

**TOWN OF LOS GATOS
FINANCE COMMISSION AGENDA
JANUARY 12, 2026
110 EAST MAIN STREET
TOWN COUNCIL CHAMBERS
5:30 PM**

*Linda Reiners, Chair
Ashby Monk, Vice Chair
Adam Fischer, Commissioner
Phil Koen, Commissioner
Joseph Rodgers, Commissioner
Matthew Hudes, Council Member
Maria Ristow, Vice Mayor*

IMPORTANT NOTICE

This is a hybrid meeting and will be held in-person at the Town Council Chambers at 110 E. Main Street and virtually through Zoom Webinar (log-in information provided below). Members of the public may provide public comments for agenda items in-person or virtually by following the instructions listed below or at the end of the agenda.

To watch and participate via Zoom, please go to:

<https://losgatosca-gov.zoom.us/j/84834011781?pwd=rHVGvPbjNaaM6U6ZB5AbaZUF1ToV9.1>

Enter passcode: 998589

CALL MEETING TO ORDER

ROLL CALL

APPROVE REMOTE PARTICIPATION (*This item is listed on the agenda in the event there is an emergency circumstance requiring a Commissioner to participate remotely under AB 2449 (Government Code 54953).*)

CONSENT ITEMS (*Items appearing on the Consent are considered routine Town business and may be approved by one motion. Members of the public may provide input on any Consent Item(s) when the Chair asks for public comment on the Consent Items.*)

1. Approve the Minutes of the December 8, 2025, Finance Commission Regular Meeting
2. Receive the Monthly Financial and Investment Report for November 2025

VERBAL COMMUNICATIONS (*Members of the public are welcome to address the Commission on any matter that is not listed on the agenda and is within the subject matter jurisdiction of the Commission. During special meetings, members of the public are welcome to address the Commission only on items listed on the agenda. To ensure all agenda items are heard, this portion of the agenda is limited to 30 minutes. In the event additional speakers were not able to be heard during the initial Verbal Communications portion of the agenda, an additional Verbal Communications will be opened prior to adjournment. Each speaker is limited to no more than three (3) minutes or such time as authorized by the Chair.*)

OTHER BUSINESS (*Up to three minutes may be allotted to each speaker on any of the following items.*)

3. Select a Chair and Vice Chair
4. Discuss and Confirm the Finance Commission Meeting Dates for 2026, and If Necessary, Adopt a Resolution Setting the Meeting Time and Location
5. Review the Town's Draft FY 2024-25 Financial Transaction Report for Submittal to the State Controller
6. Adopt the Finance Commission 2026 Workplan
7. Discussion, consideration, and Possible Action to Provide Direction on Revenue Measure Options and Next Steps Including Engaging Professional Services to Support the Evaluation Effort in an amount Not to Exceed \$80,000

ADJOURNMENT

ADA NOTICE In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Clerk's Office at (408) 354-6834. Notification at least two (2) business days prior to the meeting date will enable the Town to make reasonable arrangements to ensure accessibility to this meeting [28 CFR §35.102-35.104]. The ADA access ramp to the Town Council Chambers is under construction and will be inaccessible through June 2025. Persons who require the use of that ramp to attend meetings are requested to contact the Clerk's Office at least two (2) business days prior to the meeting date.

NOTICE REGARDING SUPPLEMENTAL MATERIALS - Materials related to an item on this agenda submitted to the Commission after initial distribution of the agenda packets are available for public inspection in the Clerk's Office at Town Hall, 110 E. Main Street, Los Gatos and on Town's website at www.losgatosca.gov. Commission agendas and related materials can be viewed online at <https://losgatos-ca.municodemeeetings.com/>.

HOW TO PARTICIPATE

The public is welcome to provide oral comments in real-time during the meeting in three ways:

Zoom Webinar (Online): Join from a PC, Mac, iPad, iPhone or Android device. Please click this

URL to join: [https://losgatosca-](https://losgatosca-gov.zoom.us/j/84834011781?pwd=rHVGvPbjNaaM6U6ZB5AbaZUF1ToV9.1)

[gov.zoom.us/j/84834011781?pwd=rHVGvPbjNaaM6U6ZB5AbaZUF1ToV9.1](https://losgatosca-gov.zoom.us/j/84834011781?pwd=rHVGvPbjNaaM6U6ZB5AbaZUF1ToV9.1)

Passcode: 998589 You can also type in 848 3401 1781 in the "Join a Meeting" page on the Zoom website at zoom.com and use passcode 998589.

When the Mayor announces the item for which you wish to speak, click the "raise hand" feature in Zoom. If you are participating by phone on the Zoom app, press *9 on your telephone keypad to raise your hand.

Telephone: Please dial 1 (855) 758-1310 for US Toll-free or 1 (408) 961-3927 for US Toll. (Meeting ID: 848 3401 1781)

If you are participating by calling in, press *9 on your telephone keypad to raise your hand.

In-Person: Please complete a "speaker's card" located on the back of the chamber benches and return it to the Town Clerk before the meeting or when the Chair announces the item for which you wish to speak.

NOTES: Comments will be limited to three (3) minutes or less at the Chair's discretion. If you are unable to participate in real-time, you may email to Clerk@losgatosca.gov the subject line "Public Comment Item #__" (insert the item number relevant to your comment). All comments received will become part of the record.

Deadlines to submit written comments are:

- 11:00 a.m. the business day before the Commission meeting for inclusion in an addendum.
- 11:00 a.m. on the day of the Commission meeting for inclusion in a desk item.

**TOWN OF LOS GATOS
FINANCE COMMISSION
MINUTES**

MEETING DATE: 1/12/2026

ITEM NO: 1

Item 1.

**Minutes of the Finance Commission Regular Meeting
December 8, 2025**

The Finance Commission of the Town of Los Gatos conducted a regular meeting in person and via teleconference.

THE MEETING WAS CALLED TO ORDER AT 5:31 P.M.

ROLL CALL

Present: Chair Linda Reiners, Vice Chair Ashby Monk, Commissioner Adam Fischer, Commissioner Phil Koen, Commissioner Joe Rodgers, and Mayor Matthew Hudes.

Absent: Vice Mayor Rob Moore

Town Staff Present: Town Manager, Chris Constantin; Finance Director, Gitta Ungvari; Town Clerk, Wendy Wood; and Finance and Accounting Manager, Eric Lemon.

CONSENT ITEMS

1. Approve the Minutes of the October 13, 2025, Finance Commission Regular Meeting
2. Approve the Minutes of the December 1, 2025, Finance Commission Special Meeting
3. Receive the Monthly Financial and Investment Reports for September and October 2025
4. Receive the California Employer's Pension Prefunding Trust (CEPPT) Strategy Market Value Summary Report for the Period Ending September 30, 2025, and Performance as of October 31, 2025
5. Receive the California Employer's Retiree Benefit Trust (CERBT) Strategy 1 Market Value Summary Report for the Period Ending September 30, 2025, and Performance as of October 31, 2025

There was no public comment.

MOTION: Motion by Commissioner Koen to approve the consent items. **Seconded** by Commissioner Rodgers.

VOTE: Motion passed unanimously.

VERBAL COMMUNICATIONS

There was no public comment.

OTHER BUSINESS

6. Complete Reviewing the Fiscal Year 2024-25 Draft Annual Comprehensive Financial Report (ACFR) and Make Recommendations to the Town Council

Gitta Ungvari, Finance Director, introduced the item for discussion.

The Commission discussed the item and asked questions.

Staff addressed the Commissioners' questions.

There was no public comment.

MOTION: **Motion by Commissioner Keon** to recommend the ACFR to the Town Council.
Seconded by Commissioner Monk.

VOTE: **Motion passed unanimously.**

7. Review and Discussion of the Finance Commission 2025 Workplan and Consider Direction on the 2026 Workplan

The Chair opened discussion on the item.

The Commission discussed the item and asked questions.

Staff addressed the Commissioners' questions.

There was no public comment.

No action was taken.

ADJOURNMENT:

The meeting adjourned at 6:52 p.m.

This is to certify that the foregoing is a true
and correct copy of the minutes of the
December 8, 2025, regular meeting as approved by the
Finance Commission.

Eric Lemon, Finance and Accounting Manager

**TOWN OF LOS GATOS
FINANCE COMMISSION REPORT**

MEETING DATE: 1/12/2026

ITEM NO: 2

Item 2.

DATE: January 6, 2026
TO: Finance Commission
FROM: Chris Constantin, Town Manager
SUBJECT: Receive the Monthly Financial and Investment Report for November 2025

RECOMMENDATION: Receive the Monthly Financial and Investment Reports for November 2025.

FISCAL IMPACT:

There is no fiscal impact from the receipt of this report.

BACKGROUND:

California Government Code Section 41004 requires that the Town Treasurer submit to the Town Clerk and the legislative body a written report and accounting of all receipts, disbursements, and fund balances. The Finance Director assumes the Town Treasurer role. Attachment 1 contains the November 2025 monthly Financial and Investment Report, which fulfills this requirement.

The November 2025 Monthly Financial and Investment Report will be presented to the Town Council at its January 20, 2026, regular meeting.

DISCUSSION:

The November 2025 Monthly Financial and Investment Report includes a Fund Balance Schedule, representing estimated funding available for all funds at the beginning of the fiscal year and at the end of the respective month.

As operations fluctuate month to month, there are differences between balances in one month and balances in another. Such differences may be significant due to the type of activity in those

PREPARED BY: Eric Lemon
Finance and Accounting Manager

Reviewed by: Town Manager, Assistant Town Manager, Town Attorney, and Finance Director

months and the timing of any estimates used in the presentation, based on the information available. This is demonstrated by the attached November 30, 2025, fund balance report. In the case that the differences are extraordinary and unanticipated, we will ensure we present more information to explain the differences.

The difference between the November 30 and October 31 estimated fund balance is due to normal day-to-day fluctuations in revenues and expenditures.

Please note that the amount in the Fund Schedule differs from the Portfolio Allocation and Treasurer's Cash Fund Balances Summary schedule because assets and liabilities are components of the Fund Balance.

As illustrated in the summary below, Ending Fund Balance = Cash + Assets - Liabilities, which represents the actual amount of funds available.

Reconciling Cash to Fund Balance - November 30, 2025		
Total Cash	\$	69,422,880
Plus: Assets	\$	18,093,225
Less: Liabilities	\$	(24,512,023)
Estimated Fund Balance	\$	63,004,082

As of November 30, 2025, the Town's financial position (Cash Plus Other Assets \$87.51M, Liabilities \$24.51M, and Fund Equity \$63.00M) remains strong, and the Town has sufficient funds to meet the cash demands for the next six months.

As of November 30, 2025, the Town's weighted portfolio yield for investments under management was 4.27%, which was 17 basis points above the Local Agency Investment Fund (LAIF) yield of 4.10% for the same reporting period. Currently, the LAIF portfolio's weighted average maturity (WAM) is 247 days versus the Town's longer WAM of 631 days. The Town's assets under management reflect the Town's selection of the 1-3 year benchmark investment strategy through the Town's investment advisor to lock in higher yields at the top of the interest rate cycle. The longer maturities are balanced with shorter-term yields available on investments held with the State's LAIF. The Town's weighted average rate of return on investments under management of 4.27% at the close of November was 1 basis point lower when compared to the prior month's return of 4.28% reported as of October 31, 2025.

Since November 2024, LAIF yields decreased from 445 basis points (4.45%) to 427 basis points (4.27%) through the end of November 2025. The State LAIF pool typically lags the market when current market yields are either increasing or decreasing.

The Federal Open Market Committee implemented three rate cuts in 2025. The first, on September 17, reduced the federal funds target range by 25 basis points to 4.00%–4.25% amid

slower economic growth in the first half of the year and emerging signs of labor-market softening. A second 25-basis-point cut on October 29 brought the range down to 3.75%–4.00% as labor-market weakness and broader economic uncertainty persisted. At its December 10 meeting, the Committee approved a final 25-basis-point reduction to 3.50%–3.75%, reflecting ongoing concerns about the economic outlook. These adjustments align with the FOMC's objective to promote maximum employment and achieve a year-over-year inflation target of 2%.

The payrolls report for September showed 119,000 new jobs, above consensus expectations of 50,000, with job gains heavily concentrated in healthcare and leisure and hospitality. There were 33,000 worth of downward revisions to the previous two months. The unemployment rate rose from 4.3% to 4.4%, its highest level since 2021.

The Town's investments are in compliance with the Town's Investment Policy dated March 18, 2025, and are also in compliance with the requirements of Section 53600 et seq. of the California State Code. Based on the information available, the Town has sufficient funds to meet the cash demands for the next six months.

CONCLUSION:

Receive the Monthly Financial and Investment Report for November 2025.

These accounts are not part of the Treasurer's fund balances reported elsewhere in this report, as they are for separate and distinct entities.

Note 1: The three original funds for the Certificates of Participation 2002 Series A consist of construction funds which will be expended over the next few years, reserve funds which will guarantee the payment of lease payments, and a third fund for the disbursement of lease payments and initial delivery costs.

Note 2: The 2010 COP Funds are all for the Library construction, reserves to guarantee lease payments, and a lease payment fund for the life of the COP issue. The COI fund was closed in September 2010.

Note 3: The CEPPT IRS Section 115 Trust was established as an irrevocable trust dedicated to accumulate resources to fund the Town's unfunded liabilities related to pension and other post employment benefits.

**TOWN OF LOS GATOS
FINANCE COMMISSION REPORT**

MEETING DATE: 01/12/2026

ITEM NO: 4

Item 4.

DATE: January 6, 2026
TO: Finance Commission
FROM: Chris Constantin, Town Manager
SUBJECT: Discuss and Confirm the Finance Commission Meeting Dates for 2026, and If Necessary, Adopt a Resolution Setting the Meeting Time and Location

RECOMMENDATION:

Staff recommend that the Finance Commission discuss and confirm the Finance Commission meeting dates for 2026 and if necessary, adopt a resolution setting the meeting time and location.

DISCUSSION:

The Finance Commission has historically met on the second Monday of each month from 5:30 p.m. to 7:30 p.m. Staff recommends continuing with this meeting schedule.

Per municipal code section 2.50.210, the Finance Commission is required to have at least one meeting per calendar quarter. A tentative schedule for 2026 is provided in Attachment 1.

State law requires an in-person quorum of voting members to be in attendance for a meeting to occur. A majority of the Citizen Appointees of the Finance Commission constitutes a quorum.

The Finance Commission is required to review the Annual Proposed Budget and the Annual Comprehensive Financial Report (ACFR) each year and provide comments and recommendations. Additional meetings are typically scheduled in April, May, and December to meet the deadlines for reviewing these documents. In accordance with Council Policy 2-11, no regular meeting will be scheduled for July.

**TOWN OF LOS GATOS
FINANCE COMMISSION REPORT**

MEETING DATE: 01/12/2026

ITEM NO: 5

Item 5.

DATE: January 6, 2026
TO: Finance Commission
FROM: Chris Constantin, Town Manager
SUBJECT: Review the Town's Draft FY 2024-25 Financial Transaction Report for Submittal to the State Controller

RECOMMENDATION:

Review the Town's Draft FY 2024-25 Financial Transaction Report (FTR) for submittal to the State Controller.

BACKGROUND:

With the passage of Measure A, the Finance Commission has been tasked with several mandated duties as described in the provisions of the adopted Ordinance. Section 2.50.225. – Duties state that:

(a) The Finance Commission shall:

(4) Review the Director of Finance's summary of the Town's financial report required by section 53891 of the California Government Code and prepared in accordance with section 2.50.010(c) of the Town Code, and provide written comments and recommendations to the Director of Finance prior to the publishing of the summary of the report.

California Government Code Section 53891 requires financial transactions of each local agency to be submitted to the State Controller's Office (SCO) within seven months after the close of the fiscal year (February 1st). This state-mandated report is referred to as the City's "Financial Transactions Report" (FTR).

The FTR must contain underlying data from audited financial statements prepared in accordance with generally accepted accounting principles. The purpose of the FTR is to provide

PREPARED BY: Gitta Ungvari
Interim Administrative Services Director

Reviewed by: Town Manager and Town Attorney

financial and statistical data about California cities on as uniform a basis as possible. Following the completion and publication of the Annual Comprehensive Financial Report (ACFR), the underlying financial transactions included therein are translated into the format specified by the SCO and transmitted by the statutory annual deadline.

DISCUSSION:

Attachment 1 contains the Draft FY 2024-25 FTR for the Commission's consideration per Measure A. This report is a draft format. Staff will continue to review the report before the final submittal to the State. The State also reviews the submitted report and will reach out to Town staff if they have any clarifying questions.

CONCLUSION:

Review the Town's draft Financial Transactions Report for submittal to the State Controller.

DRAFT

**TOWN OF LOS GATOS
FINANCE COMMISSION REPORT**

MEETING DATE: 01/12/2026

ITEM NO: 6

Item 6.

DATE: January 6, 2026
TO: Finance Commission
FROM: Chris Constantin, Town Manager
SUBJECT: Adopt the Finance Commission 2026 Workplan

RECOMMENDATION:

Adopt the Finance Commission 2026 Workplan based on the Commission's prior discussion.

DISCUSSION:

According to Measure A passed by voters in 2020, the Finance Commission has mandatory actions and financial review/advise requirements performed during each fiscal year (Attachment 1).

The Town Council requires each commission to establish a workplan, and the workplan defines the desired activities for the commission.

In getting an early start on the 2026 Workplan, the Finance Commission reviewed the status of the 2025 Workplan items and discussed changes for 2026 at its December 12, 2025 regular meeting. The discussion provided Commissioners an opportunity to discuss other areas of potential interest in the coming year, given staff capacity.

The Finance Commission's workplan is centered on previously established priorities and the requirements of Measure A. In addition, the Commission will undertake a comprehensive review of key financial studies, including:

- Financial Condition Analysis Study
- Fiscal Impact Analysis Study
- Asset and Liability Management Study

PREPARED BY: Gitta Ungvari
Interim Administrative Services Director

Reviewed by: Town Attorney and Town Manager

PAGE 2 OF 2

SUBJECT: Adopt the Finance Commission 2026 Workplan

DATE: January 12, 2026

Following the completion of these studies, the Commission will review and update the General Fund Reserve, the Investment, and the Town IRS Section 115 Pension Trust and OPEB Trust Investment Policies to ensure alignment with best practices and fiscal sustainability.

Attachment 2 provides the detailed workplan based on the Commissioners' discussion, presented in both a structured format and a list view for ease of reference.

Attachment 3 contains the same information in a List View.

Attachments:

DIVISION 3. - FINANCE COMMISSION.

Sec. 2.50.200. - Finance Commission established.

- (a) The Finance Commission shall be established to serve in an advisory capacity to the Town Council by reviewing Town finances, including but not limited to the annual budget, Comprehensive Annual Financial Report, and capital expenditures, and making recommendations about the Town's financial, budgetary and investment matters and operations related thereto to the Town Council and any other Town department, agency, committee, commission or other body as the Town Council directs.
- (b) The Council Finance Committee is disbanded.
- (c) The Sales Tax Oversight Committee established by section 25.60.140 of the Town Code is disbanded and all powers and duties of that Committee are transferred to the Finance Commission.

([Ord. No. 2314](#), § 3(§ 1), 11-3-20)

Sec. 2.50.205. - Composition, appointment, terms.

- (a) The Finance Commission shall consist of five (5) voting citizen members ("Citizen Appointees") and two (2) non-voting Council Liaisons.
- (b) Council Liaisons.
 - (1) The Town Council shall appoint two (2) Town Council members as non-voting Council Liaisons.
 - (2) The Council Liaisons shall serve on the Finance Commission until replaced by the Town Council but shall not serve beyond their terms on the Town Council.
 - (3) One Council Liaison shall be the Mayor or Vice-Mayor of the Town.
- (c) Citizen Appointees.
 - (1) Except with respect to initial appointments as provided for in section 2.50.25(c)(5), each member of the Town Council shall appoint one Citizen Appointee, upon expiration of terms described in section 2.50.205(c)(4).
 - (2) Citizen Appointees must be residents and registered voters of the Town.
 - (3) No member of the Town Council may serve as a Citizen Appointee.
 - (4) Citizen Appointees shall serve four-year terms, which shall expire on a staggered basis such that every year one (1) term shall expire, except that once every four (4) years, Two (2) terms shall expire. The term of each Citizen Appointee shall commence on the first day of January (or as soon as practicable after the effective date of this Division for initial Citizen Appointees) and shall expire on the thirty-first day of the fourth successive December.
 - (5) As soon as practicable after the effective date of this Division, the initial appointment of the first Citizen Appointees shall be carried out as follows: Town Council members shall draw lots to determine the order of expiration for the terms of the first five (5) Citizen Appointees such that one (1) Citizen Appointee's term shall expire each year for four (4) years after the effective date of this Division, and one (1) additional Citizen Appointee's term shall expire in the fourth year after the effective date of this Division. Following the expiration of each of the first five (5) Citizen Appointees' terms, a Citizen Appointee shall be appointed to serve a four-year term.
 - (6) Citizen Appointees must be certified public accountants, chartered financial analysts, or have a business, finance, economics or accounting degree, and must have at least five (5) years of experience in at least one (1) of the following:
 - a. Financial experience in a corporate, business, or government setting;
 - b. Principal or officer at a financial auditing firm;

- c. Investment banking; or
- d. Finance or budget management.

(7) Should a Citizen Appointee resign or otherwise leave office prior to the end of his or her term, the appointing Town Council member for that Citizen Appointee shall, as soon as practicable, appoint a new Citizen Appointee to serve the remainder of the term.

- (d) Section 2.40.030 of the Town Code shall not apply to the Finance Commission.
- (e) Administrative support for the Finance Commission shall be provided by the Town Manager, the Director of Finance and by other Town staff as necessary.

([Ord. No. 2314](#) , § 3(§ 1), 11-3-20)

Sec. 2.50.210. - Meetings and records.

- (a) The Finance Commission shall hold at least one (1) meeting per calendar quarter.
- (b) Meetings shall be held as required by the business needs of the Finance Commission in the Town Council chamber in the Town Hall or such other locations as allowed by the Ralph M. Brown Act, at a time that is convenient for the Finance Commission and the public to encourage public participation.
- (c) Meetings shall be subject to the Ralph M. Brown Act.
- (d) Nothing in this Division shall be construed as excluding any documents from the California Public Records Act.

([Ord. No. 2314](#) , § 3(§ 1), 11-3-20)

Sec. 2.50.215. - Chair.

- (a) The Finance Commission shall appoint and prescribe the term of office for its Chair.
- (b) The Chair must be a Citizen Appointee.
- (c) All Finance Commission meetings shall be called by the Chair.
- (d) The Chair shall set all Finance Commission meeting agendas.

([Ord. No. 2314](#) , § 3(§ 1), 11-3-20)

Sec. 2.50.220. - Quorum.

A majority of the Citizen Appointees of the Finance Commission shall constitute a quorum. Except as otherwise prescribed by ordinance or State law, a vote by a majority of a quorum shall be sufficient to transact business.

([Ord. No. 2314](#) , § 3(§ 1), 11-3-20)

Sec. 2.50.225. - Duties.

- (a) The Finance Commission shall:
 - (1) Serve as an on-going, substantive and expert advisory body to the Town and Town Council so that the Town and Town Council can make informed decisions about the Town's financial, budgetary and investment matters and operations related thereto.

- (2) Review the Town Manager's annual proposed budget prepared in accordance with section 2.30.295(6) of the Town Code. and provide written comments and recommendations to the Town Council.
 - a. The Finance Commission's comments and recommendations shall include a recommendation about whether the Town Council should approve or disapprove the proposed budget. The Finance Commission may make a recommendation of approval of the budget conditional upon the Town Council's acceptance of me or more of the Finance Commission's recommendations.
 - b. The Town Manager must provide a proposed budget to the Finance Commission at least twenty (20) business days before the first meeting at which the proposed budget is considered by the Town Council.
- (3) Review the Town Manager's draft Comprehensive Annual Financial Report (CAFR) for the preceding fiscal year and provide written comments and recommendations to the Town Manager.
 - a. The Town Manager shall respond in writing to the Finance Commission providing his or her rationale for accepting or rejecting each of the Finance Commission's comments and recommendations prior to presenting the CAFR to the Town Council for formal consideration.
 - b. The Town Manager may not present the CAFR to the Town Council for formal consideration unless or until he or she considers and responds in writing to all of the Finance Commission's comments and recommendations.
- (4) Review the Director of Finance's summary of the Town's financial report required by section 53891 of the California Government Code and prepared in accordance with section 2.50.010(c) of the Town Code. and provide written comments and recommendations to the Director of Finance prior to the publishing of the summary of the report.
- (5) Review the financial policies and procedures manual developed in accordance with section 2.50.010(f) of the Town Code and provide written comments and recommendations to the Director of Finance.
- (6) Prior to the Town's expenditure of any revenues from the tax authorized by sections 25.60.010 et seq. of the Town Code, review the proposed expenditures and advise the Town Council on whether such expenditures meet the Town Council's objectives for that tax:
 - a. Maintaining and enhancing neighborhood police patrols and local crime prevention programs;
 - b. Improving traffic flow to reduce congestion;
 - c. Repairing potholes and maintaining the Town's streets, roads. and sidewalks: and
 - d. Maintaining the Town's long-term financial stability.
- (7) Issue an annual public report of the expenditures and appropriations of sales tax revenues approved by the Town Council during each fiscal year.
- (8) Make recommendations to the Town Council about policies and programs:
 - a. To maximize the Town's revenues consistent with existing taxation structures and inter-governmental funding opportunities;
 - b. To maximize fee generation consistent with market rate charges for Town- provided services and market rate fees for utilization of Town-owned assets;
 - c. To minimize the City's cost to provide core services and required activities. Consistent with the desired service level for residents and other internal and external customers;
 - d. To set funding goals for reserves. and review on-going progress related thereto;
 - e. To assess the risk associated with the structure and documentation of any proposed debt financing;

- f. To fund the Town's long-term compensation and benefit program liabilities in the most responsible and cost-effective way; and
- g. To monitor investment performance and make recommendations related to the Town's investment policy and performance.

(9) Provide written comments and recommendations regarding the selection of auditors for the CAFR.

(10) Participate in pre-audit meetings with auditors, provided that the Finance Commission shall not participate in those portions of any meetings which pertain to confidential employment or attorney client privileged matters.

(11) Review and monitor any events or issues which may affect the financial status of the Town.

(b) The duties of the Finance Commission shall not be altered, abridged or abrogated in any way by any body except by a vote of the majority of the voters of the Town.

(c) The Town Council shall make changes to the budgetary and all other Town processes and calendars as necessary to allow for consideration of the comments and recommendations of the Finance Commission outlined herein.

([Ord. No. 2314](#) , § 3(§ 1), 11-3-20)

Sec. 2.50.230. - Conflicting provisions.

Should any provision of this Division be found to conflict with the Los Gatos Town Code, this Division shall prevail, consistent with the purposes of the Finance Commission as set forth herein.

([Ord. No. 2314](#) , § 3(§ 1), 11-3-20)

**TOWN OF LOS GATOS
FINANCE COMMISSION REPORT**

MEETING DATE: 01/12/2026

ITEM NO: 7

Item 7.

DATE: January 6, 2026
TO: Finance Commission
FROM: Chris Constantin, Town Manager
SUBJECT: Discussion, consideration, and Possible Action to Provide Direction on Revenue Measure Options and Next Steps Including Engaging Professional Services to Support the Evaluation Effort in an amount Not to Exceed \$80,000

RECOMMENDATION:

Staff recommends that the Finance Commission review the Town Council staff report provided as Attachment 1; and provide input to the Town Council for consideration as it evaluates next steps related to potential revenue options.

FISCAL IMPACT:

There is no direct fiscal impact associated with the Finance Commission providing input. Any potential fiscal impacts would result from future Town Council actions related to revenue measures or associated professional services, as described in the Town Council staff report included as Attachment 1.

STRATEGIC PRIORITIES:

This item relates directly to the Town's adopted 2025–2027 Strategic Priority of ensuring prudent financial management, including structurally balanced multi-year forecasts, sustainable service delivery, and adequately funded capital improvement and deferred maintenance programs.

BACKGROUND:

On January 20, 2026, the Town Council will consider a staff report addressing the Town's long-term fiscal outlook, structural budget risks, unfunded capital and operational needs, and options for preserving the Town's ability to consider future revenue measures. On matters of

PREPARED BY: Chris Constantin
Town Manager

Reviewed by: Town Attorney and Town Manager

PAGE 2 OF 3**SUBJECT:** Discuss and Provide Input for Potential Revenue Measure**DATE:** January 12, 2026

this nature, the Town Council traditionally seeks the advisory input of the Finance Commission prior to taking direction.

The Town Council staff report consolidates recent financial forecasting, capital infrastructure assessments, and emergency preparedness analyses. These materials provide the foundation for a policy discussion regarding whether and how the Town should preserve future revenue options, including potential consideration of a revenue measure in November 2026.

Rather than duplicating the full analysis, this Finance Commission report is intended to focus the Commission's review on fiscal policy considerations and to formally transmit the Commission's input to the Town Council.

DISCUSSION:

The Town Council staff report, included as Attachment 1, presents detailed information on:

- The Town's updated multi-year General Fund forecast and underlying revenue and expenditure assumptions;
- The extent to which recent fund balance increases are driven by one-time or economically sensitive revenues rather than ongoing structural balance;
- Significant unfunded capital, facility, infrastructure, and wildfire preparedness needs that are not fully addressed within existing revenue streams; and
- The legal, procedural, and timing considerations associated with potential revenue options, including sales tax, parcel tax, bond measures, and other tools.

The Finance Commission's role is advisory and focused on financial sustainability, risk, and policy alignment. Staff requests that the Finance Commission provide its input that can assist the Town Council in its deliberations. The Commission's input will be summarized and transmitted to the Town Council for consideration as part of its January 20, 2026, discussion and any subsequent actions.

CONCLUSION:

The Town Council is at an early, deliberative stage in evaluating the Town's long-term fiscal sustainability and potential revenue options. The Council staff report does not commit the Town to placing a revenue measure on the ballot but rather seeks to preserve options and inform future decisions.

Finance Commission input at this stage will provide valuable financial perspective to the Town Council as it weighs long-term risks, policy tradeoffs, and fiscal strategy. Staff therefore recommends that the Commission review Attachment 1 and provide its input for Town Council consideration.

ENVIRONMENTAL REVIEW:

The Finance Commission's review and provision of input is advisory in nature and does not constitute approval of a project, funding commitment, or discretionary action. Accordingly, this item is not a project under the California Environmental Quality Act and no environmental review is required.

TOWN OF LOS GATOS TOWN COUNCIL REPORT

MEETING DATE: 01/12/2026

ITEM NO:

Item 7.

DATE: January 6, 2026
TO: Town Council
FROM: Chris Constantin, Town Manager
SUBJECT: Discussion, consideration, and Possible Action to Provide Direction on Revenue Measure Options and Next Steps Including Engaging Professional Services to Support the Evaluation Effort in an amount Not to Exceed \$80,000

RECOMMENDATION

Staff recommends the Town Council consider

1. Authorizing the Town Manager, or designee, to pursue special legislative authorization from the State Legislature in the 2026 session to exempt Los Gatos from the statewide 2 percent combined district sales tax cap, preserving the Town's legal ability to place a general transactions and use (sales) tax measure on the November 2026 ballot.
2. Authorizing the Town Manager, or designee, to engage specialized professional consultants to facilitate special legislative authority to increase its transactions and use tax and engage other such professionals to properly inform the Town Council regarding a possible revenue measure up to and including potential action related to a specific measure.
3. Allocate \$80,000 from the General Fund unassigned fund balance for professional services to continue work related to a possible revenue measure that the Town Council may consider for November 2026 election.

FISCAL IMPACT

The estimated cost is \$80,000 for professional services to preserve the Town's ability to consider a future revenue measure. The allocation may need to be increased depending on the type of measure, approach, and steps required to implement any Council-identified measure.

STRATEGIC PRIORITIES

One of the top three 2025-2027 Strategic Priorities includes ensuring “*...prudent financial management to result in structurally balanced five-year forecasts and fully funded five-year Capital Improvement Plans, managing liabilities such as pension costs and leveraging the Town’s assets, efficiencies, partnerships, and revenue streams. Define and implement a cohesive deferred capital improvement program for Town facilities and lifecycle assets. (Goal: Fiscal Stability)*”

BACKGROUND

The Town of Los Gatos is recognized as a safe, attractive, and welcoming community with high-quality public amenities and a strong overall quality of life. Over many years, residents, businesses, and visitors have benefited from well-maintained streets and parks, vibrant downtown activity, responsive public safety services, and programs that reflect the Town’s small-town character and unique sense of place.

Continued reliance on economically sensitive revenues and expenditure assumptions that are not assured creates risk

Recent financial results show that the Town closed Fiscal Year 2024-25 with an increase in General Fund unassigned fund balance. However, a review of the updated Five-Year Forecast (**Attachment 1**) indicates this outcome was driven largely by variable increases which are not indicative of sustainable structural balance over the long-term.

On the revenue side, the surplus relied heavily on interest income, which surged to \$3.1 million in FY 2024-25 due to market conditions but is projected to drop to \$1.6 million in FY 2025-26 and further to \$1.1 million by FY 2027-28. Additionally, the Town faces specific risks, such as a projected \$0.4 million decline in Transient Occupancy Tax in FY 2026-27 due to a specific hotel closure, and stagnating Property Tax estimates which assume zero growth between FY 2025-26 and FY 2026-27.

On the expenditure side, FY 2024-25 salary actuals (\$22.4 million) were artificially low due to significant vacancy savings. With limited restrictions on hiring and overtime, salary costs could rise to \$25.4 million, a \$3.0 million increase, if full staffing or increases in overtime occur. Another Bay Area city is currently experiencing this condition, resulting in critical impacts on fiscal stability necessitating layoffs and service reductions. Other cities are grappling with significant deficits and considering how to best close their funding gaps. Thus, Los Gatos is not alone.

PAGE 3 OF 17

SUBJECT: Discuss and Provide Input for Potential Revenue Measure

DATE: January 12, 2026

For the FY 2025-26 budget, Town staff and the Finance Commission strengthened the accuracy of revenue and expenditure assumptions. In this detailed review, the Town approved a budget that included reductions but still relied upon \$0.9 million in the use of unassigned fund balance. The purpose of planning the use of fund balance is to ensure reductions to key programming do not occur until a deficit is actually incurred. During the year, additional appropriations increased the projected operational deficit to \$1.1 million for FY 2025-26.

Recent fund balance growth should not be interpreted as evidence that the Town's long-term revenue structure is sufficient to sustain current service levels. While the Town has not needed to dip significantly into reserve balances yet, reliance on one-time or volatile activity that does not ensure structurally balanced future budgets, combined with not fully accounting for increasing personnel costs and future capital and deferred maintenance needs, creates risk. Should economic dynamics change, the Town would face the need to quickly reduce expenditures with little lead time. Additionally, the halting of transfers for capital projects limits the ability to address accumulating infrastructure needs.

The Town is currently undertaking a financial and fiscal impact analysis studies, which will provide a more refined outlook and Ten-year forecast leading up to a final report in April/May 2026. While the Town Council can wait for the results of these studies, it may lose the ability to respond this calendar year with some options to reduce impact to programs, services, and capital projects.

Capital and Operational Needs far outpace available and projected revenues

While the Town is not facing an immediate cash flow crisis, it faces a growing structural gap between available resources and the costs required to maintain aging infrastructure, meet emergency preparedness expectations, and modernize facilities. Without identifying new, reliable sources of funding, the Town cannot address significant obligations that are not fully captured in the annual operating budget.

Recent staff reports and condition assessments have quantified the magnitude of these unfunded liabilities. As detailed in Table 1 below, when escalating known maintenance and capital needs to 2025 dollars (at a 4% adjustment), the Town faces over \$300 million in one-time unfunded liabilities, in addition to significant ongoing operational costs for wildfire safety.

Table 1: Summary of Unfunded Capital and Operational Needs (Escalated to 2025)

Category	Specific Need	Estimated Cost (2025)
Streets & Roads	Pavement & Infrastructure	\$172,678,480
Public Safety	New Police Ops Building / EOC	\$50.4M – \$66.0M
Parks & Assets	Parks Deferred Maintenance	\$29,316,560
Park Rehabilitation	Soccer Field Turf Rehab	~\$2,500,000
Storm Drains	Drainage Infrastructure	\$24,051,560
Town Facilities	Building Maintenance & Repairs and Capital	\$22,639,670
Wildfire	Critical Infrastructure	\$6.0M – \$11.0M
Wildfire Operations	Comprehensive Wildfire Program	\$2.1M – \$3.0M

Note: IT Needs identified in previous assessments (\$310,000) have been funded in the 25/26 cycle and are removed from this list.

Assessment of Service Gaps

Streets, Roads, and Storm Drains

The Town's infrastructure needs constitute the largest financial liability. Escalated to 2025 costs, the Capital Infrastructure Needs assessment identifies approximately \$172.7 million in unfunded needs for streets and roads. Additionally, storm drainage improvements now total over \$24 million. This includes critical drainage infrastructure on major thoroughfares like Los Gatos-Almaden Road and essential improvements required to prevent system failures.

Public Safety Facilities

The Police Operations Building (POB) and the Civic Center require significant investment. The POB currently forces split operations that create inefficiencies and is stretched to meet current security standards. A study is underway to evaluate consolidating all Police Department staff into one building, with results expected in spring 2026. Preliminary information suggests 28,000 to 30,000 square feet of space is needed to support the Department and a modern Emergency Operations Center. The cost of constructing this facility is estimated between \$50.4 million and \$66 million (\$1,800–\$2,200 per sq. ft.), exclusive of land acquisition.

Parks and Public Assets

Unfunded needs for Town parks, escalated to 2025, are estimated at \$29.3 million. This backlog impacts community staples, including playground replacements at Oak Meadow Park and La Rinconada Park, irrigation system replacements, and trail connectivity projects. Furthermore,

SUBJECT: Discuss and Provide Input for Potential Revenue Measure

DATE: January 12, 2026

this assessment does not account for the approximate \$2.5 million necessary to rehabilitate soccer field turf that has reached its end of life, nor does it include the benefits of increasing tree and park strip improvements in residential and commercial areas.

Town Facilities and Deferred Maintenance

Town-owned buildings face a combined maintenance and capital shortfall of nearly \$22.6 million (\$21.1 million in deferred maintenance and \$1.5 million in capital needs) over the next 11 years. It is important to note that these figures represent the cost to maintain current operations and generally do not include necessary modernization or expansions.

Wildfire Mitigation and Emergency Preparedness

Beyond capital infrastructure, the Town faces ongoing operational gaps. As outlined in the December 16, 2025, staff report, implementing a "Comprehensive Program" (Scenario 3) to adequately address wildfire risks requires an annual operating investment of approximately \$2.1 to \$3.0 million. This is in addition to \$6 to \$11 million in one-time capital costs over the next 5 to 10 years for critical infrastructure such as evacuation route widening and strategic fuel breaks.

Many of these items represent proactive investments intended to reduce long-term risk and liability, rather than discretionary enhancements. Absent additional ongoing revenue, addressing these unfunded needs requires continued deferral.

Community Priorities and Service Sustainability

Results from the 2025 Community Survey indicate that Los Gatos residents rate the Town very highly in areas that most directly shape quality of life, safety, and community character. Residents expressed particularly strong satisfaction with Town library services, parks and recreation facilities, and police services. However, the survey also highlights that residents place the greatest importance on maintaining these outcomes over time.

The community investment areas with the highest levels of resident support include maintaining streets, sidewalks, and storm sewer systems, improving traffic flow, maintaining 911 response times, and strengthening disaster preparedness. The responses suggest that while satisfaction remains high, targeted investment in transportation, pedestrian safety, and emergency preparedness is necessary to maintain resident confidence. Ensuring the ability to sustain high-performing core services and responsibly address identified and emerging needs will require reliable, ongoing funding aligned with these community expectations. Current

budget capability do not provide sufficient resources to fully address the needs identified in the community survey.

Strategic Positioning: Preserving Options and Preparing for the Future

The preceding background illustrates that while Los Gatos is currently managing its budget through one-time resources and vacancies, this is not a sustainable long-term strategy given the magnitude of known capital and operational obligations.

It is important to frame the current situation accurately. The Town is not currently in a fiscal emergency that forces the Council to place a measure on the November 2026 ballot as a last resort to avoid immediate insolvency. The Town retains a degree of fiscal stability that allows for thoughtful planning rather than reactive crisis management.

However, relying on the current revenue structure to support future needs creates significant risk. By the time a structural deficit becomes critical, or a major infrastructure failure occurs, it will likely be too late to develop a thoughtful revenue measure to address it. Responsible governance requires that the Council evaluate potential revenue options before the need becomes acute.

The purpose of the current discussion is to ensure the Town does not find itself in a position where it is forced to react to a financial crisis without a plan. By exploring revenue options now, the Council preserves the optionality to act in November 2026 if it deems necessary, or to defer action with a clear understanding of the trade-offs regarding service levels and deferred maintenance. This proactive approach ensures that if a potential revenue measure is considered in the future, it is not the first time the concept has been vetted.

Accordingly, the following discussion section articulates the specific revenue options available to the Town, along with the timing, feasibility, and strategic considerations for each. This analysis is intended to provide the Council with the necessary information to weigh the benefits of securing additional revenue against the option of maintaining the status quo, ensuring that any future decision is made deliberately and in alignment with long-term community priorities.

DISCUSSION

In the case of addressing deficits, the Town has the option to either 1) increase revenue, 2) decrease expenditures (generally reducing level of service), 3) reduce the scope of services supportable by available stable revenue (eliminating functions), or 4) implement a combination of all the above.

PAGE 7 OF 17

SUBJECT: Discuss and Provide Input for Potential Revenue Measure

DATE: January 12, 2026

For FY 2025-26, the Town already included revenue increases, such as higher revenue from agreements such as the Town's contract for police services with Monte Sereno and increases to fees and charges. On the expenditure reduction side, the Town executive staff implemented some internal expenditure reductions, which included the elimination of annual funding for future capital projects. When both were combined, the Town still approved a deficit spending budget but with a smaller use of reserve fund balance than projections would have necessitated.

On the Capital Improvement side, the Town implemented a tiered schedule for its five-year capital improvement program and reduced the projects programmed. The scheduled included three tiers to classify capital projects which included

- Tier 1 – projects scheduled in a specific year with allocated funding and staff capacity to perform,
- Tier 2 – projects to be considered next when funding and staff capacity is available, and
- Tier 3 – all other projects that are neither scheduled nor considered in the five-year schedule.

In the case of the Town's efforts to reduce the structural deficit, the Town did not consider reducing service levels for the base services nor does any of the efforts address the multi-million dollars of discussed in the *Additional Capital and Operational Needs* section above or identified through the Town's 2025 community survey.

Town's Primary Ongoing Revenue Sources are Property Tax and Sales Tax Based

The Town's updated Five-Year Forecast demonstrates that the General Fund remains heavily dependent on property-related revenues, with FY 2026-27 projected property tax and Vehicle License Fee backfill totaling approximately \$27.9 million, compared to roughly \$8.4 million in combined sales and use tax and Measure G district tax, confirming that property tax is the Town's single largest revenue source and sales tax is the next largest.

In that same forecast year, other major categories such as transient occupancy tax (about \$2.4 million), business license tax (about \$2.6 million), licenses and permits (about \$6.3 million), and charges for Town services (about \$5.0 million) play important but secondary roles, underscoring that the Town's ability to sustain core services and address long-term obligations will continue to hinge on the performance of these top two revenue streams.

Given the scale and breadth of identified capital, wildfire, and facility needs relative to projected revenues, it is fiscally responsible for the Council to consider options, including a potential Town sales tax measure, a parcel tax, bond measure and more targeted tools such as

PAGE 8 OF 17

SUBJECT: Discuss and Provide Input for Potential Revenue Measure

DATE: January 12, 2026

assessment districts or Landscaping and Lighting Districts. Considering these options do not require the Town to pursue a measure in 2026, but it provides the Town with approaches to addressing the projected structural gap for existing activity as well as for the significant additional capital and operational needs in addition to the approaches of reducing expenditures by service level reductions or program elimination.

Revenue Measures Require Multiple Steps and Time to Implement with Potential Voter Approval

If the Council wishes to preserve the option of placing any local revenue measure on the November 3, 2026 Santa Clara County consolidated general election ballot, the Town will need to work backwards from the County Registrar of Voters' statutory "E-88" deadline (approximately 88 days before Election Day, in early August 2026) when the Town must adopt its election resolutions and submit the final ballot question, ordinance reference, and impartial analysis request for any measure. Leading up to that date, staff and the Council would need to

- (1) conduct preliminary study and public outreach in early 2026;
- (2) finalize the proposed revenue mechanism and ballot framework in spring/early summer 2026; and
- (3) complete all required external reviews, including submittal of a transactions and use tax ordinance for California Department of Tax and Fee Administration review in the case of a sales tax, coordination with the County for roll and administration details in the case of a parcel tax, and preparation of an engineer's report and benefit methodology for any assessment district or Landscaping and Lighting District.

Because each of these steps involves iterative legal, technical, and interagency review, the combined calendar between now and the E-88 submittal date leaves very limited schedule flexibility, meaning that any path to a November 2026 measure, whether sales tax, parcel tax, or an assessment-based option, would need to be pursued on a tight and carefully managed timeline.

Additional Consideration for Preserving the Ability to Pursue a Meaningful Sales Tax Measure

While any revenue measure will require additional review, staff work, and implementation steps, the State's 2 percent limit on transaction and use tax (sales tax) increases introduces another critical path which can delay or eliminate the Town's ability to meaningfully consider one of two major revenue options. To overcome this limitation similar to other cities such as

PAGE 9 OF 17

SUBJECT: Discuss and Provide Input for Potential Revenue Measure

DATE: January 12, 2026

Campbell, Pinole and cities in Solano County did in 2024, the Town would have to seek authority to pursue state legislative change. This additional step requires immediate consideration in order to preserve the Town's ability to consider this option.

Existing Local Sales Tax Authority

The Town of Los Gatos currently receives revenue from the statewide base sales and use tax rate of 7.25 percent, plus voter-approved district taxes (also called transactions and use taxes) applicable in Santa Clara County, including the Town's own one-eighth cent (0.125 percent) local transactions and use tax dedicated to Town purposes. California's Transactions and Use Tax Law imposes a statutory cap that generally limits the combined tax rate of all local transactions and use taxes in a jurisdiction to 2 percent. Once the 2 percent ceiling has been reached in a jurisdiction, neither the county nor a city or special district can impose an additional transactions and use tax in that jurisdiction without first obtaining special enabling legislation from the State Legislature.

Current Sales Tax Rate in Los Gatos

According to the California Department of Tax and Fee Administration (CDTFA), the current combined sales and use tax rate in the Town of Los Gatos is 9.25 percent. This rate reflects the statewide 7.25 percent base rate plus 2.00 percent in countywide and local district taxes, including the Town's 0.125 percent transactions and use tax. Although Santa Clara County voters approved Measure A in November 2025 to add a five-eighths cent (0.625 percent) countywide sales tax, that increase will not take effect until April 1, 2026, so the operative rate in Los Gatos remains 9.25 percent at this time. It appears that the Town could still seek a one-eights cent tax without special legislation to match Milpitas or San Jose, but at this time, we have not sought a legal opinion on that question since if a transaction and use tax is sought, the amount needed would exceed the cap and require special legislation similar to Campbell.

Statewide Cap on District Transactions and Use Taxes

Revenue and Taxation Code section 7251.1 establishes a 2 percent combined rate limitation for transactions and use taxes imposed under the Transactions and Use Tax Law in any county. In determining whether this 2 percent cap has been reached in a county, the California Department of Tax and Fee Administration aggregates all district taxes in effect within that county, including those imposed by the county and by cities. In Santa Clara County, the existing package of countywide and citywide district taxes, including the Town's 0.125 percent tax, is already counted toward that 2 percent limit, which constrains the Town's ability to add further

PAGE 10 OF 17

SUBJECT: Discuss and Provide Input for Potential Revenue Measure

DATE: January 12, 2026

transactions and use taxes under general law. A 1/8th cent sales tax would generate approximately \$1.3 million, while a ½ cent would generate an estimated \$5.2 million.

Need for Special Authorizing Legislation

Because of this statutory cap, any proposal for the Town to place a meaningful transactions and use tax (more than 1/8 percent) on the ballot would require specific legislative authorization that either (a) allows Los Gatos to levy an additional tax above the 2 percent combined limit, or (b) excludes the Town's new tax from counting against that limit. Absent such authorizing legislation, a Town-sponsored half-cent measure could be challenged as inconsistent with the existing cap, exposing the Town to legal and administrative risk and creating uncertainty for voters and bond or financing markets. Seeking a narrowly tailored or amended bill in the State Legislature would provide the Town with clear legal authority to ask Los Gatos voters to consider a higher local sales tax rate while maintaining consistency with the statewide Transactions and Use Tax Law.

Example of Recent Special Legislation (AB 3259)

Assembly Bill 3259 (Wilson, Chapter 852, Statutes of 2024) provides a recent example of the type of special legislation that can authorize local agencies to exceed the 2 percent cap. AB 3259 added specific chapters to the Revenue and Taxation Code allowing the City of Campbell, the City of Pinole, the County of Solano, and any city within Solano County, by ordinance or by citizens' initiative, to impose a transactions and use tax of up to 0.5 percent that, when combined with existing district taxes, would otherwise exceed the 2 percent countywide limitation. The statute further provides that a tax imposed under this authority "shall not be considered for purposes of the combined rate limitation" in section 7251.1, and includes a sunset date, January 1, 2029, if a local ordinance or initiative has not been approved by voters by that time.

Rationale for Pursuing Similar Authority for Los Gatos

With the Town's current rate at 9.25 percent and Santa Clara County already almost counted at the full 2.00 percent in district taxes for purposes of the statutory cap, Los Gatos appears to have a 1/8th cent capacity under general law to add further Town-level transactions and use taxes without special legislation. Once the countywide Measure A increase of 0.625 percent becomes operative on April 1, 2026, the combined rate in Los Gatos will rise further. However, section 7292.5 authorized the County to impose a transactions and use tax of up to 0.625% that would not count against the 2% cap. Thus, the Town still retains some capacity, but any new Town-level tax increment above the 1/8th cents would need to be expressly authorized in

statute so that it either (a) is permitted to exceed the cap or (b) is excluded from the cap calculation, as was done for Campbell in AB 3259 and for other jurisdictions in similar special bills.

Pursuing a narrowly tailored or amended bill for Los Gatos would therefore provide the legal mechanism necessary to place a half-cent measure before voters notwithstanding the countywide cap, mirroring the approach taken in AB 3259 and comparable statutes that recognize unique fiscal circumstances while preserving the requirement that any new tax be approved by the electorate. Engaging a qualified legislative and public finance consultant at this time will allow the Town to: (1) confirm and monitor the status of the countywide rate relative to the 2 percent cap, including the implementation of Measure A; (2) develop bill language modeled on successful prior measures such as AB 3259; and (3) coordinate with legislative offices, regional partners, and CDTFA to ensure that any proposed Town measure is legally valid and administratively feasible.

Discussion of Various Revenue Options for a General Law City

The Town has several lawful options to generate additional local revenues, each with distinct voter-approval thresholds, purposes, and policy trade-offs. Broadly, these tools include a local transactions and use (sales) tax, parcel tax, utility users tax, general obligation bonds supported by a property tax override, and a variety of assessment and district-based mechanisms that fund special-benefit improvements or services. While there are other options, this report limits the options to those that are implemented more broadly in cities.

Strategic Considerations for Measure Selection

The Town's identified funding needs fall into three broad categories: ongoing operating support, capital improvements (streets, parks, facilities), and emergency preparedness (wildfire mitigation). The revenue tools available have different strengths:

- For structural operating support: A local transactions and use (sales) tax (majority-vote general tax) is best suited, providing flexible general-fund revenue that can address the operating deficit and fund ongoing services across multiple departments without legal restrictions. A sales tax also captures non-resident spending, distributing the burden beyond property owners alone. Statewide data shows majority-vote sales tax measures have achieved passage rates of 75–85% over the past five years, compared to ~35–67% for two-thirds special taxes and bonds.
- For capital improvements alongside operating support: The Town may consider pairing a sales tax measure (operating) with a separate General Obligation bond (capital). This

approach is common in California and allows voters to evaluate each tool's appropriate use.

- For narrowly targeted improvements: Assessment districts (e.g., Landscaping and Lighting districts) or Community Facilities Districts may complement broader measures by funding specific neighborhood or development-area improvements, but they cannot address Town-wide structural gaps.

Given the magnitude of the identified projected operating deficit, funding needs for the Town's top strategic priority of emergency preparedness with focus on wildfire, and the urgency of addressing significant deferred maintenance and infrastructure needs without identified revenue to support these needs, staff recommends that Council consider giving direction on whether to consider proceeding with work towards a November 2026 revenue measure, preserve the Town's ability to benefit from a broad, general transactions and use tax measure through a legislative exemption, and provide feedback on next steps for Town staff.

The Towns' current three financial analyses will help with further information about the Town and may change how the Council evaluates options. However, absent additional, sustained revenue to address the significant financial needs and projected deficits, Town staff are obligated to consider the Town Council's top strategic priority for ensuring prudent financial management which includes balancing the budget and funding necessary capital improvements. As such, the Town must work towards a plan to address the scope of services, cost footprint, and statutory obligations requiring funding within the context of a structurally balanced budget. In this scenario, all options are on the table to bring the Town into sustained balance.

Constitutional Framework

California's constitutional structure—principally Propositions 13, 218, and 26—governs how local revenues are classified, the procedures for their adoption, and the applicable voter thresholds.

- Proposition 13 limits ad valorem property taxes on real property to 1 percent of assessed value and authorizes cities, counties, and special districts to impose "special taxes" (including parcel-based special taxes) with two-thirds voter approval.
- Proposition 218 requires voter approval for all local taxes, distinguishes general from special taxes, and sets procedural and substantive requirements for assessments and property-related fees and charges.

- Proposition 26 broadly defines “tax” and narrows the range of regulatory fees and other charges that may be imposed without voter approval.

Under Article XIII C, a general tax (proceeds deposited into the general fund and usable for any governmental purpose) requires majority voter approval at a regularly scheduled general municipal election at which Council Members are elected, while a special tax (proceeds legally restricted to specific purposes) requires two-thirds voter approval.

Local Transactions and Use (Sales) Tax

A local transactions and use tax (district sales tax, commonly referred to as a local sales tax) is a voter-approved tax on taxable retail sales within a city, imposed in 0.125 percent increments and administered by the California Department of Tax and Fee Administration (CDTFA). These taxes are authorized by the Transactions and Use Tax Law, and the combined local rate in any jurisdiction is generally limited to 2 percent unless specific legislation allows an exception.

- Structure and use: A general transactions and use tax is a majority-vote measure with proceeds deposited into the Town’s general fund and allocable through the annual budget, while a special transactions and use tax is a two-thirds-vote measure legally dedicated to specified purposes such as public safety, streets, or wildfire mitigation.
- Administration: After local voter approval, the Town would adopt an ordinance, contract with CDTFA for administration and collection, and receive distributions as general-fund revenue.

For the Town, staff estimate that an additional 0.125 percent ($\frac{1}{8}$ -cent) Town sales tax could generate approximately \$1.3 million annually, while an additional 0.50 percent ($\frac{1}{2}$ -cent) could generate roughly \$5.2 million annually, making a half-cent measure a potentially meaningful tool to address the identified operating and capital funding gap. A local sales tax also captures contributions from non-residents who shop and dine in the Town, thereby reducing the exclusive burden on property owners.

Statewide experience over the past several election cycles indicates that majority-vote general sales tax measures have achieved passage rates in the range of roughly 75 to 85 percent, significantly higher than most two-thirds-vote special taxes or bond measures.

Parcel Taxes (Non-Ad Valorem Property Taxes)

A parcel tax is a non-value-based special tax imposed on parcels of real property, typically as a flat amount per parcel or based on specified parcel characteristics and is collected on the

property tax bill. Parcel taxes are widely used by cities, school districts, and special districts to fund services such as public safety, parks, libraries, or infrastructure maintenance.

- Legal structure: Under Proposition 13 and Proposition 218, parcel taxes are treated as special taxes and must be approved by at least two-thirds of the voters; they may not be based on assessed value and must avoid functioning as ad valorem property taxes.
- Implementation and equity considerations: The Town Council would define the taxable unit (e.g., per parcel or per dwelling unit), rate, duration, exemptions (such as low-income seniors), use of proceeds, and accountability provisions, with the tax then collected on the county tax roll. Because they fall solely on property owners and are often flat per parcel, parcel taxes can raise equity concerns and are generally less flexible than a general sales tax.

For the Town, a parcel tax of approximately \$100 per parcel per year is estimated to generate approximately \$1.1 million annually, with the exact amount dependent on the final tax structure, parcel counts, and exemptions.

Utility Users Tax (UUT) and Other General Taxes

A utility users tax (UUT) is a tax on the consumption of utility services, such as electricity, gas, telecommunications, and in some jurisdictions cable or refuse, by users within the Town.

General law cities may also consider implementing or increasing other general taxes, including transient occupancy tax (TOT) and business license taxes, to support core services.

- Legal authority and use: Most UUTs are structured as general taxes requiring majority voter approval, though some jurisdictions have adopted UUTs as special taxes subject to a two-thirds threshold. A UUT is typically imposed by ordinance, collected by utility providers on customer bills, and remitted to the city as ongoing general-fund revenue.
- Prevalence and considerations: Approximately 150–160 California cities and several counties levy a UUT, generating on the order of \$1.8–\$2.0 billion annually statewide. UUT revenues can be significant and relatively stable, but policy concerns include the impact on ratepayers and changes in consumption approaches can make this revenue option burdensome to current ratepayers.

Other general taxes, such as TOT or adjustments to existing business license taxes, may provide targeted revenue opportunities but are likely to generate less annual revenue than a Town-level revenue measure, depending on local economic conditions.

General Obligation (GO) Bonds with Property Tax Override

General obligation bonds are voter-authorized debt instruments secured by an additional ad valorem property tax rate levied above the 1 percent Proposition 13 cap, used to finance major capital improvements rather than ongoing operating costs.

- Legal and financial structure: With two-thirds voter approval, a general law city may issue GO bonds and levy a dedicated property tax sufficient to pay annual principal and interest, with the additional levy excluded from the 1 percent cap. Bond proceeds must be used for the specific capital purposes described in the ballot measure, such as facilities, infrastructure, or other long-lived assets, and cannot be used for general operations or routine maintenance.
- Use and taxpayer communication: GO bonds are commonly used to construct or rehabilitate city halls, police and fire facilities, libraries, parks, and similar infrastructure, with voter information typically presented as a total authorization (e.g., \$50 million) and an estimated annual tax rate per \$100,000 of assessed value.

For the Town, illustrative modeling indicates that each \$10 million in GO bond authorization equates to an estimated additional property tax rate on the order of tens of dollars per \$100,000 of assessed value (as an example, roughly \$25 per \$100,000 for a \$10 million authorization), with higher authorizations scaling proportionally. GO bonds can therefore be an important tool for facility and infrastructure needs but are not a substitute for a flexible revenue source to address structural operating gaps.

Assessments, Landscaping and Lighting, and Special District Options

Special assessments and district-based financing mechanisms provide additional tools to fund improvements and services that confer “special benefits” on particular properties, but they are not general taxes and cannot support broad general-fund stabilization.

- Special assessments and benefit districts: Under Proposition 218, assessments must be proportionate to the special benefit received by each parcel, require mailed notice and a property-owner balloting process, and are typically used for localized improvements such as streetscapes, storm drainage, business districts, and neighborhood amenities.
- Landscaping and Lighting Act of 1972 districts and similar mechanisms: Landscaping and Lighting Act districts, street lighting districts, and related tools are used to finance landscaping, lighting, and related improvements and services within defined boundaries, subject to Proposition 218’s special-benefit and property-owner approval requirements.

PAGE 16 OF 17

SUBJECT: Discuss and Provide Input for Potential Revenue Measure

DATE: January 12, 2026

Other district mechanisms, such as Mello-Roos Community Facilities Districts (CFDs), can finance infrastructure and specified services within a defined area through a special tax that typically requires two-thirds approval by the affected electors. Because these tools are geographically limited and legally tied to specific facilities or services, they are best viewed as targeted supplements for particular projects or new development areas, rather than primary tools to resolve Town-wide operating imbalances.

Recent Performance of Local Revenue Measures (Past Five Years)

Experience across California over the past five years provides important context for evaluating revenue options. Election data from November 2020 through November 2024¹ show that majority-vote general sales tax measures have enjoyed consistently high passage rates, while two-thirds measures, including parcel taxes and GO bonds, have struggled to reach the required supermajority.

- Across four election cycles, approximately 217 general sales tax measures were proposed statewide, of which about 181 were approved, for an aggregate passage rate of roughly 84 percent and annual success rates ranging from 76 to 89 percent.
- In the same period, parcel taxes and city/county special taxes and bonds requiring two-thirds approval achieved passage rates in the approximate range of 35 to 67 percent, depending on measure type and election.

Research and practitioner experience identify several factors associated with successful general sales tax measures:

- Clear articulation of community needs and specific service or project priorities.
- Strong accountability and transparency provisions, such as independent citizens' oversight, annual audits, and regular reporting.
- Emphasis on public safety, emergency response, and risk reduction, which consistently resonate with voters.
- Tangible, visible improvements (e.g., streets, parks, facilities) that demonstrate the return on investment.

These statewide results do not guarantee success for any individual measure, but they do indicate that a well-designed, majority-vote general sales tax has historically offered significantly higher probability of passage than revenue measures requiring a two-thirds voter

¹ Data compiled by Michael Coleman through his website www.californiacityfinance.com

SUBJECT: Discuss and Provide Input for Potential Revenue Measure

DATE: January 12, 2026

threshold. Conversely, parcel taxes, GO bonds, and other two-thirds measures may be better deployed in later phases or for specific capital projects, once a general revenue foundation is in place and community support is well established.

CONCLUSION

The Town is not yet in a fiscal emergency, but current trends, including projected operating deficits, rising personnel costs, and significant unfunded capital and wildfire needs, show that the existing revenue structure will not sustain desired service levels over time. Acting now allows the Council to preserve options, rather than waiting until a structural crisis forces abrupt cuts or rushed measures.

Authorizing pursuit of special sales tax legislation and engaging professional consultants, along with allocating \$80,000 for this work, does not commit the Town to placing a measure on the November 2026 ballot. It simply ensures that, if the Council chooses to proceed, the legal foundation, technical analysis, and community engagement necessary for a well-designed, voter-ready option will be in place.

ENVIRONMENTAL REVIEW

The recommendations in this report are administrative and procedural in nature. They do not involve any discretionary approval of a project, land-use decision, or specific physical activity that would trigger California Environmental Quality Act (CEQA) review.

The recommendations do not commit the Town to placing any revenue measure on the ballot or to implementing any specific project. Those future decisions (should the Council elect to pursue a measure and should voters approve it) will be separate Council actions and may require individual CEQA analysis at the time the specific project or program is proposed. Accordingly, CEQA does not apply to the recommendations in this report.

Below is the list of variances/or no changes in the Revenue and Expenditure estimates (12-29-2025).

Item 7.

Revenues:

Row 1 and Row 2 Column A – Property Tax and VLF Property Tax Backfill - Projected Variance - (\$0.9) million decrease

Based on SCCAO November 12, 2025 and HdL Coren and Cane 12-19-2025 Preliminary Property Tax Update the 2026-27 Property Tax estimates are projected lower. This is a preliminary estimate, staff will further discuss and fine tune the property tax estimates with HdL Coren and Cane before the mid-year analysis. Row 3 and Row 4

Column A – Sales Tax and Measure G District Sales Tax - Projected Variance \$0.3 million increase

As of October 10, 2025, Muniservices, the Town's Sales Tax consultant, provided an updated Sales Tax revenue projection indicating an increase of approximately \$300,000. This revised estimate reflects stronger-than-anticipated local economic activity.

The Town is in the process of signing a Sales Tax Forecasting agreement with HdL. HdL will provide an updated look for the Sales Tax forecast.

Row 5 - Column A – Franchise Fees – No Projected Variance

No Projected Change.

Row 6 - Column A – Transient Occupancy Tax (TOT) – Projected Variance (\$0.4) million decrease

The Finance Department has received the closing notification from one of the hotels. Staff is recommending decreasing the TOT base by \$0.4 million.

Row 7 - Column A – Business License Tax – Projected Variance \$0.1 million increase

Based on the most recent estimates, the FY 2026-27 Business License Tax is anticipated to increase by \$0.1 million.

Row 8 - Column A – Licenses and Permits – Projected Variance (\$0.2) million decrease

Based on the most recent estimates, the FY 2026-27 License and Permits is anticipated to decrease by \$0.2 million.

Row 9 - Column A – Intergovernmental - No Projected Variance

Row 10 - Column A – Town Services - Projected Variance - \$0.3 million increase

Based on Development activities, it is anticipated that the pass-through revenues will increase by \$0.3 million. The corresponding pass-through expenditures are expected to grow by the same amount.

Row 11 - Column A – Fines and Forfeitures - No Projected Variance

Row 12 - Column A – Interest - \$0.1 million increase

Based on updated interest rate estimates as of October 21, 2025, staff have conducted a comprehensive evaluation of the current interest rate environment in relation to the Town's existing investment portfolio. The interest rate assumptions have been updated accordingly to reflect current market conditions. As the market environment continues to evolve, projected interest rates will fluctuate. Staff are actively monitoring the investment rate environment and will continue to update interest rate assumptions on a periodic basis

Row 13 - Column A – Other Sources - No Projected Variance

Row 14 - Column A – Fund Transfers In - No Projected Variance

Expenditures:

Row 17 - Column A – Salaries - No Projected Variance

Row 18 - Column A – Overtime - No Projected Variance

Row 19 - Column A – CalPERS Benefits - Projected Variance (\$0.1) million decreases

Row 20 - Column A – All Other Benefits - Projected Variance (\$0.4) million decreases

Row 21 - Column A – 4.6 % Salaries and Benefit Savings - No Projected Variance

Based on the 10/7/2025 Actual Salary Steps, Pension Benefits, and Medical Insurance selection, the projected Salaries and Benefits are \$0.5 million less.

Row 22 - Column A – OPEB Pay as You Go - No Projected Variance

No Projected Change.

Row 23 - Column A – Operating Expenditure - Projected Variance \$0.3 million increase

Operating expenditure expected to increase by \$0.3 million based on estimated pass-through activities.

Row 24 - Column A – Grants and Awards - No Projected Variance

No Projected Change.

Row 25 - Column A – Utilities - Projected Variance \$0.2 million increase

Operating expenditure expected to increase by \$0.2 million based on FY 2024-25 actual utilities expenditures.

Row 26 - Column A – Internal Service Charges - No Projected Variance

Row 27 - Column A – Debt Services - No Projected Variance

Below is the list of variances/or no changes in the Revenue and Expenditure estimates.

Revenues:

Row 1 and Row 2 Column A – Property Tax and VLF Property Tax Backfill - No Projected Variance

As of the September 12, 2025 estimate from the Santa Clara County Assessor's Office (SCCAO), projected revenues are \$27,739 lower than the FY 2025–26 Adopted Budget. This is a small variance; the Finance staff does not recommend any adjustment to the FY 2026–27 Property Tax forecast at this time.

The next update from the SCCAO is scheduled for November 12, 2025, and the HdL Coren & Cone Property Tax Update is expected in January 2026.

Row 3 and Row 4 Column A – Sales Tax and Measure G District Sales Tax - Projected Variance \$0.3 million increase

As of October 10, 2025, Muniservices, the Town's Sales Tax consultant, provided an updated Sales Tax revenue projection indicating an increase of approximately \$300,000. This revised estimate reflects stronger-than-anticipated local economic activity.

The Town is in the process of signing a Sales Tax Forecasting agreement with HdL. HdL will provide an updated look for the Sales Tax forecast.

Row 5 - Column A – Franchise Fees – No Projected Variance

No Projected Change.

Row 6 - Column A – Transient Occupancy Tax (TOT) – Projected Variance (\$0.4) million decrease

The Finance Department has received the closing notification from one of the hotels. Staff is recommending decreasing the TOT base by \$0.4 million.

Row 7 - Column A – Business License Tax – Projected Variance \$0.1 million increase

Based on the most recent estimates, the FY 2026-27 Business License Tax is anticipated to increase by \$0.1 million.

Row 8 - Column A – Licenses and Permits – Projected Variance (\$0.2) million decrease

Based on the most recent estimates, the FY 2026-27 License and Permits is anticipated to decrease by \$0.2 million.

Row 9 - Column A – Intergovernmental - No Projected Variance

Row 10 - Column A – Town Services - Projected Variance - \$0.3 million increase

Based on Development activities, it is anticipated that the pass-through revenues will increase by \$0.3 million. The corresponding pass-through expenditures are expected to grow by the same amount.

Row 11 - Column A – Fines and Forfeitures - No Projected Variance

Row 12 - Column A – Interest - \$0.1 million increase

Based on updated interest rate estimates as of October 21, 2025, staff have conducted a comprehensive evaluation of the current interest rate environment in relation to the Town's existing investment portfolio. The interest rate assumptions have been updated accordingly to reflect current market conditions. As the market environment continues to evolve, projected interest rates will fluctuate. Staff are actively monitoring the investment rate environment and will continue to update interest rate assumptions on a periodic basis

Row 13 - Column A – Other Sources - No Projected Variance**Row 14 - Column A – Fund Transfers In - No Projected Variance****Expenditures:****Row 17 - Column A – Salaries - No Projected Variance****Row 18 - Column A – Overtime - No Projected Variance****Row 19 - Column A – CalPERS Benefits - Projected Variance (\$0.1) million decreases****Row 20 - Column A – All Other Benefits - Projected Variance (\$0.4) million decreases****Row 21 - Column A – 4.6 % Salaries and Benefit Savings - No Projected Variance**

Based on the 10/7/2025 Actual Salary Steps, Pension Benefits, and Medical Insurance selection, the projected Salaries and Benefits are \$0.5 million less.

Row 22 - Column A – OPEB Pay as You Go - No Projected Variance

No Projected Change.

Row 23 - Column A – Operating Expenditure - Projected Variance \$0.3 million increase

Operating expenditure expected to increase by \$0.3 million based on estimated pass-through activities.

Row 24 - Column A – Grants and Awards - No Projected Variance

No Projected Change.

Row 25 - Column A – Utilities - Projected Variance \$0.2 million increase

Operating expenditure expected to increase by \$0.2 million based on FY 2024-25 actual utilities expenditures.

Row 26 - Column A – Internal Service Charges - No Projected Variance**Row 27 - Column A – Debt Services - No Projected Variance**

Beginning in FY 2020-21, the Town is budgeting salaries at the actual salary plus a one-step increase. 68% of the workforce is already at top step or one step below top step. In the Five-Year Forecast, positions are forecasted at the actual rate of pay including salaries and benefits as of March 1, 2025 and rate is increasing in the actual anniversary date. The FY 2025-26 Budget and the FY 2026-27 – FY 30-31 Forecast includes 4.6% vacancy savings.

*Salary increases are based on actual step increases and approved Memoranda of Understanding with the bargaining units

**Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHCA).

***Based on historical trends.

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Forecasted rates for FY 2055-26 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2022-23 CalPERS 5.8% investment return and forecasted payroll.

Item 7.

FY 2025-26 BUDGET/FORECAST COMPARISON AS IT PUBLISHED ON 4/22/2024 COMPARED AS IT PUBLISHED ON 4/21/2025

This rest of this document includes forecasts for FY 2025-26, starting with the FY 2020-21 Proposed Budget forecast when FY 2025-26 was first forecasted. The forecast is updated periodically as the base, economy, and other factors evolve. The table on page X shows the variance between the FY 2025-26 Forecast (published on 4/22/2024) and the FY 2025-26 Proposed Budget (published on 4/21/2025). The assumptions for the FY 2025-26 Forecast (published on 4/22/2024) and the FY 2025-26 Proposed (published on 4/21/2025) can be located on pages B and Y of this document, as well as in the Adopted FY 2024-25 and Proposed FY 2025-26 budgets.

Below is the list of significant variances in Revenue and Expenditure estimates:

Row 8 – Column E - Licenses and Permits: \$2.4 million variance.

*The \$2.4 million Waste hauler Encroachment fee was categorized under Town Services in the **Column C Forecast**. Staff recategorized the estimated proceeds under Licenses and Permits in the **Column D Forecast**.*

Row 10 – Column E – Town Services: (\$1.1) million variance.

Considering the recategorization above, the Town Services increased by \$1.3 million. The increase includes \$647,000 development-related pass-through activities, \$255,000 increase for the Monte Sereno Police Services Contract, \$318,000 increased engineering services revenue, \$46,000 increases for School Resource Officer support from the School Districts.

Row 13 – Column E – Other Sources: \$0.7 million variance.

*Since all Measure G Revenue is programmed to provide for public safety services, the pass-through tracking revenue is characterized as other revenue. In the **Column C Forecast**, only half of the Measure G revenue (\$0.6 million) was characterized as **Other sources**, and the entire proceeds are characterized as **Other sources** in the **Column D Forecast**.*

Row 18 – Column E – Salaries: \$1.6 million variance.

***Column C Forecast** assumes 2% salary increases for TEA, AFSCME, Confidential, Management, and Temporary employees. The actual increase, as estimated in **Column D Forecast** for TEA, ASCME, Confidential, Management, and Temporary employees, was 5% in FY 2024-25, 3% in FY 2025-26, and 4% in FY 2024-25 and FY 2025-26 for AFSCME. In addition, there were equity adjustments for certain job classes that were not included in the **Column C Forecast**.*

Row 20 – Column E – CalPERS Benefits: \$0.8 million variance.

*CalPERS rates are based on actual payroll, so increased salaries will cause increased CalPERS contributions. In addition, while the Miscellaneous Group rates remained relatively flat, growing from 29.6% (**Column C Forecast**) to 30.02% (**Column D Forecast**), the Classic Safety Group required contribution changed from 98.74% (**Column C Forecast**) to 109.09% (**Column D Forecast**), and the Classic Safety Management Group estimated contribution changed 101.74% (**Column C Forecast**) to 112.09% (**Column D Forecast**)*

Row 24 – Column E – Operating Expenditures: \$2.03 million variance.

Item 7.

Operating expenditures experience inflationary factors as well. The prior year assumed a 3% increases; however, certain services and product prices increased by more than 3%. The variance is added up from many different items:

- *This item shows half of the Measure G Expenditure under Row 31 – Column C in the **Column C Forecast**, while it is included in the Operating Expenditures in **Column D Forecast**. Measure G Fund is a subfund in General Fund, and all proceeds are expended in a given year and part of the operating expenditures.*
- *The following increases listed as an example in this category that contribute to the difference between the two forecast: \$647,000 development related pass through activities, \$215,000 in legal services, \$190,000 special studies, \$150,000 temporary employee services, 127,000 in engineering services; \$70,000 miscellaneous services and repairs, \$54,000 in street closures, \$53,000 street sweeping services, \$50,000 in tree trimming services, \$37,000 townwide meetings and events, 30,000 in auto parts, \$27,000 software licenses,*

Beginning in FY 2020-21, the Town is budgeting salaries at the actual salary plus a one-step increase. 68% of the workforce is already at top step or one step below top step. In the Five-Year Forecast, positions are forecasted at the actual rate of pay including salaries and benefits as of March 1, 2025 and rate is increasing in the actual anniversary date. The FY 2025-26 Budget and the FY 2026-27 – FY 30-31 Forecast includes 4.6% vacancy savings.

*Salary increases are based on actual step increases and approved Memoranda of Understanding with the bargaining units

**Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHCA).

***Based on historical trends.

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Forecasted rates for FY 2055-26 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2022-23 CalPERS 5.8% investment return and forecasted payroll.

DRAFT

EXPENDITURE BASELINE AND PROJECTION FACTORS (FY 2024-25 MID-YEAR REPORT AND FORECAST –
PUBLISHED 2/7/2025)

Item 7.

Beginning in FY 2020-21, the Town started budgeting salaries at the actual salary plus a one-step increase. In the Five-Year Forecast, positions are forecasted at the actual rate of pay including salaries and benefits as of December 31, 2024.

Beginning FY 2023-24 the total salaries and benefits budget includes 4.6% vacancy factor.

**Benefit-increase-estimates-are-provided-by-CalPERS/Public-Employees'-Medical-and-Hospital-Care-Act-(PEMHCA)¶

***Based-on-historical-trends. ¶

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Rates shown for FY 2024-25 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2025-26 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2022-23 CalPERS 6.1% investment return and forecasted payroll.

Item 7.

Beginning in FY 2021-22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020-21.

¶ Beginning in FY 2020/21, the Town is budgeting salaries at the actual salary plus a one-step increase. 71% of the workforce is already at top step or one step below top step. In the Five-Year Forecast, positions are forecasted at the actual rate of pay including salaries and benefits as of April 1, 2024 and rate is increasing in the actual anniversary date. The FY 2024/25 Budget and the FY 2025/26—FY 29/30 Forecast includes 4.6% salary savings. ¶

¶

*Salary increases are based on actual step increases and approved Memoranda of Understanding with the bargaining units. 6.5% is effective from 4/1/2024. ¶

**Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHC). ¶

***Based on historical trends. ¶

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Forecasted rates for FY 2024/25 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2022/23 CalPERS 6.1% investment return and forecasted payroll.¶

¶

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020/21.¶

¶

¶

Per Measure A, the Finance Commission received the Proposed FY 2023/24 Operating and Capital Budgets 21 business days before May 16, 2023, which was the first meeting at which the Proposed Budgets were considered by the Town Council. The Finance Commission held three public meetings at which Commissioners discussed the Proposed Budgets and provided recommendations to the Town Council per Measures A and G. On May 16, 2023, the Town Council conducted a public hearing to discuss the proposed FY 2023/24 Operating and Capital Summary Budget and Proposed FY 2023/24 – 2027/28 Capital Improvement Program. The Town Council considered public testimony, discussed both documents, considered the Finance Commission recommendations, and directed staff to bring back the documents for final approval incorporating the Council recommendations.

The Town Council adopted a balanced budget on June 6, 2023. The Adopted Budget includes a 4.6% vacancy factor, while Council directed that staff continue to hire for all vacant positions. The 4.6% salary savings represents approximately \$1.7 million projected saving that eliminates a need for Other Post Employment Benefits (OPEB) Trust withdrawal. The Adopted Budget fully recognizes the Educational Revenue Augmentation Fund (ERAF) proceeds for FY 2023/24. The Council programmed 70% of the estimated revenue and reserved 30% as the “at risk” amount until the lawsuit between the State and the School Districts is resolved.

The following table represent the changes from the proposed budget to the adopted budget.

	2023/24 Proposed Budget	Estimated Budget Revision	2023/24 Recommended Budget
REVENUES			
General Fund	\$54,130,896	\$ (914,326) (1)	\$ 53,216,570

(1) Additional General Fund Revenues

\$1,608,226 Decreases OPEB Trust Reimbursement for Retiree Medical

\$660,900 Increases Additional ERAF Proceeds to Reserve At Risk

\$33,000 - Increase ARPA Replacement Pass Through Revenue - Tracking

(2) Designated One-Time Use of the General Fund Reserves during FY 2023/24

\$1,615,000 - Transfer to Capital Projects (GFAR)

\$779,000 - ARPA Revenue Replacement Tracking

(3) General Fund Expenditures

\$1,663,649 - Decrease - 4.6% Salary Saving Factor

\$11,000- Increase Project Based Boards and Commissions Support

\$33,000 - Increase Chamber Agreement

\$33,000 - Increase ARPA Replacement Pass Through Expenditure - Tracking

(4) Special Revenue Fund Expenditures

\$9,794 - Decrease - 4.6% Salary Saving Factor

(5) Capital Project Funds Expenditures

No Change in Total Expenditures, \$35,000 transferred from the Lynn Avenue Pedestrian Path

Design Project (411-832-4510) to Emergency Preparedness Project (411-821-2012)

(6) Successor Agency Funds Expenditures

\$87 - Decrease - 4.6% Salary Saving Factor

(7) Other Funds Source (Use) represents planned one-time uses of Internal Service Funds, Special Revenue

Funds, Trust Funds, and Capital Project Funds primary for infrastructure and equipment

investment.

Numbers may differ between exhibits due to rounding.

While the Adopted Budget document reflects all of the approved changes, the Town Manager Transmittal Letter dated April 17, 2023 represents the proposed FY 2023/24 Operating and Capital Budgets as it was submitted on April 17, 2023. The five-year forecast on the following page has been updated to reflect the adjustments to revenues and expenditures in the FY 2023/24 Adopted Budget.

¶

*Salary increases are based on actual step increases and approved Memoranda of Understanding with the bargaining units plus the Council's assumption of 2% per year cost of living adjustment. ¶

**Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHC)¶

***Based on historical trends. ¶

¶

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Rates shown for FY 2023/24 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2024/25 and subsequent years are based on the most recent CalPERS actuarial valuation. Reports are adjusted by the impact related to the FY 2022/23 CalPERS 6.1% investment return and forecasted payroll.¶

¶

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020/21.¶

*Salary increases are based on actual step increases and approved Memoranda of Understanding with the bargaining units.

**Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHCA).

***Based on historical trends.

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Rates shown for FY 2023/24 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2024/25 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2021/22 CalPERS negative 7.5% investment return and forecasted payroll.

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020/21.

Estimates were also informed by recent rate estimates developed by the Town's actuary using the most recent actuarial valuation updated with current year projections of covered payrolls by plan type.

Type of Expenditure	FY2023/24 Budget	FY 2024/25 Forecast	FY 2025/26 Forecast	FY 2026/27 Forecast	FY2027/28 Forecast	FY 2028/29 Forecast

*Salary increases are based on actual step increases and approved Memoranda of Understanding with the bargaining units plus the Council's assumption of 2% per year cost of living adjustment.

** Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHCA)

*** Based on historical trends.

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Rates shown for FY 2023/24 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2023/24 and subsequent years are based on the most recent CalPERS actuarial valuation Reports as adjusted by the impact related to the FY 2021/22 CalPERS negative 7.5% investment return and forecasted payroll.

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020/21.

*Salary increases are based on actual step increases and approved Memoranda of Understanding with the bargaining units.

**Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHC).

***Based on historical trends.

The Town's required employer contribution rate estimates were developed using data provided by each plan's most recent CalPERS actuarial valuation. The employer contribution rates reflect percentages of covered payroll. Rates shown for FY 2022/23 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2023/24 and subsequent years are based on the most recent CalPERS actuarial valuation reports and staff assumptions regarding staff's current estimate of returns for FY 2021/22 which are presently expected to be below the 6.8% discount rate.

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8 million additional discretionary payment (ADP) toward the 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million in ADPs toward unfunded 2013 and 2015 amortization bases that were paid off in FY 2020/21. Employer contribution rate projections also include small percentage increases reflecting the anticipation of CalPERS gradually lowering its discount rate over the Five-Year Forecast period in accordance with the CalPERS adopted risk mitigation strategy, and the lowering of the discount rate to the present rate of 6.8% as of 6/30/2022. Estimates were also informed by recent rate estimates developed by the Town's actuary using the most recent actuarial valuation updated with current year projections of covered payrolls by plan type.

Beginning in FY 2020/21, the Town is budgeting salaries at the actual salary plus a one-step increase. 68% of the workforce is already top step or one step below top step. As of mid-April 2021, the Town has nine vacant positions and is actively recruiting eight of these positions. In the Five-Year Forecast, positions are forecasted at the actual rate of pay including salaries and benefits as of April 1, 2021 and rate is increasing in the actual anniversary date.

Debt Service	Debt Service Schedules					

*Salary increases are based on actual step increases and approved Memoranda of Understanding with the bargaining units.

** Benefit increase estimates are provided by CalPERS/Public Employees' Medical and Hospital Care Act (PEMHC)

*** Based on historical trends.

The Town's required employer contribution rate estimates were developed using estimates provided by each pension plan's most recent actuarial valuation received from CalPERS. The employer contribution rates illustrated below reflect percentages of covered payroll. Rates shown for FY 2021/22 are actual rates as prescribed by CalPERS. Forecasted rates for FY 2022/23 and subsequent years are based on the most recent CalPERS actuarial valuation reports and staff assumptions regarding staff's current estimate of returns for FY 2020/21 which are presently expected to exceed the 7% discount rate.

Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reductions associated with the approximate \$4.8M 2016 unfunded amortization base paid off in October 2019 and the total of approximately \$5.8 million (2013 partial and 2015) unfunded amortization bases that were paid off in FY 2020/21. Employer contribution rate projections also include small percentage increases reflecting the anticipation of CalPERS gradually lowering its discount rate over the five-year forecast period in accordance with the CalPERS adopted risk mitigation strategy, lowering its discount rate from the present rate of 7.0% to 6.6% as of the 6/30/27 actuarial valuation. Estimates were also informed by recent rate estimates developed by the Town's actuary using the most recent actuarial valuation updated with current year projections of covered payrolls by plan type.

TOWN OF LOS GATOS
SPECIAL MEETING OF THE TOWN COUNCIL: STUDY
SESSION AGENDA
NOVEMBER 19, 2024
110 EAST MAIN STREET AND VIA TELECONFERENCE
TOWN COUNCIL CHAMBERS
5:45 PM

Mary Badame, Mayor

Matthew Hudes, Vice Mayor

Rob Moore, Council Member

Rob Rennie, Council Member

Maria Ristow, Council Member

IMPORTANT NOTICE

This is a hybrid meeting and will be held in-person at the Town Council Chambers at 110 E. Main Street and virtually through Zoom Webinar (log-in information provided below). Members of the public may provide public comments for agenda items in-person or virtually through the Zoom Webinar by following the instructions listed below. The live stream of the meeting may be viewed on television and/or online at www.LosGatosCA.gov/TownYouTube.

HOW TO PARTICIPATE

The public is welcome to provide oral comments in real-time during the meeting in three ways:

- **Zoom Webinar (Online):** Join from a PC, Mac, iPad, iPhone or Android device. Please click this URL to join: <https://losgatosca-gov.zoom.us/j/85441506294?pwd=TMHBa1ofL5mPW6cJNPdt1rTZvvrMx8.1>
 Passcode: 115486 You can also type in 854 4150 6294 in the "Join a Meeting" page on the Zoom website at [Zoom.us/join](https://zoom.us/join) and use passcode 115486.
 - When the Mayor announces the item for which you wish to speak, click the "raise hand" feature in Zoom. If you are participating by phone on the Zoom app, press *9 on your telephone keypad to raise your hand.
- **Telephone:** Please dial (877) 336-1839 for US Toll-free or (636) 651-0008 for US Toll. (Conference code: 1052180)
 - If you are participating by calling in, press #2 on your telephone keypad to raise your hand.
- **In-Person:** Please complete a "speaker's card" located on the back of the chamber benches and return it to the Town Clerk before the meeting or when the Mayor announces the item for which you wish to speak.

NOTES: (1) Comments will be limited to three (3) minutes or less at the Mayor's discretion.

(2) If you are unable to participate in real-time, you may email to Clerk@losgatosca.gov the subject line "Public Comment Item #__" (insert the item number relevant to your comment). All comments received will become part of the record.

(3) Deadlines to submit written comments are:

- 11:00 a.m. the Thursday before the Council meeting for inclusion in the agenda packet.
- 11:00 a.m. the Monday before the Council meeting for inclusion in an addendum.
- 11:00 a.m. on the day of the Council meeting for inclusion in a desk item.

(4) Persons wishing to make an audio/visual presentation must submit the presentation electronically to Clerk@losgatosca.gov no later than 3:00 p.m. on the day of the Council meeting.

CALL MEETING TO ORDER**ROLL CALL**

APPROVE REMOTE PARTICIPATION (*This item is listed on the agenda in the event there is an emergency circumstance requiring a Council Member to participate remotely under AB 2449 (Government Code 54953)).*

VERBAL COMMUNICATIONS (*Members of the public are welcome to address the Council only on matters listed on the agenda. Each speaker is limited to three minutes or such time as authorized by the Mayor.*)

OTHER BUSINESS (*Up to three minutes may be allotted to each speaker on any of the following items.*)

1. Receive an Introductory Report on the Capital Infrastructure Needs of the Town of Los Gatos.

ADJOURNMENT (*Council policy is to adjourn no later than midnight unless a majority of Council votes for an extension of time.*)

ADA NOTICE In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Clerk's Office at (408) 354- 6834. Notification at least two (2) business days prior to the meeting date will enable the Town to make reasonable arrangements to ensure accessibility to this meeting [28 CFR §35.102-35.104].

TOWN OF LOS GATOS COUNCIL AGENDA REPORT

MEETING DATE: 11/19/2024

ITEM NO: 1

ITE Item 7.

DATE: November 14, 2024
TO: Mayor and Town Council
FROM: Chris Constantin, Town Manager
SUBJECT: Receive an Introductory Report on the Capital Infrastructure Needs of the Town of Los Gatos

RECOMMENDATION:

Receive and provide initial feedback on the preliminary report addressing the capital infrastructure needs of the Town of Los Gatos.

EXECUTIVE SUMMARY:

This report provides an overview of known Los Gatos' current and future capital infrastructure needs, highlighting both funded and unfunded projects critical to maintaining the Town's assets. Key areas of focus include ADA compliance, building assessments, and potential future investments such as police facility consolidation. This session initiates the first of ongoing discussions aimed at developing a long-term strategy to prioritize, fund, and address these needs effectively.

Table 1 is a summary of current projected costs of known capital needs as presented in the report.

The Town has made good strides in assessing Town facilities and identifying part of the scope of the capital needs, capital maintenance, as well as compiling new capital planned or desired. However, there does not appear to exist a coherent, strategic, and robust approach to capital spending. More work is necessary, and staff looking forward to building a coherent and clear strategy for its work. The focus going forward is intended to be thoughtful analysis, refining expectations to match what can actually be done with existing resources, and in a balanced manner, to take care of what we have before what we want.

PREPARED BY: Nicolle Burnham
Parks and Public Works Director

Reviewed by: Town Manager, Assistant Town Manager, Town Attorney, and Finance Director

SUBJECT: Receive a Report on the Capital Infrastructure Needs of the Town of Los Gatos
 DATE: November 14, 2024

Table 1. Summary of Current Known Capital and Maintenance Needs

Items / Need	Current Opinion of Potential Costs (2024\$)
Town Owned Buildings - Maintenance	\$ 20,278,913
Town Owned Buildings – Capital Needs	\$ 1,490,000
Parks ¹	\$ 28,189,000
Storm Drainage	\$ 23,126,500
Streets and Roads	\$ 166,037,000
IT Needs	\$ 310,000

Notes:

1. Cost does not include restoration plans for Ross Creek and Los Gatos Creek as recommended in General Plan 2040.

As noted above information presented here is a first step in the process of building out a capital improvement program. In coming months staff will work to spread these costs over a multi-year horizon and develop a projection of annual capital funding that is needed to maintain and manage the Town's existing infrastructure and complete projects currently in progress (e.g., Highway 17 Overcrossing at Blossom Hill Road). Staff will also continue to develop the annual projections of roadway resurfacing and curb, gutter, sidewalk repair work, which are currently not included in this discussion.

BACKGROUND:

The Town of Los Gatos prepares a Capital Improvement Program (CIP) Budget annually to address critical infrastructure projects deemed a priority by the Town Council. Historically, CIP funding has been constrained, leading to deferred maintenance and postponed projects across critical areas. This report serves as the starting point for a broader assessment to address these long-standing funding limitations and prepare a structured, sustainable funding plan for future needs.

Through this Study Session, staff is providing initial information about the unfunded capital needs of the Town to increase the Town Council and the public's awareness of these items. This session is expected to be the first in a series of discussions designed to develop a holistic, long-term funding strategy to maintain existing infrastructure and explore the potential construction of new capital assets.

In recent years, when considering capital projects, the priority has been to:

SUBJECT: Receive a Report on the Capital Infrastructure Needs of the Town of Los Gatos
DATE: November 14, 2024

1. Continue to fund ongoing projects.
2. Increase funding for existing one-time projects when necessary to complete the project.
3. Consider new projects that are critical to operations.
4. Assess potential new projects if funding allows.

However, because available funding for capital projects is limited, many projects are deferred each year and not funded, which adds to the cumulative backlog of infrastructure needs. The impact of limited staffing resources to support project delivery has also hindered the Town's ability to complete necessary projects within anticipated timelines, further contributing to deferred maintenance and postponed capital improvements.

Attachment 1 provides a 10-year summary of capital funding history, reflecting trends in ongoing and one-time types of funding levels. This overview is intended to inform ongoing discussions by highlighting the limitations in prior funding and their long-term implications on Town infrastructure.

As noted in this attachment, the source of ongoing funding comes from restricted Gas Tax funding, which is limited in use to transportation uses, such as public streets, roadways, bike, and pedestrian facilities. Additionally, the Town has a maintenance of effort to match this funding source resulting in additional investment from the General Fund for these transportation uses. The Town has been investing General Fund and other resources to the GFAR for use on capital projects, but such sources cannot sustain the ongoing transportation and facilities needs.

Current Projects and Their Statuses

Attachment 2 includes an updated list of the currently funded Capital Improvement Projects (CIP), detailing each project's budget history, project lead, and current funding status. This list was initially presented to the Town Council in May 2024 and has been updated to reflect Fiscal Year 2023/2024 financial closeout and spending as of September 30, 2024.

Overall, current-year project spending has been lower than anticipated due to some projects scheduled for construction in Spring 2025, meaning spending will occur later in the fiscal year. Additionally, the pace of capital project delivery is impacted by limited staffing resources available to support these efforts. The Parks and Public Works (PPW) team responsible for project execution includes the PPW Director, the Superintendent, the Facilities Operations Manager, the Town Engineer, one Senior Engineer, one Assistant Engineer, and a Construction Project Manager.

The report highlights that these staffing constraints contribute to delays in project timelines, resulting in deferred maintenance and extended project durations. Despite these challenges, the team remains committed to advancing each project efficiently and effectively within available resources.

SUBJECT: Receive a Report on the Capital Infrastructure Needs of the Town of Los Gatos

DATE: November 14, 2024

This section provides a snapshot of active projects and is intended to keep the Town Council and the public informed of progress and potential delays in improving the Town's infrastructure.

While this is an initial conversation, there is much more to be done to develop a comprehensive approach to capital needs that includes assessing the Town's present and future capacity to support both the capital and operational requirements of such capital. Additionally, a robust capital program should include the challenging process of prioritizing needs related to existing capital, future required capital, and other capital desires to match the funding available.

DISCUSSION:

Currently, the Parks and Public Works Department (PPW) maintains a comprehensive list of the Town's ongoing and unfunded capital project needs. These needs are categorized into three main areas: Facilities, Non-Facility Related Needs, and Potential Future Major Needs. Each category is described in detail below.

Facilities Related Needs

In Fiscal Year 2021/22, staff completed a thorough condition assessment of all Town-owned buildings. This assessment documented the current physical state of each property and identified necessary repairs and replacements anticipated over a 15-year period. The results of each assessment were compiled into individual reports for each building and consolidated into a summary table projecting expenses for all Town-owned properties.

Alongside these condition assessments, staff engaged Disability Access Consultants to evaluate all Town-owned buildings and assets (including parks, sidewalks, and other public spaces) for compliance with the Americans with Disabilities Act (ADA). ADA improvements commonly needed include adjustments to door pressures, automatic push bars, door widths, and walkway slopes. The resulting comprehensive database allows staff to systematically address ADA deficiencies as part of broader projects when feasible, and the database is regularly updated as improvements are completed. Because the database is comprehensive and includes a large volume of data, staff has calculated the total cost of improvements needed in each building and distributed them evenly across future fiscal years.

Attachment 3 provides a summary of projected maintenance and repair needs for each Town-owned building, based on recent condition assessments and ADA compliance evaluations. This table consolidates anticipated expenses over a 11-year period, taking into account work already completed since the assessments. Current projections estimate that the Town will require approximately \$20.28 million (in 2024 dollars) over the next 11 years to address these needs comprehensively. This summary is intended to assist the Town Council in understanding the scope of required infrastructure investments and prioritize funding allocations accordingly.

SUBJECT: Receive a Report on the Capital Infrastructure Needs of the Town of Los Gatos

DATE: November 14, 2024

Streets, Parks, and Other Non-Building Needs

The Town also tracks long-term capital needs for non-building assets, which include streets, parks, sidewalks, and other community infrastructure. **Attachment 4** lists future projects identified in these areas, including ADA compliance upgrades for parks, streets, and sidewalks. ADA work on streets and sidewalks is undertaken annually as part of the street resurfacing program, but a more comprehensive, long-term plan is needed to address other infrastructure.

Additionally, several projects outlined in the 2040 General Plan and the Bicycle and Pedestrian Master Plan remain unfunded and unprioritized. In the coming months, staff will work to develop a prioritization framework and long-term funding plan for these projects, similar to the approach taken for Town-owned buildings. This effort aims to ensure systematic progress in addressing critical infrastructure needs.

At this time, the projects on Attachment 4 have not been prioritized. In the coming months, staff will be working to develop a long-term plan for these projects similar to the one for buildings as seen in attachment 3.

Potential Future Major Needs

Several larger projects or “wish list items” have been identified for potential future consideration, though no formal direction has been received from the Town Council to proceed at this time. These potential projects are outlined below to provide preliminary information and cost estimates:

- **Police Operations Consolidation:** The Los Gatos Monte Sereno Police Department (LGMSPD) operates out of two buildings located 1.5 miles apart: the Civic Center and the Police Operations Building (POB). Operational inefficiencies have resulted from this separation, and the POB may not meet current law enforcement facility and security standards. Additionally, the POB houses the Town’s Emergency Operations Center (EOC) but has limited parking capacity, which could hinder EOC activation during emergencies. In the Fiscal Year 2023/24 CIP Budget, Project 821-2404 was created to conduct a space study evaluating the POB’s functionality and recommending optimization solutions. The estimated cost for a new or upgraded facility ranges from \$1,800 to \$2,200 per square foot in 2025 dollars, assuming construction occurs on Town-owned property.
- **Civic Center Upgrades:** Built in 1964, the Civic Center requires modernization to meet the current and future needs of the Town. Staff recommends conducting a study to evaluate the building’s use and determine necessary improvements. The study is estimated to cost \$100,000 to \$125,000. Subsequent improvement costs would be determined based on study findings.
- **Projects Identified in the 2040 General Plan:** The 2040 General Plan outlines two potential feasibility studies for community cultural infrastructure: one for a performing

SUBJECT: Receive a Report on the Capital Infrastructure Needs of the Town of Los Gatos
DATE: November 14, 2024

arts center (General Plan Item 6.14QQ) and another for an art and history museum (General Plan Item 6.14RR). These projects are currently unfunded and are not on the active work plan but are included here to prompt early-stage consideration.

CONCLUSION:

This report provides an overview of the currently known unfunded capital and maintenance needs of town-owned facilities. The information provided is intended to start a conversation about the future of current projects, potential future projects, and potential ways to prioritize meeting the Town's needs.

COORDINATION:

This report has been coordinated with the Town Manager's Office, the Finance Department, the Los Gatos Monte Sereno Police Department, the Library Director, and the Chief Technology Officer.

FISCAL IMPACT:

There is no fiscal impact in receiving this report. Due to historical funding constraints and limited staffing resources, numerous infrastructure projects remain unfunded or deferred. This report initiates a series of discussions aimed at developing a strategic funding approach to meet both immediate and long-term infrastructure needs.

ENVIRONMENTAL ASSESSMENT:

This is not a project defined under CEQA, and no further action is required.

2. CWPP = Community Wildfire Protection Plan
3. 2019 Study = Drainage Assessment complete for critical areas

**TOWN OF LOS GATOS
COUNCIL AGENDA REPORT**

MEETING DATE: 11/19/2024

Item 7.

ITEM NO: 1
ADDENDUM

DATE: November 18, 2024
TO: Mayor and Town Council
FROM: Chris Constantin, Town Manager
SUBJECT: Receive an Introductory Report on the Capital Infrastructure Needs of the Town of Los Gatos

REMARKS:

Attachment 5 contains the staff presentation.

Attachments Previously Received with the Staff Report:

1. History of Capital Funding
2. Current Projects
3. Facilities Needs
4. Roads, Parks and Other Projects

Attachments Received with this Addendum:

5. Staff Presentation

PREPARED BY: Nicolle Burnham
Parks and Public Works Director

DRAFT

Capital Improvement Program Study Session

Town Council
November 19, 2024
Item 1

PURPOSE AND INTENT

- Initial discussion regarding capital infrastructure needs of the Town.
- Overall goal is to develop a look ahead of required annual costs to maintain existing infrastructure: roads, buildings, parks, etc.
 - Current information identifies a 10-year look forward

CAPITAL BUDGETING

- Refer to Staff Report Attachment 1
- 10-year source and use of funds support capital projects: gas tax, utility undergrounding, traffic mitigation, storm drain funds, grants and general fund appropriated reserve (GFAR)
- Trends and observations
 - ✓ Ending fund balances remain high in many funds
 - ✓ Grant sources increased dramatically in 2021/22
 - ✓ Storm drain and utility undergrounding sources have increased with little use of funds
 - ✓ GFAR is the only source that includes unrestricted capital funds

CURRENT PROJECT DELIVERY

- Refer to Staff Report Attachment 2
- Spending lags projections at end of Q1 due to:
 - ✓ Spending on certain projects was not expected until later in FY 2024/25 (e.g., Shannon Road Repair, Townwide Vegetation Management)
 - ✓ Billing and processing lags performance of work (e.g., Shannon Road Ped and Bikeway Project, Annual Curb Gutter Sidewalk, Annual Street Repair and Resurfacing, Parking Program Implementation)
 - ✓ Some project schedules have shifted due to staffing constraints (e.g., Roadside Fire Fuel Reduction, Pinehurst Community Garden, Lynn Avenue Walkway)

FACILITIES NEED PROJECTION 25/26 TO 35/36

- Refer to Staff Memorandum Attachment 2
- Based on 2022 facility condition assessments and American with Disabilities Act Assessment of all Town assets
- Preliminary projection of required annual spending to maintain existing building assets

STREETS AND PARKS

- Refer to Staff Report Attachment 4
- Summary of currently known needs
 - From field conditions and staff knowledge
 - Bicycle and Pedestrian Master Plan
 - General Plan 2024 (various adopted elements)

SUMMARY OF NEED

Items / Need	Current Opinion of Potential Costs (2024\$)
Town Owned Buildings - Maintenance	\$ 20,278,913
Town Owned Buildings – Capital Needs	\$ 1,490,000
Parks	\$ 28,189,000
Storm Drainage	\$ 23,126,500
Streets and Roads	\$ 166,037,000
IT Needs	\$ 310,000

POTENTIAL FUTURE MAJOR NEEDS

- Police Operations Consolidation
- Civic Center Upgrades
- Projects in 2040 General Plan

DRAFT

NEXT STEPS

- Refine project lists in Staff Report Attachments 3 and 4 to reflect required spending year over year
 - This may require additional studies (e.g., playground condition assessments, facility assessment of Civic Center, etc.)
- Return to Council with refined projections and assessment of fiscal impacts
- Align annual CIP budget efforts to what can be funded and completed with a focus on sustaining capital assets that are currently in use.
- Work towards establishing annual contribution necessary for current capital and determining funding available to reserve for future capital

**TOWN OF LOS GATOS
COUNCIL AGENDA REPORT**

MEETING DATE: 12/16/2025

ITEM NO: 17

Item 7.

DATE: December 16, 2025
TO: Mayor and Town Council
FROM: Chris Constantin, Town Manager
SUBJECT: **Discuss, Consider, and Provide Direction Regarding Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and Emergency Management Initiatives Update**

RECOMMENDATION: Discuss, Consider, and Provide Direction Regarding Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and Emergency Management Initiatives Update

FISCAL IMPACT:

This item does not commit the Town to specific expenditures. It provides planning-level cost ranges for potential wildfire mitigation and preparedness program elements to support Council discussion of investment levels and program priorities.

Based on the cost ranges in Attachments 1 and 2, the three illustrative program scenarios have approximate annual operating costs of:

- Scenario 1 Foundational Program: about \$1.1 to \$1.15 million per year, plus an estimated \$0.8 to \$1.0 million in one-time or capital work over 5 to 10 years.
- Scenario 2 Intermediate Program: about \$1.6 to \$2.3 million per year, plus an estimated \$3 to \$5 million in one-time or capital investments over 5 to 10 years.
- Scenario 3 Comprehensive Program: about \$2.1 to \$3.0 million per year, plus an estimated \$6 to \$11 million or more in cumulative one-time and capital work over 5 to 10 years.

These figures are order-of-magnitude planning estimates in current-year dollars and do not include grant offsets. Successful external funding would reduce the Town's net cost. More detailed assumptions for each element appear in the body of the report and in Attachments 1 and 2.

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and

Emergency Management Initiatives Update

DATE: December 16, 2025

STRATEGIC PRIORITY:

These efforts align with the strategic priority to further the Town's emergency preparedness, resiliency, and response capabilities, particularly in the area of wildfire risk.

BACKGROUND:

In recent years, the Town of Los Gatos has experienced increasing wildfire risk due to the 2020–2022 drought, fuel accumulation, and climate driven changes in fire behavior. At the same time, the Town has made significant progress in emergency planning, including adoption of an updated Emergency Operations Plan (EOP), Community Wildfire Protection Plan (CWPP), Local Hazard Mitigation Plan (LHMP), expansion of roadside vegetation management, and initiation of Town wide evacuation and wildfire modeling.

In alignment with the Town Council's strategic priority to "Further the Town's emergency preparedness, resiliency, and response capabilities, particularly in the area of wildfire risk," staff have developed a set of program options and planning level cost estimates to help the Council consider the scale and scope of a future, more comprehensive wildfire mitigation program. This report focuses on public safety measures and Town level preparedness and continuity, including Emergency Operations Center (EOC) capabilities. It does not evaluate operational staffing needs or response capabilities of the Police Department or the Santa Clara County Fire Department.

To develop the program options and cost ranges, staff drew on multiple sources:

- The Santa Clara County Multi Jurisdictional Hazard Mitigation Plan (MJHMP) and the Town of Los Gatos Local Hazard Mitigation Plan Annex / Community Wildfire Protection Plan (CWPP), the Town of Los Gatos Ad Hoc Wildfire Committee Report (2020), and community input, which together identify wildfire, earthquake, and flooding as the Town's top natural hazards;
- Budget and program information from comparable wildland urban interface communities, including Truckee, CA (voter approved Measure T wildfire resilience investments), Montecito, CA, and Sonoma County's Wildfire Adapted program; and
- Fire Smart community pilots supported by the Tahoe Fund and partners.

While these communities differ in size and governance structure, they provide useful per resident and per acre benchmarks for the level of investment that may be appropriate for Los Gatos, given its approximately 33,500 residents and roughly 12 square miles of primarily residential development with significant hillside WUI exposure.

PAGE 3 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and Emergency Management Initiatives Update

DATE: December 16, 2025

For context:

- Los Gatos, CA – approx. 33,500 residents; ~12 square miles (~7,500 acres); primarily residential, with steep WUI hillsides directly upslope of denser in town neighborhoods.
- Truckee, CA – approx. 17,380 residents; 34 square miles (~21,540 acres); roughly half the population of Los Gatos but about twice the land area, with extensive forested WUI and access constraints.
- Montecito, CA – approx. 8,600 residents; 9.18 square miles (~5,875 acres); somewhat smaller in land area and about one quarter of Los Gatos' population, but facing high consequence wildfire, debris flow, and evacuation challenges similar to Los Gatos' hillside neighborhoods.

Taken together, these comparisons suggest that a robust wildfire program for Los Gatos would reasonably fall within the per resident and per acre investment ranges seen in these communities, adjusted for local labor, contracting, and administrative costs.

DISCUSSION:

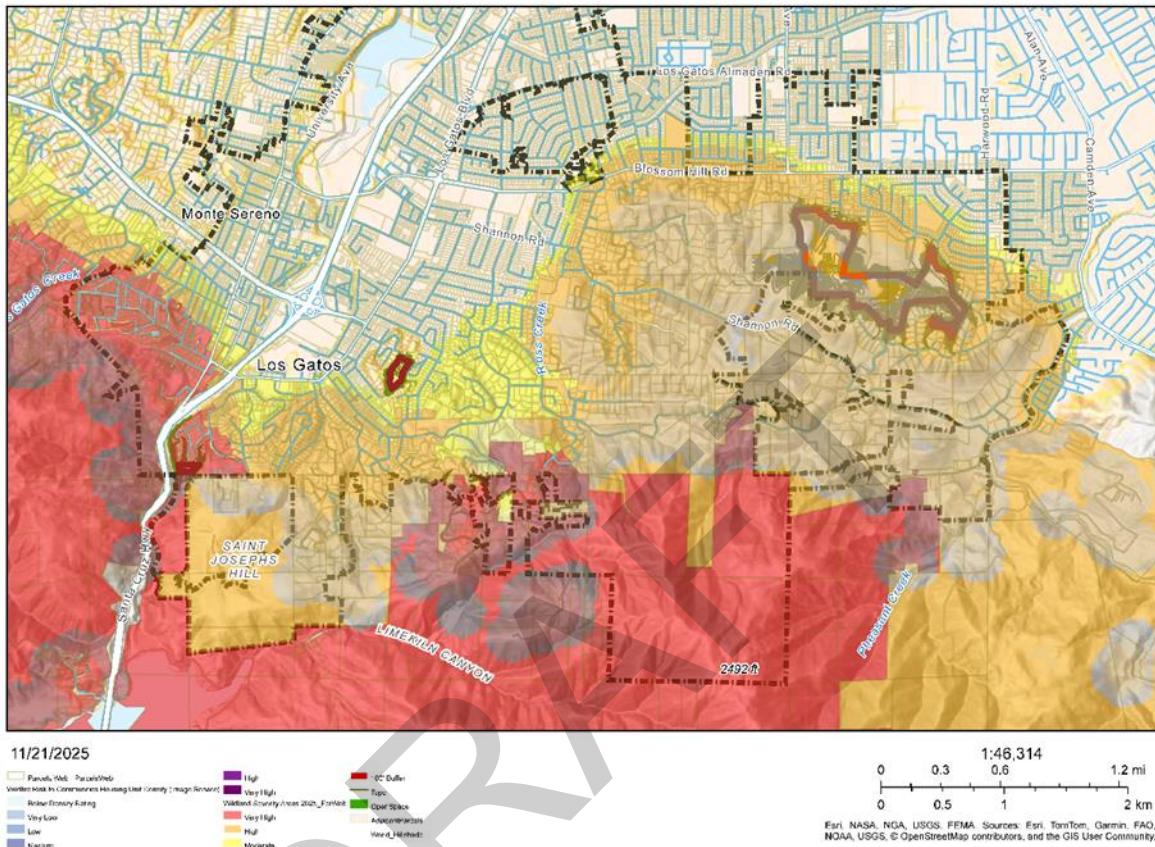

1. Risk Context and Key Hazards

Graphic on Next Page

PAGE 4 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and Emergency Management Initiatives Update
 DATE: December 16, 2025

Wildfire Hazard Map with Housing Density

For Los Gatos, wildfire is the primary focus of this report. While the Town also faces significant earthquake and flood/storm hazards, the specific program options and costs presented here are oriented toward wildfire mitigation and preparedness, with co-benefits for other hazards. Within the wildfire hazard, staff identify three key mechanisms of fire spread:

1. Vegetation-to-Structure Ignition at the WUI Boundary
 - o Dense, continuous fuels on steep hillsides or in canyons adjacent to homes can create conditions for rapid fire spread from wildland vegetation to structures.
 - o Narrow winding roads, limited access, and slope can accelerate fire behavior and complicate firefighting and evacuation.
2. Structure-to-Structure Fire Spread as Spacing Narrows
 - o As development transitions from large hillside lots to more closely spaced homes, the dominant hazard shifts from wildland fuels to structure-to-structure ignition.

PAGE 5 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and Emergency Management Initiatives Update
 DATE: December 16, 2025

- In these areas, combustible fencing, vegetation between homes, deck attachments, and vulnerable building materials can allow a single ignition to propagate rapidly through a block or neighborhood.
- 3. Ember Cast Affecting the Wider Town Area
 - Large wildfires can generate ember casts capable of igniting homes and vegetation miles away from the flame front, including in denser in-town neighborhoods that are not directly adjacent to wildland fuels.
 - This means that preparing hillside homes alone is not sufficient; embers can ignite structures, vehicles, and landscaping well inside the Town core.

Across all three mechanisms, evacuation is a compounding factor rather than a separate hazard. Limited roadway capacity, topography, and multi-directional threat potential (e.g., multiple canyons and ridge lines) can slow evacuation just as demand is highest. This underscores the need to reduce the likelihood and intensity of fire reaching homes (fuel reduction and home hardening); reduce the chance that individual ignitions become neighborhood-scale events (defensible space and structure spacing considerations); and improve evacuation planning, public warning, and continuity of Town operations.

These wildfire-focused efforts will also improve preparedness for other natural hazards (e.g., earthquakes, floods, severe storms) by strengthening emergency management capacity, communication tools, and continuity planning.

2. Program Objectives

The proposed approach is organized around three overarching objectives:

1. **Life Safety**
 Reducing risk of injury and improving egress in a disaster.
2. **Property and Economic Stability**
 Protect homes, businesses, and critical infrastructure in a way that maintains the long-term viability and economic stability of the community. This includes protecting the local tax base, avoiding long-term displacement, and preserving key public facilities and lifelines.
3. **Environmental Stewardship**
 Manage vegetation and fuels in a way that reduces wildfire risk while supporting ecological health, watershed function, and long-term resilience of the Town's open spaces and urban forest.

To achieve these objectives, the program is designed to address mitigation, response, and continuity:

- **Mitigation:** Vegetation management, home hardening, defensible space, and infrastructure improvements that reduce risk before an event.

PAGE 6 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and Emergency Management Initiatives Update
DATE: December 16, 2025

- **Response:** Strengthening the Town's ability to coordinate multi-agency operations through the EOC, public warning, and field support.
- **Continuity:** Ensuring the Town can sustain essential services and governance during and after a major event through continuity of operations planning.

Whole Community and Resident Action

A central premise of the program is that the Town cannot "do it all" on public property alone:

- A large portion of the highest-risk WUI area in and around Los Gatos is on private property, with Town-owned land representing only a subset of the fuels that threaten structures and evacuation routes.
- The preparedness of hillside homes directly affects the safety of residents farther into Town. If fires intensify in the WUI, embers and structure-to-structure spread will drive risk into denser neighborhoods.

Accordingly, the Town can:

- **Educate** residents and businesses with clear, consistent guidance on home hardening, defensible space, and evacuation readiness.
- **Reduce barriers to action** by offering services such as chipping, greenwaste pick-up, and potentially block-level contracts that lower cost and complexity for individual property owners.
- **Guide through non-punitive inspections** where appropriate, emphasizing coaching and voluntary compliance over penalties, especially in early phases.
- **Enforce minimum standards** for vegetation management and hazard abatement when necessary, in a fair and transparent manner.

The intent is to build a program that is robust enough to handle both moderate disasters and the less frequent, but larger-scale events that would significantly stress Town resources, without over-committing to a single hazard scenario.

3. Wildfire Mitigation and Preparedness Program Options and Cost Scenarios

Based on the cost outlined in Attachments 1 and 2, the three illustrative program scenarios have approximate operating costs of:

Scenario 1 – Foundational Program: Approximately **\$1.1 to \$1.15 million per year** in ongoing operating costs, with an estimated **\$0.8 to \$1.0 million** in additional one-time and capital work over the first 5–10+ years.

Scenario 2 – Intermediate Program: Approximately **\$1.6 to \$2.3 million per year** in ongoing operating costs, with an estimated **\$3 to \$5 million** in one-time and capital investments over the first 5–10+ years.

PAGE 7 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and Emergency Management Initiatives Update
DATE: December 16, 2025

Scenario 3 – Comprehensive Program: Approximately **\$2.1 to \$3.0 million per year** in ongoing operating costs, with an estimated **\$6 to \$11+ million** in cumulative one-time and capital work over the first 5–10+ years.

This section describes how potential wildfire mitigation and preparedness components could be combined into three illustrative levels of investment:

- **Scenario 1 – Foundational Program**
- **Scenario 2 – Intermediate Program**
- **Scenario 3 – Comprehensive Program**

Each scenario builds on the prior one (Intermediate includes all Foundational elements; Comprehensive includes all Intermediate and Foundational elements). The program elements listed under each scenario are examples of how those funding levels could be deployed; individual elements could be modified, blended, or phased while staying within similar overall cost ranges.

As noted in the Fiscal Impact section, all costs are order-of-magnitude planning estimates in current-year dollars, do not assume specific grant awards or offsets, and exclude capital and match funding already appropriated for the outdoor warning siren project, the Town-wide evacuation modeling study, and the Vegetation Management Plan (VMP) update. Detailed line items and assumptions for each program component are provided in Attachment 1 – Wildfire Risk Mitigation Cost Breakdown and Attachment 2 – Wildfire Risk Mitigation Cost Table.

Scenario 1 – Foundational Program

(Estimated annual operating cost: approximately \$1.1–\$1.15 million; one-time/capital over ~5–10+ years: approximately \$0.8–\$1.0 million)

A core, sustainable wildfire mitigation and preparedness program that stabilizes and modestly enhances recurring fuels work, resident support, and EOC readiness, with a focus on the highest-risk locations. It begins transitioning from one-time, grant-funded projects toward a predictable baseline of annual work.

Illustrative annual program elements and costs

(rounded figures; one possible mix within the overall Scenario 1 range):

- **Roadside vegetation management on priority evacuation routes – approx. \$375,000/year**
Shift from one-time, grant-funded roadside projects to modest but consistent annual maintenance on the highest-priority evacuation routes (for example, a multi-year cycle with lighter annual/biannual touch-up on the most constrained segments).

- **Weed abatement, defensible space alignment, and Firewise/community outreach – approx. \$200,000/year**
Maintain and better coordinate:
 - Town support for County weed abatement and defensible space inspections (including the County Weed Abatement program fee billed to the Town); and
 - Ongoing Firewise-style outreach, mailers, and neighborhood engagement to help residents understand expectations and how to meet them.
- **Open space and park fuel treatments on Town lands – approx. \$175,000/year**
Maintain recent fuels work and modestly expand treatments in Town-owned open spaces that most directly threaten WUI neighborhoods, at a scale of approximately 75–100 acres per year, assuming maintenance-level costs in the roughly \$1,500–\$2,500 per acre range and a mix of follow-up and limited new treatments.
- **Program staffing – approx. \$250,000/year**
Provide roughly 0.5–0.75 FTE equivalent to coordinate baseline wildfire work, manage contracts, track data, and pursue grants. The lower end of the range reflects minimal new staffing and a basic training calendar; the upper end assumes a more regular exercise schedule and modest backfill/overtime for participating staff.
- **Staff training and EOC readiness – approx. \$75,000–\$100,000/year**
Annual ICS/EOC training, periodic exercises, VEOCI platform maintenance, and backfill costs.
- **VMP annual implementation support – approx. \$50,000/year**
Ongoing monitoring, adaptive management, and coordination with roadside and open-space fuel treatments (one-time plan update funded separately).

Illustrative one-time/capital work

(approximately **\$0.8–\$1.0 million total** over 5–10+ years):

- Targeted backlog reduction on roadside and open-space units that directly affect evacuation routes and adjacent structures – on the order of \$600,000–\$700,000 in initial “catch-up” fuel-reduction work. This planning-level figure is derived by applying typical per-mile and per-acre treatment costs (for a limited number of high-priority WUI road segments and adjacent slopes) and will be refined once the updated Vegetation Management Plan and Town-wide evacuation study identify specific roads and treatment units.
- **Early urban-forest hazard-tree work** along critical evacuation corridors – approximately \$0.2–\$0.3 million, coordinated with the Town’s Urban Forest Management Plan update and existing street-tree maintenance efforts.

(Work on the Town-wide evacuation modeling study, the Vegetation Management Plan update, the Urban Forest Management Plan update, and the outdoor warning siren project is funded separately and not included in these one-time figures.)

PAGE 9 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and

Emergency Management Initiatives Update

DATE: December 16, 2025

Scenario 2 – Intermediate Program

(*Estimated annual operating cost: approximately \$1.6–\$2.3 million; one-time/capital over ~5–10+ years: approximately \$3–\$5 million*)

A moderate, Town-wide wildfire resilience program that builds on existing efforts and Scenario 1 by expanding fuels work and adding more robust resident support, while remaining within a mid-range level of annual investment.

Illustrative annual program elements and costs

(Scenario 2 includes all Foundational functions, scaled up where noted; one reasonable mix totals about \$2.0 million per year):

- **Roadside vegetation management – approx. \$425,000/year**
Increase miles treated on key evacuation routes and begin moving the highest-risk corridors toward an annual maintenance model, while maintaining a multi-year cycle elsewhere.
- **Weed abatement, defensible space support, Firewise outreach, and Town-wide preparedness campaigns – approx. \$300,000/year**
Sustain County weed abatement and defensible-space coordination and add more proactive Town communication and education, including Firewise support, workshops, and multi-channel preparedness campaigns.
- **Open space and park fuel treatments – approx. \$75,000/year**
Continue and modestly expand fuel treatments in additional priority Town-owned open-space and park areas, informed by the updated VMP, CWPP, and evacuation analysis.
- **Chipping and curbside greenwaste service focused on WUI neighborhoods – approx. \$325,000/year**
Provide seasonal chipping/curbside greenwaste service in high-risk WUI areas (for example, one or two collection windows per year), reducing barriers for residents to complete defensible-space work.
- **Home-hardening and defensible-space grants – approx. \$225,000/year**
Launch a starter grant or cost-share program targeting high-risk hillside blocks (for example, roughly 75–100 homes per year at typical awards of \$2,000–\$3,000, potentially braided with external grants).
- **Community wildfire grants (block/HOA/partner projects) – approx. \$250,000/year**
Fund a small annual pool to support neighborhood-scale mitigation projects (for example, shared access-road clearing, hazard-tree removal in common areas, or HOA-level treatments) where private parcels jointly influence evacuation or structure-ignition risk.

PAGE 10 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and

Emergency Management Initiatives Update

DATE: December 16, 2025

- **Program staffing – approx. \$300,000/year**
Ensure at least one dedicated wildfire-program manager FTE equivalent, to coordinate baseline wildfire work, manage contracts, track data, and pursue grants.
- **Advanced wildfire-risk modeling and GIS support – approx. \$50,000/year**
Add parcel- and corridor-level wildfire-risk and ember-exposure mapping, data maintenance, and support for more targeted programs (for example, using modeling outputs to focus grants and chipping on the highest-risk clusters).

Illustrative one-time/capital work

(approximately \$3–\$5 million total over 5–10+ years):

- **Open-space backlog reduction and shaded fuel breaks** – Approximately \$1.0–\$1.5 million in additional treatments beyond Scenario 1, creating and maintaining strategic shaded fuel breaks and treated units on Town lands.
- **Urban-forest hazard-tree work** along priority evacuation routes and hillside streets – approximately \$1.0–\$1.5 million, initiating early phases of a 12-year tree cycle in the most critical corridors.
- **Initial low- to moderate-cost evacuation-route improvements** – Approximately \$1.0–\$2.0 million for projects such as shoulder improvements, turnouts, parking restrictions, striping, and signage, guided by the evacuation-modeling study.

Scenario 3 – Comprehensive Program*(Estimated annual operating cost: approximately \$2.1–\$3.0 million; one-time/capital over ~5–10+ years: approximately \$6–\$11 million+)*

A fully integrated, whole-community wildfire mitigation and emergency-preparedness program broadly comparable to leading California WUI communities, with robust support for residents and strong Town capabilities. Scenario 3 includes all Scenario 1 and 2 elements at higher service levels.

Illustrative annual program elements and costs

(Scenario 3 assumes higher service levels for all preceding elements; one reasonable mix totals about \$2.6–\$2.7 million per year):

- **Roadside vegetation management – approx. \$475,000/year**
Provide annual or biannual treatments across all priority evacuation routes, maintaining low fuel loads and visibility in the most constrained segments.
- **Weed abatement, defensible-space support, Firewise outreach, and Town-wide preparedness campaigns – approx. \$350,000/year**
Sustain a mature defensible-space/weed-abatement program plus ongoing, high-touch Firewise and preparedness outreach across both hillside and in-town neighborhoods.

PAGE 11 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and

Emergency Management Initiatives Update

DATE: December 16, 2025

- **Open space and park fuel treatments – approx. \$100,000/year**
Maintain and expand a connected network of treated open-space units and fuel breaks wherever Town lands materially influence structure risk or evacuation routes.
- **Chipping and curbside greenwaste service – approx. \$450,000/year**
Offer a fully built-out chipping/greenwaste program for WUI areas, with predictable annual service windows and sufficient capacity to support neighborhood-scale mitigation.
- **Home-hardening and defensible-space grants – approx. \$325,000/year**
Operate a substantial grant/rebate program capable of driving neighborhood-scale change each year (for example, several hundred homes over multiple years), potentially in partnership with regional or State funding.
- **Community wildfire grants (block/HOA/partner projects) – approx. \$500,000/year**
Fund a robust community-grant program comparable in scale to Truckee's Community Wildfire Prevention Grants, supporting larger block, HOA, and partner projects that align with evacuation-modeling and risk-mapping priorities.
- **Program staffing – approx. \$450,000/year**
Support a fully staffed wildfire/emergency-management program (for example, the Emergency Manager plus a dedicated wildfire program manager and partial grant-management capacity), together with frequent EOC exercises, continuity-of-operations planning, and multi-year project management.
- **Advanced wildfire-risk modeling and GIS support – approx. \$75,000/year**
Maintain sophisticated wildfire-risk and ember-exposure modeling, parcel-level tracking of mitigation work, and public-facing risk-communication tools, building on the Town's evacuation-modeling and VMP outputs.

Illustrative one-time/capital work(approximately **\$6–\$11 million+ total** over 5–10+ years):

- **12-year urban-forest tree-cycle implementation** – approximately \$3.5–\$4.5 million to carry out a full hazard-tree and maintenance cycle on priority street trees and trees affecting evacuation routes and structures.
- **Expanded strategic fuel breaks and open-space backlog reduction** – Approximately \$2.0–\$3.0 million to construct and maintain a network of shaded fuel breaks and treated units on Town lands that most directly influence structure and evacuation risk.
- **Major evacuation-route capital improvements** – Approximately \$1.0–\$4.0 million for a significant portion of the long-term roadway-improvement program recommended by evacuation modeling (for example, targeted roadway widening, additional turnouts, retaining walls, and other larger-scale projects).

4. Current Emergency Preparedness Initiatives Update

At Council's request, the summary of current emergency preparedness initiatives since the

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and

Emergency Management Initiatives Update

DATE: December 16, 2025

update provided on September 16, 2025, is presented here to emphasize that the proposed program options build on existing work.

Key ongoing initiatives include:

- Emergency Operations Plan (EOP)
 - The Town's updated EOP has been formally adopted by the Town Council, and staff continues to develop supporting emergency specific annexes.
- Wildfire and Evacuation Modeling
 - The Town is in the process of developing a town-wide evacuation plan informed by simulation-based modeling, with an estimated contract value of approximately \$300,000.
- Outdoor Warning Siren System
 - Staff have submitted a FEMA HMPG grant application for a siren-based public warning system. No dates have been given for award determination.
- Urban Forest Management Plan Update and Vegetation Management Plan (VMP) Update
 - Updates to the Urban Forest Management and Vegetation Management Plans are planned to help align with wildfire risk reduction goals.
 - Initial application for State Fire Capacity Grant to fund VMP update has been denied and resubmitted.
- Virtual Emergency Operations Center (VEOCI)
 - The Town has adopted VEOCI as a virtual EOC platform to support multi-agency coordination.
 - Staff are exploring an expansion of VEOCI's use to include Continuity of Operations Planning (COOP), enabling stronger integration between emergency response and sustained service delivery during disruptions.
- Staff Training
 - Continued training for staff in EOC and emergency operations.
- Firewise Community Development
 - Staff have continued to support the development of Firewise Communities through outreach and coordination. We currently have six Firewise Communities in development for Los Gatos.
- Sierra Azule Drive and Sky Lane Emergency Egress
 - Staff are coordinating with residents and the Santa Clara County Fire Vasona Crew to remove vegetation on a Town right-of-way that connects Sierra Azule Drive and Sky Lane. This work will support emergency egress during the Shannon Road repair. Initial vegetation removal costs will be split with Vasona Crew, with the Town's share at \$1700.
- Santa Clara County Training Coordination
 - In coordination with the County, in November, the Town hosted a disaster finance section class with emergency personnel from across the county.

PAGE 13 OF 13

SUBJECT: Wildfire Risk Mitigation Program Options, Planning Level Cost Estimates, and Emergency Management Initiatives Update
DATE: December 16, 2025

These existing efforts provide a strong foundation; the proposed program options are intended to build on this base, not start from zero.

CONCLUSION:

Wildfire remains the Town's most consequential natural hazard, with the potential to impact life safety, economic stability, and environmental health across the community. The Town has already taken important steps to improve its preparedness. However, given evolving risk and community expectations, Council direction is needed on:

1. Which program elements and services should be prioritized for further development; and
2. The general level of investment the Town should consider as staff refine program options and funding strategies.

The planning-level cost scenarios outlined in this report exceed the Town's currently available emergency management allocation and would require a combination of future budget decisions and external funding to implement.

This report, together with the attached cost matrix and the accompanying Council presentation, is intended to support that discussion and help the Town chart a path toward a sustainable, effective wildfire mitigation and preparedness program.

Staff will continue to provide updates to Council on emergency management and the expenditure of the emergency management allocation through the Town Manager's updates. Items that require Council approval or authority will be brought for Council's consideration accordingly.

ENVIRONMENTAL ASSESSMENT:

This is not a project defined under CEQA, and no further action is required.

Attachments:

1. Wildfire Risk Mitigation Cost Breakdown
2. Wildfire Risk Mitigation Cost Table
3. Wildfire Risk Mitigation Presentation

DATE: December 16, 2025
SUBJECT: Attachment 1: Los Gatos Wildfire Risk Mitigation Cost Breakdown
PREPARED BY: Chris Todd, Emergency Manager

This attachment provides text summaries of program options and planning level cost ranges for a wildfire risk mitigation program. All amounts are approximate, rounded, and intended for order-of-magnitude planning, not for contracting or grant applications. Costs are expressed in current-year dollars and should be refined with detailed scopes and updated bids before implementation.

Roadside Vegetation Management (priority WUI routes)

- **Priority:** High
- **Tier:** Foundational / Intermediate / Comprehensive
- **Annual cost range:** $\approx \$350,000\text{--}\$500,000$ (steady-state, not including big backlog projects)
- **One-time cost:** \$600,000–\$700,000 for initial, heavier treatments on untreated priority segments
- **Admin / staffing:** Multi-year contracts, environmental compliance, coordination with property owners.
- **Basis:** Annual costs represent recurring maintenance on priority WUI evacuation routes once backlog work is completed (e.g., a 4–6 year cycle with lighter annual/biannual “touch-up” on the most constrained segments). Town Wildfire Advisory Group estimate of **\$75,000/mile** for ~5.2 miles $\approx \$390,000/\text{year}$ on a 6-year cycle; Montecito’s Roadside Hazard Abatement + Tag and Trim $\approx \$95,000/\text{year}$ for 13 miles (lower per-mile costs on less constrained roads).

Weed Abatement and Defensible Space Inspections (Town share)

- **Priority:** High
- **Tier:** Foundational / Intermediate / Comprehensive
- **Annual cost range:** **\$95,000–\$175,000**
- **One-time cost:** N/A
- **Admin / staffing:** Inspection coordination, complaint response, data management, legal support
- **Basis:** Montecito’s annual defensible-space/weed inspections for ~4,200 parcels; Truckee’s defensible space team funded within a ~\$3.8M/year wildfire program; These funds would supplement County Fire’s inspection/enforcement with Town admin capacity. Range includes the County Weed Abatement program fee currently billed to the Town ($\approx \$20,338/\text{year}$) plus incremental Town staffing and overhead to coordinate inspections, respond to complaints, support enforcement, and align Town codes with State defensible space requirements.

Open Space and Park Fuel Treatments (Town-owned lands)

- **Priority:** High
- **Tier:** Intermediate / Comprehensive
- **Annual cost range:** **\$150,000–\$300,000** (maintenance); plus periodic capital for backlog reduction
- **One-time cost:** **\$100,000–\$200,000** for planning/CEQA, unit mapping, prescriptions
- **Admin / staffing:** Technical oversight, contract/CEQA management, monitoring
- **Per-acre logic & basis:**
 - Truckee fuels projects: **\$2,900–\$4,800/acre** (Sierra Meadows, Armstrong Tract, Royal Gorge, community grants).
 - Tyrolian Village Fire Smart pilot & BurnBot: **~\$2,500–\$2,800/acre** in steep WUI.
 - Montecito FTN maintenance: **25 acres at \$90,000 (~\$3,600/acre)**; herbivory: **50 acres at \$65,000 (~\$1,300/acre)**.
 - For Los Gatos: assume **initial treatments at ~\$2,500–\$4,000/acre and maintenance at ~\$1,000–\$1,500/acre**. The \$150k–\$300k annual band equates to maintaining/treating on the order of ~75–150 acres/year, which aligns with the scale of Town-owned risk areas identified in prior analyses.

Home Hardening and Defensible Space Grants

- **Priority:** High
- **Tier:** Intermediate / Comprehensive
- **Annual cost range:** **\$150,000–\$400,000**
- **One-time cost:** N/A
- **Admin / staffing:** $\approx 0.25\text{--}0.5$ FTE (or equivalent contract) for application, inspection, and grant management
- **Basis:** Town Wildfire Advisory Group recommendation of **~\$100,000/year** for vulnerable homeowners; Montecito Home Hardening Assistance $\approx \$50,000/\text{year for 10–15 homes}$; Truckee's **\$550,000/year** Community Wildfire Prevention Grants program.

Chipping and Green Waste Support

- **Priority:** High
- **Tier:** Primarily Intermediate / Comprehensive (small Foundational pilot possible)
- **Annual cost range:** **\$250,000–\$500,000**
- **One-time cost:** N/A
- **Admin / staffing:** Program design, vendor management, scheduling, customer service, outreach
- **Basis:** Truckee's Measure T Green Waste budget ranges from about \$685,000 to \$760,000 per year for curbside pick-up, dumpster rebates, and Firewise dumpsters, serving roughly 4,700 WUI parcels and additional residents. Montecito's Neighborhood Chipping Program is about \$130,000/year in a much smaller community. Los Gatos has on the order of 3,100–3,400 WUI homes, so a scaled program focused on those high-risk neighborhoods is reasonably in the \$250,000–\$500,000 range depending on service level (number of annual collection windows, capacity for curbside pick-up vs. centralized dumpsters, and level of outreach).

Firewise / Fire Smart Outreach

- **Priority:** High
- **Tier:** Foundational / Intermediate / Comprehensive
- **Annual cost range:** **\$50,000–\$100,000**
- **One-time cost:** N/A
- **Admin / staffing:** $\approx 0.25\text{--}0.5$ FTE (or equivalent contract) plus materials and events
- **Basis:** Montecito home-hardening and outreach budgets ($\approx \$50k+/yr$); Truckee's prevention/outreach allocations within Measure T; Town Wildfire Advisory Group emphasis on Firewise and preparedness education.

Town-wide education & preparedness campaigns

- **Priority:** High
- **Tier:** Intermediate / Comprehensive
- **Annual cost range:** **\$25,000–\$75,000**
- **One-time cost:** N/A
- **Basis:** Truckee and Montecito community wildfire communications.

Town-Wide Evacuation Modeling and Plan (planning only)

- **Priority:** High
- **Tier:** Foundational / Intermediate / Comprehensive
- **Annual cost range:** Minimal (beyond periodic updates/exercises)
- **One-time cost:** $\approx \$200,000\text{--}\$300,000$ (no additional funding needed for this item)
- **Basis:** Currently scoped at $\approx \$300,000$ as a planning ceiling for modeling and plan development. Grant application pending. HMGP comparables show similar scales for detailed wildfire/evacuation planning.

Evacuation Route Physical Improvements (Capital)

- **Priority:** High (long-term)
- **Tier:** Comprehensive
- **Capital range:** $\approx \$10 \text{ million over 5–10+ years (capital)}$
- **Basis:** Prior Town analysis and Wildfire Advisory Group work identified a conceptual package of evacuation-route improvements (e.g., shoulder work, limited widening, turnouts, signage, and parking restrictions) on the order of \$10 million over time (approximately \$1 million in early projects and another $\approx \$9$ million in later phases). These amounts are placeholders used solely for long-range planning.
- **Notes & Assumptions:** This is capital, not program operating cost, and actual scope, sequencing, and cost will be determined only after completion of the Town-wide evacuation modeling and plan. The modeling effort is expected to identify specific bottlenecks, priority corridors, and recommended treatments; any capital projects that emerge will be brought back through the Town's normal CIP and budget process with refined engineering estimates. Until that work is complete, the \$10 million figure should be treated as a high-level planning benchmark, not a commitment.

Outdoor Warning System (Sirens)

- **Priority:** High
- **Tier:** Intermediate / Comprehensive
- **Annual cost range:** \$40,000–\$60,000 (O&M)
- **One-time cost:** ≈ \$1.5–\$1.7 million for ~8 siren sites
- **Basis:** Town's HMGP subapplication for 8 siren locations (~\$1.63M total). Malibu and other HMGP siren feasibility/implementation projects show similar per-site and annual maintenance costs. Grant application pending.

Staff Training

- **Priority:** High
- **Tier:** Foundational / Intermediate / Comprehensive
- **Annual cost range:** \$75,000–\$150,000
- **One-time cost:** N/A
- **Basis:** Emergency Management Accreditation Program aligned programs typically budget at least 0.5–1.0 FTE plus training and exercise funds. This range covers one major exercise every 1–2 years, annual ICS/EOC training, VEOCI config, and backfill; consistent with the Town's EOP implementation and regional coordination commitments.

Program Staffing

- **Priority:** High
- **Tier:** Foundational / Intermediate / Comprehensive
- **Annual cost range:** \$100,000–\$200,000
- **One-time cost:** N/A
- **Basis:** Peer communities dedicate explicit staff capacity to wildfire mitigation program administration. Truckee Fire Protection District has created a Wildfire Prevention Division that includes a Wildfire Prevention Manager and four support staff. Montecito Fire Protection District's Vegetation Management and Wildfire Prevention work is similarly managed by a small prevention team that includes specialist roles focused on vegetation management and community wildfire preparedness. For Los Gatos, this range is intended to represent roughly one mid- to senior-level FTE (or an equivalent blend of staff time) dedicated to wildfire program coordination in addition to the existing Emergency Manager role. Duties would include vendor and contract management, coordination with any Fire Safe Council partners, grant management, data tracking, reporting, and cross-departmental coordination.

Contracted Program Support (e.g., Fire Safe Council)

- **Priority:** High
- **Tier:** Intermediate / Comprehensive
- **Annual cost range:** \$150,000–\$300,000
- **One-time cost:** N/A
- **Basis:** California Fire Safe Councils commonly manage bundled services—chipping, defensible-space assessments, neighborhood grants, and block-contractor coordination—under low- to mid-six-figure annual contracts in similar WUI communities. For example, Sonoma

County's Wildfire Adapted programs invested roughly \$2.35 million (Part 1) and \$0.37 million (Part 2) in outreach, assessments, regulatory compliance, and planning, with about \$120,000 in dedicated grant-management staffing, implying a management/admin share on the order of 5–10% of total project costs. For a Los Gatos wildfire-mitigation program with total annual spending in the \$1.5–\$3.0M range, a \$150,000–\$300,000/year contract for a Fire Safe Council or similar partner keeps combined internal + external administration in a reasonable band (roughly 15–20% of program cost), while still allowing delivery of chipping logistics, inspection scheduling, outreach, and neighborhood-grant support.

Community Grants / Neighborhood Projects

- **Priority:** Medium–High
- **Tier:** Comprehensive
- **Annual cost range:** **\$250,000–\$750,000**
- **One-time cost:** N/A
- **Basis:** Truckee's Community Wildfire Prevention Grants budget is **\$550,000/year**, funding neighborhood-scale fuel reduction and Firewise projects. Montecito invests targeted funds in hazard tree removal and defensible space projects that strengthen its fuel-treatment network.

Urban Forest Tree Work (12-Year Cycle Implementation)

- **Priority:** Medium-High
- **Tier:** Intermediate / Comprehensive
- **Planning-level cost range:** **≈ \$425,000–\$450,000 per year**
- **Basis:** Initial estimated costs for fully funding Town tree work; Details pending updated Urban Forest Management Plan.

Vegetation Management Plan (VMP) Update

- **Priority:** High
- **Tier:** Foundational / Intermediate / Comprehensive
- **Annual cost range:** **\$50,000–\$100,000** (implementation support, monitoring, adaptive management)
- **One-time cost:** **≈ \$300,000–\$325,000** (plan update, CEQA, mapping)
- **Basis:** The one-time cost reflects the total project budget in the Town's USDA Community Wildfire Defense Grant application: \$250,000 in federal funds plus a \$62,500 local match, for a total of \$312,500 to develop a comprehensive Vegetation Management Program (VMP) and update the 2021 Vegetation Management Plan. The annual range covers ongoing implementation support after the update (e.g., monitoring, adaptive management, coordination with open-space and roadside fuel treatments, and regular updates to treatment priorities).

Advanced Wildfire Risk Modeling and Analytics

- **Priority:** Medium
- **Tier:** Intermediate / Comprehensive
- **Annual cost range:** **\$15,000–\$40,000** (incremental to existing GIS agreements)

- **One-time cost:** Up to ~\$50,000–\$75,000 if a dedicated modeling platform or additional lidar/imagery processing is procured
- **Basis:** Advanced tools (e.g., parcel-level ember exposure, structure-level risk scores, or dynamic treatment optimization) can be layered on top of State/County datasets and the Town’s evacuation modeling work, rather than funded as a stand-alone modeling effort. Because Los Gatos is already investing in simulation-based evacuation modeling and VMP planning, any additional wildfire-specific analytics are assumed to be incremental and scoped narrowly

DRAFT

DRAFT

DATE: December 16, 2025
SUBJECT: Attachment 2: Los Gatos Wildfire Risk Mitigation Cost Table
PREPARED BY: Chris Todd, Emergency Manager

This attachment provides table summaries of program options and planning level cost ranges for a wildfire risk mitigation program. All amounts are approximate, rounded, and intended for order-of-magnitude planning, not for contracting or grant applications. Costs are expressed in current-year dollars and should be refined with detailed scopes and updated bids before implementation.

DRAFT

Detailed Cost Matrix

#	Program Element	Planning-Level Cost Range*	Basis / Comparable	Notes & Assumptions
1	Roadside fuel reduction (priority WUI routes)	≈ \$350k–\$500k/yr; one-time \$600k–\$700k	Annual figures reflect ongoing treatment of priority WUI evacuation routes once initial backlog work is completed (e.g., a 4–6 year cycle, with lighter annual/biannual maintenance on the most constrained segments). The one-time backlog range is a planning-level allowance to bring the remaining high-priority segments up to standard. LG Wildfire Advisory Group: \$75k/mile × 5.2 miles ≈ \$390k/yr. Montecito: \$95k/yr for 13 miles roadside work in less steep terrain.	Assumes 6-yr cycle with heavier initial work, then annual/biannual maintenance on highest-risk routes; includes contractor + ≈ 0.1–0.2 FTE Town PM.
2	Weed Abatement and Defensible Space Inspections (Town share)	≈ \$95k–\$175k/yr	Montecito's annual defensible-space/weed inspections for ~4,200 parcels; Truckee's defensible space team funded ~\$3.8M/year; Range includes the County Weed Abatement program fee currently billed to the Town (≈ \$20,338/year) plus incremental Town staffing and overhead to coordinate inspections, respond to complaints, support enforcement, and align Town codes with State defensible space requirements.	These funds would supplement County Fire's inspection/enforcement with Town admin capacity.
3	Open space/park vegetation management (Town-owned)	Annual ≈ \$150k–\$300k; one-time ≈ \$100k–\$200k	Truckee fuels projects: \$2.9k–\$4.8k/acre. Tyrolian/BurnBot: ≈ \$2.5k–\$2.8k/acre. Montecito FTN: ≈ \$3.6k/acre.	Assumes initial treatments ≈ \$2.5k–\$4k/acre; maintenance ≈ \$1k–\$1.5k/acre; supports treating/maintaining ~75–150 acres/yr. Larger backlog reduction would require separate capital.
4	Defensible space & home-hardening grants	≈ \$150k–\$400k/yr	LG Wildfire Advisory Group: ≈ \$100k/yr Foundational. Montecito: \$50k/yr for 10–15 homes. Truckee: \$550k/yr community grants.	Supports ~50–150 homes/yr at \$1k–\$3k each plus admin; scalable via Fire Safe Council partnership.

5	Neighborhood / curbside chipping & green-waste	≈ \$250k–\$500k/yr	Truckee's Green Waste program (pick-up, Firewise dumpsters, dumpster rebates) totals about \$685k–\$760k/year and handles thousands of piles and over 30,000 cubic yards of material for approximately 4,700 WUI parcels and additional residents. Montecito's Neighborhood Chipping Program is about \$130k/year in a smaller community.	Band is scaled for Los Gatos' ~3,100–3,400 WUI homes: the lower end reflects an intermediate-scale program (1–2 seasonal events focused on WUI neighborhoods), while the upper end reflects a more comprehensive, Truckee-style service level but still somewhat smaller in scale.
6	Firewise support & community organizing	≈ \$50k–\$100k/yr	Montecito: ongoing Fire Code/defensible space outreach. Truckee: Firewise integrated into prevention team.	Funds Firewise mini-grants, materials, and a portion of staff/contract time dedicated to neighborhood engagement.
7	Town-wide education & preparedness campaigns	≈ \$25k–\$75k/yr	Truckee and Montecito both invest in ongoing wildfire communications.	Higher end = multi-channel campaigns (print, web, social, meetings, translation). EM/PIO time not fully monetized here.
8	Evacuation modeling & town-wide plan	One-time ≈ \$200k–\$300k	Earlier Town planning (~\$185k) plus current RFP ceiling (~\$300k). HMGP comparables show similar ranges.	Planning/modeling only; excludes any roadway construction recommended by the study.
9	Evacuation route physical improvements (capital)	≈ \$10M over 5–10+ yrs	Town Wildfire Advisory Group funding summary ≈ \$10M for evacuation-related roadway work. HMGP roadway & shaded fuel break projects show similar orders of magnitude.	Conceptual CIP-level figure; actual costs will depend on detailed design/CEQA/ROW.
10	Outdoor warning siren system	One-time ≈ \$1.5M–\$1.7M + \$40k–\$60k/yr O&M	Town HMGP subapplication: ~ \$1.63M for 8 sites. Malibu siren feasibility and other HMGP projects show similar per-site costs.	Capital largely grant-funded if awarded; Town responsible for match and ongoing testing/maintenance.
11	Staff training & exercises	≈ \$75k–\$150k/yr	EMAP-aligned city programs typically fund ≥0.5–1.0 FTE plus exercise budgets.	Covers annual ICS/EOC training, one major exercise per 1–2 yrs, VEOCI upkeep, and backfill.
12	Program administration & contracted program	≈ \$250k–\$500k/yr	Town Wildfire Advisory Group flagged staffing as a major limiter. Montecito & Truckee both show admin costs on top of project dollars. Tahoe Fire Smart pilots emphasize dedicated coordinators.	Lower end ≈ 0.75 FTE Town + small FSC contract; higher end ≈ 1–1.5 FTE equivalent plus a robust Fire Safe Council admin role.

support (internal + external)		Costs include support services of the Fire Safe Council or similar organization	
Community wildfire 13 grants (block / HOA / partners)	≈ \$250k–\$750k/yr	Truckee: \$550k/yr Community Wildfire Prevention Grants. Montecito: targeted defensible space/hazard tree projects.	\$250k/yr supports a few high-impact projects; \$500k–\$750k/yr moves toward Truckee-scale neighborhood mitigation.
14 Urban Forest Management	≈ \$425k–\$450k	Estimated urban forest management on 12yr cycle; Pending Los Gatos' UFMP revision work.	Implementation (tree removal/replacement, canopy management) coordinated with roadside/VMP projects and funded via maintenance & capital.
Advanced Wildfire 15 Risk Modeling and Analytics	≈ \$15k–\$75k/yr (incremental)	Advanced tools (e.g., parcel-level ember exposure, structure-level risk scores, or dynamic treatment optimization) can be layered on top of State/County datasets and the Town's evacuation modeling work, rather than funded as a stand-alone modeling effort. Because Los Gatos is already investing in simulation-based evacuation modeling and VMP planning, any additional wildfire-specific analytics are assumed to be incremental and scoped narrowly.	Treated as an optional enhancement in the Intermediate and Comprehensive scenarios; not required for a functional Foundational program.
