KRONENWETTER POLICE DEPARTMENT

Office of the Chief of Police Executive Summary for June 2025 CLIPP

TO: CLIPP COMMITTEE MEMBERS

DEPARTMENT ACTIVITY SUMMARY – In April, we handled 611 total calls for service. Some highlights included the following:

- Four arrests for domestic violence/family trouble:
 - One subject was arrested for disorderly conduct and criminal damage to property.
 - One subject was referred to the DA's for disorderly conduct and interference with child custody.
 - One subject, who left the scene prior to officers' arrival, was referred to the DA's Office and Probation and Parole for a "no contact" order.
 - One subject was arrested for disorderly conduct after officers responded to a person armed with a hammer.
 - One subject was arrested for disorderly conduct and criminal damage.
- A report of harassment after the reporting party received unwanted text messages.
- An arrest for third offense OWI after the officer observed the driver almost strike a street light.
- Five welfare checks/mental health detentions:
 - Three resulted in a mandatory emergency mental health detentions. One of the calls involved a subject with a handgun. Officers did a nice job of safely handling that call, so nobody was hurt.
 - One resulted in a caller being given resources and follow up with North Central Health Care.
 - The last one resulted in a report being sent to the Aging and Disability Resource Center.
- Three citations for a juvenile possessing tobacco products on school property.
- Three ID theft/fraud investigations. In one case the victim fell prey to a caller claiming to be from a local credit union. The suspect advised the victim they had fraudulent charges and to clear them, they needed their account info. Once armed with the victim's account information, the suspect transferred close to \$500 from their account.
- One citation to a teenager for possession of THC and drug paraphernalia.
- Agency assists for KPD for two instances of medical emergencies which required first responders to force entry to treat the victims. The PD also assisted the FD on a structure fire at a garage.

DEPARTMENT PERSONNEL ISSUES & STATUS – As noted in past reports, we still are still following up on anything local that is related to the teenage death investigation. I represented KPD and attended the Wausau community event about Sextortion that was driven by this teenager's death. The event included a resource fair and then a presentation with excellent speakers. I assisted an ICAC (internet crimes against children) Special Agent from the Division of Criminal Investigation at her booth during the resource fair. The event took place at the Grand Theater in Wausau, and it drew a large crowd.

I'm proud to relay that our own Officer Guyer was selected for the Women's Community Investigator of the Year award. This award is given to only one investigator in the entire County! Officer Guyer's professional and compassionate work with victims of sexual assault is truly outstanding. She has a genuine interest in helping victims and their families navigate the difficult process of reporting sexual assaults. Her ability to reach victims who might otherwise be reluctant to disclose information is one of her key attributes.

KRONENWETTER POLICE DEPARTMENT

Office of the Chief of Police

Executive Summary for June 2025 CLIPP

Section 4, ItemD.

I find it very noteworthy that this year's Investigator of the Year was one of our patrol officers, as opposed to a dedicated detective position that we see in other, larger departments. I think this speaks volumes about the department and the work our patrol officers do every day. I've included a photo from the night of the awards ceremony with KPD personnel and Officer Guyer.

CURRENT GRANTS AND EQUIPMENT — We will be taking another shot at listing our old squad cars on the auction. We didn't raise the amount of money we thought we'd get in early winter, so we decided to withdraw from the auction and try again later. We will have a 2020 Dodge Durango with approximately 120k miles and a 2018 Dodge Charger with 132k miles up for sale.

Report to CLIPP

Item Name: Director of Public Works and Utilities Report

Meeting Date: June 2, 2025

Referring Body:

Committee Contact:

Staff Contact: Greg Ulman

Report Prepared by: Greg Ulman

- The public works crew wrapped up adding new gravel to the shoulder of Sunny Ct. after last fall's resurfacing of the road.
- Parks staff is in full swing for the year by getting bathrooms opened up, mowing lawns, and maintaining trash and dog waste areas.
- Porta Potties were placed in the parks that do not have running water (Gooding, Municipal, Norm Plaza, Towering Pines, Seville, as well as the Old 51 pedestrian trail.)
- I have been busy working on spring pond/outfall inspections per DNR regulations. This hasn't been done the past 3 years, so I'm creating lists of areas of repairs and restorations. Mainly trash and brush/trees growing on the banks. There are over 40 areas to inspect around the Village which includes public and private ponds and outfalls.
- Hydrant flushing wrapped up in mid-May and utilities crews flushed 515 hydrants with 3.2 million gallons flushed out of the system.
- I sat in on a WisDOT meeting on May 22, to learn about the upcoming grant funding cycle for various road grants to start in the 2026 funding cycle.
- On May 21 staff met with the contractor (Hass Sons Inc.) for the roads project in TID #2, and they wish to start the project on May 27. Attached is the construction schedule for the Kronenwetter Dr./TID #2 local roads project, as well as our pre-construction meeting notes from May 21. The schedule can look confusing and the numbers behind Kronenwetter Dr. may not mean anything to you, so I'll break it down.

All barricades and traffic control will start showing up between today and Tuesday (May 27) on the local roads area.

- Pinedale Ln
 - Pulverizing the road to start on May 28, and will remain loose pulverized material until July 8 when the first course of asphalt will be laid.
 - Road completion on July 22.
- Windwood Rd
 - Pulverizing the road to start on May 28, and will remain loose pulverized material until July 8 when the first course of asphalt will be laid.
 - Road completion on July 22.
- Oakdale Ln and Wedgewood
 - Pulverizing the road to start on May 29, and will remain loose pulverized material until July 9 when the first course of asphalt will be laid.
 - Road completion on July 23.

- Sedona Ct.
 - Pulverizing the road to start on May 29, and will remain loose pulverized material until when the first course of asphalt will be laid.
 - Road completion on July 23.

Section 4, Item E.

All pulverization and grading will conclude on June 3 and will move to the Kronenwetter Dr portion of the project. All barricades and traffic control will start showing up between today and June 2.

- Kronenwetter Dr. (From Fox Valley Truck & Body to Kowalski Dr.)
 - Pulverizing the road to start on June 2, and will remain loose pulverized material until June 26 when the first course of asphalt will be laid.
 - Road completion on September 8
- Kronenwetter Dr. (From south Village limits to south side of Bull Junior bridge)
 - Pulverizing the road to start on June 23, and will remain loose pulverized material until August 11 when the first course of asphalt will be laid.
 - Road completion on August 21.
- Kronenwetter Dr. (From north side of Bull Junior Bridge to Maple Ridge Rd. & from Maple Ridge Rd. to Fox Valley Truck & Body)
 - Pulverizing the road to start on August 19, and will remain loose pulverized material until August 27 when the first course of asphalt will be laid.
 - Road completion on September 11.

All pavement marking will take place on September 12, for all roads a part of this project. The construction will conclude on all roads at the end of this day.

Key Points:

- Kronenwetter Dr. between the south Village limits and the Bull Junior will have a *full closure* during the work process. The contractor will have a moving closure however, that means the contractor will have both lanes shut down starting between the south Village limits to Oakdale. Once complete they will move to the section between Oakdale and Pinedale, once complete they will move between Pinedale and Sedona, then between Sedona and the Bull Junior. Detour signs will be placed.
- All other roads and other sections of Kronenwetter Dr. will have only one lane closed at a time with flaggers on the busier sections of roads. There will be times however where a culvert will need to be laid across the entire roadway and a full road closure will happen. This will only take a few hours to install and one lane will open again.
- After the single lane closures from the work during the pulverization and grading the roads will open to two-way traffic, but the roads will be gravel until the paving starts on that road. The pulverization and grading will be a moving project and should affect only a portion of a road at a time. Pulverization and grading will only take about a day or two per road.
- After pulverization and grading on any given road happens, the road will be loose gravel that will be safe to drive on. The contractor will regrade the road as needed to control potholes and rutting until the base course paving takes place.
- Residents will have access to their homes at all times during construction, minus when work is taking place in front of residences. Businesses will have access at all times as well, minus when work is taking place in front of driveways as well. Mail will still be able to be delivered.
- Contractor will do their best to leave at least one access open to addresses that have multiple entrances at any given time.
- First responders will access to all areas and properties during this project. The contractor will open the road at the full closure areas to emergency vehicles.
- *This schedule is subject to change* based on weather or other issues that may pop up, and I will give out any changes to the schedule that may happen.

REPORT TO Village Board

ITEM NAME:	Chickens
MEETING DATE:	June 2, 2025
PRESENTING COMMITTEE:	CLIPP
COMMITTEE CONTACT:	Ken Charneski
STAFF CONTACT:	Pete Wegner
PREPARED BY:	Peter Wegner

ISSUE: A request to discuss permitting chickens on smaller lots was made at the May 12, 2025 Village Board Meeting under the items for future agendas. This item was discussed during the March 3, 2025 Community Life, Infrastructure and Public Property Meeting. During that meeting, a motion was made to take no action to allow chickens in single family residential zoning districts. The motion was carried by a 4:0 vote. On May 29, 2025, the Village Board discussed whether the concept of permitting chickens in residential zoned areas should be forwarded to CLIPP for review.

OBJECTIVES: To review and discuss allowing chickens in Residential Zoning Districts.

RECOMMENDED ACTION: Review materials provided by staff. Direct staff how to proceed.

ATTACHMENTS (describe briefly): Chicken History, 2021 survey results, Current Ordinance Language and example Ordinances.

Brief History

2012 - The Village decided to allow chickens on the former Suburban Residential Zoning District, which was a 1-acre minimum lot size residential district. *Note: Suburban Residential Zoning Districts no longer exist.*

7/24/2021 - A request to discuss permitting backyard chickens was made at a Village Board Meeting under the items for future agendas.

9/20/2021 – Plan Commission Meeting. Staff provided draft language as a starting point for discussion. The Plan Commission requested the Village put together a survey to gauge interest in permitting backyard chickens.

10/18/2021 – Staff gave update to the Village Board.

10/26/2021 - The Plan Commission discussed the survey results and decided to recommend the Village make no changes to the existing Ordinance.

Current Ordinance Language 3/3/2025**§ 520-27. - Accessory and miscellaneous land use types.****H. Keeping of farm animals on residential lots.**

(1) This is the keeping or raising of farm animals on a residential lot, in zoning districts where allowed under figure 520-17 [8] and where such activity is clearly accessory to the principal residential use. Farm animals are as defined in article XVI. The animals may be kept for show, breeding, or products that are predominantly consumed or used by the residents of the same lot. Gardening and residential composting are allowed in all zoning districts.

(2) Performance standards:

(a) All animals shall be kept within a completely enclosed area.

(b) Uses shall meet all performance standards in article XII, including odor standards in section 520-93.

(c) To be considered an accessory use within any RR-2 Zoning District:

1. The only permitted farm animals are chickens, ducks, and bees.

2. All animal enclosures and beehives shall meet the minimum interior side and rear setback requirements for detached accessory buildings per figure V(2).

3. No animal enclosure shall be located closer than ten feet from the principal building.

4. The raising or keeping of farm animals shall be permitted at a density not to exceed one animal unit per every acre owned, not considering fractional amounts of acreage.

ARTICLE III. - PROHIBITED ANIMALS, REPTILES AND EXOTIC ANIMALS**§ 200-15. - Keeping animals.**

B. Horses, mules, ponies, donkeys, cows, pigs, goats, sheep, or chickens shall be allowed only in those areas as allowed by chapter 520, Zoning, of the Code of the Village of Kronenwetter.

1	Just say no to chickens, it's a mess and health hazard, don't want them, no way!!!	10/9/2021 8:19 AM
2	Thank you for the opportunity to participate in surveys like these. I think this is a great way to allow citizens to be involved in decisions that impact us in a way that is easily accessible.	10/8/2021 7:17 PM
3	Please don't allow this.	10/7/2021 9:05 PM

8	Someone has a chicken nearby. We hear it crow sometimes. We love it!	10/4/2021 9:57 PM
9	NO, NONE ZERO NADA chickens on residential R1 properties. They stink and cackle and carry diseases.	10/4/2021 5:11 PM
10	People care for animals at differing levels of attention. I have relatives with chickens in a residential area. Although I love how beautiful these birds are, if they do not get fastidious attention, their coop and run can smell very bad and attract flies. This is not something we want in areas of .5 acre lots. My recommendation is to stay with the 2 acre lot limitation and the police will thank you.	10/3/2021 9:02 PM
11	no	10/3/2021 7:37 PM
12	I do not want to deal with the smell or sounds of chickens. I lived on a farm when younger and that is where the chickens need to live, not in the residential areas of the village	10/3/2021 5:33 PM
13	Na	10/1/2021 8:55 PM

18	No chickens please	9/30/2021 12:53 PM
19	No chickens at all	9/30/2021 12:45 PM
20	No	9/30/2021 1:37 AM
21	There should not be an ordinance banning chickens on any size lot. Keep the coop clean, and don't allow roosters, done. Are dogs allowed to make noise as long as its not excessive? Chickens are quieter than dogs, loud exhaust, construction activities...	9/29/2021 8:30 PM
22	Regulations should be clear referring to egg layers and meat birds.	9/29/2021 6:54 PM
23	I currently have 8 chickens (at a different property where they are allowed). I know from personal experience, when properly kept (like any pet) they have no negative impact on the quality of life for those in surrounding (or connecting) properties. Chickens require little maintenance and in return provide excellent opportunities for my children to learn about responsibilities, work ethic, etc. They also produce for our family and provide entertainment. The benefits far outweigh any concern someone with no experience may raise.	9/29/2021 4:46 PM
24	It would be lovely to support backyard chickens in our village. I would just want to make sure	9/29/2021 10:15 AM

there is proper recourse if people are not caring or maintain them as appropriate.

25	I am against allowing homeowners on .5 acre lots from owning chickens. I feel it would have a negative impact on our home values. I don't want the smell, noise or mess they make that close to my house. Also, chickens roam. I wouldn't want to have to invest in a fence to keep them off my property.	9/29/2021 8:12 AM
26	No	9/28/2021 9:14 PM
27	I am glad that this is being brought up again. It is a very good idea. The city of Wausau allows chickens on their city lots which most of the lots are half the size of a Kronenwetter lot. Kronenwetter allows 4 wheelers and side by sides on there streets which is more dangerous than a couple of chickens in your own back yard.	9/28/2021 8:50 PM
28	We have the perfect lot for chickens, we would love them	9/28/2021 8:19 PM
29	Great idea as long as owners keep their property clean and it doesn't start to smell like a bar yard	9/28/2021 6:12 PM
30	No	9/28/2021 5:54 PM
31	This would be an amazing opportunity that I hope gets some traction and is taken seriously! Thank you for reaching out to the residents!	9/28/2021 3:53 PM
32	No roosters!	9/28/2021 3:35 PM
33	Absolutely do not support chickens in the neighborhoods	9/28/2021 3:03 PM
34	No roosters but hens yes	9/28/2021 1:35 PM
35	I don't believe chickens belong in residential areas.	9/28/2021 12:34 PM

41	Not sure why anyone needs chickens on a small residential lot	9/28/2021 5:32 AM
42	No	9/28/2021 5:24 AM
43	This is chicken shit. I do not want clucking and disease. Chickens are a disease breeder. Noise is an issue. Where the hell is the trustee leadership? Urban chickens were banned 60 years ago for disease, noise and chicken shit smell.	9/28/2021 12:11 AM
44	The Village would positively affect more residents by spending more time/energy on getting internet service versus this chicken situation that affects only a select few.	9/27/2021 10:31 PM
45	N/A	9/27/2021 10:26 PM
46	I don't want my neighbors to have chickens. Chickens are annoying and smell bad. And you know someone is going to get the bright idea to get a rooster. I'm not a fan of waking up at 4 am to a rooster.	9/27/2021 10:04 PM
47	If you decide to allow this change, please do not allow roosters. They are noisy and a nuisance. I think adding chickens will bring down the value of houses in the neighborhood and the village will not be as attractive to newcomers. I would never live next to people who owned chickens, even on .5 lots. Too noisy.	9/27/2021 9:55 PM
48	No chickens!	9/27/2021 9:47 PM
49	No.	9/27/2021 9:41 PM
50	With homes that close, I'd recommend no roosters and in coops.	9/27/2021 9:40 PM
51	No chickens! They are noisy early in the morning. I'm elderly and don't want to get woken up by roosters crowing!	9/27/2021 9:37 PM

52	No roosters, only chickens.	9/27/2021 8:48 PM
53	No	9/27/2021 8:48 PM
54	I am strongly against this idea.	9/27/2021 8:38 PM
55	I am totally against chickens in the village. It seems like more trouble than it's worth.	9/27/2021 8:21 PM
56	lets keep this nice town a clean and peaceful place to live. thank you	9/27/2021 7:51 PM
57	N/A	9/27/2021 7:42 PM
58	Maybe there should be a formula for chickens per acre. Such as 2-4 chickens per quarter Acre?	9/27/2021 6:35 PM
59	If you want chickens move to the country. Noise and smell would need to be monitored	9/27/2021 6:21 PM
60	Our family would not be fans of having chicken neighbors. That's why we live in the suburbs vs. Rural.	9/27/2021 6:00 PM
61	A pet owner on less than .5 acres would be able to bring their dog/cat in the house if there was a noise issue. How will this be addressed with .5 acres, houses being close together and a rooster than won't stop crowing. This was an actual issue with the family on our road that had chickens. 2 acres is a good number for the ordinance with owning chickens. Less than that 0 chickens should be allowed but 0 was not an option on your survey.	9/27/2021 5:55 PM
62	I've seen chickens in our residential area already, though I'm not sure where they belong.	9/27/2021 5:50 PM
63	I don't know much about raising chickens, so when I chose "unlimited," it is simply because I don't have background for what would be reasonable. I imagine the Village would require some kind of permit and follow up on issues that could potentially occur, so I wouldn't be opposed to people having chickens. I trust that it would be well-regulated.	9/27/2021 5:45 PM
64	I know of a family that has chickens near us. I do not want them in our neighborhood.	9/27/2021 5:44 PM

71	Common misconception is that Chickens are dirty, If you take care of their coop and surroundings they are actually very fun to have. Children love to watch them and they keep the mosquitoes away as well! Only stipulation needed would probably be no roosters.	9/27/2021 4:48 PM
72	no	9/27/2021 4:26 PM

75	I have zero interest in having chickens in my neighborhood. Roosters make a ton of noise. I have lived next to people with chickens and did not enjoy listening to roosters crowing at 4 am.	9/27/2021 4:01 PM
76	How will it be handled if the chickens roam into yard and you don't own any?	9/27/2021 3:53 PM
77	What about people that let their dogs lose in their yards and who is responsible if a chicken wanders into our yard and is hurt by our dog or a neighbors dog and how will the chickens be controlled	9/27/2021 3:53 PM
78	No	9/27/2021 3:50 PM
79	I live in the city of Wisconsin Rapids. Some of our neighbors have a few chickens. No problems. They are quiet, no smells. People are trying to have chickens at home for pets, and the eggs. People are becoming more self sustainable. Let the village of Kronenwetter allow	9/27/2021 3:43 PM

chickens to residents who have 2 acre or less property. They don't bark all day like many dogs do in many city neighborhoods.

80	No roosters.	9/27/2021 3:29 PM
81	I grew up on a farm. If people really knew how dirty, smelly, and noisy chickens can be, they would not want them for neighbors!	9/27/2021 3:16 PM
82	Chickens are not harmful!	9/27/2021 3:12 PM
83	I think raising chickens is a worthwhile pursuit, and not overly bothersome (no worse than barking dogs anyway). I do think there should be some language in the ordinance about the chickens being fenced-in, and providing a minimum square footage of fenced-in living space per each chicken kept (this to avoid unsanitary or cruel overcrowding conditions)	9/27/2021 3:09 PM
84	This is long overdue. Thank you for reconsidering this.	9/27/2021 3:07 PM
85	not appropriate in tight residential areas. Chicken waste is harmful and could be carried to adjacent properties causing health issues.	9/27/2021 2:55 PM
86	I like the idea of allowing it, but I wouldn't be happy if my neighbors didn't have a fence & let 20 some birds roam and poop everywhere. I think there definitely needs to be rules on # of birds and confining them at all times	9/27/2021 2:39 PM

96	There is a "stray" chicken (rooster) who showed up at my neighbors house back in the spring. It has since moved yards and made a home under another neighbor's deck. Although my children love to see him and have named him "Kyle", his rooster calls at 5am each morning are not as liked, especially when we like to have our windows open this time of year.	9/27/2021 12:52 PM

112	If you allow chickens Whats going to be next ? Goats? Cows?. If people want farm animals go live on a farm. Jeez!	9/27/2021 11:31 AM
113	They should be female chickens and no roosters. Egg layers/meat chickens without a male. Males make too much noise	9/27/2021 11:29 AM
114	Our neighborhood has chickens. They are noisy. House behind us had chickens they let run loose. My dogs went nuts and chased them. I do not want to be responsible for watching chickens in my yard!	9/27/2021 11:29 AM
115	If chickens are allowed, would prefer them caged at all times, not let out to roam.	9/27/2021 11:27 AM
116	If you do pass this perhaps require a fenced yard and no roosters	9/27/2021 11:27 AM
117	I do not want chickens in residential neighborhoods. I am not interested in building a \$500,000 plus house on the river if my neighbors are going to have chickens. If people want farm animals they should live on a farm. These lots are too small to allow this. DO NOT pass this ridiculous request to allow farm animals in suburban areas. Do not change zoning.	9/27/2021 11:27 AM
118	Chickens are good. Quiet. No roosters obviously. And have to be kept in a clean shelter. But would be great for our community	9/27/2021 11:27 AM
119	If you want chickens move to the country. Nobody wants to smell other peoples chickens.	9/27/2021 11:25 AM

121	Please do not allow chickens in the village. There is no reason I need to listen to farm animals in a residential neighborhood. Very very very much against it. Can't believe the village is actually considering this. Why don't you deal with our terrible water issue instead of something stupid like this	9/27/2021 11:19 AM
122	No roosters	9/27/2021 11:19 AM
123	I do not want chickens in residential areas of Kronenwetter. Leave them on farms.	9/27/2021 11:18 AM
124	I think the number of chickens should be determined by the size of the lot. I think there should be an annual permit associated with having chickens so people know exactly how many are allowed on their lot.	9/27/2021 11:17 AM

ALL MEASUREMENTS ARE TO THE NEAREST FOOT

Roadway with no curb is measured from edge of pavement to edge of pavement.

Roadway with curb and gutter is measured from face of curb to face of curb.

Roadway with mountable curb and gutter is measured from gutter line to gutter line.

Shoulder is measured from edge of pavement to the down slope of the ditch.

Number of lanes is determined by the width of the roadway minus the parking lanes (minimum parking lane is 8 feet).

The minimum width for a two lane road with no parking is 16 feet. If there are more than 2 lanes - painted lane lines are required.

Section I: OVERVIEW

REQUEST FOR PROPOSALS - The Village of Kronenwetter (hereinafter referred to as the Village) a municipal corporation of the State of Wisconsin, located in Marathon County is seeking proposals for the establishment of professional garbage collection services. The Village is investigating the possibility of entering into a five (5) year contract with the option of extending the contract by two (2) years twice (two separate two-year extensions) for a total of nine (9) years with a qualified and responsible firm and accordingly is furnishing herein a set of specifications by which such proposals shall be judged. Any firm (hereinafter "Contractor") desiring to furnish a quotation for such services shall submit a sealed proposal according to the instructions and format of the attached Request for Proposal (RFP) documents.

MUNICIPAL OVERVIEW - The Village is located approximately 7 miles south of Wausau, WI and currently has a population of 7,210 which consists of approximately 2,538 single-family and two-family households. The Village has an area of approximately 52 square miles and 107 centerline miles of streets. One (1) residential garbage, recyclables, and white goods hauler currently serves the Village.

The Contractor shall service land annexed to the Village during the term of the contract as well as residential dwellings constructed during said term. Service to land annexed to the Village and future residential development shall be provided on the same terms as set forth herein. A new structure shall be considered a serviceable address upon the issuance of the Certificate of Occupancy. Changes to the corporate boundaries or service area resulting from annexations, zoning actions, site plan approvals, construction, etc. shall be communicated to the Contractor by the Village. The Village will notify the Contractor of such changes as they occur.

SOLID WASTE DISPOSAL – The Village has negotiated a tipping rate contract with the Marathon County Solid Waste Department. The Village shall pay all tipping fees directly to the county landfill. The hauler will not pay the tipping fees and shall not calculate tipping fees into the bided collection rate. Garbage collected in the Village must be deposited at the Marathon County landfill per the Village's contract with Marathon County.

EXCLUSIVE CONTRACT – It is the express intent of the Village to award an exclusive contract for a five (5) year period commencing January 1, 2016 and ending December 31, 2020 for curbside collection of residential garbage, white goods, and recyclable materials. The contract shall include all single-family and multifamily of two (2) or less units. The contract shall not include multi-family of greater than two (2) units, commercial,

industrial, or institutional properties unless specified. Upon award of the Contract, except for optional additional services, which might or might not be awarded as part of the overall contract, no other firm shall be awarded single-family or two-family refuse and recycling collection services.

NEGOTIATION OF CONTRACT -The proposals that are submitted in response to this request for proposals will form the basis for further negotiations with the Village. The proposal submittal form and the proposal specifications contained herein, as submitted and signed by the Contractor, shall constitute the basis for a final agreement to be mutually agreed upon by the Village and the Contractor.

CONTRACT AWARD OR REJECTION - The Village reserves the right to negotiate with all qualified sources and to cancel this Request for Proposal in part or in its entirety. The Village further reserves the right to amend or waive any or all requirements or specifications. A contract will be negotiated and then awarded to the most responsible Contractor complying with the conditions of the proposal documents only when it is in the best interest of the Village to do so. The Village shall be the sole judge of compliance with the specifications and reserves the right to accept or reject any and/or all proposals or parts thereof and to waive any formalities and technicalities according to the best interests of the Village. Neither the Request for Proposals nor the receipt of any proposal constitutes an offer or acceptance and in no case, will either require the Village to award a contract or pay any costs incurred in preparation of a response nor to procure or contract any services or supplies whatsoever. The Village retains the right to assess whether the person, firm or corporation has sufficient ability and experience in this class of work and sufficient capital and plant to enable it to prosecute and complete the work successfully within the time named. The Villages decision or judgment on these matters will be final, conclusive, and binding.

CRITERIA FOR CONTRACT AWARD - The award of the contract will be to the Contractor whose proposal is determined by the Village to be in the best interest of the Village. Lowest monetary proposal is not necessarily the sole determining factor. The contract shall be awarded to the submitter whose proposal most closely satisfies the overall specifications as well as other factors. Such other factors include but are not limited to the following:

1. Cost - The price of the contract for the residential curbside collection of garage, white goods, and recyclable materials.
2. Experience and Finances of Company - Consideration will be given to those submitters who have performed similar types of work and have the financial means to meet the qualifications of the RFP and the contract.
3. Customer Service Record - Demonstration of low volume of complaints and fast resolution.

4. **Markets - Demonstration of availability of relatively stable markets for materials collected through letters of agreement or other communications with secondary material buyers.** This requirement can also be met by providing evidence that the Contractor will use a Wisconsin Department of Natural Resources self-certified materials recovery facility (MRF).
5. **Features Exceeding Minimum Specifications - Any features that the submitter can provide the Village that exceeds these specifications will be weighed as a benefit towards the award of the contract. The Village shall be the sole determinant if any feature is of benefit and to what degree.**

CONTRACT CONTENTS - The Village will require that any contract for garbage services include but not be limited to the following additional provisions as well as those within the balance of this RFP:

1. **COMPLIANCE WITH ALL LAWS** - All work under the contract must be executed in accordance with all applicable federal, state, county, and local laws, ordinances, rules and regulations. The costs of such compliance, if any, shall be included in the price quoted in the proposal.
2. **NOTICES** - All notices required by the contract shall be given in writing via certified mail to the Village Administrator or chief executive officer of the Contractor.
3. **NON-ASSIGNABILITY** - The Contractor shall not assign the contract, or any part thereof, to any other person, firm or corporation without the previous written consent of the Village President as authorized by the Village Board. Such assignment shall not relieve the Contractor from any obligations, or change the terms of the contract.
4. **INDEMNIFICATION** - The Contractor shall indemnify and hold harmless the Village, its officers and employees from any and all liability, losses or damages, including attorneys fees and costs of defense, the Village may suffer as a result of claims, demands, suits, actions or proceedings of any kind or nature, including workers compensation claims, in any way resulting from or arising out of the operations of Contractor under this contract, including operations of subcontractors; and the Contractor shall, at his/her own expense, appear, defend and pay all fees of attorneys and all costs and other expenses arising there from or incurred in connection therewith; and, if any judgments shall be rendered against the Village in any such action, the Contractor shall, at his own expense, satisfy and discharge same. The Contractor expressly understands and agrees that any performance bond, letter of credit, or insurance protection required by the contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify, keep and hold harmless, and defend the Village

as herein provided.

Nothing in the above paragraph shall be considered to preclude the Village from receiving the benefits of any insurance the Contractor may carry which provides for indemnification for any loss or destruction of, or damage to property in the custody and care of the Contractor where such loss, destruction or damage is to Village property. The Contractor shall do nothing to prejudice the Village’s right to recover against third parties for any loss, destruction of, or damage to the Village's property and upon the request of the Village, at the Village's expense, furnish to the Village all reasonable assistance and cooperation (including assistance in the prosecution of suit and the execution of instruments of assignment in favor of the Village in obtaining recovery).

5. INDEPENDENT CONTRACTOR - The Contractor acknowledges that it is an independent contractor and that none of its employees, agents, subcontractors, or assigns are employees of the Village. The Contractor shall be solely responsible for unemployment, social security, and other payroll tax payments required by law or union contract.
6. EQUAL EMPLOYMENT OPPORTUNITY - During the performance of the contract and/or supplying of materials, equipment and supplies, the Contractor must be in full compliance with all provisions of the Acts of the General Assembly of the State of Wisconsin relating to employment, including equal employment opportunity requirements.
7. INSURANCE - The Contractor to whom the contract is awarded must provide the Village with a certificate of insurance as proof of coverage. This certificate of insurance must also name the Village of Kronenwetter and its officers, employees and agents as additional insured for the period of the contract. The following minimum insurance coverages, unless otherwise approved by the Village (such as for the provision of a portion of the services requested herein) will be required:

Type of Insurance	Each Occurrence	Aggregate
GENERAL LIABILITY:		
Bodily Injury	\$1,000,000	\$2,000,000
Property Damage	\$1,000,000	\$2,000,000
Contractual Insurance - Broad Form	\$1,000,000	\$2,000,000

Property Damage	\$1,000,000	\$2,000,000

This insurance must include non-owned, hired, or rented vehicles, as well as owned vehicles.

WORKERS COMPENSATION & OCCUPATIONAL DISEASES: Statutory for Wisconsin.

If subcontractors are employed, the same general guidelines are to apply to the subcontractor as the Contractor.

The Village shall receive written notice of cancellation or reduction in coverage of insurance policy within thirty (30) days prior to the effective date of cancellation or reduction.

Nothing contained in the insurance requirement shall be construed as limiting the extent of the Contractor's responsibilities for payment of damages resulting from his/her operations under this agreement.

8. **DEFAULT** - The Village may terminate a contract by written notice of default to the Contractor if:
 - a. The Contractor fails to perform the services as outlined in the specifications within the time specified in the proposal, or
 - b. Fails to make progress so as to endanger the performance of the contract, or
 - c. Fails to provide or maintain in full force and effect, the liability and indemnification coverages or letter of credit or performance bond as is required.

If the Village terminates the contract, the Village may procure supplies or services similar to those so terminated, and the Contractor shall be liable to the Village for any excess costs for similar supplies and services unless the Contractor provides acceptable evidence that failure to perform the contract was due to causes beyond the control and without the fault or negligence of the Contractor. Failure to execute the Contract will, at the option of the Village, constitute a breach of the agreement made by acceptance of the Contract, and the Village will be entitled to forfeiture of the letter of credit accompanying the proposal that is required, not as a penalty, but as liquidated damages.

9. **PERMITS AND LICENSES** - The successful Contractor shall obtain, at its

own expense, all permits and licenses which may be required to complete the contract.

10. DUE DILIGENCE - Contractor shall make all investigations necessary to thoroughly inform themselves regarding the supplies and/or service to be furnished in accordance with the proposal. No plea of ignorance by the Contractor of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the Contractor to make the necessary examinations and investigations will be accepted as a basis for varying the requirements of the Village or the compensation to the Contractor.
11. CONTRACT EXTENSION OPTION – At the expiration of the initial five (5) year term the Village reserves the right to request that the Contractor renew and extend this contract for an additional two (2) years. At the expiration of the initial two (2) year extension term, the Village reserves the right to request that the Contractor renew and extend this contract for an additional two (2) years. If the Village desires such an extension, the Contractor will be notified no later than 120 days before the expiration of the current term.

Commencing not less than 120 days prior to the commencement of the extension of the contract for both extensions, the Village and the Contractor shall engage in good faith negotiations to develop rates attributable to the forthcoming years in question. Among the factors to be considered shall be increases or decreases in contractor productivity, disposal charges, material and equipment costs, labor costs, contractor's level of service, prices paid in comparable communities, and changes in the Consumer Price Index For All Urban Consumers-Midwest. In the event the Village and the Contractor are unable to agree upon a suitable price, either party may terminate this agreement by written notice to the other party 90 days prior to expiration of the current term.

Should the Village select a different contractor at the expiration of the contract or the Contractor is released from the Contract with the Village, the Contractor shall agree to refund, if applicable, to all residents the full purchase price of any refuse tag returned to the Contractor within sixty (60) days after such contract expiration or release from the Contract. The Contractor shall remove existing toters within sixty (60) days from the expiration date or release from the Contract.

12. PERFORMANCE BOND/LETTER OF CREDIT --The Contractor shall furnish to the Village an irrevocable performance bond or letter of credit in the amount of one hundred thousand dollars (\$100,000) from a reputable banking institution acceptable to the Village to guarantee the faithful performance of the contract. The performance bond or letter of credit shall be payable to the Village and prepared in a format approved by the Village

Attorney. It shall remain in effect for the full term of the contract, including extension periods, and be delivered to the Village within (10) days of the awarding of this contract. The contract shall not be signed until the bond or letter of credit is received and is reviewed for acceptability by the Village.

collection service for large quantities of garbage including, but not limited to: bulk items, household construction and demolition debris, and move-in or move-out clean-up rubbish. Such services shall be by advance arrangements with the Contractor at the resident's request.

The Contractor shall advise the resident directly of the terms of such collection; i.e. what materials will be collected, how the materials should be prepared, the date of collection, the policy on furnishing advance estimates of charges, and the like. The Contractor shall also, at the request of the Village, collect quantities of refuse or debris left at the curb in unusual circumstances, i.e. evictions or "skip-outs", and shall bill the property owner for such costs.

The Contractor shall also offer dumpster rental and pick-up service for residents with household remodeling and repair projects that generate large quantities of construction and demolition debris which cannot be easily picked up at the curbside. The terms of, as well as charges and payment for, this service shall be arranged solely between the Contractor and the resident.

Dumpsters or other special collection containers may not be placed on a public street or right-of-way.

Spring Cleanup: The Contractor shall pick up bulk items deposited by village residents during the annual "Spring Cleanup" days. Spring Cleanup days take place in the spring for three to seven days. Residents are able to drop off their bulk items, debris, etc. at a central location in the Village. The Contractor will collect and haul to the landfill the bulk items collected during Spring Cleanup days on a daily basis. This is collection from a central location. It is not curbside pickup. The Contractor will work out a separate bill and payment arrangement with the Village for these services. Collection of Spring Cleanup items will not be included in the bid(s).

5. **Toter** - The Contractor shall make available to residents participating in the curbside collection service use of a 96-gallon toter (except for recycling when bins are used in Bid #3). The Contractor shall provide the toters and any other related equipment necessary for collection to the resident. The Village is not requiring that name brand (trademarked) "Toters" be used by the Contractor. The fees, payment and collection process for any additional garbage or recycling beyond that which will fit in the toters will be arranged between the Contractor and resident.
6. **Services for Municipal and Civic Properties** – The Contractor shall provide, at no additional cost, the services described in **Exhibit A**. The fee

for services in Exhibit A shall be calculated into the bids.

The contractor shall collect from the Village public works garage all white goods and bulk items left on Village property. The fees for collection of white goods from the public works garage shall be charge to the Village at the same rates numerated in the bid for white goods to Village residents. The fee for collection charge to the Village for bulk items pickup from the public works garage shall be at equivalent rates as charged to village residents.

7. Data Collection and Reporting –The Contractor shall prepare and submit to the Village quarterly reports. The report shall include, but not be limited to the following information:

- a. Total pounds of garbage, recyclables (by type), and white goods collected each month;
- b. Monthly recycling participation rate divided by the number of residences included in the collection service (participation percentage)
- c. Complaint log

All reports, data, and information, once supplied to the Village, will become the property of the Village to be used as it will solely determine without obligation to any person, firm, or corporation, except for such information as stated in these specifications that will be considered exempt from Freedom of Information Act disclosure by the Village upon assertion as to its proprietary nature by the Contractor. The Village reserves the right to audit the financial and administrative records of the Contractor as they pertain to the garbage and recycling services in the Village.

8 Informational Brochure –Upon award of the contract and any changes in service, the Contractor is responsible for designing, printing, and distributing a written brochure to each residence describing the collection service as well as provide extra copies as needed for distribution at the Village Municipal Center. The brochure must include a description of collection times, contractor phone number for complaints or missed collections, specific guidelines of what types of materials will be accepted, and the manner in which they are to be prepared, per this proposal and Contract. The brochure must arrive at each residence at least two weeks prior to the date of the new contract. The brochure and its distribution method are subject to the Village's approval. The cost of printing and distribution shall be included in the bided flat rate.

9 Disasters – The Contractor shall be responsible for collecting all garbage items normally collected in the event of flooding or other man-made or natural disasters regardless of the amount of material is generated.

Regular collection times may be waived by the Village in such cases, and the Contractor may have to supply additional equipment to handle the amount of refuse.

- 10 Mixing Prohibited** – The Contractor shall not at any time mix recycling and garbage collected within the Village. Garbage must be deposited at the Marathon County landfill. Recycling materials must be processed as recyclables by the Contractor.

Report to CLIPP

Agenda Item: Review and Revision of Chapter 41 Elections

Meeting Date: June 2, 2025

Referring Body: Village Board

Committee Contact: Ken Charneski

Staff Contact: Jennifer Poyer

Report Prepared by: Ken Charneski

AGENDA ITEM: Review and Revision of Chapter 41 Elections

OBJECTIVE(S): To review problems/violations associated with Kronenwetter Elections, and create an ordinance that will clarify the correct procedures to prevent the same problems in the future.

HISTORY/BACKGROUND:

A number of complaints have been filed with the Wisconsin Elections Commission against the (former) Village clerk and in one case several Village Board members (Vedvik, Voll, Coyle, and Eiden) regarding questionable election practices in Kronenwetter.

This in turn resulted in many thousands of dollars in Village attorney fees authorized by ex-president Voll to defend that clerk against complaints that Village Attorney Turonie later said basically had no penalty associated with them, and that the WEC's response would only be instructional in nature.

The latest election has also had problems which resulted in ex-president Voll authorizing another \$4000.00 in Village attorney costs to create an after-the-fact report (attached) on the matter expressing his dissatisfaction with how the matter was handled, and to present his verbal opinion at the April 14, 2025 Village Board meeting.

The report had little information of a constructive nature, but instead seemed to merely complain about the fact that the issue was effectively dealt with between the Village and County clerks with assistance from Marathon County attorney(s), and at no cost to the Village. The written opinion appears at its core to solicit legal services with a list of 10 items that the Village "might follow up with", while his verbal report gave the impression to some people of inviting further complaints from the public.

All of the above is to say that most if not all of the ongoing problems, expense, and bad publicity **were unnecessary**, being caused by a perceived lack of clarity in the rules, exploited in some cases by personalities apparently unwilling to follow those rules.

The Village Board has assigned CLIPP to review the above issues, and any others that come forth in the Committee's discussions, and to create an effective revision to Village Ordinance Chapter 41 that will clarify policies and procedures for elections which will remove any ambiguity real or contrived from the Wisconsin Statutes on the matter.

This process will likely take a number of meetings to effectively complete. The Election Administration Manual for Wisconsin Municipal Clerks is a good start for reference.

<https://elections.wi.gov/sites/default/files/documents/EA%20Manual-August%202024.pdf>

The Election Day Manual for Wisconsin Municipal Clerks is also valuable

<https://www.wistatedocuments.org/digital/collection/p267601coll4/id/34940/rec/1>

Both manuals refer to the appropriate statutes for reference.

Aside from the attached attorney report, we will go through the WEC complaints to see what problems are all about, as well as any other issues that committee members, the staff, or the public feel a need to be addressed.

A review of other complaints to WEC may be informative to see what problems have arisen elsewhere so that we might establish rules to pre-empt such situations that might happen here in the future.

The 5 complaints to WEC each deal with different issues and each refers to violations of the manuals or the statutes. These complaints should provide good examples of what could or has gone wrong in our elections. Since these are obvious problem areas, we would want to make sure to address and clarify the procedures referred to in these; the oldest of which is 15 months.

<https://elections.wi.gov/resources/complaints/el-24-26-charneski-v-birk-labarge>

<https://elections.wi.gov/resources/complaints/el-24-68-baker-v-birk-labarge>

<https://elections.wi.gov/resources/complaints/el-24-89-buchberger-v-birk-labarge>

<https://elections.wi.gov/resources/complaints/el-24-110-doverspike-v-birk-labarge-et-al>

Perhaps the best way to approach this is to first start a list of problems that we have run into. Then, put together an ordinance of rules in a way that will clarify the procedures and hopefully prevent such issues from reoccurring in the future.

To start with, I think we might want to review the events of the most recent election, and the attorney's comments, to see whether or not there is anything in his opinion, or election day events that we want to start our list with, and then add to that list as we go along.

PROPOSAL: Discussion by CLIPP, and revision of Chapter 41.

RECOMMENDED ACTION: "Knuckle down, buckle down, do it, do it, do it". We have our work cut out for us, as this is a very important responsibility.

RE: Board Report for 4/14/25
Extension of Polling Hours

Dear President Voll:

As you are aware, this firm serves as the Village Attorney. We discussed providing this submittal to the Village Board to provide some background information on the extension of the Village's polling hours that occurred for the April 1, 2025 election. Not least that the Village Attorney played no role in this extension and was not aware of it as it happened as is documented below. The Village Clerk has separately documented election day events (enclosed).

I was aware that there were issues with the voting equipment (the Badger Books, an electronic poll book). I stood in line to vote along with many others from approximately 7:00 a.m. to 8:00 a.m. The Village Clerk and election inspectors were dutifully trouble-shooting the equipment. I spent most of that time third in a line and observed this happening. Being Village Attorney, I became concerned that it was possible that I would need to petition a court on behalf of the Village to extend the polling hours if the problems continued. *See* Wis. Stat. §§ 6.78 & 6.96.

It was known to me that the Wisconsin Elections Commission has information and templates for use to pursue an extension on its website, located at: <https://elections.wi.gov/memo/court-document-templates-extension-polling-hours> (last viewed 4/8/25 at 10:04 a.m.). My understanding is that this process usually involves a petition by the Village supported by an affidavit by the municipal clerk attesting to the conditions at the polling place in support of an extension. The municipal clerk "has charge and supervision of elections and registration in the municipality" and performs related duties accordingly. Wis. Stat. §§ 7.15(1) & 61.25(1).

After finally voting, I did speak to the deputy clerk and asked her to let me know as soon as possible if problems continued such that we might have to petition a court for an extension. The deputy clerk related that the Village had the option to switch to paper poll books and would do that if necessary. I then left and contacted President Voll to make him aware of what I had seen and discussed. I heard nothing further regarding the election until that evening, when President Voll contacted me after he learned that the polling hours had been extended.

President Voll and I then made efforts to verify the extension and to make contact with the Village Clerk to ensure that affected ballots would be marked as required by law. With both of us having been unaware of the extension, we were unsure who, if anyone, had been advising the Village Clerk.

I later learned that during the afternoon of April 1, 2025, the Marathon County Clerk had adversely sued the Village to achieve a one-hour extension of the polling hours at the Village: Marathon County case no. 25-CV-216, *Marathon County Clerk vs. Village of Kronenwetter*. This was filed as a petition for a writ of mandamus. (See CCAP summary, enclosed.) Contrary to the certificate of service on the petition (enclosed, Doc. 2) nothing had been served on the Village except for the signed final order after the court hearing had already been held (enclosed, Doc. 4).

For legal background, mandamus is “an extraordinary legal remedy, available only to parties that can show that the writ is based on a clear, specific legal right which is free from substantial doubt.” *Lake Bluff Housing Partners v. City of South Milwaukee*, 197 Wis. 2d 157, 170, 540 N.W.2d 189, 194 (1995). Mandamus will not lie unless the duty sought to be enforced is “clear and unequivocal and not discretionary.” *State v. Hunkins*, 120 Wis. 2d 86, 88, 352 N.W.2d 220, 221 (1984). A discretionary act involves the exercise of judgment in the application of a rule to specific facts. *Willow Creek Ranch, L.L.C. v. Town of Shelby*, 2000 WI 56, ¶ 25, 235 Wis. 2d 409, 425, 611 N.W.2d 693, 700.

I have since spoken with the Marathon County Corporation Counsel about the need for better communications. He was receptive to that and it is appreciated. However, there remain several questions that the Village might follow up with the Plaintiff in case no. 25-CV-216, since the County Clerk would be perhaps the only knowledgeable person:

1. Why adversely sue the Village to extend the hours at the polling place?
2. What duty relative to mandamus, if anything, had the Village Clerk refused to do?
3. Why not allow the Village Clerk to decide whether to extend the hours and petition a court on behalf of the Village?
4. How many calls and by whom to the County Clerk prompted this course of action?
5. How was one hour determined to be the appropriate amount of extended time?
6. Was the Village Clerk ever advised to contact the Village Attorney, or anyone else?
7. The court clerk’s case notes state “No objections from Village of Kronenwetter.” What is the basis of that note?
8. Did the County Clerk visit the polling place?
9. Were the results that were achieved what the County Clerk expected?
10. Does the County Clerk intend to let the Court’s order stand as is?

Hopefully this helps document the matter and can help lead to future improvements. Thank you.

Sincerely,

April 1, 2025 Spring Election Rundown

Prepared by Jennifer Poyer

Friday, March 28, 2025— Seven Badger Books (one server and six clients); printers; keyboards and mice to be used for the April 1, 2025 election run through testing procedure. All machines were in good order.

*The Badger Books have been used since 2023, with little to no problems. They are not connected to the internet, but use a local server and router to connect and share voter check-in information. After the election, voter participation information is downloaded from the server and uploaded to Wisconsin Election Commission's website, WisVote. Before each election, a test is conducted to rule out any glitches, etc.

Sunday, March 30, 2025 – Election set-up takes place. Badger Books were moved into position at the polling place. Four were being used for voter check-in and two were designated for absentee voter check-in. The server and router were set up in the kitchen area per usual.

Monday, March 31, 2025 – Final election set-up. The Spring Election poll book information was uploaded from WisVote and downloaded to the Badger Book server. The Badger Book clients were tested as to whether the Spring Election information was received. All the machines were in good order.

Tuesday, April 1, 2025 – Polls were opened on the Badger Book server at 7 a.m. Election workers logged on to the client Badger Books and voter check-in was initiated. The Badger Books were working very slowly. Error messages regarding reaching the server continued to pop-up during the voter check-in process.

Also, a barrage of voters arrived at 7 a.m., so the slow Badger Books paired with the large amount of voters created a difficult situation.

Each Badger Book was monitored. Each book was restarted.

7:20 a.m. – The two Badger Books designated for absentee voters were turned off in hopes it would alleviate overuse of the server and router. The change did not help.

Continued trying to troubleshoot the situation, including moving power cords and router.

7:45 a.m. -Contacted Wisconsin Elections Commission and talked with a Badger Book pro. He said running six clients on one server should not be a problem. Also, he said our distance to the router and server would not create a problem.

He suggested resetting the server. Reset was completed. It made no difference to the speed of the Badger Books.

WEC was contacted again. They suggested gathering the login files from the c-drives of the Badger Books. This information was collected and sent to WEC. They suggested completely turning off all the Badger Books and starting the process again.

In order for the start-process to be initiated, it was planned for election inspectors to use printed poll books instead of the Badger Books while they were reset. Per election rules, there must be printed poll books on hand for these situations. We had one printed poll book for wards 1-5 and one printed poll book for wards 6-11. Two additional printed poll books were printed for each ward group.

9:15 a.m. – It was announced to the election chiefs and inspectors that we were going to use the printed poll books and completely turn off the Badger Books so the reset could occur. The election workers made the transition very quickly. This greatly decreased voting time and lines were quickly alleviated.

The Badger Books were all powered down and the set-up process was initiated once again. This made no difference to the Badger Book clients. They were again running slow and still receiving error messages.

9:45 a.m. - I returned a call to County Clerk Kim Trueblood. (She had received 4 calls from voters about leaving the polls because the process was delayed.) The situation was explained and she was informed that the last resort would be switching out the router, but this would require resetting all the Badger Books to the new router. She advised to finish the day using the paper poll books and troubleshooting the problem following the election.

Her advice was taken and additional poll books were printed to facilitate the voting process. At the end of the day, there were three poll books for wards 1-5 and five poll books for wards 6-11.

10:00 a.m. – it was announced to the election chiefs and inspectors that we would be using printed poll books for the rest of the day. The Badger Books were removed from the polling place (Community Room) and the room configurations were changed to accommodate the new process. Voters were routed to two different areas based on their assigned wards.

10:15 a.m. - County Clerk Kim Trueblood was called and updated on the situation. She mentioned the possible hour extension. This possibility was agreed upon and announced to our election workers.

Evening -The Village was served with the approved petition regarding the extended hours by a Marathon County Sheriff's deputy.

A press release issued by Marathon County was distributed on social media and to the media outlets regarding the extension.

The extension was announced to our election chiefs and inspectors. They extended their working hours to accommodate the change.

8-9 p.m. - All the ballots that were received from voters arriving at 8 p.m. to 9 p.m. were marked by election inspectors with "per court order." There were a total of 15 voters during this extended hour, six from wards 1-5 and nine from wards 6-11.

The polls were officially closed at 9 p.m. and election canvassing took place.

Ballots were removed from the machines. Ballots voted during the extended hour were sorted from the regular Election Day ballots. All of the ballots were placed in plastic ballot bags provided by the county. They were kept on a cart in the locked Municipal Center and clerk's office for transport to the county the following day.

10:30 p.m. - The DS-200 modems were unable to transmit the results to the county offices, so the election sticks had to be transported to the county.

Wednesday, April 2, 2025 – Printed poll books copied, election items copied and gathered and delivered along with the ballots to Marathon County. Mosinee School District and DC Everest School District received the necessary election items for reconciliation.

CLERK OF CIRCUIT
COURTMARATHON COUNTY
2025CV000216Honorable Michael K.
Moran

Branch 5

**IN THE MARATHON CIRCUIT COURT
MARATHON COUNTY, WISCONSIN**

PETITION OF KIM TRUEBLOOD, IN
HER CAPACITY AS COUNTY CLERK
OF MARATHON COUNTY,

Case No. _____

**PETITION FOR EXTENSION OF
VOTING HOURS IN THE VILLAGE OF
KRONENWETTER**

**EXPEDITED CONSIDERATION
REQUESTED**

Petitioner the Marathon County Clerk hereby moves pursuant to Wis. Stat. §783.01 for a writ of mandamus to extend the polling hours at Kronenwetter Municipal Center, 1582 Kronenwetter Drive, Kronenwetter, Wisconsin polling location in the Village of Kronenwetter in Marathon County ("Polling Place") and, if necessary, a temporary and permanent injunction pursuant to Wis. Stat. §§ 813.02, 813.05, and 813.08, enjoining the Village of Kronenwetter from closing the Polling Place until 9:00 p.m. on Tuesday, April 1, 2025.

INTRODUCTION

The State of Wisconsin is in the midst of conducting the 2025 spring general election ("Election"). This morning, the Polling Place experienced technical difficulties that frustrated the Wisconsin Legislature's intent to have polling locations open for thirteen hours of voting on Election Day. These difficulties led to substantial burdens on voters that threaten to disenfranchise

individuals required to cast their ballots there. The only available remedy to give effect to the legislature's 13-hour open polling location requirements and to avoid voters at that Polling Place from being disenfranchised is to extend the voting hours at that Polling Place and allow individuals who arrive there before 9:00 P.M. to vote. Plaintiffs therefore respectfully request the Court issue a writ of mandamus to the Village of Kronenwetter Clerk requiring the Polling Place to remain open until 9:00 p.m. on Tuesday, April 1, 2025, and/or to issue either a temporary or permanent injunction to that effect if a further hearing is required.

FACTS

The voters who reside in the wards serviced by the Polling Place are permitted to cast ballots for the office of Wisconsin Supreme Court Justice, among other offices on the ballot.

On April 1, 2025, several actions and events occurred at the location designated for voting for Wards 1-11 such that Defendants have not given effect to the legislature's requirement of thirteen hours of voting on Election Day in compliance with the requirements of Wisconsin law:

- Voters were waiting in long lines due to issues with Badger Books, electronic polling books utilized at the Polling Place. At or around 7 a.m., these Badger Books lost functionality due to an apparent router error and caused significant delays at the Polling Place as a result. There were two lines of voters at the Polling Place prior to 10 a.m. that were at a standstill.

- Although voters were in line and waiting to vote, due to the lines not moving at all for a significant period, a number of voters gave up and left the Polling Place. Some of the voters had the impression that the voting process was not continuing or was at least going to be significantly delayed. The hours affected were hours typically associated with individuals seeking to vote prior to beginning the work day.

- The Village Clerk encouraged the Polling Place to switch to paper poll books;

however, this change was not made at the Polling Place until 10 a.m. From 7 a.m. until approximately 10 a.m., voting was significantly delayed at the Polling Place, voters left the Polling Place, and/or voters' ability to invoke their right to vote were significantly harmed due to the issues caused by improperly functioning badger books.

ARGUMENT

Standard for a Writ of Mandamus

A trial court must issue a writ of mandamus if the petitioner shows “(1) a clear legal right; (2) a positive and plain duty; (3) substantial damages; and (4) no other adequate remedy at law.” *Law Enfor. Stds. Bd. v. Lyndon Station*, 101 Wis. 2d 472, 494 (1981).

Petitioner is Entitled to a Writ of Mandamus

In this case, the four elements entitling Petitioner to a writ of mandamus are satisfied.

First, Petitioner has “a clear legal right” to demand adherence to Wisconsin election laws and to challenge elections officials when they violate those laws. *McCarthy v. Elecs. Bd.*, 166 Wis. 2d 481, 484 (1992) (granting writ of mandamus in election law case); *State ex rel. Stokes v. Brunner*, 120 Ohio St. 3d 250, 256, 898 N.E.2d 23 (2008) (granting “a writ of mandamus to compel the secretary of state” to remedy ongoing violation of state election law); Wis. Stat. § 59.23(2)(i) (The County Clerk is the “chief election officer of the county.”)

The right to vote is “regarded as a fundamental political right, because [it is] preservative of all other rights.” *Yick Wo v. Hopkins*, 118 U.S. 356, 370 (1886). The right to vote is protected by both the federal constitution and the Wisconsin constitution. See Wis. Const. art. III, § 1 (all adult United States citizens and residents of a district within Wisconsin can vote in that district); *see also* Wis. Const. art. I, § 1 (equal protection and due process).

To effectuate the right to vote, the Wisconsin Legislature has designated thirteen hours of continuous polling place operations on Election Day: 7:00 A.M. through 8:00 P.M. Wis. Stat. § 6.78. Everyone waiting in line when the polls close at 8:00 P.M. may cast a ballot. *Id.*

Wisconsin courts “attempt to identify and effectuate the legislature’s intent when we interpret a statute.” *Guelig v. Guelig*, 2005 WI App 212, ¶ 24, 287 Wis. 2d 472, 489, 704 N.W.2d 916, 924. The plain text of Section 6.78 conveys that its thrust is to ensure a continuous period of thirteen hours on Election Day during which qualified electors may obtain, complete and cast a ballot. A polling location that is nominally accessible but significantly debilitated by voting equipment not operating, electronic poll lists not operating, or inadequate procedures, is not “open” within the meaning of Section 6.78.

As mentioned above, numerous properly registered and duly qualified voters left the Polling Place after waiting without having the opportunity to cast a vote. Many individuals who were available and entitled to vote on Election Day at the Polling Place were not able to wait in line longer in order to vote. To provide voters at least the 13 hours of open polls in compliance with the other requirements of Wisconsin law, it is necessary that the polls remain open after 8 P.M. for an additional 60 minutes, or until 9:00 P.M.

The clear, fundamental right to vote of individuals required to cast their ballots at the Polling Place has been substantially and unjustifiably burdened, and many voters risk being effectively disenfranchised as a result, which would cause irreparable injury to the voters themselves as well as to the candidates for whom they would have voted. This conduct violated Wis. Stat. § 6.78.

Second, voters will incur “substantial damages” if the writ is not issued. *Id.* Specifically, without a writ of mandamus, voters’ right to vote and to have the election conducted without undue

burdens on the elective franchise in the Village will be violated. If those rights are violated on Election Day, the damage cannot be undone. Likewise, it is the Village Clerk's obligation to ensure that the election administration at the Polling Place complies with applicable law and does not result in disenfranchisement to voters.

Finally, the aforementioned damages are ones for which Petitioner has “no other adequate remedy at law.” Infringement of fundamental constitutional freedoms such as the right to vote, “for even minimal periods of time, unquestionably constitutes irreparable injury.” *Elrod v. Burns*, 427 U.S. 347, 373 (1976); *see also Perry v. Judd*, 840 F. Supp. 2d 945, 960 (E.D. Va. 2012) (“[The Petitioners] are presidential candidates, and in the absence of preliminary relief, they will have no chance to secure the delegates from Virginia at the Republican convention. The harm to them would obviously be irreparable.”); *Treasurer of Comm. to Elect Gerald D. Lostracco v. Fox*, 389 N.W.2d 446 (Mich. App. 1986) (finding irreparable injury where an imminent election rendered any legal remedy inadequate).

Both the United States Supreme Court and the Wisconsin Supreme Court have recognized that the right to vote is a “fundamental political right” that is “preservative of all rights.” *Yick Wo v. Hopkins*, 118 U.S. 356, 370 (1886); *State ex rel. La Follette v. Democratic Party*, 93 Wis. 2d 473, 518 (discussing *Yick Wo* and “the right to vote as a fundamental political right”) (internal quotation marks omitted), *rev'd on other grounds*, 450 U.S. 107 (1981). This right extends not only to “the initial allocation of the franchise,” but also to “the manner of its exercise.” *Bush v. Gore*, 531 U.S. 98, 104 (2000). Because voting is ongoing, the harm to voters and Petitioner is immediate, and cannot be remedied by monetary relief. Thus, only this Court can prevent immediate and irreparable injury.

CONCLUSION

For these reasons, Petitioner respectfully ask that this Court issue a writ of mandamus requiring Respondents to writ of mandamus to extend the polling hours at the Kronenwetter Municipal Building in Marathon County to 9:00 PM on April 1, 2025.

Report Prepared by: Ken Charneski

AGENDA ITEM: Review of Wisconsin Constitutional Obligations

OBJECTIVE(S): To review the oath of office in light of obligations imposed by key principles of the Wisconsin Constitution.

This is intended to be an educational series discussing the importance of principles that are incumbent on anyone taking an oath of office in Wisconsin, with the aim of making us all better, more conscientious public officials. We will discuss as or if time allows, when Village business has been concluded. It appears to have a pretty long agenda already, so this item may likely be delayed until the next meeting.

HISTORY/BACKGROUND:

I had written two papers regarding the oath of office and the importance of committees in an open government. The first was presented to APC and the Village Board in 2019, and the second was presented to CLIPP in 2022.

With the past two years or more of what appears to have been growing disregard by public officials for laws, ordinances, policies, and moral obligations to the public, and now an election that has brought basically a new direction for Village government, this might be considered as a good primer to help us to not fall into the same patterns of the past.

We can first review and discuss "The Fundamentals of Village Government" (attached), as that is foundational to "The Fundamentals of Committees in Government", which can be looked at in a future meeting.

Any opinions or other discussion input from the Committee is welcome and beneficial to the subject.

PROPOSAL: Discussion by CLIPP.

RECOMMENDED ACTION: Discussion if time allows.

The Fundamentals of Village Government

The purposes of this article are to examine what the Wisconsin Constitution has said since the beginning about the means of maintaining free government in this state, and to expound on those principles as they relate to our duties as village trustees and committee members. The text has been pared down to a reasonable size in consideration of the reader’s time. This may leave the door open for debate on certain points that were not exhaustively presented.

The Wisconsin Constitution - Why should anyone care about it?

The Wisconsin Constitution is not “law” as we think of most laws today. Instead, like the United States Constitution, it contains a set of very basic principles that first outline the purpose and justification for having a free government, and then lays out the formation of the new state with guidelines and restrictions that regulate how laws are to be created and enforced in a manner that conforms to those basic principles.

There are a number of reasons to pay close attention to our constitution. First and foremost is the fact that, as trustees and committee/commission members we have all taken oaths to support both State and Federal constitutions, therefore it follows that we should understand what it is that we have obligated ourselves to support.

Here is that oath:

Official Oath STATE OF WISCONSIN,)) ss _____ County) I,
_____, having been elected or appointed to the office of _____, (title) but have not yet entered upon the duties thereof, swear (or affirm) that I will **support the constitution of the United States** and the **constitution of the State of Wisconsin**, and will faithfully discharge the duties of said office **to the best of my ability**.

Likewise, residents and citizens should be aware of constitutional principles so that they can know what to expect of good government and can demand that elected representatives uphold their oath of office.

Much of the Wisconsin Constitution deals with the mechanics of the executive, judicial, and legislative branches of government. These Articles and Sections of the constitution provide an instructional framework for how the State government is to be organized and conducted. Although these instructions provide the means to carry out the philosophical principles mentioned above, they are not the subject of this writing.

The subject today is Article I (Declaration of Rights) Section 22 of the State Constitution and particularly the “fundamental principles” clause of that section, which ties it in with Section 1, and with the Preamble. Together they form the underlying philosophical basis of a free government, and how it is that some people can be in a

position to rule over the lives and well being of other people while at the same time being subordinate to the rights of those people.

Article I, Section 22 states -

*“The blessings of a free government can only be maintained by a firm adherence to **justice, moderation, temperance, frugality and virtue**, and by frequent recurrence to **fundamental principles**.”*

My task here is to take a very straightforward statement that was commonly understood at one time, and put it into perspective for modern times without losing any of the heavy-hitting philosophical meaning that it originally had. This one sentence is packed with so much significance that it is hard to emphasize any one part of it. We could just as well read it this way:

*“The blessings of a free government can **only** be maintained by a **firm adherence** to justice, moderation, temperance, frugality and virtue, and by **frequent** recurrence to fundamental principles.”*

Any way it is emphasized, it maintains its punch. If we don't understand the meaning of that sentence, we can lose the essence of what “free government” is all about, and this would make any oath to “support the constitution” meaningless and void.

Keep in mind that Section 22 quoted above is not just some kind of suggestion or ideological pep talk. If it were, it would have been placed in Article XIII (13) “Miscellaneous Provisions”, not up front in Article I “Declaration of Rights”.

Wisconsin higher courts have regarded Section 22 as a valuable source of insight when considering questions of constitutionality. Here is an example from 1935:

“When things so monstrous as this are contemplated as within the language of the statutory provisions under consideration it behooves us to heed the admonitions of sec. 22, art. I, of our state constitution . . . and to consider and determine whether the thing attempted is contrary to those principles.”

Stierle v. Rohmeyer, 218 Wis. 149, 167, 260 N.W. 647, 655

The establishment of a government creates a two-way contract. We have all heard of our “patriotic” duty to pay taxes and obey the law, but the other, lesser heard side of that contract is that the government too, has an obligation to the people which must be fulfilled if it seeks to maintain legitimacy. Sections 1 and 22, together with the Preamble of the constitution present, in a few concise sentences, this other side of the government/people contract.

The basic premise is that people can do *anything* unless they are specifically forbidden for good cause; governments can do *nothing* unless specifically authorized to do so for good cause. Government can never have more rights than the people whom it serves, and it cannot exercise power to perpetuate itself, or to accommodate itself at the expense of the people's rights or wellbeing.

This may sound strange in today's authoritarian world, but these concepts have all been well established as mainstays of a republican form of government.

The obligation created by Section 22 applies to all levels of Wisconsin government, and there is no reason it cannot begin with village committee members. Being the office that is closest to the people, if we can't be faithful to our oath and to abide by constitutional directives and fundamental principles, how can we expect the village board, or county, state, and federal levels of government to do the same?

I am assuming of course that we are all on the same page here in wanting the *free government* referred to in Section 22, as opposed to what many have currently observed to be an ever more rapid decline into oligarchy and corporatocracy.

Definitions

Courts consider every word of a contract, and so should we. To understand any document, we must first *define our terms* as we consider every key word of it. Numerous court decisions have maintained that the intent of the constitution must be interpreted through the meaning of words as they were understood at the time. A 1925 Wisconsin Supreme Court ruling is a good example:

"Words or terms used in a constitution, being dependent on ratification by the people, must be understood in the sense most obvious to the common understanding at the time of its adoption, although a different rule might be applied in interpreting statutes and acts of the legislature. . . . [I]t is presumed that words appearing in a constitution have been used according to their plain, natural, and usual signification and import, and the courts are not at liberty to disregard the plain meaning of words of a constitution in order to search for some other conjectured intent."

B.F. Sturtevant Co. v. Industrial Comm'n, 186 Wis. 10, 19, 202 N.W. 324, 327

That means that while statutes may often be written in confusing legalese, or with common words that are given definitions unlike that of their regular usage, constitutions cannot do the same. The words of a constitution have to mean what they say, in verbiage understood by the average citizen at the time.

In keeping with that concept, we understand that through time, the commonly held understanding of words can change, so the key words of Section 22 will be defined here using Webster's 1828 Dictionary. This was the most popular, if not the only dictionary in use at the time of 1846-48. (My emphasis is applied throughout.)

Once again, here is core of our subject matter:

"The blessings of a free government can only be maintained by a firm adherence to justice, moderation, temperance, frugality and virtue, and by frequent recurrence to fundamental principles."

maintain,

1. To hold, preserve or keep in any particular state or condition; to support; to sustain; ***not to suffer*** [allow, tolerate] ***to fail or decline***;

2. To hold; to keep; ***not to lose or surrender***; as, to maintain a place or post.

3. *To continue; not to suffer to cease; as, to maintain a conversation.*
4. *To keep up; to uphold; to support the expense of; as, to maintain state or equipage.*
5. *To support with food, clothing and other conveniences; as, to maintain a family*
6. **To support by intellectual powers, or by force of reason; as, to maintain an argument.**
7. *To support; **to defend**; to vindicate; to justify; **to prove to be just**; as, to maintain one's right or cause.*
8. *To support by assertion or argument; to affirm*

With the exception of 5 and 8, all of these definitions could apply, but as we go on, we will see that #7 provides a higher level of significance to the others. In other words, the existence of a free government is only *justified* if it follows the rules of its own constitution.

Firm adherence, means basically the same as what it means today, with the exception that it carried more of an absolute tone back then, such as firm like a rock, not like a mattress, and the adherence being more like an unbreakable bond than a sticky note.

justice,

1. *The virtue which consists in **giving to every one what is his due**; practical conformity to the laws and to **principles of rectitude** in the dealings of men with each other; honesty; integrity in commerce or mutual interaction.*
2. **Impartiality**; *equal distribution of right in expressing opinions; **fair representation of facts** respecting merit or demerit. In criticisms, narrations, history or discourse, it is a duty to do justice to every man, whether friend or foe.*

In order to clarify definition #1 of justice, we need to define the word *rectitude*, which is the basis for justice.

rectitude,

*In morality, **rightness of principle or practice**; uprightness of mind; **exact conformity to truth**, or to the rules prescribed for moral conduct, either by divine or human laws. **Rectitude of mind is the disposition to act in conformity to any known standard of right, truth or justice**; rectitude of conduct is the actual conformity to such standard. Perfect rectitude belongs only to the Supreme Being. The more nearly the rectitude of men approaches to the standard of the divine law, the more exalted and dignified is their character. Want of rectitude is not only sinful, but debasing.*

In today's world we tend to associate law enforcement and the courts with a department of "justice", but that is only a presumption.

Justice is by definition a wide-ranging duty laid upon all of us to carry out in our daily activities. A society of people with the above-defined sense of justice in their minds would need very few laws to govern its behavior.

The concepts of rectitude and justice are even more binding on those elected to public office, and does not leave much room for subjectivity. We have been given a vote of trust by the people who elected us. We owe it to them and to our oath to conduct ourselves in accordance to the principles of justice, and with a primary duty of safeguarding the rights and best interest of those who elected us.

We have a contract to honor with village residents. They pay taxes, they obey laws, and they deserve our best performance in using that tax money judiciously and creating ordinances carefully, and at all times keeping the people's rights in mind.

Definition #2 for "justice" carries with it more of a sense of open-mindedness in acquiring information, as well as level-headedness in using the facts to determine the wisest course of action. People have a right to be as bigoted and small minded as they want to be in their personal lives, but they must set aside such pettiness once they are elected to a position of public trust. Dismissing information out-of-hand based on personality conflict or political and philosophical differences with those who offer that information, is what is being defined here as a type of injustice.

moderation,

1. *The state of keeping a due mean between extremes or excess of violence.*
2. *Restraint of violent passions or indulgence of appetite. Eat and drink with moderation; indulge with moderation in pleasures and exercise.*
3. *Calmness of mind; equanimity; as, to bear prosperity or adversity with moderation*
4. *Frugality in expenses.*

This basically translates to *rationality* and *reasonableness*. In a broader sense, it overlaps with the meaning of "temperance" and "frugality".

temperance,

1. *Moderation; particularly, **habitual moderation in regard to the indulgence of the natural appetites and passions**; restrained or moderate indulgence; as temperance in eating and drinking; temperance in the indulgence of joy or mirth.*
temperance in eating and drinking is opposed to gluttony and drunkenness, and in other indulgences, to excess.
2. *Patience; calmness; sedateness; **moderation of passion.***

Today we think of "temperance" as not drinking alcohol, but as we can see that is only one aspect of a much broader meaning. They felt that extremes of any emotion, whether positive or negative was unbecoming of a civilized society. Today we would do well to focus on just restraining the negative emotions.

Similar to "justice", the take away message here refers to being conscious of our human weaknesses and restraint from making decisions influenced by anger, pride, resentment, impatience, fear, or on personal traits

such as self-interest, greed, partisanship, social divides, tribalism, or lack of initiative. These attributes are irrelevant and destructive to prudent decision making or constructive action.

We cannot all be as sublimely logical as Mr. Spock, but by being conscious of these inherent human weaknesses and by having the self discipline to control them, we are less likely to let them unduly influence our decision making. More importantly, we would also be much, *much* less prone to falling prey to outside manipulation intended to exploit these emotional weaknesses.

frugality, *A sparing use or appropriation of money or commodities; a judicious use of any thing to be expended or employed; that careful management of money or goods which **expends nothing unnecessarily**, and applies what is used to a profitable purpose; that use in which nothing is wasted. It is not equivalent to parsimony, the latter being an excess of frugality and a fault. Frugality is always a virtue.*

2. *A prudent and sparing use or appropriation of any thing; as frugality of praise.*

This may be the most relevant admonition to today's government. To trustees acting as managers, frugality means we need to make a creative and aggressive effort to identify and avoid unnecessary spending. It means getting the most value for money spent, including expanding the performance potential of employees. Again, this is a well-defined word that is not open to subjectivity or situation ethics.

Frugality is practically a ban on borrowing as being anything other than a tool of last resort in an emergency, or as a strategic move with a *clearly defined financial benefit* as an end result of it. Basic thumb rules of any "Rich Dad" or astute financial manager dictate that borrowing for convenience, or to alleviate poor money management is a self-perpetuating sucker's game.

These concepts were put into the constitution when the framers chose the word "frugality". As such, we as trustees or committee members do not have the right or authority to violate such common sense precepts by disrespecting the value of other people's money.

It is not government's job to be creative and aggressive about how to extract more and more revenue from the public, but instead it is to be creative and aggressive in how to use the currently acquired funds frugally.

virtue,

2. *Bravery, valor. This was the predominant signification of virtue among the Romans.*

3. *Moral goodness; a conformity of life and conversation [interaction with others] to the moral law. In this sense, virtue may be, and in many instances must be, distinguished from religion.*

Again we see some overlapping meanings here. Basically, this standard of performance consists of having the will to effectuate the other four standards.

"The only thing necessary for the triumph of evil is that good men do nothing." - a quote of indefinite origin, well used throughout the 19th century .

Those are the definitions of the five operative words of Section 22 as they were understood at the time. The framers provided redundancy in some of the meanings of the words they chose for this section. This overlapping of meanings appears to be an effort to make sure that all the requirements they were instituting were conveyed as a unified concept to describe practical, honest, and level-headed individuals as the backbone of a free government. Notice that *not one* of the words we just looked at (justice, moderation, temperance, frugality, virtue) has anything to do with social standing, education level, or financial net worth. This system stands or falls on the ethics and morality of the participants.

In other words -the blessings of a free government are not necessarily achieved or maintained by those with degrees in banking, business, political science, or even in law. The emphasis of the framers is on personal character and integrity. The conclusion drawn from these definitions is that a free government can *only* be maintained by open minded, pragmatic people of high moral character. This is supported by *many* quotes from the signers of the federal constitution.

The framers were highly literate and knew the power of words and the lasting importance of their work, so we must assume that this Section, like the rest of the Declaration of Rights, was written with deliberate care as an enforceable constitutional provision; not as a mere suggestion. Article I section 22 is so clear, complete, and applicable, that not one word of it has been amended since it was adopted in 1848, nor have the courts attempted to marginalize it.

While other qualities may apply to good leaders, these were determined to be the five characteristics that best exemplify those who fulfill the role of maintaining a free government. Each characteristic being beneficial in its own right, but it was expected that they be applied simultaneously to the extent possible as a shield against tyranny and dysfunction of the republic.

The Directive of Section 22

The single sentence of Section 22 concludes with - ***“and a frequent recurrence to fundamental principles”***. Our three required definitions are:

- recur***, 1. To return to the thought or mind.
- 2. To resort; to have recourse.

The first definition is easy enough; it just means to remember, or to remind yourself.

The second has much more significance in that it invokes a sense of *jurisdiction* in the thing that you are reminding yourself of. To have recourse to something means that you can turn to it for help. The fundamental principles being frequently recurred to here can be considered a source of *authority*. Much like we would refer to a dictionary for a meaning of a word.

fundamental, *Pertaining to the foundation or basis; serving for the foundation. Hence, **essential**; important; as a fundamental truth or principle; a fundamental law; a fundamental sound or chord in music.*

principles,

1. In a general sense, **the cause, source or origin of any thing**; that from which a thing proceeds; as the principle of motion; the principles of action.
 2. Ground; foundation; that which supports an assertion, an action, or a series of actions or of reasoning. On what principle can this be affirmed or denied?
 3. A **general truth; a law comprehending many subordinate truths**; as the principles of morality, of law, of government, etc.
-

Fundamental Principles

Section 22 sets a standard for ethical performance that those in a free government are obligated to strive for. So the next logical step would be to discover what these “fundamental principles” are, that the framers found to be so important that we need to constantly remind ourselves of them.

These *fundamental principles* are expressed in both the Preamble to the Wisconsin Constitution -

“We, the people of Wisconsin, grateful to Almighty God for our freedom, in order to secure its blessings, form a more perfect government, insure domestic tranquility and promote the general welfare, do establish this constitution.”

followed immediately by Section 1 of Article I, of the Declaration of Rights

“ All people are born equally free and independent, and have certain inherent rights; among these are life, liberty and the pursuit of happiness; to secure these rights, governments are instituted, deriving their just powers from the consent of the governed”

In the interest of time we will forego defining all of the operative words in these two key sentences, since reading them at face value even with today’s simpler meanings is sufficient to make the necessary points. But we do need to check one more definition from Webster’s 1828 just to put things in perspective, We often hear about “freedom” but not much about our *independence*, which the constitution puts on par with freedom.

Independent,

1. ***Not dependent; not subject to the control of others; not subordinate.*** *God is the only being who is perfectly independent*

2. **Not holding or enjoying possessions at the will of another**; not relying on others; not dependent. We all wish to be independent in property; yet few men are wholly independent even in property, and none independent for the supply of their wants.

3. *Affording the means of independence; as an independent estate.*

4. **Not subject to bias or influence**; not obsequious; **self-directing**; as a man of an independent mind.

“Just powers” is a term that most people also seem to miss, thinking it simply means “power” or “authority”.

In this statement, “just” is referring to justice, as previously defined - “The virtue which consists in **giving to every one what is his due**; practical **conformity to the laws and to principles of rectitude** in the dealings of men with each other; **honesty; integrity** in commerce or mutual interaction.”

The term “just powers” differentiates it from plain old *political power* that is typically held at the point of a gun.

The only legitimate power a free government can have *must* be just, in order to fulfill its side of the contract. Any act of government that infringes on the freedom and independence of the people is by definition not “just” and therefore not a legitimate act. There is not much room for interpretation or opinion here.

When reading the **Preamble** we can gather all of the following:

- Our freedom is attributed one way or another to Almighty God. The Declaration of Independence refers to this concept as a “self-evident truth”.
- The constitution acknowledges that rights are inherent at birth; you automatically have them.
- Governments are to strive to be more perfect in fulfilling their primary duties.
- Governments are here to insure domestic tranquility in a general sense through power of the county sheriff and the militia, but outside of martial law, they must always find a way to do so that does not violate individual’s rights in the process.
- The constitution, and thus the government, is established first and foremost to secure those rights, many of which are deliberately unnamed here, but fall under the umbrella of the word “freedom” and the term “certain inherent rights”.

It is important to note here that inherent rights are not granted by government. The government has merely been designated the responsibility of securing those rights, and as such is expected to never be the violator of those rights.

The Wisconsin High Court Ruled:

“In considering State constitutions we must not commit the mistake of supposing that, because individual rights are guarded and protected by them, they must also be considered as owing their origin to them. These instruments measure the powers of the rulers, but they do not measure the rights of the governed.”

State ex rel. Ekern v. Zimmerman, 187 Wis. 180, 196, 204 N.W. 803, 809 (1925)

Another court stated;

“Notice the language ‘to secure these [inherent] rights governments are instituted;’ not to manufacture new rights or to confer them on its citizens, but to conserve and secure to its citizens the exercise of pre-existing rights.” Nunnemacher v. State, 129 Wis. 190, 200, 108 N.W. 627, 629 (1906).

It is also important to note that while the duty of government is to secure and preserve the rights of all people, it does not necessarily need to offer these rights to anyone; the individual must be aware of them and firmly assert them.

Perhaps the most well known of these is the right to remain silent, or “pleading the fifth” which states that basically you don’t have to say anything to government if you do not want to.

There are dozens of other rights that have been specifically acknowledged by courts, *when they are asserted by the defendant*, but which the court otherwise feels no obligation to inform anyone of. These rights have been ignored by police, prosecutors, and the courts because the individual did not claim or exercise them. The idea is that if someone doesn’t care enough to learn what their rights are and use them, then it is not the government’s responsibility to explain them. For some reason the Miranda warning is an exception, and even that is often circumvented.

There is a saying in legal circles based on a court decision that “Rights belong to the belligerent litigant, If they are not claimed, they are considered to be waived”. This applies to all of us on a daily basis, not just in court. As trustees and committee members, I believe we should look out for the rights and interest of village residents, even if they don’t know what they are. This policy would also protect the village as a whole.

“Promote the general welfare” is done not only through securing the rights of the people, but by such things as building roads and other infrastructure, providing for a school system, mail service, etc.

Moving on to Section 1, it reiterates the principle of *inherent rights* stated in the Preamble. It itemizes “life, liberty, and the pursuit of happiness”, but only as being “among” the basic rights, these three are not inclusive of all our rights.

Speaking of the inherent rights, Justice Dodge stated in 1902:

“These words in the constitution are not to receive an unduly limited construction . . . for example, that "liberty" does not mean merely immunity from imprisonment, and that "property" is not confined to tangible objects which can be passed from hand to hand; that within the former word is included the opportunity to do those things which are ordinarily done by free men, and the right of each individual to regulate his own affairs, so far as consistent with rights of others; and within the latter, those rights of possession, disposal, management, and of contracting with reference thereto, which render property useful, valuable, and a source of happiness, right to pursuit of which is preserved.”

State ex rel. Zillmer v. Kreutzberg, 114 Wis. 530, 533-34, 90 N.W. 1098, 1100 (1902)

In Article I Section 1 the framers chose to repeat the fact that government is here to secure rights.

Government nullifies its own purpose when it seeks ways and excuses to nibble away at rights, or to deceive people into voluntarily waiving them. Today the predominant trend is to use “safety” as a fallacious cover story for the systematic elimination of individual rights. A concept disdained in early America.

Government is not in the business of *providing* life, liberty, or happiness. It must however, provide a system that deters others, including government, from infringing a person’s ability to achieve and to maintain these three rights for themselves. *Fundamental principles* were closely regarded in the first 130 years of Wisconsin’s history. Today not as much, due to activist judges and the consolidation of influence by corporate powers.

This is not to say those fundamental principles no longer exist, or cannot be restored to prominence in our little corner of Wisconsin. Just because the sanity and morality of the world is going down the tubes, doesn’t mean this village has to follow along.

The high court stated:

“A power is frequently yielded to merely because it is claimed, and it may be exercised for a long period in violation of the constitutional prohibition without the mischief which the constitution was designed to guard against appearing, or without any one being sufficiently interested in the subject to raise the question”
Nunnemacher v. State, 129 Wis. 190, 198, 108 N.W. 627, 628 (1906).

In summary - Article I, Sections 1 and 22 are in the **Declaration of Rights**. It follows then, that the people of this village have a *right* to expect that trustees know and support these tenets and diligently apply them, every bit as much as they can expect to have a right to vote or a right to free speech.

Here it is one last time:

“The blessings of a free government can only be maintained by a firm adherence to justice, moderation, temperance, frugality and virtue, and by frequent recurrence to fundamental principles.”

The framers really left us very few options; *only* still means *only, even after 170 years*. We can either honor our oath and abide by this constitutional admonition, or we can *pretend* to abide by it while in reality not doing so, or we can admit that we don’t make the grade and that maintaining a free government is just too much work for us; we consequently are willing to settle for some kind of subjective totalitarianism.

By knowing and conscientiously conforming our actions to the fundamental principles of the Wisconsin Constitution, we as trustees and committee members can form “a more perfect government”, at least at the village level.
