The next speaker was Mr. Jeremy Smith, 8301 Ashford Boulevard Apt. 620 Laurel, Maryland 20707. Mr. Smith stated that he loved living in the City and that he enjoyed how inclusive the community was and that it was important to him that the politicians that represented him thought that it would be constitutional for a woman to be President and that he would be very disappointed if that were not the case.

The last speaker was Ms. Georgena Ifill, 8231 Northlake Court Laurel, Maryland 20707. Ms. Ifill said that she was happy to hear that her request was approved to increase the time limit for speakers from two (2) to three (3) minutes and thanked President Kole for his statement at the beginning of the meeting regarding the decorum and rules that would be followed for public hearing. Ms. Ifill then began to read a written statement aloud regarding public speaking. The written statement has been attached to these minutes and labeled: "Attachment No. 2- July 22, 2024 Meeting Minutes of the Mayor and City Council".

Agenda Item No. 8 was a Leasing Agreement for Bigbelly Compost Bins for Multi-family Compost Collection that had been postponed (at the July 8, 2024 meeting) to the July 22, 2024 meeting to allow additional time for staff to answer questions from the Council and gather additional information regarding the possible purchase. Mayor Sydnor stated that he was withdrawing the bid recommendation request to allow for more research and information gathering by staff prior to a new bid recommendation being submitted for the project.

Agenda Item No. 9 was the Introduction and First Public Hearing on Ordinance No. 2028- An Ordinance Amending the General Operating Budget and Capital Improvement Program of the Mayor and City Council of Laurel, Maryland for the Fiscal Year July 1, 2023 through June 30, 2024 and Providing an Effective Date. President Kole read the title into the record for the first public hearing. Ms.

S. Michele Saylor, Director, Department of Budget and Personnel Services provided a summary of the proposed ordinance and stated that she had provided a detailed presentation that evening at the 5:30 pm Special Work Session held just prior to the regular meeting. Ms. Saylor noted that the draft ordinance was the cleanup Ordinance for the end of the fiscal year to ensure that all of the revenue and expenditures balanced. President Kole opened the public hearing on the item at 6:41 pm. Ms. Georgena Ifill, 8231 Northlake Court Laurel, Maryland 20707 stated that she heard some of the amendments to the budget that were presented during the work session that evening and wanted to know if the increase in the legal fees incurred by the City related to the Department of Public Works Collective Bargaining Agreement for which the City had budgeted \$15,000.00 but actual expenses incurred were higher, was included in the budget amendment and where those extra funds were taken from to cover the cost. Ms. Ifill said that she had received a response to an MPIA request that she had submitted requesting the invoices paid by the City to Jackson Lewis Law Firm and the very first invoice she was provided was for \$64,781.00 and that the total invoices received to date were for over \$87,000.00. There was no one else signed up to speak on the item. President Kole closed the public hearing at 6:44 pm. The Council agreed that the item would be placed on the Special Mayor and City Council meeting agenda for July 29, 2024 that would be held virtually via Zoom.

1/22/24 PUBLIC HEARING STATEMENT

Good evening, Mayor and City Council. My name is Georgena Ifill and I reside at 8231 Northlake Court in Laurel. I want to start by thanking the city council for taking into consideration my recommendation of extending the time for public speakers during these meetings. It recognizes and supports statement(s) of encouragement to constituents that you indeed want to hear from them through your willingness of giving them ample time to do so. Public speaking, expressing one's views or concerns is something that may not come naturally for so many. Standing here at this microphone, our voices may crack, we might begin to perspire, find it difficult to make eye contact, lose our train of thought or nervously (without intent) misspeak about something. Knowing this and regardless of it, we are willing to endure these physical, verbal and physiological effects so that our voices and concerns could be heard. That is the reason I stand here today with a plea to this elected council to ensure when we do so, we are treated with dignity and respect.

I am asking this because on more than one occasion, the Mayor has chosen to end these meetings by stating, "A lot of things have been said tonight, a lot of things that [aren't] true, but we can't control what people

say when they come up here and speak for their three minutes." It was even reported in the latest edition of "The Voices of Laurel." In essence, he was calling speakers LIARS without any specificity. Being that I was a speaker at each one of these meetings in which these closing statements, I was offended. To make such statements without providing ANY substance to the speakers, council or general public as to the identity of the liars and the lies that were told is reprehensible. Such defamatory, deplorable statements of inference should not meet your standards for meeting etiquette. Whereas I can agree there may be times in which corrective or clarifying statements may be warranted by this body. I would think it could be done in a non-self-serving, cowardice manner to have the last word. This is not just the Mayor's meeting. It is the council's too. I am asking that you stand in our, the general public, defense through adopting and enforcing "rules of engagement" that ensure everyone who walks up to this mic to speak, regardless if they represent an opposing view or not, is treated fairly and with dignity. Let us all be mindful that "Words Have Power. Words Matter." Let's choose wisely and respectfully.

On Friday, the commercial space that I rented was closed by Chief Building Official Hamlett without notice. My landlord was notified. My locks on the building were broken and replaced without due process, and keys were given to my landlord. The basis for this was provided in a letter to my landlord.

Many of the allegations in the letter are inaccurate, and no facts are provided to support these allegations.

I have rented 23 C Street for several years for a recording studio in the basement and a comedy club on the main level. Because of the time it has taken me to improve the club area and the difficulty getting a liquor license, I only tried to open the comedy portion this spring. I have Use & Occupancy Permit #2024425 for the Notes and Jokes Comedy Club, which was approved in March.

The Comedy Club space has had very little use due to the lack of a liquor license, so I have not even opened it for some time.

When I started several years ago, I was advised by the Director of Economic Development, Robert Love, that 23 C Street was a suitable location.

I applied for a liquor license based on the City Arts and Entertainment District, but my application was denied because the state did not recognize the district for a liquor license.

I worked with the city and the 21st delegation to get the law changed.

However, my landlord decided he wouldn't allow me to get the liquor license anymore, even though he leased me the space for a comedy club, and he signed off on my first attempt to get a liquor license.

When I received my U&O in March, I passed the city inspections that the city is now saying I failed to get. Nothing new has been added since the March inspection.

I started the comedy club without selling liquor, which proved to be not very successful.

I decided to take the loss and ride out the lease. I stopped my open mic events because, without food and alcohol, I couldn't break even.

All that I have done recently is host several private listening parties. I am not operating a dance hall, and there have been only a handful of small events.

During a private event on Juneteenth and July 4th, I was informed that the police were towing cars. The police told me the landlord had called the tow truck on my guests' vehicles. When I inquired if I was in violation, they said no, and our event was successful.

On the weekend of July 14th, during a listening party, the police were called multiple times for a couple fighting on Main Street, <u>unrelated to my location</u>.

Despite this fight having nothing to do with my business, the police forcefully entered my building without a warrant.

I asked for a police report, which was promised, but I never received the report. Again, the fighting that occurred involved a business on Main Street and had nothing to do with my location.

On Friday, while I was at home sick, I was informed that my business was being sealed. I arrived to find my business sealed and the keys handed to the landlord without any prior notice of violation.

About the alleged violations:

- I have a valid use and occupancy permit.
- I am not operating an adult dance hall. I have allowed people from my community to use the space, which is very small, for a private gathering on several occasions. There was no admission price, and these few gatherings were not open to the public. No one has provided demonstrable facts otherwise.
- I have never sold liquor in my business, so I do not need a liquor license. No one has provided demonstrable facts otherwise.

 We are not cooking food, so I do not need a food handling license from the Prince George's County Health Department.

About alleged permit violations:

- My business was inspected and permitted in March. I have not added luminaires, sound booths, production booths, etc.
- I have fire protection systems.
- The city inspector spoke to me about the hood system, and he agreed that it was fine to be there if we did not connect it and use it it. We do not do any cooking.

I want to know why I am being treated this way without due process. The Chief Building Official could have contacted me about perceived problems. I have always let inspectors into the building, and I have nothing to hide.

It appears that letting some friends use my space a few times has caused me to be targeted as a dangerous dance hall that is open all night. That is not true, and there is no evidence to support it.

If there is something that the city officials believe I need to do that I have not done, why do they not just come and talk to me?

I feel used by a city that claims to support an arts and entertainment district but has not shown it in practice.

Thanks,

Christopher Ojo. 240-938-6245
