Laurel Airport Authority PO Box 242 Laurel, Mt. 59044

Dear Laurel Airport Authority Chairperson,

The Laurel Volunteer Fire Department and the City of Laurel have discussed the upcoming Fire district contracts and other services for the Rural Fire Districts and Fire Service Areas.

We would like to continue to offer contract with a 2% increase from last year contract. The increase is due to the rising inflation cost of expenses associated to the fire service. Such increases are for fire apparatus, both new equipment and the maintenance and repair of existing apparatus, personal protective equipment, rising fuel costs and equipment purchases to maintain a highly effective service to our districts.

The proposed increase would be as follows:

| Contract<br>Year | Last<br>Contract |   | %<br>+/- | Increase/<br>Decrease |   |           |   | Annual<br>Payment |
|------------------|------------------|---|----------|-----------------------|---|-----------|---|-------------------|
| 2020- 2021       | \$4895.08        | х | .02      | \$97.90               | + | \$4895.08 | H | \$4992.98         |

If your Board of Directors accepts this contract amount, the City of Laurel and the Laurel Fire Department are requesting that the new contracts will be finalized and ready to be presented to the City of Laurel Council by first the Council Workshop in June. If you feel that the new rate is unjust and would like to meet with myself or the City of Laurel Mayor please contact me and arrange a date and time at your convenience to meet.

Enclosed you will find the contract for the next year of service. Please sign and return to the following by May 27, 2020.

Brittney Moorman Council Secretary PO Box 10 Laurel, Mt. 59044

Thank you for your support. If there is anything we can do to help support the Fire District of the Laurel Airport Authority please don't hesitate to call us. Feel free to contact me with any questions or concerns.

June 22<sup>nd</sup>, 2020

The City of Laurel PO Box 10 Laurel, MT 59044

To the Laurel City Council,

My husband Scott and I purchased our home at 810 W. 7<sup>th</sup> St., in Laurel, about 4 years ago. The house is on both septic and cistern. We started having septic issues about the 2 years ago and have been trying to resolve the issue ever since with many techniques. The latest attempt to salvage the system was on June 12<sup>th</sup>, 2020. Heston Schessler with Schesslers Septic (406) 281-0811, came out and tried jetting out the leech field, by forcing water through the lines. Once he dug up the system however, he found that the roots from the nearby trees had encased and matted the legs of the leech field system, which made it impossible to jet it out. Given the size of the backyard and proximity to the existing watering ditch and wells that run along and to the south side of the property line (the side that our leach field is on), he said that replacing the leach field would not be an option.

Since we cannot fix or replace our leach field, our only remaining option would be to tie into the city services. Immediately adjacent to the east of our property, there are two town houses that are in the city limits and on city services. We believe it may be possible to tie into the same lines that are run to the town houses, but we may need to go all the way back to 8<sup>th</sup> street.

We have been in contact with Nick Altonaga and he shared the City's annexation policy packet. Our lot is smaller than one city block, so we are writing to state our wish to be annexed. Please consider allowing our home to be annexed into the city of Laurel.

Sincerely,

Scott and Amy Slothower

- Continue to <u>build consumer confidence</u>
- Promote Buy Local/Click Local
- Support the discovery efforts and technology needs of businesses as they learn their Normal 2.0.
- Continue to <u>assess business needs through real-time outreach</u> and surveys to educate our work plans
- <u>Determine workforce needs and the training and education alignment that is</u> necessary to meet changing current and future needs (BillingsWorks' role)
- Using public health benchmarks, <u>educate the community of its responsibility</u> to help sustain our safe reopening and recovery and promote the importance of safe protocols to our progress

"Closing our doors because of the Coronavirus was probably the hardest challenge that I have ever had as a business owner. Not knowing what was coming each and every day was overwhelming! We went from managing, running and growing our business to damage control. More than anything, it was suddenly having to learn to run a business that I didn't create."
