CITY OF LAUREL
CITY COUNCIL WORKSHOP
TUESDAY, MAY 06, 2025
6:30 PM
COUNCIL CHAMBERS**

Public Input: *Citizens may address the Council regarding any item of City business that is not on tonight's agenda. The duration for an individual speaking under Public Input is limited to three minutes. While all comments are welcome, the Council will not take action on any item not on the agenda. Because of the Rules that govern public meetings, Council is not permitted to speak in response to any issue raised that is a non-Agenda item. The Mayor may provide factual information in response, with the intention that the matter may be addressed at a later meeting. In addition, City Council may request that a particular non-Agenda item be placed on an upcoming Agenda, for consideration. Citizens should not construe Council's "silence" on an issue as an opinion, one way or the other, regarding that non-Agenda matter. Council simply cannot debate an item that is not on the Agenda, and therefore, they must simply listen to the feedback given during public input. If a citizen would like to speak or comment regarding an item that is on tonight's agenda, we ask that you wait until the agenda item is presented to the Council by the Mayor and the public is asked to comment by the Mayor.*

Be advised, if a discussion item has an upcoming public hearing, we would request members of the public to reserve your comments until the public hearing. At the public hearing, the City Council will establish an official record that will include all of your comments, testimony, and written evidence.

City of Laurel’s Proposed Water and Wastewater Utility Service
Rates and Charges and
Notice of Public Rate Hearing

OFFICIAL NOTICE IS HEREBY GIVEN that the Laurel City Council will hold a public hearing on June 24, 2025, at 6:30 p.m. in the Council Chambers at City Hall regarding proposed municipal water and wastewater rate increases. The Clerk/Treasurer will receive protests or objections, if any, in writing before the Council meeting up to and including the City Council meeting of June 24, 2025.

The City of Laurel is proposing an increase in water and wastewater rates to ensure the long-term reliability, safety, and sustainability of its utility services. Prior to last year’s increase in the consumption of water and sewer volumetric usage rates, the City had not had rate increases since 2015. The cost of maintaining and operating the City’s water and wastewater systems has significantly increased. Rising energy prices, labor costs, and the need for upgraded equipment have strained the current revenue levels.

Additionally, much of Laurel’s water and wastewater infrastructure is aging and in need of critical repairs and replacements. This includes water lines, sewer mains, and the City’s only water reservoir which was installed in 1968. To continue delivering potable water to our citizens, a new water reservoir is urgently needed. It is essential for the City of Laurel to deliver clean water and manage wastewater effectively. Without increased funding, the City is restricted to taking care of infrastructure needs or plan for future growth.

The City is proposing to modify the existing **water rates** as follows:

Based upon the average monthly usage by user from 2022 to 2024, the rate structure is estimated to increase the monthly water charge by the following amounts, based upon water meter size.

Water Rate Structure

AGENDA

CITY OF LAUREL
CITY COUNCIL MEETING
TUESDAY, NOVEMBER 08, 2022
6:30 PM
COUNCIL CHAMBERS

WELCOME ... By your presence in the City Council Chambers, you are participating in the process of representative government. To encourage participation, the City Council has specified times for citizen comments on its agenda - one following the Consent Agenda, at which time citizens may address the Council concerning any brief community announcement not to exceed one minute in duration for any speaker, and again following items removed from the Consent Agenda, at which time citizens may address the Council on any matter of City business that is not on tonight's agenda. Each speaker will be limited to three minutes, unless the time limit is extended by the Mayor with the consent of the Council. Citizens may also comment on any item removed from the consent agenda prior to council action, with each speaker limited to three minutes, unless the time limit is extended by the Mayor with the consent of the Council. If a citizen would like to comment on an agenda item, we ask that you wait until the agenda item is presented to the Council by the Mayor and the public is asked to comment by the Mayor. Once again, each speaker is limited to three minutes.
