MINUTES OF THE MEETING OF THE FINANCIAL COMMISSION OF THE CITY OF LOS ALTOS, HELD ON, MONDAY, November 21, 2022, AT 6:00 P.M. VIDEO/ TELECONFERENCE

ROLL CALL

PRESENT: Chair Kalkat, Vice-Chair McClatchie, Commissioners Claras, Frey, Kalbach, Richmond, Whipple

ABSENT: None

PLEDGE OF ALLEGIANCE

PUBLIC COMMENTS

none

ITEMS FOR CONSIDERATION/ACTION

1. Approval of Minutes of the Meeting, October 17, 2022

Action: After adjustment to give effect to comments from Commissioner Claras requesting clarification that cyber security matters were not within the purview of the Commission, on a motion by Commissioner Whipple and second by Commissioner Kalbach, the Commission approved the minutes of the meeting of October 17, 2022 by the following vote: AYES: Chair Kalkat, Vice-Chair McClatchie, Commissioners, Claras, Frey, Kalbach, Richmond, Whipple. NOES: None, ABSTAIN: None; ABSENT: None.

2. Discussion Items

The Commissions discussed several topics including a draft sewer rate study, the quarterly investment report from the City's investment advisor, and a draft FY23 work plan.

- NBS Sewer Rate Study: A representative of the City's consultant, NBS, gave a presentation regarding the proposed findings of that firm's sewer rate study. A discussion ensued surrounding the proposed findings, including the suggested significant increase in sewer rate and the related calculations regarding future cash and capital expenditure needs. In order to provide the opportunity for further follow-up, Chair Kalkat suggested a subcommittee and its was determined that Chair Kalkat and Commissioner Frey would act as a subcommittee to review the report in further detail and report back to the full Commission.
- Quarterly Investment Portfolio report: The Finance Director presented the September 30, 2022 Quarterly Investment Report. Commissioners asked questions and a discussion ensued. The Commission also determined that there was no present need to recommend changes to the Investment Policy.

- FY23 Work Plan Draft: The draft was shared with the Commission and a discussion ensued. One non-recurring item was noted for follow-up by the Finance Director.

COMMISSION AND STAFF REPORTS AND DIRECTIONS ON FUTURE AGENDA ITEMS

- A discussion took place regarding current expectations regarding returning to inperson/hybrid Commission meetings.
- The Finance Director was requested to set-up calendar invitations for future meetings.

ADJOURNMENT

SPECIAL NOTICES TO PUBLIC

In compliance with the Americans with Disabilities Act, the City of Los Altos will make reasonable arrangements to ensure accessibility to this meeting. If you need special assistance to participate in this meeting, please contact the City Clerk at least 48 hours prior to the meeting at (650) 947-2720.

MINUTES OF THE MEETING OF THE FINANCIAL COMMISSION OF THE CITY OF LOS ALTOS, HELD ON, MONDAY, January 23, 2023, AT 6:00 P.M. VIDEO/ TELECONFERENCE

ROLL CALL

PRESENT: Chair Kalkat, Vice-Chair McClatchie, Commissioners Claras, Frey, Kalbach, Richmond, Whipple

ABSENT: None

PLEDGE OF ALLEGIANCE

PUBLIC COMMENTS

none

ITEMS FOR CONSIDERATION/ACTION

1. Approval of Minutes of the Meeting, November 21, 2022

Action: Commissioner Richmond indicated that he had a number of suggested edits and it was agreed that he would provide them to the Finance Director for action at that next Commission meeting.

2. FY22/23 Budget Appropriation Final Adjustments

Finance Director June Du made a presentation to the Commission on final adjustments to the FY22/23 Budget appropriations and a discussion ensued during which the Finance Director answered the questions posed by the Commissioners.

Action: The Commission resolved to recommend the FY22/23 Budget Appropriation Final Adjustments for action by the City Council at its February 14 meeting, with such resolution being proposed on a motion by Commissioner Kalbach, seconded by Commissioner Whipple, and approved by the Commission by the following vote: AYES: Chair Kalkat, Vice-Chair McClatchie, Commissioners, Claras, Frey, Kalbach, Richmond, Whipple. NOES: None, ABSTAIN: None; ABSENT: None.

3. 2023 Finance Commission Meeting Schedules

The Finance Director proposed to change the February 20 and June 19 meeting dates due to City's holiday schedule. The Commission agreed to change the February 20 date to February 27 and the June 19 date to June 5.

4. Discussion Items

Financial Commission Minutes January 23, 2023

The Commission discussed several topics including the FY24 City Budget process, presentations, and level of detail, as well as the Commission workplan. The Finance Director advised the Commission that for the FY24 budget cycle the City would be instituting a "zero based" budgeting process. Also during the discussion, Chair Kalkat inquired regarding the Grand Jury agenda item on the January 24 City Council meeting. City Manager Gabe Engeland briefly described the agenda item, the background of the item and the City's plan to remediate the purported reporting deficiency.

COMMISSION AND STAFF REPORTS AND DIRECTIONS ON FUTURE AGENDA ITEMS

The Finance Director proposed to discuss the City's Investment policy, Financial policy, FY22 Audit, and 2nd Quarter Investment Performances at future meetings. Vice-Chair McClatchie recommended a continuing review of the Commission's workplan in connection with the scheduling of future agenda items.

ADJOURNMENT

Adjourned the meeting at 7:30 p.m.

SPECIAL NOTICES TO PUBLIC

Subject: Quarterly Investment Portfolio Report – Quarter Ended December 31, 2022

Purpose

These quarterly reports are presented to both the City Council and the Financial Commission to keep both bodies apprised as to the status of the City's investment holding and demonstrate compliance with the City's Investment Policy.

Background

A review of the Investment Portfolio Report Quarter Ended December 31, 2022 was presented and discussed by the Financial Commission on February 27, 2023. The Financial Commission reviewed the Quarterly Investment Portfolio Report ending December 31, 2022, and had a brief discussion.

Discussion/Analysis

The summary provided below presents the sum of all City investment holdings. The City's portfolio par value and market value, including LAIF but excluding operating cash, as of December 31, 2022, was \$59,002,231 and \$57,005,621 respectively. The City's operating cash, as of December 31, 2022, was \$10,149,644.

As of December 31, 2022, 7.4% of the City's portfolio was placed in Federal Agency Securities (Fannie Mae, Federal Home Loan Bank, Federal Home Loan Mortgage, and Federal Farm Credit), 13.8% in Asset-Backed Securities, 1.6% in Supra-National Agency Bond, 35.2% in US Treasuries, 23.4% in medium-term Corporate Notes and Commercial Paper, and 3.1% in Certificate of Deposits, with the balance of 15.5% in LAIF. This portfolio mix is illustrated as part of Attachment 1 with LAIF balance and performance as Attachments 3 and 4.

Full compliance with the City's Investment Policy is monitored closely and on a per-trade basis as illustrated in Attachment 2. In accordance with California Government Code 53646(b)(3), the City of Los Altos has the ability to meet its pool expenditure requirements for the next six months.

As part of these quarterly updates, a status report is prepared by PFM which is included as Attachment 5: Investment Performance Review for the Quarter Ended December 31, 2022. It is important to note that this report highlights the performance of City investments that fall outside its liquid holdings with LAIF. This has been intentionally crafted to isolate the performance of the City's independently managed investments. The return of the portfolio over ten years is 0.88%, which is highlighted on page 21 of the PFM Investment Performance Review Report (Attachment 5).

Recommendation

Receive the Investment Portfolio Report Quarter Ended December 31, 2022

Investment Performance Review For the Quarter Ended December 31, 2022

Client Management Team

PFM Asset Management LLC

Monique Spyke, Managing Director Wale Kajopaiye, Senior Managing Consultant 1 California Street Ste. 1000 San Francisco, CA 94111-5411 415-393-7270 213 Market Street Harrisburg, PA 17101-2141 717-232-2723

Agenda

- Market Update
- Portfolio Review

Market Update

The Year in Review

Beginning in March, the Fed hiked rates by 425 basis points in 2022

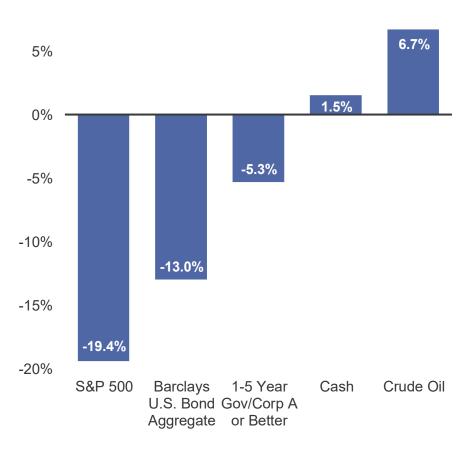

• The 2-year treasury yield rose just 370 bps through 2022

2022 saw an uncommon phenomenon of both stocks and bonds posting negative returns

Consumer spending remained resilient despite price pressures and extended credit levels

Energy prices surged due to uncertainty, geopolitical conflict (war in Ukraine), and storage challenges

Source: Bloomberg, as of 12/31/2022.

Current Market Themes

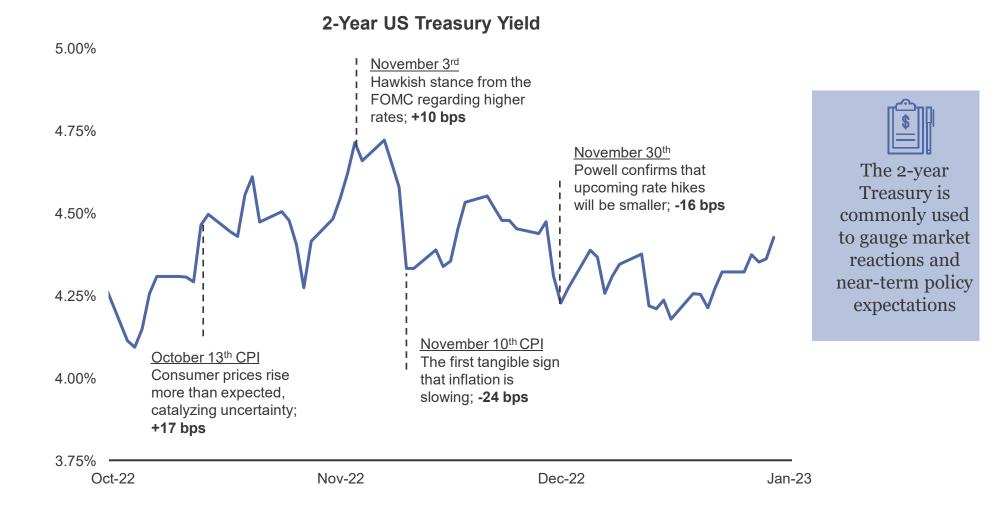

- The U.S. economy is characterized by:
 - High inflation that shows signs of slowing
 - Continued strong labor market
 - Potentially declining health of U.S. household finances
 - Expectations for a modest yet broad economic downturn
- The Federal Reserve is expected to wrap up their normalization process
 - Slowing pace of rate hikes
 - Fed projecting short-term fed funds rate to reach 5.00% to 5.25% by yearend, with markets expecting rate cuts in the second half of 2023
 - Fed officials reaffirm that restoring price stability is the utmost priority, despite risks of overtightening

- Volatile markets potentially calming
 - Treasury yields in the belly of the curve (3-7 years) ended the quarter slightly lower, while shorter and longer maturities ended higher
 - ▶ Yield curve inversion has deepened further since last quarter
 - While still elevated, volatility and liquidity challenges have begun subsiding

Rates Remain Sensitive to Fed and Inflation

Source: Bloomberg, as of 12/31/2022.

Sector Yield Spreads

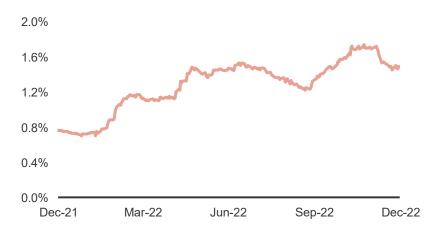

Mortgage-Backed Securities Yield Spreads

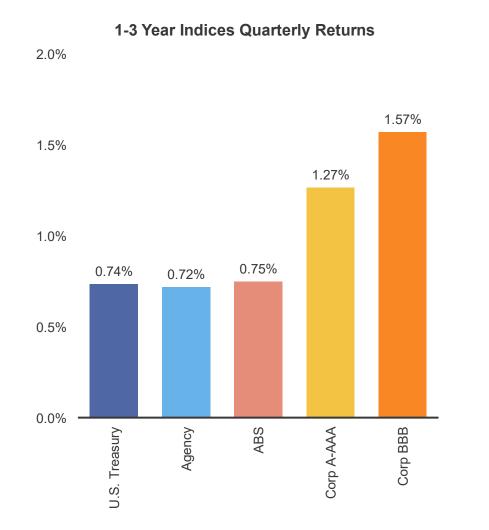

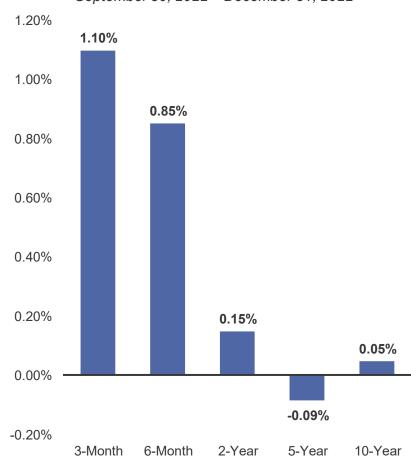

Asset-Backed Securities AAA Yield Spreads

Source: ICE BofAML 1-3 year Indices via Bloomberg, MarketAxess and PFMAM as of 12/31/2022. Spreads on ABS and MBS are option-adjusted spreads of 0-3 year indices based on weighted average life; spreads on agencies are relative to comparable maturity Treasuries. CMBS is Commercial Mortgage-Backed Securities.

Fixed-Income Markets in Q4 2022

Change in U.S. Treasury Yield September 30, 2022 – December 31, 2022

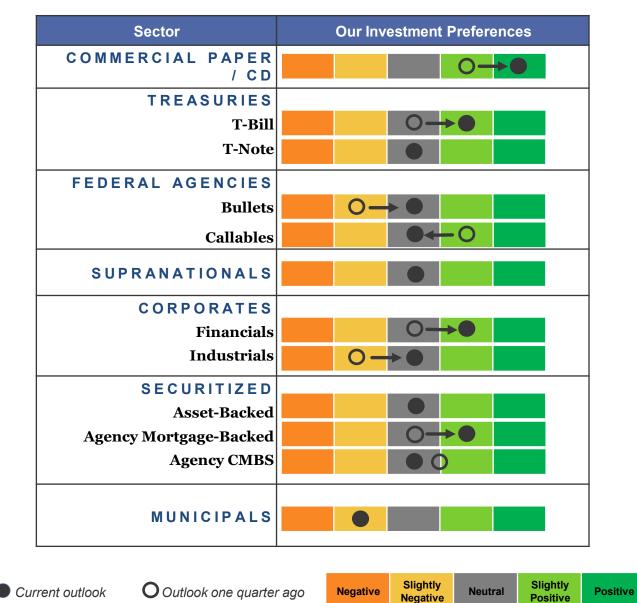

Source: ICE BofAML Indices. ABS indices are 0-3 year, based on weighted average life. As of 12/31/2022. Right Chart: Generic US Treasury securities via Bloomberg, change in yield from 9/30/2022 to 12/31/2022.

Fixed-Income Sector Commentary – 4Q 2022

- U.S. Treasury yields settled into a wide range after surging for the first three quarters of the year. The result of more stable yields was generally positive returns for the quarter.
- Federal agency bullet spreads finally broke single digits and climbed to the widest levels in the past 12 months for certain maturities. Callable structures were attractive early in the quarter as new issues came to market at wide levels on the heels of historically high bond volatility.
- Supranational issuance fell notably short of expectations in Q4 limiting new investment opportunities. Liquidity was better than that of federal agencies, which provided some ability to swap into other sectors which were more attractive.
- Investment-Grade Corporate yield spreads fluctuated in Q4 underscoring the historic levels of volatility experienced throughout the year. After reaching post-pandemic wides in late October, credit spreads reversed, ending the quarter modestly tighter. The sector generated strong excess returns in Q4 and buoyed portfolio returns relative to benchmarks.

- Asset-Backed yield spreads lagged the narrowing move in the corporate sector for much of Q4 but rallied into year end, ending the quarter only modestly wider than where they began. ABS and IG corporate spreads diverged markedly in November, growing to the widest margin since 2020 and leading to a yearend rally which brought performance just shy of matched-duration U.S. Treasuries.
- Mortgage-Backed Securities reversed course in Q4 after the dreadful negative returns for the first three quarters of 2022. Although still negative for the year, excess returns on MBS were near top-of-class amongst investment-grade options in Q4.
- Taxable Municipal issuance remained underwhelming as deals were heavily oversubscribed, dragging spreads lower, while secondary inventory at attractive levels was sparse.
- The short-term credit (commercial paper and CDs) yield curve was notably steep throughout the quarter as the market priced the expectation for further Fed rate increases. The aggressive pace of those rate hikes created valuable opportunities in floating-rate securities.

Fixed-Income Sector Outlook – 1Q 2023

Agenda Item 3.

Important Disclosures

This material is for general information purposes only and is not intended to provide specific advice or a specific recommendation, as it was prepared without regard to any specific objectives or financial circumstances.

Investment advisory services are provided by PFM Asset Management LLC ("PFMAM"), an investment adviser registered with the U.S. Securities and Exchange Commission and a subsidiary of U.S. Bancorp Asset Management, Inc. ("USBAM"). USBAM is a subsidiary of U.S. Bank National Association ("U.S. Bank"). U.S. Bank is a separate entity and subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM. The information contained is not an offer to purchase or sell any securities. Additional applicable regulatory information is available upon request.

PFMAM professionals have exercised reasonable professional care in the preparation of this performance report. Information in this report is obtained from sources external to PFMAM and is generally believed to be reliable and available to the public; however, we cannot guarantee its accuracy, completeness or suitability. We rely on the client's custodian for security holdings and market values. Transaction dates reported by the custodian may differ from money manager statements. While efforts are made to ensure the data contained herein is accurate and complete, we disclaim all responsibility for any errors that may occur. References to particular issuers are for illustrative purposes only and are not intended to be recommendations or advice regarding such issuers. Fixed income manager and index characteristics are gathered from external sources. When average credit quality is not available, it is estimated by taking the market value weights of individual credit tiers on the portion of the strategy rated by a NRSRO.

It is not possible to invest directly in an index. The index returns shown throughout this material do not represent the results of actual trading of investor assets. Third-party providers maintain the indices shown and calculate the index levels and performance shown or discussed. Index returns do not reflect payment of any sales charges or fees an investor would pay to purchase the securities they represent. The imposition of these fees and charges would cause investment performance to be lower than the performance shown.

The views expressed within this material constitute the perspective and judgment of PFMAM at the time of distribution and are subject to change. Any forecast, projection, or prediction of the market, the economy, economic trends, and equity or fixed-income markets are based upon certain assumptions and current opinion as of the date of issue and are also subject to change. Some, but not all assumptions are noted in the report. Assumptions may or may not be proven correct as actual events occur, and results may depend on events outside of your or our control. Changes in assumptions may have a material effect on results. Opinions and data presented are not necessarily indicative of future events or expected performance.

Important Disclosures

- Market values that include accrued interest are derived from closing bid prices as of the last business day of the month as supplied by Refinitiv, Bloomberg, or Telerate. Where prices are not available from generally recognized sources, the securities are priced using a yield-based matrix system to arrive at an estimated market value.
- In accordance with generally accepted accounting principles, information is presented on a trade date basis; forward settling purchases are included in the monthly balances, and forward settling sales are excluded.
- Performance is presented in accordance with the CFA Institute's Global Investment Performance Standards (GIPS). Unless otherwise noted, performance is shown gross of fees. Quarterly returns are presented on an unannualized basis. Returns for periods greater than one year are presented on an annualized basis. Past performance is not indicative of future returns.
- Bank of America/Merrill Lynch Indices provided by Bloomberg Financial Markets.
- Money market fund/cash balances are included in performance and duration computations.
- Standard & Poor's is the source of the credit ratings. Distribution of credit rating is exclusive of money market fund/LGIP holdings.
- Callable securities in the portfolio are included in the maturity distribution analysis to their stated maturity date, although, they may be called prior to maturity.
- MBS maturities are represented by expected average life.

Glossary

- Accrued Interest: Interest that is due on a bond or other fixed income security since the last interest payment was made.
- Agencies: Federal agency securities and/or Government-sponsored enterprises.
- Amortized Cost: The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short-term securities (those with less than one year to maturity at time of issuance) is amortized on a straight line basis. Such discount or premium with respect to longer-term securities is amortized using the constant yield basis.
- Asset-Backed Security: A financial instrument collateralized by an underlying pool of assets usually ones that generate a cash flow from debt, such as loans, leases, credit card balances, and receivables.
- Bankers' Acceptance: A draft or bill or exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill as well as the insurer.
- Commercial Paper: An unsecured obligation issued by a corporation or bank to finance its short-term credit needs, such as accounts receivable and inventory.
- Contribution to Total Return: The weight of each individual security multiplied by its return, then summed for each sector to determine how much each sector added or subtracted from the overall portfolio performance.
- Effective Duration: A measure of the sensitivity of a security's price to a change in interest rates, stated in years.
- Effective Yield: The total yield an investor receives in relation to the nominal yield or coupon of a bond. Effective yield takes into account the power of compounding on investment returns, while nominal yield does not.
- FDIC: Federal Deposit Insurance Corporation. A federal agency that insures bank deposits to a specified amount.
- Interest Rate: Interest per year divided by principal amount and expressed as a percentage.
- Market Value: The value that would be received or paid for an investment in an orderly transaction between market participants at the measurement date.
- Maturity: The date upon which the principal or stated value of an investment becomes due and payable.
- Negotiable Certificates of Deposit: A CD with a very large denomination, usually \$1 million or more, that can be traded in secondary markets.
- Par Value: The nominal dollar face amount of a security.
- Pass-through Security: A security representing pooled debt obligations that passes income from debtors to its shareholders. The most common type is the mortgage-backed security.

Glossary

- Repurchase Agreements: A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date.
- Settle Date: The date on which the transaction is settled and monies/securities are exchanged. If the settle date of the transaction (i.e., coupon payments and maturity proceeds) occurs on a non-business day, the funds are exchanged on the next business day.
- Supranational: A multinational union or association in which member countries cede authority and sovereignty on at least some internal matters to the group, whose decisions are binding on its members.
- Trade Date: The date on which the transaction occurred; however, the final consummation of the security transaction and payment has not yet taken place.
- Unsettled Trade: A trade which has been executed; however, the final consummation of the security transaction and payment has not yet taken place.
- U.S. Treasury: The department of the U.S. government that issues Treasury securities.
- Yield: The rate of return based on the current market value, the annual interest receipts, maturity value, and the time period remaining until maturity, stated as a percentage on an annualized basis.
- YTM at Cost: The yield to maturity at cost is the expected rate of return based on the original cost, the annual interest receipts, maturity value, and the time period from purchase date to maturity, stated as a percentage on an annualized basis.
- YTM at Market: The yield to maturity at market is the rate of return based on the current market value, the annual interest receipts, maturity value, and the time period remaining until maturity, stated as a percentage on an annualized basis.

AGENDA REPORT SUMMARY

Meeting Date: March 14, 2023

Subject: 2023 Update of City Investment Policy

Prepared by:June Du, Finance DirectorApproved by:Gabriel Engeland, City Manager

Attachment(s):

1. Investment Policy (with track changes to highlight edits)

Initiated by:

Staff and the Financial Commission

Previous Council Consideration:

February 8, 2022

Fiscal Impact: None

Environmental Review:

Not applicable

Policy Question(s) for Council Consideration:

• Does the Council wish to adopt the recommended investment strategies contained within the revised Investment Policy?

Summary:

• Revised investment strategies have been recommended by the Financial Commission

Staff Recommendation:

Move to adopt the revised Investment Policy for 2023.

Subject: 2023 Update of City Investment Policy

Purpose

The City Council's primary responsibilities over the investment function include approving the Policy, annually reviewing such policy, reviewing investment reports issued by the City Treasurer, authorizing bond documents and other unique financing transactions, and authorizing any deviations from the City's investment policies.

Background

The City's Investment Policy sets forth guidelines that ensure the City's funds are invested in compliance with State law and in a prudent manner. The Policy is reviewed on an annual basis by the Financial Commission. The Policy was reviewed by the Financial Commission on February 27, 2023.

At the commission meeting of January 24,2022, the City's investment advisor, PFM Asset Management (PFM), presented recommended changes to the Policy as the following, the changes were recommended by the Finance Commission and later adopted by the City Council on February 8, 2022.

1. Add additional language under Section M: Prohibited Investment Instruments

The city shall not invest in any security that could result in zero interest accrual if held to maturity, except as provided in the subsequent paragraph.

Notwithstanding the prohibitions stated in the above paragraph, effective January 1, 2021, the City may invest in securities issued by, or backed by, the United States government that could result in zero-or negative-interest accrual if held to maturity, in the event of, and for the duration of, a period of negative market interest rates. The City may hold these instruments until their maturity dates. Securities described in this paragraph shall remain in effect only until January 2026, and as of that date is repealed.

2. LAIF Deposit Limit increase to \$75 million.

Discussion/Analysis

On an annual basis, the Financial Commission reviews the Investment Policy to ensure there is diversity, while still fiscally prudent when investing the City's funds. The recommended changes by the Financial Commission to the Investment Policy January 2023 includes the following:

1. Code section 53601& 53646 update:

Senate Bill 1489, also known as the Local Government Omnibus Act of 2022, made a number of changes to Code, including several that impact the investment of public funds and the reporting practices of public agencies. Changes made to Code section 53601, the section of Code that governs the investment of public funds, include language stating that an investment's term or remaining maturity shall be measured from the settlement date to final maturity, and, that a security purchased in accordance with Code section 53601 shall not have a forward settlement date exceeding 45 days from the time of investment. SB 1489 also increased the deadline for quarterly reports in Code section 53646 (b)(1) to 45 days from 30 days. As the Policy does not reference a reporting deadline, no change is required.

2. Allowing the city to invest in Joint Power Authorities such as the California Asset Management Program (CAMP).

To address these Code changes, we have made the following recommended edits in the City's Investment Policy:

1. In section K, Maximum Maturity, we recommend adding language stating that a security's maturity is calculated from settlement date to maturity date. We also recommend adding the new Code language regarding forward settlement.

2. In Exhibit A, under City of Los Altos Allowable Investments, we recommend adding shares of beneficial interest issued by a Joint Powers Authority as an allowable investment. Investments. The pool's rating and investment advisor must meet the requirements outlined if CA Code 53601.

Options

1) Adopt the revised Investment Policy

| Advantages: | Allows the City to invest its funds in a broader way to maximize the |
|-------------|--|
| | City's return on investment, while still maintaining fiscal prudent in |
| | investments |

Disadvantages: None identified

- 2) Provide direction on additional changes/edits to the Investment Policy
 - Advantages: Additional changes in allowable investments could result in a greater return on the City's investments

Disadvantages: These investments could result in a greater risk of loss of City funds

3) Do not adopt the revised Investment Policy

| Advantages: | None identified |
|----------------|---|
| Disadvantages: | The City's investments will remain governed by the 2022 Investment Policy and was recommended by the Financial Commission for changes |

Recommendation

The staff recommends Option 1.

Agenda Item 4.

CITY OF LOS ALTOS INVESTMENT POLICY

JANUARY 2022

A. INTRODUCTION

This document sets forth policies designed to ensure that the City's public funds are invested prudently, efficiently, and in compliance with legal requirements. It was developed in accordance with California Government Code Sections 53600 *et seq.* and is reviewed by the Financial Commission and adopted by City Council each fiscal year.

This document discusses the most important elements of investment management in one comprehensive centralized format and is organized into the following areas of discussion:

- A. Introduction
- B. Scope
- C. Prudent Investor Standard
- **D.** Objectives
- E. Guiding Principles
- F. Delegation of Authority
- G. Financial Commission Oversight
- H. Ethics and Conflict of Interest
- I. Safekeeping and Custody
- J. Reporting Requirements
- K. Maximum Maturity
- L. Permitted Investment Instruments
- M. Prohibited Investment Instruments
- N. Glossary of Investment Terms

B. SCOPE

This policy covers all public funds under the direction of the Finance/Administrative Services Director or their successor within the following fund types:

- Governmental Funds
- Proprietary Funds
- Fiduciary Funds

The investment of bond proceeds is governed separately by the provisions of the relevant bond documents.

C. PRUDENT INVESTOR STANDARD

All persons involved in investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing the City's investment portfolio shall act with the care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the City, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the City.

D. OBJECTIVES

The primary objectives, in order or their priority, of the City's investment program shall be:

Safety - The preservation of the principal of the City's overall investment portfolio is the foremost objective of the investment program.

Liquidity - The City's investment portfolio will remain sufficiently liquid to meet its cash flow requirements.

Return on Investment - The City's investment portfolio shall be designed with the objective of attaining a reasonable and prudent rate of return consistent with the risk constraints and liquidity demands imposed by its safety objective and cash flow requirements.

E. GUIDING PRINCIPLES

The following guiding principles are important in the pursuit of such objectives:

Minimizing Liquidity, Credit and Market Risks: Investment decisions should minimize liquidity, credit or market risks in the following ways:

Liquidity Risk - The risk that the investment portfolio will not provide adequate cash liquidity for operations shall be mitigated by structuring the portfolio so that securities mature at the same time that major cash outflows occur, thus minimizing the need to sell securities prior to their scheduled maturity date unless market conditions present favorable repositioning opportunities.

Credit Risk - The risk of loss of principal associated with the failure of any one security issuer shall be mitigated by investing in only very safe highly-rated securities and prudently diversifying the investment portfolio to avoid concentrating investments in specific security types, maturity durations, or in individual financial institutions.

Market Risk - The risk of market value fluctuations arising from overall changes in the general level of interest rates shall be mitigated through maintaining prudent duration levels, staggering investment maturity dates evenly over a desired overall duration target and prohibiting the taking of short positions (selling securities that the City does not own) and interest rate sensitive derivative instruments. It is explicitly recognized herein, however, that in a diversified portfolio occasional measured losses are inevitable and must be considered within the context of the overall portfolio's structure and expected investment return, with the proviso that adequate diversification and credit analysis have been implemented.

Market Average Rate of Return: The investment portfolio shall be managed to attain a market average rate of return based upon a benchmark that is appropriate for a fund of like character and aims and commensurate with the portfolio's current investment strategy.

Non-Speculative Approach: This policy specifically prohibits all speculative investment practices, including, but not limited to, those that seek to gain or profit through transactions of high and unusual risk, or that utilize securities whose price is dependent upon or derived from one or more underlying assets (Derivatives).

Professionalism and Public Trust: The City's investment portfolio is subject to public review and evaluation and shall be designed and managed with the high degree of professionalism that is worthy of the public trust.

F. DELEGATION OF AUTHORITY

The management responsibility for the City's investment program has been delegated to the Finance/Administrative Services Director or their successor. The Finance/Administrative Services Director or their successor shall monitor and review all investments for consistency with this policy, and may delegate investment decision-making and execution authority to investment advisors in accordance with an agreement as authorized by the City Council. The investment advisor shall follow and comply with this policy and all other written instructions provided by the City. The Finance/Administrative Services Director or their successor may, in writing, further delegate such investment authority to designated management staff in the Executive and/or Finance Department in the event of the Finance/Administrative Services Director or their successor's absence or other unavailability. The Finance/Administrative Services Director or their successor shall prepare and file documents with all financial institutions with which the City conducts investment activities certifying the names of those persons authorized to effect transactions on behalf of the City.

G. FINANCIAL COMMISSION OVERSIGHT

The Financial Commission consists of citizen members appointed by the City Council. The Financial Commission shall meet periodically, at least quarterly, to review general investment strategies and monitor the results of the City's investment portfolio in coordination with the Finance/Administrative Services Director or their successor or finance staff designee. The Financial Commission shall also review any proposed changes to this policy before they are submitted to the City Council for final adoption.

H. ETHICS AND CONFLICT OF INTEREST

All persons involved in the investment process shall refrain from personal business activities that could conflict with proper execution of the City's investment program or which could impair their ability to make impartial decisions.

I. SAFEKEEPING AND CUSTODY

All investments of the City's investment portfolio shall have the City of Los Altos as the registered owner, and all interest and principal payments and withdrawals shall indicate the City of Los Altos as the payee.

All securities shall be safely kept with a qualified financial institution, contracted independently by the City as a third party. All securities shall be acquired by the safekeeping institution on a "delivery-vs.-payment" (DVP) basis. In other words, the security must be delivered before funds are released. The DVP basis for delivery applies also to the delivery and safekeeping of repurchase agreement collateral.

J. REPORTING REQUIREMENTS

The Finance/Andre Director will present to the City Council quarterly investment reports, which will present an overall summary of investment performance and include the following type of information:

- Description of investment instruments held
- Interest rate and yield to maturity
- Maturity dates
- Purchase price
- Par value
- Current market value as of the date of the report, including the source of such valuation
- Overall portfolio yield based on cost
- Total return (Quarterly)
- Benchmark comparisons
- Detailed transaction reports shall be made available upon request by any governing member or member of the public

K. MAXIMUM MATURITY

The City may not invest in a security with a maturity date that exceeds five years from the date of purchase.

For purposes of compliance with this Policy, an investment's term or remaining maturity shall be measured from the settlement date to final maturity. In addition, a security purchased shall not have a forward settlement date exceeding 45 days from time of investment.

L. PERMITTED INVESTMENT INSTRUMENTS

The California Government Code in section 53600 *et seq*. sets certain limits on the investment instruments, credit criteria, maximum maturity dates, concentration percentages and other conditions of eligibility in which a government agency's funds may be invested. However, this policy sets limits on the investment of the City's investment portfolio that are more restrictive than such California law. The California Code limits and the more restrictive limits applicable to this policy are listed and summarized in the attached **Exhibit A** (City of Los Altos Allowable Investments). The City's investment portfolio may be invested only in those instruments permitted in **Exhibit A**.

It is important to note that from time to time the City may be invested in a security whose rating is downgraded subsequent to the original date of purchase. The Finance/Administrative Services Director or their successor

directly or indirectly through the delegation of authority to the investment advisor, shall monitor the status of security ratings. When the City uses the services of outside investment advisors and a rating of a prior-purchased security drops below the minimum allowed rating category for that given investment type, the investment advisor shall immediately notify the Finance/Administrative Services Director or their successor and recommend a plan of action.

M. PROHIBITED INVESTMENT INSTRUMENTS

Investment of the City's investment portfolio in any of the following identified instruments is specifically prohibited:

- **Reverse Repurchase Agreements** Differs from a Repurchase Agreement in the sense that a reverse repurchase agreement is one that sells security positions in return for cash with an agreement to repurchase the securities for an agreed upon price.
- **Derivatives** Financial instruments whose values are based on or determined by another security, financial instrument or index, including instruments used for hedging.
- California State and Local Agency Obligations Obligations of the State of California or any local agency within the state, including bonds payable solely out of revenues from a revenue producing property owned, controlled or operated by the state or any local agency or by a department, board, agency or authority of the state or any local agency. Nothing in this section shall be construed to exclude the City's participation in the Local Agency Investment Fund (LAIF) operated by the State of California Treasurer's Office.
- Other State Obligations Registered debt obligations of any of the other 49 United States beyond California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board, agency, or authority.
- Prohibited Investments Cited in California Government Code Section 53601.6 including, but not limited to:
 - o Inverse Floaters
 - o Range Notes
 - o Mortgage Derivatives or other similar asset backed securities
 - Interest Only Strips
 - Zero Interest Coupon Securities*

*Additionally, the City shall not invest in any security that could result in zero interest accrual if held to maturity, except as provided in the subsequent paragraph.

Notwithstanding the prohibitions stated in the above paragraph, effective January 1, 2021, the City may invest in securities issued by, or backed by, the United States government that could result in zero- or negative-interest accrual if held to maturity, in the event of, and for the duration of, a period of negative market interest rates. The City may hold these instruments until their maturity dates. Securities described in this paragraph shall remain in effect only until January 1, 2026, and as of that date is repealed.

N. GLOSSARY OF INVESTMENT TERMS

Exhibit B contains a glossary of key investment terms that may be used in this policy.

Exhibit A City of Los Altos Allowable Investments

² Asset-Backed Securities shall not include mortgage related products issued by commercial entities. Investments in asset-backed securities shall generally be limited to those in "senior" tranches.

Exhibit B Glossary of Investment Terms

Exhibit B

Glossary of Investment Terms

Agency - See "Federal Agency."

Asset-Backed Securities (ABS) - Securities whose income payments and hence value is derived from and collateralized (or "backed") by a specified pool of underlying assets which are receivables. Pooling the assets into financial instruments allows them to be sold to general investors, a process called securitization, and allows the risk of investing in the underlying assets to be diversified because each security will represent a fraction of the total value of the diverse pool of underlying assets. The pools of underlying assets can comprise common payments credit cards, auto loans, mortgage loans, and other types of assets. Interest and principal is paid to investors from borrowers who are paying down their debt.

Bankers' Acceptance (BA's) - A draft or bill of exchange drawn upon and accepted by a bank frequently used to finance the shipping of international goods. Used as a short-term credit instrument, bankers' acceptances are traded at a discount from face value as a money market instrument in the secondary market on the basis of the credit quality of the guaranteeing bank.

Benchmark - A market index used as a comparative basis for measuring the performance of an investment portfolio. A performance benchmark should represent a close correlation to investment guidelines, risk tolerance, and duration of the actual portfolio's investments.

Certificate of Deposit (CD) - Bank obligation issued by a financial institution generally offering a fixed rate of return (coupon) for a specified period of time (maturity). Can be as long as ten years to maturity, but most CDs purchased by public agencies are one year and under.

Collateral - Investment securities or other property that a borrower pledges to secure repayment of a loan, secure deposits of public monies, or provide security for a repurchase agreement.

Commercial Paper - Short-term unsecured promissory note issued by a company or financial institution that is issued at a discount and matures for par or face value. This instrument usually matures at a maximum maturity of 270 days and bears a short-term debt rating by one or more Nationally Recognized Statistical Rating Organization (NRSRO).

Corporate Medium Term Notes - A debt instrument issued by a corporation with a maturity of greater than one year and less than ten years. Used frequently to refer to corporate notes of medium maturity (five years and under).

Custody - Safekeeping services offered by a bank, financial institution or trust company, referred to as the "custodian." Service normally includes the holding and reporting of the customer's securities, the collection and disbursement of income, securities settlement and market values.

Delivery Versus Payment (DVP) - The settlement procedure in which securities are delivered versus payment of cash, but only after cash has been received. Most security transactions, including those through the Federal Reserve Securities Wire system and DTC, are done DVP as a protection for both the buyer and seller of securities.

Depository Trust Company (DTC) - A firm through which members can use a computer to arrange for securities to be delivered to other members without physical delivery of certificates. A member of the Federal Reserve System and owned mostly by the New York Stock Exchange, the Depository Trust Company uses computerized debit and credit entries. Most corporate securities, commercial paper, CDs, and BAs clear through DTC.

Derivative - A financial instrument whose value is based on or determined by another security, financial instrument, or index.

Diversification - Dividing investment funds among a variety of security types, maturities, industries, and issuers offering potentially independent returns.

Federal Agency - These are Federal government sponsored and/or owned entities created by the U.S. Congress, generally for the purpose of acting as a financial intermediary by borrowing in the marketplace and directing proceeds to specific areas of the economy considered to otherwise have restricted access to credit markets. The largest federal agencies are Fannie Mae, Freddie Mac, FHLB, FFCB, and TVA.

Federal Reserve System (the Fed) - The independent central bank system of the United States that establishes and conducts the nation's monetary policy. This is accomplished in three major ways: (1) raising or lowering bank reserve requirements, (2) raising or lowering the target Federal Reserve Funds Rate and Discount Rate, and (3) in open market operations by buying and selling government securities. The Federal Reserve System is made up of twelve Federal Reserve District Banks, their branches, and many national and state banks throughout the nation. It is headed by the seven-member Board of Governors known as the "Federal Reserve Board" and led by its Chairman.

Federal Treasuries - A collective term used to describe debt instruments backed by the U.S. Government and issued through the U.S. Department of the Treasury that includes Treasury bills, Treasury notes, and Treasury bonds. Also a benchmark term used as a basis by which the yields of non-Treasury securities are compared (e.g., "trading at 50 basis points over Treasuries").

Fiduciary Funds - Term used when a governmental unit acts in a fiduciary capacity such as a trustee or agent. The government unit is responsible for handling the assets placed under its control.

Government Sponsored Enterprise (GSE) - A privately owned entity subject to federal regulation and supervision, created by the U.S. Congress to reduce the cost of capital for certain borrowing sectors of the economy such as students, farmers, and homeowners. GSEs carry the implicit backing of the U.S. Government, but they are not direct obligations of the U.S. Government. For this reason, these securities will offer a yield premium over Treasuries. Examples of GSEs include: FHLB, FHLMC, FNMA, and SLMA.

Governmental Funds - Term used in Government Accounting to apply to all funds except for the profit and loss funds (e.g., enterprise fund, internal service fund) and trust and agency funds. Examples of government funds are the general fund, special assessment fund, and capital projects fund. Governmental funds use the modified accrual accounting method.

Government Instrumentalities (Supranationals) – Entities formed by two or more central governments with the purpose of promoting economic development for the member countries. Supranational institutions finance their activities by issuing debt, such as supranational bonds. Examples of supranational institutions include the European Investment Bank and the World Bank. Similarly to the government bonds, the bonds issued by these institutions are considered direct obligations of the issuing nations and have a high credit rating.

Index - A compilation of statistical data that tracks changes in the economy or in financial markets.

Interest-Only (IO) Strips - A security based solely on the interest payments from the bond. After the principal has been repaid, interest payments stop and the value of the security falls to nothing. Therefore, IOs are considered risky investments and are usually associated with mortgage-backed securities.

Inverse Floater - A floating rate security structured in such a way that it reacts inversely to the direction of interest rates. Considered risky as their value moves in the opposite direction of normal fixed income investments and whose interest rate can fall to zero.

Investment Advisor - A company that provides professional advice managing investment portfolios offers investment recommendations and/or research in exchange for a management fee.

Liquidity – This is a measure of the relative ease of converting an asset into cash without significant loss of value and the level of cash and near-cash items in a portfolio of assets. This term also describes the marketability of money market security correlating to the narrowness of the spread between bid and ask prices.

Local Agency Investment Fund (LAIF) - Special fund in the California State Treasurer's Office which local agencies may access to deposit funds for short-term investment and reinvestment.

Market Value - The fair market value of a security or commodity or the price at which a willing buyer and seller would pay for a security.

Maturity Date - Date on which principal payment of a financial obligation is due.

Money Market Mutual Fund (2a-7) - A type of mutual fund that invests solely in money market instruments, such as Treasury bills, commercial paper, bankers' acceptances, and repurchase agreements. Money market mutual funds are registered with the SEC under the Investment Company Act of 1940 and are subject "rule 2a-7" which significantly limits average maturity and credit quality of holdings.

Mortgage-Backed Securities (MBS) - Mortgage-backed securities represent an ownership interest in a pool of mortgage loans made by financial institutions, such as savings and loans, commercial banks, or mortgage companies, to finance the borrower's purchase of a home or other real estate. The majority of MBS are issued and/or guaranteed by GNMA, FNMA and FHLMC. There are a variety of MBS structures, some of which can be very risky and complicated. All MBS have reinvestment risk as actual principal and interest payments are dependent on the payment of the underlying mortgages which can be prepaid by mortgage holders to refinance at lower rates or simply because the underlying property was sold.

Mortgage Pass-Through Securities - A pool of residential mortgage loans with the monthly interest and principal distributed to investors on a pro-rata basis. Largest issuer is GNMA.

Municipal Note/Bond - Debt issued by a state or local government unit or public agency. The vast majority of municipals are exempt from state and federal income tax, although some non-qualified issues are taxable.

Mutual Fund - Portfolio of securities professionally managed by a registered investment company that issues shares to investors. Many different types of mutual funds exist (bond, equity, money market fund); all except money market funds operate on a variable net asset value (NAV).

NRSRO - "Nationally Recognized Statistical Rating Organization." An entity designated as a rating organization that the SEC has recognized as having a strong national presence in the U.S. NRSROs provide credit ratings on corporate and bank debt issues. Only ratings of an NRSRO may be used for the regulatory purposes of rating. They include Moody's, Standard & Poor's, and Fitch among others.

Par Value - Face value, stated value or maturity value of a security.

Principal - Face value of a financial instrument on which interest accrues which may be less than par value if some principal has been repaid or retired. For a transaction, principal is par value as a factor of price and includes any premium or discount.

Proprietary Funds - In governmental accounting, one having profit and loss aspects; therefore it uses the *accrual* rather than modified accrual accounting method. The two types of proprietary funds are the Enterprise Fund and the Internal Service Fund.

Prudent Investor Standard - Standard that requires that when investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. This standard is more stringent than the "prudent person" standard as it implies a level of knowledge commensurate with the responsibility at hand.

Range Note - A type of structured note that accrues interest daily at a set coupon rate that is tied to an index. Most range notes have two coupon levels; a higher accrual rate for the period the index is within a designated range, the lower accrual rate for the period that the index falls outside the designated range. This lower rate may be zero and may result in zero earnings.

Rate of Return - Amount of income received from an investment, expressed as a percentage of the amount invested.

Repurchase Agreement (Repo) - A short-term investment vehicle in which an investor agrees to buy securities from a counterparty and simultaneously agrees to resell the securities back to the counterparty at an agreed upon time and for an agreed upon price. The difference between the purchase price and the sale price represents interest earned on the agreement. In effect, it represents a collateralized loan to the investor, where the securities are the collateral. Can be DVP, where securities are delivered to the investor's custodial bank, or "tri-party" where the securities are delivered to a third-party intermediary. Any type of security can be used as "collateral," but only some types provide the investor with special bankruptcy protection under the law. Repos should be undertaken only when an appropriate approved banking master repurchase agreement is in place.

Reverse Repurchase Agreement (Reverse Repo) - This is a repo from the point of view of the original seller of securities. Used by dealers to finance their inventory of securities by essentially borrowing at short-term rates. Can also be used to leverage a portfolio and in this sense, can be considered risky if used improperly.

Safekeeping - Service offered for a fee, usually by financial institutions, for the holding of securities and other valuables. Safekeeping is a component of custody services.

Supranational Bonds - Are defined as those issued by entities formed by two or more central governments to promote economic development for the member countries. For example, United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank.

Total Return - Investment performance measured over a period of time that includes coupon interest, interest on interest, and both realized and unrealized gains or losses. Total return includes, therefore, any market value appreciation/depreciation on investments held at period end.

Weighted average maturity (WAM) - is the weighted average amount of time of the maturities on the underlying mortgages in a mortgage-backed security (MBS) and assets in asset backed securities (ABS). This term is used more broadly to describe maturities for these instruments as these securities invest in multiple specified pools of underlying assets and these underlying pools may have varying maturities.

Yield to Maturity (YTM) - Calculated return on an investment, assuming all cash flows from the security are reinvested at the same original yield. Can be higher or lower than the coupon rate depending on market rates and whether the security was purchased at a premium or discount. There are different conventions for calculating YTM for various types of securities.
