RE: MooJon Highway 33
Industrial Park
Request for Variance
Our File: 005-1134

Dear Mr. Hall:

The owner, MooJon Properties, LLC, is requesting a variance from the Lincoln Parish Police Jury for a proposed development along Highway 33. The development will include 18 lots, with access provided by a newly constructed asphalt street with concrete curb and gutter. The Lincoln Parish Subdivision Ordinance, Chapter 38, Article II, Section 38-36, states that all proposed rights-of-way shall have a minimum width of 60 feet, with a 10-foot utility easement on each side. The typical section plan sheet demonstrates that adequate width is available within the required 60-foot right-of-way to accommodate all necessary utilities and drainage infrastructure. As a result, the developer requests jury approval to waive the 10-foot utility easement on each side of the 60-foot right-of-way. Attached hereto are the typical sections and plan-and-profile sheets. Your consideration of this request is greatly appreciated.

Please call me if you have any questions. Thank you.

Sincerely,

RILEY COMPANY OF LOUISIANA, INC.
