Sec. 25.70.080. - Process for planning and approval of on-site public art.

- (a) *Application and Planning.* Developer shall be informed at the time of Development Review Application about the Public Art requirement and given details of what is required for either public art installation or payment of in-lieu fee, including one (1) percent fee calculated on construction valuation of the project.
- (b) *Arts and Culture Commission Review and Approval.* If the developer elects to comply with this Chapter by providing on-site art, the developer's public art plan must be presented to the Arts and Culture Commission. The plan should include:
  - (1) The identity of the artist or description of the process by which the artist will be selected. The developer is encouraged to give preference to artists living or working in the San Francisco Bay area and to avoid using artists whose work is already displayed as public art within the Town of Los Gatos boundaries;
  - (2) Preliminary sketches, photographs, or other documentation of sufficient descriptive clarity to indicate the nature of the proposed public art;
  - (3) An appraisal or other evidence of the value of the proposed public artwork, including acquisition and installation costs;
  - (4) Preliminary plans containing such detailed information as may be required to adequately

evaluate the location of the artwork in relation to the proposed development and its compatibility to the proposed development, including compatibility with the character of adjacent conforming developed parcels and existing neighborhoods; and

- (5) A detailed plan that demonstrates how the property owner or developer will maintain the artwork, including schedule, cost, and manner of maintenance; and
  - (6) A narrative statement or plan that demonstrates the public art will be displayed in a publicly accessible manner.
- (c) The ACC shall, within sixty (60) days, render a decision whether the proposed public art plan conforms to the requirements of this Chapter. The ACC approvals required under this section must be obtained prior to the issuance of any building permit for the development project.
- (d) Before a Certificate of Occupancy is issued, the Town must inspect and confirm that public art has been installed as required by the ACC approvals and to the satisfaction of the Director of Community Development, in consultation with the ACC. If actual expenditures do not utilize the entire amount provided by the one (1) percent valuation of the development, the excess funds are to be deposited into the Public Art Fund. If the market value of the on-site public art is greater than the one (1) percent art contribution required, the Town shall have no obligation to refund the excess amount.
- (e) If Developer choses to pay In-Lieu Fee:
- (1) Within sixty (60) days of Development Permit application or other discretionary approval, the developer shall deposit one (1) percent of estimated construction valuation into the Public Art Fund.
  - (2) A developer who elects to satisfy the requirements of this chapter through a contribution to the Fund must complete the payment in-lieu prior to the issuance of any building permit for the development project. If the building valuation has increased from the time of the initial deposit into the Public Art Fund, additional funds are to be deposited into the fund to meet the one (1) percent requirement.

(Ord. No. 2318, § II, 5-4-21)

Sec. 25.70.090. - Additional requirements for on-site public art.

- (a) *Plaque.* The public art shall be identified by a plaque that meets the standards in use by the Town at the time of installation of the public art. The plaque should contain information such as date of installation, title, and artist and medium.
- (b) *Ownership and Maintenance.* All on-site public art shall remain the property of the property owner or the property owner's successor in interest. The installation or placement of public art on private property shall not constitute a donation to the Town. The Town shall bear no

The property owner shall retain the obligation to provide all necessary maintenance to preserve the public art in good condition. Immediately upon installation and continuously thereafter, the developer and the property owner shall maintain the public art and shall promptly perform all necessary repairs and maintenance to the satisfaction of the Town. A property owner may petition the Arts and Culture Commission to relocate the public art within the development project.
- (d) When and if the development project is sold, the public art must remain at the development and may not be claimed as the property of the seller or removed from the site. If the development is to be demolished, the owner must relocate the public art to another publicly accessible permanent location approved in advance by the Arts and Culture Commission.
- (e) *Removal and Replacement of Public Art.* If the owner desires to deaccession, sell or remove the art from the site, the owner shall give prior notice to the Town by providing written notice to the Arts and Culture Commission no less than ninety (90) days before the intended action. The owner must receive prior approval from the Arts and Culture Commission. The developer will be required to replace the sold or de-accessioned artwork with an alternative work of equivalent or greater value, as determined by the Arts and Culture Commission, in current dollars. The replacement artwork selection should follow the initial selection process. In the alternative, the developer may elect to pay fees in lieu of replacing on-site art, at a reasonable rate equivalent to the cost of replacing the art in current dollars, as determined by the Arts and Culture Commission.
- (f) *Statutory and Contractual Rights of Artists.* The owner is solely responsible for complying with all statutory and contractual rights of the artist, including rights under the California Preservation of Works of Art Act, the federal Visual Artists' Rights Act, and any other applicable law.

The amount of the contribution shall be the cost of the public art required by Section 25.70.050. A developer who elects to satisfy the requirements of this Chapter through a contribution to the Fund must complete the payment in-lieu prior to the issuance of any building permit for the development project.

(Ord. No. 2318, § II, 5-4-21)

Sec. 25.70.110. - Inspection and final approval.
