**Re: RZM2021-00009; 724 Collins Hill Road
Additional Elevations and Materials**

Dear Mayor Still and Council Members:

On behalf of my client, Charles Garfunkel, Applicant in the above-referenced CMU rezoning application, please accept this letter providing additional multifamily residential building elevations as follow-up to some of the comments and questions that we received during the Work Session on March 9, 2022. ECI Group prepared these proposed elevations to demonstrate the minimum 51% masonry on each side of the building facades (Attachment "A"). Additionally, we have included an additional elevation showing the Bahama shutter-style corridor screening for the standard multifamily buildings, allowing corridor ventilation with an obstructed view (Attachment "B"). Finally, I have attached certain constitutional notices and reservations of rights on behalf of my client (Attachment "C"). Under current Georgia law, I am required to submit these notices as reservations of my client's rights prior to Council's decision on this matter. These notices are not intended to disrupt cooperation with the City, rather preserve my client's rights at the appropriate time. The Applicant team has greatly appreciated all comments and feedback that we have received thus far from Council and Planning Staff, as well as the continued cooperation from the City throughout our application process.

We look forward to our hearing and continued discussion at the regular meeting on March 28th. Please do not hesitate to contact me with any questions.

Sincerely,

/s/ G. Douglas Dillard

Constitutional Objection/Anti-Litem Notice

Georgia law and the procedures of the City of Lawrenceville require us to raise Federal and State constitutional objections during the application process. While the Applicant anticipates a smooth application process, failure to raise constitutional objections at this stage may mean that the Applicant will be barred from raising important legal claims later in the process. Accordingly, we are required to raise the following constitutional objections at this time:

The portions of the Zoning Ordinance of the City of Lawrenceville, Georgia ("Zoning Ordinance"), facially and as applied to the Property, which restrict the Property to any uses, conditions, land use designations, development standards, or to any zoning district other than that proposed by the Applicant are unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of Article I, Section I, Paragraph I and Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

The application of the Zoning Ordinance, facially and as applied to the Property, which restricts the Property to any uses, conditions, land use designations, development standards, or to any zoning district other than in accordance with the Application as proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States; Article I, Section I, Paragraph I, and Section III, Paragraph I of the Constitution of the State of Georgia of 1983; and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of the Application would be unconstitutional under the Takings Clause of the Fifth Amendment to the Constitution of the United States and the Just Compensation Clause of Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983. A refusal by the Lawrenceville City Council (including its members in both their official and individual capacity) to grant the Application as requested would constitute a taking of the Applicant's property. Because of this unconstitutional taking, the City of Lawrenceville would be required to pay just compensation to the Applicant.

A denial of the Application would constitute an arbitrary and capricious act by the Lawrenceville City Council (including its members in both their official and individual capacity) without any rational basis therefore constituting an abuse of discretion in violation of Article I, Section I, Paragraph I and Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States. A refusal to grant the requested rezoning application would lack objective justification and would result only from neighborhood opposition, which would constitute an unlawful delegation of the zoning power to non-legislative bodies in violation of the Georgia Constitution, Article IX, Section II, Paragraph 4.

A refusal by the Lawrenceville City Council (including its members in both their official and individual capacity) to grant the requested rezoning application for the Property in accordance with the criteria as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicants and

applicants or owners of the similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any approval of the Application subject to conditions which are different from the conditions requested by the Applicant to the extent such different conditions would have the effect of further restricting Applicant's utilization of the Property, would also constitute an arbitrary, capricious, and discriminatory act in zoning the Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A denial of these application would be unconstitutional. This notice is being given to comply with the provisions of O.C.G.A. § 36-33-5 to afford the City an opportunity to approve the rezoning as requested by the Applicant. If action is not taken by the City to approve the rezoning application within a reasonable time, a claim will be filed in the Superior Court of Gwinnett County demanding just and adequate compensation under Georgia law for the taking of the Property, inverse condemnation, diminution of value of the Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

Standing Objection

The Applicant further objects to the standing of each and every surrounding resident to challenge, whether before the City Council or any court of competent jurisdiction, any zoning decision by the City Council in that he/she has not shown, nor can show, that he/she will suffer special damages within the meaning of Georgia law as a result of said decision. The Applicant raises this objection before the City Council and requests that the Council determine the standing of any individual who challenges or objects to the Council decision to grant the requested rezoning. Applicant further raises this objection before the City Council to preserve said objection on appeal, if any, to any court of competent jurisdiction.
