**FY2027**

# Annual Proposed Budget

As we approach the upcoming fiscal year, I am pleased to present my FY2027 Budget Message along with the City of Laurel's General Operating Budget and Capital Improvement Program (CIP).

I am proud to report that—through the diligence, discipline, and shared responsibility of our City staff, this proposed budget is balanced **without any increase in the property tax rate.**

## **Budget Philosophy and Priorities:**

The FY2027 Budget reflects a strategic and disciplined approach focused on maintaining core services while preparing for future uncertainties. This budget:

- Prioritizes **essential services** for residents and businesses
- Funds critical obligations such as **personnel, insurance, and debt service**
- Meets all **contractual commitments**, including union agreements
- Accounts for potential reductions in **federal, state, and county funding**
- Maintains a **cautious fiscal posture** amid national economic uncertainty

While we continue to recover from the long-term impacts of the pandemic, we recognize that new economic challenges require flexibility, discipline, and forward-thinking leadership.

## **Financial Stability and Tax Policy**

The FY2027 proposed budget maintains stability for our residents:

- **No increase in real property tax rate**
- Real Property Tax remains at **\$0.71 per \$100 of assessed value**
- Personal Property Tax rate remains at **\$1.69 per \$100**
- Special Taxing District rate remains at **\$0.03 per \$100**

This reflects our commitment to fiscal responsibility while continuing to deliver high-quality municipal services.

## **Workforce Investment and Labor Agreements**

Our employees are the backbone of our City operations. This budget demonstrates our commitment to maintaining a competitive and supportive workplace through:

- 2.5% Cost of Living Adjustment (COLA)
- 2.5% Merit Increase
- Funding for:
  - The FOP Lodge No. 11 Collective Bargaining Agreement
  - Anticipated agreement with **UFCW Local 1994 (DPW employees)**

These investments ensure we continue to **recruit, retain, and support a high-performing workforce.**

**Strategic Outlook**

- This budget reflects a balance between **operational stability and forward-looking adaptability**. As economic conditions evolve, the Administration remains committed to:
  - Monitoring fiscal trends closely
  - Adjusting proactively to revenue fluctuations
  - Strengthening partnerships with community organizations, businesses, and regional stakeholders

**Key Accomplishments from FY2026**

It continues to be an honor and a privilege to serve our residents and businesses as Mayor of the fine City of Laurel. In December 2025, the City and the Federal Highway Administration signed a grant agreement for \$451,200 to create a Safety Action Plan aimed at achieving the City’s Vision Zero goal of eliminating traffic fatalities. ## THE FY2027 REVENUE BUDGET PROJECTS - REVENUES OF \$50,247,311.

- **Real Property Tax** – Real property tax revenue is 63% of the total revenue budget. After abatements and exemptions, the Assessable Base used for the FY2027 Budget is \$4,439,637,324. This figure is shown at 100% of full cash value. Real Property Tax revenue of \$30,588,360 is projected based on this assessable base at the tax rate of \$0.71 per \$100 of assessment less Economic Development credits, Historic District credits, Public Safety Officer credits, Elderly and Veteran credits, Prince George’s County School System Employee credit and a credit on the real property tax for the Laurel Boys and Girls Club. One cent of the real property tax rate generates \$443,963. FY2027 is the first year of the triennial assessment period. Additional tax revenue projections have been made based on current building permits; and additional credit projections have been made due to assessment appeals.
- **Transit Overlay Tax** – Revenue is based on \$0.03 per \$100 of assessment additional to real estate tax for commercial areas dedicated to maintenance of the infrastructure and contribution to the local public transit system.
- **Intergovernmental Revenue** – The City receives portions of local income tax from the State of Maryland based on City residents’ state tax. Additionally, Highway User Revenue is based on the miles of road within the City limits maintained by the City, vehicle registrations of City residents and gasoline tax. These revenue sources are almost 14% of the total revenue budget.

## THE FY2027 EXPENDITURE BUDGET PROJECTS - EXPENDITURES OF \$50,247,311.

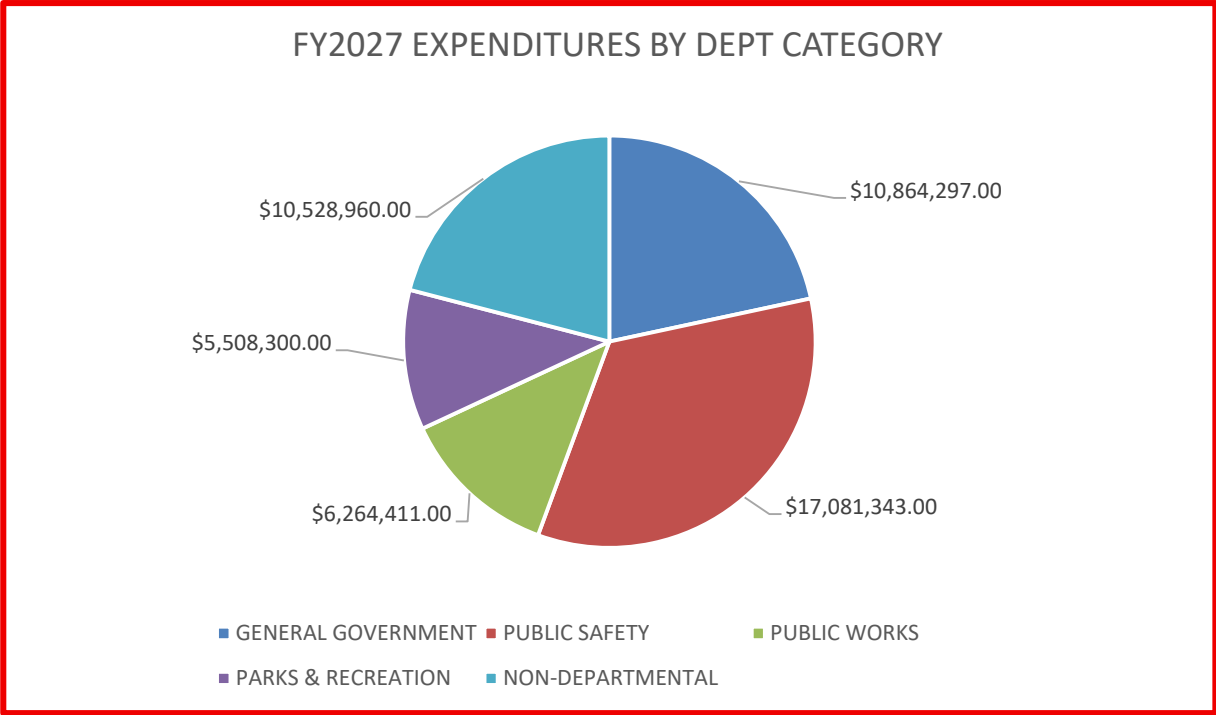

- **Compensation** – The FY2027 Budget includes the payment plan for sworn officers in accordance with the FY2027-FY2030 Collective Bargaining Agreement as well as the FY2025-FY2027 Collective Bargaining Agreement for certain employees of the Department of Public Works. It also provides a Market Adjustment as of July 1, 2026 for all full-time, non-sworn employees; and a Merit Increases to be awarded on an employee’s anniversary date upon receipt of a satisfactory evaluation. Compensation is the largest expenditure of the City of Laurel comprising 54% of the total operating budget. All City services will continue at current levels.
- **Pension Contribution** – An employer pension contribution of \$2,307,123 is included in the FY2027 budget. The Actuary’s recommendation based on FY2025 activity of the plans is budgeted in full. This contribution will be combined with investments and current employee payroll deductions to fund current and future monthly retirement benefits. There is also \$20,000 funding for management of the DROP accounts and for possible actuarial studies.
- **Employee Insurance** - \$4,718,176 has been budgeted. This includes 80% of the cost of employee (and dependents if applicable) health, vision and dental coverage, as well as up to \$500 per month per retiree for health coverage reimbursements. This budget also includes life insurance, long-term disability insurance and worker’s compensation coverages. Due to the complexity of the insurance industry, the use of an insurance broker to negotiate renewals has helped to effectively evaluate proposals for coverage of competing carriers. FY2027 will be the first year of a new contract. The budget was increased by 8% over FY2025 actual.
- **Debt Service** – Debt service for FY2027 includes principal and interest payments on the 2024 bond issue through the Local Government Infrastructure Financing Program (LGIF) as well as two existing PNC Bank loans executed for funding of CIP projects. The total debt service budget is \$1,081,947.
- **Operating Transfer** – The proposed FY2027 general operating budget funds a transfer from the general fund to the CIP of \$1,043,009 budget. There is a transfer to the CIP from the Transit Overlay Tax of \$365,000.

# Public Safety

## Public Safety

The City of Laurel is committed to creating a safer and more resilient community, prioritizing the safety of our residents, businesses, and visitors. This effort is supported by three key Departments that form the foundation of our protective network: Emergency Management, the Laurel Police and Fire Marshal, and Permit Services.

While each Department serves a unique purpose, together they create a robust safety net:

**Laurel Police Department:** Protects the lives and property of the communities in Laurel through the use of law enforcement.  
**Fire Marshal and Permit Services:** Responsible for the management and enforcement of the City's codes and ordinances from property to fire and life safety standards.

**Emergency Management:** Directs and coordinates the emergency preparedness, response, recovery, mitigation activities, functions for City government, and manages and coordinates the resources of the City during an event/emergency

*Working together, we create a safer environment so our community can thrive.*

## DEPARTMENT HEAD: Russell E. Hamill, III – Chief of Police

**FISCAL YEAR:** July 1, 2026– June 30, 2027

**PURPOSE:** The purpose of the Police Department is to contribute to a high quality of life by maintaining a peaceful and safe community for all residents, visitors, and those who work within Laurel.

**RESPONSIBILITIES:** As the primary law enforcement agency in the City of Laurel, the responsibilities of the Laurel Police Department are to protect the lives and property of the communities in Laurel, to reduce the opportunity for individuals to commit criminal acts, and to investigate and apprehend persons suspected of criminal acts efficiently and effectively. The Laurel Police Department will work in partnership with all Federal, State, and local law enforcement agencies in meeting public safety challenges affecting our community and in maintaining public safety, tranquillity, and freedom. We will continue to work with our community to maintain a liveable city.

### PROGRAMS:

**DRUG ABUSE RESISTANCE EDUCATION /PROGRAM (D.A.R.E.):** The Laurel Police Department assigns uniformed police officers to teach students in local elementary schools on how to resist pressure to use drugs and alcohol. Enhanced decision-making skills, peer pressure resistance, building self-esteem and proper attitude development are highlights of the fifteen (15) lesson D.A.R.E. program. Each year hundreds of students successfully complete and graduate from the D.A.R.E. program taught by Laurel Police Officers.

**RIDE-ALONG PROGRAM:** The Laurel Police Department’s Ride-Along Program provides opportunities for people to ride with a Laurel Police Officer during their tour of duty. The program fosters a better working relationship between residents and police.

**EDUCATIONAL PROGRAMS:** The Laurel Police Department presents many educational programs focusing on crime prevention, bicycle safety, drug abuse, child safety, residential and business security.

**COMMUNITY-ORIENTED POLICING:** Community-oriented Policing is a priority of the Laurel Police Department. It requires police to recognize differences in each community, provide customized services and necessitates the forming of partnerships and collaborating with other agencies and residents in problem solving. The development of proactive tactics, aimed at crime prevention and crime reduction, remain our Department’s primary goal by enhancing our officer training to include total Department participation.

**COPS CAMP:** The Laurel Police Department created Cops Camp for youth, an annual week-long program of classroom instruction and interaction with members of the Laurel Police Department. Additional activities include special field trips so participants can have the opportunity to see first-hand, their local government in action. In addition, participants spend a limited amount of time observing various

organizational units of the police department. The goal of Cops Camp is to create a forum, where the youth residing in the City of Laurel can become involved in learning about police service. Cops Camp is used as a tool to promote community policing and further educate our youth about the various aspects of law enforcement and good citizenship. While serving as an educational tool, the camp gives children an insight into law enforcement as a career choice and helps to build positive relationships.

**CITIZENS POLICE ACADEMY:** The Citizens Police Academy is a twelve-week training course, which instructs citizens on subjects such as Officer Safety, Criminal Law, CPR, Community-oriented Policing, Judgmental Shooting and more. Each class is comprised of members of the Laurel community including members of community churches, community groups, business organizations and residents. Since the program’s inception, several Citizen Police Academy sessions have been completed, with Laurel citizens successfully finishing the course work. The graduates have formed a Citizen Police Academy Alumni Association which assists at many community events.

**DRONE:** Over the course of the last year, the Laurel Police Department began to develop an Unmanned Aerial Vehicle (UAV) Program. To comply with regulatory requirements, we have one officer who has completed the licensing requirement for operating a UAV and have multiple officers working on completing the licensing requirements. The department also established a policy that is aligned with the noted best practices for this type of program. During a recent barricade incident, the inaugural operational flight of our new drone program occurred allowing for the UAV to safely clear the area and help ensure the suspect was contained to a specific location. We believe this operation instantly enhanced officer and community safety during the barricade and look forward to further operational deployments in the coming months.

**ODMAPS:** The Department has been participating in the Overdose Detection and Mapping Application Program. We are working with many of our public safety partners, to include the Laurel Volunteer Fire Department, Laurel Volunteer Rescue Squad and the Prince George’s County Fire and Emergency Services Department to capture both fatal and non-fatal opioid overdose events. This information now allows us to determine “hotspots” of opioid abuse within the city and adjust our deployment and enforcement activities to address the quality-of-life and criminal aspects of this issue most effectively and hopefully encourage some of those suffering from addiction into meaningful and successful treatment programs.

# LAUREL POLICE DEPARTMENT'S ORGANIZATIONAL CHART

## DEPARTMENT HEAD: Danny W. Selby, Director

**FISCAL YEAR:** July 1, 2026 – June 30, 2027

**PURPOSE:** The Department of the Fire Marshal and Permit Services (FMPS) is divided into two Divisions who are responsible for the management and enforcement of the City's codes and ordinances as it relates to wide range of areas, to include building and property standards, fire and life safety standards, rental housing licenses and permitting services. The Department is dedicated to providing exemplary customer service in the administration and enforcement of all adopted codes and ordinances. Also, the Department provides and manages a wide range of permits needed to ensure that proper procedures, standards, and requirements are enforced as dictated by applicable codes and ordinances. The Department provides a high degree of internal and external customer service through the use and enforcement of National Standards in Fire, Life Safety and International Building, Electrical, Mechanical and Property Codes.

### RESPONSIBILITIES:

Fire and Building Code Enforcement Principles:

**Proportionality:** We base all enforcement decisions on evidence of non-compliance and in proportion with the consumer risk caused by the violation. This means relating enforcement activity to risk. When the law requires that risks should be controlled, so far as is reasonably practicable, the cost of the remedy, as well as the degree of risk, will be considered. In some cases, there are specific requirements in the law to take in account of the cost of the remedy.

**Consistency:** We take a consistent enforcement approach in similar circumstances. This does not mean uniformity of approach, but rather that a similar approach is taken in similar circumstances to achieve similar ends. Many variables are considered including: the scale of impact, the attitude and actions of the individuals, and the history of previous incidents. Decisions on enforcement action are a matter of professional judgment.

**Transparency:** This is important to maintain public confidence in the City's ability to regulate. It means helping those regulated, and others, to understand what is expected of them and what they should expect from us. It also means making it clear why an inspector intends to, or has taken, enforcement action. We will clearly distinguish between legal requirements, and advice or guidance about what is desirable but not required by the City's Codes or Ordinances.

**Targeting:** We take swift enforcement action to minimize citizen harm after thoroughly evaluating the evidence and considering mitigating or aggravating factors, and we administer the appropriate level of discipline to change behavior and deter future violations. This means making sure that inspections or actions are directed primarily to those activities which give rise to the most serious risks or where hazards are least well controlled. Routine inspections of businesses and dwellings in multiple occupancies are prioritized according to an assessment of the risk they pose.

**Permit Management:**

Permit Management provides a central repository for storing and tracking permit related data, including conditions, required tasks, renewal dates, and costs. Automatic notifications and scheduled inspections enable the right stakeholders to quickly identify and remediate compliance issues. Permit services include ensuring that all the steps within the permit process is handled professionally, effectively and meets the needs of our customers.

**FY2026 PERFORMANCE:** During FY2027, the Department has issued close to 832 (as of March 19, 2026) building, use and occupancy, and other required permits. The following information lists the permits issued through the permits and code enforcement program.

In FY2027, the Department plans to continue the expansion of the recycling program, by increasing available toters to support increased citizen participation, holding Electronics Recycling Events, as well as expand the Commercial Recycling Program by recruiting more City businesses into the program and highlighting those businesses on the City’s website. Additionally, the Department will work toward increasing residential participation through the City website, the Recycle Coach app, updates on Laurel TV and social media, expanding the new composting program, and providing larger residential carts (both 35-gallon and 65-gallon). The Division will also continue the yard waste recycling program which began in FY1996. The Department will continue the curbside Organics Recycling Program which began in July 2019 and became mandatory as of July 1<sup>st</sup> 2025. Education and outreach programs focused on the curbside organics collection will continue with a focus on residential, commercial, and educational institutions.

## DEPARTMENT HEAD: Tim Miller, Director

**FISCAL YEAR:** July 1, 2026 – June 30, 2027

**PURPOSE:** To provide services to remove snow and ice accumulations on City streets.

**RESPONSIBILITIES:** In accordance with an annually revised Snow Emergency Plan, clearing operations are accomplished on a priority basis: snow emergency routes, hazardous locations, public facilities, side streets and drainage structures. Limited clearing services are provided to main roads in subdivisions with private streets.

**STAFF:** The budget provides for staffing during snow removal operations and provides a significant percentage of overtime expense for Department of Public Works employees and other City employees, as needed. For measurable storms, crew deployments may be substantial and minimally includes:

- Supervisor
- Regular Drivers (3)
- Mechanic
- Communications Clerk
- CDL Equipment Operators (6)

**FY2026 PERFORMANCE:** During the period of March 2025 through February 2026, we experienced 5 storms that required Department response. The storms were a combination of ice, sleet and snow. The total for snow and ice accumulation for the 2025-2026 season was 16 inches, which included 1.5 inches of ice. The total amount of salt used to combat icy conditions was 823 tons, plus 2750 lbs. of calcium chloride. The Department implemented the brine road pre-treating system and used a total of 30,000 gallons of brine. The Department is proud of its performance record in responding to and accomplishing prompt and effective snow and ice clearing. Department performance has long been recognized as among the best in the region. The City's salt dome has a storage capacity of 450 tons. This storage facility ensures adequate protection of salt during long-term storage and ensures that the environment of the area's watershed is protected.

**FY2027 GOALS AND INITIATIVES:** Service has been expanded to include new streets and subdivisions. The 2027 snow and ice removal budget is based on National Weather Service long-range forecasting, and other modelling software predictors. As a result, the City is prepared to combat and mitigate the effects of five (5) 12-hour winter storms with a total accumulation of about 18-25 inches during the 2026-2027 season.

**FISCAL YEAR:** July 1, 2026 – June 30, 2027

**PURPOSE:** The City's Street lighting budget is designed to provide well-lit streets throughout the City, improve vehicular traffic safety and contribute to pedestrian friendly and safe sidewalks. The majority of the City's street lighting fixtures are maintained by the Baltimore Gas and Electric Company (BGE) for which the City pays a monthly fee. There are approximately 1,758 streetlights in the City, the bulk of which are maintained by BGE, approximately 126 lighting fixtures are maintained by the Department of Public Works. For request of more street lighting in private developments, the Department will work with the private entity to perform a street lighting study to ensure minimum street and sidewalk lighting safety compliance.

**FY2026 PERFORMANCE:** The Department continues to convert mercury vapor streetlights and high-pressure sodium throughout the City to LED bulbs. This Department also performs periodical streetlight level testing and uses the CIP to install new or updated lighting, as required through BGE or private contractors. New developments will be required to install LED lighting. In July of 2025, 107 streetlights were upgraded to LED fixtures throughout the City.

**FY2027 GOALS AND INITIATIVES:** The use and conversion to LED lighting is planned to continue. LED lights provide more light per dollar than other types. New subdivisions are required to provide LED street lighting. These lights are then brought into the City's program for maintenance and utility expense. Design review and assistance for new street lighting systems are provided by Public Works Engineering and Technical Services Division.

**PURPOSE:** To provide for the safe use of the City’s public rights-of-way by both motorists and pedestrians.

**RESPONSIBILITIES:** The Department of Public Works participates with the Police Department, the Department of Economic and Community Development, Public Safety and Transportation Committee, State Highway Administration and the Prince George’s County Department of Public Works and Transportation in reviewing traffic problems and developments having an impact on traffic in and around the City.

The Department is responsible for traffic engineering, installation and repair of traffic control signs and signals, pavement markings and lettering, operation, and maintenance of traffic counters for studies and for inspecting and correcting hazardous conditions.

The Department maintains traffic signals at eleven (11) intersections. All of the signals are now LED-style lighting, which reduces maintenance and utility costs to the City. Also, the City has completed all Pedestrian Crossing countdown systems at the eleven (11) signals. For safety enhancements along Main Street, the City has improved sight distance at various intersections, Rapid Rectangular Flashing Beacons, Speed Radar Signs, Low Bridge Signs and LED Stop Signs are placed in various areas around town. **RESPONSIBILITIES:** This budget provides for tree removal work, tree trimming, the clearing of limbs and trees felled by storms, the replacement of trees lost due to natural causes and the planting of new trees in an effort to increase our urban forest.

**STAFF:** Department personnel perform routine trimming and pruning to remove dead limbs, obstructions along sidewalks and streets and branches obscuring street and traffic signs. The removal of dead or diseased trees is accomplished by using both outside contractors and DPW Staff. The Department's activities include emergency response to remove trees and limbs felled as the result of severe storms, new and replacement plantings, as well as inspection and annual pruning.

- Crew Leader I (1)
- Equipment Operator I (1)
- Laborer II (1)

**FY2026 PERFORMANCE:** During the year ending December 31, 2025, the Department sent 14 letters to residents with more than thirty-seven (37) new trees planted and removed along with stump removal and 325 trees trimmed in the City rights-of-way. Department personnel have gained valuable experience in tree management and are providing a greater variety of services including new tree plantings and stump grinding. In past years, the Department has responded to hundreds of requests for trees down and emergency removal due to storms that swept through Laurel. The Department has personnel trained, equipped and ready to provide these emergency services when needed.

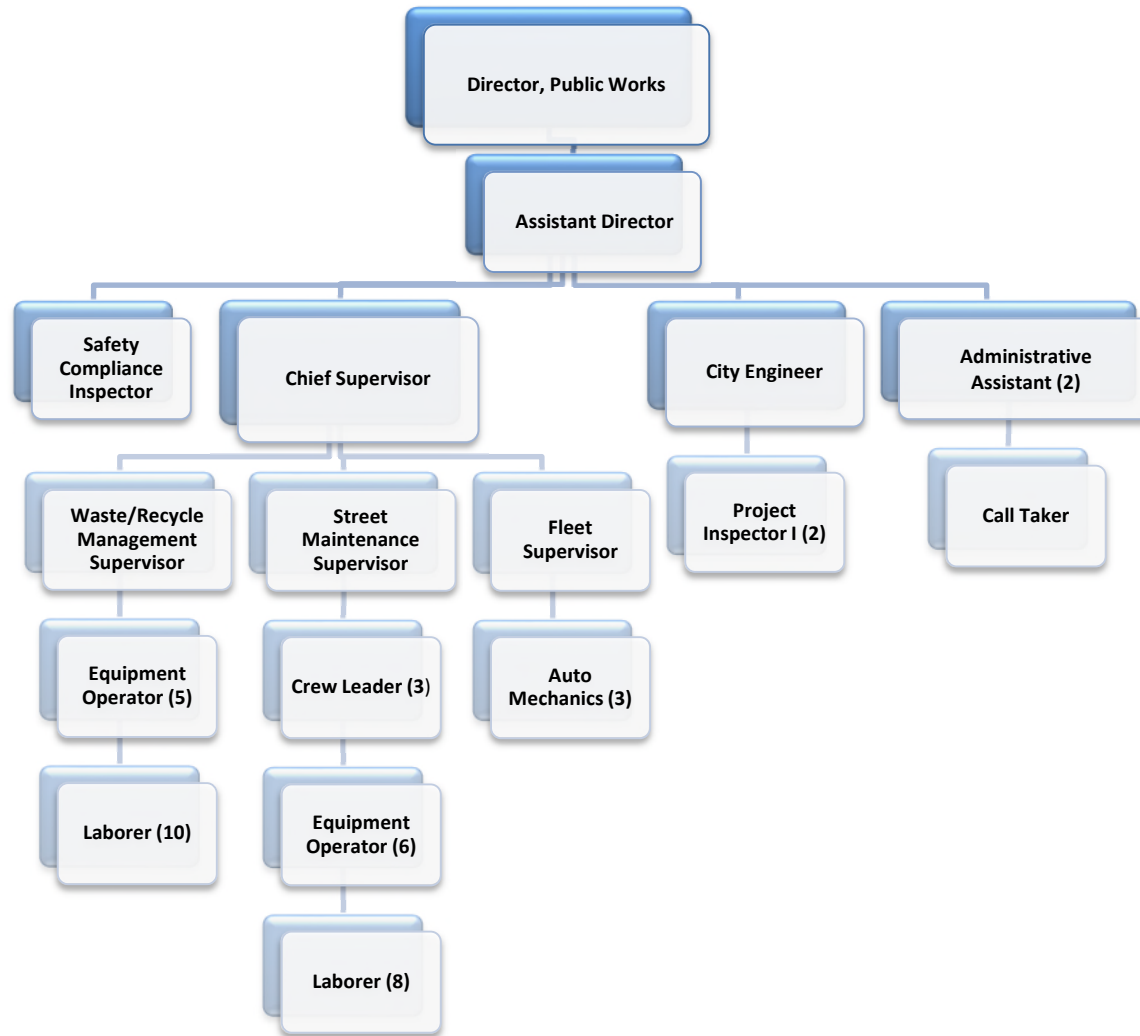

**FY2027 GOALS AND INITIATIVES:** The removal of diseased or damaged trees is determined by citizen requests and regular inspections by this Department's staff as well as an outside certified arborist. The Maryland Forestry Department provides inspections and permits for removals and new plantings when warranted. The Department occasionally participates with citizens and civic groups in tree planting efforts. A limited tree-planting program is planned for FY2027. A Municipal Tree Survey, conducted in cooperation with the Maryland Department of Natural Resources, was accomplished at no expense to the City in 1987 and continues to be used as historic data for an inventory of all City trees. This Department has transplanted and maintains several trees that are certified offspring of the official State Tree, the Wye Oak. Two (2) of these trees are located at Saratoga Avenue and Laurel Lakes Court. Additional Wye Oak offspring were obtained in 1993. Six (6) of these were planted in the Granville

Gude Park and one (1) at the Laurel Municipal Pool. The City’s Street tree inventory is anticipated to increase in FY2027 due to infill developments and annexations. Additional trees will be added as new developments are accepted.

# Amendment #2 to Ordinance No. 2055 – FY2027 Budget

---

Submitted by: Councilmember James Kole

Date: May 11, 2026

## Proposed Action:

To amend the proposed FY2027 Budget Ordinance by reallocating funding from the Mayor's Legal Services budget to increase appropriations for advertising and public communications, maintaining a balanced budget in accordance with Article 500, Section 503 of the City Charter.

## Section 1 – Expenditure Adjustments:

The FY2027 budget is amended as follows:

1. Funding for advertising in the Laurel Independent within Account No. 10-5-270-52061 is increased by \$20,000, raising the total allocation from \$30,000 to \$50,000.
2. Funding appropriated for Voices of Laurel within Account No. 10-5-270-52621 is reduced by \$4,000, decreasing the total allocation from \$4,000 to \$0.
3. Funding for advertising in Voices of Laurel within Account No. 10-5-270-52061 is increased by \$8,000, establishing a total allocation of \$8,000 within that account.
4. Funding for Legal Services within the Mayor's Office (Account No. 10-5-210-52011) is reduced by \$24,000, decreasing the total allocation from \$297,839 to \$273,839.

## Revenue and Expenditure Impact Summary:

Category	Current Proposed	Amended	Change
Laurel Independent Advertising (10-5-270-52061)	\$30,000.00	\$50,000.00	+\$20,000.00
Voices of Laurel (10-5-270-52621)	\$4,000.00	\$0.00	-\$4,000.00
Voices of Laurel Advertising (10-5-270-52061)	\$0.00	\$8,000.00	+\$8,000.00
Mayor's Legal Services (10-5-210-52011)	\$297,839.00	\$273,839.00	-\$24,000.00

**Net Fiscal Impact:**

This amendment results in no net fiscal impact to the FY2027 budget, as the expenditure increases are fully offset by reductions elsewhere within the proposed FY2027 budget.

**Fiscal Rationale:**

Current fiscal year legal services expenditures totaled \$188,383.70 as of May 1, 2026. The amended FY2027 appropriation for Legal Services remains consistent with several recent historical expenditure levels. This amendment is based on historical spending trends and currently available expenditure data presented during the budget process, while reallocating funding toward expanded public communication and community outreach efforts through local print media advertising.

Historical Legal Services expenditures are as follows:

<b>Fiscal Year</b>	<b>Amount</b>
FY2020-2021 Actual	\$270,972.92
FY2021-2022 Actual	\$177,406.73
FY2022-2023 Actual	\$182,930.86
FY2023-2024 Actual	\$306,222.50
FY2024-2025 Actual	\$184,444.50
FY2025-2026 YTD (as of 5/1/2026)	\$188,383.70
FY2026-2027 Proposed	\$297,839.00
FY2026-2027 Amended	\$273,839.00

**Requested Council Action:**

Move to adopt this amendment to Ordinance No. 2055, the FY2027 Budget Ordinance, during final budget proceedings.

# Amendment #1 to Ordinance No. 2055 – FY2027 Budget

---

Submitted by: Councilmembers James Kole and Adrian Simmons

Date: May 11, 2026

## Proposed Action:

To amend the proposed FY2027 Budget Ordinance by reducing both revenues and expenditures by \$1,000,000 while maintaining a balanced budget in accordance with Article 500, Section 503 of the City Charter.

## Section 1 – Revenue Adjustment:

The FY2027 budget is amended to reflect a reduction in interest investment revenue of \$1,000,000 (Account No. 10-4-000-47105).

## Section 2 – Expenditure Adjustments:

The FY2027 budget is further amended as follows:

1. Funding for the Family Resiliency Program within the Department of Economic & Community Development (Account No. 10-5-240-52806) is eliminated, resulting in a reduction of \$1,000,000 in total expenditures.

## Revenue and Expenditure Impact Summary:

Category	Current Proposed	Amended	Change
Interest Investment Revenue	\$1,275,000.00	\$275,000.00	- \$1,000,000.00
Family Resiliency Program	\$1,000,000.00	\$0.00	- \$1,000,000.00

Net Fiscal Impact: \$0.00

## Justification:

This amendment removes funding for the proposed Family Resiliency Program from the FY2027 Budget to allow additional time for review and discussion by the City Council.

The Family Resiliency Program is a new initiative and the Council has not yet had sufficient time to fully review the program structure, administration, long-term funding considerations, and expected outcomes before appropriating City funds.

This amendment does not prevent the program from being considered in the future. The Council may revisit the program through a future budget ordinance after additional review and discussion by the Council.

The reduction in expenditures is matched by a corresponding reduction in projected interest investment revenue, maintaining a balanced budget in accordance with Article 500, Section 503 of the City Charter.

**Fiscal Note:**

This amendment reduces both revenues and expenditures by \$1,000,000 through a reduction in projected interest investment revenue and the elimination of the Family Resiliency Program. The budget remains balanced in accordance with Article 500, Section 503 of the City Charter.

**Requested Council Action:**

Move to adopt this amendment to Ordinance No. 2055, the FY2027 Budget Ordinance, during final budget proceedings.
