**RE: FISCAL YEAR 2023-2024 BUDGET MEMO**

Submitted herewith is the City Administrator's projected budget for the 2023-24 fiscal year. Budgets are submitted pursuant to Chapter 8, Section 8.2 of the City Charter, which reads in part as follows:

"The City Administrator shall prepare and submit to the Council on the third Monday in May of each year a recommended budget covering the next fiscal year..."

Chapter 8.5 of the City Charter provides that, "Not later than the third Monday in June in each year, the Council shall by resolution adopt a budget for the next fiscal year, shall appropriate the money needed for municipal purposes during the next fiscal year of the city and shall provide for a levy of the amount necessary to be raised by taxes upon real and personal property for municipal purposes, subject to the limitations contained in Section 9.1"

As with previous years, this budget has been prepared using information from multiple sources. During the initial phase of the budget process, attention was paid to the City's multi-year financial planning model. From a financial perspective, this document has proven to be an important tool in our budgetary and strategic planning process.

As the elected governing body, you are responsible for making decisions that provide for the health, safety, and welfare of those in our community. Our shared responsibility is to develop a city-wide budget that reflects and prepares us for unknown future circumstances such as the COVID pandemic we are just now coming out of.

For the coming year, the City Administration and City Council will need to carefully watch the events in the coming year and adjust the budget through adopted budget amendments as circumstances may warrant.

With respect to the projected budget for FY 2023-24, it should be noted that it is based on the same millage rate structure used for the previous budgets. You will note this in the Summary of Revenues by Fund and Source found under the General Fund Revenues bookmark. The Millage Rate Breakdown, also found under the General Fund Revenues bookmark, does contain two breakdowns. The first one shows the separate millage categories of General Operating, General Operating Sewer and General Surplus and Library. This has been done mainly to show our Library Millage, which supports the Southfield Public Library.

Due to current state legislation, Proposal A and the Headlee Amendment continue to mandatorily reduce the City’s millage rate. This is due to the mandate that taxable value can only increase at the rate of inflation or 5%, whichever is less. The CPI index used for the 2023/24 fiscal budget was 7.9%. The City’s revenues continue to see modest increases due to increases in taxable value. At the present time, state shared revenues are projected to show a marginal increase.

The FY 2023-24 Budget marks the sixth consecutive year of growth in the City’s overall taxable value following a 48% loss in values between 2008 and 2013. Since FY 2015-2016, the City has experienced steady increases in the taxable value.

According to Oakland County Equalization Division, the City of Lathrup Village has an Assessed Value of \$273,880,210, which represents a 28.2% increase in assessed values. This is in sharp contrast to the Taxable value of \$176,723,640 (a gap of approximately \$97.2 million).

Assessed vs. Taxable Values

2022-23	220,376,621	150,615,310	69,761,311
2023-24	273,880,210	176,723,640	97,156,570

**Impacts on Budget**

- **Proposal A** of 1994 places an artificial cap on Taxable Value growth limiting it to five percent (5%) or cost of living in a given year.
- **The Headlee Amendment** to the Michigan Constitution creates an additional strain on the City’s ability to cover costs and fund activities for our residents. The “Headlee Rollback” references the 1978 amendment to the Michigan Constitution that requires a local unit of government to reduce its millage when annual growth on existing property is greater than the rate of inflation. As a consequence, the local unit’s millage rate gets “rolled back” so that the resulting growth in property tax revenue, community-wide, is no more than the rate of inflation. **The major variables that impact the Headlee rollback calculation include:**
  - **Taxable value uncapping** from property transfers (“pop-ups”). The greater the number of pop-ups, the greater the impact on rollback.
  - **Change in CPI** – the lower the CPI, there is a greater impact on rollback. The higher the CPI, there is a lesser impact on rollback.
  - **Property tax exemptions** – for low-income residents, veterans, and nonprofit organizations.
- **Maximum Millage Rate (MRF).** The Headlee Rollback amendment applies a millage reduction fraction (MRF) in each year in which a municipality realizes growth in its Taxable Values. When the MRF for this year of 1.0000 is applied to the FY 23-24 maximum millage rate of 17.5618 and is the same as last year.

MRF	1.0000
General Operation	
23-24 Max. Millage Rate	17.5618
22-23 Max. Millage Rate	17.5618

- **Proposal A and the Headlee Amendment** continues to be a threat to the financial health of the City. There is no subsequent limitation for the rise in costs in the marketplace. As you will see in the long-term financial plan, costs (expenditures) are anticipated to rise at a higher rate than the artificial caps placed on local government revenues.
- **Headlee Override.** In 2010, Lathrup Village residents voted (by a two-thirds margin) to roll back the effects of the Headlee Amendment; effectively restoring the City’s ability to levy up to 20 mills for operations and 3 mills for refuse as outlined in our city charter. Council is strongly encouraged to ask voters to restore the millage levels to the original authorized levies of 20 mills for operations and 3 mills for refuse. Another option Council must consider asking voters to pass a dedicated 3 mills for public safety that would help fund the police department and offset budget losses. The additional 3 mills for the police department would raise add an additional \$516,000 to the General Fund annually.
- The **State Shared Revenues** program is the City’s second largest source of revenue. Public Act 252 of 2014 created the CVTRS program for the allotment of the statutory portion of the reflected revenue. Early projections from the State of Michigan reflect a

slight increase in the Constitutional portion of the State Revenue sharing for FY 2023-24. For budgeting purposes, the State Shared Revenues increased 2% to \$499,818.

- **Controlling Long Term Liabilities:**

- **Retiree Health Care.** In 2012, it was recommended to begin pre-funding post-retirement health care costs. This came about as a result of a new Governmental Accounting Standard (GASB 45). At that time, it was decided to “pay as we go.” For Fiscal Year 2019-20, the City Council approved an appropriation of \$150,000 to start addressing the outstanding OPEB obligation for retiree health benefits. Previously, the City implemented a program called “Employer Group Waiver Plan,” which is estimated to save the City more than \$1 million in health care liability. As previously discussed, the good news is that through negotiations and changes to non-union employee’s benefits, health care is NO LONGER provided for new hires at retirement. This will also limit our long-term liability.
- **Employee Pension Costs.** In the Fiscal Year 2013-14 budget, the City Council decided to make a lump sum payment of \$1,143,708 toward long-term pension costs. The Pension and Retiree Health Care sub-committee also recommended funding the City’s liability when the current pension plans (Defined Benefit) were closed to new hires. The recommended changes were made effective July 1, 2013, and Defined Contribution (DC) plans are now offered to new employees. Under the DC plan, once an employee leaves the employment of the City, the liability ends.
- **Administrative Consent Order with the Michigan Department of Environment, Great Lakes, and Energy (EGLE).** We continue to monitor the actions of the Michigan Department of Environment, Great Lakes, and Energy as they continue to address water quality issues across the State. The City of Lathrup Village signed an Administrative Consent Order with the EGLE. To date, the City will have completed millions of dollars’ worth of work, including lining sewers, manhole repairs, manhole installations, and a number of emergency point repairs. Total revenue for this work is derived from water and sewer rates, although some grant monies have been awarded to the City from Oakland County, and a State Revolving Fund (SRF) Loan that included almost \$500,000 in Federal Stimulus Funds. The City is now working on a long-term plan for EGLE, along with the Oakland County Water Resource Commissioner (OCWRC). We continue to operate in compliance with our Administrative Consent Order. Completed work in 2020 helped limit Sanitary Sewer Overflows (SSOs).
- **Sanitary Retention Tank (SRT or “Tank”).** Unseasonably warm winters coupled with unexpected and repeated heavy rains, places Lathrup Village in a tenuous position. Although previous work to “dry out” our sanitary sewer proved to be effective, the above-mentioned weather issues, coupled with infiltrations and inflow, have put tremendous pressure on the City to balance the legislative Town Outlet limit of 3.35 cubic feet per second (CFS) with the inadequate size of Lathrup’s two 1.5-million-gallon retention tanks, and the unprecedented amount of water received during rain events. The City now contracts with the OCWRC, and they are taking a proactive role in upgrading the system and coordinating flow during rain events. City Council approved a cost sharing agreement for much needed improvements to the SRT with OCWRC paying 75% of the cost and Lathrup Village paying for 25%. The total cost of the project is \$3,432,903 with Lathrup Village’s portion at \$858,226.

- The **EPA and the State EGLE** will continue to push for more reductions in pollutants in the watershed through storm water management programs. Ultimately this will lead to alternative methods of ice control, the use of non-polluting fertilizers, and other pollutant reducing measures, all of which will lead to increased costs. This also requires a good deal of paperwork and reporting. Each year, Hubbell Roth and Clark (HRC) submit an update on our behalf to our Storm Water Permit, Annual Report, Illicit Discharge Permit and Public Education Program. HRC has provided work in a timely and efficient manner. This is really meant to be overseen by storm water professionals.
- **Southfield Road Construction.** The City, Planning Commission, and the DDA have been working to come up with a workable plan that meets the needs of Lathrup Village and meets the requirements of the Road Commission for Oakland County (RCOC.) The RCOC completed the Environmental Assessment for the entire Southfield Road corridor. The Environmental Assessment has been presented to all boards and commissions in Lathrup Village to include public presentations at City Hall. We are anticipating the announcement of federal funding that may support this road improvement. Mitigating factors to business development and property redevelopment will have to be seriously considered when weighing the Environmental Assessment impacts of this project; specifically, the loss of parking spots at numerous locations will negatively impact small business operators in Lathrup Village. The City will continue to work collaboratively with local businesses and the RCOC to ensure the redevelopment of the Southfield corridor meets the design intent, coupled with positive business metrics. It is important that the City continue to seek additional outside funding to aid with water main replacement, other construction, parking, and streetscaping.
- **Water and Sewer Rates.** The City purchases water from the Southeastern Oakland County Water Authority (SOCWA). SOCWA purchase water from the Great Lakes Water Authority (GLWA) and is the governing body for the regional water system. Lathrup Village residents will have a water rate increase of 4.35% and sewer rate increase of 2.9% from the rate charged in 2022/23. Balancing these increases in sewage disposal fees and water purchases with the funding needed for maintenance of City-owned infrastructure will continue to be an area of great focus for at least the next decade. Because of aging infrastructure and maintenance issues, water and sewage rates are expected to increase.
- **Lead and Copper Testing.** The Lead and Copper Rule requires replacement of lead service lines at a rate of 7 percent per year when a water supply continued to exceed the lead action level after installing corrosion control treatment. While this requirement remains in effect, lead service line replacement requirements have been expanded to include the following: Partial lead service line replacement is no longer allowed except in the case of an emergency repair; water supplies with lead service lines, regardless of lead action level values, must replace all lead service lines at an average rate of 5 percent per year, not to exceed 20 years, or in accordance with an alternate schedule incorporated into an asset management plan and approved by EGLE. The full lead service line must be replaced at water supply expense, regardless of ownership. The City is required by EGLE to identify 315 water service lines through randomized testing. To date, the City has identified 289 water service lines.

- **Infrastructure.** With the above in mind, other challenges also await Lathrup Village in the category of “unfulfilled” infrastructure needs. These needs have continually been identified in each budget year over the past several years. While we have addressed many of our streets, water and sanitary sewer system issues over the last three years, our other infrastructure needs continue to go unfulfilled. It is important that we continue to discuss how we address the millions of dollars in unfulfilled infrastructure needs in a proactive way as we compete to retain and attract residents.
- **Increasing Efficiencies and Reducing Costs.** Even in light of rising property values, it is necessary to prudently reexamine what services we provide and what services should be subject to multi-jurisdictional agreements. Despite a substantial budget and staff reduction since the 2008 economic downturn, it is still prudent to examine ways of increasing efficiencies that will increase service and reduce costs. It is still good practice to investigate alternative and additional intergovernmental contracts, regional service provisions, and municipal consolidations. Despite Lathrup Village being substantially ahead of most communities in terms of collaboration and consolidation, we have already realized the majority of these savings. Council will need to determine what levels of services we can afford to provide to the community if revenue streams are not increased or raised.

### **Major and Local Streets:**

Considering Major and Local Streets, the FY 2023-2024 budget contains an expenditure of \$570,933 for Major Streets and \$646,693 for Local Streets. The FY 2023/24 Budget does not include a transfer to Local Streets. The Council recognized the need to start setting aside funding for the upcoming street project for westbound 11 Mile Road, between the city boundary and Southfield Road that is scheduled to be resurfaced. Grant applications have been submitted for the work needed on 11 Mile Road; however, the section between Southfield Road and Evergreen simply does not have enough traffic on it to qualify. Therefore, it is still prudent to continue setting funds aside to address the work that needs to be done.

In recent years contractor bids have risen sharply and, while the General Funds devoted to streets have risen, our ability to keep pace with the deterioration of the asphalt is diminishing. The fact that we continue to provide dollars for an annual street resurfacing program puts us years ahead of where we were in the past and our hope is that we will not end up with less to show for it. This should be considered a major concern for the community and its long-term ability to compete. It is possible that other means of financing road improvements, including a dedicated street millage may need to be considered in the future.

Based on the City engineer’s industry experience, the entire street system should be put on a 15 to 20-year resurfacing cycle. Due to the rising costs of paving material and based on long-term estimates, a 20-year resurfacing cycle would require an annual contribution of \$600,000+ (or roughly 5 mills) and adjusted in each subsequent year based on inflation.

**Street Improvement Bond Millage.** The City has 21 miles of residential roads. A ballot proposal was presented to voters in November 2019, to authorize a bond millage to raise \$5.38 million for local roads and the ditch/culvert system. The proposal was approved by the voters. Approximately 4.68 miles of residential roads have been completed with 3.29

miles to be completed in the 2023. The City is entering its third year of sidewalk and ditch and culvert improvements.

### **Water and Sewer:**

The ballot proposal approved by voters in 2019 also carved out money to repair, replace, or improve water and sewer infrastructure. To date, 3,650 lineal feet of water mains have been replaced with 4,230 lineal feet proposed in 2023; and 11,460 lineal feet of sewer lines have been cured in place as part of this initiative.

Preliminary water rates were received the second week in February 2023 indicating a 4.35% rate increase. The SOCWA Board approved the rate at their March Board meeting. Preliminary Sewer rates were also received in April with Lathrup's reflecting a 2.9% rate increase for the Detroit/Evergreen/Farmington System. The Water Resource Commissioner will be using a sewer rate based on 100% metered sewer flows and both the WRC and the Detroit Water and Sewer Department have created a "rate simplification model." Both are in their initial phases and will be reviewed over the next few years to ensure fixed costs of the two organizations are being funded. It is imperative that we continue to search for ways to "dry out" our sanitary sewer system so that we:

1. Meet MDNRE standards.
2. Decrease the amount of storm water that enters our sanitary sewers in order to lessen the amount of money that must be paid for sewerage disposal on storm water.

### **Other Revenues**

The Other Revenues category represents a collection of revenues from smaller individual sources. The majority of revenues in this category are fees raised through local activity. For example, all building related permit fees, recreation fees, community room rental fees, cable franchise fees, and police fees are included in this area. The City has seen an increase in rentals of the Community Room and other public spaces over the last year. As we have moved into the post-pandemic era.

### **Mission, Values and Future Plans:**

The City of Lathrup Village's adopted Mission Statements reflects "Providing high quality public services for a better Lathrup Village." Our Mission Statement is based on the principles of high quality and continuous improvement. The following core values guide the actions of the City Council and Administration, as well as the budgetary decision-making process.

- Transparent, Open and Honest Government
- Dedication to Service
- Fiscal Responsibility
- Personal Honesty and Integrity
- Excellence
- Teamwork
- A Human and Diverse Organization

This budget introduction has provided a realistic look at our present and future; previous figures were intentionally left in the narrative to give constituents a clearer picture of where we were and where we are fiscally going. Community leaders of the City of Lathrup Village should continue their focus on Capital Expenditures specifically in the areas of Lathrup’s “ageing-in-place” infrastructure to include water distribution, sewer, and major and local roads. All avenues and sources of financing should not be overlooked and be investigated to include the option of hiring additional staff to effectively manage this endeavor.

Additionally, increasing the effectiveness and efficiencies of our public services contractor, Lathrup Services, LLC, should continue since providing a high level of service is how we compete in retaining, and especially, attracting new residents. Equally, we must continue to support our community groups as they are a valuable resource in our community. Groups such as the Homeowners Association, Children’s Garden, Women’s Club, Community Foundation, and Optimists club support our activities and create the festive atmosphere that attracts new residents to our special community.

The FY 2023/24 Budget also reflects increases in:

- **Administration:** A \$3,646 increase in Administration includes a 3% raise for administrative staff.
- **Public Safety:** A \$158,804 increase due to an increase in the contract with Southfield Fire Department, Police Department related to step increases in pay as noted in the union contract, and moving smaller capital expenses for technology to Public Safety’s departmental budget.

## PLANNED USE OF FUND BALANCE

The Government Finance Officials Association (GFOA) provides best practices for government accounting. “In the context of financial reporting, the term fund balance is used to describe the net position of governmental funds calculated in accordance with generally accepted accounting principles (GAAP). Budget professionals commonly use this same term to describe the net position of governmental funds calculated on a government’s budgetary basis.”

The Government Finance Officers Association (GFOA) recommends that general-purpose governments maintain a minimum level of unrestricted fund balance in the General Fund of at least two months’ operating revenues or expenditures. This equates to about a 17% fund balance. Maximum fund balance levels are more a matter of discretion and depend heavily on the governing body’s plans and economic expectations.

The practice for the City of Lathrup Village has been to consistently maintain a General Fund balance of at least 20%. With projected Revenues of \$5,090,219 and Operating Expenses of \$5,085,506 in FY 2023/24, there is a surplus of \$4,712. This results in an Ending Fund Balance of \$1.24 million, which equates to a 20% General Fund Balance.

The Local Street Fund FY 2023/24 Budget reflects a planned use of fund balance of \$140,908. This reflects a fund balance that is 48% of expenditures. The Major Street Fund has a net change that reflects a growth in the fund balance of \$133,810. This is a conscious decision by the City Council to reserve matching funds for a major upcoming

project on 11 Mile Road. The Major Street Fund will have a projected fund balance of 66%.

The GFOA recommends a target level of working capital in enterprise funds to be between 45 and 90 days of annual operating expenses. This equates to between 12% and 25% and applies to the City’s Water and Sewer Fund. This fund has \$6.9 million in net assets.

FY 2023/24 has a surplus of \$4,712 in the fund balance in the General Fund. All of this indicates that the City of Lathrup Village is on sound financial footing.

The bottom line is that we are cautiously optimistic and prepared to respond appropriately in accordance with changing conditions. The City Council and Administration remain focused on our priorities in making fiscal decisions.

**CITY PRIORITIES**

Several priorities will become the focus of our efforts in the fiscal year. They include:

- **Leadership:** Several administrative changes were noted in the 2022/23 fiscal year: Susan Montenegro was hired as City Administrator, Jessica Miller was hired as Deputy Treasurer, William Diamond, Jr. was hired as Building/Code Enforcement Officer, and Martha Bobcean was hired as the Utility Billing/Accounts Payable Specialist.
- **Education and Training:** There is an increased emphasis on education and training among administrative staff and within the Police Department. The 2023/34 fiscal year budget reflects increased training allocations.
- **Communications:** Communications are an area where opportunities for improvement continue. Efforts will continue to focus on enhancing the formatting of the website and increasing the use of social media to share timely information with our residents. Staff members are being encouraged to improve all lines of communication, not only between staff members and contractors, but with our citizens as well. This year, the City will update its website and add a CRM system to improve communication and response times to residents.

- **Collaborations:** We will be looking for new and expanded collaborative partnerships with other municipalities, Oakland County, regional organizations, such as SEMCOG, and educational institutions. Successful partnerships already include Oakland County for assessing and equalization services; City of Southfield for fire, dispatch and EMS services, and contracting services for engineering and planning. This year we contracted with Oakland County Water Resource Commission for the operations and maintenance of the Sanitary Retention Tank.
- **Department of Public Services:** The Department of Public Services was privatized for significant cost savings by contracting with Lathrup Services. There will be ongoing discussions seeking improvements to meet the needs of our residents.
- **Cultural Awareness Training:** The City of Lathrup Village has a very diverse cultural and ethnic population. Cultural Awareness training will be provided to provide officers and staff with appropriate training and communication skills.
- **Code Enforcement:** Building inspections and code enforcement remain critical to attracting business, young families, and retaining our current residents and businesses. Code enforcement is imperative in seeking compliance with local codes and ordinances. The City hired a new full-time Code Enforcement Officer in January 2023. Because Lathrup is almost 100 percent built-out, our single item to increasing tax revenue other than raising the current tax structure is the redevelopment of Lathrup's business district. Currently, Lathrup has a few problem areas in code enforcement that impact many of our citizens and business properties repeatedly. Lathrup Village remains listed as one of Oakland County's top places to live.
- **Sanitary Sewer System:** This system continues to be reviewed so that we may determine what necessary improvements need to be made in the future. In 2013, we completed a cleaning and televising project on all sanitary sewer mains between Eleven Mile and Lincoln Blvd. This work led to the development of a five-year plan to seal that system and prevent any structure failures. Approximately 11,460 lineal feet of sewer line was lined in FY 2022/23.
- **Downtown Development Authority (DDA):** Attention to the business corridor, and continued efforts to obtain federal funding for streetscape improvements when Southfield Road is reconstructed and work with developers to re-develop the Village Center District. The work of the DDA continues to explore a Public/Private Partnership to redevelop the Annie Lathrup School is promising and would serve as a great catalyst in reaching our vision. The DDA and the City Administrator continue to build alliances and relationships with our valued business and property owners.
- **Recreation:** The recreation budget has been significantly reduced over the last few years due to budget constraints. One major impact is the lack of funding for the open parks and recreation director position. The City must look for new and creative ways to be able to continue offering activities for residents. Citizen-led events and activities will need to be the focus going forward until new or alternative revenue sources are generated to cover these costs.
- **Community Engagement:** All residents are key stakeholders, and it is imperative to seek feedback, particularly when new developments or changes are being considered. The City of Lathrup Village updated its Public Participation Plan in 2019.

The objectives include making information available in a timely manner to ensure that interested parties and community stakeholders have adequate time to be involved in decisions at various stages of the review and approval process. Going forward, we will continue to find creative ways to reach a diverse set of community stakeholders in decisions regarding planning, land use, and development.

Since our community is “built-out,” the City’s focus must be on the redevelopment of our existing building stock and the exploration of new investments in our community. This is the only option for the City if it is to regain its losses and sustain our high level of service provision. With the certification as a Redevelopment Ready Community, the completion of the 2021 Comprehensive Plan, our 2010 Zoning Code, and the DDA’s Redevelopment Plan, the City’s path and intent are clear. A major goal and focus of the City will be to continue to push for the redevelopment of our Southfield Corridor, as a vibrant and thriving commercial district is essential to the future success of the entire community. The City must welcome future developments and approach investment with clear and fair consideration.

## CONCLUSION

A heartfelt note of thanks is extended to our dedicated staff for thoroughly reviewing their operations and dedicating time to creating this responsible financial plan. The City of Lathrup Village’s City Council is to be commended for their dedication to this community and sound budgetary and policy decision-making. While there may have been some challenges in the past, our community has a solid history of effectively adapting as challenges have occurred. It is important now that the City Council works closely with the City Administration to be more proactive in identifying new opportunities and seeking solutions to address the future needs of the community, including long-term infrastructure needs as well as determining what level of services are affordable and most beneficial to the quality of life in the City of Lathrup Village.

The recommended FY 2023/24 budget is based on the City’s Financial Policies, the Capital Improvement Plan, City Council Goals and the city administration’s comprehensive review of operations. This budget reflects a reasonable approach to meeting our most critical needs while continuing to position the City for long-term financial stability.

Working together, I am confident that the City of Lathrup Village will remain steadfast and resilient in the face of any challenge and continue to strive to provide quality services and progress forward towards a brighter future.

Respectfully,

Susan Montenegro,  
Lathrup Village City Administrator

# GENERAL FUND REVENUES

The one budgetary Fund that everyone can easily identify with is the General Fund due to its reliance on local property taxes, in the form of authorized and approved millage, as the largest source of revenues. Governmental funds include all activities that provide general governmental services that are not business-type activities. Governmental funds can include the General Fund, special revenue funds, debt service funds, capital project funds, and permanent funds.

The General Fund is the primary operating fund because it accounts for all financial resources used to provide government services other than those specifically assigned to another fund. General Fund activities are financed by revenue from general property taxes, state-shared revenue, and the catch-all “other revenues” category. A discussion of each follows:

## LOCAL PROPERTY TAXES (MILLAGE):

Local property taxes support the structure associated with living in and owning property within a City, Village, or Township (CVT). In these localities the CVT’s local property tax is usually combined with other property-based taxes such as school districts, county government, intermediate school district, and community colleges. In most cases, it is the CVT that has the responsibility of collecting and distributing all locally based property taxes to these other taxing units. This responsibility, in many cases, causes confusion as to what percentage of the local property tax is paid for CVT’s operations versus those paid for other taxing units services. Such is the case within Lathrup Village.

Property tax-based revenues are a derivative of the City’s total Taxable Value. **The Taxable Value (TV) for 2023 has increased approximately 15%.** The 2022 taxable value shown is the post-Board of Review figure.

Fiscal Year	Assessed Values	Taxable Values	Gap
2022-23	220,376,621	150,615,310	69,761,311
2023-24	273,880,210	176,723,640	97,156,570

The reason for the Taxable Value increase is due to several factors, which will be discussed below.

TV TYPE	2022	2023	% INC.
RESIDENTIAL	122,142,160	139,627,120	14.315%
COMMERCIAL	29,370,840	32,033,590	9.066%
PERSONAL	4,340,210	5,062,930	16.652%
TOTAL	155,853,210	176,723,640	13.391%

Graphic representations of our taxable value breakdown can be found in this section, referred to as TAXABLE VALUE (TV) REVIEW. Additional graphs provide visual depictions of TV categories. The City's total taxable value is based on three (3) categories of property - residential, commercial, and personal.

### Residential Property

The Oakland County Equalization Division is a branch of Property Administration which determines Assessed and Taxable Values on properties to generate taxes for each municipality in Oakland County. The Oakland County Equalization Division provides Assessing Services for 32 Cities and Townships in Oakland County with the City of Lathrup Village being one of the 32 communities. According to the Equalization Office, Lathrup Village has 1,722 Real Residential Parcels. A significant number of properties have become uncapped over the last few years meaning many of Lathrup's homes have assessed values that equal taxable value. The average residential property selling price in Lathrup Village in 2023 was \$269,188. According to the Oakland County Assessor, the pre-Board of Review residential assessed value for 2023 was \$121,838. Residential Assessed Values increased 10.75% in 2023. For all of Oakland County, the average 2023 Residential Value Change was 9.08%.

### Commercial Property

According to the Oakland County Equalization Office, Lathrup Village has a total of 103 Real Commercial Parcels and Zero (0) Industrial Parcels. Typically, Commercial property will lag behind Residential properties by two years. If a community has a Tax Increment Financing District/Authority, as is the case with Lathrup Village, revenue forecasting for Capital Improvements often cannot keep pace with non-Tax Increment Finance (TIF) districts. Lathrup's Commercial Assessed Values have increased a total of 6.90% taking into account all data collected to January 2023. The average 2023 Commercial Value change for Oakland County is 7.99% with Lathrup Village reflecting 6.90%. This reflects the importance of maintaining a continued focus on Lathrup's business district. Redevelopment in our commercial areas cannot be stressed enough as it is paramount to the City's viability moving forward.

### Personal Property

The final category of taxable value is Personal Property. Personal property is the value placed on property found within a business, such as computers and copy machines, etc. The City has 273 Personal Property Parcels. The personal property taxable value has increased by

8.64%. This increase was primarily related to the addition at the Michigan First Credit Union. Proposal 1 of 2014, ended the collection of the Personal Property Tax and capped the values at their 2012 levels. The Equalization Division of Oakland County, who we contract with for assessing services, audits all affidavits to verify that all personal property is appropriately assessed. For 2023, 185 businesses received small business exemptions. Lathrup's Commercial Assessed Values have increased a total of 6.90% in 2023.

### **Millage Rate**

The adopted millage rate for the Fiscal Year 2023-24 is 24.1266 mills and remains the same as 2022. The total millage rate is comprised of General Operating, Refuse, Library, Streets and Debt Service. Total revenues from all tax and tax related categories are projected to come in at \$3,121,234, representing an increase of \$203,959.

As discussed in a previous section, the Headlee Amendment to the Michigan Constitution has driven down our General Operating millage from 20.00 mills in FY 2013/14 to 17.5618 in FY 2023-2024.

For the purpose of forecasting revenues for Fiscal Year 2023-2024, the "Taxable Value" was calculated at \$172,000.00. The chart below calculates the loss in revenue attributed to the Headlee Amendment.

<b>Maximum Millage Rate</b>					
<b>FY</b>	<b>General Operating</b>	<b>Refuse</b>	<b>MRF</b>	<b>Taxable Value</b>	<b>Cost to City</b>

The two spreadsheets entitled "Millage Rate Breakdown and Resulting Revenues 23-24" review the estimated change in values and revenues in this chart. At the end of this section, other graphs list the projected millage rates for each category as well as the resulting revenue.

### STATE SHARED REVENUES:

The second category of General Fund Revenues is State Shared Revenues. With Public Act 252 of 2014, the state replaced the Economic and Vitality Incentive Program (EVIP) program with City, Village, Township Revenue Sharing (CVTRS) in an attempt to increase the annual statutory appropriation of Revenue Sharing to Local Government.

Revenues from the State Revenue Sharing Program are projected to total \$499,818 for FY 2023/24. This is compared to \$549,514 in FY 2022/23, representing a 9% decrease.

STATE SHARED REVENUE	496,982	477,151	516,687	263,687	499,818	22,667

### OTHER REVENUES:

The Other Revenues category represents a collection of revenues from smaller individual sources. The majority of revenues in this category are fees raised through local activity. For example, all building related permit fees, recreation fees, community room rental fees, cable franchise fees, and police fees are included in this area. For a complete description of each line item in this revenue category, please see the definitions under this section.

For FY 2023/24, "Other Revenue" from all sources total \$989,706 as compared to \$1,248,572 for FY 2022/23 and shows a decrease of **\$239,473** from the previous year.

**CONCLUSION:**

Based on the above narrative for the major categories of revenues (Local Property Taxes/Millage, State Shared Revenues and Other Revenues), the total General Fund Revenues for the Fiscal Year 23/24 are projected at \$5,090,219. This is a decrease of **\$10,847** over the estimated FY 2022/23 budget.

REVENUES NEEDED	4,816,959	5,101,066	5,079,297	4,607,901	5,090,219	(10,847)

The projected millage rate of 24.2166 is projected to provide sufficient revenues to fund all of our General Fund Expenditures with a surplus of \$4,712.

During the budget development process, each expenditure is analyzed closely to determine its relevance to the desired objective and how it fits with the City's expected revenue source. Understanding these revenue sources is an essential piece in producing an accurate and successful budget. The City will continue to partner with other political entities in an attempt to decrease expenditures while maintaining high levels of governmental service. The FY 2023/24 budget and millage rates are on par with the past several budgets; however, inflation and shortages in the supply chain present new challenges and increased costs to the City.

The combination of Proposal A and the Headlee Amendment continues to plague municipal budgets statewide; Lathrup Village feels the negative effects of this legislation as well. It is important that we continue to be mindful of how we provide services in the future. Our history has been one in which we have been able to address issues proactively. Having to address issues on a crisis basis never produces a quality end product. For this reason alone, we should continue our examination to adequately prepare for the future of our community.

## **GENERAL FUND - LINE-ITEM DEFINITIONS**

The following definitions apply to all line items within the General Fund Revenues section of the budget.

**General Operating Tax:** Reflects the tax levied on all property within the City and is unrestricted revenue that can be used for any budgetary purpose.

**Public Safety Tax:** Reflects the tax based on a combination of three (3) separate police tax rates. The three rates comprise the voter approved rates in 1974, 1985, and 1992. While the total revenues raised are not sufficient to cover the entire public safety operation, this tax is exclusively used for police and fire operations. This tax is not currently in effect.

**Refuse Collection:** Reflects the tax based on the cost for all refuse collection and disposal operations. Included is funding for the collection and disposal of all categories of refuse as well as our leaf pickup program.

**Library:** Reflects the tax levied to pay for the cost of library services in the City of Southfield.

**Streets:** Reflects the tax levied to pay for the cost of our annual street resurfacing program.

**Administrative Fees:** As the collection agency for all units of government levying taxes on property, we are allowed to charge a one (1%) percent administrative fee on taxes collected on behalf of taxing agencies. This is to compensate the City for the administrative time to collect, account for, and forward all monies to each taxing agency.

**Interest & Penalties:** Reflects the revenue related to those property taxpayers who do not pay their taxes within the allowable time period.

**State Shared Revenues:** Reflects the Constitutional State Revenue Sharing and Economic Vitality Incentive Program (EVIP) that distributes state collected sales tax to local governments as unrestricted revenues.

**Federal & State Grants:** Reflects the receipt of any grant funds from federal or state sources.

### **Other Revenues:**

The following is a breakdown and definition for each line item under this category:

**Miscellaneous:** Reflects a catch-all category for unexpected revenues that are received for which there is no specific line item established. An example would be the sale of surplus vehicles, one-time payments, etc.

**Investment Interest:** Reflects the interest earned through the investment of excess funds in statutorily approved investments.

**Workers Compensation Dividend:** Reflects a return of funds from the Michigan Municipal League Workers Compensation Fund to all participating members. The level of return is based on the approved dividend by the workers compensation Board of Directors and is returned to participating members based on a percentage of premiums paid.

**Building Permits:** Reflects fees received for issuance of building permits.

**Zoning, Site Plan, Special Use Permits:** Reflects fees received for applications to the City for exceptions to our zoning ordinance. This may involve appearances before the Zoning Board of Appeals or the City Council.

**Plumbing and/or Heating Permits:** Reflects fees received for issuance of plumbing and heating permits.

**Electrical Permits:** Reflects fees received for issuance of electrical permits.

**Licenses and Registrations:** Reflects fees collected for the licensing and registration of contractors doing work in the City.

**Dog and Cat Licenses:** Reflects fees for registering and licensing dogs and cats in the City.

**Cable TV Franchise Fees:** Reflects fees received from Media One based on an approved franchise agreement that allows the provision of cable services for the City.

**Michigan Job Training Council Funds:** Reflects revenue from the State of Michigan for justice related training programs for police department employees.

**SMART Municipal Credits:** Reflects funds received through the State of Michigan Act 51 Municipal Credit funding program for transportation related activities. This is used to offset the cost for bus transportation services within the Recreation Department.

**District Court Fines:** Reflects fees that are returned to the City through the District Court as our percentage of ticket related fines and fees.

**Community Development Block Grants:** Reflects reimbursements made to the City through our participation in the Oakland County program. Funds are distributed to the County from the federal government.

**Sidewalk Permits and Repairs:** Reflects fees from permits to repair or replace sidewalks. Also included is revenue from the annual sidewalk replacement program.

**Nextel Lease:** Reflects a line item used to show the lease payments from Nextel for the cell tower at the DPS Building and the Red River/11 Mile Site.

**AT & T Lease:** Reflects a line item used to show the lease payments from AT & T Wireless for the cell tower at the DPS Building. (These payments are generated from AT&T, T-Mobile and Metro-PCS.)

**American Tower/Metro PCS Lease:** Reflects a line item used to show the lease payments from American Tower. (These payments are generated from AT&T and Metro PCS.)

**Water Fund Lease of DPS Building:** Reflects a fee charged to the Water and Sewer fund for the use of the DPS building.

**Equipment Rentals - Brush Chipping:** Reflects fees collected for the City's brush chipping program.

**Road Funds Lease of DPS Building:** Reflects a fee charged to the major and local street fund for the use of the DPS building.

**Retirees Spouse Medical Coverage:** Reflects the fact that the City provided medical coverage for retirees who retired before 1999. If the retiree wished to cover a spouse then they must pay for the coverage. This line item reflects these payments.

**Recreation Fees:** Reflects all fees collected for recreation activities.

**Tree Sales, Wood Chip Sales:** Reflects fees collected for the replacement of right-of-way trees.

**Community Center Rental:** Reflects the net fees received for the rental of space within the Municipal Building.

**Police Charges for Services:** Reflects fees charged by the Police Department for copies of police reports, alarm fees, weapon permits, and overtime reimbursement by the school system for school events.

**Donations:** Reflects donations received from community groups, businesses, etc.

**DTE Energy:** Reflects a refund of monies for an overcharge on non-used meters.

## GENERAL FUND EXPENDITURES

Offsetting General Fund Revenues is the corresponding expenditure side. Revenues of \$5,090,219 and expenditures of \$5,085,506 leave a surplus of \$4,712 for the General Fund Balance. Lathrup Village, like all municipalities, is required to submit a balanced budget. General Fund Expenditures cover the following operations:

- Government Services
- Administration
- Building and Grounds
- Police and Fire
- Department of Public Service (DPS) - Leaf & Refuse Collection and Disposal
- Recreation
- Contingencies and Capital Needs

This bookmark provides a review of expenditures in summary fashion. There are charts and graphs within this tab that will show the relationship between budgets, comparisons of the last fiscal year to the projected fiscal year, the comparison of the General Fund to all funds, a six-year comparison of expenditures, and wage and fringe benefit information. **Overall General Fund Expenditures for FY 2023-24 are projected to decrease by \$217,443 as compared with the FY 2022-23 budget.** Specific details of all General Fund expenditures are found, and discussed, under each of the respective budgets.

In the preparation of expenditure projections, several tools are used. The first tool is to review the comparison of expenditures for each Department. This comparison looks at the historical record of actual costs over the last eight fiscal years. The second tool is to review the long-term financial plan to see how expenditures are tracking in relation to the plan.

As has been previously discussed, the value of our long-term financial plan was discussed during our preliminary budget discussions. Next, we review all our labor and other contracts to determine the necessary funding to meet these obligations. Finally, we review any necessary adjustments that will provide enhancements to the operations of each Department. The sum of these tools results in expenditure projections that are as accurate as can be made for the fiscal year.

We have met our expenditures based on the projections contained in the revenues section of this budget and the use of fund balance. Despite the modest increase in Taxable Value, the expenditures for the FY 2023/24 budget were given great consideration as to how best to allocate resources during the budget year.

Last year, the FY 2022/23 budget reflected a 2% increase in the level of funding for Lathrup Services, LLC, our contracted Department of Public Services, to add an additional staff member, with the expectation of providing a higher level of services for our residents. For FY2023/24, a 2% increase is included for the Lathrup Services contract. It also should be noted, Fire, EMS, Police Dispatch contract is currently under negotiations. A placeholder reflecting a 5% increase has been added to the FY 2023/24 budget. Once negotiations are complete the actual planned expense for Fire, EMS, and Police Dispatch will be corrected prior to budget adoption in June.

The Government Services budget contains expenditures that are basically attributable to the general operation of the City. Expenditures under this budget do not include any full or part time staff. This budget pays for services that are provided by outside agencies such as services for Library, building inspections, engineering, planning services and other professional services purchased by the City. It also includes expenditures for such areas as cable and citizen communalizations, memberships, conferences, meetings and expenses, printing and publications, postage, and liability insurance.

Overall Government Services expenditures are projected to decrease by \$175,640 or 22% from FY 2022/23. The Government Services budget represents 11.95% of the total General Fund expenditures. This area of the budget reflects the concern outlined earlier where, when spread across several line items, even small increases in line items can cause budgets to grow at a rate higher than revenues as reflected by the above data. As the index bookmark lists, there is additional information that shows both historical and future funding levels for this budget.

**Unemployment Insurance:** Reflects the cost for required payments into our Michigan Employment Securities Commission (MESC) account to cover costs for the provision of unemployment benefits to qualified individuals.

**Workers Compensation Insurance:** Reflects the cost for the provision of workers compensation insurance as required by the State of Michigan. We participate in the Michigan Municipal League Workers Compensation Fund. Payments for this insurance are based on payroll levels and rates established by the State for various job classifications.

**Office Supplies:** Reflects the cost for necessary office supplies.

**Tax Tribunal Appeal Refunds:** Reflects the projected amount of refunds for Michigan Tax Tribunal downward adjustments on property values.

**Memberships and Meetings.** Reflects the cost for professional membership, registration, and attendance at meetings for staff and elected officials.

**Building Inspection Contract:** Reflects the anticipated cost for inspection services for all building-related activities paid to City Municipal Services.

**Code Enforcement:** Reflects the cost for nuisance cuts.

**Cable TV Productions:** Reflects the cost to operate our cable department. The expenditure includes funding for the contracted Cable Coordinator and staff based on an Independent Contractor relationship.

**Citizen Communication:** Reflects the printing and mailing cost for the City's newsletter and costs associated with our Web Page.

**Auditing Services:** Reflects the cost for a portion of our annually required independent audit. The total projected cost for this service, currently being provided by the accounting firm of Plante & Moran, is spread among all funds since all funds must be audited.

**Telephone Billings:** Reflects the cost for telephone, pager, fax, voicemail, and Internet services.

**Vehicle Expense:** Reflects the cost for the maintenance of vehicle assigned to administration and vehicle allowance for city administrator.

**City Appreciation Functions:** Reflects the cost for the City's periodic appreciation gathering for staff and members of the City's Boards and Commissions and appreciation dinner for outgoing Council Members.

**Training** – Reflects the costs for staff and elected officials to obtain training and attending conferences.

**City Planning Services:** Reflects the costs associated for professional planning services for the City. This has included the services of Giffels Webster for engineering for the planning, engineering, and zoning.

**City Beautification Projects:** Reflects the costs associated with beautification projects throughout the City. An example would be the Home & Garden Awards program.

**C.D.B.G. Funded Projects:** Reflects a corresponding expenditure for projected revenues. Expenditures under this line item are pre-determined during a public hearing process held in December of each year for the following year.

**Printing Costs:** Reflects the cost of all necessary publications. For example, all legal notices for public hearings, publication of adopted ordinances, and other miscellaneous printing needs are included in this line item.

**Postage Meter:** This line item reflects the costs for mailing. This was previously included on the Printing Cost line item but has been broken out in order to monitor both costs separately.

**BUILDING & GROUNDS**

The Buildings & Grounds budget contains expenditures for the care and maintenance of the Municipal Building and surrounding grounds. Expenditures under this budget provide for part-time contractual building maintenance employees and for the costs associated with the operation and maintenance of the Municipal Building and surrounding grounds. This includes janitorial, building rental set-up and teardowns, equipment maintenance, and other related services.

The goal of this department is to provide a building that is clean and neat and continues to reflect positively for those who visit. As always, the Building and Grounds Department will continue striving to present a building that reflects a clean and orderly appearance. Our current provider of the service, Cliff Grant has done an admirable job, while working to contain costs.

Overall, the Building and Grounds expenditures for FY 2023/24 are projected to remain the same as the previous year.

The Police budget contains expenditures for the provision of police, fire, dispatch, and Advance Life Support (ALS) services. The goal of the Department is to protect life, property, and all rights guaranteed by law by preserving the peace and maintaining order. Included in this budget is funding for ten (11) full-time sworn officers, three (3) part-time employees, and a full-time police clerk, and the all-necessary and incidental costs for all associated services.

The objective of the Department is to reduce crime and injury through preventive measures as well as immediate action in emergencies. In a proactive fashion, the Department continually assesses the community’s needs and directs its resources toward these needs through the control of crimes that are considered most serious, frightening, and economically damaging. The Department further seeks to protect its citizens by restricting the use of force to situations of absolute necessity.

The FY 2023/24 Budget is reflective of previous budgets. As with other municipalities, locating and hiring qualified police officers is a statewide problem. Anticipating the likelihood of hiring police officers, this budget has accounted for a fully staffed police department.

For FY 2023/24, police expenditures are projected to increase by \$158,804 over FY 2022/23. This reflects the Police Officer Association of Michigan bargaining agreement with the City of Lathrup Village and an increase for contracted Fire/EMS/Dispatch services.

For FY 2023/24, Fire and Dispatch reflect a two (5%) percent increase with the City of Southfield. The estimated 5% increase is a placeholder as negotiations are still underway to renew the contract with Southfield Fire Department for Fire, EMS, and Dispatch services. The Police Department Budget represents 50.32% of the total General Fund expenditures.

**PUBLIC SERVICES**

The Public Services budget contains expenditures for all activities other than roads and water and sewer. There are three distinct sections of this budget that pertain to specific Public Service functions. The basic goal for this Division of the DPS is to improve the overall image of the City and for the collection and disposal of yard waste, municipal solid waste, and recyclables. For the Public Services budget, this is accomplished through the maintenance and repairs of our parks, trees, sidewalks, leaf collection, and refuse collection and disposal.

Starting in FY 2013-2014, the City began a different method of providing service to the community. The City contracted this work to a private firm, Lathrup Services, LLC. This will be the 7th year that Lathrup Services, LLC will be providing services to our community. As was true in the first year, we will be monitoring the level of service to our residents and continue to work to improve the delivery of these vital services.

In FY 2023/24, Public Services expenditures reflect a decrease of \$39,597. The 2023/24 budget continues the services that have been provided over the previous years, including leaf collection.

The contract with Lathrup Services is divided between the applicable funds:

Fund	Amount	Percentage
Roads	\$ 133,209.96	32.34%
Water/Sewer	\$ 149,687.04	36.34%
General	\$ 129,008.58	31.32%
<b>TOTAL</b>	<b>\$ 411,905.58</b>	<b>100.00%</b>

The total contract with Lathrup Services in FY2022/23 was \$403,829. In FY 2023/24 the amount is \$411,906. This represents a 2% increase.

## RECREATION DEPARTMENT

The Recreation budget contains limited funding for special events and activities within the City. The goals for the Department are as follows:

- To provide a variety of quality recreational activities for the enjoyment of the residents of the City.
- To provide leisure education and awareness of recreational opportunities.
- To encourage a healthier lifestyle, both physically and emotionally for the residents of the City.
- To encourage and develop community relations with the businesses in the City, as well as with the community organizations that support recreation events.

These goals are still important; however, due to budget constraints the open position for the parks and recreation director will not be filled. Funding for the recreation department has decreased significantly since the 20-19/20 fiscal year. The City must look for new and creative ways to be able to continue offering activities for residents. Citizen-led events and activities will need to be the focus going forward until new or alternative revenue sources are generated to cover these costs.

The General Contingencies & Capital Purchases budget contains expenditures for unanticipated activities and programs that may occur throughout the fiscal year. This budget also contains funding for capital purchases and transfers to the local street fund, if any.

The second part of this budget reflects the cost for capital purchases for the fiscal year. Funding under Capital Purchases, if any, is transferred to the Capital Acquisition Fund. This method has allowed us to build a fund that will systematically replace our equipment without having to budget large blocks of money in a single fiscal year. Also, if the City decides to direct any General Fund monies to the Local Street system, then the line item exists to accomplish this. Details of the Adopted capital purchases for the General Fund, if any, can be found in the Capital Acquisition Fund narrative of this budget document.

General Contingencies and Capital Purchases plays an important role in our street resurfacing program. No funds will be used from this account this year because the local street fund is able to absorb the costs.

**REVENUES**

Revenues for the Major Street Fund are based on a distribution formula established by the State of Michigan under the provisions of Act 51 of the Public Acts of 1951, as amended. The source of the revenues that the State receives under this Act comes from specific taxes on motor vehicles and motor vehicle fuels. The following is a listing of the various categories of taxes:

- Gasoline Tax
- Diesel Fuel Tax
- Liquid Petroleum Gas Tax
- Diesel Carrier Tax
- Diesel Carrier License
- Diesel Dealer License
- Residential Weight Tax
- Nonresidential Weight Tax

Based on the number of designated major street miles, population, and an additional increase factor based on population size, the City can calculate projected revenues for the maintenance of its 7.36 miles of major streets. Additional contributing revenue shown in the “Summary of Revenues - Major Streets,” found in this section, is based on investments and accumulated fund balances.

Overall revenues in the Major Streets Fund are expected to increase \$133,810 from FY 2022/23 levels. This is due to additional Act 51 dollars provided by the state.

For additional perspective, including previous year fund balances in this narrative will give a clearer focus of where these monies are going. The fund balance for FY 2023/24 at year-end is estimated at \$1,103,664.

The City continues to look for ways to pay for road projects no matter how small the funding may be or what the participation costs are to start a road project. Road repair will continue to be a priority of our Mayor and City Council. It is anticipated that Lathrup’s Capital Improvement Plan delineating future road repairs will continue as outlined.

**EXPENDITURES**

The major street budget contains expenditures for the maintenance of the 7.36 miles of major streets. The overall goal is to provide an adequate level of road maintenance within the major street system. Expenditures from this budget are applied to maintenance for the 11 Mile/Service Drive grass cutting, traffic control charges through the Road Commission for Oakland County for signalization maintenance, local traffic control signage, trimming and/or removal of trees within the major streets rights-of-way, street maintenance and repairs, road drainage, and the costs for personnel services.

As discussed in part in the above narrative, Major Street expenditures have increased dramatically because of the Southfield-Evergreen Street remediation project. The City of Lathrup Village will continue to utilize the road patching methods we began with FY 2002/03. So far, road repair longevity envisioned has lived up to expectations. The budget for road maintenance will continue with no unexpected changes.

A fund balance is being accumulated to cover a portion of the shared cost for the future project to restructure 11 Mile Road. There is an increase of \$2,079 in Major Street Expenses for the 2023/24 fiscal year.

### LINE-ITEM DEFINITIONS

The following definitions apply to all line items within the Major Streets budget.

**Salaries & Wages - Permanent:** Reflects the cost for full-time equivalent employees.

**Salaries & Wages - Administration:** Reflects the cost for allowable administrative costs for the fund. For example, 5% of the Administrator salary is charged to this budget for work in connection with Major Street activity.

**Salaries & Wages - Temporary:** Reflects the cost for a part-time employee.

**Fringe Benefits:** Reflects the cost of employer provided benefits such as pension, health insurance, and life insurance.

**Workers Compensation Insurance:** Reflects a portion of the premium costs for this mandated coverage.

**Office Supplies:** Reflects the cost for necessary office supplies.

**Public Service Building:** Reflects the cost for the upkeep and repair of the DPS building where all operations are housed. This line item has also been used to reflect the cost of building improvements in past years.

**Auditing Services:** Reflects the cost to pay for a portion of the cost for our annual required independent audit. The total projected cost for this service, currently being provided by the accounting firm of Plante & Moran, is spread among all funds since all funds must be audited.

**Roadside Parks:** Reflects the cost for maintenance of parks that are adjacent to major streets. Grass cutting and tree maintenance are examples.

**Transfer to Local Streets:** Reflects the allowable transfer of funds to the local street system pursuant to the provisions of Act 51, which normally amount to approximately 25% of major street Act 51 funds.

**Administration and Engineering:** Reflects the cost for engineering services not connected with specific improvement projects. This is used on occasion, but in most cases these costs are assigned to a more specific project and line item such as road maintenance.

**Road Construction:** Reflects the cost for large scale road projects that require complete reconstruction of a road.

**Road Maintenance:** Reflects the cost for the routine maintenance of the road surface. This can include resurfacing of streets if it does not require a complete reconstruction. Examples are road patching, gravel road maintenance, crack and joint sealing, etc.

**Roadside Maintenance:** Reflects the cost for right-of-way maintenance. This may take the form of drainage and ditch work.

**Equipment Rental:** Reflects the charge for the rental of equipment in the Major Street fund based on approved rental rates. These rates are transferred into the Capital Acquisition Fund for future equipment replacements.

**Traffic Controls:** Reflects the cost for signage, poles, and traffic signal maintenance. The Road Commission for Oakland County performs traffic signal maintenance.

**Snow & Ice Removal:** Reflects the cost for materials to perform snow and ice removal. Road salt, repairs to plow blades, and new blades are examples under this line item.

**Non-Motor Facilities:** Reflects the cost associated with facilities and services for non-motorized transportation. Any improvements that will help this category will be posted to this line item. For example, this line item could be used to offset the paving of gravel roads since it will help non-motorized traffic.

**Forestry:** Reflects the cost for the maintenance and removal of street trees.

**LOCAL STREETS**

**REVENUES**

As with Major Streets, revenues for the Local Street Fund are based on a distribution formula established by the State of Michigan under the provisions of Act 51 of the Public Acts of 1951, as amended. The source of the revenues that the State receives under this Act comes from specific taxes on motor vehicles and motor vehicle fuels. The following represents the various categories of taxes:

- Gasoline Tax
- Diesel Fuel Tax
- Liquid Petroleum Gas Tax
- Diesel Carrier Tax
- Diesel Carrier License
- Diesel Dealer License
- Residential Weight Tax
- Nonresidential Weight Tax

Based on the number of designated local street miles and population, the City can calculate projected revenues for the maintenance of its 21.14 miles of local streets. Additional contributing revenue shown in the “Summary of Revenues - Local Streets” is based on the transfer from other funds (General Fund and/or Major Streets), investments, special assessments, and accumulated fund balances. The fund balance for FY 2022/23 is estimated to be \$589,167. The Local Street Fund will see a decrease of \$140,908 in fund balance; however, the fund is healthy and maintains a fund balance of 48%.

## LOCAL STREETS

### LINE-ITEM DEFINITIONS

The following definitions apply to all line items within the Local Streets budget.

**Salaries & Wages - Permanent:** Reflects the cost for full-time equivalent employees.

**Salaries & Wages - Administration:** Reflects the cost for allowable administrative costs for the fund. For example, 5% of the Administrator salary is charged to this budget for work in connection with Local Street activity.

**Salaries & Wages - Temporary:** Reflects the cost for one part-time employee.

**Fringe Benefits:** Reflects the cost of employer-provided benefits such as pension, health insurance, and life insurance.

**Workers Compensation Insurance:** Reflects a portion of the premium costs for this mandated coverage.

**Office Supplies:** Reflects the cost for necessary office supplies.

**Public Service Building:** Reflects the cost for the upkeep and repair of the DPS building where all operations are conducted. This line item has also been used to reflect the cost of building improvements in past years.

**Auditing Services:** Reflects the cost for a portion of our annual required independent audit. The total projected cost for this service, currently being provided by the accounting firm of Plante & Moran, is spread among all funds since all funds must be audited.

**Roadside Parks:** Reflects the cost for maintenance of parks that are adjacent to local streets. Grass cutting and tree maintenance are examples.

**Administration and Engineering:** Reflects the cost for engineering services not connected with specific improvement projects. This is used on occasion, but in most cases, these costs are assigned to a more specific project and line item such as road maintenance.

**Road Construction:** Reflects the cost for large-scale road projects that require complete reconstruction of a road or the paving of gravel streets.

**Road Maintenance:** Reflects the cost for the routine maintenance of the road surface. This can include resurfacing of streets if it does not require a complete reconstruction. Examples are road patching, gravel road maintenance, crack and joint sealing, etc.

**Roadside Maintenance:** Reflects the cost for right-of-way maintenance. This may take the form of drainage and ditch work.

**Equipment Rental:** Reflects the cost charge for the rental of equipment in the major street fund based on approved rental rates. These rates are transferred into the Capital Acquisition Fund for future equipment replacements.

**Traffic Controls:** Reflects the cost for signage, poles, and traffic signal maintenance. The Road Commission for Oakland County performs traffic signal maintenance.

**Snow & Ice Removal:** Reflects the cost for materials to perform snow and ice removal. Road salt, repairs to plow blades, and new blades are examples under this line item.

**Non-Motor Facilities:** Reflects the cost associated with facilities and services for non-motorized transportation. Any improvements that will help this category will be posted to this line item. For example, this line item could be used to offset the paving of gravel roads since it will help non-motorized traffic.

**Forestry:** Reflects the cost for the maintenance and removal of street trees.

**WATER DEPARTMENT**

**REVENUES**

Revenues necessary to fund water operations are based on the cost of operating our water department. In order to provide water service to residents, we must purchase our water from external entities. The rates we pay for water are included in the projections for water expenditures. Once the expenditure side has been calculated, the rate necessary to fund water operations is based on the following factors:

- The water rate charged to the Southeastern Oakland County Water Authority (SOCWA) by the Great Lakes Water Authority to cover their operations.
- An additional rate applied to the above by SOCWA to cover their operational costs.
- An additional rate applied to the above by the City to cover our operations.
- The City’s water loss ratio.
- Revenues earned through investments and penalties.

**WATER RATE**

It is the City’s intent to keep the revenues and expenditures of water as close together as possible. Water rates, wherever a person may live, have historically increased. Municipal managers’ task of balancing revenues, expenditures, and the cost of capital projects involving the delivery of water is a topic of concern not only for administrators but for council members and residents alike; this can be clearly seen in the below Water Rate Review.

For the FY 2023/24 budget, water rates will increase from \$45.19/unit (per 1,000 cu ft) to \$45.69/unit (per 1,000 cu ft) representing 1.11%. Considering Lathrup’ aging infrastructure, water loss (difference of the total water purchased from SOCWA and the water that was actually used by Lathrup consumers) continues to be an issue the City would like to mitigate by replacing some of our water delivery infrastructure problem areas. SOCWA annually projects the amount of water that Lathrup Village will purchase.

**WATER RATE REVIEW**

<b>WATER</b>	<b>SOCWA</b>	<b>CITY</b>	<b>CAPITAL</b>	<b>TOTAL</b>
WATER RATE - 22-23	18.44	17.50	9.25	45.19
WATER RATE - 23-24	19.18	17.26	9.25	45.69
INC./(DEC.) IN \$	0.74	(0.24)	0.00	0.50
INC./(DEC.) IN %	4.01%	-1.37%	0.00%	1.11%

This amount is estimated annually by SOCWA in early March. Estimates for 2023 is that the City will purchase 21,100 (per 1,000) cubic feet of water. However, we know that we will not sell that amount. The reason for this is due to the water loss ratio.

Water loss ratios are calculated based on the amount of water purchased compared to the amount of water consumed or sold. Losses to the system are tracked monthly and come from several sources including watermain breaks, hydrant flushing, sewer jetting, and

unauthorized use of our hydrants. To compensate for estimated water loss the total cubic feet purchased is reduced by this percentage. For the purpose of calculating the water rate we have used 5.00% loss ratio and expect to receive revenues based on the sale of 18,990 (per 1,000) cubic feet.

	Projected	Adjusted
Projected Sales:	21,100	20,045
Water Loss Ratio	0.250	5.00%
Fixed Monthly:	\$3,373/MO	40,476

It is logical to make a case that if we purchase less, we will pay less. However, a reduction in water purchases rarely equals a dollar-for-dollar reduction in overall expenditures since the majority of the remaining expenditures are personnel costs, which do not change with water consumption fluctuations. In situations where the sale of water decreases, the City must increase the rate charged to the customers to meet expenditures that logically will increase from year to year, or make decisions on where and what budgetary areas to reduce or eliminate.

In the 2014-15 Budget year, the City's General Fund started repaying the Water Fund for pension liabilities paid for in 2013-14 Budget Year (\$50,764 annually for 10 years). This figure does not appear as operational revenue as it is transferred between City funds.

## **WATER DEPARTMENT**

### **EXPENDITURES**

The water budget includes expenditures for the maintenance of the City's water system. The department is cognizant of the ever-increasing cost of water and is attuned to the fact that most of the customers' water bills will continue to increase into the near future as the Great Lakes Water Authority (GLWA) continues its nearly \$2 billion investment in capital improvements. The goal of the GLWA is to ensure that the supply of water is provided without interruption and to the satisfaction of the consumer.

Annual costs attributed to SOCWA are estimated based upon a variable cost (water consumption) and a monthly fixed cost. As stated in the previous section we anticipate purchasing 21,100 units of water at an estimated cost of \$454,416 dollars. In 2015 SOCWA began assessing a fixed charge in addition to the variable per unit rate. In 2021 the fixed monthly rate decreased from \$3,443 per month to \$3,373 at a commodity rate of \$17.26 per 1,000 Cu Ft.

This budget does contain additional funding for Water System Maintenance for Lead & Copper assessments and replacement. It is anticipated that in the near future, the City will need to replace the residential water meters.

## SEWER DEPARTMENT

### REVENUES

Revenues necessary to fund sewer operations are based on the cost of operating our sewer department. As part of the cost for the provision of sewer service to residents, we must pay for the disposal of sewage to outside entities. The rates that we pay for sewer are included in the projections for sewer expenditures. Once the expenditure side has been calculated, the sewer rate necessary to fund sewer operations is based on the following factors:

- The sewer rate charged to the Evergreen/Farmington Sewage Disposal System (EFSDS) operated by the Water Resources Commissioner by the Great Lakes Water Authority to cover their operations.
- An additional rate applied to the above by EFSDS to cover their operational costs.
- An additional rate applied to the above by the City to cover our operations.
- The City's water loss ratio.
- Revenues earned through investments and penalties.

### SEWER RATE

Despite “*Stabilizing Flow*” based sewer bills (in place since 2011-2012), sewer rates will increase from \$85.61/unit to \$87.37/unit for FY 2023-24. representing a 2.05% increase per unit. A focus on inflow and infiltration mitigation by the City's on-going sewer lining program is expected to further eliminate the potential of sanitary sewer overflows at Lathrup's Sanitary Storm Water Retention Tank - commonly referred to as “The Tank”. Inflow and Infiltration will also assist Lathrup in lessening flows and thus the overall cost to operate our sewer system. It should be further noted, despite Lathrup's water usage decreasing, corresponding decreases in sewer charges is not the case due to infrastructure and operation costs.

## SEWER DEPARTMENT

### EXPENDITURES

The sewer budget contains expenditures for the maintenance of the City's sewer system. The overall goal of the department is to provide a high quality of life for the customers through the provision of a high-quality sewer system. We are also aware of the enormous investment on the part of the residents for the system improvements dictated by the Final Order of Abatement; in 2009 we saw the last of the 20-year dedicated sewer millage. The City entered into a Consent Judgment with the Michigan Environment, Great Lakes & Energy (EGLE), formerly named Michigan Department of Environmental Quality (MDEQ) in 2005. This called for a Short-Term Corrective Action Plan (STCAP), which was approved and a Long-Term Corrective Action Plan, which also was approved. We have lined approximately 75% of our sewers and rehabbed hundreds of manholes. Despite this, we are still seeing excess flows during wet weather events. In the two previous years to last (2017 and 2018) we did not experience a SSO. There was only one SSO in 2016 and 2020. We still have some work to do to come into full compliance with the EGLE and lessen our storm water flows in our sanitary sewer

The City received a grant in 2013 that allowed for the cleaning and televising of sewer mains in the south side of Lathrup Village (south of 11 Mile) for structural or grouting deficiencies that lead to infiltration problems. Sewers were grouted in the late 1980s with a life expectancy of this work to last 15 to 20 years. The cleaning and televising yielded roughly \$520,000 worth of needed cured-in-place-piping (CIPP) and grout work needed to slow groundwater from infiltrating our system through our sewer mains.

Lathrup Village lies in the Evergreen Farmington Sanitary Sewer District of Oakland County. The Water Resource Commission of Oakland County is the authority when it comes to Lathrup's legislative discharge amounts of 3.35 cfs. As stated earlier in this report, 3.35 cfs is not large enough to cover the amount of water received during rain events. Oakland County WRC is entered into an agreement to take over the operations and maintenance associated with "The Tank," since they already maintain and manage all other Oakland County SRTs. Lathrup Village's SRT is currently being monitored by EGLE to ensure maintenance and operational compliance.

The FY 2023/24 Sewer Budget reflects no increase in Sewer System Maintenance from the previous year and will remain at \$273,000. Sewage Disposal Rates increased \$15,436 due to a reduction in water sales which affects the amount of sewage usage. Capital expenditure is increasing \$305,000 from last year and is related to the additional costs for the Sanitary Retention Tank improvements that are scheduled for the 2023/24 fiscal year.

Sewer combined with water increases will continue to be an issue between our residents and the authorities that charge for these services. Lathrup Village continues to meet monthly with SOCWA, the Oakland County WRC, and the Great Lakes Water Authority to ensure our concerns are represented.

### **LINE-ITEM DEFINITIONS**

The following definitions apply to all line items within the Sewer budget.

**Salaries & Wages - Permanent:** Reflects the cost for full-time equivalent employees.

**Contractual Services:** Reflects allocated costs for DPS/Lathrup Services contract.

**Fringe Benefits:** Reflects the cost of employer-provided benefits such as pension, health insurance, and life insurance.

**Sewer System Maintenance:** Reflects the cost for repairs and maintenance to the sewer system. This may take the form of sewer main collapses, sewer cleaning, etc. Includes contract with Oakland County Water Resource Commission for the operation/maintenance of the Sanitary Retention Tank and repair of the Rummel Drain.

**Auditing Services:** Reflects the cost for a portion of our annually required independent audit. The total projected cost for this service, currently being provided by the accounting firm of Plante & Moran, is spread among all funds since all funds must be audited.

**Liability Insurance:** Reflects a portion of the cost for our insurance coverage through the Michigan Municipal League Liability and Property Pool program. Coverage includes insurance for buildings, vehicles and equipment, police professional liability, errors and omissions, and coverage for legal actions against the City.

**Sewage Disposal:** Reflects the cost for sewage disposal from the Evergreen/Farmington Sewage Disposal System.

**Rent & Utilities:** Reflects the cost for utilities and rent of the DPS building for sewer operations.

**Retention Tank:** Reflects the cost for the operation and maintenance of the City's retention tank.

## DEBT SERVICE

The Debt Service budget contains expenditures that will satisfy the necessary principal and interest payment for all bonds and installment contracts approved and authorized by the City. As you will see from the Summary of Adopted Expenditures, there are currently two outstanding issues that require repayment. They are:

1. Sanitary Sewer Capital Improvement Bonds. This bond leveraged a like amount of grant funds from Oakland County. This is a 20-year issue.
2. SRF Bond, starting in 2010, was sold through the State of Michigan at a discounted rate and included almost \$500,000 of Federal stimulus funds that actually lowered the principal through “principal forgiveness.” This is also a 20-year issue.

Note: In 2008, the City sold Capital Improvement Bonds and in 2010 sold the SRF Bonds. While this is debt, it is not being paid for through a debt millage. This is currently being paid for through sewer rates. Included in this section is a schedule that shows all of the debt service schedules under this budget.

The Capital Acquisition Funds continues to provide for the systematic replacement of equipment and to provide funding for other capital projects. The budget has been set up so that you can view the specific areas where revenues have been transferred into the Capital Acquisition Fund. This fund is no different than any of the other funds. In future years, the City will see a growth in the fund as we accumulate money for future replacements.

The Summary of Revenues, found below, shows the source of funds and the fund from which they originate.

## **LINE-ITEM DEFINITIONS**

The following definitions apply to all line items within the Capital Acquisition Fund.

## Historical Snapshot

Over the years, DDA activities included hosting events, implementing business assistance programs such as a façade improvement grant, sign grant, and streetscaping initiatives. These activities demonstrate the DDA's desire to foster a business-friendly environment while transforming the commercial corridor into an identifiable & desirable destination. While the DDA intends to continue and expand these activities, the circumstances of the pandemic challenged us to refine and find new ways to support our business community more fully. The 2022 DDA Annual Report details how the pandemic continued to influence our activities last year.

Southfield Road is the main commercial corridor; however, this thoroughfare poses many challenges to fostering a thriving business district. Some of these challenges include a wide public right-of-way, lack of curbing and pedestrian crossings, high travel speeds, and an old stormwater ditch system. The Road Commission for Oakland County (RCOC) has spent numerous years working with Lathrup Village, Southfield, and Beverly Hills to develop a preferred alternative for the reconstruction of Southfield Road. The required environmental assessment for the preferred alternative was submitted in 2021; however, it is generally believed that federal funding will not be secured for several more years. As a result, the city is working with RCOC to design interim improvements with construction to be completed in 2024.

The DDA continues to make strides in its streetscaping and accessibility. The Board of Directors initiated a 3-year Sidewalk Replacement Program to coincide with the city program, which saw the direct investment of DDA funds into the district infrastructure. The DDA also adopted a 5-year alleyway and approach program, and has already replaced 3 alleys and 14 approaches.

## Planned Activities: 2023/2024

### *Business Development*

Lathrup Village is a great location for small business startups – space is affordable and major transportation arteries are easily accessible. While attracting new business remains a priority, supporting and retaining current business is our current focus. At the outset of the pandemic the Lathrup Village DDA established an incubator program – Lovin' Lathrup Village Business Relief Mini-Grants. Implementation of this mini grant has faltered, and staff continues to explore the best path forward. The Economic Vitality Committee will re-evaluate the grant requirements to fully implement the mini-grant in FY 23/24.

LVDDA assistance has not been exclusively financial but has included a concerted effort to provide opportunities for increased digital marketing, virtual events and trainings. LVDDA has partnered with the cities of Oak Park and Southfield to develop a series of

free learning opportunities for our businesses; these efforts are supported by Main Street Oakland County and the Southfield Regional Chamber of Commerce. Other programs to be rejuvenated and reimagined include Live in LV videos, Featured Fridays, and reestablishing a quarterly e-newsletter specifically for businesses.

### *Streetscaping and Beautification*

In previous years, the DDA budget allocated funds for a façade improvement and sign grant programs. The sign grant program continues to be well-utilized by businesses. The façade improvements program was revamped to include site beautification activities such as landscaping and parking lot improvements. There has been a modest increase in the use of these funds since making adjustments to the parameters.

Enhancing the “curb appeal” of Southfield Road continues to be a DDA priority. In the past, the uncertainty of *when* the long-awaited Southfield Road reconstruction will occur put the DDA in limbo and resulted in an overall lack of investment. Over the past three (3) years, beautification & streetscaping efforts have included the installation of banners, flowers, and flower planters, increased the number of corridor cleanups, and landscaping improvements at both gateway flowerbeds and at City Hall. Streetscaping and accessibility improvements have been pervasive over the past two years. The business district saw the direct investment of DDA funds into the infrastructure through the DDA Sidewalk Replacement Program and the implementation of the alleyway and approach program, which has already replaced 3 alleys and 14 approaches.

The DDA continues to advocate to the Road Commission for Oakland County (RCOC) for improved pedestrian safety and accessibility along the Southfield Road corridor. RCOC has granted the DDA permission to install a HAWK signal near the Margate/Southfield Road intersection. RCOC is also looking to include additional signals between 11 and 12 Mile Roads as part of the resurfacing project in 2024.

A Beautification Task Force was formed in 2021 to assist with additional streetscaping and placemaking efforts. A partnership with Boys2Men Youth Mentoring, and their partnership with MiWorks!, will help the DDA and the city with flowers and maintenance, and it will provide workforce development opportunities to young people. Additional funds have been allocated to supplement those activities.

### *Events*

DDA-sponsored events include the annual Southfield Corridor Cleanup, Small Business Saturday Winter Artisan Market, Juneteeth Celebration, and Fall Fest. There is close coordination of events & programming between the DDA & the city. Opportunities to expand the DDA presence at events will be explored, as will adding new events such as an

art fair and movie in the park. The DDA will continue partnering with the Southfield Regional Chamber of Commerce to provide ribbon-cuttings to new businesses.

### *Training & Strategic Planning*

It is extremely important to ensure staff is being trained and keeping up-to-date on the latest best practices. It is equally as important that ensure board members have access to training and they are actively encouraged to take advantage of these opportunities. The Board of Directors participated in strategic planning efforts lead by the National Main Street Center to guide our COVID-19 recovery efforts. These workplans will be the foundation to guide our activities over the next few years. Board members will be encouraged to attend the National Main Street Conference.

### *Joint Meetings*

The DDA Board of Directors will continue participating in joint meetings with City Council and Planning Commission to ensure consistent communication and collaboration on planning projects, zoning ordinance amendments, and related initiatives.

### *Future Development*

In November 2022, voters chose not to permit cannabis facilities from locating in the city. Since this decision, interest in commercial properties has gradually increased. In 2022 and the first part of 2023, the community has realized the completion the BP Gas Station, improvements to Discount Tire, new church & social services at 18411 W. 12 Mile, the demolition of the former Citizens Bank to make way for a new Panera, a new vocational school specializing in home health care– Ambassadors Institute, a new catering and banquet facility – The Event House, and several more are in the pipeline.

The city continues to refine its processes to better align with the Redevelopment Ready Communities (RRC) best practices. This has included updating the city’s development guide, establishing pre-application meetings, and generally fostering a welcoming, business-friendly atmosphere. It is expected that these efforts will help attract future development.

### *Main Street Oakland County*

Lathrup Village is an associate level community – the second rung of Main Street Oakland County’s three-tiered system. The DDA’s goal is to strengthen our volunteer-base and community engagement with the intent to move up to the Select level. Advancing through the tiers at MSOC will provide greater access to MSOC resources and enhanced funding opportunities. The DDA continues to work closely with MSOC on numerous programs and initiatives.

## DDA Revenue

### *Revenue 2010 through 2022*

The district has seen revenues fluctuate in response to the various economic stressors. Revenues gradually began to climb in 2015, and by FY 19/20 the LVDDA district had exceeded the highpoint from a decade ago. While investment in commercial properties happens at a slower pace than perhaps in neighboring communities, overall, the district sees a consistent number of redevelopment projects annually. This has led to increased property values. It should be noted that there is still a high level of uncertainty on the medium to long-term economic impact on businesses small & large due to the pandemic and the current global economic conditions. Reliant on tax revenues, DDAs across the county have been encouraged to diversify revenue sources. Efforts to identify new potential sources of revenue be encouraged.

### *Revenue Sources*

The revenue sources for the DDA are outlined and briefly described below:

*Tax Increment Financing (TIFA-CAPTURE TAXES):* Tax increment financing is the largest funding source. This funding mechanism captures increases in taxable value for the DDA.

*DDA Millage (TAX COLLECTED OTHER):* The DDA levies an additional millage on properties within its boundaries. This is the second largest funding source for the DDA. For the past two years, the millage rate has remained consistent at **1.8823 mils** for every dollar of taxable value in the DDA District. This rate will remain the same in 2023/2024.

*Special Assessment:* No revenues are planned in this category.

*Investment Interest:* The DDA earns interest on its saved fund balance.

*Federal/State Grants:* The DDA routinely seeks out and applies for grant funding to support its programs & initiatives.

*Miscellaneous Revenues:* This is comprised of personal property taxes paid to the state and passed on to the DDA.

## RE: Lathrup Boulevard Bridge Over I-696 at 11 Mile Rd Closure Study

Dear Chief McKee:

At your request the Transportation Improvement Association (TIA) reviewed the Lathrup Boulevard bridge over the I-696 expressway between the eastbound and westbound 11 Mile Road Service Drives with respect for motorists' safety at the intersections and concerns for the crossing of pedestrians and bicyclist. For this evaluation, TIA conducted a site visit to assess the existing conditions, reviewed crash history, and collected vehicular volume data.

## EXISTING CONDITIONS

The site visit review was conducted on Wednesday, May 31, 2023 and included observation of Lathrup Boulevard, the bridge over the I-696 Expressway, and the eastbound and westbound 11 Mile Road Service Drives in the immediate area of the intersections of these roadways.

Lathrup Boulevard is a 2-lane, 2-way, roadway north and south of its intersections with the 11 Mile Road Service Drives of the I-696 Expressway. On the bridge over I-696 the roadway is also a 2-lane, 2-way road, and has a double yellow centerline pavement marking. Lathrup Boulevard is controlled with Stop signs at its intersections with the 11 Mile Road Service Drives which are the uncontrolled through roads.

11 Mile Road eastbound is a 3-lane, one-way, road. The left lane continues exclusively to the eastbound I-696 entrance ramp. The middle lane is optional eastbound through or eastbound I-696 entrance ramp, and the right lane is eastbound through only. A left turn movement from eastbound 11 Mile Road onto northbound Lathrup Boulevard (bridge over I-696) is prohibited with a posted no left turn sign. The Speed Limit is 40 MPH.

11 Mile Road westbound is a 4-lane, one-way, road. The left 2-lanes are a continuation from the westbound I-696 exit ramp to Southfield Road. The right 2-lanes are a continuation of the westbound 11 Mile Road through lanes. A left turn movement from westbound 11 Mile Road onto southbound Lathrup Boulevard (bridge over I-696) is prohibited with a posted no left turn sign (damaged, and laying on the ground at the time of this site visit). The speed limit is 40 MPH.

Observation of traffic operations at these intersections has concerns for ability of motorists, pedestrians, and bicyclists to obtain a sufficient acceptable gap in the flow of traffic, especially at the westbound 11 Mile Road location. High speed traffic from the exit ramp of I-696, sight lines limited by the grade of the road, the multiple lanes, and the existence of traffic backups, contribute to these concerns. In regard to pedestrians or bicyclists, this was previously studied and resulted in a unanimous conclusion by TIA, city officials and their engineers, that an alternative crossing location needed consideration and implementation. See attached study report dated June 7, 2021.

## **CRASH HISTORY**

A review of the 3-year (2020-2022) crash history of Lathrup Boulevard at its intersections with the eastbound and westbound 11 Mile Road Service Drives of the I-696 Expressway were conducted.

At the Lathrup Boulevard and 11 Mile Road eastbound intersection there were 15 total reported crashes, 3 angle type, 7 rear-end type, 2 side-swipe same direction type, 1 side-swipe opposite directions type, and 2 reported as other type. Of these crashes, 4 resulted in injuries.

At the Lathrup Boulevard and 11 Mile Road westbound intersection there were 33 total reported crashes, 1 single vehicle type, 18 angle type, 11 rear-end type, 2 side-swipe same direction type, and 1 reported as other type. Of these crashes, 9 resulted in injuries with 3 of these serious type A.

## **SUMMARY OF VOLUME DATA**

During April of 2023, traffic volume counts were collected on Lathrup Boulevard at three locations, south of eastbound 11 Mile Road, north of westbound 11 Mile Road, and on the bridge over I-696. During October of 2018 and September of 2021, traffic volumes were collected on eastbound and westbound 11 Mile Road. The locations and Average Daily Traffic (ADT) volume data is summarized below:

- Lathrup Blvd South of EB 11 Mile Rd, ADT = 985 vehicles, NB = 660 vehicles, SB = 322 vehicles
- Lathrup Blvd North of WB 11 Mile Rd, ADT = 628 vehicles, NB = 221 vehicles, SB = 407 vehicles
- Lathrup Blvd on the Bridge over I-696, ADT = 464 vehicles, NB = 148 vehicles, SB = 318 vehicles
- Eastbound 11 Mile Rd, East of Southfield Rd, ADT = 18,888 vehicles
- Westbound 11 Mile Rd, East of Southfield Rd, ADT = 13,822 vehicles

There are approximately 19,866 vehicles entering the Lathrup Boulevard and 11 Mile Road eastbound intersection on an average weekday. There are approximately 14,377 vehicles entering the Lathrup Boulevard and 11 Mile Road westbound intersection on an average weekday. See the attached volume count reports.

## **INTERSECTION EVALUATION**

One of the warrants in the Michigan Manual on Uniform Traffic Control Devices (MMUTCD) for consideration of a traffic signal installation is crash experience. The crash experience signal warrant conditions are intended for application where the severity and frequency of crashes are the principle reasons to consider installation of a traffic signal. The warrant states, five or more reported crashes within a 12-month period, each crash involving personal injury or property damage apparently exceeding the applicable requirements for a reportable crash.

The Lathrup Boulevard and 11 Mile Road westbound intersection crash experience is meeting the conditions to consider installation of a traffic signal. However, Due to the location of this intersection in relation to the I-696 westbound exit ramp and the existing traffic signal at the crossover bridge to the west. Installation of a traffic signal is not recommended and alternative proposals should be considered.

## **CONCLUSIONS AND RECOMMENDATIONS**

Due to high traffic volumes, roadway geometric conditions, and traffic crash history, a recommended proposal to consider for improving the overall safety of these two intersections of Lathrup Boulevard with the eastbound and westbound 11 Mile Road Service Drives, is closure of the bridge over I-696 to all vehicular traffic except emergency vehicles only. This would also include prohibiting pedestrians and bicyclist from using the bridge.

Temporary closure of the bridge to see if it reduces crashes at the two intersections could be done on a trial bases before moving forward with a permanent closure. A temporary signage plan limiting access for emergency vehicles only and restricting vehicular traffic on northbound and southbound Lathrup Boulevard to a right turn movement only, furthermore, directing pedestrians and bicyclist to Southfield Road to cross I-696, has been prepared by the city's engineers, Giffels-Webster.

Vehicular traffic prevented from using the bridge can continue easterly or westerly on the respective 11 Mile Road Service Drive to the next provided crossover of the I-696 expressway.

## RE: 11 Mile Road and Lathrup Boulevard Bicycle Route Crossings

Dear Chief McKee:

At your request the Transportation Improvement Association (TIA) reviewed the intersections of Lathrup Boulevard and the 11 Mile Road, eastbound and westbound, service drives of the I-696 expressway with respect to the safety of the bike route crossings.

Several site visits by TIA were made to observe traffic operations at these intersections during different time periods throughout a typical day. During one visit, TIA met with the city's consulting engineers, Giffels Webster. Upon observation, concerns for ability of bicyclist to have sufficient acceptable gaps in the flow of traffic, especially at the westbound 11 Mile Road location, resulted in a unanimous conclusion that an alternative crossing location needed consideration.

Upon further discussion and subsequent to a meeting held at City Hall on June 3, 2021 to discuss the issue and alternative bike route crossing locations, it was a recommendation of TIA, and a unanimous decision of those present, to have bicyclist directed to use the sidewalks along the 11 Mile Road service drives to Southfield Road where they can use the signalized intersection with pedestrian crossing indications to safely cross the 11 Mile Road service drives.

Bicyclist will be required to walk their bikes when using the sidewalks. Giffels Webster Engineers will be revising the bike route signing plan to reflect this requirement and the revised route. TIA has offered to review this revised signing plan when completed.

At the location of northbound Southfield Road and eastbound 11 Mile Road, there has been concerns for pedestrian safety, whereas, there's a dual right turn movement allowed. Upon review, it was determined that a "Watch for Pedestrians While Turning" sign was missing from the median location on the north side of eastbound 11 Mile Road. It was also observed that the existing "Watch for Pedestrians While Turning" sign on the east side of Southfield Road, prior to the intersection is in poor condition. These sign observations have been reported by TIA to the Road Commission for Oakland County (RCOC) for investigation and correction. RCOC informed TIA that a two second leading pedestrian interval has been programed into the intersection signal timing plan to allow for pedestrians to enter this crossing where they can more easily be seen before the turning traffic is released.

Thank you for being a safety partner. Please don't hesitate to contact me if you have any questions or comments.

**CITY OF SOUTHFIELD - CITY OF LATHRUP VILLAGE  
FIRE PROTECTION SERVICES CONTRACT**

THIS AGREEMENT is made this \_\_\_\_ day of \_\_\_\_\_, 2023, by and between the City of Southfield, a Michigan municipal corporation, and the City of Lathrup Village, a Michigan municipal corporation.

**W I T N E S S E T H:**

WHEREAS, the City of Lathrup Village does not have the necessary facilities except for water, water mains and fire hydrants, to provide fire protection services to the persons and property located within its city limits; and

WHEREAS, the City of Southfield is possessed of fire-fighting equipment and personnel adequate to serve the needs of the City of Lathrup Village; and

WHEREAS, the City of Lathrup Village is desirous of purchasing fire protection services from the City of Southfield and the latter is agreeable to furnishing such services upon the terms and under the conditions herein stated; and

WHEREAS, the City of Southfield and the City of Lathrup Village are legally authorized to enter into an Inter-Municipal contract involving the provision of fire protection services by the City of Southfield to the City of Lathrup Village pursuant to the law of the State of Michigan, to wit: Art. VII, Section 28 of the Michigan Constitution of 1963, and Public Act No. 236 of 1967, as amended, (MSA 5.3323(1), et seq.; MCL 123.811, et seq.) and Public Act No. 35 of 1951 (MSA 5.4081, et seq.; MCL 124.1, et seq.);

NOW, THEREFORE, IT IS AGREED by and between the parties as follows:

1. The City of Southfield agrees that it will provide fire protection services commencing July 1, 2023 through June 30, 2025 and that this Contract can be extended for an additional one (1) year period through June 30, 2026 at the option of the City. During these time periods, and during all times that the instant Contract is in full force and effect, the City of Lathrup Village agrees to purchase such fire services, subject to all of the terms, conditions and qualifications set forth herein.

2. It is the intention of the parties hereto that the fire protection services be rendered by the City of Southfield to the City of Lathrup Village and that said services shall be equivalent to the services rendered by the City of Southfield to the property located therein, to the owners thereof, and to its residents. The services to be rendered shall include the services of the City of Southfield's Life Support Unit, and other similar services, as well as actual fire-fighting. Notwithstanding anything contained in this Contract to the contrary, the responsibility of the City of Southfield to the City of Lathrup Village or to any resident thereof, or property therein, shall not be any greater than the responsibility of the City of Southfield to its own residents and property.

No failure on the part of the City of Southfield to fulfill any part of this Contract shall give rise to any claim for redress unless such non-performance would have given rise to a valid claim if the occurrence had taken place within the city limits of the City of Southfield.

3. The City of Lathrup Village agrees that in the event the City of Southfield shall be unable to respond to any call for fire protective services or the services of the Life Support Unit because of the prior commitment of its equipment and personnel, or if for any reason beyond its control, the City of Southfield shall be unable to reach the scene of a fire, or if there shall be any failure of communication or error therein which is beyond the control of the City of Southfield and which prevents or delays an arrival of fire equipment where or when it is needed, there shall be no liability of any kind or nature on the part of the City of Southfield.

4. It is understood and agreed by the parties hereto that the City of Southfield and all its agents and personnel, while performing any act under the terms of this Contract, shall be deemed to be acting in a governmental capacity and shall not be liable in damages or otherwise for any personal injury or property damage suffered by any person or persons during such performance as provided by law.

5. The City of Lathrup Village, agrees that it will indemnify, save harmless, defend, and release the City of Southfield from all actions, proceedings, claims, liabilities and damages arising from or in connection with this Agreement, without limitation, for any loss or damage to any uninsured property or any fire related equipment of the City of Southfield, incurred in connection with the performance of this Contract, including, by way of example and not limited to, damage to Southfield fire trucks, pumpers and Southfield fire equipment damaged due to lack of maintenance of City of Lathrup Village equipment and/or property. The City of Lathrup Village further agrees that it will be responsible for the proper defense of any and all claims made by any person, firm or corporation against the City of Southfield arising from any cause whatsoever in connection with the performance and obligations of this Contract by the City of Southfield within the City of Lathrup Village. The City of Southfield shall be named as additional insured or additional protected entity under the City of Lathrup Village insurance policy or other similar protection, which protection to the City of Southfield shall be primary, notwithstanding any protection, whether primary, excess, or contributing, otherwise available to the City of Southfield. In the event any claims, actions, proceedings, liabilities, or damages occur or arise outside the corporate limits of the City of Lathrup Village while the City of Southfield is performing its obligations pursuant to this Contract, the City of Lathrup Village agrees that it will indemnify, save harmless, and defend the City of Southfield, for any and all liability therefrom, including, without limitation, any loss or damage to any uninsured property or equipment of the City of Southfield, to the extent of coverage to the City of Southfield by virtue of the City of Southfield's inclusion as a protected entity within the insurance policy or other similar protection of the City of Lathrup Village. The City of Lathrup Village shall pay all deductibles associated with such insurance coverage or other similar protection. The City of Lathrup Village shall pay and shall indemnify the City of Southfield for any deductibles or co-payments charged or assessed by any applicable insurance carrier with respect to the replacement or repair of any fire equipment damaged as a result of or by reason of the City of Southfield's performance under this Contract. Provided, however, the City of Lathrup Village is not precluded from bringing action against the City of Southfield only for the material breach of this Contract by the City of Southfield and the

City of Lathrup Village will not be obligated to defend such action or pay any resulting judgment therefrom. Nothing herein contained shall be deemed to prevent the City of Southfield from employing counsel or joining in the defense of any action against it as provided by insurance coverage or otherwise at its own cost. For purposes of the indemnity provisions herein, the City of Southfield shall be deemed to include the City of Southfield and all employees, officers, and agents thereof. The City of Lathrup Village's insurance coverage or other similar protection beneficially for the City of Southfield shall be provided to the same extent and limits of coverage as the City of Lathrup Village maintains for its own general liability insurance or similar protection. The City of Lathrup Village shall at all times during the term of this Contract, provide access to the City of Southfield of any and all documents, records, certificates or files relating to the City of Lathrup Village's insurance or other similar protection coverage for purposes of the City of Southfield's inspection and review thereof, and shall provide copies of such documents as shall reasonably be requested by the City of Southfield.

These indemnity/release provisions set forth herein shall survive the termination or expiration of this Contract.

6. It is agreed that when any fire or other apparatus or personnel from the City of Southfield responds to any call for service within the City of Lathrup Village, all of the fire equipment and all of the members of the City of Southfield Fire Department shall be under the exclusive command of the senior officer of the City of Southfield Fire Department then present, and no person or officer of the City of Lathrup Village shall have any supervisory or disciplinary control whatsoever with respect to such fire or other apparatus and personnel.

7. It shall be the responsibility of the City of Lathrup Village to provide and maintain adequate water mains, fire hydrants, water supply, water pressure, roads, alleys, routes of access and traffic control as may be necessary and reasonably convenient for the proper performance by the City of Southfield of its obligations under this Contract. No failure of any one of the foregoing items shall be the responsibility of the City of Southfield or its personnel or agents. It is further agreed that the City of Southfield shall inspect, test and pump out the fire hydrants of the City of Lathrup Village and any defect or impairment in the fire hydrants discovered shall be reported in writing immediately to the City of Lathrup Village which shall be solely responsible for repairing and correcting all such defects or impairments. To improve water reliability, the City of Lathrup Village will repair/replace watermains on the following streets during this contract: Avilla – Lathrup Blvd to dead end; Roseland – Lathrup Blvd to Southfield; Redwood – Southfield to dead end; Catalpa – Lathrup Blvd to Southfield.

8. In connection with the performance of this Contract, the City of Southfield shall provide same type of fire inspection and fire prevention service as is rendered to the property and residents of the City of Southfield, including fire inspection of new buildings. The City of Southfield shall render to the City of Lathrup Village an annual report of its total fire activities, also showing those occurring in the City of Lathrup Village, and shall monthly submit a report of all fire and rescue incidents occurring in the City of Lathrup Village and handled by the City of Southfield Fire Department during the previous month.

9. In connection with the performance of this Contract, it shall be the responsibility of the City of Lathrup Village to notify the City of Southfield of all new businesses and their locations within thirty (30) days after a new business has opened its doors for business operations.

10. In consideration of the performance of the City of Southfield of the foregoing obligations, the City of Lathrup Village shall pay to the City of Southfield for the period of this agreement; the annual sum of \$\$684,620.21 for the period of July 1, 2023 through June 30, 2024; and the annual sum of \$\$718,851.22 for the period of July 1, 2024 through June 30, 2025. It is understood and agreed, however, in the event that an arbitration or other third-party compulsory award is rendered against the City of Southfield with respect to wages or rates of compensation to be paid by the employees and personnel of the City of Southfield Fire Department, the above rate of compensation will be further adjusted and increased to reflect such increased costs to the City of Southfield. The annual sum as set forth above, shall be divided into equal quarters and each such quarterly payment shall be due on or before July 1, October 1, January 1, and April 1, in advance of the period within which the services are rendered. Payments shall be directed to: Austen Michaels, Director of Fiscal Services. As to the first fiscal year beginning July 1, 2023, all quarterly payments which have not been made prior to the execution of this Agreement shall be due and payable upon the execution of this Agreement. In addition to the foregoing charges, the City of Lathrup Village shall pay to the City of Southfield any increased cost for insurance for the protection of the personnel of the Fire Department which may be assessed by any insurance company for the City by virtue of the fact that such fire personnel shall be acting outside of the city limits of the City of Southfield pursuant to this Contract. The City of Southfield may terminate this Contract upon ten (10) days notice to the City of Lathrup Village upon the City of Lathrup Village's failure to make timely payment of the quarterly payments and other charges as herein required or failure to maintain insurance or similar protection in accordance with Section 5 hereunder, and after receiving such notice, the City of Lathrup Village shall be allowed to cure the described defect within twenty (20) days from the date of such written notice, and upon the failure of Lathrup Village to cure the defect, the Contract shall then terminate.

11. Each party shall carry full Michigan Workers' Compensation insurance for all of their respective employees, and neither party shall be liable to the other for any injuries, accidents, or damages occurring to or sustained by their respective employees.

12. This Contract shall be effective and continue in effect for the period from July 1, 2023, to June 30, 2024 and thereafter from July 1, 2024 to June 30, 2025, until and unless otherwise terminated by written notice as herein set forth. Except as provided in Section 10 herein, the Fire Protection Services provided in this Agreement shall continue to be provided by Southfield to Lathrup Village beyond the expiration date as provided herein, until either party has provided the other with a prior one hundred-eighty (180) day written notice of termination of this Agreement. Provided, however, the indemnity provisions contained herein shall survive any termination or expiration of this Contract, with respect to claims, demands and/or lawsuits instituted against the City of Southfield, its officers, agents or employees, subsequent to such termination or expiration of the Contract. Notice required hereunder shall be conclusively presumed to have been served when deposited in a United States Post Office box enclosed in an envelope with postage fully prepaid thereon addressed to the then municipal office of the party upon whom notice is being served.

13. Both municipalities understand their mutual need to forecast expenditures well in advance of the adoption of their annual budgets and to pre-plan for anticipated major increases in the cost of services one or more years in advance. To this end, the City of Southfield shall provide

the City of Lathrup Village with any proposals or plans which may involve increasing or decreasing expenditures for fire services before March 1<sup>st</sup> of each fiscal year so that the City of Lathrup Village will have reasonable notice of possible increases and a reasonable opportunity to evaluate the end costs to the City.

14. The parties to this Contract agree that they, and any sub-contractors who may exist in the future, shall not discriminate against any employee or applicant for employment who performs any services under this Contract with respect to the hire, tenure, terms, conditions, or privileges of employment, or as to any matter directly or indirectly related to such employment, because of a handicap that is unrelated to the individual's ability to perform the duties of a particular job or position. Any breach of this covenant shall be regarded as a material breach of the Contract.

15. Both parties to this Contract agree that there shall be no discrimination against any employee who is employed in the work covered by this Agreement, or against any applicant for such employment, because of race, color, religion, sex, national origin, marital status, height, weight, family status, sexual orientation, gender identity, or age. This provision shall include, but shall not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection of training, including apprenticeship.

16. No failure by either party to insist upon strict performance of any covenant, agreement, term or condition of this Contract or to exercise any right, term or remedy consequent upon a breach thereof, shall constitute a waiver of any such breach or of such covenant, agreement, term or condition. No waiver of any breach shall affect or alter this Contract, but each and every covenant, agreement, term and condition of this Contract shall continue in full force and effect with respect to any other then existing or subsequent breach thereof.

17. If any provision of this Contract or application thereof to any person or circumstance shall, to any extent, become invalid or unenforceable, the remainder of the Contract, or the application of such provisions to persons or circumstances other than those as to which it is invalid or unenforceable shall not be affected thereby, and each provision of this Contract shall be valid and enforceable to the fullest extent permitted by law.

18. This instrument contains the entire agreement between the parties and all prior negotiations and agreements are merged herein. Neither party, nor either party's agents have made any representations except as expressly set forth herein, and no rights or remedies are or shall be acquired by the other party by implication or otherwise unless expressly set forth herein.

19. The rights and remedies set forth herein are not exclusive and are in addition to any of the rights and remedies provided by law or equity.

20. In the event that either party shall be delayed or hindered in or prevented from the performance of any act required hereunder by reason or strikes, lockouts, labor troubles, inability to procure materials, failure of power, restrictive governmental laws, regulations, riots, insurrection, war, or other reason of a similar or dissimilar nature, not the direct fault of the party delayed in performing hereunder, then the performance of such acts shall be excused for the period of the delay.

21. This Contract shall not be assigned without the prior written agreement of both parties.

22. Due to the fact that street closures impede emergency access, the City of Lathrup Village agrees that prior consultation with the City of Southfield Fire Department is required before any street closures in the City of Lathrup Village may occur. The City of Lathrup Village further agrees that in the event the normal flow of traffic is impeded by road construction or some other unusual event so that access to Lathrup Village by public safety vehicles is hindered and/or access by public safety vehicles through Lathrup Village to certain sections of the City of Southfield is required, then upon a declaration of an emergency by the Southfield Chief of Police or Chief of the Fire Department, the City of Lathrup Village agrees to remove, immediately upon notification, such barriers as are deemed necessary by the City of Southfield which may at the time be installed at locations bordering the City of Southfield. Such barriers may be reinstated by the City of Lathrup Village at the termination of such emergency.

23. Upon the default by the City of Southfield in the performance of its obligations hereunder, the City of Lathrup Village shall notify the City of Southfield in writing specifying the nature of the claimed default. The City of Southfield shall have not more than thirty (30) days from receipt of the written notice to cure the default. Upon the failure of the City of Southfield to timely cure such default, the City of Lathrup Village may terminate this Contract upon providing not less than ten (10) days written notice to the City of Southfield.

IN WITNESS WHEREOF, the parties have, by their duly authorized officers, hereunto set their hands the day and year first above written.

### **COUNCIL COMMUNICATION:**

**TO:** Mayor Garrett and City Council Members

**FROM:** Susan Montenegro, City Administrator

**DATE:** June 26, 2023

**RE:** Tower Site Lease Agreement Amendment Proposal

Tower Alliance LLC (an authorized vendor of American Tower) sent a proposal to amend the current lease agreement. The amendments will help Tower Alliance LLC retain current tower tenants as well as increase the marketability for new tenants.

The amendments to the lease they are asking for are:

- Add a Right of First Refusal: A right of first refusal (RoFR) would be specific to those companies who are solely in business to buy leases for resale. It would not prohibit the sale of property or the sale of the lease itself to anyone. It would simply give American Tower the mechanism to match, should you accept, an offer to buy the lease from one of the aggregators companies.
- The removal of the formal requirement to secure the City's "consent" for a subtenant. This clears the path for marketing, allowing us to tell a potential tenant that they can move forward without any administrative hindrances. It in no way removes any of the responsibilities for securing permits or doing any of the structural analysis. All those things must still be done, and we of course can provide notice of any onsite changes and set a fixed fee for any sub-tenant.
- Adding 3 5 year term options
- Changing the CPI escalator to a Fixed escalation %

Tower Alliance LLC is offering a one-time signing bonus of \$10,000 as well as matching payments for new tenants so they match current co-locators.

American Tower will draft the amendment and forward for signatures once approved.

### **Suggested Motion:**

**To approve the suggested amendments to the Tower Lease Agreement and authorize the Mayor and City Clerk to sign the amendment document after review by the City Attorney.**

**City Administrator/City of Lathrop Village**

Dear Susan,

As a follow-up to our conversation, I am providing a recap of background information and a proposal.

In most cases, Cell Carriers originated these leases. It was never their intention to add additional carriers to any site. They wanted to control the competition. Carriers subsequently determined that they no longer wanted to be in the Tower business and have divested most of their assets to Tower companies through portfolio sales or management agreements.

American Tower along with other Tower companies focus on those sites that are marketable to other tenants. Assets are most viable if they house more than one tenant and if the lease terms are favorable to marketing attempts. With a reduced number of carriers to which we can market due to mergers and acquisitions, it is critical to make every site attractive to tenants.

As a result of this shift, American Tower is re-evaluating its portfolio in conjunction with network engineers to review which communications facilities are likeliest to remain active in the network. The focus is on reducing expenses, streamlining operations, and optimizing each site. Those leases that are “optimized” will be prioritized for the future. My goal is to make this site lease as attractive as possible to both American Tower, the cell carrier tenants, and of course you as landowner. This is done to increase the site’s potential for long term revenue generation.

American Tower would like keep this site in its long-term portfolio with the goal of retaining the current tenants and increasing marketability to other tenants. The 2 major hindrances to security and marketing are the lack of a Right of First Refusal and the current provision which requires us to secure a signed document from the City if we want to add a tenant.

The amendments to this lease we would like to request are:

- Add a Right of First Refusal: A right of first refusal (RoFR) would be specific to those companies who are solely in business to buy leases for resale. It would not prohibit the sale of property or the sale of the lease itself to anyone. It would simply give American Tower the mechanism to match, should you accept, an offer to buy the lease from one of the aggregators companies.
- The removal of the formal requirement to secure the City’s “consent” for a subtenant. This clears the path for marketing, allowing us to tell a potential tenant that they can move forward without any administrative hindrances. It in no way removes any of the responsibilities for securing permits or doing any of the structural analysis. All those things must still be done, and we of course can provide notice of any onsite changes and set a fixed fee for any sub-tenant.
- Adding 3 5 year term options (optional)
- Changing the CPI escalator to a Fixed 3% escalation
- Signing Bonus of \$10,000

The addition of these items via an amendment helps to optimize the lease for the future. We do have financial incentives for your cooperation. Most importantly, it can help secure the revenue potential for the City as American Tower determines which sites will remain long term.

As I mentioned, and as we had asked previously, sites that are not fully optimized are usually asked for a Rent Reduction to keep the site financially viable and provide us with the time required to continue a more difficult marketing effort.

We can offer a \$10,000 one-time payment for execution of the amendment that covers these issues. In addition, we can establish a future payment for any new co-locator on site. We can state that it will match the payment being made for the current co locators... (approx. 1725 per month at present)

When again reviewing the lease, I noticed that a previous amendment had changed the number of options for terms available, which affected the end date of the Lease It is actually 2/1/2043. With that in mind we would also request the addition of 3 more 5 year options. This will get the lease in sync with other leases as we hope to have all with expiration dates beyond 2055. The last item I mentioned was to request that we change the CPI escalator to a fixed amount. CPI calculations are a nightmare for our accounting department and highly subject to error. We propose a fixed 3% escalation. Industry standard is now only 2% but I believe with the other optimizations I can secure approval at 3%

We request your cooperation to partner with us in this solution which would help keep the site off a portfolio review list and help ensure the long-term viability of this lease.

American Tower Legal would draft the amendment and we then present to you for review and the approval process on your end.

Best Regards,

**Article 9. EMERGENCY LEAVES****9.01 Bereavement Leave**

- A. In the case of death in the "immediate family" a regular full-time employee may be granted a leave of absence with pay for a period not to exceed three (3) days. Such leave may be subject to verification of conditions by the City Administrator or supervisor as required. Up to an additional three (3) days may be taken, if necessary, and with approval of the City Administrator. The additional days will be paid from the employee's personal, vacation or sick bank, in that order. If the employee has no available paid time, the time may be taken as unpaid time subject to City Administrator approval.
- B. For purposes of this section, "immediate family" is defined as current spouse, children, brother, sister, parent or parent-in-law, grandparent and grandparent-in-law, and relatives living in the same household regardless of relationship.

**9.02 Family and Medical Leave Act ("FMLA")**

The City will comply with the provisions of the federal Family and Medical Leave Act (FMLA). Article 22 of this manual outlines the FMLA's requirements, including the rights and obligations of employees, notification requirements, and the City's requirements.

**9.03 Emergency Leaves Charged to Sick Time**

All emergency leave days, as determined by the City Administrator, shall be charged to sick leave, unless otherwise noted by this policy.

**Article 10. MILITARY LEAVE****10.01 Military Leave Granted**

Any employee who leaves the City's service for compulsory military duty shall be placed on military leave without pay for the period of service or duty required and for a period of up to ninety (90) calendar days, as applicable, following the period of actual required service or discharge from a hospital.

**10.02 Reinstatement**

An employee returning from military leave of thirty (30) days or less shall be entitled to restoration to his/her former position, returning to work on his/her next scheduled workday after his/her release from the military, provided the next scheduled workday permits the employee travel time home and eight hours for rest before return to duty.

An employee returning from military leave of thirty-one (31) to one hundred eighty (180) days shall be entitled to restoration to his/her former position, provided he/she makes application within 14 days following release from duty and the employee has not been separated from service with a disqualifying discharge or under other than honorable conditions.

An employee returning from military leave of one hundred and eighty-one (181) days or more shall be entitled to restoration to his/her former position, provided he/she makes application within 90 days after his release from duty and the employee has not been separated from service with a disqualifying discharge or under other than honorable conditions.

#### 10.03 Former Position Non-Existent

In the event the employee's former position is non-existent, the employee will be restored to a comparable position within the City. This section should not be perceived as a guarantee of future employment.

#### 10.04 National Guard or Other Military Reserve Service

All employees belonging to the National Guard are permitted to take leaves of absence without pay during the annual training period. This leave is generally two (2) weeks per fiscal year ending June 30.

### Article 11. **OTHER LEAVES**

#### 11.01 Jury Duty

When on jury duty the employees will be granted their full pay. Any jury pay or fees must be turned over to the City Treasurer. Jurors, when not assigned to cases, must report to their work for the remainder of the day.

#### 11.02 Unpaid Leaves of Absence

Leaves of absence, including any leave for medical reasons which do not qualify for FMLA leave, may be granted at the discretion of the City Administrator when the employee requests such leave 30 days in advance of the proposed start of the leave unless the requirement for advance notice is waived by City Administrator. Such leaves, if granted, are unpaid and may be revoked by the City at any time for any reason. Any non-FMLA leave of absence must be approved in writing by the City Administrator. The City does not guarantee that it will hold a position open for an employee who has been granted a leave of absence. There is no guarantee that your job, or any job, will be available at the end of your leave of absence. This policy does not apply to military leaves, jury duty leaves and workers' compensation leaves.

Requests for personal leaves of absence will be reviewed on a case-by-case basis. The City Administrator will review the request and approve or disapprove each request based on the merits of the case. The demands of the workplace and the duties of the position will be reviewed to determine if approval of the leave request will allow the department to meet its objectives during the absence of the employee requesting the leave.

All accrued paid time off must be used before an unpaid leave of absence will be considered for approval. Employees may request unpaid personal leaves of absence in combination with paid time off, provided the paid time off is used first, followed by unpaid leave of absence.

The City's approval of a personal leave of absence does not alter the City's "at will" employment policy, nor does it imply that a position, whether the same position, a similar position, or indeed any position at all, will be available to an employee following a leave of absence. The City of Lathrup Village will make an effort to retain the position of the employee, but will not guarantee a return to work to the position or to a similar position as that held by the employee at the time the leave commenced. In the event of a change in the staffing needs of the City during the leave of absence, the City reserves the right to make staffing decisions consistent with effective management of business needs.

Benefits during a leave of absence may be suspended during the leave, and reinstated upon return to work, subject to the eligibility requirements in the City's benefit plans. At the City's discretion, employees may be allowed to continue to receive certain benefits if the employee pays 100% of the cost of the benefit. Vacation, sick time, and personal time will not accrue during the leave, and holidays will not be paid during the leave. Seniority and vesting do not accrue during an unpaid personal leave of absence.

Requests for a personal leave of absence must include the beginning and ending dates of the requested leave time, the reason for the leave, and the employee's signature. Leaves must be submitted to the City Administrator with as much advance notice as possible. If an employee fails to report to work promptly at the end of the leave, the City will assume that the employee has resigned, and will begin to process his/her termination of employment.

- A. To the greatest extent possible, the City departments shall purchase software applications which are expected to have long-term publisher support available, and which do not require extensive in-house technical knowledge and support to operate. To achieve this, departments shall attempt to modify internal operations to conform to the software selected, to the greatest extent possible, and shall not contract for custom modifications to any City software without the specific approval of the City Administrator.
- B. #### 17.16 Monitoring of Electronic Mail

All electronic mail messages are the property of the City. As a matter of general policy, the City **will not** monitor electronic mail messages. However, the City reserves the right to access messages under the following circumstances or whenever it is determined by the City Administrator that the reasons for doing so are consistent with the City's need for supervision, control and efficiency in the workplace:

- Upon leaving employment with the City for any reason, a user's mail may be accessed for the purpose of saving those messages that pertain to City business
- If required by law to do so
- When necessary to investigate a possible violation of a City policy
- In the event there is reasonable suspicion that a user has committed or is committing a crime against the City or for which the City could be held liable
- In the event there is reasonable suspicion that a user has violated any of the prohibited uses listed in this policy

***No City employee will conduct monitoring of electronic mail messages unless directed by the City Administrator to do so.***

#### 17.17 Internet

This policy applies to use of the Internet utilizing the City authorized user ID thereby covering the employees' representation of the City. In general, City employees have an obligation to use their access to the Internet in a responsible and informed way, conforming to Internet etiquette, customs and courtesies, and representing the City in a positive manner. Use of the Internet by City employees constitutes acknowledgment of this policy.

Employees are further required to sign a copy of the "City of Lathrup Village's Information Systems Policy Acknowledgment" prior to Internet access and comply with the provisions included in this policy, as well as those in other policies that relate to the topics included. Prohibited use of the Internet includes, but is not limited to, the following:

- Illegal activities
- Threats
- Harassment
- Slander
- Defamation
- Sexually obscene/offense messages, materials, or images
- Racially offensive or derogatory material/messages
- Political endorsements
- Commercial activities
- To send chain letters
- To send copies of documents in clear violation of copyright laws
- Using non-business software including games or entertainment software
- Activities resulting in, or relating to, personal gain or for-profit enterprise
- Activities that compromise the integrity of the City in any way

#### 17.18 Social Media

The City expects that staff participation in personal social networking sites will not be disruptive or subversive to the City's interest in maintaining an efficient and effective workplace.

Any information provided on a personal social networking site with regard to the City or your employment with the City is expected to conform to established policies regarding access to and release of information and communications procedures. The City's logo or other proprietary information or images are not to be used.

Further, employees should be thoughtful in how they present themselves and how their online presence may reflect on them as employees of the City. Social networking that includes your status as an employee of the City must be done in good taste and reflect sound judgment. Social networking that adversely affects the City or is disruptive or subversive to the City's interest in maintaining an efficient and effective workplace, is subject to corrective and disciplinary action, up to and including discharge.

The City has an overriding interest and expectation in deciding what is "spoken" on behalf of the City on its social media sites, and therefore has established a social media policy detailed in the attached Appendix D. All employees shall abide by the guidelines contained in the City's Social Media Use Policy when using the City's social media sites.

#### 17.19 Sexual and Other Unlawful Harassment

It is the policy of the City that harassment in the workplace will not be allowed or tolerated. Each employee has a right to work in an environment free from all forms of discrimination, intimidation, and conduct that can be considered harassing, coercive, or disruptive. This policy applies equally to all unlawful forms of harassment in the work place, including: sexual harassment and harassment or discrimination based on race, color, sex, sexual orientation, age, religion, national origin, marital or veteran status, height, weight, disability, political affiliation, or any other legally protected status or characteristic.

Harassment may include: joking remarks; stories; nicknames; abusive conduct or speech; epithets; slurs; negative stereotyping; threatening, intimidating or hostile acts; and written or graphic materials that denigrate or show hostility or aversion toward an individual or group.

The City will not tolerate or condone harassment of its employees by their supervisors, co-workers, or third parties on City premises or at City functions over which the City has control. The City will not permit any situation where an employee's submission to or rejection of harassment is used as a basis for employment decisions, or where harassment has the purpose or effect of unreasonably interfering with an individual's work performance, creating an intimidating, hostile, or offensive work environment or otherwise adversely affecting an individual's employment opportunities.

Any violation of this policy may subject the violator to disciplinary action including immediate discharge, at the sole discretion of the City.

#### Sexual Harassment

All of the above provisions also apply to conduct or communication constituting sexual harassment. Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and visual, verbal, or physical conduct or communication of a sexual nature.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when any of the following occur:

- Submission to such conduct is made, either explicitly or implicitly, a term or condition of employment.
- Submission to or rejection of such conduct is used as a factor in decisions affecting the person's employment.

- The conduct has the purpose or effect of interfering with work performance or creating an intimidating, hostile or offensive work environment, or otherwise adversely affects a person's employment opportunities.

The following is a partial list of examples of sexual harassment: unwanted sexual advances; offering employment benefits in exchange for sexual favors (quid pro quo); making or threatening reprisals after a negative response to sexual advances; verbal conduct that includes making or using derogatory comments, epithets, slurs, jokes, kidding, teasing, foul or obscene language; visual conduct that includes leering, making sexual gestures, or the display of foul, suggestive, or obscene printed or visual material; and physical contact that includes touching, assaulting, impeding or blocking movements, suggestive gestures, patting, pinching, groping or rubbing against another's body.

#### Reporting potential violations

Any employee who believes that he or she has been harassed or who has witnessed another employee who has been harassed in violation of this policy shall immediately report the conduct or communication to any supervisor, a supervisor or the City Administrator. If the employee does not feel he or she can report to these persons, the employee shall report the incident to the City Attorney.

An employee is not required to make a determination of whether the conduct or communication is a violation of this policy. For that reason, an employee shall report any offensive conduct or communication which occurs while the employee is conducting City business or as a result of the employee's employment with the City, whether on or off City premises.

It is stressed that the employee may choose to report the conduct or communication to any of the above-named persons. An employee is under no obligation to report the conduct or communication to any person who is the subject of or perpetrator of the conduct or communication.

Supervisory personnel are expressly obligated to educate employees on this policy; manage staff in a way that proactively prevents harassment; and report any incidences of harassment to the City Administrator or the City Attorney if the City Administrator is the subject of the complaint. Failure to do so renders the supervisor complicit in the harassment and subject to corresponding disciplinary action related to harassment and dereliction of duty.

#### Investigations

All complaints and reports shall be referred immediately to the City Administrator for review, or to the City Council or City Attorney if the City Administrator is the subject of complaint.

A prompt and thorough investigation of the alleged harassment will be initiated, with concern for the principles of due process and fairness. Outside experts, consultants, or attorneys may be enlisted to assist with the investigation.

Every effort will be made to keep all complaints (and their details) as confidential as possible; however, it is understood that in the course of an investigation, some information may become known to others. A typical investigation includes one or more meetings with the person making the complaint, the accused, and any witness(es) to the alleged occurrence(s) of harassment.

If the complaint involves a direct supervisory relationship, the City may suspend the reporting relationship between the employee and the supervisor and designate another supervisor to whom the employee shall report during the period of investigation. During the investigation, the City may take other measures to limit contact between employees involved in the investigation to prevent retaliation and limit any potential for ongoing hostility.

Following completion of the investigation, if the report has merit, disciplinary action up to and including dismissal will be taken against the perpetrator to remedy the situation. It is the City's intent that remedies in no way disadvantage the victim of harassment.

### Retaliation

There will be no retaliation against an employee for reporting harassment or for cooperating with the investigation of a complaint of harassment. Retaliatory action or conduct of any kind is strictly prohibited and shall be regarded as a separate and distinct violation of the City's policies and procedures, also subject to disciplinary action up to and including immediate discharge.

Any questions, concerns, or other inquiries regarding the conduct that is prohibited by this policy or the procedures contained herein shall be directed immediately to the City Administrator or City Attorney.

### 17.20 Drug-Free Workplace

The City is committed to providing a safe drug- and alcohol-free working environment. Substance abuse and the use of alcohol/drugs in the workplace jeopardizes safety, lowers productivity, and undermines public confidence.

As such, all City premises, including work sites, and all City vehicles are declared to be drug/alcohol-free work places. City employees are prohibited from unlawfully manufacturing, distributing, dispensing, possessing, selling, using, or testing positive for controlled substances and/or alcohol in the workplace.

Employees who are taking prescription medication that may affect their performance or impair their ability to drive and/or operate equipment/machinery shall notify their supervisor prior to beginning work. It is a violation of this policy to use prescription drugs illegally.

The City considers medical marijuana to be illegal under federal law, 21 USC § 801 *et seq.*, therefore the use of medical and recreational marijuana is prohibited.

Employees found to be in violation of this policy will be subject to appropriate personnel/disciplinary action up to and including immediate discharge. The City reserves the right to require drug or alcohol testing at any time for safety sensitive positions and in the case of reasonable suspicion for other job categories.

Employees and contractors required to maintain a Commercial Driver's License as a condition of their employment are subject to much stricter state and federal provisions regarding Department of Transportation (DOT) random drug testing.

### 17.21 Resignations

Any employee in good standing intending to resign from City service shall give the City reasonable notice, of at least two (2) weeks. Department Heads, Supervisors and Managers shall give at least four (4) weeks' notice. In some instances, due to complexity of the employee's position or difficulty on the part of the City in finding a replacement a longer period may be reasonable. Pursuant to Section 7.05, no vacation time shall be paid out if the employee fails to give proper notice of resignation.

Prior to leaving the employment of the city, an exit interview will be conducted to determine the reasons the employee is leaving the city, to provide an opportunity for the airing of unresolved grievances, and to solicit constructive feedback to improve the city. The exit interview form is attached to this Manual as Appendix A.

### 17.22 Accident Reports

Any employee involved in any accident involving personal injury or property damage while in the service of the City, shall promptly report said accident and any property damage and physical injury sustained by said employee or others. An employee, within 48 hours, shall make out an accident report in writing

on forms furnished by the city and shall turn in all available names and addresses of witnesses to the occurrence.

## Article 18. **GRIEVANCE PROCEDURE**

### 18.01 Resolving Grievances

Should a dispute arise between the City and one or more employees as to whether the City has breached or violated any of the provisions of this Manual, an earnest effort shall be made to resolve such dispute promptly and the following procedure shall be adhered to:

- A. Step 1. Any employee having a grievance shall first take up the matter with his/her immediate supervisor. If not settled it shall be reduced to writing and signed by the grievant within 10 days of an alleged violation. The written form shall contain all the facts in detail; shall define the alleged violation of a specific article of this Manual; shall state the date of occurrence of the alleged violation; and shall state a correction or solution to the alleged regulation violation.
- B. Step 2. The written grievance shall be discussed between the employee or his/her designated representative and the department head. The department head shall give his/her written response within 5 working days (excluding Saturdays, Sundays, and Holidays) of the receipt of the written grievance. Acceptance or rejection of the receipt of the department head's response will be promptly written on the grievance form by the employee and delivered to the City Administrator.
- C. Step 3. In the event the grievance is not settled in Step 2, the Grievant shall submit grievance to the City Administrator within 5 working days. The City Administrator and his/her representative(s) and the employee and his/her representative(s) shall meet to discuss and attempt to resolve said grievance. This meeting shall be scheduled at a mutually agreeable time, which time shall not exceed, however, five (5) working days from the time the grievance form is filed with the City Administrator unless a longer time is mutually agreed upon. If the parties in this meeting are unable to resolve the grievance and reduce their agreement to writing, the matter may be submitted to the City Council.

All claims for back wages shall be limited to the amount of wage that the employee would otherwise have earned less, any unemployment compensation or compensation for personal services that he/she may have received, or could have received from any source during the period in question.

## Article 19. **TRAINING AND PROMOTIONS**

### 19.01 In-Service Training

The City may authorize in-service training programs with pay, for employees to take schooling directly related to the job of the employee, the interests of the City, and improvement of job effectiveness.

### 19.02 Outside Training

An employee may be authorized to attend outside job-related training courses. In such cases, the City shall reimburse the employee for tuition and necessary supplies upon satisfactory completion of the course or training specified and approved in advance, provided that said tuition and supply allowance is not reimbursed or cannot be reimbursed from any other source outside the City. The employee shall be expected to arrange to attend such courses on his/her own time without additional compensation from the City.

### 19.03 Promotions

It is the policy of the City to fill vacancies whenever possible by promotion from within. It is sometimes necessary to employ persons from outside the City staff for positions that require special experiences or skills. Promotions are based on many factors, including previous performance and the ability to do the work. All applications will be given due consideration.

## Article 20. **EMERGENCY AUTHORITY**

In the event a set of circumstances should arise such that the powers and authority of the City Administrator should be exercised when the City Administrator is unable to perform the necessary duties of his/her office, such powers may be exercised by a Temporary Acting City Administrator who shall be the person holding the following position (in order of descending priority) who is available and able to perform the duties of the office.

1. Acting City Administrator (see Charter Section 3.9)
2. Assistant City Administrator.
3. Police Chief
4. City Clerk.
5. The Department Head who has the longest period of service to the City as a Department Head.

The powers and authority of a Temporary Acting City Administrator shall continue until such time as the person of higher ranking authority is in fact available to perform the duties necessary to exercise the powers and authority of the City Administrator. For example; (a) An absent or disabled City Clerk or a more senior Department Head may become available; (b) the Council may meet and appoint a new City Administrator or Acting City Administrator.

Within 24 hours of undertaking to act as a Temporary Acting City Administrator, the person shall give notice either through e-mail or other method of communication to all members of Council.

## Article 21. **FAMILY MEDICAL LEAVE ACT**

Notice to employees regarding the Family and Medical Leave Act of 1993. The City will comply with all applicable requirements of the Family and Medical Leave Act of 1993 ("FMLA").

The FMLA requires private employers with 50 or more employees and all public agencies, including state, local, and federal employers, and local education agencies (schools), to provide eligible employees up to 12 weeks of unpaid, job-protected leave in any 12-month period for certain family and medical reasons.

### 22.01 Employee Eligibility

The FMLA defines eligible employees as employees who: (1) have worked for the employer for at least 12 months; and (2) have worked for at least 1250 hours in the previous 12 months. Employees returning from military leave who are entitled to protection under USERRA may count the time which they would have worked had they not been called to military service toward these requirements.

### 22.02 Leave Entitlement

Eligible employees may take leave for the following reasons:

- (1) the birth of a child and to care for the newborn child within one year of birth or upon placement for adoption or foster care and to care for the newly placed child within one year of placement;
- (2) to care for the employee's parent, spouse, or child with a serious health condition;
- (3) when an employee is unable to work because of the employee's own serious health condition.
- (4) for qualifying exigencies arising out of the fact that the employee's spouse, child, or parent is on covered active duty or called to covered active duty status as a member of the National Guard, Reserves, or Regular Armed Forces.

Eligible employees may take leave of up to 26 unpaid, job-protected workweeks during a single 12-month period to care for a covered servicemember with a serious injury or illness if the eligible employee is the servicemember's spouse, son, daughter, parent, or next of kin (military caregiver leave).

According to the FMLA, a "serious health condition" means an illness, injury, impairment, or physical or mental condition that involves; (1) inpatient care (i.e., an overnight stay), including any period of incapacity or any subsequent treatment in connection with the inpatient care; or (2) "continuing treatment"

by a health care provider. For further information on what is considered "continuing treatment," contact the City Administrator.

Spouses employed by the same employer are limited to a combined leave of 12 workweeks of family leave for the birth and bonding with a newborn, placement and bonding with a child for adoption of foster care, and to care for a parent who has a serious health condition.

Eligible employees may take FMLA leave immediately (for example, in blocks of time) or by reducing a work schedule in certain circumstances. If FMLA leave is to care for a child after the birth or placement for adoption or foster care, employees may take their FMLA leave intermittently or on a reduced work schedule only with the employer's permission. If the FMLA leave is because of the employee's serious illness or to care for a seriously ill family member, the employee may take the leave intermittently or on a reduced work schedule if it is medically necessary.

### 22.03 Notice and Certification

Employees who want to take FMLA leave ordinarily must provide the employer at least 30 days notice of the need to leave, if the leave is foreseeable. If the employee's need is not foreseeable, the employee should give as much notice as is practicable. When leave is needed to care for an immediate family member or for the employee's own illness and is for planned medical treatment, the employee must try to schedule treatment in order to prevent disruptions of the employer's operations.

In addition, employees who need leave for their own or a family member's serious health condition must provide medical certification from a health care provider of the serious health condition. The employer also may require a second or third opinion (at the employer's expense), periodic recertification's of the serious health condition, and, when the leave is a result of the employee's own serious health condition, a fitness for duty report to return to work. The employer may deny leave to employees who do not provide proper advance leave notice or medical certification.

### 22.04 Benefits During FMLA Leave

Employees taking leave under FMLA are entitled to receive health benefits during the leave at the same level and terms of coverage as if they had been working throughout the leave. All other benefits, including vacation, sick time, personal time, longevity, pension calculation may be suspended dependent on the duration of the leave. If applicable, arrangements will be made for employees to pay their share of health insurance premiums while on leave. If the employee fails to return to work after his/her FMLA leave entitlement has expired, the City may recover premiums it paid to maintain health coverage during any period of unpaid FMLA leave. If the reason that the employee does not work is due to (a) continuation, recurrence, or onset of a serious health condition that would entitle the employee to FMLA leave or (b) "other circumstances beyond the control of the employee" as defined in the FMLA, the City will not recover the premiums paid during your unpaid FMLA leave.

### 22.05 Paid Leave Time and FMLA Leave

The employee's use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the employee's leave.

The City requires that an employee must use any accrued paid vacation, personal, and sick days during an unpaid FMLA leave for the employee's own serious health condition or for a seriously ill family member.

The City requires that an employee must use any accrued paid vacation or personal days (but not sick days) during FMLA leave for the birth/placement and bond with a newborn or newly placed child.

### 22.06 Job Restoration After FMLA Leave

The employer will reinstate an employee returning from FMLA leave to the same or equivalent position with equivalent pay benefits, and other employment terms and conditions. However, an employee on an FMLA leave does not have any greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

#### 22.07 Other Provisions

The FMLA does not affect any federal or state law prohibiting discrimination or supersede and state or local law or collective bargaining agreement which provides greater family or medical leave rights.

Salaried executive, administrative, and professional employees of the employer who meet the Fair Labor Standards Act ("FLSA") criteria for exemption from minimum wage and overtime do not lose their FLSA-exempt status by using any unpaid FMLA leave. This special exception to the "salary basis" requirements for the FLSA's exemptions extends only to eligible employee' use of leave required by FMLA.

Certain highly compensated key employees also may be denied reinstatement when necessary to prevent "substantial and grievous economic injury" to the employer's operation. A "key" employee is a salaried eligible employee who is among the highest paid ten percent of employees within 75 miles of the worksite. Employees will be notified of their status as a key employee, when applicable, after they request FMLA leave.

## Appendix A: **EXIT INTERVIEWS**

It is the policy of the City of Lathrup Village to conduct exit interviews to determine and document the reasons employees leave the City, to provide an opportunity for the airing of unresolved grievances, and to solicit constructive feedback to improve the City. All exit interviews will be conducted by the City Administrator or his/her designee.

City supervisors will refer separating employees to the City Administrator for an exit interview as soon as possible after the separation decision has been communicated. The City Administrator will use the exit interview form (copy following) to cover the following points:

- Job duties and work load: understanding of the job, match with interests and abilities, quality of training.
- City policies and practices: working environment, opportunities for advancement, salary and benefits.
- Quality of supervision: fairness, supportiveness.

## APPENDIX D: SOCIAL MEDIA POLICY

### **Purpose**

To establish a policy concerning personal web pages or internet sites when referencing the City of Lathrup Village and to ensure that City employees use appropriate discretion and do not discredit the City. This Policy does not apply to non-employee elected officials or members of boards or commissions of the City of Lathrup Village.

The City believes that social media provides a valuable means of assisting in meeting community education, community information and other related organizational and community objectives. The City endorses the use of social media to enhance communication and information exchange, streamline processes and to foster productivity.

The City acknowledges an employee's right to have personal web pages or sites and encourages employees to exercise that right to the extent possible without causing a decline in public confidence or respect for the City of Lathrup Village, any Department of the City, or any employee of the City. The City understands that social media can be a fun and rewarding way to share your life and opinions with family, friends and coworkers around the world. However, use of social media also present certain risk and carries with its certain responsibilities. As such, the City shall impose restrictions and oversight, when direct or indirect reference to the City, a Department or its employees is made within these forums.

### **Guidelines**

Social media can mean many things. Social media includes all means of communicating or posting information or content of any sort on the Internet, including your own or someone else's web log or blog, journal or diary, personal website, social networking or affinity website, web bulletin board or chat room, whether or not associated with the City of Lathrup Village, as well as any form of electronic communication. This includes communication via "temporary" social media, where the media is only available for a short period of time.

The same principles and guidelines found in other City policies apply to your activities online. Ultimately, you are solely responsible for what you post online. Before creating online content, consider some of the risks and rewards that are involved. Keep in mind that any of your conduct that adversely affects your job performance or the performance of fellow coworkers or otherwise adversely affects members of the public, contractors, people who work on behalf of the City or the City's legitimate interests may result in disciplinary action up to and including termination.

### **Know and Follow the Rules**

Carefully read these guidelines and related policies, including, but not limited to the City's policies concerning harassment, discrimination, work rules, etc., to ensure your postings are consistent with these policies. - B. City employees should be aware that there is a distinction between the extent of the protections of the freedoms of expression they have as citizens and as public employees. Specifically, public employees have freedom of expression as to statements they make as a citizen on matters of public concern. As such, statements not made as a public citizen (i.e. in their official capacity as a City employee), and/or that are not matters of public concern (e.g. derogatory, inflammatory or other speech that has no value to the public) are not constitutionally protected. Further, some statements are not protected because the statements affect the efficient operation of the City and its various departments, even though they involve a matter of public concerns. As such, City employees are cautioned that speech on or off duty, made pursuant to their official duties is not protected speech under the First Amendment and may form the basis for discipline if deemed detrimental to the City. City employees should be aware that their speech and related activity on social media sites may reflect upon their positions and the City and may be a cause for discipline if deemed detrimental to the City or in violation of this policy.

  1. Display City logos, uniforms or similar identifying items on personal web pages, except in connection with a labor dispute with the City.
  2. Post personal photographs or provide similar means of personal recognition that may cause them to be identified as a City employee.
- E. When using social media, City employees should be mindful that their speech becomes part of the worldwide electronic domain. As such, City employees are prohibited from the following:
  - a. Speech containing obscene or sexually explicit language, images, or acts and statements or other forms of speech that ridicule, malign, disparages, or otherwise express bias against any race, any religion or any protected class of individuals.

- b. Speech involving themselves or other City employees reflecting behavior that would reasonably be considered reckless or irresponsible.
  - c. Employees shall not publicly criticize or ridicule the City, its guidelines, or other employees by speech, writing, or other expression, where such speech, writing or other expression undermines the effectiveness of the City, interferes with the maintenance of discipline, or is made with reckless disregard for the truth.
- F. City employees may not divulge information gained by reason of their authority; make any statements, speeches, appearances, and endorsements; or public materials that could reasonably be considered to represent the views or positions of the City or any of its Departments without express authorization of the City Administrator or his/her designee. Employees shall not post blogs or other messages on social media, address public gatherings, appear on radio or television, prepare any articles for publication, act as correspondents to a newspaper or a periodical, release or divulge information, or any other matters of the City while holding themselves out as representing the City in such matters without prior approval of the City Administrator or his/her designee.
- G. When providing any speech outside of their official duties, employees should make it clear that the speech is not that of the City or the Department to which they are assigned, but rather, that of the employee.
- H. City employees should be aware that privacy settings and social media sites are constantly in flux, and they should never assume that personal information posted on such sites is protected.
- I. City employees should expect that any information created, transmitted, downloaded, exchanged or discussed in a public online forum may be accessed by the City at any time without prior notice.

For this reason, the City will provide Mr. McKee a vehicle for his use and the City will be responsible for the purchase, maintenance, gas, and insurance for this vehicle.

16. On the Job Injury or Illness: If Mr. McKee incurs an injury or illness while on duty he shall, as a result of such injury or illness, be paid in accordance with the terms of the then-current Command Officers' collective bargaining agreement.

17. Other Benefits: Mr. McKee shall be entitled to all other benefits ("Benefits") maintained by the City for its non-union, management employees, if not covered under the Command Officers' collective bargaining agreement.

18. Termination Due to Death Duty or Non-Duty Related: This agreement will terminate upon Mr. McKee's death, with the exception of Paragraphs 8 and 10. The City agrees to provide for Mr. McKee's surviving spouse and children under twenty-seven (27) years old the benefits listed in Paragraphs 8 and 10. Additionally, the City shall pay Mr. McKee's estate, in a lump sum within thirty (30) calendar days of notice of death, the pro rata amount of Mr. McKee's salary in effect at the time of death, earned through the date of death to the extent due but not previously paid, less applicable taxes and deductions. If the surviving spouse remarries, the City's obligation to provide insurance shall cease. If Mr. McKee dies during the term of his employment, the City shall pay to Mr. McKee's estate all the compensation which would otherwise be payable to him up to the date of Mr. McKee's death, including, but not limited to, payment (less applicable taxes and deductions) for accrued vacation time, holiday pay, personal days, and sick leave, as provided in the then-current Command Officers' collective bargaining agreement.

19. Termination Due to Non-Duty Disability: If Mr. McKee becomes, in the opinion of his medical physician and a medical physician selected by the City, unable to discharge the essential functions of Mr. McKee's job, with reasonable accommodation, for a period anticipated to be more than fifty-two (52) weeks, because of mental or physical impairment, the City may at its option terminate this agreement upon not less than ninety (90) calendar days written notice. If Mr. McKee's medical physician and the City's medical physician disagree in their diagnosis, a third medical physician shall be consulted to provide a diagnosis. Both Parties shall agree on the selection of this physician. The costs shall be the responsibility of the City. The City shall allow Mr. McKee to purchase any remaining service credits to allow him to retire with a full pension and benefits as a normal retirement. The City shall pay any actuarial fees associated with opening an early retirement window to allow Mr. McKee to retire early due to his disability.

20. Termination by Employer: Termination of this Agreement shall be warranted in cases of just cause. Just-cause shall be determined according to common definitions used by labor relations arbitrators, and may include: (a) failure to perform the duties of Police Chief; (b) conviction of a felony or misdemeanor; (c) any crime involving truth or veracity; (d) sexual, ethnic or racial

harassment; (e) embezzlement; (f) failure to follow a direct order (insubordination). The removal may not be arbitrary or capricious. Removal under this clause shall be in accordance with legal requirements and due process under the law. In such event, the Police Chief shall be advised in writing, in advance, of the alleged action or breach by the Police Chief, and of the City Council's intention to consider effecting such a mid-term termination. The City Council's consideration of facts which may constitute just cause for termination will be open to the public or closed, at the Police Chief's option and in accordance with the Open Meetings Act. Following the hearing, should the City Council determine to terminate this contract, for just cause, the Police Chief shall receive written notice of said decision, listing the basis for the Council's decision. A mid-term termination by the City Council shall not constitute a waiver of the right of the Police Chief to seek legal redress for any claim of breach of this contract under Paragraph 31 and to pursue all of his right and remedies of such breach.

In the event Mr. McKee is terminated with or without cause before the end of this contract, the City will pay for actuarial evaluation to open an early retirement window allowing Mr. McKee to retire with a full pension without any reduction for his age. Mr. McKee will pay the cost for any service credits and/or any costs associated with opening the early retirement window.

21. Termination by Mr. McKee: In the event Mr. McKee intends to resign or retire voluntarily, then he shall give the City of Lathrup Village sixty (60) calendar days written notice in advance, unless the parties otherwise agree in writing. Provided such notice is given, Mr. McKee will be entitled to receive pay for any accrued but unused leave.

22. Return of Materials: Mr. McKee Acknowledges that all files, records, lists, books, products, and other materials, whether owned by the City at the time of employment or developed during the course of employment, used in connection with its operation, shall at all times remain the property of the City. Upon the Termination Date, Mr. McKee shall return all records, documents, and other written, printed, photographic or physical materials of any type that belong to or pertain to the City, including without limitation computer print-outs, software, documents, files, manuals, drawings, plans, specifications, calculations, proposals, business and financial information, and all other documents relating to the City then in Mr. McKee's possession or control, and Mr. McKee shall not make or retain any copies or extracts, including hand-written summations, of any such documents. In addition, Mr. McKee shall return to the City all equipment, keys, credit cards and all other property of the City prior to or upon the Termination Date.

23. Cooperation Covenant: During the Term of this Agreement, and after the termination of this Agreement, Mr. McKee agrees to fully and voluntarily cooperate and assist in defending any actions against the City in which Mr.

McKee is named as a defendant or witness or about which Mr. McKee has knowledge. The City agrees to compensate Mr. McKee a pro-rated sum, based on the Salary Mr. McKee was receiving at the Termination Date, for any time that Mr. McKee spends after the Termination Date in assisting the City to defend against actions against the City and for all reasonable and documented expenses involved in assisting the City to defend against actions against the City.

24. Notice: Any notice permitted or deemed to be required under this Agreement will be in writing and will be delivered by hand, facsimile transmission with subsequent written confirmation, overnight delivery service or U.S. certified mail, postage prepaid with return receipt requested, to the other party, at the address set forth in this Agreement or, if to Mr. McKee, to such address as is last shown in the City's payroll records. Notices will be deemed to be given, in the case of (i) hand delivery or facsimile transmission, upon receipt; (ii) overnight delivery; and (iii) U.S. mail, upon the third business day after proper deposit with the U.S. mail of a properly addressed notice with appropriate postage paid.

25. Headings: Paragraph, sub-paragraph and other headings contained in this Agreement are for reference purposes only and will not affect in any way the meaning or interpretation of this Agreement.

26. Entire Agreement: The terms of this Agreement may not be altered orally but only by an agreement in writing signed by all Parties. This Employment Agreement represents the full and complete agreement between the Parties concerning the terms of employment of Mr. McKee. This Agreement supersedes all prior agreements in conflict herewith.

27. Non-Severability: Each provision in this Agreement is non-severable. If any provision of this Agreement is ever held by a court to be unreasonable, unenforceable or void, the Parties agree that this Agreement shall be void in its entirety as that moment and shall grant no vested or continuing rights, and the balance of this Agreement shall not be applied. Further, the Parties agree that if any provisions are determined to be invalid or unenforceable, then the Parties shall negotiate in good faith to reach terms and conditions of employment to apply thereafter.

28. Waiver: Any Party's failure to exercise, or delay in exercising, any power or right under this Agreement shall not operate as a waiver, nor shall any single or partial exercise of any such right or power preclude any other or further exercise thereof or the exercise of remedies otherwise available in equity or at law.

29. Governing Law: This Agreement shall be construed and enforced in accordance with the laws of the State of Michigan.

30. Binding Nature: This Agreement shall be binding upon and inure to the benefit of Mr. McKee and Mr. McKee's personal or legal representatives, executors, administrators and heirs. Without the written consent of the City's Administrator, neither this Agreement nor any of its benefits may be assigned by Mr. McKee other than such rights or benefits as are transferred by will or by operation of law upon Mr. McKee's death.

31. Arbitration: It is mutually agreed that arbitration shall be the sole and exclusive remedy to redress any dispute, claim or controversy ("grievance") involving: the interpretation of this agreement, or the terms, conditions or termination of employment with the City, or any employment-related dispute (other than unemployment compensation, workers' compensation or other charge filed with a state or federal administrative agency) based on an alleged violation of state or federal law (including any violations allegedly committed by the City's employees, officers or agents). Judgment on the arbitrator's award may be entered in any court having jurisdiction thereof. Arbitration shall be conducted in accordance with the applicable Michigan Court Rules and Act 371 of Michigan Public Acts of 2012. It is the intention of the parties that the arbitration decision will be final and binding and that any and all grievances shall be disposed of as follows:

- Any and all grievances must be submitted in writing by the aggrieved party within ninety (90) calendar days of the alleged violation. However, in the event that state or federal law provides for a longer statute of limitations, that statute of limitations shall control.
- Within thirty (30) calendar days following the submission of the written grievance, the party to whom the grievance is submitted shall respond in writing. If no written response is submitted within thirty (30) calendar days, the grievance shall be deemed denied.
- If the grievance is denied, either party may, within thirty (30) calendar days of such denial, refer the grievance to arbitration with the American Arbitration Association. At the time the grievant refers the grievance to arbitration, the grievant must submit a complaint to the opposing party, stating its factual and legal allegations, pursuant to the Michigan Court Rules. The arbitrator shall be chosen in accordance with the Michigan Employment Panel of the American Arbitration Association then in effect, and, except as described below, the expense of the arbitration shall be shared by the City and Mr. McKee. Each party may be represented by counsel at the arbitration hearing. At the beginning of the hearing, the arbitrator must swear to hear and decide the matter fairly.

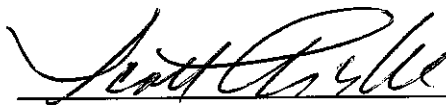

This arbitration provision shall not act to require Mr. McKee to submit a workers' compensation claim or other employer-provided insurance benefit claim

to arbitration, nor shall either party be required to submit to arbitration a claim for injunctive relief, such claims being specifically excluded from this arbitration provision.

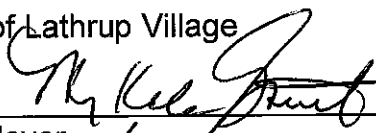

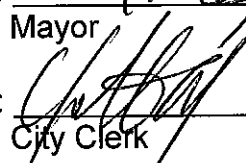

Any grievance shall be deemed waived unless presented within the time limits specified above. The arbitrator shall not have jurisdiction or authority to change, add to or subtract from any of the provisions of this agreement. The arbitrator's sole authority shall be to interpret or apply the provisions of this agreement or the state or federal law which is the basis for the grievance. The arbitrator shall issue a written opinion after the conclusion of the hearing and review of the parties' briefs. The written opinion shall contain findings of fact and conclusions of law. The arbitrator shall have authority to swear witnesses, subpoena witnesses and documents, permit the taking of a deposition for the use of evidence, and to permit reasonable discovery pursuant to the Michigan Court Rules. The arbitrator may award costs and attorney's fees consistent with the state or federal statute or Michigan Court Rule providing for such an award. The parties hereby acknowledge that since arbitration is the exclusive remedy with respect to any grievance hereunder, neither party has the right to resort to any federal, state or local court or administrative agency concerning breaches of this letter agreement and that the decision of the arbitrator shall be a complete defense to any suit, action or proceeding instituted in any federal, state or local court or before any administrative agency with respect to any dispute which is arbitrable as herein set forth. The arbitration provisions hereof shall, with respect to any grievance, survive the termination or expiration of this agreement.

IN WITNESS WHEREOF, the parties have duly executed this Agreement between the City of Lathrup Village and Scott M. McKee, Police Chief, as of the day and year written in the opening paragraph.

Whereas, the Municipal Park Renovation Project will have a transformative impact on our downtown district by creating a more welcoming environment for residents and visitors of all ages and abilities. Investment has been made in common infrastructure; however, the infrastructure of play and place-based connection needs attention. The Municipal Park Renovation Project is consistent with our Comprehensive Plan which includes the Downtown Plan, city-wide Master Plan, and Parks & Recreation Plan, as well as the Development and Tax Increment Financing Plan, and is in alignment with the adopted economic priorities of Oakland County, the Southeast Michigan Council of Governments, and the State of Michigan. Furthermore, our proposed project

re-enforces the Business, Talent, and Place adopted strategy of SEMCOG that will attract and retain business investment, and appeal to talent who will want to live, work, and invest in our communities and region, and;

Whereas, the pandemic forced the Downtown Development Authority and City to cancel numerous events and programs which typically occur in the park, and the Municipal Park Renovation will allow us to create a safe and welcoming atmosphere for residents and visitors alike, spurring reinvestment, and this project will help counter or help mitigate such a crisis in the future; now;

Therefore, be it resolved; the City of Lathrup Village has committed \$100,000 of funds from our American Recovery Program (ARP) funds and will be partnering on a crowdfunding campaign to secure additional matching funds for the Municipal Park Renovations. We are confident our project meets or exceeds the goals of the Revitalization and Placemaking 2.0 Grant Program.

RE: DDA Board of Director Appointments

Date: June 22, 2023

---

There is currently one vacancy on the DDA Board of Directors. With the recent resignation of City Administrator Sue Montenegro, the DDA Board of Directors will be left with a second vacancy. Both vacancies must be filled by a business or property owner in the downtown district.

Historically one seat has been occupied by the current City Administrator. I recommend that Police Chief Scott McKee is reappointed to the DDA Board of Directors to serve in that seat. Furthermore, I recommend Dr. Patricia Felton (Ambassadors Institute – 26647 Southfield Road) be appointed to the vacant seat with a term ending February 1, 2027.

**RE: Website Update Recommendation**

Apptegy has provided a proposal to fully update and host the city's website and create a mobile app. Revize has provided a proposal to upgrade the city website and provide additional features that it currently doesn't have.

The annual fee for the current website with Revize is \$3,625. Additional fees in both a one-time and annual fee would be incurred to update the website and are listed in the attached proposal. Council can choose from a list of options through the Revize proposal.

The one-time development fee with Apptegy is \$6,500 plus an annual fee of \$6,200 for all the services outlined in their proposal. Apptegy's annual rate is locked in with no more than a possible 5% increase per year. Apptegy serves around 3600 clients, mostly in school districts; they currently have around 40 municipalities they serve. Apptegy has been in business for 8 years and they have a 99% retention rate.

The MEDC's Redevelopment Ready Communities program has awarded a \$25,000 grant to the City to redesign its current website. The goal is to have a user-friendly website where residents can easily find information.

Staff's recommendation is to select Apptegy to do the website update.

### **Suggested Motion:**

A motion to select the Apptegy proposal and authorize the city administrator to sign the Master Services Agreement with Apptegy.

# Powering Your Online Identity

Apptegy started in 2014 with the goal of enabling schools to build a strong brand and communicate more effectively with their audiences. In 2015, we worked with our first three beta clients. Today, in 2022 we've partnered with more than 2,500 clients in all 50 states to build their website, custom mobile app, and notification system.

## What Makes Us Different

### 1 Thrillshare's Ease of Use

## Kick-off

Week 1

We get our partnership started with a meeting to introduce stakeholders on your side and ours. In this meeting, we will cover our detailed roadmap, initial designs, and the overall structure of the planned implementation.

---

## Design

Weeks 2-3

We create a mockup as a first draft and iterate from there. Since we've already established a good understanding of what you're looking for in the kick-off call, this process is typically quite fast.

---

## Development & Content Migration

Weeks 4-6

Once we're done with the development, we migrate your static content for you. After our team has gone through your entire website and app and confirmed that everything is working, we will ask you to approve the content and functionality as well.

---

## Training Sessions

Weeks 7-8

An ideal training schedule will include a setup call with your project lead, in-depth sessions for all of your power users, and introduction sessions for casual users.

---

## Launch Campaign

Weeks 9-10

Flipping the switch is all it takes: we just point your domain to our servers and the change to the new website will be instant.

Of course we don't want the switch to go unnoticed by your community. That's why we design an entire launch campaign around the app and website with you. You'll get a custom marketing playbook, including graphics, videos, and a launch plan.

---

## Support

Ongoing

Now that you are live, we work together to drive adoption of your new website and mobile app. You will be working closely with your Client Success Manager on marketing strategies and our Support Team on any questions your users have after the switch.

Client is encouraged to establish and implement methods and procedures to ensure compliance with applicable laws and regulations, including the TCPA and the CTIA, and to inform and train each of its employees, contractors, and representatives who use the Services on the methods and procedures. Apptegy may provide Client with materials and information about such laws and regulations, including the TCPA and the CTIA;

Client acknowledges that all such materials and information is provided for general education purposes only. No such act by or information from Apptegy (whether individually or taken as a whole) will create or be deemed to create responsibility or liability on the part of Apptegy with respect to Client's compliance with the laws and regulations governing the communications sent via the Services by Client and Users under Client's account, including the TCPA and/or the CTIA.

**8. COPPA Notice and Compliance.** Apptegy prohibits use of the Services by children under the age of thirteen (13), unless and only to the extent the child is a User invited or added to the Services by Client. When children are invited or added to the Services as Users under Client's account, Apptegy provides the Services with respect to the children solely in the educational context authorized by Client under this Agreement and solely for the benefit of Client and its Users. Client acknowledges that Apptegy is relying on Client's consent in the previous sentence for the purposes of complying with the Children's Online Privacy Protection Act, as it may be amended ("**COPPA**"), and that Apptegy is authorized to presume that Client has obtained and will maintain all required parent and guardian consent for Apptegy's collection, use, disclosure, and storage of information for any children under the age of thirteen (13) that are invited or added to the Services under Client's account.

Please note that Client is responsible for complying with COPPA with respect to Users under Client's account if Client invites or adds children under the age of thirteen (13) to the Services. Apptegy may provide Client with materials and information about complying with COPPA; Client acknowledges that all such materials and information is provided for general education purposes only. No such act by or information from Apptegy (whether individually or taken as a whole) will create or be deemed to create responsibility or liability on the part of Apptegy with respect to Client's compliance with COPPA.

The Terms of Use and Privacy Policy, accessible as set out above, confirm that Apptegy may collect information about children as a necessary part of providing the Services to Client (for example, as applicable: contact information for communications sent via the Services;

posts made on messaging tools in the Services; information included in assignments and other class content submitted via the Services) and provide notice regarding Apptegy's collection, use, disclosure, and storage of personal information from children. Please note that some or all of this information may not be private as to the individual child, parent, or guardian. For example, for Users of Rooms, information shared by a User via the messaging features of Rooms will be visible to Client, as the party providing access to the Services to its Users. In some circumstances, information provided by or about a child may be available or visible to other individual Users. For example, for Users of Rooms, information about a child that is posted in the group messaging tool in a Child's Room may be visible to other individual Users that are also authorized users for the same Room. Apptegy will collect, use, and disclose such information in accordance with COPPA and the Privacy Policy.

**9. Accessibility Compliance.** Client is exclusively responsible for complying with all applicable laws and regulations governing accessibility of the parts of the Services under the control of Client (for example: Client's website and/or mobile applications), including, but not limited to, the Americans with Disabilities Act, as it may be amended ("**ADA**"), and the requirements and policies of Web Content Accessibility Guidelines ("**WCAG**"). Client is encouraged to establish and implement methods and procedures to ensure compliance with applicable laws and regulations, including the ADA and the WCAG, and to inform and train each of its employees, contractors, and representatives who use the Services on the methods and procedures. The Services include tools to assist Client with accessibility compliance, and Apptegy may provide Client with materials and information about such laws and regulations, including the ADA and the WCAG; Client acknowledges that all such tools, materials, and information are provided to assist Client with its compliance obligations and for general education purposes only. No such functionality, act by, or information from Apptegy (whether individually or taken as a whole) will create or be deemed to create responsibility or liability on the part of Apptegy with respect to Client's compliance with the laws and regulations governing accessibility of the parts of the Services under the control of Client (for example: Client's website and/or mobile applications), including the ADA and/or the WCAG.

**10. Third Party Functions.** Apptegy relies on third-party providers and partners for parts of the Services (for example: posting a message or communication on Facebook or Twitter account; hosting Client websites). APPTEGY IS NOT RESPONSIBLE FOR ANY CONSEQUENCE, LOSS, OR DAMAGE (DIRECT OR INDIRECT) ARISING FROM OR RELATING TO THE PARTS OF THE SERVICES MANAGED OR MADE AVAILABLE BY OR VIA THIRD-PARTY PROVIDERS AND PARTNERS. Please see the Terms of Use and Privacy Policy for more information.

**11. Disclaimers; Limited Liability.** Apptegy provides the Services subject to certain disclaimers and limitations of liability. Please see the Terms of Use and Privacy Policy for more information.

**12. Intellectual Property.** Nothing in this Agreement or the performance of this Agreement will convey, license, or otherwise transfer any right, title, or interest in any intellectual property or other proprietary rights held by either party, except as expressly set out in the Agreement. Apptegy retains all right, title, and interest in all intellectual property rights, including patent, trademark, trade secret, and copyright (whether registered or unregistered), in and to the Services and the underlying software and technologies, all related technical documentation, and all derivative works, improvements, and modifications to any of the foregoing. Client agrees the foregoing is necessary to Apptegy providing the Services.

**13. Compliance with Laws.** The parties agree to comply with all laws applicable to the use of the Services and performance of this Agreement.

**14. Miscellaneous.** The Order Form and Master Services Agreement, together with (i) the Terms of Use and Privacy Policy, and (ii) the Client Addendum, if applicable, is the entire agreement between the parties with respect to the subject matter, and supersedes all prior agreements and understandings, whether written or oral. If any conflict or ambiguity exists with respect to any term or condition of any of the foregoing, the following priority will govern and control: (1) if applicable, the Client Addendum for all matters expressly addressed in the Client Addendum; then (2) this Order Form and Master Services Agreement for all other matters; then (3) the Terms of Use and Privacy Policy. Apptegy is not subject to any obligations that are not expressly identified in this Agreement, a Client Addendum, or the Terms of Use and Privacy Policy.

This Agreement is governed by the laws of the state in which Client is located, without regard to conflict of law principles. The parties irrevocably submit to the exclusive jurisdiction and venue of the federal courts having jurisdiction where Client is located for any dispute that relates to the Services or this Agreement. Except as set out in this Agreement, this Agreement may not be amended or modified without the prior written consent of both parties.

Neither party may assign this Agreement without the prior written consent of the other party, except in connection with a merger, acquisition, or sale of all or substantially all of a party's assets or voting securities. If any provision(s) of this Agreement is held invalid or unenforceable, such invalidity or unenforceability will not invalidate or render the Agreement unenforceable, but rather the Agreement will be construed as if not containing the unenforceable provision(s), and the rights and obligations of the parties will be construed and enforced to honor the parties' original intent to the maximum extent permitted under applicable law. This Agreement will inure to the benefit of the successors and assigns of the parties. The Agreement may be executed in multiple counterparts and executed by original, facsimile, or electronic signature (including PDF, Proposify, HelloSign, and similar methods), each of which when delivered will be deemed an original, and all of which together will constitute one agreement.
