Purpose – In recognition that a free government is only possible by having informed and involved citizens, the Village Board encourages public comment on any matter. The Village Board also understands that citizens may not be able to attend a public meeting. It adopts this policy to create a process to allow citizens to have their comments received by the Village when they cannot participate in a discussion.

Policy – Any resident may submit a comment on any matter of concern to them by sending it to the Village Clerk's Office either in writing or via email. The Village Clerk shall forward all such statements to Village Board <u>or</u> <u>Committee</u> members. The Village Clerk will forward any messages addressing a particular matter under consideration by any committee, commission, or board, to the designated clerk of that body dealing with that issue, who in turn shall have it read into the record of the next meeting during the public comment section. The clerks shall provide a copy of the submitted comments to each committee member. <u>Nevertheless, all items submitted shall be copied to all members of the body and attached to the minutes of that meeting.</u>

Matters of concern that the writer designates as "public input," "public comment," or anything along those lines shall be of a length that someone can reasonably read in 3 minutes or less.

On the day of the meeting, any comments submitted after 11 am may or may not, as circumstances allow, be included in the meeting of that day at the Village Clerk's discretion. The clerk of the session shall process comments not included in the discussion of that day in the above manner at the next meeting of that body.

In the event of input so numerous that reading them all would be impractical, the committee, commission, or board may accept the comments into the record without being read at the presiding officer's discretion. Nevertheless, all items submitted shall be copied to all members of the body and attached to the minutes of that meeting.

The Village President or any two Trustees shall be allowed to add items to the Village Board's agenda by merely communicating the desire to have the item added to the agenda to the Village Clerk via email. Any item that is of the usual business of the Village shall also be added automatically to the Village Board agenda; for example, renewals of licenses, minutes of prior meetings, regular reports from staff and vendors, and yearly appointments.

AGENDA ITEM: Discussion and Possible Action: Updated Fee Schedule

OBJECTIVE(S): To have an up to date fee schedule for the Village

HISTORY/BACKGROUND: The Village Board has instructed me to update the fee schedule by the November 25th board meeting. The proposed fee schedule has inputs from all Village staff within their respected departments. I looked at fee schedules from across the area and averaged out the fees to see where our current fees are at and updated the fees if adjustments would be needed. The black numbers are what we currently use for a fee structure, and what is proposed is in red.

PROPOSAL: To have APC look at the fee schedule updates and give input if the committee would like to change anything.

RECOMMENDED ACTION: Approve an updated fee schedule to present to the board on November 25th, 2024

Nurse Triage & Telehealth

League of Wisconsin Municipalities Mutual Insurance is proud to partner with CorVel as our nurse triage and telehealth partner. CorVel's proactive healthcare solution connects injured workers to medical services ensuring they feel cared for in the event of a workplace injury.

Nurse Triage

At the time of a workplace injury, employees can call and speak with a registered nurse through CorVel's 24/7 nurse hotline who will evaluate the injury to determine immediate medical needs. By addressing the injury when it first occurs, CorVel can provide quick and timely care for your employees.

Telehealth

CorVel's nurses are trained to provide an initial assessment and will provide immediate referral to medical care when needed. Nurses may also refer to telehealth as appropriate at the option of the employee. This feature connects the injured worker to a physician immediately via a computer, tablet, or phone. The CorVel nurse will email a link with instructions directly to the injured worker. The CorVel nurse will stay on the telephone with the injured worker until they are connected to the online visit.

Advantages of Telehealth

For many workplace injuries, immediate treatment can be received through a virtual visit with a doctor eliminating the need for scheduling and attending an in-person appointment. No driving to a doctor's office, missed appointments, or delays in waiting rooms. With the advent of new technologies, many welcome the convenience of a virtual visit with a doctor and the added expediency of prescriptions and physical therapy scheduling. By connecting our employees with appropriate, quality care, it can help prevent a minor injury from becoming a complicated injury and focus on your employee's wellness.

About Telehealth Physicians

CorVel has contracted with dedicated physicians who average 15 years in primary and urgent care experience, and are US Board Certified, licensed, and credentialed.

Rebound

For our members that currently utilize our Rebound injury management program, you can continue to contact Rebound directly as you have been doing for any musculoskeletal injuries (knee, shoulder, back, hip, etc.). Also, the nurses at CorVel can provide a referral to Rebound for those injuries as appropriate. The services are designed to work together to achieve the best outcome.

Reporting a Claim

For any work related injury that goes through the 24/7 nurse hotline, CorVel will automatically send the first notice of injury to United Heartland for claim handling. If you chose not to use CorVel, you will need to submit your claim to United Heartland as previously done.

۲

24/7 Work Injury Nurse Line

Immediately following a workplace injury, call to speak with a registered nurse who will evaluate your incident and determine care. Our nurses specialize in occupational injuries and will connect you with the quality care you need.

VILLAGE OF KRONENWETTER BOBBI BIRK-LABARGE 1582 KRONENWETTER DRIVE KRONENWETTER, WI 54455 Re: VILLAGE OF KRONENWETTER Group number: 1573571 Current package: WI MC New 53 / WI053 Renewal date: 01/01/2025

Dear BOBBI BIRK-LABARGE:

Thank you for allowing UnitedHealthcare to serve your health benefit plan needs for the policy year just ending. Now it's time to begin making plans for the coming year. This packet contains your customized renewal package, which will allow you to determine which plan, or plans, best meet your business needs for the coming year.

Your group health insurance coverage is coming up for renewal. Below are changes we'll be making to the plan.

- The cost share for Intensive Behavioral Therapy (IBT) and/or other outpatient services such as electro-convulsive therapy, transcranial magnetic stimulation, psychiatric testing, and medication assisted treatment may have changed. The most common IBT is Applied Behavior Analysis (ABA).
- The term autism spectrum disorder means a condition marked by enduring problems communicating and interacting with others, along with restricted and repetitive behavior, interests, or activities, and as listed in the current edition of the International Classification of Diseases section on Mental and Behavioral Disorders or the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association.
- The mental health/substance-related and addictive disorders delegate (the delegate) administers benefits for mental health and substance-related and addictive disorders services. If the covered person needs assistance with coordination of care, locating a provider, and confirmation that services the covered person plans to receive are covered health care services, the covered person can contact the delegate.
- The term intensive outpatient treatment has been changed to intensive outpatient program.
- The exclusion section specific to mental health and substance-related and addictive disorders services has been removed. The following exclusions have been added as exclusions that apply to both medical and behavioral services: transitional, assisted, and independent living services, educational counseling, testing and support services, and vocational counseling, testing and support services.
- Care Cash, a program designed to help members pay for cost sharing for certain services through a prefunded debit card, may be included in the plan. See the "Review" section of your renewal package to find out if Care Cash is included in your plan, may be included in the plan.
- Benefits for voice modification therapy and/or voice lessons for gender dysphoria are subject to applicable speech therapy benefit limits as described under Habilitative Services and Rehabilitative Services Outpatient Therapy.
- Annual limits for presumptive and definitive drug testing are removed.
- Covered Persons may not assign benefits under the policy to an out-of-network provider. When a determination is made to pay an out-of-network provider directly for services rendered, that payment is not: an assignment of benefits or any legal or equitable right to institute any proceeding related to benefits; or a waiver of the prohibition of assignment of benefits under the policy. Such payment will not preclude the assertation that any purported assignment of benefits under the policy is invalid or prohibited.

Continued on other side

- The exclusion for health care services from out-of-network providers for non-emergent, sub-acute inpatient, or outpatient services at certain non-hospital facilities does not apply in the case of an emergency or when there is no network provider who is reasonably accessible or available to provide the covered health care service.
- Administrative programs are included in the Are Incentives Available to You? section to accommodate for administrative actions.
- The term unproven services may include services for medical and behavioral conditions. Determinations of unproven services based on well-designed randomized controlled trials or observational studies, include the following: well-designed systematic reviews (with or without meta-analyses) of multiple well-designed randomized controlled trial, individual well-designed randomized controlled trials, well-designed observational studies with one or more concurrent comparison group(s) including cohort studies, case-control studies, cross-sectional studies, and systematic reviews (with or without meta-analyses) of such studies. Medical and drug policies can be viewed on www.myuhc.com and liveandworkwell.com.
- The term transitional living is also known as supportive housing, including recovery residences.
- Virtual Behavioral Health Therapy and Coaching Rider will be removed.
- Certain preventive care immunizations are covered under the pharmacy benefit.
- Step therapy requirements can be satisfied through use of a pharmaceutical product or a prescription drug product.
- Therapeutic equivalent requirements can be satisfied through use of a pharmaceutical product or a prescription drug product.
- The variable copayment program under the outpatient prescription drug rider may include certain non-specialty and specialty
 prescription drug products.
- Any cost-sharing changes, including whether the plan is a different metal level from the previous plan are described in the "REVIEW" section of your renewal package.

New regulations and benefit plan design changes often require updates to our Certificate of Coverage (COC). The alternate benefit plan we are suggesting for your renewal is written on an updated COC. You may request to see the COC, and Schedule of Benefits for a complete explanation of your benefits. In addition, see our COC overview documents in the "Supporting Documentation" portion of this package.

Soon, you will receive your Summary of Benefits and Coverage (SBC), if you haven't already. Your employees may also access a copy on myuhc.com. The SBC provides information to help understand your renewal plan(s) and allows you to compare coverage options across different plans and products. For more information regarding the SBC, please visit uhc.com and search for "summary of benefits".

We're looking forward to another year of serving you and your employees. Please take the time to review the enclosed materials and feel free to contact your broker, ANSAY & ASSOCIATES LLC, 715-693-4343, or call me at 1-866-432-5992 with any questions.

- Important: If multiple policies are sold to one customer, we require the policy year or calendar year basis selection be the same for each sold policy. If you choose to add or change an existing HRA plan, you must choose from the list of UnitedHealthcare HRA-eligible medical plans as shown to you by your broker or agent. If you have a Third Party Administrator for your HRA, please note that HRA plans administered by other insurers or TPAs must comply with UnitedHealthcare HRA design standards. Premium rates and/or product forms included herein are subject to approval by regulators. If the rates or product forms offered herein are subsequently modified by regulators we will immediately advise you of the change in plan design and retroactively adjust premium in subsequent billings, in accordance with applicable law. Starting with 2014 effective dates, all pharmacy plans include an ancillary charge (also known as a generic pharmacy program). This type of pharmacy program includes out of pocket expenses when a member fills a brand name or higher tier generic prescription but there is a chemically equivalent lower tier brand or generic available. Current and renewal medical rates reflect the participant's age on the renewal date and may not be the same as the rates billed in the current billing. SPECIALTY MEDICATION COST SHARE CHANGES: Upon renewal, most pharmacy plan designs have a separate higher cost share for Specialty Medications based on the Pharmacy Tiers. Those cost shares are reflected with an 'S' prior to the cost share amount. E.g. S\$500. Your employees can also review their benefit summary and plan documents for these cost share changes to determine if they will be impacted. Employer groups should consult with their benefits and/or tax counsel regarding any potential tax implications if they choose to offer a Health Reimbursement Arrangement (HRA) on a medical plan with Care Cash. Medical plans with no mention of UHC Rewards Premium in the plan names above come with UHC Rewards Core. Neither

Plan design and corresponding premium rates offered herein represent a coverage option that is consistent with your current group size (based on most recent census or survey information) and closely matches your current coverage. Additional coverage options may be available to you.

Upon the renewal of your employer plan, the Certificate of Coverage or Summary Plan Description, and other documents, notices and communications regarding the plan(s) selected may be transmitted electronically to you (employer group) and the group employees. The employer group may withdraw their consent at any time or request a document in a paper or nonelectronic form.

 Medical plans with no mention of UHC Rewards Premium in the plan names above come with UHC Rewards Core. Neither UHC Rewards Premium nor UHC Rewards Core are available to groups in the state of HI, VT and specific plans in CO and CA.
 This premium may include state and federal taxes and fees.
 This medical plan is available with either calendar year or policy year deductibles and out of pocket maximums.
 The Metallic Level associated to this plan, listed in the 'Metallic Level' column, is based on the assumed HSA/HRA contribution amount range listed in the 'HSA/HRA Contrib.' column. Any contribution amount outside this range may impact the plan's Metallic Level.

SPECIALTY MEDICATION COST SHARE CHANGES: Upon renewal, most pharmacy plan designs have a separate higher cost share for Specialty Medications based on the Pharmacy Tiers. Those cost shares are reflected with an 'S' prior to the cost share amount. E.g. S\$500. Your employees can also review their benefit summary and plan documents for these cost share changes to determine if they will be impacted.
Employer groups should consult with their benefits and/or tax counsel regarding any potential tax implications if they choose to offer a Health Reimbursement Arrangement (HRA) on a medical plan with Care Cash.

Our goal is to help you understand how the contributions you make to your employees' HSAs and integrated HRAs can affect the actuarial value of your health plan. Under the Affordable Care Act (ACA), plan sponsors are required to offer health coverage to their employees that falls within one of four metallic levels of coverage. Each metallic level has its own range of permitted actuarial values. UnitedHealthcare, as a health insurance issuer, is also obligated to only offer health coverage that falls within the four metallic levels.

It is important to understand that the amount of the contributions that you make to your employees' HSAs or integrated HRAs have an impact on the actuarial value of every plan design we offer to you. Further, with respect to an integrated HRA, the available contribution ranges shown in this proposal/renewal packet are specific to the particular type of HRA (Standard or Select, see definitions below) we have available in your market. We will gladly work with you to make sure you understand the HRA plans available in your market.

Why this is important

Making sure that the employer contribution to HSAs or HRAs fall into the designated dollar amount ranges helps ensure that your plan meets the actuarial value for the metallic level of coverage you have elected for your health plan offering and that you maintain compliance with the requirements of the ACA. Failing to make the contributions as indicated may mean that your selected plan falls below the actuarial value for the metallic level while funding at an amount above may mean the actuarial value for the metallic level has been exceeded. In either circumstance your plan will not be compliant with the requirements of the ACA.

We are offering you the plan you have chosen for your employees based on the understanding that your contributions to your employees' HSA or HRA will be made as set forth in the proposal for new customers or, for existing customers, in the renewal plan documents. In addition, contributions must be available to employees on the first day of the plan year.

If you do not intend to make the contributions or intend to change the amount or timing of the contributions, it may mean that your plans will not fall within the appropriate metallic level and thus may not be compliant with the ACA. We want to ensure that does not happen so are asking that you please contact your UnitedHealthcare representative to let them know of any changes to your plan or to the amount and/or timing of the HSA/HRA contributions you intend to make.

Please take these steps to ensure compliance

- 1. If you are a new customer, please review the contribution amounts for the plan you have selected. These amounts are shown in your final proposal from UnitedHealthcare. If you are an existing customer, please review the contribution amounts that are shown in your renewal plan documents. If you do not have the appropriate document, please contact your UnitedHealthcare representative, who can provide the information to you.
- 2. Please make the required HSA/HRA contribution so that it is available on the first day of the plan year.
- **3.** For HRA plans, please ensure that your HRA plan design is such that HRA amounts may only be used to reimburse employees for cost sharing amounts under your plan.
- 4. Please note your HRA must adhere to the UnitedHealthcare HRA Standard or Select product design available in your market. (See description below.)
- 5. Please inform us at least 30 days in advance of any plan changes to your plan.

We are committed to ensuring the ACA is implemented successfully and that you, as our customer, know the necessary actions to take. We are here to help you throughout this process, so if you have questions please contact your UnitedHealthcare representative.

UnitedHealthcare Standard HRA plans are available in Alabama, Arizona, Arkansas, Connecticut, Delaware, Florida, Georgia, Idaho, Louisiana, Maine, Maryland, Massachusetts, Mississippi, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Utah, Virginia, Washington, and West Virginia. Standard HRAs (also known as first dollar HRAs) are designed to pay 100% of the initial claims until the HRA is depleted. The member is then responsible for payment of additional claims until the deductible is satisfied. The maximum HRA contribution amount is equal to 50% of the deductible.

UnitedHealthcare Select HRA plans are available in California, Colorado, Iowa, Illinois, Indiana, Kansas, Kentucky, Michigan, Missouri, New Mexico, Ohio, Oklahoma, Oregon, Texas, Wisconsin and Wyoming, as Shared or Split. Shared HRA plans pay a percentage of first dollar qualifying expenses up to the HRA contribution limit. The employee is responsible for the remaining percentage of first dollar qualifying expenses. Split Deductible HRA (also called second dollar) plans are designed so the employee is responsible for the first 50% of expenses applying to the deductible; then the Employer funded HRA pays for subsequent qualifying expenses up to the HRA contribution limit. The maximum Employer HRA funding for both Shared and Split Deductible is equal to 50% of the deductible.
