TOWN OF GATOS

TOWN OF LOS GATOS COMPLETE STREETS AND TRANSPORTATION COMMISSION AGENDA NOVEMBER 13, 2025

41 MILES AVENUE
RJ BRYANT SERVICE CENTER
7:30 AM

Jeff Suzuki, Chair Erik Miller, Vice Chair Bill Ehlers, Commissioner Pradeep Khanal, Commissioner Elisabeth Tabinski, Commissioner Vacant, Commissioner Vacant, Commissioner

HOW TO PARTICIPATE

The Town of Los Gatos strongly encourages your active participation in the public process. If you are interested in providing oral comments during the meeting, you must attend in-person, complete a speaker's card, and return it to the staff. If you wish to speak to an item on the agenda, please list the item number on the speaker card. The time allocated to speakers may change to better facilitate the meeting. If you are unable to attend the meeting in-person, you are welcome to submit written comments via email to ppwcomment@losgatosca.gov .

Pursuant to Government Code Section 54953(b)(3), Commissioner Khanal will be participating from a teleconference location at 7 Convention Centre PI, South Wharf VIC 3006, Australia. The teleconference location shall be accessible to the public and the agenda will be posted at the teleconference location 72 hours before the meeting.

Public Comment During the Meeting:

When called to speak, please limit your comments to three (3) minutes, or such other time as the Chair may decide, consistent with the time limit for speakers at a Town meeting.

Speakers at public meetings may be asked to provide their name and to state whether they are a resident of the Town of Los Gatos. Providing this information is not required.

Deadlines to Submit Written Comments:

If you are unable to participate in person, you may email ppwcomment@losgatosca.gov with the subject line "Public Comment Item #_" (insert the item number relevant to your comment). Persons wishing to submit written comments to be included in the materials provided to the Commission must provide the comments as follows:

11:00 a.m. the Friday before the Commission meeting for inclusion in the agenda packet.

11:00 a.m. the Monday, Tuesday, and Wednesday before the meeting for inclusion in an addendum.

CALL MEETING TO ORDER

ROLL CALL

CONSENT ITEMS (Items appearing on the Consent are considered routine Town business and may be approved by one motion. Members of the public may provide input on any Consent Item(s) when the Chair asks for public comment on the Consent Items.)

 Approve Complete Streets & Transportation Commission Regular Meeting Minutes of October 9, 2025 (Attachment)

VERBAL COMMUNICATIONS (Members of the public are welcome to address the Complete Streets and Transportation Commission on any matter that is not listed on the agenda and is within the subject matter jurisdiction of the Commission. During special meetings, members of the public are welcome to address the Commission only on items listed on the agenda. To ensure all agenda items are heard, this portion of the agenda is limited to 30 minutes. In the event additional speakers were not able to be heard during the initial Verbal Communications portion of the agenda, an additional Verbal Communications will be opened prior to adjournment. Each speaker is limited to three minutes or such time as authorized by the Chair.)

OTHER BUSINESS (Up to three minutes may be allotted to each speaker on any of the following items.)

- 2. Youth Commission Report Review of March Student Survey (Written Report)
- 3. Pavement Management Program (Written Report)
- 4. Discussion of Potential 2026 Work Plan Items (Attachment CSTC Work Plan)
- 5. Discuss the Creation of New Ad Hoc Committee / Task Force (Verbal Report)
- 6. PPW Department Report
 - a. Project Updates (Verbal Report)
 - b. Future Agenda Items (Attachment)
- 7. BPAC Report (Erik Miller Term expires June 2026)

COMMISSIONER REPORTS

ADJOURNMENT Next meeting scheduled: December 11, 2025

ADA NOTICE In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Clerk's Office at (408) 354-6834. Notification at least two (2) business days prior to the meeting date will enable the Town to make reasonable arrangements to ensure accessibility to this meeting. [28 CFR §35.102-35.104]

MEETING DATE: 11/13/2025 ITEM NO.: 1.

DRAFT MINUTES

OF THE

COMPLETE STREETS & TRANSPORTATION COMMISSION REGULAR MEETING OCTOBER 9, 2025

The Complete Streets & Transportation Commission of the Town of Los Gatos conducted its Regular monthly meeting on Thursday, October 9, 2025, at 7:30 a.m.

MEETING CALLED TO ORDER AT 7:30 A.M.

ROLL CALL

Present: Chair Jeff Suzuki, Commissioners Bill Ehlers, Pradeep Khanal and Elisabeth Tabinski Absent: Vice Chair Erik Miller; arrived after roll call at 7:32 a.m.

CONSENT ITEMS

1. Approve Complete Streets & Transportation Commission Minutes of September 11, 2025.

MOTION: Motion by Commissioner Ehlers to approve the minutes.

Seconded by Commissioner Tabinski.

VOTE: Motion passed: 4-0; Absent: Vice Chair Miller

OTHER BUSINESS

- 2. Youth Commission Report (Verbal Report)
 No new report.
- Safe Routes to School (SR2S) (Verbal Report)
 SR2S Coordinator Riggs verbally reported on the beginning of school year events.
 Commission discussed the item.
- 4. Holiday Parade Bike Valet (Verbal Report) Commissioner Ehlers explained the volunteer requirements for running the bike valet. Commission discussed the item. It was determined that there would not be a bike valet at the 2025 Holiday Parade.
- 5. Discussion of Potential New Ad Hoc Committees (Attachment CSTC Work Plan)
 Chair Suzuki explained this new agenda item and how it would be broken down. Director
 Burnham commented that the items should be staff focused. Commission discussed the
 item.
 - 8:15 a.m. Commissioner Khanal stepped out of the meeting.
 - 8:25 a.m. Commissioner Khanal returned to the meeting.

PAGE 2 OF 2

SUBJECT: COMPLETE STREETS & TRANSPORTATION MEETING MINUTES

DATE: OCTOBER 9, 2025

6. PPW Department Report

Project Updates (Verbal Report)

Director Burnham stated that the Town Council approved a modified Commission/ Board resolution at the October 7th meeting, which confirmed that this Commission would change to seven adult voting members. She also reported that the Community Health & Senior Services Commission expressed, via the Assistant Town Manager, their appreciation to the Commissioners that worked on the VTA and Beach Traffic Reports and made the following motion, "We as a Commission want to let the people who worked on this report know that we truly appreciate the effort that went into preparing it and we are very grateful."

- a. Town Engineer Heap verbally reported on the following projects: Shannon Bike/ Ped, Shannon Roadway, Los Gatos Lodge, Vasona Oaks Storm Drain, Blossom Hill/ Hwy 17 overcrossing and Festival of Lights at Vasona Park.
- b. Future Agenda Items (Attachment)Director Burnham presented the attachment.
- 7. VTA BPAC Report (Erik Miller Term expires June 2026)
 Vice Chair Miller verbally reported on the 10/08/2025 meeting.

COMMISSIONER REPORTS

Chair Suzuki and Commissioner Tabinski met Community Health & Senior Services Commission members to discuss VTA Bus Passes and Beach Traffic Reports.

ADJOURNMENT - Meeting adjourned at 8:50 a.m.

This is to certify that the foregoing is a true and correct copy of the minutes of the October 9, 2025, Regular Meeting as approved by the Complete Streets & Transportation Commission.

	ommission Student Travel Survey - Los Gatos High_Ma	
G12 If applicable, what specific street(s)/bike path(s)/intersection(s) do you have safety concerns with?	most effective in Los Gatos? Please explain. Paths that don't go on the road, like the creek trail	Q14 Do you have any comments or suggestions about the survey itself? A "none of the above" or "non-applicable" option to answer
		questions with because for some of the questions I was forced to answer something that wasn't true
	By the blossom hill school. Crosswalks and guards everywhere	No
N/A	Los Gatos Boulevard has been the safest since there's nice	Nope
The hilly road down from kennedy area where cars whip around on the small road	sidewalks and walking paths.	No
the small road	Adding sidewalks for pedestrians helps make the area feel safer	
N/A	By the elementary schools, there are a lot of crossing guards and wide sidewalks.	No.
Near the school	Bike lanes	
n/a	Near Blossom Hill Elementary	n/a
None in particular None	Front of school High school court, main street	Please don't ask where my house is
10.00	night syllow county main subst	
none	not sire	no
None	School	More on campus parking
I worry about electric bikes that go 25 miles per hour or faster being in the bike lane as it can confuse drivers and can cause more collisions	Good	
Highway 17		No
None	Everywhere	I drive to school alone so a lot of questions to apply to me
None	downtown Downtown	No
I dont	At the school ldk	No
N/A		No
Highway 17	In downtown where the speed limit is 15, and around Daves Ave. elementary where every cross has a crosswalk.	
None	Main street	No
None	The sidewalk or bikelane	No
None	Near Vasona Park, because there are bike lanes and the	No
none	sidewalks are nicely paved and there are bike routes	
Observed and an element		N-
Shannon and englewood		No
Overlook is not so walkable	Downtown, crosswalks and sidewalks everywhere.	No
I am concerned with the number of bikers on Shannon Rd. without a proper bike lane since its so narrow	Los Gatos Boulevard since it has clear green bike lanes that seperate the road from the side walk visibly	No
Los Gatos Blvd		
Los Gatos blvd	Shannon rd next to blossom hill school, crossing guards and many safety features	No
The second stretch of the crosswalk at the intersection on Los Gatos boulevard at the top of the hill coming from Saratoga	Making great bike lanes	Nope!
shannon englewood None	None	No
Los Gatos blvd	Downtown, lots of crosswalks	
University Avenue None	Bad traffic	None
Highway 17 N/A	N/A I think the places near school, because there, students have	No N/A
Lg boulevard	priority with crossing guards to keep them safe.	no
LS podiovald	III GOWINOWII IL 13 SQIC	IIIV

Q12 If applicable, what specific street(s)/bike path(s)/intersection(s) do	Where do you feel that pedestrian safety efforts have been	Q14 Do you have any comments or suggestions about the survey
you have safety concerns with?	most effective in Los Gatos? Please explain.	itself?
None	Downtown Los Gatos because they make it clear what the bike	No
None	lane is	NO
n/a The protection of the bikes	crossing guards on caldwell are good In the sidewalks	n/a N/a
shannon	yes	IVA
The street in front of the school	I havan't acon any	No
The street in front of the school.	I haven't seen any. idk	No. no
N/a	Right near the middle school because it is good	No No
None Shannon Rd, Los Gatos Blvd	I don't know The crossing guard at Shannon Rd and Cherry Blossom Ln is	No No
None	very safe and aware	No
None	I feel that it has been effective, as there have been limited injuries in the time I have been attending this school	No
cars speeding	cross gaurds	nope
None N/A	Main street N/A	No I live up the mountain - i get to school, clock in and clock out.
		Not much else to say.
It is too close to car		No
N/A None	N/A Downtown	No No
Na	ldk	Add an option of I'm just lazy and don't want to walk to school
Highway 17	No, if I walked I would get run over or collapse from exhaustion	because I live close but dont Don't make mountain kids fill this out
gg		Son Chiano mountain Mas IIII tills out
The road Harding Ave that intersects on Los Gatos blvd. The traffic	Crosswalks	no
is constant and it is impossible to cross the street into the bike lane		
Los Gatos Boluvard	blossom hill road	no thank yiu
None none	ldk none	No no
		No
University Ave/Highway 9, Los Gatos Blvd/Loma Alta Ave/Johnson Ave	Where there are little to no cars, as I feel that despite efforts, walkability and bikability is still low. However, if one street were	No
	to be named, it would be Santa Cruz Ave, from Main St. to	
	Highway 9.	
N/A	The E main st	N/A
Idk	By the schools ldk	No No
Highway 17	Crosswalks	No.
Highway 17	I don't know, I live on highway 17	How do I walk to school from highway 17
	Tuont kilow, filive off flighway 17	now do i walk to school from highway 17
I would have to cross highway 17	In the area around Lghs	None
- none	Not sure	No none
nope	near elementary schools with crossing guards	nope
Kennedy Road	Downtown there's a lot of accessible routes	
	The places where there are specific bike lanes, because when driving to and from school bikers being in the same lane as me	
	seems dangerous and also slows me down on my drive.	
	<u> </u>	<u> </u>
The biology 47	the road that connects behind the lake	N
The highway 17 The road by visona	Outside of the middle and elementary schools is the safest ldk	Nope No but pls give us more days off from school
	Near downtown because there are a lot of cross walks.	Nope.
Highway 17	I don't know	No
Kennedy Road		
Biking on streets or roads	Downtown	No
	<u> </u>	
n/a	Winchester bike buffer zones	n/a
	n/a	
Cars don't turn on turn signals cutting me off :(n/a Really great crossing guard if guard of my life	n/a Is there a way to make driver better no
	n/a	Is there a way to make driver better
Cars don't turn on turn signals cutting me off :(Alpine Los Gatos blvd	n/a Really great crossing guard if guard of my life (*) Los Gatos boulevard. Good bike lanes crossing guards at my intersection	Is there a way to make driver better no
Cars don't turn on turn signals cutting me off :(Alpine Los Gatos blvd	n/a Really great crossing guard if guard of my life Los Gatos boulevard. Good bike lanes crossing guards at my intersection Near schools. The crosswalks are extremely visible and apparent.	Is there a way to make driver better
Cars don't turn on turn signals cutting me off :(Alpine Los Gatos blvd	n/a Really great crossing guard if guard of my life Los Gatos boulevard. Good bike lanes crossing guards at my intersection Near schools. The crosswalks are extremely visible and	Is there a way to make driver better no

Los Gatos Youth Co	ommission Student Travel Survey - Los Gatos High_Ma	ay 8, 2025_20.51
Q12 If applicable, what specific street(s)/bike path(s)/intersection(s) do	Q13 Where do you feel that pedestrian safety efforts have been	Q14
you have safety concerns with?	most effective in Los Gatos? Please explain.	Do you have any comments or suggestions about the survey itself?
	·	
No	ldk	Nah
none	Near LGHS	none
No	In downtown, because people know how to stop for stop signs,	No
We have could be the control of	and let the pedestrian finish walking	
It's too cold in the winter	I think safety is best at downtown with the large amount of crosswalks and signs	
None, but maybe under old town right before the footbridge	In public streets because they have a lot of people on them	
none N/A	downtown Los Gatos Blvd. There are plenty of cross guards, side walks	no N/A
	are mostly nice, overalls really safe I think. I walk to and from	
	school down that road every day.	
No concerns	Near the school	Nope
None	LG boulevard because of how busy of a street it is and how	No
	well the traffic has been managed	
Los Gatos blvd	It's all not bad	Nein
Coleman	ldk	No
Los Gatos blvd and nino ave.	Caldwell ave because the crossing guard there is so nice and	
Los Gatos blvd. And the street before New York	absolutely amazing. Green sbikelqnes were good	
The LG Boulevard intersections near the Los Gatos Saratoga road	The crosswalks near school and the Club	Increase the safety for bike lanes because sometimes people
all the way to school		walk on them and there are many non biking people using
		them.
The downhill part of Bella Vista Ave	Sidewalk renovations	No
los gatos boulevard	In Uptown Los Gatos	no
	Near Daves Ave. Elementary school. There are adults with	
	stop signs that cross the crosswalks with kids.	
None	Not sure	No
n/a	n/a	n/a
Blossom hill rd	Crosswalks	Make bike lanes better

Q12		
	Q13	Q14
If applicable, what specific street(s)/bike path(s)/intersection(s) do	Where do you feel that pedestrian safety efforts have been	Do you have any comments or suggestions about the survey
you have safety concerns with?	most effective in Los Gatos? Please explain.	itself?
N/A	Blossom Hill Rd. Lots of Bike lanes and crossing guards.	
University Avenue	University Avenue & Saratoga-Los Gatos Rd.	no
Los Gatos Blvd.	I'm not sure, I just moved here.	No.
n/a	In downtown, as there's many cross walks and sidewalks that are safe.	n/a
Intersection of Kennedy Rd, Los Gatos Blvd, and Caldwell Ave Small bike lanes on Kennedy, cars going too fast		
None	Lg blvd	N/A
	ldk	Nah.
None	Bright green bike lanes	No
Los gatos Saratoga	By the middle school to my knowledge (Ramon's j fisher	Nope
University ave	Los Gatos creek trail bridge is wide and works good. I'd say it's the most effective pedestrian safe walkway in Los Gatos	Nope
none	idk	no
		I'm unsure if the parent or student was supposed to fill this out because of how it was worded
	Los Gatos Almaden	
Inc. mates blied billing assessmen	near elementary schools and middle schools nearby, there are	slowing down traffic wouldn't help because i'm late a lot of
los gatos blvd, biking concerns	more signs for crosswalks rather than ones on los gatos blvd without signs that cars have trouble seeing pedestrians	times because of traffic being slow in the first place
N/A	At the Kennedy and Los Gatos Blvd intersection, the crossing guard helps	none
None	The crossing guards around the schools have been helpful to ensure safety	No
N/A	Sidewalks because they don't allow cars there.	No
	By the new tech building	Intersecting streets was a bit confusing?
	have not noticed	"
I don't	Crosswalks are pretty nice	No
N/a	Crosswalks near schools are well protected	No
Hwy 9 and University	N/A	N/A
N/A	Bike lanes	Nope
N/A	New creek trail access points, will make access much better.	Nope!
none		
none	the main intersection right before the high school	none
LG Boulevard right by AJ tutoring (idk the street); it's very difficult for cars to see if there's a kid there	By Fisher; they have lots of adults yelling at kids being unsafe in their bikes (crossing guards and faculty)	Not really
None	On LG Blvd because it has great sidewalks and bike lanes	None
North sanata Cruz		
None	None	No
No	I don't know how to explain	
Many cars run the red light at Caldwell and Los Gatos Boulevard.	The crossing guards and bike lanes have been great!	I'm a bit confused about the "Intersection closest to you house" question, but otherwise it is good.
the van meter intersection has a lot of illegal driving goin on 😔 also the bike lane around saratoga los gatos road is very uneven and bumpy		
	Elementary schools (Blossom Hill, etc.)	
	I think they are pretty good around Van Meter elementary	
	school because there are many crossing guards and stop signs to protect pedestrians from cars.	

Town of Los Gatos Youth Commission Student Travel Survey 2025_May 8, 2025_22.43

Q12	Q14
If applicable, what specific street(s)/bike path(s)/intersection(s) do you have safety concerns with?	Do you have any comments or suggestions about the survey itself?
{"ImportId":"QID14_TEXT"}	{"Importid":"QID15_TEXT"}
The intersection of Main St. and Villa Ave. coming into the LG Library is chaotic and dangerous when leaving school.	
	My daughter gladly biked to school on a daily basis. The reason she is unable to bike is because she has to transport sporting equipment for games/practices and there is no way to do so on a bike.
	The use of e-bikes by LGHS students is out of control. Try walking down the creek trail 8.15-8.25 on a weekday morning and the speeds these bikes go, without any care for other pedestrians is amazing. If you are intending to courage for biking to school, this issue needs some serious looking at.
The intersection at Blossom Hill & Los Gatos BVD	
I would never allow my child to bike to school, even if we lived within a safe distance because I don't believe drivers in the area are conscious enough of kids on bikes	
Those directly leading from LGHS	Crossing guards would greatly help traffic flow as well as safety by LGHS
Biking through downtown LG is unsafe. No bike lanes and narrow lanes for cars.	
Los Gatos blvd South of Shannon. In particular coming North on LG Blvd at Kennedy. Drivers turning right on Kennedy do not always see bikes coming N on LG Blvd. so almost hit. Be witnessed other incidents. Other bad area is LG Blvd at Loma (northbound again.). And northbound on LG Blvd at LG-Almaden Rd. He as hit on bike there. In general as driving er I see way way too many -bike riders driving like cars instead of bikes in bike lanes.	Great question!, Maybe to ask opinion of streets w improvements. Also to get neutral on e-bike safety issues.
1) cars backing up on Santa Cruz passing the downtown park, 2) the crosswalk in front of Parkside 3) cars that drive the wrong way past the post office to cut off traffic 4) cars who run the stop sign coming down onto Main at Pleasant. 5) the students who park, loiter and drive rambunctiously on church	Lakeside, Loma Prieta and CT English were left off the list, granted they are in the mountains but students still carpool and attend the high school from those schools.
Los Gatos Blvd los gatos blvd. ALSO CAN YOU BUILD A NEW ROAD TO THE SCHOOL? LGBLVD is so clogged	ask about the new road we could build though the housing complex
NO. 9 CROSS WITH LOS GATOS BLVD Simons Way and Bella Vista Ave	NONE It's an old town so not much you can do. The big miss is that with the Los Gatos Lodge being sold, it would have been good to have a 2nd entrance (even if only for walking and bikes - no vehicles other than emergency vehicles) to access the school in the morning and immediately after school gets out (before sports start). I understand that the developer is going to have a walking/bike gate - I hope the school opens it for foot/bike traffic in the AM and when school gets out. Lock it the rest of the time.
Los Gatos blvd	None
Winchester Blvd.	
	I do not like the green pathways, they are confusing and have caused bikers to not look or listen for cars and get into accidents - one with my son as a driver of his car. Please do not add anymore green lanes or bollards, you're making kids think they don't have to pay attention. It is further worsening the 'bubble world' these kids are in. Thanks for surveying us, really appreciate the opportunity to voice my

A long distance for walking Bike - bike racks are limited at school, not safe, the amount of stuff that she has to take to school including school sports makes it challenging to travel by bike Name of the Vork 4 way stop. They would benefit from special ed bus service Wy child has special needs and street not wide enough for bike lane Phillips Ave to Loma Atta is extremely busy and there is no safe place for pedestrians to walk. Two cars and barely if thy one another, there is definitely no safe space to walk or bike. It's really disappointing and scars, I see older people walking for exercise who have been very close to being hit several times. Kennedy to Phillips Road is very dangerous for pedestrians because thyre just simply not space for two or designated walking space just uneven one side of the road, and more cars. We have a province of the province of the year of the province of the province of the road and more cars. When the province of the province of the province of the province of the road and more cars.		
Multiple Tree" designated buses for students down LG BLVD to and from school Everything on Los Gatos Bird. The whole strip is awful. The gyment to the high school is the worst. They have classes that get out around the time school starts and the drivers trying to exit are super aggressive and impatent with the kids. The crossing at Highway 9 and university ave takes forever, and drivers turning from town onto highway 9 often don't look for pedestrians. Once the new creek trail connector opens this will not be an issue. Electric bikes not stop for pedestrians. Dangerously speed through riding on sidewalks disobeying the taws. Cars dangerously speed with no police patrol. Huge trucks make deliveries at 8-8:30am when they should have come earlier parking illegally in no parking zones on College. Wy child has special needs and is unable to walk/bike alone. They would benefit from special ed bus service Wy child has special needs and is unable to walk/bike alone. They would benefit from special ed bus service Wy child has special needs and is unable to walk/bike alone. They would benefit from special ed bus service Wy child has special needs and is unable to walk/bike alone. They would benefit from special ed bus service We can be a special needs and is unable to walk/bike alone. They would benefit from special ed bus service We can be a special needs and needs to be dropped off/picked up directly from the school campus. We child has special needs and needs to be dropped off/picked up directly from the school campus. Thank you for doing this Improvements can somehow be made so that children can safely walk to and from school. That would be so amazing! Thanks for asking for feedback! The safety for children and really all pedestrians in town! The safety for children and really all pedestrians in town! The safety for children and really all pedestrians in town! The students that live in the Los Gatos Hills, a bus would be beneficial	No eidewalks no protected hike naths on Kennedy Road Care drive too fast	
Everything on Los Gatos Blvd. The whole strip is awful. The gym next to the high school is the worst. They have classes that get out around the time school starts and the drivers trying to exit are super aggressive and impatient with the kids. The crossing at Highway 9 and university ave takes forever, and drivers turning from town onto highway 9 often don't look for pedestrians. Once the new creek trail connector opens this will not be an issue. Electric bikes not stop for pedestrians. Dangerously speed through riding on sidewalks disobeying the laws. Cars dangerously speed with no police patrol. Huge trucks make deliveries at 8-8:30am when they should have come earlier parking illegally in no parking zones on College. Why child has special needs and is unable to walk/bike alone. They would benefit from special ed bus services micromatively and Loma Alta. They can be and bardy if by one another, there is definitely no safe space to walk or ble. It's really disappointing and scarp. I see older people walking for exercise who have been very close to being hit several times. Currently there is no safe way for pedestrians to walk between Kennedy to Phillips Road is very dangerous for pedestrians because they're just simply not space for them. If there was some sort of bike lane or designated walking space just uneven one side of the road, two darks and street not wide enough for such the safety walk to and from their schools on most of the streets off of South Kennedy and Phillips Road is very dangerous for pedestrians because they're just simply not space for them. If there was some sort of bike lane or designated walking space just uneven one side of the road, two darks and their schools on most of the streets off of South Kennedy and Phillips Pecause it are driven to the definition of the streets of the streets even more traffic on the road and morre cars. Intersection are ok. Santa Cruz and university from blossom Hill to main Street are not safe for bicycles. If bicycles use the sidewalks then it's not safe for pedestrian traffic.	With proposed multi unit dwellings from mainstreet to blossom Hill if the developments go up, what are the concerns regarding increased traffic from construction and then residents. Of particular concern is the building proposed for church and mainstreet none
Los Gatos Blvd and Hwy 9	
We have lived off Shannon Road for 12 years and my 2 kids used to walk to Van Meter and Fisher schools for many years. The amount of insane drivers on Shannon is very troubling. Everything from cutting around turning cars to speed ahead, running all of the stop signs as well as turning right from Shannon to LG Blvd. I used to walk with them but I found that there were a lot of dangerous situations on that street on multiple occasions.	
Los Gatos blvd	No
Blossom hill road	Garbage truck on university Ave shall be careful with bikes
Diosson Tilli Todd	Carbage track on university /we shall be careful with bixes
Crossing Los Gatos - Saratoga (Hwy 9) from. Cars coming from Saratogo need a speed bump or something to SLOW them down BEFORE the Massol / Hwy 9 crossing	I like that you're taking interest, we would love to start biking
The uphill to Fisher on Blossom Hill Rd. and the LACK of a bike lane on Santa Cruz Ave. Also, e-bikes	n/a
go WAAAYY too fast.	
Bike was stolen from highschool - better security and cameras would be nice	n/a
Blossom Hill overpass, Blossom Hill Road, steep parts before and after Oak Meadow park	
Via Santa Maria - Kennedy. It would be great to have crosswalk warning lights and flashing beacon	no
systems via Santa Maria - Kennedy Rd. Crosswalk warning lights and flashing beacon systems would help	
via Santa Maria - Kennedy Rd. Crosswaik warning lights and liashing beacon systems would help	no
via Santa Maria - Kennedy Rd. Crosswalk warning lights and flashing beacon systems would help	First question: it is Louise* Van Meter :)
Main Street @ N Santa Cruz	
Massol @ Hwy 9. Very dangerous intersection.	
Blossom hill rd	This problem is only going to get worse with SB33. Infrastructure needs to be put in place now.
Los Gatos Blvd	This problem is only going to get worse with SB33. Infrastructure needs to be put in place now
Lg Blvd	This problem is only going to get worse with SB33. Infrastructure needs to be put in place now
Currently, the sidewalk improvement on Shannon is not usable. The angle of the bike lane is steep and bumpy. I've been told it will be re-graded. I hope this is true. Instead, bikes are going both directions on the new sidewalk.	Some students do a combination of methods - mine gets picked up partway home on some days. Otherwise, he walks.

MEETING DATE: 11/13/2025

ITEM NO.: 3.

DATE: November 6, 2025

TO: Mayor and Town Council

FROM: Gary Heap, Town Engineer

SUBJECT: Presentation on Pavement Management and the Pavement Condition of

Town of Los Gatos Streets

RECOMMENDATION:

Staff recommends that the Complete Streets and Transportation Commission discuss and provide a recommendation to Town Council on an appropriate target Pavement Condition Index (PCI) goal for the Town's pavement management program.

BACKGROUND:

The Town of Los Gatos Pavement management process involves the assessment of existing conditions, as well as the planning and budgeting of funds for the maintenance and rehabilitation of the road network. The Town has approximately 236 lane miles of paved streets with a total replacement value of more than \$300 million.

In February 2025, the Town completed a townwide pavement condition survey through the Pavement Management Technical Assistance Program (P-TAP 25 - Attached), funded in part by the Metropolitan Transportation Commission (MTC). Capitol Asset & Pavement Services, Inc. was contracted by MTC to perform visual inspections of all paved streets maintained by the Town of Los Gatos. As a result, the average PCI for the Town was found to be 82 (on a scale of 0-100), placing the Town's street network in the "Good" condition category.

Using the Town's current strategy of street maintenance, along with current prices for pavement treatments represented in the StreetSaver decision tree matrix, it was determined that the Town will need to invest approximately \$40.4 million over the next five years (\$8M/yr) to bring the overall street network into "optimal" condition (PCI 84) – identified as Scenario #1.

To evaluate long-term funding needs, four different scenarios were analyzed based on various street maintenance funding levels. The budgets included preventative maintenance and

PREPARED BY: Saurabh Nijhawan

Senior Civil Engineer

DATE: November 6, 2025

rehabilitation work for all existing paved street surfaces. Comparing the current funding level of \$3.7M/yr or \$18.6 million over five years (Scenario #2) shows that the average network PCI would decrease by two points, reaching PCI 80 by 2029. Scenario #3 analyzed the funding level required to maintain the existing network PCI of 82, while Scenario #4 examined the outcome of no pavement maintenance funding, further illustrating the importance of consistent investment in pavement preservation.

DISCUSSION:

Pavement management requires planning and prioritizing the maintenance and rehabilitation of a roadway network to optimize pavement conditions over the long term. Like many jurisdictions, the Town of Los Gatos has adopted a strategic approach to making informed pavement maintenance decisions. To achieve this, the Town conducts a pavement condition survey every three years and prepares a Pavement Management Report with assistance from the MTC, through the P-TAP program. The most recent survey evaluated all Town-maintained streets and updated the Town's StreetSaver pavement management model.

The P-TAP program was developed by MTC to provide resources to local agencies for evaluating pavement condition and making data-driven investment decisions for pavement maintenance and rehabilitation. The survey evaluates roadway quality based on observable surface distress – such as cracks, potholes, patches, and loose aggregate – to determine a PCI rating.

In general, a new pavement has a PCI of 100, while a PCI of 0 indicates that the pavement has reached the end of its useful life. Below are examples of Condition Categories in relation to physical deterioration of pavement surfaces:

'Good' Condition Category – Streets in 'Good' condition have no to little distresses found on them. These streets may have some minor surface weathering or light cracking but can generally be maintained with cost -effective preventative maintenance treatments (surface seals and crack seals).

DATE: November 6, 2025

'Fair' Condition Category' – Streets in 'Fair' condition show some form of distress caused by traffic load related activity or environmental distress that requires more than a life - extending treatment. The MTC StreetSaver program separates these into two condition categories for the purposes of the analysis. Category II – 'non -load' and Category III – 'load -related', based on whether a majority of the distresses found had load or environmental related causes.

'Poor' Condition Category – Streets in 'Poor' condition are near the end of their service lives and often exhibit major forms of distress such as potholes, extensive alligator cracking, and/or pavement depressions.

'Very Poor' Condition Category - Streets in the 'Very Poor' condition category indicate that the street has failed. These pavements are at the end of their service lives and have major distresses, often indicating the failure of the subbase.

Currently, 87% of streets in Los Gatos fall within the "Good" category, and 3% in the "Poor" category:

Condition Category	PCI	% of Network	Treatment	
Good (I)	70-100	87.1%	Preventative Treatments (crack seal, slurry, microsurfacing, digouts)	
Fair (II) – Non-Load Related	50-70	9.9%	Rubber Cape or thin	
Fair (III) – Load Related	50-70		overlay treatments	
Poor (IV)	25-50	3.0%	Grind and overlay / structural rehabilitation	
Very Poor (V)	0-25	0.1%	Full pavement reconstruction	

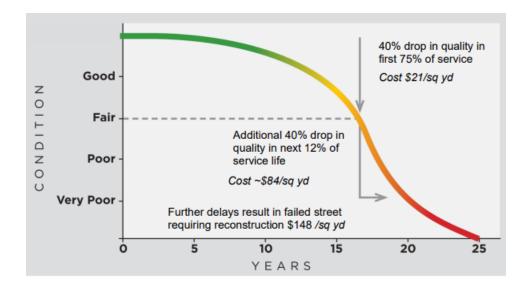

DATE: November 6, 2025

In 2022, through the P-TAP 22 program, Adhara Systems, Inc. conducted a townwide pavement inspection. As a result, Town's average PCI in 2022 was 73. In 2019, the average PCI for the Town was 69. The most recent survey results indicate a robust pavement management program demonstrating progressive improvement toward an optimal PCI.

ANALYSIS:

Although the 2025 PCI rating of 82 represents a "Good" overall condition, historical survey results indicate the need for consistent maintenance investment to avoid ongoing pavement degradation.

It is important to note that all pavement surfaces deteriorate over time – and as pavement ages, the rate of deterioration accelerates. Deferred maintenance, or the postponement of required maintenance and rehabilitation activities due to funding limitations, leads to higher long-term costs to preserve the network in a state of good repair. Below is a typical pavement deterioration curve:

Studies have shown that every dollar invested in preventative maintenance for streets in good condition can avoid four times in future rehabilitation costs, and up to eight times in future rehabilitation costs. This reinforces the principle that it is far more cost-effective to maintain pavement in good condition than allowing it to deteriorate to the point where major repair or reconstruction is required.

DATE: November 6, 2025

The Town's roadway network is comprised of Arterial, Collector, and Residential Streets. Pavement condition varies by functional class as follows:

Functional Class	Lane Miles	Average PCI	Interpretation
			Good condition, but high-use corridors
Arterial	39.1	83	require ongoing surface treatments to
			prevent accelerated wear.
			Slightly lower condition due to both load
Collector	75.0	80	demands and moderate treatment
			frequency
Residential / Local 121.9	02	Generally, good condition, remains cost-	
	121.9	82	effective to treat preventatively.

Over multiple pavement maintenance cycles, following a preventative maintenance-first strategy results in significantly lower life-cycle costs compared to a reactive or rehabilitation-focused approach. The StreetSaver life-cycle cost model incorporated within the PTAP analysis demonstrates that treating pavement while it is still in Good to Fair condition extends service life at a fraction of the cost of major repairs. In contrast, delaying maintenance until pavement declines into the Poor or Very Poor condition categories results in treatment costs increasing by a factor of 4 to 8, due to the need for thicker overlays or full reconstruction. Therefore, maintaining timely preventative treatments is the most cost-effective method to minimize the Town's long-term capital liability.

FUNDING SOURCES:

The Pavement Management Program is primarily funded through a combination of:

- Gas Tax (including SB 1 Road Repair and Accountability Act)
- Measure B and Measure G Local Sales Tax Revenues
- Vehicle Registration Surcharge
- General Fund / Capital Improvement Program (CIP) annual appropriations
- Construction Impact Fee & Refuse Vehicle Road Impact Fee
- Occasional grant funds through agencies such as MTC, VTA and Caltrans

At current funding levels (approximately \$3.7 million annually), the Town PCI is projected to decline slightly. Increasing annual funding to approximately \$5.2 million would be required to maintain the current PCI of 82 over the long term, while approximately \$8.1 million annually would be required to improve the network to an optimal PCI of 84.

PAGE **6** OF **6**

SUBJECT: Actions Related to the Pavement Management Program of Town of Los Gatos

DATE: November 6, 2025

ALTERNATIVES:

Four funding scenarios were evaluated through the PTAP 25 pavement management analysis. Each scenario assumes application of appropriate maintenance treatments based on pavement condition and cost-effectiveness:

Scenario	Description	5-Year Budget	Annual Budget	Projected PCI (2029)	Outcome
1. Optimal Investment	Provides sufficient funding to raise network to target PCI	\$40.4 M	\$8.1 M	84	Improves and optimizes network condition
2. Current Funding Level	Continues current ~\$3.7 M / year investment	\$18.6 M	\$3.7 M	80	Leads to gradual decline from current condition
3. Maintain Current PCI	Increases funding to avoid network decline	\$26.0 M	\$5.2 M	1 X/	Stabilizes pavement condition
4. No Maintenance Funding	Ceases all pavement preservation	\$0	\$0	76	Rapid deterioration and significant long-term cost increase

Under the current approach (Scenario 2), overall pavement condition is expected to decline gradually. Scenarios 1 and 3 demonstrate that targeted increases in annual investment are required to either improve or maintain current conditions. Scenario 4 is not recommended, as it leads to accelerated deterioration and significantly higher reconstruction costs.

CONCLUSION:

The Town's roadway network is currently in "Good" condition with an average PCI of 82, reflecting consistent investment and effective pavement management practices. However, pavement condition will decline over time without continued preventative maintenance. The funding scenarios analyzed through the PTAP 25 update demonstrate that maintaining or improving current pavement condition will require sustained or increased annual funding levels. Staff will continue to evaluate pavement needs and funding strategies through the annual Capital Improvement Program process to support long-term pavement preservation.
