A. 2023 CAC Work Plan Review/Update

The group took a look at the work plan for 2022 and draft for 2023. CAC is still on track and somewhat on time as the survey has been created and collecting responses to start the outreach plan. Sarah would like to start writing the Climate Action Plan and went through a comparison of other climate action plan with local cities. This will set up LFP's plan to begin writing and acknowledged that LFP's will look different than other cities. Jessica is working on laying this out in more detail including goals, the vision and what are they. Group will look at adding a climate justice portion to the plan to be more inclusive. Also look at adding a section on lobbying for funding to support items on the Climate Action Plan and invite Tribes to participate and at minimum include land acknowledgement. After the outline is done, CAC will break out in groups or singles to write topics.
