FISCAL YEAR 2024-2025 BUDGET

Item 2.

Re: Budget Transmittal Letter

Dear Mayor Roger Michaud, Vice Mayor Kim Glas-Castro, and Members of the Town Commission and the Residents of Lake Park:

The Budget Transmittal Letter Highlights the Operating and Enterprise Budgets Changes for the 2024-2025 Fiscal Year.

Budget Process:

The budget process began with the submittal of department initiatives on May 8, 2024. Budget initiatives may result in budget increases if incorporated into the operating budget. The budget initiatives originate with Department Directors and provide a snapshot of what each department requires in order to increase or enhance program and department services for the upcoming fiscal year. Budget initiatives are important to Department Directors because they need additional resources to manage their departments properly.

The operating budget for the 2024-2025 fiscal year is balanced. The millage rate remained the same as prior year at 5.1870. The total millage rate is 8.6451, which is always subject to change by a vote of the Town Commission. The State has capped the millage rate at \$10.00 per \$1,000. The millage rate for Fiscal 2024-2025 will raise \$6,201,563 in budget revenue. The increase in budget revenue is due to the rise in property values. Property value increases will increase \$676,952 in new property value revenue to support the General Fund budget expenses of more than \$15,051,613. The total General Fund revenue of \$15,051,613 is comprised of Ad Valorem taxes of \$6,201,563, and \$8,850,050 that comes from other revenue sources outside of the millage rate. Those budget revenue sources are essential to balance revenues to expenditures.

Rather than focus on budget numbers, the budget message will focus once again, on what residents can look forward to in this year's budget cycle regarding programs, services, infrastructure, and budget highlights. The budget is subject to change and is a fluid planning document of priorities the Town hopes to achieve between October 1, 2024 and September 30, 2025.

The financial outlook for the Town remains steady. We continue to provide a myriad of public services to our residents. Young families, seeing a desirable, affordable community that is on the move, are increasingly choosing to make their home in Lake Park. Lake Park remains an eco-friendly municipality with the Town Commission's commitment to providing green infrastructure solutions from bioswales to rain barrels and rain gardens in order to counter the increasing threat of sea level rise. The green infrastructure project completed in Fiscal Year 2022-2023 was recognized as one of the most innovative design projects in the State of Florida. Although awarded in Fiscal Year 2021-2022, the Town received over \$11 million in grant funding to complete a three-phase green infrastructure drainage project known as the Southern Outfall Priority Rehabilitation Project. The three phases incorporate bioswales on 10th Street, underground filtration chambers at Bert Bostrom Park, and a second bioswale off Lake Shore Drive by the Lake Park Harbor Marina. The Southern Outfall drains 446 acres, representing approximately one-third of the Town's total area.

Lake Park is a walkable, bikeable community in which sidewalks connect residents to the Town. Wide streets allow Lake Park to develop and implement a mobility plan and fee structure (paid by developers) to move residents throughout Lake Park using micro-mobility transportation options. The Lake Park Mobility Plan (the Mobility Plan) will directly serve development projects that pay the fee. The Mobility Plan also directly benefits residents through street and sidewalk improvements, new roads, and the implementation of alternative means of transportation options for Lake Park residents. The Mobility Plan will emphasize non-car-centric modes of transportation. We must provide families with the services they desire to remain a livable community. Our vision resonates with young families and is evident in the number of young families moving into the Town of Lake Park.

Construction of Nautilus 220 is nearing completion. The estimated completion date is the first quarter of 2025. In addition to Nautilus 220, the Town has completed approximately 700,000 square feet of new office warehouse development projects in our industrial park area. The Town has also approved 250 new residential units along the Northlake Boulevard corridor that are anticipated to be completed in the next 18-24 months. Over the next two to three years, the Town anticipates an additional 1,100 housing units in the downtown area to be built, along with the realization of a train station redevelopment in the downtown. Additional development is also anticipated along the US-1 corridor and along Lake Shore Drive. Such development projects will continue to diversify our tax base and increase revenue at a time critical to our community's financial future. A community center that will benefit our residents is also being workshopped and programmed. The increases in revenue will also allow for the Town to augment amenities and services for our residents and allow for the implementation of Mobility and Park master plan projects. Finally, the Town continues to invest in green infrastructure initiatives in order to promote sustainability. Proper planning is paramount and the Town will continue to excel in this regard

HOMESTEAD EXEMPTION:

In the prior year the Millage essential was reduced to 5.1870 and this rate will remain in effect for this fiscal year. Any increased property tax bills are a result of increased property valuations, not the millage tax rate. Homestead exemption properties will not see an increase in the property tax bills for the Lake Park Operating portion of their bills resulting from increased property values since the rise in property values under the Homestead exemption for homestead properties is capped at 3% or less regardless of the total increase in property values. The most significant increase in property values will be within the CRA boundaries of the Town. Commercial property owners are not eligible for Homestead exemptions. The millage rate for all property in the Town of Lake Park raised \$6,201,563 in revenue for the Town of Lake Park compared to last year's revenue is an increase of \$676,952.

WHAT THE BUDGET WILL PROVIDE TO RESIDENTS AND BUSINESSES:

CAPITAL PROJECTS and OTHER:

- The Town received a grant for \$11,067,635.00 in the previous Fiscal Year to complete the Southern Outfall Priority Drainage Project. The grant agreement with the Florida Department of Economic Opportunity (funding source) was signed at the end of last Fiscal Year. The Town has four years to complete the project. The project, as stated earlier, will address drainage from 10th Street to the Lake Park Harbor Marina. When completed, the properties south of Park Avenue will realize an immediate impact on drainage. The project will also require the installation of filtration chambers under Bert Bostrom Park to slow drainage and mitigate discharge through the system to a second bioswale at the Marina. We expect construction to start in the first quarter of the 2023-2024 Fiscal Year. The project will drain 446 acres or nearly 50% of the 928 total watershed acres. The grant includes \$400,000 for the Southern Outfall (south of Park Avenue) pipe relining. In addition, the Stormwater budget will fund \$367,000 for pipe relining repair work to the northern area of the Town. The total funding for pipe relining is \$767,000.
- The Town budget will fund an estimated \$25,000 for street traffic signs.
- The Town budget appropriates \$20,000 for local grants to residents and non-profits in Lake Park.
- The budget funds the Summer Youth Recreation Program for \$110,500 through the Special Events Department.
- The Town budget plans to appropriate \$101,500 for Public Works upgrades. These upgrades include new windows and doors, a new security camera system to protect Town property, and an additional trailer for Ground Maintenance.
- Funding has been provided through Special Events for both the 4th of July Fireworks for \$45,000 as

well as \$25,000 for the Martin Luther King, Jr. Memorial Event. Additionally, the budget provides for the Sunset

- The budget will provide a contingency cost for \$100,000 in the event of a natural emergency and to provide resources before FEMA acts.

CRA BUDGET:

The CRA budget benefits residents and businesses within the CRA district. The ad valorem taxes paid to the CRA from the County is \$902,730. By State Statute, the Town must contribute \$1,850,553 to the CRA, and include past unspent budget funds of \$1,000,000 for a total budget of \$3,753,283. The budget will fund business development grants in the amount of \$1,230,000, decorative holiday displays, community policing, and the remaining hardscape and landscape improvements in the CRA. The CRA PADD expansion incorporates the northern portion of 10th Street. The first phase of the improvements will occur north of 10th Street. The CRA budget also proposes maintaining one code officer for the CRA, providing a Holiday Display for \$183,000, provides grant program opportunities for \$1,230,000, sidewalk improvements for \$100,000, and electrical upgrades on Park Avenue for \$200,000. Upon a recommendation from the CRA Board of Directors to increase density, the Town Commission approved the density increases away from the residential edges of the CRA. Density increases will yield approximately 1,000 to 1,300 new residential units over the next two to three years.

The CRA budget will set aside \$650,000 for funding for business development grants and incentives.

ONE CENT SALES TAX REVENUE:

Sales tax revenue passed by Palm Beach County residents benefits the Town of Lake Park through supplemental funding for road construction projects, road work, and related infrastructure projects. The Town’s share of One Cent Sales Tax is estimated to be \$885,000 for the Fiscal Year 2024-2025. These funds will be spent on sidewalk repairs in various sections of town for \$275,000, roadway repairs for \$453,000, and street light improvements for \$6,000. Library flooring for \$121,000, and Library door upgrades for \$28,000.

In addition, we are proposing to spend \$121,000 for the replacement of the Library floor, and \$28,000 for Library door upgrades.

ENTERPRISE FUND BUDGETS:

Public Works Department Streets and Road Fund Budget:

The Public Works Department and Road Fund Budget will receive a slight decrease in funds due to less Fuel Tax revenue from the state.

Marina Fund Budget:

The Marina Fund operationally budgeted to break even. Decisions made by previous boards saddled a significant amount of debt on the Marina with the upgrades to the Marina back in 2000. The number of boat slips remained the same (108 slips). Currently, the revenue will just meet the Marina debt of approximately \$347,426 in the 2024-2025 Fiscal Year.

The Marina P-3 expansion and redevelopment of the Marina will permit the Town to shift the Marina debt to our P-3 (Public-Private Partnership) partners for approximately \$4 million. The infusion of private capital to expand the Marina and create a resort-style Marina accessible to the public will help reduce the outstanding debt paid by the General Fund subsidizing Marina debt. The Marina is an Enterprise Fund. Under this format, the Marina must operate as a business whereby the revenue received must meet all associated expenditures. Since the Marina upgrade in early 2000, the Marina has not been able to pay the debt associated with the capital improvements. In addition, large-scale capital projects will become a reality through the P3 partnership. The Town signed the P3 comprehensive agreement with Forest Development in August of 2023. The expansion and redevelopment of the Marina will result in a greater degree of profitability for both the Town and the P3 partner.

Stormwater Utility Fund Budget:

With the award of more than \$11 million in the prior fiscal year for green infrastructure development, the expansion of bioswales, rain gardens and rain barrels is on the horizon. The ability to retain at least 10% of our run-off will ensure the Town's sustainability as the level of our waterways continues to rise. As part of the

master plan for drainage, the installation of baffle chambers underground at Bert Bostrom Park will filter and clean water discharged through a series of bioswales and eventually into the Intracoastal Waterway. The Bert Bostrom Park construction project will take up to a year to complete. The Commission's decision to create a master drain system built on the premise of bioswales and rain gardens will take the Town's sustainability into the year 2122 and beyond. For the Town to finance, increase and develop bioswales and rain gardens throughout the Town, Staff will be proposing reasonable and necessary increases to the Stormwater Utility Fund. As a result of the Commission's leadership decision, we can implement significant green infrastructure projects to improve drainage and filter drainage discharge, and receive grant funds to construct the entire system. However, the Stormwater rate will have to fund the grant matches in future years and employ Stormwater Technicians to maintain and upgrade the swale systems throughout the Town.

By adopting a green infrastructure initiative consisting of bioswales, rain gardens and rain barrels, the Town is in a unique position to continue to receive Federal and State grants to design and construct our Master Drainage Plan.

Finally, for the first time, we will begin expanding our existing drainage infrastructure to those areas of Town without drainage. The implementation by the Commission vote of the Master Drainage Plan is underway. Over the next 10 years, we plan to achieve drainage resiliency using the most bio-friendly green infrastructure. Bioswales, rain gardens, and rain barrels will hold drainage water on properties throughout the Town longer, resulting in clean drainage discharge to the Lake Worth Lagoon/Intracoastal Waterway.

The budget will allocate \$1,080,000 to repair and maintain our existing drainage system (north of Park Avenue). As stated earlier, the \$11 million grant will address the repair and maintenance of the underground piping system (south of Park Avenue). In addition to the \$11 million from the Federal Government, thanks to the support of Representative Mike Caruso, the State of Florida granted a \$700,000 allocation to the Town to further enhance water purification efforts impacting the Lake Worth Lagoon that were undertaken as part of the previous Lake Shore Drive Drainage Improvement Program. The Lake Shore Drive bridge closure will be addressed as part of the Southern Outfall Priority Rehabilitation Project grant. A road will replace the bridge and cross over the newly redesigned drainage infrastructure on Lake Shore Drive.

Sanitation Fund Budget:

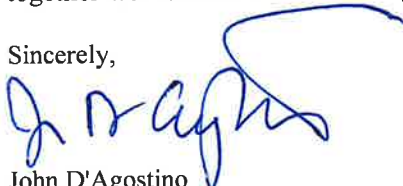

We have heard a lot about the Sanitation Fund. Staff finalized a total sanitation rate review to provide a comprehensive and viable solution to the Sanitation Fund which was adopted by the Commission in Fiscal Year 2022-2023. These rates were increased in Fiscal Year 2024-2025. The adopted sanitation rate supports the level of service currently provided. Residents can place bulk items, vegetation and solid waste out for pickup twice a week. The rate has been structured to have emergency funds available for natural disasters and to meet unanticipated expenditures throughout the fiscal year.

CONCLUSION:

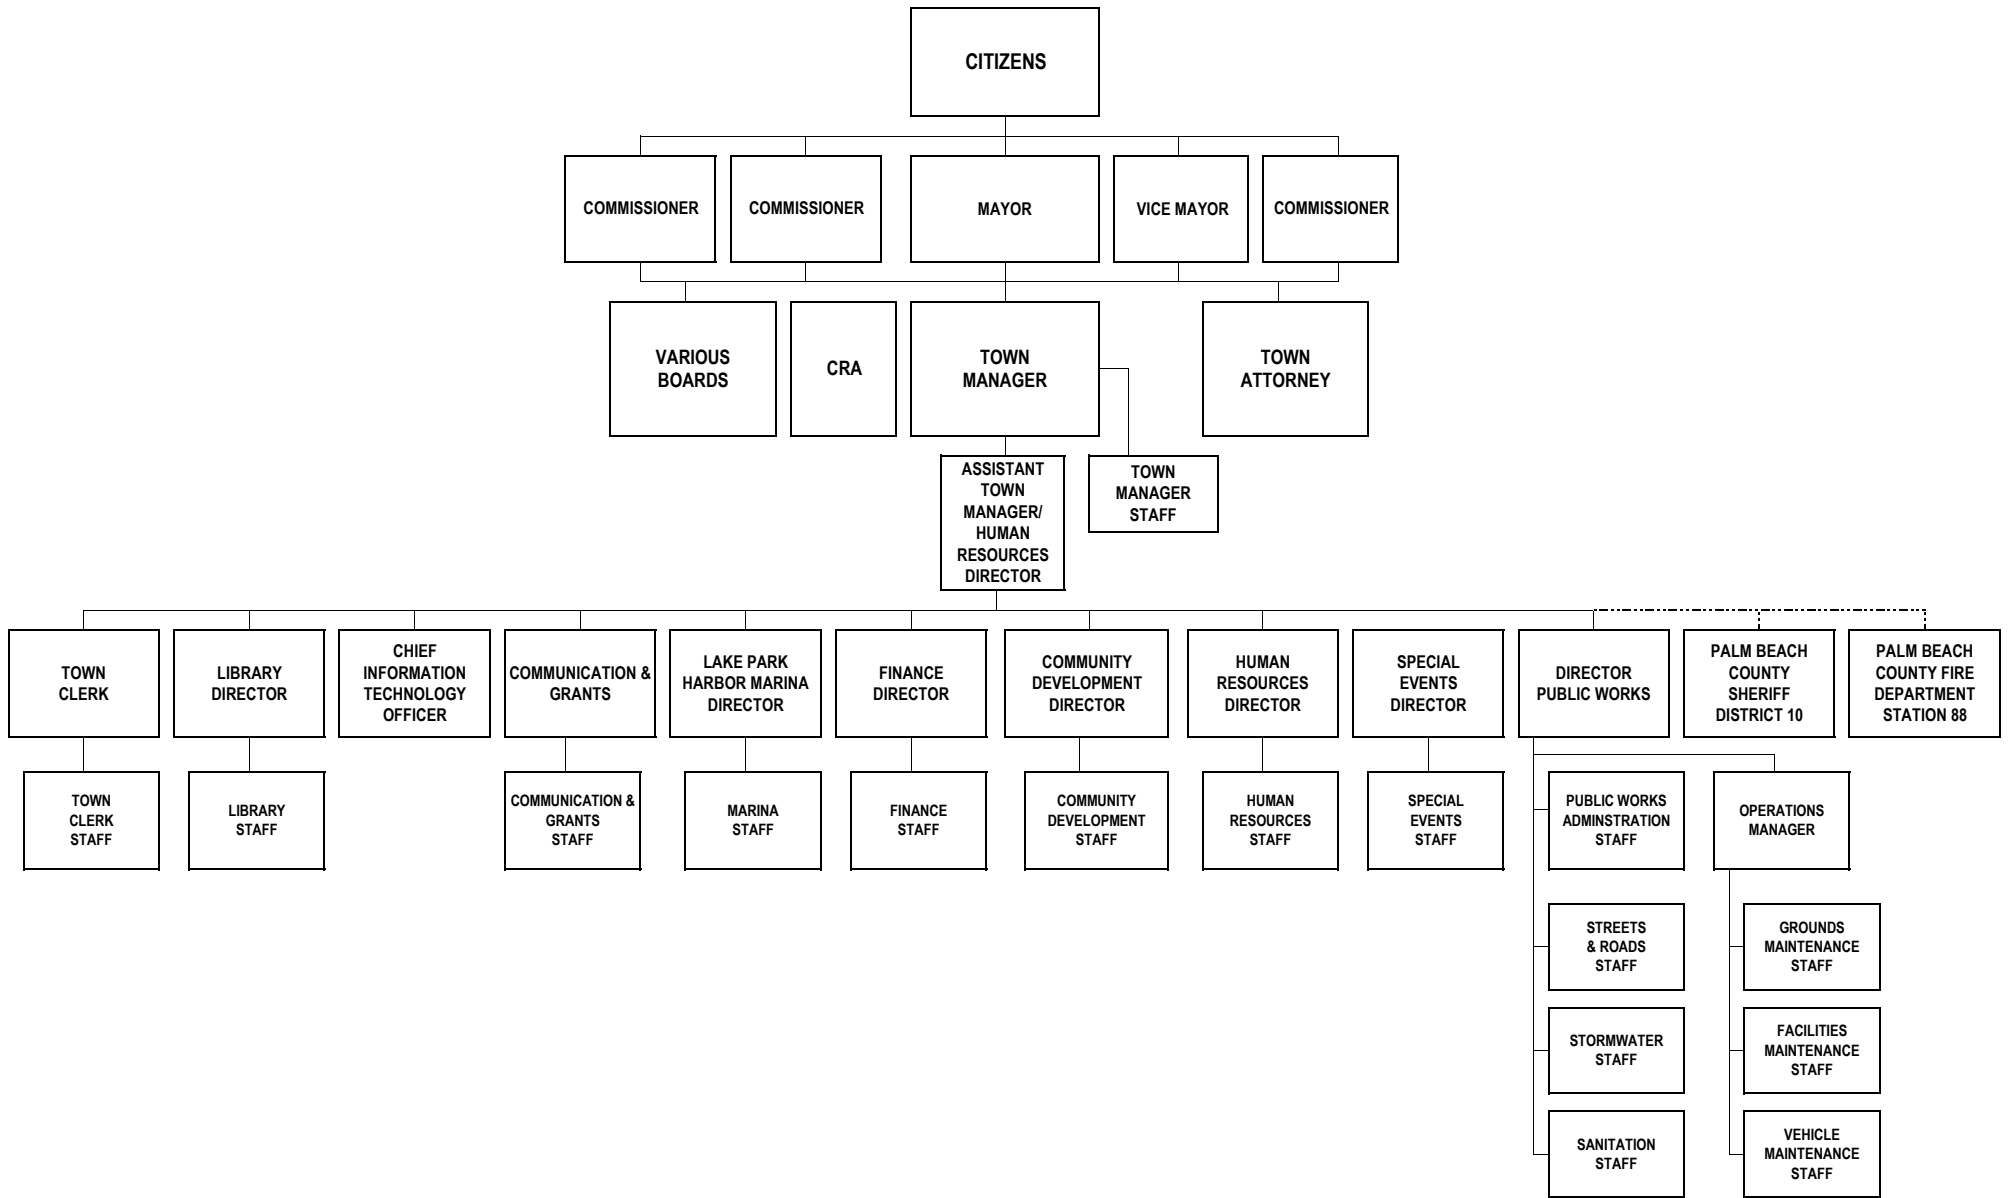

The new fiscal year 2024-2025 budget is balanced without significant changes in departmental service levels. The staff looks forward to continue working with the Town Commission. To further the goals and objectives of both the Commission and the Administration, we must support each other in moving the Town forward in a positive direction. The budget is taking in revenues from outside of the Ad Valorem tax rate. The entire budget increased from \$25.7 million to \$28.6 million, or a 11.3% increase. Fees adopted, which included rate increases for Sanitation, Marina and Stormwater contributed to the increase outside of the Ad Valorem tax rate

Staff would like to thank the Commission members for their insight, vision, advice and direction, as together we have balanced the budget with the best intentions of the Town at the forefront.

Sincerely,

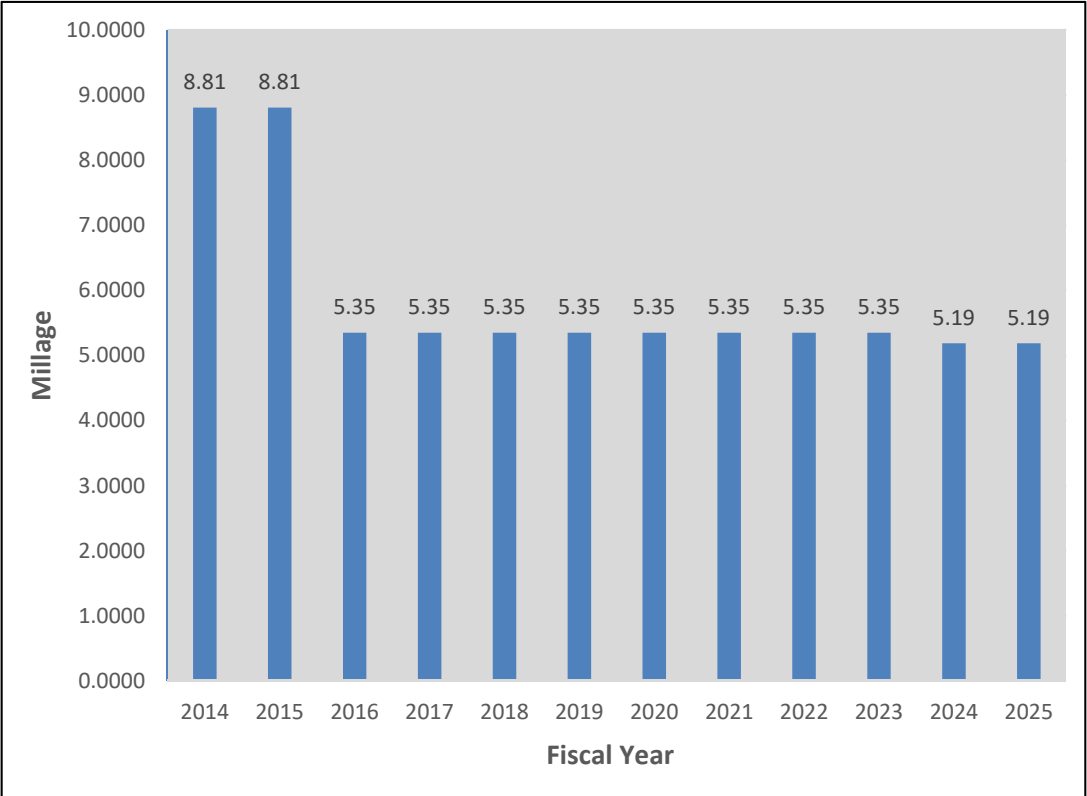

John D'Agostino
Town Manager, Town of Lake Park
