the construction. The contractor agrees to be fully responsible for any and all damages which result from his failure to accurately locate and preserve any and all underground utilities.
- 2) See the Building Plan from Farmer Payne Architects and the Landscape Plan from Garden Space Design for the remainder of the design.
- 3) Contractor shall assure positive drainage away from the building and driveway.
- 4) Contractor shall be responsible for dust control during construction of all items hereon. Dust control shall be continuous during construction, 24 hours per day 7 days per week. The contractor shall follow the requirements of the Storm Water Pollution Prevention Program at all times until permanent erosion control is established.
- 5) The Trench Drain shall be a 6" wide HDPE channel with a 0.75 built in channel slope (Zurn Flo-Thru Model Z886 or equivalent). Grate shall be ductile iron with a slotted pattern. All components shall be rated for H—20 loading.
- 6) All construction shall be in accordance with the most current edition of the Idaho Standards for Public Works Construction, ISPWC, and the City of Ketchum, Idaho, Codes and Standards. The contractor shall be responsible for obtaining and keeping a copy of the ISPWC and the City of Ketchum Codes and Standards on site during construction.
- 7) Per Idaho Code, 55-1613, the contractor shall retain and protect all monuments, accessories to corners, benchmarks, and points set in control surveys. All monuments, accessories to corners, benchmarks, and points set in control surveys that are lost or disturbed by construction shall be reestablished and re-monumented, at the expense of the agency or person causing their loss or disturbance under the direction of a professional land surveyor.
- 8) The contractor shall clean up the site after construction so that it is in a condition equal to or better than that which existed prior to construction.
- 9) The contractor shall be required to obtain all the necessary permits prior to construction and shall check with the City of Ketchum for permits the owner may have already obtained.
- 10) All mains and services shall comply with IDAPA 58.01.08.542.07.a and IDAPA 58.01.08.542.07.b which address the requirements for separation distances between potable water lines (including mains and service lines) with non-potable lines. In addition, water services shall be constructed with at least 25 feet horizontal separation from infiltration trenches and dry wells.
- 11) Potable/non-potable crossings shall comply with ISPWC Standard Drawing SD-407 and IDAPA section 58.01.08.542.07.
- 12) Sewer service lines shall be placed at a slope of 2%, with markers per ISPWC. Cleanouts are required at changes in alignment, grade, and minimum 150' length.
- 13) All pipe shall be bedded with (ISPWC) Type I bedding material.
- 14) Trenches shall be backfilled and compacted to a minimum of 95% of maximum density as determined by AASHTO T-99.
- 15) The contractor shall pressure test all sewer service connections in accordance with Idaho Standards for Public Works Construction, ISPWC.
- 16) All clearing and grubbing shall conform to ISPWC Section 201 and City of Ketchum standards of excavation and backfill.
- 17) All excavation and embankment shall conform to ISPWC Section 202 and City of Ketchum standards for excavation and backfill. Excavated subgrade shall be compacted and all unsuitable Sections removed and replaced with structural fill as determined by the engineer per ISPWC Section 204. Minimum compaction of placed material shall be 95% of maximum laboratory density as determined by AASHTO T-99 or IDT T-91.
- 18) All 2" minus aggregate shall be placed in conformance with ISPWC Section 802. It shall be compacted per ISPWC Section 202 and the City of Ketchum standards. 2" minus crushed aggregate material shall conform to ISPWC Section 802 Type II and to the City of Ketchum specifications. Minimum compaction of placed material shall be 95% of maximum laboratory density as determined by AASHTO T-99 or IDT T-91.
- 19) All 3/4" minus aggregate shall be placed in conformance with ISPWC Section 802. It shall be compacted per ISPWC Section 202 and the City of Ketchum standards. 3/4" minus crushed aggregate for leveling course shall conform to ISPWC Table 802 Type I and to the City of Ketchum specifications. Minimum compaction of placed material shall be 95% of maximum laboratory density as determined by AASHTO T-99 or IDT T-91.
- 20) All asphaltic concrete pavement work shall conform to ISPWC Section(s) 805, 810, and 811 for Class II pavement and to the City of Ketchum standards. Asphalt aggregate shall be 1/2" nominal size conforming to Table 803b in ISPWC Section 803. Asphalt binder shall be pg 58-28 conforming to Table A-1 in ISPWC Section 805.
- 21) All concrete work shall conform to ISPWC Sections 701 and 703. All concrete shall be 3,000 psi minimum. 28 day, as defined in ISPWC Section 703, Table 1.C.
- 22) All edges of existing asphalt paving shall be saw cut a minimum of 24" to provide a clean pavement edge for matching. No wheel cutting shall be allowed. Pavement shall be cut prior to paving to prevent damage to the cut edge.
- 23) The contractor shall be responsible for providing traffic control per the current edition of the US Department of Transportation Manual of Uniform Traffic Control Devices (MUTCD).
- 24) All drainage is to be retained on—site. Grade open areas to drain to Dry Wells as shown hereon.
- 25) See the Geotechnical Report by Butler Associates Inc. for the foundation drainage/cutoff trench plan and details.
- 26) Grade away from foundation at 2% minimum.
- 27) All roof drains and downspouts shall not drain adjacent to the foundation and are to be connected to dry wells by a 4" dia. solid PVC Pipe sloped at a 1% minimum.
- 28) Alpine Enterprises Inc. is not responsible for any deviation from these plans, unless such changes have been authorized in writing.
- 29) All right-of-way improvements per sheet C1.0 must be completed prior to issuance of a temporary or final Certificate of Occupancy unless otherwise agreed upon in writing by the City.

NOTES

- WATER MAIN PER ISPWC SECTION 401. MIP X PAC CORP STOPS: 200 PSI POLY PIPE WITH INSERTS FOR FOR SERVICE LINES FROM MAIN TO CORPS STOPS AND INTO METER VAULT.

# **PROCUREMENT MEMO**

Meeting Date:	9/18/2023	Staff Member/Dept:	Mick Mummert/Wastewater	
Agenda Item:	Recommendation to Ap	pprove Purchase Order	#24005 for Sewer Line Repair	

# Recommended Motion:

"I move to approve Purchase Order #24005 with S. Erwin Excavation for Sewer Line Repair at 1007 Warm Springs Road in the estimated amount of \$5,738.00.

# Summary of Procurement Process: Bids were solicited from the following contractors:

Bidder	Bid Price
S. Erwin Excavation	\$5,738.00
Canyon Excavation	No Bid
Joe's Backhoe	No Bid
Lunceford Excavation	No Bid

Low Bid Contractor	Bid Price	Budget Account/Number
S. Erwin Excavation	\$5,738.00	Collections O&M

Background (if necessary):

•	Sewer main repair is necessary at the corner of Warm Springs Rd and 10 <sup>th</sup> St to fix a section of pipe	
	that has become misaligned, creating the potential for blockages or leaking.	

• S. Erwin Excavation is the only contractor with the time available and, consequently, willingness to bid the project.

٠

# Sustainability Impact:

None OR state impact here: None

DESCRIPTION	ΩΤΥ	COST	TOTAL
DESCRIPTION Repair sewer service by the intersection of Warm Springs and 10th. Street Sewer Service Repair. EXCLUSIONS: Ground water control. Cold weather protection. Rock excavation. Soil and erosion control. Removal or replacement of unstable materials. Traffic control. Import or placement topsoil. Final Grading. Sales Tax Exempt	QIY	0.00%	0.00
<ol> <li>This is a cost estimate based on information and/or plans provided to S. Erwin Excavation, Inc.</li> <li>All estimate prices are subject to change after 30 days due to changes in materials and fuel prices.</li> </ol>	тс	DTAL	\$5,738.00

3. No import or export except stated.

4. Final costs may vary according to on site changes and actual work performed and/or materials installed.

5. Final billing shall be based upon actual work performed and materials installed.

6. There may be a fuel surcharge on trucking if Diesel fuel prices exceed \$4.25/gallon.

7. There will be sales tax charged on items not previously taxed.

These specifications, prices and conditions are satisfactory and hereby accepted. S. Erwin Excavation, Inc. is authorized to perform job as specified.

Approved by Owner or Authorized Personnel

# **CITY COUNCIL MEETING AGENDA MEMO**

Meeting Date:	September 18, 2023	Staff Member/Dept:	Mick Mummert/Wastewater Division
Agenda Item:	Recommendation to A	pprove Purchase Order	#23137 for Filter Cloth Media

**Recommended Motion:** 

I move to approve Purchase Order #23137 with Aqua-Aerobics, Inc. Systems for the purchase of Filter Cloth Media, with accessory hardware, to be used at the wastewater treatment plant in the amount of \$22,927.95 plus freight charges.

Reasons for Recommendation:

- Routine maintenance of the AquaDisk Cloth Media Filters at the wastewater treatment plant requires periodic replacement of the filter cloth media.
- The media in one of the filters has reached its useful life expectancy and needs to be replaced.
- •

Policy Analysis and Background (non-consent items only):

## Sustainability Impact:

None OR state impact here: The AquaDisk filters enable the wastewater treatment plant to produce Class A reuse water which is used for irrigation and reduces the amount of water being pumped from the aquifer.

Financial Impact:

None OR Adequate funds exist in account:	This is a budgeted expense in the repair and
	maintenance category of the wastewater budget.

Attachments:

3. Payable net 30 days from date of shipment subject to credit review, no retainage allowed.

4. State and/or local taxes will be charged unless we receive a valid tax exemption certificate, direct pay permit, or other documentation required specifically by the taxing entity prior to shipment. Please note Aqua-Aerobic Systems is not registered to collect Washington, DC, sales taxes; therefore, if order is taxable, Buyer is to accrue sales tax and pay the tax directly. States without Tax Exempt Flow Down: Municipal entity purchasers can obtain a tax exempt certificate for pollution control equipment that is permanently installed. The State does not allow for flow down of tax exempt status to non-municipal purchasers (i.e., General Contractors, Repair Shops, etc.). Non-municipal purchasers are required to pay sales taxes.

5. Aqua-Aerobic Systems' offer is based upon the supply of Aqua-Aerobic Systems' standard equipment as described within this proposal, including the warranty as included within Terms and Conditions of Aqua-Aerobic Systems, Inc., and Aqua-Aerobic Systems' standard factory test(s) prior to shipment. Aqua-Aerobic Systems' scope of supply does not include any process or performance guarantees or warranties or process or performance testing unless specifically detailed within this proposal.

6. TRADEMARKS: Aqua-Aerobic, Aqua-Jet, Aqua-Jet II, AquaDDM, ThermoFlo, Endura Series, OxyMix, Fold-a-Float, Agua MixAir, AguaCAM-D, AguaSBR, Agua MSBR, AguaPASS, Agua BioMax, AguaEnsure, Aqua EnduraTube, Aqua EnduraDisc, Aqua CB-24, AquaDisk, AquaDiamond, AquaDrum, Aqua MiniDisk, Aqua MegaDisk, AquaPrime, OptiFiber, OptiFiber PES-13, OptiFiber PA2-13, OptiFiber ACR-13, OptiFiber PES-14, OptiFiber PF-14, Trust the Tag, AquaABF, Turbilite, AquaMB Process, Aqua-Aerobic MBR, Aqua UltraFiltration, Aqua MultiBore, Aqua MultiBore Series C, Aqua ElectrOzone, SpareCare, IntelliPro, Aqua Financing Solutions, and the Aqua-Aerobic logo are registered trademarks or pending trademarks of Aqua-Aerobic Systems, Inc. All other products and services mentioned are trademarks of their respective owners. Nereda® is a registered U.S. trademark of Royal HaskoningDHV.

7. Schedule changes due to supply chain disruption may impact the above quoted shipment time(s). Aqua-Aerobic Systems will advise if/when any such disruption applies.

Pricing Summary	
Equipment and/or Accessories:	\$22,927.95
Total Job Price:	\$22,927.95

### **Total Job Price:**

Material and/or services not specifically listed in this proposal are not included in the quoted TOTAL JOB PRICE and are to be supplied by others.

Goods quoted above will be sold subject to the terms and conditions of sale set forth on the face hereof and the following pages entitled "Terms and Conditions of Aqua-Aerobic Systems, Inc. (A MetaWater Company)": Any different or additional terms are hereby objected to.

### Proposal Date: September 6, 2023

## Proposal # 70407

#### TERMS AND CONDITIONS OF AQUA-AEROBIC SYSTEMS, INC. (A Metawater Company)

#### Page 1 of 2

This offer and all of the goods and sales of Aqua-Aerobic Systems, Inc. are subject only to the following terms and conditions. The acceptance of any order resulting from this proposal is based on the express condition that the Buyer agrees to all the terms and conditions herein contained. Any terms and conditions in any order, which are in addition to or inconsistent with the following, shall not be binding upon Aqua-Aerobic Systems, Inc. This proposal and any contract resulting therefrom, shall be governed by and construed in accordance with the laws of the State of Illinois, without regard to conflicts of laws principles.

#### PAYMENT

Unless specifically stated otherwise, quoted terms are Net 30 Days from shipping date. Past-due charges are 1.5% per month and will apply only on any past-due balance. Aqua-Aerobic Systems, Inc. does not allow retainage of any invoice amount, unless authorized in writing by an authorized representative of our Loves Park, Illinois office.

#### **DURATION OF QUOTATION**

This proposal of Aqua-Aerobic Systems, Inc. shall in no event be effective more than 30 days from date thereof, unless specifically stated otherwise, and is subject to change at any time prior to acceptance.

#### SHIPMENT

Shipping dates are not a guarantee of a particular day of shipment and are approximate, being based upon present production information, and are subject to change per the production schedules existing at time of receipt of purchase order. Aqua-Aerobic Systems, Inc. shall not be responsible for any delay in shipment for causes beyond its control including, but not limited to, war, riots, strikes, labor trouble causing interruption of work, fires, other casualties, transportation delays, modification of order, any act of governmental authorities or acts of God. Quoted shipment dates in this proposal are approximate dates goods will be shipped and, unless agreed to in writing by Aqua-Aerobic Systems, Inc., Buyer may not postpone or delay the dates of shipment of goods from our plant or from our supplier's plants beyond the dates set forth in this proposal.

#### TITLE AND RISK OF LOSS

All prices and all shipments of goods are F.O.B. Aqua-Aerobic Systems, Inc.'s plant at Loves Park, Illinois unless specifically stated otherwise. Delivery of the goods sold hereunder to the carrier shall be deemed delivery to the Buyer, and upon such delivery, title to such goods and risk of loss or damage shall be upon Buyer.

#### TAXES

Prices quoted do not include any taxes, customs duties, or import fees. Buyer shall pay any and all use, sales, privilege or other tax or customs duties or import fees levied by any governmental authority with respect to the sale or transportation of any goods covered hereby. If Aqua-Aerobic Systems, Inc. is required by any taxing authority to collect or to pay any such tax, duty or fee, the Buyer shall be separately billed at such time for the amounts Aqua-Aerobic Systems, Inc. is required to pay.

#### INSURANCE

Unless the goods are sold on a CIF basis, the Buyer shall provide marine insurance for all risks, including war and general coverage.

#### SECURITY

If at any time the financial responsibility of the Buyer becomes unsatisfactory to Aqua-Aerobic Systems, Inc., or Aqua-Aerobic Systems, Inc. otherwise deems itself insecure as to receipt of full payment of the purchase price from Buyer hereunder, Aqua-Aerobic Systems, Inc. reserves the right to require payment in advance or security or guarantee satisfactory to Aqua-Aerobic Systems, Inc. of payment in full of the purchase price.

#### LIMITATION OF ACTION

No action shall be brought against Aqua-Aerobic Systems, Inc. for any breach of its contract of sale more than two years after the accrual of the cause of action thereof, and, in no event, unless the Buyer shall first have given written notice to Aqua-Aerobic Systems, Inc., of any claim of breach of contract within 30 days after the discovery thereof.

#### CANCELLATION CLAUSE

No acceptance of this proposal, by purchase order or otherwise, may be modified except by written consent of Aqua-Aerobic Systems, Inc. nor may it be cancelled except by prior payment to Aqua-Aerobic Systems, Inc. the following sums as liquidated damages therefore: 1) If cancellation is prior to commencement of production and prior to the assumption of any obligations by Aqua-Aerobic Systems, Inc. for any materials or component parts, a sum equal to 15% of the total purchase price; 2) If cancellation is after the commencement of production or after the assumption of any obligations by Aqua-Aerobic Systems, Inc. for any materials or component parts, a sum equal to 15% of the total purchase price; 2) If cancellation is after the commencement of production or after the assumption of any obligations by Aqua-Aerobic Systems, Inc. for any materials or component parts, a sum equal to the total of the direct, out-of-pocket expenses incurred to the date of cancellation for labor, machine time, materials and any charges made to us by suppliers for cancellation, plus 30% of the total purchase price. All charges and expenses shall be as determined by Aqua-Aerobic Systems, Inc. In the event any items are used by Aqua-Aerobic Systems, Inc. to fill a subsequent order, then upon receipt of payment for such order, Aqua-Aerobic Systems, Inc. shall pay the Buyer a sum equal to the direct out-of-pocket expenses previously charged and received from Buyer.

#### **PROPRIETARY INFORMATION**

This proposal, including all descriptive data, drawings, material, information and know-how disclosed by Aqua-Aerobic Systems, Inc. to Buyer in relation hereto is confidential information intended solely for the confidential use of Buyer, shall remain the property of Aqua-Aerobic Systems, Inc. and shall not be disclosed or otherwise used to the disadvantage or detriment of Aqua-Aerobic Systems, Inc. in any manner.

### Proposal Date: September 6, 2023

#### TERMS AND CONDITIONS OF AQUA-AEROBIC SYSTEMS, INC. (A Metawater Company) Page 2 of 2

## QUALIFIED ACCEPTANCE AND INDEMNITY

In the event the acceptance of this proposal by Buyer either is contingent upon or subject to the approval by any third party such as, but not limited to, a consulting engineer, with respect to goods, parts, materials, descriptive data, drawings, calculations, or any other matter, then upon such approval by any third party, Aqua-Aerobic Systems, Inc. shall have no liability to Buyer or to any third party so long as the goods sold and delivered by Aqua-Aerobic Systems, Inc. conform to this proposal. In the event any such third party requires modifications in the proposal prior to the approval thereof, Aqua-Aerobic Systems, Inc. may at its sole option and without liability to any party elect to cancel this proposal or return the purchase order to Buyer. In the event Aqua-Aerobic Systems, Inc. in such event shall have no liability to Buyer or to any third party so long as the goods sold and delivered by Aqua-Aerobic Systems, Inc. in such event shall have no liability to Buyer or to any third party so long as the goods sold and delivered by Aqua-Aerobic Systems, Inc. in such event shall have no liability to Buyer or to any third party so long as the goods sold and delivered by Aqua-Aerobic Systems, Inc. in such event shall have no liability to Buyer or to any third party so long as the goods sold and delivered by Aqua-Aerobic Systems, Inc. in such event shall have no liability to Buyer or to any third party so long as the goods sold and delivered by Aqua-Aerobic Systems, Inc. in such event shall have no liability to Buyer or to any third party so long as the goods sold and delivered by Aqua-Aerobic Systems, Inc. conform to this proposal as modified.

Buyer agrees to indemnify and save harmless Aqua-Aerobic Systems, Inc. from and against all costs and expenses and liability of any kind whatsoever arising out of or in connection with claims by third parties so long as the goods sold hereunder conform to the requirements of this proposal as approved by any third party.

#### WARRANTY; LIMITATION OF LIABILITY; AND DISCLAIMER

In return for purchase and full payment for Aqua-Aerobic Systems, Inc. goods, we warrant new goods provided by us to be free from defects in materials and workmanship under normal conditions and use for a period of one year from the date the goods are put into service, or eighteen months from date of shipment (whichever first occurs). If the goods include an "Endura Series" motor, the complete Endura Series unit shall be warranted by Aqua-Aerobic to be free from defects in materials and workmanship under normal conditions and use for three years from the date the product is put into service or 42 months from the date of shipment (whichever occurs first).

**OUR OBLIGATION UNDER THIS WARRANTY IS EXPRESSLY AND EXCLUSIVELY LIMITED** to replacing or repairing (at our factory at Loves Park, Illinois) any part or parts returned to our factory with transportation charges prepaid, and which our examination shall show to have been defective. Prior to return of any goods or its parts to our factory, Buyer shall notify Aqua-Aerobic Systems, Inc. of claimed defect, and Aqua-Aerobic Systems, Inc. shall have the privilege of examining the goods at Buyer's place of business at or where the goods have otherwise been placed in service. In the event this examination discloses no defect, Buyer shall have no authority to return the goods or parts to our factory for the further examination or repair. All goods or parts shall be returned to Buyer, F.O.B. Loves Park, Illinois. This warranty shall not apply to any goods or part which has been repaired or altered outside our factory, or applied, operated or installed contrary to our instruction, or subjected to misuse, chemical attack/degradation, negligence or accident. This warranty and any warranty and guaranty of process or performance shall no longer be applicable or valid if any product, including any software program, supplied by Aqua-Aerobic Systems, Inc., is modified or altered without the written approval of Aqua-Aerobic Systems, Inc. Our warranty on accessories and component parts not manufactured by us is expressly limited to that of the manufacturer thereof.

THE FOREGOING WARRANTY IS MADE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, AND OF ALL OTHER LIABILITIES AND OBLIGATIONS ON OUR PART, INCLUDING ANY LIABILITY FOR NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE; AND ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS EXPRESSLY DISCLAIMED; AND WE EXPRESSLY DENY THE RIGHT OF ANY OTHER PERSON TO INCUR OR ASSUME FOR US ANY OTHER LIABILITY IN CONNECTION WITH THE SALE OF ANY GOODS PROVIDED BY US. THERE ARE NO WARRANTIES OR GUARANTEES OF PERFORMANCE UNLESS SPECIFICALLY STATED OTHERWISE.

UNDER NO CIRCUMSTANCES, INCLUDING ANY CLAIM OF NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL AQUA-AEROBIC SYSTEMS, INC. BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES, COSTS OF CONNECTING, DISCONNECTING, OR ANY LOSS OR DAMAGE RESULTING FROM A DEFECT IN THE GOODS. LIMIT OF LIABILITY: AQUA-AEROBIC SYSTEMS, INC.'S TOTAL LIABILITY UNDER THE ABOVE WARRANTY IS LIMITED TO THE REPAIR OR REPLACEMENT OF ANY DEFECTIVE PART. THE REMEDIES SET FORTH HEREIN ARE EXCLUSIVE, AND OUR LIABILITY WITH RESPECT TO ANY CONTRACT OR SALE, OR ANY THING DONE IN CONNECTION THEREWITH, WHETHER IN CONTRACT, IN TORT, UNDER ANY WARRANTY, OR OTHERWISE, SHALL NOT, IN ANY CASE, EXCEED THE PRICE OF THE GOODS UPON WHICH SUCH LIABILITY IS BASED.

Final acceptance of this proposal must be given to Aqua-Aerobic Systems, Inc. at their office in Loves Park, Illinois. Please acknowledge acceptance by signing the proposal and returning it to Aqua-Aerobic Systems, Inc.

# **PROCUREMENT MEMO**

Meeting Date:	September 18, 2023	] Staff Member/Dept:	Gio Tognoni/Water Division		
Agenda Item:	Recommendation to Approve Purchase Order #24001				
Recommended	Motion:				

I move to approve Purchase Order #24001 for a not to exceed amount of \$37,088.77 for the Purchase of a Ditch Witch Hydrovac system with Trailer.

# **Summary of Procurement Process:**

Bidder	Bid Price		
Ditch Witch of the Rockies	\$37,088.77		
Vermeer Mountain West	\$36,560.00		
Cate Equipment Co.	\$39,647.00		

Low Bid Contractor	Bid Price	Budget Account/Number
Ditch Witch of the Rockies	\$37,088.77	64-4340-7601

# Background (if necessary):

•	Planned and budgeted for in FY24
٠	Even though Ditch Witch doesn't have the lowest quoted price they are the most reliable. We contacted a handful of utility companies that use these types of Hydrovac Systems and they all said to go with Ditch Witch, they are ahead of the class, reliable, durable and you can't beat the service the company provides.
•	The purchase of the HydroVac system will allow us to keep up on valve maintenance by cleaning all the mud, water and sand out the valve boxes that usually is done with a shop vac. We will be able to do small hydro excavations to repair broken meter vaults and service shut off valves. Overall this will be a huge game changer in our maintenance routine.

Subject:	2024 work Truck Quotes

To whom it may concern,

Over the last month I have tried soliciting quotes for new work truck for the Water Dept. I have reached out to four different dealers in Southern Idaho and only had One of them respond with a Quote and not only just for us but got us one for the Waste Water Dept also. Here is the list of Dealers contacted and their responses.

**Con Paulos (Jerome)-** Called once and they sent over 2 quotes (1) Water Dept. (1) Wastewater same day. **Mountain Home Auto Ranch-** Called 6 times and They never followed through with getting us a Quote. **Young Motors (Burley)-** Called 8 Times and they never followed through with getting us a Quote. **Kendall Motors ( Boise)-** Called 6 times and they never followed through with getting us a Quote.

So with the lack of interest from the other Dealers, we are going to do business Con Paulos out of Jerome since they our Hungry and want to do business with us.

Re: Amendment to FAR Exceedance Agreement for 180 W. 2<sup>nd</sup>.

Recommended Motion: I move to approve the Amendment to the FAR Exceedance Agreement for 180 W. 2<sup>nd</sup> as presented.

#### Background:

This matter was previously presented to the Council for direction. The Subject Property was required to have an on-site deed-restricted unit pursuant to its existing Amendment FAR Exceedance Agreement. Staff has been in discussions with the Owner about compliance, which revealed reasonable reasons that an on-site unit was problematic.

Owner requested to replace the current requirement with a payment of an in-lieu fee under current policy and fee calculations. Staff finds this to be a reasonable direction to resolve the compliance issues in this particular situation, while still pursuing the goals of the FAR Exceedance policy and recommends this Amendment to the Council for approval.

## AMENDMENT TO FAR EXCEEDANCE AGREEMENT #20509

#### **Parties:**

City of Ketchun	י ו	"City"	P.O. Box 2315, 191 5 <sup>th</sup> Street W, Ketchum,
			Idaho 83340
Robert G. Valle	e, Jr. '	"Owner"	Mailing: PO Box 978, Ketchum, Idaho 83340
			Subject Property: 180 W. 2 <sup>nd</sup> St (Ketchum
			Townsite: Block 59: W ½ of Lot 5)

This Amendment to FAR Exceedance Agreement ("2023 Amendment") is made between the City of Ketchum, a municipal corporation of the state of Idaho ("City"), and Robert G. Vallee, Jr., owner of the subject property ("Owner").

## RECITALS

- A. The Subject Property is subject to a FAR Exceedance Agreement and subsequent amendments, which required the provision of a deed restricted unit at the Subject Property.
- B. City staff had reached out to Owner regarding compliance with the restriction, and further evaluation revealed that there were ongoing problems to maintain the unit as indicated. To that end, Owner requested consideration of replacing the restriction with the alternative payment of an adjusted in-lieu fee in exchange for a release of the deed-restricted unit requirement.
- C. City staff have reviewed and recommended the City Council find that Owner's proposal for amendment to be an appropriate resolution to the problem, while still retaining the pursuit of the goals of the FAR Exceedance policy.
- D. The City Council finds it in the best interests of the City and its policy goals, in these specific circumstances, to approve this Amendment.

THEREFORE, in consideration of the mutual agreement herein contained and subject to the terms and conditions stated, it is hereby understood and agreed by the Parties as follows:

 Amendment. The Subject Property FAR Exceedance Agreement is hereby amended to provide for a release of the condition requiring an on-site deed-restricted unit with Owner instead paying as an alternative an adjusted in-lieu fee in the total amount of \$400,000. Owner will pay such in-lieu fee in three payments; the first in the amount of \$133,333.34 on or before September 30, 2023, the second in the amount of \$133,333.33 on or before December 31, 2023, and the third in the amount of \$133,333.33 on or before March 31, 2024.

- 2. Execution and Counterparts: This Amendment may be executed in one or more counterparts, each of which shall be deemed an original agreement, but all of which shall be considered one instrument.
- 3. Further Assurances: Each party agrees to execute and deliver such instruments and evidences of payment, give such further assurances, and perform such further acts as the other may reasonably request and as may reasonably be necessary in connection with the transaction contemplated hereby.

DATED EFFECTIVE TO THE 18TH DAY OF SEPTEMBER, 2023.

## **CITY COUNCIL MEETING AGENDA MEMO**

Meeting Date:	September 18, 2023 Staff Member/Dept: Jade Riley - Administration
Agenda Item:	Recommendation To Enter into Contract #24006 with Mountain Rides Transportation Authority.

Recommended Motion:

"I move to approve Contract # 24006 with Mountain Rides Transit Authority for fiscal year 2024.

Reasons for Recommendation:

- The City contracts with MRTA for public transportation services as identified in the contract.
- The funding was approved in the FY24 adopted budget.

Policy Analysis and Background (non-consent items only):

Sustainability Impact:

Approval of contract will assist with the economic sustainability of our community.

Financial Impact:	
None OR Adequate funds exist in account:	The approved budget allocates \$631,000 for operations/services and one-time funding of \$165,000 for capital improvement items from the Local Option Tax Fund (original LOT).
	Mountain Rides has been awarded a federal facility grant requiring a one-time local match (\$600,000). The draft budget did not allocate funds to the local match due to the lack of an adequate revenue source. However, during the budget workshop the Council indicated support to access the General Fund Cash Reserve Account (up to \$400,000) should another funding strategy not materialize.

## CONTRACT FOR SERVICES MOUNTAIN RIDES TRANSPORTATION AUTHORITY

**THIS CONTRACT FOR SERVICES** (hereinafter the "Contract") is made and entered this 18<sup>th</sup> day of September, 2023, by and between the **CITY OF KETCHUM, IDAHO**, a municipal corporation (hereinafter referred to as "the City") and the **MOUNTAIN RIDES TRANSPORTATION AUTHORITY** (hereinafter referred to as "Mountain Rides"), an Idaho Transportation Authority, formed and existing pursuant to a Joint Powers Agreement duly executed, extended, and recorded as Instrument #629888 in Blaine County, Idaho (recorded 9/29/15). This Contract is hereby entered into in contemplation of the following findings:

## FINDINGS

- 1. The City is a municipal corporation duly organized and existing under the law of the State of Idaho §50-101 et seq.
- 2. Mountain Rides is an Idaho Transportation Authority formed and existing pursuant to a Joint Powers Agreement duly executed and recorded as Instrument #629888 in Blaine County, Idaho.
- 3. The City is a destination resort city as defined by Idaho Code § 50-1044, as it derives a major portion of its economic well-being from businesses catering to the recreational needs and meeting the needs of people traveling to the City for an extended period of time. The City, as a resort city, is eligible to collect a local option non-property tax.
- 4. Pursuant to Idaho Code §50-301 and §50-302, the City is empowered to enter into contracts and take such steps as are reasonably necessary to maintain the peace, good government and welfare of the City and its trade, commerce, and industry. Accordingly, the City has the power as conferred by the State of Idaho to provide directly for certain promotional activities to enhance the trade, commerce, industry, and economic wellbeing of the City.
- 5. Mountain Rides provides an efficient and responsive public transportation system which is easily identifiable, is coordinated in a manner to encourage the ease of ridership, is charged with planning and implementing multi-modal transportation technologies, when feasible, and will seek to reduce the congestion and pollution of individual vehicular trips within Blaine County.
- 6. Mountain Rides' mission is to establish, implement, maintain, fund, and operate a comprehensive public transportation system by motor buses, vans, or other appropriate means, including but not limited to multi-modal transportation systems, on a scheduled or unscheduled and charter basis throughout Blaine County for the benefit of the inhabitants and visitors in Blaine County. Mountain Rides strives to provide services that are safe, user oriented, environmentally friendly, economically stable, and supportive of a strong local economy.
- 7. The organizational purpose and goals of Mountain Rides are complementary to those of the City.
- 8. Mountain Rides has faithfully and diligently carried out its mission to provide services that promote and enhance the trade, commerce, and industry of the City. It is in the best interests of the public health, welfare, and prosperity of the City to provide regional transportation services.
- 9. The City intends to contract with Mountain Rides to provide such services for consideration as hereinafter provided.
- 10. Mountain Rides desires to enter into a contract with the City to provide transportation services all as hereinafter provided.

**NOW, THEREFORE**, on the basis of the foregoing Findings the Parties agree as follows:

- <u>Services to be Provided by Mountain Rides</u>. Mountain Rides hereby agrees to provide transportation services for the City and to provide public transportation services to residents and visitors to the City and the Mountain Rides service area, within the confines of the Mountain Rides budget. Services to be provided are set forth in Exhibit A of this Contract. Mountain Rides agrees that it shall provide, at its sole expense, all costs of labor, materials, supplies, business overhead and financial expenses, insurance, fidelity bonds, and all necessary equipment and facilities required to provide the transportation services as set forth in this Contract.
- 2. <u>Term</u>. The Term of this Contract shall commence October 1, 2023, and terminate September 30, 2024.
- 3. Consideration.
  - a. In consideration for providing the services described herein, the City agrees to pay to Mountain Rides the total sum of SEVEN HUNDRED NINETY SIX THOUSAND DOLLARS (\$796,000), payable in equal monthly installments throughout the Term of this Contract. Mountain Rides will provide the City with an invoice prior to each due date setting forth the amount of the installment due. The City shall pay Mountain Rides the amount set forth in each such invoice no later than thirty (30) days after the date of each such invoice.
  - b. The City's contribution to Mountain Rides is part of Mountain Rides FY2024 Operating Budget to be adopted by the Mountain Rides Board on September 20, 2023. Mountain Rides' FY2024 Operating Budget is summarized in Exhibit B of this Contract.
  - c. In consideration and as part of this Contract, and upon request, Mountain Rides will provide to Ketchum City Council, on or after April 15, 2024, via presentation at a City Council meeting, a mid-year Report including activities, ridership, financial conditions, and other information describing the then-current condition of the transportation system. In addition, Mountain Rides will provide a budget request and, upon request, a report coincident with the City's FY2025 budget deliberations.
  - d. In the event that budgeted revenue from any of Mountain Rides' funding partners (local government, federal government, fares, or private business funding) identified in Mountain Rides' FY2024 Operating Budget is not collected as expected, Mountain Rides may need to adjust its adopted FY2024 Service Plan in order to balance revenue with expenses. In this event, Mountain Rides will give notice to the City as to the adjustments that impact transit service within the City. Mountain Rides and the City will work to come to a mutually acceptable adjusted service plan. If a mutually acceptable adjusted service plan cannot be reached, the City may terminate this Contract upon thirty (30) days written notice to Mountain Rides.
  - 4. <u>Termination</u>. The City may, at its sole discretion, terminate, with or without cause, this Contract immediately upon one hundred twenty (120) days prior written notice to Mountain Rides. In the event of such termination, the City shall make all payments due to Mountain Rides through the end of the 120-day notice period and thereafter shall have no further responsibility to make any payment to Mountain Rides under this Contract. Mountain Rides, in its sole discretion, shall adjust services as may be necessitated as a result of any termination of this Contract.
  - 5. <u>Equal Employment Opportunity</u>. Mountain Rides covenants that it shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, or national origin.
  - 6. <u>Default</u>. In the event either Party fails to perform its responsibilities, as set forth in this Contract during the contract term, this Contract may, at the option of the non-defaulting Party, be terminated. Upon termination under this paragraph, Mountain Rides, in the event it intentionally breaches its responsibilities, shall not be entitled to receive any unpaid installments of the consideration called for in paragraph 3 of the Contract.

- 7. <u>Independent Contractor Status</u>. The Parties acknowledge and agree that Mountain Rides shall provide its services for the fee specified herein in the status of independent contractor, and not as an employee of the City. Mountain Rides and its agents, employees, and volunteers shall not accrue leave, retirement, insurance, bonding, or any other benefit afforded to employees of the City. The sole interest and responsibility of the City under this Contract is to assure itself that the services covered by this Contract shall be performed and rendered by Mountain Rides in a competent, efficient, and satisfactory manner.
- 8. <u>Hold Harmless</u>. Any contractual obligation entered into or assumed by Mountain Rides, or any liability incurred by reason of personal injury and/or property damage in connection with or arising out of Mountain Rides' obligations pursuant to this Contract shall be the sole responsibility of Mountain Rides, and Mountain Rides covenants and agrees to indemnify and hold the City harmless from any and all claims or causes of action arising out of Mountain Rides' activities and obligations as set forth hereinabove, including, but not limited to, personal injury, property damage, and employee complaints.
- 9. <u>Non-Assignment</u>. This Contract may not be assigned or transferred by either Party, in whole or in part, without the prior written consent of the other Party.

10. Miscellaneous Provisions.

- a. <u>Paragraph Headings</u>. The headings in this Contract are inserted for convenience and identification only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Contract or any of the provisions of the Contract.
- b. <u>Provision Severable</u>. Every provision of this Contract is intended to be severable. If any term or provision hereof is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the Contract.
- c. <u>Rights and Remedies are Cumulative</u>. The rights and remedies provided by this Contract are cumulative and the use of any one right or remedy by any Party shall not preclude nor waive its rights to use any or all other remedies. Any rights provided to the Parties under this Contract are given in addition to any other rights the Parties may have by law, statute, ordinance or otherwise.
- d. <u>Successor and Assigns</u>. This Contract and the terms and provision hereof shall inure to the benefit of and be binding upon the heirs, personal representatives, successors and assigns of the Parties hereto.
- e. <u>Entire Contract</u>. This Contract contains the entire agreement between the Parties respecting the matters herein set forth and supersedes all prior agreements between the Parties hereto respecting such matters.
- f. <u>Governing Law</u>. This Contract shall be construed in accordance with the laws of the State of Idaho.
- g. <u>Preparation of Contract</u>. No presumption shall exist in favor of or against any Party to this Contract as a result of the drafting and preparation of the document.
- h. <u>No Waiver</u>. No waiver of any breach by either Party of the terms of this Contract shall be deemed a waiver of any subsequent breach of the Contract.
- i. <u>Amendment</u>. No amendment of this Contract shall be effective unless the amendment is in writing, signed by each of the Parties.

j. <u>Notices</u>. Notices hereunder shall be by personal delivery or US Mail Certified/Return Receipt and shall be deemed effective upon such personal delivery or two (2) business days after mailing, whichever is later. Notices shall be provided as follows:

i. The City:	City Administrator City of Ketchum PO Box 2315 Ketchum, ID 83340-2315
ii. Mountain Rides:	Executive Director Mountain Rides Transportation Authority PO Box 3091 Ketchum, ID 83340-3091

IN WITNESS WHEREOF, the Parties have executed this Contract on the day and year first written above.

## CITY COUNCIL MEETING AGENDA MEMO

Meeting Date:	September 18, 2023	Staff Member/Dept:	Abby Rivin, AICP, Senior Planner - Planning and Building Department
Agenda Item:	Recommendation to ho 1249.	old a public hearing and	I conduct the first reading of Ordinance
Recommended I	Motion:		

I move to approve the first reading of Ordinance 1249 and read by title only.

## Reasons for Recommendation:

- Staff and the Planning and Zoning Commission have extensively evaluated the provisions of Interim Ordinance 1234 and have made changes to the interim ordinance requirements that address major red flags, areas of confusion, and community feedback.
- Ordinance 1249 not only addresses the requirements of Interim Ordinance 1234 but also includes a long list of housekeeping code amendments that streamline processes, clarify regulations that are unclear or inconsistently applied, and reduce barriers to the construction of accessory dwelling units.
- Interim Ordinance 1234 will expire on October 19, 2023 if a permanent ordinance is not adopted.

## Policy Analysis and Background (non-consent items only):

## Section 1: Executive Summary

Interim Ordinance 1234 ("interim ordinance"), adopted in October 2022, temporarily changed the city's development regulations to ensure new developments meet the city's vision as outlined in the 2014 Comprehensive Plan. The goals of the ordinance were to enhance downtown vibrancy, strengthen Ketchum's economy, and increase housing production. The ordinance included the following requirements:

- Established minimum residential densities in certain zone districts.
- Established limitations and standards for lot consolidations.
- Prevented the net loss of residential units when properties redevelop.
- Provided parking exemptions for office and retail uses in certain zone districts.
- Required mixed-use developments provide a minimum amount of commercial space on the ground floor.
- Put a cap on the total size of residential units in certain zone districts.
- Expanded the area of the downtown where ground floor commercial with street frontage is required.
- Established a time limitation for the submittal of final design review applications following pre-application review by the Planning and Zoning Commission.
- Required comprehensive plan conformance analysis for design review approvals.

Over the past year, Planning Department staff have worked with technical experts Holst Architecture ("Holst") and Economic and Planning Systems, Inc. ("EPS") to analyze the interim ordinance, gauge its effectiveness, and evaluate whether the standards are meeting desired outcomes. Holst and EPS conducted a commercial demand analysis, architectural feasibility studies, and financial feasibility models to evaluate whether the interim ordinance

standards are achievable on different types of Ketchum townsite lots downtown and can result in projects with acceptable rates of return that developers can finance. Based on the analysis, as further described in the report below, draft Ordinance 1249 includes a variety of revisions to the interim ordinance standards to:

- Ensure that new developments continue to forward the city's vision for the future,
- Secure opportunities for new commercial developments to support future demand,
- Provide greater flexibility in development regulations, and
- Eliminate regulations that significantly inhibit feasibility.

In addition to the items mentioned above, draft Ordinance 1249 includes additional housekeeping code amendments that:

- Improve processes to reduce uncertainty,
- Clarify code requirements to decrease inconsistencies, and
- Reduce regulatory barriers for accessory dwelling unit development.

The full text of draft Ordinance 1249 in redline and clean version can be found in Attachments 2 and 3 respectively. Staff has prepared an executive summary of the proposed ordinance to make the document more user-friendly, which is included as Attachment 1.

## Section 2: Community Outreach & Feedback

While analyzing the interim ordinance, Planning staff and consultants have sought input and received feedback from a range of stakeholders within the design and development industry and the Ketchum community. Initial findings from the commercial demand analysis and financial feasibility were presented to the Technical Advisory Group ("TAG") on June 22, the Planning and Zoning Commission ("Commission") on June 27, and the City Council on July 3.

The city held two public open house sessions on July 12 to share what staff learned from ongoing evaluation of the interim ordinance and gather feedback on potential changes to the interim ordinance standards. The presentation boards from the public open house are included as Attachment 7. Following the public open houses, the city published an online survey to facilitate broader participation and feedback from the community. The survey responses are included as Attachment 8. Feedback from the survey indicates general support for reducing minimum residential density requirements, reducing the amount of commercial required on the ground floor of mixed-use developments, and the parking exemption for personal service uses. Opinions were mixed on eliminating both the maximum size cap for penthouses and the restriction limiting the amount of additional parking that developments may provide.

### **Section 3: Analysis**

Based on TAG, Commission, City Council, and community feedback on the initial findings, EPS performed sensitivity analysis to test different variables to further refine their models. Their sensitivity analysis evaluated different population growth rates for the commercial demand analysis and different inputs for the penthouse sales price, land costs, and the sales price for smaller, market-rate condo units for the financial feasibility models. While these variables greatly impact a development's feasibility, the city has no control over these inputs. Attachment 6 summarizes the results of EPS's sensitivity testing. Findings from EPS's sensitivity testing were presented to the TAG during their meeting on July 27. The sensitivity testing and feedback received in July informed staff's draft ordinance provided to the Commission for review in August. Below is an overview of the conclusions from the studies prepared by Holst and EPS.

## Commercial Demand in Ketchum

Does Ketchum have enough commercial space to support its economic health? EPS's commercial demand analysis found that Ketchum has unmet demand for commercial space, particularly for retail and restaurant uses. Ketchum could currently support up to 60,000 square feet of additional retail and restaurant space. In addition to current unmet demand, population growth and visitor increases in Ketchum may generate even more demand for commercial space supporting up to 40,000 square feet of additional retail and restaurant space by 2030. Based on this information, staff believes the change the interim ordinance made to expand the area of downtown where ground-floor commercial with street frontage is required should be retained to assist in meeting future demand and provide more options for where businesses can locate downtown.

## Development Feasibility

## Does the interim ordinance allow for the development of feasible projects?

The purpose of the Holst and EPS studies was to identify major barriers to feasibility caused by development regulations. These studies are not meant (or able) to ensure all potential projects are financially feasible. Financial feasibility is impacted by several factors, many of which are not impacted by development regulations, like land costs and sales prices.

The Holst architectural studies demonstrate that the minimum residential density requirements are achievable on interior and corner 5,500-square-foot Ketchum townsite lots and interior 8,250-square-foot Ketchum townsite lots. Although the densities are feasible from a design perspective, the EPS study shows that increasing residential density decreases the financial feasibility of a development project. Density and financial return have an inverse relationship because increasing density decreases the number of larger penthouses that can be accommodated within a project. EPS's financial feasibility models demonstrate that penthouses pay for the cost of development and limiting the size of residential units to 3,000 square feet can negatively impact feasibility.

## Section 4: Changes Recommended by the Commission

As outlined in the executive summary, the Planning and Zoning Commission reviewed the information provided by staff, studies conducted by the consultants, and community feedback. Based on extensive review and discussion of this information, the Commission recommended approval of Ordinance 1249 with the following changes to the interim ordinance standards:

- A reduction in the minimum residential densities required for 100% residential developments,
- A reduction in the commercial space required on the ground floor within mixed-use developments,
  - applies only to properties within the Retail Core (CC-1 Zone) and a portion of the Mixed-Use Subdistrict (CC-2 Zone) from the alley west of Main Street to 2<sup>nd</sup> Avenue between 2<sup>nd</sup> and 5<sup>th</sup> Streets
- An incentive for developments proposing new restaurants,
- Removal of the cap on residential unit size,
- Additional parking exemptions for personal service uses,
- Removal of the conditional use permit process to relieve requirements, and
- Adjustments to calculations to be more equitable and clearer.

No changes are proposed to the limitations on lot consolidations, no net loss of dwelling units, location of community housing units, areas where ground floor commercial with street frontage are required, design review application timeframes, or comprehensive plan conformance.

## Section 5: Housekeeping Code Amendments

Draft Ordinance 1249 includes housekeeping code amendments that improve processes to reduce uncertainty, clarify code requirements to decrease inconsistencies, and reduce regulatory barriers for accessory dwelling unit development.

## Process Improvements

- Clarify certificate requirements for subdivision plats.
- Streamline process for condominium, townhouse, and phased development final plats.
- Add requirements for dormant and denied applications.
- Clarify Administrative Design Review and Design Review exemptions.

• Amend Preapplication Design Review submittal materials.

## **Code Clarifications**

- Clarify setback requirements for lots with platted building envelopes.
- Clarify dimensional standards in the Community Core.
- Clarify "building" vs. "structure" and what is permitted within setbacks.
- Clarify standards for accessory buildings.
- Add requirements for retaining walls.
- Fix errors in rear setback requirements.
- Clarify standards for below-grade encroachments.
- Correct error in street frontage calculations for driveway widths.
- Clarify parking exemptions for various uses.

Promoting ADUs: Clarify parking exemption, storage requirements, and building coverage flexibility.

The Planning and Zoning Commission recommended minor changes to the items above but generally felt these additions would provide better clarity to staff and applicants while the full code rewrite is underway.

### Sustainability Impact:

Ordinance 1249 has the potential to forward the city's sustainability goals. Increasing housing density within downtown near jobs can reduce commuting distances between home and work for employees. The parking exemptions for certain commercial uses downtown encourage alternatives to driving like walking, biking, or public transportation.

### Financial Impact:

None OR Adequate funds exist in account:	Ordinance 1249 may result in increased revenue from impact fees
	associated with the construction of additional housing units,
	however, this will depend on the number of new development
	projects each year.

# Executive Summary: Draft Ordinance 1249

**City of Ketchum** Planning & Building

## **EXECUTIVE SUMMARY - ORDINANCE 1249**

Ordinance 1249 permanently adopts the Interim Ordinance 1234 standards that have been refined based on what staff has learned from feedback gathered from community stakeholders and the Technical Advisory Group, evaluations of previously approved and current development projects, architectural development scenarios, commercial demand analysis, and financial feasibility studies. Below is an overview of the refined interim ordinance standards that staff have revised based on the information we've learned as well as additional housekeeping code amendments that are included in Ordinance 1249.

## **REFINED INTERIM ORDINANCE STANDARDS**

<u>Minimum Residential Densities</u>: Ordinance 1249 reduces the minimum residential density requirements for 100% residential developments within the Community Core by 2 dwelling units. New developments or additions to existing buildings that exceed a total Floor Area Ratio (FAR) of 1.0 within the Community Core must comply with the following minimum residential density requirements:

- 5 dwelling units per townsite lot for 100% residential developments,
- 4 dwelling units per townsite lot for mixed-use developments with 30% or less commercial,
- 3 dwelling units per townsite lot for mixed-use developments with 31 to 60% commercial,
- 2 dwelling units per townsite lot for mixed-use developments with 61 to 80% commercial, and
- No minimum residential density required for projects with 80% or more commercial space except a minimum of 2 dwelling units if the development includes residential use.

Ordinance 1249 reduces the minimum residential density requirements for developments that exceed 1.0 FAR in the General Residential-High Density (GR-H) and Tourist-4000 (T-4000) zoning districts to 6 dwelling units per 10,000 square feet of lot area.

No changes are proposed to the minimum residential density requirements for projects that exceed 1.0 FAR in the Tourist (T) and Tourist-3000 (T-3000) zoning districts. *Tourist Zone* 

- 7 dwelling units per 10,000 square feet of lot area for 100% residential developments,
- 4 dwelling units per 10,000 square feet of lot area for mixed-use developments with 30% or less commercial,
- 3 dwelling units per 10,000 square feet of lot area for mixed-use developments with 31 to 60% commercial,
- 2 dwelling units per 10,000 square feet of lot area for mixed-use developments with 61 to 80% commercial, and

• No minimum residential density required for projects with 80% or more commercial space except a minimum of 2 dwelling units if the development includes residential use.

## T-3000 Zone: 4 dwelling units per 10,000 square feet of lot area

Ordinance 1249 adds an incentive for restaurants. The minimum residential density requirements may be reduced by one dwelling unit for new developments proposing restaurants that include necessary utility infrastructure for commercial kitchens, including a commercial hood and grease trap.

Maximum Size for Residential Units: Ordinance 1249 eliminates the 3,000-square-foot maximum size limit for individual residential units.

<u>Ground-Floor Commercial</u>: Ordinance 1249 reduces the amount of commercial space required on the ground floor of mixed-use developments within the Retail Core (CC-1 Zone) and a portion of the Mixed-Use Subdistrict (CC-2 Zone) from the alley west of Main Street to 2<sup>nd</sup> Avenue between 2<sup>nd</sup> and 5<sup>th</sup> Streets to 35%.

<u>Commercial in the Downtown Area</u>: Ordinance 1249 permanently adopts the interim ordinance regulations that: (1) provide for a wider range of commercial uses and prohibit future development of single-family homes for properties with frontage along River Street from Leadville Avenue to 2<sup>nd</sup> Avenue within the Tourist Zone and (2) require ground-floor commercial with street frontage for properties located from the alley west of Main Street to 2<sup>nd</sup> Avenue between 2<sup>nd</sup> and 5<sup>th</sup> Streets within Mixed-Use Subdistrict of the Community Core.

<u>Parking</u>: In addition to parking exemptions for office and retail, Ordinance 1249 includes a parking exemption for personal service uses within the Community Core. The interim ordinance limits the amount of additional parking that developments may provide beyond the minimum number required per the zoning code. Ordinance 1249 removes this limitation and allows developments to provide additional parking.

<u>No Net Loss of Dwelling Units</u>: No project can result in the net loss of residential units through the consolidation of dwelling units, conversion of dwelling units to other uses, demolition, or redevelopment.

Location of Community Housing: Ordinance 1249 prohibits community housing units in basements.

<u>Lot Consolidation</u>: Lot consolidations must demonstrate compliance with land use development approvals, building permit approvals, and zoning regulations and must generally conform to the comprehensive plan. Lot consolidations are permitted in all zone districts except in the General Residential Low Density (GR-L), Limited Residential (LR, LR-1, and LR-2), and Short-Term

Occupancy (STO-1, STO-4, and STO-H) zoning districts where lot consolidations are permitted subject to a waiver.

<u>Comprehensive Plan Conformance</u>: Ordinance 1249 permanently adopts the interim ordinance standard requiring that projects subject to Design Review demonstrate general conformance with the comprehensive plan.

<u>Pre-Application Term of Approval</u>: Ordinance 1249 permanently adopts the 180-calendar-day term of approval for Preapplication Design Review established through the interim ordinance.

<u>Adjustment of Requirements through Conditional Use Permit</u>: Ordinance 1249 removes the provision allowing certain requirements to be adjusted subject to the review and approval of a Conditional Use Permit by the Planning and Zoning Commission.

## ADDITIONAL CODE AMENDMENTS

Ordinance 1249 includes additional housekeeping code amendments, including process improvements to reduce uncertainty, clarify code requirements to decrease inconsistencies, and reduce regulatory barriers for accessory dwelling unit (ADU) development.

## Process Improvements

- Clarify certificate requirements for subdivision plats
- Streamline process for condominium, townhouse, and phased development final plats
- Add requirements for dormant and denied applications
- Clarify Administrative Design Review and Design Review exemptions
- Amend Preapplication Design Review submittal materials

## Code Clarifications

- Clarify setback requirements for lots with platted building envelopes
- Clarify dimensional standards in the Community Core
- Clarify "building" vs. "structure" and what is permitted within setbacks
- Clarify standards for accessory buildings
- Add requirements for retaining walls
- Fix errors in rear setback requirements
- Clarify standards for below-grade encroachments
- Correct error in street frontage calculations for driveway widths
- Clarify parking exemptions for various uses

<u>Promoting ADUs</u>: Clarify parking exemption, storage requirements, and building coverage flexibility.

#### **ORDINANCE 1249**

AN ORDINANCE OF THE CITY OF KETCHUM, BLAINE COUNTY, IDAHO, TO AMEND KETCHUM MUNICIPAL CODE TITLE 15 – BUILDINGS AND CONSTRUCTION REGARDING THE DEMOLITION OF STRUCTURES; TITLE 16 – SUBDIVISIONS REGARDING LOT CONSOLIDATIONS, PROCESSING PROCEDURES, AND FINAL PLAT REQUIREMENTS; AND TITLE 17 – ZONING REGULATIONS REGARDING GENERAL APPLICATION PROCESSING PROCEDURES, DEFINITIONS, DISTRICT USE MATRIX AND DIMENSIONAL STANDARDS, DESIGN REVIEW APPLICATIONS AND PROCEDURES, BELOW GRADE ENCROACHMENTS, ACCESSORY STRUCTURES, SETBACKS AND BUILDING ENVELOPES, FENCES, HEDGES, WALLS, AND RETAINING STRUCTURES, MINIMUM RESIDENTIAL DENSITIES, MINIMUM COMMERCIAL REQUIREMENTS, DRIVEWAY DIMENSIONS, AND PARKING EXEMPTIONS; PROVIDING FOR PUBLICATION BY SUMMARY; PROVIDING A SAVINGS AND SEVERABILITY CLAUSE; PROVIDING A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

**WHEREAS,** Idaho Code Section 67-6524 authorizes local jurisdictions to enact interim ordinances, effective up to one (1) year, during the pendency of preparation and adoption of a permanent ordinance; and

WHEREAS, the 2014 Ketchum Comprehensive Plan identifies ten core values vital to the City's ability to achieve its vision including 1) A Strong and Diverse Economy, 2) Vibrant Downtown, and 4) A Variety of Housing Options; and

WHEREAS, the City of Ketchum (the "City") is experiencing a significant population increase and a severe shortage of housing for the local workforce at all income levels which is threatening the livelihood and straining the resources of the City, its citizens, and its businesses; and

WHEREAS, businesses in Ketchum have been forced to reduce operating hours in the past two years due to lack of workforce; and

WHEREAS, from 1990 to 2009, approximately 290 units were constructed for an average of 15 units per year. From 2010 to 2020, only 92 units were constructed for an average of 9 units per year, a significant decrease from previous years; and

**WHEREAS,** the City is experiencing an increase in the redevelopment of property as more than half of the City's housing stock was built before 1980 and there are a limited number of vacant properties within city limits; and

WHEREAS, development permitted under the current zoning regulations result in low-density residential development in areas where the 2014 Ketchum Comprehensive Plan envisions medium to high density residential and vibrant mixed-use development; and

WHEREAS, Interim Ordinance 1234 went into effect on October 19, 2022 for a period of one year, and

WHEREAS, the City conducted additional analysis of the requirements of the interim ordinance over the past year including a commercial demand analysis, financial feasibility analysis, analysis of past and future development proposals to determine if the requirements of the ordinance are successful in helping the city achieve its vision, and

WHEREAS, the City identified changes to the interim ordinance that are not contributing to the city's ability to achieve its vision and have made revisions accordingly, and

WHEREAS, the City identified other changes to Title 15, Title 16, and Title 17 that would be beneficial to the community including process improvements, code clarifications, and the removal of barriers to the construction of accessory dwelling units, and

WHEREAS, the City hosted two community open houses on July 12, 2023 and an online survey to obtain feedback from the community on proposed changes to the city's municipal code, and

**WHEREAS,** the Planning and Zoning Commission held a public hearings on August 8 and August 22, 2023 to review this ordinance, as prepared by staff, reflecting feedback from the community; and

**WHEREAS,** the Planning and Zoning Commission recommended approval of this ordinance at a regular meeting on August 22, 2023; and

**WHEREAS,** the City Council held a public hearing on \_\_\_\_\_\_ to review the interim ordinance, information from staff, and recommendations from the Planning and Zoning Commission; and

WHEREAS, The City Council held three readings of the interim ordinance on \_\_\_\_\_\_, \_\_\_\_, and , resulting in approval of this ordinance; and

WHEREAS, the Planning and Zoning Commission hearings and City Council hearings were duly noticed per the

## NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF KETCHUM, IDAHO:

## SECTION 1. AMENDMENTS TO SECTION 15.16.030: PERMIT PROCESS FOR DEMOLITION OF A NONHISTORIC BUILDING.

A. General provisions.

- 1. No demolition permit shall be issued for any building until a building permit application for a replacement project on the property and the required fees have been accepted by the City and deemed complete.
- 2. Demolition and subsequent redevelopment of property, in any zone district, may not result in the net loss of dwelling units.
- 1.3.Total number of dwelling units shall be calculated including all listed or defined dwelling unit uses and terms per section 17.08.020 such as, but not limited to, "dwelling, one family", "dwelling, multi-family", "dwelling unit, accessory", and "work/live unit".

All subsequent subsections to be re-numbered accordingly.

## SECTION 2. AMENDMENTS TO SECTION 15.16.040: PERMIT PROCESS FOR DEMOLITION OF A HISTORIC BUILDING.

A. General provisions.

- 1. No demolition permit shall be issued for any historic building listed on the Historic Building/Site List without approval by the Historic Preservation Commission through the process described in Chapter 17.20 Historic Preservation.
- 2. No demolition permit shall be issued for any building until a building permit application for a replacement project on the property and the required fees have been accepted by the City and deemed complete.
- 3. Demolition and subsequent redevelopment of property, in any zone district, may not result in the net loss of dwelling units.
- 4. Total number of dwelling units shall be calculated including all listed or defined dwelling unit uses and terms per section 17.08.020 such as, but not limited to, "dwelling, one family", "dwelling, multi-family", "dwelling unit, accessory", and "work/live unit".

All subsequent subsections to be re-numbered accordingly.

## SECTION 3. AMENDMENTS TO SECTION 15.16.050, CONDEMNATION AND DEMOLITION BY NEGLECT.

- <u>A.</u> In the event of imminent and substantial danger to the health or safety of the public due to neglect or condemnation of the building as determined by the building official or his/her designee, <u>the following provisions shall</u> apply:
  - 1. Ana historic building may be exempt from the provisions of section 15.16.040 of this chapter and a demolition permit can be accepted and process per the provisions of section 15.16.030., but not from section 15.16.030 of this chapter. Prior to demolition of the structure, a security agreement shall be entered into between the owner of the property and the City of Ketchum.
  - 2. Prior to demolition of the building(s), a development agreement shall be entered into between the owner of the property and the City of Ketchum stipulating the total number of units required at the time of future development of the property will be at least in an amount sufficient to result in no net loss of dwelling units. Said development agreement shall be recorded against the property with the office of the Blaine County, Idaho, Clerk and Recorder.

## SECTION 4. AMENDMENTS TO SECTION 16.04.020: DEFINITIONS.

Consolidation: The action or process of combining more than one lot or unit into a single lot or unit.

Readjustment of lot lines: A change or modification of the boundary lines between existing lots or parcels of land or between dwelling units which does not reduce the area, frontage, width, depth or building setback lines of each lot below the minimum zoning requirements and which does not create additional lots or dwelling units. "Readjustment of lot lines" includes other minor changes to a subdivision, condominium, or townhouse plat such as, but not limited to, notation changes and, boundary shifts, and removal of lot line(s), each of which do not reduce the area, frontage, width, depth or building setback lines of each lot below the minimum zoning requirements nor consolidate or create additional lots or dwelling units.

## SECTION 5. AMENDMENTS TO SECTION 16.04.030.C: PRELIMINARY PLAT PROCEDURE.

- C. Preliminary plat procedure.
  - 1. Application. The subdivider shall file with the Administrator copies of the completed subdivision application form and preliminary plat data as required by this chapter.

a. Consolidation of lots within the City may be permitted in certain zone districts as follows:

Zone District	Consolidation of Lots
CC - Subdistricts 1 and 2	
<u>T</u>	
<u>T-3000</u>	Permitted subject to additional standards noted in section
<u>T-4000</u>	<u>16.04.030.C.4</u>
<u>GR-H</u>	
LI, LI-2, and LI-3	
RU and AF	
<u>GR-L</u>	
IR IR_1 and IR_2	Permitted subject to waiver as noted in section 16.04.130

LR, $LR$ -1, and $LR$ -2
STO-1, STO-4, and STO-H

4. Review by Administrator. The Administrator shall review the preliminary plat application and data as well as the recommendations received from the various departments and agencies to ensure that such application and plat are in conformance with all applicable rules and regulations. <u>All preliminary plat applications for consolidation of lots must also demonstrate conformance with all applicable building permit and land use development approvals, all applicable rules and regulations in Title 17 – Zoning Regulations, and general conformance with the adopted comprehensive plan. The Administrator shall report and make recommendations to the commission.</u>

## SECTION 6. AMENDMENTS TO SECTION 16.04.030.G: FINAL PLAT PROCEDURES.

G. *Final plat procedures*. After approval of the preliminary plat, the subdivider shall cause the subdivision to be surveyed and a final plat to be prepared in conformance with the preliminary plat as approved, and Idaho Code title 50, chapter 13. Upon completion of such final plat, the subdivider shall file same and all other documents required with the Administrator. In the event the final plat does not substantially conform to the approved preliminary plat, the Administrator shall consider such plat a preliminary plat and the public notice and hearing procedures set forth herein in section 16.04.030.D shall apply.

The subdivider shall submit two sets of the final plat and plan specifications of all required improvements, together with a current title report showing proof of ownership in the land to be subdivided. When submitted to the Administrator, the final plat shall bear all required certificates, acknowledgments and signatures.

Upon receipt of a final plat in compliance with all requirements, the Administrator shall approve the final plat and affix the date of acceptance and his or her signature on such final plat. Thereafter, the Administrator shall place the final plat upon the council's next regular meeting agenda and the council may conduct a public hearing to hear testimony of the subdivider and any witnesses on his or her behalf and any witnesses including interested citizens. If the final plat conforms to all requirements of this chapter, all conditions placed upon preliminary plat by the council, and all requirements of Idaho law, the council shall approve such final plat. A final plat for consolidation of lots shall not be signed by the City Clerk and recorded until a building permit is issued for the development unless otherwise agreed to by the City Council.

## SECTION 7. AMENDMENTS TO SECTION 16.04.030.J: APPLICATION AND PRELIMINARY PLAT CONTENTS.

J. Application and preliminary plat contents. A preliminary plat application shall include the following: tThe preliminary plat, together with all application forms, title insurance report, deeds, maps, and other documents reasonably required, shall constitute a complete subdivision application. The preliminary plat shall be drawn to a scale of not less than one inch equals 100 feet and shall show the following:

To be shown on plat:

- 1. The scale, north point and date.
- 2. The name of the proposed subdivision.
- 3. The name and address of the owner of record, the subdivider, and the engineer, surveyor, or other person preparing the plat.
- 4. Legal description of the area platted.
- 5. The names and the intersecting boundary lines of adjoining subdivisions and parcels of property.
- 6. A contour map of the subdivision with contour lines and a maximum interval of two feet to show the configuration of the land based upon the United States Geodetic Survey data, or other data approved by the City Engineer.
- 7. The scaled location of existing buildings, water bodies and courses and location of the adjoining or immediately adjacent dedicated streets, roadways and easements, public and private.
- 8. Boundary description and the area of the tract.
- 9. Existing zoning of the tract.
- 10. The proposed location of street rights-of-way, lots, and lot lines, easements, including all approximate dimensions, and including all proposed lot and block numbering and proposed street names.
- 11. The location, approximate size and proposed use of all land intended to be dedicated for public use or for common use of all future property owners within the proposed subdivision.
- 12. The location, size and type of sanitary and storm sewers, water mains, culverts and other surface or subsurface structures existing within or immediately adjacent to the proposed sanitary or storm sewers, water mains, and storage facilities, street improvements, street lighting, curbs, and gutters and all proposed utilities.
- 13. The direction of drainage, flow and approximate grade of all streets.
- 14. The location of all drainage canals and structures, the proposed method of disposing of runoff water, and the location and size of all drainage easements, whether they are located within or outside of the proposed plat.
- 15. Vicinity map drawn to approximate scale showing the location of the proposed subdivision in reference to existing and/or proposed arterials and collector streets.
- 16. The boundaries of the floodplain, floodway and avalanche overlay district shall also be clearly delineated and marked on the preliminary plat or a note provided if the entire project is in the floodplain, floodway or avalanche overlay district.
- 17. Building envelopes shall be shown on each lot, all or part of which is within a floodway, floodplain, or avalanche zone; or any lot that is adjacent to the Big Wood River, Trail Creek, or Warm Springs Creek; or any lot, a portion of which has a slope of 25 percent or greater; or upon any lot which will be created adjacent to the intersection of two or more streets.
- 18. Lot area of each lot.
- 19. Existing mature trees and established shrub masses.

To be provided to Administrator:

- 20. <u>All subdivision applications for consolidation of lots must be submitted concurrently with a building permit application or land use development application as applicable.</u>
- 2<u>1</u>0. Subdivision names shall not be the same or confused with the name of any other subdivision in Blaine County, Idaho and shall be approved by the Blaine County assessor.
- 224. All percolation tests and/or exploratory pit excavations required by State health authorities.
- 2<u>3</u>2. A copy of the provisions of the articles of incorporation and bylaws of homeowners' association and/or condominium declarations to be filed with the final plat of the subdivision.
- 243. A current title report shall be provided at the time that the preliminary plat is filed with the Administrator, together with a copy of the owner's recorded deed to such property.
- 254. A digital copy of the preliminary plat shall be filed with the Administrator.

## SECTION 8. AMENDMENTS TO SECTION 16.04.030.K: CONTENTS OF FINAL PLAT.

- K. *Contents of final plat.* The final plat shall be drawn at such a scale and contain such lettering as to enable same to be placed upon sheets of 18-inch by 24-inch Mylar paper with no part of the drawing nearer to the edge than one-half inch, and shall be in conformance with the provisions of Idaho Code title 50, chapter 13. The reverse side of such sheet shall not be used for any portion of the drawing, but may contain written matter as to dedications, certificates, signatures, and other information. The contents of the final plat shall include all items required under Idaho Code title 50, chapter 13, and also shall include the following:
- 1. Point of beginning of subdivision description tied to at least two governmental survey corners, or in lieu of government survey corners, to monuments recognized by the City Engineer.
- 2. Location and description of monuments.
- 3. Tract boundary lines, property lines, lot lines, street right-of-way lines and centerlines, other rights-of-way and easement lines, building envelopes as required on the preliminary plat, lot area of each lot, boundaries of floodplain and floodway and

avalanche district, all with bearings, accurate dimensions in feet and decimals, in degrees and minutes and radii, arcs, central angles, tangents and chord lengths of all curves to the above accuracy.

- 4. Names and locations of all adjoining subdivisions.
- 5. Name and right-of-way width of each street and other public rights-of-way.
- 6. Location, dimension and purpose of all easements, public or private.
- 7. The blocks numbered consecutively throughout each block.
- 8. The outline of any property, other than a street, alley or easement, which is offered for dedication to public use, fully dimensioned by distances and bearings with the area marked "Dedicated to the City of Ketchum for Public Use", together with any other descriptive language with regard to the precise nature of the use of the land so dedicated.
- 9. The title, which shall include the name of the subdivision, the name of the City, if appropriate, county and state, and the location and description of the subdivision referenced to section, township, range.
- 10. Scale, north arrow and date.
- 11. Location, width, and names of all existing or dedicated streets and other public ways within or adjacent to the proposed subdivision.
- 12. A plat note provision referencing the County Recorder's instrument number where the condominium declaration(s) and/or articles of incorporation of homeowners' association governing the subdivision are recorded.
- 13. Certificate by <u>a</u> registered <u>engineer or professional land</u> surveyor <u>preparing making</u> the <u>map-plat</u> certifying to the <u>accuracy</u> <u>correctness</u> of <u>surveying the</u> plat.
- 14. A current title report of all property contained within the plat shall be provided to the City and used, in part, as the basis for the dedication of easements and encumbrances on the property.
- 15. Certification of owner(s) of record and all holders of security interest(s) of record with regard to such property.
- 16. Certification and signature of engineer (surveyor) verifying that the subdivision and design standards meet all City requirements.
- 17.16. Certification and signature of the City Engineer verifying that the subdivision and design standards meet all City requirements.
- **18.17.** Certification and signature of the City Clerk of the City of Ketchum verifying that the subdivision has been approved by the council.
- <u>19.18.</u> Notation of any additional restrictions imposed by the council on the development of such subdivision to provide for the public health, safety and welfare.

## SECTION 9. AMENDMENTS TO SECTION 16.04.070.C: CONDOMINIUMS.

- C. Final plat procedure.
  - 1. The final plat procedure contained in subsection 16.04.030.F of this chapter shall be followed. However, the final plat shall not be <u>filed</u>, received, and processed until a framing inspection has been passed for the project. signed by the City Clerk and recorded until the condominium has received:
    - a. A certificate of occupancy issued by the City of Ketchum; and
    - b. Completion of all design review elements as approved by the Planning and Zoning Administrator.
  - 2. The council may accept a security agreement for any design review elements not completed on a case by case basis pursuant to title 17, chapter 17.96 of this Code. Prior to final plat approval, the subdivider shall submit to the City a copy of the final bylaws and condominium declarations which shall be approved by the council and filed with the Blaine County Recorder, including the instrument number(s) under which each document was recorded.

### SECTION 10. AMENDMENTS TO SECTION 16.04.080.D: TOWNHOUSES.

- D. Final plat procedure.
  - 1. The final plat procedure contained in subsection 16.04.030.G of this chapter shall be followed. However, the final plat shall not be <u>filed</u>, received, and processed until one of the following:
    - a) Detached Townhouses a building permit is issued for the first unit.
    - b) Attached Townhouses a foundation inspection has been passed for the building.
    - a) signed by the City Clerk and recorded until the townhouse has received either:
    - a. A certificate of occupancy issued by the City of Ketchum for all structures in the townhouse
      - development and completion of all design review elements as approved by the Planning and Zoning Administrator; or
        - b. Signed council approval of a phased development project consistent with section 16.04.110 herein.
  - 2. The council may accept a security agreement for any design review elements not completed on a case by case basis pursuant to title 17, chapter 17.96 of this Code.

## SECTION 11. AMENDMENTS TO SECTION 16.04.110.B: PHASED DEVELOPMENT PROJECTS.

B. *Development plan.* In addition to the preliminary plat, subdivision application and data, the subdivider shall submit to the Administrator a development plan with a schedule for the entire project, containing all of the information required in

subsection 16.04.030 of this chapter. The development plan, if approved, shall be the master plan for the entire project subject to modification by the subdivider through the same procedures as required for approval of the preliminary plat. Phased development projects or portions of phased development projects that have not received final plat approval are subject to additional regulations of subsequently adopted or amended ordinances and statutes. The approval of the development plan shall occur concurrently with preliminary plat approval. Final plat approval for each phase of a built project, as evidenced by the receipt of a valid building permit and issuance of a certificate of occupancy, shall follow the procedures set forth in section 16.04.110.D herein. The time limitations set forth in subsection 16.04.030.I of this chapter shall apply to phased developments.

## SECTION 12. AMENDMENT TO SECTION 17.04.030, APPLICATION OF REGULATIONS:

17.04.030 Application of regulations.

- A. Except as provided in this title, no building, structure or land shall be used and no building or structure or part shall be erected, constructed, reconstructed, repaired, moved or structurally altered except in conformance with the regulations specified in this title for the district in which it is located; nor shall any yard, lot or open space be reduced in dimensions or area to an amount less than the minimum requirements set forth in this title. Uses permitted in each district shall apply to each lot in such district.
- B. -Applications: resubmittal of a previously denied application. After a final decision that results in the denial of a development application by the decision-making body, an applicant wishing to resubmit the same plan for approval:

1. May not submit the same development application or one substantially the same, as determined by the Administrator, for a period of one year from the date of the most recent ruling of denial; or

- 2. May submit a revised application that adequately addresses all of the stated reasons for denial. The Administrator shall determine whether:
  - a) a new submittal adequately addresses all of the stated reasons for denial and can proceed with a submittal; or,
  - b) a new submittal is sufficiently altered from the project denied that it qualifies as a new application for a different project.
  - In either scenario, such application shall be treated as a new application for purposes of review and scheduling.

## C. Applications: dormant applications.

- 1. If, at any point in a development application review process, the Administrator has notified the applicant that additional or corrected materials are required, and the applicant has not submitted those materials within three months after the date of such notification, the application will be considered withdrawn. The Administrator may extend the three-month period if requested by the applicant prior to its expiration and upon the applicant's demonstrating good cause for the additional delay. The Administrator may grant no more than two extensions.
- 2. Any re-submittal of the application after the three-month deadline will be treated as a new application for purposes of payment of application fees, review, scheduling, public notice, and hearings.
- D. Applications: no net loss of units.
  - 1. Development of property, in any zone district, may not result in the net loss of dwelling units. Total number of dwelling units shall be calculated including all listed or defined dwelling unit uses and terms in the KMC such as, but not limited to, "dwelling, one family", "dwelling, multi-family", "dwelling unit, accessory", and "work/live unit".

## **SECTION 13. AMENDMENTS AND ADDITIONS TO SECTION 17.08.020: TERMS DEFINED:** Building:

- A. Any permanent structure built for the shelter or enclosure of persons, animals, chattels or property of any kind, which:
  - 1. Is permanently affixed to the land; and
  - 2. Has one or more floors and a roof.
- B. Any <u>above grade</u> appendages to said <u>structurebuilding</u>, such as decks, roof overhangs-<u>and</u> porte-cocheres, <u>and the like</u>, are part of said building for purposes of determining building coverage, setbacks or other regulations unless otherwise specified.

Building envelope: The site for location of a building, as defined in this section, delineated on a preliminary plat and final plat.

## Consolidation: The action or process of combining more than one lot or unit into a single lot or unit.

Energy system, solar: Any solar collector panel(s), film(s), shingle(s), or other solar energy device(s), or solar structural component(s), mounted on a building or on the ground and including other appurtenant structures and facilities, whose primary purpose is to provide for the on site collection, storage, and distribution of solar, or radiant, energy received from the sun and used for heating or cooling, for water heating, and/or for generation of electricity. A solar energy system may be ground mounted (i.e., placed on top of the ground surface) or roof mounted (i.e., placed on or as an integral part of a building). Roof mounted systems may extend an additional two feet beyond the maximum height allowance of the zoning district in which they are located. Ground mounted systems shall meet all required dimensional standards for accessory structures.

Height of building/CC District: The greatest vertical distance of a building in the community core district measured by determining the average elevation of the front property line and rear property line. Draw a line from the average front or rear elevation up to the maximum building height allowed, and then draw a line at that height parallel to the front or rear property line. The resulting line establishes the highest elevation of the front or rear facade. The front or rear facade shall not extend above this line. Side facades may be stepped up or down to transition from the highest elevation of the front facade height to the highest elevation of the rear facade. One or multiple steps along the side facades are allowed, except no step shall occur within 40 feet of the front property line elevation of the front or within 35 feet of the rear property line facade. The City shall establish the elevation points used to calculate the average elevation of the front and rear property lines (see illustration A on file in the office of the City Clerk)<del>.</del>

Net livable space (square footage): The floor area within a dwelling unit measured to the inside face of the perimeter walls of the dwelling unit.

Outdoor oOpen space (open site area): An area of a building located and oriented to encourage communal gathering and activity, to provide views of cultural resources and natural resources, and/or to preserve and protect mature and healthy trees and landscaping on the site. These spaces are open for use by all occupants and users of a building. Outdoor open spaces located on the ground floor are typically also open to the public. oOpen space area is all area of a lot not including buildings, structures, parking areas, driveways, cul-de-sacs or streets.

Outdoor residential open space: An area of a building, as defined in "outdoor open space" of this section, which is open to all residents

of the building, but may not necessarily be open to the public.

Setback: The minimum horizontal distance between a specified lot line (front, side, rear), measured along a straight line and at a right angle to such lot line, and the nearest point of an above grade or <u>below grade underground</u> building or <u>structure</u>; <u>below grade</u> <u>structures underground buildings or portions of buildings</u> may encroach into required setbacks subject to subsection 17.128.020.K of this title.

Structure: Anything permanently constructed in or on the ground, or over the water, including gas or liquid storage tank that is principally above ground and manufactured homes; excluding fences less than six feet in height, decks less than 30 inches above grade, paved areas, and structural or nonstructural fill. Anything constructed, installed or erected which requires location on the ground, or over the water, or is attached/supported by something on the ground, including but not limited to buildings, fences/hedges/walls/retaining structures, sport courts, swimming pools and the like, but excluding poles, lines, cables or similar devices used in the transmission or distribution of public utilities.

Residential Density: The number of dwelling units per square feet of lot area.

Retaining Structures: Retaining walls, rockeries, modular block walls, rock walls, or any other structures which retain soil, retain earth surcharge, protect an exposed soil face, or serve as a gravity retaining wall.

## SECTION 14. AMENDMENTS TO SECTION 17.12.020: DISTRICT USE MATRIX

- A. District use matrix.
  - 1. Use matrix. The district use matrix lists all use types and all zoning districts where the use type is permitted (P), permitted with approval of a conditional use permit (C) or permitted as an accessory use (A) to a principal use.
  - 2. *Prohibited uses.* All uses not specifically listed in the district use matrix are prohibited, except where state or federal law otherwise preempts local land use regulation.
  - 3. *Overlay districts.* Regardless of whether the district use matrix lists a use type as permitted, permitted with approval of a conditional use permit or permitted as an accessory use to a principal use, the use type shall be further regulated and prohibited if listed as a prohibited use in any applicable overlay district.
  - 4. *Additional requirements*. In addition to requirements listed in applicable overlay districts, additional requirements for specific uses are listed in chapter 17.124, "Development standards", of this title.
  - 5. *Floor area ratios (FAR) and community housing.* Refer to sections 17.124.040, 17.124.050, "Hotels", 17.100.030 and 17.101.030 of this title for FAR and community/inclusionary housing requirements.
  - 6. *Accessory use*. An accessory use, unless otherwise permitted for in this title, shall not commence and no accessory structure shall be constructed without a principal use first being lawfully established on the subject site, unless otherwise specified in chapter 17.116, "Conditional uses", of this title.

- 1. A multi-family development containing up to two dwelling units is permitted.
- 2. Two one-family dwellings are permitted.
- 3. Religious institutions are allowed through the provision of a conditional use permit. No other assembly uses as defined in chapter 17.08 of this title are permitted.
- 4. Use is not permitted in the avalanche zone. Reference Zoning Map.
- 5. Retail trade is permitted but must not exceed 2,500 square feet.
- 6. Uses must be subordinate to and operated within tourist housing and not to exceed ten percent of the gross floor area of the tourist housing facility.
- 7. Utility for offsite use.
- 8. See section 17.125.080 of this title for shared parking standards.
- 9. Drive-throughs are not allowed in association with food service establishments.
- 10. This is a permitted use, however offices and professional services on the ground floor with street frontage require a conditional use permit.
- 11. Tourist houses shall only be located in existing one-family dwellings. Additions to the home shall not exceed 20 percent of the existing square footage.
- 12. The following forms of retail trade are permitted: a) equipment rental, including sporting equipment and entertainment equipment, b) building, construction and landscaping materials; small engines with associated sales, c) retail in conjunction with manufacturing, warehousing or wholesaling not to exceed 30 percent gross floor area or 800 square feet, whichever is less; no advertising is displayed from windows or building facades; and no access onto a major arterial is allowed if an alternative access is available.
- 13. Personal service is not allowed except for laundromats and dry cleaning establishments.
- 14. See section 17.124.090 of this title for Industrial Districts residential development standards.
- 15. Catering and food preparation is permitted. Restaurants require a conditional use permit and shall not exceed 1,000 square feet and serve no later than 9:00 p.m. unless expressly permitted through approval of the conditional use permit.
- 16. The following forms of retail trade are permitted: a) equipment rental, including sporting equipment and entertainment equipment; b) building, construction and landscaping materials; small engines with associated sales; c) furniture and appliances in conjunction with warehousing not to exceed 18 percent gross floor area or 900 square feet, whichever is less; d) other retail in conjunction with manufacturing, warehousing or wholesaling; it is limited to ten percent gross floor area or 500 square feet, whichever is less. Retail uses c) and d) of this note shall have no advertising displayed from windows or building facades; and no access will be permitted onto a major arterial if an alternative access is available.
- 17. See subsection 17.124.120.C of this title for Industrial Districts daycare development standards.
- 18. See section 17.124.070 of this title for accessory dwelling unit development standards.
- 19. A maximum of five dwelling units are allowed through a conditional use permit and shall be a minimum of 400 square feet and not exceed 1,200 square feet in size.
- 20. Indoor only.
- 21. Only allowed in conjunction with an equestrian facility.
- 22. See section 17.124.080 of this title for urban agriculture development standards.
- 23. See chapter 17.140 of this title for wireless communications facility provisions.
- 24. Allowed on the ground floor only.
- 25. See section 17.124.050 of this title for hotel development standards.
- 26. Ground floor street frontage uses are limited to retail and/or office uses. In Subdistrict 1 office uses require a conditional use permit.
- 27. Ground floor only.
- 28. Through the provision of a conditional use permit, the Planning and Zoning Commission may approve a 20 percent increase to the total existing square footage of an existing nonconforming one-family dwelling.
- 29. Use is allowed as an accessory use through the provision of a conditional use permit.

30. Development agreement and compliance with subsection 17.124.090.C of this title required.

31. Vehicular access from Highway 75 to motor vehicle fueling stations is prohibited.

- 32. All commercial and neighborhood off-site snow storage uses are subject to the standards set forth in section 17.124.160 of this title. Conditional use permits are required of all off-site snow storage operations when the project: a) affects greater than <sup>1</sup>/<sub>2</sub> acre; or, b) has, at the discretion of the Administrator, the potential to negatively impact neighboring uses within 300 feet of the proposed neighborhood or commercial off-site snow storage operation.
- 33. Short term rental in the Avalanche Overlay Zone is permitted subject to the regulations found in chapter 17.92, "Avalanche Zone District (A)", of this title.
- 34. Gross floor area for individual retail trade is limited to 36,000 gross square feet and net leasable floor area for grouped retail trade is limited to 55,000 net leasable square feet.
- 35. Commercial studios in the Light Industrial Districts are subject to the standards of section 17.124.150 of this title.
- 36. Residential recreation facilities in the Light Industrial Districts are not allowed except for residents and guests of a particular residential development.
- 37. Permitted on the second floor and above only. For single-story buildings in existence on July 1, 2019 the use is permitted on the ground floor.

- 38. See section 17.124.180 for minimum residential density requirements for projects or expansions of existing buildings that exceed a total floor area ratio (FAR) of 1.0 within Subdistrict 1 and Subdistrict 2 of the CC Zone and 0.5 FAR in the T, T-3000, T-4000, and GR-H Zone districts.
- <u>39. Ground floor residential with street frontage is not permitted for the properties located from the alley west of Main Street to N</u> 2<sup>nd</sup> Avenue between 2<sup>nd</sup> and 5<sup>th</sup> Streets within Subdistrict 2 of the CC Zone. See Map A on file with the Administrator.
- <u>40. Permitted for properties with frontage along River Street from S Leadville Ave to S 2<sup>nd</sup> Ave. See Map B on file with the Administrator.</u>
- <u>41. Prohibited for properties with frontage along River Street from S Leadville Ave to S 2<sup>nd</sup> Ave. See Map B on file with the Administrator.</u>
- <u>42. Permitted through conditional use permit for properties with frontage along River Street from S Leadville Ave to S 2<sup>nd</sup> Ave.</u> <u>See Map B on file with the Administrator.</u>
- 43. Community housing units are not permitted within basements.

## SECTION 15. AMENDMENTS TO SECTION 17.12.030: DIMENSIONAL STANDARDS, DISTRICTS MATRIX.

17.12.030 - Dimensional standards, districts matrix.

- A. Unless otherwise specified, development in the City shall comply with the standards set forth in the dimensional standards, districts matrix. All Community Core District dimensional standards are listed in section 17.12.040 of this chapter.
- B. The minimum lot size listed in the dimensional standards, districts matrix applies unless the health district determines that additional area is required to meet minimum health standards.
- C. In addition to the requirements of the dimensional standards, districts matrix, the regulations of chapter 17.128, "Supplementary location and bulk regulations", of this title apply.

Notes:

- 1. If the lot adjoins a more restrictive district on the side or rear, the more restrictive setbacks of that district shall apply.
- 2. For building with a roof pitch greater than 5:12 the maximum height to the mean point of the ridge or ridges measured from eaves line to the ridge top shall be 35 feet. Roof ridges above the mean point may extend up to a height of 44 feet.
- 3. Reserved.
- 4. The placement of all structures for conditional uses shall be subject to approval of the Planning and Zoning Commission.
- 5. A maximum of five percent open site area may be used for private decks or patios and walkways subject to design review approval.
- 6. 100-foot setback from Highway 75 is required for lots platted prior to 1979.
- 7. Minimum setbacks along Highway 75: Where the street width is 80 feet, all buildings shall be set back a minimum of 25 feet, and where the street width is 66 feet, all buildings shall be set back a minimum of 32 feet.
- 8. See section 17.124.020 of this title for accessory building dimensional standards.

9. Roof mounted solar systems may extend an additional two feet (2') beyond the maximum height allowance of the zoning district in which they are located.

# SECTION 16. AMENDMENTS TO SECTION 17.12.040: DIMENSIONAL STANDARDS, CC DISTRICT MATRIX.

17.12.040 Dimensional standards, CC District matrix.

- A. Development in the Community Core District shall comply with the standards set forth in the dimensional standards, CC District matrix. Dimensional standards for all other districts, unless otherwise specified, shall be found in section 17.12.030 of this chapter.
- B. In addition to the requirements of the dimensional standards, CC District matrix, the regulations of chapter 17.128, "Supplementary Location And Bulk Regulations", of this title apply.

<b>Dimensional Standards</b>	Subdistrict 1: Retail Core	Subdistrict 2: Mixed Use
Lot/FAR miscellaneous:		
Minimum lot size	5,500 sq. ft.	
Minimum lot width	Average of 55'	
FAR requirements	See FAR requirements in section	on 17.124.040 of this title
Minimum building setbacks:		
Front and street side	0'	5' average
Adjacent to alleyway	3'	
Rear side not adjacent to an	0'	
alleyway		

## COMMUNITY CORE DIMENSIONAL STANDARDS

Interior side	
Cantilevered decks and	
overhangs	
Setback for 5th floors	20' from street sides and frontage and 10' on all other sides
Setback for 4th floors for	10'
all projects except for	
projects where 100% of the	
residential units are	
community or workforce	
housing	
Non-habitable structures,	
permanently affixed deck	
amenities, solar <u>panels</u>	
visible above roof ridge or	
parapet, and mechanical	
equipment and screening	
affixed to a roof from all	
building facades for all	
projects except for projects	
where 100% of the	
residential units are	
community or workforce	
housing	
Perimeter walls enclosing	<u>0' provided the perimeter wall is 75% transparent and does not</u>
roof decks Setback for 4th floor	exceed 4 feet in height
habitable and uninhabitable	An average 10 feet setback from the ground floor building facade.
portions of the building,	lacade.
fixed amenities, solar and	
mechanical equipment for	
projects where 100% of the	
residential units are	
community or workforce	
housing	
Maximum building heights:	
Cantilevered decks and	8' above grade and/or walking surface
overhangs	
Building height	42', unless otherwise allowed in this title
Height of buildings devoted	$52^{2}$
100% towards community	
housing <sup>1</sup>	
Hotel building height (for	68' <sup>2</sup>
hotel development standards	
see subsection	
17.124.050.B.6. of this title)	

Non-habitable structures	10' above roof ridge or parapet
located on building roof tops	
Perimeter walls enclosing	4' above roof surface height. Perimeter roof top walls are
roof top deck and structures	required to be at least 75% transparent
Roof top solar and	5'
mechanical equipment above	
roof surface	

#### Note:

- 1. For purposes of this section, a project in the Community Core Subdistrict 1 that provides 100 percent community housing above the first floor and complies with the ground floor street frontage uses of the subdistrict, shall be considered a 100 percent community housing project.
- 2. All buildings greater than 48 feet in height or that contain a fourth or fifth floor shall require final approval from the City Council. For hotel height standards, see subsection 17.124.050.B.6 of this title.

#### SECTION 17. AMENDMENTS TO CHAPTER 17.96: DESIGN REVIEW

17.96.010 Applicability.

- A. *Design review*. Design review is required for building, developing, or substantially altering the exterior of the following buildings or projects in all zoning districts:
  - 1. Nonresidential use.
  - 2. Public or semipublic use.
  - 3. Multi-family dwellings, including attached and detached townhomes.
  - 4. Mixed use.
  - 5. Any structure with an original construction date of 1940 or earlier.
  - 6. Any encroachment of an <u>below grade structure underground -building(s) or portions of buildings</u> in a required setback.

B. *Administrative Design Review*. The Administrator is authorized to approve the following, provided they do not conflict with the provisions and requirements of this chapter:

1. Additions under 1,200 square feet

2. Changes to exterior finishes including, but not limited to: 1) siding, paint, and materials; 2) the addition or removal of windows or doors; 3) the addition, removal, or expansion of decks and patios that are less than 30 inches above grade or, if greater than 30 inches above grade, that comply with applicable lot coverage requirements for the zoning district;

3. Minor modifications to projects that have received design review approval by the Commission for the duration of a valid design review approval.

4. Master signage plans pursuant to Section 17.127.030.B.

5. Minor modifications located in an Overlay District as indicated upon the City of Ketchum zoning district map and this title.

6. Any encroachment of an underground building or portions of buildings in a required setback.

B.C. Exemptions. The following items are exempt from design review:

- 1. One-family dwellings, accessory structures, and accessory dwelling units <u>not located</u> <u>within the Mountain Overlay District</u>.
- 2. <u>Projects Buildings or structures not requiring a building permit.</u>
- 3. Temporary structures.
- 4. Public art.
- 5. Non-substantial or minor modifications that comply with all applicable design review standards, zoning district standards, and other Code requirements without requiring a variance or other exception. Minor modifications include, but are not limited to:

<u>6.a.</u> Demolition associated with an approved demolition permit;

- <u>7.b.</u> Driveway, walkway, and/or landscaping alterations that do not significantly change existing topography or drainage, including the removal of dead or diseased vegetation as certified by an arborist, provided such work is not located in the special flood hazard area or riparian zone;
- <u>8.e.</u> The installation of fences, hedges, or walls compliant with section 17.124.130 of this title;
- <u>9.d.</u> Changes to exterior finishes including, but not limited to: 1) siding, paint, and materials; 2) <u>M</u>maintenance and repair of exterior facades; 3) the addition of windows or doors; 4)
- <u>10.</u> <u>rReroofs; or 5) the addition or expansion of decks and patios that are less than 30 inches above grade or if greater than 30 inches above grade comply with applicable lot coverage requirements for the zoning district;</u>
- 11e. The installation of exterior lighting compliant with chapter 17.132 of this title; and
- <u>12</u>f. The ground level installation and screening of utilities not greater than five feet in height.
- 6. Minor modification exemptions, pursuant to subsection B.5. of this section, must be issued in writing by the administrator prior to issuance of a building permit.

#### C.D. Preapplication design review.

1. Preapplication review is required for all new non-residential and multi-family residential developments with four or more stories and all new developments on a lot or lots totaling 11,000 square feet or more. Applicants of projects exempt from preapplication design review may request a preapplication design review at their discretion.

- 2. The purpose of preapplication review is to allow the Commission to exchange ideas and give direction to the applicant on the "design concept", keeping in mind the purpose of this chapter and the application of the evaluation standards.
- 3. Preapplication review materials shall be submitted according to the application requirements of section 17.96.040 of this chapter. include the following:
  - a) Project Narrative: A project narrative describing the approach and concept of the project and how the project meets the applicable design review criteria.
  - b) Conceptual Site Plan: A conceptual site plan showing proposed on and off-site improvements. Site plan shall include conceptual landscaping and public amenities. Detailed plant list not required.
  - c) Conceptual Elevations and Floor Plans: Elevations and floor plans for all facades and all levels shall be provided. Elevations shall depict materiality, however, colored renderings not required.
  - d) Conceptual Materials and Color Palette: Materials and colors sample board shall be provided for all facades. Photos of materials, representative imagery, and other digital representation of concept is acceptable. Specifications of materials and colors are not required.
  - a)e) 3D Perspectives: A minimum of two perspectives, one from a street view and one from bird's eye view, showing the massing of the proposed project within the context of the surrounding neighborhood. Adjacent properties and structures must be included. Full color renderings or photo-realistic perspectives are not required.
- 4. The Commission may require a model of the project or computer simulation renderings showing the proposal from one or more key vantage points for presentation at regular design review meetings in order to assist in the understanding of the project. Models and computer renderings must include surrounding properties in sufficient detail for the proposal to be viewed in context.
- <u>45</u>. The Administrator may waive the requirement for preapplication review if the project is found to have no significant impact.
- 5. Projects that have conducted a preapplication design review meeting with the Commission, as required or voluntary, must file a complete Design Review Permit application and pay all required fees within 180 calendar days of the last review meeting on the preapplication with the Commission, otherwise the preapplication review will become null and void.

17.96.030 Authority of the Administrator and the Commission.

- A. Authority of the administrator.
  - 1. The Administrator is authorized to approve the following exterior modifications and projects, provided they do not conflict with the provisions and requirements of this chapter:

- a. Minor modifications to projects that have received design review approval by the Commission for the duration of a valid design review approval.
- b. Additions under 1,200 square feet.
- c. Master signage plans.
- d. Any project located on property that includes mapped floodplain areas or includes areas within the riparian setback.
- e. Minor modifications located in an Overlay District as indicated upon the City of Ketchum zoning district map and this title. The administrator may exempt a minor modification from design review if the proposal complies with all Overlay District standards.
- 2. The administrator is authorized to review all floodplain development permits and waterways design review permits consistent with chapter 17.88 et seq., of this title. Except for multi-family dwellings and commercial structures, floodplain development permits and waterways design review permits are not subject to the design review provisions of this chapter.
- <u>13</u>. The administrator shall review all design review requests and determine whether a project can be <u>exempt</u>, approved by the administrator or by the Commission.
- 2. The administrator is authorized to approve items outlined in section 17.96.010.B, provided they do not conflict with the provisions and requirements of this chapter.
- $\underline{34}$ . The administrator shall determine what application materials and fees, as adopted by resolution, are required to approve exterior modifications as described in section 17.96.040 of this chapter.
- B. Authority of the Commission.
  - 1. Except for applications that are approved by the administrator in subsection A of this section, the Commission shall review all other application proposals as described in section 17.96.010 of this chapter.
- C. *Approval*. The City Council shall approve all permanent encroachments within the Cityowned right-of-way associated with a development project.
- 17.96.050 Criteria, Conditions and security
- A. *Criteria*. The Commission shall determine the following before approval is given for design review:
  - 1. The project does not jeopardize the health, safety or welfare of the public.

2. The project generally conforms with the goals, policies, and objectives of the adopted comprehensive plan.

- <u>3.</u> <u>2.</u> The project conforms to all applicable standards and criteria as set forth in this chapter, this title, and any other standards as adopted or amended by the City of Ketchum from time to time.
- 17.96.060 Improvements and standards
  - K. Underground encroachments.
    - 1. Encroachments of below grade structures underground buildings or portions of buildings into required setbacks are subject to subsection 17.128.020.K of this title and shall not conflict with any applicable easements, existing underground structures, sensitive ecological areas, soil stability, drainage, other sections of this Code or other regulating codes such as adopted International Code Council Codes, or other site features concerning health, safety, and welfare.
    - 2. No below grade structure shall be permitted to encroach into the riparian setback.

## SECTION 18. AMENDMENTS TO SECTION 17.104.070: MOUNTAIN OVERLAY DESIGN REVIEW

Design review applications shall be made and processed according to the regulations contained in chapter 17.96 of this title and as follows:

- A. *Criteria and standards*. The following list of criteria and those contained in chapter 17.96 of this title must be considered and addressed by each applicant seeking design review approval. The Commission will use this list of design review criteria along with that contained in chapter 17.96 of this title as a basis to determine whether a project is to be approved, approved with conditions or denied:
  - 1. There shall be no building on ridges or knolls which would have a material visual impact on a significant skyline visible from a public vantage point entering the City or within the City. "Material", as the term is used herein, shall be construed in light of the magnitude of the negative impact on the objectives of this section;
  - 2. Building, excavating, filling and vegetation disturbance on hillsides which would have a material visual impact visible from a public vantage point entering the City or within the City shall be minimized. "Material", as the term is used herein, shall be construed in light of the magnitude of the negative impact on the objectives of this section;
  - 3. Driveway standards as well as other applicable standards contained in title 12, chapter 12.04 of this Code shall be met;
  - 4. All development shall have access for fire and other emergency vehicles to within 150 feet of the furthest exterior wall of any building;
  - 5. Significant rock outcroppings shall not be disturbed;
  - 6. International Building Code (IBC) and International Fire Code (IFC) and Ketchum Fire Department requirements shall be met;
  - 7. Public water and sewer service shall comply with the requirements of the City;

- 8. Drainage shall be controlled and maintained to not adversely affect other properties;
- 9. Cuts and fills allowed for roadways shall be minimized; lengths of driveways allowed shall be minimized; all cuts and fills shall be concealed with landscaping, revegetation and/or natural stone materials. Revegetation on hillsides with a clear zone of 30 feet around all structures is recommended. Said clear zone shall include low combustible irrigated vegetation with appropriate species, on file with the Ketchum Planning Department. Revegetation outside of this clear zone should be harmonious with the surrounding hillsides;
- 10. Are there other sites on the parcel more suitable for the proposed development in order to carry out the purposes of this section;
- 11. Access traversing 25 percent or greater slopes does not have significant impact on drainage, snow and earthslide potential and erosion as it relates to the subject property and to adjacent properties;
- 12. Utilities shall be underground;
- 13. Limits of disturbance shall be established on the plans and protected by fencing on the site for the duration of construction;
- 14. Excavations, fills and vegetation disturbance on hillsides not associated with the building construction shall be minimized; and
- 15. Preservation of significant landmarks shall be encouraged and protected, where applicable. A significant landmark is one which gives historical and/or cultural importance to the neighborhood and/or community.
- 16. Encroachments of below grade structures<u>underground buildings or portions of buildings</u> into required setbacks are subject to subsection 17.128.020.K of this title and shall not conflict with any applicable easements, existing underground structures, sensitive ecological areas, soil stability, drainage, other sections of this Code or other regulating codes such as adopted International Code Council Codes, or other site features concerning health, safety, and welfare.

## SECTION 19. AMENDMENTS TO CHAPTER 17.116: CONDITIONAL USES APPLICATION, RESUBMITTAL, TERMS OF PERMITS

17.116.070 Application; resubmittal.

No application for a conditional use permit which has been denied by the Commission or the council shall be resubmitted in either the same or substantially the same form in less than one year from the date of final action.

17.116.0<u>7</u>80 Term of permits.

Activities permitted by the granting of a conditional use permit (CUP) shall commence within 12 months from the <u>date the Planning and Zoning Commission Chair signature of signs</u> the approved findings of fact for such conditional use permit.

#### 17.116.0<u>8</u>90 Extensions.

- A. A conditional use permit, not acted upon, shall expire 12 months after the signing of the approved findings of fact. Upon written request by the CUP holder, the Commission may, in a public hearing, grant one maximum 12-month extension, based on the following considerations:
  - 1. Whether there have been significant amendments to the City's ordinances which will apply to the subject conditional use permit; or
  - 2. Whether significant land use changes have occurred in the project vicinity which would adversely impact the project or be adversely impacted by the project; or
  - 3. Whether hazardous situations have developed or have been discovered in the project area; or
  - 4. Whether community facilities and services required for the project are now inadequate.
  - 5. Whether conditions on the site, including, but not limited to, noxious weeds, unsightly trash or storage conditions, or other items in violation of this code, have occurred during the time that the CUP was not activated.
- B. If any of the foregoing considerations are found to exist with regard to the project for which an extension is sought, an extension will not be granted and the head of the planning department and the chair of the Commission shall issue this decision in writing; otherwise the head of the planning department and the chair of the Commission shall administratively approve such extension. No extensions shall be granted for an expired conditional use permit.
- C. This section shall be deemed effective as of July 1, 2007, and shall apply to all conditional use permits granted by the City since this effective date.

#### SECTION 20. AMENDMENTS TO CHAPTER 17.124: DEVELOPMENT STANDARDS

17.124.020. Accessory buildings and uses.

A. General.

<u>1. The accessory use or structure shall be incidental to and customarily associated</u> with the principal use or structure served.

2. The accessory use or structure shall be subordinate in area, extent and purpose to the principal use or structure served.

3. No accessory use or structure shall be constructed or established on any lot prior to the time of construction of the principal structure to which it is accessory. This section shall not be construed to govern the sequencing of a construction project in which both the principal and accessory structures are to be built simultaneously.

A.B. "Accessory buildings and uses" are permitted in specific districts as listed in the district use matrix, section 17.12.020 of this title, and may include, but are not limited to, the following:

Animal containment structures.

Cultivation, storage and sale of crops, vegetables, plants and flowers produced on the premises.

Daycare home.

Daycare, on site employees.

Energy system, solar and wind.

Equestrian facility, residential.

Fallout shelters.

Fences, hedges and walls.

Garage.

Home occupations.

Horses and household pets.

Off street loading areas.

Off street parking space.

Outdoor illumination.

Private greenhouses.

Private swimming pool and/or tennis court.

Sawmill, temporary.

Sheds.

Signs.

Storage containers, not permanently affixed to the ground, used only during the first year of construction. All other temporarily or permanently placed storage containers and trailers used for storage or other commercial purpose which are mobile in nature are prohibited in all zoning districts. Such storage containers are not permitted as a primary use in any zoning district. All such containers existing at the effective date hereof shall be removed within two years from the effective date hereof, unless otherwise requested of, and approved by, the City Council.

Storage of merchandise in business and industrial districts.

C. Total building coverage of all accessory buildings shall not exceed the building coverage of the principal building. An exception to this standard may be granted by the Administrator.

D. Location and Setbacks:

- 1. Accessory buildings -and structures which do not require a building permit are not subject to setbacks.
- 2. All accessory structures, except for fences/hedges/walls/retaining structures, may not be located nearer than 3 feet (3') to any lot line.
- 3. Detached accessory buildings shall have their setbacks based upon their own building height, not the principal building on the subject property.
- 1.4.In-ground pools that are one foot or less in height, as measured from existing grade, may occupy setbacks, provided a minimum three-foot setback is maintained from the pool apron or splashguard.

17.124.070 Accessory dwelling units.

- A. *Accessory use*. Accessory dwelling units are only permitted as an accessory use to a one-family dwelling.
- B. *Unit size restrictions*. Accessory dwelling units must contain a minimum of 300 square feet of net livable space, but cannot exceed 1,200 square feet of net livable space.
- C. Maximum building coverage. The maximum building coverage of an accessory dwelling unit, together with the primary dwelling unit, shall be the coverage requirements of the underlying zoning district specified in section 17.12.030, "Dimensional standards, districts matrix", of this title. If the maximum building coverage requirement causes significant restrictions to the construction of an accessory dwelling unit aAn increase in maximum building coverage of no greater than five (5) percent may shall be granted for the construction of a new accessory dwelling unit. For example, a coverage requirement in the LR Zone cannot be changed from 35 percent to greater than 40 percent. This coverage increase shall not apply to the CC Community Core District.
- D. Application. Procedures for obtaining design review approval of accessory dwelling units shall be regulated per chapter 17.96 of this title. Required materials and information shall be

regulated per chapter 17.96 of this title. *Parking*. Accessory dwelling units do not require off street parking.

E. Storage. <u>A minimum of 50 square feet of d</u>Designated storage, <u>exclusive of typical interior</u> <u>closets</u>, <u>including but not limited to entryway</u>, <u>bedroom</u>, <u>or linen closets</u>, <u>shall be provided</u> for all accessory dwelling units.

17.124.130 – Fences, hedges and walls

Fences, hedges, and walls, and retaining structures may be permitted in the various districts as accessory uses in accordance with the following limitations:

- A. In the LR, LR-2, GR-L and GR-H Districts, fences, hedges and walls shall not exceed four feet in height when located less than 30 feet from the front lot line;
- B. In the LR, LR-2, GR-L and GR-H Districts, fences, hedges and walls shall not exceed six feet in height when located more than 30 feet from the front lot line;
- <u>AC</u>. In all <u>other zoning</u> districts, except the Light Industrial District, fences, hedges and walls shall not exceed four feet in height when located less than 30 feet from the front lot line and shall not exceed six feet in height when located more than 30 feet from the front lot line;
- **<u>B</u>**. In the LI-1, LI-2, LI-3 Districts fences shall not exceed seven feet (7') in height;
- **CE**. In all districts, fences, hedges and walls, or any other obstruction to clear vision, shall not be located within 75 feet of the centerline intersection of two streets unless determined otherwise by the City Engineer; and
- DF.No barbed wire or other sharp pointed metal fence and no electrically charged fence shall be permitted in any district.
- E. Retaining Structures shall be consistent with the following:
  - 1. *Height Measurement*. The height of a retaining structure shall be measured from the point at which the ground elevation of the city-approved finish grade intersects with the retaining structure to the highest point of the retaining structure.
  - 2. Retaining Structure Location, Maximum Heights and Minimum Separation within Setbacks.
    - a. All retaining structures, including footings or foundations, shall be set back at least one foot from any property or right-of-way line, unless the applicant provides a written authorization from the adjacent property owner or owners to allow either all or a portion of the retaining structure to be on or closer to an adjacent property.
    - b. In the LR, LR-2, GR-L and GR-H Districts, retaining structures:
      - i. Less than 30 feet from the front lot line shall not be higher than four feet. Two or more up to four-foot high retaining structures may be permitted, provided the retaining structures are separated by a distance that is equal to two times the height of the structure.
      - ii. The maximum slope gradient allowed between retaining structures shall be a four-foot horizontal to a one-foot vertical (4H:1V) slope.

- i-iii. Retaining structures located more than 30 feet from the front lot line shall not be higher than 6 feet.
- ii.iv.Handrails or guardrails placed on top of retaining walls that<br/>extend above the maximum allowable height as defined in this<br/>section shall not be included in said height measurement so<br/>long as the rail feature is at least 75% transparent. -
- b.c.In In-the LI-1, LI-2, and LI-3, retaining structures shall not be higher than seven feet.
- 2.3.The Administrator, in consultation with the public works director, may waive or reduce the wall separation distance, may increase the maximum allowed slope gradient between retaining structures, and may increase the allowed maximum height of a retaining structure if the applicant demonstrates the reduced separation distance and/or increased gradient and/or wall height is necessary to:
  - a) Retain a greater number or diameter inches of significant trees; or
  - b) Permit the installation of transportation improvements; or
  - c) The alternative separation, slope gradient, or height is not detrimental to the public interest.
- 4. All retaining structures, four or more feet in height, that are visible from adjacent public rights-of-way or residential properties shall be constructed of or faced with brick, stone, split-face or fluted concrete block, textured poured-inplace concrete, or other materials with texture or screened with landscaping to reduce the apparent mass of the retaining structure.

### SECTION 21. ADDITIONS TO CHAPTER 17.124, DEVELOPMENT STANDARDS

17.124.180 - Minimum Residential Densities and Commercial Requirements

A. *General Requirements*. New development projects or expansions of existing buildings that exceed a total floor area ratio (FAR) of 1.0 within Subdistrict 1 and Subdistrict 2 of the CC zone district and 0.5 FAR in the T, T-3000, T-4000, and GR-H zone districts must provide a minimum number of residential units as follows:

Zone District	M	linimum Residen	tial Density Requ	<u>iired</u>
CC Subdistricts 1 and 2	<u>5 units</u>		tial Development nsite lot as origina	ally platted
		Mixed Use	Development	
	<u>≤ 30%</u>	31-60%	61-80%	$\geq 80\%$
	Commercial	<u>Commercial</u>	<u>Commercial</u>	Commercial

- B. Commercial calculation. For purposes of calculating commercial area for minimum residential densities, commercial square footage shall include all permitted and conditionally permitted uses identified in KMC Section 17.12.020 District Use Matrix under the categories of "Commercial" or "Public and Institutional".
  - 1. Commercial area shall be calculated by dividing the net floor area of commercial square footage by the total net floor area for the project.
- C. *Minimum commercial*. Mixed-use developments in the CC-1 Zone and for properties located from the alley west of Main Street to N 2<sup>nd</sup> Avenue between 2<sup>nd</sup> and 5<sup>th</sup> Streets within the CC-2 Zone shall have a minimum of 35% of the gross floor area, as defined in KMC 17.08.020, of the ground floor be commercial use(s).
- B.D. Restaurant incentive. The minimum residential density requirements shall be reduced by one dwelling unit for new developments proposing restaurants that include necessary utility infrastructure for commercial kitchens, such as but not limited to commercial hood and grease traps.

# SECTION 22. AMENDMENTS TO CHAPTER 17.125: OFF STREET PARKING AND LOADING

17.125.030 Off street vehicle parking space.

A. *Minimum parking space*. The minimum parking space and aisle dimensional requirements are as follows:

Angle	Width (Feet)	Length (Feet)	Aisle Width (Feet)								
90 degrees	9.0	18	24								
60 degrees	9.0	21	18								
45 degrees	9.0	19.8	15								
Parallel	8.0	23	-								
ADA spaces shall meet the dimensional requirements as outlined in the current ADA											
standards for accessible design.											

#### B. Compact vehicle spaces.

- 1. Commercial uses and lodging establishments with a minimum of ten or more spaces on the property may have up to ten percent of the required spaces marked for compact vehicles.
- 2. Compact vehicle spaces must be a minimum of eight feet wide and 16 feet long with aisle widths in accordance with the table above.
- 3. These spaces shall be designed, designated, marked and enforced as compact spaces.
- C. *Tandem parking*. Tandem parking shall be limited to a maximum number of two cars in depth. Tandem parking configurations are permitted for multi-family residential uses provided that both tandem parking stalls are assigned to the same dwelling unit. Tandem parking configurations are permitted for commercial uses provided that both tandem parking stalls are assigned to the same commercial uses provided that both tandem parking stalls are assigned to the same commercial condominium unit or business.
- C.D. Area unobstructed. All area counted as off street parking space shall be unobstructed and kept clear of snow and free of other uses.
- **D.E.** Access to streets. Unobstructed access to and from a street shall be provided for all off street parking spaces.
- **E.F.** *Location.* In all zoning districts surface parking lots shall be located in the rear of a building or lot.
- F.G. Surfacing material. Surface parking spaces shall be constructed with asphalt or cement concrete. Compacted gravel or other dustless material may be used for surfacing only upon approval by the administrator.

G.<u>H.</u> *Lighting and screening.* 

- 1. Lighting used to illuminate off street parking areas shall be directed away from residential properties and shall comply with all requirements of chapter 17.132, "Dark skies", of this title.
- 2. Parking facilities and all off street and on-site parking spaces shall be effectively screened on any side adjoining a residential zoning district or residential use by a wall, fence or

hedge to a height of six feet, except for the front yard setback area of the adjoining residential property, in which case, the maximum height shall be three feet.

- 3. All parking and service areas that are adjacent to a street shall be buffered from public views by a combination of landscaping and fences/walls. Such improvements will be for the purpose of beautification and to limit light and glare from vehicle headlights to nearby properties. For safety purposes, views of the parking and service areas from the sidewalk and street shall not be obscured.
- H.<u>I. Street frontage Driveway Width.</u> Measurements for driveway street frontage shall be measured at the property line. A maximum of 35 percent of the linear footage of any street frontage may be devoted to access off street parking.
  - 1. Minimum: The unobstructed, all weather surface of a private driveway shall not be less than 12 feet.
  - 2. Maximum: The unobstructed, all weather surface of a private driveway shall not be greater than 35 percent of the linear footage of any street frontage or 30 feet, whichever is less, unless otherwise approved by the <u>City Engineer.</u>
  - 3. Corner lots that front two or more streets may select either or both streets as access and shall meet the provisions above.
  - 4. When calculating the maximum allowed driveway width for flag lots, the flag portion of the lot fronting the street, along with the front property line as defined in this title shall be the linear footage.

#### H.J. Alley Access

- *1.* Off street parking spaces may be located directly off the alley if the width of the alley can adequately accommodate ingress and egress to the parking spaces.
- 2. No parking space shall project into an alley, sidewalk, or street.
- 3. All alleys used as access to loading areas and/or to an off street parking space or spaces shall be surfaced with asphalt or cement concrete. Compacted gravel or other dustless material may be used for surfacing only upon approval by the administrator.
- J.<u>K.</u> *Condition of parking lots.* The owner or manager of the property shall maintain parking facilities and all off street and on-site parking spaces so that they are in good, safe and usable condition and free of public nuisances such as trash and weeds.
- K.L. On site drainage facilities. All parking lots shall be designed with adequate on site drainage facilities to prevent the drainage of stormwater onto adjacent properties or walkways or into the public right-of-way.
- L.M. Snow. All surface parking lots shall be designed with either an underground heating system to facilitate the removal of snow or a storage area for plowed snow. The storage area shall be 150 square feet for every 55 feet of linear lot width of the surface parking lot.

#### 17.125.040 Off street parking and loading calculations.

- A. *Computation rules*. The following rules apply when computing off street parking and loading requirements:
  - 1. *Multiple uses.* Lots containing more than one use shall provide parking and loading in an amount equal to the total of the requirements for all uses, unless a use is exempted by this chapter or a reduction is approved through a shared parking plan or parking demand analysis in compliance with this chapter.
  - 2. *Fractions*. When measurements of the number of required spaces result in fractions, any fraction of 0.49 or less shall be disregarded and any fraction of 0.50 or more shall be rounded upward to the next highest whole number.
  - 3. Area measurements.
    - a. *Residential.* Unless otherwise specifically noted, residential parking requirements for all square footage based parking and loading standards shall be computed on the interior square footage of each residential unit, as measured between the interior walls of the unit.
    - b. *Nonresidential.* Unless otherwise specifically noted, non-residential parking requirements for all square footage based parking and loading standards are to be computed on the basis of gross floor area (GFA) as defined by this title.
  - 4. *Employee based standards*. For the purpose of computing parking requirements based on employees the calculation shall be based on the largest number of persons working on any single shift.
  - 5. *Nonconforming due to lack of parking and loading*. No lawfully existing building shall be deemed to be a nonconforming building solely because of lack of parking and loading spaces; provided, that space being used for off street parking or loading in connection with any such building at the effective date of this chapter shall not be further reduced in area or capacity.
  - 6. *Off street parking requirements*. Off street parking requirements apply to uses in all districts, unless otherwise specified.

Use Category	Parking Spaces Required
Nonresidential, in zoning districts other than LI-1, LI-	1 parking space per 1,000 gross
2, and LI-3	square feet <sup>1</sup>
Residential multiple-family dwelling in all districts	
except CC, T, T-3000, T-4000, and LI-1, LI-2, and LI-	
3:	
Units 0 to 2,000 square feet	1 parking space
Units 2,001 square feet and above	2 parking spaces

#### B. Off street parking matrix.

Residential multiple-family dwelling within the	
Community Core (CC) District and the Tourist (T),	
Tourist 3000 (T-3000), and Tourist 4000 (T-4000):	
Units 750 square feet or less	0 parking spaces
Units 751 square feet to 2,000 square feet	1 space
Units 2,001 square feet and above	2 parking spaces
Residential (one family dwelling), in all applicable	2.0 parking spaces per one-family
zoning districts	dwelling <del>unit</del>
LI-1, LI-2, and LI-3 Zoning Districts:	
Motor vehicle fueling station, motor vehicle service	Where applicable: 1 space per 500 gross square feet and 2 short term
	holding spaces per fuel pump and 3 spaces per service bay
Office, professional service, business support service, retail trade, convenience store, food service, commercial studio, laundromats and dry cleaners, instructional service, health and fitness facility, daycare	1 space per 250 gross square feet
Residential (including multiple-family dwelling)	1 parking space per bedroom
Wholesale, manufacturing, industrial laundry, hybrid production facility, and all other permitted uses	1 space per 1,000 gross square feet

#### Note:

1. Refer to definition of floor area, gross and with the additional exclusion of common <u>area</u> meeting the definition found in section 17.08.020 of this title. and public areas.

#### C. Exemptions.

- 1. In the Community Core (CC) and Tourist (T) Zoning Districts the following uses meeting the definitions found in section 17.08.020 of this title are exempt from providing off street parking:
  - a. Community housing.
  - b. Food service.
  - c. The first 5,500 gross square feet of retail trade. The first 5,500 gross square feet of a space occupied by a tenant is exempt, additional square footage is subject to the ratio of one parking space per 1,000 gross square feet. Individual retail spaces of 5,500 square feet or less.
  - d. Assembly existing on or before April 17, 2017. Place of assembly. Places of assembly uses in existence on April 17, 2017 and any expansion of existing place of assemble uses in existence on April 17, 2017 that occur on the same lot or parcel. This exemption shall also apply to any expansion of a place of assembly that includes adjacent lots or parcels but shall be limited to not more than 5,500 square feet above the existing square footage of the assembly use in existence on April 17, 2017.
  - e. The first 5,500 gross square feet for new assembly uses. The first 5,500 gross square feet of an assembly use established or constructed after <u>November 20, 2017.the date</u>

this chapter is passed is exempt, additional square footage is subject to the ratio of one parking space per 1,000 gross square feet.

- f. The first 5,500 square feet of office and personal service uses.
- 2. Other uses may be exempted by the administrator upon completion of a parking demand analysis demonstrating the actual demands of the project are less than the minimum requirements of this Code. A parking demand analysis shall be prepared by a registered professional engineer licensed in the State of Idaho.
- D. *Off street vehicle loading areas*. In the LI-1, LI-2, and LI-3 Districts, off street loading areas shall be required as an accessory use for new construction or additions involving an increase in gross floor area as follows:
  - 1. Number of spaces.
    - a. One off street loading space is required for gross floor area in excess of 2,000 square feet.
    - b. No loading space shall occupy any part of a public street, alley, driveway, or sidewalk. Where practicable to do so, an alley may be used in lieu of the requirement for off street loading space(s) if permission is granted by the administrator.
  - 2. *Dimensions*. An off street loading space shall be a minimum of 180 square feet with no length of the space being less than ten feet.

#### E. Exemptions.

- 1. Notwithstanding section 17.125.020(2) and (3), in the Community Core (CC), the following use meeting the definition found in section 17.08.020 is exempt from providing off street parking:
  - a. *Place of assembly.* Places of assembly uses in existence on April 17, 2017 and any expansion of existing place of assembly uses in existence on April 17, 2017 that occur on the same lot or parcel. This exemption shall also apply to any expansion of a place of assembly that includes adjacent lots or parcels but shall be limited to not more than 5,500 square feet above the existing square footage of the assembly use in existence on April 17, 2017.

# SECTION 23. AMENDMENTS TO SECTION 17.128.020.K: ENCROACHMENTS OF BELOW GRADE STRUCTURES INTO REQUIRED SETBACKS

K. Encroachments of below grade structures underground buildings or portions of buildings into required setbacks are permitted provided all of the following standards are met:

- 1. Proposed encroachments shall receive design review approval from the Planning and Zoning Commission; and
- 2.1. Below grade encroachments into the riparian setback are not permitted; and
- 3.2. Construction activity shall not occur on adjacent properties; and
- 4.3. Encroachment of <u>below grade structures</u> <u>underground buildings or portions of</u> <u>buildings</u> into required setbacks shall not conflict with any applicable easements, existing

underground structures, sensitive ecological areas, soil stability, drainage, other sections of this Code or other regulating codes such as adopted International Code Council Codes, or other site features concerning health, safety, and welfare; and

- 5. Egress openings required by adopted International Code Council Codes shall not encroach in required setbacks; and
- 6.4. Below grade <u>Underground</u> encroachments into required setbacks shall be located entirely below natural, existing, or finished grade, whichever is lowest; and
- 7.5 The ground above below grade <u>underground</u> encroachments within required setbacks that is not otherwise covered by permitted decks, fences, hedges and walls shall be suitably landscaped in keeping with the general character of the surrounding neighborhood or as otherwise required by this Code.

a. Required landscape plans shall address the compatibility of proposed landscaping with the below grade structure, including any necessary irrigation; and

8.6. Below grade encroachments into required setbacks shall not interfere with drainage.

a. Required drainage plans shall address the ability of drainage to be managed on the subject property with respect to underground encroachments into required setbacks.

L. For lots with platted building envelopes, all buildings must be placed according to the location of the platted building envelope or the setbacks, whichever is more restrictive. All other structures may be placed outside of the building envelope or within setbacks provided all other applicable requirements are met. For lots with platted building envelopes, all provisions above shall apply to the platted building envelope or the setback, whichever is more restrictive.

# SECTION 24. AMENDMENTS TO CHAPTER 17.148: VARIANCES APPLICATION, RESUBMITTAL, TERMS OF PERMITS

#### 17.148.040 Application; resubmittal.

No application for a variance which has been denied by the Commission or the council shall be resubmitted in either the same or substantially the same form in less than one year from the date of final action.

17.148.0450 Term of permits. All variances shall be issued and construction shall commence within six months from the date that such variance is granted <u>unless otherwise</u> <u>determined by the Commission</u>; otherwise, the variance shall no longer be considered valid.

**SECTION 25. SAVINGS AND SEVERABILITY CLAUSE:** It is hereby declared to be the legislative intent that the provisions and parts of this Ordinance shall be severable. If any paragraph, part, section, subsection, sentence clause or phrase of this Ordinance is for any reason held to be invalid for any reason by a Court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.

**SECTION 26. REPEALER CLAUSE**: All City of Ketchum Ordinances or resolutions or parts thereof which are in conflict herewith are hereby repealed.

**SECTION 27. PUBLICATION:** This Ordinance, or a summary thereof in compliance with Section 50-901A, Idaho Code, substantially in the form annexed hereto as Exhibit "A" shall be published once in the official newspaper of the City, and shall take effect immediately upon its passage, approval, and publication.

**SECTION 28. EFFECTIVE DATE:** This Ordinance shall be in full force and effect from and after its passage, approval, and publication according to law.

PASSED BY THE CITY COUNCIL and APPROVED by the MAYOR OF KETCHUM IDAHO, on this \_\_\_\_ day of \_\_\_\_ 2023.

APPROVED:

Neil Bradshaw, Mayor

ATTEST:

Trent Donat, City Clerk

# <u>Attachment 3</u> Clean: Draft Ordinance 1249

#### **ORDINANCE 1249**

AN ORDINANCE OF THE CITY OF KETCHUM, BLAINE COUNTY, IDAHO, TO AMEND KETCHUM MUNICIPAL CODE TITLE 15 – BUILDINGS AND CONSTRUCTION REGARDING THE DEMOLITION OF STRUCTURES; TITLE 16 – SUBDIVISIONS REGARDING LOT CONSOLIDATIONS, PROCESSING PROCEDURES, AND FINAL PLAT REQUIREMENTS; AND TITLE 17 – ZONING REGULATIONS REGARDING GENERAL APPLICATION PROCESSING PROCEDURES, DEFINITIONS, DISTRICT USE MATRIX AND DIMENSIONAL STANDARDS, DESIGN REVIEW APPLICATIONS AND PROCEDURES, BELOW GRADE ENCROACHMENTS, ACCESSORY STRUCTURES, SETBACKS AND BUILDING ENVELOPES, FENCES, HEDGES, WALLS, AND RETAINING STRUCTURES, MINIMUM RESIDENTIAL DENSITIES, MINIMUM COMMERCIAL REQUIREMENTS, DRIVEWAY DIMENSIONS, AND PARKING EXEMPTIONS; PROVIDING FOR PUBLICATION BY SUMMARY; PROVIDING A SAVINGS AND SEVERABILITY CLAUSE; PROVIDING A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

**WHEREAS,** Idaho Code Section 67-6524 authorizes local jurisdictions to enact interim ordinances, effective up to one (1) year, during the pendency of preparation and adoption of a permanent ordinance; and

WHEREAS, the 2014 Ketchum Comprehensive Plan identifies ten core values vital to the City's ability to achieve its vision including 1) A Strong and Diverse Economy, 2) Vibrant Downtown, and 4) A Variety of Housing Options; and

WHEREAS, the City of Ketchum (the "City") is experiencing a significant population increase and a severe shortage of housing for the local workforce at all income levels which is threatening the livelihood and straining the resources of the City, its citizens, and its businesses; and

WHEREAS, businesses in Ketchum have been forced to reduce operating hours in the past two years due to lack of workforce; and

WHEREAS, from 1990 to 2009, approximately 290 units were constructed for an average of 15 units per year. From 2010 to 2020, only 92 units were constructed for an average of 9 units per year, a significant decrease from previous years; and

**WHEREAS,** the City is experiencing an increase in the redevelopment of property as more than half of the City's housing stock was built before 1980 and there are a limited number of vacant properties within city limits; and

WHEREAS, development permitted under the current zoning regulations result in low-density residential development in areas where the 2014 Ketchum Comprehensive Plan envisions medium to high density residential and vibrant mixed-use development; and

WHEREAS, Interim Ordinance 1234 went into effect on October 19, 2022 for a period of one year, and

WHEREAS, the City conducted additional analysis of the requirements of the interim ordinance over the past year including a commercial demand analysis, financial feasibility analysis, analysis of past and future development proposals to determine if the requirements of the ordinance are successful in helping the city achieve its vision, and

WHEREAS, the City identified changes to the interim ordinance that are not contributing to the city's ability to achieve its vision and have made revisions accordingly, and

WHEREAS, the City identified other changes to Title 15, Title 16, and Title 17 that would be beneficial to the community including process improvements, code clarifications, and the removal of barriers to the construction of accessory dwelling units, and

WHEREAS, the City hosted two community open houses on July 12, 2023 and an online survey to obtain feedback from the community on proposed changes to the city's municipal code, and

**WHEREAS,** the Planning and Zoning Commission held a public hearings on August 8 and August 22, 2023 to review this ordinance, as prepared by staff, reflecting feedback from the community; and

**WHEREAS,** the Planning and Zoning Commission recommended approval of this ordinance at a regular meeting on August 22, 2023; and

**WHEREAS,** the City Council held a public hearing on \_\_\_\_\_\_ to review the interim ordinance, information from staff, and recommendations from the Planning and Zoning Commission; and

WHEREAS, The City Council held three readings of the interim ordinance on \_\_\_\_\_\_, \_\_\_\_, and , resulting in approval of this ordinance; and

WHEREAS, the Planning and Zoning Commission hearings and City Council hearings were duly noticed per the

#### NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF KETCHUM, IDAHO:

# SECTION 1. AMENDMENTS TO SECTION 15.16.030: PERMIT PROCESS FOR DEMOLITION OF A NONHISTORIC BUILDING.

- A. General provisions.
  - 1. No demolition permit shall be issued for any building until a building permit application for a replacement project on the property and the required fees have been accepted by the City and deemed complete.
  - 2. Demolition and subsequent redevelopment of property, in any zone district, may not result in the net loss of dwelling units.
  - 3. Total number of dwelling units shall be calculated including all listed or defined dwelling unit uses and terms per section 17.08.020 such as, but not limited to, "dwelling, one family", "dwelling, multi-family", "dwelling unit, accessory", and "work/live unit".

All subsequent subsections to be re-numbered accordingly.

# SECTION 2. AMENDMENTS TO SECTION 15.16.040: PERMIT PROCESS FOR DEMOLITION OF A HISTORIC BUILDING.

- A. General provisions.
  - 1. No demolition permit shall be issued for any historic building listed on the Historic Building/Site List without approval by the Historic Preservation Commission through the process described in Chapter 17.20 Historic Preservation.
  - 2. No demolition permit shall be issued for any building until a building permit application for a replacement project on the property and the required fees have been accepted by the City and deemed complete.
  - 3. Demolition and subsequent redevelopment of property, in any zone district, may not result in the net loss of dwelling units.
  - 4. Total number of dwelling units shall be calculated including all listed or defined dwelling unit uses and terms per section 17.08.020 such as, but not limited to, "dwelling, one family", "dwelling, multi-family", "dwelling unit, accessory", and "work/live unit".

## All subsequent subsections to be re-numbered accordingly. SECTION 3. AMENDMENTS TO SECTION 15.16.050, CONDEMNATION AND DEMOLITION BY NEGLECT.

- A. In the event of imminent and substantial danger to the health or safety of the public due to neglect or condemnation of the building as determined by the building official or his/her designee, the following provisions shall apply:
  - 1. An historic building may be exempt from the provisions of section 15.16.040 of this chapter and a demolition permit can be accepted and process per the provisions of section 15.16.030.
  - 2. Prior to demolition of the building(s), a development agreement shall be entered into between the owner of the property and the City of Ketchum stipulating the total number of units required at the time of future development of the property will be at least in an amount sufficient to result in no net loss of dwelling units. Said development agreement shall be recorded against the property with the office of the Blaine County, Idaho, Clerk and Recorder.

### SECTION 4. AMENDMENTS TO SECTION 16.04.020: DEFINITIONS.

Consolidation: The action or process of combining more than one lot or unit into a single lot or unit.

Readjustment of lot lines: A change or modification of the boundary lines between existing lots or parcels of land or between dwelling units which does not reduce the area, frontage, width, depth or building setback lines of each lot below the minimum zoning requirements and which does not create additional lots or dwelling units. "Readjustment of lot lines" includes other minor changes to a subdivision, condominium, or townhouse plat such as, but not limited to, notation changes and boundary shifts, each of which do not reduce the area, frontage, width, depth or building setback lines of each lot below the minimum zoning requirements nor consolidate or create additional lots or dwelling units.

#### SECTION 5. AMENDMENTS TO SECTION 16.04.030.C: PRELIMINARY PLAT PROCEDURE.

- C. Preliminary plat procedure.
  - 1. Application. The subdivider shall file with the Administrator copies of the completed subdivision application form and preliminary plat data as required by this chapter.
    - a. Consolidation of lots within the City may be permitted in certain zone districts as follows:

Zone District	Consolidation of Lots
CC - Subdistricts 1 and 2	
Т	
T-3000	Permitted subject to additional standards noted in section
T-4000	16.04.030.C.4
GR-H	
LI, LI-2, and LI-3	
RU and AF	
GR-L	
LR, LR-1, and LR-2	Permitted subject to waiver as noted in section 16.04.130
STO-1, STO-4, and STO-H	

4. Review by Administrator. The Administrator shall review the preliminary plat application and data as well as the recommendations received from the various departments and agencies to ensure that such application and plat are in conformance with all applicable rules and regulations. All preliminary plat applications for consolidation of lots must also demonstrate conformance with all applicable building permit and land use development approvals, all applicable rules and regulations in Title 17 – Zoning Regulations, and general conformance with the adopted comprehensive plan. The Administrator shall report and make recommendations to the commission.

#### SECTION 6. AMENDMENTS TO SECTION 16.04.030.G: FINAL PLAT PROCEDURES.

G. *Final plat procedures*. After approval of the preliminary plat, the subdivider shall cause the subdivision to be surveyed and a final plat to be prepared in conformance with the preliminary plat as approved, and Idaho Code title 50, chapter 13. Upon completion of such final plat, the subdivider shall file same and all other documents required with the Administrator. In the event the final plat does not substantially conform to the approved preliminary plat, the Administrator shall consider such plat a preliminary plat and the public notice and hearing procedures set forth herein in section 16.04.030.D shall apply.

The subdivider shall submit two sets of the final plat and plan specifications of all required improvements, together with a current title report showing proof of ownership in the land to be subdivided. When submitted to the Administrator, the final plat shall bear all required certificates, acknowledgments and signatures.

Upon receipt of a final plat in compliance with all requirements, the Administrator shall approve the final plat and affix the date of acceptance and his or her signature on such final plat. Thereafter, the Administrator shall place the final plat upon the council's next regular meeting agenda and the council may conduct a public hearing to hear testimony of the subdivider and any witnesses on his or her behalf and any witnesses including interested citizens. If the final plat conforms to all requirements of this chapter, all conditions placed upon preliminary plat by the council, and all requirements of Idaho law, the council shall approve such final plat. A final plat for consolidation of lots shall not be signed by the City Clerk and recorded until a building permit is issued for the development unless otherwise agreed to by the City Council.

#### SECTION 7. AMENDMENTS TO SECTION 16.04.030.J: APPLICATION AND PRELIMINARY PLAT CONTENTS.

J. *Application and preliminary plat contents*. A preliminary plat application shall include the following: the preliminary plat, together with all application forms, title insurance report, deeds, maps, and other documents reasonably required, shall constitute a complete subdivision application. The preliminary plat shall be drawn to a scale of not less than one inch equals 100 feet and shall show the following:

To be shown on plat:

- 1. The scale, north point and date.
- 2. The name of the proposed subdivision.
- 3. The name and address of the owner of record, the subdivider, and the engineer, surveyor, or other person preparing the plat.
- 4. Legal description of the area platted.
- 5. The names and the intersecting boundary lines of adjoining subdivisions and parcels of property.
- 6. A contour map of the subdivision with contour lines and a maximum interval of two feet to show the configuration of the land based upon the United States Geodetic Survey data, or other data approved by the City Engineer.
- 7. The scaled location of existing buildings, water bodies and courses and location of the adjoining or immediately adjacent dedicated streets, roadways and easements, public and private.
- 8. Boundary description and the area of the tract.
- 9. Existing zoning of the tract.
- 10. The proposed location of street rights-of-way, lots, and lot lines, easements, including all approximate dimensions, and including all proposed lot and block numbering and proposed street names.
- 11. The location, approximate size and proposed use of all land intended to be dedicated for public use or for common use of all future property owners within the proposed subdivision.
- 12. The location, size and type of sanitary and storm sewers, water mains, culverts and other surface or subsurface structures existing within or immediately adjacent to the proposed sanitary or storm sewers, water mains, and storage facilities, street improvements, street lighting, curbs, and gutters and all proposed utilities.
- 13. The direction of drainage, flow and approximate grade of all streets.
- 14. The location of all drainage canals and structures, the proposed method of disposing of runoff water, and the location and size of all drainage easements, whether they are located within or outside of the proposed plat.
- 15. Vicinity map drawn to approximate scale showing the location of the proposed subdivision in reference to existing and/or proposed arterials and collector streets.
- 16. The boundaries of the floodplain, floodway and avalanche overlay district shall also be clearly delineated and marked on the preliminary plat or a note provided if the entire project is in the floodplain, floodway or avalanche overlay district.
- 17. Building envelopes shall be shown on each lot, all or part of which is within a floodway, floodplain, or avalanche zone; or any lot that is adjacent to the Big Wood River, Trail Creek, or Warm Springs Creek; or any lot, a portion of which has a slope of 25 percent or greater; or upon any lot which will be created adjacent to the intersection of two or more streets.
- 18. Lot area of each lot.
- 19. Existing mature trees and established shrub masses.

To be provided to Administrator:

- 20. All subdivision applications for consolidation of lots must be submitted concurrently with a building permit application or land use development application as applicable.
- 21. Subdivision names shall not be the same or confused with the name of any other subdivision in Blaine County, Idaho and shall be approved by the Blaine County assessor.
- 22. All percolation tests and/or exploratory pit excavations required by State health authorities.
- 23. A copy of the provisions of the articles of incorporation and bylaws of homeowners' association and/or condominium declarations to be filed with the final plat of the subdivision.
- 24. A current title report shall be provided at the time that the preliminary plat is filed with the Administrator, together with a copy of the owner's recorded deed to such property.
- 25. A digital copy of the preliminary plat shall be filed with the Administrator.

### SECTION 8. AMENDMENTS TO SECTION 16.04.030.K: CONTENTS OF FINAL PLAT.

- K. *Contents of final plat.* The final plat shall be drawn at such a scale and contain such lettering as to enable same to be placed upon sheets of 18-inch by 24-inch Mylar paper with no part of the drawing nearer to the edge than one-half inch, and shall be in conformance with the provisions of Idaho Code title 50, chapter 13. The reverse side of such sheet shall not be used for any portion of the drawing, but may contain written matter as to dedications, certificates, signatures, and other information. The contents of the final plat shall include all items required under Idaho Code title 50, chapter 13, and also shall include the following:
- 1. Point of beginning of subdivision description tied to at least two governmental survey corners, or in lieu of government survey corners, to monuments recognized by the City Engineer.
- 2. Location and description of monuments.
- 3. Tract boundary lines, property lines, lot lines, street right-of-way lines and centerlines, other rights-of-way and easement lines, building envelopes as required on the preliminary plat, lot area of each lot, boundaries of floodplain and floodway and

3 of 31

avalanche district, all with bearings, accurate dimensions in feet and decimals, in degrees and minutes and radii, arcs, central angles, tangents and chord lengths of all curves to the above accuracy.

- 4. Names and locations of all adjoining subdivisions.
- 5. Name and right-of-way width of each street and other public rights-of-way.
- 6. Location, dimension and purpose of all easements, public or private.
- 7. The blocks numbered consecutively throughout each block.
- 8. The outline of any property, other than a street, alley or easement, which is offered for dedication to public use, fully dimensioned by distances and bearings with the area marked "Dedicated to the City of Ketchum for Public Use", together with any other descriptive language with regard to the precise nature of the use of the land so dedicated.
- 9. The title, which shall include the name of the subdivision, the name of the City, if appropriate, county and state, and the location and description of the subdivision referenced to section, township, range.
- 10. Scale, north arrow and date.
- 11. Location, width, and names of all existing or dedicated streets and other public ways within or adjacent to the proposed subdivision.
- 12. A plat note provision referencing the County Recorder's instrument number where the condominium declaration(s) and/or articles of incorporation of homeowners' association governing the subdivision are recorded.
- 13. Certificate by a registered professional land surveyor making the plat certifying the correctness of the plat.
- 14. A current title report of all property contained within the plat shall be provided to the City and used, in part, as the basis for the dedication of easements and encumbrances on the property.
- 15. Certification of owner(s) of record and all holders of security interest(s) of record with regard to such property.
- 16. Certification and signature of the City Engineer verifying that the subdivision and design standards meet all City requirements.
- 17. Certification and signature of the City Clerk of the City of Ketchum verifying that the subdivision has been approved by the council.
- 18. Notation of any additional restrictions imposed by the council on the development of such subdivision to provide for the public health, safety and welfare.

#### SECTION 9. AMENDMENTS TO SECTION 16.04.070.C: CONDOMINIUMS.

- C. Final plat procedure.
  - 1. The final plat procedure contained in subsection 16.04.030.F of this chapter shall be followed. However, the final plat shall not be filed, received, and processed until a framing inspection has been passed for the project.

#### SECTION 10. AMENDMENTS TO SECTION 16.04.080.D: TOWNHOUSES.

- D. *Final plat procedure.* 
  - 1. The final plat procedure contained in subsection 16.04.030.G of this chapter shall be followed. However, the final plat shall not be filed, received, and processed until one of the following:
    - a) Detached Townhouses a building permit is issued for the first unit.
    - b) Attached Townhouses a foundation inspection has been passed for the building.

### SECTION 11. AMENDMENTS TO SECTION 16.04.110.B: PHASED DEVELOPMENT PROJECTS.

B. Development plan. In addition to the preliminary plat, subdivision application and data, the subdivider shall submit to the Administrator a development plan with a schedule for the entire project, containing all of the information required in subsection 16.04.030 of this chapter. The development plan, if approved, shall be the master plan for the entire project subject to modification by the subdivider through the same procedures as required for approval of the preliminary plat. Phased development projects or portions of phased development projects that have not received final plat approval are subject to additional regulations of subsequently adopted or amended ordinances and statutes. The approval of the development plan shall occur concurrently with preliminary plat approval. Final plat approval for each phase of a built project shall follow the procedures set forth in section 16.04.110.D herein. The time limitations set forth in subsection 16.04.030.I of this chapter shall apply to phased developments.

### SECTION 12. AMENDMENT TO SECTION 17.04.030, APPLICATION OF REGULATIONS:

17.04.030 Application of regulations.

- A. Except as provided in this title, no building, structure or land shall be used and no building or structure or part shall be erected, constructed, reconstructed, repaired, moved or structurally altered except in conformance with the regulations specified in this title for the district in which it is located; nor shall any yard, lot or open space be reduced in dimensions or area to an amount less than the minimum requirements set forth in this title. Uses permitted in each district shall apply to each lot in such district.
- B. *Applications: resubmittal of a previously denied application.* After a final decision that results in the denial of a development application by the decision-making body, an applicant wishing to resubmit the same plan for approval:
  - 1. May not submit the same development application or one substantially the same, as determined by the Administrator, for a period of one year from the date of the most recent ruling of denial; or
    - May submit a revised application that adequately addresses all of the stated reasons for denial. The Administrator shall
    - determine whether:
    - a) a new submittal adequately addresses all of the stated reasons for denial and can proceed with a submittal; or,
    - b) a new submittal is sufficiently altered from the project denied that it qualifies as a new application for a different project.

In either scenario, such application shall be treated as a new application for purposes of review and scheduling.

- C. *Applications: dormant applications.* 
  - 1. If, at any point in a development application review process, the Administrator has notified the applicant that additional or corrected materials are required, and the applicant has not submitted those materials within three months after the date of such notification, the application will be considered withdrawn. The Administrator may extend the three-month period if requested by the applicant prior to its expiration and upon the applicant's demonstrating good cause for the additional delay. The Administrator may grant no more than two extensions.
  - 2. Any re-submittal of the application after the three-month deadline will be treated as a new application for purposes of payment of application fees, review, scheduling, public notice, and hearings.
- D. Applications: no net loss of units.

Development of property, in any zone district, may not result in the net loss of dwelling units. Total number of dwelling units shall be calculated including all listed or defined dwelling unit uses and terms in the KMC such as, but not limited to, "dwelling, one family", "dwelling, multi-family", "dwelling unit, accessory", and "work/live unit".

### SECTION 13. AMENDMENTS AND ADDITIONS TO SECTION 17.08.020: TERMS DEFINED:

Building:

- A. Any permanent structure built for the shelter or enclosure of persons, animals, chattels or property of any kind, which:
  - 1. Is permanently affixed to the land; and
  - 2. Has one or more floors and a roof.
- B. Any above grade appendages to said building, such as decks, roof overhangs porte-cocheres, and the like, are part of said building for purposes of determining building coverage, setbacks or other regulations unless otherwise specified.

Building envelope: The site for location of a building, as defined in this section, delineated on a preliminary plat and final plat.

Consolidation: The action or process of combining more than one lot or unit into a single lot or unit.

Energy system, solar: Any solar collector panel(s), film(s), shingle(s), or other solar energy device(s), or solar structural component(s), mounted on a building or on the ground and including other appurtenant structures and facilities, whose primary purpose is to provide for the on site collection, storage, and distribution of solar, or radiant, energy received from the sun and used for heating or cooling, for water heating, and/or for generation of electricity. A solar energy system may be ground mounted (i.e., placed on top of the ground surface) or roof mounted (i.e., placed on or as an integral part of a building). Ground mounted systems shall meet all required dimensional standards for accessory structures.

Height of building/CC District: The greatest vertical distance of a building in the community core district measured by determining the average elevation of the front property line and rear property line. Draw a line from the average front or rear elevation up to the maximum building height allowed, and then draw a line at that height parallel to the front or rear property line. The resulting line establishes the highest elevation of the front or rear facade. The front or rear facade shall not extend above this line. Side facades may be stepped up or down to transition from the highest elevation of the front facade height to the highest elevation of the rear facade. One or multiple steps along the side facades are allowed, except no step shall occur within 40 feet of the front property line or within 35 feet of the rear property line. The City shall establish the elevation points used to calculate the average elevation of the front and rear property lines (see illustration A on file in the office of the City Clerk)

Net livable space (square footage): The floor area within a dwelling unit measured to the inside face of the perimeter walls of the dwelling unit.

Open space (open site area): . Open space area is all area of a lot not including buildings, structures, parking areas, driveways, cul-desacs or streets.

Setback: The minimum horizontal distance between a specified lot line (front, side, rear), measured along a straight line and at a right angle to such lot line, and the nearest point of an above grade or underground building; underground buildings or portions of buildings may encroach into required setbacks subject to subsection 17.128.020.K of this title.

Structure: Anything constructed, installed or erected which requires location on the ground, or over the water, or is attached/supported by something on the ground, including but not limited to buildings, fences/hedges/walls/retaining structures, sport courts, swimming pools and the like, but excluding poles, lines, cables or similar devices used in the transmission or distribution of public utilities.

Residential Density: The number of dwelling units per square feet of lot area.

Retaining Structures: Retaining walls, rockeries, modular block walls, rock walls, or any other structures which retain soil, retain earth surcharge, protect an exposed soil face, or serve as a gravity retaining wall.

### SECTION 14. AMENDMENTS TO SECTION 17.12.020: DISTRICT USE MATRIX

A. District use matrix.

- 1. *Use matrix*. The district use matrix lists all use types and all zoning districts where the use type is permitted (P), permitted with approval of a conditional use permit (C) or permitted as an accessory use (A) to a principal use.
- 2. *Prohibited uses.* All uses not specifically listed in the district use matrix are prohibited, except where state or federal law otherwise preempts local land use regulation.
- 3. *Overlay districts.* Regardless of whether the district use matrix lists a use type as permitted, permitted with approval of a conditional use permit or permitted as an accessory use to a principal use, the use type shall be further regulated and prohibited if listed as a prohibited use in any applicable overlay district.
- 4. Additional requirements. In addition to requirements listed in applicable overlay districts, additional requirements for

specific uses are listed in chapter 17.124, "Development standards", of this title.

- 5. *Floor area ratios (FAR) and community housing.* Refer to sections 17.124.040, 17.124.050, "Hotels", 17.100.030 and 17.101.030 of this title for FAR and community/inclusionary housing requirements.
- 6. *Accessory use*. An accessory use, unless otherwise permitted for in this title, shall not commence and no accessory structure shall be constructed without a principal use first being lawfully established on the subject site, unless otherwise specified in chapter 17.116, "Conditional uses", of this title.

- 1. A multi-family development containing up to two dwelling units is permitted.
- 2. Two one-family dwellings are permitted.
- 3. Religious institutions are allowed through the provision of a conditional use permit. No other assembly uses as defined in chapter 17.08 of this title are permitted.
- 4. Use is not permitted in the avalanche zone. Reference Zoning Map.
- 5. Retail trade is permitted but must not exceed 2,500 square feet.
- 6. Uses must be subordinate to and operated within tourist housing and not to exceed ten percent of the gross floor area of the tourist housing facility.
- 7. Utility for offsite use.
- 8. See section 17.125.080 of this title for shared parking standards.
- 9. Drive-throughs are not allowed in association with food service establishments.
- 10. This is a permitted use, however offices and professional services on the ground floor with street frontage require a conditional use permit.
- 11. Tourist houses shall only be located in existing one-family dwellings. Additions to the home shall not exceed 20 percent of the existing square footage.
- 12. The following forms of retail trade are permitted: a) equipment rental, including sporting equipment and entertainment equipment, b) building, construction and landscaping materials; small engines with associated sales, c) retail in conjunction with manufacturing, warehousing or wholesaling not to exceed 30 percent gross floor area or 800 square feet, whichever is less; no advertising is displayed from windows or building facades; and no access onto a major arterial is allowed if an alternative access is available.
- 13. Personal service is not allowed except for laundromats and dry cleaning establishments.
- 14. See section 17.124.090 of this title for Industrial Districts residential development standards.
- 15. Catering and food preparation is permitted. Restaurants require a conditional use permit and shall not exceed 1,000 square feet and serve no later than 9:00 p.m. unless expressly permitted through approval of the conditional use permit.
- 16. The following forms of retail trade are permitted: a) equipment rental, including sporting equipment and entertainment equipment; b) building, construction and landscaping materials; small engines with associated sales; c) furniture and appliances in conjunction with warehousing not to exceed 18 percent gross floor area or 900 square feet, whichever is less; d) other retail in conjunction with manufacturing, warehousing or wholesaling; it is limited to ten percent gross floor area or 500 square feet, whichever is less. Retail uses c) and d) of this note shall have no advertising displayed from windows or building facades; and no access will be permitted onto a major arterial if an alternative access is available.
- 17. See subsection 17.124.120.C of this title for Industrial Districts daycare development standards.
- 18. See section 17.124.070 of this title for accessory dwelling unit development standards.
- 19. A maximum of five dwelling units are allowed through a conditional use permit and shall be a minimum of 400 square feet and not exceed 1,200 square feet in size.
- 20. Indoor only.
- 21. Only allowed in conjunction with an equestrian facility.
- 22. See section 17.124.080 of this title for urban agriculture development standards.
- 23. See chapter 17.140 of this title for wireless communications facility provisions.
- 24. Allowed on the ground floor only.
- 25. See section 17.124.050 of this title for hotel development standards.
- 26. Ground floor street frontage uses are limited to retail and/or office uses. In Subdistrict 1 office uses require a conditional use permit.
- 27. Ground floor only.
- 28. Through the provision of a conditional use permit, the Planning and Zoning Commission may approve a 20 percent increase to the total existing square footage of an existing nonconforming one-family dwelling.
- 29. Use is allowed as an accessory use through the provision of a conditional use permit.

30. Development agreement and compliance with subsection 17.124.090.C of this title required.

31. Vehicular access from Highway 75 to motor vehicle fueling stations is prohibited.

- 32. All commercial and neighborhood off-site snow storage uses are subject to the standards set forth in section 17.124.160 of this title. Conditional use permits are required of all off-site snow storage operations when the project: a) affects greater than ½ acre; or, b) has, at the discretion of the Administrator, the potential to negatively impact neighboring uses within 300 feet of the proposed neighborhood or commercial off-site snow storage operation.
- 33. Short term rental in the Avalanche Overlay Zone is permitted subject to the regulations found in chapter 17.92, "Avalanche Zone District (A)", of this title.
- 34. Gross floor area for individual retail trade is limited to 36,000 gross square feet and net leasable floor area for grouped retail trade is limited to 55,000 net leasable square feet.
- 35. Commercial studios in the Light Industrial Districts are subject to the standards of section 17.124.150 of this title.
- 36. Residential recreation facilities in the Light Industrial Districts are not allowed except for residents and guests of a particular residential development.
- 37. Permitted on the second floor and above only. For single-story buildings in existence on July 1, 2019 the use is permitted on the ground floor.

- 38. See section 17.124.180 for minimum residential density requirements for projects or expansions of existing buildings that exceed a total floor area ratio (FAR) of 1.0 within Subdistrict 1 and Subdistrict 2 of the CC Zone and 0.5 FAR in the T, T-3000, T-4000, and GR-H Zone districts.
- 39. Ground floor residential with street frontage is not permitted for the properties located from the alley west of Main Street to N 2<sup>nd</sup> Avenue between 2<sup>nd</sup> and 5<sup>th</sup> Streets within Subdistrict 2 of the CC Zone. See Map A on file with the Administrator.
- 40. Permitted for properties with frontage along River Street from S Leadville Ave to S 2<sup>nd</sup> Ave. See Map B on file with the Administrator.
- 41. Prohibited for properties with frontage along River Street from S Leadville Ave to S 2<sup>nd</sup> Ave. See Map B on file with the Administrator.
- 42. Permitted through conditional use permit for properties with frontage along River Street from S Leadville Ave to S 2<sup>nd</sup> Ave. See Map B on file with the Administrator.
- 43. Community housing units are not permitted within basements.

#### SECTION 15. AMENDMENTS TO SECTION 17.12.030: DIMENSIONAL STANDARDS, DISTRICTS MATRIX.

17.12.030 – Dimensional standards, districts matrix.

- A. Unless otherwise specified, development in the City shall comply with the standards set forth in the dimensional standards, districts matrix. All Community Core District dimensional standards are listed in section 17.12.040 of this chapter.
- B. The minimum lot size listed in the dimensional standards, districts matrix applies unless the health district determines that additional area is required to meet minimum health standards.
- C. In addition to the requirements of the dimensional standards, districts matrix, the regulations of chapter 17.128, "Supplementary location and bulk regulations", of this title apply.

10 of 31

Districts	Minimum Lot Area	Minimum Lot Area With PUD*	Minimum Lot Area, Townhouse Sublot	Lot Width	Building Height	Maximum Building Coverage <sup>8</sup> / FAR	Minimum Open Space	Front Setback <sup>8</sup>	Side Setback <sup>8</sup>	Rear Setback <sup>8</sup>	Lot Lines Created By Townhouse Sublots	Setbacks From Hwy 75	Any Set back Along Warm Springs Road	Setbacks Along 200' Former Railroad ROW

Notes:

- 1. If the lot adjoins a more restrictive district on the side or rear, the more restrictive setbacks of that district shall apply.
- 2. For building with a roof pitch greater than 5:12 the maximum height to the mean point of the ridge or ridges measured from eaves line to the ridge top shall be 35 feet. Roof ridges above the mean point may extend up to a height of 44 feet.
- 3. Reserved.
- 4. The placement of all structures for conditional uses shall be subject to approval of the Planning and Zoning Commission.
- 5. A maximum of five percent open site area may be used for private decks or patios and walkways subject to design review approval.
- 6. 100-foot setback from Highway 75 is required for lots platted prior to 1979.
- 7. Minimum setbacks along Highway 75: Where the street width is 80 feet, all buildings shall be set back a minimum of 25 feet, and where the street width is 66 feet, all buildings shall be set back a minimum of 32 feet.
- 8. See section 17.124.020 of this title for accessory building dimensional standards.

9. Roof mounted solar systems may extend an additional two feet (2') beyond the maximum height allowance of the zoning district in which they are located.

# SECTION 16. AMENDMENTS TO SECTION 17.12.040: DIMENSIONAL STANDARDS, CC DISTRICT MATRIX.

17.12.040 Dimensional standards, CC District matrix.

A. Development in the Community Core District shall comply with the standards set forth in the dimensional standards, CC District matrix. Dimensional standards for all other districts, unless otherwise specified, shall be found in section 17.12.030 of this chapter.

Dimensional Standards	Subdistrict 1: Retail Core	Subdistrict 2: Mixed Use
Lot/FAR miscellaneous:		
Minimum lot size	5,500 sq. ft.	
Minimum lot width	Average of 55'	
FAR requirements	See FAR requirements in section	17.124.040 of this title
Minimum building setbacks:		
Front and street side	0'	5' average
Adjacent to alleyway	3'	
Rear side not adjacent to an	0'	
alleyway		
Interior side		
Cantilevered decks and		
overhangs		
Setback for 5th floors	20' from street sides and frontage and 10' on all other sides

hotel development standards	
see subsection	
17.124.050.B.6. of this title)	
Non-habitable structures	10' above roof ridge or parapet
located on building roof tops	
Perimeter walls enclosing	4' above roof surface height. Perimeter roof top walls are
roof top deck and structures	required to be at least 75% transparent
1001 top dook and structures	required to be at reast 7576 transpurent

Roof top solar and	5'
mechanical equipment above	
roof surface	

#### Note:

1. For purposes of this section, a project in the Community Core Subdistrict 1 that provides 100 percent community housing above the first floor and complies with the ground floor street frontage uses of the subdistrict, shall be considered a 100 percent community housing project.

 All buildings greater than 48 feet in height or that contain a fourth or fifth floor shall require final approval from the City Council. For hotel height standards, see subsection 17.124.050.B.6 of this title.SECTION 17. AMENDMENTS TO CHAPTER 17.96: DESIGN REVIEW17.96.010 Applicability.

- A. *Design review*. Design review is required for building, developing, or substantially altering the exterior of the following buildings or projects in all zoning districts:
  - 1. Nonresidential use.
  - 2. Public or semipublic use.
  - 3. Multi-family dwellings, including attached and detached townhomes.
  - 4. Mixed use.
  - 5. Any structure with an original construction date of 1940 or earlier.
  - 6. Any encroachment of an underground building(s) or portions of buildings in a required setback.

B. *Administrative Design Review*. The Administrator is authorized to approve the following, provided they do not conflict with the provisions and requirements of this chapter:

1. Additions under 1,200 square feet

2. Changes to exterior finishes including, but not limited to: 1) siding, paint, and materials; 2) the addition or removal of windows or doors; 3) the addition, removal, or expansion of decks and patios that are less than 30 inches above grade or, if greater than 30 inches above grade, that comply with applicable lot coverage requirements for the zoning district;

3. Minor modifications to projects that have received design review approval by the Commission for the duration of a valid design review approval.

4. Master signage plans pursuant to Section 17.127.030.B.

5. Minor modifications located in an Overlay District as indicated upon the City of Ketchum zoning district map and this title. 6. Any encroachment of an underground building or portions of buildings in a required setback.

C. *Exemptions*. The following items are exempt from design review:

- 1. One-family dwellings, accessory structures, and accessory dwelling units not located within the Mountain Overlay District.
- 2. Buildings or structures not requiring a building permit.
- 3. Temporary structures.
- 4. Public art.
- 5. 6.Demolition associated with an approved demolition permit;
- 7.Driveway, walkway, and/or landscaping alterations that do not significantly change existing topography or drainage, including the removal of dead or diseased vegetation as certified by an arborist, provided such work is not located in the special flood hazard area or riparian zone;
- 8. The installation of fences, hedges, or walls compliant with section 17.124.130 of this title;
- 9. Maintenance and repair of exterior facades;
- 10. Reroofs;
- 11. The installation of exterior lighting compliant with chapter 17.132 of this title; and
- 12. The ground level installation and screening of utilities not greater than five feet in height.
- D. Preapplication design review.
  - 1. Preapplication review is required for all new non-residential and multi-family residential developments with four or more stories and all new developments on a lot or lots totaling 11,000 square feet or more. Applicants of projects exempt from preapplication design review may request a preapplication design review at their discretion.
  - 2. The purpose of preapplication review is to allow the Commission to exchange ideas and give direction to the applicant on the "design concept", keeping in mind the purpose of this chapter and the application of the evaluation standards.
  - 3. Preapplication review materials shall include the following:
    - a) Project Narrative: A project narrative describing the approach and concept of the project and how the project meets the applicable design review criteria.
    - b) Conceptual Site Plan: A conceptual site plan showing proposed on and off-site improvements. Site plan shall include conceptual landscaping and public amenities. Detailed plant list not required.
    - c) Conceptual Elevations and Floor Plans: Elevations and floor plans for all facades and all levels shall be provided. Elevations shall depict materiality, however, colored renderings not required.
    - d) Conceptual Materials and Color Palette: Materials and colors sample board shall be provided for all facades. Photos of materials, representative imagery,

and other digital representation of concept is acceptable. Specifications of materials and colors are not required.

- e) 3D Perspectives: A minimum of two perspectives, one from a street view and one from bird's eye view, showing the massing of the proposed project within the context of the surrounding neighborhood. Adjacent properties and structures must be included. Full color renderings or photo-realistic perspectives are not required.
- 4. The Administrator may waive the requirement for preapplication review if the project is found to have no significant impact.
- 5. Projects that have conducted a preapplication design review meeting with the Commission, as required or voluntary, must file a complete Design Review Permit application and pay all required fees within 180 calendar days of the last review meeting on the preapplication with the Commission, otherwise the preapplication review will become null and void.

17.96.030 Authority of the Administrator and the Commission.

- A. Authority of the administrator.
  - 1. The administrator shall review all design review requests and determine whether a project can be exempt, approved by the administrator or by the Commission.
  - 2. The administrator is authorized to approve items outlined in section 17.96.010.B, provided they do not conflict with the provisions and requirements of this chapter.
  - 3. The administrator shall determine what application materials and fees, as adopted by resolution, are required to approve exterior modifications as described in section 17.96.040 of this chapter.
- B. Authority of the Commission.
  - 1. Except for applications that are approved by the administrator in subsection A of this section, the Commission shall review all other application proposals as described in section 17.96.010 of this chapter.
- C. *Approval*. The City Council shall approve all permanent encroachments within the Cityowned right-of-way associated with a development project.
- 17.96.050 Criteria, Conditions and security
- A. *Criteria*. The Commission shall determine the following before approval is given for design review:
  - 1. The project does not jeopardize the health, safety or welfare of the public.
  - 2. The project generally conforms with the goals, policies, and objectives of the adopted comprehensive plan.

- 3. The project conforms to all applicable standards and criteria as set forth in this chapter, this title, and any other standards as adopted or amended by the City of Ketchum from time to time.
- 17.96.060 Improvements and standards
  - K. Underground encroachments.
    - 1. Encroachments of underground buildings or portions of buildings into required setbacks are subject to subsection 17.128.020.K of this title and shall not conflict with any applicable easements, existing underground structures, sensitive ecological areas, soil stability, drainage, other sections of this Code or other regulating codes such as adopted International Code Council Codes, or other site features concerning health, safety, and welfare.
    - 2. No below grade structure shall be permitted to encroach into the riparian setback.

### SECTION 18. AMENDMENTS TO SECTION 17.104.070: MOUNTAIN OVERLAY DESIGN REVIEW

Design review applications shall be made and processed according to the regulations contained in chapter 17.96 of this title and as follows:

- A. *Criteria and standards*. The following list of criteria and those contained in chapter 17.96 of this title must be considered and addressed by each applicant seeking design review approval. The Commission will use this list of design review criteria along with that contained in chapter 17.96 of this title as a basis to determine whether a project is to be approved, approved with conditions or denied:
  - 1. There shall be no building on ridges or knolls which would have a material visual impact on a significant skyline visible from a public vantage point entering the City or within the City. "Material", as the term is used herein, shall be construed in light of the magnitude of the negative impact on the objectives of this section;
  - 2. Building, excavating, filling and vegetation disturbance on hillsides which would have a material visual impact visible from a public vantage point entering the City or within the City shall be minimized. "Material", as the term is used herein, shall be construed in light of the magnitude of the negative impact on the objectives of this section;
  - 3. Driveway standards as well as other applicable standards contained in title 12, chapter 12.04 of this Code shall be met;
  - 4. All development shall have access for fire and other emergency vehicles to within 150 feet of the furthest exterior wall of any building;
  - 5. Significant rock outcroppings shall not be disturbed;
  - 6. International Building Code (IBC) and International Fire Code (IFC) and Ketchum Fire Department requirements shall be met;
  - 7. Public water and sewer service shall comply with the requirements of the City;

- 8. Drainage shall be controlled and maintained to not adversely affect other properties;
- 9. Cuts and fills allowed for roadways shall be minimized; lengths of driveways allowed shall be minimized; all cuts and fills shall be concealed with landscaping, revegetation and/or natural stone materials. Revegetation on hillsides with a clear zone of 30 feet around all structures is recommended. Said clear zone shall include low combustible irrigated vegetation with appropriate species, on file with the Ketchum Planning Department. Revegetation outside of this clear zone should be harmonious with the surrounding hillsides;
- 10. Are there other sites on the parcel more suitable for the proposed development in order to carry out the purposes of this section;
- 11. Access traversing 25 percent or greater slopes does not have significant impact on drainage, snow and earthslide potential and erosion as it relates to the subject property and to adjacent properties;
- 12. Utilities shall be underground;
- 13. Limits of disturbance shall be established on the plans and protected by fencing on the site for the duration of construction;
- 14. Excavations, fills and vegetation disturbance on hillsides not associated with the building construction shall be minimized; and
- 15. Preservation of significant landmarks shall be encouraged and protected, where applicable. A significant landmark is one which gives historical and/or cultural importance to the neighborhood and/or community.
- 16. Encroachments of underground buildings or portions of buildings into required setbacks are subject to subsection 17.128.020.K of this title and shall not conflict with any applicable easements, existing underground structures, sensitive ecological areas, soil stability, drainage, other sections of this Code or other regulating codes such as adopted International Code Council Codes, or other site features concerning health, safety, and welfare.

### SECTION 19. AMENDMENTS TO CHAPTER 17.116: CONDITIONAL USES APPLICATION, RESUBMITTAL, TERMS OF PERMITS

17.116.070 Term of permits.

Activities permitted by the granting of a conditional use permit (CUP) shall commence within 12 months from the date the Planning and Zoning Commission Chair signs the approved findings of fact for such conditional use permit.

- 17.116.080 Extensions.
- A. A conditional use permit, not acted upon, shall expire 12 months after the signing of the approved findings of fact. Upon written request by the CUP holder, the Commission may, in a public hearing, grant one maximum 12-month extension, based on the following considerations:

- 1. Whether there have been significant amendments to the City's ordinances which will apply to the subject conditional use permit; or
- 2. Whether significant land use changes have occurred in the project vicinity which would adversely impact the project or be adversely impacted by the project; or
- 3. Whether hazardous situations have developed or have been discovered in the project area; or
- 4. Whether community facilities and services required for the project are now inadequate.
- 5. Whether conditions on the site, including, but not limited to, noxious weeds, unsightly trash or storage conditions, or other items in violation of this code, have occurred during the time that the CUP was not activated.
- B. If any of the foregoing considerations are found to exist with regard to the project for which an extension is sought, an extension will not be granted and the head of the planning department and the chair of the Commission shall issue this decision in writing; otherwise the head of the planning department and the chair of the Commission shall administratively approve such extension. No extensions shall be granted for an expired conditional use permit.
- C. This section shall be deemed effective as of July 1, 2007, and shall apply to all conditional use permits granted by the City since this effective date.

#### SECTION 20. AMENDMENTS TO CHAPTER 17.124: DEVELOPMENT STANDARDS

17.124.020. Accessory buildings and uses.

A. General.

1. The accessory use or structure shall be incidental to and customarily associated with the principal use or structure served.

2. The accessory use or structure shall be subordinate in area, extent and purpose to the principal use or structure served.

3. No accessory use or structure shall be constructed or established on any lot prior to the time of construction of the principal structure to which it is accessory. This section shall not be construed to govern the sequencing of a construction project in which both the principal and accessory structures are to be built simultaneously.

B. "Accessory buildings and uses" are permitted in specific districts as listed in the district use matrix, section 17.12.020 of this title, and may include, but are not limited to, the following:

Animal containment structures.

Cultivation, storage and sale of crops, vegetables, plants and flowers produced on the premises.

Daycare home.

Daycare, on site employees.

Energy system, solar and wind.

Equestrian facility, residential.

Fallout shelters.

Fences, hedges and walls.

Garage.

Home occupations.

Horses and household pets.

Off street loading areas.

Off street parking space.

Outdoor illumination.

Private greenhouses.

Private swimming pool and/or tennis court.

Sawmill, temporary.

Sheds.

Signs.

Storage containers, not permanently affixed to the ground, used only during the first year of construction. All other temporarily or permanently placed storage containers and trailers used for storage or other commercial purpose which are mobile in nature are prohibited in all zoning districts. Such storage containers are not permitted as a primary use in any zoning district. All such containers existing at the effective date hereof shall be removed within two years from the effective date hereof, unless otherwise requested of, and approved by, the City Council.

Storage of merchandise in business and industrial districts.

C. Total building coverage of all accessory buildings shall not exceed the building coverage of the principal building. An exception to this standard may be granted by the Administrator.

D. Location and Setbacks:

- 1. Accessory buildings and structures which do not require a building permit are not subject to setbacks.
- 2. All accessory structures, except for fences/hedges/walls/retaining structures, may not be located nearer than 3 feet (3') to any lot line.
- 3. Detached accessory buildings shall have their setbacks based upon their own building height, not the principal building on the subject property.
- 4. In-ground pools that are one foot or less in height, as measured from existing grade, may occupy setbacks, provided a minimum three-foot setback is maintained from the pool apron or splashguard.

17.124.070 Accessory dwelling units.

- A. *Accessory use*. Accessory dwelling units are only permitted as an accessory use to a one-family dwelling.
- B. *Unit size restrictions*. Accessory dwelling units must contain a minimum of 300 square feet of net livable space, but cannot exceed 1,200 square feet of net livable space.
- C. *Maximum building coverage*. The maximum building coverage of an accessory dwelling unit, together with the primary dwelling unit, shall be the coverage requirements of the underlying zoning district specified in section 17.12.030, "Dimensional standards, districts matrix", of this title. An increase in maximum building coverage of no greater than five (5) percent shall be granted for the construction of a new accessory dwelling unit. This coverage increase shall not apply to the CC Community Core District.
- D. Parking. Accessory dwelling units do not require off street parking.
- E. *Storage*. A minimum of 50 square feet of designated storage, exclusive of typical interior closets, including but not limited to entryway, bedroom, or linen closets, shall be provided for all accessory dwelling units.
- 17.124.130 Fences, hedges and walls

Fences, hedges, walls, and retaining structures may be permitted in the various districts as accessory uses in accordance with the following limitations:

- A. In all zoning districts, except the Light Industrial District, fences, hedges and walls shall not exceed four feet in height when located less than 30 feet from the front lot line and shall not exceed six feet in height when located more than 30 feet from the front lot line;
- B. In the LI-1, LI-2, LI-3 Districts fences shall not exceed seven feet (7') in height;
- C. In all districts, fences, hedges and walls, or any other obstruction to clear vision, shall not be located within 75 feet of the centerline intersection of two streets unless determined otherwise by the City Engineer; and
- D. No barbed wire or other sharp pointed metal fence and no electrically charged fence shall be permitted in any district.
- E. Retaining Structures shall be consistent with the following:
  - 1. *Height Measurement*. The height of a retaining structure shall be measured from the point at which the ground elevation of the city-approved finish grade intersects with the retaining structure to the highest point of the retaining structure.
  - 2. *Retaining Structure Location, Maximum Heights and Minimum Separation within Setbacks.* 
    - a. All retaining structures, including footings or foundations, shall be set back at least one foot from any property or right-of-way line, unless the applicant provides a written authorization from the adjacent property owner or owners to allow either all or a portion of the retaining structure to be on or closer to an adjacent property.
    - b. In the LR, LR-2, GR-L and GR-H Districts, retaining structures:
      - i. Less than 30 feet from the front lot line shall not be higher than four feet. Two or more up to four-foot high retaining structures may be permitted, provided the retaining structures are separated by a distance that is equal to two times the height of the structure.
      - The maximum slope gradient allowed between retaining structures shall be a four-foot horizontal to a one-foot vertical (4H:1V) slope.
      - iii. Retaining structures located more than 30 feet from the front lot line shall not be higher than 6 feet.
      - iv. Handrails or guardrails placed on top of retaining walls that extend above the maximum allowable height as defined in this section shall not be included in said height measurement so long as the rail feature is at least 75% transparent.
    - c. In the LI-1, LI-2, and LI-3, retaining structures shall not be higher than seven feet.
  - 3. The Administrator, in consultation with the public works director, may waive or reduce the wall separation distance, may increase the maximum allowed slope gradient between retaining structures, and may increase the allowed maximum height of a retaining structure if the applicant demonstrates the

reduced separation distance and/or increased gradient and/or wall height is necessary to:

- a) Retain a greater number or diameter inches of significant trees; or
- b) Permit the installation of transportation improvements; or
- c) The alternative separation, slope gradient, or height is not detrimental to the public interest.
- 4. All retaining structures, four or more feet in height, that are visible from adjacent public rights-of-way or residential properties shall be constructed of or faced with brick, stone, split-face or fluted concrete block, textured poured-in-place concrete, or other materials with texture or screened with landscaping to reduce the apparent mass of the retaining structure.

#### SECTION 21. ADDITIONS TO CHAPTER 17.124, DEVELOPMENT STANDARDS

17.124.180 - Minimum Residential Densities and Commercial Requirements

A. *General Requirements*. New development projects or expansions of existing buildings that exceed a total floor area ratio (FAR) of 1.0 within Subdistrict 1 and Subdistrict 2 of the CC zone district and 0.5 FAR in the T, T-3000, T-4000, and GR-H zone districts must provide a minimum number of residential units as follows:

Zone District	Minimum Residential Density Required			
CC	100% Residential Development			
Subdistricts 1 and 2	5 units per Ketchum Townsite lot as originally platted Mixed Use Development			
	$\leq 30\%$	31-60%	61-80%	$\geq 80\%$
	Commercial	Commercial	Commercial	Commercial
	4 units per Ketchum Townsite lot as originally platted	3 units per Ketchum Townsite lot as originally platted	2 units per Ketchum Townsite lot as originally platted	No Minimum except when residential units are provided, there shall be a
				minimum of 2 units
Т	100% Residential Development 7 / 10,000 SF of lot area			
	$\leq 30\%$	31-60%	61-80%	$\geq 80\%$
	Commercial	Commercial	Commercial	Commercial
	4 / 10,000 SF of lot area	3 / 10,000 SF of lot area	2 / 10,000 SF of lot area	No Minimum except when residential units are provided, there shall be a minimum of 2 units
T-3000	4 / 10,000 SF of lot area			
T-4000	6 / 10,000 SF of lot area			
GR-H	6/ 10,000 SF of lot area			

- B. *Commercial calculation.* For purposes of calculating commercial area for minimum residential densities, commercial square footage shall include all permitted and conditionally permitted uses identified in KMC Section 17.12.020 *District Use Matrix* under the categories of "Commercial" or "Public and Institutional".
  - 1. Commercial area shall be calculated by dividing the net floor area of commercial square footage by the total net floor area for the project.
- C. *Minimum commercial*. Mixed-use developments in the CC-1 Zone and for properties located from the alley west of Main Street to N 2<sup>nd</sup> Avenue between 2<sup>nd</sup> and 5<sup>th</sup> Streets within the CC-2 Zone shall have a minimum of 35% of the gross floor area, as defined in KMC 17.08.020, of the ground floor be commercial use(s).
- D. *Restaurant incentive*. The minimum residential density requirements shall be reduced by one dwelling unit for new developments proposing restaurants that include necessary utility infrastructure for commercial kitchens, such as but not limited to commercial hood and grease traps.

### SECTION 22. AMENDMENTS TO CHAPTER 17.125: OFF STREET PARKING AND LOADING

17.125.030 Off street vehicle parking space.

A. *Minimum parking space*. The minimum parking space and aisle dimensional requirements are as follows:

Angle	Width (Feet)	Length (Feet)	Aisle Width (Feet)
90 degrees	9.0	18	24
60 degrees	9.0	21	18
45 degrees	9.0	19.8	15
Parallel	8.0	23	-
ADA spaces shall	l meet the dimensional re-	quirements as outlined in	the current ADA
standards for accessible design.			

#### B. Compact vehicle spaces.

- 1. Commercial uses and lodging establishments with a minimum of ten or more spaces on the property may have up to ten percent of the required spaces marked for compact vehicles.
- 2. Compact vehicle spaces must be a minimum of eight feet wide and 16 feet long with aisle widths in accordance with the table above.
- 3. These spaces shall be designed, designated, marked and enforced as compact spaces.
- C. *Tandem parking*. Tandem parking shall be limited to a maximum number of two cars in depth. Tandem parking configurations are permitted for multi-family residential uses provided that both tandem parking stalls are assigned to the same dwelling unit. Tandem parking configurations are permitted for commercial uses provided that both tandem parking stalls are assigned to the same commercial uses provided that both tandem parking stalls are assigned to the same commercial uses.
- D. *Area unobstructed*. All area counted as off street parking space shall be unobstructed and kept clear of snow and free of other uses.
- E. *Access to streets*. Unobstructed access to and from a street shall be provided for all off street parking spaces.
- F. *Location*. In all zoning districts surface parking lots shall be located in the rear of a building or lot.
- G. *Surfacing material*. Surface parking spaces shall be constructed with asphalt or cement concrete. Compacted gravel or other dustless material may be used for surfacing only upon approval by the administrator.
- H. Lighting and screening.
  - 1. Lighting used to illuminate off street parking areas shall be directed away from residential properties and shall comply with all requirements of chapter 17.132, "Dark skies", of this title.
  - 2. Parking facilities and all off street and on-site parking spaces shall be effectively screened on any side adjoining a residential zoning district or residential use by a wall, fence or

hedge to a height of six feet, except for the front yard setback area of the adjoining residential property, in which case, the maximum height shall be three feet.

- 3. All parking and service areas that are adjacent to a street shall be buffered from public views by a combination of landscaping and fences/walls. Such improvements will be for the purpose of beautification and to limit light and glare from vehicle headlights to nearby properties. For safety purposes, views of the parking and service areas from the sidewalk and street shall not be obscured.
- I. *Driveway Width*. Measurements for driveway street frontage shall be measured at the property line.
  - 1. Minimum: The unobstructed, all weather surface of a private driveway shall not be less than 12 feet.
  - 2. Maximum: The unobstructed, all weather surface of a private driveway shall not be greater than 35 percent of the linear footage of any street frontage or 30 feet, whichever is less, unless otherwise approved by the City Engineer.
  - 3. Corner lots that front two or more streets may select either or both streets as access and shall meet the provisions above.
  - 4. When calculating the maximum allowed driveway width for flag lots, the flag portion of the lot fronting the street, along with the front property line as defined in this title shall be the linear footage.
- J. Alley Access
  - *1.* Off street parking spaces may be located directly off the alley if the width of the alley can adequately accommodate ingress and egress to the parking spaces.
  - 2. No parking space shall project into an alley, sidewalk, or street.
  - 3. All alleys used as access to loading areas and/or to an off street parking space or spaces shall be surfaced with asphalt or cement concrete. Compacted gravel or other dustless material may be used for surfacing only upon approval by the administrator.
- K. *Condition of parking lots.* The owner or manager of the property shall maintain parking facilities and all off street and on-site parking spaces so that they are in good, safe and usable condition and free of public nuisances such as trash and weeds.
- L. *On site drainage facilities*. All parking lots shall be designed with adequate on site drainage facilities to prevent the drainage of stormwater onto adjacent properties or walkways or into the public right-of-way.
- M. *Snow.* All surface parking lots shall be designed with either an underground heating system to facilitate the removal of snow or a storage area for plowed snow. The storage area shall be 150 square feet for every 55 feet of linear lot width of the surface parking lot.

17.125.040 Off street parking and loading calculations.

- A. *Computation rules.* The following rules apply when computing off street parking and loading requirements:
  - 1. *Multiple uses*. Lots containing more than one use shall provide parking and loading in an amount equal to the total of the requirements for all uses, unless a use is exempted by this chapter or a reduction is approved through a shared parking plan or parking demand analysis in compliance with this chapter.
  - 2. *Fractions*. When measurements of the number of required spaces result in fractions, any fraction of 0.49 or less shall be disregarded and any fraction of 0.50 or more shall be rounded upward to the next highest whole number.
  - 3. Area measurements.
    - a. *Residential.* Unless otherwise specifically noted, residential parking requirements for all square footage based parking and loading standards shall be computed on the interior square footage of each residential unit, as measured between the interior walls of the unit.
    - b. *Nonresidential.* Unless otherwise specifically noted, non-residential parking requirements for all square footage based parking and loading standards are to be computed on the basis of gross floor area (GFA) as defined by this title.
  - 4. *Employee based standards*. For the purpose of computing parking requirements based on employees the calculation shall be based on the largest number of persons working on any single shift.
  - 5. *Nonconforming due to lack of parking and loading*. No lawfully existing building shall be deemed to be a nonconforming building solely because of lack of parking and loading spaces; provided, that space being used for off street parking or loading in connection with any such building at the effective date of this chapter shall not be further reduced in area or capacity.
  - 6. *Off street parking requirements*. Off street parking requirements apply to uses in all districts, unless otherwise specified.

Use Category	Parking Spaces Required
Nonresidential, in zoning districts other than LI-1, LI-	1 parking space per 1,000 gross
2, and LI-3	square feet <sup>1</sup>
Residential multiple-family dwelling in all districts	
except CC, T, T-3000, T-4000, and LI-1, LI-2, and LI-	
3:	
Units 0 to 2,000 square feet	1 parking space
Units 2,001 square feet and above	2 parking spaces
Residential multiple-family dwelling within the	
Community Core (CC) District and the Tourist (T),	
Tourist 3000 (T-3000), and Tourist 4000 (T-4000):	
Units 750 square feet or less	0 parking spaces
Units 751 square feet to 2,000 square feet	1 space

B. *Off street parking matrix.* 

Units 2,001 square feet and above	2 parking spaces	
Residential (one family dwelling), in all applicable	2.0 parking spaces per one-family	
zoning districts	dwelling	
LI-1, LI-2, and LI-3 Zoning Districts:		
Motor vehicle fueling station, motor vehicle service	Where applicable: 1 space per 500 gross square feet and 2 short term holding spaces per fuel pump and 3 spaces per service bay	
Office, professional service, business support service, retail trade, convenience store, food service, commercial studio, laundromats and dry cleaners, instructional service, health and fitness facility, daycare	1 space per 250 gross square feet	
Residential (including multiple-family dwelling)	1 parking space per bedroom	
Wholesale, manufacturing, industrial laundry, hybrid production facility, and all other permitted uses	1 space per 1,000 gross square feet	

#### Note:

1. Refer to definition of floor area, gross and with the additional exclusion of common area meeting the definition found in section 17.08.020 of this title.

#### C. Exemptions.

- 1. In the Community Core (CC) and Tourist (T) Zoning Districts the following uses meeting the definitions found in section 17.08.020 of this title are exempt from providing off street parking:
  - a. Community housing.
  - b. Food service.
  - c. Individual retail spaces of 5,500 square feet or less.
  - d. Place of assembly. Places of assembly uses in existence on April 17, 2017 and any expansion of existing place of assemble uses in existence on April 17, 2017 that occur on the same lot or parcel. This exemption shall also apply to any expansion of a place of assembly that includes adjacent lots or parcels but shall be limited to not more than 5,500 square feet above the existing square footage of the assembly use in existence on April 17, 2017.
  - e. The first 5,500 gross square feet for new assembly uses. The first 5,500 gross square feet of an assembly use established or constructed after November 20, 2017.
  - f. The first 5,500 square feet of office and personal service uses.
- 2. Other uses may be exempted by the administrator upon completion of a parking demand analysis demonstrating the actual demands of the project are less than the minimum requirements of this Code. A parking demand analysis shall be prepared by a registered professional engineer licensed in the State of Idaho.

- D. *Off street vehicle loading areas*. In the LI-1, LI-2, and LI-3 Districts, off street loading areas shall be required as an accessory use for new construction or additions involving an increase in gross floor area as follows:
  - 1. Number of spaces.
    - a. One off street loading space is required for gross floor area in excess of 2,000 square feet.
    - b. No loading space shall occupy any part of a public street, alley, driveway, or sidewalk. Where practicable to do so, an alley may be used in lieu of the requirement for off street loading space(s) if permission is granted by the administrator.
  - 2. *Dimensions*. An off street loading space shall be a minimum of 180 square feet with no length of the space being less than ten feet.

### SECTION 23. AMENDMENTS TO SECTION 17.128.020.K: ENCROACHMENTS OF BELOW GRADE STRUCTURES INTO REQUIRED SETBACKS

K. Encroachments of underground buildings or portions of buildings into required setbacks are permitted provided all of the following standards are met:

- 1. Below grade encroachments into the riparian setback are not permitted; and
- 2. Construction activity shall not occur on adjacent properties; and
- 3. Encroachment of underground buildings or portions of buildings into required setbacks shall not conflict with any applicable easements, existing underground structures, sensitive ecological areas, soil stability, drainage, other sections of this Code or other regulating codes such as adopted International Code Council Codes, or other site features concerning health, safety, and welfare; and
- 4. Underground encroachments into required setbacks shall be located entirely below natural, existing, or finished grade, whichever is lowest; and
- 5 The ground above underground encroachments within required setbacks that is not otherwise covered by permitted decks, fences, hedges and walls shall be suitably landscaped in keeping with the general character of the surrounding neighborhood or as otherwise required by this Code.

Required landscape plans shall address the compatibility of proposed landscaping with the below grade structure, including any necessary irrigation; and

 Below grade encroachments into required setbacks shall not interfere with drainage. Required drainage plans shall address the ability of drainage to be managed on the subject property with respect to underground encroachments into required setbacks.

L. For lots with platted building envelopes, all buildings must be placed according to the location of the platted building envelope or the setbacks, whichever is more restrictive. All other structures may be placed outside of the building envelope or within setbacks provided all other applicable requirements are met. For lots with platted building envelopes, all provisions above shall apply to the platted building envelope or the setback, whichever is more restrictive.

### SECTION 24. AMENDMENTS TO CHAPTER 17.148: VARIANCES APPLICATION, RESUBMITTAL, TERMS OF PERMITS

17.148.040 Term of permits. All variances shall be issued and construction shall commence within six months from the date that such variance is granted unless otherwise determined by the Commission; otherwise, the variance shall no longer be considered valid.

**SECTION 25. SAVINGS AND SEVERABILITY CLAUSE:** It is hereby declared to be the legislative intent that the provisions and parts of this Ordinance shall be severable. If any paragraph, part, section, subsection, sentence clause or phrase of this Ordinance is for any reason held to be invalid for any reason by a Court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.

**SECTION 26. REPEALER CLAUSE**: All City of Ketchum Ordinances or resolutions or parts thereof which are in conflict herewith are hereby repealed.

**SECTION 27. PUBLICATION:** This Ordinance, or a summary thereof in compliance with Section 50-901A, Idaho Code, substantially in the form annexed hereto as Exhibit "A" shall be published once in the official newspaper of the City, and shall take effect immediately upon its passage, approval, and publication.

**SECTION 28. EFFECTIVE DATE:** This Ordinance shall be in full force and effect from and after its passage, approval, and publication according to law.

PASSED BY THE CITY COUNCIL and APPROVED by the MAYOR OF KETCHUM IDAHO, on this <u>day of</u> 2023.

APPROVED:

Neil Bradshaw, Mayor

ATTEST:

Trent Donat, City Clerk

#### Legal Staff Cover Report: P22-035B Administrative Appeal

#### **Background:**

This is an administrative appeal matter by a neighboring property owner with respect to design review and plat decisions by the Planning and Zoning Commission. The general background of the matter is presented in the memoranda submitted by the parties, as well as documented in the Record of related documents included in your Council packet.

#### **Procedural Status:**

This is an administrative appeal of decisions of the Planning and Zoning Commission, as is provided for in Ketchum Municipal Code §17.144.020. This matter was scheduled by the City Council, along with approving deadlines for submission of briefs or memorandum by the parties involved. Those memoranda have been submitted and are provided for the Council's review.

From a process perspective, the Council can focus its review primarily on those memoranda and their arguments. The Council is reviewing these arguments in a quasi-judicial role. The remainder of the accompanying documents are the Record, which includes application documents, minutes, staff reports, etc., and are available primarily as resources or for purposes of reference within arguments to evaluate the factual background.

This is an administrative appeal hearing. Oral arguments will be presented by the involved parties only. Staff may be involved for limited presentation and is available for questions. This is not a public hearing and there is no public comment as part of the process. Comments or input outside the appeal hearing is discouraged, and if any is received should be disclosed at the start of the hearing.

During the hearing, Council, at its discretion, is welcome to ask questions of staff or the parties as may be helpful to deliberation. It is encouraged to handle most questions for a party during their portion of the hearing. The order of presentation will be Appellant, Applicant/Respondent, and then Appellant reply. Any further presentation or answers to questions will be at the discretion of the Council.

#### **Standard of Review:**

Since the Council does not hear administrative appeals frequently, a common question when they do arise is as to the applicable standard of review. Standard of review is a legal term

BRIAN T. O'BANNON \* PHILIP A. PETERSON WILLIAM L. PUNKONEY

TERRENCE R. WHITE OF COUNSEL WILLIAM F. "BUD" YOST OF COUNSEL

\* Also admitted in OR

guiding the discretion (or not) of the Council's review and decision with respect to use of the Record and in particular in whether or not to consider new additional information.

In this situation, it is important for the Council to understand the standard of review as defined in KMC 17.144.020(C) – underlining added:

*"Authority of council.* Upon hearing the appeal, the council shall consider only matters which were previously considered by the Commission as evidenced by the record, the order, requirement, decision or determination of the Commission and the notice of appeal, together with oral presentation and written legal arguments by the appellant, the applicant, if different than the appellant, and the Commission and/or staff representing the Commission. <u>The council shall not consider any new facts or evidence at this point.</u> The council may affirm, reverse or modify, in whole or in part, the order, requirement, decision or determination of the Commission. Furthermore, the council may remand the application to the Commission for further consideration with regard to specific criteria stated by the council"

In summary, the standard of review is to review this matter on the record as presented to the Planning and Zoning Commission. While arguments, per the memos of the parties, are considered, there should not be new factual information considered or weighed that has was not part of the Record below.

#### **Decision Options:**

As indicated in the last sentences of KMC 17.144.020(C) – see above – upon review and deliberation, the Council may decide from the following on the underlying P&Z decisions: affirm, reverse, modify in whole or in part, and/or remand the application back to P&Z with direction.

Per KMC §17.155.030, the Council must issue a written decision with 30 days of this hearing. Typically, the Council will indicate a decision, or at least direction, for staff and legal counsel to prepare a full draft written decision for final approval and decision at a future Council meeting within that 30-day time period.

I will be present for the hearing and am happy to answer any further procedural questions or concerns as needed. I will also be available to assist in the proceedings as is helpful.

April 26, 2023

Morgan Landers, AICP Director of Planning and Building City of Ketchum Planning & Building 191 5th Street West Ketchum, ID 83340

Re: 240 Leadville, L.L.C. Appeal of P22-035 and P22-035A - The 208 Condos

Dear Ms. Landers:

#### I. INTRODUCTION

I represent 240 Leadville, L.L.C., the owner of property directly adjacent to the 208 Condominiums Project (the "Project"). The Project's applicant is 755 S Broadway, LLC (the "Applicant"). The City of Ketchum Planning and Zoning Commission (the "Commission") entered findings of fact, conclusions of law, and decision (the "Decision") for the Project's design review application (P22-035) and condominium subdivision – preliminary plat application (P22-035A) on April 11, 2023.

To appeal the Commission's Decision, Ketchum Municipal Code ("KMC") § 17.144.020 requires notice of said appeal on or before 5:00 p.m. of the fifteenth calendar day after the findings of fact have been approved by the Commission. This notice of appeal is timely, as it has been filed with the City of Ketchum within the required time period.

Idaho law and KMC only allow affected persons to appeal local land use decisions. See KMC § 17.144.101.B. Idaho Code § 67-6521(1)(a) defines an affected person as a person or entity that has a bona fide interest in real property, which may be adversely affected by the approval of an application for subdivision and design review. 240 Leadville, L.L.C. has a bona fide interest in ensuring that neighboring property owners build projects that are substantively and procedurally consistent with KMC and Idaho law. As explained more specifically below, the Decision adversely affects property owned by 240 Leadville, L.L.C.

This notice of appeal outlines the factors and basis of appeal, including particulars regarding errors and abuses of discretion contained in the Decision.

#### II. ISSUES ON APPEAL

#### A. <u>The City Council's approval of the FAR Exceedance Agreement violates</u> <u>Idaho's Local Land Use and Planning Act ("LLUPA" or "Idaho Code §</u> <u>67-6501"</u>).

The Ketchum City Council's ("Council") approval of FAR Exceedance Agreement 22811 ("Far Exceedance Agreement") violated KMC and LLUPA because Council made quasi-judicial determinations reserved for the the Commission and failed to notice and conduct a public hearing concerning the same.

Under LLUPA, city councils may either retain their planning and zoning authority or delegate it to a commission. Idaho Code § 67-6504. Ketchum elected to establish a planning and zoning commission pursuant to Idaho Code § 67-6504, and the only power retained by the Council is the authority to adopt ordinances, finally approve land subdivisions, and act in an appellate capacity for appeals from the Commission. See KMC § 4.12.020; Idaho Code § 67-6504; Brower v. Bingham Cty. Comm'rs (In re The Application for Zone Change), 140 Idaho 512, 514, 96 P.3d 613, 615 (2004). Importantly, LLUPA requires governing boards to adopt hearing procedures that "provide an opportunity for all affected persons to present and rebut evidence." Idaho Code § 67-6534. It is the Commission's obligation and responsibility to ensure land use applications meet the requirements of KMC, not the Council's.

Under the KMC, the Commission is required to conduct design review for mixed use buildings and projects in all zoning districts. KMC §§ 17.96.010 and 030.b. Specifically, KMC § 17.96.050.A states that the Commission, not the City Council, shall determine whether an application for design review conforms to all standards under Title 17. KMC § 17.124.040 is a development standard that applies to all projects in CC zoning districts, and this development standard limits projects to a maximum floor area ratio ("FAR") of 1.0, unless some community housing benefit is provided. Subsection B.2 of this code states that an increased FAR may be permitted subject to design review, which necessarily requires an applicant to go through design review to receive a FAR Exceedance Agreement. At a minimum, it is

the Commission that must determine whether and how much of an increased FAR is warranted for a specific project, not the Council.

Lastly, KMC § 17.144.020 establishes the Council as an appellate body for decisions made by the Commission. When the Council made the determination about the appropriate FAR to apply to the Project application prior to any public hearings before the Commission, the Council biased and prejudiced not only the Commission's ability to determine the appropriate FAR for the Project, but its own ability to fairly adjudicate any subsequent appeals related to the FAR, community housing incentives, and the size of the project.

Only the Commission can approve a FAR Exceedance Agreement because the Council dedicated its planning and zoning powers to the Commission. The Commission is vested with the sole authority to evaluate whether an application for design review meets the standards under KMC Title 17. Once the Commission has made its quasi-judicial determinations about whether an application meets all standards, then that decision can be appealed to the Council. The maximum FAR development standard is a standard of evaluation that the Commission must consider during design review. The Council cannot arbitrarily predetermine an increased FAR outside of a public hearing and prior to an application being assessed by the Commission. Especially when the calculation of an in-lieu fee is made outside of public comment and without specific standards.

The FAR in-lieu fee calculated as part of the Far Exceedance Agreement is arbitrary and capricious, as there is no explanation for the price per square foot used in the in-lieu fee calculation. The Far Exceedance Agreement is devoid of any meaningful explanation for how the Council determined the proposed in-lieu fee or settled on \$450 per square foot as a reasonable fee. Additionally, any allowed FAR exceedance is arbitrary and capricious or an abuse of discretion in violation of LLUPA because there are no objective standards for determining when a project might qualify for a FAR exceedance agreement and how much of an increased FAR the project is entitled to.

Here, the Council's consideration and determination that the Project met the FAR standard and the amount of a community housing in-lieu fee was improper because that determination is reserved for the Commission. The FAR Exceedance Agreement contains a recital of the FAR standard under KMC § 17.121.040 and an analysis of the standard as it relates to the Project's design review application. While

the City may intend for the Commission to have "final" say over this matter, the Council's determination that the FAR standard was met and a sum certain for the in-lieu fee was appropriate prejudices the Commission's ability to impartially and independently consider all design review standards. Furthermore, since the Council sits in an appellate capacity, it has biased itself against any appeals that may concern the project or the FAR agreement. Finally, and potentially most significantly, the public and impacted neighbors were not given notice or an opportunity to be heard when the Council considered whether to approve the FAR Exceedance Agreement and the FAR development standard is arbitrary and capricious as a development standard.

#### B. <u>The Project's application was incomplete because the Applicant did not</u> provide a 3D model of the Project and surrounding neighborhood.

Despite the requirement that the Project submit a 3D model of the Project and surrounding neighborhood, the Applicant failed to do so, and as such, the Project's application is incomplete.

KMC § 17.96.040.A provides that "A completed design review application with all fees paid and all application materials submitted shall constitute a complete application for design review and is required prior to review of any design review proposal." Additionally, according to KMC § 17.96.040.C.5, an applicant is required to submit "[o]ther information as required by the administrator or the Commission" for an application for design review.

The Commission required a 3D model of the Project during its December 20, 2022 meeting. Starting at 1:46:36 in the video recording of the meeting, Commissioner Cordovano began discussing his desire for the Applicant to provide a 3D model of the Project. Additionally, at about 1:48:13, Chairman Morrow requested "a model showing what [the Project] will look like with the surrounding neighborhood," noting that the Commission has started to ask for that frequently. Morgan Landers, AICP, Director of Planning and Building, also required that the Application provide a 3D model of the project. In email communications between Ms. Landers and David Hutchinson between February 22–23, 2023, Mr. Hutchinson stated that he "[d]id not see the 'model' that included the neighborhood, that the P&Z required on the record in the last public hearing." Ms. Landers responded, acknowledging the 3D model requirement, stating that she "reached out to the applicant to inquire about the additional rendering." (Notably, in subsequent emails

exchanged during those same dates, Ms. Landers clarified that her understanding is that the additional rendering "is a 3D rendering/model.")

Although the Applicant was clearly required to submit a 3D model of the Project to the Commission, the Applicant never provided the 3D model. Because the Applicant failed to provide a 3D model, the Commission should not have approved the Application because it was incomplete.

#### C. <u>The chairman of the Commission violated public hearing laws when he</u> reopened public hearing to an agent of the Applicant.

Regarding the procedure for subdivision approval, KMC § 16.04.030.5.a provides that "The commission shall conduct at least one public hearing in which interested persons shall have an opportunity to be heard. At least 15 days prior to the hearing, notice of the time and place and a summary of the proposed action shall be published in the official newspaper or paper of general circulation within the jurisdiction." Idaho Code specifically provides that "[a]t a minimum such [public] hearing procedures shall provide an opportunity for all affected persons to present and rebut evidence. Idaho Code § 67-6534.

During the February 28, 2023 hearing, the Commission reopened public comment, but only allowed a comment from an employee of the Applicant. The minutes from the February 28, 2023 hearing do not reflect the reopening of public comment, but the recorded video does.

The Commission reopened public comment at 1:26:00 in the video recording of the meeting specifically for Jeff Swanson, who is an employee of the Applicant. Mr. Swanson failed to disclose this relationship. The chair of the Commission then asked for additional public comment, but did not recognize Mr. Hutchinson or Mr. Linnet. A subsequent request for public comments to rebut Mr. Swanson was not allowed by the Chairman.

If Mr. Hutchinson or his attorney were allowed to rebut the comments from this second comment period, this may have affected the Commission's 3-2 approval. The denial of the opportunity for an affected party to rebut public comment is a clear violation of Idaho Code § 67-6534 because it could have altered the Commission's final decision.

#### D. <u>The Project violates KMC § 17.96.060.F.6 because the north wall does</u> <u>not provide undulation and relief that minimizes the appearance of bulk</u> <u>and flatness</u>.

KMC § 17.96.F.5 provides that "[b]uilding walls shall provide undulation/relief, thus reducing the appearance of bulk and flatness." Also of significance is that the Applicant is only entitled to a 1.0 FAR under KMC § 17.124.040. Any allowed FAR in excess of 1.0 is completely discretionary for the Commission to approve, disapprove, or alter.

The Commission repeatedly expressed their conviction that the Project met code requirements for size, height, and bulk. This conviction was an error because the Commissioners did have the authority to reduce the allowed FAR based on their analysis of development and design review standards. By not understanding their authority, the Commission made an arbitrary and capricious decision because it claimed it was bound by a non-discretionary standard (the increased FAR), when any FAR above 1.0 is purely discretionary. The Commission could have and indicated its intent to require a smaller FAR for the Project because the Project did not meet KMC § 17.96.F.5. The Project should be denied for failing to meet design review and development standards, and because the Commission failed to evaluate the Project with the understanding that any FAR over 1.0 is completely discretionary and that it had the authority to reduce the size, height, and bulk of the Project.

E. <u>The Project is not compatible with the neighboring property because</u> <u>the north facade is a blank wall and does not reduce the appearance of</u> <u>bulk and flatness, and it is not compatible with the existing</u> <u>neighborhood</u>.

Pursuant to KMC § 17.96.060.E.1, "The project's materials, colors and signing shall be complementary with the townscape, surrounding neighborhoods and adjoining structures." This is a mandatory design review standard that requires the Commission to assess the Project in light of *existing* structures. KMC § 17.96.060.F.5 requires developments to minimize the appearance of bulk and flatness of the primary facades of the building. Policy CD-1.3 of Chapter 4 of the comprehensive plan states that "[i]nfill and redevelopment projects should be contextually appropriate to the neighborhood and development in which they occur." Importantly, under the KMC, the Applicant is only entitled to build a structure with a

FAR of 1.0. Any increased FAR is discretionary and must be approved in light of these standards.

Multiple times throughout the February 28, 2022 meeting, the Commission specifically found that the north facade did not minimize bulk and flatness, it was not complementary to existing structures, it was not contextually appropriate to the neighborhood, and they were constrained with the existing size and bulk of building due to it meeting code requirements. At 1:39:00 in the video of the meeting minutes, Commissioner Carter admits that this project is in conflict with the existing structures. At 1:44:00, Chairman Morrow acknowledges that the Project is distinctly larger than historic structures and other structures across the street. At 1:47:30, Commissioner Passavoy states that the Project is "radically different than what's around you."<sup>1</sup> Only Commissioner Cordovano recognized that the allowed FAR was 1.0 by right. See 1:50:00 of the meeting minutes.

At 1:54:00, Chairman Morrow began to discuss the Project's north facade and height. He specifically stated that he wished the building was smaller and that the north facade contained more undulations, but that it "meets the code." Again, the Commission failed to understand that it has discretion in allowing a FAR in excess of 1.0 for this project. Because the Commission acknowledges that the Project is larger than surrounding structures and lacks undulation in violation of KMC § 17.96.060.F, its decision to approve the Project on the basis that the Commission lacks authority to require a smaller building or a north facade that undulates is in error.

Commissioner Carter also failed to understand that the Commission has discretion over the size of the building, because Design Review requires that the Commission not only find conformity with all Design Review criteria, but also "all applicable standards and criteria as set forth in this chapter, this title, and any other standards as adopted or amended by the City of Ketchum from time to time." KMC § 17.96.050.A.2. At about 2:15:00, Commissioner Carter and Chairman Morrow again incorrectly claim that they do not have the ability to deny the Project based on size, height, and bulk or the FAR.

<sup>&</sup>lt;sup>1</sup> Notably, Commissioner Passavoy then reiterated the incorrect statement that they are bound to the size of this building per KMC. Again, the size of the building is a direct result of the discretionary increased FAR that the Commission failed to recognize it could change.

However, the most illustrative comment from the Commission regarding the misunderstanding of their authority comes from Commissioner Passavoy at 2:21:00, when she says, "this building is not compatible with other little buildings right around it." She then uses the potential for future developments as justification for approving it, despite finding it nonconforming.

The Decision does not accurately reflect the deliberations and conclusions of the Commission in making their decision to approve the Project. The Decision discusses the Commission's findings that the Project might conform with *future* land use in the surrounding neighborhoods, not current land uses. The Decision also states that the Commission found, contrary to the express requirements of KMC § 17.96.060.E.1 and Policy CD-1.3 of Chapter 4 of the comprehensive plan, that the building should be measured by the broader surroundings and not the immediately adjacent structures. According to KMC § 17.96.060.E.1, "[t]he project's materials, colors and signing shall be complementary with the townscape, surrounding neighborhoods and adjoining structures." And Policy CD-1.3 of Chapter 4 of the comprehensive plan states that "[i]nfill and redevelopment projects should be contextually appropriate to the neighborhood and development in which they occur." Therefore, the Commission's decision to measure the Project not by the immediately adjacent structures or neighborhood, but by the broader surroundings and potential future development, was made in error.

The Commission's deliberations show that the process of approving the Project was flawed because the Commission failed to understand its ability to deny the application based on design review standards and other development standards in the KMC. The Commission also failed to analyze the Project under the clear wording of the Design Review criteria and Comprehensive Plan. Accordingly, the Project should be denied by the Council, since the project does not meet applicable standards, as determined by the Commission.

#### **III. CONCLUSION**

The Decision approving the Project is flawed for several reasons. Most importantly, the City's FAR exceedance development standard is procedurally unlawful, as it vests validly delegated planning and zoning authority in the Council when such power is rightfully vested in the Commission. As evidenced by the February 28, 2023 Commission meeting, the Far Exceedance Agreement prejudiced the Commission's ability to objectively evaluate the Project for size and bulk.

Second, the Commission made several determinations that are in direct opposition to the requirements of KMC Title 17. The Commission repeatedly stated that the Project was not in conformance with KMC § 17.96.060.E.1 and F.5 and Policy CD-1.3 of Chapter 4 of the comprehensive plan. Then, the Commission evaluated the Project in the context of what might be built in the future. This was done in error and is an abuse of discretion.

The Commission also violated public meeting laws when it reopened the public hearing to allow an employee of the Applicant to testify, but it did not do so for Mr. Hutchinson or his attorney. Finally, the Commission improperly approved an incomplete application, where here, the Applicant failed to provide a 3D model in response to requests from the Commission and Ms. Landers.

My client respectfully requests that the Council deny the Project for failing to meet KMC standards and undertaking an unlawful process when determining the appropriate FAR to apply, and because the FAR development standard is unenforceable in its current form.

Sincerely,

ALTURAS LAW GROUP. PLLC Samuel L. Linnet

# Attachment B: 240 Leadville Support of Appeal – August 14, 2023

Samuel L. Linnet | sam@alturaslawgroup.com

August 14, 2023

Matthew Johnson Legal Counsel for the City of Ketchum 191 5th Street West Ketchum, ID 83340 mjohnson@whitepeterson.com - Sent via email only

Re: Memorandum in Support of Appeal P22-035B

Dear Mayor Bradshaw; Council President Slanetz; and Councilors Breen, David and Hamilton:

240 Leadville, L.L.C. appealed the approval of design review (P22-035) and a condominium subdivision plat (P22-035A) for the construction of a 10,856 square foot three-story mixed-use development known as The 208 Condominiums (the "Project"), located at 200 N Leadville Avenue. The project consists of 1,306 square feet of ground floor retail space and four, market-rate residential units: one 639 square foot basement unit, a 746 square foot second floor unit, a 2,628 square foot second floor suite, and a 3,503 square foot penthouse on the third floor. None of these units are deed restricted. Instead, the Project has attempted to buy almost two times the allowed square footage by making a community housing contribution of only 20% of the increased square footage at \$450 per square foot. The Project, as approved by the Planning and Zoning Commission (the "Commission) is only as large as it is because of a Floor Area Ratio ("FAR") exceedance agreement allowing for increased density, mass, and bulk.

The overarching theory of this appeal is that the Project was approved through a complicated and unlawful procedure that predetermined the outcome of the Planning and Zoning Commission's design review and subdivision plat process. By approving FAR Exceedance Agreement 22811 (the "Agreement"), the Council decided on the size and mass of this building prior to the Commission ever considering its design, it prejudiced the Commission's ability to independently assess this project in light of Ketchum's municipal code, and it prevented meaningful public comment about not only the appropriate size of the Project, but also the appropriate amount of payment for an increased FAR.

My client and I fully understand the difficulty of being in the position of an elected official, especially as it relates to land use and local planning. We also understand the intent behind Ketchum Municipal Code ("KMC") § 17.124.040, which

allows for a FAR of 1.0 by right, and it allows for an increased FAR if there is a community housing benefit provided to the City of Ketchum. While the intent of this section of code is commendable, the process surrounding its implication has created very real policy and legal issues. Not to mention, in its current form, the FAR development standard almost guarantees in-lieu fee payments for excess FAR at a fraction of the cost of actually building community housing. Specific issues created by the current FAR development standard include negatively affecting surrounding neighbors, failing to adequately compensate the City for the benefit it is providing to developers, restricting public participation in the design review process, and prejudicing the Commission to independently review projects that seek the benefits of a FAR exceedance agreement.

## I. COUNCIL'S AUTHORITY ON APPEAL

On an administrative appeal from a decision by the Commission, the Council is tasked with the following responsibility:

Upon hearing the appeal, the Council shall consider only matters which were previously considered by the Commission as evidenced by the record, the order, requirement, decision or determination of the Commission and the notice of appeal, together with oral presentation and written legal arguments by the appellant, the applicant, if different than the appellant, and the Commission and/or staff representing the Commission. The council shall not consider any new facts or evidence at this point. The council may affirm, reverse or modify, in whole or in part, the order, requirement, decision or determination of the Commission. Furthermore, the council may remand the application to the Commission for further consideration with regard to specific criteria stated by the council.

KMC § 17.144.020(C).

Here, 240 Leadville, L.L.C. requests that the Council reverse the design review and subdivision plat approval for the Project and find the Project fails to meet the required standards under KMC § 17.96.050. Specifically, the Project was approved under unlawful procedure related to KMC § 17.124.040, and it fails to meet KMC § 17.96.060.E.1 (complimenting surrounding neighborhoods and structures), KMC § 17.96.060.F.5 (minimizing the appearance of bulk and flatness), and Policy CD-1.3 of Chapter 4 of the Ketchum Comprehensive Plan (development should be contextually appropriate to neighborhoods).

## II. SPECIFIC ISSUES ON APPEAL

- 1. Whether the City Council's approval of the Agreement violates Idaho's Local Land Use and Planning Act ("LLUPA" or "Idaho Code § 67-6501").
- 2. Whether the Project application was incomplete because the Applicant did not provide a 3D model of the Project and surrounding neighborhood.
- 3. Whether the chairman of the Commission violated public hearing laws when he reopened public hearing to an agent of the Applicant.
- 4. Whether the Project violates KMC §§ 17.96.060.F.5 and E.1 and Policy CD-1.3 of Chapter 4 of the Comprehensive Plan because the north wall does not provide undulation and relief that minimizes the appearance of bulk and flatness and is not compatible with the existing neighborhood.

## III. ARGUMENT

A. <u>The April 25, 2023 Notice of Appeal contained a memorandum</u> <u>supporting the issues on Appeal, and that document contains the</u> <u>majority of the legal arguments necessary to deny</u>.

In an effort to simplify the record and briefing in front of Councilmembers, this memorandum will not recite the arguments made in the April 26, 2023 Notice of Appeal. Those arguments are part of the record, and the Council should review them in full. This memorandum is intended to summarize the issues on appeal, highlight the overarching themes of this appeal, and provide the Council with a clear blueprint for reversing approval of P22-035 and P22-035A.

B. <u>FAR exceedance agreements approved by the Council and before</u> <u>design review by the Commission are unlawful, restrict public input, and</u> <u>prejudice the Commission during the design review and subdivision</u> <u>process.</u>

At the heart of this appeal is the procedural issue that occurs when the Council approves a FAR exceedance agreement outside of the public process and before the Commission has a chance to review the project in Design Review. The specific legal aspects of this issue are briefed in the Memorandum in Support of Notice of Appeal filed on April 26, 2023. Here, I will primarily focus on the policy and practical arguments supporting my clients claim that the FAR exceedance agreement process is unlawful.

First, the FAR development standard must be met as a requirement for design review approval. See KMC §§ 17.96.050.A and 17.124.040. The design review process is a process that the Council has delegated to the planning and zoning commission. And this policy makes sense because the Commission, not the Council, is tasked with ensuring that proposed projects meet the legal requirements and policy goals of the design review process.

When the Council pre-judges an application and approves an explicit increase in the permitted size, scale, and mass of a building, it affects the Commission's ability to independently assess whether a FAR exceedance agreement is warranted, what conditions might need to apply to such an agreement, and how much of a community benefit is fair to the City in exchange for a FAR exceedance agreement. See Notice of Appeal, paragraph II.A and E (discussing the Commission's misunderstanding that it could not reevaluate whether the FAR development standard was met, and whether different or additional terms of a FAR exceedance agreement could be entered into). Thus, when the Council approved the Agreement, it made a quasi-judicial determination that the Project met the FAR development standard and could be built in excess of the 1.0 FAR requirement.

Second, the Council also unilaterally determined the amount of the FAR in-lieu fee. The Agreement allowed the Project to construct an additional 5,511 square feet—twice what is allowed by right. The FAR development standard would have required at least 937 square feet of community housing to be built as part of the Project, but instead the Agreement charged the applicant only \$450 per square foot; that's less than half the cost to actually build community housing in Ketchum. There is no residential construction occuring the City of Ketchum for \$450 per square foot, and charging that amount of money in place of actual community housing or represents a meaningful amount of money to address community housing issues. The Agreement amounts to a subsidy to the developer and a cost to the taxpayers of Ketchum. It allows the developer to pay less than 50% of market rate building prices to avoid building needed community housing. This kind of policy decision must be determined by the Commission in a public hearing so that these issues can be addressed through a public process with public participation.

Lastly, allowing the Project to go forward will jeopardize the existence of the FAR exceedance agreement program because it will be the focal point of any subsequent legal challenges. If forced into litigation, my client will challenge the procedure used in approving the Agreement and the substance of the FAR development standard. The entire FAR exceedance statute could be at risk of being found unconstitutional and in violation of LLUPA.

Losing the ability to enter into FAR exceedance agreements would eliminate the City's primary means of capturing funds necessary to implement its Housing Action Plan. 240 Leadville, L.L.C. does not want to unnecessarily strike down the City's ability to fund community housing. My client's primary goal is to stop this Project because it neither meets KMC nor provides fair compensation to the City for the increased size and bulk allowed by the Agreement. Unfortunately, if this Project moves forward, that goal could result in the FAR development standard being found unlawful.

To prevent losing the FAR exceedance development standard, my client would prefer that the Project be reversed and denied on the reasonable grounds that it fails to meet all applicable design review and development standards. Citations for this conclusion can be found in paragraph E.II of the memorandum supporting the April 26, 2023 Notice of Appeal. After reversal and denial of the Project, my client would like to work with the City on a text amendment that addresses the issues related to the FAR exceedance development standard so that future projects do not cause the same development problems occurring in this instance.

Ultimately, resolution of this issue and potential future issues related to FAR exceedance agreements will require the Commission to discuss the FAR standard, understand and exercise their ability to regulate the size and bulk of buildings, and execute FAR exceedance agreements as part of the design review public process.

## IV. REQUEST ACTION BY THE COUNCIL

240 Leadville, L.L.C. respectfully requests that the Council reverse approval of P22-035 and P22-035A for failing to meet the required standards applicable to the Project. Additionally, the Applicant requests the Council to amend and reform KMC § 17.124.040 to ensure that FAR exceedance agreements are entered into by the Commission during the public hearing process and without direct intervention by the Council.

Sincerely,

ALTURAS LAW GROUP, PLLC

<u>/s/ Samuel L. Linnet</u> Samuel L. Linnet Counsel for 240 Leadville, L.L.C.

# Attachment C: Reply Memorandum from Ed Simon – August 26, 2023

Edward Simon Attorney at Law P.O. Box 540 Ketchum, Idaho 83340 (208) 726-2200 Idaho State Bar No. 1866 edsimon@sunvalleylegal.com

Attorney for 755 S. Broadway LLC

#### Re: 200 N Leadville- Lot 1 Block 23, Ketchum Townsite The 208 Condos City File No. P22-035 <u>APPLICANT'S APPEAL REPLY MEMORANDUM</u>

#### I. INTRODUCTION

The Applicant, 755 S. Broadway, LLC, applied for Design Review ("DR") and Preliminary Plat on July 1, 2022, according to the Ordinances of the City of Ketchum, for the 208 Condos project located at 200 N. Leadville ("the Project"), more particularly described as Lot 1, Block 23, Ketchum Townsite, records of Blaine County, Idaho.

Upon approval of a complete application, public notice was mailed to all property owners within 300 feet of the project site, and a public hearing notice was duly published in the Idaho Mountain Express on November 9, 2022. The Planning & Zoning Commission ("P&Z") reviewed the project at a meeting on November 29, 2022, and continued it to a special meeting on December 20, 2022, and again continued it to the January 10, 2023. The Applicant requested, that in order to adequately respond to the comments made, that an additional continuance be made to the February 28, 2023 meeting. A final review was held on February 28, 2023, of the DR and Preliminary Plat applications, and a public hearing was held and public comment was taken. Proper notice was given for these proceedings, and there exists no issue relating to the public process, with the exception of the claim made by the Appellant regarding the FAR Exceedance Agreement, which will be reviewed later in this memorandum.

Ketchum Planning and Zoning Commission Findings of Fact, Conclusions of Law, and Decision ("Findings") were adopted on April 11, 2023. Those Findings concluded that the Project fully complied with all of standards of Title 17 Zoning Regulations of the City of Ketchum, subject to the conditions included therein, which are in accordance with the regular and ordinary procedure of the P&Z. An Appeal was filed on April 26, 2023, which forms the basis for the pending hearing before the Ketchum City Council. That appeal is without merit, which will addressed in this Reply Memorandum.

#### II. ISSUES ON APPEAL

- 1. Was the FAR Exceedance Agreement #22811 a lawful exercise of the City of Ketchum's Police Powers under the Local Land Use Planning Act, and City Ordinances; and, did the City Council exceed its authority by executing the FAR Exceedance Agreement prior to approval of Design Review.
- 2. Was due process afforded affected parties and the public in the presentation of the Applicant's project.

#### III. ARGUMENT

#### A. <u>Preliminary law applicable to validity of City Ordinances</u>.

The Idaho Supreme Court has held, in *Dry Creek Partners, LLC, v. Ada Cnty. Comm'rs, ex rel. State*, 148 Idaho 11, 217 P.3d 1282 (2009), that where a statute, ordinance, or regulation presents a proper field for the exercise of the police power, the extent of its invocation and application is a matter which lies very largely in the legislative discretion, and every presumption is to be indulged in favor of the exercise of that discretion, unless arbitrary action is clearly disclosed. The Court provided a good discussion:

The interpretation of a county's zoning ordinance is a question of law over which this Court exercises free review. *Terrazas v. Blaine County ex rel. Bd. of Comm'rs,* 147 Idaho 193, 203, 207 P.3d 169, 179 (2009). When asked to interpret a local ordinance, this Court employs the same standards used when interpreting a statute. *Evans,* 139 Idaho at 77, 73 P.3d at 90.

Pursuant to the state's police power, the Idaho Legislature has the authority to "enact laws concerning the health, safety and welfare of the people so long as the regulations are not arbitrary or unreasonable." *Van Orden v. Dep't of Health & Welfare*, 102 Idaho 663, 667, 637 P.2d 1159, 1163 (1981). The Legislature, as a function of the police power, has delegated authority to city and county governments to exercise land use planning powers under the LLUPA. *See* I.C. § 67–6503. Included in this authority is the power to adopt ordinances for the processing of subdivision permits. I.C. § 67–6513. Such ordinances are "presumed valid until the contrary is shown." *State v. Clark*, 88 Idaho 365, 377, 399 P.2d 955, 962 (1965); *see also Sweet v. Rechel*, 159 U.S. 380, 392–93, 16 S.Ct. 43, 45–46, 40 L.Ed. 188, 193–94 (1895).

For a zoning ordinance to be deemed invalid, it must be unreasonable. *Nelson,* 10 Idaho at 528, 79 P. at 81; 101A C.J.S. *Zoning & Land Planning* § 25 (2009). A zoning ordinance is only unreasonable when it is arbitrary, capricious, or discriminatory. *Ready–To–Pour, Inc. v. McCoy,* 95 Idaho 510, 514, 511 P.2d 792, 796 (1973). Such circumstances exist when the ordinance bears "no substantial

relationship to the public health, safety, morals, and general welfare." 101A C.J.S. Zoning & Land Planning § 25 (2009); see also Village of Euclid v. Ambler Realty Co., 272 U.S. 365, 395, 47 S.Ct. 114, 121, 71 L.Ed. 303, 314 (1926). Because "[t]he concept of the public welfare is broad and inclusive," Berman v. Parker, 348 U.S. 26, 33, 75 S.Ct. 98, 102, 99 L.Ed. 27, 38 (1954), so long as the reasonableness of a zoning ordinance is fairly debatable, the ordinance will be upheld. Village of Euclid, 272 U.S. at 388, 47 S.Ct. at 118, 71 L.Ed. at 311; 101A C.J.S. Zoning & Land Planning § 25 (2009). The party challenging the validity of an ordinance carries the burden of proving its illegality. Clark, 88 Idaho at 377, 399 P.2d at 962. (Emphasis added)

Once it is determined that an ordinance serves the general welfare, this Court will not second-guess the wisdom of the enactment. *Clark*, 88 Idaho at 375–76, 399 P.2d at 961. When a legislative judgment is called into question, it will be upheld if there is "any state of facts either known or which could reasonably be assumed affords support for it." *U.S. v. Carolene Prods. Co.*, 304 U.S. 144, 154, 58 S.Ct. 778, 784, 82 L.Ed. 1234, 1243 (1938). As this Court stated in *Clark:* 

Where a statute, ordinance or regulation presents a proper field for the exercise of the police power, the extent of its invocation and application is a matter which lies very largely in the legislative discretion, and every presumption is to be indulged in favor of the exercise of that discretion, unless arbitrary action is clearly disclosed. The subject matter of the ordinance being within the police power, and properly belonging to the legislative department of government, the courts will not interfere with the discretion, nor inquire into the motive or wisdom of the legislature. If the act is not clearly unreasonable, capricious, arbitrary or discriminatory, it will be upheld as a proper exercise of the police power.

The courts may differ with the legislature as to the wisdom and propriety of a particular enactment as a means of accomplishing a particular end, but as long as there are considerations of public health, safety, morals, or general welfare which the legislative body may have had in mind, which have justified the regulation, it must be assumed by the court that the legislative body had those considerations in mind and that those considerations did justify the regulation. When the necessity or propriety of an enactment is a question upon which reasonable minds might differ, the propriety and necessity of such enactment is a matter of legislative determination.

*Clark, 88 Idaho at 375–76, 399 P.2d at 961* (citations omitted). The adoption of similar ordinances by other local governments may be evidence of whether reasonable minds might differ over the propriety of an enactment. *Id.* at 376, 399 P.2d at 961.

In Hoffman v. City of Boise, 168 Idaho 782, 487 P.3d 717 (2021) the Idaho Supreme

Court had stated that the party challenging an ordinance on constitutional grounds bears the burden of establishing ordinance's unconstitutionality and is required to overcome strong presumption of validity; See also State v. Korn, *148 Idaho 413, 224 P.3d 480* (2009).

In addition, the Idaho Supreme Court has also stated that the action of a governing board in the application and interpretation of its own ordinances is also entitled to a similar strong presumption.

> Although interpretation of an ordinance is a question of law over which this Court exercises free review, Lane Ranch P'ship v. City of Sun Valley, *145 Idaho 87, 89, 175 P.3d 776, 778 (2007)*, "there is a strong presumption of favoring the validity of the actions of zoning boards,

which includes the **application and interpretation of their own zoning ordinances." (Emphasis added)Payette** River Prop. Owners Ass'n v. Bd. of Comm'rs of Valley County, *132 Idaho 551, 554, 976 P.2d 477, 480 (1999) (citing Howard v. Canyon County Bd. of Comm'rs, 128 Idaho 479, 480, 915 P.2d 709, 710 (1996)).* 

Terrazas v. Blaine County, 207 P.3d 169, 147 Idaho 193 (Idaho 2009)

Consequently, the City of Ketchum's ordinance pursuant to the Local Land Use Planning Act (LLUPA) and city Ordinance is presumed valid, as well as the governing body's interpretation of those laws, and, the Appellant has a strong burden in overcoming that presumption. The City Council in its quasi judicial capacity, must recognize these legal principals in determining the issues on appeal that are before it.

#### B. Appellant's Miscellaneous Arguments

#### 1. Policy Issues

The Appellant makes a number of assertions in its August 14, 2023 Memorandum in Support of Appeal that warrant comment, as they are not relevant to the issues before the City Council, go to City policies, and not state statutes or City Ordinances.

"Not to mention, in its current form, the FAR development standard almost guarantees in lieu fee payments for excess FAR at a fraction of the cost of actually building community housing." (Appellant Memorandum P2, 4<sup>th</sup> line down)

The current policy of the City regarding FAR"s is contained in KMC 17.124.040. That is the policy of the City, which was enacted into its Ordinances. Such references as above are not supported by the record, nor are they relevant to the issues before the City, and must be ignored.

#### 2. 3D Modeling

The Appellant contends that the Project was incomplete because a 3D model was not provided. Again, the Appellant misreads the City Ordinances

"Additionally, according to KMC§17.96.040.C.5, an applicant is required to submit" [0]ther information required by the

administrator or the Commission" (Appeal Letter April 26, 2023Memorandum paragraph B)

The Administrator accepted the Application on the basis that the submission of building envelopes, elevations, perspectives, renderings, and setback modeling was adequate, that the submission was complete, and the Commission did not insist upon any additional 3D modeling at the DR hearing.

KMC § 17.96.040 (4)(5) provides:4.The Administrator may waive some submittal requirements if it is determined the information is not relevant to the design review.5.Other information as required by the administrator or the Commission.

The Commission may require a model of the project or computer simulation renderings showing the proposal from one or more key vantage points for presentation at regular design review meetings in order to assist in the understanding of the project.

KMC § 17.96.010 C. 4. provides:

4. The Commission may require a model of the project or computer simulation renderings showing the proposal from one or more key vantage points for presentation at regular design review meetings in order to assist in the understanding of the project. Models and computer renderings must include surrounding properties in sufficient detail for the proposal to be viewed in context.

The Applicant fully complied with KMC § 17.96.010 C.4 with numerous renderings, including five (5) additional renderings after previous presentations. Those renderings were revised to meet the latest building design, including two (2) new massing views showing the immediate block, and a new photo/render of the site with the Project's, was provided, taken from N. Leadville Ave.

The City's staff worked well and fairly with the architect and the Applicant. That cooperation resulted in a better project for the City and the Developer. The final Design Review process both enhanced the result, and was in full compliance with all City requirements.

The statements made by the Appellant regarding a 3D Modeling, and violation of the City Ordinances are without merit, and are not supported by the law, nor the facts. The City Council must presume the validity of their Ordinances, and the Planning & Zoning Commission's interpretation and application thereof.

## 3. Appellate Rights

"Lastly, allowing the Project to go forward will jeopardize the existence of the FAR exceedance agreement program because it will be the focal point of any subsequent legal challenges. **If forced into litigation, my client will challenge the procedure used in approving the Agreement and the substance of the FAR development standard. The entire FAR exceedance statute could be at risk of being found unconstitutional and in violation of LLUPA. (Emphasis added)** 

Losing the ability to enter into FAR exceedance agreements would eliminate the City's primary means of capturing funds necessary to implement its Housing Action Plan. 240 Leadville, L.L.C. does not want to unnecessarily strike down the City's ability to fund community housing. My client's primary goal is to stop this Project because it neither meets KMC nor provides fair compensation to the City for the increased size and bulk allowed by the Agreement. Unfortunately, if this Project moves forward, that goal could result in the FAR development standard being found unlawful." (Appellant Memorandum P4-5)

Again, the Appellant is mis-stating the law, and fails to meet their burden of showing the invalidity of the Ordinance as required (See §A. <u>Preliminary law applicable to validity of</u> <u>City Ordinances herein</u>. The Appellant has every right to appeal the decision of the P&Z Commission, the appellate decision of the City Council, and to seek judicial review. However, they also must present facts and evidence that support their contentions. Further, such statements above are coercive in nature, and intended to improperly influence the trier of fact (the City Council). As a quasi judicial body in this matter, it is incumbent upon the Council to follow the law, and the facts, and to avoid all prejudicial conduct that goes beyond proper client advocacy.

## C. <u>The FAR Exceedance Agreement ("EA") #22811 was a lawful exercise of the</u> <u>City's police power</u>.

The Appellant has made a broad assertion that the City has violated the approval of the "EA" according to Title 67-6504, and that the Council execution of the "EA" prior to approval of DR was invalid and "*prejudiced the Commission's ability to independently* assess this project in light of Ketchum's municipal code, and prevented meaningful public comment about not only the appropriate size of the Project, but also the appropriate amount of payment for an increased FAR". (Appellant's Appeal Memorandum Page 1 ¶2) That assertion ignores the law and the facts.

\$67-6504 does not preclude the City Council from retaining jurisdiction on all planning and zoning functions, as many of those functions have been retained by the Council under Chapter 17 Municipal Code. Ketchum Municipal Code \$17.124.040 has been reserved to the Council's decision.

In Johnson v. Blaine County, *146 Idaho 916, 204 P.3d 1127* (2009) it was alleged that the County's delegation of legislative power to Blaine County Housing Authority was a violation of the Idaho Constitution Art. III §1. The Court gave little credence to the appellant's argument, and implied that there is no limitation on a city or county's delegation of its land use planning authority *See Johnson, 146 at 922, 204 P.3d at 1133.* LLUPA §67-6502(a) specifically recognizes "other necessary types of development such as low cost housing and mobile home parks". By implication there is similarly no limit on a city's reservation of those same powers. The KMC §17.124.040 recognizes FAR's "via on/off site construction or voluntary community housing in lieu payments".

The City's Resolution 17-006, provides for FAR standards and options, and is a voluntary contractual agreement between the City and an Applicant/Developer. There are only two choices to be made by the Applicant/Developer in this voluntary contractual agreement: either provide the housing on/off site, or to pay the "in lieu" (See FAR Exceedance Agreement #22811 **Exhibit B**). Under §B 2.a. (herein), there is a specific mathematical calculation for the "net livable square footage for community housing". That figure calculates the square footage required for the on site housing. As an alternative, an "in lieu" fee may be paid, which is similarly determined by a mathematically equation, which, "shall be recommended by the governing housing authority on an annual basis and adopted by the city council". (See §B. 2. c. herein)

The Appellant has made the assertion that only the P&Z "can approve a FAR Exceedance Agreement" (Appellant's April 26, 2023 Appeal, Page 3, 2<sup>nd</sup> full paragraph). That is simply not the case based upon the facts or the law. In addition, they assert "the FAR Exceedance Agreemen is arbitrary and capricious... because there are no objective standards for determining when a project might qualify for a FAR EA..." (See April 26, 2023, P. 3, 3<sup>rd</sup> full paragraph). The Appellant ignores the very language of the aforementioned KMC and Resolution 17-006 which gives objective criteria for the City Council's determination.

The Appellant's position in its April 26, 2023 appeal asserts that the FAR EA is arbitrary and capricious, and in their Memorandum of August 14, 2023, they assert, *"that the project was approved through a complicated and unlawful procedure that predetermined the outcome of the P&Z Commission's design review and subdivision plat process."* The plain and concise reading of the FAR EA #22811, cannot be read to be arbitrary and capricious, nor complicated.

The Ketchum City Council ("Council") should look at the FAR issue from the voice of the City Attorney, Matt Johnson on December 20, 2022:

#### Page 5

4 I do think that the City Code is quite 5 clear that the Council has kept the authority over FAR 6 exceedances and -- and, in particular, the

7 decision-making on an FAR Exceedance Agreement. Those 8 agreements are then specifically conditioned upon the 9 design-review approval, which keeps the design review 10 fully in front of you, separate from that FAR 11 Exceedance Agreement. 12 And so I do not -- I do not come to the 13 same conclusions Mr. Linnet did, and my finding is 14 everything is in order, procedurally. (December 20, 2022 Transcript P.5, L.4-14)(Additional pages of the Transcript are attached hereto as **Exhibit A**, for the purpose of giving the Council context of the conversation- For Council's convenience), Exceedance Agreement 22811 attached as **Exhibit B**, and Ordinance 17.124.040 attached as **Exhibit C**) Page 6 December 20, 2022 Transcript MATT JOHNSON: So -- so an FAR Exceedance 2 Agreement is not actually required for a public 3 hearing. It's not a land-use decision in the same 4 sense as a zoning amendment, and there hasn't been a 5 public-hearing requirement created for it by City 6 Code, as there has been for design-review 7 applications. 8 So it's separate from those. In fact, 9 quite typically, they've been on the consent agenda 10 when they go up before Council. (Transcript P.6, L.1-10) Page 44 18 MATT JOHNSON: So the FAR -- and -- and -- and 19 probably where each of you should start, if -- if 20 you're reviewing this is -- is -- Ketchum's City Code 23 Here's the 24 maximum FAR allowed in this zone, and here are things 25 you can do that allow you to exceed that up to a Page 45

1 certain amount further, based upon certain 2 conditions." None of those are design-review items. 3 Those are separate development standards. 4 And then, throughout that particularly -- in B 5 of that section of Code, it says specifically 6 everything is conditioned upon the -- the "increased 7 FAR may be permitted subject to design review 8 approval," conditioned on design-review approval. 9 And when you look at the FAR Exceedance 10 Agreement, all that document does is document the 11 application of this section of Code, and it says 12 specifically in it that that is conditioned upon 13 design review approval. So it comes to you, as a 14 Commission, for the design-review determination. That 15 agreement is in effect, conditioned upon your 16 approval. 17 If you approve, then the FAR Exceedance

18 Agreement is approved and valid. If you chose not to 19 approve the design review for some reason, then the 20 conditions fail, and the FAR Exceedance Agreement goes 21 back to the drawing board until a new application--

The record is replete with validation of the Exceedance Ordinance. The actions of the City Council in executing it prior to Design Review by the Planning & Zoning Commission did not negate the authority and discretion of that authority to perform its Design Review and to apply the proper required standards. Both LLUPA and City ordinances provide for the authority and actions of the City Council.

The Appellant in its appeal letter dated April 26, 2023, is incorrect in its contention that "Only the Commission can approve a FAR Exceedance Agreement because the Council dedicated its planning and zoning powers to the Commission" (Appeal Letter dated April 26, 2023 2<sup>nd</sup> paragraph). As stated by the City Attorney above, the execution of the EA prior to Design Review, was conditioned upon the P&Z DR approval. If the project did not receive approval, the EA would not be effective in transferring any property right under the City's ordinances. The City Council reserved certain actions, including approval of Exceedance Agreements within its purview.

#### C. <u>There was No Denial of Due Process</u>.

The Appellant also claims, in its initial appeal letter of April 26, 2023 (Page 5), that there was a denial of due process at the February 28, 2023 P&Z meeting. It is asserted that based upon the requirement of Idaho Code §67-6534, that *"procedures shall provide opportunity for all affected persons to present and rebut evidence"*. This was based on the contention that the Chairman *"reopened public comment, but only allowed a comment from an employee of the Applicant."* 

The Idaho Supreme Court in Neighbors for a Healthy Gold Fork v. Valley County, 145 Idaho 121, 176 P.3d 126 (citations omitted) stated:

> The Court shall affirm the zoning agency's action unless the Court finds that the agency's findings, inferences, conclusions or decisions are: (a) in excess of constitutional or statutory provisions; (b) in excess of the statutory authority of the

agency; (c) made upon unlawful procedure; (d) not supported by substantial evidence on the record as a whole; or (e) arbitrary, capricious, or an abuse of discretion. I.C. § 67-5279(3); Cowan, 143 Idaho at 508, 148 P.3d at 1254. The party attacking the agency's action must first illustrate that it erred in the manner specified therein and must then show that a substantial right of the party has been prejudiced. Id.

[176 P.3d 132]...

There is nothing in the record but a naked assertion that the Appellant was prejudiced by the

comment of Jeff Swanson, so let's look at his comment. (February 28, 2023 Transcript)

(Transcript P.40)

14 JEFF SWANSON: Jeff Swanson [phonetic]. I've 15 been a resident here for a bit. 16 The one thing I think has been overlooked 17 is the retail, and the fact is that -- I'm over there 18 a lot. I'm helping out the owner with some of the 19 planning and some of the reviews. This is pretty much 20 a dead area over there in regards to foot traffic. 21 I would think that 1,300 feet [sic] of 22 retail -- but I hope I'm not getting off base -- kind 23 of makes a circle because you have Atkinsons' area and 24 what's going on over there, you have Main Street, 25 which has some amount of retail, but the south side of (Transcript P.41) 1 town, there -- I see no retail there. 2 And I'm only bringing that to the point as 3 an observer of what's -- walking around there. 4 There's no real interaction. It's a pretty dull side.

5 So I will stay out of the elevator, and

6 I'll stay out of the -- although, I think that north 7 wall looks great. 8 One fact -- and you probably are going to 9 want to "boo" me out. I spend a lot of -- spend a lot 10 of time in Seattle development. North walls or blank 11 walls in Seattle are almost always cement block. And 12 I look at these things, and I think to myself, This is 13 really ugly. I come back, and from -- and -- in 14 building, and all of a sudden that north wall is 15 absorbed into the neighborhood. That's just from 16 a -- a point of view from my end. 17 But I think the retail aspect of -- but 18 introducing that is important -- the walking 19 community.

#### 20 Thank you.

The transcript of the proceeding show 28 notations on the issue of retail, beginning with the Applicant's presentation, followed by public comment, and then discussed in detail by the Commissioners (their comments can be found on Transcript February 28, 2023, pages 42, 48, 54, 60, 70 and 76). For illustrative purposes, we will address only those positive comments of the two Commissioners voting no on the project. Transcript Page 42. (Commissioner Cordovano)

7 And I appreciate a lot of this building.

8 I really appreciate the nod to smaller retail areas,

9 whether or not they're still potentially able to be

10 rented by one person much longer -- larger. I

11 appreciate the look. I appreciate coming back here

12 time and time again.

Transcript Page 47. (Commssioner Carter)

7 COMMISSIONER CARTER: The -- the sort of -- it 8 feels like there's a -- a conflict or a -- a -- sort 9 of a push/pull that's going on in town around the size 10 of buildings that are getting developed, and it seems 11 to be manifesting itself in this project. 12 This -- you know, this lot right on -- I 13 mean, this -- this block borders Sun Valley Road, and 14 it's one block off of Main Street. This isn't out on 15 the outskirts of town somewhere. This is, you know, 16 arguably right downtown, but it's a part of town that, 17 for one reason or another, hasn't seen a lot of 18 growth. 19 And, you know, this is -- this -- this 20 project -- you know, the -- right across the alley 21 from this is the CenturyLink building, which is 22 a -- sort of an odd, small black hole of a building 23 that really doesn't -- I mean, it's a communication

24 node for town, I guess, but it really contributes 25 nothing to the streetscape of town at all. And I Page 48

1 don't know if that's kind of contributing to why this
2 corner's -- why -- why this corner has been dead or
3 not.

4 It's not dead, but, you know,

5 isn't -- doesn't have the same sort of street vibrancy 6 that Leadville does as you go further north. 7 There's an empty parking lot across the 8 street from -- across the street from it, towards Main 9 Street. You know, that's like -- I imagine that's 10 going to get developed some time soon. 11 So this -- the development of this corner 12 is -- is sort of an opportunity to extend that 13 streetscape of downtown in a direction that really 14 seems to make a lot of sense. You know, we're just a 15 block off of Main Street. The connection from Main 16 Street, you know -- or over by where -- where Rico's
17 used to be in Chapter One, you know, connecting to Sun
18 Valley Road along here, I -- I think, is a -- is a
19 real potential addition to the -- to the streetscape
20 of town.
21 And this building kind of helps set that
22 corner. So there's a -- there's a lot of value to it.
23 There's retail on that downstairs. And so in that

24 sense, you know, I think this -- this -- this building

25 can -- can really contribute to some -- to an

Page 49

1 improvement to -- to downtown. (It should be noted that the comments of these two Commissioners included additional transcript statements for the purpose of context). (P.41, L.6-7, 10-11)

Mr. Swanson also commented on "the wall", and basically stated, "*it looks great*", and, "*blank walls in Seattle are almost always cement block*". , (P.41, L. 7, 10-11) How any of Mr. Swanson's statements could give rise to a denial of Appellant's due process rights under the circumstances of the P&Z hearing public comment, and determination, is out of the realm of reality. It should also be noted that Appellant presented no factual basis for their purported denial of due process rights, in either their April 26, 2023 appeal letter, or Memorandum of August 14, 2023. Their assertion was,

"If Mr. Hutchinson or his attorney were allowed to rebut the comments

from this second comment period, this may have affected the Commission's 3-2 approval." (April 26, 2023 Appeal Letter P.5, final paragraph)

The Appellant must show that somehow they were deprived of their due process rights under the circumstances of the hearing. The additional comments of Mr. Swanson were not new comments to the Commission (Warren Benjamin P.16, L 4; Pam Colesworthy P.28. L1, both made similar public comments). These comments had been thoroughly discussed, almost entirely in a positive manner by the Commissioners in their deliberations. It is an absurdity to believe that any rebuttal by Mr. Hutchinson, or his attorney, would have impacted the vote of the Commission. All four of the Commissioners responded positively to the this projects ground floor retail.

It must also be noted that after Mr. Swanson spoke, the Chair stated:

"Thank you. Any other- - not seeing any. I will - - back here- - I'll go - - I'll close public comment, and we can go to deliberation or any other questions." (Transcript P. 41, L21-25)

Consequently, the public hearing was closed.

In addition, the Appellant failed to *illustrate* that the P&Z Commission erred in any manner during the public hearing process, showed no facts to support their contention, and have failed to show that "*a substantial right of the party has been prejudiced*".(See Page 10 herein, Neighbors, at 176 P.3d 132). Accordingly, the Appellant's due process argument must fail.

#### **IV. CONCLUSION**

The decision of the Ketchum Planning & Zoning Commission approval of design review on the project located at 200 N. Leadville Ave, Lot 1, Block 23, Ketchum Townsite, was made with due and proper consideration and deliberation. All Ketchum zoning Ordinances and the laws of the State of Idaho Local Land Use Planning Act were properly followed. The Ketchum Planning & Zoning Commission Findings of Fact, Conclusion of law, and Decision entered on April 11, 2023, was a valid exercise of the City of Ketchum's police powers, and is fully supported by the record of the proceedings.

The laws and ordinances relevant to this proceeding are presumed to be valid and lawful, and the Appellant has failed to meet its burden of proof, showing the invalidity of those Ordinances. The proceedings held under the auspices of the Planning & Zoning Commission were a proper exercise of the City's police powers, and accomplished according to the law. Due process rights were afforded to all participants and the citizens of Ketchum.

The Ketchum City Council must recognize the presumption of validity of its Ordinances in making its determination of this appeal. In doing so, it is bound by the record of the proceedings, must apply the law to the facts in making its findings. Consequently, the decision made by the Planning & Zoning Commission should be affirmed, and the appeal should be denied in its entirety.

Dated this 28<sup>th</sup> day of August, 2023.

Respectfully submitted,

/s/Edward Simon

Edward Simon

T

1	the Commission about further articulation of that
2	facade. And I think one or two Commissioners had even
3	made a comment of, you know, potentially stepping back
4	that top level of the third floor to create some
5	additional undulation and relief.
6	And so that's what's in front of you
7	today is is just further discussion and
8	direction to the applicant on that.
9	I would like to mention that we received
10	two additional public comments after the packet was
11	published last week, and those were provided to you
12	via e-mail and the agenda has been updated.
13	One of those, you will notice, is from a
14	land-use attorney. And so we do have the City
15	Attorney, Matt Johnson, online to provide you some
16	feedback on that and how you all need to either
17	address or acknowledge that, and then you can
18	certainly ask him questions.
19	So at this point, I will turn it over to
20	Matt. I believe he's on the line, and he can give you
21	feedback on that, and then we can continue through the
22	process.
23	MATT JOHNSON: All right, Chair and
24	Commissioners. I'm Matt Johnson, City Attorney. I'm
25	happy to answer questions if there's specific ones

F

1	about the letter from Mr. Linnet. I I can tell you
2	I've reviewed that matter. I've and I've provided
3	a response to Mr. Linnet.
4	I do think that the City Code is quite
5	clear that the Council has kept the authority over FAR
6	exceedances and and, in particular, the
7	decision-making on an FAR Exceedance Agreement. Those
8	agreements are then specifically conditioned upon the
9	design-review approval, which keeps the design review
10	fully in front of you, separate from that FAR
11	Exceedance Agreement.
12	And so I do not I do not come to the
13	same conclusions Mr. Linnet did, and my finding is
14	everything is in order, procedurally. That's why we
15	kept the schedule for this meeting instead of
16	considering a postponement.
17	All that being said on the record now, I'm
18	happy to answer any questions you may have or that
19	arise later after public comment with respect to any
20	of the issues raised in that letter.
21	VICE CHAIRMAN MOCZYGEMBA: I had a question.
22	Whether it's to Matt or Planning staff, is I think
23	Mr. Linnet was had some issue over the noticing.
24	Was that a public hearing, and was it properly noticed
25	to the best of your knowledge?

5

1 F	P22-0357 P22-035A - 200 N Leadville Avenue
1	MATT JOHNSON: So so an FAR Exceedance
2	Agreement is not actually required for a public
3	hearing. It's not a land-use decision in the same
4	sense as a zoning amendment, and there hasn't been a
5	public-hearing requirement created for it by City
6	Code, as there has been for design-review
7	applications.
8	So it's separate from those. In fact,
9	quite typically, they've been on the consent agenda
10	when they go up before Council.
11	VICE CHAIRMAN MOCZYGEMBA: Thank you, Matt.
12	COMMISSIONER CORDOVANO: Hey, Matt. What about
13	the noticing of the first meeting?
14	And I don't know if that's for staff or
15	for Matt.
16	It sounded like some of the property
17	owners didn't get a notice for the first meeting. Was
18	that just not going to the mailbox or
19	MORGAN LANDERS: Yeah. So I think and you're
20	probably referring to one of the public comments that
21	came through.
22	So public noticing goes to the property
23	owners within a 300-foot radius. And so we did
24	double-check the public notice, and that did go out to
25	all of the adjacent property owners within that

T

ı	And just affirming that is not the
2	case. You understand that. That FAR Exceedance
3	Agreement is an outside process, and you have full
4	ability to review this under the design
5	curtain review criteria and and evaluate it
6	under the the standards, as you understand to be
7	appropriately applicable. That FAR Exceedance
8	Agreement doesn't pre-commit you to anything.
9	CHAIRMAN MORROW: Thank you.
10	COMMISSIONER PASSOVOY: But, Matt, one follow-up
11	question is is I have not, unfortunately, read
12	the FAR Exceedance Agreement, but I plan to do that.
13	Does it is it worded such that, if we
14	approve the agreement I mean, if we approve the
15	project let's just say, "Tonight" as is,
16	does does the FAR Exceedance Agreement
17	automatically come into effect?
18	MATT JOHNSON: So the FAR and and and
19	probably where each of you should start, if if
20	you're reviewing this is is Ketchum's City Code
21	17.124.040, which covers floor area ratio.
22	And if you look at that, as Morgan was saying,
23	really, the the FAR is all about, "Here's the
24	maximum FAR allowed in this zone, and here are things
25	you can do that allow you to exceed that up to a

44

Ť

1	certain amount further, based upon certain
2	conditions." None of those are design-review items.
3	Those are separate development standards.
4	And then, throughout that particularly in B
5	of that section of Code, it says specifically
6	everything is conditioned upon the the "increased
7	FAR may be permitted subject to design review
8	approval, " conditioned on design-review approval.
9	And when you look at the FAR Exceedance
10	Agreement, all that document does is document the
11	application of this section of Code, and it says
12	specifically in it that that is conditioned upon
13	d <mark>esign review approval.</mark> So it comes to you, as a
14	Commission, for the design-review determination. That
15	agreement is in effect, conditioned upon your
16	approval.
17	If you approve, then the FAR Exceedance
18	Agreement is approved and valid. If you chose not to
19	approve the design review for some reason, then the
20	conditions fail, and the FAR Exceedance Agreement goes
21	back to the drawing board until a new application
22	does that answer your question?
23	I probably more than answered your
24	question.
25	COMMISSIONER PASSOVOY: No. I I as I

#### FAR EXCEEDANCE AGREEMENT #22811

Parties:

City of Ketchum	"City"	P.O. Box 2315, 191 5 <sup>th</sup> Street W, Ketchum, Idaho 83340
755 S Broadway LLC	"Developer"	Mailing: 2667 S Tacoma Way, Tacoma, WA 98409 Subject Property: 200 N Leadville (Ketchum Townsite: Block 23: Lot 1)

This FAR Exceedance Agreement ("Agreement") is made between the City of Ketchum, a municipal corporation of the state of Idaho ("City"), and 755 S Broadway LLC, a limited liability corporation, owner of the subject property and developer of the project ("Developer").

#### RECITALS

- A. Pursuant to the City's authority under the Idaho Local Land Use Planning Act, the Ketchum Municipal Code ("K.M.C.") Chapter 17.124 provides for certain development standards, including maximum floor area ratio (FAR) standards under K.M.C. 17.124.040 - Floor Area Ratios and Community Housing. These standards are intended to protect the public interest, health, general welfare, and provision of public services. The City has provided options for development proposals to potentially exceed the allowable FAR in exchange for mitigation of the impacts of such larger development, particularly as focused on affordable community and workforce housing. K.M.C. 17.124.040(B).
- B. Litigation was brought challenging the constitutionality and legality of the City's FAR standards in relation to the inclusionary housing incentive under K.M.C. 17.124.040 that was voluntarily dismissed.
- C. The City has adopted Resolution 17-006 which provides for the Parties to proceed with the FAR standards and options under K.M.C. 17.124.040, so long as the Parties voluntarily opt into a FAR Exceedance Agreement, making clear they are voluntarily opting by contract into use of such FAR standards and mitigation measures and are waiving any claims or demands related to any legal challenge to K.M.C. 17.124.040.

THEREFORE, in consideration of the mutual agreement herein contained and subject to the terms and conditions stated, it is hereby understood and agreed by the Parties as follows:

1. Attestation of Developer. Developer, by this Agreement, attests that the City has disclosed potential litigation challenging K.M.C. 17.124. Developer desires to voluntarily proceed on the development proposal, including proposal of exceedance of FAR

FAR Exceedance Agreement - 1 Contract #22811

standards and accompanying mitigation measures, using the approach and standards as set forth in K.M.C. 17.124.

- 2. Waiver and Release of Claims. Developer, by this Agreement, waives and releases any claims, demands, challenges, claims for reimbursement or refund, and/or damages now or in the future deriving from or relying on the outcome of future litigation substantially challenging the validity of K.M.C. 17.124 and its standards. It is Developer's intent to accept and proceed with such standards as outlined in K.M.C. 17.124 for Developer's development plan for purposes of allowable FAR and Developer voluntarily and knowingly accepts the mitigation measures as proposed.
- FAR Exceedance Consideration. In consideration for Developer's attestation and waiver, the City agrees to consider their exceedance proposal and will currently consider and evaluate Developer's proposed FAR exceedance and accompanying mitigation measures within the framework and standards of K.M.C. 17.124.040, attached hereto as Exhibit A and made a part of this Agreement.
- 4. Maximum FAR and Mitigation. The Parties hereby agree to an allowable maximum floor area ratio and accompanying mitigation measures as set forth in Exhibit B, attached hereto and made a part of this Agreement.
- 5. Withdrawal. Developer may withdraw from this Agreement upon thirty days notice to City provided that Developer has not commenced building and has received no benefit from a maximum FAR exceedance. Withdrawal shall cause an immediate reversion to the permitted gross FAR as set forth in Exhibit A: K.M.C. 17.124.040(A) at the time of this Agreement.
- Amendments. This Agreement may not be amended, modified, altered or changed in any respect whatsoever, except by further agreement in writing duly executed by the parties.
- 7. No Assignment. Developer shall not sell, assign, or transfer all or any portion of its interest in this Agreement at any time without consent of the City.
- 8. Binding Effect. This Agreement shall be binding upon the heirs, estates, personal representatives, successors, and assigns of the parties.
- Attorney Fees and Costs. In the event any action is brought to enforce this Agreement, the prevailing party is entitled to an award of reasonable attorney fees and costs.
- 10. Notices. Any notice under this Agreement shall be in writing and shall be treated as duly delivered if the same is personally delivered or deposited in the United States mail,

FAR Exceedance Agreement - 2 Contract #22811 certified, return receipt requested, postage prepaid, and properly addressed to the contacts as specified at the beginning of this Agreement.

- 11. Partial Invalidity. Whenever possible, each provision of this Agreement shall be interpreted in such a way as to be effective and valid under applicable law. If a provision of this Agreement is prohibited by or invalid under applicable law, it shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.
- 12. Waiver: The rights and remedies of the parties to this Agreement are cumulative and not alternative. Neither the failure nor any delay by any party in exercising any right, power, or privilege under this Agreement or the documents referenced in this Agreement will operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege will preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege.
- Execution and Counterparts: This Agreement may be executed in one or more counterparts, each of which shall be deemed an original agreement, but all of which shall be considered one instrument.

DATED THIS 29th DAY OF November 2022.

## 17.124.040: FLOOR AREA RATIOS AND COMMUNITY HOUSING:

A. General Requirements: All new buildings and alterations to existing buildings in the GR-H, T, T-3000, T-4000 and CC zoning districts, unless otherwise specified in this title, shall be subject to the maximum floor area ratio (FAR) described below. Hotels that meet the definition of "hotel" found in <u>chapter 17.08</u> of this title may exceed the floor area listed in the table below subject to section <u>17.124.050</u> of this chapter.

Districts	Permitted Gross FAR	Inclusionary Housing Incentive
GR-H	0.5	1.4
Т	0.5	1.6
T-3000	0.5	1.6
T-4000	0.5	1.6
CC	1.0	2.25

- B. Inclusionary Housing Incentive:
  - The purpose of this section is to encourage new development to include a reasonable supply of affordable and resident occupied workforce housing for sale or rent, to help meet the demand and needs for housing of the community's employees. Land within the zoning districts specified in the table above may be built to the listed permitted FAR. As an incentive to build community housing units, floor area may be increased up to the maximum FAR listed in said table with inclusionary housing incentive.
  - 2. An increased FAR may be permitted subject to design review approval, and provided, that all of the following conditions are met:
    - a. A minimum of twenty percent (20%) of the total increase in gross floor area above the greater of the permitted FAR is deed restricted in perpetuity as community housing unit(s). Of this gross square footage, a fifteen percent (15%) reduction will be allowed as a standard discount from gross square footage to net livable square footage for community housing units.
    - b. After calculating net livable square footage, an allowance can be made for projects with demonstrated groundwater issues as documented by a registered engineer. Upon determination by the city that groundwater on the subject property precludes underground parking, a credit of three hundred fifty (350) square feet per required parking space shall be subtracted from the net livable square footage prior to the calculation for the twenty percent (20%) deed restricted community housing. Parking space credit shall be rounded to the nearest whole number, and shall not be calculated as fractions.
    - c. Community housing requirements may be paid via a fee in lieu of housing. The community housing units times the fee equals the amount due to the city. The fee in lieu shall be recommended by the governing housing authority on an annual basis and adopted by the city council. For fractions of units, the developer has the option of providing a full housing unit

#### sterling Loamers, inc.

rather than paying the fee in lieu or working with the city or other nonprofit entity to construct the balance of the community housing unit with additional funds.

- d. All community housing units, either for sale or rent, shall be administered by the governing housing authority, unless otherwise determined by the city council. The governing housing authority shall recommend the types and locations of all proposed community housing units for approval by the city.
- e. The community housing units shall be targeted for Blaine County housing authority income category 4 (100 percent or less of area median income). The applicant may seek the recommendation of the governing housing authority in the determination of an alternative category with corresponding adjustment in the amount of community housing required. Said recommendation, if mutually agreed upon by the applicant and the commission, may be used in place of category 4. This allowance shall be based on need for the category type. The definition of who may qualify to purchase affordable housing shall be maintained in the guidelines of the governing housing authority as adopted by the city council.
- f. The city's primary goal is to see the development of and encourage the construction of community housing units, but realizes that other options will also move the city closer to its goal of housing the workforce. With this in mind, the following options for fulfillment of the community housing incentive are available to the applicant outright. These include, but are not limited to:
  - (1) Housing constructed by the applicant on or off site, within the city of Ketchum;

#### (2) Payment of an in lieu fee; or

- (3) Acquisition of existing housing stock that meets with the governing housing authority's requirements and approval.
- g. In addition to those outright options noted in this section, the city council may consider alternative proposals by the applicant to fulfill the community housing incentive. The city council has full discretionary power to determine said request. Options for fulfillment of the community housing incentive include, but are not limited to:
  - (1) Land conveyance to the city;
  - (2) Existing housing unit buy down or mortgage buy down; or
  - (3) Other proposals and options as approved by the city council.
- 3. In the CC district, the maximum floor area incentive applies to buildings up to three (3) stories in height. Buildings above three (3) stories may exceed the 2.25 FAR maximum only in accordance with the pertinent code provisions allowing for a fourth floor (for example, hotels, PUDs and 100 percent community housing project, etc.). For hotel uses, community housing calculations apply to all those portions of the hotel development except the hotel units, which are addressed pursuant to employee housing of this chapter. (Ord. 1135, 2015)

#### Exhibit B

#### EXCEEDANCE AGREEMENT COMPLIANCE

PROJECT:	The 208 Condominiums
APPLICATION FILE NUMBERS:	Design Review (P22-035) Condominium Subdivision Prelim Plat (P22-035A)
OWNER:	755 S Broadway LLC
REPRESENTATIVE:	Jonathan Sherman Nicole Ramey, Medici Architects
REQUEST:	Development of a new 11,663 square foot three story mixed- use development with ground floor commercial and four residential condominium units with associated parking.
LOCATION:	200 N Leadville Ave (Ketchum Townsite: Block 23: Lot 1)
ZONING:	Mixed-Use Subdistrict of the Community Core (CC-2)
BACKGROUND:	

- The applicant is proposing to develop a new 11,663 square foot three story mixed-use development with ground floor commercial and four residential condominium units with associated parking.
- The site is located at 200 N Leadville (Ketchum Townsite: Block 23: Lot 1) within the Mixed-Use Subdistrict of the Community Core (CC-2). Multi-family dwelling units and commercial spaces are permitted uses in the CC-2 Zone.
- 3. The subject property has an area of 5,504 sq ft.
- 4. The proposed development will have a total gross floor area of 11,663 square feet.
- Pursuant to the definition of gross floor area (KMC §17.08.020), up to four parking stalls for developments on single Ketchum Townsite lots of 5,600 sq ft or less are not included in the gross floor area calculation. As the project has four garage spaces, the project receives a reduction of 648 sq ft.
- With the parking stall discount, the development has a proposed Floor Area Ratio (FAR) of 2.0 (11,015 gross sq ft/5,504 sq ft lot area).
- As a condition of Design Review approval, the project shall comply with the requirements of Ketchum City Code §17.124.040, Floor Area Ratios and Community Housing, as adopted on the date a Building Permit is submitted for the project.

 The Planning and Zoning Commission is scheduled to hear the Design Review application (P22-035) for the development on November 29, 2022. Building Permit plans must conform to the approved Design Review plans unless otherwise approved in writing by the Planning and Zoning Commission or Administrator.

#### **EXCEEDANCE ANALYSIS**

The project shall comply with the requirements of Ketchum City Code § 17.124.040 as adopted on the date a building permit is submitted for the project.

Permitted in Community Core Subdistrict 2 (CC-2)

Permitted Gross FAR: 1.0

Permitted Gross FAR with Inclusionary Housing Incentive: 2.0

Proposed Gross Floor Area: 11,663 gross square feet

Gross Floor Area with Parking Discount: 11,015 sq ft (reduction of 648 square feet for four stalls that are 9 x 18 feet)

Ketchum Townsite Lot Area: 5,504 sq ft

FAR Proposed: 2.0 (11,015 gross sq ft/5,504 sq ft lot area)

Increase Above Permitted FAR: 5,511 sq ft

20% of Increase: 1,102 sq ft

Net Livable (15% Reduction): 937 sq ft of community housing required.

Total Proposed On-site Community Housing Contribution: 0 sq ft

Proposed Community Housing In-Lieu Fee: \$421,650 (937 sq ft x \$450/sq ft)

#### COMMUNITY HOUSING CONTRIBUTION CONDITIONS

The following conditions apply to the community housing contribution for the development at 200 N Leadville Ave:

- The development shall provide a community housing in-lieu fee payment in the amount of \$421,650. Fee payment is due at the time of building permit application.
- If the community housing contribution type (i.e. on-site, off-site, fee in-lieu) changes through the course of the design review approval process or at the request of the applicant/owner, an amendment to this agreement must be approved by the Ketchum City Council.
- 3. If the total gross square footage of the project changes through the course of the design review approval process or building permit application review, a revised fee in-lieu may be calculated using the methodology outlined above and approved by the Administrator. Substantial increases or decreases in square footage may require an amendment to this agreement at the discretion of the Administrator.
- 4. If a building permit is not issued following payment of the in-lieu fee at building permit application, a refund of the fee may be issued within a reasonable period of time.

17.124.040 - Floor area ratios and community housing.

A. General requirements. All new buildings and alterations to existing buildings in the GR-H, T, T-3000, T-4000 and CC zoning districts, unless otherwise specified in this title, shall be subject to the maximum floor area ratio (FAR) described below. Hotels that meet the definition of "hotel" found in <u>chapter 17.08</u> of this title may exceed the floor area listed in the table below subject to <u>section 17.124.050</u> of this chapter.

Districts	Permitted Gross FAR	Inclusionary Housing Incentive
GR-H	0.5	1.4
т	0.5	1.6
T-3000	0.5	1.6
T-4000	0.5	1.6
СС	1.0	2.25

#### B. Inclusionary housing incentive.

- 1. The purpose of this section is to encourage new development to include a reasonable supply of affordable and resident occupied workforce housing for sale or rent, to help meet the demand and needs for housing of the community's employees. Land within the zoning districts specified in the table above may be built to the listed permitted FAR. As an incentive to build community housing units, floor area may be increased up to the maximum FAR listed in said table with inclusionary housing incentive.
- 2. An increased FAR may be permitted subject to design review approval, and provided, that all of the following conditions are met:
  - A minimum of 20 percent of the total increase in gross floor area above the greater of the permitted FAR is deed restricted in perpetuity as community housing unit(s). Of this gross square footage, a 15 percent reduction will be allowed as a standard discount from gross square footage to net livable square footage for community housing units.
  - b. After calculating net livable square footage, an allowance can be made for projects

291

FXHIBITC

with demonstrated groundwater issues as documented by a registered engineer. Upon determination by the City that groundwater on the subject property precludes underground parking, a credit of 350 square feet per required parking space shall be subtracted from the net livable square footage prior to the calculation for the 20 percent deed restricted community housing. Parking space credit shall be rounded to the nearest whole number, and shall not be calculated as fractions.

- c. Community housing requirements may be paid via a fee in lieu of housing. The community housing units times the fee equals the amount due to the City. The fee in lieu shall be recommended by the governing housing authority on an annual basis and adopted by the City Council. For fractions of units, the developer has the option of providing a full housing unit rather than paying the fee in lieu or working with the City or other nonprofit entity to construct the balance of the community housing unit with additional funds.
- d. All community housing units, either for sale or rent, shall be administered by the governing housing authority, unless otherwise determined by the City Council. The governing housing authority shall recommend the types and locations of all proposed community housing units for approval by the City.
- e. The community housing units shall be targeted for Blaine County housing authority income category 4 (100 percent or less of area median income). The applicant may seek the recommendation of the governing housing authority in the determination of an alternative category with corresponding adjustment in the amount of community housing required. Said recommendation, if mutually agreed upon by the applicant and the Commission, may be used in place of category 4. This allowance shall be based on need for the category type. The definition of who may qualify to purchase affordable housing shall be maintained in the guidelines of the governing housing authority as adopted by the City Council.
- f. The City's primary goal is to see the development of and encourage the construction of community housing units, but realizes that other options will also move the City closer to its goal of housing the workforce. With this in mind, the following options for fulfillment of the community housing incentive are available to the applicant outright. These include, but are not limited to:
  - (1) Housing constructed by the applicant on or off site, within the City of Ketchum;
  - (2) Payment of an in lieu fee; or
  - (3)

Acquisition of existing housing stock that meets with the governing housing authority's requirements and approval.

- g. In addition to those outright options noted in this section, the City Council may consider alternative proposals by the applicant to fulfill the community housing incentive. The City Council has full discretionary power to determine said request. Options for fulfillment of the community housing incentive include, but are not limited to:
  - (1) Land conveyance to the City;
  - (2) Existing housing unit buy down or mortgage buy down; or
  - (3) Other proposals and options as approved by the City Council.
- 3. In the CC district, the maximum floor area incentive applies to buildings up to three stories in height. Buildings above three stories may exceed the 2.25 FAR maximum only in accordance with the pertinent code provisions allowing for a fourth floor (for example, hotels, PUDs and 100 percent community housing project, etc.). For hotel uses, community housing calculations apply to all those portions of the hotel development except the hotel units, which are addressed pursuant to employee housing of this chapter.

Matthew Johnson Legal Counsel for the City of Ketchum 191 5th Street West Ketchum, ID 83340 mjohnson@whitepeterson.com - Sent via email only

Re: Reply Memorandum in Support of Appeal P22-035B

Dear Mayor Bradshaw; Council President Slanetz; and Councilors Breen, David and Hamilton:

This short memorandum is in reply to the Applicant's September 28, 2023 memorandum to the Council.

#### I. COUNCIL'S AUTHORITY ON APPEAL

On an administrative appeal from a decision by the Commission, the Council is tasked with the following responsibility:

Upon hearing the appeal, the Council shall consider only matters which were previously considered by the Commission as evidenced by the record, the order, requirement, decision or determination of the Commission and the notice of appeal, together with oral presentation and written legal arguments by the appellant, the applicant, if different than the appellant, and the Commission and/or staff representing the Commission. The council shall not consider any new facts or evidence at this point. The council may affirm, reverse or modify, in whole or in part, the order, requirement, decision or determination of the Commission. Furthermore, the council may remand the application to the Commission for further consideration with regard to specific criteria stated by the council.

#### KMC § 17.144.020(C).

Here, 240 Leadville, L.L.C. requests that the Council reverse the design review and subdivision plat approval for the Project and find the Project fails to meet the required standards under KMC § 17.96.050. Specifically, the Project was approved under unlawful procedure related to KMC § 17.124.040, and it fails to meet KMC § 17.96.060.E.1 (complimenting surrounding neighborhoods and structures), KMC § City of Ketchum Reply Memo September 8, 2023 Page 2

17.96.060.F.5 (minimizing the appearance of bulk and flatness), and Policy CD-1.3 of Chapter 4 of the Ketchum Comprehensive Plan (development should be contextually appropriate to neighborhoods). As KMC § 17.144.020(C) expressly allows, 240 Leadville, L.L.C. requests that the Council reverse the Commission's approval of the Project.

#### II. APPROVAL OF THE FAR EXCEEDANCE AGREEMENT WAS MADE UPON UNLAWFUL PROCEDURE THAT PREJUDICED THE COMMISSION'S ABILITY TO EVALUATE THE PROJECT

At various times during the final hearing for the Project, commissioners either stated that the Project did not meet design review standards, but that they were unable to deny the application because the FAR Exceedance Agreement resulted in the Project "meeting code." Specifically, Commissioner Carter stated that the Project is "a conflict to the buildings that are there." February 28, 2023 Transcript, p. 50, In. 5. Commissioner Morrow, who voted in favor of the Project, then states that "it would be nice if buildings were smaller – this is what the Code says." February 28, 2023 Transcript, p. 55, In. 24-25. That statement is simply not true because the Commission had the authority to require the Project be smaller but they did not understand that they had that authority because of the FAR Exceedance Agreement entered into prior to design review by the Council. Commissioner Passovoy, who also voted in favor of the project, stated that "It is difficult to be the first in the hood to do something basically, radically different than what's around you[.]" February 28, 2023 Transcript, p. 56, In. 25 through p 57, In. 2. She also states that "This building is not compatible with the other little buildings right around it[.]" February 28, 2023 Transcript, p. 87, In. 6-8.

While the Council has the independent authority to reverse approval of the Project, these specific transcript sections show that even the Commission found reasons to deny the project. The Commission felt constrained by the 2.0 FAR allowed by the FAR Exceedance Agreement. And so, despite voicing multiple concerns about the size, bulk, flatness, and out-of-character design of the Project, it was approved because the Commission felt like they had to approve it. The Council can and should reverse that decision.

City of Ketchum Reply Memo September 8, 2023 Page 3

# III. THE COUNCIL HAS THE AUTHORITY AND RIGHT TO REVERSE THE COMMISSION'S DECISION.

The Council has the authority and right to overturn any Commission decision if it can find legitimate reasons to do so. As provided above, the Commission already identified several reasons for why the Project does not meet Design Review criteria. First, the north wall of the Project does not provide undulation/relief, thus reducing the appearance of bulk and flatness. Second, the Project is not compatible with the existing neighboring properties. Third, the Project is too large for the property in exchange for the in-lieu fee.

All of these reasons, as stated by various Commissioners throughout the hearing process, are legally defensible reasons for denying this project, and the Council should consider the risk and benefits of approving this Project in light of the potential for future litigation and a direct challenge to the FAR exceedance process and code section.

#### IV. REQUEST ACTION BY THE COUNCIL

240 Leadville, L.L.C. respectfully requests that the Council reverse approval of P22-035 and P22-035A for failing to meet the required standards applicable to the Project. Additionally, the Applicant requests the Council to amend and reform KMC § 17.124.040 to ensure that FAR exceedance agreements are entered into by the Commission during the public hearing process and without direct intervention by the Council.

Sincerely,

ALTURAS LAW GROUP, PLLC

<u>/s/ Samuel L. Linnet</u> Samuel L. Linnet Counsel for 240 Leadville, L.L.C.

Once your application has been received, we will review it and contact you with next steps. No further action is required at this time.

#### DESIGN REVIEW EVALUATION STANDARDS

(May not apply to Administrative Design Review):

#### **17.96.060: IMPROVEMENTS AND STANDARDS FOR ALL PROJECTS**

- A. Streets:
  - 1. The applicant shall be responsible for all costs associated with providing a connection from an existing city streets to their development.
  - 2. All streets designs shall be in conformance with the right-of-way standards and approved by the Public Works Director.
- B. Sidewalks:
  - 1. All projects under 17.96.010(A) that qualify as a "Substantial Improvement" shall install sidewalks in conformance with the right-of-way standards. Sidewalk improvements may be waived for projects that qualify as a "Substantial Improvement" which comprise additions of less than 250 square feet of conditioned space.
  - 2. The length of sidewalk improvements constructed shall be equal to the length of the subject property line(s) adjacent to any public street or private street.
  - 3. New sidewalks shall be planned to provide pedestrian connections to any existing or future sidewalks adjacent to the site. In addition, sidewalks shall be constructed to provide safe pedestrian access to and around a building.
  - 4. The city may approve and accept voluntary cash contributions in-lieu of the above described improvements, which contributions must be segregated by the city and not used for any purpose other than the provision of these improvements. The contribution amount shall be one hundred ten percent (110%) of the estimated costs of concrete sidewalk and drainage improvements provided by a qualified contractor, plus associated engineering costs, as approved by the Public Works Director. Any approved in-lieu contribution shall be paid before the city issues a certificate of occupancy.
- C. Drainage:
  - 1. All storm water shall be retained on site.
  - 2. Drainage improvements constructed shall be equal to the length of the subject property lines adjacent to any public street or private street.
  - 3. The Public Works Director may require additional drainage improvements as necessary, depending on the unique characteristics of a site.

Re: 200 Leadville Ave N

To whom it may concern,

Please allow this letter to serve that Tim Pavolka and Jonathan Sherman have engaged in conversations with me regarding the above-mentioned site. The conversations have been to the following:

This site will provide enough space for dumpster(s) for garbage and cardboard & carts for recycling. There is enough space and access to service this dumpster adequately, utilizing a "Garbage Glider" as indicated on the enclosed plan and a portion of the alley. Should the owners choose only to have a dumpster for garbage and eliminate the cardboard; the scenario still works. Either scenario will only work with a mechanized mode of transporting the dumpster(s) to the alley for servicing. (Snow, Ice, Weight) The Dumpster will be transported to the alley for servicing as per the enclosed plan.

This site when finished as per the plans will satisfy any and all concerns for the safe and efficient removal of garbage. I would like to mention that this is an example of high-quality planning that will benefit the owner(s) of this site, building, and the City. If I may be of further assistance during this process or in the future, please call.

Sincerely,

Mike Goitiandia

.200 Leadville Ave N - 2

October 24, 2022

755 SOUTH BROADWAY A COL 755 SOUTH BROADWAY DENVER, CO 80209

To whom it may concern,

Thank you for your inquiry about electrical service at 20

#### 200 N LEADVILLE AVE KETCHUM, ID 83340

The property is located within Idaho Power's service area in the state of Idaho

Idaho Power will provide electrical service to this location once any required easement or right of way are obtained by Idaho Power and/or the Customer, and in compliance with the statutes of the State of Idaho/Oregon and the Idaho Power tariffs on file with our regulatros. Tariffs include the General Rules and Regulations that covers new service attachments and distribution line installations or alterations.

Idaho Power Company has reviewed the revised transformer location, still at the southeast property corner, but with additional clearance from back of sidewalk to transformer. There will be new underground power lines required to be installed in the public right of way to serve this single phase transformer.

The attached site plan dated 10\_19\_22 reflecting the revised transformer location.

Sincerely,

Cyndi Bradshaw

3" \_\_\_\_\_ (137 mm)

- ASTRODIM AstroDIM provides multi-stage night-time
- power reduction based on an internal timer referenced to the power on/off time. There is no need for an external control infrastructure. The unit automatically performs a dimming profile based on the predefined scheduled reference to the midpoint, which is calculated based on the power on/off times.

# **ALTA Commitment Form**

COMMITMENT FOR TITLE INSURANCE Issued By

Commitment No. 20378964

#### NOTICE

IMPORTANT -- READ CAREFULLY: THIS COMMITMENT IS AN OFFER TO ISSUE ONE OR MORE TITLE INSURANCE POLICIES. ALL CLAIMS OR REMEDIES SOUGHT AGAINST THE COMPANY INVOLVING THE CONTENT OF THIS COMMITMENT OR THE POLICY MUST BE BASED SOLELY IN CONTRACT.

THIS COMMITMENT IS NOT AN ABSTRACT OF TITLE, REPORT OF THE CONDITION OF TITLE, LEGAL OPINION, OPINION OF TITLE, OR OTHER REPRESENTATION OF THE STATUS OF TITLE. THE PROCEDURES USED BY THE COMPANY TO DETERMINE INSURABILITY OF THE TITLE, INCLUDING ANY SEARCH AND EXAMINATION, ARE PROPRIETARY TO THE COMPANY, WERE PERFORMED SOLELY FOR THE BENEFIT OF THE COMPANY, AND CREATE NO EXTRACONTRACTUAL LIABILITY TO ANY PERSON, INCLUDING A PROPOSED INSURED.

THE COMPANY'S OBLIGATION UNDER THIS COMMITMENT IS TO ISSUE A POLICY TO A PROPOSED INSURED IDENTIFIED IN SCHEDULE A IN ACCORDANCE WITH THE TERMS AND PROVISIONS OF THIS COMMITMENT. THE COMPANY HAS NO LIABILITY OR OBLIGATION INVOLVING THE CONTENT OF THIS COMMITMENT TO ANY OTHER PERSON.

#### COMMITMENT TO ISSUE POLICY

Subject to the Notice; Schedule B, Part I""Requirements; Schedule B, Part II""Exceptions; and the Commitment Conditions, STEWART TITLE GUARANTY COMPANY, a Texas corporation (the "Company"), commits to issue the Policy according to the terms and provisions of this Commitment. This Commitment is effective as of the Commitment Date shown in Schedule A for each Policy described in Schedule A, only when the Company has entered in Schedule A both the specified dollar amount as the Proposed Policy Amount and the name of the Proposed Insured.

If all of the Schedule B, Part I""Requirements have not been met within 180 days after the Commitment Date, this Commitment terminates and the Company's liability and obligation end.

#### COMMITMENT CONDITIONS

#### 1. DEFINITIONS

- (a) "Knowledge" or "Known": Actual or imputed knowledge, but not constructive notice imparted by the Public Records.
- (b) "Land": The land described in Schedule A and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is to be insured by the Policy.
- (c) "Mortgage": A mortgage, deed of trust, or other security instrument, including one evidenced by electronic means authorized by law.

- (d) "Policy": Each contract of title insurance, in a form adopted by the American Land Title Association, issued or to be issued by the Company pursuant to this Commitment.
- (e) "Proposed Insured": Each person identified in Schedule A as the Proposed Insured of each Policy to be issued pursuant to this Commitment.
- (f) "Proposed Policy Amount": Each dollar amount specified in Schedule A as the Proposed Policy Amount of each Policy to be issued pursuant to this Commitment.
- (g) "Public Records": Records established under state statutes at the Commitment Date for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge.
- (h) "Title": The estate or interest described in Schedule A.

2. If all of the Schedule B, Part I""Requirements have not been met within the time period specified in the Commitment to Issue Policy, this Commitment terminates and the Company's liability and obligation end.

3. The Company's liability and obligation is limited by and this Commitment is not valid without:

- (a) the Notice;
- (b) the Commitment to Issue Policy;
- (c) the Commitment Conditions;
- (d) Schedule A;
- (e) Schedule B, Part I""Requirements; [and]
- (f) Schedule B, Part II""Exceptions[; and
- (g) a counter-signature by the Company or its issuing agent that may be in electronic form]

# 4. COMPANY'S RIGHT TO AMEND

The Company may amend this Commitment at any time. If the Company amends this Commitment to add a defect, lien, encumbrance, adverse claim, or other matter recorded in the Public Records prior to the Commitment Date, any liability of the Company is limited by Commitment Condition 5. The Company shall not be liable for any other amendment to this Commitment.

#### 5. LIMITATIONS OF LIABILITY

(a) The Company's liability under Commitment Condition 4 is limited to the Proposed Insured's actual expense incurred in the interval between the Company's delivery to the Proposed Insured of the Commitment and the delivery of the amended Commitment, resulting from the Proposed Insured's good faith reliance to:

- (i) comply with the Schedule B, Part I""Requirements;
- (ii) eliminate, with the Company's written consent, any Schedule B, Part II""Exceptions; or
- (iii) acquire the Title or create the Mortgage covered by this Commitment.

(b) The Company shall not be liable under Commitment Condition 5(a) if the Proposed Insured requested the amendment or had Knowledge of the matter and did not notify the Company about it in writing.

(c) The Company will only have liability under Commitment Condition 4 if the Proposed Insured would not have incurred the expense had the Commitment included the added matter when the Commitment was first delivered to the Proposed Insured.

(d) The Company's liability shall not exceed the lesser of the Proposed Insured's actual expense incurred in good faith and described in Commitment Conditions 5(a)(i) through 5(a)(iii) or the Proposed Policy Amount.

(e) The Company shall not be liable for the content of the Transaction Identification Data, if any.

(f) In no event shall the Company be obligated to issue the Policy referred to in this Commitment unless all of the Schedule B, Part I""Requirements have been met to the satisfaction of the Company.

(g) In any event, the Company's liability is limited by the terms and provisions of the Policy.

#### 6. LIABILITY OF THE COMPANY MUST BE BASED ON THIS COMMITMENT

- (a) Only a Proposed Insured identified in Schedule A, and no other person, may make a claim under this Commitment.
- (b) Any claim must be based in contract and must be restricted solely to the terms and provisions of this Commitment.
- (c) Until the Policy is issued, this Commitment, as last revised, is the exclusive and entire agreement between the parties with respect to the subject matter of this Commitment and supersedes all prior commitment negotiations, representations, and proposals of any kind, whether written or oral, express or implied, relating to the subject matter of this Commitment.
- (d) The deletion or modification of any Schedule B, Part II""Exception does not constitute an agreement or obligation to provide coverage beyond the terms and provisions of this Commitment or the Policy.
- (e) Any amendment or endorsement to this Commitment must be in writing [and authenticated by a person authorized by the Company].
- (f) When the Policy is issued, all liability and obligation under this Commitment will end and the Company's only liability will be under the Policy.

#### 7. IF THIS COMMITMENT HAS BEEN ISSUED BY AN ISSUING AGENT

The issuing agent is the Company's agent only for the limited purpose of issuing title insurance commitments and policies. The issuing agent is not the Company's agent for the purpose of providing closing or settlement services.

#### 8. PRO-FORMA POLICY

The Company may provide, at the request of a Proposed Insured, a pro-forma policy illustrating the coverage that the Company may provide. A pro-forma policy neither reflects the status of Title at the time that the pro-forma policy is delivered to a Proposed Insured, nor is it a commitment to insure.

#### 9. ARBITRATION

The Policy contains an arbitration clause. All arbitrable matters when the Proposed Policy Amount is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Proposed Insured as the exclusive remedy of the parties. A Proposed Insured may review a copy of the arbitration rules at <<u>http://www.alta.org/arbitration</u>>.

# STG Privacy Notice Stewart Title Companies

# WHAT DO THE STEWART TITLE COMPANIES DO WITH YOUR PERSONAL INFORMATION?

Federal and applicable state law and regulations give consumers the right to limit some but not all sharing. Federal and applicable state law regulations also require us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand how we use your personal information. This privacy notice is distributed on behalf of the Stewart Title Guaranty Company and its title affiliates (the Stewart Title Companies), pursuant to Title V of the Gramm-Leach-Bliley Act (GLBA).

The types of personal information we collect and share depend on the product or service that you have sought through us. This information can include social security numbers and driver's license number.

All financial companies, such as the Stewart Title Companies, need to share customers' personal information to run their everyday business—to process transactions and maintain customer accounts. In the section below, we list the reasons that we can share customers' personal information; the reasons that we choose to share; and whether you can limit this sharing.

Reasons we can share your personal information.	Do we share	Can you limit this sharing?
<b>For our everyday business purposes</b> — to process your transactions and maintain your account. This may include running the business and managing customer accounts, such as processing transactions, mailing, and auditing services, and responding to court orders and legal investigations.	Yes	No
<b>For our marketing purposes</b> — to offer our products and services to you.	Yes	No
For joint marketing with other financial companies	No	We don't share
<b>For our affiliates' everyday business purposes</b> — information about your transactions and experiences. Affiliates are companies related by common ownership or control. They can be financial and non-financial companies. <i>Our affiliates may include companies with a Stewart name;</i> <i>financial companies, such as Stewart Title Company</i>	Yes	No
For our affiliates' everyday business purposes— information about your creditworthiness.	No	We don't share
For our affiliates to market to you – For your convenience, Stewart has developed a means for you to opt out from its affiliates marketing even though such mechanism is not legally required.	Yes	Yes, send your first and last name, the email address used in your transaction, your Stewart file number and the Stewart office location that is handling your transaction by email to <u>optout@stewart.com</u> or fax to 1-800-335-9591.
For non-affiliates to market to you. Non-affiliates are companies not related by common ownership or control. They can be financial and non-financial companies.	No	We don't share

We may disclose your personal information to our affiliates or to non-affiliates as permitted by law. If you request a transaction with a non-affiliate, such as a third party insurance company, we will disclose your personal information to that non-affiliate. [We do not control their subsequent use of information, and suggest you refer to their privacy notices.]

#### SHARING PRACTICES

IAKINGTRACTICES	
How often do the Stewart Title companies notify me	We must notify you about our sharing practices when you request a transaction.
about their practices?	
How do the Stewart Title Companies protect my	To protect your personal information from unauthorized access and use, we use
personal information?	security measures that comply with federal law. These measures include computer,
	file, and building safeguards.
How do the Stewart Title Companies collect my	We collect your personal information, for example, when you
personal information?	request insurance-related services
	provide such information to us
	We also collect your personal information from others, such as the real estate agent
	or lender involved in your transaction, credit reporting agencies, affiliates or other
	companies.
What sharing can I limit?	Although federal and state law give you the right to limit sharing (e.g., opt out) in
	certain instances, we do not share your personal information in those instances.

As soon as You Know of anything that might be covered by this Policy, You must notify Us promptly in writing at the address shown in Section 3 of the Conditions.

title guaranty company

#### **OWNER'S COVERAGE STATEMENT**

This Policy insures You against actual loss, including any costs, attorneys' fees and expenses provided under this Policy. The loss must result from one or more of the Covered Risks set forth below. This Policy covers only Land that is an improved residential lot on which there is located a one-to-four family residence and only when each insured named in Schedule A is a Natural Person.

Your insurance is effective on the Policy Date. This Policy covers Your actual loss from any risk described under Covered Risks if the event creating the risk exists on the Policy Date or, to the extent expressly stated in Covered Risks, after the Policy Date.

Your insurance is limited by all of the following:

- The Policy Amount
- For Covered Risk 16, 18, 19 and 21, Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A
  - The Exceptions in Schedule B
  - Our Duty To Defend Against Legal Actions
  - The Exclusions on page 3
  - The Conditions on pages 3, 4 and 5.

#### **COVERED RISKS**

The Covered Risks are:

- 1. Someone else owns an interest in Your Title.
- 2. Someone else has rights affecting Your Title because of leases, contracts, or options.
- 3. Someone else claims to have rights affecting Your Title because of forgery or impersonation.
- 4. Someone else has an easement on the Land.
- 5. Someone else has a right to limit Your use of the Land.

#### **COVERED RISKS (Continued)**

- 6. Your Title is defective. Some of these defects are:
  - Someone else's failure to have authorized a transfer or conveyance of your Title.
  - b. Someone else's failure to create a valid document by electronic means.
  - c. A document upon which Your Title is based is invalid because it was not properly signed, sealed, acknowledged, delivered or recorded.
  - d. A document upon which Your Title is based was signed using a falsified, expired, or otherwise invalid power of attorney.
  - A document upon which Your Title is based was not properly filed, recorded, or indexed in the Public Records.
  - f. A defective judicial or administrative proceeding.
- 7. Any of Covered Risks 1 through 6 occurring after the Policy Date.
- 8. Someone else has a lien on Your Title, including a:
  - a. lien of real estate taxes or assessments imposed on Your Title by a governmental authority that are due or payable, but unpaid;
  - b. Mortgage;
  - c. judgment, state or federal tax lien;
  - d. charge by a homeowner's or condominium association; or
  - e. lien, occurring before or after the Policy Date, for labor and material furnished before the Policy Date.
- 9. Someone else has an encumbrance on Your Title.
- 10. Someone else claims to have rights affecting Your Title because of fraud, duress, incompetency or incapacity.
- 11. You do not have actual vehicular and pedestrian access to and from the Land, based upon a legal right.
- 12. You are forced to correct or remove an existing violation of any covenant, condition or restriction affecting the Land, even if the covenant, condition or restriction is excepted in Schedule B. However, You are not covered for any violation that relates to:
  - a. any obligation to perform maintenance or repair on the Land; or
  - b. environmental protection of any kind, including hazardous or toxic conditions or substances

unless there is a notice recorded in the Public Records, describing any part of the Land, claiming a violation exists. Our liability for this Covered Risk is limited to the extent of the violation stated in that notice.

- 13. Your Title is lost or taken because of a violation of any covenant, condition or restriction, which occurred before You acquired Your Title, even if the covenant, condition or restriction is excepted in Schedule B.
- 14. The violation or enforcement of those portions of any law or government regulation concerning:
  - a. building;
  - b. zoning;
  - c. land use;
  - d. improvements on the Land;
  - e. land division; or
  - f. environmental protection,

if there is a notice recorded in the Public Records, describing any part of the Land, claiming a violation exists or declaring the intention to enforce the law or regulation. Our liability for this Covered Risk is limited to the extent of the violation or enforcement stated in that notice.

- 15. An enforcement action based on the exercise of a governmental police power not covered by Covered Risk 14 if there is a notice recorded in the Public Records, describing any part of the Land, of the enforcement action or intention to bring an enforcement action. Our liability for this Covered Risk is limited to the extent of the enforcement action stated in that notice.
- 16. Because of an existing violation of a subdivision law or regulation affecting the Land:
  - a. You are unable to obtain a building permit.
  - b. You are required to correct or remove the violation; or
  - c. someone else has a legal right to, and does, refuse to perform a

contract to purchase the Land, lease it or make a Mortgage loan on it.

The amount of Your insurance for this Covered Risk is subject to Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.

- 17. You lose Your Title to any part of the Land because of the right to take the Land by condemning it, if:
  - a. there is a notice of the exercise of the right recorded in the Public Records and the notice describes any part of the Land; or
  - b. the taking happened before the Policy Date and is binding on You if You bought the Land without Knowing of the taking.

Copyright 2006-2010 American Land Title Association. All rights reserved.

The use of this Form is restricted to ALTA licensees and ALTA members in good standing as of the date of use. All other uses are prohibited. Reprinted under license from the American Land Title Association.

- 18. You are forced to remove or remedy Your existing structures, or any part of them – other than boundary walls or fences – because any portion was built without obtaining a building permit from the proper government office. The amount of Your insurance for this Covered Risk is subject to Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.
- 19. You are forced to remove or remedy Your existing structures, or any part of them, because they violate an existing zoning law or zoning regulation. If You are required to remedy any portion of Your existing structures, the amount of Your insurance for this Covered Risk is subject to Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.
- 20. You cannot use the Land because use as a single-family residence violates an existing zoning law or zoning regulation.
- 21. You are forced to remove Your existing structures because they encroach onto Your neighbor's land. If the encroaching structures are boundary walls or fences, the amount of Your insurance for this Covered Risk is subject to Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.
- 22. Someone else has a legal right to, and does, refuse to perform a contract to purchase the Land, lease it or make a Mortgage loan on it because Your neighbor's existing structures encroach onto the Land.
- 23. You are forced to remove Your existing structures which encroach onto an easement or over a building set-back line, even if the easement or building set-back line is excepted in Schedule B.
- 24. Your existing structures are damaged because of the exercise of a right to maintain or use any easement affecting the Land, even if the easement is excepted in Schedule B.

#### We will defend Your Title in any legal action only as to that part of the action which is based on a Covered Risk and which is not excepted or excluded from coverage in this Policy. We will pay the costs, attorneys' fees, and expenses We incur in that defense.

We will not pay for any part of the legal action which is not based on a Covered Risk or which is excepted or excluded from coverage in this Policy.

In addition to the Exceptions in Schedule B, You are not insured against loss, costs, attorneys' fees, and expenses resulting from:

- 1. Governmental police power, and the existence or violation of those portions of any law or government regulation concerning:
  - a. building;
  - b. zoning;
  - c. land use;
  - d. improvements on the Land;
  - e. land division; and
  - f. environmental protection.

This Exclusion does not limit the coverage described in Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23 or 27.

- 2. The failure of Your existing structures, or any part of them, to be constructed in accordance with applicable building codes. This Exclusion does not limit the coverage described in Covered Risk 14 or 15.
- 3. The right to take the Land by condemning it. This Exclusion does not limit the coverage described in Covered Risk 17.

- 25. Your existing improvements (or a replacement or modification made to them after the Policy Date), including lawns, shrubbery or trees, are damaged because of the future exercise of a right to use the surface of the Land for the extraction or development of minerals, water or any other substance, even if those rights are excepted or reserved from the description of the Land or excepted in Schedule B.
- 26. Someone else tries to enforce a discriminatory covenant, condition or restriction that they claim affects Your Title which is based upon race, color, religion, sex, handicap, familial status, or national origin.
- 27. A taxing authority assesses supplemental real estate taxes not previously assessed against the Land for any period before the Policy Date because of construction or a change of ownership or use that occurred before the Policy Date.
- 28. Your neighbor builds any structures after the Policy Date other than boundary walls or fences which encroach onto the Land.
- 29. Your Title is unmarketable, which allows someone else to refuse to perform a contract to purchase the Land, lease it or make a Mortgage loan on it.
- 30. Someone else owns an interest in Your Title because a court order invalidates a prior transfer of the title under federal bankruptcy, state insolvency, or similar creditors' rights laws.
- 31. The residence with the address shown in Schedule A is not located on the Land at the Policy Date.
- 32. The map, if any, attached to this Policy does not show the correct location of the Land according to the Public Records.

## OUR DUTY TO DEFEND AGAINST LEGAL ACTIONS

**EXCLUSIONS** 

We can end Our duty to defend Your Title under Section 4 of the Conditions.

#### THIS POLICY IS NOT COMPLETE WITHOUT SCHEDULES A AND B

# 4. Risks:

- a. that are created, allowed, or agreed to by You, whether or not they are recorded in the Public Records;
- b. that are Known to You at the Policy Date, but not to Us, unless they are recorded in the Public Records at the Policy Date;
- c. that result in no loss to You; or
- d.. that first occur after the Policy Date this does not limit the coverage described in Covered Risk 7, 8.e, 25, 26, 27 or 28.
- 5. Failure to pay value for Your Title.
- 6. Lack of a right:
  - a. to any land outside the area specifically described and referred to in paragraph 3 of Schedule A; and
  - b. in streets, alleys, or waterways that touch the Land.

This Exclusion does not limit the coverage described in Covered Risk 11 or 21.

7. The transfer of the Title to You is invalid as a preferential transfer or as a fraudulent transfer or conveyance under federal bankruptcy, state insolvency, or similar creditors' rights laws.

## CONDITIONS

#### 1. DEFINITIONS

Copyright 2006-2010 American Land Title Association. All rights reserved.

The use of this Form is restricted to ALTA licensees and ALTA members in good standing as of the date of use. All other uses are prohibited. Reprinted under license from the American Land Title Association.

AMERICAN

- a.  $\underline{\text{Easement}}$  the right of someone else to use the Land for a special purpose.
- <u>Estate Planning Entity</u> A legal entity or Trust established by a Natural Person for estate planning.
- c. <u>Known</u> things about which You have actual knowledge. The words "Know" and "Knowing" have the same meaning as Known.
- d. <u>Land</u> the land or condominium unit described in paragraph 3 of Schedule A and any improvements on the Land which are real property.
- e. <u>Mortgage</u> a mortgage, deed of trust, trust deed or other security instrument.
- f. <u>Natural Person</u> a human being, not a commercial or legal organization or entity. Natural Person includes a trustee of a Trust even if the trustee is not a human being.
- g. <u>Policy Date</u> the date and time shown in Schedule A. If the insured named in Schedule A first acquires the interest shown in Schedule A by an instrument recorded in the Public Records later than the date and time shown in Schedule A, the Policy Date is the date and time the instrument is recorded.
- h. <u>Public Records</u> records that give constructive notice of matters affecting Your Title, according to the state statutes where the Land is located.
- i. <u>Title</u> the ownership of Your interest in the Land, as shown in Schedule A.
- j. <u>Trust</u> a living trust established by a Natural Person for estate planning.
- k. <u>We/Our/Us</u> Stewart Title Guaranty Company.
- 1. <u>You/Your</u> the insured named in Schedule A and also those identified in Section 2.b. of these Conditions.

#### 2. CONTINUATION OF COVERAGE

- a. This Policy insures You forever, even after You no longer have Your Title. You cannot assign this Policy to anyone else.
- b. This Policy also insures:

#### CONDITIONS (Continued)

- (1) anyone who inherits Your Title because of Your death;
- Your spouse who receives Your Title because of dissolution of Your marriage;
- (3) the trustee or successor trustee of a Trust or any Estate Planning Entity to whom You transfer Your Title after the Policy Date;
- (4) the beneficiaries of Your Trust upon Your death; or
- (5) anyone who receives your Title by a transfer effective on Your death as authorized by law.
- c. We may assert against the insureds identified in Section 2.b. any rights and defenses that We have against any previous insured under this Policy.

#### 3. HOW TO MAKE A CLAIM

- a. <u>Prompt Notice Of Your Claim</u>
  - (1) As soon as You Know of anything that might be covered by this Policy, You must notify Us promptly in writing.
  - (2) Send Your notice to Stewart Title Guaranty Company, P.O. Box 2029, Houston, Texas 77252-2029, Attention: Claims Department. Please include the Policy number shown in Schedule A, and the county and state where the Land is located. Please enclose a copy of Your policy, if available.
  - (3) If You do not give Us prompt notice, Your coverage will be reduced or ended, but only to the extent Your failure affects Our ability to resolve the claim or defend You.
- b. Proof Of Your Loss
  - (1) We may require You to give Us a written statement signed by You describing Your loss which includes:

- (a) the basis of Your claim;
- (b) the Covered Risks which resulted in Your loss;
- (c) the dollar amount of Your loss; and
- (d) the method You used to compute the amount of Your loss.
- (2) We may require You to make available to Us records, checks, letters, contracts, insurance policies and other papers which relate to Your claim. We may make copies of these papers.
- (3) We may require You to answer questions about Your claim under oath.
- (4) If you fail or refuse to give Us a statement of loss, answer Our questions under oath, or make available to Us the papers We request, Your coverage will be reduced or ended, but only to the extent Your failure or refusal affects Our ability to resolve the claim or defend You.

#### 4. OUR CHOICES WHEN WE LEARN OF A CLAIM

- a. After We receive Your notice, or otherwise learn, of a claim that is covered by this Policy, Our choices include one or more of the following:
  - (1) Pay the claim;
  - (2) Negotiate a settlement;
  - (3) Bring or defend a legal action related to the claim;
  - (4) Pay You the amount required by this Policy;
  - (5) End the coverage of this Policy for the claim by paying You Your actual loss resulting from the Covered Risk, and those costs, attorneys' fees and expenses incurred up to that time which We are obligated to pay;

(6) End the coverage described in Covered Risk 16, 18, 19 or 21 by paying You the amount of Your insurance then in force for the particular Covered Risk, and those costs, attorneys' fees and expenses incurred up to that time which We are obligated to pay;

- (7) End all coverage of this Policy by paying You the Policy Amount then in force, and those costs, attorneys' fees and expenses incurred up to that time which We are obligated to pay;
- (8) Take other appropriate action.
- b. When We choose the options in Sections 4.a. (5), (6) or (7), all Our obligations for the claim end, including Our obligation to defend, or continue to defend, any legal action.
- c. Even if We do not think that the Policy covers the claim, We may choose one or more of the options above. By doing so, We do not give up any rights.

#### 5. HANDLING A CLAIM OR LEGAL ACTION

- a. You must cooperate with Us in handling any claim or legal action and give Us all relevant information.
- b. If You fail or refuse to cooperate with Us, Your coverage will be reduced or ended, but only to the extent Your failure or refusal affects Our ability to resolve the claim or defend You.
- c. We are required to repay You only for those settlement costs, attorneys' fees and expenses that We approve in advance.
- d. We have the right to choose the attorney when We bring or defend a legal action on Your behalf. We can appeal any decision to the highest level.

Copyright 2006-2010 American Land Title Association. All rights reserved.

The use of this Form is restricted to ALTA licensees and ALTA members in good standing as of the date of use. All other uses are prohibited. Reprinted under license from the American Land Title Association.

We do not have to pay Your claim until the legal action is finally decided.

e. Whether or not We agree there is coverage, We can bring or defend a legal action, or take other appropriate action under this Policy. By doing so, We do not give up any rights.

#### 6. LIMITATION OF OUR LIABILITY

- a. After subtracting Your Deductible Amount if it applies, We will pay no more than the least of:
  - (1) Your actual loss;
  - (2) Our Maximum Dollar Limit of Liability then in force for the particular Covered Risk, for claims covered only under Covered Risk 16, 18, 19 or 21; or
  - (3) the Policy Amount then in force.

and any costs, attorneys' fees and expenses that We are obligated to pay under this Policy.

- b. If We pursue Our rights under Sections 4.a.(3) and 5.e. of these Conditions and are unsuccessful in establishing the Title, as insured:
  - (1) the Policy Amount then in force will be increased by 10% of the Policy Amount shown in Schedule A, and
  - (2) You shall have the right to have the actual loss determined on either the date the claim was made by You or the date it is settled and paid.
- c. (1) If We remove the cause of the claim with reasonable diligence after receiving notice of it, all Our obligations for the claim end, including any obligation for loss You had while We were removing the cause of the claim.
  - (2) Regardless of 6.c.(1) above, if You cannot use the Land because of a claim covered by this Policy:
    - (a) You may rent a reasonably equivalent substitute residence and We will repay You for the actual rent You pay, until the earlier of:
      - (i) the cause of the claim is removed; or
      - (ii) We pay You the amount required by this Policy. If Your claim is covered only under Covered Risk 16, 18, 19 or 21, that payment is the amount of Your insurance then in force for the particular Covered Risk.
    - (b) We will pay reasonable costs You pay to relocate any personal property You have the right to remove from the Land, including transportation of that personal property for up to twenty-five (25) miles from the Land, and repair of any damage to that personal property because of the relocation. The amount We will pay You under this paragraph is limited to the value of the personal property before You relocate it.
- d. All payments We make under this Policy reduce the Policy Amount, then in force, except for costs, attorneys' fees and expenses. All payments We make for claims which are covered only under Covered Risk 16, 18, 19 or 21 also reduce Our Maximum Dollar Limit of Liability for the particular Covered Risk, except for costs, attorneys' fees and expenses.
- e. If We issue, or have issued, a Policy to the owner of a Mortgage that is on Your Title and We have not given You any coverage against the Mortgage, then:
  - (1) We have the right to pay any amount due You under this Policy to the owner of the Mortgage, and any amount paid shall be treated as a

payment to You under this Policy, including under Section 4.a. of these Conditions;

- (2) Any amount paid to the owner of the Mortgage shall be subtracted from the Policy Amount then in force; and
- (3) If Your claim is covered only under Covered Risk 16, 18, 19 or 21, any amount paid to the owner of the Mortgage shall also be subtracted from Our Maximum Dollar Limit of Liability for the particular Covered Risk.
- f. If You do anything to affect any right of recovery You may have against someone else, We can subtract from Our liability the amount by which You reduced the value of that right.

#### 7. TRANSFER OF YOUR RIGHTS TO US

- a. When We settle Your claim, We have all the rights and remedies You have against any person or property related to the claim. You must not do anything to affect these rights and remedies. When We ask, You must execute documents to evidence the transfer to Us of these rights and remedies. You must let Us use Your name in enforcing these rights and remedies.
- b. We will not be liable to You if We do not pursue these rights and remedies or if We do not recover any amount that might be recoverable.
- c. We will pay any money We collect from enforcing these rights and remedies in the following order:
  - (1) to Us for the costs, attorneys' fees and expenses We paid to enforce these rights and remedies;
  - (2) to You for Your loss that You have not already collected;
  - (3) to Us for any money We paid out under this Policy on account of Your claim; and
  - (4) to You whatever is left.
- d. If You have rights and remedies under contracts (such as indemnities, guaranties, bonds or other policies of insurance) to recover all or part of Your loss, then We have all of those rights and remedies, even if those contracts provide that those obligated have all of Your rights and remedies under this Policy.

#### 8. THIS POLICY IS THE ENTIRE CONTRACT

This Policy, with any endorsements, is the entire contract between You and Us. To determine the meaning of any part of this Policy, You must read the entire Policy and any endorsements. Any changes to this Policy must be agreed to in writing by Us. Any claim You make against Us must be made under this Policy and is subject to its terms.

#### 9. INCREASED POLICY AMOUNT

This Policy Amount then in force will increase by ten percent (10%) of the Policy Amount shown in Schedule A each year for the first five years following the Policy Date shown in Schedule A, up to one hundred and fifty percent (150%) of the Policy Amount shown in Schedule A. The increase each year will happen on the anniversary of the Policy Date shown in Schedule A.

#### **10. SEVERABILITY**

If any part of this Policy is held to be legally unenforceable, both You and We can still enforce the rest of this Policy.

#### 11. ARBITRATION

- a. If permitted in the state where the Land is located, You or We may demand arbitration.
- b. The law used in the arbitration is the law of the state where the Land is located.

Copyright 2006-2010 American Land Title Association. All rights reserved.

The use of this Form is restricted to ALTA licensees and ALTA members in good standing as of the date of use. All other uses are prohibited. Reprinted under license from the American Land Title Association.

- c. The arbitration shall be under the Title Insurance Arbitration Rules of the American Land Title Association ("Rules"). You can get a copy of the Rules from us.
- d. Except as provided in the Rules, You cannot join or consolidate Your claim or controversy with claims or controversies of other persons.
- e. The arbitration shall be binding on both You and Us. The arbitration shall decide any matter in dispute between You and Us.
- f. The arbitration award may be entered as a judgment in the proper court.

#### 12. CHOICE OF LAW

The law of the state where the Land is located shall apply to this policy.

**Copyright 2006-2010 American Land Title Association. All rights reserved.** The use of this Form is restricted to ALTA licensees and ALTA members in good standing as of the date of use. All other uses are prohibited. Reprinted under license from the American Land Title Association.

Stewart Title Guaranty Company TitleOne Corporation dba Sun Valley Title

By:

Nick Busdon, Authorized Signatory

# SCHEDULE B, PART I Requirements

All of the following Requirements must be met:

1. The Proposed Insured must notify the Company in writing of the name of any party not referred to in this Commitment who will obtain an interest in the Land or who will make a loan on the Land. The Company may then make additional Requirements or Exceptions.

2. Pay the agreed amount for the estate or interest to be insured.

3. Pay the premiums, fees, and charges for the Policy to the Company.

4. Documents satisfactory to the Company that convey the Title or create the Mortgage to be insured, or both, must be properly authorized, executed, delivered, and recorded in the Public Records.

5. NOTE: According to the available records, the purported address of said land is:

200 N Leadville Ave, Ketchum, ID 83340

6. Necessary conveyance to the proposed insured.

7. The Company will require a copy of the Articles of Organization, Operating Agreement, and other related documents for 755 Broadway LLC showing the power and authority of the party or parties who plan to execute the forthcoming conveyance or mortgage on behalf of said limited liability company.

8. Note: In the event this transaction fails to close, or this commitment is cancelled, a cancellation fee will be charged to comply with the State of Idaho Department of Insurance regulations.

9. The Company will require delivery of and approval by the Company of an Indemnity and Affidavit as to Debts, Liens and Possession, prior to the issuance of the policy.

10. The Company will require delivery of and approval by the Company of a properly executed, Lien Subordination by Burks Excavation if building demo will take place prior to closing.

# <u>SCHEDULE B, PART II</u>

# **Exceptions from Coverage**

# THIS COMMITMENT DOES NOT REPUBLISH ANY COVENANT, CONDITION, RESTRICTION, OR LIMITATION CONTAINED IN ANY DOCUMENT REFERRED TO IN THIS COMMITMENT TO THE EXTENT THAT THE SPECIFIC COVENANT, CONDITION, RESTRICTION, OR LIMITATION VIOLATES STATE OR FEDERAL LAW BASED ON RACE, COLOR, RELIGION, SEX, SEXUAL ORIENTATION, GENDER IDENTITY, HANDICAP, FAMILIAL STATUS, OR NATIONAL ORIGIN.

The Policy will not insure against loss or damage resulting from the terms and provisions of any lease or easement identified in Schedule A, and will include the following Exceptions unless cleared to the satisfaction of the Company. If the Company's requirements are satisfied, Exceptions 1 through 7 will be removed on Enhanced/Extended coverage policies.

Exceptions:

1. Any defect, lien, encumbrance, adverse claim, or other matter that appears for the first time in the Public Records or is created, attaches, or is disclosed between the Commitment Date and the date on which all of the Schedule B, Part I—Requirements are met.

2. Rights or claims of parties in possession not shown by the public records.

3. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land, and that is not shown by the Public Records.

4. Easements, or claims of easements, not shown by the public records.

5. Any lien, or right to a lien, for services, labor, or materials heretofore or hereafter furnished, imposed by law and not shown by the public records.

6. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims to title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the public records.

7. Taxes or special assessments which are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the public records. Proceedings by a public agency which may result in taxes or assessments, or notices to such proceedings whether or not shown by the records of such agency, or by the public records.

8. Taxes for the year 2019 are paid in full. Parcel Number: RPK00000230010 Original Amount: \$5,449.28 Without homeowner's exemption

9. Taxes, including any assessments collected therewith, for the year 2020 which are a lien not yet due and payable.

10. Water and sewer charges, if any, for the City of Ketchum.

11. Easements, reservations, restrictions, and dedications as shown on the official plat of Ketchum Townsite.

12. Reservations and exceptions in a United States Patent, and in the act authorizing the issuance thereof, recorded April 12, 1937 as Instrument No. <u>75052</u>.

13. Right of way for ditches, tunnels, telephone, and distribution lines constructed by authority of the United States, as granted to the United States under the provisions of Section 58-604 Idaho Code.

(End of Exceptions)

# DECLARATION AND COVENANTS, CONDITIONS, RESTRICTIONS AND RESERVATIONS FOR:

# 208 N. LEADVILLE CONDOMINUMS, A CONDOMINIUM

Pursuant to the Idaho Condominium Property Act ("The Act"), Idaho Code 55-1501 et seq, defined in Section 1.8.1 and for the purpose of submitting the Property hereinafter described to the provisions of said Act, the undersigned, being sole owner(s), lessee(s) or possessor(s) of said Property, make the following Declaration. By acceptance of a conveyance, contract for sale, lease, rental agreement, or any form of security agreement or instrument, or any privileges of use or enjoyment, respecting the Property or any Unit in the Condominium created by this Declaration, it is agreed that this Declaration, together with the Survey Map and Plans referred to herein, states covenants, conditions, restrictions, and reservations effecting a common plan for the Condominium development mutually beneficial to all of the described Units, and that the covenants, conditions, restrictions, reservations and plan are binding upon the entire Condominium and upon each such Unit as a parcel of realty, and upon its owners or possessors, and their heirs, personal representatives, successors and assigns, through all successive transfers of all or part of the Condominium or any security interests therein, without requirement of further specific reference or inclusion in deeds, contracts or security instruments and regardless of any subsequent forfeitures, foreclosures, or sales of Units under security instruments.

The name of this Condominium is 208 Condominiums, A Condominium.

# Article 1 INTERPRETATION

1.1 <u>Liberal Construction.</u> The provisions of this Declaration shall be liberally construed to effectuate its purpose of creating a uniform plan for the development and operation of this Condominium under the provisions of Idaho law. It is intended and covenanted also that, insofar as it affects this Declaration and Condominium, the provisions of the Act under which this Declaration is operative, shall be liberally construed to effectuate the intent of this Declaration insofar as reasonably possible.

1.2 <u>Consistent with Act.</u> The terms used herein are intended to have the same meaning given in the Act unless the context clearly requires otherwise or to so define the terms would produce an **illegal** or improper result. This condominium project has been created and exists in full compliance with Idaho state law requirements for condominiums and all other applicable law and regulations.

1.3 <u>Covenant Running with Land.</u> It is intended that this Declaration shall be operative as a set of covenants running with the land, or equitable servitudes, binding on

its successors and assigns, all subsequent Owners of the Property, together with their grantees, successors, heirs, executors, administrators, devises, or assigns, supplementing and interpreting the Act, and operating independently of the Act should the Act be, in any respect, inapplicable.

1.4 <u>Percent of Owners or Mortgagees.</u> For purposes of determining the percentage of Owners or Mortgagees, or percentage of voting power for, approving a proposed decision or course of action in cases where an Owner owns, or a Mortgagee holds Mortgages on, more than one Unit, such owner shall be deemed a separate Owner for each such Unit so owned and such Mortgagee shall be deemed a separate Mortgagee for each such first Mortgage so held.

1.5 <u>Declarant Is Original Owner.</u> Declarant is the original Owner of all Units and Property and will continue to be deemed the Owner thereof except as conveyances or documents changing such ownership regarding specifically described Units are recorded.

1.6 <u>Captions and Exhibits.</u> Captions given to the various Articles and Sections herein are for convenience only and are not intended to modify or affect the meaning of any of the substantive provisions hereof. The various exhibits referred to herein and attached hereto shall be deemed incorporated herein by reference as though fully set forth where such reference is made.

1.7 Inflationary Increase in Dollar Limits. Any dollar amounts specified in this Declaration in connection with any proposed action or decision of the Board or Association may, in the discretion of the Board, be increased proportionately by the increase in the consumer price index for the city of Ketchum, Idaho, or the consumer price index that is tied to the Ketchum/Sun Valley, Idaho area, for All Urban Consumers, prepared by the United States Department of Labor for the base period, January 7<sup>st</sup> of the calendar year following the year in which the Declaration was recorded, to adjust for any deflation in the value of the dollar.

# 1.8 Definitions

1.8.1 <u>"". The Act"</u> means Idaho Code 55-1501 et seq.

1.8.2 <u>"Allocated Interest"</u> means those undivided interests in the Common Elements, the Common Expense Liability, and votes in the Association allocated to each Unit more particularly provided for in Article 8 and as shown in Exhibit C.

1.8.3 <u>"Assessment"</u> means all sums chargeable by the Association against a Unit including, without limitation: (a) regular and special Assessments for Common Expenses, charges, and fines imposed by the Association; (b) interest and late charges on any delinquent account; and (c) costs of collection, including reasonable attorneys' fees, incurred by the Association in connection with the collection of a delinquent Owner's account.

1.8.4 <u>"Association"</u> means all of the Owners acting as a group in accordance with the Bylaws and with this Declaration as it is duly recorded and as they may be lawfully amended, which Association is more particularly provided for in Article 9.

1.8.5 <u>"Board"</u> means the board of directors of the Association provided for in Section 10.3.

1.8.6 <u>"Books and Records of the Association"</u> shall be given the broadest possible meaning and shall include, without limitation, exception or qualification, the following:

(a) Declaration, Survey Map and Plans, Articles of Incorporation, Bylaws and other rules and regulations governing the Condominium (or any part thereof), and all amendments thereto;

(b) minute books, including all minutes, of all Owner, Board, Officer, Committee or other meetings relating to the Condominium (or any part thereof), including all reports, documents, communications or written instruments attached thereto or referenced therein);

(c) all financial records, including without limitation canceled checks, bank statements, and financial statements of the Association and source documents from the time of incorporation of the Association through the current date;

(d) all reports, documents, communications, or written instruments pertaining to the personal property of the Association or the Condominium (or any part thereof);

(e) all reports, documents, communications, written instruments, plans, and specifications pertaining to the construction, remodeling, maintenance, repair, replacement, or condition of the Condominium (or any part thereof);

(t) all insurance policies or copies thereof for the Condominium (or any part thereof) and Association;

(g) copies of any certificates of occupancy that may have been issued for the Condominium (or any part thereof);

(h) any other permits or notices issued by governmental bodies applicable to the Condominium (or any part thereof) in force or issued;

(i) all written warranties that are still in effect for the Condominium (or any part thereof), or any other area or facilities which the Association has the responsibility to maintain and repair, from the Declarant, contractor, subcontractors, suppliers, and manufacturers, together with all owners' manuals or instructions furnished with respect to installed equipment or building systems;

G) a roster of Owners, Officers and Board members and eligible mongooses and their addresses and telephone numbers, if known;

(k) any leases of the Common Elements or areas and other leases to which the Association is a party; any employment, service, consultation, professional or other contracts in which the Association, Board or Officer is one of the contracting parties, or in which the Association or the Owners have an obligation or a responsibility, directly or indirectly, to pay some or all of the fee or charge, or which in any way relate to the Condominium (or any part thereof);

(1) all reports, documents, communications, or written instruments pertaining to any litigation or other legal or mediation/arbitration proceeding (whether pending, threatened, or under consideration) to which the Association (or Board, Officer, or Owner) is or may be a party, or which may relate to or affect the Condominium (or any part thereof), and

(m) all other all reports, documents, communications, or written instruments in any way relating to or affecting the Association, Board, Officers, Owners, or the Condominium (or any part thereof).

1.8.7 <u>"Bylaws"</u> shall mean the Bylaws of the Association provided for in Article 9.

1.8.8 <u>"Common Elements"</u> means all portions of the Condominium other than the Units.

1.8.9 <u>"Common Expenses"</u> means expenditures made by or financial liabilities of the Association, together with any allocations to reserves.

1.8.10 <u>"Common Expense Liability"</u> means the liability for Common Expenses allocated to each Unit pursuant to Article 8.

1.8.11 <u>"Condominium"</u> means the condominium created by this Declaration and related Survey Map and Plans pursuant to the Act.

1.8.12 <u>"Conveyance"</u> means any transfer of the ownership of a Unit, including a transfer by deed or by real estate contract and with respect to a Unit in a

leasehold condominium, a transfer by lease or assignment thereof, but shall not include a transfer solely for security.

1.8.13 <u>"Declarant</u>" means any person or group of persons acting in concert who (a) executed as Declarant this Declaration; or (b) reserves or succeeds to any Special Declarant Right under the Declaration.

1.8.14 <u>"Declarant Control"</u> means the right, if expressly reserved by this Declaration, of the Declarant or persons designated by the Declarant to appoint and remove Association officers and Board members, or to veto or approve a proposed action of the Board or Association; provided, in no event shall exercising the voting rights allocated to a Unit or Units owned by the Declarant or Declarant's affiliates be deemed "Declarant Control".

1.8.15 <u>"Declaration"</u> means this Declaration and any amendments thereto.

1.8.16 <u>"Development Rights"</u> means any right, if expressly reserved by the Declarant in this Declaration to: (a) add real property or improvements to the Condominium; (b) create Units, Common Elements, within real property included or added to the Condominium; (c) subdivide Units or convert Units into Common Elements;
(d) withdraw real property from the Condominium; or (e) reallocate Common Elements with respect to Units that have not been conveyed by the Declarant.

1.8.17 <u>"Dispose"</u> or <u>"Disposition"</u> means a voluntary transfer or conveyance to a purchaser or lessee of any legal or equitable interest in a Unit but does not include the transfer or release of a security interest.

1.8.18 <u>"Eligible Mortgagee"</u> means a mortgagee of a Unit or the Mortgagee of the Condominium that has filed with the secretary of the Association a written request that it be given copies of notices of any action by the Association that requires the consent of Mortgagees.

1.8.19 <u>"Foreclosure"</u> means a forfeiture or judicial or nonjudicial foreclosure of a Mortgage or a deed in lieu thereof.

1.8.20 <u>"Identifying Number"</u> means the designation of each Unit in a Condominium.

1.8.21 <u>"Interior Surfaces"</u> (where that phrase is used in defining the boundaries of Common Elements) shall not include paint, paneling, and other such finished surface coverings. Said finished coverings, along with fixtures and other tangible personal property located in and used in connection with said Common Element, shall be deemed a part of said Common Element.

1.8.22 "Limited Common Element" means a portion of the Common Elements allocated by this Declaration (or by subsequent amendments thereto) or by operation of law for the exclusive use of one or more but fewer than all of the Units as provided in Article 7.

1.8.23 <u>"'Manager"</u> means the person retained by the Board to perform such management and administrative functions and duties with respect to the Condominium as are delegated to such person and as are provided in a written agreement between such person and the Association.

1.8.24 <u>"Mortgage"</u> means a mortgage or deed of trust that creates a lien against a Unit and also means a real estate contract for the sale of a Unit.

1.8.25 <u>"Mortgagee</u>" means the beneficial owner, or the designee of the beneficial owner, of an encumbrance on a Unit created by mortgage or deed of trust and shall also mean the vendor, or the designee of a vendor, of a real estate contract for the sale of a Unit. A Mortgagee of the Condominium and a Mortgagee of a Unit are included within the definition of Mortgagee.

1.8.26 <u>"Mortgage of a Unit"</u> means the holder of a Mortgage on a Unit, which mortgage was recorded simultaneous with or after the recordation of this Declaration. Unless the context requires otherwise, the term "Mortgagee of a Unit" shall also be deemed to include the Mortgagee of the Condominium.

1.8.27 <u>"Mortgagee of the Condominium"</u> means the holder of a Mortgage on the Property which this Declaration affects, which Mortgage was either recorded prior to the recordation of this Declaration; or was recorded against all Units after the recordation of this Declaration but prior to the recorded conveyance of any Unit. The term "Mortgagee of the Condominium" does not include Mortgagees of the individual Units.

1.8.28 <u>"Person"</u> means a natural person, corporation, partnership, limited partnership, trust, governmental subdivision or agency, or other legal entities.

1.8.29 <u>"Property"</u> or <u>"Real Property"</u> means any fee, leasehold or other estate or interest in, over, or under the land described in Exhibit A, including buildings, structures, fixtures, and other improvements thereon and easements, rights and interests appurtenant thereto which by custom, usage, or law pass with a conveyance of land although not described in the contract of sale or instrument of conveyance. "Property" included parcels, with or without upper or lower boundaries, and spaces that may be filled with air or water, and personally intended for use in connection therewith.

1.8.30 <u>"Purchaser"</u> means any person, other than Declarant, who by means of a disposition acquires a legal or equitable interest in a Unit other than (a) a leasehold interest including renewal options, of less than twenty years at the time of creation of the

Unit, or (b) as security for an obligation.

1.8.31 <u>"Renting or Leasing"</u> a Unit means the granting of a right to use or occupy a Unit, for a specified term or indefinite term (with rent reserved on a periodic basis), in exchange for the payment of rent (that is, money, property or other goods or services of value); but shall not mean and include joint ownership of a Unit by means of joint tenancy, tenancy-in-common or other forms of co-ownership.

1.8.32 <u>"Residential Purposes"</u> means use for dwelling or recreational purposes, or both.

1.8.33 <u>"Special Declarant Rights"</u> means rights, if expressly reserved in this Declaration for the benefit of Declarant to:

(a) complete improvements indicated on Survey Maps and Plans filed with the Declaration under the Act

(b) exercise any Development Right under Section 23.2;

(c) maintain sales offices, management offices, signs advertising the Condominium, and models under Section 23.1.2;

(d) use easements through the Common Elements for the purpose of making improvements within the Condominium or within real property which may be added to the Condominium;

make the Condominium part of a larger Condominium or a development under the Act

(e) make the Condominium subject to a master association under the Act; or

1.8.34 <u>"Survey Map and Plans"</u> means the survey map and the plans recorded simultaneously with this Declaration and any amendments, corrections, and addenda thereto subsequently recorded.

1.8.35 <u>"Unit"</u> means a portion of the Condominium designated for separate ownership, the boundaries of which are described pursuant to Article 4.

1.8.36 <u>"Unit Owner"</u> means, subject to Section 1.9.5, a Declarant or other person who owns a Unit but does not include a person who has an interest in a Unit solely as security for an obligation; or is merely "renting" or "leasing" a Unit as defined in Section 1.8.3 1. "Unit Owner" means the vendee, not the vendor, of a Unit under a real estate contract, as well as any Mortgagee entitled to exercise a vote under Section 9.3.5.

1.9 <u>Construction and Validity</u>

1.9.1 All provisions of the Declaration and Bylaws are severable.

1.9.2 The rule against perpetuities may not be applied to defeat any provision of the Declaration, Bylaws, rules, or regulations adopted pursuant to the Act

1.9.3 In the event of a conflict between the provisions of the Declaration and the Bylaws, the Declaration prevails except to the extent the Declaration is inconsistent with the Act.

1.9.4 The creation of this Condominium shall not be impaired and title to the Unit and Common Elements shall not be rendered unmarketable or otherwise affected by reason of an insignificant failure of the Declaration or Survey Map and Plans or any amendment thereto to comply with the Act.

1.9.5 If the Declaration or Bylaws now or hereafter provide that any officers or directors of the Association must be Unit Owners, then notwithstanding the definition contained in Section 1.8.35, the tern "Unit Owner" in such context shall, unless the Declaration or Bylaws otherwise provide, be deemed to include any director, officer, partner in, or trustee of any person, who is, either alone or in conjunction with another person or persons, a Unit Owner. Any officer or director of the Association who would not be eligible to serve as such if he or she were not a director, officer, partner in, or trustee of such a person shall be disqualified from continuing in office if he or she ceases to have any such affiliation with that person, or if that person would have been disqualified from continuing in such office as a natural person.

# Article2 DESCRIPTION OF REAL PROPERTY

The Real Property included in the Condominium is described in Exhibit A attached hereto.

# Article 3 DESCRIPTION OF UNITS

There may be as many as ten (10) Units created in this condominium which shall not be created in phases. Exhibit B attached hereto sets forth the following:

3.1 <u>Unit Number.</u> The Identifying Number of Each Unit created by the Declaration.

3.2 <u>Unit Description.</u> With respect to each existing Unit:

- 3.2.1 The approximate square footage.
- 3.2.2 The number of bathrooms, bedrooms and fireplaces within a Unit.

3.2.3 Access to Common Ways and Public Streets. Each Unit has direct access to Common Area parking areas and/or driveways, and all such Common Areas have direct access to public streets.

## Article 4 BOUNDARIES

4.1 <u>Unit Boundaries.</u> Units shall include any improvements now or hereafter located within said space.

4.2 <u>Monuments as Boundaries.</u> Any physical boundaries of a Unit constructed in substantial accordance with the original Survey Map and Plans thereof become its boundaries rather than the bounds expressed in the Survey Map and Plans, regardless of settling or lateral movements of the said physical boundaries or minor variances between boundaries shown on the Survey Map and Plans and those of any said physical boundaries. This Section does not relieve Declarant or any other person of liability for failure to adhere to the Survey Map and Plans.

# 4.3 <u>Relocation of Boundaries, Adjoining Units.</u>

4.3.1 <u>In General</u>. Subject to the provisions of the Declaration and other provisions of law, the boundaries between adjoining Units may only be relocated by an amendment to the Declaration upon application to the Association by the Owners of those Units. If the Owners of the adjoining Units have specified a reallocation between their Units of their Allocated Interests, the application must state the proposed reallocations. Unless the Board determines within thirty days that the reallocations are unreasonable, the Association shall prepare an amendment that identifies the Units involved, states the reallocations, is executed by those Unit owners, contains words or conveyance between them and is recorded in the name of the grantor and the grantee.

4.3.2 <u>Survey Map and Plans.</u> The Association shall obtain and record Survey Maps or Plans complying with the requirements of the Act necessary to show the altered boundaries between adjoining Units and their dimensions and Identifying Numbers.

# Article S DESCRIPTION OF OTHER IMPROVEMENTS

Within the condominium and within the common elements, there has been constructed parking areas and landscape for the benefit of the Unit owners.

# Article 6 DESCRIPTION OF COMMON ELEMENTS

Except as otherwise specifically allocated by the Provisions of Article 7 or other provisions of this Declaration or amendments hereto, the Common Elements consist of all portions of the Condominium except Units and include the following:

6.1 The Real Property described in Exhibit A, and improvements thereto, which are not part of a Unit.

6.2 Installations of utility services such as power, light, telephone, and in general all apparatus and installations existing for common use, including but not limited to, installed sanitary sewer systems.

6.3 The driving areas which provide access to the Units and are set forth as private lane (common element) on the Survey Map and Plans.

6.4 Any parking or storage areas.

6.5 All other parts of the Property necessary or convenient to its existence, maintenance and safety, or normally in Common use. Common Elements shall include all existing fences, either on the perimeter of the condominium or within any Units as shown on the Survey Map and Plans.

# Article 7 DESCRIPTION OF LIMITED COMMON ELEMENTS

7.1 <u>Limited Common Elements.</u> The Limited Common Elements, if any, are allocated for the exclusive use of the Owner or Owners of one or more than one Unit to which they are allocated, provided by law or some other provision of this Declaration, or amendments thereto.

# Article 8 ALLOCATED INTERESTS

The Allocated Interests of each Unit (that is, the undivided interest in the Common Elements, the Common Expense Liability and the votes in the Association allocated to each Unit) are set forth in Exhibit C attached hereto. The Allocated Interest appertaining to each Unit cannot be changed except as provided in this Declaration. The Allocated Interest and the title to the respective Units shall not be separated or separately conveyed and each undivided interest shall be deemed to be conveyed with its respective Unit even though the description in the instrument of conveyance or encumbrance may refer only to the title to the Unit. Except where permitted by the Act, the Common Elements are not subject to partition, and any purported conveyance, encumbrance, judicial sale, or other voluntary or involuntary transfer of an Allocated Interest made without the Unit to which that Interest is allocated is void.

# Article 9 OWNER'S ASSOCIATION

9.1 <u>Form of Association.</u> The Association shall be organized as a non-profit corporation under the laws of the State of Idaho and shall be known as 208 N. Leadville Condominium Association.

## 9.2 <u>Membership</u>

9.2.1 <u>Oualification</u> Each Owner (including Declarant) shall be a member of the Association and shall be entitled to one membership for each Unit so owned; provided, that if a Unit has been sold on contract, the contract purchaser shall exercise the fights of the Unit Owner for purposes of the Association, this Declaration, and the Bylaws, except as hereinafter limited, and shall be the voting representative unless otherwise specified. Ownership of a Unit shall be the sole qualification for membership in the Association

9.2.2 <u>Transfer of Membership</u>. The Association membership of each Owner (including Declarant) shall be appurtenant to the Unit giving rise to such membership, and shall not be assigned, transferred, pledged, hypothecated, conveyed or alienated in any way except upon the transfer of title to said Unit and then only to the transferee of title to such Unit. Any attempt to make a prohibited transfer shall be void. Any transfer of title to a Unit shall operate automatically to transfer the membership in the Association appurtenant thereto to the new Owner thereof.

9.3 Voting.

9.3.1 <u>Number of Votes.</u> The total voting power of all Owners shall be equal to the total number of Units, with one vote allocated to each Unit

9.3.2 <u>Multiple Owners.</u> If only one of the multiple Owners of a Unit is present at a meeting Of the Association, the owner is entitled to cast all the votes allocated to that Unit. If more than one of the multiple Owners is present, the votes allocated to that Unit may be cast only in accordance with the agreement of a majority in interest of the multiple Owners. There is majority agreement if any one of the multiple Owners casts the votes allocated to that Unit without protest being made promptly to the person presiding over the meeting by any of the other Owners of the Unit.

9.3.3 <u>Proxies.</u> Votes allocated to a Unit may be cast pursuant to a proxy duly executed by a Unit Owner. If a Unit is owned by more than one person, each owner of the Unit may vote or register protest to the casting of votes by the other Owners of the Unit through a duly executed proxy. A Unit Owner may not revoke a proxy given pursuant to this section except by actual notice of revocation to the person presiding over a meeting of the association. A proxy is void if it is not dated or purports to be revocable without notice. Unless stated otherwise in the proxy, a proxy terminates eleven months after its date of issuance.

9.3.4 <u>Association Owned Units.</u> No votes allocated to a Unit owned by the Association may be cast and in determining the per-centage of votes required to act on any matter, the votes allocated to Units owned by the Association shall be disregarded.

9.3.5 <u>Pledged Votes.</u> If an Owner is in default under a first Mortgage for Ninety (90) consecutive days or more, the Mortgagee shall automatically be authorized to declare at any time thereafter that the Unit owner has pledged his or her vote on all issues to the Mortgagee during the continuance of the default. If the Board has been notified of any such pledge to a Mortgagee, or in the event the record Owner or Owners have otherwise pledged their vote regarding special matters to a Mortgagee under a duly recorded Mortgage, only the vote of such Mortgagee will be recognized in regard to the special matters upon which the vote is so pledged, if a copy of the instrument with this pledge has been filed with the Board. Amendments to this subsection shall only be effective upon the written consent of all the voting Owners and their respective Mortgagees, if any.

# 9.4 <u>Meetings. Notices and Quorums.</u>

9.4.1 <u>Meetings.</u> A meeting of the Association must be held at least once each year. Special meetings of the Association may be called by the president, a majority of the Board, or by Unit owners having twenty percent of the votes in the Association. Not less than ten nor more than sixty days in advance of any meeting, the secretary or other officer specified in the bylaws shall cause notice to be hand-delivered or sent prepaid by first class United States mail to the mailing address of each Unit or to any other mailing address designated in writing by the Unit Owner, or to the mailing address designated in writing by a Mortgagee entitled to vote under Section 9.3.5. The notice of any meeting shall state the time and place of the meeting and the items on the agenda to be voted on by the members, including the general nature of any proposed amendment to the Declaration or Bylaws, changes in the previously approved budget that result in a change in Assessment obligations, and any proposal to remove a director or officer.

## 9.4.2 <u>Ouorums.</u>

(a) A quorum is present throughout any meeting of the Association if the

owners of Units to which twenty-five percent of the votes of the Association are allocated are present in person or by proxy at the beginning of the meeting.

(b) A quorum is deemed present throughout any meeting of the Board if persons entitled to cast fifty percent of the votes on the Board are present at the beginning of the meeting.

# 9.5 Bylaws of Association.

9.5.1 <u>Adoption of Bylaws.</u> Bylaws (and amendments thereto) for the administration of the Association and the Property, and for other purposes not inconsistent with the Act or with the intent of this Declaration shall be adopted by the Association upon concurrence of those voting Owners holding a majority of the total voting power. Amendments to the Bylaws may be adopted at any regular or special meeting. Declarant may adopt initial Bylaws.

9.5.2 <u>Bylaws Provisions.</u> The Bylaws may contain supplementary, not inconsistent, provisions regarding the Operation and Administration of the Condominium.

# Article 10 MANAGEMENT OF CONDOMINIUM

10.1 <u>Administration of the Condominium.</u> The Unit Owners covenant and agree that the administration of the Condominium shall be in accordance with the provisions of this Declaration and the Articles of Incorporation and Bylaws of the Association which are incorporated herein by reference and made a part hereof.

## 10.2 Election and Removal of Board and Officers.

10.2.1 <u>Election By Owners in General.</u> The Unit Owners (including Declarant and any Affiliate of Declarant to the extent Units are owned by Declarant or any such Affiliate) shall elect a Board of at least three members, at least a majority of whom must be Unit Owners. The Board shall elect the officers. Such members of the Board and officers shall take office upon election.

# 10.2.2 Election By Owners, Other Than Declarant.

(a) The affairs of the Association shall initially be governed by a Board composed of at least one (1) but not more than three (3) members as determined by Declarant.

(b) Not later than sixty (60) days after conveyance of twenty-five percent (25%) of the Units which may be created (in all phases) to Unit Owners other than Declarant at least one (]) member and not less than twenty-five percent (25%) of the

members of the Board may be elected by Unit Owners other than Declarant. Not later than sixty (60) days after conveyance of fifty percent (50%) of the Units which may be created (in all phases) to Unit Owners other than a Declarant, not less than thirty-three and one-third percent of the members of the Board may be elected by Unit Owners other than the Declarant.

(c) Commencing with the first Association meeting at which the Unit Owners are to elect. the entire Board (other than a meeting held when Declarant still owned all of the Units), and unless the Bylaws are amended at that meeting, the Board shall be composed of three (3) Members (not including a Board member designated by Declarant), a majority of whom must be Owners of Units in the Condominium; provided, the Declarant (or a representative of Declarant) shall have the right (which may not be terminated by amendment to the Declaration or Bylaws, and which shall continue so long as any Special Declarant Rights or Developments remain in effect or Declarant has any obligation or liability of any express or implied warranty) to serve as a full non-voting member of the Association Board (with all of the rights and powers of a Board member except for the right to vote).

10.2.3 <u>Taking Office: Officers.</u> The Board shall elect the officers of the Association. Such members of the Board and officers shall take office upon election.

10.2.4 <u>Removal.</u> The Unit Owners, by a two-thirds vote of the voting power in the Association present and entitled to vote at any meeting of the Unit Owners at which a quorum is present may remove any member of the Board with or without cause.

## 10.3 Management by Board.

10.3.1 <u>On Behalf of Association</u> Except as otherwise provided in the Declaration, the Bylaws, Section 10.3.2 or the Act, the Board shall act in all instances on behalf of the Association. In the performance of their duties, the officers and members of the Board are required to exercise ordinary and reasonable care.

10.3.2 <u>Not on Behalf of Association</u> The Board shall not act on behalf of the Association to amend the Declaration in any manner that requires the vote or approval of the Unit Owners pursuant to Section 21.1, to terminate the Condominium pursuant to the Act, or to elect members of the Board or determine the qualifications, powers, and duties, or terms of office of members of the Board pursuant to section 10.2; but the Board may fill vacancies in its membership for the unexpired portion of any term.

10.3.3 <u>Budget Approval.</u> Within thirty days after adoption of any proposed budget for the Condominium, the Board shall provide a summary of the budget to all the Unit Owners and shall set a date for a meeting of the Unit Owners to consider ratification of the budget not less than fourteen nor more than sixty days after mailing of

the summary. Unless at that meeting the Owners of Units to which a majority of the votes in the Association are allocated reject the budget, the budget is ratified, whether or not a quorum is present. In the event the proposed budget is rejected, or the required notice is not given, the periodic budget last ratified by the Unit Owners shall be continued until such time as the Unit Owners ratify a subsequent budget proposed by the Board.

# 10.4 Authority of the Association

10.4.1 The Association acting by and through the Board, or a Manager appointed by the Board, for the benefit of the Condominium and the Owners, shall enforce the provisions of this Declaration and of the Bylaws and shall have all powers and authority permitted to the Association under the Act and this Declaration, including without limitation:

(a) Adopt and amend Bylaws, rules, and regulations;

(b) Adopt and amend budgets for revenues, expenditures, and reserves, and impose and collect Assessments for Common Expenses from Unit Owners;

(c) Hire and discharge or contract with managing agents and other employees, agents, and independent contractors;

(d) Subject to the provisions of the Declaration, institute, defend, or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or mom Unit Owners on matters affecting the Condominium; provided, that on matters affecting a Unit the Association must obtain the prior written consent of the Owner of the Unit affected;

(e) Make contracts and incur liabilities;

(f) Regulate the use, maintenance, repair, replacement, and modification of Common Elements;

(g) Cause additional improvements to be made as a part of the Common Elements;

(h) Acquire, hold, encumber, and convey in its own name any right, title, or interest to real or personal property, but Common Elements may be conveyed or subjected to a security interest only pursuant to Section 10.8;

(i) Grant easements, leases, licenses, and concessions through or over the Common Elements and petition for or consent to the vacation of streets and alleys;

(j) Impose and collect any payments, fees, or charges for the use, rental, or

operation of the Common Elements, and for services provided to Unit Owners;

(k) Impose and collect charges for late payment of assessments and, after notice and an opportunity to be heard by the Board or by such representative designated by the Board and in accordance with such procedures as provided in the Declaration or Bylaws or rules and regulations adopted by the Board levy reasonable fines in accordance with a previously established scheduled thereof adopted by the Board and furnished to the Owners for violations of the Declaration, Bylaws, and rules and regulations of the Association;

(1) Impose and collect reasonable charges for the preparation and recording of amendments to the Declaration, resale certificates required by te Act and statements of unpaid Assessments;

(m) Provide for the indemnification of its officers and Board and maintain directors' and officers' liability insurance;

(n) Assign its right to future income, including the right to receive common expense assessments, but only to the extent the Declaration provides;

(o) Exercise any other powers conferred by the Declaration or Bylaws;

(p) Exercise all other powers that may be exercised in this state by the same type of corporation as the Association;

(q) Exercise any other powers necessary and proper for the governance and operation of the Association;

(r) Maintain and repair any Unit, its appurtenances and appliances, and Common Elements, if such maintenance or repair is reasonably necessary in the discretion of the Board to protect the Common Element or preserve the appearance and value of the Condominium, and the Owner of said Unit has failed or refused to perform said maintenance or repair within a reasonable time after written notice of the necessity of said maintenance or repair has been delivered by the Board to the Owner, provided that the Board shall levy a special charge against the Unit of such Owner for the cost of such maintenance or repair, and

(s) Pay any amount necessary to discharge any lien or encumbrance levied against the entire Property or any part thereof which is claimed to or may, in the opinion of the Board, constitute a lien against the Property or against the Common Elements, rather than merely against the interest therein of particular Owners. Where one or more Owners are responsible for the existence of such lien, they shall be jointly and severally liable for the cost of discharging it, and any costs and expenses (including court costs and attorney fees) incurred by the Board by reason of such lien or liens shall be specially charged against the Owners and the Units responsible to the extent of their responsibility.

10.4.2 The Board's power hereinabove enumerated shall be limited in that the Board shall have no authority to acquire and pay for out of the Association funds a capital addition or improvement (other than for purposes of restoring, repairing or replacing portions of the Common Elements) having a total cost in excess of Five Thousand Dollars (\$5,000), without first obtaining the affirmative vote of a majority of Owners at a meeting called for such purpose, or if no such meeting is held, then the written consent of a majority of Owners; provided that any expenditure or contract for each capital addition or improvement in excess of Twenty-Five Thousand Dollars (\$25,000} must be approved by Owners having not less than sixty-seven percent (67%) of the voting power.

10.4.3 Nothing herein contained shall be construed to give the Association authority to conduct an active business for profit on behalf of all of the Owners or any of them.

10.4.4 The Board and its agents or employees may enter any Unit or Common Element when necessary, in connection with any maintenance, landscaping or construction for which the Board is responsible or in the event of emergencies. Such entry shall be made with as little inconvenience to the Owners as practicable, and any damage caused thereby shall be repaired by the Board paid for as a Common Expense if the entry was due to an emergency, or for the purpose of maintenance or repairs to Common Elements where the repairs were undertaken by or under the direction or authority of the Board; provided, if the repairs or maintenance were necessitated by or for the Unit entered or its Owners, or requested by its Owners, the costs thereof shall be specially charged to such Unit. In furtherance of the foregoing, the Board (or its designated agent) shall have the right at all times to possess such keys and/or lock combinations as are necessary to gain immediate access to Units and Common Elements.

10.5 <u>Borrowing by Association.</u> In the discharge of its duties and the exercise of its powers as set forth in Section 10.4.1, but subject to the limitations set forth in this Declaration, the Board may borrow funds on behalf of the Association and to secure the repayment of such funds, assess each Unit (and the Owner thereof) for said Units pro rata share of said borrowed funds and the obligation to pay said pro rata share shall be a lien against said Unit and the undivided interest in the Common Elements appurtenant to said Unit. Provided, that the Owner of a Unit may remove said Unit and the Allocated Interest in the Common Elements appurtenant to such Unit from the lien of such assessment by payment of the Allocated Interest in Common Expense Liability attributable to such Unit. Subsequent to any such payment, discharge, or satisfaction, the Unit and the Allocated Interest in the Common Elements appurtenant thereto shall thereafter be free and clear of the liens so paid, satisfied, or discharged. Such partial payment, satisfaction, or discharge shall not prevent the lienor from proceeding to enforce his rights against any Unit and the Allocated Interest in the Common Elements appurtenant thereto not so paid, satisfied, or

discharged.

#### 10.6 Association Records and Funds

10.6.1 <u>Records and Audits.</u> The Association shall keep financial records sufficiently detailed to enable the Association to comply with the Act in providing resale certificates. All Books and Records of the Association (as defined in Section 1.8) shall be made reasonably available (at all reasonable hours of weekdays or under other reasonable circumstances) for examination and copying by Declarant, and any Owner, Mortgagee, insurer and guarantor of any Mortgage on any Unit, or their agents. At least annually, the Association shall prepare, or cause to be prepared, a financial statement of the Association in accordance with generally accepted accounting principles. If this Condominium consists of fifty or more Units, the financial statements of the Condominium shall be audited at least annually by a certified public accountant. If this Condominium consists of fewer than fifty Units, an annual audit is also required but may be waived annually by Owners (other than the Declarant) of Units to which sixty percent of the votes are allocated, excluding the votes allocated to Units owned by the Declarant.

10.6.2 <u>Fund Commingling</u>. The funds of the Association shall be kept in accounts in the name of the Association and shall not be commingled with the funds of any other Association, nor with the funds of any Manager of the Association or any other person responsible for the custody of such funds. Any reserve funds of the Association shall be kept in a segregated account and any transaction affecting such funds, including the issuance of checks, shall require the signature of at least two persons who are officers or directors of the Association.

10.7 <u>Association as Trustee</u> With respect to a third person dealing with the Association in the Association's capacity as a trustee, the existence of trust powers and their proper exercise by the Association may be assumed without inquiry, A third person is not bound to inquire whether the Association has power to act as trustee or is properly exercising trust powers. A third person, without actual knowledge that the Association is exceeding or improperly exercising its powers, is fully protected in dealing with the Association as if it possessed and properly exercised the powers it purports to exercise. A third person is not bound to assure the proper application of trust assets paid or delivered to the Association in its capacity as trustee.

# 10.8 Common Elements. Conveyance. Encumbrance.

10.8.1 <u>In General.</u> Portions of the Common Elements which are not necessary for the habitability of a Unit may be conveyed or subjected to a security interest by the Association if the Owners of Units to which at least eighty percent (80%) of the votes in the Association are allocated, including eighty percent (80%) of the votes allocated to Units not owned by Declarant or an Affiliate of Declarant, agree to that

action; but all the Owners of Units to which any Common Element is allocated must agree in order to convey that Common Element or subject it to a security interest. Proceeds of the sale or financing are an asset of the Association.

10.8.2 Agreement. An agreement to convey Common Elements or subject them to a security interest must be evidenced by the execution of an agreement, or ratifications thereof, in the same manner as a deed, by the requisite number of Unit Owners. The agreement must specify a date after which the agreement will be void unless recorded before that date. The agreement and all ratifications thereof must be recorded in every county in which a portion of the Condominium is situated and is effective only upon recording.

10.8.3 <u>Conditions Precedent.</u> The Association, on behalf of the Unit Owners, may contract to convey Common Elements or subject them to a security interest, but the contract is not enforceable against the Association until approved pursuant to Sections 10.8.1 and 10.8.2. Thereafter. the Association has all powers necessary and appropriate to affect the conveyance or encumbrance, including the power to execute deeds or other instruments.

10.8.4 <u>Void Transaction</u>. Any purported conveyance, encumbrance, or other voluntary transfer of Common Elements, unless made pursuant to this Section, is void.

10.8.5 <u>Support Right</u>. A conveyance or encumbrance of Common Elements pursuant to this section shall not deprive any Unit of its rights of access and support.

10.8.6 <u>Prior Encumbrances.</u> A conveyance or encumbrance of Common Elements pursuant to this section shall not affect the priority or validity of preexisting encumbrances either on Units (and their Allocated Interest in Common Elements) or on Common Elements.

10.9 <u>Termination of Contracts and Leases.</u> If entered into before the Board elected by the Unit Owners pursuant to Section 10.2.2 takes office, (1) any management contract, employment contract, or lease or recreational or parking areas or facilities, (2) any other contract or lease between the Association and a Declarant or an Affiliate of a Declaration, or (3) any contract or lease that is not bona fide or was unconscionable to the Unit Owners at the time entered into under the circumstances then prevailing may be terminated without penalty by the Association at any time after the Board elected by the Unit Owners pursuant to Section 10.2.2 takes office upon not less than ninety days' notice to the other party or within such lesser notice period provided for without penalty in the contract or lease. This Section does not apply to any lease, the termination of which would terminate the Condominium or reduce its size, unless the real property subject to that lease was included in the Condominium for the purpose of avoiding the right of the

Association to terminate a lease under this Section.

10.10 Governmentally Required Maintenance, etc. Any insurance, maintenance, repair, replacement, alteration or other work, or the monitoring of such work, which is required by any governmental entity (including without limitation, federal, state or local government, public or private utility provider, local improvement district, or other governmental or quasi-governmental entity or agency), and regardless of whether such requirement is now or hereafter established, and whether imposed in connection with a building permit or other governmental approval or requirement, and whether involving land within public rights of way or subject to ownership or exclusive use of one owner, shall be the sole and exclusive responsibility of the Association (not the Declarant) and any cost incurred in connection therewith shall be a Common Expense. In furtherance of the generality of the foregoing, and not by way of limitation, such work shall include maintenance of any grass-lined swales and proper disposal of clippings; maintenance of wetland plantings; replacement of wetland and landscape plantings that die during any required maintenance period; maintenance of public and private storm sewer and retention systems. Declarant shall have the right but not the obligation, to perform any such work if the Association fails to do so. The Association shall promptly upon demand reimburse Declarant for any costs directly or indirectly incurred by declarant as a result of the Declarant performing or the Association's failure to perform, such work (including any work necessary to obtain a release, or avoid a forfeiture, of any cash deposit or other bond made by Declarant.

10.11 Maintenance Repair, Inspection and Warranty Procedure. The Association shall defend, indemn1fy and hold Declarant harmless from any expense or claim arising from or relating to any Association's failure to promptly and properly maintain, repair or inspect the Condominium (or any part thereof), or the Association's failure to promptly and properly make a claim (or comply with dispute resolution procedures) under any warranty obtained or issued by Declarant. Declarant shall not be liable under any express or implied warranty (including without limitation the Idaho Condominium Act implied warranties) for loss or damage which the Association or Owners have not taken timely action to minimize, or which is caused or made worse by a failure to properly and promptly maintain, repair, or inspect (including without limitation failure to fully comply with any inspection, monitoring, maintenance or repair checklist, manual or recommendation provided by Declarant (or a contractor, subcontractor or manufacturer) to the Association or Owners.

# 10.12 Association Litigation.

10.12.1 The term "Legal Proceedings" as used herein shall include litigation, administrative mediation, arbitration or other proceedings in the name of the Association on behalf of itself or two or more Unit Owners on matters affecting the Condominium.

10.12.2 The provisions of this Section 10.12 shall not apply to Legal Proceedings, as a result of which the Association could not be held responsible for costs of suit (including fees for attorneys, experts, witnesses, investigations and other costs of suit) in a aggregate amount of not more than \$5,000 (including without limitation fees contingent on a result), and which involve:

(a) collection of delinquent regular or special Assessments, the enforcement of any Assessment lien and interest and penalties in connection therewith;

(b) collection of monies owed to the Association, or recovery of damages caused to the Association or Condominium (or any part thereof), when the principal amount to be recovered involves less than \$25,000;

(c) enforcement of the provisions of the Declaration, Articles, Bylaws or rules and regulations of the Association;

(d) defense of a claim against the Association, when the principal amount to be recovered involves less than \$25,000; or

(e) the filing of a complaint, answer or other pleading for the limited purpose satisfying a statute of limitation deadline, avoiding entry of a default order or judgment, or preventing personal injury or serious harm to the Condominium (if such purpose is certified in good faith by the Association's attorney), but except for this limited purpose the other conditions of Section 10. 12 must be satisfied.

10.12.3 In order for the Association (or the Board acting on behalf of the Association) to institute, defend, or intervene in Legal Proceedings, and in order for the Association to become obligated in the aggregate sum in excess of \$5.000, to professionals, consultants or other experts in connection with Legal Proceedings, the following conditions must first be satisfied:

(a) the Board has received a detailed written summary ("Litigation Summary") concerning the substance of the proceeding, including: (i) agreements with lawyers, exports and consultants; issues involved; (ii) legal and factual basis of anticipated allegations on behalf of and against the Association; (iii) remedies to be sought an behalf of and against the Association; (iv) estimated amount to be sought on behalf of (and that could be sought from) the Association, (v) Association's estimated costs of suit (including fees for attorneys, experts, witnesses, investigations and other costs of suit) and any third-party costs of suit that the Association would pay if the Association does not prevail; (vi) reports and recommendations by any professionals or consultants retained by the Association (and by any opposing party, if available); (vii) any written demands or settlements offers made by an opposing party (the Board shall request that an opposing party make such demand and settlement offer); and (viii) any negative consequences that the Association, Condominium or Owners could suffer during such proceedings including

required disclosures to prospective purchasers, impediments to Unit refinancing, or diminishment of Unit value.

(b) if the proceeding will involve a claim against the Declarant (or Declarant's contractor, subcontractors, vendors, suppliers or other professionals) concerning construction defects or other condition of the Condominium, the Litigation Summary will also include: a description of the construction defects or other condition (which shall also have been transmitted to the Declarant}; and any written response from the Declarant concerning such defects (including any offer to settle by performing remedial work, payment of cash or a combination of both).

(c) A copy of the Litigation Summary shall be transmitted to all Owners, together with a written notice of the Owner's right of access to the Books and Records of the Association as provided in Section 10.6.1, and a written notice of a special Owner's meeting to be convened as provided in this Declaration, at which meeting the Declarant (and its representatives shall be entitled to attend and participate in on a non-voting basis).

(d) The Owners holding eighty percent (80%) of the total Association voting power must grant approval for the Association (or the Board acting on behalf of the Association) to institute, defend, or intervene in legal proceedings, provided, that under no circumstances may legal proceedings be commenced against Declarant (or Declarant's contractor, subcontractors, vendors, suppliers or other professionals) with respect to any alleged construction defect or other condition which Declarant has agreed in writing to remedy and is proceeding with reasonable due diligence to do so.

# Article 11 USE; REGULATION OF USES;

11.1 <u>Residential Units.</u> The Units on the second and third floor may only be used for single-family residential purposes. The units on the lower level and main floor may be used for commercial office or retail. No restaurants shall be allowed.

11.2 <u>Vehicle Parking Restrictions.</u> Unit Owners and their guests may only park automobiles, light trucks, passenger vans within the Parking Area of the Common Elements. Said vehicles may not be permanently parked or stored within said Parking Area and the Board of the Association may adopt rules and regulations concerning the parking of said vehicles. No vehicle of any type may be parked in the Parking Area for longer than 48 hours without the express written approval from the Board of the Association. The Board may require removal of any vehicle and any other personal property improperly stored or placed or parked within the Common Elements in violation of this Declaration.

11.3 <u>Common Drive and Walks.</u> Common drives shall be used exclusively for normal transit and no obstructions shall be placed thereon or therein except by express

written consent of the Board.

### 11.4 Maintenance.

11.4.1 <u>Units.</u> Each Unit owner shall at its sole expense have the right and duty to keep the Unit improvements, equipment of appliances and appurtenances located therein in good order, condition and repair. Each owner shall be responsible for the construction, alteration, maintenance, repair or replacement of any improvements in said Unit.

11.4.2 <u>Fences.</u> No fences shall be constructed within the Common Elements or Limited Common Elements without 'the express written consent of the Board of the Association.

11.5 <u>Pets</u>. Domestic household pets, such as dogs and cats, may be kept by Unit Owners; provided, that the keeping of pets shall be subject to such reasonable rules and regulations as the Board may from time to time adopt. The Board may require the removal of any animal which the Board in the exercise of reasonable discretion finds disturbing other Unit Owners unreasonably and may exercise this authority for specific animals even though other animals are permitted to remain. Animals which are declared to be dangerous under state law are prohibited, although no animal shall be deemed dangerous on account of its particular breed.

Pets will not be allowed on any Common Elements unless they are on a leash or being carried and are being walked to or from the Unit to a public walk or street. At all times the Common Elements shall be free of any pet debris, including food and feces matter. At no time is pet feces to be deposited in garbage. No livestock, poultry, rabbits or other animals whatsoever shall be allowed or kept in any part of the Condominium, nor may any animal be bred or used therein for any commercial purpose. Any outside facility for pets must be kept clean on a daily basis and no waste products or food be left in either the facility or on the Property.

11.6 <u>Offensive Activity.</u> No noxious or offensive activity shall be carried an in any Unit or Common Element, nor shall anything be done therein which may be or become an annoyance or nuisance to other Owners.

All occupants shall avoid making noises, and using musical instruments, radios, and amplifiers in such manner as may disturb other occupants. Owner shall also control their pets so that they do not disturb other occupants.

No refuse, garbage or trash of any kind shall be thrown, placed or kept on any Common Element of the project outside of the disposal facilities provided for such purposes. Every Unit Owner and occupant shall at all times keep his Unit in a strictly clean and sanitary condition, free of rodents and pests, and observe and perform all laws, ordinances, rules and regulations, including kennel laws and animal control laws.

11.7 <u>Common Element Alterations.</u> Nothing shall be altered or constructed in, or (except for an Owner's personal property) removed from, the Common Element except upon the written consent of the Board and after procedures required herein or by law.

11.8 <u>House Rules.</u> The Board or the Association membership is empowered to pass, amend and revoke detailed, reasonable administrative rules and regulations, or "House Rules," necessary or convenient from time to time to ensure compliance with the general guidelines of this Article. Such House Rules shall be binding on all Unit Owners, lessees, guests and invitees upon adoption by the Board or Association.

11.9 Rental Units.

(Reserved).

11.10 <u>Timesharing</u>. Timesharing, as defined in the Idaho Timeshare Act is prohibited. Short term (under 30 days0 vacation rentals shall be allowed.

11.11 <u>Exemption for Declarant.</u> The provisions with respect to design control for Unit structures as set forth above shall not apply to any Unit structures constructed by the Declarant on any Unit owned by the Declarant.

### Article 12 COMMON EXPENSES AND ASSESSMENTS

12.1 Estimated Expenses Within sixty (60) days prior to the beginning of each calendar year, or such other fiscal year as the Board may adopt, the Board shall estimate the charges including Common Expenses, and any special charges for particular Units to be paid during such year; shall make provision for creating, funding and maintaining reasonable reserves for contingencies and operations, as well as for maintenance repair, replacement and acquisition of Common Elements; and shall take into account any expected income and any surplus available from the prior year's operating fund. Without limiting the generality of the foregoing but in furtherance thereof, the Board shall create and maintain from regular monthly Assessments a reserve fund for replacement of those Common Elements which can reasonably be expected to require replacement or a major repair prior to the end of the useful life of the buildings. The Board shall calculate the contributions to said reserve fund so that there are sufficient funds therein to replace, or perform such major repair, to each Common Element covered by the fund at the end of the estimated useful life of each such Common Element. The initial Board, whether appointed by Declarant or elected by Unit Owners, may at any suitable time establish the first such estimate. If the sum estimated and budgeted at any time proves inadequate for

any reason (including non-payment for any reason of arty Owner's Assessment), the Board may at any time levy a further Assessment, which shall be assessed to the Owners according to Section 12.4. Similarly, if the sum estimated and budgeted, and being collected and/or already collected, at any time proves excessive, the Board may reduce the amount being assessed and/or apply existing funds (in excess of current needs and required reserves) against future Assessments and/or refund such excess funds. The Corru1!on Expenses as defined above shall include but are not limited to the costs of maintaining, repairing and replacing roads, Common Areas, storm water collection and disposition system, septic system community drain fields and septic tanks, electricity and septic system pumps in connection therewith, street lights, if any, liability insurance, security services, and utilities for the benefit of the Common Areas including water and power, and any other expenses which the Association shall deem to be for the benefit of all Unit Owners.

12.2 <u>Payment by Owners.</u> Each Owner shall be obligated to pay its share of Common Expenses and special charges made pursuant to this Article to the treasurer for the Association in equal monthly installments on or before the first day of each month during such year, or in such other reasonable manner as the Board shall designate. No Owner may exempt himself from liability for payment of assessments for any reason, including waiver of use or enjoyment of any of the Common Elements or abandonment of the Owner's Unit.

12.3 <u>Commencement of Assessments.</u> The Declarant in the exercise of its reasonable discretion shall determine when the Association shall commence making Assessments; provided, that in all events the Assessments shall commence on a date within 60 days after the date on which seventy-five percent (75%) of the Units which may be created, have been conveyed to Owners (other than Declarant or on Affiliate of Declarant). Until the Association makes an Assessment, the Declarant shall pay all Common Expenses. After any Assessment has been made by the Association, Assessments must be made against all Units, based on a budget adopted by the Association; provided, until a date within 60 days after the date on which seventy-five percent (75%) of the Units which may be created have been conveyed to Owners (other than Declarant or an Affiliate of Declarant).

(a) the Board (whether appointed by Declarant or elected by Unit Owners) may elect not to collect monthly assessments calculated **as** provided in Section 12.1 and instead elect to collect and expend monthly assessments based on the actual costs of maintaining, repairing, operating and insuring the Common Areas; or

(b) the Declarant may elect to pay all of certain of such actual costs and have Unit Owners pay a pro-rata share (based on each Unit's Allocated Interest) of the remainder of such costs.

12.4 <u>Allocated Liability</u> All Common Expenses must be assessed against all the

Units in accordance with the allocations set forth in Exhibit B. Any past due Common Expense Assessment or installment thereof bears interest at the rate established by the Association pursuant to Section 12.10.11.

12.5 <u>Insurance Costs</u>. The Board may elect that the costs of insurance must be assessed in proportion to risk.

12.6 <u>Utility Costs</u>. The Board may elect that the costs of utilities must be assessed in proportion to usage.

12.7 <u>Assessments for Judgment</u> Assessments to pay a judgment against the Association pursuant to the Act (1) may be made only against the Units in the Condominium at the time the judgment was entered in proportion to their Allocated Common Expense Liabilities at the time the judgment was entered.

12.8 <u>Owner Misconduct.</u> To the extent that any Common Expense is caused by the misconduct of any Unit Owner, the Association shall assess that expense against the Owner's Unit.

12.9 <u>Reallocation.</u> If Common Expense Liabilities are reallocated, Common Expense Assessments and any installment thereof not yet due shall be recalculated in accordance with the reallocated Common Expense Liabilities.

12.10 Lien For Assessments.

12.10.1 <u>Lien.</u> The Association has a lien on a Unit for any unpaid Assessments levied against a Unit from the time the Assessment is due.

12.10.2 <u>Priority</u>. A lien under Section 12.1 shall be prior to all other liens and encumbrances on a Unit except: (a) liens and encumbrances recorded before the recording of the Declaration; (b) a Mortgage on the Unit recorded before the date on which the Assessment sought to be enforced became delinquent; and (c) liens for real property taxes and other governmental assessments or charges against the Unit.

12.10.3 <u>Mortgage Priority</u> Except as provided in Sections 12.10.4 and 12.10.5, the lien shall also be prior to the Mortgages described in Section 12.10.2(b) to the extent of Assessments for Common Expenses, excluding any amounts for capital improvements, based on the periodic budget adopted by the Association pursuant to Section 12.10.1, which would have become due during the six months immediately preceding the date of the sheriffs sale in an action for judicial foreclosure by either the Association or a Mortgagee, the date of a trustee's sale in a non-judicial foreclosure by a Mortgagee, or the date of recording of the Declaration of forfeiture in a proceeding by the vendor under a real estate contract.

12.10.4 Mortgagee Notice. The priority of the Association's lien against Units encumbered by a Mortgage held by an Eligible Mortgagee or by a Mortgagee which has given the Association a written request for a notice of delinquent Assessments shall be reduced by up to three months if and to the extent that the lien priority under Section 12.10.3 includes delinquencies which relate to a period after such holder becomes an Eligible Mortgagee or has given such request for notice and before the Association gives the holder a written notice of the delinquency. This Section does not affect the priority of mechanics' or material men's liens, or the priority of liens for other Assessments made by the Association.

12.10.5 <u>Recording as Notice</u>. Recording of the Declaration constitutes record notice and perfection of the lien for Assessments. While no further recording of any claim of lien for Assessment under this section shall be required to perfect the Association's lien, the Association may record a notice of claim of lien for Assessments under this Section in the real property records of any county in which the Condominium is located. Such recording shall not constitute the written notice of delinquency to a Mortgagee referred to in Section 12.10.3.

12.10.6 <u>Limitation on Action</u>. A lien for unpaid Assessments and the personal liability for payment of Assessments is extinguished unless proceedings to enforce the lien or collect the debt are instituted within three years after the amount of the Assessments sought to be recovered becomes due.

12.10.7 <u>Foreclosure.</u> The lien arising under Section 12.10 may be enforced judicially by the Association or its authorized representative in the manner set forth herein. The Association or its authorized representative shall have the power to purchase the Unit at the foreclosure sale and to acquire, hold, lease, mortgage, or convey the same. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption shall be eight months. Nothing in this Section shall prohibit the Association from taking a deed in lieu of foreclosure.

12.10.8 <u>Receiver</u>. From the time of commencement of an action by the Association to foreclose a lien for nonpayment of delinquent Assessments against a Unit that is not occupied by the Owner thereof, the Association shall be entitled to the appointment of a receiver to collect from the lessee thereof the rent for the Unit as and when due. If the rent is not paid, the receiver may obtain possession of the Unit, refurbish it for rental up to a reasonable standard for rental Units in this type of Condominium, rent the Unit or permit its rental to others, and apply the rents first to the cost of the receivership and attorneys' fees thereof, then to the cost of refurbishing the Unit, then to applicable charges, then to costs, fees, and charges of the foreclosure action, and then to the payment of the delinquent Assessments. Only a receiver may take possession and collect rents under this section, and a receiver shall not be appointed less than ninety days after the delinquency. The exercise by the Association of the foregoing rights shall not

affect the priority of preexisting liens on the Unit.

12.10.9 <u>Mortgagee Liability</u>. Except as provided in Section 12.10.3, the holder of a Mortgage or other Purchaser of a Unit who obtains the right of possession of the Unit through foreclosure shall not be liable for Assessments or installments thereof that became due prior to such right of possession. Such unpaid Assessments shall be deemed to be Common Expenses collectible from all the Unit Owners, including such Mortgagee or other purchaser of the Unit. Foreclosure of a Mortgage does not relieve the prior Owner of personal liability for Assessments accruing against the Unit prior to the date of such sale as provided in this Section.

12.10.10 <u>Lien Survives Sale</u>. The lien arising under Section 12.10 shall not be affected by the sale or transfer of the subject Unit except in the event of sale through foreclosure, as provided in Section 12.10.9.

12.11 <u>Owner Liability.</u> In addition to constituting a lien on the Unit, each Assessment shall be the joint and several obligations of the Owner or Owners of the Unit to which the same are assessed as of the time the Assessment is due. In a voluntary conveyance the grantee of a Unit shall he jointly and severally liable with the grantor for all unpaid Assessments against the latter up to the time of the grantor's conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee thereof. Suit to recover a personal judgment for any delinquent Assessment shall be maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

12.12 <u>Late Charge.</u> The Association may from time to time establish reasonable late charges and a rate of interest to be charged on all subsequent delinquent Assessments or installments thereof ln the absence of another established non-usurious rate, delinquent Assessments shall bear interest from the date of delinquency at the maximum rate permitted under Idaho law on the date on which the Assessments became delinquent.

12.13 <u>Attorney's Fees.</u> The prevailing party shall be entitled to recover any costs and reasonable attorneys' fees incurred in connection with the collection of delinquent Assessments, whether or not such collection activities result in suit being commenced or prosecuted to judgment. In addition, the prevailing party shall be entitled to recover costs and reasonable attorneys' fees if it prevails on appeal and in the enforcement of a judgment.

12.14 <u>Assessment Certificate.</u> The Association, upon written request, shall furnish to a Unit Owner or a Mortgagee a statement signed by an officer or authorized agent of the Association setting forth the amount of unpaid Assessments against that Unit. The statement shall be furnished within fifteen days after receipt of the request and is binding on the Association, the Board, and every Unit Owner, unless and to the extent

known by the recipient to be false.

12.15 <u>Acceleration of Assessments.</u> In the event any monthly Assessment or special charge attributable to a particular Unit remains delinquent for more than sixty (60) days, the Board may, upon fifteen (15) days written notice to the Owner of such Unit, accelerate and demand immediate payment of all, or such portion as the Board determines, of the monthly Assessments and special charges which the Board reasonably determines will become due during the next succeeding twelve (12) months with respect to such Unit.

### 12.16 Delinquent Assessment Deposit Working Capital

### 12.16.1 Delinquent Assessment Deposit.

(a) A Unit Owner may be required by the Board or by the Manager, from time to time, to make and maintain a deposit not less than one (1) month nor in excess of three (3) months estimated monthly Assessment and charges, which may be collected as are other Assessments and charges. Such deposit shall be held in a separate fund, be credited to the Unit owned by such Owner, and be for the purpose of establishing a reserve for delinquent Assessments.

(b) Resort may be had thereto at any time when such owner is ten (10) days or more delinquent in paying his monthly or other Assessments and charges. Said deposits shall not be considered as advance payments of regular Assessments. In the event the Board should draw upon said deposit as a result of a Unit Owner's delinquency in payment of any Assessments, said Owner shall continue to be responsible for the immediate and full payment of said delinquent Assessment (and all penalties and costs thereon) and thus the full restoration of said deposit, and the Board shall continue to have all of the rights and remedies for enforcing such Assessment payment and deposit restoration as provided by this Declaration and by law.

(c) Upon the sale of a Unit, the seller/Owner thereof shall not be entitled to a refund from the Association of any deposit or reserve account made or maintained with respect to such Unit pursuant to this or any other Section of this Declaration; rather, any such deposit or reserve account shall continue to be held by the Association for the credit of such Unit and the Unit Purchaser shall succeed to the benefit thereof, and the Unit seller shall be responsible for obtaining from the Purchaser appropriate compensation thereof.

12.16.2 <u>Working Capital Contribution</u>. The first Purchaser of any Unit shall pay to the Association, in addition to other amounts due, an amount equal to two (2) months of monthly Assessments as a contribution to the Association's working capital. Such working capital contributions shall not be used to defray Declarant's expenses in completing the construction of the Condominium, to pay Declarant's contributions to

Association reserves or to make up any deficits in the budget of the Association. Upon the election of the first Board by Unit Owners other than Declarant, Declarant shall pay to the Association as a working capital contribution an amount equal to two (2) months of monthly Assessments for each of the Units then owned by Declarant. When a Unit owned by Declarant is sold, Declarant may apply funds collected at closing from the Purchaser to reimburse itself for funds paid to the Association for such contribution with respect to that Unit.

### Article 13 INSURANCE

13.1 <u>In General.</u> Commencing not later than the time of the first conveyance of a Unit to a person other than a Declarant, the Association shall maintain, to the extent reasonably available:

13.1.1 Property insurance on the Common Elements of the Condominium;

13.1.2 Liability insurance, including medical payments insurance, in an amount determined by the Board but not less than Two Million Dollars, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the Common Elements.

13.1.3 Workmen's compensation insurance to the extent required by applicable laws.

13.1.4 Fidelity bonds naming the members of the Board, the Manager and its employees and such other persons as may be designated by the Board as principals and the Association as obligee, in at least an amount equal to three months aggregate assessments for all Units plus reserves in the custody of the Association or Manager at any given time during the tern of each bond. Such fidelity bonds shall contain waivers of any defense based upon the exclusion of persons who serve without compensation from any definitions of "employee" or similar expression.

13.1.5 Insurance against loss of personal property of the Association by fire, theft and other losses with deductible provisions as the Board deems advisable.

13.1.6 Such other insurance (including directors' and officers' liability) as the Board deems advisable; provided, that notwithstanding any other provisions herein, the Association shall continuously maintain in effect such casualty, flood and liability insurance and a fidelity bond meeting the insurance and fidelity bond requirements for condominium projects established by Federal National Mortgage Association, Government National Mortgage Association, Federal Home Loan Mortgage Corporation,

Veteran's Administration, or other governmental or quasi-governmental agencies involved in the secondary mortgage market, so long as any such agency is a Mortgagee or Owner of a Unit within the project, except to the extent such coverage is not available or has been waived in writing by such agency.

13.2 <u>Required Provisions.</u> Insurance policies carried pursuant to this Article shall:

13.2.1 Provide that each Unit Owner is an insured person under the policy with respect to liability arising out of the Owner's interest in the Common Elements or membership in the Association;

13.2.2 Provide that the insurer waives its right to subrogation under the policy as to any and all claims against the Association, the Owner of any Unit and/or their respective agents, employees or tenants, and members of their household, and of any defenses based upon co-insurance or upon invalidity arising from the acts of the insured;

13.2.3 Provide that no act or omission by any Unit Owner, unless acting within the scope of the Owner's authority on behalf of the Association, nor any failure of the Association to comply with any warranty or condition regarding any portion of the premises over which the Association has no direct control, will void the policy or be a condition to recovery under the policy;

13.2.4 Provide that if, at the time of a loss under the policy, there is other insurance in the name of a Unit Owner covering the same risk covered by the policy, the Associations policy provides primary insurance, and that the liability of the insurer thereunder shall not be affected by, and the insurer shall not claim any right of set-off, counterclaims, apportionment, proration, contribution or assessment by reason of, any other insurance obtained by or for any Unit Owner or any Mortgagee;

13.2.S Provide that, despite any provision giving the insurer the right to restore damage in lieu of a cash settlement, such option shall not be exercisable without the prior written approval of the Association, or when in conflict with the provisions of any insurance trust agreement to which the Association is a party, or any requirement of law;

13.2.6 Contain no provision (other than insurance conditions) which will prevent Mortgagees from collecting insurance proceeds; and

13.2.7 Contain, if available, an agreed amount and Inflation Guard Endorsement.

13.3 <u>Claims Adjustment.</u> Any loss covered by the property insurance under this Article must be adjusted with the Association, but the insurance proceeds for that loss are

payable to any insurance trustee designated for that purpose, or otherwise to the Association, and not to any holder of a Mortgage, the insurance trustee or the Association shall hold any insurance proceeds in trust for Unit Owners and lienholders as their interests may appear. Subject to the provisions of Article 14, the proceeds must be disbursed first for the repair or restoration of the damaged property, and Unit Owners and lienholders are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the property has been completely repaired or restored or the Condominium is terminated.

### 13.4 Insurance.

13.4.1 <u>Owners Insurance</u>. Each Unit Owner shall maintain and pay for property insurance, if available, to include any improvements within the Unit.

13.4.2 <u>Owners</u> <u>Additional</u> <u>Insurance</u>. Each Owner shall also obtain liability insurance insuring the Unit Owner against liability from claims arising out of accidents, injuries occurring within the Unit or Common Elements assigned to the Unit. Such insurance shall be at the expense of the Unit Owner. No Owner shall, however, be entitled to exercise his right to maintain insurance coverage in any manner which would decrease the amount that the Board of Directors, or any trustee of the Board of Directors, on behalf of all of the Owners, will realize under any insurance policy which the Board of Directors may have in force on the Condominium. at any particular time. Each owner is required and agrees to notify the Board of Directors of all improvements by the Owner to his Unit the value of which is more than \$1,000.00. Each Owner, if requested by the Board of Directors, shall file a copy of such individual policy or policies with the Board of Directors within 30 days after request is made, and the Board of Directors shall immediately review its effect with its insurance broker, agent or carrier.

13.5 <u>Certificate.</u> An insurer that has issued an insurance policy under this Article shall issue certificates or memoranda of insurance to the Association and, upon written request to any Unit Owner or holder of a Mortgage. The insurer issuing the policy may not modify the amount or the extent of the coverage of the policy or cancel or refuse to renew the policy unless the insurer has complied with all applicable provisions of applicable law pertaining to the cancellation. or non-renewal of contracts of insurance. The insurer shall not modify the amount or the extent of the coverage of the policy, or cancel or refuse to renew the policy, without complying with the requirements of the Act,

13.6 <u>Notification on Sale of Unit</u>. Promptly upon the conveyance of a Unit, the now Unit Owner shall notify the Association of the date of the conveyance and the Unit Owner's name and address. The Association shall notify each insurance company that has issued an insurance policy to the Association for the benefit of the Owners under Article 13 of the name and address of the new Owner and request that the new Owner be made a named insured under such policy.

# Article 14 DAMAGE OR DESTRUCTION; RECONSTRUCTION

### 14.1 Definitions: Significant Damage: Repair: Emergency Work.

14.1.1 As used in this Article, the term "Significant Damage" means damage or destruction, whether or not caused by casualty, to any part of the property which the Board is responsible to maintain or repair which would exclude any Unit structures: (a) for which funds are not available in the maintenance and repair or contingency budget of the Association to make timely repairs; and (b) which has a significant adverse impact on the habitability of any Unit or the ability of an owner or owners to use the property or any significant portion of the property for its intended purpose.

14.1.2 As used in this Article, the term "Repair" means to repair, reconstruct, rebuild or restore the building or improvement which is a Common Element which suffered significant damage to substantially the same condition to which they existed prior to the damage or destruction. Modifications to conform to then applicable governmental rules and regulations or available means of construction may be made.

14.1.3 As used in this Article, the term "Emergency Work" shall mean the work which the Board deems reasonably necessary to avoid further damage, destruction or substantial diminution in value to the improvements and to reasonably protect the owners from liability arising out of the condition of the property.

14.2 <u>Initial Board Determinations</u>. In the event of significant damage to any part of the Common Elements, the Board shall promptly, and in all events within thirty (30) days after the date of significant damage, or, if the significant damage did not occur at a particular identifiable time, after the date of its discovery, make the following determinations with respect thereto employing such advise as the Board deems advisable:

14.2.1 The nature and extent of the significant damage, together with an inventory of the improvements and property directly affected thereby.

14.2.2 A reasonably reliable estimate of the cost to repair the significant damage, which estimate shall, if reasonably practicable, be based upon a firm bid obtained from a responsible contractor.

14.2.3 The anticipated insurance proceeds, if any, to be available from insurance covering the loss based on the amount paid or initially offered by the insurer.

14.2.4 The amount, if any, that the estimated cost of repair exceeds the anticipated insurance proceeds thereof and the amount of assessment to each Unit if such excess was paid as a common expense and specially assessed against all the Units in proportion to their allocated interest in the Common Elements.

14.2.5 The Board's recommendation as to whether such significant damage should be repaired.

14.3 <u>Notice of Damage or Destruction</u>. The Board shall promptly, and in all events within thirty (30) days after the date of significant damage, provide each owner, and each first mortgagee with a written notice summarizing the initial Board determination made under Section 14.2. If the Board fails to do so within said thirty (30) days, then any owner or mortgagee may make the determination required under Section 14.2 and give the notice required under this Section.

#### 14.4 General Provisions.

14.4.1 <u>Duty to Restore</u> Any portion of the Condominium for which insurance is required under this Article which is significantly damaged shall be repaired promptly by the Association unless: (a) the Condominium is terminated; (b) repair would be illegal under any state or local health or safety statute or ordinance; or (c) eighty percent of the Unit owners vote not to repair. Even if the significant damage is not to be repaired, the Board shall still have the authority to perform emergency work. The cost of repair in excess of insurance proceeds and reserves is a common expense.

14.4.2 <u>Damage not Restored.</u> If all or any portion of the damaged portions of a Common Element are not repaired (regardless of whether such damage is significant): (a) the insurance proceeds attributable to the damaged Common Elements shall be used to restore the damaged area to a condition compatible with the remainder of the Condominium; (b) the remainder of the proceeds shall be distributed to all the Unit owners or lienholders, as their interest may appear, in proportion to the Common Element interest of all the Units.

#### 14.5 Restoration by Board.

If the damage (regardless of whether such damage is significant) is to be repaired pursuant to Section 14.4., then:

14.5.1 <u>Contract and Contractors.</u> The Board shall have the authority to employ architects and attorneys, advertise for bids, let contracts to contractors and others, and to truce such other action as is reasonably necessary to effectuate the repair and restoration. Contracts for such repair and restoration shall be awarded when the Board, by means of insurance proceeds and sufficient assessments, has provision for the costs

thereof. The Board may further authorize the insurance carrier to proceed with repair upon satisfaction of the Board that such work will be appropriately carried out.

14.5.2 <u>Insurance Trustee.</u> The Board may enter into a written agreement in recordable form with any reputable institution or trust or escrow company that such firm or institution shall act as an insurance trustee to adjust and settle any claim for a loss in excess of Fifty Thousand Dollars (\$50,000), or for such firm or institution to collect the insurance proceeds and carry out the provisions of this Article.

14.6 <u>Restoration by Unit Owner</u> In the event a Unit structure or any portion within a Unit is damaged or destroyed, then the Unit owner must repair (as that tennis defined under Article 14.1.2) the Unit structure or improvements within the Unit within six (6) months after the date of casualty unless the damage or destruction requires replacement or rebuilding of the Unit structure in which event the Unit owner shall have six (6) months from the date of casualty to rebuild or replace. In the event of repair, reconstruction or replacement by a Unit owner of a Unit structure or any improvement within a Unit, then all plan approval must be submitted as provided for under this Declaration.

14.7 <u>Decision to Terminate.</u> In the event of a decision to terminate the Condominium and not to repair and restore damage and destruction, the Board may nevertheless expend such of the insurance proceeds and funds of the Association as the Board deems reasonably necessary for emergency work (which emergency work may include but is not necessarily limited to removal of the damaged or destroyed buildings and clearing, filling and grading the real property), and the remaining funds, if any, and property shall thereafter be held and distributed as provided in the Act

### Article 15 CONDEMNATION

15.1 <u>Association as Attorney-in-Fact</u> Any portion of the limited or Common Elements are partially or completely condemned, the Association shall act as a representative of the owners and mortgagees in any proceedings, negotiations, or settlements. Each owner appoints the Association as its attorney-in-fact for this purpose. Any proceeds shall be paid to the Association for the benefit of the owners and the mortgagees and shall be used and distributed as set forth below.

15.2 <u>Distribution of Condemnation Proceeds.</u> In the event of a condemnation of any of the Common Elements, the proceeds shall be used:

15.2.1 To restore if practical the remaining Common Elements;

15.2.2 For payment to Unit owners and their mortgagees which are specifically damaged by the condemnation, which damage was an element of the

condemnation award; and

15.2.3 The balance shall be distributed pro rata among the Unit owners and their mortgagees in proportion to their percentage interest in the Common Elements.

15.3 <u>Condemnation of Units Or Unit Structures.</u> If any Unit or Unit structure is condemned, then the condemnation award for that Unit or Unit structure shall be paid to the owner of that Unit and Unit structure. In the event of a partial condemnation which does result in some but not all of the Units and Unit structures being condemned, then the condominium documents shall be amended to reflect any required elimination of Units and reallocation of percentage interest.

15.4 <u>Condemnation of Entire Property</u>. In the event that the entire property is taken or condemned, or sold, or otherwise disposed of in lieu of or in avoidance thereof, the condominium ownership pursuant hereto shall terminate. The condemnation award with respect to the common areas shall be apportioned among the owners and shares proportionate to the respective undivided interest in the Common Element. If a standard different from the value of the property as a whole is employed to measure the condemnation award and the negotiation, judicial decree, or otherwise, then in determining such shares, the same standard shall be employed to the extent it is relevant and applicable. On the basis of the foregoing principal, the board of directors shall as soon as practical, determine the share of the condemnation award to which each owner is entitled. After first paying their respective share of each owner and all mortgagees and liens on the interest of such owner, the balance remaining in such share shall then be distributed to each owner individually. Each Unit owner shall receive directly the condemnation award as it relates to the value of the Unit and Unit structure being condemned or otherwise disposed of as provided for herein.

### Article 16 COMPLIANCE WITH DECLARATION

16.1 <u>Enforcement.</u> Every Owner shall comply strictly with the provisions of this Declaration, the Bylaws and administrative rules and regulations passed hereunder, as the same may be lawfully amended from time to time, and with all decisions adopted pursuant to this Declaration, the Bylaws and administrative rules and regulations. Failure to comply shall be grounds for an action to recover sums due for damages, or injunctive relief, or both, maintainable by the Board (acting through its officers on behalf of the Owners), or by the aggrieved Owner on his own against the party (including an Owner or the Association) failing to comply. In the event of a dispute between the Declarant and the Association (Or the Board or any Owner), each party shall be solely responsible for payment of all legal fees incurred by that party, regardless of the nature of the dispute or who may be the prevailing party.

16.2 <u>No Waiver of Strict Performance.</u> The failure of the Board in any one or

more instances to insist upon the strict performance of this Declaration, of the Bylaws, or to exercise any right or option contained in such documents, or to serve any notice or to institute any action, shall not be construed as a waiver or a relinquishment for the future of such term, covenant, condition or restriction, but such term, covenant, condition or restriction shall remain in full force and effect. The receipt by the Board of any assessment from an Owner, with knowledge of any such breach shall not be deemed a waiver of such breach, and no waiver by the Board of any provision hereof shall be deemed to have been made unless expressed in writing and signed by the Board.

# Article 17 LIMITATION OF LIABILITY

17.1 Liability for Utility Failure. Etc. Except to the extent covered by insurance obtained by the Board pursuant to Article 13, neither the Association nor the Board nor the Manager shall be liable for: any failure of any utility or other service to be obtained and paid for by the Board; or for injury or damage to person or property caused by the elements, or resulting from electricity, noise, smoke, water, rain (or other liquid), dust or sand which may leak or flow from outside or from any parts of the buildings, or from any of its pipes, drains, conduits, appliances, or equipment, or from any other places; or for inconvenience or discomfort resulting from any action taken to comply with any law, ordinance or orders of a governmental authority. No diminution or abatement of Assessments shall be claimed or allowed for any such utility or service failure, or for such injury or damage, or for such inconvenience or discomfort.

No Personal Liability. So long as a Board member, Association committee 17.2 member, or Association officer has acted in good faith, without willful or intentional misconduct, upon the basis of such information as may be possessed by such person and such person's evaluation of such information, no such person (and no Association manager acting pursuant to the directions of the Board) shall be personally liable to any Owner, or other party, including the Association, for any damage, loss or prejudice suffered or claimed on account of any act, omission, error or negligence, including any discretionary decision, or failure to make a discretionary decision, by such person in such person's official capacity. Without limiting the generality of the foregoing, the term "discretionary decisions" shall include evaluating and deciding whether or not to act in response to reports, investigations or recommendations received by such person, and shall include deciding whether or not to commence, defend, continue, or settle lawsuits or arbitration/mediation or other legal proceedings involving the Association or Condominium (or any part thereof). Provided, that this Section shall not apply where the consequences of such act, omission, error or negligence are covered by insurance obtained by the Board pursuant to Article 13.

17.3 <u>Indemnification of Board Members</u>, Each Board member or Association committee member, or Association officer, shall be indemnified by the Association against all expenses and liabilities, including attorneys' fees, reasonably incurred by or

imposed in connection with any proceeding to which he may be a party, or in which he may become involved, by reason of being or having hold such position at the time such expenses or liabilities are incurred, except in such cases wherein such person is adjudged guilty of willful or intentional misconduct, a knowing violation of the law in the performance of his duties and except in such cases where such person has participated in a transaction from which said person will personally receive a benefit in money, property or services to which said person is not legally entitled. Provided, that, in the event of a settlement, the indemnification shall apply only when the Board approves such settlement and reimbursement as being in the best interest of the Association, The Association and each Owner shall defend, indemnify and hold Declarant harmless from any claim, expense or liability based on the failure of the Association or such Owner to comply with applicable dudes and obligations under. the Declaration, Association Articles or Bylaws, or Association rules and regulations or under any warranty obtained or issued by Declarant; or wider applicable law.

17.4 <u>Legal Proceedings.</u> The rights, powers, benefits, duties and obligations granted to and imposed upon parties subject to this Declaration (including without limitation the Declarant, Owners, Association, Board and Officers) shall not be restricted, diminished, or otherwise modified by threatened or pending legal proceedings (including without limitation litigation, administrative, mediation, or arbitration), which proceedings involve one or more of such parties.

### Article 18 MORTGAGEE PROTECTION

18.1 <u>Change in Manager.</u> In the event that professional management is employed by the Association, at least thirty (30) days' notice of any contemplated change in the professional managers shall be given to any Eligible Mortgagee. The Association shall not elect to terminate professional management and assume self-management without the prior written approval of sixty-seven percent (67%) of the Owners and fifty-one percent (51%) of all Eligible Mortgagees; provided that such prior consent shall not be required to change from one professional manager to another professional manager.

18.2 <u>Abandonment of Condominium Status</u>. Except when acting pursuant to the provisions of the Act involving damage, destruction, or condemnation, the Association shall not: without prior written approval of sixty-seven percent (67%) of all Eligible Mortgagees and sixty-seven percent (67%) of the Owners of record of the Units, seek by act or omission to: abandon or terminate the condominium status of the project; or abandon, encumber, sell or transfer any of the Common Elements.

18.3 <u>Partitions</u> and <u>Subdivision</u>. The Association shall not combine nor subdivide any Unit or the appurtenant Common Elements, nor abandon, partition, subdivide, encumber or sell any Common Elements, or accept any proposal so to do, without the prior written approval of fifty-one percent (51%) of all Eligible Mortgages

and sixty seven percent {67%) of Owners of record of the Units, and without unanimous approval of the Eligible Mortgagee(s) and Owner(s) of the Unit(s), so affected.

18.4 <u>Change in Percentages.</u> The Association shall not make any Material Amendment (as defined in Section 21.7) to this Declaration or Bylaws (including changes in the percentages of interest in the Common Elements) without the prior written approval of fifty-one percent (51 %) of all Eligible Mortgagees and sixty-seven percent (67%) of all Owners of record of the Units, and without unanimous approval of the Eligible Mortgagee(s) and Owner(s) of the Unit(s) for which the percentage(s) would be changed.

18.5 <u>Copies of Notices.</u> A Mortgagee of a Unit (and any insurer or guarantor of such Mortgage) shall be entitled to receive timely written notice: (a) that the Owner/Mortgagor of the Unit has for more than sixty {60} days failed to meet any obligation under the Condominium documents, (b) of all meetings of the Association and be permitted to designate a representative to attend all such meetings; (c) of any condemnation loss or casualty loss affecting a material portion of the Property or the Unit on which it holds a Mortgage; (d) of any lapse, cancellation or material modification of insurance policies or fidelity bonds maintained by the Association; and (e) of any proposed action that requires the consent of a specified percentage of Mortgagees. To be entitled to receive notices under this Section 18.5, the Mortgagee (or Mortgage insurer or guarantor) must send a written request to the Association stating both its name and address and the Unit number or address of the Unit on which it has (or insures or guaranties) the Mortgage.

18.6 <u>Effect of Declaration Amendments.</u> No amendment of this Declaration shall be effective to modify change, limit or alter the rights expressly conferred upon Mortgagees in this instrument with respect to any unsatisfied Mortgage duly recorded unless the amendment shall be consented to in writing by the holder of such Mortgage. Any provision of this Declaration conferring rights upon Mortgagees which is inconsistent with any other provision of said Declaration or the Bylaws shall control over such other inconsistent provisions.

18.7 Insurance

18.7.1 <u>Board Duties.</u> With respect to a first Mortgagee of a Unit the Board shall:

(a) Cause any insurance carrier to include in the insurance policy a standard mortgage clause, naming any mortgagee who makes written request to the Board to be so named;

(b) Furnish any such Mortgagee with a copy of any insurance policy or evidence thereof which is intended to cover the Unit on which such Mortgagee has a lien;

(c) Require any insurance carrier to give the Board and any and all insured (including such Mortgagees) at least thirty (30) days' written notice before canceling, reducing the coverage or limits, or otherwise substantially modifying any insurance with respect to the Property on which the Mortgagee has a lien (including cancellation for a premium nonpayment);

(d) Not make any settlement of any insurance claims for loss or damage to any such Unit, Common Element exceeding Five Thousand Dollars (\$5,000) without the approval of such Mortgagee; provided, that the withholding of such approval shall not be unreasonable or in conflict with the provisions of Article 14;

(e) Give such Mortgagee written notice of any loss or taking affecting Common Elements, if such loss or taking exceeds Ten Thousand Dollars (\$10,000);

(t) Give such Mortgagee written notice of any loss, damage or taking affecting any Unit or Common Elements in which it has an interest, if such loss, damage or taking exceeds One Thousand Dollars (\$1,000);

18.7.2 <u>Additional Policy Provisions.</u> In addition, the insurance policy acquired shall:

(a) Provide that any reference to a Mortgagee in such policy shall mean and include any holders of Mortgages of any Unit or Unit lease, in their respective order and preference, whether or not named therein;

(b) Provide that such insurance as to the interest of any Mortgagee shall not be invalidated by any act or neglect of the Board or Unit Owners or any persons claiming under any of them;

(c) Waive any provision invalidating such Mortgage clause by reason of: the failure of any Mortgagee to notify the insurer of any hazardous use or vacancy; any requirement that the Mortgagee pay any premium thereon; and any contribution clause.

18.8 <u>Inspection of Books.</u> Declarant (and Declarant's agents), Owners, Mortgagees, insurers and guarantors of any Mortgage on any Unit shall be entitled: to inspect and copy at all reasonable hours of weekdays (or under other reasonable circumstances) all of the Books and Records of the Association (as defined in Section 1.8), within a reasonable time following request; and, upon written request of any holder, insurer or guarantor of a first Mortgage at no cost to the party so requesting (or if this project contains fewer than fifty (SO) Units, upon the written request of the holders of fifty-one percent (51%) or more of first Mortgages at their expense if an audited statement is not otherwise available), to receive an annual audited financial statement of the Association within ninety (90) days following the end of any fiscal year of the Association.

# Article 19 EASEMENTS

19.1 <u>General</u> It is intended that in addition to rights under the Act, each Unit has an easement in and through each other Unit and the Common Elements for: all support elements and utility, wiring, heat and service elements, and for reasonable access thereto, as required to effectuate and continue proper operation of this Condominium plan; and for the maintenance, repair and replacement of all improvements within each Unit. Each Unit as it is constructed is granted an easement (to which each other Unit and all Common Element is subject) for the location and maintenance of all the original equipment and facilities and utilities for such Unit. The specific mention or reservation of any easement in this Declaration does not limit or negate the general easement for Common Elements reserved by law.

19.2 <u>Utility, Etc. Easements.</u> The Board, on behalf of the Association and all members thereof, shall have authority to grant utility, road, parking and similar easements, licenses and permits under, through or over the Common Elements, which easements the Board determines are reasonably necessary to the ongoing development and operation of the Property.

19.3 <u>Association.</u> There is hereby reserved and granted to the Association, or their duly authorized agents and representatives, easements and rights of access over, across, under or into the Condominium, Units, and any part thereof as are necessary, for repairs, maintenance or replacement and/or to perform the rights, duties and obligations of the Association as are set forth or as provided or authorized in this Declaration, in the Articles, Bylaws or Association Rules.

19.4 <u>Declarant Functions.</u> There is hereby reserved to the Declarant (and its duly authorized agents, employees, contractors and representatives, such easements and rights of access over, across, under or into the Condominium (and any part thereof) as are necessary, for repairs, maintenance or replacement and/or to perform the rights, duties and obligations of the Declarant as are set forth, provided for or authorized in: this Declaration; Survey Map and Plans; Articles, Bylaws, or Association Rules; building or other governmental permits or approvals; and Purchase and Sale Agreement between Declarant and a Unit Purchaser, any express or implied warranty under which Declarant is obligated; or otherwise authorized or required by law.

19.5 <u>Encroachments</u>. Each Unit and all Common Element is hereby declared to have an easement over all adjoining Units and Common Element, for the purpose of accommodating any encroachment due to engineering errors, or errors in original construction, reconstruction, repair of any portion of the building, or any other similar

cause, and any encroachment due to building overhang or projection. There shall be valid easements for the maintenance of said encroachments so long as they shall exist, and the rights and obligations of Owners shall not be altered in any way by said encroachment; provided, however, that in no event shall a valid easement for encroachment be created in favor of an Owner or Owners if said encroachment occurred due to the willful act or acts with full knowledge of said Owner or Owners. In the event a Unit or Common Element is partially or totally destroyed, and then repaired or rebuilt, the Owners agree that minor encroachments over adjoining Units and Common Elements shall be permitted, and that there shall be valid easements for the maintenance of said encroachments so long as they shall exist. The foregoing encroachments shall not be construed to be encumbrances affecting the marketability of title to any Unit. The provisions of this Section 19.4 are intended to supplement Article 4 and the Act and, in the event of any conflict the provisions of Article 4 and the Act shall control.

#### Article 20 PROCEDURES FOR SUBDIVIDING OR COMBINING

20.1 (Reserved).

# Article 21 AMENDMENT OF DECLARATION, SURVEY MAP, PLANS

21.1 In General. Except in cases of amendments that may be executed by a Declarant (in the exercise of any Development Right), or the Association as provided for in this Declaration, or Unit Owners subject to the terms of this Declaration, the Declaration, including the Survey Maps and Plans, may be amended only by vote or agreement of Owners of Units to which at least sixty-seven percent (67%) of the votes in the Association are allocated at the time the amendment is proposed; however, the following Sections and Articles may be amended only by vote or agreement of Owners of Units to which at least sixty-seven percent (67%) of the votes in the Association are allocated at the time the amendment is proposed; however, the following Sections and Articles may be amended only by vote or agreement of Owners of Units to which one hundred percent (100%) of the votes in the Association are allocated, and only with the consent of the Declarant (so long as any right, duty or obligation of the Declarant continues under the Declaration or any express or implied warranty, agreement or law: Sections 1.8.6, 1.8.38, 10.2.2(c}, 10.4.1 (d), 10.6.110.10, 10.11, 10.12. 17.2, 17.3, 18.8, 19.4, 21.6 and 21.7, and Articles 23 and 24.

21.2 <u>Challenge to Validity.</u> No action to challenge the validity of an amendment adopted by the Association pursuant to this Article may be brought more than one year after the amendment is recorded.

21.3 <u>Recording.</u> Every amendment to the Declaration must be recorded in every county in which any portion of the Condominium is located and is effective only upon recording. An amendment shall be indexed in the name of the Condominium and shall contain a cross-reference by recording number to the Declaration and each previously

recorded amendment thereto. All amendments adding Units shall contain a cross-reference by recording number to the Survey Map and Plans relating to the added Units and set forth all information required by the Act.

21.4 <u>General Limitations.</u> Except to the extent expressly permitted or required by other provisions of the Act, no amendment may create or increase Special Declarant Rights, increase the number of Units, change the boundaries of any Unit, the Allocated Interests of a Unit or the uses to which any Unit is restricted, in the absence of the vote or agreement of the Owner of each Unit particularly affected and the Owners of Units to which at least ninety percent of the votes in the Association am allocated other than the Declarant.

21.5 <u>Execution</u>. Amendments to the Declaration required by the Act to be recorded by the Association shall be prepared, executed, recorded, and certified on behalf of the Association by any officer of the Association designated for that purpose or, in the absence of designation, by the president of the Association.

21.6 <u>Special Declarant/Development Rights</u> No amendment may restrict, eliminate, or otherwise modify any Special Declarant or Development Right, or any other right, power, benefit provided in the Declaration to Declarant (nor otherwise hinder the business activities or expectations of, or benefits provided hereunder to, the Declarant) without the consent of the Declarant and any Mortgagee of record (excluding Mortgagees of Units owned by persons other than the Declarant) with a security interest in the Special Declarant or Development Right or in any real property subject thereto.

21.7Material Amendments. Any amendment to a provision of this Declaration establishing, providing for, governing or regulating the following (all of which shall be deemed "Material Amendments") shall require the consent of fifty-one percent (51%) of the Eligible Mortgagees: voting rights; Assessments, Assessment liens, or the priority of Assessment liens; reserves for maintenance, repair, and replacement of Common Elements; responsibility for maintenance and repairs; reallocation of interests in the Common Elements, or rights to their use; redefinition of any Unit boundaries; convertibility of Units into Common Elements or vice versa; expansion or contraction of the Condominium, or the addition, annexation, or withdrawal of property to or from the Condominium; insurance or fidelity bond; leasing of Units; imposition of any restrictions on a Unit Owners right to sell or transfer his or her Unit; a decision by the Association to establish self-management when professional management had been required previously by the Condominium's documents or by an Eligible Mortgage holder; restoration or repair of the Condominium (after a hazard damage or partial condemnation) in a manner other than that specified in the Declaration; any action to terminate the legal status of the Condominium after substantial destruction or condemnation occurs; or any provisions that expressly benefit or are adverse to Mortgage holders, insurers, or guarantors. A Mortgagee who fails to respond within sixty (60) days of a written request to approve an amendment shall be deemed to have approved the request if such request was delivered

by certified or registered mail with a return receipt requested.

21.8 <u>Map and Plans Amendment.</u> Except as otherwise provided herein, the Survey Map and Plans may be amended by revised versions or revised portions thereof referred to and described as to effect in an amendment to this Declaration adopted as provided for herein. Copies of any such proposed amendment to the Survey Map and Plans shall be made available for the examination of every Owner. Such amendment to the Survey Map and Plans shall also be effective, once properly adopted, upon recordation in the appropriate county office in conjunction with the Declaration amendment.

21.9 <u>Lender Requirements</u> All Unit Owners covenant and agree, for themselves and their heirs, successors and assigns, to vote in favor of and implement any amendments hereto which may be necessary to satisfy the requirements of the Federal National Mortgage Association, Veteran's Administration and Federal Housing Administration.

### Article 22 MISCELLANEOUS

### 22.1 Notice for All Purposes.

22.1.1 <u>Delivery of Notice.</u> Any notice permitted or required to be delivered under the provisions of this Declaration or the Bylaws may be delivered either personally or by mail. If delivery is made by mail, any such notice shall be deemed to have been delivered twenty-four (24) hours after a copy has been deposited in the United States mail, postage prepaid, for first class mail, addressed to the person entitled to such notice at the most recent address given by such person to the Board, in writing, for the purpose of service of such notice, or to the most recent address known to the Board. Notice to the Owner or Owners of any Unit shall be sufficient if mailed to the Unit of such person or persons if no other mailing address has been given to the Board by any of the persons so entitled. Mailing addresses may be changed from time to time by notice in writing to the Board. Notice to be given to the Board may be given to Declarant until the Board has been constituted and thereafter shall be given to the President or Secretary of the Board.

22.1.2 <u>Mortgagee Notice</u>. Upon written request thereof, and for a period specified in such notice, the Mortgagee of any Unit shall be entitled to be sent a copy of any notice respecting the Unit covered by his security instrument until the request is withdrawn or the security instrument discharged. Such written request may be renewed an unlimited number of times.

#### 22.1.3 Mortgagee's Acceptance.

22.1.4 <u>Priority of Mortgage.</u> This Declaration shall not initially be binding upon any Mortgagee of record at the time of recording of said Declaration but rather shall be subject and subordinate to said Mortgage.

22.1.5 Acceptance Upon First Conveyance. Unless otherwise expressly approved by the Purchaser of a Unit, Declarant shall not consummate the conveyance of title of such Unit until said Mortgagee shall have accepted the provisions of this Declaration and made appropriate arrangements, in accordance with the Act for partial release of Units with their appurtenant Common Elements and Allocated Interest in Common Elements from the lien of said Mortgage. The issuance and recording of the first such partial release by said Mortgagee shall constitute its acceptance of the provisions of this Declaration and the Condominium status of the Units remaining subject to its Mortgage as well as its acknowledgment that such appropriate arrangements for partial release of Units have been made; provided, that, except as to the Units (and their Allocated Interests in Common Elements) so released, said Mortgage shall remain in full effect as to the entire Property.

22.2 <u>Severability</u>. The provisions hereof shall be deemed independent and severable, and the validity or partial invalidity or enforceability of any one provision or portion thereof shall not affect the validity or enforceability of any other provision hereof if the remainder complies with the Act or as covenants effect the common plan.

22.3 <u>Conveyances Notice Required.</u> The right of a Unit Owner to sell, transfer, or otherwise convey the Unit shall not be subject to any right of approval, disapproval, first refusal, or similar restriction by the Association or the Board, or anyone acting on their behalf. An owner intending to sell a Unit shall deliver a written notice to the Board, at least two (2) weeks before closing, specifying: the Unit to be sold; the name and address of the Purchaser, of the closing agent, and of the title insurance company insuring the Purchaser's interest; and the estimated closing date. The Board shall have the right to notify the Purchaser, the title insurance company, and the closing agent of the amount of unpaid assessments and charges outstanding against the Unit, whether or not such information is requested. It is understood, however, that a violation of this Section shall not invalidate a sale, transfer or other conveyance of a Unit which is otherwise valid under applicable law.

22.4 <u>Transfer of Declarant's Powers.</u> It is understood that Declarant, at any time in the exercise of its sole discretion, may sell, assign, transfer, encumber, or otherwise convey to any person, upon such terms and conditions as Declarant may determine, all of Declarant's rights, powers, privileges and authority arising hereunder by virtue of Declarant's capacity as Declarant (which rights, powers, privileges and authority am in addition to those arising from Declarant's ownership of one or more Units and include Development Rights and Special Declarant Rights).

22.5 <u>Effective Date</u>. This Declaration shall take effect upon recording.

22.6 <u>Reference to Survey Map and Plans.</u> The Survey Map and Plans of the Condominium referred to herein were filed with the Auditor of Blaine County, Idaho, simultaneously with the recording of this Declaration.

# ARTICLE 23 SPECIAL DECLARANT RIGHTS DEVELOPMENT RIGHTS

23.1 <u>Special Declarant Rights.</u> As more particularly provided in this Article, Declarant. for itself and any successor Declarant has reserved the following Special Declarant Rights:

23.1.1 <u>Completion of Improvements.</u> Declarant, its agents, employees, contractors and representatives shall have the right to complete, repair, replace or correct improvements and otherwise perform work as set forth, provided for or authorized in: this Declaration; Survey Map and Plans; Articles, Bylaws, or association Rules; building or other governmental permits or approvals; and Purchase and Sale Agreement between Declarant and a unit Purchaser, any express or implied warranty under which Declarant is obligated; or otherwise authorized or required by law. This Special Declarant Right shall continue so long as any right, duty or obligation of the Declarant continues under any express or implied warranty, agreement or law.

23.1.2 Sales Facility of Declarant. Declarant, its agents, employees and contractors shall be permitted to establish and maintain in any unit still owned by Declarant and in any of the Common Elements (other than Limited Common Elements assigned to units not owned by Declarant), such facilities as in the sole opinion of the Declarant may be reasonably required, convenient or incidental to the construction, sale or rental of units and appurtenant interests, including but not limited to: business offices; management offices; sales offices; construction offices; storage areas; signs; model units; and parking areas for all agents, employees, contractors, prospective tenants or purchasers of Declarant. Any such facilities not designated as unit by the Declaration is a Common Element and, if Declarant ceases to be a unit owner, the Declarant ceases to have any rights with regard thereto unless it is removed promptly from the condominium, which Declarant shall have the right to do. Declarant. may maintain signs on the Common Elements advertising the condominium. The provisions of this Section are subject to the provisions of other state law and to local ordinances. The number, size, location, and relocation of such facilities shall be determined from time to time by Declarant in the exercise of its sole discretion; provided, that the maintenance and use of such facilities shall not unreasonably interfere with a unit owners use and enjoyment of the unit and appurtenant Limited Common Elements; and those portions of the Common Elements reasonably necessary to use and enjoy such unit and Limited Common Elements.

23.1.3 Exercise of Declarant Rights Declarant shall have the right to

exercise Development Rights, if any, under this Declaration and the Act.

23.1.4 Termination of Declarant's Rights. Except as otherwise provided in this Declaration, the foregoing Special Declarant Rights shall continue so long as Declarant is completing improvements which are within or may be added to this condominium, or Declarant owns any units, Or any Development Rights remain in effect; provided, that Declarant may voluntarily terminate any or all of such Rights at any time by recording an amendment to the Declaration, which amendment specifies which Right is thereby terminated.

## 23.2 <u>Development Rights.</u> (Reserved).

23.3 <u>Boundaries of Limited Common Elements.</u> Declarant shall have the right to establish, expand, contract or otherwise modify the boundaries of any Limited Common Element allocated to a unit; provided, the prior consent will be required from the owner of the unit.

23.4 <u>Liability for Damage.</u> The Declarant is subject to liability for the prompt repair and restoration, to a condition compatible with the remainder of the condominium, of any portion of the condominium damaged by the exercise of rights reserved by Declarant pursuant to or created by this Declaration or the Act.

23.5 <u>Declarant's Easements.</u> Declarant has an easement through the Common Elements as may be reasonably necessary for the purpose of discharging Declarant's obligations or exercising Special Declarant Rights or Development Rights, whether arising under the Act or reserved in the Declaration.

#### Article 24

# RESERVATION BY DECLARANT FOR USE OF COMMON ELEMENTS FOR BENEFIT OF OTHER PROPERTY OWNED BY DECLARANT

(Reserved).

### Article 25 DISPUTE RESOLUTION

25.1 <u>Policy-Mediation</u>. The parties hope there will be no disputes arising out of their relationship. To that end, each commit to cooperate in good faith and to deal fairly in performing its duties under this Declaration in order to accomplish their mutual objectives and avoid disputes. But if a dispute arises, the parties agree to resolve all disputes by the following alternate dispute resolution process: (a) the parties will seek a fair and prompt negotiated resolution, but if this is not successful, (b) all disputes shall be resolved by binding arbitration, provided that during this process, (c) at the request of either party made not later than forty-five (45) days after the initial arbitration demand,

the parties will attempt to resolve any dispute by nonbinding mediation (but without delaying the arbitration hearing date). The parties confirm that by agreeing to this alternate dispute resolution process, they intend to give up their right to have any dispute decided in court by a judge or jury.

25.2Binding Arbitration Any claim between or among any party subject to this Declaration (including without limitation, the Declarant, Association Board or officers, Unit Owners, or their employees or agents) arising out of or relating to this Declaration, a Unit or Units, the Condominium or the Association shall be determined by Arbitration in the county in which the Condominium is located commenced in accordance with 55-7.04.060; provided, that the total award by a single arbitrator (as opposed to a majority of the arbitrators) shall not exceed \$50,000, including interest, attorneys' fees and costs. If any party demands a total award greater than \$50,000, there shall be three (3) neutral arbitrators. If the parties cannot agree on the identity of the arbitrator(s) within ton (10) days of the arbitration demand, the arbitrator(s) shall be selected by the administrator of the American Arbitration Association (AAA) office in Seattle from its Large, Complex Case Panel (or have similar professional credentials). Each arbitrator shall be an attorney with at least fifteen (15) years' experience in commercial or real estate law and shall reside in the county in which the Condominium is located. Whether a claim is covered by the Article shall be determined by the arbitrator(s). All statutes of limitations which would otherwise be applicable shall apply to any arbitration proceeding hereunder.

25.3 Hearing Law - Appeal Limited. The arbitrator(s) shall take such steps as may be necessary to hold a private hearing within ninety (90) days of the initial demand for arbitration and to conclude the hearing within three (3) days; and the arbitrator(s) written decision shall be made not later than fourteen (14) calendar days after the hearing. The parties have included these time limits in order to expedite the proceeding, but they are not jurisdictional, and the arbitrator(s) may for good cause afford or permit reasonable extensions or delays, which shall not affect the validity of the award. The written decision shall contain a brief statement of the claim(s) determined and the award made on each claim. In making the decision and award, the arbitrator(s) shall apply applicable substantive law. Absent fraud, collusion or willful misconduct by an arbitrator, the award and decision shall be final, and the judgment may be entered in any court having jurisdiction thereof. The arbitrator(s) may award injunctive relief or any other remedy available from a judge, including without limitation joinder of parties or consolidation of this arbitration with any other involving common issues of law or fact or which may promote judicial economy; but shall not have the power to award punitive or exemplary damages; or to award attorneys' fees and costs to the prevailing party. The decision and award of the arbitrator(s) need not be unanimous; rather, the decision and award of two arbitrators shall be final.

25.4 <u>Warranty Dispute Resolution.</u> In the event Declarant has issued a warranty of quality to the initial purchasers of Units, and such warranty contains provisions governing the making of claims and governing the resolution of disputes, then the

provisions of such warranty shall control over the provisions of this Article 25 with respect to all express and implied warranty claims (including without limitation the Idaho Condominium Act implied warranties) involving Units and Common Elements (regardless of whether the Unit Owner, Association or Board is asserting the claim).

# Article 26 FANNIE MAE REQUIREMENTS

26.1 <u>Compliance with Law.</u> This condominium project has been created and exists in full compliance with Idaho State law and all other applicable laws and regulations.

26.2 <u>Rights of First Refusal</u>. Nothing in this Condominium Declaration shall be interpreted to create a right of first refusal in the sale of any unit that applies to or adversely impacts the rights of a mortgagee to foreclose or take title to a unit pursuant to the remedies in the mortgage; accept a deed or assignment in lieu of foreclosure in the event of default by a mortgagor; or sell or lease a unit acquired by the mortgagee.

26.3 <u>Amendments to</u> <u>Documents Affecting Mortgagees</u>. This Condominium Declaration provides that amendments or material adverse nature to mortgagees shall be agreed to by mortgagees that represent at least 51 percent of the votes of unit estates that are subject to mortgages. This Condominium Declaration provides that any action to terminate the legal status of the project after substantial destruction or condemnation occurs or for any other reason must be agreed to by mortgagees that represent at least 51 percent of the votes of the unit estates that are subject to mortgages. This Condominium Declaration provides that implied approval of the mortgagee is assumed when an eligible mortgagee fails to submit a response to any written proposal for an amendment to the Condominium Declaration or any other project documents within 60 days after it receives proper notice of the proposal, provided the notice was delivered by certified or registered mail with a return receipt requested.

26.4 <u>Rights of Mortgagees and Guarantors.</u> Any mortgagee or guarantor of a unit has the right to timely written notice of any condemnation or casualty loss that affects either a material portion of the project or the unit securing its mortgage; any 60 day delinquency of the payment of assessments or charges owed by the owner of any unit on which it owes the mortgage; a lapse cancellation or material modification of any insurance policy maintained by the owners' association; and ant proposed action that requires the consent of a specified percentage of mortgagees.

26.5 <u>First Mortgagees' Rights.</u> Nothing contained in this Declaration, or any other Condominium project document shall be interpreted to give a condominium unit owner or any other party priority over any rights of mortgagees of the condominium unit pursuant to its mortgage in the case of payment to the unit owner of insurance proceeds or

condemnation awards for losses to or taking of condominium units and/or common elements.

26.6 <u>Unpaid Dues.</u> Any first mortgagee who obtains title to a condominium unit pursuant to the remedies in the mortgage or through foreclosure will not be liable for more than six (6) months of the unit's unpaid regularly budgeted dues or charges accrued before acquisition of the title to the unit by the mortgagee. If the Condominium Association's lien priority includes costs of collecting unpaid dues, the lender will be liable for any fees or costs related to the collection of the unpaid dues.

#### NOTICE OF PUBLIC HEARING BEFORE THE KETCHUM PLANNING AND ZONING COMMISSION

Meeting Date:	November 29, 2022
Meeting Time:	4:30 PM, or thereafter as the matter can be heard.
Meeting Location:	City Hall Council Chambers, 191 5 <sup>th</sup> Street W, Ketchum, Idaho. The meeting will be livestreamed at <u>www.ketchumidaho.org/meetings</u> . Public comment may be given remotely, when the public comment portion of the meeting for this item is opened. The link to join the webinar for the meeting is: <u>https://ketchumidaho-</u> <u>org.zoom.us/j/81013712385</u> Webinar ID: 810 1371 2385. This information can also be found on the meeting agenda.
Project Name:	The 208 Condominiums
Project Location:	200 N Leadville (KETCHUM LOT 1 BLK 23)
Zoning:	Community Core – Subdistrict 2
Representatives:	Nicole Ramey, Medici Architects (Architect) Matt Smithman, Galena Engineering
Property Owner:	755 S Broadway, LLC
Application Types:	Design Review (P22-035) & Condominium Subdivision Preliminary Plat (P22-035A)
Project Description:	The Commission will consider, and take action on, a Design Review application for the development of a new 11,663 square foot three story mixed-use development at 200 N Leadville Ave. The proposed development includes ground floor commercial space, four residential condominiums with associated parking and storage, and a rooftop deck. The Commission will also consider and take action on a Condominium Preliminary Plat subdivision application for the proposed 208 Condominiums project. The application proposes to subdivide the building into four residential condominiums units, one commercial unit, common area, and limited common areas for storage, circulation, and parking.

A copy of the Staff Report will be available on the City website at the following link <u>https://ketchumidaho.org/meetings</u>. The meeting will be livestreamed with the video feed accessible at the same link at 4:30 p.m. the day of the meeting.

NOTICE IS FURTHER GIVEN that, at the aforementioned time, all interested persons shall be given an opportunity to comment on the matter stated above. Comments and questions prior to the hearing may be directed to the Ketchum Department of Planning and Building, P.O. Box 2315, Ketchum, Idaho, 83340, or via email to **participate@ketchumidaho.org**. Written comments received by 5:00 PM, seven (7) days prior to the hearing will be included as an attachment to the staff report. For additional information, please call (208) 726-7801.

# Attachment K: Staff Report (no attachments) – Planning and Zoning Commission November 29, 2023

City of Ketchum Planning & Building

#### STAFF REPORT KETCHUM PLANNING AND ZONING COMMISSION SPECIAL MEETING OF NOVEMBER 29, 2022

- PROJECT: The 208 Condos
- FILE NUMBER: P22-035 and P22-035A
- APPLICATION TYPE: Final Design Review and Subdivision Condominium Preliminary Plat

APPLICANT: Nicole Ramey, Medici Architects (Architect)

PROPERTY OWNER: 755 S Broadway, LLC

- **REQUEST:** Final Design Review and Condominium Preliminary Plat application for the development of a new, 11,663 square foot, three-story mixed-use building
- LOCATION: 200 N Leadville Avenue Ketchum Townsite: Block 23: Lot 1

**ZONING:** Community Core – Subdistrict 2 – Mixed Use (CC-2)

**REVIEWER:** Morgan R. Landers, AICP – Senior Planner

NOTICE: A public hearing notice for the project was mailed to all owners of property within 300 feet of the project site and all political subdivisions on November 7, 2022. The public hearing notice was published in the Idaho Mountain Express on November 9, 2022. A notice was posted on the project site and the city's website on November 7, 2022. Story poles were verified on the subject property on November 22, 2022.

#### I. EXECUTIVE SUMMARY:

Figure 1: Conceptual Rendering of "The 208 Condos"

The Applicant is proposing an 11,663 square foot three-story mixed-use development known as The 208 Condominiums (the "project"), located at 200 N Leadville Avenue (the "subject property"). The development is not subject to the interim ordinance as the applications were deemed complete prior to the effective date of the ordinance.

The subject property is a vacant corner lot zoned Community Core -Subdistrict 2 - Mixed Use (CC-2) just southeast of the Kneadery and VP Companies offices, across from Vintage restaurant and another vacant lot on the opposite corner.

As proposed, the project includes 1,306 square feet of ground floor retail, and four residential dwelling units as follows:

• One dwelling unit in the basement – 704 net square feet (NSF)

- Two dwelling units on the second floor 749 NSF and 2,587 NSF
- One dwelling unit on the third floor 3,514 NSF

Based on the size of the units, a total of 4 parking spaces are required for the residential units. The project proposes two two-car garages. The retail space and the two residential units less than 750 net square feet are exempt from parking requirements. Please see Attachment B for floor plans of each floor and corresponding square footage calculations.

The project proposes to take advantage of the Floor Area Ratio (FAR) bonus in exchange for community housing, mitigating the additional floor area by making a community housing in-lieu payment of \$421,650. The total FAR for the project is 2.0, where 1.0 is permitted by right. An FAR Exceedance Agreement for the in-lieu payment was approved by City Council on November 21, 2022. See Attachment E for the FAR calculations for the project.

The project will construct improvements to the right-of-way per the City of Ketchum improvement standards including, three streetlights, asphalt alley, curb and gutter, and 8-foot sidewalks. The project proposes to snowmelt the sidewalks adjacent to the project. The city engineer and streets department has conducted a preliminary review all improvements and believes the improvements to meet the city's standards. Final review of all improvements to the right-of-way will be conducted by the City Engineer and Streets Department prior to issuance of a building permit. An encroachment permit approved by the City Council will be required for the snow melt system.

Staff believes the project conforms to the zoning and dimensional standard requirements and most of the design review criteria. Staff also believes the project conforms with the subdivision preliminary plat and condominium preliminary plat requirements. However, staff has concerns related to the placement of the transformer and the activation of the 2<sup>nd</sup> Street façade. Staff recommends the Commission review the application and provide feedback to the applicant on potential revisions to address staff's concerns.

#### II. BACKGROUND:

The City of Ketchum received the application for Final Design Review and condominium preliminary plat on July 1, 2022. The Final Design and Preliminary Plat applications have been reviewed concurrently and were deemed complete on October 14, 2022. Department comments were provided to the applicant on July 27, 2022, and additional comments provided on October 14, 2022. As of the date of this report, most comments have been resolved or are addressed by conditions of approval. Staff has outstanding concerns related to the location of the proposed transformer and 2<sup>nd</sup> Street façade as as outlined further below.

#### III. CONFORMANCE WITH ZONING AND DESIGN REVIEW STANDARDS:

Per Ketchum Municipal Code (KMC) §17.96.010.A – *Applicability,* design review is required for all new mixeduse buildings. Before granting Design Review approval, the Commission must determine that the application meets two criteria: (1) the project doesn't jeopardize the health, safety, or welfare of the public, and (2) the project conforms to all Design Review standards and zoning regulations (KMC §17.96.050.A).

#### **Conformance with Zoning Regulations**

During department review, city staff reviewed the project for conformance with all applicable zoning code requirements including uses, dimensional limitations, signage, parking, development standards, and dark skies. The project follows all applicable zoning code requirements. Please see Attachment E for a full review of dimensional standards.

The proposed development is not subject to the interim ordinance as the application was deemed complete prior to the effective date of the ordinance. However, for information only, staff has provided an overview of

how the project would conform to the interim ordinance as Attachment H. This is for information and reference only and does not represent criteria by which the development should or can be evaluated.

Staff believes the proposed development meets all zoning and dimensional standards as outlined in the applicable sections of the KMC.

#### **Conformance with Design Review Improvements and Standards**

During department review, city staff reviewed the project for conformance with all applicable design review improvements and standards outlined in KMC §17.96.060 – Improvements and Standards. Staff also reviewed the development for conformance with KMC §17.96.070 – Community Core (CC) Projects. Finally, staff reviewed the development for conformance with all corresponding city code requirements related to right-ofway improvements including but not limited to sidewalks, street lighting, alleys, and on-street parking.

Staff believes that either a requirement is not applicable due to the scope of the project, or requirements are met, except for the placement of the transformer and activation of the 2<sup>nd</sup> Street façade and further discussed below. Please see Attachment F for a review of all design review improvements and standards.

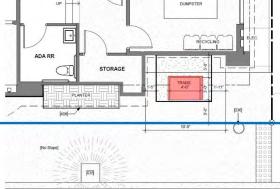

#### **Transformer Location**

Per Section 17.96.060.D.2 "Utilities shall be located underground and utility, power, and communication lines

within the development site shall be concealed from public view". Additionally, Criteria 17.96.060.C.2 states "Roof and ground mounted mechanical and electrical equipment shall be fully screened from public view. Screening shall be compatible with the overall building design." The subject property was previously served by an above ground power line that crossed the alley from the north to a power pole on the subject property as shown on the Sheet titled "ALTA" of Attachment B. At the owner's expense, the above ground lines have already been removed. The applicant proposes to serve the development by below grade power from the alley to a transformer at the rear of the building adjacent to the sidewalk as shown in Figure 2 to the right.

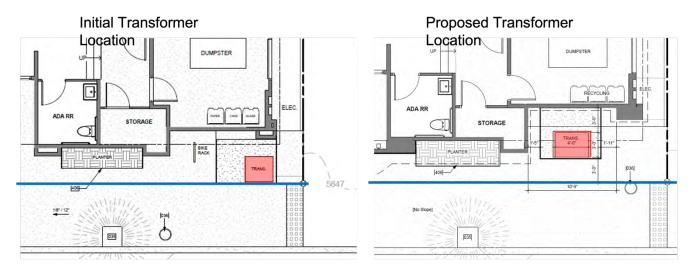

Figure 2: Proposed Transformer Location.

Staff is not supportive of the current location as it does not meet the criteria outlined above specific to screening. Staff also believes the location to be contradictory to the placement of transformers in recent projects within the downtown that have effectively screened transformers. Many projects place this equipment within the rear of the building, opposite pedestrian walkways, and concealed by the building or other substantial screening. Approval of this location would be a departure from what many projects in the community core have designed to and accommodated. The currently proposed location is an improvement from the initial application submittal; however, staff does not believe the placement and screening to be sufficient.

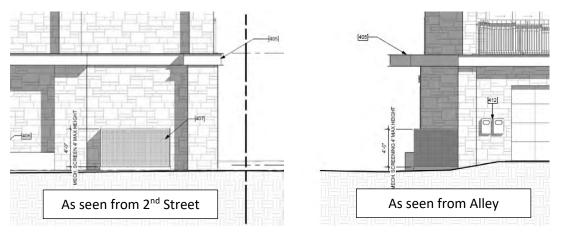

For context, during department review of the initial application, planning staff expressed concern that the location of the transformer did not meet setback and clearance requirements and was not fully screened from public view with the proposed metal screening. Staff recommended the applicant team evaluate relocation of the transformer to the northern property boundary to provide more separation and screening between the sidewalk and the equipment. Staff also recommended the applicant consider open tuck-under parking as that would allow for a more flexible use of the limited space off the alley. Enclosed garage space requires square foot allocation for walls, doors, access and circulation.

Upon resubmittal of the application materials, the applicant team made some changes to the transformer placement by setting it back to meet clearance requirements but did not move the transformer from the general location. The applicant represents that all options were evaluated and that no other location for the transformer is feasible based on clearance requirements, the applicant's desire to have enclosed parking, and the constrained space allocated to various uses on the ground floor. Figure 3 below shows the initial transformer location on the left and the proposed transformer location on the right. The transformer is highlighted in red and the subject property boundary adjacent to the 2<sup>nd</sup> Street sidewalk is shown in blue.

#### Figure 3: Initial and Proposed Transformer Locations

The proposed screening is a 4-foot-high metal mesh panel as shown below in Figure 4 below.

#### Figure 4: Proposed Screening of Transformer

Staff believes the current location is preferable to the initial application, however, the transformer will still be visible by the public at all times of year due to the proximity to the public sidewalk. Staff also has concerns about the metal screening. This screening is seen in other areas of downtown with little practical success. Metal paneling is prone to freezing in the wintertime, causing Idaho Power to break the panels to get access to transformers. Often, repair of the screens by the property management or homeowner's association takes an extended period of time resulting in either no screening, or broken screening that may obstruct alleys or sidewalks.

Staff believes that consistent application of the design review criteria is important as the city has made positive progress in the placement of equipment over the past couple of years from previous practice. If allowed to place the transformer in the proposed location, the project is setting an example that would be considered

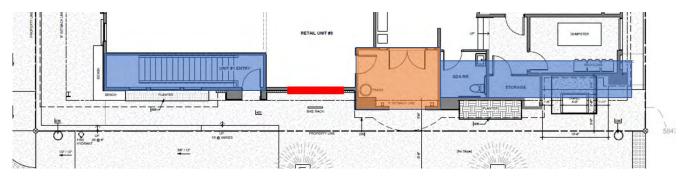

acceptable to the city and will likely be employed on other projects. Based on these concerns, staff recommends the following alternatives to what is currently proposed:

- Evaluate the configuration of ground floor parking and uses to create an adequate space for the transformer in the rear of the property along the northern property boundary
- Screen the transformer with landscaping that will soften the aesthetic of the transformer and adequately screen the equipment year-round. Staff recommends shrubs rather than tall grasses as the grasses are cut down during the winter and will expose the equipment.

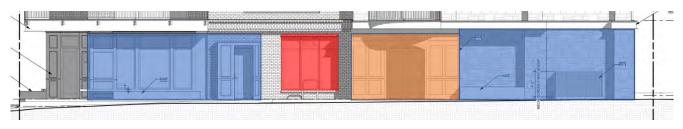

#### Activation of Ground Floor at Corner

Per Section 17.96.070.B.2, "For nonresidential portions of buildings, front building facades and facades fronting a pedestrian walkway shall be designed with ground floor storefront windows and doors with clear transparent glass. Landscaping planters shall be incorporated into facades fronting pedestrian walkways." During department review, staff expressed concerns about the placement of the entrance to the basement residential unit and the recessed nature of the retail and residential entrance on 2<sup>nd</sup> Ave. Although the façade along the stairwell includes storefront type windows with associated landscape planters, the placement of the stairwell at the prominent corner of the building and the recessed nature of the main entrance takes away opportunities to maximize activation of the street along 2<sup>nd</sup> Street. On many corner lot developments in the downtown, the focus of activating the street should be at the corner with facades becoming less activated toward the alley where there is usually parking, utilities, trash, and other back of house uses. As shown in Figures 5 and 6 below, only a small portion of the 2<sup>nd</sup> Street façade will have activation at the street level adjacent to the sidewalk. Figure 5 is a plan view of the uses adjacent to the 2<sup>nd</sup> Street façade and Figure 6 shows how those uses translate to the building's elevation. See the paragraph below for a description of the color coding.

#### Figure 5: 2nd Street Facade (plan view)

#### Figure 6: 2nd Street Facade (elevation)

The blue shading notates the stairwell to the basement on the corner and the back of house uses along the façade toward the alley. The orange notes the recessed entry to the building which includes a side entrance to the retail space and the primary entrance for the upper-level residential uses. The red line notates the portion of the façade with direct visibility into the retail space. The intent of the design review criteria is to ensure activation of the street by providing interest for pedestrians. Retail uses rely heavily on "window shopping" potential, which is not supported by the placement of the stairwell in its currently location. Staff recommended the applicant review alternative placement of the stairwell; however the applicant team

represents this is the best location for the purpose of bringing in natural light into the basement unit. The applicant also represents a desire to create a prominent entrance to the upper floor residential units that sets this portion of the building apart from the other uses.

Although staff understands these desires, staff believes the placement of these features diminishes the activation of the street and closes the building off from the pedestrian realm. Staff recommends the applicant consider the following alternatives:

- Relocate the stairwell to the basement residential unit to allow for full visibility of the retail space.
- Reduce the size of the recessed entry to allow for the relocation of the retail entrance to be placed directly onto 2<sup>nd</sup> Street.

#### Exposed Wall on North Facade

The north facade of the proposed building faces toward the Kneadery, adjacent to the VP Companies office and has a zero-foot setback from the property line. Section 17.96.070.B.1 states "Facades facing a street or alley or located more than five feet from an interior side property line shall be designed with both solid surfaces and window openings to avoid the creation of blank walls and employ similar architectural elements, materials, and colors as the front façade". Although this standard does not directly apply to this façade as it is not set back from the property line, the adjacent building is a one-story building with a pitched roof and has significant setbacks from property lines. Some vegetation is present, although sparse. As shown in the southwest perspective on Sheet A4.4, the north façade will be visible until redevelopment of the adjacent property. As shown in the renderings on Sheet A4.4 and elevation on Sheet A4.3, the development proposes some horizontal banding and a mural to add interest to the building and to reduce the perceived mass of the structure.

In general, staff believes the proposed development meets the design review criteria except for the placement of the transformer and potential activation of the 2<sup>nd</sup> Street facade. Staff requests the Commission review the proposed development and provide feedback to the applicant on the transformer location and 2<sup>nd</sup> Street activation.

#### IV. CONFORMANCE WITH SUBDIVISION STANDARDS

During Department Review, staff reviewed the preliminary plat application for conformance with KMC 16.04.030 – *Procedures for subdivision approval*, KMC 16.04.040 – *Development and Design*, and KMC 16.04.070 – *Condominiums*. Please see Attachment G for the review of all requirements and standards. Where "N/A" is checked, the standard is not applicable for one of three reasons:

- The standard applies to the creation of new subdivisions, not the subject property, which is an existing platted lot within the original Ketchum Townsite.
- The standard applies to action that shall be taken at the final plat stage of the process and this application is for a preliminary plat.
- Per provisions of the standard, the City Engineer has determined that the standard does not apply.

The alley between N Leadville Ave and East Ave meets the city's minimum width requirement of 20 feet. The proposed building is set back 3 feet from the alley, allowing adequate turning movements for vehicles entering and exiting the enclosed garages. The development will reconstruct the alley as shown in the right-of-way improvements plan on Sheet C2.0 of Attachment B. Reconstruction of the alley will include regrading of the alley to meet slope requirements, address drainage issues for the length of the subject property, and tie into the existing sidewalk to the east across the alley.

Staff believes the proposed preliminary plat meets all the subdivision requirements and standards for a preliminary plat and condominium map.

#### V. STAFF RECOMMENDATION

Staff requests the Commission review the Design Review application and provided feedback to the applicant on the transformer location and the 2<sup>nd</sup> Street façade activation.

#### TRANSCRIPT OF RECORDED PUBLIC HEARING

TUESDAY, NOVEMBER 29, 2022

COMMISSIONERS PRESENT:

NEIL MORROW, CHAIRMAN

BRENDA MOCZYGEMBA, VICE CHAIRPERSON

TIM CARTER

SPENCER CORDOVANO

SUSAN PASSOVOY

TRANSCRIBED BY:

VICTORIA HILLES, RPR, CSR NO. 1173

1	(Begin transcription at 0:0:47 of audio
2	file.)
3	CHAIRMAN MORROW: Communications from
4	Commissioners, any kind of ex parte disclosures or
5	communications?
6	VICE CHAIRMAN MOCZYGEMBA: No. I did I did a
7	site visit of the 200 North Leadville story poles.
8	CHAIRMAN MORROW: Okay. All right.
9	(Pause transcription at 0:01:06 of audio
10	file and resume transcription at 0:34:10
11	of audio file).
12	CHAIRMAN MORROW: Okay. Action Item 3,
13	recommendation to hold a public hearing review and
14	provide feedback on design review and condominium,
15	preliminary-plat applications for the proposed
16	mixed-use development at 200 North Leadville, P22-035
17	and P22-035A.
18	Staff.
19	Is this Morgan?
20	MORGAN LANDERS: Yes. Yes. Yes.
21	Thank you, everyone. Let me get teed up
22	here.
23	Great. Thank you, everyone.
24	I'm Morgan Landers.
25	This project is a design-review

1	application and a condominium, preliminary-plat
2	application for a new, mixed-use development at the
3	corner of Second and Leadville.
4	I do have a brief presentation to kind of
5	review what we over-viewed in the staff report, and we
6	do have representatives of the applicant here that
7	wish to provide some comments and remarks as well, and
8	then obviously, go to your question and answers,
9	public comment, and then into your deliberation.
10	So I'll talk at a high level kind
11	of project introduction, zoning standards, design
12	review standards, and subdivision standards. These
13	are going to be high-level items that we discussed in
14	the staff report, and I can drill down on anything in
15	more detail that you would like.
16	So as I mentioned, this is the final
17	design-review and condominium preliminary plat for a
18	new 11,663-square-foot, three-story, mixed-use
19	building. The property's located at 200 North
20	Leadville.
21	And so you can see here on the upper
22	portion of the screen this is an aerial photo.
23	It's on the north corner. We're at a bit of an offset
24	in the downtown. So it's the north corner of Second
25	and Leadville, and that is within the Subdistrict 2 of

1	the Community Core.
2	So retail is not required, but certainly a
3	permitted use on the ground floor. The existing lot
4	is vacant, currently. There was a previous building
5	on the property, but that was demolished in 2020.
6	So an overview of what the proposed
7	project is. There are four levels, as this building
8	has a basement. And so in the basement we have one
9	residential unit that has a net square footage of 704
10	square feet, and then the remainder of the basement is
11	consisting of storage space for the other residential
12	units and then access and ingress and things like
13	that.
14	On the ground floor we have 1,306 square
15	feet of retail, we have garages for the residential
16	units that are of larger size, and then we also have
17	kind of the back-of-house operations for the project,
18	which are utilities, garbage, storage, additional
19	storage for retail, and things of that nature.
20	On the second floor there are two
21	residential units. One is 749 net square feet, and
22	the other is 2,587. And then on the third floor there
23	is one penthouse unit of 3,514 square feet.
24	Please keep in mind these are
25	net-square-footage numbers because those are the

Γ

1	square-footage numbers we use to calculate the parking
2	requirements, but the gross-square-footage numbers of
3	those units are just slightly higher. And I believe
4	both of those numbers were included in the packet of
5	information.
6	There is a rooftop deck proposed for this
7	project. It is set back, per all of the requirements
8	of the zoning regulations, set back for unhabitable
9	structures, everything set back 10 feet from
10	the from the parapet of the building, and that is
11	included in the project plans as well.
12	So on the zoning regulation side, we do
13	review proposed uses, dimensional standards, including
14	all the setbacks, building-height and coverage
15	requirements. This is a project that is requesting to
16	take advantage of the floor-area, density-bonus
17	program. Their FAR Exceedance Agreement was approved
18	by City Council at the last City Council meeting, you
19	know, pending approval of their design review and
20	condo preliminary plat.
21	So if there are amendments that are made
22	to that agreement moving forward, we have recently
23	made a shift on kind of the order by which we're doing
24	those because the City Council has the purview over
25	the FAR Exceedance Agreement, and the Planning

	1 22-03571 22-035A - 200 N Leadville Ave
1	Commission over purview of design review.
2	There's some clauses in the agreement
3	that if there are design changes that result from
4	the design-review process, there's amendment
5	procedures for that agreement.
6	And then we also review everything for
7	parking requirements and all of our dark-sky
8	requirements as well. At this time, we do believe
9	they are in conformance with all of the zoning
10	regulations as the project is currently proposed.
11	On the other side of that, I just wanted
12	to call your attention to I did provide an overview
13	of the project's conformance with our Interim
14	Ordinance, although this project was exempt from that
15	because it was deemed complete prior to the effective
16	date of that Ordinance.
17	But as staff, we want to make sure that
18	you all, even as you're seeing projects, those
19	aren't criteria that you can be evaluating the project
20	against. But I think one of the requests of the
21	Planning Commission was that you all would see how
22	projects kind of fit into that because that's part of
23	the learning experience during this Interim Ordinance
24	process.
25	So on the design-review side of things, in

Г

25

1	general, staff believes that this is a pretty good
2	project. We think that they've taken a lot of care
3	from a lot of the architectural elements and some of
4	the detailing of the building, but we do have a couple
5	of of components of the project that we were not
6	able to get full resolution between staff and the
7	applicant on.
8	And so we want to present those for you
9	today for you to give feedback to the applicant on
10	whether you agree that these are concerns and that
11	there are some changes that should be made or whether
12	the Commission feels supportive of what's in front of
13	you today and can move forward with that project.
14	So staff highlighted a couple of things,
15	primarily the utility screening of the
16	transformer and I'll go through that and then,
17	also, activation of the ground floor at the corner.
18	We also highlighted the north facade, which I did
19	include a slide on, although staff doesn't necessarily
20	have concerns about that. It was more something to
21	highlight for you all in case you wanted to provide
22	additional feedback to the applicant.
23	So for the utility screening, the
24	design-review criteria says that roof and

ground-mounted mechanical and electrical equipment

	1 22-000 / 1 22-000A - 200 N Leadvine Ave
1	shall be fully screened from public view. This is a
2	Community-Core-specific, design-review criteria. In
3	the rest of the town we have design-review criteria
4	that speaks generally to utilities being underground
5	and screened, but we are much more specific about
6	things in the Community Core.
7	So as I reviewed in the staff report, we
8	did have some iterations with the applicant. So the
9	applicant has tried to address staff's comments, but
10	we still do have some concerns.
11	So the image on the left is what was
12	initially proposed by the applicant. And so you can
13	see here in this red this was the original
14	transformer location. This blue line is the property
15	line.
16	So there were a couple of concerns. One
17	was the location, but the initial proposal didn't meet
18	the clearance requirements for Idaho Power or the
19	City. So we worked with the applicant to make some
20	revisions.
21	And so you can see the current proposed
22	location of the transformer on the right, and it is
23	now set back from the property line. And there were
24	some adjustments that were made to the building facade
25	to kind of further tuck the transformer in.

1	Staff still has some concerns related to
2	this location primarily because of the location
3	adjacent to the sidewalk and some of the screening
4	that's proposed.
5	Here's another view of what currently is
6	proposed. So from the Second Street facade, if you're
7	on the sidewalk, this will be your view of the
8	transformer. This is about a 4-foot, screened fence.
9	And then, if you're walking down from the
10	alley or if you're walking down Second Street kind of
11	at an angle, this is what it would appear to be from
12	those pedestrian vantage points as well.
13	So in our additional discussions with the
14	applicant, you know, we expressed concerns about
15	visibility, the long-term viability of the screening,
16	and the inconsistent application of design-review
17	criteria if we were to permit this location.
18	From a visibility standpoint and from a
19	viability standpoint, the metal screening is really
20	not something that has proven to be effective over
21	time. Idaho Power has expressed concern that these
22	screens can freeze. You know, they're metal screens.
23	And so, in the wintertime, if they're
24	frozen in place and the transformer has to get
25	accessed Idaho Power doesn't necessarily oppose the

Г

1	screening, but they will just break the screening to
2	access the transformer. It's not something that
3	they'll just kind of wait to get de-frozen, things
4	like that.
5	And then it often takes a long time for
6	that screening to get replaced or repaired. So we do
7	have instances in the Community Core right now, where
8	this metal screening has been used, and it's damaged
9	and no longer serving its function.
10	The other concern, I think, is is just
11	kind of how effective that metal screening is from
12	screening the utilities from public view. You know,
13	in some instances it may be a more preferable
14	situation than landscaping because some landscaping
15	doesn't do as well in the winter months, may get
16	trimmed back, you know, things of that nature. So
17	those are some of the concerns on that front.
18	And then staff does have a concern. We
19	have made a pretty successful shift over the past few
20	years to really start to tuck these transformers back
21	into back-of-house operations, if you will. And so
22	this would be an exception on kind of what we've tried
23	to shift to and would revert back to where we have
24	come from, and so staff does have a concern about
25	that.

1	We did talk with the applicant about
2	evaluating kind of a reconfiguration of those
3	ground-floor uses; maybe looking at surface parking,
4	rather than enclosed parking, as it takes up less real
5	estate; and then, maybe, some alternative screening
6	treatments that would be more effective in kind of the
7	full winter months. But the applicant has represented
8	they've had some challenges in effectively doing that,
9	and so that's why we are here today.
10	So the second issue that staff wanted to
11	bring to your attention is, really, kind of the
12	activation of the Second Street corner. Our
13	design-review criteria is a little bit unique because
14	we talk about how we want to facilitate ground-floor
15	street frontage, primarily as it relates to commercial
16	space.
17	And we say that for nonresidential
18	portions, that we shall have storefront windows;
19	clear, transparent glass; you know, things like that.
20	That is really intended to provide interior, viewable
21	space into those ground-floor uses; right? You get to
22	window shop with your retail uses, things of that
23	nature.
24	The proposed project has an access stair
25	to the basement residential unit right on the corner

1	of Second and Leadville. And so, although they have
2	proposed storefront-window treatments, it doesn't
3	really meet the objectives of the design-review
4	criteria in kind of activating that space. And so,
5	although, on kind of its commercial-facade side of
6	things, it may look as though it is doing that but
7	it is actually blocking a pretty significant view into
8	the retail space, as it's proposed.
9	So here is a diagram that I included in
10	the staff report.
11	I think the other concern from staff's
12	standpoint is just the amount of activation on the
13	entire Second Street kind of corridor.
14	And so what I'm showing here in blue are
15	kind of the back-of-house operations that don't have
16	direct visibility into the building. So here is the
17	stairwell entry into the basement residential unit
18	with the retail space behind it. In this retail
19	space, the only visibility you have from Second Street
20	is by one bank of windows right here in the red.
21	You have an entrance to that retail space
22	from a recessed kind of residential courtyard that's
23	set back and somewhat kind of narrowed from an
24	entry standpoint, so it's really not very visible.
25	And then, as soon as you transition to the right of

1	that, you go into the back-of-house operations. So
2	you've got an ADA restroom, you've got storage, you
3	know, the dumpster, you know, things like that.
4	And so, when you look at the Second Street
5	as a whole, really, the only portion of that street
6	that's going to be activated is this portion that you
7	see here in the red.
8	What I also have is an elevation view of
9	what that looks like from Second Street. And so, you
10	know, here this bank of windows here well, the
11	windows are actually these three panels. This is a
12	closed kind of corner element.
13	And so this is the stairwell down into the
14	ground to the basement level. And so although
15	we do have kind of this aesthetic of these storefront
16	windows, you're really don't have visibility of
17	anything of note.
18	And then you have the entrance to the
19	residential unit is here, and then, again,
20	these this red box here is actually where you do
21	have visibility into the retail space.
22	And then, again, you move back as you
23	head towards the alley further this is the entrance
24	for the residential units oh, lost my cursor.
25	Residential units the entrance to the
l	

retail space is kind of tucked back behind here, and 1 2 then you transition into your back-of-house 3 operations. Staff definitely understands that it's 4 really challenging when you're dealing with a corner 5 lot. You know, there's not an expectation that we 6 activate every single piece of linear footage of these 7 properties because there are always going to be 8 back-of-house operations, but staff doesn't believe 9 10 that the location of the residential staircase down 11 into the basement at the corner of the property is 12 really the best location for it. 13 So again, we expressed concerns about the 14 extent of the transparency -- storefront windows on 15 that prominent corner really activating that space. 16 We did discuss with the applicant a 17 relocation of the stairwell to the basement unit and potentially reducing the size of the entry to the main 18 19 residential units on the upper floors -- and kind of reorient that retail-unit entrance to the street. 20 But 21 at this time, the applicant represents that those 22 recommendations aren't able to be accommodated. So 23 that's where we are today. 24 And the last element of this project that we highlighted in the staff report was the north 25

1	facade. Our design-review criteria really emphasizes
2	addressing facades if they are stepped back 5 feet
3	from the property line, if they're on an interior lot
4	line.
5	This one and other projects like this,
6	where you have had maybe a 0-foot lot line but it
7	is exposed because the adjacent building is such
8	more is so much more small than the proposed
9	building the Commission has provided feedback in
10	the past about varying materials and other ways to
11	treat that facade in the interim until adjacent
12	properties redevelop.
13	So with that that concludes my comments
14	on the design review.
15	On the condominium preliminary plat, the
16	project and application meets all of the condo,
17	preliminary-plat, and subdivision requirements. This
18	is an existing lot and existing infrastructure, so a
19	lot of the application requirements don't apply. And
20	we do have kind of that draft analysis in the
21	attachments of the staff report, and at this time, we
22	would ask that the Commission review and provide
23	feedback to the applicant on some of staff's feedback.
24	CHAIRMAN MORROW: Does the applicant have a
25	presentation?

1 MORGAN LANDERS: Yes. 2 CHAIRMAN MORROW: Okay. 3 MORGAN LANDERS: Yeah. CHAIRMAN MORROW: Why don't we do that then? 4 5 MORGAN LANDERS: I've got -- okay. Good. And this is Nicole Ramey, project 6 architect for the project. 7 And, Nicole, I can kind of toggle to 8 whatever sheets you would like me to navigate to. 9 10 NICOLE RAMEY: [Unintelligible]. 11 MORGAN LANDERS: Oh, and if you'll turn your mic 12 on with the little button right there. 13 Yep. 14 NICOLE RAMEY: If we could just go first to the 15 renderings of the back of the project. 16 MORGAN LANDERS: [Unintelligible]. 17 NICOLE RAMEY: So first of all, I wanted to thank Morgan for all of her hard work. 18 It's a long 19 process to get to this point. She's been tireless in helping us through this, so thank you to your staff. 20 21 I did want to highlight a couple of 22 things, a couple reasons for why -- why the building 23 is the way it is and some of the things that we think 24 are [unintelligible] project moving forward. The retail space is really flexible. 25 One

1	of the things that we did as a project team is we sat
2	through some of the first emergency-ordinance meetings
3	and kind of heard some feedback. One of the things we
4	heard there was [unintelligible] community you
5	know, they need different sizes and types of retail
6	space.
7	So this this retail space can be one
8	large retail space. It can be two. It can be three.
9	Instead of, architecturally that we could subdivide
10	it into three different spaces if need be. It can
11	stay one. It's flexible, depending on the on the
12	City's needs.
13	One of the other things we did is we
14	actually added a unit during some of our initial talks
15	with Morgan. This was originally a three-unit
16	building. The second and third floor were identical
17	units in size and floor plan.
18	So we put a 749-square-foot unit on the
19	second floor just hearing feedback even though
20	that's not applicable, this falls not under the
21	Interim Ordinance, but just as, you know, a we're
22	looking you know, we're listening. We're paying
23	attention. This is something that the City wants. So
24	we added that unit just of our own device.
25	Another thing that we've done and you

1	can't see it on purpose, but the roof is full of solar
2	panels. So not only do we have a little rooftop deck
3	for that third-floor unit, but all the remaining area
4	will be filled with solar panels.
5	New technology allows them to be set at a
6	little lower solar elevation, so we're looking at, you
7	know, specs that make it so you're not going to see
8	them up above the roof. But we're looking at what
9	other local jurisdictions are doing and paying
10	attention to that as well.
11	So we have solar panels supplier on
12	how that will be in agreement [unintelligible],
13	obviously, we're looking forward to a sustainable
14	building that's here to last, here for the long run.
15	Another thing that goes along with that is
16	the materials. We're trying to do something a little
17	different. [Unintelligible] this brick, and we have
18	siding, and we have natural stone. Steel accents
19	[unintelligible] using [unintelligible] products that
20	we've seen projects recently. So all of those
21	materials are designed to last, to stand the test of
22	time. They're going to be sustainable.
23	Some of the things that we also did is
24	the the recessed entry, which is kind of that black
25	portion you see in the upper left-hand right on the

1	corner of Second and Leadville. So we pulled that
2	area back. It's actually slightly recessed.
3	There is a column, but that is to help
4	provide you know, that's to make the pedestrian
5	experience a little nicer. It's covered. There's a
6	bench. There's a planter on the Second side. So you
7	can actually walk kind of under there and get coverage
8	as you're walking.
9	So it's supposed to you know, that's
10	our version of, "How are" "How are you activating
11	the corner?" Well, we're allowing the pedestrians to
12	walk kind of through the building in that that
13	sense. So that's kind of one of our responses
14	to to the activation.
15	In our talks with Morgan there were
16	several things that we did take into consideration
17	once we submitted. We have worked with her and her
18	staff on pulling the roof the upper roof back.
19	That was something we've also seen on some recent
20	projects.
21	The upper roofs are, you know, too
22	overbearing. They're coming out too far. So we've
23	actually pulled that back, and it's not as far out as,
24	you know, the deck structure below so that third-floor
25	deck is actually partially unobstructed above. So

that was, you know, one of the things that we worked 1 2 back -- worked with her on. We've also worked with the City on pulling 3 the pergola back, meeting all the rooftop setbacks. 4 At one point, we did have landscaping planters that 5 were at the parapet side, right up next to the parapet 6 [unintelligible] greenery spilling over. So we've 7 pulled those back to meet all the requirements. 8 9 We did also work with Morgan and her staff 10 on the lower-level unit. We had proposed some light 11 wells to help make that unit a little nicer and 12 [unintelligible]. And due to the dark skies, we have 13 eliminated those as well. 14 We also de-emphasized the entrance to the lower-level unit. It had a little bit more prominent 15 16 feature in previous instances. We worked to make that 17 a little smaller, in addition to proposing smaller 18 landscaping in the planters, so as not to obstruct the 19 windows into the retail spaces, more space. And we also revised the north elevation to 20 21 incorporate horizontal banding, as opposed to vertical 22 banding, to de-emphasize the height on that elevation. 23 Also, working [unintelligible] the bike-rack 24 locations, moving that closer to Leadville to be a little bit more prominent for bike users. 25 So that's

kind of some of the highlights and some of the things 1 that we've worked through -- worked through on the project.

2

3

One other thing I wanted to point out, as 4 we talk about moving to the [unintelligible], Morgan 5 was pointing out the activation of the retail. This 6 stairwell down into the lower-level unit, it has big 7 windows. One of the reasons for that is it's going to 8 highlight some art that's on a wall, technically, 9 within the residential unit. You would see -- that's 10 11 a large art wall beyond there.

12 Another reason for keeping that wall there 13 is, you know, retail does need some solid surface. It 14 can't all be glass. So if you look at the floor plan, 15 we feel that we've provided -- depending on how it's 16 subdivided, whether it's one unit or three retail 17 units, we're providing an ample amount of solid surface for, you know, displays and hanging racks and 18 19 whatnot.

We looked at adding another window in the 20 stairwell on the Leadville side. The issue with that 21 22 is, obviously, timing. And if you think about the 23 activation of the light within that space, obviously, 24 that light would be on at night. [Unintelligible] home and -- windows into the retail space. 25

1	They'd have no there'd be differing
2	light qualities. So they wouldn't really be speaking
3	to each other, even if there was a window there. So
4	for continuity and keeping that Leadville Avenue kind
5	of like the front not the retail only we decided
6	to leave that window out that corner.
7	One other thing I noticed in the Code
8	under the Community Core design-review standard under
9	"Architectural," "B," it says, "Facades facing a
10	street or alley shall be designed with both solid
11	surfaces and window openings to avoid the creation of
12	blank walls and employ similar architectural elements,
13	materials, and colors as the front facade."
14	So, you know, while I can appreciate
15	trying to help [unintelligible] local businesses and
16	people who are in these spaces you know, we did
17	look at the Code for some of these parameters of how
18	to how to design the building. So, you know, if
19	those are parameters that the City really wants to
20	have included, I would encourage [unintelligible].
21	I think that's kind of it.
22	CHAIRMAN MORROW: Mm-hmm.
23	NICOLE RAMEY: I guess I I did want to point
24	out, you know, we have we're adding four
25	residential units. There's no net loss of units.

1	We're not [unintelligible] lots, trying to hit some of
2	these marks. [Unintelligible] the Interim Ordinance,
3	it's not applicable, but, I feel like you're we
4	tried to get very close to that, even though we
5	started the project long [unintelligible].
6	CHAIRMAN MORROW: Thank you.
7	Commissioners, do you have do you want
8	to do public comment first and then do or do you
9	want to go direct to do you have questions for the
10	applicant or staff?
11	Let's do that.
12	VICE CHAIRMAN MOCZYGEMBA: Yeah. I have
13	questions for staff.
14	I guess curious. Could you maybe
15	expand on the applicant's comment in regards to the
16	elimination of the window wells at the basement unit.
17	MORGAN LANDERS: Yeah. So and this was
18	something I know has come up in some other projects,
19	too, where we may have allowed it in the past.
20	When we were looking at this, as far as
21	the illumination that those would be illuminated
22	during the evening times. The purpose of those window
23	wells is to bring in light into the unit during the
24	daytime, which can certainly be helpful, but what you
25	have, as a result, is then up-lighting of that area in

So I think there's some concern related 1 the evenings. 2 to dark skies. If the Commission has feedback on whether 3 you all feel that that is a concern related to dark 4 skies or not, I'll -- staff can also come back with 5 some additional information on that, but that was the 6 determination provided to them on those. 7 And the locations of those original window 8 wells, one of them was kind of what I could consider 9 to say, you know, "exposed to the sky," so you could 10 11 get some natural light. 12 The other window well was actually beneath 13 the awning, right in front of the retail space. So I 14 think it wouldn't, probably, have as much light as, 15 maybe, anticipated. It certainly would kind of in the 16 late-evening hours, but for -- it was on the side of 17 the property, where, during the majority of the day, 18 you wouldn't get a lot of natural light through that 19 window regardless. 20 VICE CHAIRMAN MOCZYGEMBA: Thank you. 21 CHAIRMAN MORROW: Spencer. Tim, do you have anything? 22 Tim. 23 Tim's got nothing. 24 Susan? 25 COMMISSIONER PASSOVOY: I'm getting used to

this. 1 2 I just had a couple of questions. I'm not -- I -- I -- I don't -- I'm not 3 quite clear as to what the pedestrian sees through the 4 windows that are on Second Street, oh -- over the 5 stairwell, down into the basement unit. So if I'm 6 walking along, there's a window there, and then -- do 7 I understand that, then, I'm going to be looking at 8 art that's on a wall inside, but that's all? 9 I mean, that's -- that -- not that that's 10 11 a -- a -- a minor consideration. I just wanted to 12 make sure I understand what -- what I'm seeing. 13 MORGAN LANDERS: That's correct. 14 And let me share my screen again. And 15 hopefully -- and I can continue to just leave this up 16 so we can navigate through if we need to. 17 So here is -- and this is a similar -- this is kind of the elevation -- so this is 18 19 the view of the building as if you were across the street on -- across the side of Second Street. And so 20 21 here are the three windows, and they are kind of 22 floor-to-ceiling, glass windows, so they do achieve 23 kind of that storefront feel. 24 And so in this -- in this kind of 25 three-panel-windowed area the applicant has

Γ

1	represented that there would be some sort of art
2	installation that you would have visibility of.
3	I think it would be helpful if the
4	applicant could talk about how that might be
5	illuminated because, based on the floor plans, that is
6	an open stairwell to the residential unit, so not
7	necessarily something where you would close off a
8	door, where it could remain illuminated in the evening
9	hours as a nice feature for pedestrians into the
10	evening. So perhaps we can get some additional
11	clarity from them on that.
12	But does that help answer your question?
13	COMMISSIONER PASSOVOY: Yes, that does.
14	I appreciate that and and Nicole's
15	presentation as well.
16	Then the second question that I have is
17	one that you said that the metal screening on the
18	transformer is not a good idea from from the a
19	maintenance-and-longevity standard and that
20	landscaping, also, could be problematic. What are the
21	other choices that are available?
22	MORGAN LANDERS: Yeah. Let me clarify. I think
23	landscaping could be effective if the right types of
24	landscaping were chosen.
25	So sometimes we'll see landscaping around

1	transformers be kind of those taller, ornamental
2	grasses, Karl Foerster grasses, things like that.
3	Those always get cut back in the wintertime as just
4	part of their regular maintenance and upkeep, and then
5	they regrow in the spring.
6	So I think if the applicant were to
7	consider landscaping, we would look for something that
8	would be more of the evergreen variety so that it
9	could maintain its substantial screening capacity in
10	the winter months as well.
11	COMMISSIONER PASSOVOY: And this I'm totally
12	naive about this, but if if there is a basement,
13	why can't the transformer just be down from where it
14	is into the basement?
15	MORGAN LANDERS: Hot hot button, Susan.
16	UNIDENTIFIED SPEAKER: [Unintelligible].
17	MORGAN LANDERS: We we have actually had
18	those conversations with Idaho Power. We know
19	that in some more urban areas, that power vaults
20	are something that are used pretty regularly.
21	We have not been able to get agreement
22	with Idaho Power of the use of vaults, and so the
23	transformer placement has become a more challenging
24	issue for projects, particularly single Ketchum
25	Townsite lots in the downtown core. So unfortunately,

Γ

1	at this point in time, we are not in a position where
2	we could permit that, just with our discussions with
3	Idaho Power.
4	COMMISSIONER PASSOVOY: Okay. Thank you.
5	CHAIRMAN MORROW: Anything else?
6	Okay, Spencer.
7	COMMISSIONER CORDOVANO: I keep just getting
8	curious about how we're going to deal with deal
9	with snowfall, like off the side of the building
10	with with, you know, limited setbacks that are
11	encompassed by pedestrian areas. I was also wondering
12	if there's snowmelt in the sidewalks.
13	MORGAN LANDERS: There are snowmelt proposed
14	for, not only the City right-of-way sidewalks, but
15	also the pedestrian area between the property line and
16	the building facade as well. So all of that is
17	anticipated to be snowmelted.
18	COMMISSIONER CORDOVANO: Yeah. I don't know.
19	I you know, you get some snow on your balcony, and
20	where do you put it, and when do you do it? I have a
21	similar thing going on at some of my office units.
22	And then, just with cornices forming up
23	top and
24	MORGAN LANDERS: Mm-hmm.
25	COMMISSIONER CORDOVANO: stuff like

1	that and we were also talking about some like Code
2	recommendations on how only the fourth floor gets
3	set back and how, since it's a third floor, it doesn't
4	need to be set back further
5	MORGAN LANDERS: Mm-hmm.
6	COMMISSIONER CORDOVANO: and I'm just seeing
7	value in that.
8	I do like this building. I think it's a
9	great design. It's super cool. I really like
10	the the overall design of it. I think if I was
11	in an inhabitant there, I'd maybe be looking for a
12	little more privacy in my deck railings, but that's
13	just for them to figure out.
14	I really do appreciate the chance of
15	smaller retail. I think that that price point, that
16	size is so much more applicable for a local business
17	to go in there, one with smaller overhead, more
18	personalized.
19	And I do appreciate the
20	749-square-foot-unit addition. That definitely is a
21	step in the right direction on my end, and I thank the
22	applicant and design team for that. I would
23	definitely like to see them stay small, but the market
24	is what it is, and I think it's a notion in the right
25	direction.

Г

1	I think it's super-cool activation.
2	I as long as the transformer's set back
3	3 feet I mean, whatever. We wrap a bunch of them
4	with art. Just wrap it with a brick-looking thing,
5	and as long as it can't get hit by a snowplow it
6	seems like it's kind of the spot for it because you
7	wouldn't want to negotiate the whole northern edge of
8	the building there. And it's close-ish to the alley.
9	I was driving through the alley this
10	morning, looking at where everybody else has utilities
11	and it seems there I was wondering, you know,
12	with what we learned from the Catch [phonetic]
13	building and how we've taken some overnight parking
14	available down here by the post office and stuff, if
15	there was any forecast on what we would do for
16	overnight parking in the future for these two units
17	under 750 square feet.
18	If if you'd if you'd
19	UNIDENTIFIED SPEAKER: [Unintelligible].
20	COMMISSIONER CORDOVANO: If you'd you've got
21	to
22	UNIDENTIFIED SPEAKER: [Unintelligible].
23	COMMISSIONER CORDOVANO: come up to the
24	thing.
25	And do we want to have a

Γ

1	MORGAN LANDERS: So my preference would be that
2	we would do Q and A just with staff.
3	You know, if you do have specific
4	questions for the applicant, that is the Mike Carr,
5	he's another representative of the
6	UNIDENTIFIED SPEAKER: Yeah.
7	MORGAN LANDERS: of this project.
8	COMMISSIONER CORDOVANO: Do you want to
9	MORGAN LANDERS: Do you want to do
10	COMMISSIONER CORDOVANO: hold off for that
11	for
12	CHAIRMAN MORROW: Let's let's do staff first.
13	COMMISSIONER CORDOVANO: Yep. And then we'll
14	do
15	CHAIRMAN MORROW: And then the questions for the
16	applicant.
17	COMMISSIONER CORDOVANO: And the public comment.
18	CHAIRMAN MORROW: Public comment.
19	COMMISSIONER CORDOVANO: Cool.
20	It's kind of a double-edged sword on the
21	dark sky, so I appreciate everybody's time of like,
22	"Well, let's light it up," "let's not," and how we
23	deal with that. I would be in favor of the light
24	wells. I'm I'm going to defer to the experts on
25	that one.

Γ

1	And I do like how the staircase is
2	internal in the building, compared to some of the
3	other ones, where we've seen wide-open staircases that
4	do have more light leakage.
5	It would be great to see more units on the
6	second floor, but I get it.
7	CHAIRMAN MORROW: All right.
8	Anyone else with questions for staff?
9	Go ahead. Your I was going
10	to anyone else with questions for the applicant?
11	COMMISSIONER CORDOVANO: Oh, I've got a question
12	for staff, actually.
13	CHAIRMAN MORROW: Okay.
14	COMMISSIONER CORDOVANO: Would personal services
15	be an applicable use of these retail units?
16	MORGAN LANDERS: I'm not sure we have a
17	personal-services category anymore.
18	Is that do we have this okay.
19	There was one that we got questions
20	at about during the Interim Ordinance. This space
21	is part of retail, I think. If it's personal
22	services, I believe that is a permitted use in the
23	CC-2 as well, but I think Abby [phonetic] can help me
24	pull that up too, and we can
25	COMMISSIONER CORDOVANO: That'd be great.

Г

1	MORGAN LANDERS: clear that up.
2	COMMISSIONER CORDOVANO: You know, personal
3	services doesn't require parking. People are in and
4	out pretty quick. It'd be a great spot for a
5	hairdresser, salon, something
6	MORGAN LANDERS: We and this is
7	COMMISSIONER CORDOVANO: on the smaller
8	[unintelligible] size.
9	MORGAN LANDERS: in the CC-2, not in the
10	CC-1, so there's much more flexibility on ground-floor
11	commercial uses. So the CC-1 is where we have
12	restrictions on office space and things like that.
13	So
14	CHAIRMAN MORROW: Okay.
15	MORGAN LANDERS: it's a permitted use.
16	CHAIRMAN MORROW: If we've got no more, I'll
17	open the floor for public comment.
18	If you're in the room, please step to the
19	mic and state your name for the record.
20	Do we have anyone online?
21	UNIDENTIFIED SPEAKER: At this time, we do not,
22	Commissioner.
23	CHAIRMAN MORROW: Okay. Do we have anyone in
24	the room?
25	Feel free to

1	PAM COLESWORTHY: Hey. I'm Pam Colesworthy, for
2	the record, and I come to these meetings sometimes
3	because I'm interested in a project, and sometimes I
4	just come to listen and learn. And in this case, it's
5	both. So I was happy to sit in on the previous Pines
6	unit as well. I thought that was really interesting.
7	On this project, as I'm listening to staff
8	present, I noticed the reservation that staff had
9	regarding the retail windows on this on Second
10	Street. And as I started to visualize Second Street,
11	I'm thinking, Second Street really isn't a retail
12	street. Leadville is your is your retail street,
13	and that corner kind of works.
14	But, you know, if you go up and down,
15	you've got Chapter 1, and the it's just not a
16	retail street. So I wouldn't be too concerned about
17	what staff is concerned about on that respect.
18	Overall, I agree with you and that is
19	that it's it's a really cool-looking building. It
20	doesn't look like anything else, and I like the use of
21	the materials.
22	And I'm I the other thing that I
23	think about and I may be wrong on this, but I'd
24	like you to consider perhaps the window wells that
25	it lad it let in the natural light. In terms

Γ

1	of dark sky, I think a lot of lights just get turned
2	off. I mean, if somebody's living down there, at a
3	certain point they're going to go to sleep. And I
4	just, again, wouldn't be too concerned about that.
5	So those are my comments.
6	Thank you.
7	CHAIRMAN MORROW: Thank you, Pam.
8	Sir.
9	DAVE HUTCHINSON: Well, I'm Dave [phonetic]
10	Hutchinson, for the record. I am the representative
11	of the property owner next door, which is 240
12	Leadville, LLC, and I'm also the business owner that's
13	been the tenant in the building for about 30 years.
14	So we've looked at this property for quite some time.
15	I will applaud the applicant in
16	certain in certain cases, as as to trying to get
17	to something that's an interesting building.
18	I have a letter for the record, which I'll
19	submit after. Somehow I got the staff report on the
20	23rd, and a letter to the record requires a seven-day
21	advance. So the math didn't work, so I couldn't get
22	the letter into your packet because I only had six
23	days. So I won't completely read my letter. It's a
24	little more intricate than what my comments are here
25	today.

1	I think you need to take a close look at
2	just how big this building is. Perhaps you've seen
3	the story poles. 42 feet plus a rooftop deck is a
4	very large building on that block.
5	I'm certainly not suggesting the property
6	owner the applicant needs to build a building
7	that's my size or anything close to that. But if you
8	look at The Kneadery and the Leadville Plaza and you
9	look at the other buildings on the block, the scale is
10	considerably lower. So the ability to find
11	compatibility, which is in your design review
12	standards, I think, is difficult.
13	I I was calling it a "bonus" in my
14	letter, but the FAR exceedance, I I think, is a
15	little backward. I think you need to look at the
16	design before you approve an FAR exceedance because I
17	think it's the FAR exceedance that creates the size,
18	which also creates the bulk, which also creates the
19	difficulty to provide relief. It creates flat facades
20	on on on street-side from street-side
21	perspectives.
22	I do agree with the staff that the Second
23	Avenue the Second Street facade that has windows
24	that look into blank spaces or even art walls or
25	stairwells completely flies in the face of what the

Г

1	Ordinance demands. And the Ordinance demands that you
2	make a positive finding on that circumstance or that
3	the project is either denied or has to be redesigned.
4	So I think you need to take a very close look at that.
5	The transformer thing, I think you'll
6	figure that out; right? It's probably not in the
7	right place.
8	I think the I've worked with Nicole. I
9	think she's very talented. I I think they're
10	hamstrung by trying to create too much square footage
11	inside the space. I think that's what's created the
12	size. That's the request for FAR exceedance, and I
13	think that's what's tainted the ability to create
14	the the bulk relief and the undulation in the
15	building.
16	So I if you could look at it just from
17	a big perspective in my letter I went to the extent
18	of citing the Ordinance and the standards for your
19	review. So if you feel like checking that out, that
20	would be great.
21	I do think this requires more hearings.
22	You know, I got the I got the staff report last
23	week, the day before Thanksgiving. Friday was a
24	holiday. Today, at 4:30, we have nobody commenting.
25	You know, this is a big building in this in this

Γ

1	town. I can't believe nobody has shown up to say
2	anything. I think it's just being found out.
3	I do know that other people within the
4	block ask me, "Hey. What's going on?" So people
5	don't totally know yet. So I hope you wait and get
6	some more public public response.
7	From a functional perspective, there's two
8	garages. One's a side-by-side. That's got to be the
9	penthouse garage; right? Nobody's buying the
10	penthouse without a two-car garage. And you've got a
11	tandem. That's probably the big unit on the second
12	floor.
13	I've been functioning out of that alley
14	for a long time. I I almost took video of the
15	delivery trucks pulling through today. The guy in the
16	tandem place is going to have a really hard time
17	figuring out how to get out of his garage, especially
18	the one that's already blocked in. So we've got some
19	functional issues on the parking.
20	I appreciate the comment of, "Where are
21	the other people going to put their car?" You know,
22	at this point, we've got six or seven spaces off the
23	alley, which we let people use at night. You know, we
24	let the Wiseguy delivery guy park in our spaces at
25	night.

1	Right now, this lot is bollarded off so
2	there is no parking. So people do excess park in our
3	space, which is fine with us when we're not using it.
4	But when this building is built, there's not going to
5	be any parking.
6	So you can go to East Avenue, which I've
7	had to do on occasion because other people are parking
8	in my parking. You can't find a space there either.
9	And when it snows, I'm not sure where
10	anybody's going to go. So I think that's kind of a
11	problem.
12	The other thing when it comes to
13	deliveries, you've got three restaurants delivering
14	out of that alley and a and a couple of dumpsters.
15	So there's a lot of action back there, as far as
16	circulation.
17	I would like the City to take a look
18	at since this is the first new development on that
19	alley at the at the power poles and lines through
20	there. It would make it much better to take the poles
21	and the lines out. I've seen the lines come down with
22	trucks and the power poles encroach into the alley.
23	I'm not suggesting that the applicant has
24	to shoulder the cost. I would think that if they
25	fronted it or you used some of the funds from the

1	Idaho Power Franchise Agreement to bring the rest of
2	the lines down. That might make sense because they've
3	got to go underground or I'd be happy to
4	contribute. I think that the whole alley would
5	probably like to see that done, and I know that's a
6	priority in the city and has been for years.
7	I made the same comment in my letter about
8	snow and rain. We all know that the snow overlaps,
9	and there are areas of the sidewalk there that are
10	completely uncovered, and it's coming from 42 feet.
11	So you wouldn't want to get hit with a piece of ice
12	with no coverage. So you might want to see it step
13	back.
14	Right now, this building
15	footage lot floor-by-floor, are very identical.
16	It's a box. So if you set things back, you can
17	prevent that from happening.
18	I was curious to see the staff's review
19	under the new Ordinance because I think that's
20	important that we take a look at that. Under the new
21	Ordinance, there'd need to be 900 square feet more of
22	retail space, which, I think, is the direction the
23	City is trying to take things.
24	That's the first thing I noticed here, is
25	you've got an 11,663-square-foot building with

Γ

1	1,306 feet [sic] of retail in a verily very
2	highly-trafficked, retail area, where the City's
3	trying to promote commerce. That's 11 percent of the
4	total, not a big number.
5	This is, really, a a residential
6	project. It's got a little bit of retail, but
7	certainly not what the City's looking for; right?
8	They're looking for more.
9	I like the fact that they've set it up so
10	there can be smaller retail units. I think that's
11	appropriate. It makes total sense. I just think
12	1,300 feet is not a whole lot for what we're trying to
13	accomplish in town here.
14	I would say that the interesting part of
15	all these applications and I appreciate you for
16	sitting here.
17	And Number 5 on the screen is this is
18	my pep-talk part of the part of the presentation
19	here is that staff can review you can check to
20	see that it's exactly the right height. You can meet
21	the setbacks, but design review is up to you guys;
22	right? And if it's not right, if it doesn't meet the
23	standards, you've got to redesign. You can't fix it
24	after it's built.
25	So I implore you to take a closer look at

Γ

1	the size, the mass, the bulk, and the FAR exceedance.
2	I don't ever see that the FAR FAR exceedance, for
3	the purpose of housing, which is noble, is worth a
4	building that's out of scale, doesn't fit the
5	neighborhood, the block, or the or the town. And
6	42 feet with a rooftop deck in that location is going
7	to be big for a long, long, long time, and people are
8	going to drive by and say, "Wow. How did that get
9	built?"
10	So I think you need to take a look at
11	whether the FAR exceedance is appropriate. Getting
12	\$400,000 in in-lieu funds isn't going to fix the
13	housing problem; right? I applaud it, but it's not
14	going to fix the housing problem.
15	I I obviously don't expect this to be a
16	vacant lot or a small building. I think these guys
17	will get it done, but I'd like to see you hold their
18	feet to the fire and get it right because you only get
19	one shot.
20	That's all I have.
21	Thanks.
22	CHAIRMAN MORROW: Thank you.
23	DAVE HUTCHINSON: Should I give you the letter
24	for
25	CHAIRMAN MORROW: Please.

1	Oh, Morgan will take it.
2	Any other public comment?
3	Okay. Seeing none.
4	I will close public comment, and we can
5	discuss among the Commissioners.
6	If you guys have deliberation, questions.
7	What do what do you think?
8	COMMISSIONER CORDOVANO: I wanted to I kind
9	of wanted to
10	CHAIRMAN MORROW: Oh, wait.
11	UNIDENTIFIED SPEAKER: [Unintelligible].
12	CHAIRMAN MORROW: If you guys have questions, I
13	didn't have one. I asked if there were questions for
14	the applicant.
15	COMMISSIONER CORDOVANO: Oh.
16	CHAIRMAN MORROW: Do you want to ask for
17	COMMISSIONER CORDOVANO: On about the
18	parking.
19	CHAIRMAN MORROW: Yeah. Great.
20	COMMISSIONER CORDOVANO: I've got another
21	question about the CC&Rs.
22	CHAIRMAN MORROW: Great.
23	MIKE CARR: So
24	COMMISSIONER CORDOVANO: You've got to come up
25	to the

1	CHAIRMAN MORROW: Mike, you have to step to the
2	mic and state your name for the record.
3	MIKE CARR: I'm sorry.
4	Mike Carr.
5	As I understand the Catch and I've
6	talked to the Mayor about this before is that all
7	the residents on their phones have a text notice that
8	comes to them that they can move their vehicle to a
9	designated parking spot for for snow clearance.
10	We would be more than happy to include
11	those people in that process. I I'd be for
12	everyone doing it. Neil kind of knows what I think
13	about parking, and maybe you've heard what I think
14	about parking. So that is that would be our
15	intent.
16	And I think what I was going to say
17	when I got if I got a chance to get up here is, "I
18	think this is a really beautiful building." And I
19	haven't seen anything like it. It's not it might
20	be square, but it doesn't look square. It's got a lot
21	of great setbacks. It's got a lot of great features.
22	It's got a lot of great color.
23	I agree with you on the transformer. I
24	mean, they could be covered, I bet. This is the first
25	time I ever heard about them freezing. If that's the

Γ

1	case, we will go on record, and we will take care of
2	it within 72 hours of it being broken or frozen by
3	the by the Council or by the Idaho Power.
4	And there might be other ideas to screen
5	it, but for us, the way the parking works and
6	everything works, is if you make us move this the
7	transformer, the parking ends up more towards the
8	elevator and more towards the retail because you can't
9	park them. The tandem, instead of being towards the
10	north wall, now it has to be towards Second Avenue
11	[sic].
12	So if that makes sense to you, there's
13	sort of drawings on that that you could figure out,
14	but
15	I appreciate your guys' time, and thank
16	you.
17	CHAIRMAN MORROW: Thank you.
18	Other
19	COMMISSIONER CORDOVANO: I have a
20	CHAIRMAN MORROW: Go ahead.
21	COMMISSIONER CORDOVANO: question.
22	Did anybody dig into the CC&Rs? I was
23	wondering if short-term rentals were allowed in the
24	units.
25	MIKE CARR: [Unintelligible].

1 CHAIRMAN MORROW: Yep. 2 COMMISSIONER CORDOVANO: Thanks for coming back up and everybody for hanging tonight. 3 MIKE CARR: 4 Okay. Sorry. I need to hear the 5 question again. COMMISSIONER CORDOVANO: Are short-term rentals 6 allowed --7 MIKE CARR: Well, that's --8 9 COMMISSIONER CORDOVANO: -- or excluded by the 10 CC&Rs? 11 MIKE CARR: -- up to the HOA -- right? -- as I 12 understand. And currently, we don't have any owners 13 to have an HOA, so I don't think we have that answer. 14 COMMISSIONER CORDOVANO: It's just a standard 15 issue, one that I -- that I always ask. And I don't 16 know if I'm leaning either way on it. Honestly, it's 17 just -- one of the only ways in Idaho to restrict 18 short-term rentals is on a declaration of the CC&Rs, 19 so I like to bring it up. 20 And then, also, further conversation. You 21 know, I think short-term rentals are better in the 22 CC-1 and 2 than in neighborhoods. So just throwing it 23 out there, food for thought. 24 MIKE CARR: Well, yeah. I mean, if a guy had that big a place and it was sitting empty, it would be 25

1	better to have people in town being more active and
2	spending more money in the city. So
3	COMMISSIONER CORDOVANO: Yeah. And we do see a
4	lot of these penthouses sitting quite empty.
5	Another question. Is the tandem parking
6	for the penthouse or
7	MIKE CARR: The tandem?
8	COMMISSIONER CORDOVANO: for the third floor?
9	MORGAN LANDERS: I believe that the
10	MIKE CARR: For the third floor.
11	MORGAN LANDERS: Yeah.
12	COMMISSIONER CORDOVANO: Yeah. All right. That
13	makes much more sense. I was making sure we weren't
14	getting lost, that
15	MIKE CARR: And and, you know, one other
16	thing I wanted to say, Neil sorry is we've gone
17	through a lot of changes in this process that you
18	haven't seen, whether it was the roof, whether or not
19	we had to move the elevator, whether we changed the
20	parking, where we moved the transformer, how we did
21	the entrance to the basement, all these things I
22	mean, probably 20 or 30 things we've we've changed.
23	And to be honest with you, we've probably
24	spent you were bringing up money about that
25	homeowner who was spending money. We've probably

1	spent 40 or \$50,000 in design changes already on
2	things that weren't codified, that were, "We want it
3	this way," like the garbage. That was new to us.
4	That's not in the Code.
5	It's like, "Where did this one come from?"
6	And so "Oh, wow. We've got to change this and
7	change that." It changes the whole building.
8	So anyhow. We've spent a lot of
9	changes. And I would appreciate you guys to consider
10	approving this project.
11	Thank you.
12	MORGAN LANDERS: And just to clarify, based on
13	the condominium plat, the tandem is for the larger
14	unit on the second floor. And so the the penthouse
15	on the third floor would have the
16	CHAIRMAN MORROW: Side by side.
17	MORGAN LANDERS: side by side.
18	Mm-hmm.
19	COMMISSIONER CORDOVANO: And the elevator lands
20	within the each unit, or is there a
21	MORGAN LANDERS: Yep, the elevator accesses the
22	upper floors. Mm-hmm.
23	COMMISSIONER CORDOVANO: And
24	UNIDENTIFIED SPEAKER: [Unintelligible].
25	MORGAN LANDERS: Is that your question?

Г

1	COMMISSIONER CORDOVANO: Yeah. I was just
2	seeing if it was
3	MORGAN LANDERS: Seeing if
4	COMMISSIONER CORDOVANO: going above and was
5	going to have to go to Council, but it looks like, on
6	the third floor, it lands in the unit or will there
7	be
, 8	MORGAN LANDERS: Yeah. There's there's no
9	requirement for
10	COMMISSIONER CORDOVANO: an external?
10	MORGAN LANDERS: Council to approve any of
12	the additional pertinences on the rooftop because they
13	meet all of the provisions for setback and height
14	overruns for elevators and stairwells.
15	CHAIRMAN MORROW: Brenda, do you have
16	VICE CHAIRMAN MOCZYGEMBA: No. I have no more
17	questions. I don't have questions, but, I
18	guess general comments.
19	I think this is a a pretty good-looking
20	project. In walking around the story poles today,
21	there is a very clear discrepancy in size of the
22	adjacent buildings, the adjacent buildings probably
23	being 1950s-type, single old, single-family homes
24	that may have been rehabilitated into offices and the
25	like.

1	So I definitely agree with Mr. Hutchinson
2	on coming to grips with the overall scale. But I
3	think in the names of you know, our downtown
4	being in evolution, so to speak, and and and our
5	push towards a greater density in search of
6	vitalities, I I think, that's the overall goal.
7	So I think this will be a little bit of a
8	sore thumb as as those things evolve in in the
9	sense of scale, but I I think as in terms of the
10	building, I think it's a good mix of pieces and parts
11	and things that as Nicole said, that we haven't
12	seen of late, that don't trend super modern, but still
13	have a building that's that's relevant and, I
14	think, is fairly timeless.
15	I think there could be more to be done on
16	the the the shared-property-line wall,
17	the the party wall there. I I think it's really
18	nice what's been done with the brickwork at the very
19	top parapet and then between the first and second
20	floors, whether that's a soldier course whatever it
21	may be, I think it would be interesting to see that
22	brought around that that shared wall, some sort of
23	brickwork.
24	Right right now, there's the kind of
25	four horizontal bands and then the one vertical band,

but maybe there's some additional brick detailing that 1 2 could really help out there. And then in regards to the elimination of 3 the window wells in the name of dark sky, I think -- I 4 think we just need to pick our battles judiciously, 5 you know, in our push for density and more units. You 6 know, in order to do that well and to have a 7 well-marketed basement unit, it -- it means having 8 window wells to bring light down in there. 9 10 And I think the point was made that, you 11 know, eventually that person goes to sleep. Maybe 12 they're a night owl. I don't know. 13 But, I mean, in the same vein, when one of 14 these windows above grade has its lights on -- or 15 maybe it's the retail display at night -- that's going 16 to shine light onto the pavers and then reflect into 17 the -- into the night sky. So I -- I don't know that I would hold a hard and fast line on that and -- and 18 19 would really appreciate window wells within these 20 basement units. 21 Let's see. A couple other comments here. 22 And then I -- I appreciate the staff 23 taking the time to -- especially to compare this to 24 the Interim Ordinance. I think this is a very good example of the challenges that may be brought forth in 25

1	the future of projects that are under the analysis of
2	the Interim Ordinance. And I think what what we
3	should maybe take take home from that, especially,
4	is the 50-percent, ground-floor commercial.
5	I mean, we can see just how much stuff has
6	to be packed into the back of house, whether it's
7	egress stairs or elevators or parking requirements.
8	I mean, I think I think this unit is
9	hitting on, you know, using small units to not have
10	a a parking count, and then four cars, I I
11	think, would be the minimum, whether it's whether
12	it's two units that are above that 2,000 square feet,
13	that have the two-car parking, or whether it's several
14	units at that demand the one-car parking. I think
15	most of these buildings are going to have the
16	four-parking load.
17	So I think that's going to be something
18	that's going to be challenging for these projects to
19	come, so I'd like staff to keep a close eye as we keep
20	getting more applications how that's comparing to
21	that 50 percent.
22	And I think that's in direct response as
23	well. You know, I think there's criticism that this
24	project only has the 12-percent of commercial. But,
25	again, I I think that's just a result of the stuff

1	that has to happen on the on the the ground
2	floor, back of house. I just don't see an
3	alternative, short of coming up with office space on
4	the second floor and eliminating a, you know, unit's
5	square footage up there.
6	And then, I guess, that can kind of segue
7	into this transformer. Yeah. These things are
8	unsightly no matter what what you do. And you
9	always hate the day when Cyndi Bradshaw calls you and
10	says you have to have a transformer on your site
11	so and what to do about it because, again, the
12	alley is stuffed with stuff, dumpsters, and parking
13	meters.
14	I don't know that a a metal screen is
15	necessarily the answer because what's what's
16	uglier, the sight of a green box or the sight of a
17	metal screen? So I don't know that there's a solution
18	there.
19	I I I struggle, and and I also
20	struggle with what exactly Idaho Power would like to
21	do. I think, on the Westcliff Townhomes development,
22	we talked about plantings, but then they also had
23	restrictions on the plantings.
24	Was that true, Morgan?
25	MORGAN LANDERS: Yeah. So I think where we've

53

Γ

1	landed with Idaho Power is the 3-foot clearance and
2	then the landscaping, the non-combustible landscaping.
3	So I think that's the key for them, is that it's
4	really hardy, you know, something that can't easily
5	catch fire. And then that can be on three sides, and
6	then it opens interior to the development.
7	So one of the things that we'll need to shift
8	on this I believe, right now, it opens to the
9	Second Street side. So perhaps there's a pivot of the
10	transformer to the alley side, and then that
11	landscaping can kind of be a bit more effective. And
12	I think staff would appreciate feedback from the
13	Commission on whether, you know, metal screening or
14	landscaping, you know, is preferred on that piece.
15	VICE CHAIRMAN MOCZYGEMBA: I guess my my
16	preference is always for landscaping. I I think
17	these transformers go away at the end of the day. You
18	know, being right next to the Mindbender [phonetic]
19	building, that transformer's right on the corner of
20	the street. It does have metal screening. But I
21	think where there is metal screening, there are
22	transformers. It it just kind of is in my mind.
23	So as far as applicant feedback, I guess
24	if if there could be planting there versus the
25	screen, that would be my preference. But, again,

54

1	I I don't think moving the building around to try
2	to get this into the building I think there's
3	always safety concerns to your question,
4	Susan of not putting it in the basement.
5	But even if you put it under an overhang,
6	I believe there's still fire requirements in case the
7	thing blows up. So, to me, the the perimeter
8	is is the most appropriate.
9	CHAIRMAN MORROW: Comments? Questions?
10	COMMISSIONER PASSOVOY: I don't have anything
11	additional at this time.
12	I told you the question was naive.
13	CHAIRMAN MORROW: Tim?
14	COMMISSIONER CARTER: Are we deliberating? Are
15	we through questions, or are we deliberating?
16	CHAIRMAN MORROW: Questions, deliberation. If
17	you have specific questions otherwise, I think,
18	we're kind of entering deliberation here.
19	COMMISSIONER CARTER: Let's see. I was
20	interested in Mr. Hutchinson's suggestion about
21	undergrounding the power lines. And, you know, I am
22	curious to hear from staff about how that process
23	would work and how you know, whether that process
24	would be tied to approval of this building in some way
25	or whether that's a process that's entirely

1 independent. 2 I think --3 MORGAN LANDERS: That's --COMMISSIONER CARTER: Doing the undergrounding 4 the power lines, staff, can you talk a little bit 5 about that? 6 MORGAN LANDERS: I sure can. 7 Thank you, Tim. And --8 9 COMMISSIONER CARTER: Is URA fundage -- funds That's another part of the question. 10 available? 11 So go ahead. 12 MORGAN LANDERS: That's correct. So it's my 13 understanding that the power lines that run through 14 the alley here are serving multiple properties. So we 15 always have the requirement, as part of design review, 16 that all services that are serving the development 17 need to be underground. 18 There was an aboveground power line that 19 served this property directly, kind of at the 20 midpoint, I think, that was shown on the survey, but 21 that was actually removed and relocated, I believe, 22 last year. And so if there were to be an 23 undergrounding of power lines here, that would need to 24 be more of a collaborative process and project with 25 multiple property owners.

1	And the URA is where the City funding
2	comes from, from that. It's my understanding that,
3	right now, the URA is holding off on funding projects
4	like that until they understand what their investment
5	may be for the First and Washington project. So it's
6	always something that a conversation can be had,
7	but not quite sure what the availability of that is
8	and how quickly something like that could happen.
9	COMMISSIONER CARTER: So two questions that come
10	from that. What about the Idaho Power franchising
11	fee? Is that money available for undergrounding?
12	And then, just to clarify, are you saying
13	that this sort of undergrounding process is intended
14	to happen piecemeal as buildings get redeveloped along
15	alleyways like this? Each building is required to
16	underground their power, and that's sort of the
17	process that the City is work is is relying on
18	at this point?
19	MORGAN LANDERS: Yes. It's been a bit of a
20	blend over the past couple of years. So if you all
21	recall, in the project that we had up on the corner of
22	8th and Washington, there was actually a collaborative
23	effort that was initiated by a previous developer to
24	do some undergrounding kind of proactively with the
25	Urban Renewal Agency, to do that ahead of some of

57

those projects going through. So it does kind of all
 happen a bit differently and depends on availability
 of funds.

Tim, I don't know the answer to your question regarding the franchise fees. I have to talk with Susanne [phonetic] about that, and I could come back to you all with some more information.

8 But I think it -- at its core, we do make 9 sure that each individual project is independent and 10 underground; right? So if there are above-ground 11 lines that serve the property, those do have to be 12 relocated.

But when it comes to undergrounding of more extensive power lines that maybe service multiple properties in, you know, the full extent of an alley, that usually is a much more extensive process, kind of outside of the design-review process.

18 COMMISSIONER CARTER: Okay. Thank you. 19 Another question I Let's see. 20 have -- looking at the rail -- looking at the two 21 patios that are on the front corner of this 22 building --23 MORGAN LANDERS: Mm-hmm. 24 COMMISSIONER CARTER: -- currently the railings 25 are -- are -- are open railings, are see-through

1	railings. Can staff just clarify, you know, if, at
2	some point, a homeowner wanted to close those off for
3	privacy, does that does that need to come back in
4	front of design review?
5	MORGAN LANDERS: Yes, that would be considered a
6	design-review change. Our design-review criteria
7	outlined some things that are acceptable to be done
8	from an administrative-approval standpoint. In
9	general, a change like that, staff would see it as
10	substantial enough to where it would come back to the
11	Planning Commission. We likely would not make that
12	determination administratively.
13	And so that would be you know, any
14	change to railings, doors, windows, things like that
15	would would trigger at least an
16	administrative if not a public hearing at design
17	review.
18	COMMISSIONER CARTER: So staff makes the
19	determination of whether that's an administrative
20	decision or it needs to come back in front of the
21	Commission; is that right?
22	MORGAN LANDERS: Yes. And I believe the
23	practice has been that if we are making an
24	administrative determination on something that is of
25	substance, that the Planning Commission is notified of

1	that so that you all can provide any feedback on
2	whether you feel comfortable with that administrative
3	determination or not.
4	COMMISSIONER CARTER: Got it.
5	Thank you.
6	MORGAN LANDERS: Mm-hmm.
7	COMMISSIONER CARTER: Let's see. I'll just
8	speak a little bit to the building.
9	I know this team's been at it for quite a
10	while, so I'm happy to see that you guys have gotten
11	to this point, and it's nice to see the building.
12	I, too, think that it's a a think
13	that it's a a good-looking it's an attractive
14	building. There's some design elements that are
15	appreciated. It's nice to see the brick and the
16	stonework. It's nice to see the cornice work at the
17	top. I appreciate that.
18	The sort of the comments about the
19	program of the building and, you know, this being a
20	residential building with some commercial on the first
21	floor, you know, I certainly hear that. And, you
22	know, this this is going to be one of those
23	buildings that's going to be in town for for quite
24	a while.
25	I mean, you know, when you look at old

476

1	pictures of Ketchum and there's a bunch of little
2	houses and then you know, there'll be the Lane
3	Mercantile building or, you know, there'll be some
4	large buildings in sort of random places around town
5	that you you know, on those old pictures. And, you
6	know, this is going to have a little bit of that feel.
7	It's going to be a building that, you you know, is
8	going to sort of anchor that corner for a long time to
9	come.
10	And, you know, what makes a building a
11	successful building is a it you know, a building
12	that's you know, that adds to the streetscape of
13	town, that adds to the fabric of town is a is sort
14	of a tough thing to put your hands on. You know, what
15	does work and what doesn't work, is hard it's hard
16	to to figure out, exactly.
17	The you know, I don't think that the
18	residential component of a building like this is what
19	is going to make it a you know, a beloved building
20	or an iconic building or a or even a you know, a
21	building that you know, a building that's that's
22	known or has character or that people would think is
23	like a real positive part of town. It it's kind of
24	the street aspect of the town. It's the street aspect
25	of the building that does I think, that does that.

1	You know, what what kind of businesses
2	are attracted to go into a building like this? You
3	know, are are they businesses that are successful
4	because the spaces are really, you know, well thought
5	out and they work and there's a lot of support for
6	those businesses in the back? You know,
7	it it it's hard to figure out.
8	But, you know, certainly, I would think
9	that putting the resources that, you know, the
10	design that the development team is going to put
11	into this you know, hopefully, that there's
12	a there's an intent. I mean, obviously, there's a
13	financial component to this, but there's also an
14	intent to, you know, add something to the town.
15	And so, you know, that's kind of how I
16	think about the comments that staff has put out about
17	the activation on Second Street and the
18	corner-stairwell issue. And I I understand why the
19	design team has done that. I mean, it it is a
20	creative way to get light down into the basement, that
21	basement unit. It's it so I you know, I I
22	understand that.
23	It feels like, you know, the corner of a
24	building like this on a corner lot is is such an
25	important part of what the the character of that

1	building, and it seems like a big risk to put a
2	stairwell on such an important aspect of a building
3	like this.
4	You know, I agree that the windows through
5	there and the art in the back will create some
6	interest. And, you know, I don't think that it's a
7	completely-flawed plan, but it does you know, it
8	feels like it's quite a risk, is that that
9	is you know, when I think about it, like that's
10	such an important element to the building.
11	So, you know, I I hope that you
12	know, I hope that I don't know what other you
13	know, what other options there are, and there's always
14	other options. It's give and take.
15	You know, this is this building is
16	maxed. You know, we this is maxed out. I mean,
17	it's 2.0 FAR. So, you know, the challenges come with
18	trying to squeeze everything into it, is what is,
19	you know, creating some of the constraints about the
20	stairwell, the constraints about the the
21	transformer.
22	And so, you know, maybe part of the
23	solution to try and figure out how to make those
24	things work is to back off on the max maximizing a
25	little bit, you know, not being I you know, I

1	know the design team has been through a bunch of
2	iterations on this and a lot of thoughts, and there's
3	a huge history to why things are the way they are.
4	So, you know, just looking at it for the
5	last few days since we got the staff report I don't
6	pretend to be able to figure it all figure it all
7	out and have the solutions.
8	But, you know, seeing what we have here,
9	you know, I can't help but just have that stairwell
10	in that corner, which is such an important element of
11	the building, that just I can't I can't help but
12	comment on that. Otherwise, it's a I think it's
13	a it's got some really beautiful design elements to
14	it, and the wall you know, the party wall on
15	the the north wall, the map is a great touch.
16	You know, maybe a little more you know,
17	that is likely that wall's likely, potentially, to
18	stay that way for a long time, and so maybe a
19	little more touch on that, some some more design
20	elements on that wall would be something to to look
21	at.
22	That's all I've got for the moment.
23	CHAIRMAN MORROW: Thanks, Tim.
24	I just since echo some of these
25	things.

1	I think we should definitely ask the URA
2	to look into this, not just for this building, but for
3	the whole alley. Obviously, Mr. Hutchinson says it's
4	a busy alley. A lot of people use it. There's a lot
5	going on. There's a hole. So as we do this, maybe
6	this is a good way to get them started on
7	undergrounding the the the power in the alley.
8	I like the light wells. I think if you
9	live in the basement, it's important to have some
10	light. If you eliminate them completely, I think it's
11	a problem. I don't think they're going to be
12	really you you know, maybe use a glass block or
13	something that keeps some of the light from coming
14	out. I I I don't know.
15	Maybe there's a different option than just
16	clear glass to bring light down there, but to keep
17	the the amount but I think it's better to have
18	light in a basement unit than worry too much about the
19	dark sky on that corner, under that building.
20	I agree with Tim on the stairway. I don't
21	know where else it could go, but I'd love to even
22	if it went from the other side, I'd love to see it
23	move away from the corner. It kind of just and it
24	just doesn't sit right on the on the very corner of
25	the building.

1	If it ends up that way, that's that's
2	where it is, but I think it would be interesting to
3	see it somewhere else. And I agree that it's a really
4	large building. It would be nice if the top floor
5	would step back a a little I know again, not
6	required, but you know, to fit into that because
7	the houses across the street are historic. My guess
8	is they're not going anywhere. The [unintelligible]
9	building probably isn't going anywhere. You know,
10	the the small buildings surrounding it aren't going
11	anywhere until someone buys the Vintage lot and builds
12	on that corner.
13	We we're going to see a small so
14	anything they could do they've done a nice job, but
15	anything additionally to reduce the mass and feel of
16	that building but in the long run, that's the size
17	you're allowed to build. That's what the town's going
18	to end up at.
19	You know, it's it's I I I like
20	the addition of the unit. I like the I also would
21	like to see more retail on the first floor, but, you
22	know, it's a it's a collaboration of, "What can we
23	do," "What can't we do?"
24	I do think it is kind of massive. It
25	would be nice if it had a little more undulation to

1 it, but those are the -- those are the -- the comments 2 I have. The -- the -- we're stuck with Idaho Power 3 and what they say. I'd like to see landscaping. 4 Ι don't think the metal grates are that -- that bad, 5 but, you know, you're probably less likely to have the 6 landscaping damaged by Idaho Power. 7 So I -- I'm okay with -- with -- with most 8 of what's going on here. I'd like to see if it's 9 possible to make a few of these changes to make the 10 11 building feel a little less bulky in its -- on its 12 corner and to really respect that corner, but those 13 are my -- my feelings. 14 Please. 15 SUSAN PASSOVOY: Okay. I just -- after 16 listening to some of these comments, I guess my 17 question is for staff. 18 When I was representing developers, I 19 hated people on planning commissions who did this, 20 but --21 CHAIRMAN MORROW: Now you get to be that person. 22 SUSAN PASSOVOY: -- so I'm very empathetic, and 23 I -- I ask your, you know, forgiveness ahead of time. 24 But did you explore with the applicant taking that staircase, moving it back, so the entrance 25

1	into the basement unit came out of the same foyer as
2	the entrance to the upper units and having the retail
3	be right on the corner?
4	I don't I'm I'm not looking at the
5	configuration of the subterranean the whole concept
6	of a basement unit freaks me out, but that's a whole
7	other issue.
8	But I don't remember what the and I
9	don't have that one in front of me, the configuration
10	of the subterranean unit and how the access to that
11	unit through the stairwell would be affected if it
12	were moved let's see. I guess that's east and
13	then had the the retail be on the corner. Did you
14	guys take a look at that?
15	MORGAN LANDERS: Yeah. So in the very first
16	round, we went through two rounds of department review
17	on this project before bringing it to you all, and
18	staff made that comment twice. We did pry try and
19	make some recommendations to the applicant on things
20	to consider. Ultimately, we we do leave it to them
21	to kind of try and figure out what the solutions are.
22	They represented that there was an
23	evaluation of moving that stairwell. I think, even
24	prior to their submittal of their application, their
25	original proposal, when they came in for kind of

1	preliminary discussions with staff, showed the
2	stairwell on the Leadville side of the project. And
3	so we we were pretty strong with them that that
4	would be even a less desirable location.
5	The applicants retained that moving that
6	stairwell entrance to the middle portion of the
7	building would ultimately, then, end up kind of
8	reevaluating where that residential unit is in the
9	basement and potentially lose other opportunities for
10	that natural light.
11	So I think having it along that area, you
12	know, certainly has some implications. We did ask
13	them to evaluate it, and you all could certainly ask
14	them to take another stab at that.
15	CHAIRMAN MORROW: Thank you.
16	COMMISSIONER CORDOVANO: I think we're right
17	about the staircase.
18	And I I feel for the applicant team,
19	and I'd like to get to a place where we see
20	scratch-ups of buildings before they even get that far
21	for some sort of predesign because I'm sure members of
22	the staff feel the same of going through all the
23	full swings that everybody goes to get here, and then
24	you've got to hear some wild advice from a guy like
25	me. So I feel for you on that.

1	I there's a couple things in the
2	right the right direction and a couple things in
3	the wrong like you know, do we even what if the
4	basement unit went away, and you put that on the
5	second floor? I'm sure you thought about that, but
6	single lots are hard to work with.
7	And I'd like to see it stepped back. It's
8	kind of a blank wall on the north edge, and it's going
9	to be a tall shadow caster for a while.
10	And I think that this street will be
11	retail down the road. And I think one or two of those
12	other lots could turn into something like this in the
13	near future, and we need to start forecasting that as
14	a main street to get back to Aroma, or Birch
15	[phonetic], or Lee Gilman whatever some of the
16	other stores down by Village Market.
17	I'm kind of torn on this one, where to go.
18	The percentages are so small for retail, but there is
19	a step in the right direction there. But just looking
20	at the penthouse with four bathrooms up there, it's
21	just like seems like a partition wall could be
22	thrown in and an extra kitchen wouldn't be that
23	expensive to get a more diverse unit mix.
24	Whether or not it meets the Code or
25	not, I'd almost be inclined to throw out a, "Nay," and

still try to get invited to a party at the hot tub 1 2 once it goes up. So I'm pretty torn. 3 CHAIRMAN MORROW: Thank you. 4 So --5 UNIDENTIFIED SPEAKER: [Unintelligible]. MORGAN LANDERS: Well --6 CHAIRMAN MORROW: 7 No. It's okay. 8 9 UNIDENTIFIED SPEAKER: [Unintelligible]. Tim, do you have anything 10 CHAIRMAN MORROW: 11 else? 12 COMMISSIONER CARTER: No. I mean, I 13 guess -- you know, we've got to decide what to do 14 here. Do we want -- you know, do we want to see this 15 So, you know, at -- I do -- you know, the lack again? 16 of public comment is a -- was a -- that's a, you know, 17 interesting point. 18 This is a -- a building in town. I mean, 19 just for the -- just to give it a little bit of time to sort of marinate and hear a lot -- you know, some 20 21 more of -- the residents in town have to say, you 22 know, I certainly wouldn't be against that. 23 I mean, I know this project's been in the 24 works for a long time, but, you know, I do agree that these buildings -- you know, these are pretty 25

1	permanent structures. And so just taking a little bit
2	of time to get it right is you know, taking the
3	time to get it right is is certainly feels like
4	a good idea.
5	CHAIRMAN MORROW: I I'd have to agree, and
6	I and I'd say, at least, because this is a meeting
7	on the 29th or not you know, we have another
8	meeting coming up in a week or two weeks or you
9	know, we we're pretty close. So if we brought it
10	back, we could bring it back quickly. We're not going
11	to require
12	MORGAN LANDERS: Well, let me
13	CHAIRMAN MORROW: [unintelligible].
14	MORGAN LANDERS: Let me chime in on that
15	CHAIRMAN MORROW: Okay.
16	MORGAN LANDERS: if I can.
17	So the application that you have in front
18	of you on December 13th is the design-review
19	application for the Harriman Hotel. So we were
20	holding that meeting and not really bringing other
21	things in to you because that's going to be pretty
22	robust for you all.
23	You have a couple of options. I think
24	the we would like to get some direction on whether
25	you want to see some of these changes. Staff

1	certainly is supportive of that.
2	There's a meeting on January 10th, which
3	would be your next regular meeting. If you all wanted
4	to, you could hold a a second meeting in December,
5	although you are butting up against the holidays a
6	bit. So that option would really be December 20th.
7	So those are kind of the options ahead of you.
8	Regardless, staff doesn't didn't
9	provide any conditions of approval for you this
10	evening, so we would need to come back to you with any
11	of those conditions of approval anyway for discussion
12	to make sure that you believe that they addressed all
13	of the concerns and things like that. So I think
14	there's certainly at least one more step in the
15	process before full approval can be done.
16	CHAIRMAN MORROW: So then we're really not if
17	we push it to the next meeting, then we're or the
18	meeting after whatever then we're really
19	not you'd have to come back anyway before they
20	could start? So we we'd give Nicole at least a
21	small chance to I don't know listen to what we
22	said and see if there's a way to do some of those
23	things?
24	MORGAN LANDERS: Yeah. And it and it's up to
25	you all on whether you want to hold a second meeting

1	in December or not, ahead of the holidays.
2	COMMISSIONER CORDOVANO: Is there any
3	deliberation or direction that the staff can provide
4	towards payment of the in-lieu fee versus construction
5	of a unit?
6	If we're taking 400k theoretical "we,"
7	that is if there's a \$400,000 payment for the
8	in-lieu and the market rate for a condo,
9	apparently, is about the same as that right now
10	too would there be a push to get it built or you
11	know, does the did the applicant come forward with
12	that as their preference, or were they steered in that
13	direction?
14	MORGAN LANDERS: Yeah. Let me give you a little
15	bit of background.
16	So the way that the Code is written around
17	the density-bonus program is that there are certain
18	avenues by which they comply with the mitigation as
19	a by right. So that is on site, off site, or the
20	payment in-lieu.
21	So right now, City Council has generally
22	said that an in-lieu payment is something that they're
23	accepting of at this current moment in time because
24	our in-lieu fund is fairly low from a balance
25	standpoint.

1	And so I think that there is some support
2	for us to kind of rebuild those funds because we don't
3	know whether we're going to have dedicated funding for
4	housing programs moving forward. So right now, that's
5	some of the discussion that they've been having;
6	right? When we bring the FAR Exceedance Agreements,
7	we try and kind of take the temperature on on
8	whether those are you know, we're headed in the
9	right direction or not.
10	So right now City Council was accepting
11	of the in-lieu payment for this project, I think,
12	partly because of where our current fund balance is,
13	and then we have other projects in the pipeline that
14	are building on-site units as well. So it seems to be
15	a bit of a blend, just kind of taking into context
16	everything we have in the pipeline.
17	COMMISSIONER CARTER: Can you sorry.
18	Staff
19	CHAIRMAN MORROW: Go ahead.
20	COMMISSIONER CARTER: can you just Morgan,
21	can you talk for a sec about, you know,
22	the the the order of things here feels different
23	than in the past, where the FAR Agreement has gone to
24	City Council. And can you just talk about that.
25	And

1	MORGAN LANDERS: Sure.
2	COMMISSIONER CARTER: did City Council agree
3	to an FAR of 2 FAR Exceedance Agreement of 2?
4	Is is that you know, they did that before this
5	project came to us; is that can you talk about that
6	a little bit?
7	MORGAN LANDERS: Yeah. So there has been a
8	shift in that process, and part of the reason for the
9	shift is that we started to see the City Council
10	shifting their policy direction a bit, to Spencer's
11	point on, "Do we want in-lieu? Do we want on site,"
12	and particularly with the on-site units, was there
13	Category 4 or should the category-income levels for
14	on-site units be lower?
15	And so the feedback that we were getting
16	from the applicants is that, "Hey. It'll" "it
17	would be much better to know, from a City Council
18	standpoint, where they want us to go on a project so
19	that we can continue to make those adjustments as we
20	go through the design-review process."
21	And so the structure of this program
22	definitely is a very challenging chicken-and-an-egg;
23	right? There's no perfect way to do it.
24	How we tried to approach that is
25	that in the FAR Exceedance Agreement there's

1	provisions on how amendments should be made. So, yes,
2	they've preliminary said they will accept an
3	in-lieu fee for a project of a 2.0 FAR. But if that
4	project doesn't get design-review approval, that FAR
5	Exceedance Agreement doesn't exist; right?
6	It's a it's tied to the design-review
7	approval, and so there's provisions in there that
8	say, "Hey. If there's changes to the square-footage
9	requirement, if there's changes to the
10	method" basically, if there's changes to anything,
11	then there's a process by which that agreement can be
12	amended.
13	So I hope Tim, does that kind of answer
14	your question?
15	We were trying to respond a bit to giving
16	applicants as far-enough, early notice on kind of what
17	the expectations would be as possible.
18	COMMISSIONER CARTER: Yeah, I understand there's
19	a complex so but but, basically, what I I
20	think I wanted to get to is that City Council didn't,
21	you know, hamstring us with a 2.0 FAR building.
22	MORGAN LANDERS: No. No.
23	COMMISSIONER CARTER: There's there's still
24	quite a bit of leeway on our side on that front.
25	MORGAN LANDERS: Very much so.

1	And and, primarily, the question to
2	them is, "Is the method acceptable?" You know, are
3	they willing to accept an in-lieu fee of a certain
4	amount, or is it on-site units, off-site units, things
5	like that? They have to approve that method because
6	that's a contractual agreement between the applicant
7	and the City.
8	But, again, those amendment provisions are
9	in there, that if there are changes to the
10	design-review application or sometimes we see
11	changes at the building-permit phase as well; right?
12	Maybe some square footages shift because of
13	architectural requirements or Building Code
14	requirements. So this those agreements are pretty
15	fluid.
16	And, definitely, you all aren't kind of
17	tied into a into a spot there.
18	COMMISSIONER CARTER: Got it. Thank you.
19	COMMISSIONER CORDOVANO: I think I remember a
20	recent Council meeting where it got approved much
21	later.
22	MORGAN LANDERS: Mm-hmm.
23	COMMISSIONER CORDOVANO: We were hashing it out,
24	and he was like the applicant was like, "Wait. I
25	thought this was a done deal." And so we're working

1 out that process. 2 MORGAN LANDERS: Yeah. And I think there definitely has been a different cadence to those 3 agreements over the past few years. You know, there 4 was a period of time where the project would get 5 reviewed at design review, you'd get the approval from 6 the Planning and Zoning Commission, and then those FAR 7 Exceedance Agreements wouldn't get finalized until 8 9 prior to a certificate of occupancy. 10 And that creates a challenge 11 because -- hey -- if the policy changes, that's a big 12 change for an applicant that's for -- fought -- that 13 far along -- along in the process. 14 I think the reason for that was to make 15 sure that the final -- if someone was paying an 16 in-lieu fee or providing an on-site unit, that the 17 square-footage calculations didn't change between 18 design review and building permit. Those changes are 19 usually pretty minor, but I think that was the 20 purpose. 21 And so then we shifted it to -- prior to 22 building-permit issuance, and then, you know, after 23 design review, and now we've shifted it even further 24 just to try and kind of stay ahead of the thought 25 process there.

COMMISSIONER CORDOVANO: Well, I'm just going to
 swerve a little farther out of my lane here, as I
 usually do.

I think we should be letting the 4 developers develop and the City permit -- and getting 5 as much stuff built as we can. And if we made the 6 categories higher -- like a Deed Restriction L 7 [phonetic], just a 'Local' with no income 8 restriction -- then we'd see a lot more units getting 9 developed. And I think there's a lot of room for more 10 11 units here.

12 And -- just throwing it out there -- on 13 the parking thing that -- you know, I think the 14 streets should be parked on, and people should drive over snow banks if they get plowed in. And, you know, 15 there's a lot more room for units in here and -- just 16 17 making sure everybody forecasted it and thought about And there's -- if we had less workers in town, 18 it. 19 there'd be more parking available.

20 So there's everything for everyone to 21 think about when they bring their comments to... 22 CHAIRMAN MORROW: Lovely. 23 All right. So I guess the question 24 is -- we've -- we've pretty much gone through the

25 whole thing. Do you guys want to -- we have to wait

80

for the -- we don't have anything to 1 2 really [unintelligible] --MORGAN LANDERS: You all have provided --3 CHAIRMAN MORROW: -- conditions, yeah. 4 Yes. MORGAN LANDERS: -- your feedback. And I -- I 5 think the -- what I'm hearing -- and you all can 6 validate this -- is that you're looking for the 7 applicant to continue to evaluate a couple of 8 9 those -- what I've heard is that the -- from the 10 transformer side of things, that you all are okay with 11 the location if the screening maybe had -- more of a 12 landscaped screening than the metal screening; is that 13 correct? 14 CHAIRMAN MORROW: Yes. 15 MORGAN LANDERS: Okay. Yeah. 16 CHAIRMAN MORROW: Okay. 17 MORGAN LANDERS: And then you would like to see 18 the applicant continue to evaluate an alternate 19 location for that stairwell, is what I'm hearing as 20 well. 21 CHAIRMAN MORROW: Yes. 22 MORGAN LANDERS: Okay. And it --23 CHAIRMAN MORROW: And --24 MORGAN LANDERS: And I -- what -- I think what 25 I'm hearing is that you all would actually like to see

1 those come back to you, rather than kind of deferring 2 back to staff on our judgment. And I think that 3 that 4 CHAIRMAN MORROW: Because you have to bring us 5 the conditions anyway 6 MORGAN LANDERS: Correct. 7 CHAIRMAN MORROW: we might as well do that 8 all at once. 9 VICE CHAIRMAN MOCZYGEMBA: Yeah. I think if 10 we're including the potential relocation or rethought 11 of that stair at the corner, that's a significant 12 enough design change 13 MORGAN LANDERS: Mm-hmm. 14 UNIDENTIFIED SPEAKER: Yeah. 15 VICE CHAIRMAN MOCZYGEMBA: as I'm sure you'll 16 see. But I think we also discussed potentially 17 spicing up that north side, maybe, with some 18 MORGAN LANDERS: Mm-hmm. 19 VICE CHAIRMAN MOCZYGEMBA: brickwork. 20 I don't know. 21 Tim, you had, maybe, some comments as 22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a 25 little you know, is there a little more we can do	_	
<ul> <li>that</li> <li>that</li> <li>CHAIRMAN MORROW: Because you have to bring us</li> <li>the conditions anyway</li> <li>MORGAN LANDERS: Correct.</li> <li>CHAIRMAN MORROW: we might as well do that</li> <li>all at once.</li> <li>VICE CHAIRMAN MOCZYGEMBA: Yeah. <ul> <li>9 VICE CHAIRMAN MOCZYGEMEA: Yeah. I think if</li> <li>10 we're including the potential relocation or rethought</li> <li>11 of that stair at the corner, that's a significant</li> <li>12 enough design change</li> <li>13 MORGAN LANDERS: Mm-hmm.</li> <li>14 UNIDENTIFIED SPEAKER: Yeah.</li> <li>15 VICE CHAIRMAN MOCZYGEMEA: as I'm sure you'll</li> <li>16 see. But I think we also discussed potentially</li> <li>17 spicing up that north side, maybe, with some</li> <li>18 MORGAN LANDERS: Mm-hmm.</li> <li>19 VICE CHAIRMAN MOCZYGEMEA: brickwork.</li> <li>20 I don't know.</li> <li>21 Tim, you had, maybe, some comments as</li> <li>22 well.</li> <li>23 COMMISSIONER CARTER: Just a little</li> <li>24 more regarding that north side, just a</li> </ul>	7	CHAIRMAN MORROW: we might as well do that
<ul> <li>we're including the potential relocation or rethought</li> <li>of that stair at the corner, that's a significant</li> <li>enough design change</li> <li>MORGAN LANDERS: Mm-hmm.</li> <li>UNIDENTIFIED SPEAKER: Yeah.</li> <li>VICE CHAIRMAN MOCZYGEMEA: as I'm sure you'll</li> <li>see. But I think we also discussed potentially</li> <li>spicing up that north side, maybe, with some</li> <li>MORGAN LANDERS: Mm-hmm.</li> <li>VICE CHAIRMAN MOCZYGEMEA: brickwork.</li> <li>I don't know.</li> <li>Tim, you had, maybe, some comments as</li> <li>well.</li> <li>COMMISSIONER CARTER: Just a little</li> <li>more regarding that north side, just a</li> </ul>	8	all at once.
11       of that stair at the corner, that's a significant         12       enough design change         13       MORGAN LANDERS: Mm-hmm.         14       UNIDENTIFIED SPEAKER: Yeah.         15       VICE CHAIRMAN MOCZYGEMBA: as I'm sure you'll         16       see. But I think we also discussed potentially         17       spicing up that north side, maybe, with some         18       MORGAN LANDERS: Mm-hmm.         19       VICE CHAIRMAN MOCZYGEMBA: brickwork.         20       I don't know.         21       Tim, you had, maybe, some comments as         22       well.         23       COMMISSIONER CARTER: Just a little         24       more regarding that north side, just a	9	VICE CHAIRMAN MOCZYGEMBA: Yeah. I think if
<pre>12 enough design change 13 MORGAN LANDERS: Mm-hmm. 14 UNIDENTIFIED SPEAKER: Yeah. 15 VICE CHAIRMAN MOCZYGEMBA: as I'm sure you'll 16 see. But I think we also discussed potentially 17 spicing up that north side, maybe, with some 18 MORGAN LANDERS: Mm-hmm. 19 VICE CHAIRMAN MOCZYGEMBA: brickwork. 20 I don't know. 21 Jim, you had, maybe, some comments as 22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a</pre>	10	we're including the potential relocation or rethought
<ul> <li>MORGAN LANDERS: Mm-hmm.</li> <li>UNIDENTIFIED SPEAKER: Yeah.</li> <li>VICE CHAIRMAN MOCZYGEMBA: as I'm sure you'll</li> <li>see. But I think we also discussed potentially</li> <li>spicing up that north side, maybe, with some</li> <li>MORGAN LANDERS: Mm-hmm.</li> <li>VICE CHAIRMAN MOCZYGEMBA: brickwork.</li> <li>I don't know.</li> <li>I don't know.</li> <li>Tim, you had, maybe, some comments as</li> <li>well.</li> <li>COMMISSIONER CARTER: Just a little</li> <li>more regarding that north side, just a</li> </ul>	11	of that stair at the corner, that's a significant
<ul> <li>14 UNIDENTIFIED SPEAKER: Yeah.</li> <li>15 VICE CHAIRMAN MOCZYGEMBA: as I'm sure you'll</li> <li>16 see. But I think we also discussed potentially</li> <li>17 spicing up that north side, maybe, with some</li> <li>18 MORGAN LANDERS: Mm-hmm.</li> <li>19 VICE CHAIRMAN MOCZYGEMBA: brickwork.</li> <li>20 I don't know.</li> <li>21 Tim, you had, maybe, some comments as</li> <li>22 well.</li> <li>23 COMMISSIONER CARTER: Just a little</li> <li>24 more regarding that north side, just a</li> </ul>	12	enough design change
15 VICE CHAIRMAN MOCZYGEMBA: as I'm sure you'll 16 see. But I think we also discussed potentially 17 spicing up that north side, maybe, with some 18 MORGAN LANDERS: Mm-hmm. 19 VICE CHAIRMAN MOCZYGEMBA: brickwork. 20 I don't know. 21 Tim, you had, maybe, some comments as 22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a	13	MORGAN LANDERS: Mm-hmm.
<pre>16 see. But I think we also discussed potentially 17 spicing up that north side, maybe, with some 18 MORGAN LANDERS: Mm-hmm. 19 VICE CHAIRMAN MOCZYGEMBA: brickwork. 20 I don't know. 21 Tim, you had, maybe, some comments as 22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a</pre>	14	UNIDENTIFIED SPEAKER: Yeah.
<pre>17 spicing up that north side, maybe, with some 18 MORGAN LANDERS: Mm-hmm. 19 VICE CHAIRMAN MOCZYGEMBA: brickwork. 20 I don't know. 21 Tim, you had, maybe, some comments as 22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a</pre>	15	VICE CHAIRMAN MOCZYGEMBA: as I'm sure you'll
18 MORGAN LANDERS: Mm-hmm. 19 VICE CHAIRMAN MOCZYGEMBA: brickwork. 20 I don't know. 21 Tim, you had, maybe, some comments as 22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a	16	see. But I think we also discussed potentially
<pre>19 VICE CHAIRMAN MOCZYGEMBA: brickwork. 20 I don't know. 21 Tim, you had, maybe, some comments as 22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a</pre>	17	spicing up that north side, maybe, with some
<pre>20 I don't know. 21 Tim, you had, maybe, some comments as 22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a</pre>	18	MORGAN LANDERS: Mm-hmm.
21Tim, you had, maybe, some comments as22well.23COMMISSIONER CARTER: Just a little24more regarding that north side, just a	19	VICE CHAIRMAN MOCZYGEMBA: brickwork.
<pre>22 well. 23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a</pre>	20	I don't know.
23 COMMISSIONER CARTER: Just a little 24 more regarding that north side, just a	21	Tim, you had, maybe, some comments as
24 more regarding that north side, just a	22	well.
	23	COMMISSIONER CARTER: Just a little
25 little you know, is there a little more we can do	24	more regarding that north side, just a
	25	little you know, is there a little more we can do

1 to -- you know, in case we're looking at that for 2 40 years? And -- and then regarding the stairwell, 3 staff, I heard a comment about -- that there'd been 4 some discussion about the stairwell being on Leadville 5 Avenue and that staff had discouraged that. Is -- you 6 know, to me, there's two options on Leadville. 7 You know, one is to run the stairwell parallel to the 8 street as it is now, parallel to Second. 9 10 But another option is to just have a 11 single door, you know, maybe at that north end, and 12 the stairwell runs, you know, perpendicular to the 13 front. 14 Staff, were you discouraging both of those 15 options? Can you just evaluate -- talk -- talk a 16 little bit about that because, to me, the -- you know, 17 a single door at that north corner of Leadville that led to a stairwell that went down would not 18 19 be -- would be preferable to what we have now. But, 20 staff, maybe you want to comment on that. 21 MORGAN LANDERS: That's correct, Tim. 22 Thank you. 23 The original application had Yeah. 24 proposed the stairwell kind of lengthwise along 25 Leadville, and so that was what we were discouraging.

1	And at that time, we had encouraged them to evaluate a
2	potential stairwell that ran along the north end of
3	the building, you know, kind of a single point of
4	access, and then running it along that side. The
5	applicants really didn't like that approach because of
6	the loss of the ability to get natural light, because
7	that's kind of the purpose of that stairwell.
8	So, again, I think they can continue to
9	kind of evaluate those options, but, Tim, we did agree
10	that that could be a a potential solution.
11	COMMISSIONER CARTER: Okay. Good.
12	MORGAN LANDERS: And that would also create some
13	potential undulation on that north side as well,
14	depending on how it kind of shook out.
15	COMMISSIONER CARTER: And then I guess I would
16	just say that, you know, I would trade window wells
17	for the stairwell in the locate I mean, you
18	know
19	UNIDENTIFIED SPEAKER: Correct. Yeah.
20	COMMISSIONER CARTER: if if it takes
21	window wells
22	CHAIRMAN MORROW: Yeah.
23	COMMISSIONER CARTER: to get light down in
24	there, I I would certainly prefer those to the
25	current stairwell configuration.
1	

1	MORGAN LANDERS: Okay. It sounds like we've got
2	some agreement among the other Commissioners to that
3	as well; is that correct?
4	CHAIRMAN MORROW: That would be great.
5	VICE CHAIRMAN MOCZYGEMBA: I would agree.
6	CHAIRMAN MORROW: Yeah.
7	MORGAN LANDERS: Okay.
8	SUSAN PASSOVOY: I also wanted to add a comment
9	on the the window wells. It is very common in
10	covenants and restrictions to require light-blocking
11	shades in certain locations, and there certainly
12	could be included in this so that the the unit
13	could have the advantage of light during the day, but
14	not have an adverse effect on the dark sky.
15	MORGAN LANDERS: That's a great point.
16	Thank you, Susan.
17	So I think, at this point, the question to
18	the Commission is whether you all would like to
19	have a second meeting in December to hear this again,
20	or whether you'd like to see it come back to you in
21	January.
22	CHAIRMAN MORROW: I'm not going to I'm
23	flexible. So
24	COMMISSIONER CARTER: No. That seems
25	COMMISSIONER PASSOVOY: I I guess

1	my my I'm sorry.
2	CHAIRMAN MORROW: Go ahead.
3	COMMISSIONER PASSOVOY: Oh.
4	COMMISSIONER CARTER: Go ahead.
5	COMMISSIONER PASSOVOY: My question would be
6	whether staff would have the time to do what you need
7	to do in that space of time, and, "Will the applicant
8	have a chance to" "to take a look at this and
9	that," because I know how jammed up everything gets
10	and and from this period to the end of the year.
11	I'm perfectly willing to come to a meeting
12	on the 20th, but only if the people who have to
13	provide information to us have a chance to do what
14	they need to do.
15	CHAIRMAN MORROW: Yeah, I I agree. I think
16	that's a discussion between you and the applicant.
17	And then you can come back to us and say, "They're
18	ready," or, "They need the extra two weeks," or
19	whatever it is.
20	MORGAN LANDERS: So maybe I could recommend that
21	you
22	COMMISSIONER CARTER: [Unintelligible].
23	MORGAN LANDERS: all with the oh,
24	sorry. Go ahead, Tim.
25	COMMISSIONER CARTER: Well, I would just say

1	another component to this was just giving the public
2	a a chance to digest this project a little bit.
3	And so, you know, I don't know if having a meeting on
4	the 20th accomplishes that
5	CHAIRMAN MORROW: Yeah. [Unintelligible].
6	COMMISSIONER CARTER: just given that it's
7	the holiday season, and I don't know how much people
8	are paying attention.
9	MORGAN LANDERS: Sure. And and we did fully
10	notice the project, too, with the adjacent property
11	owners and you know, and all of that, so there was
12	that continued notice. We did that as part of our
13	requirements.
14	What we could do is you all could make
15	the recommendation and continue the meeting to the
16	20th, and then staff can kind of confirm that. And if
17	we need to cancel it, we can.
18	CHAIRMAN MORROW: Okay. So I would recommend
19	that we continue this portion of the meeting until the
20	20th.
21	Can I have a second on that.
22	COMMISSIONER CARTER: Second.
23	COMMISSIONER PASSOVOY: I second.
24	CHAIRMAN MORROW: All in favor?
25	VICE CHAIRMAN MOCZYGEMBA: Aye.

1	CHAIRMAN MORROW: Aye.
2	COMMISSIONER CORDOVANO: Aye.
3	COMMISSIONER CARTER: Aye.
4	COMMISSIONER PASSOVOY: Aye.
5	CHAIRMAN MORROW: Okay. Awesome.
6	Great job.
7	Thank you, guys.

**City of Ketchum** Planning & Building

## STAFF REPORT KETCHUM PLANNING AND ZONING COMMISSION SPECIAL MEETING OF DECEMNBER 20, 2022

PROJECT:	The 208 Condos

FILE NUMBER: P22-035 and P22-035A

**APPLICATION TYPE:** Final Design Review and Subdivision – Condominium Preliminary Plat

APPLICANT: Nicole Ramey, Medici Architects (Architect)

PROPERTY OWNER: 755 S Broadway, LLC

- **REQUEST:** Final Design Review and Condominium Preliminary Plat application for the development of a new, 11,663 square foot, three-story mixed-use building
- LOCATION: 200 N Leadville Avenue Ketchum Townsite: Block 23: Lot 1

**ZONING:** Community Core – Subdistrict 2 – Mixed Use (CC-2)

- **REVIEWER:** Morgan R. Landers, AICP Senior Planner
- NOTICE: A public hearing notice for the project was mailed to all owners of property within 300 feet of the project site and all political subdivisions on November 7, 2022. The public hearing notice was published in the Idaho Mountain Express on November 9, 2022. A notice was posted on the project site and the city's website on November 7, 2022. Story poles were verified on the subject property on November 22, 2022. The project was heard at the November 29, 2022 meeting of the Planning and Zoning Commission and continued to a special meeting on December 20, 2022.

## I. EXECUTIVE SUMMARY:

The Planning and Zoning Commission reviewed the proposed development at their November 29, 2022 meeting (See Attachment A for the staff report). At the meeting, staff highlighted three areas where improvements to the project could be made to bring the application into conformance with the Ketchum Design Review Criteria:

- Location of the transformer
- 2<sup>nd</sup> Street activation on the ground floor
- Exposed façade on the north side of the building

Upon review of the application materials, staff and applicant presentation, and public comment, the Commission provided feedback to the applicant as follows:

• The location of the transformer was acceptable, however, landscape screening that retains its foliage year-round is preferred to the metal screening proposed

- A window well for added light to the basement unit would be a preferred alternative to the stairwell on the corner of 2<sup>nd</sup> and Leadville Ave
- Additional articulation of the north elevation should be considered, this could be achieved with material variation, architectural detailing, or stepping the top floor of the façade back on the north end

The applicant has provided a revised development proposal (Attachment B) which seeks to address the comments provided by the Commission. The following changes are being proposed:

- Transformer the location of the transformer has remained, however, there is additional landscape screening proposed around the transformer for additional screening
- 2<sup>nd</sup> Street the basement level floor plan has been reconfigured:
  - o Decreased the size of the storage units
  - Moved the dwelling unit to orient along 2<sup>nd</sup> Street not Leadville Ave and increased the size of the basement dwelling unit
  - Moved the staircase to the dwelling unit to the center of the building a moved the entrance to the recessed residential entryway
  - Increased the square footage of retail with the addition of basement level retail space with staircase to lower level from the ground floor retail
- 2<sup>nd</sup> Street Ground level changes include:
  - o Addition of a light well on the Leadville side of the building
  - Entrance to the retail space moved from the recessed entry to be street facing on 2<sup>nd</sup> Street
  - Windows on 2<sup>nd</sup> Street provide direct view into retail space rather than staircase to basement dwelling unit
- North Elevation the material on northern portion of the façade has changed to the red brick wrapping the building on the top level of the building. There is additional brick detailing on the horizontal and vertical red brick portions of the building.

## II. CONFORMANCE WITH ZONING AND DESIGN REVIEW STANDARDS:

Per Ketchum Municipal Code (KMC) §17.96.010.A – *Applicability,* design review is required for all new mixeduse buildings. Before granting Design Review approval, the Commission must determine that the application meets two criteria: (1) the project doesn't jeopardize the health, safety, or welfare of the public, and (2) the project conforms to all Design Review standards and zoning regulations (KMC §17.96.050.A).

## **Conformance with Zoning Regulations**

The proposed changes do not impact the project's conformance with the zoning regulations, including dimensional standards, applicable to the project. The project remains in conformance with all zoning requirements.

## **Conformance with Design Review Improvements and Standards**

Staff believes the proposed changes to the basement and ground floor of the project address the staff and commission comments very well. The relocation of the staircase at the corner of 2<sup>nd</sup> and Leadville opens the views into the retail space and emphasizes the commercial elements of the building. The reorganization also creates additional retail space and increases the size of the basement dwelling unit which are all desirable outcomes. A such, staff believes the comments related to ground floor activation to be resolved with the revised design.

Staff conducted a meeting with the applicant and Idaho Power to discuss screening of the proposed transformer. Staff believes the proposed landscaping to be an improvement over the previous proposal and supports the revised screening.

The applicant has made revisions to the north elevation of building, however, staff is concerned that the changes proposed do not resolve the Commission's comments. The Design Review criteria outlines that "Building walls shall provide undulation/relief, thus reducing the appearance of bulk and flatness" and that "Facades facing a street or alley or located more than five feet from an interior side property line shall be designed with both solid surfaces and window openings to avoid the creation of blank walls and employ similar architectural elements, materials, and colors as the front façade". The changes to the brick coloring on the top portion of the building accentuates the building's height and length and is fully exposed to the street. Although there is additional brick detailing, it is subtle and does not assist in reducing the appearance of the bulk of the building or the flatness of the elevation. Staff recommends further consideration of this façade by the applicant through more extensive façade treatments or adjustments of roof lines or façade walls to create adequate undulation/relief.

## III. STAFF RECOMMENDATION

Staff requests the Commission review the Design Review application and provided feedback to the applicant on the proposed revisions.

2 3 4	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so	2 3 4	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite
2 3 4 5	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant	2 3 4 5	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR
2 3 4 5 6	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback	2 3 4 5 6	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the
2 3 4 5 6 7	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided.	2 3 4 5 6 7	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those
2 3 4 5 6 7 8	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made	2 3 4 5 6 7 8	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the
2 3 4 5 6 7 8 9	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a	2 3 4 5 6 7 8 9	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the design-review approval, which keeps the design review
2 3 4 5 6 7 8 9	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a pretty significant reorientation of the basement-level	2 3 4 5 6 7 8 9	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the design-review approval, which keeps the design review fully in front of you, separate from that FAR
2 3 4 5 6 7 8 9 10	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a pretty significant reorientation of the basement-level floor plan and the staircase to that ground the	2 3 4 5 7 8 9 10 11	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the design-review approval, which keeps the design review fully in front of you, separate from that FAR Exceedance Agreement.
2 3 4 5 7 8 9 10 11 12	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a pretty significant reorientation of the basement-level floor plan and the staircase to that ground the basement-level dwelling unit, which staff believes	2 3 4 5 6 7 8 9 10 11 12	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the design-review approval, which keeps the design review fully in front of you, separate from that FAR Exceedance Agreement. And so I do not I do not come to the
2 3 4 5 7 8 9 10 11 12 13	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a pretty significant reorientation of the basement-level floor plan and the staircase to that ground the	2 3 4 5 6 7 8 9 10 11 12 13	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the design-review approval, which keeps the design review fully in front of you, separate from that FAR Exceedance Agreement. And so I do not I do not come to the same conclusions Mr. Linnet did, and my finding is
2 3 4 5 7 8 9 10 11 12 13 14	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a pretty significant reorientation of the basement-level floor plan and the staircase to that ground the basement-level dwelling unit, which staff believes addressed the majority of staff and the Planning Commission's feedback. So we would look for some	2 3 4 5 6 7 8 9 10 11 12 13 14	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the design-review approval, which keeps the design review fully in front of you, separate from that FAR Exceedance Agreement. And so I do not I do not come to the same conclusions Mr. Linnet did, and my finding is everything is in order, procedurally. That's why we
2 3 4 5 7 8 9 10 11 12 13 14	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a pretty significant reorientation of the basement-level floor plan and the staircase to that ground the basement-level dwelling unit, which staff believes addressed the majority of staff and the Planning	2 3 4 5 6 7 8 9 10 11 12 13 14 15	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the design-review approval, which keeps the design review fully in front of you, separate from that FAR Exceedance Agreement. And so I do not I do not come to the same conclusions Mr. Linnet did, and my finding is everything is in order, procedurally. That's why we kept the schedule for this meeting instead of
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a pretty significant reorientation of the basement-level floor plan and the staircase to that ground the basement-level dwelling unit, which staff believes addressed the majority of staff and the Planning Commission's feedback. So we would look for some affirmation from you all on that. And then we also have a	2 3 4 5 6 7 8 9 10 11 12 13 14 15	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. I've and I've provided a response to Mr. Linnet. I do think that the City Code is quite clear that the Council has kept the authority over FAR exceedances and and, in particular, the decision-making on an FAR Exceedance Agreement. Those agreements are then specifically conditioned upon the design-review approval, which keeps the design review fully in front of you, separate from that FAR Exceedance Agreement. And so I do not I do not come to the same conclusions Mr. Linnet did, and my finding is everything is in order, procedurally. That's why we kept the schedule for this meeting instead of considering a postponement.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	At that meeting, staff had made comments in kind of three general areas related to things that we thought that the Commission might have feedback on, and the Commission did provide that feedback. And so we are here in front of you today, as the applicant has made a variety of changes based on that feedback that you provided. So a couple of the changes that they made that staff are in support of is that there's been a pretty significant reorientation of the basement-level floor plan and the staircase to that ground the basement-level dwelling unit, which staff believes addressed the majority of staff and the Planning Commission's feedback. So we would look for some affirmation from you all on that.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	about the letter from Mr. Linnet. I I can tell you I've reviewed that matter. All that being said on the record now, I'm happy to answer any questions you may have or that arise later after public comment with respect to any of the issues raised in that letter. VICE CHAIRMAN MOCZYGEMBA: I had a question.

	•		· · · · · · · · · · · · · · · · · · ·
	Page 6		Page 8
1	MATT JOHNSON: So so an FAR Exceedance	1	noticing was done properly for that initial hearing on
2	Agreement is not actually required for a public		the 29th.
3	hearing. It's not a land-use decision in the same	3	COMMISSIONER CORDOVANO: When are the story
	sense as a zoning amendment, and there hasn't been a	4	poles required to go up?
5	public-hearing requirement created for it by City	5	MORGAN LANDERS: One week prior to the hearing,
6	Code, as there has been for design-review	6	and those get verified by our Community Service
7	applications.		Officers that one week prior as well. And so if
8	So it's separate from those. In fact,		those aren't up, then we either you know, the
	quite typically, they've been on the consent agenda		evaluation of a waiver has to come in with the
10	when they go up before Council.		application, and it has to be requested by the
11	VICE CHAIRMAN MOCZYGEMBA: Thank you, Matt.		applicant.
12	COMMISSIONER CORDOVANO: Hey, Matt. What about	12	
	the noticing of the first meeting?		required, then they need to be in place. If they're
14	And I don't know if that's for staff or for Matt.		not in place, then we do have to postpone the hearing.
_		15	The second
16	It sounded like some of the property		right amount of time. COMMISSIONER CORDOVANO: And that's to the top
	owners didn't get a notice for the first meeting. Was that just not going to the mailbox or	17	of the building or to the top of the hot-tub canopy?
19	MORGAN LANDERS: Yeah. So I think and you're	19	
	probably referring to one of the public comments that		highest point of the of the building on a corner.
	came through.	21	
22	So public noticing goes to the property	22	
	owners within a 300-foot radius. And so we did	23	
	double-check the public notice, and that did go out to	24	
	all of the adjacent property owners within that	25	question I have is whether you also put notices in
	Page 7		Page 9
1	Page 7 300 feet.	1	
1		1	the newspaper of record.
2	300 feet.	2	the newspaper of record.
2 3	300 feet. I think some of the challenge that happens	2 3	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're
2 3 4	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity	2 3 4	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper
2 3 4 5 6	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to	2 3 4 5 6	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the
2 3 4 5 6 7	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we	2 3 4 5 6 7	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get
2 3 4 5 6 7 8	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information	2 3 4 5 6 7	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly.
2 3 4 5 6 7 8 9	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants.	2 3 4 5 6 7 8 9	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think
2 3 4 5 6 7 8 9	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think	2 3 4 5 6 7 8 9	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but
2 3 4 5 6 7 8 9 10 11	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first	2 3 4 5 6 7 8 9 10 11	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the
2 3 4 5 6 7 8 9 10 11 12	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that	2 3 4 5 6 7 8 9 10 11 12	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that,
2 3 4 5 6 7 8 9 10 11 12 13	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't	2 3 4 5 6 7 8 9 10 11 12 13	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that.
2 3 4 5 6 7 8 9 10 11 12 13 14	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner.	2 3 4 5 6 7 8 9 10 11 12 13 14	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right.
2 3 4 5 7 8 9 10 11 12 13 13 14 5	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the	2 3 4 5 6 7 8 9 10 11 12 13 14 15	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of our normal channels, so the mailing to the 300-foot	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with you and provide some comments. And then we can move
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of our normal channels, so the mailing to the 300-foot adjoiners.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with you and provide some comments. And then we can move into public comment and proceed as usual for a public
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of our normal channels, so the mailing to the 300-foot adjoiners. The other thing that we do that's required	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with you and provide some comments. And then we can move into public comment and proceed as usual for a public hearing.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of our normal channels, so the mailing to the 300-foot adjoiners. The other thing that we do that's required per our Code is we have a physical notice that's on	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with you and provide some comments. And then we can move into public comment and proceed as usual for a public hearing. All right, Nicole.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of our normal channels, so the mailing to the 300-foot adjoiners. The other thing that we do that's required per our Code is we have a physical notice that's on	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with you and provide some comments. And then we can move into public comment and proceed as usual for a public hearing. All right, Nicole. NICOLE RAMEY: Let's start
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	<ul> <li>300 feet.</li> <li>I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants.</li> <li>COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner.</li> <li>MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of our normal channels, so the mailing to the 300-foot adjoiners.</li> <li>The other thing that we do that's required per our Code is we have a physical notice that's on the property itself. And so that's usually how we try</li> </ul>	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with you and provide some comments. And then we can move into public comment and proceed as usual for a public hearing. All right, Nicole. NICOLE RAMEY: Let's start
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	300 feet. I think some of the challenge that happens with public noticing is that if there is an entity that is either renting that space or leasing that space, it is up to the property owner to notify those tenants. And so our obligations under the law are to make sure that we notify the property owner, but we certainly understand that sometimes that information isn't conveyed down to tenants. COMMISSIONER CORDOVANO: Yeah. And I think that my comment was mostly in regards to the first meeting that we held on 12/13. But I did read that public comment that you're referring to, and I wasn't sure if that was even a 300-foot adjoiner. MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of our normal channels, so the mailing to the 300-foot adjoiners. The other thing that we do that's required per our Code is we have a physical notice that's on the property itself. And so that's usually how we try and kind of get the word out more broadly for maybe	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	the newspaper of record. MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that those all get posted accordingly. And we actually have to notice I think the minimum timeframe in our Code is 15 days, but because of the cycle of the noticing period for the paper, it ends up being a little bit more than that, usually about a week and a half more than that. CHAIRMAN MORROW: All right. MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with you and provide some comments. And then we can move into public comment and proceed as usual for a public hearing. All right, Nicole. NICOLE RAMEY: Let's start MORGAN LANDERS: The one at the end or the one at the beginning?

	Page 1	0	Page 12
	1 Good afternoon. Nicole Ramey, for the	1	or repair, it's on the property owner.
	2 record.	2	
	3 Thanks, again, for meeting for this	3	proposed landscaping on two sides of the transformer.
	4 special meeting.		The orientation of the transformer did not matter to
	5 And, as always, I wanted to thank Morgan		Idaho Power, and as all sides of the transformer can
	σ and her staff for all their hard work on putting all		be treated with the same fence and landscaping, we
	7 of this together and getting everything in order.		kept the orientation the same.
	8 [Unintelligible].	8	
	9 UNIDENTIFIED SPEAKER: [Unintelligible].	9	on the third-floor band. The design review criteria
1	• NICOLE RAMEY: Okay. So the design team took a	10	about, "Facades facing a street or alley or located
1	1 look at the 2nd Street activation comment, and we have	11	more than 5 feet from an interior side property line
1	2 made a few changes. We relocated the entrance to the	12	shall be designed with both solid surfaces"
1	3 lower-level residential unit to be within the main	13	windows "solid surfaces and window openings," does
1	<b>4</b> residential entry off 2nd, so now all of the	14	not apply.
1	5 residential entries are consolidated off that main 2nd	15	This wall does not front a street or
1	6 entry. We reconfigured the retail entrance off 2nd.	16	alley, and it is within 5 feet of the interior side
1	7 It is now closer to Leadville, and the	17	property line. I believe that this design review
1	8 windows previously in the lower-level stairwell are	18	criteria, you know, is not pertaining to interior,
1	9 now dedicated to the retail space. So as as you		zero-lot-line facades. Per Building Code and
	o can see in this rendering, all the windows in		life-safety requirements, we cannot include window
	1 the in the black area, those are now dedicated to	21	openings.
	2 the commercial/retail space. So that was kind of the	22	8
2	3 big move in terms of the facade.		be subtle. Changes in brick-lay pattern and
2	1 ,		orientation are the design. We are open to
2	5 increased the retail-unit size by 649 square feet,	25	discussions on the most suitable treatment of this

So the glass</li> <li>block is also completely under the second-floor deck,</li> <li>so while there will be light trespass, it technically</li> <li>is underneath that second-floor deck.</li> <li>We had a meeting with Idaho Power and</li> <li>Morgan Landers to review allowable clearances and</li> <li>allowed materials around transformers. Idaho Power's</li> <li>policy is that a fence and landscaping within a</li> <li>three-foot clearance of the transformer are</li> <li>acceptable. The landscaping should be able to be laid</li> <li>down, so no sturdy shrubs. And, you know, if any of</li> </ul>	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	facade while understanding the project meets the setback and the height requirements. We did I also want to point out that we contacted the neighbor to the north to ask if we could discuss additional landscaping or relocation of existing trees on the property. The discussions were rejected. I guess I just as a side note as I've always said, if if what is coming before you is not, you know, what everybody wants to see, then I would encourage all parties to look at and I know it's in the works rewriting the Code so then we know what to design to going forward. So that's kind of [unintelligible]. CHAIRMAN MORROW: Thank you. Morgan, do you have anything? MORGAN LANDERS: Nothing at this time, but we'll open up for CHAIRMAN MORROW: For public comment? MORGAN LANDERS: questions or public comment. COMMISSIONER CORDOVANO: I've got a question for the applicant. CHAIRMAN MORROW: Oh, you guys have questions first?
1 1 1 1 1 1 1 1 1 2 2 2 2 2 2	<ul> <li>from 1,306 to 1,955. We did this by adding square</li> <li>footage from the lower level with access via an</li> <li>interior stair stair. So this is now about</li> <li>18 percent of the gross square foot, so we upped that</li> <li>percentage quite a bit.</li> <li>We feel these changes not only activate</li> <li>the corner with the commercial space, but also add</li> <li>commercial square footage and condense the residential</li> <li>unit entries together in one location. So a couple</li> <li>benefits there for that comment.</li> <li>And a side note. We did add back in an</li> <li>area of precast glass paver, concrete block, so now</li> <li>that provides light down into the lower-level unit and</li> <li>down into the lower-level retail space. So the glass</li> <li>block is also completely under the second-floor deck,</li> <li>so while there will be light trespass, it technically</li> <li>is underneath that second-floor deck.</li> <li>We had a meeting with Idaho Power and</li> <li>Morgan Landers to review allowable clearances and</li> <li>allowed materials around transformers. Idaho Power's</li> <li>policy is that a fence and landscaping within a</li> <li>three-foot clearance of the transformer are</li> <li>acceptable. The landscaping should be able to be laid</li> </ul>	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	facade while understanding the project meets the setback and the height requirements. We did I also want to point out that we contacted the neighbor to the north to ask if we could discuss additional landscaping or relocation of existing trees on the property. The discussions were rejected. I guess I just as a side note as I've always said, if if what is coming before you is not, you know, what everybody wants to see, then I would encourage all parties to look at and I know it's in the works rewriting the Code so then we know what to design to going forward. So that's kind of [unintelligible]. CHAIRMAN MORROW: Thank you. Morgan, do you have anything? MORGAN LANDERS: Nothing at this time, but we'll open up for CHAIRMAN MORROW: For public comment? MORGAN LANDERS: questions or public comment. COMMISSIONER CORDOVANO: I've got a question for the applicant. CHAIRMAN MORROW: Oh, you guys have questions first?

The</li> <li>13 have on a facade wall is</li> <li>14 the property line.</li> <li>15 And since this build</li> <li>16 zero-setback line from</li> <li>17 is permitted that can op</li> <li>18 what some of the other</li> <li>19 can be nonoperable. I</li> <li>20 on that. But as far as k</li> <li>21 actually can be operable</li> </ul>	CORDOVANO: You said you couldn't was that the north Correct. CORDOVANO: side for the Life The Building Code. CORDOVANO: Or Building Code. CORDOVANO: Or Building Code. CORDOVANO: Could you elaborate on RS: Yeah. So what Nicole is amount of openings you can is dictated by the setback from ing wall is at the the property, no fenestration pen. So there I'm not sure details are, as far as if it would have to defer to Nicole tind of large openings that le, those are not permitted.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	here for that. COMMISSIONER CORDOVANO: And then I saw did you change you thanks for the retail changes. And these units are still potentially able to be rented separately? NICOLE RAMEY: Correct. COMMISSIONER CORDOVANO: And was there any reduction in size to the top floor? NICOLE RAMEY: No. COMMISSIONER CORDOVANO: And that is all from me. Thanks. VICE CHAIRMAN MOCZYGEMBA: Nicole, you mentioned thank you for, I guess, coordinating with Idaho Power and what they would allow and not allow regarding the transformer screening. What sort of plantings would be proposed there? You mentioned they can't be like hardy bushes. Is it grasses? NICOLE RAMEY: That I guess, we'd be open to suggestions. Idaho Power did not want to specify
	Can we scroll to the last page.	22	VICE CHAIRMAN MOCZYGEMBA: Okay.
<ul><li>23 MORGAN LANDE</li><li>24 NICOLE RAMEY:</li></ul>	RS: Mm-hmm. We did go around and we took some	23 24	NICOLE RAMEY: any specific landscaping. And I suppose, while they didn't say they would not allow
	f examples within town of these		a sturdy shrub, it it would just get destroyed, and
	Page 15		Page 17
<ul> <li>a certain distance of your</li> <li>International Building</li> <li>build to a certain fire a</li> <li>So that is why we see to</li> <li>town.</li> <li>The building on the</li> <li>corner that does have a</li> <li>property owner from, your</li> <li>distance of that window</li> <li>set back a certain dista</li> <li>you are not allowed to</li> <li>COMMISSIONER of</li> <li>this. That was going to</li> <li>definitely helps provid</li> <li>UNIDENTIFIED SI</li> <li>CHAIRMAN MOR</li> <li>on the bottom are th</li> <li>[phonetic] building on</li> <li>correct?</li> <li>Yeah. So I know we</li> <li>texture, color, material</li> </ul>	Code requires you to, you know, nd life-safety requirement. these types of facades all over lower-right-hand a window would preclude that you know, building within the set w. So, you know, unless you're nce off your property line, have openings. CORDOVANO: Thanks for providing b be my next question. It e some perspective. PEAKER: [Unintelligible]. ROW: I was just saying that the two at that's the new Bariteau across from the post office; e approved something hat at the end. When it's	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	<ul> <li>it would make their lives miserable. So in the interest of, you know, being a good client of theirs</li> <li>VICE CHAIRMAN MOCZYGEMBA: Right. And then did they have additional feedback? I think it was brought up in the previous meeting that there was some criticism from Idaho Power with previous transformer screening that included metal screening that needed to be moved because it gets frozen to the ground or whatever. It they were okay moving forward with the metal screen, as NICOLE RAMEY: Right. Cyndi Bradshaw with Idaho Power was fine allowing those. I'm sure that there have been problems. And, once again, if you know, if a metal screen is destroyed during maintenance or repair, that's on the property owner. It's not Idaho Power's equipment. VICE CHAIRMAN MOCZYGEMBA: Okay. Thank you. MORGAN LANDERS: And if I could provide a little bit of clarity to Brenda. One of the other considerations for this property is that the sidewalks where the transformer is located are snowmelted. And so I think some of the additional considerations related to snow removal or</li> </ul>

2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	freezing were a bit mitigated because of that. And then we had discussed I believe the applicant had offered in the last public meeting that they would be supportive of some sort of condition of approval that said, you know, "If any of this stuff was damaged, it needed to be replaced within a certain period of time." So if the project does move forward, staff will work on crafting whatever conditions of approval the Commission feels are appropriate and then present you all to those to you all for further consideration. VICE CHAIRMAN MOCZYGEMBA: [Unintelligible Yeah. COMMISSIONER PASSOVOY: I I'm following up Spencer's question about reducing the size of the top-floor unit. I realize that it that it's in the developer's interest to maximize the square footage of that unit, but I I am wondering if you would be willing or to reduce it at least on the north side so there's more set back and that wall is, therefore, not such a blank wall. I mean, the unit is 3.500 square feet. So	2 3 4 5 6 7 8 9 10 11 12 2 ]. 13 14 0n 15 16 17 18 19 20 21 22	a very valuab MORGAN in there becau question to ye that. I think is some perspect criteria works And so, yo design review face the stree The other design provide undu appearance of So, you kn design review Commission building that flatness of the provide that ff You know,	LANDERS: And and if I could just jump use I know Nicole has kind of posed a bu all about Code changes and things like t would be helpful to give you all tive on just how the design review kind of a. u know, there was the the v criteria relating to the facades that t, face the alley, the 5-foot setback. ign review criteria that comes comes e is just that "building walls shall lation/relief, thus reducing the f bulk and flatness." ow, that is a pretty specific v criteria that if the Planning does feel that there are elements of this don't adequately mitigate the bulk or e building, the Planning Commission can feedback within their bounds. what needs to be kept in mind is
23	I mean, the unit is 3,500 square feet. So			ve building-height maximums that are
	I don't know how much you but, you know, it I don't know what's an I'm not an architect. I don't		-	t with the projects. We do allow buildings, but the purpose of that of
	Page	19		Page 21
2 3	know what's an appropriate setback, and I'm reluctant to do what do what do they call it? designing from the dais. But it seems, to me, that it's one way this issue can be addressed.	2	that height, the impact and po	view criteria is that, even allowing here are architectural elements that can ositively mitigate the bulk and flatness So it is a little bit of a balance.
5 6	NICOLE RAMEY: Sure. Personally, I I do not feel a setback from the north achieves any of the goals in terms of reducing bulk or flatness. It would	5	And, Susar and question.	n, I I appreciate your comment
9 10 11	be a narrow sliver that you would see. And then, also, you know, is that something that's going to be written in the Code that the neighbors also set back on the third floor	9 10 11	criteria or not what you'd lil CHAIRMA	AN MORROW: I think were there any
15	COMMISSIONER PASSOVOY: Mm-hmm. NICOLE RAMEY: when that property's developed? COMMISSIONER PASSOVOY: I shouldn't say, "Jus	12 13 14 t 15	NICOLE F CHAIRMA MORGAN	e north wall, the color the the RAMEY: There were, yes. AN MORROW: Can we see a LANDERS: Mm-hmm.
17	the north side." I'm also looking at the west side, you know, setting back the the entire thing, if you can. NICOLE RAMEY: Sure.	16 17 18 19	CHAIRMA NICOLE F	AMEY: We did add AN MORROW: Do you have a AMEY: more brick. So the third banded with brick. We did take a look at
20 21	COMMISSIONER PASSOVOY: Yeah. I don't know he much it would reduce the size of the unit, but I I have said before I think that the exterior	w 20	kind of a user approaching	on Leadville, how they would be the building. And AN MORROW: Yeah. That's a okay. So
24	treatment of the building is quite attractive and a refreshing change from a lot of things that one sees. But it I just it's a question as to whether or		all the way up	y brick, and so it's not all that beige ? AMEY: Correct.

<ol> <li>there. I was actually amazed when I got here I</li> <li>week and staff said that the City Council had a</li> <li>an Exceedance Agreement.</li> <li>Whether or not the City deems it</li> <li>appropriate to notice such a thing, let's talk abore</li> <li>it. They agreed, which they say is conditional</li> <li>if you approved this plan, it wouldn't be condite</li> <li>It would have been finite. They agreed to exceed</li> <li>FAR by 100 percent, 5,500 square feet. The F</li> <li>downtown is a 1.0, which by the way, the Conditional</li> <li>clear as to what the FAR is here.</li> <li>So with no notice, the Council, in my</li> <li>pigeon opinion, prejudiced the hearing last with I was in it. Look at the tape. You were confused</li> <li>was confused. I I think I kind of know what</li> <li>going on around here, and I was like, "You've</li> <li>be kidding. I can't believe they did that." So</li> <li>whether it's legal or not, I don't care. I think you should do it right just so that it doesn't create</li> <li>issues down the road.</li> <li>We're such huge supporters of housing. We</li> <li>because they didn't do it right. So whoever's right is the state of the s</li></ol>	ast1time in the futureapproved2conversation.3I don't think ha442-foot-tall, flat f5everybody down but6So it really sets thfional.7The most impoeed the8hopefully you guyAR in the9verbiage. The firode is10one I didn't sen11time, so apologies12But, really, whveek.13is is the thesed. I14scale. It providesis15sat in your chairsgot to1618grant an FAR Exc19the ability of the20the design review21another body. It is22You're the finder	, I'm wide, open to that wing, on a single lot, a facade all it does is force the road to match it and move along. the tone. wrtant thing, to me and ys have read my you know, a lot of st letter I brought to the last d them both to you at the same s for all of that. at we have here e the City Code provides for for neighborhood compatibility. I and did this for many years; right? to be a an exception to ceedance, and it should be based upon Commission to find that it meets c riteria without pressure from makes that makes no sense to me. of fact on whether this meets the
23 because they didn't do it right. So whoever's right		
<ul><li>24 we'll figure that out.</li><li>25 When it comes to design, what we really</li></ul>	· ·	at the size, it just going to specifically address the
	Page 27	Page 29
<ol> <li>have here is we've got too big a building in t</li> <li>location. That's the fundamental disconnect.</li> <li>As far as the applicant's corrections to</li> <li>the first level and listening to the feedback, I th</li> <li>they've done kind of a nice job. If you could th</li> <li>this in the washer and then put it in the drier ar</li> <li>shrink it, it's it's probably pretty a pretty</li> <li>nice design. I think Nicole has done a nice job</li> <li>I do agree with staff that, on the north</li> <li>wall, it still pertains to undulation. And I could</li> <li>probably get my camera out and drive around a</li> <li>up with an equal number of pictures that have</li> <li>and undulation on the on the property-bound</li> <li>lines.</li> <li>And I don't think maybe one of those</li> <li>pictures was 35 feet. They none of them we</li> <li>42 feet tall. So on a 55-foot-wide lot, on a nari</li> <li>street, with a 42-foot-tall facade, you do not get</li> <li>undulation unless you change the setback.</li> <li>You know, the third level now, I I</li> <li>happen to also be in this business. If you could</li> </ol>	2actually believe the 33will be a really gr4I'm I'm weed 54I'm I'm weed 55expecting nothing 66a 42-foot height, and 7710-foot protrusion 88elevator this widdling on this set 910huge for the neight 11and come setbacks1212doesn't exist.13The purpose of 1414review, the main 1515this chapter is to be 1616character, beauty 1717that new developed 1819the economic base 2020Ketchum."21The keywords	ink that's getting super close. I hat if we all work together, this reat building. b're not certainly not g to be there. But at a bonus FAR and as well as I think there's a in through the center for an ill be not just the biggest ide of town. It'll be absolutely hborhood; right? So the the and the comparability just if the chapter of design purpose it says, "The purpose of maintain and enhance appearance, and function of the City, to ensure ment is complementary to the design of ghorhoods and to protect and enhance e of the City in Ketchum" "City of in that, in my opinion, are being "complementary" and the

1 vour	bills. You can't pay your people, and so the	nat's	to see more th	nings come into town that we can be proud
	the that's what happens.		2 of.	C
-	o my concern really is the precedent	3	And I reco	gnize it seems like they've
	and what happens if we get a bunch of th	iese 4		ore retail space, and that's what I'd
5 build	lings 40 feet high with these blank walls?	Just 5	5 like to see. I	want to see people walking past my
6 imag	gine what it looks in our charming, little	own.	5 restaurant fin	d something while they're waiting to sit
7 So	o that's all I have to say.	7	in my restaur	ant. You know, we've got a lot of great
8 Th	nank you.	8	s shops in the a	rea.
	HAIRMAN MORROW: Thank you.	9		that that should be not
	ILLON WITMER: Good afternoon, Comm			nt to introduce more retail in the
-	name's Dillon Witmer. I am the actual, cur			re. And the more residential you get, when
	er of The Kneadery.	12	-	the downtown core hurts.
	nanks for my dad [unintelligible].	13		emember I was selling salsa at
	hen I first purchased The Kneadery from			narket years ago, and we couldn't have
	y, the banks said, "Well, we think you sho	U U		ymore because somebody bought a penthouse
	this down and do a three-story			I they didn't want to listen to
	i-development," something like this renditi			uy playing guitar, you know, making
	here wants to see me tear down The Knea	•		a you know, that's part of this
	t think anybody in a community like this w		small town.	
	know, appreciate that.	20		that's why we all gravitate to
	nd I guess my point is is that, unlike			n because you know each other. You see
	Hutchinson and and John, I'm at the begins a second leave the second le			the post office and at Atkinsons', and
	y career, and I want to see this community			now, high-five or we give each other
-	grow into something that I'm proud to leave and the next generation.	-	f grow up with	ause of what we were fortunate enough to
25 KIUS	and the next generation.	23	s grow up with	
		Page 35		Page 37
1 Ar	nd I agree with them. I think the	1	L And I I j	ust want to see the next 40 to
2 build	ling's beautiful. I know that, at some point	, 2	2 50 years whil	e I do business the same not
3 some	ething will be there, just as long as we keep	in s	over-building	too quickly, you know, preserving
4 mind	l kind of the history behind us and where w	ve came,	the the dow	vntown core that we have, the reason
	we all got to this point, and how to kind of	. 5	5 people come	
	ard the next generation of what's built in	e		when somebody's sitting on my
	makes sense with what's in town. I thir		-	erve them a great breakfast, but I can't
	and the scope for something in this			nazing view that they have right now. You
	hborhood if you look around, you know,			n do is try to enhance their experience
	ss the street, we're all kind of low-rise		that they're al	• •
11 build		11	L And I agre	e. It's a little bit weird to
	nd something like this will cast a shadow		•	you know, on a side street like
13 over	all of us not to mention you know, lik	e 13	3 that, just this	you know, no-windows, very-cold

1	been operating there for I mean, like we're in our	1	1 requirements.	
	47th year at The Kneadery, you know.		2 "The main concern appears to be the height	
3	And like I said, remember, you know,		3 of the building, which is within the current zoning	
-	we we need parking. We need guys to be coming		4 regulations. And to deny this project over its heigh	t
	through that alley. I mean, if you go there, wait		5 while within codified zoning parameters would be	
	until it snows 18 inches and come look at that back		6 perfect example of spot zoning and set a new	~
	alley and tell me what it looks like. It is it's a		7 precedent, one that potentially could lead to	
	mess already, and that's not you know, telling some		8 litigation.	
	guy from San Francisco or New York or Florida or	9		
	whoever moves in there, "This is what you're going to	10	o losing its small-town charm, zoning ordinances exi	st
	deal with."		1 for a reason. To deny the developer the right to	
12	Wait until you have a winter. Wait until		2 build while in compliance with the Zoning Ordinan	ce is
13	you see what our snow removal's like. Wait until you		<sup>3</sup> both unfair to the developer and risky to the city.	
	see what the parking's like. Where are you going to	14		
	park your car overnight, you know? Well, what happens	15	5 the building to be attractive and in keeping with the	,
16	if it snows 2 inches? Well, you can go pay the	16	6 character of our town and somewhat timeless in the	use
17	impound lot to go pick up your car. More tax dollars	17	7 of materials and colors. It will be a welcome	
18	for the City.	18	8 addition to the town, with additional residences,	
19	But overall, I don't I don't remember	19	9 including a workforce-housing unit that we hope w	ill
20	being noticed of this happening, and I didn't know	20	o contribute more vibrancy to Ketchum. And we urg	e you
	about it until Hutch [phonetic] let me know. And like	21	1 to approve the project as submitted."	
	I said, I'm all for the future of Ketchum, new	22	8 8	
23	buildings, just built in the right way.	23	3 the broker and very partners and various agents."	
24	So thanks for your time.	24	e .	
25	CHAIRMAN MORROW: Thank you.	25	5 CHAIRMAN MORROW: Yeah.

And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased
2 3 4 5 6 7	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified	2 3 4 5 6 7	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review
2 3 4 5 6 7 8	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make	2 3 4 5 6 7 8	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval.
2 3 4 5 6 7 8 9	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really	2 3 4 5 6 7 8 9	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance
2 3 4 5 6 7 8 9	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their	2 3 4 5 6 7 8 9	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the
2 3 4 5 6 7 8 9 10 11	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and	2 3 4 5 6 7 8 9 10 11	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says
2 3 4 5 6 7 8 9 10 11 12	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that.	2 3 4 5 6 7 8 9 10 11 12	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon
2 3 4 5 6 7 8 9 10 11 12 13	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to	2 3 4 5 6 7 8 9 10 11 12 13	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a
2 3 4 5 6 7 8 9 10 11 12 13 14	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and	2 3 4 5 6 7 8 9 10 11 12 13 14	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That
2 3 4 5 6 7 8 9 10 11 12 13 14 15	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant.	2 3 4 5 6 7 8 9 10 11 12 13 14 15	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners, Matt Johnson, City Attorney.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval. If you approve, then the FAR Exceedance
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners, Matt Johnson, City Attorney. I I think Morgan put it well in the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval. If you approve, then the FAR Exceedance Agreement is approved and valid. If you chose not to
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners, Matt Johnson, City Attorney. I I think Morgan put it well in the context for the FAR Exceedance Agreement, and I think	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval. If you approve, then the FAR Exceedance Agreement is approved and valid. If you chose not to approve the design review for some reason, then the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners, Matt Johnson, City Attorney. I I think Morgan put it well in the context for the FAR Exceedance Agreement, and I think all I'd really add to that is to emphasize if it	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval. If you approve, then the FAR Exceedance Agreement is approved and valid. If you chose not to approve the design review for some reason, then the conditions fail, and the FAR Exceedance Agreement goes
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners, Matt Johnson, City Attorney. I I think Morgan put it well in the context for the FAR Exceedance Agreement, and I think all I'd really add to that is to emphasize if it hasn't been made clear already, the concern being	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval. If you approve, then the FAR Exceedance Agreement is approved and valid. If you chose not to approve the design review for some reason, then the conditions fail, and the FAR Exceedance Agreement goes back to the drawing board until a new application
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners, Matt Johnson, City Attorney. I I think Morgan put it well in the context for the FAR Exceedance Agreement, and I think all I'd really add to that is to emphasize if it hasn't been made clear already, the concern being raised is about the idea that somehow the Council's	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval. If you approve, then the FAR Exceedance Agreement is approved and valid. If you chose not to approve the design review for some reason, then the conditions fail, and the FAR Exceedance Agreement goes back to the drawing board until a new application does that answer your question?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners, Matt Johnson, City Attorney. I I think Morgan put it well in the context for the FAR Exceedance Agreement, and I think all I'd really add to that is to emphasize if it hasn't been made clear already, the concern being raised is about the idea that somehow the Council's action on the FAR Exceedance Agreement constrains	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval. If you approve, then the FAR Exceedance Agreement is approved and valid. If you chose not to approve the design review for some reason, then the conditions fail, and the FAR Exceedance Agreement goes back to the drawing board until a new application does that answer your question? I probably more than answered your
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	plans and applications and things like that. So it is not in view of the design review criteria or an evaluation of the project. It's merely the agreement of how the in-lieu housing gets mitigated, whether it's an in-lieu, on-site, things like that. So I just wanted to provide that clarity to you all as well. I think we've hopefully clarified some of the questions around that, but wanted to make sure that you all are aware that agreement really is just the mechanism by which they address their community housing, not necessarily how much and and things like that. So that's just an update on that. And then, with that, I'll turn it over to Matt to see if he has any additional comments, and then we can have an opportunity for the applicant. MATT JOHNSON: Okay. Chair and Commissioners, Matt Johnson, City Attorney. I I think Morgan put it well in the context for the FAR Exceedance Agreement, and I think all I'd really add to that is to emphasize if it hasn't been made clear already, the concern being raised is about the idea that somehow the Council's	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	certain amount further, based upon certain conditions." None of those are design-review items. Those are separate development standards. And then, throughout that particularly in B of that section of Code, it says specifically everything is conditioned upon the the "increased FAR may be permitted subject to design review approval," conditioned on design-review approval. And when you look at the FAR Exceedance Agreement, all that document does is document the application of this section of Code, and it says specifically in it that that is conditioned upon design review approval. So it comes to you, as a Commission, for the design-review determination. That agreement is in effect, conditioned upon your approval. If you approve, then the FAR Exceedance Agreement is approved and valid. If you chose not to approve the design review for some reason, then the conditions fail, and the FAR Exceedance Agreement goes back to the drawing board until a new application does that answer your question?

		1	
	Page 46		Page 48
1	understand it, it basically, it's an up-or-down	1	deliberations, [unintelligible]
	with respect to the FAR Agreement?	2	
3	MORGAN LANDERS: I think I can clarify.	3	
4	So, Susan, the FAR Exceedance Agreement	4	
	would go into effect if you if you all approved the	5	
	project in front of you, upon your adoption of the	6	
		-	are the applicant. And I think that I'd like to go
	findings of fact. So the adoption of findings of fact		
	is your kind of final action on the design review, so		through the back not the side of the building; the
	that would be the point in time when the FAR		back of the building and start to meet some of the
	Exceedance Agreement goes into effect.		objections of some of the
11	That FAR Exceedance Agreement does have	11	2
	provisions for amendments to it as well because staff	12	•
	always wants to provide the most amount of flexibility	13	
14	for the Planning Commission and understanding how	14	There's too much traffic going up and down that
15	the process kind of unfolds.	15	alley." So it's Wiseguy Pizza. It's Sysco. It's all
16	And so I think the biggest thing that's in	16	these people. Well, we're building this unit, and one
17	front of you today is, "Do you think that the project,		of the objections is, "It's not got enough people in
	as it sits today, meets the design review criteria,		it." So these four cars that are going to park in
	specifically the one related to undulation and relief,		this back alley, that double-car garage, or the
	bulk/flatness?" And if not, what direction do you		other-car garage to the right is going to somehow
	have to the applicant to provide some of		adversely affect the alley.
	that to to greater meet that criteria	22	And by the way, our garbage, because we're
	or however you would would like to move down		following the new rules, has to be in the bin to the
	that path.		far left with an automatic-door opener. Currently,
	•		- ·
25	So we always want to make sure that, any	25	that alley, if you drive though it, has got dumpsters
	Page 47		Page 49
1	time the Commission makes an action, it's grounded in	1	all over it, cars going down it. So I kind of think
	one of the standards of criteria. And this one is one		
	one of the standards of effectia. This one is one	2	$\Gamma$
	that applies that you can provide some feedback on		traffic for the back of the alley and a building
3	that applies that you can provide some feedback on.	3	that one of the objections we get is that "It's
3 4	So hopefully that provides clarity to you.	3 4	that one of the objections we get is that "It's too big, and there's no people in it," is a pretty
3 4 5	So hopefully that provides clarity to you. COMMISSIONER PASSOVOY: Thank you, Morgan.	3 4 5	that one of the objections we get is that "It's too big, and there's no people in it," is a pretty moot sense point.
3 4 5 6	So hopefully that provides clarity to you. COMMISSIONER PASSOVOY: Thank you, Morgan. We are very nicely reigned in.	3 4 5 6	that one of the objections we get is that "It's too big, and there's no people in it," is a pretty moot sense point. Conversely, it's heated, so it's got

2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	<ul> <li>5,400-square-foot lots about how much space we provide."</li> <li>So this is the first floor. So there's</li> <li>still three units. So there's the there's the unit that that you approach on on 2nd, and then there's two that approach on Leadville.</li> <li>Now one of the arguments here is, "Oh, The Kneadery's parking is going to be destroyed." We if you get more retail, you're going to have more pressure on parking. So I'm not sure the public parking that's there is specified for one business, but this is this will bring more parking; okay? Guaranteed. You guys want people? We want peeple do cars.</li> <li>So if you can show the basement now, please.</li> <li>And if you see on the I'm sorry. One second.</li> <li>On the unit to the north, it has an open-air access to the basement. So there's still three retail units, but the one retail unit to the north probably will be designated just to one tenant.</li> </ul>	2 3 4 5 6 7 7 8 10 11 12 10 11 11 10 10 11 11 10 10 11 11 10 10	lot line to come of don't need the firew But I think the fi feet, Morgan. MORGAN LAN MIKE CARR: Se property with a dee today is that he w windows on that wa different. So if this whole p at Code, we're at th the Code of the City this north wall, let's wall look better. Now, your comm Well, you guys, it's gets sold by the squ understands that. A with you. But I think this is building, and we ha	rewall's at least 5 DERS: I believe it's 5 feet, yes. o if he wanted to encumber his d of trust which is what he said would do that we could put all, or we could make it look project comes to we're e right height that allowed by y of Ketchum, and the question is s figure a way to make this north ments are, "Make it smaller." expensive to build. The stuff hare foot. Dave's a developer. He and so we'll we're happy to work s a pretty nice ave spent a tremendous amount of
	because the it's an upstairs/downstairs.			we have spent a tremendous amount of
25	So if you'd show the downstairs, please,		of time working wi	th the City to meet things that
1	now.	Page 51	weren't even Code	Page 53 And and when I know people
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	So the downstairs now incorporates all that space to the north is now a retail unit. So if you picture it, you go in, it's retail, and you can continue and go downstairs, and there's more retai We totally reduced the storage for all the units. We added the below-grade unit that has lig wells. So just for the facts, there was there was no one living on this street, in this spot, before we bought it. And with this, you have at least four units; okay? So if you'd go to the north wall, please, and the colored picture. So the reason the wall has to be solid is because it's a firewall; okay? That's the Code for zero-lot-line. Now, our neighbor, who was on Pla and Zoning, was the Mayor, and was also a City O person somewhere in their career, they had the ability to understand that this was the the height	3         4         1.         5         6         ht         7         8         9         10         11         12         13         14         a       15         unning       16         Council       17         18	kind of what develo And so anyhov added retail, we v transformer I did the transformer as v a nonissue with traf that supposedly r anyhow. And then this no solution. I can give deed-of-trust it, and can put landscaping paint windows; oka there's windows. V need to take it away cents.	n the Code" well, the Code is opers should follow. w. I think I address we we fixed the entrance, the not talk about but we did fix well. The back alley, I think, is ffic. We have four cars to one's going to live in the place rth wall give me a e you one. Take the setback, I we can put windows on it. We g. We could put vines. We could the could put vines we could the could make that look like We can make that work, but we don't of from the Code. That's my two
20 21 22 23	restriction in the Code of the City of Ketchum. We only went by the rules. So we offered to relandscape that wall, and we were rejected. I still would propose that we could put trees there, pines there, and we could make it look a lot green Conversely, we could put windows	20 21 22 23 er. 24	COMMISSIONE MIKE CARR: D CHAIRMAN M VICE CHAIRM you're up there, cou	ER CORDOVANO: Thanks, Mike. o you have any questions? ORROW: Thank you. AN MOCZYGEMBA: Yes, Mike. While ild you explain you had made a alley being snowmelted. Is that

	inscription 200 N Lead	vine	Avenue December 20, 202.	
	Page 54		Page 56	7
1	something that you're proposing to do?	1	would they told us they'd move in immediately once	
2			it's available, but but it's a beautiful building.	
3		3		
	Great.		ton of work. Nicole has done a massive amount of	
5	1		work. And, I mean, look at that. That thing even	
6	6 6		from this wall, it doesn't look that bad. I mean, I	
7			understand Dave's problem with it, but we did the	
8	Thank you.	8	cornices and that.	
9	MIKE CARR: So when he said, "The person from	9	And the whole point of in-city density is	
10	San Francisco" or wherever some person who,	10	that, theoretically, the next building goes right to	
11	supposedly, is buying this, which it might be me,	11	the firewall. That's why it's a firewall, and you	
	so you know, that they understand what the snow is		can't put windows in; okay? Again, if he's willing to	
	like.		encumber his lot and say, "I'll get a deed	
14			restriction," I'll put windows on that wall.	
15		15	COMMISSIONER CORDOVANO: Could you move could	
16			-	
			you move	
	was a workforce-housing unit just to clarify	17	MIKE CARR: So the ball's in his court.	
18		18	COMMISSIONER CORDOVANO: Could you move your	
19			building back an equal amount?	
20		20	MIKE CARR: No. Look it it's you already	
21	MIKE CARR: No, in-lieu. We		get 5 feet here, 5 feet here, 3 feet here. You	
22	COMMISSIONER CORDOVANO: Based on your in-lieu	22	already take 5 you already take like 1,400 square	
23	payment? There will be no	23	feet of 5,500 square feet in setbacks. I mean, the	
24	MIKE CARR: In-lieu	24	setbacks are I get it, but my answer is, "I don't	
25	COMMISSIONER CORDOVANO: deed restrictions?		think we" "I don't think we need to."

They didn't buy it. This is this was the rules. They knew the rule book. They wrote the rule book, it sounds like. I mean, they can quote the rules, and now they are pissed off about the rules. So anyhow. That's where we're at. COMMISSIONER CORDOVANO: I've got to think	
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	MIKE CARR: We're still in the process. You know, you still can contribute housing, and that's you I that's another meeting, but you guys should review what you asked developers to do to actually contribute housing and try and figure out how it works, the math. It's pretty complicated. COMMISSIONER CORDOVANO: Just out of kind of of curiosity not conditional at all you're more inclined to pay the fee than to give up the 749-square unit on the second floor? MIKE CARR: Yeah, because yes. COMMISSIONER CORDOVANO: And whatever is fine. You know, you don't even have to answer this MIKE CARR: No. No, we are. COMMISSIONER CORDOVANO: [unintelligible]. MIKE CARR: We did propose the lower unit, and we were rejected. COMMISSIONER CORDOVANO: Because of our recent basement ruling? MIKE CARR: Yeah, but that wasn't the ruling when we first applied, but yes.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	I understand these gentlemen's concerns about the hey the wall, the setback, but, you know, Dave's a developer. He knows he could build a building next to it. I don't understand why, forever this process went on that somebody didn't say, "Well, we should only be able to go up 30 feet there," if that's what you wanted. But the property would have been sold for a different price as well. So part of the property going for the price it went for and, by the way, I bought it when I was riding my bicycle, so, for sure, my neighbors knew that it was for sale long before I did. So okay. They didn't buy it. This is this was the rules. They knew the rule book. They wrote the rule book, it sounds like. I mean, they can quote the rules, and now they are pissed off about the rules. So anyhow. That's where we're at. COMMISSIONER CORDOVANO: I've got to think that you've got a good point on more retail making	
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MIKE CARR: We're still in the process. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I understand a lot of what I've	2 3 4 5 6 7 8 9	deed-restrict a unit, is that worth 436k if that unit's worth more than that on the open market? So, "What are we getting out of this," is the question at hand. Further, thank you for those pictures of the other buildings because I was going to ask, and those did bring out there there are a lot of them, and some of them next to Whiskey's were due to a fire, and the firewall was very important in that
2 3 4 5 6 7 8 9	the CC-1 and CC-2, and that is super clear in the Code. While there's been a lot of precedence, you have to look at what those other buildings provide. And I I think we should be chiseling the codes one at a time as they come. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I understand a lot of what I've learned about rewriting those Codes, but when we do	2 3 4 5 6 7 8 9	deed-restrict a unit, is that worth 436k if that unit's worth more than that on the open market? So, "What are we getting out of this," is the question at hand. Further, thank you for those pictures of the other buildings because I was going to ask, and those did bring out there there are a lot of them, and some of them next to Whiskey's were due to a fire, and the firewall was very important in that situation. However, none of them were 42 feet tall,
2 3 4 5 6 7 8 9 10 11	the CC-1 and CC-2, and that is super clear in the Code. While there's been a lot of precedence, you have to look at what those other buildings provide. And I I think we should be chiseling the codes one at a time as they come. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I understand a lot of what I've learned about rewriting those Codes, but when we do these dramatic overhauls, it's almost the market's	2 3 4 5 6 7 8 9 10 11	deed-restrict a unit, is that worth 436k if that unit's worth more than that on the open market? So, "What are we getting out of this," is the question at hand. Further, thank you for those pictures of the other buildings because I was going to ask, and those did bring out there there are a lot of them, and some of them next to Whiskey's were due to a fire, and the firewall was very important in that situation. However, none of them were 42 feet tall, and they all had dramatically more undulation.
2 3 4 5 6 7 8 9 10 11	the CC-1 and CC-2, and that is super clear in the Code. While there's been a lot of precedence, you have to look at what those other buildings provide. And I I think we should be chiseling the codes one at a time as they come. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I understand a lot of what I've learned about rewriting those Codes, but when we do these dramatic overhauls, it's almost the market's changed. Everything changes. You can't forecast this	2 3 4 5 6 7 8 9 10 11 12	deed-restrict a unit, is that worth 436k if that unit's worth more than that on the open market? So, "What are we getting out of this," is the question at hand. Further, thank you for those pictures of the other buildings because I was going to ask, and those did bring out there there are a lot of them, and some of them next to Whiskey's were due to a fire, and the firewall was very important in that situation. However, none of them were 42 feet tall, and they all had dramatically more undulation. We're almost getting to the point
2 3 4 5 6 7 8 9 10 11 12 13	the CC-1 and CC-2, and that is super clear in the Code. While there's been a lot of precedence, you have to look at what those other buildings provide. And I I think we should be chiseling the codes one at a time as they come. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I understand a lot of what I've learned about rewriting those Codes, but when we do these dramatic overhauls, it's almost the market's changed. Everything changes. You can't forecast this stuff. So staying current with the Code and quite	2 3 4 5 6 7 8 9 10 11 12 13	deed-restrict a unit, is that worth 436k if that unit's worth more than that on the open market? So, "What are we getting out of this," is the question at hand. Further, thank you for those pictures of the other buildings because I was going to ask, and those did bring out there there are a lot of them, and some of them next to Whiskey's were due to a fire, and the firewall was very important in that situation. However, none of them were 42 feet tall, and they all had dramatically more undulation. We're almost getting to the point of when I turn by a building down here on a lot of
2 3 4 5 6 7 8 9 10 11 12 13 14	the CC-1 and CC-2, and that is super clear in the Code. While there's been a lot of precedence, you have to look at what those other buildings provide. And I I think we should be chiseling the codes one at a time as they come. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I understand a lot of what I've learned about rewriting those Codes, but when we do these dramatic overhauls, it's almost the market's changed. Everything changes. You can't forecast this stuff. So staying current with the Code and quite frankly, there is a lot of in my perspective, there	2 3 4 5 6 7 8 9 10 11 12 13 14	deed-restrict a unit, is that worth 436k if that unit's worth more than that on the open market? So, "What are we getting out of this," is the question at hand. Further, thank you for those pictures of the other buildings because I was going to ask, and those did bring out there there are a lot of them, and some of them next to Whiskey's were due to a fire, and the firewall was very important in that situation. However, none of them were 42 feet tall, and they all had dramatically more undulation. We're almost getting to the point of when I turn by a building down here on a lot of these streets a lot of these buildings that are
2 3 4 5 6 7 8 9 10 11 12 13 14	the CC-1 and CC-2, and that is super clear in the Code. While there's been a lot of precedence, you have to look at what those other buildings provide. And I I think we should be chiseling the codes one at a time as they come. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I understand a lot of what I've learned about rewriting those Codes, but when we do these dramatic overhauls, it's almost the market's changed. Everything changes. You can't forecast this stuff. So staying current with the Code and quite frankly, there is a lot of in my perspective, there is a lot of room to be said that we control this, but	2 3 4 5 6 7 8 9 10 11 12 13 14 15	deed-restrict a unit, is that worth 436k if that unit's worth more than that on the open market? So, "What are we getting out of this," is the question at hand. Further, thank you for those pictures of the other buildings because I was going to ask, and those did bring out there there are a lot of them, and some of them next to Whiskey's were due to a fire, and the firewall was very important in that situation. However, none of them were 42 feet tall, and they all had dramatically more undulation. We're almost getting to the point of when I turn by a building down here on a lot of these streets a lot of these buildings that are built to the corners you can't see around the
2 3 4 5 6 7 8 9 10 11 12 13 14 15	the CC-1 and CC-2, and that is super clear in the Code. While there's been a lot of precedence, you have to look at what those other buildings provide. And I I think we should be chiseling the codes one at a time as they come. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I understand a lot of what I've learned about rewriting those Codes, but when we do these dramatic overhauls, it's almost the market's changed. Everything changes. You can't forecast this stuff. So staying current with the Code and quite frankly, there is a lot of in my perspective, there is a lot of room to be said that we control this, but we really don't.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	deed-restrict a unit, is that worth 436k if that unit's worth more than that on the open market? So, "What are we getting out of this," is the question at hand. Further, thank you for those pictures of the other buildings because I was going to ask, and those did bring out there there are a lot of them, and some of them next to Whiskey's were due to a fire, and the firewall was very important in that situation. However, none of them were 42 feet tall, and they all had dramatically more undulation. We're almost getting to the point of when I turn by a building down here on a lot of these streets a lot of these buildings that are built to the corners you can't see around the corner when you're turning, and then we're just going
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	the CC-1 and CC-2, and that is super clear in the Code. While there's been a lot of precedence, you have to look at what those other buildings provide. And I I think we should be chiseling the codes one at a time as they come. I've been saying we need to do third-floor setbacks and rewrite the Code that only pertains to the fourth floor for months now, I think, since August 19th of this year. And I've been preaching about how stop signs aren't even sustainable anymore, and we're violating our own idling into our into our our violating our Idling Ordinance at the stop light in downtown. The character of the north facade needs undulation on each corner. I have always been talking about setting back the third story.

	nscription 200 N Lead		e Avenue Audio Transcription - Hearing December 20, 2022
	Page 66		Page 68
1	calculations, the hot-tub canopy on the top is 49 feet	1	Brenda.
	off the front of the building, 47 off the back. And	2	
	I'd like clarification on how things get above 42 feet		of comments. I appreciate the work that the applicant
	and why.		did so expediently to kind of make make the
5	MORGAN LANDERS: So our Code does have a		revisions previously requested.
6	provision for unhabitable basically roof or	6	
7	pertinences that exceed that 42 feet and allows for	7	are added around the transformer in tandem with the
8	those to exceed up to 10 feet above the roof height.	8	screening, I think that's if Idaho Power's happy
	So if a building is maximizing the 42 feet, then they		with what's being proposed, then I think that's the
	can have non-habitable additions that are rooftop	10	best we can get there to make that thing go away.
	fixtures that can go up to the 52 feet, and that's	11	5
12	existing in our Code today.		the amount of stuff that does have to happen in the
13	COMMISSIONER CORDOVANO: Please add that to the		alley, as has been discussed in this meeting, and how
	list of things I'd like to see changed.		much goes on. And I think, you know, seeing this
15	I think my feedback for the applicant		application on a single lot is representative of that,
	is once again, I'm not a developer, but there's so		of the dumpster glider, the parking. And then when Idaho Power has a transformer requirement, it just
	much space wasted on circulation. I'm sure you need to meet 2018 Building Code for ingress and egress, but		starts to chew up space.
	there's so much space wasted on volume and	19	
	circulation. This thing could be not 12-foot		elimination of the stairwell that was previously at
	ceilings everywhere and reduce a lot of mass with some		the corner down to the basement unit. I had previous
	more undulation, and I would like to see that		criticisms of another application that used the glass
	explored.		block as the window well. I am very curious as to
24	I also think that you know, I'm not		how what what the finished product and how
25	here to deny this permit tonight, but I'm also not	25	much light is brought into that unit.
1	Page 67 here to approve it, and I think we could make a	1	Page 69 I did go into the website of the cut sheet
	continuance with two meetings a year this year	2	
3	with a month excuse me of two meetings a	-	that was provided, and it seemed like there were some
	with a month excuse me of two meetings a		that was provided, and it seemed like there were some really creative uses of the of the product. So
	month.	3 4	really creative uses of the of the product. So hopefully the applicant can continue forward in, I
4 5	month. CHAIRMAN MORROW: Amazing. Oh my god. That	3 4 5	<ul> <li>really creative uses of the of the product. So</li> <li>hopefully the applicant can continue forward in, I</li> <li>guess, finding the best way to increase the light that</li> </ul>
4 5 6	month. CHAIRMAN MORROW: Amazing. Oh my god. That would be awesome.	3 4 5 6	really creative uses of the of the product. So hopefully the applicant can continue forward in, I guess, finding the best way to increase the light that gets into that window well, but I am appreciative of
4 5 6 7	month. CHAIRMAN MORROW: Amazing. Oh my god. That would be awesome. COMMISSIONER CORDOVANO: That'd be no fun.	3 4 5 6 7	<ul> <li>really creative uses of the of the product. So</li> <li>hopefully the applicant can continue forward in, I</li> <li>guess, finding the best way to increase the light that</li> <li>gets into that window well, but I am appreciative of</li> <li>its size and not just being minimal, again, to just</li> </ul>
4 5 6 7 8	month. CHAIRMAN MORROW: Amazing. Oh my god. That would be awesome. COMMISSIONER CORDOVANO: That'd be no fun. CHAIRMAN MORROW: Yeah.	3 4 5 6 7 8	<ul> <li>really creative uses of the of the product. So</li> <li>hopefully the applicant can continue forward in, I</li> <li>guess, finding the best way to increase the light that</li> <li>gets into that window well, but I am appreciative of</li> <li>its size and not just being minimal, again, to just</li> <li>meet minimum minimum requirements and requests.</li> </ul>
4 5 7 8 9	month. CHAIRMAN MORROW: Amazing. Oh my god. That would be awesome. COMMISSIONER CORDOVANO: That'd be no fun. CHAIRMAN MORROW: Yeah. 	Page 74		Page 76
_	mainst I get a series from the multiple common that		MORGAN LANDERS: Correct. Yeah.
	project. I get a sense from the public comment that	1	
	we got the written public comment that we got and just from the flavor of the room that what what	2	
	5		you know, "Do you feel that the application in front
	it might have been.		of you, you know, meets all the criteria and addresses
5	Regarding the issues that we brought up at		your concerns, or do you want to continue to get
	the last P&Z meeting, that we wanted to see addressed,		additional study from the architect on meeting the
	I appreciate the design team's effort to reconfigure		criteria?"
	that corner. I think that this is definitely an	8	COMMISSIONER CARTER: So the transformer and the
	improvement and and, you know, makes this building		corner issue, I feel, are addressed. The north-wall
	function better in the long term. The transformer		issue you know, I would certainly like to see some
11	issue, I feel like, has been addressed.	11	other potential options.
12	I don't address I don't have anything	12	
	to add to the discussion about the north wall other		the room is, you know, the the scale and mass of
	than you know, I feel the same way as the rest of	14	the building and is it appropriate for the location
15	the Commission, that we deal with this project this	15	that's that it's in?
16	issue on a lot of projects. And it's a difficult one	16	And, you know, I I feel like projects
17	to parse. So I appreciate the efforts that were made	17	like this you know, we have a Code that sort of
18	on the design change so far.	18	governs how how the bulk and mass of these
19	I do wonder about you know, it does	19	buildings, you you know, get you know, must
20	feel with the brick being added above and the	20	conform to and you know, there's a there's a
	columns below, it does at first glance, it does	21	little bit of what seems like area for negotiation in
	seem a little top heavy. I don't know if there's	22	the details of the FAR Exceedance Agreement.
	a another way to reconfigure the finishes on that	23	
	wall to make it feel less so.	24	And then, you know, we can go up to is it 2.25 or
25	Let's see.		2.5? based on FAR 2.25 based on a FAR
	Page 75		Page 77
	-		
1	It before we go too far, can I get		Exceedance Agreement if the project gives provides
2			community housing, either on the site or in lieu.
	that, maybe, we're not making a decision tonight.	3	5
	There was a a an issue regarding process that		is the the Code doesn't seem to be entirely
	you guys discussed before I got here. So was there a		clear as to how much how much leeway we have to
	decision made about how that process how our		make that negotiation as a Commission. And we've been
	process is going to work here? Are we are we going		fighting that frankly, we've been fighting that on
8	to not make a decision tonight?		other projects. You know, what you know, is is
9	MORGAN LANDERS: So the only reason you're not		it if the developer provides the required amount,
	asked to make a decision tonight is that you have some		then they get the 2.25, or is there some negotiation
	design changes in front of you to review. And so		that is does the Code allow for some negotiation
	staff didn't make a recommendation of approval or	12	there?
	denial because we felt there was continued discussion	13	We've brought this has been an issue
14	on the design review criteria.	14	on on multiple projects in the past.
15	What you missed on the process side of	15	MORGAN LANDERS: And so I can help clarify if
	things was related to the FAR Exceedance Agreement.	16	that's helpful.
17	And so those are things that you can come up to speed	17	So the FAR exceedance from 1.0 to 2.25 is
18	on before the next hearing before the final	18	contingent upon design-review approval. So it has to
19	decision is made.	19	have a design review approval for whatever you all
20	COMMISSIONER CARTER: Okay.		feel is appropriate, that meets the design review
21	MORGAN LANDERS: Yeah.		criteria. And so then that's where you root your
22	COMMISSIONER CARTER: All right. So we're		decision and your deliberations on the design review
23	giving so it sounds like we're still in		criteria specifically. And so if a project meets the
	the we're still giving direction from the		design review criteria, you can then approve the FAR
21	the were still giving uncertain nom the		
	Commission to the design/development team here.		exceedance.

	Page 78		Page 80
1	COMMISSIONER CARTER: And the design	1	developers and you know, what the developers in
1	MORGAN LANDERS: If it doesn't meet it, then		town are are many of the developers in town are
2	you the FAR Exceedance Agreement becomes null.		members of our community, and the developers are, you
4	COMMISSIONER CARTER: And the design review		know, looking to to make a living, to be a part of
	criteria in the Code is very you know, the		town, just as the neighbors are as well.
	design-review agreement the language in the Code		And finding a way to to coexist
	sort of limits us to the look of the building and the	6	
	finishes on the outside.		is is important. And this forum, where projects have to come in front of the Commission and the public
9	The our our ability to comment on	8	
_	the program of the building is something that we have	_	
			know, is a way for for developers to hear, you
	been sort of asking for here, as a Commission, over the last couple months. That's part of what the		know, what the community, you know, wants to see. And I think hearing that and, you know,
		12	- ·
	Interim Ordinance was about, was giving the Commission		any development team you know, the development development teams have a a
	some more discretion on being able to comment on the program of buildings. There was a lot of pushback		right you know, the Code gives development teams a
			right to move forward, and I don't think, you know, we
	from the community to give us that you know, to to give us that voice.		would I don't think anybody would would argue
18	So, you know, I don't know, Morgan. Do	18	
	you have you want to comment a little bit on that?	19	them in a way that that has some bounds, but, you
20	MORGAN LANDERS: Yeah. So the way that staff	20	
	presented it to you all in the staff report is that,	20	
	really, there's kind of two criteria in the design	22	
	review that allow you to to influence kind of	22	But those you know, the developers are
	the the bulk and the size and kind of the		also not developing in a vacuum. We're developing in
	orientation of the building. Yes, this may be		a community. And, you know, finding a way for
23	orientation of the building. Tes, this may be	2.5	a community. 7 ma, you know, midning a way for
	Page 79		Page 81

So that's, really, a design review criteria that you know, our Code does allow 42 feet, but in an instance where you do have a very tall, flat wall, if you feel like additional undulation or relief is necessary to meet that criteria, which ultimately is to reduce the bulk and flatness, you all can make those requests. COMMISSIONER CARTER: Okay. Well, then, along	2 3 4 5 6 7 8 9 10 11 12 13	projects to be constructive additions to a community is you know, is hopefully something that is part of you know, that this process helps development teams achieve. So I'm just going to add that comment. But, in general, I appreciate the additions that have been made to the project, the changes that they made to the project. I think, other than the north wall, which maybe if we could see a little more work on have been improvements from the previous previous design that we saw. VICE CHAIRMAN MOCZYGEMBA: [Unintelligible]. CHAIRMAN MORROW: No, please. VICE CHAIRMAN MOCZYGEMBA: One thing that I
2 3 4 5 7 8 9 10 11 12 13 14	cosmetic, but it may have impacts to the program. So the design review criteria that is most applicable in this instance is that "building walls shall provide undulation/relief, thus reducing the appearance of bulk and flatness." So that's, really, a design review criteria that you know, our Code does allow 42 feet, but in an instance where you do have a very tall, flat wall, if you feel like additional undulation or relief is necessary to meet that criteria, which ultimately is to reduce the bulk and flatness, you all can make those requests. COMMISSIONER CARTER: Okay. Well, then, along those lines, certainly, the bulk and flatness of that	2 3 4 5 6 7 8 9 10 11 12 13 14	projects to be constructive additions to a community is you know, is hopefully something that is part of you know, that this process helps development teams achieve. So I'm just going to add that comment. But, in general, I appreciate the additions that have been made to the project, the changes that they made to the project. I think, other than the north wall, which maybe if we could see a little more work on have been improvements from the previous previous design that we saw. VICE CHAIRMAN MOCZYGEMBA: [Unintelligible]. CHAIRMAN MORROW: No, please. VICE CHAIRMAN MOCZYGEMBA: One thing that I would like to interject with and that was mentioned in
2 3 4 5 6 7 8 9 10 11 12 13 14 15	cosmetic, but it may have impacts to the program. So the design review criteria that is most applicable in this instance is that "building walls shall provide undulation/relief, thus reducing the appearance of bulk and flatness." So that's, really, a design review criteria that you know, our Code does allow 42 feet, but in an instance where you do have a very tall, flat wall, if you feel like additional undulation or relief is necessary to meet that criteria, which ultimately is to reduce the bulk and flatness, you all can make those requests. COMMISSIONER CARTER: Okay. Well, then, along those lines, certainly, the bulk and flatness of that north wall is I mean, it's hard to argue that	2 3 4 5 6 7 8 9 10 11 12 13 14	projects to be constructive additions to a community is you know, is hopefully something that is part of you know, that this process helps development teams achieve. 1	So that's kind of the the biggest	3	Page 85 made significant progress. And and I think
2	So that's kind of the the biggest conflict in my head is, you know, How much do you push	3 1 2	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great
2 3	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty	3 1 2 3	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think
2 3 4	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later?	3 1 2 3 4	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there.
2 3 4 5	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I	3 1 2 3 4 5	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there. Is Matt still on with us?
2 3 4 5 6	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I would with my condolences to Ben Franz, who we made	3 1 2 3 4 5 6	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there. Is Matt still on with us? MATT JOHNSON: I am.
2 3 4 5 6 7	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I would with my condolences to Ben Franz, who we made do that for his building. And then, suddenly, someone	3 1 2 3 4 5 6 7	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there. Is Matt still on with us? MATT JOHNSON: I am. CHAIRMAN MORROW: Are you still there?
2 3 4 5 6 7 8	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I would with my condolences to Ben Franz, who we made do that for his building. And then, suddenly, someone built right next to it, but we didn't know. There was	3 1 2 3 4 5 6 7 8	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there. Is Matt still on with us? MATT JOHNSON: I am. CHAIRMAN MORROW: Are you still there? I just have a couple quick ones.
2 3 4 5 6 7 8 9	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I would with my condolences to Ben Franz, who we made do that for his building. And then, suddenly, someone built right next to it, but we didn't know. There was a little cabin there. It could have stayed there for	3 1 2 3 4 5 6 7 8 9	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there. Is Matt still on with us? MATT JOHNSON: I am. CHAIRMAN MORROW: Are you still there? I just have a couple quick ones. We don't we don't ever get to see or
2 3 4 5 6 7 8 9	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I would with my condolences to Ben Franz, who we made do that for his building. And then, suddenly, someone built right next to it, but we didn't know. There was a little cabin there. It could have stayed there for 30 years, so we made him change that wall, and he	3 1 2 3 4 5 6 7 8 9 10	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there. Is Matt still on with us? MATT JOHNSON: I am. CHAIRMAN MORROW: Are you still there? I just have a couple quick ones. We don't we don't ever get to see or have any effect on the FAR exceedance agreements
2 3 4 5 6 7 8 9 10 11	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I would with my condolences to Ben Franz, who we made do that for his building. And then, suddenly, someone built right next to it, but we didn't know. There was a little cabin there. It could have stayed there for 30 years, so we made him change that wall, and he spent money on it. And within a year, it was it	3 1 2 3 4 5 6 7 8 9 10 11	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there. Is Matt still on with us? MATT JOHNSON: I am. CHAIRMAN MORROW: Are you still there? I just have a couple quick ones. We don't we don't ever get to see or have any effect on the FAR exceedance agreements as as Planning and Zoning; do we?
2 3 4 5 6 7 8 9 10 11 12	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I would with my condolences to Ben Franz, who we made do that for his building. And then, suddenly, someone built right next to it, but we didn't know. There was a little cabin there. It could have stayed there for 30 years, so we made him change that wall, and he spent money on it. And within a year, it was it wasn't there, but it could have been.	3 1 2 3 4 5 6 7 8 9 10 11 12	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. It may not be exactly there yet, but I think we're getting there. Is Matt still on with us? MATT JOHNSON: I am. CHAIRMAN MORROW: Are you still there? I just have a couple quick ones. We don't we don't ever get to see or have any effect on the FAR exceedance agreements as as Planning and Zoning; do we? MATT JOHNSON: On the agreement itself, no,
2 3 4 5 6 7 8 9 10 11 12 13	So that's kind of the the biggest conflict in my head is, you know, How much do you push any sort of application to make a wall pretty essentially, to only be covered up later? CHAIRMAN MORROW: I I agree, and I would with my condolences to Ben Franz, who we made do that for his building. And then, suddenly, someone built right next to it, but we didn't know. There was a little cabin there. It could have stayed there for 30 years, so we made him change that wall, and he spent money on it. And within a year, it was it wasn't there, but it could have been. And I think this is what we I've been	3 1 2 3 4 5 6 7 8 9 10 11 12 13	Page 85 made significant progress. And and I think Nicole's done a great job with that. It's a great design. 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Page 86 can't do this here?" MATT JOHNSON: Correct. CHAIRMAN MORROW: And third, despite your wonderful legal knowledge, is is it is there potential that we could still encounter litigation even though you don't think it's possible? Maybe Mr. Linnet wants to file a claim. Do you think there is some actionable something in here potentially actionable something in here? MATT JOHNSON: Well, there's there's multiple steps that would happen before we got to anything that would be litigation in court. CHAIRMAN MORROW: You you know what I mean. I'm trying to prevent MATT JOHNSON: Right. CHAIRMAN MORROW: us from doing something in in my the the part I feel good about is, if we can have the neighbors and the developers work together as we move through this process, we won't have that issue. I just don't want to put us in the position of having that issue.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	Page 88 you know, "Stick it in one side. It's 42 feet high. That's fine," and it comes out the other side and it's approved. So I think the area that we do have leeway here even though it's met the requirements is that it still may not fit into the character of the neighborhood, based on what's around it. So I I just wanted to address that, that it sounds a lot of people are like, "Well, we did everything we should do. We should get an approval." And I'm like, "That's" "that" "this is a subjective process, and it deals with neighbors, and it deals with the future that we don't know about." So I just wanted to bring that up, that, yes, according to the the the how high it is or how wide it is or what the setback is, it's it's compatible, but it still may not actually fit into the neighborhood or be compatible with what we're looking for in that neighborhood. So I just wanted to bring that up. I agree with Spencer and some other
22	MATT JOHNSON: So the the answer to the		people, that as much as it's a pain in the in
	question of, "Is litigation possible," is	23	the butt, wedding-caking this structure would would
24 25	always, "Yes." CHAIRMAN MORROW: Yes. Yeah. Okay.		probably solve a lot of the problems. So the wedding-caking the top floor a little bit
10	ern indimit ( morallo (). 165. Toul. Okuy.	23	and wedding caking the top noor a nucle of
	Page 87		Page 89
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	MATT JOHNSON: All all all all it takes is a party willing to pay an attorney to to make arguments. I I do think, in this case, the procedural issues that have been raised are are relatively straightforward, could additionally be addressed at other points in the administrative appeals process as need be, and I think the risk of litigation is relatively lower or at least with some chance to work through with the the the party raising them first. So is that a wiggly-enough answer? CHAIRMAN MORROW: Yeah. Yeah. Perfect. That's those answered my three legal issues right there. Because this is subject to design review approval, I I think we've heard a bunch of people say, "You've met all the requirements" and I think Susan mentioned this, that you can meet the requirements for height and for lot-line setback and for those things, but still not meet the requirements that it fit into the neighborhood character or that it be compatible. And I and I think that, in that sense, this is where we have our subjective it's not just,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	and maybe, in the new Code, zero-lot-line buildings should wedding-cake at at the third floor and not the fourth floor. But I think this if the top floor were set back, that would a little bit, that would be undulation, or if that north wall were opened into a deck, or I I you know, again, we're not designing up here, but that if it if it's set back up there somehow, stepped back, that would take a lot of the mass-and-bulk feeling away from the the building and would give undulation to that flat wall, that being stepped back and not being just pushed in and out. I think parking in the area's inadequate already, so I think the parking issue is the Code says as long as there's 750 people often move their cars you know, I hate to see the the City change their rules for everyone on that, but it looks like that that's what's going to happen, and we're going to have different winter rules. And that's you know, that's a cost of having the city become bigger and having had inadequate parking since the '80s. I I agree with the balancing act that I think we've gotten really close here, and we just have to make sure that what we approve is is

	could just kind of you know, I know it's a				back 5 feet, similar as it is
	zero-lot-line building, but it's a small lot with a			on the whole buildin	
	zero-lot-line building, and the neighbors' buildings	8,	16		RROW: To Spencer's point, we ask
	many of them are one story, so it it's going to	C		this	
	have a shocking effect for a while no matter what.	So	18		R CORDOVANO: [Unintelligible].
	my that's my direction.		19		RROW: a lot of times, "Can we get
20	I think, Nicole, you've done a great job.	o1			what it will look like within
	I think we'd like to see some of these other potenti changes. That's kind of where I am pow	al			Inding neighborhood," the bulk,
	changes. That's kind of where I am now. COMMISSIONER CORDOVANO: I believe w	a could			"Here it is, and here's a big est of the" we've we've
23	request a 3D model of the building.	e could			t a lot, and it helps us kind of
24 25	MORGAN LANDERS: If there's any specific				think that would be super
20	MOROAN EANDERS. If there's any specific		23	Teany look at it, so I	unik that would be super
		Page 91			Page 93
1	diagrams or graphics that you'd like to see when the	ney	1	helpful.	
2	come back, it'd be good to know that, and then we	can	2	MORGAN LAND	ERS: Yeah, we can definitely do
3	ask the applicants to prepare those.		3	that.	
4	COMMISSIONER CORDOVANO: I think that w	ould help	4	COMMISSIONE	R CORDOVANO: Yeah, so undulation on
5	set the scale and the scope. And I'd love to see it		5	the north side, west s	side, and the east side.
6	come back at 1.75, with a lower total height.		6	MORGAN LAND	DERS: All right.
7	MORGAN LANDERS: So from		7	CHAIRMAN MO	
8	CHAIRMAN MORROW: Go ahead.		8		R CORDOVANO: And I'm I'm I'm
9	MORGAN LANDERS: for just a quick				able to buy their lots under the
10	clarification for staff.				need to update them more
11	Spencer, when you're asking for additional				st totally absurd that the max
12	3D models, are you looking for something differen	nt		e e	a guy can have a canopy over
13	than what's included in the packet now, as far as				no fence, none, for the
	renderings?			•••	that's just a 49-foot building in
15	COMMISSIONER CORDOVANO: I was kind o	f curious			is very contrary to City Code.
	what that design review guideline would get me,		16		RROW: So at this point, if we've had
	honestly, as I considered a 3D model, or maybe an	l		÷	think we've given proper direction
	· · · · · · · · · · · · · · · · · · ·				elieve we're making any kind of
18	area more of an area-centric model.	n tha			
18 19	MORGAN LANDERS: So what I would caution				ink especially with what

<ul> <li>the last one, having moved the stairs and and</li> <li>COMMISSIONER CORDOVANO: And we also</li> <li>to deny it.</li> <li>CHAIRMAN MORROW: No. No. No. We w</li> <li>get to where it can be built and and be there for</li> <li>100 years and but that's I think we're getting</li> <li>there. And if we don't need to make any kind of</li> <li>decision tonight, if you feel like we have good</li> <li>direction</li> <li>MORGAN LANDERS: I do. So the only motion</li> <li>you will need to make is to continue to the next</li> <li>meeting, so that would be January 10th. And ther</li> <li>staff will consult with the applicant following the</li> <li>meeting to see if they can make that. And if we n</li> <li>to push it, we can push it.</li> <li>CHAIRMAN MORROW: Okay.</li> <li>COMMISSIONER CORDOVANO: So like I</li> <li>like January and tell me if this is my purview.</li> <li>I I feel like January tends to rush, and there's</li> <li>plenty of projects that have been in line for a long</li> <li>time too.</li> <li>CHAIRMAN MORROW: I I don't have a program with it, but it does seem like it's 10 days. And</li> </ul>	don't want2marketability of t3MORGAN LA3MORGAN LA4CHAIRMAN M5It's four-and-a-ha6live in. So7COMMISSION8about date certain9here, but0that10CHAIRMAN M11COMMISSION12CHAIRMAN M13the applicant need14with staff, and we15But this way, we16placeholder. Is the17COMMISSION18CHAIRMAN M19if anyone20COMMISSION21continue this proj22January 10th23CHAIRMAN M	NDERS: Thank you. MORROW: Susan doesn't feel left out. If times bigger than the space I NER CORDOVANO: What do we want to do ? I'm I don't want to overstep MORROW: Well, let's do NER CORDOVANO: [unintelligible]. MORROW: January 10th. And then if ds to change it, they'll change it e'll they'll have a date certain. we've got something at as a hat okay? NER CORDOVANO: Yeah. MORROW: Okay. So I will take a motion to ect to a date certain, being MORROW: January 10th, yes.
<ul><li>23 with it, but it does seem like it's To days. And</li><li>24 during the holidays, and that might be unfair to th</li><li>25 applicant's team to say, "Hey. Here goes your</li></ul>		NER CORDOVANO: with hopes of a
	Page 95	Page 97
<ol> <li>Christmas and New Year's so you can redo this."</li> <li>So we're happy to let you guys discuss it</li> <li>with them and and have it set to a date certain</li> <li>that you'll let us know.</li> <li>MORGAN LANDERS: Yeah. And and sorry</li> <li>Spencer, to interrupt.</li> <li>But, really, it's just to make sure that</li> <li>we have a date certain because if we don't set it to</li> <li>date certain, we have to go through the re-noticing</li> <li>process, which we can if the if the Planning</li> <li>Commission prefers that.</li> <li>But I think what we can do is continue it</li> <li>to the 10th, and then if, for some reason, the</li> <li>applicant team doesn't feel that's reasonable, we c</li> <li>certainly continue it again.</li> <li>CHAIRMAN MORROW: And don't feel like y</li> <li>have to ruin your holiday for us. We're going to be</li> <li>here in January and February. So</li> <li>COMMISSIONER PASSOVOY: I just wanted</li> <li>one clarification.</li> <li>My comment regarding the size of the unit</li> <li>much space people can or should have to live in.</li> <li>up to them. I only mentioned it because I I felt</li> </ol>	2CHAIRMAN M3Aye.4COMMISSION5COMMISSION6COMMISSION7CHAIRMAN M8VICE CHAIRM9CHAIRMAN M10VICE CHAIRM11continuance?12CHAIRMAN M13MORGAN LA14VICE CHAIRM15MORGAN LA00guys16CHAIRMAN M17the applicant and18room. We will setto make1919time after that. If20and we'll be happ21(End transcriptow22file.)	NER PASSOVOY: And I second the motion. MORROW: All in favor? NER CORDOVANO: Aye. NER PASSOVOY: Aye. NER CARTER: Aye. MORROW: Thank you, everyone. MAN MOCZYGEMBA: Nay. MORROW: Oh, Brenda is a "Nay." MAN MOCZYGEMBA: Can I do that with a MORROW: Yes. NDERS: You sure can. MAN MOCZYGEMBA: Okay. NDERS: Mm-hmm. MORROW: Thank you to the public and to to the attorneys and everyone in the ee you guys either in January or some You're involved, stay involved, y to continue to hear from you. ion at 1:53:00 of audio

# TRANSCRIPT OF RECORDED PUBLIC HEARING

TUESDAY, DECEMBER 20, 2022

COMMISSIONERS PRESENT:

NEIL MORROW, CHAIRMAN

BRENDA MOCZYGEMBA, VICE CHAIRPERSON

TIM CARTER

SPENCER CORDOVANO

SUSAN PASSOVOY

TRANSCRIBED BY:

VICTORIA HILLES, RPR, CSR NO. 1173

Audio Transcription - Hearing - December 20, 2022 P22-035 / P22-035A - 200 N Leadville Avenue (Begin transcription at 0:1:00 of audio 1 2 file.) CHAIRMAN MORROW: Any discussion or -- okay. 3 I -- I did go look at those story poles 4 for this project, so that's my --5 COMMISSIONER CORDOVANO: I did prior to the 6 first meeting. 7 CHAIRMAN MORROW: Okay. 8 (Pause transcription at 0:01:11 of audio 9 10 file and resume transcription at 0:02:30 11 of audio file.) 12 CHAIRMAN MORROW: Okay. We'll move on to Action 13 Item 2. This is a recommendation to hold a public 14 hearing, review, and provide feedback on design-review 15 and condominium-preliminary-plat applications for the 16 proposed mixed-use development at 200 North Leadville 17 Avenue, P22-035 and P22-035A. 18 Morgan. 19 MORGAN LANDERS: Great. Thank you, everyone. So this is a continuation of our 20 21 November 29th meeting. 22 So if you all recall, we had 23 presented -- staff presented the application to you 24 It was a design-review application and a all. 25 condominium-preliminary-plat application.

# Audio Transcription - Hearing - December 20, 2022 P22-035 / P22-035A - 200 N Leadville Avenue

1	At that meeting, staff had made comments
2	in kind of three general areas related to things that
3	we thought that the Commission might have feedback on,
4	and the Commission did provide that feedback. And so
5	we are here in front of you today, as the applicant
6	has made a variety of changes based on that feedback
7	that you provided.
8	So a couple of the changes that they made
9	that staff are in support of is that there's been a
10	pretty significant reorientation of the basement-level
11	floor plan and the staircase to that ground the
12	basement-level dwelling unit, which staff believes
13	addressed the majority of staff and the Planning
14	Commission's feedback. So we would look for some
15	affirmation from you all on that.
16	And then we also have a
17	screen screening configuration that we discussed
18	with Idaho Power that we think meets some of the
19	intent and is certainly an improvement above and
20	beyond the actual moving of the transformer, which we
21	think will be problematic.
22	And it didn't seem like the Commission was
23	really looking for them to do and then the other
24	piece of the conversation was kind of how to treat
25	that north facade. So there was some feedback from

# Audio Transcription - Hearing - December 20, 2022 P22-035 / P22-035A - 200 N Leadville Avenue

Г

1	the Commission about further articulation of that
2	facade. And I think one or two Commissioners had even
3	made a comment of, you know, potentially stepping back
4	that top level of the third floor to create some
5	additional undulation and relief.
6	And so that's what's in front of you
7	today is is just further discussion and
8	direction to the applicant on that.
9	I would like to mention that we received
10	two additional public comments after the packet was
11	published last week, and those were provided to you
12	via e-mail and the agenda has been updated.
13	One of those, you will notice, is from a
14	land-use attorney. And so we do have the City
15	Attorney, Matt Johnson, online to provide you some
16	feedback on that and how you all need to either
17	address or acknowledge that, and then you can
18	certainly ask him questions.
19	So at this point, I will turn it over to
20	Matt. I believe he's on the line, and he can give you
21	feedback on that, and then we can continue through the
22	process.
23	MATT JOHNSON: All right, Chair and
24	Commissioners. I'm Matt Johnson, City Attorney. I'm
25	happy to answer questions if there's specific ones

# Audio Transcription - Hearing - December 20, 2022 P22-035 / P22-035A - 200 N Leadville Avenue

about the letter from Mr. Linnet. I -- I can tell you 1 2 I've reviewed that matter. I've -- and I've provided 3 a response to Mr. Linnet. I do think that the City Code is quite 4 clear that the Council has kept the authority over FAR 5 exceedances and -- and, in particular, the 6 decision-making on an FAR Exceedance Agreement. 7 Those agreements are then specifically conditioned upon the 8 design-review approval, which keeps the design review 9 10 fully in front of you, separate from that FAR 11 Exceedance Agreement. 12 And so I do not -- I do not come to the 13 same conclusions Mr. Linnet did, and my finding is 14 everything is in order, procedurally. That's why we kept the schedule for this meeting instead of 15 16 considering a postponement. 17 All that being said on the record now, I'm 18 happy to answer any questions you may have or that 19 arise later after public comment with respect to any of the issues raised in that letter. 20 21 VICE CHAIRMAN MOCZYGEMBA: I had a question. 22 Whether it's to Matt or Planning staff, is -- I think Mr. Linnet was -- had some issue over the noticing. 23 24 Was that a public hearing, and was it properly noticed to the best of your knowledge? 25

5

1	MATT JOHNSON: So so an FAR Exceedance
2	Agreement is not actually required for a public
3	hearing. It's not a land-use decision in the same
4	sense as a zoning amendment, and there hasn't been a
5	public-hearing requirement created for it by City
6	Code, as there has been for design-review
7	applications.
8	So it's separate from those. In fact,
9	quite typically, they've been on the consent agenda
10	when they go up before Council.
11	VICE CHAIRMAN MOCZYGEMBA: Thank you, Matt.
12	COMMISSIONER CORDOVANO: Hey, Matt. What about
13	the noticing of the first meeting?
14	And I don't know if that's for staff or
15	for Matt.
16	It sounded like some of the property
17	owners didn't get a notice for the first meeting. Was
18	that just not going to the mailbox or
19	MORGAN LANDERS: Yeah. So I think and you're
20	probably referring to one of the public comments that
21	came through.
22	So public noticing goes to the property
23	owners within a 300-foot radius. And so we did
24	double-check the public notice, and that did go out to
25	all of the adjacent property owners within that

300 feet.

1

2 I think some of the challenge that happens with public noticing is that if there is an entity 3 that is either renting that space or leasing that 4 space, it is up to the property owner to notify those 5 And so our obligations under the law are to tenants. 6 make sure that we notify the property owner, but we 7 certainly understand that sometimes that information 8 9 isn't conveyed down to tenants.

10 COMMISSIONER CORDOVANO: Yeah. And I think 11 that -- my comment was mostly in regards to the first 12 meeting that we held on 12/13. But I did read that 13 public comment that you're referring to, and I wasn't 14 sure if that was even a 300-foot adjoiner.

MORGAN LANDERS: And are you talking about the first meeting on this application? So that was on November 29th, and we did notice that through all of our normal channels, so the mailing to the 300-foot adjoiners.

The other thing that we do that's required per our Code is -- we have a physical notice that's on the property itself. And so that's usually how we try and kind of get the word out more broadly for maybe people who aren't as -- part of that adjacent property owner. So we did go back and confirm, and all of the noticing was done properly for that initial hearing on
 the 29th.

3 COMMISSIONER CORDOVANO: When are the story 4 poles required to go up?

5 MORGAN LANDERS: One week prior to the hearing, 6 and those get verified by our Community Service 7 Officers -- that one week prior -- as well. And so if 8 those aren't up, then we either -- you know, the 9 evaluation of a waiver has to come in with the 10 application, and it has to be requested by the 11 applicant.

But if the determination is that those are required, then they need to be in place. If they're not in place, then we do have to postpone the hearing. But for this application, they were in place in the right amount of time.

17 COMMISSIONER CORDOVANO: And that's to the top 18 of the building or to the top of the hot-tub canopy? 19 It's to the top of the -- the MORGAN LANDERS: 20 highest point of the -- of the building on a corner. 21 COMMISSIONER CORDOVANO: Thanks. 22 MORGAN LANDERS: Mm-hmm. 23 CHAIRMAN MORROW: Susan, do you have anything? 24 COMMISSIONER PASSOVOY: No, I -- the only question I have is -- whether you also put notices in 25

1 the newspaper of record.

14

25

MORGAN LANDERS: Mm-hmm. We do, yeah. We're required by statute to put a legal notice in a paper of general circulation. So that, for us, is -- it gets posted in the "Legal Notices" section on the Wednesday paper because that's where they have the expanded legal notices. So that -- those all get posted accordingly.

9 And we actually have to notice -- I think 10 the minimum timeframe in our Code is 15 days, but 11 because of the cycle of the noticing period for the 12 paper, it ends up being a little bit more than that, 13 usually about a week and a half more than that.

CHAIRMAN MORROW: All right.

MORGAN LANDERS: And if there's not any other questions, I will turn it over to the applicant, as they want to review some of the proposed changes with you and provide some comments. And then we can move into public comment and proceed as usual for a public hearing.

21 All right, Nicole.
22 NICOLE RAMEY: Let's start -23 MORGAN LANDERS: The one at the end or the one
24 at the beginning?

NICOLE RAMEY: This one here.

1	Good afternoon. Nicole Ramey, for the
2	record.
3	Thanks, again, for meeting for this
4	special meeting.
5	And, as always, I wanted to thank Morgan
6	and her staff for all their hard work on putting all
7	of this together and getting everything in order.
8	[Unintelligible].
9	UNIDENTIFIED SPEAKER: [Unintelligible].
10	NICOLE RAMEY: Okay. So the design team took a
11	look at the 2nd Street activation comment, and we have
12	made a few changes. We relocated the entrance to the
13	lower-level residential unit to be within the main
14	residential entry off 2nd, so now all of the
15	residential entries are consolidated off that main 2nd
16	entry. We reconfigured the retail entrance off 2nd.
17	It is now closer to Leadville, and the
18	windows previously in the lower-level stairwell are
19	now dedicated to the retail space. So as as you
20	can see in this rendering, all the windows in
21	the in the black area, those are now dedicated to
22	the commercial/retail space. So that was kind of the
23	big move in terms of the facade.
24	When it comes to the floor plan, we
25	increased the retail-unit size by 649 square feet,

1	from 1,306 to 1,955. We did this by adding square
2	footage from the lower level with access via an
3	interior stair stair. So this is now about
4	18 percent of the gross square foot, so we upped that
5	percentage quite a bit.
6	We feel these changes not only activate
7	the corner with the commercial space, but also add
8	commercial square footage and condense the residential
9	unit entries together in one location. So a couple
10	benefits there for that comment.
11	And a side note. We did add back in an
12	area of precast glass paver, concrete block, so now
13	that provides light down into the lower-level unit and
14	down into the lower-level retail space. So the glass
15	block is also completely under the second-floor deck,
16	so while there will be light trespass, it technically
17	is underneath that second-floor deck.
18	We had a meeting with Idaho Power and
19	Morgan Landers to review allowable clearances and
20	allowed materials around transformers. Idaho Power's
21	policy is that a fence and landscaping within a
22	three-foot clearance of the transformer are
23	acceptable. The landscaping should be able to be laid
24	down, so no sturdy shrubs. And, you know, if any of
25	that just gets destroyed or altered during maintenance

Г

1	or repair, it's on the property owner.
2	So we've added a wire-mesh fence and
3	proposed landscaping on two sides of the transformer.
4	The orientation of the transformer did not matter to
5	Idaho Power, and as all sides of the transformer can
6	be treated with the same fence and landscaping, we
7	kept the orientation the same.
8	As for the north wall, we added red brick
9	on the third-floor band. The design review criteria
10	about, "Facades facing a street or alley or located
11	more than 5 feet from an interior side property line
12	shall be designed with both solid surfaces"
13	windows "solid surfaces and window openings," does
14	not apply.
15	This wall does not front a street or
16	alley, and it is within 5 feet of the interior side
17	property line. I believe that this design review
18	criteria, you know, is not pertaining to interior,
19	zero-lot-line facades. Per Building Code and
20	life-safety requirements, we cannot include window
21	openings.
22	The goal of the brick detailing here is to
23	be subtle. Changes in brick-lay pattern and
24	orientation are the design. We are open to
25	discussions on the most suitable treatment of this

facade while understanding the project meets the 1 2 setback and the height requirements. We did -- I also want to point out that we 3 contacted the neighbor to the north to ask if we could 4 discuss additional landscaping or relocation of 5 existing trees on the property. The discussions were 6 rejected. 7 I guess I just -- as a side note -- as 8 9 I've always said, if -- if what is coming before you 10 is not, you know, what everybody wants to see, then I 11 would encourage all parties to look at -- and I know 12 it's in the works -- rewriting the Code so then we 13 know what to design to going forward. 14 So that's kind of [unintelligible]. 15 CHAIRMAN MORROW: Thank you. 16 Morgan, do you have anything? 17 MORGAN LANDERS: Nothing at this time, but we'll 18 open up for --19 CHAIRMAN MORROW: For public comment? 20 MORGAN LANDERS: -- questions or public comment. 21 COMMISSIONER CORDOVANO: I've got a guestion 22 for the applicant. 23 CHAIRMAN MORROW: Oh, you guys have questions 24 first? 25 Okay.

1	COMMISSIONER CORDOVANO: You said you couldn't
2	put in windows on the was that the north
3	NICOLE RAMEY: Correct.
4	COMMISSIONER CORDOVANO: side for the Life
5	Safety
6	NICOLE RAMEY: The Building Code.
7	COMMISSIONER CORDOVANO: Or Building Code.
8	NICOLE RAMEY: Correct.
9	COMMISSIONER CORDOVANO: Could you elaborate on
10	that, Morgan.
11	MORGAN LANDERS: Yeah. So what Nicole is
12	stating is correct. The amount of openings you can
13	have on a facade wall is dictated by the setback from
14	the property line.
15	And since this building wall is at the
16	zero-setback line from the property, no fenestration
17	is permitted that can open. So there I'm not sure
18	what some of the other details are, as far as if it
19	can be nonoperable. I would have to defer to Nicole
20	on that. But as far as kind of large openings that
21	actually can be operable, those are not permitted.
22	NICOLE RAMEY: Can we scroll to the last page.
23	MORGAN LANDERS: Mm-hmm.
24	NICOLE RAMEY: We did go around and we took some
25	photos of example of examples within town of these

1	types of facades. So when you build, you know, within
2	a certain distance of your property line, the
3	International Building Code requires you to, you know,
4	build to a certain fire and life-safety requirement.
5	So that is why we see these types of facades all over
6	town.
7	The building on the lower-right-hand
8	corner that does have a window would preclude that
9	property owner from, you know, building within the set
10	distance of that window. So, you know, unless you're
11	set back a certain distance off your property line,
12	you are not allowed to have openings.
13	COMMISSIONER CORDOVANO: Thanks for providing
14	this. That was going to be my next question. It
15	definitely helps provide some perspective.
16	UNIDENTIFIED SPEAKER: [Unintelligible].
17	CHAIRMAN MORROW: I was just saying that the two
18	on the bottom are that that's the new Bariteau
19	[phonetic] building on across from the post office;
20	correct?
21	Yeah. So I know we approved something
22	that doesn't look like that at the end. When it's
23	finished, it won't be a blank wall. It'll have
24	texture, color, material. It will have something on
25	it, so just so that Commissioners know that weren't
L	

1	here for that.
2	COMMISSIONER CORDOVANO: And then I saw did
3	you change you thanks for the retail changes.
4	And these units are still potentially able
5	to be rented separately?
6	NICOLE RAMEY: Correct.
7	COMMISSIONER CORDOVANO: And was there any
8	reduction in size to the top floor?
9	NICOLE RAMEY: No.
10	COMMISSIONER CORDOVANO: And that is all from
11	me.
12	Thanks.
13	VICE CHAIRMAN MOCZYGEMBA: Nicole, you
14	mentioned thank you for, I guess, coordinating with
15	Idaho Power and what they would allow and not allow
16	regarding the transformer screening.
17	What sort of plantings would be proposed
18	there? You mentioned they can't be like hardy bushes.
19	Is it grasses?
20	NICOLE RAMEY: That I guess, we'd be open to
21	suggestions. Idaho Power did not want to specify
22	VICE CHAIRMAN MOCZYGEMBA: Okay.
23	NICOLE RAMEY: any specific landscaping. And
24	I suppose, while they didn't say they would not allow
25	a sturdy shrub, it it would just get destroyed, and

it would make their lives miserable. 1 So in the 2 interest of, you know, being a good client of 3 theirs... VICE CHAIRMAN MOCZYGEMBA: 4 Right. And then -- did they have additional 5 I think it was brought up in the previous feedback? 6 meeting that there was some criticism from Idaho Power 7 with previous transformer screening that included 8 9 metal screening that needed to be moved because it 10 gets frozen to the ground or whatever. 11 It -- they were okay moving forward with 12 the metal screen, as --13 NICOLE RAMEY: Right. Cyndi Bradshaw with Idaho 14 Power was fine allowing those. I'm sure that there 15 have been problems. And, once again, if -- you know, 16 if a metal screen is destroyed during maintenance or 17 repair, that's on the property owner. It's not Idaho 18 Power's equipment. 19 VICE CHAIRMAN MOCZYGEMBA: Okay. Thank you. 20 MORGAN LANDERS: And if I could provide a little 21 bit of clarity to Brenda. One of the other considerations for this 22 23 property is that the sidewalks where the transformer 24 is located are snowmelted. And so I think some of the additional considerations related to snow removal or 25

1	freezing were a bit mitigated because of that.
2	And then we had discussed I believe the
3	applicant had offered in the last public meeting that
4	they would be supportive of some sort of condition of
5	approval that said, you know, "If any of this stuff
6	was damaged, it needed to be replaced within a certain
7	period of time."
8	So if the project does move forward, staff
9	will work on crafting whatever conditions of approval
10	the Commission feels are appropriate and then present
11	you all to those to you all for further
12	consideration.
13	VICE CHAIRMAN MOCZYGEMBA: [Unintelligible].
14	Yeah.
15	COMMISSIONER PASSOVOY: I I'm following up on
16	Spencer's question about reducing the size of the
17	top-floor unit. I realize that it that it's in the
18	developer's interest to maximize the square footage of
19	that unit, but I I am wondering if you would be
20	willing or to reduce it at least on the north side
21	so there's more set back and that wall is, therefore,
22	not such a blank wall.
23	I mean, the unit is 3,500 square feet. So
24	I don't know how much you but, you know, it I
25	don't know what's an I'm not an architect. I don't

1	know what's an appropriate setback, and I'm reluctant
2	to do what do what do they call it? designing
3	from the dais. But it seems, to me, that it's one way
4	this issue can be addressed.
5	NICOLE RAMEY: Sure. Personally, I I do not
6	feel a setback from the north achieves any of the
7	goals in terms of reducing bulk or flatness. It would
8	be a narrow sliver that you would see.
9	And then, also, you know, is that
10	something that's going to be written in the Code that
11	the neighbors also set back on the third floor
12	COMMISSIONER PASSOVOY: Mm-hmm.
13	NICOLE RAMEY: when that property's
14	developed?
15	COMMISSIONER PASSOVOY: I shouldn't say, "Just
16	the north side." I'm also looking at the west side,
17	you know, setting back the the entire thing, if you
18	can.
19	NICOLE RAMEY: Sure.
20	COMMISSIONER PASSOVOY: Yeah. I don't know how
21	much it would reduce the size of the unit, but I I
22	have said before I think that the exterior
23	treatment of the building is quite attractive and a
24	refreshing change from a lot of things that one sees.
25	But it I just it's a question as to whether or

not that -- that setback can be done and still achieve
 a very valuable unit.

MORGAN LANDERS: And -- and if I could just jump in there because I know Nicole has kind of posed a question to you all about Code changes and things like that. I think it would be helpful to give you all some perspective on just how the design review kind of criteria works.

9 And so, you know, there was the -- the 10 design review criteria relating to the facades that 11 face the street, face the alley, the 5-foot setback. 12 The other design review criteria that comes -- comes 13 into play here is just that "building walls shall 14 provide undulation/relief, thus reducing the 15 appearance of bulk and flatness."

So, you know, that is a pretty specific design review criteria that -- if the Planning Commission does feel that there are elements of this building that don't adequately mitigate the bulk or flatness of the building, the Planning Commission can provide that feedback within their bounds.

You know, what needs to be kept in mind is that we do have building-height maximums that are still being met with the projects. We do allow 42-foot-high buildings, but the purpose of that -- of

1	that design review criteria is that, even allowing
2	that height, there are architectural elements that can
3	impact and positively mitigate the bulk and flatness
4	of a building. So it is a little bit of a balance.
5	And, Susan, I I appreciate your comment
6	and question.
7	So it is kind of up to the Commission on
8	whether you feel that the current design meets that
9	criteria or not, and then make some recommendations on
10	what you'd like to see.
11	CHAIRMAN MORROW: I think were there any
12	changes to the north wall, the color the the
13	NICOLE RAMEY: There were, yes.
14	CHAIRMAN MORROW: Can we see a
15	MORGAN LANDERS: Mm-hmm.
16	NICOLE RAMEY: We did add
17	CHAIRMAN MORROW: Do you have a
18	NICOLE RAMEY: more brick. So the third
19	floor is now banded with brick. We did take a look at
20	kind of a user on Leadville, how they would be
21	approaching the building. And
22	CHAIRMAN MORROW: Yeah. That's a okay. So
23	the top is now brick, and so it's not all that beige
24	all the way up?
25	NICOLE RAMEY: Correct.

1	CHAIRMAN MORROW: Okay.
2	NICOLE RAMEY: So and that is really, the
3	most high-profile view is, truly, the top. So that's
4	why we chose to highlight that area with the nicer
5	material, with the brick.
6	CHAIRMAN MORROW: Okay. Thank you.
7	Anything else right now before public
8	comment?
9	I will open the floor to public comment.
10	If you're in the room, please step to the microphone
11	and state your name for the record.
12	Do we have anyone online?
13	UNIDENTIFIED SPEAKER: Not at this moment,
14	Commissioner, but I'll let you know.
15	CHAIRMAN MORROW: Okay. Great.
16	So we'll start in the room.
17	Thank you.
18	COMMISSIONER CORDOVANO: And the people online
19	can press the raise-your-hand button on the Zoom call
20	to
21	CHAIRMAN MORROW: Lovely.
22	COMMISSIONER CORDOVANO: alert
23	[unintelligible].
24	SAM LINNET: Hey, Commissioners. My name's Sam
25	Linnet with Alturas Law Group. I represent 240 North

1	Leadville, LLC.
2	I believe you've been forwarded a letter
3	that I submitted regarding this application. I think
4	the majority of my client's concerns and my concerns
5	are outlined in there, so I'll I'll try to keep
6	this fairly brief.
7	Primarily I'm primarily concerned just
8	with the process. So this is a procedural issue. The
9	Council entered into a contract with the applicant
10	about the develop about a development standard that
11	is subject to design review, which is why we're here
12	today.
13	The solution here, I guess well,
14	primarily, the problem with that is that the City
15	Council essentially weighed in on something
16	that and, I believe, is in the Planning and Zoning
17	Commission's court. And by doing so, I think it's
18	taken away some of your ability your objectivity or
19	ability to act act independently.
20	The solution is to have the City simply
21	void this agreement and have the Planning and Zoning
22	Commission evaluate the Far Exceedance Agreement
23	standard in accordance with the design review.
24	I think doing it opposite, having the City
25	Council say, "Yep. This project" "after looking at

1	plans and applications, this project meets this
2	development standard, and we" "we think we should
3	approve a FAR Exceedance Agreement for this." I'm
4	certain I think that's putting the cart before the
5	horse.
6	If the current agreement stands, I think
7	whatever decision the Commission comes to could
8	potentially be influenced by this clear directive from
9	the City Council.
10	And if the Commission has the power, as
11	Mr. Johnson said, to, you know that this agreement
12	is conditionally approved, subject to design review,
13	but if the Commission has the power if you all have
14	the power to look at this FAR Exceedance Agreement,
15	change it, modify it, not approve it at all, then I
16	think that begs the question of, "Well, why would the
17	City Council enter into that agreement at all if it
18	ultimately is a decision that's up to the Planning and
19	Zoning Commission?"
20	I don't think, from a policy perspective
21	and from a government perspective, that the City
22	Council should be making promises to
23	applicants even if they're conditional
24	promises about what might be allowed for their
25	project. The Planning and Zoning Commission is vested

1 with power to make planning and zoning decisions and 2 determinations. This development standard -- or the FAR 3 Exceedance Agreement is in Title 17. It's in our 4 Planning and -- the City of Ketchum's Planning and 5 Zoning Code. So I think it would be best for the 6 Commission to consider continuing this matter, to talk 7 with staff, to terminate the FAR Exceedance Agreement, 8 and then come back with a clean slate and consider 9 whether a FAR Exceedance Agreement is warranted for 10 11 this application at the same time that you do design 12 review. 13 Thank you very much. 14 CHAIRMAN MORROW: Thank you. 15 SAM LINNET: We have -- our client wants to make 16 a couple comments as well. 17 DAVE HUTCHINSON: Thanks, Sam. I'm Dave 18 Hutchinson. I'm the tenant and the property owner 19 next door. 20 And whether the City Attorney is correct 21 or my attorney is correct, there's no question. It It makes no 22 was out of order. It was done backward. 23 sense for the City Council -- without a public 24 hearing, without notice, without plans -- to grant a 25 conditional Exceedance Agreement without me being

Γ

1	there. I was actually amazed when I got here last
2	week and staff said that the City Council had approved
3	an Exceedance Agreement.
4	Whether or not the City deems it
5	appropriate to notice such a thing, let's talk about
6	it. They agreed, which they say is conditional but
7	if you approved this plan, it wouldn't be conditional.
8	It would have been finite. They agreed to exceed the
9	FAR by 100 percent, 5,500 square feet. The FAR in the
10	downtown is a 1.0, which by the way, the Code is
11	clear as to what the FAR is here.
12	So with no notice, the Council, in my
13	pigeon opinion, prejudiced the hearing last week.
14	I was in it. Look at the tape. You were confused. I
15	was confused. I I think I kind of know what's
16	going on around here, and I was like, "You've got to
17	be kidding. I can't believe they did that." So
18	whether it's legal or not, I don't care. I think you
19	should do it right just so that it doesn't create
20	issues down the road.
21	We're such huge supporters of housing. We
22	don't want to see the in-lieu opportunity thrown out
23	because they didn't do it right. So whoever's right,
24	we'll figure that out.
25	When it comes to design, what we really

1	have here is we've got too big a building in the
2	location. That's the fundamental disconnect.
3	As far as the applicant's corrections to
4	the first level and listening to the feedback, I think
5	they've done kind of a nice job. If you could throw
6	this in the washer and then put it in the drier and
7	shrink it, it's it's probably pretty a pretty
8	nice design. I think Nicole has done a nice job.
9	I do agree with staff that, on the north
10	wall, it still pertains to undulation. And I could
11	probably get my camera out and drive around and come
12	up with an equal number of pictures that have setbacks
13	and undulation on the on the property-boundary
14	lines.
15	And I don't think maybe one of those
16	pictures was 35 feet. They none of them were
17	42 feet tall. So on a 55-foot-wide lot, on a narrow
18	street, with a 42-foot-tall facade, you do not get
19	undulation unless you change the setback.
20	You know, the third level now, I I
21	happen to also be in this business. If you could set
22	it back and put some windows up there, those views are
23	very valuable. And if the applicant or the designers
24	want to talk to me about some sort of agreement not
25	to butt up against them with a 42-foot-tall wall some

1	time in the future, I'm wide, open to that
2	conversation.
3	I don't think having, on a single lot, a
4	42-foot-tall, flat facade all it does is force
5	everybody down the road to match it and move along.
6	So it really sets the tone.
7	The most important thing, to me and
8	hopefully you guys have read my you know, a lot of
9	verbiage. The first letter I brought to the last
10	one I didn't send them both to you at the same
11	time, so apologies for all of that.
12	But, really, what we have here
13	is is the the the City Code provides for
14	scale. It provides for neighborhood compatibility. I
15	sat in your chairs and did this for many years; right?
16	I know what it is.
17	And it's meant to be a an exception to
18	grant an FAR Exceedance, and it should be based upon
19	the ability of the Commission to find that it meets
20	the design review criteria without pressure from
21	another body. It makes that makes no sense to me.
22	You're the finder of fact on whether this meets the
23	design review criteria.
24	In my opinion, at the size, it just
25	doesn't. I'm not going to specifically address the

Г

1	architecture. I think that's getting super close. I
2	actually believe that if we all work together, this
3	will be a really great building.
4	I'm I'm we're not certainly not
5	expecting nothing to be there. But at a bonus FAR and
6	a 42-foot height, as well as I think there's a
7	10-foot protrusion through the center for an
8	elevator this will be not just the biggest
9	building on this side of town. It'll be absolutely
10	huge for the neighborhood; right? So the
11	compatibility and the and the comparability just
12	doesn't exist.
13	The purpose of the chapter of design
14	review, the main purpose it says, "The purpose of
15	this chapter is to maintain and enhance appearance,
16	character, beauty and function of the City, to ensure
17	that new development is complementary to the design of
18	existing City neighborhoods and to protect and enhance
19	the economic base of the City in Ketchum" "City of
20	Ketchum."
21	The keywords in that, in my opinion, are
22	"character" it's being "complementary" and the
23	"existing city neighborhood."
24	Where this is being located is pretty much
25	a done deal. At some point my little building will be

1	redeveloped. The Kneadery probably won't change. A
2	lot of the buildings around there aren't going to
3	change. There are historic structures within a
4	stone's throw. The streets are narrow. It's not a
5	90-foot-wide corridor.
6	There are other locations where an in-lieu
7	agreement for housing contribution would make sense
8	to to get a bigger building. It's where other
9	buildings are bigger, where streets are wider, and
10	where it fits into the neighborhood, where there's
11	topography. This is less than a block from from
12	the center of town, Sun Valley and Main Street.
13	So once again, I I think the building
14	will be a great building when we're done. But if we
15	get impatient and just say, "Hey" you know, you
16	write a check, you get a big building, I think that's
17	a bad precedent.
18	Thank you.
19	CHAIRMAN MORROW: Thank you, Dave.
20	Other public comment in the room?
21	Good. We've got plenty you guys, we've
22	got plenty of time. Everyone will get to go.
23	COMMISSIONER CORDOVANO: I enjoy staying here
24	late into the night, so [unintelligible].
25	DUFFY WITMER: My name's Duffy Witmer, and I was

Г

1	a neighbor 55 feet away from the proposed project. I
2	agree exactly with Dave. The architecture's quite
3	attractive, I think. And it's a it's a fitting
4	spot for this building. I just think it's oversized.
5	And it is a having been in business at
6	The Kneadery for 18 years a tremendous amount of
7	traffic on Leadville, on the corner there. And I
8	think a building this size is can be a really great
9	asset to the town and the neighborhood. It's just, in
10	my opinion, oversized.
11	CHAIRMAN MORROW: Thank you.
12	JOHN MALIN: Hi there. I'm John Malin
13	[phonetic]. I own the Elephant's Perch, which is the
14	next block over. I don't I I agree with
15	everything Dave said and with what Duffy said. It is
16	a nice-looking building. You guys did a nice job, but
17	it's just the wrong size, and the north wall is a
18	problem.
19	The north wall goes 40 feet high. You can
20	see a wall similar when you go over here to the
21	building Dave Wilson built, where Maude's is. That
22	building is probably 28 feet high. Think about that
23	being 12 feet higher and poor, little Carol there in
24	Consign Design being at the bottom of that. That's
25	Dave's situation.

31

1	I think it sets a terrible precedent for
2	everything in the Commercial Core to have these walls
3	that are blank walls, especially one that's
4	40-foot-plus feet high.
5	I think the City the
6	Council the I know who sits upstairs, and I know
7	that I don't agree with what goes on up there. I
8	think they sell those in-lieu fees to somebody who
9	wants to come and overbuild a site, and I think it's
10	a a bad thing for our city. I think it sets a
11	terrible precedent. You know, there's a vacant lot.
12	That's my wife. Sorry.
13	I think it sets a terrible precedent for
14	the neighborhood. Right across the street is another
15	site. That site, if built like this, is going to have
16	another 40-foot wall right next to McCann Daech
17	Fenton. That's a disaster.
18	Over on my block while we have a wider
19	street over there on East Avenue, where the Perch
20	is when they come along and want to redevelop the
21	UPS building and I've got a 40-foot wall there, that's
22	going to take all the sun away from that side of
23	the from the morning part of the day, and it's
24	going to be just a nightmare to be looking at. We
25	have a historic building, so we will always be low

1	rise.
2	Dave's building's got a you know,
3	he I I'm not sure what happens with him, but
4	Duffy will never change the and Dillon will never
5	change the The Kneadery. So I feel like the
6	precedent is really an issue.
7	And and what complicates it a little
8	bit more is the parking issue that happens. And so
9	The Kneadery, as all of you know, already has a
10	parking issue many days in the morning. Downtown has
11	a parking issue. Just drive around now.
12	Of course, this is the week. If there
13	ever is a week, you know, it's now. But the parking
14	is going to be more and more impacted by these
15	precedents that allow buildings to be slightly
16	overbuilt and have too much stuff and it be slightly
17	under-parked. And, you know, it's just going to make
18	it worse and worse downtown.
19	And I've made myself really clear
20	about with the Bluebird. Our competitors are not a
21	handful of people around town. Our competitors in the
22	retail business are Amazon, and that's a problem. And
23	so when parking gets tough, people buy from Amazon,
24	and that's what leads to deterioration in downtown
25	retail because you can't pay your rent. You can't pay

1	your bills. You can't pay your people, and so that's
2	just the that's what happens.
3	So my concern really is the precedent
4	and and what happens if we get a bunch of these
5	buildings 40 feet high with these blank walls? Just
6	imagine what it looks in our charming, little town.
7	So that's all I have to say.
8	Thank you.
9	CHAIRMAN MORROW: Thank you.
10	DILLON WITMER: Good afternoon, Commissioners.
11	My name's Dillon Witmer. I am the actual, current
12	owner of The Kneadery.
13	Thanks for my dad [unintelligible].
14	When I first purchased The Kneadery from
15	Duffy, the banks said, "Well, we think you should just
16	tear this down and do a three-story
17	multi-development," something like this rendition.
18	Who here wants to see me tear down The Kneadery? I
19	don't think anybody in a community like this would,
20	you know, appreciate that.
21	And I guess my point is is that, unlike
22	Mr. Hutchinson and and John, I'm at the beginning
23	of my career, and I want to see this community develop
24	and grow into something that I'm proud to leave for my
25	kids and the next generation.

1	And I agree with them. I think the
2	building's beautiful. I know that, at some point,
3	something will be there, just as long as we keep in
4	mind kind of the history behind us and where we came,
5	how we all got to this point, and how to kind of
6	steward the next generation of what's built in
7	town makes sense with what's in town. I think the
8	size and the scope for something in this
9	neighborhood if you look around, you know, right
10	across the street, we're all kind of low-rise
11	buildings.
12	And something like this will cast a shadow
13	over all of us not to mention you know, like
14	they said, my parking will be inhibited. Think about
15	the Sysco trucks, Nikola [phonetic] trucks, garbage
16	trucks. You know, you've got Wiseguy. You've got
17	KBs. That alley is a thoroughfare, and they're going
18	to add these parking spaces, these garages, and stuff
19	like that.
20	Don't get me wrong. I want to see
21	something with the right design come into this this
22	sector in town. I think that having vacant lots I
23	mean, when where Warfield is now, that sat sat
24	vacant for years. I felt like that was a bad look for
25	our town, same thing where The Pod is now. I'd like

1 to see more things come into town that we can be proud 2 of. And I recognize -- it seems like they've 3 added a lot more retail space, and that's what I'd 4 I want to see people walking past my 5 like to see. restaurant find something while they're waiting to sit 6 in my restaurant. You know, we've got a lot of great 7 shops in the area. 8 9 And I think that that should be -- not that -- we want to introduce more retail in the 10 11 downtown core. And the more residential you get, when 12 you add it to the downtown core -- hurts. 13 I mean, I remember I was selling salsa at 14 the farmer's market years ago, and we couldn't have 15 live music anymore because somebody bought a penthouse 16 up above, and they didn't want to listen to 17 that -- some guy playing guitar, you know, making dollar bills at a -- you know, that's part of this 18 19 small town. 20 You know, that's why we all gravitate to 21 this small town because you know each other. You see 22 each other at the post office and at Atkinsons', and 23 we all, you know, high-five or we give each other 24 knuckles because of what we were fortunate enough to 25 grow up with.

1	And I I just want to see the next 40 to
2	50 years while I do business the same not
3	over-building too quickly, you know, preserving
4	the the downtown core that we have, the reason
5	people come to Ketchum.
6	You know, when somebody's sitting on my
7	patio, I can serve them a great breakfast, but I can't
8	change the amazing view that they have right now. You
9	know, all I can do is try to enhance their experience
10	that they're already having.
11	And I agree. It's a little bit weird to
12	have just this you know, on a side street like
13	that, just this you know, no-windows, very-cold
14	part of the downtown core of Ketchum. You yeah, I
15	see it in some of these areas. And the height, to me,
16	is, you know, okay.
17	So the story poles. You go up there. I
18	was sitting in Hutchinson's office the other day, and
19	I couldn't even from his windows, I couldn't even
20	see that where the building, you know, started and
21	stopped, just from sitting there at ground level.
22	So I'm all for having something new in
23	this area. I think, if like Hutchinson says, it's
24	a beautiful design. If we could just shrink it down a
25	little bit, be cognizant of the businesses that have

Г

[	
1	been operating there for I mean, like we're in our
2	47th year at The Kneadery, you know.
3	And like I said, remember, you know,
4	we we need parking. We need guys to be coming
5	through that alley. I mean, if you go there, wait
6	until it snows 18 inches and come look at that back
7	alley and tell me what it looks like. It is it's a
8	mess already, and that's not you know, telling some
9	guy from San Francisco or New York or Florida or
10	whoever moves in there, "This is what you're going to
11	deal with."
12	Wait until you have a winter. Wait until
13	you see what our snow removal's like. Wait until you
14	see what the parking's like. Where are you going to
15	park your car overnight, you know? Well, what happens
16	if it snows 2 inches? Well, you can go pay the
17	impound lot to go pick up your car. More tax dollars
18	for the City.
19	But overall, I don't I don't remember
20	being noticed of this happening, and I didn't know
21	about it until Hutch [phonetic] let me know. And like
22	I said, I'm all for the future of Ketchum, new
23	buildings, just built in the right way.
24	So thanks for your time.
25	CHAIRMAN MORROW: Thank you.
L	

COMMISSIONER CORDOVANO: We'll be waiting for 1 2 that 18 inches of snowstorm. 3 CHAIRMAN MORROW: Next week, I hope. PAM COLESWORTHY: Pam Colesworthy, for the 4 5 record. And in our office meeting -- I'm with 6 Berkshire Hathaway HomeServices Sun Valley Properties. 7 We discussed this particular project and the height 8 and that there was neighboring objection to the 9 height. And yet, from our perspective -- and I'm 10 11 learning now -- there's more to this than meets the 12 eye, but from our perspective, it was that -- the 13 understanding of the applicant had put forth a project 14 that met all the requirements. 15 So the office said, "Well, then, let's 16 write a letter," and the letter was written and it was 17 sent in late this afternoon, and I don't think you've 18 all had a chance to see it, so I'm just simply going 19 to read the letter if that's all right. To the Planning staff and Commission, 20 21 "Having followed the approval process for a number of 22 projects in the Ketchum Commercial Core, we are 23 concerned that the project located at 200 North 24 Leadville may be at risk of not being approved, 25 despite being in compliance with all current zoning

1 requirements.

2	"The main concern appears to be the height
3	of the building, which is within the current zoning
4	regulations. And to deny this project over its height
5	while within codified zoning parameters would be a
6	perfect example of spot zoning and set a new
7	precedent, one that potentially could lead to
8	litigation.
9	"While we're all concerned about Ketchum
10	losing its small-town charm, zoning ordinances exist
11	for a reason. To deny the developer the right to
12	build while in compliance with the Zoning Ordinance is
13	both unfair to the developer and risky to the city.
14	"Lastly, we find the exterior design of
15	the building to be attractive and in keeping with the
16	character of our town and somewhat timeless in the use
17	of materials and colors. It will be a welcome
18	addition to the town, with additional residences,
19	including a workforce-housing unit that we hope will
20	contribute more vibrancy to Ketchum. And we urge you
21	to approve the project as submitted."
22	And there are eight signatures here from
23	the broker and very partners and various agents."
24	So do I do I give this to you?
25	CHAIRMAN MORROW: Yeah.
L	

1	PAM COLESWORTHY: Oh, you take it. Sorry.
2	And so there may be procedural things.
3	There may be other things that you all are considering
4	that we did not have knowledge of. But in general, I
5	think the attitude of the office is if you don't
6	like the size and the bulk, then you need to change
7	the Code. I think that's where we come down.
8	Thank you.
9	CHAIRMAN MORROW: Thank you.
10	Other other public comment?
11	Dave, if you already spoke, do you
12	have if it's if it's super give one point
13	or you want to make it super quick. Let's so we
14	have one meeting here
15	COMMISSIONER CORDOVANO: You've you've
16	exceeded your three minutes. Somebody else
17	[unintelligible]
18	DAVE HUTCHINSON: Oh, I did I pass
19	my I'll I'll I'll defer I'll defer it to
20	you guys, my next three.
21	I I just wanted to address the the
22	previous comment. The the rules and regulations
23	allow you to deny it for the bulk and and size.
24	That's that's the whole point of design review.
25	The last thing I'd want to say is is

Γ

1	if if it was as simple as zoning, you'd stick the
2	application in one side of the computer, and it would
3	pop out, "Yes," or, "No." And you guys get to decide
4	what makes sense for this town because you're going to
5	see it for 100 years.
6	Thank you.
7	CHAIRMAN MORROW: Okay.
8	Other no?
9	COMMISSIONER CORDOVANO: Anybody online?
10	CHAIRMAN MORROW: Anybody online?
11	UNIDENTIFIED SPEAKER: There is no public
12	comment online.
13	CHAIRMAN MORROW: Okay. Seeing none in the room
14	and having none online, I will close the public
15	comment. And we can move to
16	MORGAN LANDERS: So at this point in time, I
17	think staff I've got a couple of just follow-ups,
18	and then we do need to provide opportunity for the
19	applicant to address any public comments as well.
20	CHAIRMAN MORROW: Lovely.
21	MORGAN LANDERS: So I think I heard a couple of
22	things and just want to clarify and and maybe
23	Matt can jump in as well.
24	But when the FAR Exceedance Agreement went
25	to City Council, that did not accompany all of the

Г

1	plans and applications and things like that. So it is
2	not in view of the design review criteria or an
3	evaluation of the project. It's merely the agreement
4	of how the in-lieu housing gets mitigated, whether
5	it's an in-lieu, on-site, things like that.
6	So I just wanted to provide that clarity
7	to you all as well. I think we've hopefully clarified
8	some of the questions around that, but wanted to make
9	sure that you all are aware that agreement really
10	is just the mechanism by which they address their
11	community housing, not necessarily how much and and
12	things like that. So that's just an update on that.
13	And then, with that, I'll turn it over to
14	Matt to see if he has any additional comments, and
15	then we can have an opportunity for the applicant.
16	MATT JOHNSON: Okay. Chair and Commissioners,
17	Matt Johnson, City Attorney.
18	I I think Morgan put it well in the
19	context for the FAR Exceedance Agreement, and I think
20	all I'd really add to that is to emphasize if it
21	hasn't been made clear already, the concern being
22	raised is about the idea that somehow the Council's
23	action on the FAR Exceedance Agreement constrains
24	you or or or predisposes your decision, as a
25	Commission, on design review.

1	And just affirming that is not the
2	case. You understand that. That FAR Exceedance
3	Agreement is an outside process, and you have full
4	ability to review this under the design
5	curtain review criteria and and evaluate it
6	under the the standards, as you understand to be
7	appropriately applicable. That FAR Exceedance
8	Agreement doesn't pre-commit you to anything.
9	CHAIRMAN MORROW: Thank you.
10	COMMISSIONER PASSOVOY: But, Matt, one follow-up
11	question is is I have not, unfortunately, read
12	the FAR Exceedance Agreement, but I plan to do that.
13	Does it is it worded such that, if we
14	approve the agreement I mean, if we approve the
15	project let's just say, "Tonight" as is,
16	does does the FAR Exceedance Agreement
17	automatically come into effect?
18	MATT JOHNSON: So the FAR and and and
19	probably where each of you should start, if if
20	you're reviewing this is is Ketchum's City Code
21	17.124.040, which covers floor area ratio.
22	And if you look at that, as Morgan was saying,
23	really, the the FAR is all about, "Here's the
24	maximum FAR allowed in this zone, and here are things
25	you can do that allow you to exceed that up to a

Γ

1	certain amount further, based upon certain
2	conditions." None of those are design-review items.
3	Those are separate development standards.
4	And then, throughout that particularly in B
5	of that section of Code, it says specifically
6	everything is conditioned upon the the "increased
7	FAR may be permitted subject to design review
8	approval," conditioned on design-review approval.
9	And when you look at the FAR Exceedance
10	Agreement, all that document does is document the
11	application of this section of Code, and it says
12	specifically in it that that is conditioned upon
13	design review approval. So it comes to you, as a
14	Commission, for the design-review determination. That
15	agreement is in effect, conditioned upon your
16	approval.
17	If you approve, then the FAR Exceedance
18	Agreement is approved and valid. If you chose not to
19	approve the design review for some reason, then the
20	conditions fail, and the FAR Exceedance Agreement goes
21	back to the drawing board until a new application
22	does that answer your question?
23	I probably more than answered your
24	question.
25	COMMISSIONER PASSOVOY: No. I I as I

Γ

1	understand it, it basically, it's an up-or-down
2	with respect to the FAR Agreement?
3	MORGAN LANDERS: I think I can clarify.
4	So, Susan, the FAR Exceedance Agreement
5	would go into effect if you if you all approved the
6	project in front of you, upon your adoption of the
7	findings of fact. So the adoption of findings of fact
8	is your kind of final action on the design review, so
9	that would be the point in time when the FAR
10	Exceedance Agreement goes into effect.
11	That FAR Exceedance Agreement does have
12	provisions for amendments to it as well because staff
13	always wants to provide the most amount of flexibility
14	for the Planning Commission and understanding how
15	the process kind of unfolds.
16	And so I think the biggest thing that's in
17	front of you today is, "Do you think that the project,
18	as it sits today, meets the design review criteria,
19	specifically the one related to undulation and relief,
20	bulk/flatness?" And if not, what direction do you
21	have to the applicant to provide some of
22	that to to greater meet that criteria
23	or however you would would like to move down
24	that path.
25	So we always want to make sure that, any

Γ

1	time the Commission makes an action, it's grounded in
2	one of the standards of criteria. And this one is one
3	that applies that you can provide some feedback on.
4	So hopefully that provides clarity to you.
5	COMMISSIONER PASSOVOY: Thank you, Morgan.
6	We are very nicely reigned in.
7	MORGAN LANDERS: Hopefully not too much. You
8	all have a good amount of flexibility here.
9	COMMISSIONER CORDOVANO: Not too much at all.
10	CHAIRMAN MORROW: Spencer or Brenda?
11	VICE CHAIRMAN MOCZYGEMBA: Yeah. No questions.
12	CHAIRMAN MORROW: Do you have
13	COMMISSIONER CORDOVANO: Hundreds of speeches?
14	Yeah.
15	CHAIRMAN MORROW: Yeah. Okay.
16	Unless you want to hear
17	MORGAN LANDERS: Well, and and before we
18	CHAIRMAN MORROW: [unintelligible]
19	COMMISSIONER CORDOVANO: Well well well,
20	let's
21	CHAIRMAN MORROW: Hear from the applicant.
22	COMMISSIONER CORDOVANO: Mike, go.
23	CHAIRMAN MORROW: Rebuttal first. That makes
24	sense.
25	MORGAN LANDERS: And then we can enter into

Г

1deliberations, [unintelligible]2CHAIRMAN MORROW: Right. Okay.3MORGAN LANDERS: things like that.4CHAIRMAN MORROW: No more questions.5We'll hear from Mike.6MIKE CARR: Hello. I'm Mike Carr, and I we7are the applicant. And I think that I'd like to go8through the back not the side of the building; the9back of the building and start to meet some of the10objections of some of the11COMMISSIONER CORDOVANO: Alley.12MIKE CARR: Oh, the alley.13So one of the comments was, "Oh, man.14There's too much traffic going up and down that15alley." So it's Wiseguy Pizza. It's Sysco. It's all16these people. Well, we're building this unit, and one17of the objections is, "It's not got enough people in18it." So these four cars that are going to park in19this back alley, that double-car garage, or the20other-car garage to the right is going to somehow21And by the way, our garbage, because we're23following the new rules, has to be in the bin to the24far left with an automatic-door opener. Currently,25that alley, if you drive though it, has got dumpsters		
<ul> <li>MORGAN LANDERS: things like that.</li> <li>CHAIRMAN MORROW: No more questions.</li> <li>We'll hear from Mike.</li> <li>MIKE CARR: Hello. I'm Mike Carr, and I we</li> <li>are the applicant. 24 far left with an automatic-door opener. Currently,	22	And by the way, our garbage, because we're
	23	following the new rules, has to be in the bin to the
25 that alley, if you drive though it, has got dumpsters	24	far left with an automatic-door opener. Currently,
	25	that alley, if you drive though it, has got dumpsters

Г

1	all over it, cars going down it. So I kind of think
2	traffic for the back of the alley and a building
3	that one of the objections we get is that "It's
4	too big, and there's no people in it," is a pretty
5	moot sense point.
6	Conversely, it's heated, so it's got
7	snowmelt. So to address the snow-removal issue, it
8	wouldn't be our our problem. It would be our
9	neighbors'.
10	And if you could show the 2nd Street side,
11	please.
12	So on 2nd Street, we addressed the
13	Commission's issue or I should say, "the City's
14	issue," not, "the Commission's issue" about the
15	retail being brought by the below-grade unit.
16	And so if you have the floor plan, now you
17	enter into the building in the same corridor, you go
18	downstairs, and it's it's, really, quite nice. We
19	addressed all your concerns. I think we, in fact,
20	improved on it, and we really I think we learned
21	something from that. It was good.
22	Then, if we go to the front the floor
23	plan of the retail so one of your I think,
24	Brenda, one of your big deals was, "Hey. You know,
25	we've got to reconsider our requirement on

1 5,400-square-foot lots about how much space we can 2 provide." So this is the first floor. 3 So there's still three units. So there's the -- there's the unit 4 that -- that you approach on -- on 2nd, and then 5 there's two that approach on Leadville. 6 Now one of the arguments here is, "Oh, The 7 Kneadery's parking is going to be destroyed." 8 Well, 9 if you get more retail, you're going to have more pressure on parking. So I'm not sure the public 10 11 parking that's there is specified for one business, 12 but this is -- this will bring more parking; okay? 13 Guaranteed. You guys want people? We want people. 14 You want retail? You want more retail? People drive 15 cars. 16 So if you can show the basement now, 17 please. 18 And if you see on the -- I'm sorry. One 19 second. 20 On the unit to the north, it has an 21 open-air access to the basement. So there's still 22 three retail units, but the one retail unit to the 23 north probably will be designated just to one tenant 24 because the -- it's an upstairs/downstairs. 25 So if you'd show the downstairs, please,

1 now. 2 So the downstairs now incorporates -- all that space to the north is now a retail unit. 3 So if you picture it, you go in, it's retail, and you can 4 continue and go downstairs, and there's more retail. 5 We totally reduced the storage for all the 6 units. We added the below-grade unit that has light 7 wells. So just for the facts, there was -- there was 8 no one living on this street, in this spot, before we 9 bought it. And with this, you have at least four 10 11 units; okay? 12 So if you'd go to the north wall, please, 13 and the colored picture. 14 So the reason the wall has to be solid is 15 because it's a firewall; okay? That's the Code for a 16 zero-lot-line. Now, our neighbor, who was on Planning 17 and Zoning, was the Mayor, and was also a City Council 18 person -- somewhere in their career, they had the 19 ability to understand that this was the -- the height restriction in the Code of the City of Ketchum. 20 21 We only went by the rules. So we offered to relandscape that wall, and we were rejected. 22 Ι 23 still would propose that we could put trees there, 24 pines there, and we could make it look a lot greener. Conversely, we could put windows 25

Γ

1	there and he said this if he would agree to a
2	lot line to come off his lot line so that we
3	don't need the firewall.
4	But I think the firewall's at least 5
5	feet, Morgan.
6	MORGAN LANDERS: I believe it's 5 feet, yes.
7	MIKE CARR: So if he wanted to encumber his
8	property with a deed of trust which is what he said
9	today is that he would do that we could put
10	windows on that wall, or we could make it look
11	different.
12	So if this whole project comes to we're
13	at Code, we're at the right height that allowed by
14	the Code of the City of Ketchum, and the question is
15	this north wall, let's figure a way to make this north
16	wall look better.
17	Now, your comments are, "Make it smaller."
18	Well, you guys, it's expensive to build. The stuff
19	gets sold by the square foot. Dave's a developer. He
20	understands that. And so we'll we're happy to work
21	with you.
22	But I think this is a pretty nice
23	building, and we have spent a tremendous amount of
24	money on this, and we have spent a tremendous amount
25	of time working with the City to meet things that
l	

Г

1	weren't even Code. And and when I know people
2	go, "Oh, if it's not in the Code" well, the Code is
3	kind of what developers should follow.
4	And so anyhow. I think I address we
5	added retail, we we fixed the entrance, the
6	transformer I did not talk about but we did fix
7	the transformer as well. The back alley, I think, is
8	a nonissue with traffic. We have four cars
9	that supposedly no one's going to live in the place
10	anyhow.
11	And then this north wall give me a
12	solution. I can give you one. Take the setback,
13	deed-of-trust it, and we can put windows on it. We
14	can put landscaping. We could put vines. We could
15	paint windows; okay? We could make that look like
16	there's windows. We can make that work, but we don't
17	need to take it away from the Code. That's my two
18	cents.
19	Thank you.
20	COMMISSIONER CORDOVANO: Thanks, Mike.
21	MIKE CARR: Do you have any questions?
22	CHAIRMAN MORROW: Thank you.
23	VICE CHAIRMAN MOCZYGEMBA: Yes, Mike. While
24	you're up there, could you explain you had made a
25	comment about the alley being snowmelted. Is that

1 something that you're proposing to do? 2 MIKE CARR: Not the alley, but the apron --3 VICE CHAIRMAN MOCZYGEMBA: The apron. Okay. 4 Great. 5 MIKE CARR: -- into -- the apron into the 6 garages. VICE CHAIRMAN MOCZYGEMBA: 7 Great. Okay. Thank you. 8 MIKE CARR: So when he said, "The person from 9 10 San Francisco" or wherever -- some person who, 11 supposedly, is buying this, which -- it might be me, 12 so -- you know, that they understand what the snow is 13 like. 14 VICE CHAIRMAN MOCZYGEMBA: Great. Okay. 15 Thank you. COMMISSIONER CORDOVANO: When Pam mentioned it 16 17 was a workforce-housing unit -- just to clarify -that's based on the size --18 19 MIKE CARR: [Unintelligible]. COMMISSIONER CORDOVANO: -- and --20 21 MIKE CARR: No, in-lieu. We --COMMISSIONER CORDOVANO: 22 Based on your in-lieu 23 There will be no -payment? 24 MIKE CARR: In-lieu --COMMISSIONER CORDOVANO: -- deed restrictions? 25

Г

1MIKE CARR: We're still in the process. You2know, you still can contribute housing, and3that's you I that's another meeting, but you4guys should review what you asked developers to do to5actually contribute housing and try and figure out how6it works, the math. It's pretty complicated.7COMMISSIONER CORDOVANO: Just out of kind8of of curiosity not conditional at all you're9more inclined to pay the fee than to give up the10749-square unit on the second floor?11MIKE CARR: Yeah, because yes.12COMMISSIONER CORDOVANO: And whatever is fine.13You know, you don't even have to answer this14MIKE CARR: No. No, we are.15COMMISSIONER CORDOVANO: [unintelligible].16MIKE CARR: We did propose the lower unit, and17we were rejected.18COMMISSIONER CORDOVANO: Because of our recent19basement ruling?20MIKE CARR: Yeah, but that wasn't the ruling21when we first applied, but yes.22However, it is but, yeah, that that23was the reason. And I'm quite sure we can I think24we can find someone to buy it or rent it for sure. I

<ul> <li>14 MIKE CARR: No. No, we are.</li> <li>15 COMMISSIONER CORDOVANO: [unintelligible].</li> <li>16 MIKE CARR: We did propose the lower unit, and</li> <li>17 we were rejected.</li> <li>18 COMMISSIONER CORDOVANO: Because of our recent</li> <li>19 basement ruling?</li> <li>20 MIKE CARR: Yeah, but that wasn't the ruling</li> <li>21 when we first applied, but yes.</li> <li>22 However, it is but, yeah, that that</li> <li>23 was the reason. And I'm quite sure we can I think</li> </ul>	12	COMMISSIONER CORDOVANO: And whatever is fine.
<ul> <li>15 COMMISSIONER CORDOVANO: [unintelligible].</li> <li>16 MIKE CARR: We did propose the lower unit, and</li> <li>17 we were rejected.</li> <li>18 COMMISSIONER CORDOVANO: Because of our recent</li> <li>19 basement ruling?</li> <li>20 MIKE CARR: Yeah, but that wasn't the ruling</li> <li>21 when we first applied, but yes.</li> <li>22 However, it is but, yeah, that that</li> <li>23 was the reason. And I'm quite sure we can I think</li> </ul>	13	You know, you don't even have to answer this
<ul> <li>MIKE CARR: We did propose the lower unit, and</li> <li>we were rejected.</li> <li>COMMISSIONER CORDOVANO: Because of our recent</li> <li>basement ruling?</li> <li>MIKE CARR: Yeah, but that wasn't the ruling</li> <li>when we first applied, but yes.</li> <li>However, it is but, yeah, that that</li> <li>was the reason. And I'm quite sure we can I think</li> </ul>	14	MIKE CARR: No. No, we are.
<pre>17 we were rejected. 18 COMMISSIONER CORDOVANO: Because of our recent 19 basement ruling? 20 MIKE CARR: Yeah, but that wasn't the ruling 21 when we first applied, but yes. 22 However, it is but, yeah, that that 23 was the reason. And I'm quite sure we can I think</pre>	15	COMMISSIONER CORDOVANO: [unintelligible].
18 COMMISSIONER CORDOVANO: Because of our recent 19 basement ruling? 20 MIKE CARR: Yeah, but that wasn't the ruling 21 when we first applied, but yes. 22 However, it is but, yeah, that that 23 was the reason. And I'm quite sure we can I think	16	MIKE CARR: We did propose the lower unit, and
<pre>19 basement ruling? 20 MIKE CARR: Yeah, but that wasn't the ruling 21 when we first applied, but yes. 22 However, it is but, yeah, that that 23 was the reason. And I'm quite sure we can I think</pre>	17	we were rejected.
20 MIKE CARR: Yeah, but that wasn't the ruling 21 when we first applied, but yes. 22 However, it is but, yeah, that that 23 was the reason. And I'm quite sure we can I think	18	COMMISSIONER CORDOVANO: Because of our recent
21 when we first applied, but yes. 22 However, it is but, yeah, that that 23 was the reason. And I'm quite sure we can I think	19	basement ruling?
However, it is but, yeah, that that was the reason. And I'm quite sure we can I think	20	MIKE CARR: Yeah, but that wasn't the ruling
23 was the reason. And I'm quite sure we can I think	21	when we first applied, but yes.
	22	However, it is but, yeah, that that
24 we can find someone to buy it or rent it for sure. I	23	was the reason. And I'm quite sure we can I think
	24	we can find someone to buy it or rent it for sure. I
25 think there's a couple gentleman in here that	25	think there's a couple gentleman in here that

1	would they told us they'd move in immediately once
2	it's available, but but it's a beautiful building.
3	And, I mean, Morgan and them have done a
4	ton of work. Nicole has done a massive amount of
5	work. And, I mean, look at that. That thing even
6	from this wall, it doesn't look that bad. I mean, I
7	understand Dave's problem with it, but we did the
8	cornices and that.
9	And the whole point of in-city density is
10	that, theoretically, the next building goes right to
11	the firewall. That's why it's a firewall, and you
12	can't put windows in; okay? Again, if he's willing to
13	encumber his lot and say, "I'll get a deed
14	restriction," I'll put windows on that wall.
15	COMMISSIONER CORDOVANO: Could you move could
16	you move
17	MIKE CARR: So the ball's in his court.
18	COMMISSIONER CORDOVANO: Could you move your
19	building back an equal amount?
20	MIKE CARR: No. Look it it's you already
21	get 5 feet here, 5 feet here, 3 feet here. You
22	already take 5 you already take like 1,400 square
23	feet of 5,500 square feet in setbacks. I mean, the
24	setbacks are I get it, but my answer is, "I don't
25	think we" "I don't think we need to."

1	I understand these gentlemen's concerns
2	about the hey the wall, the setback, but, you
3	know, Dave's a developer. He knows he could build a
4	building next to it.
5	I don't understand why, forever this
6	process went on that somebody didn't say, "Well, we
7	should only be able to go up 30 feet there," if that's
8	what you wanted. But the property would have been
9	sold for a different price as well.
10	So part of the property going for the
11	price it went for and, by the way, I bought it when
12	I was riding my bicycle, so, for sure, my neighbors
13	knew that it was for sale long before I did.
14	So okay. They didn't buy it. This
15	is this was the rules. They knew the rule book.
16	They wrote the rule book, it sounds like. I mean,
17	they can quote the rules, and now they are pissed off
18	about the rules.
19	So anyhow. That's where we're at.
20	COMMISSIONER CORDOVANO: I've got to think
21	that you've got a good point on more retail making
22	it harder on the whole street. That's fine. I'm
23	super appreciative of the small units that you guys
24	put into the building and hope they stay small.
25	And I think the biggest question is, you

1 know, where the -- the basement unit and the 2 749-square-foot unit, where that user's going to park. 3 And --Well, we said --4 MIKE CARR: COMMISSIONER CORDOVANO: I quess I'm just -- I 5 think that's where a lot of the parking concern's 6 coming from, and that's more of a City question, 7 but --8 9 MIKE CARR: So if you go at night, I mean, Morgan went at night. I mean, if you go at night, 10 11 there's so much parking available on the streets 12 there. 13 COMMISSIONER CORDOVANO: I go at night. 14 MIKE CARR: It's there. You can park anywhere 15 you want to; right? COMMISSIONER CORDOVANO: I think a street's 16 17 destiny is to be parked on. 18 MIKE CARR: What's that? 19 COMMISSIONER CORDOVANO: I think a street's 20 destiny is to be parked on, but I was just clarifying 21 that. 22 MIKE CARR: Yeah. And then for the snow-removal 23 piece, like I told you, the City and the Catch 24 [phonetic] buildings -- as I understood, it has been really, pretty successful, that they text all the 25

Г

1	people with cars in the Catch buildings, and they move
2	their cars to the lot, and they clear the snow and it
3	goes. I mean, Jesus, it's 2022.
4	Texting and is not that complicated of
5	a process. I think it's worked quite well for the
6	city. There's lots of parking. There's not lots of
7	parking for people who want to work at a store, park
8	in front of the store, and then ask the customers to
9	be able to park in front of the store.
10	COMMISSIONER CORDOVANO: Agreed.
11	MORGAN LANDERS: And just to clarify on the
12	parking requirement. So the requirement
13	is anything less than 750 net square feet is not
14	required to provide a parking space. So
15	COMMISSIONER CORDOVANO: Yeah. And
16	then well, I don't have any more questions for the
17	applicant if anybody does.
18	UNIDENTIFIED SPEAKER: [Unintelligible].
19	CHAIRMAN MORROW: Susan?
20	UNIDENTIFIED SPEAKER: [Unintelligible].
21	CHAIRMAN MORROW: Thank you, guys.
22	Appreciate it.
23	MIKE CARR: Thank you.
24	COMMISSIONER CORDOVANO: Thanks, Mike.
25	CHAIRMAN MORROW: They can yeah. And Tim is

1 joining us now.

2	COMMISSIONER CORDOVANO: My question for staff
3	is, "What is the plan for" "is the plan for these
4	units to be sold to a car-less biker who works in
5	Ketchum, or is there going to be a an ordinance
6	that comes through, similar to what we see at the
7	Catch building in these neighborhoods, for the two
8	units that don't require a parking spot?"
9	MORGAN LANDERS: So for the two units that don't
10	require parking, it would anticipate that those
11	vehicles would park on the street and that they would
12	manage their vehicle parking within the public
13	right-of-way.
14	When the City adopted the change to the
15	parking requirements in 2017, that was a bit of the
16	premise, that that we should be using our parking

16 premise, that -- that we should be using our parking 17 inventory in a flexed way, where, in the evenings, 18 when residents are home, they have a place to park on 19 the street.

And then they, arguably, go to their day job, and then the vendors and -- and patrons of the businesses, locally, can then use those spaces. So it's a bit of a shared-parking scenario, and that was a policy decision that was made in 2017. I think that discussion continues to happen on whether those

Γ

1	parking incentives continue to be in play long term,
2	as part of our our long-haul kind of Code rewrite.
3	But as of what is in front of you
4	today, this application is vested under our current
5	Code, so we can't require them to provide additional
6	parking on the site other than what's being provided
7	in front of you today.
8	COMMISSIONER CORDOVANO: No, but the users will
9	be able to park on the street overnight and move their
10	cars to a certain extent?
11	MORGAN LANDERS: It would be the same
12	parking-management system we have for the rest of
13	downtown.
14	COMMISSIONER CORDOVANO: Great. Thanks.
15	That was my question.
16	MORGAN LANDERS: Yeah.
17	COMMISSIONER CORDOVANO: Tim, you showed up
18	right in time for my rant.
19	COMMISSIONER CARTER: That was it?
20	COMMISSIONER CORDOVANO: No.
21	Do I start?
22	Okay.
23	MORGAN LANDERS: And and before you start,
24	Spencer, just to let everyone know, you know, tonight
25	we're also just asking for feedback and direction to

Г

1	staff and the applicant. So there isn't a specific
2	motion in front of you, but we would like to provide
3	additional direction to the applicant so that they can
4	continue to work through the process.
5	COMMISSIONER CORDOVANO: Thanks.
6	A lot of feelings going around in the
7	room. I think we could all just take a little step
8	back and realize that we're all neighbors and that we
9	all have the same goal here.
10	I think a lot of this comes from the fact
11	that the Fifth and Main building's FAR exceedance was
12	approved months and months and months down the road,
13	and we started looking at when FAR exceedances go to
14	Council and how long that happens after P&Z. So I
15	think that's where we're working through the kinks of
16	how to do this for both sides of the table.
17	I think everybody just needs to play nice
18	and figure it out. And while it might seem late, I
19	just think there's tilt still time to do it. The
20	more and more we see buildings come through here and
21	everybody gets the same process out of us that we
22	come to better conclusions because these buildings are
23	going to stand for a long time.
24	I'd also like to recognize that the
25	F the floor area ratio, by right, is only 1.0 in

Г

1	the CC-1 and CC-2, and that is super clear in the
2	Code. While there's been a lot of precedence, you
3	have to look at what those other buildings provide.
4	And I I think we should be chiseling
5	the codes one at a time as they come. I've been
6	saying we need to do third-floor setbacks and rewrite
7	the Code that only pertains to the fourth floor for
8	months now, I think, since August 19th of this year.
9	And I understand a lot of what I've
10	learned about rewriting those Codes, but when we do
11	these dramatic overhauls, it's almost the market's
12	changed. Everything changes. You can't forecast this
13	stuff. So staying current with the Code and quite
14	frankly, there is a lot of in my perspective, there
15	is a lot of room to be said that we control this, but
16	we really don't.
17	Staff has to put something in front of us
18	before we get to vote on it, and staff has been led by
19	a certain few for too long, in my personal opinion.
20	So we're all working together, regardless of our
21	feelings, though.
22	And thanks, Pam, for bringing up the
23	Berkshire Hathaway support, as I've voted against most
24	of their buildings and still can remain friendly and
25	have constructive conversations with them on the

1 street. 2 So if we can just take the feelings back a little bit and reach a level-headed decision, I think 3 there's still time for the property owners to talk. 4 And I don't think it's going to be one way or the 5 other. You know, it's going to be a mutual decision. 6 But, in general, I think there's a couple 7 questions that I have for staff and then things that 8 we need to evaluate. The basement stair seems totally 9 sweet, and I'm -- the changes -- I'm totally in 10 11 support of everything. 12 Transformer -- somebody else can get lost 13 in the Code on that one. 14 But, you know, in exchange for this FAR increase, regardless if the Council approves it or 15 16 not, has -- because, yes, we -- after the Ordinance 1, 17 2, 3, 4 was passed without proper deliberation -- as 18 we felt, needed to go to Council. We need to be more 19 careful of what we put towards Council and -- have since talked with staff and requested more 20 21 notice before these things go through. I think that 22 was after this exceedance. 23 But we are -- in exchange for more 24 density, we are changing -- exchanging \$436,000. So if the applicant would rather sell a unit than 25

Г

1	deed-restrict a unit, is that worth 436k if that
2	unit's worth more than that on the open market? So,
3	"What are we getting out of this," is the question at
4	hand.
5	Further, thank you for those pictures of
6	the other buildings because I was going to ask, and
7	those did bring out there there are a lot of
8	them, and some of them next to Whiskey's were due to a
9	fire, and the firewall was very important in that
10	situation. However, none of them were 42 feet tall,
11	and they all had dramatically more undulation.
12	We're almost getting to the point
13	of when I turn by a building down here on a lot of
14	these streets a lot of these buildings that are
15	built to the corners you can't see around the
16	corner when you're turning, and then we're just going
17	to get more stop signs everywhere. And I've been
18	preaching about how stop signs aren't even sustainable
19	anymore, and we're violating our own idling into
20	our into our our our violating our Idling
21	Ordinance at the stop light in downtown.
22	The character of the north facade needs
23	undulation on each corner. I have always been talking
24	about setting back the third story.
25	And my question for staff is, based on my

1	calculations, the hot-tub canopy on the top is 49 feet
2	off the front of the building, 47 off the back. And
3	I'd like clarification on how things get above 42 feet
4	and why.
5	MORGAN LANDERS: So our Code does have a
6	provision for unhabitable basically roof or
7	pertinences that exceed that 42 feet and allows for
8	those to exceed up to 10 feet above the roof height.
9	So if a building is maximizing the 42 feet, then they
10	can have non-habitable additions that are rooftop
11	fixtures that can go up to the 52 feet, and that's
12	existing in our Code today.
13	COMMISSIONER CORDOVANO: Please add that to the
14	list of things I'd like to see changed.
15	I think my feedback for the applicant
16	is once again, I'm not a developer, but there's so
17	much space wasted on circulation. I'm sure you need
18	to meet 2018 Building Code for ingress and egress, but
19	there's so much space wasted on volume and
20	circulation. This thing could be not 12-foot
21	ceilings everywhere and reduce a lot of mass with some
22	more undulation, and I would like to see that
23	explored.
24	I also think that you know, I'm not
25	here to deny this permit tonight, but I'm also not

Γ

1	here to approve it, and I think we could make a
2	continuance with two meetings a year this year
3	with a month excuse me of two meetings a
4	month.
5	CHAIRMAN MORROW: Amazing. Oh my god. That
6	would be awesome.
7	COMMISSIONER CORDOVANO: That'd be no fun.
8	CHAIRMAN MORROW: Yeah.
9	COMMISSIONER CORDOVANO: We have two meetings a
10	month. And since we've been through this, it will be
11	less and less time. And, you know, I'm happy to stay
12	all night. So I wouldn't but I also want
13	to don't want to bring it back too quickly and also
14	don't want to wait too long.
15	I'm not sure if they're planning on
16	digging in May, and they need a couple months' lead
17	into that. But with this amount of excavation, I'd
18	have to think we have a little bit of time to
19	fine-tune this thing and put some of the feelings and
20	action to rest prior.
21	So I'd like to hear the Commission's
22	deliberation on what we think about the undulation on
23	the north facade, on the corners, and, you know, the
24	FAR exceedance tradeoff.
25	CHAIRMAN MORROW: Thank you.

1	Brenda.
2	VICE CHAIRMAN MOCZYGEMBA: I only have a couple
3	of comments. I appreciate the work that the applicant
4	did so expediently to kind of make make the
5	revisions previously requested.
6	The I like the the plantings that
7	are added around the transformer in tandem with the
8	screening, I think that's if Idaho Power's happy
9	with what's being proposed, then I think that's the
10	best we can get there to make that thing go away.
11	I had discussed last time just about
12	the amount of stuff that does have to happen in the
13	alley, as has been discussed in this meeting, and how
14	much goes on. And I think, you know, seeing this
15	application on a single lot is representative of that,
16	of the dumpster glider, the parking. And then when
17	Idaho Power has a transformer requirement, it just
18	starts to chew up space.
19	I'm especially appreciative of the
20	elimination of the stairwell that was previously at
21	the corner down to the basement unit. I had previous
22	criticisms of another application that used the glass
23	block as the window well. I am very curious as to
24	how what what the finished product and how
25	much light is brought into that unit.

Γ

1	I did go into the website of the cut sheet
2	that was provided, and it seemed like there were some
3	really creative uses of the of the product. So
4	hopefully the applicant can continue forward in, I
5	guess, finding the best way to increase the light that
6	gets into that window well, but I am appreciative of
7	its size and not just being minimal, again, to just
8	meet minimum minimum requirements and requests.
9	And then I I think my only issue here
10	that's been voiced throughout the majority of the
11	meeting is the north-property-line wall, and I think
12	we get stuck on this for the majority of these infill
13	applications.
14	In my mind, I've reached a certain level
15	of comfort with it, given the pace of development, but
16	we also have to be careful if the pace of development
17	is stalled. You know, how comfortable are we with
18	this building kind of sitting here by its lonesome for
19	what could be the foreseeable future?
20	I think in in the imagery that was
21	provided of some of the property-line walls, what we
22	saw is a portion of those walls being receded or
23	stepped back. And, in this application, we are
24	looking at a 42-foot-tall wall for the essentially
25	the length of that interior property line.

1	But, nonetheless, I think the push that
2	has been made, you know, whether we've been kind of
3	skewed again into this safety of, oh, you know,
4	development's happening, and we're trying to increase
5	the density and the vibrancy of downtown.
6	Sorry. I kind of lost my train of thought
7	there.
8	I guess we we've been going down this
9	course, and it or down this path, and now the
10	question is, "Okay. You know, what does happen if
11	this wall stands here for a long time?"
12	But, nonetheless, I think it would be a
13	missed opportunity to say, "Oh, well. You know, the
14	adjacent buildings are single story, so this project
15	should only be allowed a" "a certain density."
16	I think the question, in my mind, is,
17	"Okay. What is" "what is the neighborhood?" You
18	know, reading back into the purpose of the design
19	review guidelines, you know, it's fitting with the
20	scale of the neighborhood. And my in my mind, the
21	question is, "What" "What's the neighborhood," and,
22	"What's the timeline?"
23	I don't I certainly don't want to force
24	the hand of the developer to not use the property to
25	the highest and best use, and then, in 10 years down
I	

Г

1	the road, this building is one of the smaller
2	developments. That's not increasing the vitality of
3	the neighborhood.
4	So in that vein, I think I've come to
5	terms with the height of the wall. I think we need to
6	be careful, as we move forward in crafting the Code,
7	as to how we reduce, I guess, the amount of
8	questioning we have every single
9	application about what to do with these
10	property-line walls.
11	But I think the applicant has met the
12	intent of the Code, in my mind, in regards to reducing
13	bulk and mass. I I think I vocalized last time
14	that I appreciate the use of the materials. I think
15	other people said in the room that they're timeless,
16	and I would agree, but it still brings in some of
17	those more modern elements like the C-Channel fascias
18	along that corner element.
19	So those are my comments.
20	CHAIRMAN MORROW: Thank you.
21	Susan.
22	COMMISSIONER PASSOVOY: Well, I agree with much
23	of what Wendy has said.
24	Brenda. I'm sorry, Brenda. It's been a
25	long day.

The -- I -- I see our job here as 1 2 balancing a number of very important aspects of -- of development in the downtown, both in the abstract and 3 in the specific, in this case. 4 And the developer, having met all the 5 technical requirements of the Code, still gives us the 6 opportunity to balance that against the more abstract 7 elements of how it fits into the neighborhood. And I 8 think the question of, "What is the neighborhood," 9 10 and, "What is it today," and, "What is it likely to be 11 in the next 10 or 15 years" -- I'm -- I'm not sure 12 about 100 years, but I think we -- we definitely need 13 to be looking to the timeline that -- that is 14 effective. I -- about the north wall, I am completely 15 16 appreciative of having to -- you put the property to 17 its highest and best use, both economically and functionally. And it's not our intent to take 18 19 anything away from the developer in that sense. On the other hand, it just is troublesome 20 21 to me that it is this wall along this property line, 22 and I really am wondering whether -- whether -- and to 23 what extent there can be some effort to pull -- even 24 though it's allowed by the Code, to be mindful of the 25 mass-size-bulk-et-cetera perspective.

1	We spent a lot of our last meeting talking
2	about those very same elements, with respect to
3	another project. And it's clearly in the interest of
4	our fellow residents that we we do the best we can
5	to to provide to meet this balance however we
6	define it between the developability of property and
7	the aesthetic of the property.
8	So I am I I would really like to see
9	some attempt, even on a even if it's at a sketch
10	level I'm not looking for detailed plans of
11	pulling the top floor back, away from that wall to
12	some extent. I don't know whether it's 2 2 feet,
13	or 3 feet, or whatever. It is an enormous unit on the
14	top of that building. It's bigger than my house.
15	And I you know, I just I think it
16	would make an enormous difference in the problem that
17	we are struggling with, and clearly, we are all
18	struggling with this.
19	CHAIRMAN MORROW: Thank you.
20	Tim, do you have
21	COMMISSIONER CARTER: Yeah. So let's see.
22	I just apologize to the Commission
23	for and folks that are here for showing up late.
24	I don't have the benefit of hearing what
25	seems like was quite a bit of comment about this

Г

1	project. I get a sense from the public comment that
2	we got the written public comment that we got and
3	just from the flavor of the room that what what
4	it might have been.
5	Regarding the issues that we brought up at
6	the last P&Z meeting, that we wanted to see addressed,
7	I appreciate the design team's effort to reconfigure
8	that corner. I think that this is definitely an
9	improvement and and, you know, makes this building
10	function better in the long term. The transformer
11	issue, I feel like, has been addressed.
12	I don't address I don't have anything
13	to add to the discussion about the north wall other
14	than you know, I feel the same way as the rest of
15	the Commission, that we deal with this project this
16	issue on a lot of projects. And it's a difficult one
17	to parse. So I appreciate the efforts that were made
18	on the design change so far.
19	I do wonder about you know, it does
20	feel with the brick being added above and the
21	columns below, it does at first glance, it does
22	seem a little top heavy. I don't know if there's
23	a another way to reconfigure the finishes on that
24	wall to make it feel less so.
25	Let's see.
l	

1	It before we go too far, can I get
2	brought up to speed on more Morgan, you brought up
3	that, maybe, we're not making a decision tonight.
4	There was a a an issue regarding process that
5	you guys discussed before I got here. So was there a
6	decision made about how that process how our
7	process is going to work here? Are we are we going
8	to not make a decision tonight?
9	MORGAN LANDERS: So the only reason you're not
10	asked to make a decision tonight is that you have some
11	design changes in front of you to review. And so
12	staff didn't make a recommendation of approval or
13	denial because we felt there was continued discussion
14	on the design review criteria.
15	What you missed on the process side of
16	things was related to the FAR Exceedance Agreement.
17	And so those are things that you can come up to speed
18	on before the next hearing before the final
19	decision is made.
20	COMMISSIONER CARTER: Okay.
21	MORGAN LANDERS: Yeah.
22	COMMISSIONER CARTER: All right. So we're
23	giving so it sounds like we're still in
24	the we're still giving direction from the
25	Commission to the design/development team here.

Γ

1	MORGAN LANDERS: Correct. Yeah.
2	So the the question in front of you is,
3	you know, "Do you feel that the application in front
4	of you, you know, meets all the criteria and addresses
5	your concerns, or do you want to continue to get
6	additional study from the architect on meeting the
7	criteria?"
8	COMMISSIONER CARTER: So the transformer and the
9	corner issue, I feel, are addressed. The north-wall
10	issue you know, I would certainly like to see some
11	other potential options.
12	And then it seems like the other issue in
13	the room is, you know, the the scale and mass of
14	the building and is it appropriate for the location
15	that's that it's in?
16	And, you know, I I feel like projects
17	like this you know, we have a Code that sort of
18	governs how how the bulk and mass of these
19	buildings, you you know, get you know, must
20	conform to and you know, there's a there's a
21	little bit of what seems like area for negotiation in
22	the details of the FAR Exceedance Agreement.
23	We have a 1.0 FAR that's given by right.
24	And then, you know, we can go up to is it 2.25 or
25	2.5? based on FAR 2.25 based on a FAR

1	Exceedance Agreement if the project gives provides
2	community housing, either on the site or in lieu.
3	The Code is not you know, there
4	is the the Code doesn't seem to be entirely
5	clear as to how much how much leeway we have to
6	make that negotiation as a Commission. And we've been
7	fighting that frankly, we've been fighting that on
8	other projects. You know, what you know, is is
9	it if the developer provides the required amount,
10	then they get the 2.25, or is there some negotiation
11	that is does the Code allow for some negotiation
12	there?
13	We've brought this has been an issue
14	on on multiple projects in the past.
15	MORGAN LANDERS: And so I can help clarify if
16	that's helpful.
17	So the FAR exceedance from 1.0 to 2.25 is
18	contingent upon design-review approval. So it has to
19	have a design review approval for whatever you all
20	feel is appropriate, that meets the design review
21	criteria. And so then that's where you root your
22	decision and your deliberations on the design review
23	criteria specifically. And so if a project meets the
24	design review criteria, you can then approve the FAR
25	exceedance.

Γ

1	COMMISSIONER CARTER: And the design
2	MORGAN LANDERS: If it doesn't meet it, then
3	you the FAR Exceedance Agreement becomes null.
4	COMMISSIONER CARTER: And the design review
5	criteria in the Code is very you know, the
6	design-review agreement the language in the Code
7	sort of limits us to the look of the building and the
8	finishes on the outside.
9	The our our ability to comment on
10	the program of the building is something that we have
11	been sort of asking for here, as a Commission, over
12	the last couple months. That's part of what the
13	Interim Ordinance was about, was giving the Commission
14	some more discretion on being able to comment on the
15	program of buildings. There was a lot of pushback
16	from the community to give us that you know,
17	to to give us that voice.
18	So, you know, I don't know, Morgan. Do
19	you have you want to comment a little bit on that?
20	MORGAN LANDERS: Yeah. So the way that staff
21	presented it to you all in the staff report is that,
22	really, there's kind of two criteria in the design
23	review that allow you to to influence kind of
24	the the bulk and the size and kind of the

25 orientation of the building. Yes, this may be

Γ

1	cosmetic, but it may have impacts to the program.
2	So the design review criteria that is most
3	applicable in this instance is that "building walls
4	shall provide undulation/relief, thus reducing the
5	appearance of bulk and flatness."
6	So that's, really, a design review
7	criteria that you know, our Code does allow
8	42 feet, but in an instance where you do have a very
9	tall, flat wall, if you feel like additional
10	undulation or relief is necessary to meet that
11	criteria, which ultimately is to reduce the bulk and
12	flatness, you all can make those requests.
13	COMMISSIONER CARTER: Okay. Well, then, along
14	those lines, certainly, the bulk and flatness of that
15	north wall is I mean, it's hard to argue that
16	it you know, that it has it does have
17	undulation. I mean, it doesn't.
18	And, you know, from that from that
19	point of view, I would like I think it would be
20	helpful to see the design and development team, you
21	know, find some ways to mitigate that issue on that
22	north wall.
23	So and and then, I guess, you know,
24	the other thing I would say is, you know, "Part of
25	this process is to give the public" you know,

Γ

1	developers and you know, what the developers in
2	town are are many of the developers in town are
3	members of our community, and the developers are, you
4	know, looking to to make a living, to be a part of
5	town, just as the neighbors are as well.
6	And finding a way to to coexist
7	is is important. And this forum, where projects
8	have to come in front of the Commission and the public
9	gets a chance to comment, is is a way for you
10	know, is a way for for developers to hear, you
11	know, what the community, you know, wants to see.
12	And I think hearing that and, you know,
13	any development team you know, the
14	development development teams have a a
15	right you know, the Code gives development teams a
16	right to move forward, and I don't think, you know, we
17	would I don't think anybody would would argue
18	that owners of property have a right to to develop
19	them in a way that that has some bounds, but, you
20	know, that that also, you know, gives them the
21	benefits of being a property owner. That you know,
22	that's part of our system.
23	But those you know, the developers are
24	also not developing in a vacuum. We're developing in
25	a community. And, you know, finding a way for

Г

1	projects to be constructive additions to a community
2	is you know, is hopefully something that is part
3	of you know, that this process helps development
4	teams achieve. So I'm just going to add that comment.
5	But, in general, I appreciate the
6	additions that have been made to the project, the
7	changes that they made to the project. I think, other
8	than the north wall, which maybe if we could see a
9	little more work on have been improvements from the
10	previous previous design that we saw.
11	VICE CHAIRMAN MOCZYGEMBA: [Unintelligible].
12	CHAIRMAN MORROW: No, please.
13	VICE CHAIRMAN MOCZYGEMBA: One thing that I
14	would like to interject with and that was mentioned in
15	the staff report that we haven't touched on and
16	this may just be something that gets handled in the
17	future, as I discussed previously is regarding
18	these property-line walls.
19	I think Nicole pointed it out as well, but
20	the portion of the Code that reads, "Facades facing a
21	street or alley or located more than 5 feet from an
22	interior side property line shall" "shall be
23	designed with both solid surfaces and window
24	openings."
25	So, I mean, the question and I spoke

Γ

1	with Morgan a little bit about this is is,
2	"What" "What is the intent of that?" And I know
3	that we have evaluated other property-line walls based
4	on the other development that was going on, you know,
5	directly adjacent or or soon to be.
6	And so, you know, in this case, in my
7	mind, this building is meeting that portion of the
8	Code because it is not located more than 5 feet from
9	an interior side property line.
10	So the question is, you know, how that is
11	interpreted. You know, it it it would be
12	impossible to crystal ball of, say, "Oh,
13	well" "well, that portion of Code just means, when
14	it's stepped more than 5 feet from the interior side
15	property line, it needs, you know, to have solid
16	surfaces and window openings because you're looking at
17	it in perpetuity;" right?
18	But in this case, we just cannot determine
19	whether there'll be a building there, again, 5 years
20	down the line, 10 years down the line, or 15. So
21	you when you start to create undulation and
22	other I guess, other ways to manipulate the
23	materials along that facade, you're creating more I
24	guess it's just money being spent on something that
25	will be possibly be covered up down the line.

Γ

1	So that's kind of the the biggest
2	conflict in my head is, you know, How much do you push
3	any sort of application to make a wall pretty
4	essentially, to only be covered up later?
5	CHAIRMAN MORROW: I I agree, and I
6	would with my condolences to Ben Franz, who we made
7	do that for his building. And then, suddenly, someone
8	built right next to it, but we didn't know. There was
9	a little cabin there. It could have stayed there for
10	30 years, so we made him change that wall, and he
11	spent money on it. And within a year, it was it
12	wasn't there, but it could have been.
13	And I think this is what we I've been
14	on this Commission for a while, and we've done this
15	with a lot of buildings. The Mill build the
16	building that The Mill is in across from Zions bank,
17	the alley, is a story shorter than it was presented as
18	because they couldn't underline the underground the
19	power lines.
20	UNIDENTIFIED SPEAKER: Mm-hmm.
21	CHAIRMAN MORROW: So they couldn't build the
22	fourth floor, and they we made them undulate and
23	change the materials on that back wall, which
24	shows kind of shows from Washington. And then they
25	stepped back their third floor, which was

losing -- not only did they lose a whole floor; they 1 2 lost space in the kind of setback or step-back on the 3 top. So we've been struggling with this on a 4 lot of properties for a long time, and I -- I -- I 5 don't think we can take the chance of saying, "Yeah, 6 leave a big, blank wall up there, and we hope 7 something gets built in" -- "in 5 years or 10 years 8 9 and" -- "not a big, blank wall for 50 years." 10 But the -- just in -- in reference to what 11 you said, I think that we've been through this a lot. 12 And, yes, I feel bad for some of the people that we 13 made -- you know, in the previous Code and not even 14 this Code -- made spend significant money on projects 15 that ended up being things they really didn't need to 16 in the new Code. 17 So just in reference to that, I'd -- I'd 18 like to say that I think -- if I've said it once, I've 19 said it 1,000 times. This process makes buildings 20 better and -- because they're here for a long, long 21 I think it's -- as painful as it is, it's time. 22 important. 23 I -- I agree. I think the changes made 24 have been in response to what we like. And I think we've got a few small issues left, but I think we've 25

1	made significant progress. And and I think
2	Nicole's done a great job with that. It's a great
3	design. It may not be exactly there yet, but I think
4	we're getting there.
5	Is Matt still on with us?
6	MATT JOHNSON: I am.
7	CHAIRMAN MORROW: Are you still there?
8	I just have a couple quick ones.
9	We don't we don't ever get to see or
10	have any effect on the FAR exceedance agreements
11	as as Planning and Zoning; do we?
12	MATT JOHNSON: On the agreement itself, no,
13	other than it's conditioned on your design-review
14	approval.
15	CHAIRMAN MORROW: Okay. But, I mean, we if
16	we wanted to look at it and go we think that's a
17	weird tradeoff, we wouldn't be able to make changes in
18	that?
19	MATT JOHNSON: You wouldn't be able to make
20	changes. Any comment you had on it would purely be
21	sort of an advisory-type thing.
22	CHAIRMAN MORROW: Okay. Second, we heard "spot
23	zoning." I know, in my opinion, this isn't spot
24	zoning no matter what we do. Do do you think
25	this that that would be a specific, like, "You

can't do this here?" 1 2 MATT JOHNSON: Correct. CHAIRMAN MORROW: And third, despite your 3 wonderful legal knowledge, is -- is it -- is there 4 potential that we could still encounter litigation 5 even though you don't think it's possible? Maybe 6 Mr. Linnet wants to file a claim. Do you think there 7 is some actionable -- something in here -- potentially 8 9 actionable -- something in here? 10 MATT JOHNSON: Well, there's -- there's multiple 11 steps that would happen before we got to anything that 12 would be litigation in court. 13 CHAIRMAN MORROW: You -- you know what I mean. 14 I'm trying to prevent --15 MATT JOHNSON: Right. 16 CHAIRMAN MORROW: -- us from doing something 17 in -- in my -- the -- the part I feel good about is, 18 if we can have the neighbors and the developers work 19 together as we move through this process, we won't I just don't want to put us in the 20 have that issue. 21 position of having that issue. 22 MATT JOHNSON: So the -- the answer to the 23 question of, "Is litigation possible," is 24 always, "Yes." 25 CHAIRMAN MORROW: Yes. Yeah. Okay.

All -- all -- all -- all it takes 1 MATT JOHNSON: 2 is a party willing to pay an attorney to -- to make 3 arguments. I -- I do think, in this case, the 4 procedural issues that have been raised are -- are 5 relatively straightforward, could additionally be 6 addressed at other points in the administrative 7 appeals process as need be, and I think the risk of 8 litigation is relatively lower -- or at least with 9 some chance to work through with the -- the -- the 10 11 party raising them first. 12 So is that a wiggly-enough answer? 13 CHAIRMAN MORROW: Yeah. Yeah. Perfect. 14 That's -- those answered my three legal 15 issues right there. 16 Because this is subject to design review 17 approval, I -- I think we've heard a bunch of people 18 say, "You've met all the requirements" -- and I think 19 Susan mentioned this, that you can meet the requirements for height and for lot-line setback and 20 21 for those things, but still not meet the requirements 22 that it fit into the neighborhood character or that it 23 be compatible. And I -- and I think that, in that sense, 24 25 this is where we have our subjective -- it's not just,

Г

1	you know, "Stick it in one side. It's 42 feet high.
2	That's fine," and it comes out the other side and it's
3	approved. So I think the area that we do have leeway
4	here even though it's met the requirements is
5	that it still may not fit into the character of the
6	neighborhood, based on what's around it.
7	So I I just wanted to address that,
8	that it sounds a lot of people are like, "Well, we
9	did everything we should do. We should get an
10	approval." And I'm like, "That's" "that" "this
11	is a subjective process, and it deals with neighbors,
12	and it deals with the future that we don't know
13	about."
14	So I just wanted to bring that up, that,
15	yes, according to the the the how high it is
16	or how wide it is or what the setback is,
17	it's it's compatible, but it still may not actually
18	fit into the neighborhood or be compatible with what
19	we're looking for in that neighborhood. So I just
20	wanted to bring that up.
21	I agree with Spencer and some other
22	people, that as much as it's a pain in the in
23	the butt, wedding-caking this structure would would
24	probably solve a lot of the problems. So
25	the wedding-caking the top floor a little bit

1	and maybe, in the new Code, zero-lot-line buildings
2	should wedding-cake at at the third floor and not
3	the fourth floor.
4	But I think this if the top floor were
5	set back, that would a little bit, that would be
6	undulation, or if that north wall were opened into a
7	deck, or I I you know, again, we're not
8	designing up here, but that if it if it's set
9	back up there somehow, stepped back, that would take a
10	lot of the mass-and-bulk feeling away from the the
11	building and would give undulation to that flat wall,
12	that being stepped back and not being just pushed in
13	and out.
14	I think parking in the area's inadequate
15	already, so I think the parking issue is the Code
16	says as long as there's 750 people often move their
17	cars you know, I hate to see the the City change
18	their rules for everyone on that, but it looks like
19	that that's what's going to happen, and we're going
20	to have different winter rules. And that's you
21	know, that's a cost of having the city become bigger
22	and having had inadequate parking since the '80s.
23	I I agree with the balancing act
24	that I think we've gotten really close here, and we
25	just have to make sure that what we approve is is

1	compatible with the neighborhood for the long run
2	because these buildings will be here for 70 or
3	100 years. So I would like to see the my direction
4	would be, "You've done a great job. Can we address
5	some of these last issues."
6	And, you know, I'd love to see, if there
7	was an agreement between the neighbors, what it'd look
8	like with windows up there, or a a a small deck
9	area, or an enclosed whatever it is on the top
10	there to make it seem less massive. It would be cool
11	to see how they come to that.
12	So, overall, I do I think the the
13	design is really nice. It would be awesome if it
14	could just kind of you know, I know it's a
15	zero-lot-line building, but it's a small lot with a
16	zero-lot-line building, and the neighbors' buildings,
17	many of them are one story, so it it's going to
18	have a shocking effect for a while no matter what. So
19	my that's my direction.
20	I think, Nicole, you've done a great job.
21	I think we'd like to see some of these other potential
22	changes. That's kind of where I am now.
23	COMMISSIONER CORDOVANO: I believe we could
24	request a 3D model of the building.
25	MORGAN LANDERS: If there's any specific

1	diagrams or graphics that you'd like to see when they
2	come back, it'd be good to know that, and then we can
3	ask the applicants to prepare those.
4	COMMISSIONER CORDOVANO: I think that would help
5	set the scale and the scope. And I'd love to see it
6	come back at 1.75, with a lower total height.
7	MORGAN LANDERS: So from
8	CHAIRMAN MORROW: Go ahead.
9	MORGAN LANDERS: for just a quick
10	clarification for staff.
11	Spencer, when you're asking for additional
12	3D models, are you looking for something different
13	than what's included in the packet now, as far as
14	renderings?
15	COMMISSIONER CORDOVANO: I was kind of curious
16	what that design review guideline would get me,
17	honestly, as I considered a 3D model, or maybe an
18	area more of an area-centric model.
19	MORGAN LANDERS: So what I would caution the
20	Commission against is providing a specific cap on the
21	FAR, but asking the applicants to evaluate what
22	additional undulation or relief on that northern
23	facade would look like and see what that comes back
24	with because we we are in a bit of a delicate
25	space, where we can't dictate a specific FAR, but we

Γ

1	can evaluate revised proposals, based on the
2	criteria
3	COMMISSIONER CORDOVANO: Totally, and I
4	MORGAN LANDERS: if the Commission's open
5	to it.
6	COMMISSIONER CORDOVANO: I I just kind of had
7	to slide that in there from the side because I feel
8	like a lot of this is so subjective. And I don't want
9	to make that a cut-and-dry thing, but the whole
10	building could use some wedding-caking.
11	I understand development costs enough to
12	realize that we're probably only going to get it at
13	the top floor. The windows are almost an excuse to
14	get the top floor set back 5 feet, similar as it is
15	on the whole building.
16	CHAIRMAN MORROW: To Spencer's point, we ask
17	this
18	COMMISSIONER CORDOVANO: [Unintelligible].
19	CHAIRMAN MORROW: a lot of times, "Can we get
20	a model that shows what it will look like within
21	the with the surrounding neighborhood," the bulk,
22	mass kind of like, "Here it is, and here's a big
23	picture of what the rest of the" we've we've
24	started to ask for that a lot, and it helps us kind of
25	really look at it, so I think that would be super

1 helpful. 2 MORGAN LANDERS: Yeah, we can definitely do 3 that. COMMISSIONER CORDOVANO: Yeah, so undulation on 4 the north side, west side, and the east side. 5 MORGAN LANDERS: All right. 6 CHAIRMAN MORROW: 7 Any --COMMISSIONER CORDOVANO: And I'm -- I'm 8 all for people being able to buy their lots under the 9 rules, but I think we need to update them more 10 11 quickly. And it is just totally absurd that the max 12 height is 42 feet, and a guy can have a canopy over 13 his hot tub of 49 feet -- no fence, none, for the 14 quy -- whatever, but that's just a 49-foot building in 15 general logic, which is very contrary to City Code. 16 CHAIRMAN MORROW: So at this point, if we've had 17 comment and if you think we've given proper direction 18 and because I don't believe we're making any kind of 19 decision tonight, I think -- especially with what 20 we've heard from the neighbors, I'd like to see more 21 public input, more -- I'd like to see what Nicole 22 comes back with, I'd -- you know, I think we have some 23 steps in the process. But I do think, as usual, it gets better 24 This is an order better than 25 and better every time.

Γ

1	the last one, having moved the stairs and and
2	COMMISSIONER CORDOVANO: And we also don't want
3	to deny it.
4	CHAIRMAN MORROW: No. No. No. We want it to
5	get to where it can be built and and be there for
6	100 years and but that's I think we're getting
7	there. And if we don't need to make any kind of
8	decision tonight, if you feel like we have good
9	direction
10	MORGAN LANDERS: I do. So the only motion that
11	you will need to make is to continue to the next
12	meeting, so that would be January 10th. And then
13	staff will consult with the applicant following the
14	meeting to see if they can make that. And if we need
15	to push it, we can push it.
16	CHAIRMAN MORROW: Okay.
17	COMMISSIONER CORDOVANO: So like I feel
18	like January and tell me if this is my purview.
19	I I feel like January tends to rush, and there's
20	plenty of projects that have been in line for a long
21	time too.
22	CHAIRMAN MORROW: I I don't have a problem
23	with it, but it does seem like it's 10 days. And
24	during the holidays, and that might be unfair to the
25	applicant's team to say, "Hey. Here goes your

Γ

1	Christmas and New Year's so you can redo this."
2	So we're happy to let you guys discuss it
3	with them and and have it set to a date certain
4	that you'll let us know.
5	MORGAN LANDERS: Yeah. And and sorry,
6	Spencer, to interrupt.
7	But, really, it's just to make sure that
8	we have a date certain because if we don't set it to a
9	date certain, we have to go through the re-noticing
10	process, which we can if the if the Planning
11	Commission prefers that.
12	But I think what we can do is continue it
13	to the 10th, and then if, for some reason, the
14	applicant team doesn't feel that's reasonable, we can
15	certainly continue it again.
16	CHAIRMAN MORROW: And don't feel like you guys
17	have to ruin your holiday for us. We're going to be
18	here in January and February. So
19	COMMISSIONER PASSOVOY: I just wanted to make
20	one clarification.
21	My comment regarding the size of the unit
22	on the top is not a reflection of my opinion as to how
23	much space people can or should have to live in. It's
24	up to them. I only mentioned it because I I felt
25	that it was large enough to allow for some undulation

Г

1	of that wall, without losing the the the overall
2	marketability of the unit.
3	MORGAN LANDERS: Thank you.
4	CHAIRMAN MORROW: Susan doesn't feel left out.
5	It's four-and-a-half times bigger than the space I
6	live in. So
7	COMMISSIONER CORDOVANO: What do we want to do
8	about date certain? I'm I don't want to overstep
9	here, but
10	CHAIRMAN MORROW: Well, let's do
11	COMMISSIONER CORDOVANO: [unintelligible].
12	CHAIRMAN MORROW: January 10th. And then if
13	the applicant needs to change it, they'll change it
14	with staff, and we'll they'll have a date certain.
15	But this way, we we've got something at as a
16	placeholder. Is that okay?
17	COMMISSIONER CORDOVANO: Yeah.
18	CHAIRMAN MORROW: Okay. So I will take a motion
19	if anyone
20	COMMISSIONER CORDOVANO: I'll make a motion to
21	continue this project to a date certain, being
22	January 10th
23	CHAIRMAN MORROW: January 10th, yes.
24	COMMISSIONER CORDOVANO: with hopes of a
25	continuance.

1	COMMISSIONER PASSOVOY: And I second the motion.
2	CHAIRMAN MORROW: All in favor?
3	Aye.
4	COMMISSIONER CORDOVANO: Aye.
5	COMMISSIONER PASSOVOY: Aye.
6	COMMISSIONER CARTER: Aye.
7	CHAIRMAN MORROW: Thank you, everyone.
8	VICE CHAIRMAN MOCZYGEMBA: Nay.
9	CHAIRMAN MORROW: Oh, Brenda is a "Nay."
10	VICE CHAIRMAN MOCZYGEMBA: Can I do that with a
11	continuance?
12	CHAIRMAN MORROW: Yes.
13	MORGAN LANDERS: You sure can.
14	VICE CHAIRMAN MOCZYGEMBA: Okay.
15	MORGAN LANDERS: Mm-hmm.
16	CHAIRMAN MORROW: Thank you to the public and to
17	the applicant and to the attorneys and everyone in the
18	room. We will see you guys either in January or some
19	time after that. If you're involved, stay involved,
20	and we'll be happy to continue to hear from you.

# Attachment O: Staff Report (no attachments) -Planning and Zoning Commission February 28, 2023

City of Ketchum Planning & Building

# STAFF REPORT KETCHUM PLANNING AND ZONING COMMISSION REGULAR MEETING OF FEBRUARY 28, 2023

FILE NUMBER: P22-035 and P22-035A

**APPLICATION TYPE:** Final Design Review and Subdivision – Condominium Preliminary Plat

APPLICANT: Nicole Ramey, Medici Architects (Architect)

PROPERTY OWNER: 755 S Broadway, LLC

**REQUEST:** Final Design Review and Condominium Preliminary Plat application for the development of a new, 10,856 square foot, three-story mixed-use building

LOCATION: 200 N Leadville Avenue - Ketchum Townsite: Block 23: Lot 1

**ZONING:** Community Core – Subdistrict 2 – Mixed Use (CC-2)

**REVIEWER:** Morgan R. Landers, AICP – Senior Planner

NOTICE: A public hearing notice for the project was mailed to all owners of property within 300 feet of the project site and all political subdivisions on November 7, 2022. The public hearing notice was published in the Idaho Mountain Express on November 9, 2022. A notice was posted on the project site and the city's website on November 7, 2022. Story poles were verified on the subject property on November 22, 2022. The project was heard at the November 29, 2022 meeting of the Planning and Zoning Commission (the "Commission") and continued to a special meeting on December 20, 2022. The project was heard again on December 20, 2023, and continued to the January 10, 2023 meeting of the Commission. The applicant, siting the need for additional time to respond to Commission's comments, requested the January 10, 2023 hearing be continued to the February 28, 2023 meeting of the Commission. No information was presented or reviewed at the January 10, 2023 meeting and no public comment was taken.

#### I. EXECUTIVE SUMMARY:

As noted above, the Commission has reviewed the proposed application two previous times. Once at their November 29, 2022 hearing and again on December 20, 2022. Staff and Commission comments at the November 29, 2022 hearing were addressed by the applicant at the December 20, 2022 hearing with the exception of the north façade wall. The Commission discussed design review criteria related to the bulk and flatness of the building and commented that the bulk and flatness of the north façade wall was significant and that additional articulation should be considered. The Commission requested the applicant evaluate stepping back the third floor and applying varied materials and architectural detailing to achieve a reduced bulk and

flatness. The Commission also requested a 3D model/rendering of what the building will look like in context with the surrounding neighborhood.

The applicant has provided a revised development proposal included as (Attachment A). The applicant has indicated that the 3D model/rendering will be provided during the applicant presentation portion of the meeting. The following changes are proposed:

- The third floor is stepped back on the Leadville Ave side approximately 4 feet from the ground floor façade wall for a total of 6 feet 10 inches from the property line on Leadville Ave.
- The third-floor deck has been extended to the north end of the building
- The building has been pulled away from the north property line 7 inches to allow for additional brick detailing and architectural treatments on the north façade including a wrap of the dark wood paneling on the ground floor and bricked in windows on the upper floors
- The parapet wall on the rear portion of the building has been raised 1 foot 4 inches to accommodate an elevator tower on the alley side of the building
- A metal railing has been added to the east end of the façade along 2<sup>nd</sup> Street
- A wall trellis on the north façade has been added to facilitate climbing vines from the ground floor to the rooftop deck

Staff recommends the Commission review the proposed changes to determine if the Commission's concerns and requests have been addressed satisfactorily.

# II. CONFORMANCE WITH ZONING AND DESIGN REVIEW STANDARDS:

Per Ketchum Municipal Code (KMC) §17.96.010.A – *Applicability,* design review is required for all new mixeduse buildings. Before granting Design Review approval, the Commission must determine that the application meets two criteria: (1) the project doesn't jeopardize the health, safety, or welfare of the public, and (2) the project conforms to all Design Review standards and zoning regulations (KMC §17.96.050.A).

# Criteria #1: Health, Safety, and Welfare of the Public

The 2014 Comprehensive Plan outlines 10 core values that drive our vision for the future including a strong and diverse economy, vibrant downtown, community character, and a variety of housing options. The built environment within the downtown plays a key role in materializing these values to achieve the city's vision. The 2014 Comprehensive Plan designates the future land use for the subject property as "mixed-use commercial" where, according to the plan, "New structures in existing mixed-use areas should be oriented to streets and sidewalks and contain a mix of activities. Mixed-use development should contain common public space features that provide relief to the density and contribute to the quality of the street." Primary uses include offices, medical facilities, health/wellness-related services, recreation, government, residential, and services.

Policy CD-1.3 of Chapter 4 of the comprehensive plan states that "Infill and redevelopment projects should be contextually appropriate to the neighborhood and development in which they occur. Context refers to the natural and manmade features adjoining a development site; it does not imply a certain style." The transition between buildings is a key design element and has the potential to impact the perceived cohesiveness of the downtown and can impact the way residents and visitors experience a place.

Staff believes the project meets many of the goals and policies of the plan. The project proposes a variety of sizes of residential units and provides desirable retail square footage on the ground floor. The project is set back from the property line on both the Leadville Ave and 2<sup>nd</sup> Street sides, with awnings that invite and protect pedestrians. Benches at the corner and thoughtful landscape elements create common public space that engages with the uses in the building and the adjacent sidewalk. The Commission has expressed concerns related to the project's context with the neighborhood and adjacent development. As further discussed below, the bulk and flatness of the north façade is the most concerning aspect of the development. If the Commission

determines that the revisions to the building effectively reduce the bulk and flatness of the building, the project could be found to conform to Policy CD-1.3 of the comprehensive plan.

# Criteria #2: Applicable Standards and Criteria

# Conformance with Zoning Regulations

The proposed changes do not impact the project's conformance with the zoning regulations, including dimensional standards, applicable to the project. The project remains in conformance with all zoning requirements.

# Conformance with Design Review Improvements and Standards

Staff believes that most design review criteria are met with the proposed project, particularly as it relates to the changes made between the November 29<sup>th</sup> and December 20<sup>th</sup> hearings. Based on discussions at the December 20<sup>th</sup> hearing, the remaining concern for the Commission is design review criteria 17.96.060.F.5, which outlines that "Building walls shall provide undulation/relief, thus reducing the appearance of bulk and flatness". Staff believes that many of the changes proposed are a positive improvement from what was proposed at the December 20<sup>th</sup> hearing. The applicant has revised the plan set to show the existing adjacent trees for context. The applicant has not provided the 3D model/rendering of the surrounding buildings as requested by the Commission as part of the plan set, however, the model will be presented at the hearing for consideration. Sheet A4.4 shows the north façade elevation with the trellis, more articulated brick detailing, bricked in windows, and wood treatment that wraps the corner at the ground floor. It also shows the step back of the third floor from the front façade. No step backs of the third floor have been made on the sides or the rear of the building. Sheet A4.3 shows the same elevation but with the existing vegetation.

The renderings on Sheet A4.5 show how the step back of the third floor changes the appearance of the building. For comparison, Figures 1 and 2 below show comparison renderings between the December 20<sup>th</sup> proposal and what is proposed today.

*Figure 1: Corner Rendering of 2<sup>nd</sup> and Leadville Comparison (December 20<sup>th</sup> on Left)* 

Figure 2: Corner Rendering of Leadville Ave Comparison (December 20th on Left)

The revised renderings depict what exists today with vegetation on adjacent properties. For reference, Sheet A4.4 shows what the elevation would look like if the vegetation did not exist.

## III. STAFF RECOMMENDATION

Staff requests the Commission review the Design Review application and provided feedback to the applicant on the proposed revisions.

<ul> <li>(Begin transcription at 0:41:14 of audio</li> <li>file.)</li> <li>CHAIRMAN MORROW: So all right. We will move</li> <li>on to Action Item 5 that's correct a public</li> <li>hearing review and provide feedback on Design</li> <li>Review and condominium preliminary plat applications</li> <li>for the proposed mixed-use development at 200 North</li> <li>Leadville.</li> <li>Morgan.</li> <li>MORGAN LANDERS: Okay. Thank you, everyone.</li> <li>I don't have formal presentation slides</li> <li>for you all this evening. I think the focus of the</li> <li>discussion is fairly truncated on one kind of specific</li> <li>itssue. I do want to highlight a couple of things from</li> <li>the staff report.</li> <li>If you all recall, the very first time you</li> <li>saw this was in December [sic], and then there was</li> <li>some discussion. You all provided the applicant with</li> <li>some feedback, and they had kind of provided a variety</li> <li>of revisions for review that you all, then, kind of</li> <li>felt were pretty good.</li> <li>And the where we landed at our last</li> <li>some concern related to kind of the north-facade wall</li> <li>on the north property line between the subject</li> </ul>	<ul> <li>metal-banding component that Nicole will touch on.</li> <li>This was in response to the re-addition of an elevator</li> <li>overrun that was added to the building, that was not</li> <li>part of the initial proposal.</li> <li>And then there is also, on the north</li> <li>facade, kind of a trellis that has been applied to the</li> <li>facade, which would provide facilitation of vine</li> <li>growth and things like that to kind of add a more</li> <li>landscaped element.</li> <li>So with that, I don't have any comments</li> <li>for you all. I do think that some of these</li> <li>improvements are positive. But the question to the</li> <li>Commission is, "Do you all believe that the changes</li> <li>proposed effectively reduce the bulk and flatness of</li> <li>the building on that side with that undulation and</li> <li>relief change?"</li> <li>So with that, I'll turn it over to the</li> <li>applicant, and Nicole can drive from here.</li> <li>CHAIRMAN MORROW: Thanks, Morgan.</li> <li>NICOLE RAMEY: Okay. Good afternoon.</li> <li>As always, I want to thank Morgan and her</li> <li>staff for their tireless hard work and feedback on</li> <li>this. This is always a little bit of a long process.</li> <li>address before we get into the meat of the</li> </ul>
Page 3	Page 5
<ol> <li>property and the property to the north. And</li> <li>primarily, there was some concern related to the</li> <li>undulation and relief and the bulk and flatness of the</li> <li>building.</li> <li>And so, as we sit here today, the</li> <li>applicant has taken another stab at addressing some of</li> <li>your comments. We do have an applicant representative</li> <li>here, Nicole Ramey. She's the architect for the</li> <li>project, so she'll give you kind of the full review of</li> <li>the changes.</li> <li>But, in general, they have stepped back</li> <li>the third floor of the building on the Leadville</li> <li>Avenue side. There's also the third-floor deck has</li> <li>been extended to kind of be the full length of the</li> <li>front facade on the Leadville side.</li> <li>The building has been pulled away from the</li> <li>north property line about 7 inches, which</li> <li>would accommodates for some of the additional brick</li> <li>detailing and things like that so that the</li> <li>building so that those things don't project onto</li> <li>the adjacent property.</li> <li>There's also the parapet wall on kind</li> <li>of the rear portion of the building, as you go down</li> <li>Second Street there has been a raising of the</li> </ol>	<ol> <li>presentation, really relating to the comment letters,</li> <li>and some of them containing a little bit of erroneous</li> <li>information.</li> <li>I read quite a few comments regarding a</li> <li>height bonus. I want to make clear that we're not</li> <li>asking for a height bonus, variance, or waiver of any</li> <li>kind. The height limit in place for the Community</li> <li>Core is applicable regardless of the floor area ratio.</li> <li>So I just wanted to make sure that it's</li> <li>understood that we're not asking for any height</li> <li>variance.</li> <li>Also, a few letters referenced a</li> <li>6,000-square-foot, north-elevation number. That</li> <li>number's false. The actual square footage for the</li> <li>north-elevation wall is 3,500.</li> <li>We have taken the option that is allowed</li> <li>by Code to go through this FAR-exceedance process, but</li> <li>placing a specific size or height requirement on this</li> <li>particular lot is spot zoning.</li> <li>Here are our revised renderings. Morgan</li> <li>did run through a couple of the changes, so some of</li> <li>these might be doubling up, but I just wanted to point</li> <li>out point out the changes from our point of view.</li> <li>So we listened to the staff and outside comments and</li> </ol>

	Page 6		Page 8
1	The roof-parapet height has been split,	1	So although not applicable, we used the
	resulting in two different roof-parapet heights for		same materials and kept the same architectural

We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail
2 3 4 5 6	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the	2 3 4 5 6	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space
2 3 4 5 6 7	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed.	2 3 4 5 6 7	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail
2 3 4 5 6 7 8	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has	2 3 4 5 6 7 8	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted
2 3 4 5 6 7 8 9	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck	2 3 4 5 6 7 8	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those
2 3 4 5 6 7 8 9	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of	2 3 4 5 6 7 8 9	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well.
2 3 4 5 6 7 8 9 10 11	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of	2 3 4 5 7 8 9 10 11	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that,
2 3 4 5 6 7 8 9 10 11 12 12	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville,	2 3 4 5 7 8 9 10 11	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades.
2 3 4 5 6 7 8 9 10 11 12 13 14	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville, we have 2'9 foot of setback at the first and second	2 3 4 5 7 8 9 10 11	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades. CHAIRMAN MORROW: Thank you.
2 3 4 5 6 7 8 9 10 11 12 13 14 15	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville, we have 2'9 foot of setback at the first and second floors and 6'10 at the third floor. The north	2 3 4 5 6 7 8 9 10 11 12 13 14 15	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades. CHAIRMAN MORROW: Thank you. NICOLE RAMEY: So we we even have them on the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville, we have 2'9 foot of setback at the first and second floors and 6'10 at the third floor. The north elevation benefits from this horizontal step in the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades. CHAIRMAN MORROW: Thank you. NICOLE RAMEY: So we we even have them on the alley, once again, to kind of keep that design
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville, we have 2'9 foot of setback at the first and second floors and 6'10 at the third floor. The north elevation benefits from this horizontal step in the facade, as the view seen from the street has more	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades. CHAIRMAN MORROW: Thank you. NICOLE RAMEY: So we we even have them on the alley, once again, to kind of keep that design continuity going. So there they are, four of them, so
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville, we have 2'9 foot of setback at the first and second floors and 6'10 at the third floor. The north elevation benefits from this horizontal step in the facade, as the view seen from the street has more undulation and is cut away at this corner.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades. CHAIRMAN MORROW: Thank you. NICOLE RAMEY: So we we even have them on the alley, once again, to kind of keep that design continuity going. So there they are, four of them, so everyone can enjoy traffic.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville, we have 2'9 foot of setback at the first and second floors and 6'10 at the third floor. The north elevation benefits from this horizontal step in the facade, as the view seen from the street has more undulation and is cut away at this corner. For the north elevation, we also brought	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades. CHAIRMAN MORROW: Thank you. NICOLE RAMEY: So we we even have them on the alley, once again, to kind of keep that design continuity going. So there they are, four of them, so everyone can enjoy traffic. CHAIRMAN MORROW: After the hotel, everyone
2 3 4 5 6 7 7 8 9 10 11 12 13 14 15 16 17 18 19 20	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville, we have 2'9 foot of setback at the first and second floors and 6'10 at the third floor. The north elevation benefits from this horizontal step in the facade, as the view seen from the street has more undulation and is cut away at this corner. For the north elevation, we also brought the same materials and design language around, and we	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades. CHAIRMAN MORROW: Thank you. NICOLE RAMEY: So we we even have them on the alley, once again, to kind of keep that design continuity going. So there they are, four of them, so everyone can enjoy traffic. CHAIRMAN MORROW: After the hotel, everyone knows what they are now. So
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. Without the trees, you can see more of the changes that we've proposed. So on this Leadville elevation, the portion of the third floor nearest to Leadville has been recessed to reduce bulk. The third-floor deck now wraps around in front of this pushed-back facade. So we've added a deck here. There is now 4 feet of difference between the first-and-second-floor facade and the third-floor facade. From the front property line of Leadville, we have 2'9 foot of setback at the first and second floors and 6'10 at the third floor. The north elevation benefits from this horizontal step in the facade, as the view seen from the street has more undulation and is cut away at this corner. For the north elevation, we also brought the same materials and design language around, and we included bricked-in windows, wood trim that matches	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Leadville side, so they only exist under the overhang. We have added a window into the retail space on Leadville, and we have moved the stairwell and entry that was for the lower-level residential unit, and so we have swapped that out with the retail reentry. So we've added windows onto the retail space on both Leadville and Second, and we've also adjusted and moved the bike racks and trash and all of those things as well. I also wanted to point out that, since from Day 1, we've had I think this is in response to the hotel. We've had Juliet balconies on all three facades. CHAIRMAN MORROW: Thank you. NICOLE RAMEY: So we we even have them on the alley, once again, to kind of keep that design continuity going. So there they are, four of them, so everyone can enjoy traffic. CHAIRMAN MORROW: After the hotel, everyone knows what they are now. So NICOLE RAMEY: Okay. So the next thing I want
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	existing landscaping on the northern neighbors' property, which is, really, what you would see in reality is that there are aspen trees and very large that is existing. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. I also have a real problem with the elevator shaft, which isn't shown in many of these depictions. But I believe the intent of protrusions through the roof and and through the height height above the height limit is meant for chimneys and mechanical
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	can still work. In general, I've complimented the building on on three of the four sides. The difficulty is is the north wall; right? The north wall hasn't changed in five or six weeks, from when we were last here. It's a a hair more attractive. They've used my trees to make it look better, which kind of doesn't work because I don't know how long those are there. One of the photos had a tree that doesn't exist anymore, that was from I don't know maybe 20 years ago or 15 years ago. So it's still very difficult to understand, from the sidewalk, walking into The Kneadery or coming from Sun Valley Road, how obtrusive this north wall will be. The reason I was encouraged to come to	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	property line with a a little, skinny gap in there is just a you know, that's a good way to catch leaves and junk and stuff off the roof. So the fact that they went 7 inches it might as well be on the property line. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. I also have a real problem with the elevator shaft, which isn't shown in many of these depictions. But I believe the intent of protrusions through the roof and and through the height height above the height limit is meant for chimneys and mechanical and vents and things like that.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	can still work. In general, I've complimented the building on on three of the four sides. The difficulty is is the north wall; right? The north wall hasn't changed in five or six weeks, from when we were last here. It's a a hair more attractive. They've used my trees to make it look better, which kind of doesn't work because I don't know how long those are there. One of the photos had a tree that doesn't exist anymore, that was from I don't know maybe 20 years ago or 15 years ago. So it's still very difficult to understand, from the sidewalk, walking into The Kneadery or coming from Sun Valley Road, how obtrusive this north wall will be. The reason I was encouraged to come to this meeting after redesign is I thought we would	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	property line with a a little, skinny gap in there is just a you know, that's a good way to catch leaves and junk and stuff off the roof. So the fact that they went 7 inches it might as well be on the property line. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. I also have a real problem with the elevator shaft, which isn't shown in many of these depictions. But I believe the intent of protrusions through the roof and and through the height height above the height limit is meant for chimneys and mechanical and vents and things like that. And although an elevator shaft
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	can still work. In general, I've complimented the building on on three of the four sides. The difficulty is is the north wall; right? The north wall hasn't changed in five or six weeks, from when we were last here. It's a a hair more attractive. They've used my trees to make it look better, which kind of doesn't work because I don't know how long those are there. One of the photos had a tree that doesn't exist anymore, that was from I don't know maybe 20 years ago or 15 years ago. So it's still very difficult to understand, from the sidewalk, walking into The Kneadery or coming from Sun Valley Road, how obtrusive this north wall will be. The reason I was encouraged to come to this meeting after redesign is I thought we would see a three-dimensional model, which can be	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	property line with a a little, skinny gap in there is just a you know, that's a good way to catch leaves and junk and stuff off the roof. So the fact that they went 7 inches it might as well be on the property line. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. I also have a real problem with the elevator shaft, which isn't shown in many of these depictions. But I believe the intent of protrusions through the roof and and through the height height above the height limit is meant for chimneys and mechanical and vents and things like that. And although an elevator shaft is "uninhabited," it sticks up I don't know exactly how much higher above the roof, but it is very, very
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	can still work. In general, I've complimented the building on on three of the four sides. The difficulty is is the north wall; right? The north wall hasn't changed in five or six weeks, from when we were last here. It's a a hair more attractive. They've used my trees to make it look better, which kind of doesn't work because I don't know how long those are there. One of the photos had a tree that doesn't exist anymore, that was from I don't know maybe 20 years ago or 15 years ago. So it's still very difficult to understand, from the sidewalk, walking into The Kneadery or coming from Sun Valley Road, how obtrusive this north wall will be. The reason I was encouraged to come to this meeting after redesign is I thought we would see a three-dimensional model, which can be required which I think Spencer required which	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	property line with a a little, skinny gap in there is just a you know, that's a good way to catch leaves and junk and stuff off the roof. So the fact that they went 7 inches it might as well be on the property line. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. I also have a real problem with the elevator shaft, which isn't shown in many of these depictions. But I believe the intent of protrusions through the roof and and through the height height above the height limit is meant for chimneys and mechanical and vents and things like that. And although an elevator shaft is "uninhabited," it sticks up I don't know exactly how much higher above the roof, but it is very, very
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	can still work. In general, I've complimented the building on on three of the four sides. The difficulty is is the north wall; right? The north wall hasn't changed in five or six weeks, from when we were last here. It's a a hair more attractive. They've used my trees to make it look better, which kind of doesn't work because I don't know how long those are there. One of the photos had a tree that doesn't exist anymore, that was from I don't know maybe 20 years ago or 15 years ago. So it's still very difficult to understand, from the sidewalk, walking into The Kneadery or coming from Sun Valley Road, how obtrusive this north wall will be. The reason I was encouraged to come to this meeting after redesign is I thought we would see a three-dimensional model, which can be required which I think Spencer required which allows you to look at it.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	property line with a a little, skinny gap in there is just a you know, that's a good way to catch leaves and junk and stuff off the roof. So the fact that they went 7 inches it might as well be on the property line. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. I also have a real problem with the elevator shaft, which isn't shown in many of these depictions. But I believe the intent of protrusions through the roof and and through the height height above the height limit is meant for chimneys and mechanical and vents and things like that. And although an elevator shaft is "uninhabited," it sticks up I don't know exactly how much higher above the roof, but it is very, very visible. And the elevator shaft benefits one
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	can still work. In general, I've complimented the building on on three of the four sides. The difficulty is is the north wall; right? The north wall hasn't changed in five or six weeks, from when we were last here. It's a a hair more attractive. They've used my trees to make it look better, which kind of doesn't work because I don't know how long those are there. One of the photos had a tree that doesn't exist anymore, that was from I don't know maybe 20 years ago or 15 years ago. So it's still very difficult to understand, from the sidewalk, walking into The Kneadery or coming from Sun Valley Road, how obtrusive this north wall will be. The reason I was encouraged to come to this meeting after redesign is I thought we would see a three-dimensional model, which can be required which I think Spencer required which allows you to look at it. You know, the CAD programming allows you	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	property line with a a little, skinny gap in there is just a you know, that's a good way to catch leaves and junk and stuff off the roof. So the fact that they went 7 inches it might as well be on the property line. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. I also have a real problem with the elevator shaft, which isn't shown in many of these depictions. But I believe the intent of protrusions through the roof and and through the height height above the height limit is meant for chimneys and mechanical and vents and things like that. And although an elevator shaft is "uninhabited," it sticks up I don't know exactly how much higher above the roof, but it is very, very visible. And the elevator shaft benefits one occupant, which is the penthouse, which means the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	can still work. In general, I've complimented the building on on three of the four sides. The difficulty is is the north wall; right? The north wall hasn't changed in five or six weeks, from when we were last here. It's a a hair more attractive. They've used my trees to make it look better, which kind of doesn't work because I don't know how long those are there. One of the photos had a tree that doesn't exist anymore, that was from I don't know maybe 20 years ago or 15 years ago. So it's still very difficult to understand, from the sidewalk, walking into The Kneadery or coming from Sun Valley Road, how obtrusive this north wall will be. The reason I was encouraged to come to this meeting after redesign is I thought we would see a three-dimensional model, which can be required which I think Spencer required which allows you to look at it. You know, the CAD programming allows you to look at things from all directions, and I think we	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	property line with a a little, skinny gap in there is just a you know, that's a good way to catch leaves and junk and stuff off the roof. So the fact that they went 7 inches it might as well be on the property line. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. I also have a real problem with the elevator shaft, which isn't shown in many of these depictions. But I believe the intent of protrusions through the roof and and through the height height above the height limit is meant for chimneys and mechanical and vents and things like that. And although an elevator shaft is "uninhabited," it sticks up I don't know exactly how much higher above the roof, but it is very, very visible. And the elevator shaft benefits one occupant, which is the penthouse, which means the entire town gets to look at this protrusion on already
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	can still work. In general, I've complimented the building on on three of the four sides. The difficulty is is the north wall; right? The north wall hasn't changed in five or six weeks, from when we were last here. It's a a hair more attractive. They've used my trees to make it look better, which kind of doesn't work because I don't know how long those are there. One of the photos had a tree that doesn't exist anymore, that was from I don't know maybe 20 years ago or 15 years ago. So it's still very difficult to understand, from the sidewalk, walking into The Kneadery or coming from Sun Valley Road, how obtrusive this north wall will be. The reason I was encouraged to come to this meeting after redesign is I thought we would see a three-dimensional model, which can be required which I think Spencer required which allows you to look at it. You know, the CAD programming allows you to look at things from all directions, and I think we could have seen some perspectives that would have	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	property line with a a little, skinny gap in there is just a you know, that's a good way to catch leaves and junk and stuff off the roof. So the fact that they went 7 inches it might as well be on the property line. I I do think that they've done made some attempt to change the relief, but it's really you know, the relief in 7 inches is only 7 inches of relief. The the north the north wall is one problem. <ol> <li>then, as we added the second 749-square-foot to 2 during the process we I you know, I gue 3 that's a that's a discussion, but it's more about 4 adding it [unintelligible] to the pool.</li> <li>COMMISSIONER CORDOVANO: And 6 And what is the top-floor penthouse's new</li> <li>size with the reduced massing?</li> <li>UNIDENTIFIED SPEAKER: [Unintelligible]</li> <li>looking at 35.</li> <li>NICOLE RAMEY: Yeah. [Unintelligible].</li> <li>3,505 net.</li> <li>COMMISSIONER CORDOVANO: Thank 13 CHAIRMAN MORROW: Other questions?</li> <li>COMMISSIONER CORDOVANO: Another</li> <li>staff.</li> <li>CHAIRMAN MORROW: Yeah, we closed</li> <li>comment. Yeah, I closed public comment.</li> <li>Sorry. Go ahead, Spencer.</li> <li>COMMISSIONER CORDOVANO: A quest</li> <li>but if anybody has anything else for the application of the process.</li> <li>CHAIRMAN MORROW: Go ahead.</li> </ol>	ess at thank you. e]. I'm 1 you. 1 r question for 1 the public 1 the public 1 the public 2 2	2 1 3 1 5 6 7 8 9 .0 1 .2 0 .3 0 .1 .2 0 .3 0 .2 0 .2 0 .2 0 .2 0 .2 0 .2 0 .2 0 .2	been any discussion with the adjacent property owner regarding plantings for the trellis? I think you had mentioned that there is a possibility that the plantings could all come from the rooftop. NICOLE RAMEY: Correct. VICE CHAIRMAN MOCZYGEMBA: Okay. Great. Thanks. CHAIRMAN MORROW: Tim, do you have COMMISSIONER CARTER: No. CHAIRMAN MORROW: Susan? COMMISSIONER PASSOVOY: Yes, I since the original application precedes my tenure on the Commission, I just wanted to get a little clarification on the procedure. I know that we have because of the the order in which the FAR Exceedance Agreement was done I guess, created I'm not quite sure what the right word is but, you know, some consternation, that we have advise so advised that we don't want to want this to happen again; is that correct? MORGAN LANDERS: That's correct.
23 COMMISSIONER CORDOVANO: What's		3	So this there was quite a bit of
<ul><li>24 payment for this project?</li><li>25 MORGAN LANDERS: I will look that up.</li></ul>			history of kind of how we were doing the sequence of FAR exceedance agreements. This very project actually
<ol> <li>it was in the original staff report, but I'll find</li> <li>that and get back to you.</li> <li>COMMISSIONER CORDOVANO: [Uninted</li> <li>UNIDENTIFIED SPEAKER: \$411,000.</li> <li>CHAIRMAN MORROW: Okay. Thank you</li> <li>Other questions</li> <li>COMMISSIONER CORDOVANO: Keeps you</li> <li>CHAIRMAN MORROW: for staff?</li> <li>COMMISSIONER CORDOVANO: Keeps you</li> <li>CHAIRMAN MORROW: for staff?</li> <li>COMMISSIONER CORDOVANO: Keeps you</li> <li>CHAIRMAN MORROW: for staff?</li> <li>COMMISSIONER CORDOVANO: Keeps you</li> <li>UNIDENTIFIED SPEAKER: [Unintelligibil</li> <li>CHAIRMAN MORROW: No other question</li> <li>or the applicant?</li> <li>VICE CHAIRMAN MOCZYGEMBA: I have</li> <li>the applicant.</li> <li>I I think we covered this before, but</li> <li>we covered it in detail in a previous meeting.</li> <li>brick here is the intention that it will be a at</li> <li>full brick to achieve the brick detailing; correct</li> <li>NICOLE RAMEY: And that is part of the</li> <li>reason the 7 inches is not is not empty spa</li> <li>7 inches is really to allow for full brick detailir</li> <li>utilizing full-sized bricks, to be offset from eac</li> <li>other and achieve that call it that "traditional</li> <li>definition of relief on the building.</li> <li>VICE CHAIRMAN MOCZYGEMBA: And</li> </ol>	elligible]. u. ou up at night. e]. 1 ns for staff 1 e a question for 1 The 1 a 1 t? 1 uce. 2 ng, 2 ch 2 y 2	2 3 4 5 5 7 6 7 7 8 9 9 1.2 .2 .3 .4 .5 .6 .0 .2 .3 .2 .3 .4 .5 .6 .2 .2 .3 .2 .2 .2 .2 .2 .2 .2 .2 .2 .2	Page 37 instigated a comprehensive policy discussion with the Planning and Zoning Commission and City Council. So just to kind of recap where that landed is that moving forward, if an applicant is coming forward with either on-site, off-site, or an in-lieu payment that meets kind of their by-right options, the FAR exceedance agreements won't go to City Council until after the Planning and Zoning Commission makes their recommendation on on design review. The only caveat to that is that, if an applicant is requesting, basically, an alternative mitigation which is provided for in the Code, but is only allowed by City Council approval what we decided and what the Planning Commission seemed to be okay with, was that we would go to the Planning Commission for an initial or to the City Council for an initial discussion, no approval of an FAR exceedance agreement comes through the Planning and Zoning design-review process, and then follow that with approval of the FAR exceedance agreement after the P&Z design-review process. So that is what we are following for all projects moving forward, but this project was the kind of instigator of that policy discussion.

	Page 50		Page 52
<ul> <li>kind of gut is that downtown is where this kind of gut is that downtown is where this kind development needs to be, one block off of Maind one block off of Sun Valley Road.</li> <li>You know, as jarring as a it sort of a it's a conflict to the buildings that are there</li> <li>but it doesn't it feels like this development's root of inevitable, certainly at the scale we've be going the last few years. It it feels like this if where we're headed.</li> <li>I appreciate the improvements to the north wall. I I mean, I I really think</li> <li>those those recessed, bricked-in-window I is root invest a lot in a wall that you show, there's a good chance that that is going to developed over at some point.</li> <li>A couple comments about the about the facade you know, one of the things I hoped over at some point.</li> <li>couple of things I hope we address in the Code that we do is this sort of focus on on undulate everywhere. There's a previous iteration of this building on the is it 2nd Street? view that</li> </ul>	in Street, 2 3 4 2 5 6 6 6 7 6 7 6 9 10 11 00k 12 hat. 13 14 to get 15 16 17 we I 18 9 10 11 00k 12 16 17 19 10 11 15 16 17 18 19 18 19 10 10 10 10 10 10 10 10 10 10	<ul> <li>what what that</li> <li>to come up as kind</li> <li>building. But I the</li> <li>ti's not viewed from</li> <li>they're going to tag</li> <li>some point.</li> <li>CHAIRMAN I</li> <li>wanted to stay awo</li> <li>anything as we go</li> <li>I'm I'm of the se</li> <li>This is two time</li> <li>up with we're for</li> <li>to tag and the se</li> <li>to tag and tag and the se</li> <li>to tag and tag a</li></ul>	es in a row that we've come ighting about height to keep the a there's this 10-foot thing on top otally destroys it. Even though you he street, it you you know, c now. And so llowed, but I'd like to get o dig it at the bottom o get that space to put the they need, but I'm I'm in in ing rid of this or or making it
24 the white stone. That's, I think, much more	24	so that clearly,	someone said they do it in
25 attractive.	25	5 Seattle, and they	were they can make it even with
1 And, you know, we forced this building to	Page 51	the roof or build t	Page 53
2 put in add add sort of add a I think it's			I to address this before
<ul> <li>3 a a like a steel-fascia-overhang wall and a</li> <li>4 break in the parapet, and and I just for</li> <li>5 the you know, for the sake of undulation and</li> <li>6 relief. And I think the religion of undulation</li> <li>7 of is I would like I'd like to address in th</li> <li>8 next in the Code rewrite.</li> </ul>	4 and 5 6 6 7 8	<ul> <li>bunch of 52-foot</li> <li>not matter. On 10</li> <li>all really large but</li> <li>an urgent concern</li> <li>More to this point</li> </ul>	ags get bigger, before we have a you know, on one building, it may ), it may start to look like they're ildings. So I think that's more of a s we go forward. bint, I'm hoping well,
9 And then I also think we should look at			question was going to be, "Did
<ul><li>10 elevator overruns. I understand that, you know</li><li>11 way this is designed is what's allowed by Code</li></ul>		• they talk to the ne One of the pict	ures they show has a bunch
12 we really need to have elevators going to the re	oof? 12	2 of like aspens on	the side. I like that view, but
<ul><li>13 What what is the reason why elevators are g</li><li>14 the roof? So if we can address that because</li></ul>			that with 7 inches. You know, I back and the ability to put windows
15 it elevator overruns require so much addition			ern view like Spen [phonetic] said.
<ul><li>16 height over the allowable roof.</li><li>17 We ran into it in the hotel. Why is it</li></ul>	16 17	5 But, again, that d having the neight	idn't seem to go anywhere, you know, oors do that.
<ul><li>18 that we're why are there elevators going to the</li><li>19 roof, and must we allow those? Because they</li></ul>			m on this being an corner. I guess, as much as I hate
20 add a significant amount to sort of the agreed-t			ng to see is this corner and the
<ul> <li>21 allowable height of the building.</li> <li>22 CHAIRMAN MORROW: All right. Go and</li> </ul>	21	-	bing to the level to the limit, 42
23 VICE CHAIRMAN MOCZYGEMBA: Tim	, thanks for <b>23</b>	And then, next	across the street, you
<ul><li>24 adding that on the elevator overrun. That's one</li><li>25 I forgot to mention, but I would agree.</li></ul>	-		oric houses. And so you're going to stepdown no matter what over there

Look . This is what's getting built. they did a nice job of of , of stepping the building back more. Fim's comment about the the ndulation, but I I think, right now, ortant that we do it. But we probably ess it so it doesn't get out of control. tor tower. The trees on the
<ol> <li>stay.</li> <li>Can the trellis get enough light, being on</li> </ol>	Page 55	Page 5 omething basically, radically different round you, and that's why this is
<ul> <li>3 the north side, not getting a lot of light? I</li> <li>4 just I'd hate to see a bunch of you know, just</li> <li>5 an empty trellis or a bunch of dead plants or or</li> <li>6 you guys constantly trying to put new plants in th</li> <li>7 so that it doesn't it's it's not so much a</li> </ul>	4 concern about 5 And I thin here 6 the first one	e target of a lot of con community at direction. k that, if this is going to be of several in this area, it's it's a nean, I think that the architect and the
<ul> <li>9 so that it doesn't it's not so inden a</li> <li>8 question, as it is just something that</li> <li>9 we're yeah that we'd like to that I'd like to</li> <li>10 make sure we're keeping an eye on.</li> </ul>	<ul><li>8 developer ha</li><li>9 compromise</li></ul>	we come up with with a good a good and within the boundaries of the Code equired to work with.
<ul> <li>As anything else and you guys can tell</li> <li>me to stop saying this, but this project gets better</li> <li>and better. And I'm sure if it took another two</li> <li>years, it would get somewhere close to where Da</li> </ul>	12 the first, but 13 might have b	AN MORROW: Well, they might not have bee we rejected I don't know Tim been here for this. ed a project across the street
<ul> <li>15 wants it to be, and we would find a really great</li> <li>16 project but I think. I think the process works</li> </ul>	15 that was stric	ctly strictly housing, with no

- project, but I think -- I think the process works.
  We've -- I really like the addition to the
- ${\tt 18}\,$  north wall of the bricked-in windows. I think that's
- **19** a really clever solution that gives it some feel, more
- 20 than just color or murals or whatever.21 And if we can get the trellis to work,
- 22 then it really kind of -- now you've kind of shrunk
- 23 that. As -- again, as much as I'm with everyone
- 24 else -- it would be nice if buildings were
- 25 smaller -- this is what the Code says. This is what's

21

22

16 activation on the first floor. And we were just

17 like, "It's" -- "It doesn't fit the neighborhood."

going to see that next door anyway.

**25** putting your front door on the street."

So I -- you're right. It -- it -- it was

18 It -- so I could see, with retail on the first floor,

20 as this, but was large. And -- and you're probably

23 hard for the first, and there would have been one

24 before, but we were like, "There's no way that we're

19 that project coming back, which was maybe not as bulky

	1		

	•		
	Page 62		Page 64
1	colors on it, but we've we've done that.	1	have design-review criteria; right? So I think what
2			staff tried to kind of present to you all is the
	Mr. Hutchinson doesn't develop for 10 years or		criteria that's applicable is that the building wall
	15 years, then that wall is going to be there, and		"shall provide undulation/relief, thus reducing the
	we're going to have to live with that. But if it		appearance of bulk and flatness."
	turns out that it's either too much to live next to	6	
	or, again, the economy changes and now we have a new		your guiding light there. It's do do you feel
	non-mountain, modern design that comes in, maybe		that it does that, or do you feel that it doesn't?
	something else goes up there.		You know, I definitely you all are grappling with a
10			pretty significant challenge, but every time that I
	it it it meets the my problem is it meets the		feel a little bit lost in a decision, I always go back
	Code. You know, it'd be great if the Code said, "Hey.		to the criteria, and ultimately, that's what you all
	35' at the top. That's the parapet. Nothing above		have to make your decision based on.
	it," but it doesn't. And and I I agree. We	14	
	don't have to just say, "Okay. We're going to do it,"		needs to be rooted in that criteria. So it's very
	but I think they've made some good changes to the		important that you kind of keep that as your guiding
	building.		light as you move forward. And staff believes this is
18			probably the most applicable criteria that you are
	from, "This fits the Code." I'd like to see that		working with.
	north wall undulate, but if it gets covered, I'm not	20	So, again, if you feel that it does
	sure that's worth it. I like the what they've done		effectively reduce the bulk and flatness, then you
	with the bricked-in windows because it has that feel.		could approve. And if you don't, then you could deny
	But, yeah, I I see what you're what you're		or request additional changes.
	saying.	23	
25		25	So more discussion? I'm open for a
2.5	And I do have an issue, kind of, with	2.5	so more discussion. The open for a
	Page 63		Page 65

<ol> <li>COMMISSIONER CORDOVANO: I feel</li> <li>already been there.</li> <li>VICE CHAIRMAN MOCZYGEMBA: Yea</li> <li>I've heard that I don't necessarily agree with -</li> <li>you know, there's no more [unintelligible] of</li> <li>north wall as it stands, that what what's b</li> <li>discussed before by Commissioner Spencer v</li> <li>stepping back of the third floor.</li> <li>But in my mind, again, that that's</li> <li>something that is not the intent of the Code at</li> <li>these third floors, to have a step-back, but I th</li> <li>that's where some of the other Members at the</li> <li>in in their mind I think where where w</li> <li>kind of stuck.</li> <li>CHAIRMAN MORROW: Yeah. I would -</li> <li>I'm not an architect, but I always thought, if y</li> <li>were looking north, it would be cool if there v</li> <li>balcony on that side, but then that would requ</li> <li>agreement with the neighbor to have a perma</li> <li>setback so that because that's a real structure</li> <li>the it's not a window. It's not something that</li> </ol>	ah. I think what2The floorah. I think what3for inclusion but,4100-percenthis5it says, "Andorembeen6design reviewvould be a7that's Section8all believer99building mathematic10has a designhink11COMMIis table,12And due I I mean,15for 200 Nonyou16and flatnesswas a17mentioned.uire some18COMMInent19flatness of the residenceat can21COMMIco22specifically	r-area-density-bonus program is nary-housing incentive, and that is t dependent on design-review approval. So increased FAR may be permitted subject to ew approval." And that is in our Code. So on 17.124.040. So they only get it if you that the increase of the size of the eets the design-review criteria, and then it n-review approval. SSIONER CORDOVANO: And I don't. to everything I've stated, with ntended to the development team, I'd like t a motion to deny the design-review permit th Leadville, based on undulation, bulk, s, lack thereof, and the other factors I SSIONER PASSOVOY: Undulation, bulk, and the north wall specifically or of st of the facades? SSIONER CORDOVANO: North wall, , and the building in general.
<b>22</b> get covered up. It would really affect that top <b>23</b> floor.		AN MORROW: I I yeah. I I would
<ul> <li>24 So if there were some change made to the</li> <li>25 top floor so that the north side had an outside</li> </ul>	24 only disagr	ee with that unless something I think le a nice effort in the stepping back and
	Page 67	Page 69
<ol> <li>balcony so that it wasn't just whatever. Bu</li> <li>that would that would necessitate some set</li> <li>the neighbor agreement with the neighbor set</li> <li>that balcony didn't get walled in in the future.</li> <li>would be an awful thing. So but, again, no</li> <li>trying to give architectural solutions.</li> <li>So we have essentially two for</li> <li>continuance.</li> <li>Tim, do you have a</li> <li>COMMISSIONER CARTER: I want to</li> <li>you just explain the connection between the H</li> <li>exceedance the discretion that is that is g</li> <li>in the Code, to is the FAR is FAR</li> <li>exceedance that discretion isn't given to</li> <li>Commission. Isn't our or is it? That's my</li> <li>question. Is</li> <li>MORGAN LANDERS: So</li> <li>COMMISSIONER CARTER: You know,</li> <li>evaluate this project based on the design-revi</li> <li>criteria right? which is bulk and flatness</li> <li>health and safety. Where does it where are</li> <li>charged there there's a relationship, but h</li> <li>are we directly charged with the FAR exceed</li> <li>MORGAN LANDERS: Yep. So let me put</li> </ol>	back with so that2think the fr 3so that . That3building, m 4at improvemend bt not5So the not 6bt not5So the not 66bt not5So the not 67bt not5So the not 79not out of s10town. Why 9pot out of s10town. Why 11three-story given,12they then 13exist in in 14one, and will 15COMMII 1616of those for 17updated. T 18we have to ew19community 20ewe21in relation t 22how22they've bee	SSIONER CORDOVANO: I've voted against all the factors of the Code that I see he reason I didn't throw out motions on the and was because of the amount of housing that they've provided or other d other undulations in those buildings and o the character of the neighborhood that

1 isn't worth it? Is that what you're saying? To	-	ı Ith	ink our our Code isn't fully
2 the what the public's getting in in return for			ured to to to kind of support that
3 having to live with this mass, it's the public			ach at this time.
4 isn't getting enough in return?		<b>.</b> .	MMISSIONER CORDOVANO: Agreed. And I think,
5 COMMISSIONER CORDOVANO: Correct.			DRGAN LANDERS: Though I do know that that is a
6 COMMISSIONER CARTER: So what we ar			ation of the Commission that we hope to address.
7 that in this is a is sort of a an an		7 CC	MMISSIONER CORDOVANO: Agreed. I think we're
8 act some retail space on the first floor and	1	8 delibe	erating a little bit further and getting into
<b>9</b> activation of that corner, sort of an extension of			of the other criteria ulterior that I based my
10 downtown sort of downtown life one block in	na 10		n on, but
11 direction that seems appropriate.	1:		MMISSIONER CARTER: Yeah. So I don't
12 But that's what you know, because it's	1:		MMISSIONER CORDOVANO: you don't have to
<b>13</b> one block off Sun Valley Road and one block o		3 secon	
14 Main Street, it seems like that is a is somethin	U		MMISSIONER CARTER: [unintelligible]. How
15 that's beneficial to town, a you know, an ar			e evaluate the FAR exceedance, then, if, you
<b>16</b> expansion of the downtown character in in th			other than bulk and flatness? You know,
<b>17</b> direction seems appropriate.			guess that's the that's the only
<ul><li>18 But what so what are we not getting?</li><li>19 The housing the type of housing that we're get</li></ul>	etting 1		DRGAN LANDERS: Well, and it's DMMISSIONER CARTER: criteria that we have
<b>20</b> is not is not valuable enough to to is not	-	o to eva	
<ul><li>20 is not is not valuable chough to to is not</li><li>21 valuable enough to what the town needs? Is that</li></ul>			DRGAN LANDERS: So if you go back in the staff
22 you're saying?			t the Commission has to make two findings;
23 COMMISSIONER CORDOVANO: Well, I t			So again, we kind of reorient back to the
24 the the housing will be less vibrant than the r		•	gs because that's what we what we have. That
25 of the uses in the neighborhood. I think, for an			ia 1 is a finding the Commission has to find,
	Page 71		Page 73
1 in-lieu payment of 411k, it just states the obvior	us.	1 that th	he project will not jeopardize the health,
2 that it's more financially motivating to sell off t			, and welfare of the public.
<b>3</b> 750-square-foot units. And is that tradeoff wor		-	ink in staff's assessment of it,
4 to us? I'd rather see that unit be built in.		4 becau	se of the type of project that is being proposed,
5 MORGAN LANDERS: If I may offer just a	word of	5 we do	on't feel that this project jeopardizes the
6 caution. The way that our Code is kind of struc			n, safety, and welfare, based on some of the
7 in the criteria and the findings that the Planning			tives the the goals and objectives of the
8 Zoning Commission needs to make don't necess	•		orehensive Plan.
<b>9</b> create that structure of benefits and tradeoffs. I			e other criteria, then, is the
10 does, from the FAR-exceedance standpoint.		-	n-review criteria, the zoning standards, things
<b>11</b> From a design-review perspective with the			hat. The Commission has to make both of those
12 design-review criteria and we do have Criteri			gs, that it both meets the design-review
<b>13</b> which is the health, safety, and welfare. Applic			a and will not jeopardize the health, safety,
14 need to make both, but I would caution that the	-		Velfare of the community.
<b>15</b> that our Code is currently written, there's not a	1! 2] 11505 14		I know that that is, generally kind heral and broad, where the kind of compatibility
<ul><li>16 strong association between the kind of individu</li><li>17 and and things like that within the building and</li></ul>		-	comes into play with the application is
<b>18</b> the kind of the tradeoff of design-review crite		-	d in the Comprehensive Plan. And I can kind of
<b>19</b> So I I would caution us from kind of			p the note in the staff report, if that's
20 going down that road. I think a lot of the		-	al. There is a component, kind of a goal and
21 Comprehensive Plan elements are related to, yo		-	tive, of the Comprehensive Plan. Just give me
22 contextual design. Certainly that relates to the			noment here. I had it pulled up, and it went
23 of the building, but I would caution the		3 away	
24 Commission from going down the road of, you		•	there is, you know, a policy statement
25 benefit of the individual uses and things like that			Comprehensive Plan that states, "Infill and

<ul> <li>and they've come back with what they want to do. A</li> <li>we've got more stuff on the agenda, three meetings a</li> <li>month, and, God forbid, dinner to go to.</li> <li>CHAIRMAN MORROW: Would you oh, forget</li> <li>Go ahead.</li> <li>So so, Tim, are are you in favor,</li> <li>then, of in between Spencer's motion for denying</li> <li>and our motion for approving it? Are you somewhet</li> <li>between there, or are you okay to continue it, or do</li> <li>you want to approve it and you know, I'm with you</li> <li>in the sense of going all the way back to scratch is</li> <li>not going to get us a much different building.</li> <li>I think Nicole's going to come back with</li> <li>some changes, but we're going to see,</li> <li>essentially you know, seven months later and a lo</li> <li>of money, we're going to see essentially</li> <li>something even if it were a floor shorter and</li> <li>then I go with Brenda on that, which is you know</li> <li>this building's going to be here 50, 60, 70 years.</li> <li>You know, you have to have some</li> <li>forward-thinking of, If we make them build a two-stice</li> <li>weird-looking building, or that could be, you know,</li> </ul>	2 M 3 com 5 wan 6 wha t 7 a lo 6 wha t 7 a lo 9 look 1 10 is 11 sign 12 buil 13 bulk 14 app 15 S 16 like 17 don 18 sup 19 app 20 eno 22 of 23 C	HAIRMAN MORROW: And I think Dave, I just t you guys to know I think we know t what where you're coming from, and I think t of us are incredibly sympathetic to that point. OMMISSIONER CARTER: Yeah. I mean, I well, c. We have to you know, there there the fact remains there's there is some ificant, you know, pushback to whether this ding is contextually appropriate and whether the c and flatness of that north wall is really ropriate for the development right now. o, I mean, I I don't feel I feel the there's you know, I I don't I 't know if there's enough support to outright port this to to make a motion to to rove this design as it is. It seems like there's ugh of a challenge here that we ought to sider you know, we ought to look for some kind - a next step here. HAIRMAN MORROW: So
<ul> <li>24 alack of whatever. I I I think we have to have</li> <li>25 some faith in the</li> </ul>	24 C	OMMISSIONER CARTER: But what that or or at least you know, is there
	rage 83	Page 85
<ol> <li>COMMISSIONER CORDOVANO: I'll just say in the</li> <li>CHAIRMAN MORROW: [unintelligible].</li> <li>COMMISSIONER CORDOVANO: last time.</li> <li>you could still do 2.0 floor area with a building that</li> <li>was 35 feet or so tall this is not a specific</li> <li>recommendation or anything. It's just deliberation</li> <li>CHAIRMAN MORROW: Yeah.</li> <li>COMMISSIONER CORDOVANO: and that it s</li> <li>character of the neighborhood to have no third-story</li> <li>setbacks and forces the hand of the neighborhood.</li> <li>CHAIRMAN MORROW: All right. Well, I'm</li> <li>know, this is definitely a difficult thing. No matter</li> <li>what we're going to do sorry for you guys who are</li> <li>last.</li> <li>I have I I I'm not sure I want to</li> <li>reopen public comment, even for the neighbor,</li> <li>because because they</li> <li>UNIDENTIFIED SPEAKER: Public comment is of</li> <li>CHAIRMAN MORROW: Yes. Well, I reopened</li> <li>once, so I I could</li> <li>UNIDENTIFIED SPEAKER: [Unintelligible].</li> <li>MORGAN LANDERS: If I I do I would</li> <li>recommend that we would kind of wrap up</li> <li>deliberations</li> </ol>	$\begin{array}{cccccccccccccccccccccccccccccccccccc$	HAIRMAN MORROW: And to Morgan's to Morgan's at, if we're going to do that, then I would like ple to have much more specific you know, we want to make an agreement with the neighbor and put dows on that side. We want you to set back and put lcony. OMMISSIONER CARTER: Yeah. Or HAIRMAN MORROW: And I want them something instead of, "Let's send Nicole back give her a couple beers and see what she comes up n." That's not a that's not a real you know, I don't think that's fair for us to do to

#### TRANSCRIPT OF RECORDED PUBLIC HEARING

TUESDAY, FEBRUARY 28, 2023

COMMISSIONERS PRESENT:

NEIL MORROW, CHAIRMAN

BRENDA MOCZYGEMBA, VICE CHAIRPERSON

TIM CARTER

SPENCER CORDOVANO

SUSAN PASSOVOY

TRANSCRIBED BY:

VICTORIA HILLES, RPR, CSR NO. 1173

Г

1	(Begin transcription at 0:41:14 of audio
2	file.)
3	CHAIRMAN MORROW: So all right. We will move
4	on to Action Item 5 that's correct a public
5	hearing review and provide feedback on Design
6	Review and condominium preliminary plat applications
7	for the proposed mixed-use development at 200 North
8	Leadville.
9	Morgan.
10	MORGAN LANDERS: Okay. Thank you, everyone.
11	I don't have formal presentation slides
12	for you all this evening. I think the focus of the
13	discussion is fairly truncated on one kind of specific
14	issue. I do want to highlight a couple of things from
15	the staff report.
16	If you all recall, the very first time you
17	saw this was in December [sic], and then there was
18	some discussion. You all provided the applicant with
19	some feedback, and they had kind of provided a variety
20	of revisions for review that you all, then, kind of
21	felt were pretty good.
22	And the where we landed at our last
23	discussion with this meeting was that there was still
24	some concern related to kind of the north-facade wall
25	on the north property line between the subject

1	property and the property to the north. And
2	primarily, there was some concern related to the
3	undulation and relief and the bulk and flatness of the
4	building.
5	And so, as we sit here today, the
6	applicant has taken another stab at addressing some of
7	your comments. We do have an applicant representative
8	here, Nicole Ramey. She's the architect for the
9	project, so she'll give you kind of the full review of
10	the changes.
11	But, in general, they have stepped back
12	the third floor of the building on the Leadville
13	Avenue side. There's also the third-floor deck has
14	been extended to kind of be the full length of the
15	front facade on the Leadville side.
16	The building has been pulled away from the
17	north property line about 7 inches, which
18	would accommodates for some of the additional brick
19	detailing and things like that so that the
20	building so that those things don't project onto
21	the adjacent property.
22	There's also the parapet wall on kind
23	of the rear portion of the building, as you go down
24	Second Street there has been a raising of the
25	parapet wall and an addition of kind of a
ļ	

1	metal-banding component that Nicole will touch on.
2	This was in response to the re-addition of an elevator
3	overrun that was added to the building, that was not
4	part of the initial proposal.
5	And then there is also, on the north
6	facade, kind of a trellis that has been applied to the
7	facade, which would provide facilitation of vine
8	growth and things like that to kind of add a more
9	landscaped element.
10	So with that, I don't have any comments
11	for you all. I do think that some of these
12	improvements are positive. But the question to the
13	Commission is, "Do you all believe that the changes
14	proposed effectively reduce the bulk and flatness of
15	the building on that side with that undulation and
16	relief change?"
17	So with that, I'll turn it over to the
18	applicant, and Nicole can drive from here.
19	CHAIRMAN MORROW: Thanks, Morgan.
20	NICOLE RAMEY: Okay. Good afternoon.
21	As always, I want to thank Morgan and her
22	staff for their tireless hard work and feedback on
23	this. This is always a little bit of a long process.
24	There are a couple of things I wanted to
25	address before we get into the meat of the

1 presentation, really relating to the comment letters, 2 and some of them containing a little bit of erroneous information. 3 I read quite a few comments regarding a 4 I want to make clear that we're not 5 height bonus. asking for a height bonus, variance, or waiver of any 6 kind. The height limit in place for the Community 7 Core is applicable regardless of the floor area ratio. 8 So I just wanted to make sure that it's 9 understood that we're not asking for any height 10 11 variance. 12 Also, a few letters referenced a 13 6,000-square-foot, north-elevation number. That 14 number's false. The actual square footage for the 15 north-elevation wall is 3,500. 16 We have taken the option that is allowed 17 by Code to go through this FAR-exceedance process, but 18 placing a specific size or height requirement on this 19 particular lot is spot zoning. 20 Here are our revised renderings. Morgan 21 did run through a couple of the changes, so some of 22 these might be doubling up, but I just wanted to point 23 out -- point out the changes from our point of view. 24 So we listened to the staff and outside comments and made the following revisions. 25

1	The roof-parapet height has been split,
2	resulting in two different roof-parapet heights for
3	the front and rear of the building. The front roof
4	parapet was lowered 16 inches. So you can see that
5	kind of in this area. So this roof was actually
6	lowered 16 inches, the whole front of the building.
7	The two parapets now have 31 inches of height
8	difference between them.
9	On the Second Ave Avenue [sic]
10	elevation, a portion of the roof parapet was lowered,
11	and the massing was modulated to get more
12	articulation. A new roof overhang was placed over
13	this new facade extension, providing more relief to
14	the facade. So that's this area of the building.
15	We popped it out slightly. We added this
16	roof element, once again, kind of breaking up this
17	Second Avenue elevation. That wasn't specifically
18	brought up in the previous hearings, but, as we looked
19	at modulating the rest of the building, it just made
20	sense to include that on that elevation as well to
21	kind of keep the design language flowing throughout
22	the the whole building.
23	Let's go down.
24	So this is the north elevation. We have
25	two different elevations we'll show. This one shows

Г

1	
1	existing landscaping on the northern neighbors'
2	property, which is, really, what you would see in
3	reality is that there are aspen trees and very
4	large that is existing. Without the trees, you can
5	see more of the changes that we've proposed.
6	So on this Leadville elevation, the
7	portion of the third floor nearest to Leadville has
8	been recessed to reduce bulk. The third-floor deck
9	now wraps around in front of this pushed-back facade.
10	So we've added a deck here. There is now 4 feet of
11	difference between the first-and-second-floor facade
12	and the third-floor facade.
13	From the front property line of Leadville,
14	we have 2'9 foot of setback at the first and second
15	floors and 6'10 at the third floor. The north
16	elevation benefits from this horizontal step in the
17	facade, as the view seen from the street has more
18	undulation and is cut away at this corner.
19	For the north elevation, we also brought
20	the same materials and design language around, and we
21	included bricked-in windows, wood trim that matches
22	the Leadville and Second retail elevations on the
23	first floor, and vines on growing on a trellis
24	structure. These add aesthetic appeal, texture, and
25	interest.
1	

So although not applicable, we used the 1 2 same materials and kept the same architectural language, which is in Chapter One7.96.070, B, 1 of the 3 Code. 4 We also wanted to show some of the 5 previous iterations of the building compared to the 6 current design so we can point out some of the changes 7 we've made through this process. Some were before the 8 design-review-hearing process, just with staff, and 9 some have been through the design-review-hearing 10 11 process. 12 So we have pulled the upper-roof overhang 13 As you can see, we started out with one that back. 14 was extended out quite a bit further. We revised the 15 planters and plant material -- staff request. We've 16 revised the transformer location and screening. We 17 added one residential unit. We began this process 18 with three residential units, and now we have four. 19 Most of the roof elements were eliminated, and those that remain are set back. 20 You can see 21 how -- in previous versions, you could see some of 22 our -- a roof trellis and some planter boxes. Those 23 have been either removed or set back. We've removed light wells, but we've since 24 25 added them back, per Design Review comments on the

1	Leadville side, so they only exist under the overhang.
2	We have added a window into the retail
3	space on Leadville, and we have moved the stairwell
4	and entry that was for the lower-level residential
5	unit, and so we have swapped that out with the retail
6	reentry. So we've added windows onto the retail space
7	on both Leadville and Second, and we've also adjusted
8	and moved the bike racks and trash and all of those
9	things as well.
10	I also wanted to point out that,
11	since from Day 1, we've had I think this is in
12	response to the hotel. We've had Juliet balconies on
13	all three facades.
14	CHAIRMAN MORROW: Thank you.
15	NICOLE RAMEY: So we we even have them on the
16	alley, once again, to kind of keep that design
17	continuity going. So there they are, four of them, so
18	everyone can enjoy traffic.
19	CHAIRMAN MORROW: After the hotel, everyone
20	knows what they are now. So
21	NICOLE RAMEY: Okay. So the next thing I want
22	to talk about is setbacks. So the blue area in these
23	diagrams and we have three show the total area
24	set back from the property line, but looking at it
25	differently areas where we could have extended the

1 building to the property line. 2 We worked diligent -- diligently to erode 3 the building corner at Leadville and Second, which is arguably the most visible view of the project and the 4 pedestrian corridor. 5 So looking at it in plan view, this retail 6 corner is set back 11 foot -- 2 feet from Leadville, 7 and 6 feet from Second. Our average setbacks exceed 8 the 5-foot average required with a first-floor average 9 of 16.7 feet from Leadville and 11 feet on Second. 10 11 You can see similar setbacks apply for the second and 12 third floors. 13 Here are the setbacks, once again shown in 14 And you can see quite a bit of setback off elevation. the property line on Leadville. 15 This would not 16 preclude other property owners from building to the 17 property line, but we have set back a minimum of 2'9 18 [unintelligible]. 19 I did want to point out -- the Zoning Code 20 calls for setbacks on the front, side, and rear, but it specifically does not call for setbacks off the 21 22 interior property lines. 23 [Unintelligible]. 24 So Chapter One7.96.060, F states, "Building character shall be clearly defined by use of 25

1	architectural features." The design features here
2	are, really, the brick and the brick-detailing. The
3	style of architecture's not meant to be defined by
4	[unintelligible] and the massing.
5	The materiality is providing the details.
6	As construction costs rise, we should be celebrating
7	efforts to include unique architectural details, not
8	standard, push-and-pull, modern boxes.
9	The Code also states, "Building walls
10	shall provide undulation/relief, thus reducing the
11	appearance of bulk and flatness." While not defined
12	in the Code, "relief" can also be known as a
13	sculptural method in which the sculpted pieces are
14	bonded to a solid background of the same material.
15	It's the use of brick.
16	I also wanted to highlight some elements
17	of our project in relation to the Interim Ordinance,
18	although the Interim Ordinance is not applicable to
19	our project.
20	We do have less than 30 percent
21	commercial, but we are providing four residential
22	units, so we meet that requirement. There's no
23	consolidation of lots, there's no net loss of
24	residential units, and no ground-floor residential.
25	Moving on to the context. Here is

Γ

1	a here is a rendering standing right in front of
2	the Image Eyes entrance, looking down. We have this
3	view, obviously, in the winter, but we also show what
4	this looks like in the summer. And you can see that
5	the foliage you see, actually, even less of the
6	building than you do from here.
7	So, you know, I know a lot of concern has
8	been you know, there was a comment in one of the
9	letters about the view from Sun Valley Road. This is
10	pretty much the view you would see from Sun Valley
11	Road.
12	You can see, in the existing Google Earth
13	image, the previous building. Without actual
14	documentation, it appears that it had different
15	setbacks that were a lot closer to Leadville than what
16	we are proposing.
17	As the staff report referenced the Comp
18	Plan and the designation of this property and
19	adjoining lies adjoining lots as future, mixed-use
20	commercial, this building is truly a mixed-use
21	building, while the existing, neighboring buildings
22	technically do not meet this proposed designation.
23	As we discuss the word
24	<pre>'contest' 'context,' let us not get sidetracked by</pre>
25	designing to existing buildings that do not meet the

1	City's Comprehensive Plan goals. As the face of
2	Ketchum is changing before our eyes, now is the time
3	to assure that new development meets the future goals
4	of Ketchum, as laid out in the Comp Plan, not
5	yesterday's unplanned community.
6	This is a view of the building with the
7	current existing buildings, landscaping in place. So
8	you can see quite a bit of foliage. These are all
9	approximate, given that we don't have actual building
10	plans. So Google Earth and [unintelligible].
11	So here's kind of the context image that
12	we were asked to provide, showing what this building
13	would look like in the neighborhood. We also decided
14	to put together an image of what could happen with an
15	unknown property next door.
16	So, you know, what is the City's vision
17	for this area of the Community Core? [Unintelligible]
18	goals of the Comp Plan? One goal listed is a "vibrant
19	downtown," [unintelligible] business, retail,
20	shopping, dining, and entertainment once again
21	mixed-use, combining those uses together. Another
22	goal listed is "a single concentrated commercial and
23	retail core."
24	So we feel that our building's meeting
25	some of these goals of the Comp Comp Plan and what

1	[unintelligible] development has been asked to
2	provide, according to that document.
3	Also, another goal I'd like to point out
4	is a "variety of housing" options. This property not
5	only has a larger penthouse unit and a smaller unit,
6	but it also has two units that are less than 750
7	square feet. So this is adding to the mixed use and
8	vitality different users of the building.
9	That is my presentation.
10	CHAIRMAN MORROW: Thank you.
11	Public comment. Do we have any online?
12	UNIDENTIFIED SPEAKER: We do not.
13	CHAIRMAN MORROW: Okay. Would would
14	the Commissioners, do you have questions for staff
15	or the applicant first?
16	UNIDENTIFIED SPEAKER: I have a comment.
17	CHAIRMAN MORROW: Okay. But let's see if we
18	want to do do you guys want to question staff
19	and the applicant first or
20	VICE CHAIRMAN MOCZYGEMBA: Whichever.
21	CHAIRMAN MORROW: Okay. Let's do public comment
22	because I think we're going to have some, and then we
23	can include that in whatever we talk about.
24	So step to the podium. State your name
25	for the record.

1	WARREN BENJAMIN: Good afternoon. My name is
2	Warren Benjamin, and this is for the record.
3	Thank you for the opportunity to register
4	my comments about the project under discussion today
5	at Second and Leadville.
6	I am a full-time resident of Ketchum and
7	have lived here for 13 years. I have worked with
8	several nonprofits, raising money. I was a business
9	owner with my partner in the downtown quarter. I'm
10	here to offer my opinion on whether Planning and
11	Zoning should approve this above-mentioned project,
12	and I think the answer is a resounding, "Yes." I will
13	offer you two reasons and be as succinct as possible.
14	First, let me say that I'm no expert on
15	the building, construction, logistics, and approval of
16	any type of structure in the valley. I'll leave that
17	up to you, the experts. However, if you have a
18	marketing or advertising issue, I'm the one to talk
19	to.
20	Let me first say that, based on my
21	knowledge of this project, I believe the developer has
22	checked off the most important boxes that are relevant
23	to you. First, this project has added four
24	residential units of critical housing for our
25	community in the densely-populated downtown quarter.

1	
1	Check.
2	The project meets all Code requirements.
3	Check.
4	The project has added 1,300 square feet of
5	retail space in, again, the critical downtown quarter.
6	Check.
7	The project will generate much-needed tax
8	revenue for both property and/or retail sales.
9	Check.
10	And the project will add to the
11	beautification of downtown Ketchum, an example of a
12	forward-thinking structure that will remain evergreen
13	past its life expectancy.
14	Check.
15	But most importantly and just as
16	important as the structure itself is the character
17	of the person behind this project and his intention to
18	improve the overall living space in Ketchum. We don't
19	talk about that a lot. We don't talk about the person
20	that's behind this project.
21	Personally, I want someone next door to me
22	that believes in our community and looks for the
23	long-range solutions to keep the character and
24	vibrancy of Ketchum, and I believe that person is Mike
25	Carr. Mike has both the sensibility and the eye to

make our community a better place to live. 1 He is the 2 current owner of two residential properties and shares in the business interests in a commercial building in 3 Bellevue. 4 Along with his two children, Mike has 5 committed his time, his money, his heart to this 6 project. He is a person that not only make -- takes 7 very seriously to this project, but is not looking to 8 make it as a land grab and does not want to embarrass 9 any of his neighbors. He is committed to doing the 10 11 right thing. 12 So in conclusion, like I said at the 13 beginning, Mike has checked off all the important 14 points related to the building, and Mike has committed himself and his investments to make Ketchum a better 15 16 place to live. In my opinion, he has proven to be the 17 person that be -- that should be granted immediate approval of this project. 18 19 Thank you for your time and consideration. 20 CHAIRMAN MORROW: Thanks, Warren. 21 Other public comment? 22 SAM LINNET: Thank you, Commission. 23 My name is Sam Linnet with Alturas Law 24 Group, and I represent 240 North Leadville, LLC. First, at the last meeting, the Commission 25

Γ

1	asked for a 3D model of the proposed building, and I
2	don't believe that what was presented today was a 3D
3	model showing us this bulk and scale of the
4	building and and adjacent properties. So I would
5	first request that you ask the applicant again to
6	provide what was requested back in December.
7	The main issue with this project is the
8	size and scale of the building, which results in that
9	north-facade wall. This the size and scale was
10	determined it was predetermined by the City Council
11	when they approved their FAR Exceedance Agreement for
12	this project.
13	That was entered into prior to this
14	application coming before the P&Z Commission. And
15	rather than the P&Z Commission having an open
16	conversation about whether to grant a FAR exceedance
17	at all, the City Council approved the FAR exceedance
18	outside of a public hearing and without any input.
19	As you know, part of your role in the
20	design-review process is to determine if an applicant
21	has has met all of the development standards,
22	including floor area ratios.
23	Part of the difficulty in your ability to
24	determine whether this standard has been met now is
25	that you're being forced to justify an increase in the

1	FAR after the City Council has already told the
2	developer that they get a FAR of 2.0.
3	I'm sympathetic to a developer that needs
4	certainty in the standards that are going to apply to
5	their building, but with that certainty cannot and
6	should not be given at the expense of the P&Z
7	Commission's ability to independently determine
8	whether and how standards are applied, including the
9	FAR-exceedance standard.
10	Discretionary standards like allowing a
11	floor area ratio of 2.0 instead of 1.0 is is
12	discretionary and it's inherently uncertain, but
13	that's part of the bargain the developers get.
14	There's a significant benefit to a development, that
15	it gets an exceedance of the FAR.
16	It is up to the developer to determine if
17	the uncertainty in that discretionary standard is
18	worth going forward with their project as proposed, or
19	they can go with the sure thing and the as
20	of right FAR of 1.0 for this project.
21	This Commission should have been able to
22	work with the applicant about whether a FAR exceedance
23	is appropriate for this project in order to determine
24	what design and what kind of FAR exceedance is
25	warranted. The design of the building and its impact

1	on neighboring property owners would be considerations
2	that you, as a Planning and Zoning Commission, could
3	take into account and that the public would be
4	involved with during that process.
5	Instead, the City Council made a promise
6	to the developer that they could build a building with
7	a FAR of 2.0, instead of the permitted 1.0, without
8	taking any public input.
9	As a result of the City approving the FAR
10	exceedance prior to you seeing the design of the
11	building, you are in the unfortunate position of being
12	unable to make a determination about whether that FAR
13	exceedance is appropriate, how much of an exceedance
14	should be allowed, and whether the conditions that are
15	related to granting a FAR exceedance have been met.
16	The current process has created a
17	development environment that lets applicants build
18	higher-density buildings that do not match baseline
19	development standards in the City of Ketchum, and
20	that's solely because of a developer is willing to
21	pay more money to the City.
22	The City Council took no public comment
23	about whether a FAR exceedance should be warranted,
24	and the public had no input about whether and how much
25	FAR exceedance should be allowed. This kind of

Г

1	process creates inequity in the development that
2	occurs in this city, and it reduces public input in
3	that development.
4	So, again, on behalf of my client, I'd ask
5	that you continue this matter until the City
6	terminates the current FAR Exceedance Agreement and
7	gives back to you the power to determine whether FAR
8	exceedance is appropriate and how much.
9	There was also a comment from the
10	applicant that this would be a spot zoning by
11	dictating the size and mass of the building. The FAR
12	exceedance that allows them to achieve the size and
13	mass that they're presenting to you today is
14	discretionary. It is not spot zoning, requiring them
15	to meet the baseline FAR exceedance standards.
16	Thank you.
17	CHAIRMAN MORROW: Thank you.
18	Other public comment in the room?
19	Thank you.
20	DAVE HUTCHINSON: Yeah. Hi.
21	I'm Dave Hutchinson, and Sam's my lawyer,
22	so I'll attempt not to repeat what he had to say,
23	but but I I will echo some of the comments
24	because I think they've been the thread through the
25	last three meetings.

1	And I truly believe that if you had a
2	chance to see this before the Council did and that
3	first hearing, which I attended, where you were all a
4	little confused by the fact that there was a 2.0
5	building in front of you with a preemptive Exceedance
6	Agreement that we would have negotiated this into
7	something that was smaller. I I I firmly
8	believe that.
9	The unfortunate position you've been put
10	in, unless it's undone and we suggest that it be
11	undone so it can't be undone at a future date, from
12	the legal perspective, because we don't want to undo
13	the Ordinance. We think that that FAR exceedance for
14	a for housing has merit. It's just we believe
15	that if you had seen it first, we'd have seen
16	something different.
17	So you're now in a position of having to
18	go backward and take things away that they thought
19	they already had. And I feel for the architect and
20	the applicant, and I've said so to both of them. I
21	feel like they got stuck in a bad process.
22	However, the building's not built yet.
23	We're all still here looking at it. I just watched a
24	previous application, as I sat here, where people felt
25	like the process worked, and I think the process here

Γ

1	can still work. In general, I've complimented the
2	building on on three of the four sides.
3	The difficulty is is the north wall;
4	right? The north wall hasn't changed in five or
5	six weeks, from when we were last here. It's a a
6	hair more attractive. They've used my trees to make
7	it look better, which kind of doesn't work because I
8	don't know how long those are there. One of the
9	photos had a tree that doesn't exist anymore, that was
10	from I don't know maybe 20 years ago or 15 years
11	ago.
12	So it's still very difficult to
13	understand, from the sidewalk, walking into The
14	Kneadery or coming from Sun Valley Road, how obtrusive
15	this north wall will be.
16	The reason I was encouraged to come to
17	this meeting after redesign is I thought we would
18	see a three-dimensional model, which can be
19	required which I think Spencer required which
20	allows you to look at it.
21	You know, the CAD programming allows you
22	to look at things from all directions, and I think we
23	could have seen some perspectives that would have
24	given the the P&Z some pause as to what the
25	appearance of bulk, flatness, scale, and compatibility

2And and I think you guys get it. You3know, if I had my druthers, I'd have moved the story4poles into a location that were a little more telling,5but even the story poles, as they sit today,6are are pretty obvious.7At the last hearing, Mr. Carr said, you8know, "The" "Yeah. The guy next door to me on the9north property line never offered to compromise,"10which wasn't true.11So I sent them an e-mail. And I was able12to get his partner on the phone, Mr. Puvolka13[phonetic], and I said, "Hey. Why don't we both set14back 5 feet? I'll put it in a deed restriction and15step back a little more. You know, I think it'd be16better for the community, and I'm happy to take the17same reduced-bulk requirement on my side now, even18though I don't have any idea when I'm going to build19in the future."20And he said he thought it was worth21after the initial discussion. I still think there's23merit to that.24I think a I think a 7-inch setback and	1	with the neighborhood is.
poles into a location that were a little more telling, but even the story poles, as they sit today, are are pretty obvious. At the last hearing, Mr. Carr said, you know, "The" "Yeah. The guy next door to me on the north property line never offered to compromise," which wasn't true. So I sent them an e-mail. And I was able to get his partner on the phone, Mr. Puvolka [phonetic], and I said, "Hey. Why don't we both set back 5 feet? I'll put it in a deed restriction and step back a little more. You know, I think it'd be better for the community, and I'm happy to take the same reduced-bulk requirement on my side now, even though I don't have any idea when I'm going to build in the future." And he said he thought it was worth discussion, but there was never a return phone call after the initial discussion. I still think there's merit to that.	2	And and I think you guys get it. You

22 after the initial discussion. I still think there's 23 merit to that.	20	And he said he thought it was worth
23 merit to that.	21	discussion, but there was never a return phone call
	22	after the initial discussion. I still think there's
24 I think a I think a 7-inch setback and	23	merit to that.
	24	I think a I think a 7-inch setback and
25 whoever owns my property or myself building to the	25	whoever owns my property or myself building to the

1	property line with a a little, skinny gap in there
2	is just a you know, that's a good way to catch
3	leaves and junk and stuff off the roof. So the fact
4	that they went 7 inches it might as well be on the
5	property line.
6	I I do think that they've done made
7	some attempt to change the relief, but it's
8	really you know, the relief in 7 inches is only 7
9	inches of relief.
10	The the north the north wall is one
11	problem. I also have a real problem with the elevator
12	shaft, which isn't shown in many of these depictions.
13	But I believe the intent of protrusions through the
14	roof and and through the height height above
15	the height limit is meant for chimneys and mechanical
16	and vents and things like that.
17	And although an elevator shaft
18	is "uninhabited," it sticks up I don't know exactly
19	how much higher above the roof, but it is very, very
20	visible. And the elevator shaft benefits one
21	occupant, which is the penthouse, which means the
22	entire town gets to look at this protrusion on already
23	a large building for the benefit of one occupant
24	because they don't want to walk up the stairs.
25	We happen to be doing a project on the

1	place. There may be an appropriate place within the
2	community, but that's not it.
3	So I hope you can get the process back on
4	track, and I hope we can make this project fly with a
5	little with a little more work.
6	And I appreciate your time.
7	CHAIRMAN MORROW: Thank you.
8	Other public comment in the room?
9	PAM COLESWORTHY: Pam Colesworthy, for the
10	record. And I, for the most part, disagree with
11	Mr. Hutchinson.
12	I cannot speak to the FAR exceedance and
13	the process and what discussions were happening with
14	City Council versus you and you'll have to work
15	that through, but this current iteration of this
16	building is the best one we've seen yet, and I think
17	the applicant has tried to give the City everything
18	that the City wants.
19	So I think it's very attractive and that
20	you ought to go ahead and approve it because the mass
21	and scale is happening all over this town. You go
22	quadrant by quadrant and look around and see the
23	buildings that you have already approved. You have
24	set the precedent.
25	And if you want the vibrancy and people in

Г

1	the core and and retail and to accommodate the
2	parking and all the things that you want, you have no
3	place to go but up.
4	So I strongly encourage you to approve
5	this, and I from what I'm hearing is it complies
6	with everything. And I'm I'm sorry that the
7	neighbor to the north doesn't like the wall, but the
8	wall looks better than ever. And at a certain point,
9	that, too, shall be developed and it will be big. And
10	that's the nature of how this town is going to evolve.
11	It's just the nature of life.
12	Thank you for your consideration.
13	CHAIRMAN MORROW: Thank you.
14	Other public comment in the room?
15	Seeing none. I will close and and
16	none online?
17	UNIDENTIFIED SPEAKER: There is no public
18	comment online, sir.
19	CHAIRMAN MORROW: I will close public comment,
20	and we can go to oh, okay. One more.
21	MORGAN LANDERS: Well, we do have so Mike
22	Carr is the property owner.
23	CHAIRMAN MORROW: Oh, so
24	MORGAN LANDERS: There is an opportunity for
25	them to

Г

1CHAIRMAN MORROW: the applicant.2MORGAN LANDERS: kind of respond to3CHAIRMAN MORROW: Okay.4MORGAN LANDERS: the public comment. So5either himself or Nicole could respond to what6CHAIRMAN MORROW: Okay. So we'll7MORGAN LANDERS: [unintelligible].8CHAIRMAN MORROW: We'll put you in the applicant9section there and10MORGAN LANDERS: Well, no. 24 cover there that that cover the roof.	22	You go further down, and you have the
	23	trellises okay? which then
25 They'll come from the top and the bottom. And if you	24	cover there that that cover the roof.
	25	They'll come from the top and the bottom. And if you

Г

1	go I mean, we do have a 3D essentially,
2	but but if you go to these views here,
3	that's that's like with no trees, but that's not
4	how the building exists.
5	If you go to the winter view, this
6	is this is how it looks. That's the building.
7	Those two trees do exist, and there's three aspens
8	behind it so that, if you go to the summer
9	view you're in the summer. You can't even see the
10	building.
11	And so this whole idea you can't see
12	it you can't you do look at the building, I'm
13	sure, from Dave's house; okay? That's a reality. But
14	when you get the streetscape, when you get to the view
15	you're talking about, you don't look at it.
16	Then if you go to the front of the
17	building, which you know, Dave talks about a 5-foot
18	setback, but a 5-foot setback of the building changes
19	your parking. And now you can't park the building
20	because the back of the building, which we covered a
21	long time ago about all the things you have to put
22	in the back of the building, the park or the
23	parking, the garbage, the elevator the elevator,
24	the stairwell.
25	You you start you take away from the

Г

1	beauty of the inside of the building. Even if you
2	went to the outside, the flow of the building
3	completely gets kind of discombobulated, for lack of a
4	better word. So for us, this building is old school.
5	It's timeless.
6	That north wall, if I go back to
7	it because I think the north wall is like
8	everybody's hot I don't think anybody disagrees
9	that the building looks the other ways but if
10	you excuse me but if I mean, that's how the
11	north wall looks without the aspen I mean, that's
12	how it would look with no trees.
13	But the bottom the bricked-in windows,
14	the change in brick, the change of material in the
15	bottom when you walk on the sidewalk, you don't
16	look back 80 feet. You probably catch the first
17	40 feet of the building. And so we cover the first
18	50, 60 percent of the building with the look of a
19	building that exists with windows, material, and the
20	trellis to meet the you know, to make it break
21	it up on the green side.
22	So I I mean, it's pretty, dang
23	nice-looking. It's a zero-lot-line Code. We think
24	you should approve it today.
25	Do you have anything else to say?
ļ	

NICOLE RAMEY: I do. 1 2 MIKE CARR: Yeah. Okay. I'm sorry. I did also want to respond to the 3 NICOLE RAMEY: comments about the elevator. 4 Once again, we are not asking for any 5 height variances. The elevator height meets the Code. 6 The Code is 10 feet above the parapet height, and our 7 parapet height is within the Code. Therefore, we are 8 meeting the requirements for elevator height. 9 10 And then, also, the comment about it only 11 being used by the penthouse is erroneous. It would be 12 for three of the residential units. 13 And that's --14 CHAIRMAN MORROW: Thank you. 15 COMMISSIONER CORDOVANO: Question --16 CHAIRMAN MORROW: Yeah, please. 17 COMMISSIONER CORDOVANO: -- for the applicant, Nicole. 18 19 NICOLE RAMEY: Yes. 20 COMMISSIONER CORDOVANO: Have you considered 21 using either -- the smaller units as community housing 22 instead of paying the in-lieu fee? 23 NICOLE RAMEY: Yes, we have. 24 We were told that the lower-level unit was 25 a no-go for being in the affordable-housing pool. And

1	then, as we added the second 749-square-foot unit
2	during the process we I you know, I guess
3	that's a that's a discussion, but it's more about
4	adding it [unintelligible] to the pool.
5	COMMISSIONER CORDOVANO: And thank you.
6	And what is the top-floor penthouse's new
7	size with the reduced massing?
8	UNIDENTIFIED SPEAKER: [Unintelligible]. I'm
9	looking at 35.
10	NICOLE RAMEY: Yeah. [Unintelligible].
11	3,505 net.
12	COMMISSIONER CORDOVANO: Thank you.
13	CHAIRMAN MORROW: Other questions?
14	COMMISSIONER CORDOVANO: Another question for
15	staff.
16	CHAIRMAN MORROW: Yeah, we closed the public
17	comment. Yeah, I closed public comment.
18	Sorry. Go ahead, Spencer.
19	COMMISSIONER CORDOVANO: A question for staff,
20	but if anybody has anything else for the applicant
21	while she's here
22	CHAIRMAN MORROW: Go ahead.
23	COMMISSIONER CORDOVANO: What's the in-lieu
24	payment for this project?
25	MORGAN LANDERS: I will look that up. I think

it was in the original staff report, but I'll find 1 2 that and get back to you. 3 COMMISSIONER CORDOVANO: [Unintelligible]. UNIDENTIFIED SPEAKER: \$411,000. 4 5 CHAIRMAN MORROW: Okay. Thank you. Other questions --6 COMMISSIONER CORDOVANO: Keeps you up at night. 7 CHAIRMAN MORROW: -- for staff? 8 9 COMMISSIONER CORDOVANO: Keeps you up at night. 10 UNIDENTIFIED SPEAKER: [Unintelligible]. 11 CHAIRMAN MORROW: No other questions for staff 12 or the applicant? VICE CHAIRMAN MOCZYGEMBA: I have a question for 13 14 the applicant. 15 I -- I think we covered this before, but 16 we covered it in detail in a previous meeting. The 17 brick here -- is the intention that it will be a -- a full brick to achieve the brick detailing; correct? 18 19 NICOLE RAMEY: And that is part of the reason -- the 7 inches is not -- is not empty space. 20 21 7 inches is really to allow for full brick detailing, 22 utilizing full-sized bricks, to be offset from each 23 other and achieve that -- call it that "traditional" 24 definition of relief on the building. VICE CHAIRMAN MOCZYGEMBA: And then has there 25

1	been any discussion with the adjacent property owner
2	regarding plantings for the trellis? I think you had
3	mentioned that there is a possibility that the
4	plantings could all come from the rooftop.
5	NICOLE RAMEY: Correct.
6	VICE CHAIRMAN MOCZYGEMBA: Okay. Great.
7	Thanks.
8	CHAIRMAN MORROW: Tim, do you have
9	COMMISSIONER CARTER: No.
10	CHAIRMAN MORROW: Susan?
11	COMMISSIONER PASSOVOY: Yes, I since the
12	original application precedes my tenure on the
13	Commission, I just wanted to get a little
14	clarification on the procedure.
15	I know that we have because of
16	the the order in which the FAR Exceedance Agreement
17	was done I guess, created I'm not quite sure
18	what the right word is but, you know, some
19	consternation, that we have advise so advised
20	that we don't want to want this to happen again; is
21	that correct?
22	MORGAN LANDERS: That's correct.
23	So this there was quite a bit of
24	history of kind of how we were doing the sequence of
25	FAR exceedance agreements. This very project actually

1	instigated a comprehensive policy discussion with the
2	Planning and Zoning Commission and City Council.
3	So just to kind of recap where that
4	landed is that moving forward, if an applicant
5	is coming forward with either on-site, off-site, or an
6	in-lieu payment that meets kind of their by-right
7	options, the FAR exceedance agreements won't go to
8	City Council until after the Planning and Zoning
9	Commission makes their recommendation on on design
10	review.
11	The only caveat to that is that, if an
12	applicant is requesting, basically, an alternative
13	mitigation which is provided for in the Code, but
14	is only allowed by City Council approval what we
15	decided and what the Planning Commission seemed to be
16	okay with, was that we would go to the Planning
17	Commission for an initial or to the City Council
18	for an initial discussion, no approval of an FAR
19	exceedance agreement comes through the Planning and
20	Zoning design-review process, and then follow that
21	with approval of the FAR exceedance agreement after
22	the P&Z design-review process.
23	So that is what we are following for all
24	projects moving forward, but this project was the kind
25	of instigator of that policy discussion.

Γ

1	COMMISSIONER PASSOVOY: So going forward, we
2	will have sort of a 360 process?
3	MORGAN LANDERS: Yes. Yes, you sure will.
4	And and just to kind of clarify. We
5	have and and, also, I just want to make sure
6	because I think, Tim, you may have missed some of the
7	earlier discussion in one of the earlier meetings as
8	well.
9	We have received kind of a legal
10	determination from the City's Legal Department that
11	the conditions that are placed on that FAR Exceedance
12	Agreement do not prejudge the Commission for making
13	their decision on design review.
14	There's a lot of conditions of that
15	agreement that says, "If something changes, this is
16	how it happens," so it does not lock you all in for a
17	prejudged approval of the project. You still have
18	full reign to make your decision, based on the
19	design-review criteria.
20	COMMISSIONER PASSOVOY: On the on the merits
21	of the building, these are the design review
22	MORGAN LANDERS: Correct.
23	COMMISSIONER PASSOVOY: All right. Then my
24	second clarification oh, please don't have
25	forgotten it already.

Γ

1	Can I come back?
2	CHAIRMAN MORROW: Yeah, you can come back to it.
3	COMMISSIONER PASSOVOY: Can I reserve
4	CHAIRMAN MORROW: We can
5	UNIDENTIFIED SPEAKER: Excuse me.
6	[Unintelligible] you a moment.
7	CHAIRMAN MORROW: We will yes. Okay.
8	Spencer?
9	COMMISSIONER CORDOVANO: Is there any way
10	we considering open up opening back public
11	comment?
12	CHAIRMAN MORROW: Generally, I wouldn't.
13	Do you have a specific do we have a lot
14	of public comment that
15	COMMISSIONER CORDOVANO: No, I think just
16	CHAIRMAN MORROW: [unintelligible]?
17	COMMISSIONER CORDOVANO: Well, somebody else
18	wanted to comment. I'm
19	CHAIRMAN MORROW: Morgan?
20	MORGAN LANDERS: Generally, what I recommend is
21	that we always reopen public comment if there's been
22	new information provided.
23	CHAIRMAN MORROW: Okay.
24	MORGAN LANDERS: So if there's new information
25	that you all felt the public was not aware of

Г

ſ	
1	CHAIRMAN MORROW: I'm happy to
2	MORGAN LANDERS: you know, you could. It
3	CHAIRMAN MORROW: I'm happy to do it
4	MORGAN LANDERS: It's really up to
5	CHAIRMAN MORROW: on Spencer's request.
6	MORGAN LANDERS: your discretion.
7	COMMISSIONER CORDOVANO: I'm I'm inclined to
8	hear it.
9	CHAIRMAN MORROW: I'm happy to do it.
10	So thank you, Nicole.
11	So temporarily, we will reopen public
12	comment. If we have comment, please step to the
13	microphone and state your name for the record.
14	JEFF SWANSON: Jeff Swanson [phonetic]. I've
15	been a resident here for a bit.
16	The one thing I think has been overlooked
17	is the retail, and the fact is that I'm over there
18	a lot. I'm helping out the owner with some of the
19	planning and some of the reviews. This is pretty much
20	a dead area over there in regards to foot traffic.
21	I would think that 1,300 feet [sic] of
22	retail but I hope I'm not getting off base kind
23	of makes a circle because you have Atkinsons' area and
24	what's going on over there, you have Main Street,
25	which has some amount of retail, but the south side of
L	

Γ

1	town, there I see no retail there.
2	And I'm only bringing that to the point as
3	an observer of what's walking around there.
4	There's no real interaction. It's a pretty dull side.
5	So I will stay out of the elevator, and
6	I'll stay out of the although, I think that north
7	wall looks great.
8	One fact and you probably are going to
9	want to "boo" me out. I spend a lot of spend a lot
10	of time in Seattle development. North walls or blank
11	walls in Seattle are almost always cement block. And
12	I look at these things, and I think to myself, This is
13	really ugly. I come back, and from and in
14	building, and all of a sudden that north wall is
15	absorbed into the neighborhood. That's just from
16	a a point of view from my end.
17	But I think the retail aspect of but
18	introducing that is important the walking
19	community.
20	Thank you.
21	CHAIRMAN MORROW: Thank you.
22	Any other not seeing any.
23	I will back here I'll go I'll
24	close public comment, and we can go to deliberation or
25	any other questions.

1	COMMISSIONER CORDOVANO: Yeah. I don't know.
2	I to respond to the you know, this
3	whole everything is is first off, I would
4	like to thank the applicant. I know it's a big lift,
5	and it's a lot of investment financially and mentally
6	to invest in our town.
7	And I appreciate a lot of this building.
8	I really appreciate the nod to smaller retail areas,
9	whether or not they're still potentially able to be
10	rented by one person much longer larger. I
11	appreciate the look. I appreciate coming back here
12	time and time again.
13	However, at the end of the day, I'm just
14	not behind it for a few reasons. I feel like it
15	doesn't meet the character of the neighborhood. I
16	feel like it further defines the character of the
17	neighborhood.
18	I feel like there's a lot of other ways
19	this building could have met a 2.0 floor area ratio
20	and not maxed height and not maxed elevator shafts.
21	And I have been known to vote against any top-floor
22	penthouse with a hot tub on top that maxes out the
23	height for those reasons.
24	I think a building with 10-to-12-foot
25	ceilings and community housing in it, instead of

	1 22-0337 1 22-033A - 200 N Leadvine Avenue
1	the paying the in-lieu fee, would do a lot more for
2	the town. We've been pushing everyone to develop
3	community housing, rather than pay the fee time and
4	time again on this Commission.
5	I think, you know, in regard to the public
6	comment in the back, I also think Mike's a great guy.
7	I see him around all the time at all the local
8	watering holes and skiing and out in the woods, and we
9	don't evaluate who's doing the project. It's not a
10	personal thing. We give the same level of agita to
11	anyone, be it out-of-town developers or locals.
12	And quite frankly, I need to remove my
13	bias from my decision that two of my neighbors in
14	an apartment building that will not last are neighbors
15	of condos that have been bought and sold by this
16	development team and kicked out of their places before
17	their leases were up in the precursing years. So I'm
18	removing that bias in both aspects from my decision.
19	And I don't think it's critical housing at
20	all. I think it's housing that is large, too tall,
21	and, honestly, housing without a view of the northern
22	realm that they're missing by not having windows
23	there.
24	I appreciate the Building Code and the
25	Fire Code when they need it. When Dirty Little

Roddy's burnt down and that was in a position that they needed to brick walls, lot line to lot lin we saw why they do that. But I think there's a million other ways to get to a 2.0 floor area rati	e, o. as And
3 we saw why they do that. But I think there's a	o. as And
	as And
	as And
5 And the undulation of the north wall h	And
6 been very minimally reduced time and time again.	
7 while it does look good, I've got my concerns abou	t.
8 the safety of the public, walking under all these	C
9 potential areas for cornice, whether they're melte	d or
10 not, with the sidewalk extensions.	
11 And that's where I stand.	
12 CHAIRMAN MORROW: Thank you.	
13 Susan, I think you've remembered your	
14 COMMISSIONER PASSOVOY: I did remember my ot	her
15 point. It's really a basically a small one, bu	tΙ
16 just it's sort of a correction.	
17 We discussed asking for a 3D CAD model	or
18 something, but I think that we let that go by the	end
19 of the meeting. I don't think it was a requiremen	t.
20 It would be nice to have, but we got talked out of	it,
21 as I recall.	
22 CHAIRMAN MORROW: I'm not sure if that was t	his
23 or the hotel, but I think that the the concept	is,
24 "Did this" "did what we see here show the massi	ng,
25 as compared to the neighborhood?" And sometimes i	t

does, and sometimes it's a little skewed to look
better than it could.
But I think we've all been to this site
enough to know what a difference it's going to make in
the in the sense of size on that side. But, you
know
COMMISSIONER PASSOVOY: I I'm very
sympathetic to most of Spencer's comments. And I
also, however, am sympathetic to yes, this
building, in a sense, does set an a precedent for
how that area will be developed as we go forward over
the next 10 years.
And I keep saying that the town is
growing, the town will grow, and we are in charge of
managing how that growth occurs. We can't stop it,
but we can get the best we can as it grows and make
sure that it is providing aesthetic growth and useful
growth.
And this is where I'm I'm sympathetic
with Spencer's comments, that I just wish we could get
more housing out of these projects that are being
built and not orienting them toward people who
don't spend who don't live here.
They live here occasionally, but they are
not full-time residents residents of the city. And

1	I realize that that is out of the bounds of the
2	purview of this Commission, but it feeds my prejudice
3	about how the change is managed.
4	In terms of design review, I think this is
5	a gorgeous building.
6	CHAIRMAN MORROW: Thank you.
7	Brenda.
8	VICE CHAIRMAN MOCZYGEMBA: Yeah. I don't have
9	too much to say.
10	I appreciate the applicant team in
11	responding to all the feedback that's been given
12	throughout the last several meetings.
13	I think it's a mistake to, you know, not
14	be forward-thinking enough in trying to, you know,
15	force this building to be smaller to meet its other,
16	you know, non-conforming neighbors, essentially.
17	It it it's a hard spot to be in because, I
18	think, it's been acknowledged that, you know, this
19	would be an otherwise dead corner of town, but I see
20	that more as an opportunity, rather than down-playing
21	the highest and best use that this property could
22	become.
23	We you know, we can argue all day long
24	what you know, what the benefit of these
25	condominium units are going to be to the town, but I

1	think, in regards to the current Code language, you
2	know, the the applicant has responded to what's
3	allowable in in a nice fashion.
4	And so that's my opinion.
5	CHAIRMAN MORROW: Thank you.
6	Tim.
7	COMMISSIONER CARTER: The the sort of it
8	feels like there's a a conflict or a a sort
9	of a push/pull that's going on in town around the size
10	of buildings that are getting developed, and it seems
11	to be manifesting itself in this project.
12	This you know, this lot right on I
13	mean, this this block borders Sun Valley Road, and
14	it's one block off of Main Street. This isn't out on
15	the outskirts of town somewhere. This is, you know,
16	arguably right downtown, but it's a part of town that,
17	for one reason or another, hasn't seen a lot of
18	growth.
19	And, you know, this is this this
20	project you know, the right across the alley
21	from this is the CenturyLink building, which is
22	a sort of an odd, small black hole of a building
23	that really doesn't I mean, it's a communication
24	node for town, I guess, but it really contributes
25	nothing to the streetscape of town at all. And I

don't know if that's kind of contributing to why this 1 2 corner's -- why -- why this corner has been dead or 3 not. It's not dead, but, you know, 4 isn't -- doesn't have the same sort of street vibrancy 5 that Leadville does as you go further north. 6 There's an empty parking lot across the 7 street from -- across the street from it, towards Main 8 Street. You know, that's like -- I imagine that's 9 going to get developed some time soon. 10 11 So this -- the development of this corner 12 is -- is sort of an opportunity to extend that 13 streetscape of downtown in a direction that really 14 seems to make a lot of sense. You know, we're just a 15 block off of Main Street. The connection from Main 16 Street, you know -- or over by where -- where Rico's 17 used to be in Chapter One, you know, connecting to Sun Valley Road along here, I -- I think, is a -- is a 18 real potential addition to the -- to the streetscape 19 20 of town. And this building kind of helps set that 21 22 corner. So there's a -- there's a lot of value to it. 23 There's retail on that downstairs. And so in that 24 sense, you know, I think this -- this -- this building 25 can -- can really contribute to some -- to an

Г

1	improvement to to downtown.
2	The the question that seems to be or
3	the conflict that seems to be is is you know,
4	"Is three story" "is a three-story building
5	appropriate in this location?" It certainly stands
6	out, compared to the development that's
7	there that's currently there now.
8	And I guess the appropriateness of this
9	building here depends on, you know, what's going to
10	happen with development in town in the future. You
11	know, is is the is development you know, is
12	this what's going to happen?
13	And if we force it or if if we if
14	we force a smaller building into here, is it, then,
15	eventually going to look out out of scale with the
16	buildings that eventually come up around it, or or
17	if we allow this building, are we then are we then
18	sort of creating that are we sort of incentivizing
19	that large development to happen? It's for I guess
20	it's sort of chicken-or-the-egg.
21	You know, my I I suppose it would be
22	easier to have a two-story building developed here
23	because there'd be less conflict, so it's hard to be
24	in a position to to just make this decision.
25	You know, my sense is that my my

	1 22-03371 22-033A - 200 N Leadvine Avenue
1	kind of gut is that downtown is where this kind of
2	development needs to be, one block off of Main Street,
3	one block off of Sun Valley Road.
4	You know, as jarring as a it sort of
5	a it's a conflict to the buildings that are there,
6	but it doesn't it feels like this development's
7	sort of inevitable, certainly at the scale we've been
8	going the last few years. It it feels like this is
9	where we're headed.
10	I appreciate the improvements to the north
11	wall. I I mean, I I really think
12	those those recessed, bricked-in-window look
13	is is a good a good a good solution for that.
14	It's tricky to invest a lot in a wall that you
15	know, there's a good chance that that is going to get
16	developed over at some point.
17	A couple comments about the about the
18	facade you know, one of the things I hoped we I
19	couple of things I hope we address in the Code rewrite
20	that we do is this sort of focus on on undulation
21	everywhere. There's a previous iteration of this
22	building on the is it 2nd Street? view that
23	shows this sort of brick cornice-work over the top of
24	the white stone. That's, I think, much more
25	attractive.

1	And, you know, we forced this building to
2	put in add add sort of add a I think it's
3	a a like a steel-fascia-overhang wall and a
4	break in the parapet, and and I just for
5	the you know, for the sake of undulation and and
6	relief. And I think the religion of undulation
7	of is I would like I'd like to address in the
8	next in the Code rewrite.
9	And then I also think we should look at
10	elevator overruns. I understand that, you know, the
11	way this is designed is what's allowed by Code, but do
12	we really need to have elevators going to the roof?
13	What what is the reason why elevators are going to
14	the roof? So if we can address that because
15	it elevator overruns require so much additional
16	height over the allowable roof.
17	We ran into it in the hotel. Why is it
18	that we're why are there elevators going to the
19	roof, and must we allow those? Because they really do
20	add a significant amount to sort of the agreed-upon,
21	allowable height of the building.
22	CHAIRMAN MORROW: All right. Go ahead.
23	VICE CHAIRMAN MOCZYGEMBA: Tim, thanks for
24	adding that on the elevator overrun. That's one thing
25	I forgot to mention, but I would agree.

1	In our rewrite, I think we need to clarify
2	what what that allows because these things continue
3	to come up as kind of warts on the top of the
4	building. But I think they still take away while
5	it's not viewed from the street, I think, from afar,
6	they're going to take away someone's view at at
7	some point.
8	CHAIRMAN MORROW: So, yeah. That I know we
9	wanted to stay away from any kind of amendment or
10	anything as we go into the Code rewrite, but
11	I'm I'm of the same now.
12	This is two times in a row that we've come
13	up with we're fighting about height to keep the
14	city low, and then there's this 10-foot thing on top
15	that, you know, totally destroys it. Even though you
16	can't see it from the street, it you you know,
17	it's not 42. It's 52 now. And so
18	it it it it's allowed, but I'd like to get
19	rid of it.
20	If they've got to dig it at the bottom
21	into the ground to get that space to put the
22	stuff whatever they need, but I'm I'm in in
23	firm favor of getting rid of this or or making it
24	so that clearly, someone said they do it in
25	Seattle, and they were they can make it even with

1	the roof or build the roof over it.
2	I think we need to address this before
3	it as the buildings get bigger, before we have a
4	bunch of 52-foot you know, on one building, it may
5	not matter. On 10, it may start to look like they're
6	all really large buildings. So I think that's more of
7	an urgent concern as we go forward.
8	More to this point, I'm hoping well,
9	first off, my first question was going to be, "Did
10	they talk to the neighbors?"
11	One of the pictures they show has a bunch
12	of like aspens on the side. I like that view, but
13	you're not getting that with 7 inches. You know, I
14	like the 5-foot setback and the ability to put windows
15	and have a northern view like Spen [phonetic] said.
16	But, again, that didn't seem to go anywhere, you know,
17	having the neighbors do that.
18	I agree with Tim on this being an
19	activation of this corner. I guess, as much as I hate
20	it, what we're going to see is this corner and the
21	Vintage corner going to the level to the limit, 42
22	or 35.
23	And then, next across the street, you
24	have the two historic houses. And so you're going to
25	see some kind of stepdown no matter what over there

1	with Chapter One and the two houses and and even
2	the real-estate building on the corner is the
3	builder's building Lee Gilman's building is one
4	story. So you're going to have that stepdown no
5	matter what you do there. I mean, it's I I just
6	see that.
7	And then as you go to the next block, you
8	have Argyros, which is tall, and you have the blue
9	building, which doesn't have any retail. They seem to
10	have gotten rid of all their retail next to
11	Sister whatever that building was the Boulder
12	Building Boulder Building. So
13	MORGAN LANDERS: Is that the one with Lloyd
14	Construction in it?
15	CHAIRMAN MORROW: Yeah, it just has that now.
16	MORGAN LANDERS: Two-story building?
17	CHAIRMAN MORROW: Yeah.
18	MORGAN LANDERS: Yep.
19	CHAIRMAN MORROW: And then behind the block
20	on on the other side, they built a three-story kind
21	of condo townhouses over there, so it's it's
22	coming up. So I'm with Tim that you know, this
23	will activate that corner, and we just have to find
24	some way to to blend it back down as you go to the
25	next block. Hopefully, those those original houses

1 stay.

2	Can the trellis get enough light, being on
3	the north side, not getting a lot of light? I
4	just I'd hate to see a bunch of you know, just
5	an empty trellis or a bunch of dead plants or or
6	you guys constantly trying to put new plants in there
7	so that it doesn't it's it's not so much a
8	question, as it is just something that
9	we're yeah that we'd like to that I'd like to
10	make sure we're keeping an eye on.
11	As anything else and you guys can tell
12	me to stop saying this, but this project gets better
13	and better. And I'm sure if it took another two
14	years, it would get somewhere close to where Dave
15	wants it to be, and we would find a really great
16	project, but I think I think the process works.
17	We've I really like the addition to the
18	north wall of the bricked-in windows. I think that's
19	a really clever solution that gives it some feel, more
20	than just color or murals or whatever.
21	And if we can get the trellis to work,
22	then it really kind of now you've kind of shrunk
23	that. As again, as much as I'm with everyone
24	else it would be nice if buildings were
25	smaller this is what the Code says. This is what's

1	going to get built in some of these places. Look
2	around town. This is what's getting built.
3	So I think they did a nice job of of
4	limiting that, of stepping the building back more.
5	I I like Tim's comment about the the
6	religion of undulation, but I I think, right now,
7	it's still important that we do it. But we probably
8	should address it so it doesn't get out of control.
9	The elevator tower. The trees on the
10	north. The trellis.
11	And then you guys dealt with the legal.
12	So if it gets beyond us not our process. I mean,
13	we would like the process to work properly every time,
14	but I didn't feel pressed to to say we couldn't
15	make it drink, and we keep trying to make it drink.
16	So we've actually done some work on on that side.
17	So all in all, I think it's you know,
18	again, if we had another six months, it would get
19	better and better, but that's not a always a
20	realistic thing. I think it's gotten a lot better
21	through the process. So that's where I am.
22	Susan.
23	COMMISSIONER PASSOVOY: And the only thing I
24	wanted to add, which is I appreciate Tim's
25	observations. It is difficult to be the first in the

1	hood to do something basically, radically different
2	than what's around you, and that's why this is
3	definitely the target of a lot of con community
4	concern about direction.
5	And I think that, if this is going to be
6	the first one of several in this area, it's it's a
7	nice one. I mean, I think that the architect and the
8	developer have come up with with a good a good
9	compromise and within the boundaries of the Code
10	that we are required to work with.
11	CHAIRMAN MORROW: Well, they might not have been
12	the first, but we rejected I don't know Tim
13	might have been here for this.
14	We rejected a project across the street
15	that was strictly strictly housing, with no
16	activation on the first floor. And we were just
17	like, "It's" "It doesn't fit the neighborhood."
18	It so I could see, with retail on the first floor,
19	that project coming back, which was maybe not as bulky
20	as this, but was large. And and you're probably
21	going to see that next door anyway.
22	So I you're right. It it it was
23	hard for the first, and there would have been one
24	before, but we were like, "There's no way that we're
25	putting your front door on the street."

1	So, Spencer.
2	COMMISSIONER CORDOVANO: I just think you
3	know, the development, by right, is 1.0, and the rest
4	of this is discretionary, based on our review of the
5	design criteria.
6	And just because it looks pretty and meets
7	the Code, I'd like to offer the perspective that it
8	reaps every benefit of the Code to the maximum,
9	without providing claiming vibrancy is great. We
10	got a couple units out of it.
11	But then you look at the offices on Sun
12	Valley Road and Leadville, and there's about 20 units
13	in there, and the building's 24 feet tall. And you go
14	around the clock there, and I think you get more of
15	that vibrancy, more tax, and more action from any
16	other building.
17	And I just think, whether or not the
18	Council already approved the FAR Exceedance Agreement,
19	I think it could still be achieved at 2.0, with a much
20	smaller and vibrant building. And just because it
21	looks great, that doesn't mean we have to live with
22	it.
23	CHAIRMAN MORROW: Thank you.
24	Anyone else? Other comment? Other
25	questions for staff?

Г

1	Staff, anything else?
2	Well, I'm happy to take a motion or
3	continue deliberation, or if you guys need more
4	time
5	COMMISSIONER CORDOVANO: I mean, I'd
6	CHAIRMAN MORROW: Continue the
7	COMMISSIONER CORDOVANO: We've we've been in
8	here three, four times on an application that came
9	through for the one-hit wonder. He got stopped in his
10	tracks. I'd hate to stop it all the way in its
11	tracks. I'm not sure if that motion would be seconded
12	or further supported.
13	But I think, for me, 411k to the in-lieu
14	fund for a building that maxes out everything
15	out and we've asked time and time again for more
16	undulation on the wall. The property owner, the
17	adjacent property owners, they've all talked about
18	solutions that haven't been achieved.
19	I'm not in favor.
20	CHAIRMAN MORROW: Thank you.
21	Other comments or anyone persuaded to
22	accept Spencer's motion, that you could
23	COMMISSIONER CORDOVANO: I kind of want to hear
24	what everyone else is thinking.
25	VICE CHAIRMAN MOCZYGEMBA: I appreciate those

1	comments that I I think it's going to be
2	unanimous around the table here is that this is a
3	tricky one because it does stand alone at the moment.
4	I think what what I had discussed at
5	the last meeting was talking about, you know,
6	it's it's just going to be impossible to forecast
7	what comes next. You know, is is is there
8	additional development, is there a development pause,
9	or does this thing stand alone for the next decade?
10	So I think that's that's kind of what we're
11	struggling with right now.
12	But, personally, I think a a
13	three you know, we're we're we're trying to
14	hedge the bets here, and and I think that a
15	three-story building that meets the Code and where our
16	Comp Plan is pointing to and gaining vibrancy to this
17	street corner, even if it's just retail on the first
18	floor, is a step in the right direction.
19	You you know, I think the this whole
20	mix, where it's retail on the first floor and
21	condominiums on the top floor, is just a response to
22	our current economic cycle, where cost of construction
23	is forcing the developer's hand to not have a building
24	that's all office space and retail because it's
25	impossible to turn it around and make any sort of

1 money at the end of the day. 2 So that's my two cents. 3 CHAIRMAN MORROW: Thank you. Tim --4 COMMISSIONER CORDOVANO: I just think -- I feel 5 like -- if we let this building go with a 6 94-percent-not-undulated north wall, the neighborhood 7 has no choice in the future but to match it. And if 8 we got to a point with a further-undulated wall and a 9 10 third-story setback, we would have a lot easier time 11 telling the next property owner or the developer of 12 the northern lot, "No, you can't put a flat wall 13 there." 14 Tell me if I'm wrong. I defer to you 15 You guys have been here a lot longer than me. guys. I -- I don't know. 16 CHAIRMAN MORROW: We've 17 accepted some -- you know, we've -- we've always been pretty diligent about saying, "If there's a flat wall 18 19 being designed, it has to have something on it because, until it gets covered -- and most of them end 20 21 up getting covered. 22 The best example is Dr. Franz's building, 23 which we made him change, and then within six months, 24 they had already built another building up by the wall. All we did was make him put two different 25

1	colors on it, but we've we've done that.
2	So I guess, here, the question is if
3	Mr. Hutchinson doesn't develop for 10 years or
4	15 years, then that wall is going to be there, and
5	we're going to have to live with that. But if it
6	turns out that it's either too much to live next to
7	or, again, the economy changes and now we have a new
8	non-mountain, modern design that comes in, maybe
9	something else goes up there.
10	So I'm not sure how much you know,
11	it it it meets the my problem is it meets the
12	Code. You know, it'd be great if the Code said, "Hey.
13	35' at the top. That's the parapet. Nothing above
14	it," but it doesn't. And and I I agree. We
15	don't have to just say, "Okay. We're going to do it,"
16	but I think they've made some good changes to the
17	building.
18	My personal feelings are different
19	from, "This fits the Code." I'd like to see that
20	north wall undulate, but if it gets covered, I'm not
21	sure that's worth it. I like the what they've done
22	with the bricked-in windows because it has that feel.
23	But, yeah, I I see what you're what you're
24	saying.
25	And I do have an issue, kind of, with

1	the with just the FAR. It would be nice to know
2	how they came to a this corner it fits for a
3	2 or whatever City Council did, but it didn't
4	affect, at least, my I looked at this like
5	predesign and design for any building we do, not like
6	it was entitled to get this. So
7	MORGAN LANDERS: And and the FAR Exceedance
8	Agreement was just based on the proposed project. So
9	it wasn't in the the actual building plans and the
10	design of the building are not provided to City
11	Council. It's it's purely an agreement that
12	outlines how to conduct the community-housing
13	mitigation, and that's a math problem.
14	CHAIRMAN MORROW: So they don't look at the
15	neighborhood and go, "Okay. Here's a" "it
16	shouldn't be a 2 here?"
17	MORGAN LANDERS: No.
18	CHAIRMAN MORROW: Okay. So this is something,
19	then, we'd probably have to
20	MORGAN LANDERS: That's not part of their
21	discussion at all. That's that's the role of the
22	Planning and Zoning Commission.
23	CHAIRMAN MORROW: Okay.
24	MORGAN LANDERS: And, you know, I if it
25	helps, the project does meet the Code, but you also

1	have design-review criteria; right? So I think what
2	staff tried to kind of present to you all is the
3	criteria that's applicable is that the building wall
4	"shall provide undulation/relief, thus reducing the
5	appearance of bulk and flatness."
6	So, you know, that's that's kind of
7	your guiding light there. It's do do you feel
8	that it does that, or do you feel that it doesn't?
9	You know, I definitely you all are grappling with a
10	pretty significant challenge, but every time that I
11	feel a little bit lost in a decision, I always go back
12	to the criteria, and ultimately, that's what you all
13	have to make your decision based on.
14	Whether it's an approval or a denial, it
15	needs to be rooted in that criteria. So it's very
16	important that you kind of keep that as your guiding
17	light as you move forward. And staff believes this is
18	probably the most applicable criteria that you are
19	working with.
20	So, again, if you feel that it does
21	effectively reduce the bulk and flatness, then you
22	could approve. And if you don't, then you could deny
23	or request additional changes.
24	CHAIRMAN MORROW: Very succinct. Thank you.
25	So more discussion? I'm open for a

1 motion, whatever you guys want to do, and it could be 2 a motion for anything. The architect has, I 3 COMMISSIONER PASSOVOY: think, shown herself to be quite thoughtful about 4 making additional changes. I'm kind of inclined to 5 ask her to go back on the north wall and give it 6 another iteration. 7 CHAIRMAN MORROW: So that would essentially be a 8 9 continuance, a motion to continue? 10 That would be that, and that is MORGAN LANDERS: 11 an option for you. 12 What I would request is that you all have 13 a little bit more dialogue about the specific changes you'd like to see because we have seen this project 14 15 quite a few times now. So I think, yes, you know, 16 kind of taking another go at it -- but I think being a 17 bit more specific about what you think might be effective could be helpful so that we avoid kind of 18 19 continued meetings. 20 And again, you know, staying away from specifics of, you know, "It's a 1.7 FAR versus a 2.0 21 22 FAR" -- really kind of focusing on kind of what those 23 elements of that north facade are, I think, will be 24 helpful and will improve kind of the applicant's 25 response.

COMMISSIONER CORDOVANO: I feel like I've
 already been there.

VICE CHAIRMAN MOCZYGEMBA: Yeah. I think what I've heard that I don't necessarily agree with -- but, you know, there's no more [unintelligible] of this north wall as it stands, that -- what -- what's been discussed before by Commissioner Spencer would be a stepping back of the third floor.

9 But in my mind, again, that -- that's 10 something that is not the intent of the Code at -- at 11 these third floors, to have a step-back, but I think 12 that's where some of the other Members at this table, 13 in -- in their mind -- I think where -- where we're 14 kind of stuck.

15 CHAIRMAN MORROW: Yeah. I would -- I -- I mean, 16 I'm not an architect, but I always thought, if you 17 were looking north, it would be cool if there was a 18 balcony on that side, but then that would require some 19 agreement with the neighbor to have a permanent setback so that -- because that's a real structure in 20 21 the -- it's not a window. It's not something that can 22 get covered up. It would really affect that top 23 floor.

24 So if there were some change made to the 25 top floor so that the north side had an outside

Γ

1	balcony so that it wasn't just whatever. But then
2	that would that would necessitate some setback with
3	the neighbor agreement with the neighbor so that
4	that balcony didn't get walled in in the future. That
5	would be an awful thing. So but, again, not not
6	trying to give architectural solutions.
7	So we have essentially two for
8	continuance.
9	Tim, do you have a
10	COMMISSIONER CARTER: I want to Morgan, can
11	you just explain the connection between the FAR
12	exceedance the discretion that is that is given,
13	in the Code, to is the FAR is FAR
14	exceedance that discretion isn't given to to the
15	Commission. Isn't our or is it? That's my
16	question. Is
17	MORGAN LANDERS: So
18	COMMISSIONER CARTER: You know, we have to
19	evaluate this project based on the design-review
20	criteria right? which is bulk and flatness and
21	health and safety. Where does it where are we
22	charged there there's a relationship, but how
23	are we directly charged with the FAR exceedance?
24	MORGAN LANDERS: Yep. So let me pull up the
25	Code section section specifically because that will

1 help you.

2	The floor-area-density-bonus program is
3	for inclusionary-housing incentive, and that is
4	100-percent dependent on design-review approval. So
5	it says, "An increased FAR may be permitted subject to
6	design review approval." And that is in our Code. So
7	that's Section 17.124.040. So they only get it if you
8	all believe that the increase of the size of the
9	building meets the design-review criteria, and then it
10	has a design-review approval.
11	COMMISSIONER CORDOVANO: And I don't.
12	And due to everything I've stated, with
13	all respect intended to the development team, I'd like
14	to throw out a motion to deny the design-review permit
15	for 200 North Leadville, based on undulation, bulk,
16	and flatness, lack thereof, and the other factors I
17	mentioned.
18	COMMISSIONER PASSOVOY: Undulation, bulk, and
19	flatness of the north wall specifically or of
20	the the rest of the facades?
21	COMMISSIONER CORDOVANO: North wall,
22	specifically, and the building in general.
23	CHAIRMAN MORROW: I I yeah. I I would
24	only disagree with that unless something I think
25	they've made a nice effort in the stepping back and

1	the change in moving the balcony along. I mean, I
2	think the front of the building and the corner of the
3	building, moving the stairs inside, is a massive
4	improvement from what we looked at before.
5	So the north wall, specifically, maybe I'm
6	okay with that. But I think the rest of the building
7	is is you know, they've done a nice job.
8	COMMISSIONER CARTER: I mean, this building is
9	not out of scale with many, many other buildings in
10	town. Why are you know, we have we've approved
11	three-story buildings like this, and, you know,
12	they there's three-story buildings like this that
13	exist in in lots of places in town. So why this
14	one, and why here?
15	COMMISSIONER CORDOVANO: I've voted against all
16	of those for the factors of the Code that I see
17	updated. The reason I didn't throw out motions on the
18	other ones and was because of the amount of
19	community housing that they've provided or other
20	setbacks and other undulations in those buildings and
21	in relation to the character of the neighborhood that
22	they've been in.
23	COMMISSIONER CARTER: So there's a there's
24	a the three-story the mass of the building is,
25	essentially, a cost to the public, and the tradeoff

1	isn't worth it? Is that what you're saying? To
2	the what the public's getting in in return for
3	having to live with this mass, it's the public
4	isn't getting enough in return?
5	COMMISSIONER CORDOVANO: Correct.
6	COMMISSIONER CARTER: So what we are getting in
7	that in this is a is sort of a an an
8	act some retail space on the first floor and
9	activation of that corner, sort of an extension of the
10	downtown sort of downtown life one block in a
11	direction that seems appropriate.
12	But that's what you know, because it's
13	one block off Sun Valley Road and one block off of
14	Main Street, it seems like that is a is something
15	that's beneficial to town, a you know, an an
16	expansion of the downtown character in in this
17	direction seems appropriate.
18	But what so what are we not getting?
19	The housing the type of housing that we're getting
20	is not is not valuable enough to to is not
21	valuable enough to what the town needs? Is that what
22	you're saying?
23	COMMISSIONER CORDOVANO: Well, I think that
24	the the housing will be less vibrant than the rest
25	of the uses in the neighborhood. I think, for an

Г

1	in-lieu payment of 411k, it just states the obvious,
2	that it's more financially motivating to sell off two
3	750-square-foot units. And is that tradeoff worth it
4	to us? I'd rather see that unit be built in.
5	MORGAN LANDERS: If I may offer just a word of
6	caution. The way that our Code is kind of structured
7	in the criteria and the findings that the Planning and
8	Zoning Commission needs to make don't necessarily
9	create that structure of benefits and tradeoffs. It
10	does, from the FAR-exceedance standpoint.
11	From a design-review perspective with the
12	design-review criteria and we do have Criteria 1,
13	which is the health, safety, and welfare. Applicants
14	need to make both, but I would caution that the way
15	that our Code is currently written, there's not a
16	strong association between the kind of individual uses
17	and and things like that within the building and
18	the kind of the tradeoff of design-review criteria.
19	So I I would caution us from kind of
20	going down that road. I think a lot of the
21	Comprehensive Plan elements are related to, you know,
22	contextual design. Certainly that relates to the size
23	of the building, but I would caution the
24	Commission from going down the road of, you know, the
25	benefit of the individual uses and things like that.

Γ

1	I think our our Code isn't fully
2	structured to to to kind of support that
3	approach at this time.
4	COMMISSIONER CORDOVANO: Agreed. And I think,
5	MORGAN LANDERS: Though I do know that that is a
6	frustration of the Commission that we hope to address.
7	COMMISSIONER CORDOVANO: Agreed. I think we're
8	deliberating a little bit further and getting into
9	some of the other criteria ulterior that I based my
10	motion on, but
11	COMMISSIONER CARTER: Yeah. So I don't
12	COMMISSIONER CORDOVANO: you don't have to
13	second it.
14	COMMISSIONER CARTER: [unintelligible]. How
15	do we evaluate the FAR exceedance, then, if, you
16	know other than bulk and flatness? You know,
17	I I guess that's the that's the only
18	MORGAN LANDERS: Well, and it's
19	COMMISSIONER CARTER: criteria that we have
20	to evaluate.
21	MORGAN LANDERS: So if you go back in the staff
22	report the Commission has to make two findings;
23	right? So again, we kind of reorient back to the
24	findings because that's what we what we have. That
25	Criteria 1 is a finding the Commission has to find,

Γ

1	that the project will not jeopardize the health,
2	safety, and welfare of the public.
3	I think in staff's assessment of it,
4	because of the type of project that is being proposed,
5	we don't feel that this project jeopardizes the
6	health, safety, and welfare, based on some of the
7	objectives the the goals and objectives of the
8	Comprehensive Plan.
9	The other criteria, then, is the
10	design-review criteria, the zoning standards, things
11	like that. The Commission has to make both of those
12	findings, that it both meets the design-review
13	criteria and will not jeopardize the health, safety,
14	and welfare of the community.
15	So I know that that is, generally kind
16	of general and broad, where the kind of compatibility
17	piece comes into play with the application is
18	related in the Comprehensive Plan. And I can kind of
19	pull up the note in the staff report, if that's
20	helpful. There is a component, kind of a goal and
21	objective, of the Comprehensive Plan. Just give me
22	one moment here. I had it pulled up, and it went
23	away.
24	So there is, you know, a policy statement
25	in the Comprehensive Plan that states, "Infill and

Γ

1	redevelopment projects should be contextually
2	appropriate to the neighborhood and development in
3	which they" "occur. Context refers to the natural
4	and manmade features adjoining a development site; it
5	does not imply a certain style."
6	So that's kind of the guide from a
7	design-review perspective, that's how the
8	Comprehensive Plan kind of ties into the design-review
9	component as well.
10	CHAIRMAN MORROW: Nice and general so we have no
11	real
12	MORGAN LANDERS: Nice and general.
13	CHAIRMAN MORROW: I I I don't want to
14	bring it up too much, but when we looked at the
15	project across the street, one of the reasons we
16	rejected it and one of the buildings we told we
17	said it would we'd be looking more like was the
18	Mountain West Bank. You know, it was it was
19	basically townhouses. It had nothing, no activation
20	on the corner.
21	And we said, "You know, what we're looking
22	for is more" "something like the Mountain West,
23	which has housing on top, even though it's very
24	hidden, kind of in a building, even though it's open,
25	and retail on the first floor."

1	And that's kind of what in a sense,
2	what we're getting here, not as many units on top and
3	not as much retail on the bottom, but it's a
4	different it's also not wedged in. Again, it's the
5	first one. So it's not really wedged into anything,
6	but that was kind of what we were looking for on the
7	opposite corner a few years ago. I'm not sure that's
8	changed that much.
9	Again, I I'm fully with Spencer if
10	the you know, if we could shrink the size of the
11	buildings we're getting, I think it would make the
12	town more livable, more keep it more of what it
13	was, but it's not in the Code. It's not what
14	we're you know, it's not what's getting built now.
15	And I'm not sure we can come to this corner, which, as
16	Tim says, is a block away from both of the most active
17	areas in town and say, "This is too much."
18	You know, if it were somewhere else,
19	maybe but I think right here, just because it's an
20	undeveloped south of town, that it's doesn't
21	make it out of bounds for something that fits the
22	Code. So
23	VICE CHAIRMAN MOCZYGEMBA: I think I also take
24	into consideration the lengthy conversations we had
25	about the Interim Ordinance, and I think that was kind

Г

1	of a shift in the general thought process amongst
2	staff and Commissioners, both, but this thought of
3	creating or or adding more density, you know,
4	when when you look at that matrix that is in the
5	Interim Ordinance about the number of housing units,
6	given a certain percentage of retail.
7	I mean, while this project came before the
8	Interim Ordinance, I think it's hitting at a lot of
9	what was discussed and a lot of what was what we're
10	striving for as we look forward. So I don't want to
11	shy away from, "Hey. This is the" "the first one
12	on that corner."
13	I agree with Tim. You know, looking at
14	Google Maps in the street view and you know, in
15	reference to Mountain West Bank and Image Eyes, you
16	know, Mountain West being a three-story, brick
17	building, Image Eyes being a two-story, brick building
18	with a healthy parapet, you know, I think when
19	we and I think I touched on this at the last
20	meeting.
21	We have to look at what the definition of
22	"neighborhood" is. And and while there are those
23	shorter structures immediately adjacent, as Tim's
24	saying, you know, we're we're a block off Main
25	Street, and we're at the other end of the block from

Sun Valley Road, so it -- in that sense, I think, this 1 2 is contextually appropriate and is a -- is a great use 3 of that lot. And we -- it's not that we can keep taking 4 this, "Oh, well, first there has to be a two-story 5 building, and then there has to be a two-story 6 building with some three-story elements." I mean, 7 we -- we just don't have that opportunity that 8 9 developers are going to come around. You know, this building's going to be here for the next 50-plus 10 11 years. 12 And so, again, I'm -- I'm just trying 13 to -- there's no way to forecast what's going to come 14 next or what's come -- coming adjacent to this 15 structure, but I think we have to be forward-thinking 16 in this -- in the way that -- if we want to increase 17 density and vibrancy in downtown, to -- to back off and say that this needs to have third-floor setbacks 18 19 or no third floor at all would -- would be a mistake. CHAIRMAN MORROW: I -- I think it -- in a sense, 20 21 it's important to remember it's not a full-sized lot. Like, I guess, maybe if it was a -- a -- technically, 22 23 a conforming lot, then they might have more room to 24 actually do a setback, but this is a -- smaller than 50-sized lot; correct? 25

1	
1	MORGAN LANDERS: It's a single Ketchum
2	Townsite
3	CHAIRMAN MORROW: Oh, it
4	MORGAN LANDERS: lot.
5	CHAIRMAN MORROW: Oh, it fits the
6	MORGAN LANDERS: Mm-hmm.
7	CHAIRMAN MORROW: Oh, okay.
8	MORGAN LANDERS: It's 5,500 square feet.
9	CHAIRMAN MORROW: Oh, okay. All right.
10	COMMISSIONER CORDOVANO: I've already spoken my
11	piece about
12	CHAIRMAN MORROW: Yeah.
13	COMMISSIONER CORDOVANO: 16
14	CHAIRMAN MORROW: Yeah.
15	COMMISSIONER CORDOVANO: foot ceilings and
16	everything.
17	Is is nobody going to second my motion?
18	CHAIRMAN MORROW: Okay. Do we have a second for
19	Spencer's motion?
20	No. So the motion fails.
21	Do do we have any
22	COMMISSIONER CORDOVANO: What are you thinking,
23	Tim?
24	COMMISSIONER CARTER: Well, I'm just wondering
25	about the implications of you know, are the

1	implications of rejecting the design review on
2	this are we does that mean the project's going
3	back to
4	COMMISSIONER CORDOVANO: One-year holding
5	period.
6	COMMISSIONER CARTER: Yeah. What is what are
7	the implications of that?
8	MORGAN LANDERS: If the project is denied,
9	actually, we do not have the one-year holding period
10	in the design-review portion of the Code. That only
11	applies with conditional use permits and one
12	other and variance applications. Design review,
13	they can come back in, but they do have to start from
14	the beginning with a fresh application, staff review,
15	kind of start from the process from the beginning.
16	COMMISSIONER CARTER: Yeah. So, I mean I
17	mean, I I don't necessarily disagree with you
18	know, I mean, I there are I mean, I I think
19	that the criteria which we are allowed to evaluate
20	this building under, which we're you know,
21	there's there's criteria which we really aren't
22	allowed to consider.
23	The criteria that we're allowed to that
24	we're charged to use to evaluate this is, "Is the
25	building contextually appropriate," and, "Is the bulk

Г

1	and flatness and undulation" "is the" "does the
2	building provide undulation and relief and reduce bulk
3	and flatness?" Like that's the criteria that we have
4	to evaluate this under.
5	We you know, it do we like the mix
6	of housing in the building? That's not I mean, I
7	think, Morgan, that's what you said. We can't
8	go, "That's not how" we're not allowed to the
9	Code doesn't allow us to use evaluate this
10	project
11	CHAIRMAN MORROW: Based on
12	COMMISSIONER CARTER: based on those
13	parameters.
14	CHAIRMAN MORROW: Yeah.
15	MORGAN LANDERS: [Unintelligible].
16	COMMISSIONER CARTER: It only allows us you
17	need to clarify that you know, the criteria
18	are, "Does this building provide" "do the building
19	walls provide undulation and relief, reduce the
20	appearance of bulk and flatness, and is this
21	development culture" "contextually appropriate with
22	the surrounding part of town?"
23	MORGAN LANDERS: That's correct. I think,
24	unfortunately, you know, you wouldn't be able to put
25	conditions on it that says, "You have to have all

Γ

1	full-time residents within each unit or, you know, the
2	units can only be 2,000 square feet apiece.
3	You know, we do have some of those
4	elements in the Interim Ordinance, which is why we
5	kind of floated some of those pieces to try and
6	continue to kind of work the box a bit. But this
7	application is not under some of those other
8	requirements.
9	COMMISSIONER CARTER: So I guess you know,
10	I I do think that there are that there are
11	challenges. You know, this building definitely
12	presents some challenges to approval under those
13	criteria, but I'm not sure that denying it and
14	having forcing the developer to go back to square
15	one is, really, the appropriate response to that.
16	I mean, if if we want to push back and
17	say that, you know, there are bulk-and-flatness issues
18	or there are architectural issues with this
19	development, I think we can address it differently
20	than just straight-up denial.
21	That's why I'm reluctant to second your
22	motion, Spence [phonetic].
23	COMMISSIONER CORDOVANO: All good. That's fine.
24	I think we've communicated adequately
25	during the last three meetings what we'd like to see,

Г

1	and they've come back with what they want to do. And
2	we've got more stuff on the agenda, three meetings a
3	month, and, God forbid, dinner to go to.
4	CHAIRMAN MORROW: Would you oh, forget it.
5	Go ahead.
6	So so, Tim, are are you in favor,
7	then, of in between Spencer's motion for denying it
8	and our motion for approving it? Are you somewhere in
9	between there, or are you okay to continue it, or do
10	you want to approve it and you know, I'm with you
11	in the sense of going all the way back to scratch is
12	not going to get us a much different building.
13	I think Nicole's going to come back with
14	some changes, but we're going to see,
15	essentially you know, seven months later and a lot
16	of money, we're going to see essentially
17	something even if it were a floor shorter and
18	then I go with Brenda on that, which is you know,
19	this building's going to be here 50, 60, 70 years.
20	You know, you have to have some
21	forward-thinking of, If we make them build a two-story
22	building here, in 20 years, that could be the
23	weird-looking building, or that could be, you know,
24	alack of whatever. I I I think we have to have
25	some faith in the

COMMISSIONER CORDOVANO: I'll just say it for 1 2 the --CHAIRMAN MORROW: -- [unintelligible]. 3 COMMISSIONER CORDOVANO: -- last time. I think 4 you could still do 2.0 floor area with a building that 5 was 35 feet or so tall -- this is not a specific 6 recommendation or anything. It's just deliberation --7 CHAIRMAN MORROW: Yeah. 8 9 COMMISSIONER CORDOVANO: -- and that it sets the character of the neighborhood to have no third-story 10 11 setbacks and forces the hand of the neighborhood. 12 CHAIRMAN MORROW: All right. Well, I'm -- you 13 know, this is definitely a difficult thing. No matter 14 what we're going to do -- sorry for you guys who are 15 last. I have -- I -- I -- I'm not sure I want to 16 17 reopen public comment, even for the neighbor, 18 because -- because they --19 UNIDENTIFIED SPEAKER: Public comment is closed? 20 CHAIRMAN MORROW: Yes. Well, I reopened it 21 once, so I -- I could --22 UNIDENTIFIED SPEAKER: [Unintelligible]. 23 MORGAN LANDERS: If -- I -- I do -- I would 24 recommend that we would kind of wrap up deliberations --25

Г

1	CHAIRMAN MORROW: Okay.
2	MORGAN LANDERS: and not reopen public
3	comment.
4	CHAIRMAN MORROW: And I think Dave, I just
5	want you guys to know I think we know
6	what what where you're coming from, and I think
7	a lot of us are incredibly sympathetic to that point.
8	COMMISSIONER CARTER: Yeah. I mean, I well,
9	look. We have to you know, there there
10	is the fact remains there's there is some
11	significant, you know, pushback to whether this
12	building is contextually appropriate and whether the
13	bulk and flatness of that north wall is really
14	appropriate for the development right now.
15	So, I mean, I I don't feel I feel
16	like the there's you know, I I don't I
17	don't know if there's enough support to outright
18	support this to to make a motion to to
19	approve this design as it is. It seems like there's
20	enough of a challenge here that we ought to
21	consider you know, we ought to look for some kind
22	of a next step here.
23	CHAIRMAN MORROW: So
24	COMMISSIONER CARTER: But what that
25	is or or at least you know, is there

Γ

1	enough I guess, is there enough I guess
2	[unintelligible].
3	CHAIRMAN MORROW: So and and it it's
4	a good question until
5	COMMISSIONER CARTER: Spencer's made it clear
6	that he's
7	CHAIRMAN MORROW: And to Morgan's to Morgan's
8	point, if we're going to do that, then I would like
9	people to have much more specific you know, we want
10	you to make an agreement with the neighbor and put
11	windows on that side. We want you to set back and put
12	a balcony.
13	COMMISSIONER CARTER: Yeah. Or
14	CHAIRMAN MORROW: And I want them
15	to something instead of, "Let's send Nicole back
16	and give her a couple beers and see what she comes up
17	with." That's not a that's not a real you know,
18	that I don't think that's fair for us to do to
19	them.
20	If you're going to say, "We want some
21	differences," whether it's a a totally different
22	2.0 design or something, I I really would like you
23	guys and I think Morgan's with me on this not to
24	be amorphous about it, to give them some specific,
25	concrete so that we're not just coming back again

1	and again, but also, we're not hamstringing Nicole by
2	saying, "Hey. Come up with something new,
3	you" "you know, that we've given you no direction
4	on."
5	COMMISSIONER CARTER: Can we get the
6	"contextually appropriate" language? Where's that?
7	MORGAN LANDERS: Yeah. So it's on page 2 of the
8	staff report, and it's a policy within the
9	Comprehensive Plan. So 'contextual with the
10	neighborhood' is not a design-review criteria. So
11	that falls under the "health, safety," and "welfare of
12	the public," Criteria so that Criteria 1.
13	So that's on page 2, kind of towards the
14	bottom, Policy CD-1.3, and that's that "infill and
15	redevelopment projects should be contextually
16	appropriate to the neighborhood and development in
17	which they will occur. Context refers to the natural
18	and manmade features adjoining a development site; it
19	does not imply a certain style."
20	COMMISSIONER CARTER: This is Comp Plan
21	language.
22	MORGAN LANDERS: It is. And and that's I
23	mean, there's, again, two findings that you all have
24	to make. That first criteria is a a very open one.
25	And so

	1 22-03371 22-033A - 200 N Leadvine Avenue
1	COMMISSIONER CARTER: Health and health,
2	safety, and welfare [unintelligible]
3	MORGAN LANDERS: Mm-hmm. That's the health,
4	safety, and welfare of the public.
5	COMMISSIONER PASSOVOY: The I come back to my
6	point about being the first. This building is not
7	compatible with the other little buildings right
8	around it, but they aren't going to be here forever,
9	and this one is going to set the tone for what's going
10	to go forward. I don't feel hamstrung by approving
11	it. And if something else comes along, I I don't
12	feel like I'm required just because I approved
13	something in the past. Circumstances change.
14	Contexts change. Whatever.
15	The third floor is set back. It's not
16	like all the walls on all the sides are the same. I
17	wish the neighbors and the I wish these property
18	owners had been able to come to some
19	mutually-satisfactory agreement about the separation
20	between development on both of these sites, but I
21	think that, maybe, the best way to bring this down is
22	to move approval of the design, as presented this
23	evening.
24	CHAIRMAN MORROW: Is that a motion?
25	UNIDENTIFIED SPEAKER: Is that a motion?

Г

1	COMMISSIONER PASSOVOY: Yeah. How are you I
2	meant oh, I but I need the as always
3	CHAIRMAN MORROW: You were a little
4	COMMISSIONER PASSOVOY: I need the language.
5	What is the
6	CHAIRMAN MORROW: It's in the
7	MORGAN LANDERS: So the the motion would
8	be
9	CHAIRMAN MORROW: Would be
10	MORGAN LANDERS: to approve the design-review
11	application for 200 North Leadville and direct staff
12	to develop the findings of fact.
13	COMMISSIONER PASSOVOY: And conclusions I so
14	move.
15	Let's see what happens.
16	VICE CHAIRMAN MOCZYGEMBA: I will second, with
17	the addition of also approving the preliminary plat.
18	MORGAN LANDERS: This does have a preliminary
19	plat.
20	CHAIRMAN MORROW: And that's still in this
21	motion. We still have a second motion, or the
22	preliminary plat's the second motion?
23	MORGAN LANDERS: And if there's an amendment
24	with the motion, then you do need to go back to the
25	original motioner to make sure that they agree with

1	the amendment.
2	VICE CHAIRMAN MOCZYGEMBA: Susan, the
3	motion the amended motion would include, basically,
4	making a motion to approve the final design review and
5	the condominium preliminary plat for the 208 Condos at
6	200 North Leadville.
7	COMMISSIONER PASSOVOY: That amendment is
8	acceptable.
9	VICE CHAIRMAN MOCZYGEMBA: And I'll second my
10	amendment.
11	CHAIRMAN MORROW: Okay. All in favor?
12	I know
13	COMMISSIONER PASSOVOY: Any further discussion?
14	CHAIRMAN MORROW: Any further discussion?
15	Thank you.
16	Nothing else? All in favor?
17	COMMISSIONER PASSOVOY: Aye.
18	VICE CHAIRMAN MOCZYGEMBA: Aye.
19	CHAIRMAN MORROW: All opposed?
20	COMMISSIONER CORDOVANO: Nay.
21	COMMISSIONER CARTER: Nay.
22	CHAIRMAN MORROW: And it passes three to two.
23	MORGAN LANDERS: Motion carries.
24	CHAIRMAN MORROW: Okay.
25	MORGAN LANDERS: Thank you, everyone.

City of Ketchum

# Attachment Q: Public Comment (all hearings)

November 29, 2022

e 1." \*

Dear Commissioners,

My Name is David Hutchinson and I represent the owner of the property at 240 North Leadville Avenue in Ketchum, 240 North Leadville, LLC. My company has also been the tenant in the building at the same address for about 30 years. I provide this letter and make these comments as a neighbor, but want you to know that I look at this application as a problem for the entire community, as a whole.

My first comment, prior to getting into some detail, is that the building, as currently designed, has too much mass, bulk, very little architectural relief, and, if granted the bonuses (which are discretionary), it's way too tall and simply does not fit into the city at large and definitely not within the city block where it is proposed. The purpose as outlined in the Ordinance "is to maintain and enhance the appearance, character, beauty and function of the city, to ensure that new development is complimentary to design of existing City neighborhoods and to protect the economic base of the City of Ketchum." This proposal blatantly contradicts the purpose on a number of levels. It is certainly not complimentary to the design of the existing neighborhood and has no intent to enhance the economic base commercially, in this highly viable retail location, one block east of Main Street. The building is proposing a mere 1306 sq. ft. of retail in an oversized building that is 11,663 sq. ft. or only 11% of the total. This is a residential development disguised as mixed use.

The Ordinance actually provides the Commission the discretion to require more restrictive standards than are generally found in the Code. The applicant is requesting bonuses on a site that is actually a candidate for more restrictive standards. In 17.96.060 Improvements and Standards under F- 1, "Building(s) shall provide unobstructed access to the nearest sidewalk and entryway shall be clearly defined." The opposite is true on Second Street and that is pointed out in the staff report. Most of the Second Street window front exposes stairs for residential units. Again, that is because this is clearly a residential development that does not conform with the intent or standards. In F-2, the building character is not clearly defined by architectural features, it has minimal relief and is really designed to provide maximum interior square footage. F-5 requires undulation and relief to deal with bulk and flatness and that does not occur to the necessary extent, especially on a building of this size.

From a functional perspective, garage parking off the alley (including a 2-car tandem) is extremely problematic in a busy commercial alley. Deliveries and refuse pick up associated with The Kneadery, Wiseguys and the Cellar are regular daily occurrences. The power lines and poles in the alley further complicate the situation. Two of the units have no parking at all and all the surrounding long-term public parking is occupied daily, so not sure where those owners/tenants will put their cars ever, not to mention on a snowy night. Speaking of precipitation, the building design does not take into account most of the exposed sidewalks as it relates to snow and rain protection. Finally, the transformer is clearly in the wrong place and needs to be moved. If an acceptable building can be approved, I would also encourage the city to require that the undergrounding of all the power lines in the alley be done by this developer with a reimbursement provision on future development and/or a contribution from the undergrounding fund that is from the Idaho Power franchise agreement.

Although this application, on its face, does not meet the standards under this now old ordinance, I reserve the right to argue the fact that this project should be reviewed under the current emergency ordinance. By definition, if it's an emergency, the city, under existing Standard 17.96.050 A. Criteria, can also require that the project conform to "any other standards as adopted or amended by the city of Ketchum from time to time." I also believe it could be successfully argued legally that an application, although deemed "complete," is not actually final until the notice provision is met. Notice was provided on November 23, 2022, which was well after the formal adoption of the emergency Interim Ordinance.

Design review is not a mechanical decision. The lines people in tennis and now baseball umpires are being replaced by machines because machines can more accurately determine simple facts like in or out, in situations where there is no gray area. The Design Review process intentionally includes subjectivity and requires that decisions be made by people, those appointed as the protectors of the public and the voice of the community. You are those people.

The Design Review ordinance has the strength to prohibit buildings like this from cropping up in town. The ordinance provides the discretion, but you, the commissioners, must have the courage to do what is right. The developer is required to meet the standards and only you determine if they are met. This building simply does not meet a lot of them. Per the ordinance, If any one of the standards is not met, the decision must be denial or, at minimum, a request for a significant redesign. You have the strong support of the public to deny what is inappropriate. You have been appointed to represent the past, the present and the future of Ketchum, and are the City's last line of defense. This building will stand for one hundred years or more. It's not built yet and it can be redesigned properly. If you look the other way, it will be a "sore thumb" that everyone talks about for decades.

It is apparent that this project does not want to provide something of value to the community and add to a vibrant commercial core; it just wants to make sure it makes as much economic sense as possible. The design is obviously driven by residential values and building size, not by acceptable architecture. The developer wants to sneak this building by, use the bonuses to add mass (and sales revenue) and to disregard the City's efforts at responsible development. It's all about pushing the limits. This is the opposite of sensitive and appropriate development in the core, and the applicant needs to hear that from all of you. The community is counting on you to have their back.

Sincerely,

David C. Hutchinson

Commissioners,

Please carefully examine the transformer placement issue raised by the staff. The staff is 100% correct that if you let the developer proceed with the transformer placement it will become a precedent. Please do not set that precedent.

Thank you,

Perry Boyle Ketchum

To: Ketchum Planning and Zoning Commissioners

Please include this email in the staff report for the hearing on The 208 Condominiums on December 20,2022.

The following comments are based upon additional information and from attending the first hearing,

I learned at the hearing for the first time that the City Council had approved an "FAR Exceedance Agreement " prior to the P&Z hearing for design review. I believe the staff said this was not how it was typically done in the past. I would suggest that the initial portion of the hearing was quite confusing based on this procedure deviation. The staff attempted to let the commission know that the "exceedance agreement" approval was subject to modification based on the P&Z design review findings. I would, therefore, like to emphasize that point and ask that the commission disregard what was really a premature approval. Also, as an adjacent property owner, I do not believe I was noticed of the council meeting where the exceedance was discussed and "approved".

From my observation at the hearing ( and the video tape will bear that out) this council "approval" wrongly influenced the process and created an expectation of a P&Z design review approval by the applicant for a building that is clearly out of scale for the property and the location. The applicant actually put forth the amount of time and money spent based on the council approval as a reason to approve the design review. The potential for a much bigger and taller building was in exchange for an in-lieu housing contribution.

I am all for the formula that creates housing money but not when it is at the expense of the scale and character of the community. It is only appropriate where the actual project, the location and the neighborhood support a larger scale. The potential locations for this type of height and bulk would typically be more than two blocks from the intersection of Main and Sun Valley Road ( as the scale has been mostly determined and is lower ) and/or where there is topography that mitigates appearance of height and bulk ( west side of Main Street ), where the building fronts a 90 'wide street ( very important as it mitigates a narrow corridor) and where the neighborhood already has a collection of larger buildings, therefore adding some complimentary design to the existing neighborhood.

This site meets none of those reasonable criteria and is therefore in conflict with the entire purpose of the Design Review Ordinance. It's a block from both Main Street and Sun Valley Road, The neighborhood buildings are low in scale and not far from historic preservation buildings, it's a 55 ft wide single lot with narrow roads on both sides of the corner, it proposes a basically blank 42' tall north wall that is over 6000 sq. ft. and very visible from many locations and a Second Street frontage with no retail that contradicts that specific design review criteria. Based on those facts, the city's meaningful intent of providing for community housing creates a situation where the intended contribution to a solution becomes its own bigger problem. Any in-lieu payment in exchange for a building that will be detrimental to the community character for up to 100 years or more, is simply not worth the trade. The City needs to save the in-lieu formula and the FAR Exceedance Agreement for appropriate projects in a locations that work. There are plenty of those locations in town, but this is obviously not one.

Sincerely, Dave

#### Dear P&Z Commissioners,

I was recently made aware of the project application at 200 N. Leadville Avenue in Ketchum. I did some investigation after seeing the incredibly tall story poles on the lot and, as a developer, it did not take too much imagination to project that height to the four building corners and the zero set back proposed on the north property line. I was very surprised at the size but learned that the height and bulk of the building was based on a bonus related to a potential in-lieu housing payment. Although I certainly support the city's different housing initiatives, it should not be at the expense of community character and scale and by ignoring the Design Review Ordinance we all rely upon. This is just the wrong location for a height and size bonus.

When I first began to re-plan Warm Springs Ranch, I soon realized that the scale of prior approvals would have been a blight on the overall community. My final decision included dramatically reduced density (only 35 single family homes), CC&Rs that significantly reduced potential home sizes, added setbacks beyond city requirements etc. and finally, a sizable preserve that will exist in perpetuity. This plan was not put in place to maximize sales volume, it was based on having lived here for 40 years and my care for the community into the future.

I believe my actions prove that I certainly believe in proper scale throughout the city limits and this project is simply too big for the smaller scale neighborhood and its prominent location in the core. The bonus is not a right of the developer and must be first be evaluated for proper design. It's apparent that by pushing the size limits to the max. there is a greater profit for the developer but that should be of no concern to you as commissioners.

Some of the actual architectural elements have some appeal and the overall design would not be as objectionable without the bonus height and FAR. I would also expect the Second Street frontage to actually have retail as required. I would also recommend a setback(s) from the north property line to create some relief and an acceptable façade, as it is highly visible along Leadville and even from Sun Valley Road. I would also think that this is actually better for the value of any above ground residential units in the building, by bringing in natural light and views.

Making everyone look at a 42-foot-tall generally blank wall for what could be decades seems like an obviously wrong decision. The mural idea is an obvious band aid on a much bigger issue and should not even be considered.

Please deny this application and/or send it back to be designed more in keeping with the existing neighborhood and without the inappropriate bonus. It could be there for a hundred years. Let's get it right before it gets built and we are stuck with it.

Sincerely, Bos Brennan

Bob Brennan

THE KNEADERY P.O. Box 3043 Ketchum, ID 83340 (208) 726-9462

December 14, 2022

Dear Commissioners:

I am the owner of the Kneadery, which is located at 260 N. Leadville Avenue. The Kneadery is located on the same street as the proposed three-story mixed-use building at 200 N. Leadville Avenue just 55 feet to the North. Although the proposed building is labeled "mixed-use," upon review of the proposed design, it appears that it is predominately a residential building with only a small portion (approximately 11%) dedicated to retail. Certainly, such residential development is not appropriate in the commercial core, and having zero retail on the Second Street frontage makes no sense.

As currently proposed, the building is only a block from Main Street and Sun Valley Road and the existing buildings in the neighborhood are low in scale (including the Kneadery). Furthermore, although 200 Leadville Avenue is only 55 feet wide with narrow roads on both sides of the corners, the proposed building contemplates a blank north wall that is more than 6000 square feet and very visible from public spaces, including the Kneadery's front patio, which is used for outdoor dining. Obviously, it would be less than desirable to have my customers staring at such an eyesore that will block the sun and views while they are trying to enjoy their dining experience at my restaurant.

Not only will the proposed building have a negative aesthetic effect on my business, but it will also interrupt my business's operations as well as the neighboring business' operations. Specifically, I am referring to the fact that the alley behind my property is used daily for deliveries and garbage services for the neighboring businesses. Unobstructed and continued use of this alley is imperative to allow each of these businesses to efficiently operate. However, as proposed, the garage parking off the alley as well as the 2-car tandem parking will interfere with this use and visa versa.

Additionally, as I am sure you are aware, parking in this area is already strained. Despite this problem, the project does not contemplate any relief. Instead, it proposes a mere four parking spaces with <u>no</u> parking for two of the units which will undoubtedly cause further strain on the publicly available parking situation, especially during the winter season when overnight parking is prohibited to allow for snow plowing. This is especially troubling to me as I anticipate that the owners of the residential units will use the nearest parking, which is located on Leadville Avenue even though those parking spaces are intended for customers at my business as well as the neighboring businesses. If parking is not readily available for customers, it is likely that they will take their business elsewhere which will have a negative impact on the existing businesses. We cannot lose sight of the fact that this area is commercial core. Hence, the wellbeing of the existing businesses must be the City's priority.

Despite this, I have been informed that the City may accept an in-lieu payment in exchange for allowing a huge building that will negatively impact the neighborhood and community. Certainly, the City should not resort to prioritizing a small payment to the in-lieu fund over preserving the character of this community. The City's design standards were adopted to preserve, not undercut, the character of the community and it is imperative that you uphold them by not approving this project. Per my conversations with neighboring business owners and members of the community, the consensus is that while the proposed building may be appropriate in an alternative location, it should not be allowed at 200 N. Leadville Avenue as it will not contribute complementary design to the neighborhood. To the contrary, it attempts to sneak in an oversized, primarily residential development in an existing commercial part of town.

For these reasons, I strongly urge you to deny this application.

Sincerely. 1/2

**Dillon Witmer** 

PS. Please read my letter into the record at the December 20, 2022 hearing.

City of Ketchum Planning and Building Department Morgan Landers, Director mlanders@Ketchumidaho.org

## **RE:** Demand to halt design review for the 208 Condos project and terminate FAR Exceedance Agreement 22811

Dear Planning & Building Director Morgan Landers:

I represent 240 North Leadville, LLC, which owns property adjacent to the 208 Condos project. This a demand letter to cease consideration of the design review application for the 208 Condos project. Upon review of the City Council's November 21, 2022 meeting, the Council's consideration and approval of FAR Exceedance Agreement 22811 violated Ketchum City Code ("KMC") and Idaho's Local Land Use and Planning Act ("LLUPA" or "Idaho Code 67-6501 et seq.") because the Council made quasi-judicial determinations reserved for the the Planning and Zoning Commission and failed to notice and conduct a public hearing concerning the same.

By allowing the Council to consider and approve a Far Exceedance Agreement prior to the Planning and Zoning considering design review standards, and doing so outside of a public hearing, the City has jeopardized the lawfully required process for considering 208 Condos design review application. As you are no doubt aware, the remedy to this situation is to void Far Exceedance Agreement 22811, and re-notice and re-hear the 208 Condos design review application in front of the Planning and Zoning Commission. Accordingly, on behalf of my client, I respectfully demand that the currently scheduled consideration of the 208 Condos application be pulled from the upcoming December 20, 2022 Planning and Zoning Commission meeting.

The primary rules and laws applicable to this matter are Idaho's LLUPA and KMC, Title 17. Under LLUPA, city councils may either retain their planning and zoning authority or delegate it to a commission. Idaho Code § 67-6504. Ketchum elected to establish a planning and zoning commission pursuant to Idaho Code § 67-6504, and the only planning and zoning power retained by the Council is the authority to adopt ordinances, to finally approve land subdivisions, and to act in an appellate capacity for appeals from the Planning and Zoning Commission. See

KMC § 4.12.020; Idaho Code § 67-6504; Brower v. Bingham Cty. Comm'rs (In re The Application for Zone Change), 140 Idaho 512, 514, 96 P.3d 613, 615 (2004). Importantly, LLUPA requires governing boards to adopt hearing procedures that "provide an opportunity for all affected persons to present and rebut evidence." Idaho Code § 67-6534.

Under Ketchum City Code, the Planning and Zoning Commission is required to conduct design review for mixed use buildings and projects in all zoning districts. KMC §§ 17.96.010 and 030.b. Specifically, KMC § 17.96.050.A states that the Commission, not the City Council, shall determine whether an application for design review conforms to all standards under Title 17. KMC § 17.124.040 is a development standard that applies to all projects in CC zoning districts, which constrains projects to a maximum floor area ratio (FAR), unless some community housing benefit is provided. Subsection B.2 of this code states that an increased FAR may be permitted by the Planning and Zoning Commission subject to design review, which necessarily requires that an applicant must go through design review to receive a FAR Exceedance Agreement. Lastly, KMC § 17.144.020 establishes the Council as an appellate body for decisions made by the Planning and Zoning Commission.

Only the Planning and Zoning Commission can approve a FAR Exceedance Agreement after, or concurrently with, design review because the Council dedicated its planning and zoning powers to the P&Z Commission. The Idaho code sections and KMC sections cited above lay out clear, legally defensible procedures for projects subject to design review. The Planning and Zoning Commission is vested with the sole authority to evaluate whether an application for design review meets the standards under KMC Title 17. Once the Planning and Zoning Commission has made its quasi-judicial determinations about whether an application meets all standards, then that decision can be appealed. The maximum floor area ratio standard is a standard of evaluation that the Planning and Zoning Commission, not City Council, must consider during design review.

Here, the City Council's consideration and determination that the 208 Condos project met the FAR standard and the amount of a community housing in-lieu fee was improper because that determination is reserved for the Planning and Zoning Commission. FAR Exceedance Agreement 22811 contains a recital of the FAR standard under KMC § 17.121.040 and an analysis of the standard as it relates to the 208 Condos design review application. While the City may intend for the Planning and Zoning Commission to have "final" say over this matter, the City Council's determination that the FAR standard was met and that a sum certain for the in-lieu fee is appropriate prejudices the Planning and Zoning Commission's ability to impartially and independently consider all design review standards, especially when such determination is reduced to an enforceable contract. Furthermore, since the City Council sits in an appellate capacity, it has biased itself against any appeals that may concern the project or the FAR agreement. Lastly, and potentially most significant, the public and impacted neighbors were not given

notice or an opportunity to be heard when the Council considered whether to approve FAR Exceedance Agreement 22811.

As stated above, the corrective action requested by my client is for the 208 Condo design review application to be considered in its entirety by the Planning and Zoning Commission and without any undue influence from the City Council. This requires FAR Exceedance Agreement 22811 to be terminated and the 208 Condos design review public hearing to be postponed. Eventually, the Planning and Zoning Commission may elect to enter into or advise the City Council to enter into a similar agreement, but it must do so without the undue influence of knowing that the City Council has already reviewed and approved the FAR standard for this project. The imminence of the upcoming Planning and Zoning hearing to consider the 208 Condos design review application requires your response as soon as possible, but no later than Monday, December 19, 2022 at 5:00 PM.

My client supports and understands the need for the community housing in-lieu fee, but both the public and City need to ensure that it is extracting those fees with a legal and defensible process that will not jeopardize the utility of the funds received or divert attention and resources from community housing and towards appeals and litigation.

Page 3 December 16, 2022 240 Leadville, LLC to City of Ketchum

December 20, 2022

To the Planning Staff and Commission,

Having followed the approval process for a number of projects in the Ketchum Commercial Core, we are concerned that the project located at 200 N Leadville may be at risk of not being approved, despite being in compliance with all current zoning requirements. The main concern appears to be the height of the building, which is within current zoning regulations. To deny this project over its height, while within codified zoning parameters, would be a perfect example of spot zoning and set a new precedent; one that potentially could lead to litigation.

While we're all concerned about Ketchum losing its small town charm, zoning ordinances exist for a reason. To deny a developer the right to build while in compliance with current zoning ordinances is both unfair to the developer, and risky to the city.

Lastly, we find the exterior design of the building to be attractive, in keeping with the character of our town, and somewhat timeless in the use of materials and colors. It will be a welcome addition to the town, with additional residences, including a workforce housing unit, that we hope will contribute more vibrancy to Ketchum.

We urge you to approve this project as submitted.

Sincerely,

John Sofro

P & Z Commissioners City of Ketchum

Dear Commissioners,

I whole heartedly support Dave Hutchinson in his opposition to the proposed building at the corner of Leadville Ave and Second Street. While I have limited knowledge of the specifics of the project, I am aware of the impact that these large buildings can have on the downtown parking and the downtown image.

As the owner of the Elephant's Perch and Ketchum Kitchens, I fought against the poorly conceived Blue Bird project which is dramatically under-parked and over-sized. Parking is the life blood of retail and, in Ketchum, as you all know, the Town Square area is significantly under parked during our peak tourist seasons of December and Summer. This is important because local retailers need to generate significant sales during these three months to survive for the full year.

Further, these lot-line to lot-line, very tall buildings will destroy the small town feeling of Ketchum that is so essential to attracting tourists. A 40' concrete block firewall on a small lot can ruin the character of any street.

The proposed building is a great example of the type of development that P&Z should be driving out of the CC zone.

- A large, square building that runs lot-line to lot-line, with a 40' fire wall abutting an adjacent property owner is unsightly and unfairly damages numerous nearby buildings.
- Fourth Street off Sun Valley Road is one of the charm streets in Ketchum. The idea that it gets developed with oversized buildings is repugnant. Whatever is allowed on this lot will set a precedent for the lot across the street.
- The lot is too small to have adequate parking, which will lead to more street parking during peak season. The area around the Kneadery already has a parking issue during peak tourist season. This shortage of parking will eventually affect the parking at Elephant's Perch and other businesses on East Avenue.
- All of the recent buildings with expensive condos on the upper floors will be populated by 2<sup>nd</sup>homeowners who will not bring year-round pedestrian traffic downtown but will rather increase parking use during peak seasons.

Finally, I do not believe that I was properly noticed about this project. I have a 20-year lease on the Elephant's Perch and I did not receive any communication. The Perch building is owned by an 97 year-old out-of-town owner who is battling health issues and he did not forward any communication.

It is essential that the P & Z and the City Council take a hard line with developers to ensure that they create projects that meet the high-character standards of Ketchum.

Subject: Proposed mixed-use development at 200 N Leadville Ave. (P22-035 and P22-035A)

Good morning.

My name is Les Boudwin.

I live at 113 Howard Drive, #3, Ketchum, ID.

I've known Mr. Carr professionally and socially for years.

I have studied renderings of his proposed project at 200 N Leadville.

I think his design and concept look great with the articulation and mix of finishes on the exterior.

I support approval of his design.

Thank you,

Les Boudwin

IN RE: The 208 Condos	) ) ) KETCHUM PLANNING AND ZONING COMMISSION
Design Review Date: April 11, 2023	) FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ) DECISION )
File Number: P22-035	)
PROJECT:	The 208 Condos
APPLICATION TYPE:	Design Review
FILE NUMBER:	P22-035
ASSOCIATED APPLICATIONS	: Condominium Subdivision Preliminary Plat (P22-035A)

<b>REPRESENTATIVE:</b>	Nicole Ramey, Medici Architects (Architect)
OWNER:	755 S Broadway, LLC
LOCATION:	200 N Leadville Ave – Lot 1 Block 23, Ketchum Townsite
ZONING:	Community Core – Subdistrict 2 – Mixed Use (CC-2)
OVERLAY:	None

#### **RECORD OF PROCEEDINGS**

The City of Ketchum received the application for Final Design Review and condominium preliminary plat on July 1, 2022. The Final Design and Preliminary Plat applications have been reviewed concurrently and were deemed complete on October 14, 2022. Department comments were provided to the applicant on July 27, 2022, and additional comments provided on October 14, 2022. Following receipt of the complete application, staff routed the application materials to all city departments for review. All department comments have been addressed satisfactorily through applicant revision of project plans or conditions of approval.

A public hearing notice for the project was mailed to all owners of property within 300 feet of the project site and all political subdivisions on November 7, 2022. The public hearing notice

was published in the Idaho Mountain Express on November 9, 2022. A notice was posted on the project site and the city's website on November 7, 2022. Story poles were verified on the subject property on November 22, 2022. The project was heard at the November 29, 2022 meeting of the Planning and Zoning Commission (the "Commission") and continued to a special meeting on December 20, 2022. The project was heard again on December 20, 2022, and continued to the January 10, 2023 meeting of the Commission. The applicant, citing the need for additional time to respond to Commission's comments, requested the January 10, 2023 hearing be continued to the February 28, 2023 meeting of the Commission. No information was presented or reviewed at the January 10, 2023 meeting and no public comment was taken.

The Planning and Zoning Commission (the "Commission") conducted their final consideration of the Design Review (Application No. P22-035) and the Condominium Subdivision Preliminary Plat (Application No. P22-035A) applications concurrently at their February 28, 2023 hearing, and the associated public hearings were combined in accordance with Idaho Code §67-6522. After considering staff's analysis, the applicant's presentation, and public comment, the Commission approved the Design Review application with a vote of 3-2 and recommended approval of the Condominium Subdivision Preliminary Plat application to the City Council with a vote of 3-2.

#### BACKGROUND

The Applicant is proposing an 10,856 square foot three-story mixed-use development known as The 208 Condominiums (the "project"), located at 200 N Leadville Avenue (the "subject property"). The development is not subject to the interim ordinance as the applications were deemed complete prior to the effective date of the ordinance. The subject property is a vacant corner lot zoned Community Core - Subdistrict 2 - Mixed Use (CC-2) just southeast of the Kneadery and VP Companies offices, across from Vintage restaurant and another vacant lot on the opposite corner.

As proposed, the project includes 1,306 square feet of ground floor retail, and four residential dwelling units as follows:

- One dwelling unit in the basement 639 net square feet (NSF)
- Two dwelling units on the second floor 746 NSF and 2,628 NSF
- One dwelling unit on the third floor 3,503 NSF

Based on the size of the units, a total of 4 parking spaces are required for the residential units. The project proposes two two-car garages. The retail space and the two residential units less than 750 net square feet are exempt from parking requirements.

The project proposes to take advantage of the Floor Area Ratio (FAR) bonus in exchange for community housing, mitigating the additional floor area by making a community housing contribution. The total FAR for the project is 1.97, where 1.0 is permitted by right.

The project will construct improvements to the right-of-way per the City of Ketchum improvement standards including, three streetlights, asphalt alley, curb and gutter, and 8-foot sidewalks. The project proposes to snowmelt the sidewalks adjacent to the project. The city engineer and streets department has conducted a preliminary review all improvements and believes the improvements to meet the city's standards. Final review of all improvements to the right-of-way will be conducted by the City Engineer

and Streets Department prior to issuance of a building permit. An encroachment permit approved by the City Council will be required for the snow melt system and pavers.

### **FINDINGS OF FACT**

The Commission, having reviewed the entire project record, provided notice, and conducted the required public hearing, does hereby find that the project does not jeopardize the health, safety, and welfare of the public and conforms to all applicable standards and criteria as set forth in Chapter 17.96 – *Design Review* and Title 17 – *Zoning Regulations*. Therefore, the Commission does hereby make and set forth these Findings of Fact, Conclusions of Law, and Decision as follows:

### FINDINGS REGARDING HEALTH, SAFETY, AND WELFARE

The 2014 Comprehensive Plan outlines 10 core values that drive the city's vision for the future including a strong and diverse economy, vibrant downtown, community character, and a variety of housing options. The built environment within the downtown plays a key role in materializing these values to achieve the city's vision. The 2014 Comprehensive Plan designates the future land use for the subject property as "mixed-use commercial" where, according to the plan, "New structures in existing mixed-use areas should be oriented to streets and sidewalks and contain a mix of activities. Mixed-use development should contain common public space features that provide relief to the density and contribute to the quality of the street." Primary uses include offices, medical facilities, health/wellness-related services, recreation, government, residential, and services.

Policy CD-1.3 of Chapter 4 of the comprehensive plan states that "Infill and redevelopment projects should be contextually appropriate to the neighborhood and development in which they occur. Context refers to the natural and manmade features adjoining a development site; it does not imply a certain style." The transition between buildings is a key design element and has the potential to impact the perceived cohesiveness of the downtown and can impact the way residents and visitors experience a place.

The Commission discussed the project's conformance with the future land use designation and found that the proposed project met the vision of the future land use designation as there are both residential and commercial uses proposed in the project. All of the proposed uses are listed as acceptable primary uses in the comprehensive plan. The Commission also found that the proposed uses and design of the building provided an active ground floor street frontage that supports the goals of creating a vibrant downtown. The building is set back from the property line with pedestrian amenities such as landscape planters and benches. This design creates spaces for pedestrians to congregate at the corner of the building where there are opportunities to window shop. The building design also includes floor to ceiling storefront windows that provide interest for pedestrians traveling along Leadville Ave and 2<sup>nd</sup> Street. The

building is oriented towards the corner of Leadville Ave and 2<sup>nd</sup> Street with vertical and horizontal architectural elements and storefront windows on the ground level.

The Commission also discussed the project and whether it was contextually appropriate to the neighborhood. The Commission acknowledged that the building was larger than the immediately adjacent one-story structures but acknowledged that there are two- and three-story structures within one block of the subject property. The subject property is one block from Sun Valley Rd and one block from Main Street. Both roads are heavily trafficked by pedestrians and vehicles and are the locations of many larger buildings within the community core. Ultimately, the Commission found that the context of the neighborhood should be measured not by the immediately adjacent structures, but by the broader surroundings. The Commission also acknowledged that the changes proposed by the applicant throughout the design review process improved the building's perceived height and addressed concerns related to bulk and flatness.

Therefore, the Commission found that the project is in general conformance with the comprehensive plan and does not jeopardize the health, safety, or welfare of the public.

### FINDINGS REGARDING COMPLIANCE WITH DESIGN REVIEW STANDARDS

17.96.060.A.1 - Streets	Conformance
The applicant shall be responsible for all costs associated with providing a connection	YES
from an existing City street to their development.	
Finding: The development is at the corner of N Leadville Ave and 2 <sup>nd</sup> Street, two existing	public rights-of-way. The
development proposes to bring both rights-of-way up to city standards by replacing the	existing nonconforming
sidewalks, provide curb and gutter, and improve the alley to meet standards and provide	e for adequate drainage.
The development proposes walkways the full length of the building from the property lin	ne to ensure direct
pedestrian access from all building entrances to the sidewalks. All improvements to the	right-of-way and
walkways to the right-of-way improvements are at the expense of the applicant.	

17.96.060.A.2 - Streets	Conformance
All street designs shall be approved by the City Engineer.	YES
	Condition #3
Finding: No new streets are proposed for the project, however, all improver	nents to the right-of-way as shown on
the president plane has been reviewed by the City Engineer. Final review of all	

the project plans has been reviewed by the City Engineer. Final review of all improvements to the right-of-way will be completed prior to issuance of a building permit for the project per condition of approval #3.

Conformance
YES

**Finding**: KMC 17.124.140 outlines the zone districts where sidewalks are required when substantial improvements are made, which include the CC, all tourist zone districts, and all light industrial districts. As the project is within the CC-2 zone district, sidewalks are required and proposed.

17.96.060.B.2 - Sidewalks	Conformance
Sidewalk width shall conform to the City's right-of-way standards, however the City Engineer may reduce or increase the sidewalk width and design standard requirements at their discretion.	YES Condition #3
<b>Finding</b> : The project plans provided the details of the sidewalks for review by the City Engineration review of the project plans indicates that all city right-of-way standards for width and constrained of all improvements to the right-of-way will be completed prior to issuance of a burproject per condition of approval #3.	struction are met. Final

17.96.060.B.3 - Sidewalks	Conformance
Sidewalks may be waived if one of the following criteria is met:	N/A
a) The project comprises an addition of less than 250 square feet of conditioned space.	
b) The City Engineer finds that sidewalks are not necessary because of existing geographic limitations, pedestrian traffic on the street does not warrant a sidewalk, or if a sidewalk would not be beneficial to the general welfare and safety of the public.	

for the project.

17.96.060.B.4 - Sidewalks	Conformance
The length of sidewalk improvements constructed shall be equal to the length of the	YES
subject property line(s) adjacent to any public street or private street.	

**Finding**: As shown on the project plans, the project proposes new sidewalks to be placed the full length of the subject property along N Leadville Ave and 2<sup>nd</sup> Street.

17.96.060.B.5 – Sidewalks	Conformance
New sidewalks shall be planned to provide pedestrian connections to any existing or	YES
future sidewalks adjacent to the site. In addition, sidewalks shall be constructed to	
provide safe pedestrian access to and around a building.	

**Finding**: There are existing sidewalks along the subject property connecting to existing sidewalks to the north and east. The development proposes to replace the existing nonconforming 5-foot sidewalks on both N Leadville Ave and 2<sup>nd</sup> Street. The new 8-foot sidewalks will taper and connect to the existing sidewalks to the north and east. There will be direct pedestrian access from the entrances and exits to the building to the new sidewalks as shown in the project plans.

17.96.060.B.6 - Sidewalks	Conformance
The City may approve and accept voluntary cash contributions in lieu of the above described improvements, which contributions must be segregated by the City and not used for any purpose other than the provision of these improvements. The contribution amount shall be 110 percent of the estimated costs of concrete sidewalk and drainage improvements provided by a qualified contractor, plus associated engineering costs, as approved by the City Engineer. Any approved in lieu contribution shall be paid before the City issues a certificate of occupancy.	N/A

granted any such request.

17.96.060.C.1 - Drainage	Conformance
I stormwater shall be retained on site.	YES

**Finding**: The project proposes a series of roof drains, drywells, and catch basins to manage onsite stormwater. Per the project plans, all stormwater is being retained on site.

17.96.060.C.2 - Drainage	Conformance
Drainage improvements constructed shall be equal to the length of the subject	YES
property lines adjacent to any public street or private street.	Condition #3

**Finding**: As shown on the project plans, all stormwater is retained on-site. The project proposes to construct right-of-way improvements the length of the subject property, including curb and gutter and other drainage infrastructure, along N Leadville Ave and 2<sup>nd</sup> Street. The project also proposes drainage infrastructure in the alley behind the subject property for the full length of the subject property. Final design of drainage infrastructure will be reviewed and approved by the City Engineer prior to building permit issuance per condition #3.

Conformance
N/A

**Finding**: The City Engineer did not identify any additional drainage improvements during department review. The characteristics of the site do not warrant additional drainage improvements.

17.96.060.C.4 - Drainage	Conformance
Drainage facilities shall be constructed per City standards.	YES
	Condition #3
Finding: Based on review of the project plans by the City Engineer during der	partment review, all drainage

**Finding**: Based on review of the project plans by the City Engineer during department review, all drainage facilities meet city standards. Final design of drainage facilities will be reviewed and approved by the city engineer prior to issuance of a building permit per condition #3.

17.96.060.D.1 - Utilities	Conformance
All utilities necessary for the development shall be improved and installed at the sole expense of the applicant.	YES

**Finding**: All project costs associated with the development, including installation of utilities, are the responsibility of the applicant. The applicant has not made requests for funding to the City, and no funds have been provided by the city for the project. The subject property was previously served by an above ground power line to a power pole on-site. At the owner's expense, the overhead line and power pole have already been removed. The development will be served by power from below grade power lines to an on-site transformer as shown on the project plans.

17.96.060.D.2 - Utilities	Conformance
Utilities shall be located underground and utility, power, and communication lines within the development site shall be concealed from public view.	YES
<b>Finding</b> : Per the project plans, all necessary utilities are underground. As shown on She transformer is located on the southeast corner of the property adjacent to the alley and along 2 <sup>nd</sup> Street. The transformer is proposed to be screened with perforated metal par shown on the sheet. The Idaho Power will serve letter is dated October 24, 2022 and re version of the site plan. As outlined in condition of approval #3, an updated service lett	the pedestrian sidewall neling and landscaping as ferences a previous

be provided with the building permit application to ensure all screening and access is adequate. Any changes in transformer size and location may require an amendment to the design review approval. As conditioned, this standard is met.

17.96.060.D.3 - Utilities	Conformance
When extension of utilities is necessary all developers will be required to pay for and	N/A
install two-inch SDR11 fiber optical conduit. The placement and construction of the	

fiber optical conduit shall be done in accordance with City of Ketchum standards and at the discretion of the City Engineer.	
Finding: The location of the subject property is already served by fiber optical and there	fore no conduit is
required in this location.	

17.96.060.E.1 – Compatibility of Design	Conformance
The project's materials, colors and signing shall be complementary with the	YES
townscape, surrounding neighborhoods and adjoining structures.	

**Finding**: The surrounding neighbors and adjoining structures have a wide variety of materials and colors. Most of the structures adjacent to the subject property, or directly across the street, are one-story single-family residence type buildings with pitched roofs and white or lightly colored horizontal siding. However, further north along N Leadville Ave on the same block, the materials and color palette shift to brick, darker accent colors such as red or green, and flat roofs such as the building with the Cellar Pub. The building at the corner of N Leadville and Sun Valley Rd has brick, light colored stucco, and red accents. Although the proposed development does not mimic the light-colored horizontal materials of immediately adjacent properties, the proposed materials of darker brick, and black metal accents on the balconies are complementary to the buildings on N Leadville Ave. The building also includes a lighter colored accent wall along 2<sup>nd</sup> Street that ties the building's color palette to the surrounding properties and lightens the buildings feel where there are no windows.

Conformance
N/A

17.96.060.E.3 – Compatibility of Design	Conformance
Additions to existing buildings, built prior to 1940, shall be complementary in design and use similar material and finishes of the building being added to.	N/A
<b>Finding</b> : The subject property is vacant therefore this standard does not apply	

17.96.060.F.1 – Architectural	Conformance
Building(s) shall provide unobstructed pedestrian access to the nearest sidewalk and the entryway shall be clearly defined.	YES
Finding: The project includes primary entrances to the retail on both N Leadville Ave and 2	nd Street. Additionally,
there are entrances to the residential units on 2 <sup>nd</sup> Street. All entrances have direct access t	to the sidewalk. All
entrances are identifiable with architectural elements, particularly the elements on 2 <sup>nd</sup> Str	eet where there is a

recessed entrance to the upper floor units and a single entrance articulated with architectural detailing around the door for the basement residence.

17.96.060.F.2 – Architectural	Conformance
The building character shall be clearly defined by use of architectural features.	YES

**Finding**: The building character mimics that of historic brick buildings with balconies that stretch for a significant length of the building. The windows have a subtle curvature at the top which is also a characteristic of more ornate historic brick buildings. Some examples in Ketchum include the buildings where Enoteca, Sun Valley Cullinary, and the Sawtooth Club are located.

17.96.060.F.3 – Architectural	Conformance
There shall be continuity of materials, colors and signing within the project.	YES
<b>Finding</b> : The project uses a consistent set of materials including multiple shades of brick lighter wood siding under the balconies. The signage for the project is minimal and does	not deter from the
architectural characteristics of the building. Signage is primarily wall mounted signage a shown on the elevations in the project plans.	nd window decais as

17.96.060.F.4 – Architectural	Conformance
Accessory structures, fences, walls and landscape features within the project shall match or complement the principal building.	YES
<b>Finding</b> : The proposed balconies are of a material that contrasts but compliments the two facades of the building. The rooftop deck proposes a wood pergola and metal landscape	
complement the other materials of the building.	

17.96.060.F.5 – Architectural	Conformance
Building walls shall provide undulation/relief, thus reducing the appearance of bulk and flatness.	YES
<b>Finding</b> : The development implements a variety of features that successfully minimize the flatness on the primary facades of the building. Features include setback facades with car setback roof projection above the third floor balcony on N Leadville Ave, three dimension floor of the building, and material changes from the base of the building to the top on the building. The only wall with limited undulation and material variation is the north façade to interior lot line but not set back more than 5 feet. As shown on Sheet A4.4, the developm brick banding, indentions of the wall façade to create "bricked in" windows, wrapping of architectural materials, and a vertical trellis with climbing vines. All of these treatments of the Additionally, the third floor façade on the N Leadville Ave side of the building is set back for the set back for the top on the set back set back the the other materials and treatments of the facade on the N Leadville Ave side of the building is set back for the set back for the set back for the set back for the set back set back the other materials and the set back for the set back for the set back for the set back facade on the N Leadville Ave side of the building is set back for the set back for the set back for the set back for the set back facade on the N Leadville Ave side of the building is set back facade.	ntilevered balconies, al trim features at each e 2 <sup>nd</sup> Street side of the which is located on an ent proposes horizontal ground floor erve to avoid the front façade.

which provides additional undulation and relief to the north façade. This setback, combined with the façade treatments, serve to adequately reduce the appearance of bulk and flatness of the building.

17.96.060.F.6 – Architectural	Conformance
Building(s) shall orient toward their primary street frontage.	YES

**Finding**: The subject properties' primary street frontage is N Leadville Ave, however, as a corner lot, the building should orient to both N Leadville and 2<sup>nd</sup> Street. The development orients to N Leadville Ave very effectively with cantilevered balconies, main entrances to the retail space, and landscape planters that anchor the building. Additionally, the ground floor retail space includes storefront windows along N Leadville Ave that extend around the corner to the 2<sup>nd</sup> Street side.

17.96.060.F.7 – Architectural	Conformance
Garbage storage areas and satellite receivers shall be screened from public view and located off alleys.	YES
<b>Finding</b> : As shown on the project plans, the garbage area is in the rear of the building, in a room with a roll up door for access and service.	in enclosed storage

17.96.060.F.8 – Architectural	Conformance
Building design shall include weather protection which prevents water to drip or snow	YES
to slide on areas where pedestrians gather and circulate or onto adjacent properties.	

**Finding**: As shown on the project plans, the roof plan for the project includes flat roofs at an angle that causes water to drain toward a series of roof drains along the interior of the roof. Cantilevered decks integrate with roof drain systems for any water or snow accumulation. Based on the design of drainage facilities and roof design, no water or snow will enter onto adjacent properties.

17.96.060.G.1 – Circulation Design	Conformance
Pedestrian, equestrian and bicycle access shall be located to connect with existing and anticipated easements and pathways.	YES
Finding: The project is fully connected by crosswalks with the existing sidewalk system. The project is fully connected by crosswalks with the existing sidewalk system.	nere are no regional
trails, other anticipated easements, or pathways other than the sidewalk system	

17.96.060.G.2 – Circulation Design	Conformance
Awnings extending over public sidewalks shall extend five feet or more across the public sidewalk but shall not extend within two feet of parking or travel lanes within the right-of-way.	N/A
Finding: The development does not propose any awnings over public sidewalks.	

17.96.060.G.3 – Circulation Design	Conformance
Traffic shall flow safely within the project and onto adjacent streets. Traffic includes vehicle, bicycle, pedestrian and equestrian use. Consideration shall be given to adequate sight distances and proper signage.	YES
<b>Finding</b> : Vehicle traffic accesses the site from the alley between N Leadville Ave and East improvements to the alley, the access will be adequate to enter or exit the project safely. circulation will primarily be in and out of the front of the project along 2 <sup>nd</sup> Street.	

17.96.060.G.4 – Circulation Design	Conformance
Curb cuts and driveway entrances shall be no closer than 20 feet to the nearest intersection of two or more streets, as measured along the property line adjacent to the right-of-way. Due to site conditions or current/projected traffic levels or speed, the City Engineer may increase the minimum distance requirements.	N/A
Finding: The subject property is a corner lot, however, alley access points for garages in the	Community Core a

not considered curb cuts or driveways, therefore this standard does not apply.

17.96.060.G.5 - Circulation DesignConformanceUnobstructed access shall be provided for emergency vehicles, snowplows, garbage<br/>trucks and similar service vehicles to all necessary locations within the proposed<br/>project.YESFinding: With the right-of-way improvements proposed, access for emergency vehicles, snowplows, and garbage<br/>trucks will be enhanced as access to the property will be achievable from all sides. The enclosed garages and<br/>garbage handling area is such that vehicles will not overhang into the alley and garbage receptacles will be<br/>returned to their storage area immediately following service. There is direct access to the building from the alley,<br/>N Leadville Ave, and 2<sup>nd</sup> Street in case of emergencies.

17.96.060.H.1 – Snow Storage	Conformance
Snow storage areas shall not be less than 30 percent of the improved parking and pedestrian circulation areas.	N/A
Finding: The project proposes heated pavers for the pedestrian areas between the buildin	ng and pedestrian
sidewalks per the project plans, therefore, no on-site snow storage is required.	

17.96.060.H.2 – Snow Storage	Conformance
Snow storage areas shall be provided on site.	N/A
Finding: As discussed above, no on-site snow storage is required as snowmel	t is proposed.

17.96.060.H.3 – Snow Storage	Conformance
A designated snow storage area shall not have any dimension less than five feet and shall be a minimum of 25 square feet.	N/A
Finding: As discussed above, no on-site snow storage is required as snowmelt is proposed.	

17.96.060.H.4 – Snow Storage	Conformance
In lieu of providing snow storage areas, snowmelt and hauling of snow may be allowed.	N/A
Finding: As discussed above, no on-site snow storage is required as snowmelt is propos	ed.

17.96.060.I.1 – Landscaping	Conformance
Landscaping is required for all projects.	YES
Finding: The development proposes landscaping for the project as shown or	the project plans including
landscape planter beds and street trees.	

17.96.060.I.2 – Landscaping	Conformance
Landscape materials and vegetation types specified shall be readily adaptable to a site's microclimate, soil conditions, orientation and aspect, and shall serve to enhance and complement the neighborhood and townscape.	YES
<b>Finding</b> : The landscape plan includes street trees and planter boxes with low lying shrubs a primarily on the west and south facing sides of the building. The landscape plan adds inter providing autumn blaze maples which are vibrant during the fall. These vegetation types a of the community core including 4 <sup>th</sup> Street, Sun Valley Rd, and East Ave. Having similar stree the community core provides visitors with a sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where they are in the sense of place reinforcing where the sense of	est to the street by re found in many areas eetscape throughout

17.96.060.I.3 – Landscaping	Conformance
All trees, shrubs, grasses and perennials shall be drought tolerant. Native species are recommended but not required.	YES
Finding: All proposed plantings are drought tolerant and common for the area.	

17.96.060.I.4 – Landscaping	Conformance
Landscaping shall provide a substantial buffer between land uses, including, but not limited to, structures, streets and parking lots. The development of landscaped public courtyards, including trees and shrubs where appropriate, shall be encouraged.	YES
Finding: The proposed land uses are complimentary to the surrounding area, therefore su	ubstantial buffer
between the proposed development and surrounding properties is not encouraged. The o	development does not

include any surface parking lots that need screening with vegetation. The building is setback 5 feet from the property boundary which expands the pedestrian realm. This area is where the landscape planters are proposed which enhances the pedestrian experience and creates a softening of the building.

17.96.060.J.1 – Public Amenities	Conformance
Where sidewalks are required, pedestrian amenities shall be installed. Amenities may include, but are not limited to, benches and other seating, kiosks, bus shelters, trash receptacles, restrooms, fountains, art, etc. All public amenities shall receive approval from the Public Works Department prior to design review approval from the Commission.	YES

**Finding**: The development proposes street trees which have been approved by the Public Works Director. Trash receptacles, benches, and bike racks are proposed on the subject property, not within the right-of-way.

17.96.060.K.1 – Underground Encroachments	Conformance
Encroachments of below grade structures into required setbacks are subject to subsection 17.128.020.K of this title and shall not conflict with any applicable easements, existing underground structures, sensitive ecological areas, soil stability, drainage, other sections of this Code or other regulating codes such as adopted International Code Council Codes, or other site features concerning health, safety, and welfare.	N/A
Finding: As noted in 17.128.020.G, the provisions of 17.128.020.K do not apply to the Comm	nunity Core district

**Finding**: As noted in 17.128.020.G, the provisions of 17.128.020.K do not apply to the Community Core district of which the subject property is located. Therefore, this standard is not applicable.

17.96.060.K.2 – Underground Encroachments	Conformance
No below grade structure shall be permitted to encroach into the riparian setback.	N/A
Finding: The subject property is not adjacent to any bodies of water; therefore, no riparia	n setback exists for the
property.	

### FINDINGS REGARDING DESIGN REVIEW STANDARDS – COMMUNITY CORE

17.96.070.A.1 – Streets	Conformance
Street trees, streetlights, street furnishings, and all other street improvements shall be	YES
installed or constructed as determined by the Public Works Department.	Condition #3
Finding: The development includes benches, bike racks, and trash receptacles on the subject	
right-of-way, the development proposes street trees along N Leadville Ave and 2 <sup>nd</sup> Street, s	
new fire hydrant, and three streetlights. Final review and approval of all right-of-way impro	vements will be
conducted at the time of building permit review per condition #3.	

17.96.070.A.2 – Streets	Conformance
Street trees with a minimum caliper size of three inches, shall be placed in tree grates.	YES
Finding: As shown in the project plans, street trees proposed are 3" caliper, include tree gr	ates, and will be
installed using Silva Cell installation requirements.	

17.96.070.A.3 – Streets	Conformance
Due to site constraints, the requirements of this subsection A may be modified by the Public Works Department.	YES
<b>Finding</b> : No modifications to these requirements have been made. The Public Works Depa directions as to the location of improvements in the right-of-way.	rtment has provided

17.96.070.B.1 - Architectural	Conformance
Facades facing a street or alley or located more than five feet from an interior side property line shall be designed with both solid surfaces and window openings to avoid the creation of blank walls and employ similar architectural elements, materials, and colors as the front facade.	YES
<b>Finding</b> : As outlined above, the development employs a variety of architectural materials at the creation of blank walls and reduce bulk and mass. The only wall with limited undulation is the north façade which is located on an interior lot line but not set back more than 5 fee A4.4, the development proposes horizontal brick banding, indentions of the wall façade to windows, wrapping of ground floor architectural materials, and a vertical trellis with climb treatments serve to avoid the creation of blank walls and are consistent with the other materials of the front façade.	n and material variation et. As shown on Sheet create "bricked in" ing vines. All of these

17.96.070.B.2 - Architectural	Conformance
For nonresidential portions of buildings, front building facades and facades fronting a pedestrian walkway shall be designed with ground floor storefront windows and doors with clear transparent glass. Landscaping planters shall be incorporated into facades fronting pedestrian walkways.	YES
<b>Finding</b> : The development includes ground floor retail that fronts N Leadville Ave and 2 <sup>nd</sup> s includes significant storefront windows on the N Leadville Ave frontage that wrap around building on the 2 <sup>nd</sup> Street side. One landscape planter is located on N Leadville Ave with tw	the first half of the

17.96.070.B.3 - Architectural	Conformance
For nonresidential portions of buildings, front facades shall be designed to not obscure views into windows.	YES

**Finding**: The development does not include features that would obscure views into windows. On the N Leadville side of the building, the landscape planter includes low lying shrubs and grasses as an accent to the windows rather than an obstruction.

17.96.070.B.4 - Architectural	Conformance
Roofing forms and materials shall be compatible with the overall style and character of the structure. Reflective materials are prohibited.	YES

**Finding**: The roof form and material is like that of the rest of the building. The roof form is flat, compatible with the horizontal cantilevered decks. The roof soffit is proposed to be a lighter color wood siding which will be a nice complement to the lighter tones in the brick. No reflective materials are proposed.

17.96.070.B.5 - Architectural	Conformance
All pitched roofs shall be designed to sufficiently hold all snow with snow clips, gutters, and downspouts.	N/A

Conformanc
N/A
er

17.96.070.B.7 - Architectural	Conformance
Front porches and stoops shall not be enclosed on the ground floor by permanent or temporary walls, windows, window screens, or plastic or fabric materials.	YES
<b>Finding</b> : The building does not have a traditional front porch or stoop, however, due to the site, the finished floor of the building is slightly higher than the sidewalk on the N Leadville stepped entrance to the building that somewhat functions like a stoop. The stepped-up ar	e Ave side, creating a

any walls, fences, or other screening materials.

17.96.070.C.1 – Service Areas and Mechanical/Electrical Equipment	Conformance
Trash disposal areas and shipping and receiving areas shall be located within parking garages or to the rear of buildings. Trash disposal areas shall not be located within the public right-of-way and shall be screened from public views.	YES
<b>Finding</b> : The trash disposal area for the project is located in the rear of the building within of the building not visible by the public. The dumpster is located on an automatic roller wh during trash servicing and retracts to its original location within the building once the servi	ich enters the alley

17.96.070.C.2 – Service Areas and Mechanical/Electrical Equipment	Conformance
Roof and ground mounted mechanical and electrical equipment shall be fully screened	YES
from public view. Screening shall be compatible with the overall building design.	Condition #5

**Finding**: As shown on the project plans, the roof mounted mechanical equipment and solar panels are setback from the roof parapet as required by the Ketchum Municipal Code. Mechanical equipment on the roof will be screened with a 5-foot max perforated metal screen. The same screen is proposed to screen the ground mounted transformer at the rear of the property on 2<sup>nd</sup> Street at the alley. As shown on Sheet A0.1, a single-phase transformer is located on the southeast corner of the property adjacent to the alley and the pedestrian sidewalk along 2<sup>nd</sup> Street. The transformer is proposed to be screened with perforated metal paneling and landscaping as shown on the sheet. The Idaho Power will serve letter is dated October 24, 2022 and references a previous version of the site plan. As outlined in condition of approval #5, an updated service letter from Idaho Power shall be provided with the building permit application to ensure all screening and access is adequate. Any changes in transformer size and location may require an amendment to the design review approval. As conditioned, this standard is met.

17.96.070.D.1 - Landscaping	Conformance
When a healthy and mature tree is removed from a site, it shall be replaced with a new tree. Replacement trees may occur on or off site.	N/A
Finding: No trees exist on the subject property therefore replacement trees are not requ	ired.

17.96.070.D.2 - Landscaping	Conformance
Trees that are placed within a courtyard, plaza, or pedestrian walkway shall be placed within tree wells that are covered by tree grates.	YES
Finding: All street trees proposed are within tree grates and must be installed using Silva ( requirements.	Cell installation

17.96.070.D.3 - Landscaping	Conformance	
The City arborist shall approve all parking lot and replacement trees.	N/A	
Finding: No replacement trees or parking lot trees are proposed for the development	ent therefore this standard	
does not apply.		

17.96.070.E.1 – Surface Parking Lots	Conformance	
Surface parking lots shall be accessed from off the alley and shall be fully screened from the street.	N/A	
Finding: The development does not propose surface parking lots therefore this standard	does not apply.	

17.96.070.E.2 – Surface Parking Lots	Conformance
Surface parking lots shall incorporate at least one tree and one additional tree per ten on-site parking spaces. Trees shall be planted in landscaped planters, tree wells and/or diamond shaped planter boxes located between parking rows. Planter boxes shall be designed so as not to impair vision or site distance of the traveling public.	N/A

Finding: The development does not propose surface parking lots therefore this standard does not apply.

17.96.070.E.3 – Surface Parking Lots	Conformance
Ground cover, low lying shrubs, and trees shall be planted within the planters and planter boxes. Tree grates or landscaping may be used in tree wells located within pedestrian walkways.	N/A
Finding: The development does not propose surface parking lots therefore this standard	does not apply.

17.96.070.F.1 – Bicycle Parking	Conformance	
One bicycle rack, able to accommodate at least two bicycles, shall be provided for every four parking spaces as required by the proposed use. At a minimum, one bicycle rack shall be required per development.	YES	
<b>Finding</b> : As shown on the project plans, one bicycle rack is proposed between the entrar residential unit and the main entrance to the building on 2 <sup>nd</sup> Street.	nce to the basement	

17.96.070.F.2 – Bicycle Parking	Conformance	
When the calculation of the required number of bicycle racks called for in this section results in a fractional number, a fraction equal to or greater than one-half shall be adjusted to the next highest whole number.	YES	
Finding: The development requires four parking spaces, therefore only one bicycle rack required bicycle rack is provided between the entrance to the basement residential unit		

to the building on 2<sup>nd</sup> Street.

17.96.070.F.3 – Bicycle Parking	Conformance	
Bicycle racks shall be clearly visible from the building entrance they serve and not mounted less than 50 feet from said entrance or as close as the nearest non-ADA parking space, whichever is closest. Bicycle racks shall be located to achieve unobstructed access from the public right-of-way and not in areas requiring access via stairways or other major obstacles.	YES	
<b>Finding</b> : The required bicycle rack is provided between the entrance to the basement residue main entrance to the building on 2 <sup>nd</sup> Street. This location is clearly visible for most visitor within 50 feet of the entrance on the N Leadville Ave side of the building.		

### **CONCLUSIONS OF LAW**

- 1. The City of Ketchum is a municipal corporation established in accordance with Article XII of the Constitution of the State of Idaho and Title 50 Idaho Code and is required and has exercised its authority pursuant to the Local Land Use Planning Act codified at Chapter 65 of Title 67 Idaho Code and pursuant to Chapters 3, 9 and 13 of Title 50 Idaho Code to enact the ordinances and regulations, which ordinances are codified in the Ketchum Municipal Code ("KMC") and are identified in the Findings of Fact and which are herein restated as Conclusions of Law by this reference and which City Ordinances govern the applicant's Design Review application for the development and use of the project site.
- 2. The Commission has authority to hear the applicant's Design Review Application pursuant to Chapter 17.96 of Ketchum Municipal Code Title 17.
- 3. The City of Ketchum Planning Department provided notice for the review of this application in accordance with Ketchum Municipal Code §17.96.080.
- 4. The Design Review application is governed under Ketchum Municipal Code Chapters 17.96, 17.124, 17.08, 17.12, 17.18, and 17.128.
- 5. The Design Review application meets all applicable standards specified in Title 17 of Ketchum Municipal Code.

### DECISION

**THEREFORE,** the Commission **approves** this Design Review Application File No. P22-035 this Tuesday, April 11, 2023, subject to the following conditions of approval.

### **CONDITIONS OF APPROVAL**

- 1. This Design Review approval is based on the architectural plan set presented at the February 28, 2023 Planning and Zoning Commission meeting, included as Exhibit A to these findings. Building Permit Plans must conform to the approved Design Review plans unless otherwise approved in writing by the Commission or the Planning and Zoning Administrator. Any building or site discrepancies which do not conform to the approved plans will be subject to removal.
- 2. The Civil and Landscape Drawings included in Exhibit B are preliminary only and must be revised to match the approved design review plan set prior to building permit application.
- 3. Final civil drawings prepared by an engineer registered in the State of Idaho which include specifications for right-of-way, utilities, and drainage improvements shall be submitted for review and approval by the City Engineer, Streets, and Utilities departments prior to issuance of a building permit for the project.

- 4. Final landscape drawings shall be submitted for review and approval by the Planning and Building, City Engineer, Streets, and Utilities departments prior to issuance of a building permit for the project.
- 5. A letter from Idaho Power confirming the final transformer size, location, and approval of the proposed screening and landscaping shall be submitted with the building permit application. Any changes in the size, location, or screening constitute an amendment to the design review and must be reviewed and approved by the Administrator or the Commission per the requirements of Chapter 17.96 *Design Review*.
- 6. Prior to issuance of a building permit for the project, the City Council shall review and approve an encroachment agreement for the installation and maintenance of the paver sidewalk and snowmelt within the public rights-of-way.
- 7. In exchange for an increase in FAR, a voluntary community housing contribution of 910 square feet is required. Payment-in-lieu contributions for community housing are required prior to issuance of a building permit for the project.
- 8. Prior to issuance of a building permit for the project, an Encroachment Agreement shall be approved by the City Council addressing the paver sidewalks and snowmelt within the right-of-way.
- 9. The term of Design Review approval shall be twelve (12) months from the date that the Findings of Fact, Conclusions of Law, and Decision are adopted by the Commission or upon appeal, the date the approval is granted by the Council subject to changes in zoning regulations.
- 10. In addition to the requirements set forth in this Design Review approval, this project shall comply with all applicable local, state, and federal laws.

Findings of Fact **adopted** this 11<sup>th</sup> day of April 2023.

mom

Neil Morrow, Chair City of Ketchum Planning and Zoning Commission

**City of Ketchum**

PROJECT:	The 208 Condominiums
APPLICATION TYPE:	Condominium Subdivision – Preliminary Plat
FILE NUMBER:	P22-035A
ASSOCIATED APPLICATIONS:	Design Review (P22-035)
REPRESENTATIVE:	Nicole Ramey, Medici Architects (Architect)
OWNER:	755 S Broadway, LLC
LOCATION:	200 N Leadville Ave – Lot 1, Block 23, Ketchum Townsite
ZONING:	Community Core – Subdistrict 2 – Mixed Use (CC-2)
OVERLAY:	None

#### **RECORD OF PROCEEDINGS**

The City of Ketchum received the application for Final Design Review and condominium preliminary plat on July 1, 2022. The Final Design and Preliminary Plat applications have been reviewed concurrently and were deemed complete on October 14, 2022. Department comments were provided to the applicant on July 27, 2022, and additional comments provided on October 14, 2022. Following receipt of the complete application, staff routed the application materials to all city departments for review. All department comments have been addressed satisfactorily through applicant revision of project plans or conditions of approval.

A public hearing notice for the project was mailed to all owners of property within 300 feet of the project site and all political subdivisions on November 7, 2022. The public hearing notice was published in the Idaho Mountain Express on November 9, 2022. A notice was posted on the project site and the city's website on November 7, 2022. Story poles were verified on the subject property on

November 22, 2022. The project was heard at the November 29, 2022 meeting of the Planning and Zoning Commission (the "Commission") and continued to a special meeting on December 20, 2022. The project was heard again on December 20, 2022, and continued to the January 10, 2023 meeting of the Commission. The applicant, citing the need for additional time to respond to Commission's comments, requested the January 10, 2023 hearing be continued to the February 28, 2023 meeting of the Commission. No information was presented or reviewed at the January 10, 2023 meeting and no public comment was taken.

The Planning and Zoning Commission (the "Commission") conducted their final consideration of the Design Review (Application No. P22-035) and the Condominium Subdivision Preliminary Plat (Application No. P22-035A) applications concurrently at their February 28, 2023 hearing, and the associated public hearings were combined in accordance with Idaho Code §67-6522. After considering staff's analysis, the applicant's presentation, and public comment, the Commission approved the Design Review application with a vote of 3-2 and recommended approval of the Condominium Subdivision Preliminary Plat application to the City Council with a vote of 3-2.

#### BACKGROUND

The Applicant is proposing an 10,856 square foot three-story mixed-use development known as The 208 Condominiums (the "project"), located at 200 N Leadville Avenue (the "subject property"). The development is not subject to the interim ordinance as the applications were deemed complete prior to the effective date of the ordinance. The subject property is a vacant corner lot zoned Community Core -Subdistrict 2 - Mixed Use (CC-2) just southeast of the Kneadery and VP Companies offices, across from Vintage restaurant and another vacant lot on the opposite corner.

As proposed, the project includes 1,306 square feet of ground floor retail, and four residential dwelling units as follows:

- One dwelling unit in the basement 639 net square feet (NSF)
- Two dwelling units on the second floor 746 NSF and 2,628 NSF
- One dwelling unit on the third floor 3,503 NSF

Based on the size of the units, a total of 4 parking spaces are required for the residential units. The project proposes two two-car garages. The retail space and the two residential units less than 750 net square feet are exempt from parking requirements.

The project proposes to take advantage of the Floor Area Ratio (FAR) bonus in exchange for community housing, mitigating the additional floor area by making a community housing contribution. The total FAR for the project is 1.97, where 1.0 is permitted by right.

The project will construct improvements to the right-of-way per the City of Ketchum improvement standards including, three streetlights, asphalt alley, curb and gutter, and 8-foot sidewalks. The project proposes to snowmelt the sidewalks adjacent to the project. The city engineer and streets department has conducted a preliminary review all improvements and believes the improvements to

meet the city's standards. Final review of all improvements to the right-of-way will be conducted by the City Engineer and Streets Department prior to issuance of a building permit. An encroachment permit approved by the City Council will be required for the snow melt system and pavers.

#### **FINDINGS OF FACT**

The Commission, having reviewed the entire project record, provided notice, and conducted the required public hearing, does hereby make and set forth these Findings of Fact, Conclusions of Law, and Decision as follows:

#### FINDINGS REGARDING COMPLIANCE WITH PRELIMINARY PLAT SUBDIVISION REQUIREMENTS

	Preliminary Plat Requirements				
C	omplia	ant			
Yes	No	N/A	City Code	City Standards	
$\boxtimes$			16.04.030.C.1	The subdivider shall file with the administrator copies of the completed subdivision application form and preliminary plat data as required by this chapter.	
			Findings	The City of Ketchum Planning and Building Department received the subdivision application and all applicable application materials on July 1, 2022.	
$\boxtimes$			16.04.030.1	Contents Of Preliminary Plat: The preliminary plat, together with all application forms, title insurance report, deeds, maps, and other documents reasonably required, shall constitute a complete subdivision application.	
			Findings	The subdivision application was deemed complete on October 14, 2022.	
$\boxtimes$			16.04.030.1.1	The preliminary plat shall be drawn to a scale of not less than one inch equals one hundred feet $(1" = 100')$ and shall show the following:	
				The scale, north point and date.	
			Findings	This standard is met as shown on Sheet 1 of the preliminary plat.	
X			16.04.030.1.2	The name of the proposed subdivision, which shall not be the same or confused with the name of any other subdivision in Blaine County, Idaho.	
			Findings	As shown on Sheet 1 of the preliminary plat, the subdivision is named "The 208 Condominiums" which is not the same as any other subdivision in Blaine County, Idaho.	
$\boxtimes$			16.04.030.1.3	The name and address of the owner of record, the subdivider, and the engineer, surveyor, or other person preparing the plat.	
			Findings	As shown on Sheets 1 and 4, the owner and subdivider is 755 S Broadway, LLC. The plat was prepared by Mark E. Phillips of Galena Engineering.	
$\mathbf{X}$			16.04.030.1.4	Legal description of the area platted.	
			Findings	The legal description of the area platted is shown in the Certificate of Ownership on Sheet 4 of the preliminary plat.	
			16.04.030.1.5	The names and the intersecting boundary lines of adjoining subdivisions and parcels of property.	
			Findings	Sheet 1 of the preliminary plat indicates the boundary lines of the adjoining Ketchum Townsite lots surrounding the subject property.	

			16.04.030.1.6	A contour map of the subdivision with contour lines and a maximum interval of five feet (5') to show the configuration of the land based upon the United States geodetic survey data, or other data approved by the city engineer.
			Findings	Sheet 1 of the preliminary plat shows the contour lines for the subject property.
			16.04.030.17	The scaled location of existing buildings, water bodies and courses and location of
			10.04.030.17	the adjoining or immediately adjacent dedicated streets, roadways and
				easements, public and private.
			Findings	Sheet 1 of the preliminary plat shows the location all adjacent streets and
			I III III III III III III III III III	easements. The property is currently vacant.
$\boxtimes$			16.04.030.1.8	Boundary description and the area of the tract.
			Findings	Sheet 1 provides the boundary description of the area and includes square
			I III III III III III III III III III	footage and acreage of the lot. Sheets 2 and 3 indicate the areas of each
				residential and commercial unit as will be platted for sale.
$\boxtimes$			16.04.030.1.9	Existing zoning of the tract.
			Findings	Plat note #9 on Sheet 1 of the preliminary plat lists the existing zoning of the
			rinuings	subject property.
$\boxtimes$			16.04.030.1	The proposed location of street rights of way, lots, and lot lines, easements,
			.10	including all approximate dimensions, and including all proposed lot and block
			.10	numbering and proposed street names.
			Findings	Sheets 1,2 and 3 of the preliminary plat shows the locations and lot lines for the
			rinuings	master lot and lot lines of condominium units. No new streets or blocks are being
				proposed with this application.
			16.04.030.1	The location, approximate size and proposed use of all land intended to be
		.11	dedicated for public use or for common use of all future property owners within	
				the proposed subdivision.
			Findings	Sheets 2 and 3 of the preliminary plat show all proposed common area and
			I III III III III III III III III III	limited common areas dedicated for common use of all future property owners.
$\boxtimes$			16.04.030.1	The location, size and type of sanitary and storm sewers, water mains, culverts
			.12	and other surface or subsurface structures existing within or immediately
			.12	adjacent to the proposed sanitary or storm sewers, water mains, and storage
				facilities, street improvements, street lighting, curbs, and gutters and all proposed
				utilities.
			Findings	Sheet 1 of the preliminary plat shows all existing and proposed water mains and
				sanitary sewer mains.
			16.04.030.1	The direction of drainage, flow and approximate grade of all streets.
			.13	
			Findings	This standard does not apply as no new streets are proposed.
			16.04.030.1	The location of all drainage canals and structures, the proposed method of
			.14	disposing of runoff water, and the location and size of all drainage easements,
				whether they are located within or outside of the proposed plat.
			Findings	This standard does not apply as no new drainage canals or structures are
				proposed.
			16.04.030.1	All percolation tests and/or exploratory pit excavations required by state health
			.15	authorities.
			Findings	This standard does not apply as no additional tests are required.
				This standard does not apply as no additional tests are required.

	16.04.030.I .16	A copy of the provisions of the articles of incorporation and bylaws of homeowners' association and/or condominium declarations to be filed with the
	Findings	final plat of the subdivision.The applicant provided a draft copy of the articles of incorporation, bylaws, and declarations with the application submittal.
	16.04.030.I .17	Vicinity map drawn to approximate scale showing the location of the proposed subdivision in reference to existing and/or proposed arterials and collector streets.
	Findings	Sheet 3 of the preliminary plat includes a vicinity map.
	16.04.030.I .18	The boundaries of the floodplain, floodway and avalanche zoning district shall also be clearly delineated and marked on the preliminary plat.
	Findings	The subject property is not within a floodplain, floodway, or avalanche zone district.
	16.04.030.I .19	Building envelopes shall be shown on each lot, all or part of which is within a floodway, floodplain, or avalanche zone; or any lot that is adjacent to the Big Wood River, Trail Creek, or Warm Springs Creek; or any lot, a portion of which has a slope of twenty five percent (25%) or greater; or upon any lot which will be created adjacent to the intersection of two (2) or more streets.
	Findings	A building envelope is not required as the subject property is not within the floodway, floodplain, or avalanche zone. The subject property is not adjacent to the Big Wood River, Trail Creek or Warm Springs. The subject property does not contain slopes greater than 25% and is not adjacent to an intersection.
	16.04.030.I .20	Lot area of each lot.
	Findings	Sheets 1, 2, and 3 of the preliminary plat shows the area of the overall lot and area of each individual unit.
	16.04.030.l .21	Existing mature trees and established shrub masses.
	Findings	There are no existing trees or shrub masses on the subject property. Trees on adjacent properties to the north are shown on the site survey included with the project plans.
	16.04.030.I .22	A current title report shall be provided at the time that the preliminary plat is filed with the administrator, together with a copy of the owner's recorded deed to such property.
	Findings	The applicant provided a title commitment issued by Sun Valley Title dated August 31, 2020, and a warranty deed recorded at Instrument Number 673273 with the initial application.
	16.04.030.I .23	Three (3) copies of the preliminary plat shall be filed with the administrator.
	Findings	The City of Ketchum received hard and digital copies of the preliminary plat at the time of application.
	16.04.040.A	Required Improvements: The improvements set forth in this section shall be shown on the preliminary plat and installed prior to approval of the final plat. Construction design plans shall be submitted and approved by the city engineer. All such improvements shall be in accordance with the comprehensive plan and constructed in compliance with construction standard specifications adopted by

	×	<i>Findings</i> 16.04.040.B	<ul> <li>the city. Existing natural features which enhance the attractiveness of the subdivision and community, such as mature trees, watercourses, rock outcroppings, established shrub masses and historic areas, shall be preserved through design of the subdivision.</li> <li>The applicant submitted a preliminary right-of-way improvements plan with the design review application outlining all proposed improvements to the public rights-of-way of N Leadville Ave, 2<sup>nd</sup> Street, and the alley. There are no existing natural features on the property.</li> <li>Improvement Plans: Prior to approval of final plat by the commission, the subdivider shall file two (2) copies with the city engineer, and the city engineer shall approve construction plans for all improvements required in the proposed subdivision. Such plans shall be prepared by a civil engineer licensed in the state.</li> </ul>
		Findings	This standard does not apply as this is a preliminary plat application, not a final plat application.
		16.04.040.C	Prior to final plat approval, the subdivider shall have previously constructed all required improvements and secured a certificate of completion from the city engineer. However, in cases where the required improvements cannot be constructed due to weather conditions or other factors beyond the control of the subdivider, the city council may accept, in lieu of any or all of the required improvements, a performance bond filed with the city clerk to ensure actual construction of the required improvements as submitted and approved. Such performance bond shall be issued in an amount not less than one hundred fifty percent (150%) of the estimated costs of improvements as determined by the city engineer. In the event the improvements are not constructed within the time allowed by the city council (which shall be one year or less, depending upon the individual circumstances), the council may order the improvements installed at the expense of the subdivider and the surety. In the event the cost of installing the required improvements exceeds the amount of the bond, the subdivider shall be liable to the city for additional costs. The amount that the cost of installing the required improvements exceeds the amount of the performance bond shall automatically become a lien upon any and all property within the subdivision owned by the owner and/or subdivider.
		Findings	This standard does not apply as this is a preliminary plat application, not a final plat application.
		16.04.040.D	As Built Drawing: Prior to acceptance by the city council of any improvements installed by the subdivider, two (2) sets of as built plans and specifications, certified by the subdivider's engineer, shall be filed with the city engineer. Within ten (10) days after completion of improvements and submission of as built drawings, the city engineer shall certify the completion of the improvements and the acceptance of the improvements, and shall submit a copy of such certification to the administrator and the subdivider. If a performance bond has been filed, the administrator shall forward a copy of the certification to the city clerk. Thereafter, the city clerk shall release the performance bond upon application by the subdivider.
		Findings	This standard does not apply as this is a preliminary plat application, not a final plat application.

certain land survey monuments shall be reset or verified by the subdivider's engineer or surveyor to still be in place. These monuments shall have the size, shape, and type of material as shown on the subdivision plat. The monuments shall be located as follows: <ol> <li>All angle points in the exterior boundary of the plat.</li> <li>All street intersections, points within and adjacent to the final plat.</li> <li>All angle points and points of curves on all streets.</li> <li>The point of beginning of the subdivision plat description.</li> </ol> <li><i>Findings</i> <ol> <li>This standard does not apply as this is a preliminary plat application, not a fina plat application.</li> </ol> </li> <li>16.04.040.F</li> <li>Lot Requirements:         <ol> <li>Lot size, width, depth, shape and orientation and minimum building setback lines shall be in compliance with the zoning district in which the property is located and compatible with the location of the subdivision and the type of development, and preserve solar access to adjacent properties and buildings.</li> <li>Whenever a proposed subdivision contains lot(s), in whole or in part, within floodplain, or which contains land with a slope in excess of twenty five percent (25%), based upon natural contours, or creates corner lots at the intersection two (2) or more streets, building envelopes shall be located to promote access to the lots and maintenance of public utilities, to minimize cut and fill for roads and building foundations, and provide open space and solar access for each lot and structure. Also, building envelopes shall be located to promote access to the lots and maintenance of public utilities, to minimize cut and fill for roads and building foundations, and minimize adverse impact upon environme watercourses and topographical features. Structures may only be built on buildable lots. I I I I I I I I I I I I I I I I I I I			-
			a. For lot line shifts of parcels that are entirely within slopes of twenty
			five percent (25%) or greater to create a reasonable building envelope,
and mountain overlay design review standards and all other city			
requirements are met.			
			b. For small, isolated pockets of twenty five percent (25%) or greater that
			are found to be in compliance with the purposes and standards of the
mountain overlay district and this section.			
			3. Corner lots shall have a property line curve or corner of a minimum radius of
twenty five feet (25') unless a longer radius is required to serve an existing or			
future use.			
			4. Side lot lines shall be within twenty degrees (20°) to a right angle or radial line
to the street line.			to the street line.

		r ··· ································	
			5. Double frontage lots shall not be created. A planting strip shall be provided along the boundary line of lots adjacent to arterial streets or incompatible zoning districts.
			6. Every lot in a subdivision shall have a minimum of twenty feet (20') of frontage on a dedicated public street or legal access via an easement of twenty feet (20')
			or greater in width. Easement shall be recorded in the office of the Blaine County
		Findings	recorder prior to or in conjunction with recordation of the final plat.This standard is not applicable as no new lots are being created.
	$\boxtimes$	16.04.040.G	G. Block Requirements: The length, width and shape of blocks within a proposed
		10.04.040.0	subdivision shall conform to the following requirements:
			1. No block shall be longer than one thousand two hundred feet (1,200'), nor less than four hundred feet (400') between the street intersections,
			and shall have sufficient depth to provide for two (2) tiers of lots.
			2. Blocks shall be laid out in such a manner as to comply with the lot
			requirements. 3. The layout of blocks shall take into consideration the natural
			topography of the land to promote access within the subdivision and
1			minimize cuts and fills for roads and minimize adverse impact on
			environment, watercourses and topographical features.
			4. Corner lots shall contain a building envelope outside of a seventy five
			foot (75') radius from the intersection of the streets.
		Findings	This standard is not applicable as no new lots are being created.
		16.04.040.H	Street Improvement Requirements:
			1. The arrangement, character, extent, width, grade and location of all streets put in the proposed subdivision shall conform to the comprehensive plan and shall be
			considered in their relation to existing and planned streets, topography, public
			convenience and safety, and the proposed uses of the land;
			2. All streets shall be constructed to meet or exceed the criteria and standards set
			forth in chapter 12.04 of this code, and all other applicable ordinances,
			resolutions or regulations of the city or any other governmental entity having jurisdiction, now existing or adopted, amended or codified;
			3. Where a subdivision abuts or contains an existing or proposed arterial street,
			railroad or limited access highway right of way, the council may require a
		-	frontage street, planting strip, or similar design features;
			4. Streets may be required to provide access to adjoining lands and provide
			proper traffic circulation through existing or future neighborhoods; 5. Street grades shall not be less than three-tenths percent (0.3%) and not more
			than seven percent (7%) so as to provide safe movement of traffic and
			emergency vehicles in all weather and to provide for adequate drainage and
			snow plowing;
			6. In general, partial dedications shall not be permitted, however, the council may
		a china a a	accept a partial street dedication when such a street forms a boundary of the
			proposed subdivision and is deemed necessary for the orderly development of
			the neighborhood, and provided the council finds it practical to require the
			dedication of the remainder of the right of way when the adjoining property is
			subdivided. When a partial street exists adjoining the proposed subdivision, the remainder of the right of way shall be dedicated;
			remainder of the right of way shall be dedicated,

7. Dead end streets may be permitted only when such street terminates at the
boundary of a subdivision and is necessary for the development of the subdivision
or the future development of the adjacent property. When such a dead end
street serves more than two (2) lots, a temporary turnaround easement shall be
provided, which easement shall revert to the adjacent lots when the street is
extended;
8. A cul-de-sac, court or similar type street shall be permitted only when
necessary to the development of the subdivision, and provided, that no such
street shall have a maximum length greater than four hundred feet (400') from
entrance to center of turnaround, and all cul-de-sacs shall have a minimum
turnaround radius of sixty feet (60') at the property line and not less than forty
five feet (45') at the curb line;
9. Streets shall be planned to intersect as nearly as possible at right angles, but in
no event at less than seventy degrees (70°);
10. Where any street deflects an angle of ten degrees (10°) or more, a connecting
curve shall be required having a minimum centerline radius of three hundred feet
(300') for arterial and collector streets, and one hundred twenty five feet (125')
for minor streets;
11. Streets with centerline offsets of less than one hundred twenty five feet (125')
shall be prohibited;
12. A tangent of at least one hundred feet (100') long shall be introduced
between reverse curves on arterial and collector streets;
13. Proposed streets which are a continuation of an existing street shall be given
the same names as the existing street. All new street names shall not duplicate or
be confused with the names of existing streets within Blaine County, Idaho. The
subdivider shall obtain approval of all street names within the proposed
subdivision from the commission before submitting same to council for
preliminary plat approval;
14. Street alignment design shall follow natural terrain contours to result in safe
streets, usable lots, and minimum cuts and fills;
15. Street patterns of residential areas shall be designed to create areas free of
•
through traffic, but readily accessible to adjacent collector and arterial streets;
16. Reserve planting strips controlling access to public streets shall be permitted
under conditions specified and shown on the final plat, and all landscaping and
irrigation systems shall be installed as required improvements by the subdivider;
17. In general, the centerline of a street shall coincide with the centerline of the
street right of way, and all crosswalk markings shall be installed by the subdivider
as a required improvement;
18. Street lighting may be required by the commission or council where
appropriate and shall be installed by the subdivider as a requirement
improvement;
19. Private streets may be allowed upon recommendation by the commission and
approval by the council. Private streets shall be constructed to meet the design
standards specified in subsection H2 of this section;
20. Street signs shall be installed by the subdivider as a required improvement of
a type and design approved by the administrator and shall be consistent with the
type and design of existing street signs elsewhere in the city;

		<ul> <li>21. Whenever a proposed subdivision requires construction of a new bridge, or will create substantial additional traffic which will require construction of a new bridge or improvement of an existing bridge, such construction or improvement shall be a required improvement by the subdivider. Such construction or improvement shall be in accordance with adopted standard specifications;</li> <li>22. Sidewalks, curbs and gutters may be a required improvement installed by the subdivider; and</li> <li>23. Gates are prohibited on private roads and parking access/entranceways, private driveways accessing more than one single-family dwelling unit and one accessory dwelling unit, and public rights of way unless approved by the city council.</li> </ul>
	Findings	No new streets are proposed, however, the project is required to bring the current streets of N Leadville Ave, 2 <sup>nd</sup> Street, and they alley into conformance with city street standards. Prior to certificate of occupancy, the project will complete all right-of-way improvement plans as reviewed and approved by the City Engineer.
	16.04.040.I	Alley Improvement Requirements: Alleys shall be provided in business, commercial and light industrial zoning districts. The width of an alley shall be not less than twenty feet (20'). Alley intersections and sharp changes in alignment shall be avoided, but where necessary, corners shall be provided to permit safe vehicular movement. Dead end alleys shall be prohibited. Improvement of alleys shall be done by the subdivider as required improvement and in conformance with design standards specified in subsection H2 of this section.
	Findings	The alley between N Leadville Ave and East Ave meets the city's minimum requirement for 20 feet width, however, the alley needs to be regraded to address current drainage issues.
	16.04.040.J	<ul> <li>Required Easements: Easements, as set forth in this subsection, shall be required for location of utilities and other public services, to provide adequate pedestrian circulation and access to public waterways and lands.</li> <li>1. A public utility easement at least ten feet (10') in width shall be required within the street right of way boundaries of all private streets. A public utility easement at least five feet (5') in width shall be required within property boundaries adjacent to Warm Springs Road and within any other property boundary as determined by the city engineer to be necessary for the provision of adequate public utilities.</li> <li>2. Where a subdivision contains or borders on a watercourse, drainageway, channel or stream, an easement shall be required of sufficient width to contain such watercourse and provide access for private maintenance and/or reconstruction of such watercourse.</li> <li>3. All subdivisions which border the Big Wood River, Trail Creek and Warm Springs Creek shall dedicate a ten foot (10') fish and nature study easement along the riverbank. Furthermore, the council shall require, in appropriate areas, an easement providing access through the subdivision to the bank as a sportsman's access. These easement requirements are minimum standards, and in appropriate cases where a subdivision abuts a portion of the river adjacent to an existing pedestrian easement, the council may require an extension of that easement along the portion of the riverbank which runs through the proposed subdivision.</li> </ul>

		<ul> <li>4. All subdivisions which border on the Big Wood River, Trail Creek and Warm Springs Creek shall dedicate a twenty five foot (25') scenic easement upon which no permanent structure shall be built in order to protect the natural vegetation and wildlife along the riverbank and to protect structures from damage or loss due to riverbank erosion.</li> <li>5. No ditch, pipe or structure for irrigation water or irrigation wastewater shall be constructed, rerouted or changed in the course of planning for or constructing required improvements within a proposed subdivision unless same has first been approved in writing by the ditch company or property owner holding the water rights. A written copy of such approval shall be filed as part of required improvement construction plans.</li> <li>6. Nonvehicular transportation system easements including pedestrian walkways, bike paths, equestrian paths, and similar easements shall be dedicated by the</li> </ul>
		subdivider to provide an adequate nonvehicular transportation system throughout the city.
	Findings	This standard does not apply as no easements exist or are required.
	16.04.040.K	Sanitary Sewage Disposal Improvements: Central sanitary sewer systems shall be installed in all subdivisions and connected to the Ketchum sewage treatment system as a required improvement by the subdivider. Construction plans and specifications for central sanitary sewer extension shall be prepared by the subdivider and approved by the city engineer, council and Idaho health department prior to final plat approval. In the event that the sanitary sewage system of a subdivision cannot connect to the existing public sewage system, alternative provisions for sewage disposal in accordance with the requirements of the Idaho department of health and the council may be constructed on a temporary basis until such time as connection to the public sewage system is possible. In considering such alternative provisions, the council may require an increase in the minimum lot size and may impose any other reasonable requirements which it deems necessary to protect public health, safety and welfare.
	Findings	This subdivision application does not create new sanitary sewage disposal systems. The proposed development will be serviced by sanitary sewer mains
	16.04.040.L	Iocated within N Leadville Ave. Water System Improvements: A central domestic water distribution system shall be installed in all subdivisions by the subdivider as a required improvement. The subdivider shall also be required to locate and install an adequate number of fire hydrants within the proposed subdivision according to specifications and requirements of the city under the supervision of the Ketchum fire department and other regulatory agencies having jurisdiction. Furthermore, the central water system shall have sufficient flow for domestic use and adequate fire flow. All such water systems installed shall be looped extensions, and no dead end systems shall be permitted. All water systems shall be connected to the municipal water system and shall meet the standards of the following agencies: Idaho department of public health, Idaho survey and rating bureau, district sanitarian, Idaho state public utilities commission, Idaho department of reclamation, and all requirements of the city.

Findings	This subdivision application does not create new water systems. The proposed development will be serviced by water mains located within N Leadville Ave.
16.04.040.M	Planting Strip Improvements: Planting strips shall be required improvements. When a predominantly residential subdivision is proposed for land adjoining incompatible uses or features such as highways, railroads, commercial or light industrial districts or off street parking areas, the subdivider shall provide planting strips to screen the view of such incompatible features. The subdivider shall submit a landscaping plan for such planting strip with the preliminary plat application, and the landscaping shall be a required improvement.
Findings	This standard does not apply as this application does not create a new subdivision. There are no incompatible uses adjacent to the proposed condominium subdivision.
16.04.040.N	<ul> <li>condominium subdivision.</li> <li>Cuts, Fills, And Grading Improvements: Proposed subdivisions shall be carefully planned to be compatible with natural topography, soil conditions, geology and hydrology of the site, as well as to minimize cuts, fills, alterations of topography, streams, drainage channels, and disruption of soils and vegetation. The design criteria shall include the following: <ol> <li>A preliminary soil report prepared by a qualified engineer may be required by the commission and/or council as part of the preliminary plat application.</li> <li>Preliminary grading plan prepared by a civil engineer shall be submitted as part of all preliminary plat applications. Such plan shall contain the following information: <ul> <li>a. Proposed contours at a maximum of five foot (5') contour intervals.</li> <li>b. Cut and fill banks in pad elevations.</li> <li>c. Drainage patterns.</li> <li>d. Areas where trees and/or natural vegetation will be preserved.</li> <li>e. Location of all street and utility improvements including driveways to building envelopes.</li> <li>f. Any other information which may reasonably be required by the administrator, commission or council to adequately review the affect of the proposed improvements.</li> </ul> </li> <li>3. Grading shall be designed to blend with natural landforms and to minimize the necessity of padding or terracing of building sites, excavation for foundations, and minimize the necessity of cuts and fills for streets and driveways.</li> <li>4. Areas within a subdivision which are not well suited for development because of existing soils and vegetation are disrupted by subdivision development, provision shall be made by the subdivider for revegetation of disturbed areas with perennial vegetation sufficient to stabilize the soil upon completion of the construction. Until such times as such revegetation has been installed and established, the subdivider shall maintain and protect all disturbed surfaces from erosion.</li> <li>6. Where cuts, fills, or other ex</li></ol></li></ul>

			<ul> <li>b. Fills shall be compacted to at least ninety five percent (95%) of maximum density as determined by AASHO T99 (American Association of State Highway Officials) and ASTM D698 (American standard testing methods).</li> <li>c. Cut slopes shall be no steeper than two horizontal to one vertical (2:1). Subsurface drainage shall be provided as necessary for stability.</li> <li>d. Fill slopes shall be no steeper than three horizontal to one vertical (3:1). Neither cut nor fill slopes shall be located on natural slopes of three to one (3:1) or steeper, or where fill slope toes out within twelve feet (12') horizontally of the top and existing or planned cut slope.</li> <li>e. Toes of cut and fill slopes shall be set back from property boundaries a distance of three feet (3'), plus one-fifth (1/5) of the height of the cut or the fill, but may not exceed a horizontal distance of ten feet (10'); tops and toes of cut and fill slopes shall be set back from structures at a distance of at least six feet (6'), plus one-fifth (1/5) of the height of the cut or the fill. Additional setback distances shall be provided as necessary to accommodate drainage features and drainage structures.</li> </ul>
		Findings	This standard does not apply as this application is a condominium subdivision of
			an existing lot. On-site grading for the new condominium building meets all grading requirements. Final grading plan will be reviewed and approved by the
			City Engineer prior to issuance of a building permit.
		16.04.040.0	Drainage Improvements: The subdivider shall submit with the preliminary plat
			application such maps, profiles, and other data prepared by an engineer to
	22		indicate the proper drainage of the surface water to natural drainage courses or
			storm drains, existing or proposed. The location and width of the natural drainage courses shall be shown as an easement common to all owners within the
			subdivision and the city on the preliminary and final plat. All natural drainage
			courses shall be left undisturbed or be improved in a manner that will increase
			the operating efficiency of the channel without overloading its capacity. An
			adequate storm and surface drainage system shall be a required improvement in
			all subdivisions and shall be installed by the subdivider. Culverts shall be required
			where all water or drainage courses intersect with streets, driveways or improved
			public easements and shall extend across and under the entire improved width including shoulders.
		Findings	The applicant submitted a site grading and drainage plan with the condominium
			subdivision application showing drainage for the subject property. No common
1			drainage courses are utilized or disturbed. The grading and drainage plan meets
			all requirements, not impacting adjacent properties. The final grading plan will be
	-		reviewed and approved by the city engineer prior to issuance of a building permit
		16.04.040.0	for the proposed development.
		16.04.040.P	Utilities: In addition to the terms mentioned in this section, all utilities including, but not limited to, electricity, natural gas, telephone and cable services shall
			be installed underground as a required improvement by the subdivider.
			Adequate provision for expansion of such services within the subdivision or to
			adjacent lands including installation of conduit pipe across and underneath
			streets shall be installed by the subdivider prior to construction of street
			improvements.

	Findings	As shown on the project plans, all utilities will be installed underground. Electrical service to the property will come from the alley to a new transformer on the subject property near the alley.
	16.04.040 <i>.Q</i>	Off Site Improvements: Where the offsite impact of a proposed subdivision is found by the commission or council to create substantial additional traffic, improvements to alleviate that impact may be required of the subdivider prior to final plat approval, including, but not limited to, bridges, intersections, roads, traffic control devices, water mains and facilities, and sewer mains and facilities.
	Findings	The proposed condominium development does not create substantial additional traffic; therefore, no off-site improvements are required.

#### FINDINGS REGARDING COMPLIANCE WITH CONDOMINIUM SUBDIVISON REQUIREMENTS

	Condominium Plat Requirements				
C	ompliar	nt			
Yes	No	N/A	City Code	Standards	
			16.04.070.B	The subdivider of the condominium project shall submit with the preliminary plat application a copy of the proposed bylaws and condominium declarations of the proposed condominium development. Said documents shall adequately provide for the control and maintenance of all common areas, recreational facilities and open space.	
			Findings	The applicant provided a draft copy of the articles of incorporation, bylaws, and declarations with the application submittal.	
			16.04.070.D	All garages shall be designated on the preliminary and final plats and on all deeds as part of the particular condominium units. No garage may be condominiumized or sold separate from a condominium unit.	
			Findings	As shown on Sheet 2 of the preliminary plat, the garage units are designated as limited common elements and specifically referenced to a unit number.	
			16.04.070.E	Adequate storage areas shall be provided for boats, campers and trailers, as well as adequate interior storage space for personal property of the resident of each condominium unit.	
			Findings	As shown on Sheet 2 of the preliminary plat, the unit sizes facilitate the storage of personal property within the units. Additional storage units are provided in the basement for all units.	
			16.04.070.F	A maintenance building or room shall be provided of adequate size and location for the type and size of the condominium project for storage of maintenance equipment and supplies for common areas.	
			Findings	Mechanical equipment rooms are designated on each floor, serving dual purpose for housing of mechanical equipment and storage of maintenance equipment and supplies. Supplies for larger maintenance projects will be supplied by the contractors responsible for the project on an as needed basis.	
			16.04.070.G	The subdivider shall dedicate to the common use of the homeowners adequate open space of such shape and area usable and convenient to the residents of the condominium subdivision. Location of building sites and common area shall maximize privacy and solar access.	

	Findings	Condominium units 2 and 4 have access to outdoor patio areas. The building also provides common area along the street frontage for use by building residents and the public.
	16.04.070.H	All other provisions of this chapter and all applicable ordinances, rules and regulations of the city and all other governmental entities having jurisdiction shall be complied with by condominium subdivisions.
	Findings	The project has been reviewed for compliance with all other section of the subdivision standards. The project is in compliance as discussed above.

#### CONCLUSIONS OF LAW

- 1. The City of Ketchum is a municipal corporation established in accordance with Article XII of the Constitution of the State of Idaho and Title 50 Idaho Code and is required and has exercised its authority pursuant to the Local Land Use Planning Act codified at Chapter 65 of Title 67 Idaho Code and pursuant to Chapters 3, 9 and 13 of Title 50 Idaho Code to enact the ordinances and regulations, which ordinances are codified in the Ketchum Municipal Code ("KMC") and are identified in the Findings of Fact and which are herein restated as Conclusions of Law by this reference and which City Ordinances govern the applicant's Condominium Preliminary Plat application for the development and use of the project site.
- 2. The Commission has authority to review and approve the applicant's Condominium Subdivision Preliminary Plat Application pursuant to Chapter 16.04 of Ketchum Code Title 16.
- 3. The City of Ketchum Planning Department provided notice for the review of this application in accordance with Ketchum Municipal Code §16.04.030.
- 4. The Condominium Subdivision Preliminary Plat application is governed under Chapter 16.04 of Ketchum Municipal Code.
- 5. The Condominium Subdivision Preliminary Plat application meets all applicable standards specified in Title 16 of Ketchum Municipal Code.

#### DECISION

**THEREFORE,** the Commission **recommends approval** of this Condominium Preliminary Plat Application File No. P21-035A this Tuesday, April 11, 2023 subject to the following conditions of approval.

#### CONDITIONS OF APPROVAL

- 1. The condominium preliminary plat approval is based on the preliminary plat included as Exhibit A to these findings. The condominium final plat must substantially conform to the preliminary plat. Final Plat applications that do not substantially conform may be subject to rereview per the procedures outlined in Section 16.04.030.G.
- The preliminary plat is subject to all conditions of approval associated with Design Review approval 21-035.
- 3. Failure to record a Final Plat within two (2) years of Council's approval of a Preliminary Plat shall cause the Preliminary Plat to be null and void.

Findings of Fact **adopted** this 11th day of April 2023.

# Attachment T: FAR Exceedance Agreement #22811

## FAR EXCEEDANCE **AGREEMENT #22811**

Parties:

City of Ketchum	"City"	P.O. Box 2315, 191 5 <sup>th</sup> Street W, Ketchum, Idaho 83340
755 S Broadway LLC	"Developer"	Mailing: 2667 S Tacoma Way, Tacoma, WA 98409 Subject Property: 200 N Leadville (Ketchum Townsite: Block 23: Lot 1)

This FAR Exceedance Agreement ("Agreement") is made between the City of Ketchum, a municipal corporation of the state of Idaho ("City"), and 755 S Broadway LLC, a limited liability corporation, owner of the subject property and developer of the project ("Developer").

## RECITALS

- A. Pursuant to the City's authority under the Idaho Local Land Use Planning Act, the Ketchum Municipal Code ("K.M.C.") Chapter 17.124 provides for certain development standards, including maximum floor area ratio (FAR) standards under K.M.C. 17.124.040 - Floor Area Ratios and Community Housing. These standards are intended to protect the public interest, health, general welfare, and provision of public services. The City has provided options for development proposals to potentially exceed the allowable FAR in exchange for mitigation of the impacts of such larger development, particularly as focused on affordable community and workforce housing. K.M.C. 17.124.040(B).
- B. Litigation was brought challenging the constitutionality and legality of the City's FAR standards in relation to the inclusionary housing incentive under K.M.C. 17.124.040 that was voluntarily dismissed.
- C. The City has adopted Resolution 17-006 which provides for the Parties to proceed with the FAR standards and options under K.M.C. 17.124.040, so long as the Parties voluntarily opt into a FAR Exceedance Agreement, making clear they are voluntarily opting by contract into use of such FAR standards and mitigation measures and are waiving any claims or demands related to any legal challenge to K.M.C. 17.124.040.

THEREFORE, in consideration of the mutual agreement herein contained and subject to the terms and conditions stated, it is hereby understood and agreed by the Parties as follows:

1. Attestation of Developer. Developer, by this Agreement, attests that the City has disclosed potential litigation challenging K.M.C. 17.124. Developer desires to voluntarily proceed on the development proposal, including proposal of exceedance of FAR

FAR Exceedance Agreement - 1 Contract #22811

standards and accompanying mitigation measures, using the approach and standards as set forth in K.M.C. 17.124.

- 2. Waiver and Release of Claims. Developer, by this Agreement, waives and releases any claims, demands, challenges, claims for reimbursement or refund, and/or damages now or in the future deriving from or relying on the outcome of future litigation substantially challenging the validity of K.M.C. 17.124 and its standards. It is Developer's intent to accept and proceed with such standards as outlined in K.M.C. 17.124 for Developer's development plan for purposes of allowable FAR and Developer voluntarily and knowingly accepts the mitigation measures as proposed.
- 3. **FAR Exceedance Consideration.** In consideration for Developer's attestation and waiver, the City agrees to consider their exceedance proposal and will currently consider and evaluate Developer's proposed FAR exceedance and accompanying mitigation measures within the framework and standards of K.M.C. 17.124.040, attached hereto as Exhibit A and made a part of this Agreement.
- 4. **Maximum FAR and Mitigation.** The Parties hereby agree to an allowable maximum floor area ratio and accompanying mitigation measures as set forth in Exhibit B, attached hereto and made a part of this Agreement.
- 5. Withdrawal. Developer may withdraw from this Agreement upon thirty days notice to City provided that Developer has not commenced building and has received no benefit from a maximum FAR exceedance. Withdrawal shall cause an immediate reversion to the permitted gross FAR as set forth in Exhibit A: K.M.C. 17.124.040(A) at the time of this Agreement.
- 6. **Amendments.** This Agreement may not be amended, modified, altered or changed in any respect whatsoever, except by further agreement in writing duly executed by the parties.
- 7. **No Assignment.** Developer shall not sell, assign, or transfer all or any portion of its interest in this Agreement at any time without consent of the City.
- 8. **Binding Effect.** This Agreement shall be binding upon the heirs, estates, personal representatives, successors, and assigns of the parties.
- 9. Attorney Fees and Costs. In the event any action is brought to enforce this Agreement, the prevailing party is entitled to an award of reasonable attorney fees and costs.
- 10. **Notices.** Any notice under this Agreement shall be in writing and shall be treated as duly delivered if the same is personally delivered or deposited in the United States mail,

FAR Exceedance Agreement - 2 Contract #22811 certified, return receipt requested, postage prepaid, and properly addressed to the contacts as specified at the beginning of this Agreement.

- 11. **Partial Invalidity.** Whenever possible, each provision of this Agreement shall be interpreted in such a way as to be effective and valid under applicable law. If a provision of this Agreement is prohibited by or invalid under applicable law, it shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.
- 12. Waiver: The rights and remedies of the parties to this Agreement are cumulative and not alternative. Neither the failure nor any delay by any party in exercising any right, power, or privilege under this Agreement or the documents referenced in this Agreement will operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege will preclude any other or further exercise of such right, power, or privilege.
- 13. **Execution and Counterparts:** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original agreement, but all of which shall be considered one instrument.

# 17.124.040: FLOOR AREA RATIOS AND COMMUNITY HOUSING:

A. General Requirements: All new buildings and alterations to existing buildings in the GR-H, T, T-3000, T-4000 and CC zoning districts, unless otherwise specified in this title, shall be subject to the maximum floor area ratio (FAR) described below. Hotels that meet the definition of "hotel" found in <u>chapter 17.08</u> of this title may exceed the floor area listed in the table below subject to section <u>17.124.050</u> of this chapter.

Districts	Permitted Gross FAR	Inclusionary Housing Incentive
GR-H	0.5	1.4
Т	0.5	1.6
T-3000	0.5	1.6
T-4000	0.5	1.6
СС	1.0	2.25

- B. Inclusionary Housing Incentive:
  - 1. The purpose of this section is to encourage new development to include a reasonable supply of affordable and resident occupied workforce housing for sale or rent, to help meet the demand and needs for housing of the community's employees. Land within the zoning districts specified in the table above may be built to the listed permitted FAR. As an incentive to build community housing units, floor area may be increased up to the maximum FAR listed in said table with inclusionary housing incentive.
  - 2. An increased FAR may be permitted subject to design review approval, and provided, that all of the following conditions are met:
    - a. A minimum of twenty percent (20%) of the total increase in gross floor area above the greater of the permitted FAR is deed restricted in perpetuity as community housing unit(s). Of this gross square footage, a fifteen percent (15%) reduction will be allowed as a standard discount from gross square footage to net livable square footage for community housing units.
    - b. After calculating net livable square footage, an allowance can be made for projects with demonstrated groundwater issues as documented by a registered engineer. Upon determination by the city that groundwater on the subject property precludes underground parking, a credit of three hundred fifty (350) square feet per required parking space shall be subtracted from the net livable square footage prior to the calculation for the twenty percent (20%) deed restricted community housing. Parking space credit shall be rounded to the nearest whole number, and shall not be calculated as fractions.
    - c. Community housing requirements may be paid via a fee in lieu of housing. The community housing units times the fee equals the amount due to the city. The fee in lieu shall be recommended by the governing housing authority on an annual basis and adopted by the city council. For fractions of units, the developer has the option of providing a full housing unit

1/2

rather than paying the fee in lieu or working with the city or other nonprofit entity to construct the balance of the community housing unit with additional funds.

- d. All community housing units, either for sale or rent, shall be administered by the governing housing authority, unless otherwise determined by the city council. The governing housing authority shall recommend the types and locations of all proposed community housing units for approval by the city.
- e. The community housing units shall be targeted for Blaine County housing authority income category 4 (100 percent or less of area median income). The applicant may seek the recommendation of the governing housing authority in the determination of an alternative category with corresponding adjustment in the amount of community housing required. Said recommendation, if mutually agreed upon by the applicant and the commission, may be used in place of category 4. This allowance shall be based on need for the category type. The definition of who may qualify to purchase affordable housing shall be maintained in the guidelines of the governing housing authority as adopted by the city council.
- f. The city's primary goal is to see the development of and encourage the construction of community housing units, but realizes that other options will also move the city closer to its goal of housing the workforce. With this in mind, the following options for fulfillment of the community housing incentive are available to the applicant outright. These include, but are not limited to:
  - (1) Housing constructed by the applicant on or off site, within the city of Ketchum;
  - (2) Payment of an in lieu fee; or
  - (3) Acquisition of existing housing stock that meets with the governing housing authority's requirements and approval.
- g. In addition to those outright options noted in this section, the city council may consider alternative proposals by the applicant to fulfill the community housing incentive. The city council has full discretionary power to determine said request. Options for fulfillment of the community housing incentive include, but are not limited to:
  - (1) Land conveyance to the city;
  - (2) Existing housing unit buy down or mortgage buy down; or
  - (3) Other proposals and options as approved by the city council.
- 3. In the CC district, the maximum floor area incentive applies to buildings up to three (3) stories in height. Buildings above three (3) stories may exceed the 2.25 FAR maximum only in accordance with the pertinent code provisions allowing for a fourth floor (for example, hotels, PUDs and 100 percent community housing project, etc.). For hotel uses, community housing calculations apply to all those portions of the hotel development except the hotel units, which are addressed pursuant to employee housing of this chapter. (Ord. 1135, 2015)

#### **Exhibit B**

#### **EXCEEDANCE AGREEMENT COMPLIANCE**

PROJECT:	The 208 Condominiums
APPLICATION FILE NUMBERS:	Design Review (P22-035) Condominium Subdivision Prelim Plat (P22-035A)
OWNER:	755 S Broadway LLC
REPRESENTATIVE:	Jonathan Sherman Nicole Ramey, Medici Architects
REQUEST:	Development of a new 11,663 square foot three story mixed- use development with ground floor commercial and four residential condominium units with associated parking.
LOCATION:	200 N Leadville Ave (Ketchum Townsite: Block 23: Lot 1)
ZONING:	Mixed-Use Subdistrict of the Community Core (CC-2)

#### BACKGROUND:

- 1. The applicant is proposing to develop a new 11,663 square foot three story mixed-use development with ground floor commercial and four residential condominium units with associated parking.
- 2. The site is located at 200 N Leadville (Ketchum Townsite: Block 23: Lot 1) within the Mixed-Use Subdistrict of the Community Core (CC-2). Multi-family dwelling units and commercial spaces are permitted uses in the CC-2 Zone.
- 3. The subject property has an area of 5,504 sq ft.
- 4. The proposed development will have a total gross floor area of 11,663 square feet.
- 5. Pursuant to the definition of gross floor area (KMC §17.08.020), up to four parking stalls for developments on single Ketchum Townsite lots of 5,600 sq ft or less are not included in the gross floor area calculation. As the project has four garage spaces, the project receives a reduction of 648 sq ft.
- 6. With the parking stall discount, the development has a proposed Floor Area Ratio (FAR) of 2.0 (11,015 gross sq ft/5,504 sq ft lot area).
- 7. As a condition of Design Review approval, the project shall comply with the requirements of Ketchum City Code §17.124.040, *Floor Area Ratios and Community Housing*, as adopted on the date a Building Permit is submitted for the project.

8. The Planning and Zoning Commission is scheduled to hear the Design Review application (P22-035) for the development on November 29, 2022. Building Permit plans must conform to the approved Design Review plans unless otherwise approved in writing by the Planning and Zoning Commission or Administrator.

#### **EXCEEDANCE ANALYSIS**

The project shall comply with the requirements of Ketchum City Code § 17.124.040 as adopted on the date a building permit is submitted for the project.

Permitted in Community Core Subdistrict 2 (CC-2)

Permitted Gross FAR: 1.0

Permitted Gross FAR with Inclusionary Housing Incentive: 2.0

Proposed Gross Floor Area: 11,663 gross square feet

**Gross Floor Area with Parking Discount:** 11,015 sq ft (reduction of 648 square feet for four stalls that are 9 x 18 feet)

Ketchum Townsite Lot Area: 5,504 sq ft

FAR Proposed: 2.0 (11,015 gross sq ft/5,504 sq ft lot area)

Increase Above Permitted FAR: 5,511 sq ft

20% of Increase: 1,102 sq ft

Net Livable (15% Reduction): 937 sq ft of community housing required.

Total Proposed On-site Community Housing Contribution: 0 sq ft

Proposed Community Housing In-Lieu Fee: \$421,650 (937 sq ft x \$450/sq ft)

#### **COMMUNITY HOUSING CONTRIBUTION CONDITIONS**

The following conditions apply to the community housing contribution for the development at 200 N Leadville Ave:

- 1. The development shall provide a community housing in-lieu fee payment in the amount of \$421,650. Fee payment is due at the time of building permit application.
- 2. If the community housing contribution type (i.e. on-site, off-site, fee in-lieu) changes through the course of the design review approval process or at the request of the applicant/owner, an amendment to this agreement must be approved by the Ketchum City Council.
- 3. If the total gross square footage of the project changes through the course of the design review approval process or building permit application review, a revised fee in-lieu may be calculated using the methodology outlined above and approved by the Administrator. Substantial increases or decreases in square footage may require an amendment to this agreement at the discretion of the Administrator.
- 4. If a building permit is not issued following payment of the in-lieu fee at building permit application, a refund of the fee may be issued within a reasonable period of time.
