**TOWN OF LOS GATOS
COUNCIL AGENDA REPORT**

MEETING DATE: 03/16/2026

ITEM NO. 1.

ITEM NO: 1

DATE: March 16, 2026
TO: Mayor, Town Council, and Finance Commission
FROM: Chris Constantin, Town Manager
SUBJECT: **Receive Presentation on Potential Revenue Options and Provide Feedback**

RECOMMENDATION: Receive presentation, discuss potential revenue options, and provide recommendations to the Town Council.

FISCAL IMPACT:

There is no direct fiscal impact associated with the Finance Commission providing input. Any potential fiscal impacts would result from future Town Council actions related to revenue measures or associated professional services, as described in the presentation included as Attachment 1.

STRATEGIC PRIORITIES:

This item relates directly to the Town's adopted 2025–2027 Strategic Priority of ensuring prudent financial management, including structurally balanced multi-year forecasts, sustainable service delivery, and adequately funded capital improvement and deferred maintenance programs.

BACKGROUND:

On January 12, 2026, the Finance Commission met and received information on potential revenue measures addressing the Town's long-term fiscal outlook, structural budget risks, unfunded capital and operational needs, and options for preserving the Town's ability to consider future revenue measures.

The Commission provided the following recommendations to the Town Council, to support proceeding with engaging the professional services necessary with funding authority of up to

\$80,000 to preserve the Town's ability to consider a revenue measure in November 2026 including special legislative authority for a higher transaction and use tax as well as to consider other potential revenue measure options. The Finance Commission also supported waiting until the results of the financial analysis and impact analysis currently being performed by NHA Advisors prior to deciding on whether to proceed for November 2026 ballot measure.

Staff subsequently took the commission's recommendations to the Council on January 20, 2026, and Council approved preserving options and not committing to a tax. In addition, Council authorized staff to engage with fiscal and legislative consultants and provided a budget adjustment to secure these services.

DISCUSSION:

Staff subsequently engaged Urban Futures Inc (UFI) to complete fiscal analysis on a variety of revenue options as shown in the attached presentation (attachment 1). UFI was asked to explore the following options, and to provide information and recommendations for each measure.

Each revenue option explored includes:

- Description of the revenue option and how it can be used (capital and/or operating)
- Historical Passing rates
- Amount needed to reach \$5.2 million¹ annually in new revenue (operating) or
- Amount needed to reach \$100 million in new revenue (capital) and
- Comparison to other agencies

CONCLUSION:

Town Council and Finance Commission input at this stage will provide valuable financial perspective to the Town as it weighs long-term risks, policy tradeoffs, and fiscal strategy. Staff therefore recommend that the Council and Commission review Attachment 1 and provide input. The Council will have the opportunity to provide direction to staff at the special Council meeting immediately following this joint meeting on March 16, 2026.

ENVIRONMENTAL ASSESSMENT:

The Finance Commission's review and provision of input is advisory in nature and does not constitute approval of a project, funding commitment, or discretionary action. Accordingly, this item is not a project under the California Environmental Quality Act and no environmental review is required.

TOTAL		\$285.7M TO \$307.2M

Tax Revenue Options & Analysis

1. Adequacy & Certainty (volatility)

- Sustainably generates annual needed revenue.
- Not subject to significant variation (low volatility).

2. Equity (who bears tax burden) & Competitiveness

- Fiscal burden appropriately spread.
- Proportionate to surrounding communities.
- Does not highly skew economic incentives.

3. Transparency & Voter Approval

- Easy to find information on the revenue/tax structure and understand how it operates.
- Likelihood of voter approval.

4. Simplicity

- Does not require multiple ballot measures (voter confusion and fatigue).
- Not highly burdensome, costly or complicated to administer (by Town or payors).

General Fund Tax Revenue Options

ITEM NO. 1.

Based on the need to find new revenue to cover operational gap and fund new capital, several revenue generation and capital financing options were reviewed to determine how best to align them with the Town's Goals

Recommended

- **Consider Transactions and Use Tax (TUT) or Parcel Tax for Operating Deficit**
- **Consider General Obligation Bond for Capital Projects**

Not recommended at this time or recommended for further study.

- **Utility User Tax** – The voter approval in the state for this type of tax is low and considered regressive.
- **Transaction and Occupancy Tax** – Tax rate is currently at 12%; increasing the rate to generate adequate revenue would place the Town significantly beyond rates in surrounding communities.
- **Vacancy Tax** – Challenging to estimate and implement; more effective for disincentivizing vacancy rather than filling operating deficit.
- **Benefit Assessment** – Levied on real property to fund specific public improvements or expanded/new public services benefiting the properties assessed but cannot be used for funding current operating costs; consider studying for lighting and landscaping and/or storm drains.

Transaction and Use Tax (TUT)

ITEM NO. 1.

Basics of a TUT

- Functionally similar to state Sales Tax – tax on sale or use of goods – but based on point of receipt or use (not point of sale).
- Excludes “Necessities of Life” including most food products and medicines. Value of these exemptions in 2024 was equivalent to 56% of total sales tax collected. For individuals and families, exemption shifts incident of tax burden more towards controllable or discretionary goods and items.
- State law requires supermajority approval by city council (2/3 vote) to place TUT measure on ballot
 - 50% + 1 voter approval for general purpose
 - 2/3rds voter approval for special purpose

Transaction & Use Tax (TUT)

ITEM NO. 1.

Los Gatos Current Rate – 9.875%*

Special Considerations

- Under the state 2.0% “cap” on local TUTs, Los Gatos can only add 0.125% to its TUT, state legislature must authorize any additional TUT by special legislation. Town Council has given direction to pursue legislative authorization.
- Senate Bill 63 authorized 0.50% sales tax measure for transit (BART) on the Nov. 2026 ballot (in five Bay Area counties).

**Estimated Additional TUT Annual Revenue @ 0.50% tax rate
= \$5.3 million annually beginning in 4Q FY 2027.**

- Total New Rate = 10.375%*

Voter approval rates of new or increased TUTs for general purposes (majority vote) in California

- 80% for 2024 Election (63 of 79)

**Rates effective as of April 2026 to include Santa Clara County 2025 Measure A (0.625%).*

Transaction & Use Tax (TUT)

ITEM NO. 1.

➤ Pros:

- ✓ **Voter Approval.** TUT measures in last three election cycles (2020, 2022, and 2024) have high approval rates (74%, 73%, and 80% respectively) despite economic volatility due to Covid-19 pandemic and recent high inflation.
- ✓ **Adequacy & Certainty.** Estimated annual revenues with expected growth at or above estimated inflation.
- ✓ **Equity.** Tax burden spread across businesses, residents, and visitors.

➤ Cons:

- **Certainty (volatility).** Sales tax is more volatile (elastic) than UUT or parcel tax because generally correlates with overall economic trends.
- **Competitiveness.** Additional 0.50% TUT puts Town at 10.375% total sales tax rate, placing it above all other cities on peninsula side of the Bay Area except Campbell.
- **Special Considerations.** For 0.50% TUT, requires state legislature to enact special legislation authorizing an additional 0.375% TUT.

Basics of Parcel Tax

- Non-ad valorem (non-value based) tax levied on parcels of property.
- Methodology: Either a fixed/flat amount per-parcel or a fixed rate depending on the size, use, or number of units on the parcel.
 - Can establish different amount/rate based on property use but must be applied uniformly and roughly proportional to demand for service.
- Can include inflationary index.
- Parcel taxes are considered special taxes requiring 2/3 voter approval (Govt. Code s. 50077).

Statewide Facts - Parcel Tax

- Since 2010, largest percentage of all approved parcel taxes (42%) are for schools (251 of 600 measures).
- Since 2010, 67% of proposed city parcel taxes were approved (118 of 176 measures).
- Because 2/3 vote required to approve city parcel tax, almost all restrict tax revenues to specified purpose; less than 4% are for general municipal funding.
- Most common methodology: flat rate per parcel.

No Current Parcel Taxes in Los Gatos

Parcel tax measures in Santa Clara & San Mateo counties (2/3 vote)

- Since 2008, 20 non-school parcel taxes on ballot with 80% approved (16 of 20).
 - All for special purposes: libraries, roads, police/fire, water, and open space.
- Since 2018, 40 school parcel taxes on ballot with 73% approved (29 of 40).

(1) Excludes parcels owned by public entities, public utilities, exempt entities, vacant parcels under 5,000 sf, private streets, and parcels zoned as "forest and brush lands."

(2) Includes condominiums and mobile homes.

(3) For parcels zoned agricultural and vacant parcels over 5,000, flat tax amount of \$50 per 1/2-acre with cap of \$150.

➤ **Pros:**

- ✓ **Certainty.** Parcel tax revenue not impacted by overall economic trends (non-ad valorem) and inflationary index (if included) can help revenues keep pace with rising expenses.
- ✓ **Equity.** Parcel tax provides some flexibility in designing tax structure (such as square foot rate) to help mitigate inequity/regressive nature of a flat amount. But given the Town's diversity of land uses and wide range of parcel sizes, important to consider incorporating a cap, targeted exemptions, and flat rates for some uses/parcel types.
- ✓ **Voter Approval.** Voter approval for non-school parcel taxes has been strong (80%). Almost all have been designated for special purposes (public safety, roads, libraries, etc.).

➤ **Cons:**

- **Voter Approval.** State law requires 2/3 approval by electorate.
- **Competitiveness.** Parcel tax set at 6 cents per sf with a cap of \$750 would be towards the upper end of parcel tax amounts in surrounding communities.

What is a Benefit Assessment?

- **Definition.** A charge levied on real property to fund specific public improvements or expanded/new public services benefiting the properties assessed. Not for funding current operating costs.
- **Methodology.** Town develops a total assessment amount based on the cost of the improvements or expanded/new services. An Engineer's Report is required to determine the benefitted properties and allocate the total assessment based on each property's proportionate share of the "special benefit."
- **Voter Approval.** A special assessment is approved through the Proposition 218 process.
 - Ballots mailed to each assessed parcel owner.
 - Weighted protest vote.

Examples of Benefit Assessments:

- New fire prevention or mitigation services (e.g., brush removal).
- New open space acquisition or restoration.
- Storm water system construction or expansion.

Types of Bonds	GO Bonds	Lease Revenue Bonds	Lease Revenue Bonds	Lease Revenue Bonds

General Fund Revenues → Lease Revenue Bonds

ITEM NO. 1.

- **Overview**

- Issuer covenants to appropriate annual lease payments from the general fund
- If lease payments are not made, trustee has right/obligation to enter and re-let designated asset

- **Advantages**

- Not subject to the constitutional debt limits per lease exception
- No voter approval required for the issuance of bonds; Town Council majority vote
- Can be completed quickly in as little as 60 days

- **Disadvantages**

- Requires unencumbered leasable asset(s) valued as least as much as the bond issue
- Lease payments (debt service) competes with other general fund expenditures –i.e., police, fire, services, etc.

- **Leverage**

- All general fund revenues are pledged, although sizing is often based on amount available from a particular revenue source

- **When Used?**

- Typically for general infrastructure projects benefitting the Town

Based on today's market, assuming an AA category rating and 30-year Lease Revenue Bonds, and assuming the Town earmarks approximately \$6.1 million annually for debt service payments, the Town could generate approximately \$100* million in proceeds

**Preliminary, subject to change based on rating, market conditions, and other factors*

Property Tax Override → General Obligation Bonds

ITEM NO. 1.

- **Overview**

- Annual tax levied on property tax roll in proportion to property's assessed valuation
- Requires approval by 2/3rd of town voters voting in an election
- Voters approve bond authorization and use of proceeds, not tax rate or annual payment

- **Advantages**

- Broad-based tax support for public improvements
- Lowest bond interest cost due to ad valorem security and unlimited tax pledge
- Shifts burden to higher valued properties, including non-residential

- **Disadvantages**

- *Revenues can only be used to repay debt; cannot be used to operate/maintain facilities*
- No ability to differentiate among types of property or target different parts of the town
- Must establish max bond authorization; no flexibility to increase if project costs rise

- **Leverage**

- GO Bonds

- **When Used?**

- Typically for projects with broad political support – varies by community

Appendix

Basics of UUT

- Percentage tax based on the consumption of utility services: electricity, gas, water, sewer, refuse, telecommunications, and cable television.
- Most cities apply UUT to electricity, gas, and telecommunications; only half include water.
- Can establish different rate for residential and commercial. Tax would be collected by utility and transmitted to the Town.
- Most of the cities with UUTs adopted the taxes prior to 1986 by vote of the city council.
- Since 2002, only 32% approval (28 of 87) for new or increased UUT rates (statewide). Including advisory measure may increase voter approval rate by 20% (limited data).

Statewide Facts on UUTs*

- 157 cities in CA have a UUT
- Rates range from 1% to 11%
- Statewide mean rate = 5.5%
- Statewide median = 5% (+- 2.07%)
- Total UUT revenue statewide is approximately \$1.8 billion*
- On average, UUT provides 15% of General Fund revenue**
- All UUTs in California (except two) are currently levied for general purposes (majority vote)

Regulatory Disclosure

ITEM NO. 1.

Conflicts of Interest and Other Matters Requiring Disclosures. Pursuant to Municipal Securities Rulemaking Board ("MSRB") Rule G-42, on Duties of Non-Solicitor Municipal Advisors, Municipal Advisors are required to make certain written disclosures to clients which include, amongst other things, Conflicts of Interest and any Legal or Disciplinary events of Urban Futures, Inc. (UFI) and its associated persons.

The following are potential conflicts of interest to be considered.

- UFI represents that in connection with the issuance of municipal securities, UFI may receive compensation from an Issuer or Obligated Person for services rendered, which compensation is contingent upon the successful closing of a transaction and/or is based on the size of a transaction. Consistent with the requirements of MSRB Rule G-42, UFI hereby discloses, that such contingent and/or transactional compensation may present a potential conflict of interest regarding UFI's ability to provide unbiased advice to enter into such transaction. The contingent fee arrangement creates an incentive for UFI to recommend unnecessary financings or financings that are disadvantageous to the client, or to advise the client to increase the size of the issue. This potential conflict of interest will not impair UFI's ability to render unbiased and competent advice or to fulfill its fiduciary duty to the client.
- UFI fees under this potential agreement may be based on hourly fees of UFI's personnel, with the aggregate amount equaling the number of hours worked by such personnel times an agreed-upon hourly billing rate. This form of compensation presents a potential conflict of interest because it could create an incentive for UFI to recommend alternatives that would result in more hours worked. This conflict of interest will not impair UFI's ability to render unbiased and competent advice or to fulfill its fiduciary duty to its clients.
- UFI's fees under this potential agreement, may be a fixed amount established at the outset of the Agreement. The amount is usually based upon an analysis by the client and UFI of, among other things, the expected duration and complexity of the transaction and the Scope of Services to be performed by UFI. This form of compensation presents a potential conflict of interest because, if the transaction requires more work than originally contemplated, UFI may suffer a loss. Thus, UFI may recommend less time-consuming alternatives, or fail to do a thorough analysis of alternatives. This conflict of interest will not impair UFI's ability to render unbiased and competent advice or to fulfill its fiduciary duty to the client.
- The fee paid to UFI increases the cost of investment to client. The increased cost occurs from compensating UFI for municipal advisory services provided.
- UFI serves a wide variety of other clients that may from time to time have interests that could have a direct or indirect impact on the interests of another UFI client. For example, UFI serves as municipal advisor to other municipal advisory clients and, in such cases, owes a regulatory duty to such other clients. These other clients may, from time to time and depending on the specific circumstances, have competing interests. In acting in the interests of its various clients, UFI could potentially face a conflict of interest arising from these competing client interests. UFI fulfills its regulatory duty and mitigates such conflicts through dealing honestly and with the utmost good faith with its clients.
- UFI does not have any affiliate that provides any advice, service, or product to or on behalf of the client that is directly or indirectly related to the municipal advisory activities to be performed by UFI;
- UFI has not made any payments directly or indirectly to obtain or retain its clients municipal advisory business;
- UFI has not received any payments from third parties to enlist UFI's recommendation to its clients of its services, any municipal securities transaction or any municipal finance product;
- UFI has not engaged in any fee-splitting arrangements involving UFI and any provider of investments or services to its clients;
- UFI does not have any legal or disciplinary event that is material to its clients evaluation of the municipal advisory or the integrity of its management or advisory personnel.
- UFI does not act as principal in any of the transaction(s) related to this Agreement.
- Randall Merritt, a Managing Principal, previously worked at Raymond James & Associates, Inc. from December 2015 until December 2023. UFI's relationships with Raymond James and all other investment banks are conducted in an arm's length manner, and any recommendations are independent of any prior employment or other relationships.
- Gabrielle Dawson, an Associate previously worked at Morgan Stanley from June 2022 until December 2023. UFI's relationships with Morgan Stanley and all other investment banks are conducted in an arm's length manner, and any recommendations are independent of any prior employment or other relationships.

Legal Events and Disciplinary History. UFI does not have any legal events and disciplinary history on its Form MA and Form MA-I, which includes information about any criminal actions, regulatory actions, investigations, terminations, judgments, liens, civil judicial actions, customer complaints, arbitrations and civil litigation. The Town may electronically access UFI's the most recent Form MA and each most recent Form MA-I filed with the Commission at the following website: www.sec.gov/edgar/searchedgar/companysearch.html. **There have been no material changes to a legal or disciplinary event on any Form MA or Form MA-I filed with the SEC.**

Below is the list of variances/or no changes in the Revenue and Expenditure estimates (2-6-2026).

Revenues:

Row 1 and Row 2 Column A – Property Tax and VLF Property Tax Backfill - Projected Variance – No Projected Variance

No change based on SCCAO February 2026 and HdL Coren and Cane January 2026 Property Tax Update.

Row 3 and Row 4

Column A – Sales Tax and Measure G District Sales Tax - Projected Variance **\$1.6 million increase**

In January 2026 HdL, the Town's Sales Tax consultant, provided an updated Sales Tax revenue projection indicating an increase of approximately \$1.6 million. This revised estimate reflects stronger-than-anticipated local economic activity.

Row 5 - Column A – Franchise Fees – No Projected Variance

No Projected Change.

Row 6 - Column A – Transient Occupancy Tax (TOT) – Projected Variance **(\$0.1) million decrease**

Current TOT trend estimates based on the number of hotels in Town.

Row 7 - Column A – Business License Tax – Projected Variance **\$0.1 million increase**

Based on the most recent estimates, the FY 2026-27 Business License Tax is anticipated to increase by \$0.1 million.

Row 8 - Column A – Licenses and Permits – Projected Variance **(\$0.2) million decrease**

Based on the most recent estimates, the FY 2026-27 License and Permits is anticipated to decrease by \$0.2 million.

Row 9 - Column A – Intergovernmental - No Projected Variance

Row 10 - Column A – Town Services - Projected Variance - **\$0.3 million increase**

Based on Development activities, pass-through revenues are expected to increase by \$0.3 million. The corresponding pass-through expenditures are expected to grow by the same amount.

Row 11 - Column A – Fines and Forfeitures - No Projected Variance

Row 12 - Column A – Interest - **\$0.3 million increase**

Based on updated interest rate estimates as of January 2026, staff have conducted a comprehensive evaluation of the current interest rate environment in relation to the Town's existing investment portfolio. The interest rate assumptions have been updated accordingly to reflect current market conditions. As the market environment continues to evolve, projected interest rates will fluctuate. Staff are actively monitoring the investment rate environment and will continue to update interest rate assumptions on a periodic basis

Row 13 - Column A – Other Sources - \$0.1 million increase

Based on FY 2024-25 Actuals revenue collections, such as credit card merchant fees, and updated Measure G sales Tax tracking Revenue.

Below is the list of variances/or no changes in the Revenue and Expenditure estimates.

Revenues:

Row 1 and Row 2 Column A – Property Tax and VLF Property Tax Backfill - No Projected Variance

As of the September 12, 2025 estimate from the Santa Clara County Assessor's Office (SCCAO), projected revenues are \$27,739 lower than the FY 2025–26 Adopted Budget. This is a small variance; the Finance staff does not recommend any adjustment to the FY 2026–27 Property Tax forecast at this time.

The next update from the SCCAO is scheduled for November 12, 2025, and the HdL Coren & Cone Property Tax Update is expected in January 2026.

Row 3 and Row 4 Column A – Sales Tax and Measure G District Sales Tax - Projected Variance **\$0.3 million increase**

As of October 10, 2025, Muniservices, the Town's Sales Tax consultant, provided an updated Sales Tax revenue projection indicating an increase of approximately \$300,000. This revised estimate reflects stronger-than-anticipated local economic activity.

The Town is in the process of signing a Sales Tax Forecasting agreement with HdL. HdL will provide an updated look for the Sales Tax forecast.

Row 5 - Column A – Franchise Fees – No Projected Variance

No Projected Change.

Row 6 - Column A – Transient Occupancy Tax (TOT) – Projected Variance **(\$0.4) million decrease**

The Finance Department has received the closing notification from one of the hotels. Staff is recommending decreasing the TOT base by \$0.4 million.

Row 7 - Column A – Business License Tax – Projected Variance **\$0.1 million increase**

Based on the most recent estimates, the FY 2026-27 Business License Tax is anticipated to increase by \$0.1 million.

Row 8 - Column A – Licenses and Permits – Projected Variance **(\$0.2) million decrease**

Based on the most recent estimates, the FY 2026-27 License and Permits is anticipated to decrease by \$0.2 million.

Row 9 - Column A – Intergovernmental - No Projected Variance

Row 10 - Column A – Town Services - Projected Variance - **\$0.3 million increase**

Based on Development activities, it is anticipated that the pass-through revenues will increase by \$0.3 million. The corresponding pass-through expenditures are expected to grow by the same amount.

Row 11 - Column A – Fines and Forfeitures - No Projected Variance

Row 12 - Column A – Interest - \$0.1 million increase

Based on updated interest rate estimates as of October 21, 2025, staff have conducted a comprehensive evaluation of the current interest rate environment in relation to the Town's existing investment portfolio. The interest rate assumptions have been updated accordingly to reflect current market conditions. As the market environment continues to evolve, projected interest rates will fluctuate. Staff are actively monitoring the investment rate environment and will continue to update interest rate assumptions on a periodic basis

FY 2025-26 BUDGET/FORECAST COMPARISON AS IT PUBLISHED ON 4/22/2024 COMPARED AS IT PUBLISHED ON 4/21/2025

ITEM NO. 1.

This rest of this document includes forecasts for FY 2025-26, starting with the FY 2020-21 Proposed Budget forecast when FY 2025-26 was first forecasted. The forecast is updated periodically as the base, economy, and other factors evolve. The table on page X shows the variance between the FY 2025-26 Forecast (published on 4/22/2024) and the FY 2025-26 Proposed Budget (published on 4/21/2025). The assumptions for the FY 2025-26 Forecast (published on 4/22/2024) and the FY 2025-26 Proposed (published on 4/21/2025) can be located on pages B and Y of this document, as well as in the Adopted FY 2024-25 and Proposed FY 2025-26 budgets.

Below is the list of significant variances in Revenue and Expenditure estimates:

Row 8 – Column E - Licenses and Permits: \$2.4 million variance.

*The \$2.4 million Waste hauler Encroachment fee was categorized under Town Services in the **Column C Forecast**. Staff recategorized the estimated proceeds under Licenses and Permits in the **Column D Forecast**.*

Row 10 – Column E – Town Services: (\$1.1) million variance.

Considering the recategorization above, the Town Services increased by \$1.3 million. The increase includes \$647,000 development-related pass-through activities, \$255,000 increase for the Monte Sereno Police Services Contract, \$318,000 increased engineering services revenue, \$46,000 increases for School Resource Officer support from the School Districts.

Row 13 – Column E – Other Sources: \$0.7 million variance.

*Since all Measure G Revenue is programmed to provide for public safety services, the pass-through tracking revenue is characterized as other revenue. In the Column C Forecast, only half of the Measure G revenue (\$0.6 million) was characterized as **Other sources**, and the entire proceeds are characterized as Other sources in the **Column D Forecast**.*

Row 18 – Column E – Salaries: \$1.6 million variance.

***Column C Forecast** assumes 2% salary increases for TEA, AFSCME, Confidential, Management, and Temporary employees. The actual increase, as estimated in **Column D Forecast** for TEA, ASCME, Confidential, Management, and Temporary employees, was 5% in FY 2024-25, 3% in FY 2025-26, and 4% in FY 2024-25 and FY 2025-26 for AFSCME. In addition, there were equity adjustments for certain job classes that were not included in **the Column C Forecast**.*

Row 20 – Column E – CalPERS Benefits: \$0.8 million variance.

*CalPERS rates are based on actual payroll, so increased salaries will cause increased CalPERS contributions. In addition, while the Miscellaneous Group rates remained relatively flat, growing from 29.6% (**Column C Forecast**) to 30.02% (**Column D Forecast**), the Classic Safety Group required contribution changed from 98.74% (**Column C Forecast**) to 109.09% (**Column D Forecast**), and the Classic Safety Management Group estimated contribution changed 101.74% (**Column C Forecast**) to 112.09% (**Column D Forecast**)*

Row 24 – Column E – Operating Expenditures: \$2.03 million variance.

ITEM NO. 1.

Operating expenditures experience inflationary factors as well. The prior year assumed a 3% increases; however, certain services and product prices increased by more than 3%. The variance is added up from many different items:

- *This item shows half of the Measure G Expenditure under Row 31 – Column C in the **Column C Forecast**, while it is included in the Operating Expenditures in **Column D Forecast**. Measure G Fund is a subfund in General Fund, and all proceeds are expended in a given year and part of the operating expenditures.*
- *The following increases listed as an example in this category that contribute to the difference between the two forecast: \$647,000 development related pass through activities, \$215,000 in legal services, \$190,000 special studies, \$150,000 temporary employee services, 127,000 in engineering services; \$70,000 miscellaneous services and repairs,\$54,000 in street closures,\$53,000 street sweeping services,\$50,000 in tree trimming services, \$37,000 townwide meetings and events, 30,000 in auto parts, \$27,000 software licenses,*

***Based-on-historical-trends.

The Town's required employer contribution rate estimates were developed using data provided by each plan's CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Rates shown for FY 2024-25 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2025-26 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2022-23 CalPERS 6.1% investment return and forecasted payroll.

Beginning in FY 2021-22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020-21.

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Forecasted rates for FY 2024/25 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2022/23 CalPERS 6.1% investment return and forecasted payroll.

¶

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020/21.

SUMMARY OF CHANGES FY 2024-25 FROM PROPOSED TO ADOPTED

Per Measure A, the Finance Commission received the Proposed FY 2023/24 Operating and Capital Budgets 21 business days before May 16, 2023, which was the first meeting at which the Proposed Budgets were considered by the Town Council. The Finance Commission held three public meetings at which Commissioners discussed the Proposed Budgets and provided recommendations to the Town Council per Measures A and G. On May 16, 2023, the Town Council conducted a public hearing to discuss the proposed FY 2023/24 Operating and Capital Summary Budget and Proposed FY 2023/24 – 2027/28 Capital Improvement Program. The Town Council considered public testimony, discussed both documents, considered the Finance Commission recommendations, and directed staff to bring back the documents for final approval incorporating the Council recommendations.

The Town Council adopted a balanced budget on June 6, 2023. The Adopted Budget includes a 4.6% vacancy factor, while Council directed that staff continue to hire for all vacant positions. The 4.6% salary savings represents approximately \$1.7 million projected saving that eliminates a need for Other Post Employment Benefits (OPEB) Trust withdrawal. The Adopted Budget fully recognizes the Educational Revenue Augmentation Fund (ERAF) proceeds for FY 2023/24. The Council programmed 70% of the estimated revenue and reserved 30% as the “at risk” amount until the lawsuit between the State and the School Districts is resolved.

The following table represent the changes from the proposed budget to the adopted budget.

*** Based on historical trends.

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Rates shown for FY 2023/24 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2023/24 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2021/22 CalPERS negative 7.5% investment return and forecasted payroll.

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020/21.

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Rates shown for FY 2022/23 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2023/24 and subsequent years are based on the most recent CalPERS actuarial valuation reports and staff assumptions regarding staff's current estimate of returns for FY 2021/22 which are presently expected to be below the 6.8% discount rate.

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020/21. Employer contribution rate projections also include small percentage increases reflecting the anticipation of CalPERS gradually lowering its discount rate over the Five-Year Forecast period in accordance with the CalPERS adopted risk mitigation strategy, and the lowering of the discount rate to the present rate of 6.8% as of 6/30/2022. Estimates were also informed by recent rate estimates developed by the Town's actuary using the most recent actuarial valuation updated with current year projections of covered payrolls by plan type.

*** Based on historical trends.

The Town's required employer contribution rate estimates were developed using estimates provided by each pension plan's most recent actuarial valuation received from CalPERS. The employer contribution rates illustrated below reflect percentages of covered payroll. Rates shown for FY 2021/22 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2022/23 and subsequent years are based on the most recent CalPERS actuarial valuation reports and staff assumptions regarding staff's current estimate of returns for FY 2020/21 which are presently expected to exceed the 7% discount rate.

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8M 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million (2013 partial and 2015) unfunded amortization bases that were paid off in FY 2020/21. Employer contribution rate projections also include small percentage increases reflecting the anticipation of CalPERS gradually lowering its discount rate over the five-year forecast period in accordance with the CalPERS adopted risk mitigation strategy, lowering its discount rate from the present rate of 7.0% to 6.6% as of the 6/30/27 actuarial valuation. Estimates were also informed by recent rate estimates developed by the Town's actuary using the most recent actuarial valuation updated with current year projections of covered payrolls by plan type.

**Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHCA)

***Based on historical trends.

The Town's required employer contribution rate estimates were developed using estimates provided by each plan's most recent actuarial valuation received from CalPERS. The employer contribution rates illustrated below reflect percentages of covered payroll. Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reduction associated with the approximate \$4.8M 2016 unfunded amortization base paid off in October 2019 and the approximate \$3.7M 2015 unfunded amortization base expected to be paid off in early FY 2020/21.
