**RE: SUBMITTAL OF VILLAGE MANAGER'S PROPOSED FY 2026-27 BUDGET**

Dear Honorable President Rutt and Lake Orion Village Council:

I am pleased to present to you the Village Manager's Proposed FY 2026-27 Budget in accordance with Section 8.2 of the Lake Orion Village Charter and the Michigan Uniform Budgeting and Accounting Act, Public Act 2 of 1968 as amended. This budget represents actual activity for FY 2024-25, Administration's best estimates of the projected year-end FY 2025-26 activity, and a complete financial plan for the ensuing fiscal year. In accordance with the Village Charter, the proposed budget presents (1) detailed estimates of all proposed expenditures together with current year actual year-to-date, projected year-end, and prior year actual expenditures; (2) statements of bonded and other indebtedness; (3) detailed estimates of all anticipated income from sources other than taxes or borrowings; (4) statements of estimated fund balances; and (5) estimates of monies to be raised from taxes and bond issues.

Village Council will hold budget work sessions on April 15, 20, 22, and 23, 2026, to review and modify the proposed budget as necessary. Department directors will present their proposed budgets and provide additional detail at those work sessions.

**EXECUTIVE SUMMARY**

Below for the information of Council and citizens are the budget highlights providing explanation for major deviations between the proposed budget and current budget:

**General Fund Revenue.** The total taxable value of the Village increased from \$199,003,290 in 2025 to \$211,191,000 in 2026 based on post March Board of Review figures. After DDA capture, the Village's portion of taxable value for 2026 is \$163,518,770. Headlee and Proposal "A" continue to hamper municipal funding. Total General Fund revenues for FY 2026-27 are estimated to be \$2,537,497, an increase of 3.5% from the current year's projected total revenue. The proposed budget accounts for a Headlee millage rollback of 0.9822, which means that maximum allowable millage rates for each tax levy will decrease by 1.78%. The budget assumes that the current general operating millage levy of 9.7844 mils will continue for the next fiscal year. The charges to the DDA for handling and auditing

of funds are based on the policy adopted by Council, and Water and Sewer Fund will realize a 5% increase in its fee to the Village for financial administration and other services.

**General Fund Expenditures.** The following changes to the General Fund budget are noteworthy:

- **General Assumptions** – Wages are proposed to increase by 3% for all union and non-union employees. However, the Village’s union contracts expire on June 30, 2026, and the resulting actual increase in wages may vary from the budgeted amounts. Health insurance benefit costs are expected to increase by 15%. Dental, optical, and life insurance/disability benefit costs are expected to increase by 5%. Contractual services costs are expected, in many instances, to increase by 5%. Many other expenses are projected to increase by 3%. Staffing will remain at current levels for the upcoming year.
- **Village Council** – No changes are proposed for the Village Council budget.
- **Village Manager** – The budget reflects a salary increase of 3% for the Village Manager.
- **Village Clerk** – The budget reflects 3% salary increases.
- **Information Technology** – The budget reflects the costs associated with the web site maintenance and hosting, agenda management system, IT services, and office software maintenance.
- **Finance/Treasury** – The budget reflects 3% salary and wage increases for the Clerk/Treasurer, and part-time positions of Deputy Finance Director/Treasurer, and Payroll/Account Clerk.
- **Community Development** – The Village does not anticipate participating in the Oakland County Community Development Block Grant (CDBG) Program during the ensuing fiscal year. However, the Village may identify a larger project for which to seek CDBG funding in future years.
- **General Activities** – The budget reflects appropriations for the personnel costs, including 3% wage adjustments, for the full-time Office Coordinator and part-time Administrative Assistant positions, retirement costs, waste collection contract, municipal street lighting, Village hall repair and maintenance, and other general operations costs.
- **Planning and Zoning** – Monies have been appropriated for the recording secretary personnel costs, planning and zoning consulting services, and training for planning commission and zoning board of appeals members. Much of the planning and zoning consultant work is offset through escrow fees charged to developers and permit applicants. The Village contracts with the Orion Township Building Department for building permitting and inspection services, an arrangement that will be re-evaluated in October 2026 based on efficiency and functionality.
- **Parks and Recreation** – The budget reflects the costs for lifeguard and park attendant personnel costs at Green’s Park, miscellaneous engineering services, utilities at Green’s, Children’s, Meeks, and Atwater parks, facilities repair and maintenance, and capital outlay appropriation for Parks and Recreation Advisory Committee improvement projects. Council permits the Committee to maintain a carry-over of its unexpended capital outlay funds. Some Council discussion has occurred regarding eliminating lifeguard and park attendants and entrance fees and removing the Green’s Park fencing. The proposed budget assumes none of these changes.
- **Contractual Services – Legal/Accounting/Engineering** – The legal budget has been increased to accommodate the change in legal firms in early 2026 and the lack

of billing history with the new firm. The budget includes a \$5,000 appropriation for labor attorney expenses to develop a comprehensive employment manual for the Village.

- **Transfers Out** – The budget includes appropriations to supplement the Public Works and Police budgets. The budget proposes reducing the General Fund contribution to the Public Works Fund by \$40,000 to reduce the Public Works Fund reserve balance. A transfer appropriation of \$17,000 to the Capital Projects Fund is proposed for the Village Hall Council Chamber ceiling repairs and replacement of one of the A/C units at Village Hall. A transfer appropriation of \$10,461 to the Sidewalk Improvement Fund is proposed for the Village’s share of sidewalk special assessments and 100% of engineering costs for the 2026 District #2 sidewalk improvement project.

**Cemetery Trust Fund.** This fund receives its revenue from cemetery lot sales and interest earnings. The June 30, 2025, fund balance for the Cemetery Trust Fund is \$307,948. Revenues total \$22,000. The budget assumes none of these funds will be utilized for operation and maintenance during the upcoming year.

**Major and Local Streets Funds.** Major and Local Streets receive Act 51 gas and weight tax revenue sharing as their main source of funding. Significant changes in Act 51 funding occurred during the past year. On Oct. 7, 2025, the State enacted seven bills in the Transportation Funding Package. This package took effect during FY 2025-26 and will continue through FY 2029-30 and beyond. This funding is broken down into several parts. The following four bills from the Transportation Funding Package have an impact on local road agencies:

- House Bill 4183 (PA 20 of 2025) amends the Motor Fuel Tax Act to increase the motor fuel tax rate from 31 cents per gallon to at least 51 cents per gallon beginning Jan. 1, 2026.
- House Bill 4951 (PA 23 of 2025) creates a new act to impose excise taxes on certain sales or transfers of marijuana tax revenue (estimated at \$420 million) and deposits the revenue into the Neighborhood Roads Fund (NRF) created in Senate Bill 578.
- House Bill 4961 (PA 24 of 2025) amends the Income Tax Act to, among other things, repeal the \$600 million in income tax revenue currently redirected to the Michigan Transportation Fund (MTF), as well as generate additional revenue from the corporate income tax (estimated at \$680 million), to the NRF created in Senate Bill 578.

Senate Bill 578 (PA 16 of 2025) amends Act 51 to create the NRF and the Infrastructure Projects Authority Fund and prescribes the distribution of money from each fund.

As a result of these funding changes, the Village anticipates receiving approximately \$100,000 in additional road funding for FY 2026-27. However, even with this increased funding, road revenues do not match the estimated \$750,000 annually needed to maintain the Village’s street network in good to fair condition. Special assessments or road millages, or both, as funding methods to improve streets are necessary to adequately maintain the Village’s transportation facilities.

The Village will be completing the 2026 Street Improvement Project on the west side of M-24 north and east of the lake at an estimated total cost of \$1,404,000 funded through a

combination of TEDF Category B grant funding (\$250,000), Act 51 funds, and special assessments.

**Police Fund.** The Police Fund operates with two millages and contributions from the General Fund. The police operating and Headlee override maximum millage rates will roll back this year by 1.78% or a multiplier of 0.9822. As a result, the police operating millage rate will roll back from 2.6155 mils to 2.5689 mils. The Headlee override millage rate will roll back from 1.2658 mils to 1.2432 mils. Due to the increased budget for the Police Department, the combined millage rate will need to increase from 2.8470 mils to 3.5783 mils. Neither millages have expiration dates. The DDA captures a portion of the police millage tax levies.

The Village has the option of transitioning from tax millages to special assessments for police services under Michigan Public Act 33 of 1951. The advantages to this approach are that the DDA will not capture any police funds; the police funding would no longer be capped by Headlee; and the Village's general operating millage can be lowered and create an additional buffer against future Headlee rollbacks. In addition, the DDA may financially benefit from the special assessment. The Village Manager will be discussing this option during the budget work sessions.

The FY 2026-27 Police budget provides 3% salary and wage adjustments for employees, although this adjustment dependent on the outcome of POAM collective bargaining. The budget also includes appropriations for bicycle patrol equipment, body and car cameras, marine unit speed enforcement equipment, ordinance officer vehicle, and side-by-side utility vehicle.

**Public Works Fund.** The Public Works Fund provides appropriations for cemetery maintenance and operations, public works general operations, and Phase II storm water management to comply with NPDES MS4 permit requirements. The Fund relies on significant appropriations from General Fund. The FY 2026-27 Budget provides a 3% salary and wage adjustment for employees, pending the results of collective bargaining with AFSCME. No capital outlay projects are planned for this Fund for 2026-27.

**Downtown Development Authority Fund and DDA Property Acquisition Fund.** DDA staff are currently finalizing the DDA Budget with the DDA Board of Directors. Preliminary department requests are presented for Council's information along with changes recommended by the Village Manager to DDA tax revenues, Public Act 57 contractual services for the Village's fee for handling and auditing DDA funds, required transfer to the DDA Public Infrastructure Fund, and transfer for the DDA bond payment. The DDA's contribution to the Public Infrastructure Fund will increase considerably due to the increased Police millage levies.

The Village and DDA operate under services agreements for police and public works services negotiated in 2024. These agreements will need to be renegotiated for FY 2026-27.

**Downtown Development Authority Bond Project 2023 Fund.** This Fund accounts for all activity relating to the Downtown Development Authority's Lumber Yard at Paint Creek Development Project. The project involves the redevelopment of the old lumber yard property on South Broadway Street for commercial buildings and public open space and

event space. The DDA issued \$5 million in Village General Obligation Bonds on June 29, 2023, for the project.

**Capital Projects Fund.** The Capital Projects Fund accounts for capital projects and equipment purchases that are not more appropriately accounted for in various special revenue funds. The FY 2026-27 Proposed Budget provides appropriations for the Village Council Chambers ceiling repairs and replacement of one Village Hall A/C unit. Additional projects may be programmed into the budget after Council’s review and adoption of the 2026-2032 Capital Improvement Plan.

**Downtown Development Authority Public Infrastructure Fund.** Beginning in 2023, under resolutions adopted by the DDA board and Village Council in 2022, the DDA began setting aside 75% of all tax revenue increases in excess of the 2022 base year to help fund necessary public improvements within the DDA district as determined by the Village Council. The fund is expected to have a cash balance of more than \$252,000 on June 30, 2026, and \$500,000 on June 30, 2027, unless funds are expended. Last year, the Village Council and DDA Board approved using the next several years of funding for the Paint Creek bank stabilization and sidewalk gap improvement projects.

**Water and Sewer Fund.** The Water and Sewer Fund derives most of its operating and capital improvement revenue from user fees and charges through water and sewer rates and capital charges. Beginning in FY 2023-24, Council and administration began reviewing and updating water and sewer rates annually utilizing a rates model provided by Michigan Rural Water Association to ensure that rate increases keep pace with inflation and necessary capital investments.

he Village, through the Oakland County Water Resources Commission, is currently completing Phase I of the sanitary sewer pump stations improvement project at a cost of \$3.5 million and expecting to start Phases II and III this upcoming year at a cost of \$10.8 million. The Village received \$1.75 million in EPA grant funding for Phase I. The Village issued bonds for 100% of the Phase I project, and sewer usage rates were adjusted to accommodate the resulting debt retirement over the next 20 years. A total of \$2,710,000 in grant reimbursement funds and Sewer Fund reserves will be utilized to help offset the costs of Phases II and III, with an anticipated \$8,126,000 in additional bonds being issued. Further sewer usage rate adjustments will be necessary to cover payments on the additional bonded debt.

The water system east of M-24 is in need of significant upgrades totaling about \$7 million within the next few years, and this project is not reflected in the Village’s current water rate schedule.

**CONCLUSION**

I would like to take this opportunity to express my deep gratitude to Village staff for their diligent efforts in assisting with the preparation of this proposed budget. I appreciate so much their willingness and commitment to engage in, and work on, their departmental budgets and for their outstanding support and assistance, as their insight and efforts have been invaluable to this process.

I look forward to the upcoming budget work sessions and our discussion on the proposed budget. I also look forward to our continued discussions and work on the water and sewer rate schedules, the Village's comprehensive fee schedule, the Capital Improvement Plan, and the certification of the necessary tax millage rates during May and June.

Sincerely,

**VILLAGE OF LAKE ORION, MICHIGAN**

**WHEREAS**, the village does not possess adequate resources to address the millions of dollars in necessary improvements and must rely on other funding methods; and

**WHEREAS**, the village charter authorizes the village to specially assess properties for public improvements under certain conditions and in accordance with certain processes; and

**WHEREAS**, the village desires to establish a general policy for the utilization of the special assessment method of funding public improvements;

**NOW, THEREFORE, BE IT RESOLVED** that the village council of the Village of Lake Orion does hereby adopt the following general policy for the utilization of special assessments for public improvements:

  - b. **Local Streets.** Property owners within the SAD will be assessed for 75% of all street improvements. The Village will pay 100% of the cost for sanitary sewer and/or water main repairs, upgrades, or replacements for existing mains. The Local Streets Fund will contribute from its available unreserved fund balance, prior to calculating any necessary special assessments, an amount equal to the percentage of the project's linear footage, compared to the overall Village Act 51 Local Street road system linear footage, as determined by the most recent MDOT Act 51 Street Classification and Certification Map for the Village.
  - c. **Dead-End Streets.** Property owners within the SAD will be assessed for 90% of all street improvements. 4. **Drainage Improvements.** When drainage improvements are necessary to alleviate flooding of properties or existing streets at times other than when streets are improved, the property owners within the SAD will be assessed for 100% of the cost of such drainage improvements based upon each property's contribution to the total stormwater runoff as determined by the Village engineer.
5. **Driveway Approaches.** The property owners within the SAD will be assessed for 100% of the cost of driveway approaches installed as part of a street improvement project.
6. **Sidewalks.** The Village will pay 100% of the cost of installation of standard width sidewalks in accordance with adopted engineering standards for those sidewalks that did not previously exist on, both, major and local streets. Property owners within the SAD will be assessed for 100% of the cost of replacement sidewalks. The Village will pay 100% of the cost of handicap accessible sidewalk ramps at street intersections.
7. **Seawalls and Retaining Walls.** When it is necessary for the health, safety, and welfare of persons or property to install seawalls or retaining walls along municipal rights-of-way, property owners within the SAD will be assessed 100% of the cost of such improvements.
