The **City of Lathrup Village** has been a Pool member since **1982**.

The Pool staff is made up of municipal insurance experts. Municipal risk management is our only business, and we're proud of it!

The Pool provides insurance coverage designed specifically for Michigan municipal exposures, combined with a package of loss control programs, claims administration, legal defense and membership services that you won't find anywhere else in Michigan.

This quotation is based on the limits of coverage requested by the **City of Lathrup Village**. Higher limits may be available, subject to underwriting review by Pool Management. Please submit requests for higher limits in writing to your Account Executive. Your request will be considered by Pool Management.

The insurance and related services described more fully in this proposal are being offered to the **City of Lathrup Village** for an annual premium of **\$92.998**. When compared to last year's cost of \$91,110, it represents a premium increase of \$1,888, or 2.07%. We encourage you to compare the Pool with our competition. Compare us based on price, coverage, service, financial security, experience and commitment to municipal risk management. When you do, the advantages of Pool membership become clear.

Thank you for being a Pool member. We look forward to servicing your risk management program for many years to come.

Re: Agreement between City of Lathrup Village and City of Ferndale for Leaf storage area.

This is the annual agreement with the City of Ferndale for the use of their Southwest Storage Year as a transfer site for leaves.

The period of time is from October 9, 2023 through December 31, 2023.

The cost is unchanged at \$1,545 plus the amount that represents the proportionate tonnage between the two communities for labor and equipment costs associated with loading the leaves into the transfer trucks.

Suggested Motion:

To approve the agreement between the City of Lathrup Village and the City of Ferndale regarding the use of the Southwest Storage Area as a transfer site for leaves.

AGREEMENT BETWEEN THE CITY OF LATHRUP VILLAGE AND THE CITY OF FERNDALE REGARDING USE OF SOUTHWEST STORAGE AREA

This Agreement (the "Agreement") is made between the City of Lathrup Village ("Lathrup Village"), a Michigan Municipal Corporation with an address at 27400 Southfield Road, Lathrup Village, Michigan 48076 and the City of Ferndale ("Ferndale"), a Michigan Municipal Corporation with an address at 300 E. Nine Mile Road, Ferndale, Michigan 48220.

Pursuant to Article VII, § 28 of the Michigan Constitution of 1963, Ferndale and Lathrup Village enter into this Agreement for the purpose of delineating the obligations and responsibilities regarding the use by Lathrup Village of Ferndale's Southwest Storage Yard as a transfer site for leaves.

This Agreement, which will provide for efficient and coordinated collection of leaves, is determined to be in the best interests of both Lathrup Village and Ferndale.

NOW THEREFORE, in consideration of the mutual promises, obligations, representations and assurances set forth in this Agreement, the parties agree to the following:

- Ferndale shall allow Lathrup Village to utilize its Southwest Storage Yard as a transfer site for leaves from October 9, 2023 through December 31, 2023. This Agreement may be extended for additional years upon terms and conditions agreed to by the parties. Any such delivery of leaves by Lathrup Village to the Southwest Storage Yard shall be through the west gate entrance of the storage yard, with any such trucks using Republic Street in Oak Park.
- 2. Lathrup Village shall pay Ferndale for using the Southwest Storage Yard as a transfer site for leaves the amount of \$1,545 within fourteen (14) days from the execution of this Agreement. Additionally, Lathrup Village shall pay Ferndale the amount that represents the proportionate tonnage between the two communities for labor and equipment costs associated with loading the leaves into the transfer trucks at the Southwest Storage Yard as described in the attached 2017 leaf disposal schedule, which is attached as Exhibit 1 and incorporated by reference into this Agreement. The labor and equipment costs shall be paid by Lathrup Village to Ferndale within thirty (30) days from the end of this Agreement. In the event that Lathrup Village employees work at the Southwest Storage Yard for the loading of leaves to be transferred from the Southwest Storage Yard the payment to Ferndale shall be adjusted on a proportionate basis based on Exhibit 1. In the event that Lathrup Village employees work at the Southwest Storage Yard as discussed above, they shall utilize Lathrup Village equipment only.
- 3. In order to update the figures in Exhibit 1, Lathrup Village shall be required to report the daily amount of leaves dropped at the Southwest Storage Yard. The estimated yardage of each drop shall be recorded, attached as Exhibit 2 is the log that should be used to keep track of each drop. Failure to submit daily log will result in a penalty of \$100.00 per instance. The total penalty amount will be collected and shall be paid

with the labor and equipment costs within thirty (30) days from the end of this Agreement.

- This Agreement does not, and is not intended to, impair, divest, delegate, or contravene any constitutional, statutory, and/or other legal right, privilege, power, obligation, duty, or immunity of Lathrup Village or Ferndale.
- 5. Absent a written waiver, no act, failure or delay by either Lathrup Village or Ferndale to pursue or enforce any rights or remedies under this Agreement shall constitute a waiver of those rights with regard to any existing or subsequent breach of this Agreement. No waiver of any term, condition, or provision of this Agreement, whether by conduct or otherwise, in one or more instances, shall be deemed or construed as a continuing waiver of any term, condition, or provision of this Agreement. No waiver by either Lathrup Village or Ferndale shall subsequently affect its right to require strict performance of this Agreement.
- Nothing contained herein shall be construed to make the employees of either party the employees of the other or to render either party liable for such other party's debts or obligations.
- If a court of competent jurisdiction finds a term or condition of this Agreement to be illegal or invalid, then the term or condition shall be deemed severed from this Agreement. All other terms, conditions, and provisions of this Agreement shall remain in full force.

Re: Lathrup Village Cost Participation Agreement

The Oakland County Board of Commissioners established a Local Road Improvement Matching Fund Program for the purpose of improving economic development in the cities and villages of Oakland County. The program offers limited funds for specific, targeted road maintenance and/or improvement projects within Oakland County. The Oakland County Board of Commissioners put together a cost participation agreement to provide funding of \$24,614 toward resurfacing Sunset Drive under the Local Road Improvement Matching Fund Program.

The city or village participating in the Local Road Improvement Fund Program shall match any fund authorized by the Oakland County Board of Commissioners in an amount equal to a minimum of 50% of the cost of the total project award. Therefore, Lathrup Village has designated \$24,614 from the local road fund as its match.

Since we are done with all road projects for 22-23, we need to get this approved and sent to Oakland County for reimbursement so we do not leave money on the table.

Suggested Motion

To approved \$24,614 be taken from the local road fund to provide the required 50% match and designate the Interim City Administrator to sign the necessary forms.

LOCAL ROAD IMPROVEMENT MATCHING FUND PROGRAM

STATEMENT OF PURPOSE

Oakland County Government recognizes that Michigan law places the primary responsibility for road funding on the State and non-county local units of government. However, the County also recognizes that the law does permit a limited, discretionary role for the County in assisting a road commission and local units within a county by supporting some road maintenance and improvement efforts.

Accordingly, for many years Oakland County has voluntarily provided limited assistance to its cities, villages and townships (CVT's) and to the Road Commission of Oakland County (RCOC) by investing in a discretionary Tri-Party Road Program. Authorized under Michigan law, the County's tri-party funding contributions primarily facilitate safety improvement projects on CVT roads under the jurisdiction of the RCOC. By law, tri-party funds cannot be used to fund projects on roads solely under the jurisdiction of CVT's.

Recognizing a continuing need to better maintain local CVT streets and roads, yet being ever mindful of the County's limited responsibility for and jurisdiction over non-County roads and streets, Oakland County Government is continuing the success of the pilot program launched in 2016 that was more flexible than the current Tri-Party Road Program; one that allowed Oakland County to assist its cities and villages with maintenance and safety projects on non-County roads.

Not being the funding responsibility of County government, local CVT roads generally cannot be maintained or improved using County funds because doing so would be considered to be the "gifting" of County resources. However laudable the purpose, Michigan law generally forbids the gifting of government resources. To avoid application of the constitutionally-based gifting restriction, the state legislature must, and in this arena has, determined that a public benefit results from a taxpayer investment, one that provides a *quid pro quo* sufficient to avoid application of the gifting prohibition. Here, the legislature has determined that the economic development benefit presumed to accrue to a county as a result of local street and road investments can provide a sufficient *quid pro quo* to county taxpayers justifying a discretionary county investment in a non-county road, a benefit that constitutes a fair exchange for value and not a gift.

This legislative determination is set forth in 1985 P.A. 9, which amended 1913 P.A. 380, by adding a new section 2, which in pertinent part provides:

"(1) ...A county may grant or loan funds to a township, village or city located within that county for the purpose of encouraging and assisting businesses to locate and expand within the county...

(2) A loan or grant made under subsection (1) may be used for local public improvements or to encourage and assist businesses in locating or expanding in this state, to preserve jobs in this state, to encourage investment in the communities in this state, or for other public purposes."

Communities that wish to attract, retain and grow business, retain jobs and encourage community investment, needs a safely maintained road infrastructure. This road infrastructure must include

both residential and commercial roads as workers and consumers need to get to and from work, shopping, schools and recreation. In a fiscally prudent and limited manner, the County wishes to help its cities and villages accomplish this through its Local Road Improvement Matching Fund Program, commonly known as the Local Road Improvement Program (LRIP).

Any such program must be mindful of the limits imposed under Public Act 9. One important restriction Public Act 9 imposed on grants or loans made pursuant to Subsection 2 of the Act is the mandate that, "A grant or loan under this Subsection shall not be derived from ad valorem taxes except for ad valorem taxes approved by a vote of the people for economic development." This means that funding for an expanded local road assistance program cannot utilize proceeds from any of Oakland County's ad valorem tax levies since no levy has been approved by voters specifically for economic development.

Given this limitation, it appears that the state statutory revenue sharing appropriated to the County can provide a non-ad valorem source of funds that legally can be used to support the program. Competition for those funds, which are limited in amount, is fierce and their yearly availability is subject to the state legislative process. In the recent past, the State stripped all of those funds away from Michigan counties. Understanding that reality, it shall be the policy of the Oakland County Board of Commissioners that the Board shall not appropriate any County funds for a local road improvement matching fund program for non-County roads in any year where the State of Michigan fails to appropriate statutory revenue sharing funds to Oakland County in an amount sufficient to allow the County to first prudently address its core functions.

Act 9 imposes additional conditions on grants and loans. These include requirements that the loan or grant shall be administered within an established application process for proposals; that any grant or loan shall be made at a public hearing of the county board of commissioners and that the Board shall require a report to the county board of commissioners regarding the activities of the recipient and a report as to the degree to which the recipient has met the stated public purpose of the funding.

Understanding all of the above, the Oakland County Board of Commissioners hereby establishes the following Local Road Improvement Matching Fund Program:

PROGRAM SUMMARY

The Board of Commissioners established a Pilot Local Road Improvement Matching Fund Program through Miscellaneous Resolution #16103 for the purposes of improving economic development in Oakland County cities and villages. The County intends to continue this Program to assist its municipalities by offering limited matching funds for specific, targeted road maintenance and/or improvement projects on roadways under the jurisdiction of cities and villages.

A city or village participating in the Local Road Improvement Matching Fund Program shall match any fund authorized by the Board of Commissioners in an amount equal to a minimum of 50% of the cost of the total project award. County participation shall be limited to a maximum of 50% of the cost of the total project budget. Funding shall be utilized to supplement and enhance local road maintenance and improvement programs. Funding is not intended to replace existing budgeted local road programs or to replace funding already committed to road improvements.

PROJECT GUIDELINES

Program funding shall be utilized solely for the purposes of road improvements to roads under the jurisdiction of local cities and villages. Road improvements may include, but not be limited to, paving, resurfacing, lane additions or lengthening, bridges, or drainage as such improvements relate to road safety, structure or relieving congestion.

Program funding:

• May be utilized to supplement a local government's matched funding for the purposes of receiving additional federal transportation funding;

• May not be utilized to fulfill a local government's responsibility to fund improvements to state trunklines;

 Shall be limited to real capital improvements to roadways and shall not be utilized for other purposes, such as administrative expenses, personnel, consultants or other similar purposes;

• Shall not be utilized for non-motorized improvements, unless these improvements are included in a project plan for major improvements to a motorized roadway;

• Shall be utilized for projects that will result in a measurable improvement in the development of the local economy and contribute to business growth. Recipients shall be responsible for providing an outline of the economic benefits of the project prior to approval and for reporting to the Board of Commissioners after the completion of the project on the benefits achieved as a result of the projects.

ADMINISTRATION

Local Road Improvement Matching Fund Program projects may be appropriated by the Board of Commissioners in compliance with the County budget process. The amount of funds to be dedicated for the Program shall be determined by the Board of Commissioners on an annual basis. Program funding may be reduced or eliminated based upon the ability of the County government to meet primary constitutional and statutory duties. The Board of Commissioners expressly reserves the right to adjust the County matching funds share at any time based upon County budget needs.

In accordance with MCL 123.872, funds dedicated to the Local Road Improvement Matching Fund Program shall not be derived from ad valorem tax revenues. Program funding shall be limited to funds derived from the County's distribution from the Michigan General Revenue Sharing Act. Reduction or elimination of the County's distribution of revenue sharing funds may result in the elimination or suspension of the program.

Funding availability shall be distributed based upon a formula updated annually. The formula will consist of:

1. A percentage derived from the number of certified local major street miles in each city and village divided by aggregate total of certified local major street miles of all cities and villages in the County.

2. A percentage derived from the population of each city and village as determined by the last decennial census conducted by the U.S. Census Bureau divided by the aggregate total population of cities and villages in the County.

Item 7D.

Item C.

3. A percentage derived from the three-year rolling total of the number of crashes on city and village major local streets divided by the aggregate three-year rolling crash numbers for all city and village major local streets, using the most recent data available. The crash data will be supplied by the South East Michigan Council of Governments (SEMCOG).

Each city and village's percentage allocation shall be determined by adding each factor percentage and dividing that total by three. The amount of funds available for match shall be determined by the total amount of funds allocated by the Board of Commissioners added to an equal amount representing the match provided by local cities and villages.

The Chairman of the Board of Commissioners shall establish a Special Committee on the Local Road Improvement Program. This Special Committee shall consist of three members, with two members representing the majority caucus and one member representing the minority caucus. It shall be the responsibility of the Special Committee to direct the administration of this program, receive applications for program funding, and make recommendations of acceptance to the Board of Commissioners. The Special Committee may consult with County departments, staff, the South East Michigan Council of Governments (SEMCOG), and the Road Commission for Oakland County in the conduct of its business.

DISBURSEMENT

The Special Committee shall forward recommendations for approval of Local Road Improvement Matching Fund Program projects to the Chairman of the Board of Commissioners. This recommendation shall include a cost participation agreement between the County and participating municipality. Minimally, cost participation agreements shall include: responsibility for administering the project, the project location, purpose, scope, estimated costs including supporting detail, provisions ensuring compliance with project guidelines, as well as disbursement eligibility requirements. The cost participation agreement shall also require the maintenance of supporting documentation to ensure compliance with the following provisions:

1. Any and all supporting documentation for project expenditures reimbursed with appropriated funding shall be maintained a minimum of seven years from the date of final reimbursement for actual expenditures incurred.

2. The Oakland County Auditing Division reserves the right to audit any and all project expenditures reimbursed through the program.

Upon receipt of recommendation of project approval from the Special Committee, the County Commissioner or Commissioners representing the area included in the proposed project may introduce a resolution authorizing approval of the project and the release of funds. Resolutions shall be forwarded to the Economic Development and Infrastructure Committee of the Board of Commissioners, who shall review and issue a recommendation to the Board on the adoption of the resolution. A public hearing shall be scheduled before the Board of Commissioners prior to consideration of final approval of the resolution.

The deadline for projects to be submitted for consideration shall be established by the Special Committee. The Special Committee may work with participating municipalities to develop a plan for projects that exceed that municipality's annual allocation amount. This may include a limited

plan to rollover that municipality's allocation for a period of years until enough funding availability has accrued to complete the project, subject to funding availability.

Upon completion of project plans and execution of the cost participation agreement by the County and governing authority of the local municipality, the participating municipality shall submit an invoice in accordance with the terms and conditions included in the agreement. The Oakland County Department of Management and Budget Fiscal Services Division shall process payments in accordance with policies and procedures as set forth by the Department of Management and Budget and the Oakland County Treasurer.

In the event an eligible local unit of government chooses not to participate in the Local Road Improvement Matching Fund Program, or an approved project is cancelled, any previously undistributed allocated funding may be reallocated to all participating local units of government at the discretion of the Local Road Improvement Program Special Committee.

At the completion of each project, the participating local government shall provide a report to the Board of Commissioners regarding the activities of the recipient and the degree to which the recipient has met the stated public purpose of the funding as required by MCL 123.872.
