

**City of Lake Forest Park  
Climate Action Committee  
Regular Meeting Summary  
July 11, 2023**

**CALL TO ORDER: 7:10 P.M.**

**Climate Action Committee Board Members Present:**

Sarah Phillips, Anne Udaloy, Brian Saunders, Dana Campbell, Miriam Bertram, Tamara Erickson

**Staff and Others Present**

Council Liaison - Tracy Furutani  
Environmental and Sustainability Specialist - Cory Roche

**Member of the Public Present**

Kathy Comeau

**WELCOME AND INTRODUCTIONS**

**ADOPTION OF AGENDA**

The agenda was approved unanimously, no objections.

**REVIEW/APPROVE MEETING MINUTES**

May Minutes were approved unanimously, no objection.

**CITIZEN COMMENTS**

None

**CURRENT BUSINESS**

**A. Review DRAFT Climate Action Plan**

Dana has created a new working draft, along with the help from Mimi and Sarah. Dana mentioned she has been taking a look at other city neighbors on their plans to see how we can put this together so people can and will want to read. Some sections have not yet been written but will come at the end. Mimi is starting on an appendix. Group thinks it would be good to have a list somewhere in the document on items the CAC is proposing. There needs to be an introduction added that will go over the CAC and how and why climate change will affect LFP.

The CAC wants to look at hiring a professional group to review the plan and add some images.

The CAC went through the draft plan. Talked over types of implementation methods to use use, like municipal operations, transportation, and built environment. Could use municipal operations as the guideline of what the City is doing for an example of what the LFP community can do. Group discussed how commercial could be broken out. So

there could be three sections under each category with strategies and actions. Dana will create a chart to send out for people to update their sections.

#### **B. Outreach & Implementation Strategy and Next Steps**

Tamara mentioned the go electric workshops and the farmers market on July 23<sup>rd</sup> and October 1<sup>st</sup> the CAC will host a booth. Created a drawing activity sheet that asks you to draw or write a poem of what LFP will be like in 20 years, with a sustainability and climate resilience perspective. Cory will work out legal details to be able to post drawings submitted. Group will look to introduce the Climate Action Plan at Picnic in the Park. Will do an event at the commons in the fall on the plan and other climate action items. Tamara also would like to share what the county and K4C is doing.

CAC agreed it may be time to restructure committees as we shift to implementation.

Mimi will be working on the appendix that will hold the survey information. Going to creating a poster and slide deck so people can present the survey results. Wondered what would be useful to have for you to give a presentation.

#### **C. Other**

The Go Electric! series will begin July 18, first session is an educational workshop on gas stoves and provide information on rebates for gas stoves and electrical panels. Councilmember Tracy will be the MC of the first series that is taking place at Third Place Commons.

**ADJOURN: 8:30PM**
