Property Owner: Marty and Penny McFarland

Project Planner: Sean Mullin

Requesting approval for Modification of Planned Development Ordinance 1412, subdivision of one lot into two lots, construction of a single-family residence, and site work requiring a Grading Permit on property zoned O:PD. Categorically exempt pursuant to CEQA Guidelines Section 15315: Minor Land Divisions; 15303: New Construction; and 15304: Minor Alterations to Land.

Sean Mullin, Senior Planner, presented the staff report.

Opened Public Comment.

Terence J. Szewczyk, Applicant

- This project represents the ideal creation of generational housing on one parcel, which is the intent of SB 9. We would have changed this to an SB 9 application, but the underlying zoning is Office, so we are unable to use SB 9. We ask the Planning Commission to recommend to the Town Council modification of the PD zoning to allow for this additional house. The McFarlands want to build a house for their two daughters. We have carefully sited this house for tree protection, safety, and the least impact from the driveway. We have to increase the driveway slope to get up higher to avoid damaging the base of some spectacular oak trees. Oak Meadow Drive is a private road and it would not be unreasonable for the applicants to agree to a condition to participate in road maintenance.

Marty McFarland, Property Owner

- We have lived on this property for over 32 years and are excited about this project and the opportunity to provide a lot to our two daughters to build a house. Our youngest daughter is a local special education teacher, and teachers don't make a lot of money.

Paul Vieth

- My wife and I live across from the McFarlands and I am one of the board members of Regency Court HOA. In 1985 the McFarland's lot was removed from the HOA except for the purposes of contributing to road maintenance, and pursuant to that agreement the HOA retains a right of architectural control over that lot. The CC&Rs go along with the

deed and contain clear guidelines on architectural approval by the CC&Rs and bylaws, and that process has not occurred. There was never an attempt to review this with the Architectural Committee or the HOA. In October 2021, the HOA denied Mr. McFarland's request to give up two of our seven community parking spots so he could put a driveway on the other side. The HOA also expressed that we do not want to change the view, see a house in the immediate view, or have windows facing our home, as well as several other issues.

Desiree Hedberg

- I am a therapist with my business adjacent to the subject property, and my concern is the construction noise could be significant and impact my business in a very negative way. My question is what the audio impact might be?

Terence J. Szewczyk, Applicant

- If we have overlooked the formal HOA Architectural Committee review of the plans, we will complete that.

Jay Plett, Architect

- The window that faces the townhomes is a bedroom window, not a place where people will gather and be looking down. The house has a 6.5-foot setback, but then there is 20 feet of parking and then a road for the townhomes, so the proposed home and its windows would be probably 30 feet away from anybody. The existing McFarland's home is just as close to the street, and there are townhomes that almost border on the road. There is noise when anything is built, but we don't anticipate driving piles or anything that would make excessive noise, just typical construction noise.

**TOWN OF LOS GATOS
COUNCIL AGENDA REPORT**

MEETING DATE: 10/9/2024

ITEM NO: 2

DATE: October 4, 2024
TO: Planning Commission
FROM: Gabrielle Whelan, Town Attorney
SUBJECT: Consider and Make a Recommendation to the Town Council on Adoption of the Draft Revised Sign Ordinance. Town Code Amendment Application A-24-004. **Project Location: Town Wide.** Applicant: Town of Los Gatos.

RECOMMENDATION:

Consider and Make a Recommendation to the Town Council on Adoption of the Draft Revised Sign Ordinance.

BACKGROUND:

On May 21, 2024, the Town Council adopted an ordinance to remove content-based regulations from the Town's sign ordinance. These amendments were made in order to bring the Town into conformance with the U.S. Supreme Court decision in *Reed v. Gilbert*.

Since then, in the application of the sign ordinance, staff has determined that minor edits are needed to clarify the ordinance requirements.

DISCUSSION:

The minor proposed edits are as follows:

- 1) In Section 29.10.110(5)(b), revise the limitation on temporary signs at intersections to be two square feet instead of one square foot. This will match the typical size of a real estate sign, which is the most common type of temporary sign placed at an intersection.
- 2) In Section 29.10.110(15), specify that this regulation applies to temporary signs on private property.
- 3) In Section 29.10.115(8), replace the heading "posters" with the heading "signs" so that it is clear that the prohibition relates to all signage on objects in the public right of way.

SUBJECT: Introduce Ordinance Amending Sign Ordinance

DATE: October 4, 2024

- 4) In Section 29.10.115(15), add a prohibition on signage on public property and describe specifically where signage is prohibited within the public right of way. Previously, the prohibition on signage on pavement was located in Section 29.10.115(8), but it is clearer to include that prohibition with the other regulations pertaining to the public right of way in Section 29.10.115(15).

CONCLUSION:

If the Planning Commission recommends approval of the proposed revisions, the proposed revisions will be placed on a future Town Council agenda for introduction.

COORDINATION:

This report was coordinated with the Town Manager's Office and the Community Development Department. A copy of the proposed ordinance changes was provided to the Silicon Valley Association of Realtors.

FISCAL IMPACT:

This proposed ordinance revision will not have a fiscal impact.

ENVIRONMENTAL ASSESSMENT:

This ordinance update will not have a significant impact on the physical environment and is therefore not subject to CEQA.

DRAFT ORDINANCE

**AN ORDINANCE OF THE TOWN COUNCIL OF THE TOWN OF LOS GATOS
AMENDING CHAPTER 29, "ZONING REGULATIONS," ARTICLE I, "IN GENERAL,"
DIVISION 3, "SIGNS," OF THE TOWN CODE REGARDING SIGN REGULATIONS**

WHEREAS, the Town’s Sign Ordinance is codified at Sections 29.10.100 through 29.10.140 of the Town Code and was most recently amended in May of 2024 in order to remove content-based regulations; and

WHEREAS, based on application of the ordinance since then and in order to make the ordinance clearer, staff recommends minor edits to: specify that Section 29.10.110(15) addresses temporary signs on private property, Section 29.10.115(8) prohibits signs of any kind on objects in the public thoroughfare, and Section 29.10.115(15) prohibits both temporary and free-standing signs in the public thoroughfare; and

WHEREAS, because this is not a substantive amendment, the proposed revision was not presented to the Planning Commission:

NOW, THEREFORE, BE IT ORDAINED by the Town Council of the Town of Los Gatos as follows:

The following sections of the Town Code are amended to read as follows:

SECTION I. Section 29.10.100, "Definitions," of the Town Code is amended to read as follows:

Section 29.10.100. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Abandoned sign means a sign located on a parcel of land or on a structure either of which is vacant for a period of ninety (90) days, a sign pertaining to a past occupant or business different from the present occupant of or business on the premises, a sign pertaining to a past event or any sign abandoned as the term is used in state law.

Arcade means a covered passageway with business establishments along at least one (1) side.

Attached sign means a sign which is affixed to and made an integral part of a building or structure. Attached signs include, but are not limited to wall signs, roof signs, and projecting signs, to distinguish them from freestanding and ground signs.

Attraction board is a sign constructed so that letters or other advertising material can be changed, and which relates to businesses or organizations which depend, on a large part, upon

trade and attendance generated by temporary, independent and frequently changing events or showing, such as those engaged in providing live or filmed entertainment or sporting events.

Awning is synonymous with marquee.

Billboard means a sign, other than a directional sign, which directs attention to a business, commodity, service or entertainment conducted, sold or offered at a place other than where the sign is erected. Included are signs erected upon benches.

Bulletin board is a sign located on the same premises as a church, school, hospital, or public building, and allowing changeable messages.

Business frontage is that portion of a building which faces a street, parking lot, pedestrian mall, arcade or walkway. The primary business frontage is one which contains a customer entrance or which includes a glass-enclosed showroom facing the street. If a building has more than one (1) business frontage with a customer entrance, the property owner must designate one (1) of them as the primary business frontage. Unless otherwise stated, the phrase "business frontage" means "primary business frontage." All other business frontage is secondary frontage. As used in this section, "parking lot" means either a publicly owned and operated parking lot or a parking lot located on the same parcel as the business frontage.

Canopy is synonymous with marquee.

Conformance means the state of being in conformity with the provisions of this division, either because of reconstruction or modification pursuant to a sign permit, or because of removal or obliteration.

Construction sign is a sign located on a construction site during the course of construction, which identifies the architects, engineers, contractors, financiers or other persons and other individuals or firms involved with the construction, or announcing the building, enterprise or function for which the construction is intended.

Convenience sign is a sign which facilitates traffic flow and safety, not erected by a governmental agency, such as entrance-exit, caution, parking, right or left turns only, stop, drive-up window, or towaway zone.

Entity means any person and any distinct business enterprise even where adjacent business enterprises are owned or operated by a single person.

Erect means to construct, place, relocate, enlarge, alter, attach, suspend, paint, post, display, hang, or affix.

Face of a sign is the portion or portions of the exterior surface of a sign intended to or particularly adapted either to display an advertising message or to attract attention to the sign. The face of a sign is often the front, but may be any surface including a rear or blank portion. A sign may have more than one (1) face and may be virtually all face. The fact that no message is imprinted on a portion of a sign does not necessarily prevent that portion from being a face, as in the case of a flat sign erected near and perpendicular to a street. Such sign would have two (2) faces even if one (1) were blank. In determining what constitutes a sign face, weight will be

given to whether the particular aspect in question is readily viewable from public property or any premises other than those where the sign is erected, but a sign face may exist even where the face is visible only from some part of the premises where the sign is erected if the face is viewable from out-of-doors and the other elements of the definition of face are present. Usually, all of one (1) face is visible from one (1) point. Where, for example, several "boards" of a sign are erected on a single plane or parallel planes, they together comprise one (1) face, and are measured within a single perimeter, including the spaces between them.

Freestanding sign is a sign which is wholly or partly supported by a structural element which is not an integral part of a building.

Ground sign is a freestanding sign less than seven (7) feet high.

Height of a freestanding sign is the elevation above finished grade of the highest point of either the sign or the stand, poles, wall or other structure upon which it is mounted. Finished grade is the general finished ground surface where the sign is erected, not taking into account mounding or other alterations to the surface made in regard to the sign. However, where finished grade is below the elevation of the top of the curb on the frontage where the sign is erected, or if there is no curb below the elevation of the margin of the street surface, height is the elevation above the top of the curb, or at the margin of the street surface if there is no curb. The point on the curb or the margin of the street surface to be used as a base point for measurement is the point intersected by a line drawn perpendicular to the centerline of the street which intersects the center of the base of the sign.

Lot frontage means the property line of a lot abutting on a public street which affords access to the lot. In the case of a corner lot and other lots which are bordered on more than one (1) side by a street, lot frontage is the lot line in respect to which the business for which the sign is provided has its primary business frontage.

Marquee means a temporary or permanent structure attached to or supported by a building, designed for shelter over a pedestrian or vehicular way and which may or may not project over public property.

Neighborhood identification sign is a ground sign situated where a street enters a residential neighborhood, which serves only to identify the neighborhood.

Nonconforming sign is one which was lawfully erected but which does not comply with this division because of:

- (1) Annexation of territory to the Town;
- (2) Amendment to the zoning ordinance;
- (3) Rezoning, other than rezoning when the application for rezoning is made by or joined in by the owner of the real property where the sign is located.

However, a sign which was lawfully erected but which does not comply with this division because of:

- (1) Division of real property where the sign is located;
- (2) Alterations to any building on the lot or parcel where the sign is located; or
- (3) Rezoning, when the application for rezoning was made by or joined in by the owner of the real property where the sign is located;

is not a nonconforming sign. A sign may be a nonconforming sign because of a single characteristic, such as height or brightness, correction of which may result in conforming status for the sign, or a new amortization date. This section does not list all classes of signs which are not nonconforming signs.

Off-premises sign is any sign not located on the same parcel as the entity it advertises.

Pedestrian directional sign is an on-premises sign which shows the direction to or location of a customer entrance to a business.

Portable sign is a sign which is movable, not structurally attached to the ground, nor to a building, structure, or sign. "A"-frame and sandwich signs are portable signs.

Projecting sign is any sign erected on the wall of a building or structure, or suspended from an overhang, with display surfaces generally not parallel to the wall.

Roof sign is an attached sign erected on a roof or projecting above the eave or rake of a building or coping of a parapet. A sign erected on top of a canopy, arcade, awning or marquee is a roof sign.

Sign is any thing, or element of a thing, located out of doors or in a place where it is visible from out of doors, created, adapted, or installed, by a person for the primary and apparent purpose of communicating a message, and may include supports, standards and fixtures. A color scheme or special lighting effect on the exterior of a building is a sign where the placement of the colors or lighting effect in relation to the building create a primary effect of advertising. Exceptions:

- (1) Merchandise on display is generally not a sign because merchandise is ordinarily possessed for the primary purpose of permitting sales from stock on hand. A merchandise display located at a distance from the point of sale or displayed in the unusual manner might constitute a sign.
- (2) A structural element of a building or the supports, standard, or fixtures of a sign would not be a sign where the element is related to reasonable structural necessity, and the circumstances show that the element is not intended to be identified by viewers with the sale or promotion of goods or services.
- (3) Nighttime, white illumination, within reasonable brightness limitations, of a building or of merchandise is not of itself a sign, where the result is only to make visible without undue emphasis that which can be seen in the daytime.

Sign area is the total area of the face or faces of a sign. Each face is measured by determining the smallest area within a single perimeter composed of not more than eight (8)

straight lines drawn by the applicant enclosing the extreme limits of the face. Where a sign consists of letters or symbols on a wall, the wall is not designed so that one (1) of its main purposes is to support a sign, and the sign's background is an indistinguishable part of a wall. For the purposes of measurement a six-inch margin around all of the words and symbols will be included in the perimeter composed of not more than eight (8) straight lines.

Sign permit is the permit issued by the Planning Director to evidence approval by any of the bodies or person authorized by this division to erect a sign.

Temporary sign is a sign, usually constructed of cloth or fabric, cardboard, wallboard, wood or other light materials, intended to be displayed for fewer than 90 days or a short period of time as set forth elsewhere in this Division. Examples of temporary signs are yard signs, for sale signs, for rent signs, flags, balloons, and banners.

Time and temperature sign is a sign which shows time and/or temperature and which contains no advertising.

Vehicular directional sign is an off-premises sign which shows the direction to or location of a use or activity.

Wall is a surface which has a slope steeper than one (1) foot horizontal to two (2) vertical.

Wall sign is a sign erected on a wall or fascia of a building or structure (other than a structure, one (1) of whose main purposes is to support a sign), the face of which is generally parallel to the wall or fascia and all of which is below the coping of the parapet, below the rake, the top of the fascia, the eave line, or in any event, below the top of the structure. A sign which meets the definition of this section but is erected between posts, pillars, or columns which support a roof or second story, rather than on a wall, is also a wall sign. A sign which is erected on and incidental to a freestanding wall or fence, including any gateway portion of a wall or fence, is also a wall sign.

Window sign is a sign which is displayed in or through a window, is less than twenty-four (24) inches inside glass, and is visible from a street, walkway, parking lot, or pedestrian plaza, any of which is accessible to the public.

Yard sign is a temporary freestanding sign that is supported by a frame, pole, or other structure placed directly in or upon the ground on private property.

SECTION II. Section 29.10.105, "Generally," of the Town Code is amended to read as follows:

Section 29.10.105. Generally.

- (a) *Application.* The regulations in this Division apply to all signs in all zones. Regulations of the number and area of signs refer to the signs allowed on a parcel, except where the regulations prescribe the number and area of signs allowed on a business frontage.
- (b) *Intent.* The intent of this Division is as follows:

- (1) The Town is a predominantly residential community of natural beauty, distinctive architecture and historic character. The economic stability of the Town is dependent upon its high quality and Town-oriented, commercial and residential environment. Unregulated and uncontrolled erection and maintenance of advertising structures tends to create a garish and gaudy atmosphere which is not in harmony with the character and environment of the business or residential community.
- (2) The purpose of a sign is to inform the general public that a business enterprise and function exists in the Town.
- (3) This Chapter recognizes the right of the public to be directed, warned, advised, and informed; and also recognizes the economic need for a sign to function as a means of identification, expression of business character, and positive notification of product and service availability for consumption.
- (4) This Chapter regulates the location, height, width, shape, proportion, design, illumination and construction (except as provided by building codes) of signs for the purpose of insuring that they are architecturally compatible with the planned image of the Town.
- (5) The purpose of this Chapter is to assist in the continuation of existing and introduction of new commercial activities in architectural harmony with the existing and planned Town, to take advantage of the unusual character of the Town and to encourage proper maintenance and rehabilitation of real property. To accomplish this:
 - a. Local public values must be balanced with general public rights and economic functions related to signs.
 - b. The size of a sign must be prevented from overpowering its surroundings or becoming a determinant factor in consumer evaluation of competitive enterprises.
 - c. The shape of a sign must not conflict with the architectural lines of its setting.
 - d. A sign must be prevented from overpowering its surroundings through hue, saturation, and brilliance or close combination of incompatible colors.
 - e. Normal maintenance and speedy repair is required for all signs.
- (c) *Permits.* Sign permits must be obtained before erection of all signs, except as provided by section 29.10.110. A building permit may be required by another ordinance.
- (d) *Variances.* The provisions of this Chapter concerning variances are not available to modify the terms of this division.
- (e) *Authority to erect.* No sign shall be erected without the express permission of the landowner. A lease to a lessee would be sufficient evidence of the authority to erect a sign.

- (f) *Noncommercial Signs.* Notwithstanding any provision of this Section, signs containing noncommercial speech are permitted anywhere that advertising or business signs are permitted, subject to the same regulations applicable to such signs.

SECTION III. Section 29.10.110, "Exceptions," of the Town Code is amended to read as follows:

Section 29.10.110. Exceptions.

A sign permit is not required for the signs described in this Section. The number and area of these signs are regulated only by this Section and they are allowed in addition to signs of other classes.

- (1) *House numbers, traffic, etc.* House numbers, street names, signs warning against danger, railroad crossing signs, authorized traffic or parking signs and rural delivery boxes.
- (2) *Nameplates.* Nameplates having an area not over one and one-half (1½) square feet, affixed flat against the wall of a building, which only show the name or address of a person or persons or entity occupying the area, up to a limit of six (6) plates per building.
- (3) *Building directories.* Building directories for buildings with more than six (6) tenants, the sign having an area not over nine (9) square feet, affixed flat against the wall of a building, which only show the name or address of the persons or entities occupying the building.
- (4) *Plaques.* Solid metal plaques or cut inscriptions, either erected by recognized historical agencies, or which show names of buildings and dates of erection, provided the sign does not exceed four (4) square feet in area.
- (5) ~~Temporary~~ Short Term Temporary Signs.
 - a. *On Fence or Building.* One (1) nonilluminated sign on each street frontage for any fence or building where the sign is located, provided the sign does not exceed twelve (12) square feet in area if the sign is in a commercial, professional or industrial zone, or six (6) square feet in area if the sign is in a residential zone. This exception is only available when all or part of the premises is actually available for sale or lease.
 - b. *At Intersection or on Parcel.* Nonilluminated, off-site, portable signs are permitted, unlimited in total number, but limited to one (1) double-faced sign per corner of an intersection or parcel. The signs shall not exceed an area of ~~one two~~ (24) square ~~feet~~ per face and shall not be more than four (4) feet high. Prior permission shall be obtained from the property owner if the sign is to be placed on a privately owned parcel. The signs shall be removed each day. Such signs are an exception to the rule prohibiting off-premises signs and signs on public property.
- (6) *Interior signs.* Signs in the interior of a building, enclosed lobby or court, not visible from the outside and signs not visible from off the premises.

- (7) *Convenience signs.* Convenience signs not exceeding two (2) square feet in area providing directions only. Exception: Hospital emergency signs may be as large as four (4) square feet and may be illuminated.
- (8) *No trespassing signs.* "No trespassing" or "no dumping" signs not exceeding three (3) square feet in area.
- (9) *Window signs.* Window signs not exceeding twenty-five (25) percent of the window area.
- (10) *Parking signs.* Not more than one (1) parking control sign for each parking entrance, not exceeding an area of two (2) square feet. Parking control signs may contain the name(s) of the business(es) controlling the parking lot.
- (11) *Public notices and warnings.* Notices posted by a public officer in the performance of a public duty, or by any person for the purpose of giving legal notice, and warning or informational signs required or authorized by governmental regulations.
- (12) *Recycling and vending facilities.* Recycling and vending facility signs shall not exceed two (2) square feet, plus one (1) square foot for every one hundred (100) square feet of facility or machine in excess of one hundred (100) total square feet of floor area.
- (13) *Other public agency signs.* Street signs, traffic signs, emergency warnings, and the like erected by a public agency.
- (14) *Special event signs.* Any sign permitted by a special event permit issued under Article X of Chapter 14 of this Code.

There is no limit on the number of yard signs, but no yard sign shall exceed six square feet in size. All persons who erect temporary signs, including yard signs, or who own or control the premises where temporary signs are erected, are jointly and severally responsible to remove such signs after ninety (90) days or as otherwise set forth in this Division. Temporary signs relating to an event, such as an election, shall be removed within seven (7) days after the event.

Section 29.10.120. Temporary Signs Requiring Permits.

Every sign described in this Section, regardless of the manner of its construction, is a temporary sign. The number and area of such signs are regulated only by this Section and are in addition to the allowed number and area for other classes of signs.

The total area of temporary signs may be equal to or less than the total sign area permitted for the business by Section 29.10.135. - (2) *On Premises of Subdivision.* Nonilluminated, on-site signs on property which has received subdivision or development approval from the Town, from that approval until issuance of a building permit for the last lot to be sold or completion of the development project, are permitted, limited to one (1) double-faced sign not exceeding an area of twenty-five (25) square feet per face, placed at a right angle to the street, or two (2) single-faced signs not exceeding an area of twenty-five (25) square feet each placed parallel to a street. The Planning Director shall review the application and determine whether to grant the application based upon whether the proceeds from the event will benefit residents of Los Gatos. If the Director denies the application, the applicant may appeal the decision to the Town Council within ten (10) days of the Director's decision.
- c. Application. The event sponsor shall submit an application with applicable fee to the Planning Director. The application shall specify the proposed location for each sign for which approval is requested, a calculation of the total sign area proposed and permitted under section 29.10.135, and a description of the sign material and means of posting proposed.

 - A. Except as provided under subsection (B) below, no more than one sign per event shall be permitted in the Downtown Area.
 - B. No more than one sign shall be permitted at the event site. Should the event have a number of locations or not have a fixed location, the event site sign shall be placed within five hundred (500) feet of the beginning or end of the event. Should the event site be located within the Downtown Area, the sign at the event site shall not count against the limitation imposed by subsection (A) above.

- (iv) Event signs shall be secured at all four (4) corners to avoid flapping.
 - (v) No temporary structure may be erected for the purpose of displaying an event sign.
- e. General restrictions.
- (i) No more than three (3) event signs in total shall be permitted at any one time within five hundred (500) feet of any intersection in Town.

 - (iii) A non-profit corporation existing under the laws of another state governing non-profit corporations and which is permitted to do business in California under California law.
- g. For the purposes of this section, Downtown Area means the C-2 zone.

On parcels of one acre or more, one (1) nonilluminated sign of not more than sixty-four (64) square feet in total area at each street frontage during the time of construction or remodeling of the property. No construction sign shall be erected prior to the issuance of a building permit, and each shall be removed as soon as a certificate of use and occupancy is issued.

SECTION VI. Section 29.10.135, "Zone regulations," of the Town Code is amended to read as follows:

Section 29.10.135. Zone regulations.

- (a) *Scope.* This Section specifies the signs which may be erected in each zone, other than signs which by the express provisions of this Chapter may be erected in all zones. Except where this Section specifies, nonconforming uses shall have only those signs allowed for the zone and not signs which might otherwise be allowed for similar uses in other zones.
- (b) *Residential zones.* In residential zones (defined by Section 29.40.010) the following signs may be erected:

Land Use		Class of Sign	Number of Signs	Total Area	
1.	Multiple Family Developments:				
	a.	Less than 10 units	wall signs	one per lot frontage	18 sq. ft.
	b.	10 units or more	wall signs	one per lot frontage	24 sq. ft.
2.	Authorized Nonresidential Uses (including recreational activities, schools, churches, public utilities, lawful nonconforming uses, etc.)	ground signs	one per parcel		24 sq. ft.
			wall signs	one per lot frontage	24 sq. ft.
3.	Neighborhood Identification Signs (only for neighborhoods with an area of 3 acres or more)	ground signs	number and location subject to determination by the deciding body		24 sq. ft.

(c) *Nonresidential zones.* The rules for nonresidential zones (defined by Section 29.50.010) are specified in this Section, and by number in the following list, table and footnotes. Rules 1 and 2 govern the calculation of the area of attached signs for each entity. Rules 3 through 9 govern the calculation of the total area of all signs for each parcel. The following paragraph applies to all nonresidential zones. The numbered rules apply only where the table so indicates. The maximum sign area for attached signs on any frontage may not exceed the area derived from the calculation for that frontage. Attached signs may be erected on any wall of the building, however, the area of a sign on a wall that is not a business frontage may not exceed twenty-five (25) percent of the sign area predicated on the primary business frontage. In addition, signs cannot be erected on a nonbusiness frontage wall if the parcel is contiguous to a residential zone and if the wall faces that zone.

- (1) Allowed sign area is one (1) square foot for each lineal foot of primary business frontage plus one (1) square foot for each lineal foot of secondary business frontage provided that the sign area generated by each secondary business frontage cannot exceed fifty (50) percent of the sign area generated by the primary business frontage.
- (2) Allowed sign area is one (1) square foot for each lineal foot of primary business frontage plus one-half square foot for each lineal foot of secondary business frontage.

- (3) For vehicle sales the area of freestanding signs is not restricted by any rule limiting total sign area on the parcel.
- (4) The total area of all signs on a parcel shall not exceed one (1) square foot of sign area for each lineal foot of lot frontage.
- (5) The total area of all signs on a parcel is limited to the area derived from the business frontage calculation.
- (6) For shopping centers the area of a ground sign is not restricted by any rule limiting total sign area on the parcel.
- (7) For shopping centers the area of a freestanding sign is not restricted by any rule limiting total sign area on the parcel.
- (8) The area of time and temperature signs is not restricted by any rule limiting total sign area.
- (9) The area of any attraction board shall be included in the calculation of the area of signs of the same class and in the calculation of the total area of signs on a parcel.

SECTION VII. Section 29.10.140, "Nonconforming signs," of the Town Code is amended to read as follow

Section 29.10.140. Nonconforming signs.

- (a) *Scope.* This section regulates the use and removal of nonconforming, unlawful, and abandoned signs.
- (b) *Modifications to nonconforming signs.* The following modifications to nonconforming signs are allowed:
- (1) Changes in sign copy.

- (2) Modifications that reduce the extent to which the sign does not comply with this chapter.

No modification of a nonconforming sign shall have any effect on the length of the amortization period for the sign.

- (c) *Record of nonconforming signs.* The Planning Director shall prepare a list of all signs in the Town which are nonconforming signs.
- (d) *Mailing of notices.* The Planning Director shall mail a notice by certified return receipt mail to the occupant business, if known, and to the owner (as shown on the last equalized assessment roll) of the land where each nonconforming sign is located. The notice shall contain:
 - (1) A description of the land where the sign is located and a description of the sign, both in terms reasonably sufficient for the owner to identify the sign.
 - (2) A statement that the sign is a nonconforming sign.
 - (3) The applicable date for removal of the sign under the provisions of subsection (f).

Information concerning more than one (1) sign, and information concerning separate amortization dates for different characteristics of one (1) or more single signs, separately stated, may be included in a single notice. If the Planning Director subsequently learns that for any reason notice has not been given in a timely manner, or that notice given is defective in any way, the Planning Director shall promptly mail a proper notice to the occupant and owner, even if the regular time for notification has expired. Notice mailed after the time required by this subsection meets the requirements of subsection (e) and is effective to start the time period provided in subsection (f).

- (e) *Effect of mailing of notices.* Notice mailed as provided in subsection (d) is deemed to be notice to the owners of nonconforming signs and to all persons having any right, title or interest therein. The mailing of notices is intended as a convenience to sign owners. However, no failure to give notice shall invalidate any proceeding to enforce this chapter to abate any sign, or to punish any sign violation.
- (f) *Duration of nonconforming signs.* A nonconforming sign which becomes nonconforming shall be a nonconforming sign for the applicable period shown on the following schedule:
 - (1) Painted on wall signs, excessive brightness of signs, roof signs, signs suspended from a marquee: two (2) years.
 - (2) Freestanding signs, wall signs, projecting signs and all signs not otherwise specified in this section: five (5) years.
 - (3) Signs where total area of all signs on a building or parcel exceed permitted area: five (5) years.
- (g) *Notification and other procedures concerning subsequent nonconforming signs.* Within six (6) months of the date when a sign described in subsection (f) becomes a nonconforming

sign, the Planning Director shall add the sign to the list of nonconforming signs and mail notices in the manner specified in subsection (d), and such notices shall have the same effects as the notices provided for other nonconforming signs.

- (h) *Extension of nonconforming sign status.* During the deliberations on the provisions of this Chapter concerning signs, it was determined that this chapter should not include provisions for granting extensions of nonconforming status since the basic periods for nonconforming status were extended by the same number of years originally proposed for allowable extension.
- (i) *Removal of unlawful signs.* Any sign erected or maintained contrary to the provisions of this Division or any other ordinance of the Town including unlawfully erected signs, and formerly nonconforming signs whose nonconforming status has terminated, is in its entirety an unlawful sign. The provisions of Sections 29.20.950 and 29.20.955 are applicable to unlawful signs, and to those who erect or maintain them.
- (j) *Abandoned signs.* The owner must have all copy removed from an abandoned sign and the sign shall remain blank until a new entity has occupied the premises. Further, if any sign has been abandoned for a period of one (1) year the owner shall remove the sign and any appurtenant structures.
- (k) *Maintenance.* All signs shall be maintained and kept in repair and shall be painted and repainted at reasonable intervals. If the owner fails to comply, after ten (10) days' written notice by the Planning Director, or duly appointed deputy, to so maintain such signs, the Planning Director shall have the sign removed at the owner's expense.

(Ord. No. 1316, §§ 3.39.010—3.39.070, 6-7-76; Ord. No. 1380, 1-23-78)

SECTION VIII. Severability.

In the event that a court of competent jurisdiction holds any Section, subsection, paragraph, sentence, clause, or phrase in this Ordinance unconstitutional, preempted, or otherwise invalid, the invalid portion shall be severed from this Section and shall not affect the validity of the remaining portions of this Section. The Town hereby declares that it would have adopted each Section, subsection, paragraph, sentence, clause, or phrase in this Section irrespective of the fact that any one or more Sections, subsections, paragraphs, sentences, clauses or phrases in this Section might be declared unconstitutional, preempted, or otherwise invalid.

SECTION IX. CEQA.

Adopting this Ordinance is not a project subject to CEQA because it can be seen with certainty that it will not impact the environment (CEQA Guidelines Section 15378).

SECTION X. Publication.

In accordance with Section 36937 of the Government Code of the State of California, this Ordinance takes effect 30 days from the date of its passage. The Town Council hereby directs the City Clerk to cause this Ordinance or a summary thereof to be published or posted in accordance with Section 36933 pf the Government Code of the State of California.

DRAFT ORDINANCE

**AN ORDINANCE OF THE TOWN COUNCIL OF THE TOWN OF LOS GATOS
AMENDING CHAPTER 29, "ZONING REGULATIONS," ARTICLE I, "IN GENERAL,"
DIVISION 3, "SIGNS," OF THE TOWN CODE REGARDING SIGN REGULATIONS**

WHEREAS, the Town’s Sign Ordinance is codified at Sections 29.10.100 through 29.10.140 of the Town Code and was most recently amended in May of 2024 in order to remove content-based regulations; and

WHEREAS, based on application of the ordinance since then and in order to make the ordinance clearer, staff recommends minor edits to: specify that Section 29.10.110(15) addresses temporary signs on private property, Section 29.10.115(8) prohibits signs of any kind on objects in the public thoroughfare, and Section 29.10.115(15) prohibits both temporary and free-standing signs in the public thoroughfare; and

WHEREAS, because this is not a substantive amendment, the proposed revision was not presented to the Planning Commission:

NOW, THEREFORE, BE IT ORDAINED by the Town Council of the Town of Los Gatos as follows:

The following sections of the Town Code are amended to read as follows:

SECTION I. Section 29.10.100, "Definitions," of the Town Code is amended to read as follows:

Section 29.10.100. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Abandoned sign means a sign located on a parcel of land or on a structure either of which is vacant for a period of ninety (90) days, a sign pertaining to a past occupant or business different from the present occupant of or business on the premises, a sign pertaining to a past event or any sign abandoned as the term is used in state law.

Arcade means a covered passageway with business establishments along at least one (1) side.

Attached sign means a sign which is affixed to and made an integral part of a building or structure. Attached signs include, but are not limited to wall signs, roof signs, and projecting signs, to distinguish them from freestanding and ground signs.

Attraction board is a sign constructed so that letters or other advertising material can be changed, and which relates to businesses or organizations which depend, on a large part, upon trade and attendance generated by temporary, independent and frequently changing events or showing, such as those engaged in providing live or filmed entertainment or sporting events.

Awning is synonymous with marquee.

Billboard means a sign, other than a directional sign, which directs attention to a business, commodity, service or entertainment conducted, sold or offered at a place other than where the sign is erected. Included are signs erected upon benches.

Bulletin board is a sign located on the same premises as a church, school, hospital, or public building, and allowing changeable messages.

Business frontage is that portion of a building which faces a street, parking lot, pedestrian mall, arcade or walkway. The primary business frontage is one which contains a customer entrance or which includes a glass-enclosed showroom facing the street. If a building has more than one (1) business frontage with a customer entrance, the property owner must designate one (1) of them as the primary business frontage. Unless otherwise stated, the phrase "business frontage" means "primary business frontage." All other business frontage is secondary frontage. As used in this section, "parking lot" means either a publicly owned and operated parking lot or a parking lot located on the same parcel as the business frontage.

Canopy is synonymous with marquee.

Conformance means the state of being in conformity with the provisions of this division, either because of reconstruction or modification pursuant to a sign permit, or because of removal or obliteration.

Construction sign is a sign located on a construction site during the course of construction, which identifies the architects, engineers, contractors, financiers or other persons and other individuals or firms involved with the construction, or announcing the building, enterprise or function for which the construction is intended.

Convenience sign is a sign which facilitates traffic flow and safety, not erected by a governmental agency, such as entrance-exit, caution, parking, right or left turns only, stop, drive-up window, or towaway zone.

Entity means any person and any distinct business enterprise even where adjacent business enterprises are owned or operated by a single person.

Erect means to construct, place, relocate, enlarge, alter, attach, suspend, paint, post, display, hang, or affix.

Face of a sign is the portion or portions of the exterior surface of a sign intended to or particularly adapted either to display an advertising message or to attract attention to the sign. The face of a sign is often the front, but may be any surface including a rear or blank portion. A sign may have more than one (1) face and may be virtually all face. The fact that no message is imprinted on a portion of a sign does not necessarily prevent that portion from being a face, as in the case of a flat sign erected near and perpendicular to a street. Such sign would have two

(2) faces even if one (1) were blank. In determining what constitutes a sign face, weight will be given to whether the particular aspect in question is readily viewable from public property or any premises other than those where the sign is erected, but a sign face may exist even where the face is visible only from some part of the premises where the sign is erected if the face is viewable from out-of-doors and the other elements of the definition of face are present. Usually, all of one (1) face is visible from one (1) point. Where, for example, several "boards" of a sign are erected on a single plane or parallel planes, they together comprise one (1) face, and are measured within a single perimeter, including the spaces between them.

Freestanding sign is a sign which is wholly or partly supported by a structural element which is not an integral part of a building.

Ground sign is a freestanding sign less than seven (7) feet high.

Height of a freestanding sign is the elevation above finished grade of the highest point of either the sign or the stand, poles, wall or other structure upon which it is mounted. Finished grade is the general finished ground surface where the sign is erected, not taking into account mounding or other alterations to the surface made in regard to the sign. However, where finished grade is below the elevation of the top of the curb on the frontage where the sign is erected, or if there is no curb below the elevation of the margin of the street surface, height is the elevation above the top of the curb, or at the margin of the street surface if there is no curb. The point on the curb or the margin of the street surface to be used as a base point for measurement is the point intersected by a line drawn perpendicular to the centerline of the street which intersects the center of the base of the sign.

Lot frontage means the property line of a lot abutting on a public street which affords access to the lot. In the case of a corner lot and other lots which are bordered on more than one (1) side by a street, lot frontage is the lot line in respect to which the business for which the sign is provided has its primary business frontage.

Marquee means a temporary or permanent structure attached to or supported by a building, designed for shelter over a pedestrian or vehicular way and which may or may not project over public property.

Neighborhood identification sign is a ground sign situated where a street enters a residential neighborhood, which serves only to identify the neighborhood.

Nonconforming sign is one which was lawfully erected but which does not comply with this division because of:

- (1) Annexation of territory to the Town;
- (2) Amendment to the zoning ordinance;
- (3) Rezoning, other than rezoning when the application for rezoning is made by or joined in by the owner of the real property where the sign is located.

However, a sign which was lawfully erected but which does not comply with this division because of:

- (1) Division of real property where the sign is located;

- (2) Alterations to any building on the lot or parcel where the sign is located; or
- (3) Rezoning, when the application for rezoning was made by or joined in by the owner of the real property where the sign is located;

is not a nonconforming sign. A sign may be a nonconforming sign because of a single characteristic, such as height or brightness, correction of which may result in conforming status for the sign, or a new amortization date. This section does not list all classes of signs which are not nonconforming signs.

Off-premises sign is any sign not located on the same parcel as the entity it advertises.

Pedestrian directional sign is an on-premises sign which shows the direction to or location of a customer entrance to a business.

Portable sign is a sign which is movable, not structurally attached to the ground, nor to a building, structure, or sign. "A"-frame and sandwich signs are portable signs.

Projecting sign is any sign erected on the wall of a building or structure, or suspended from an overhang, with display surfaces generally not parallel to the wall.

Roof sign is an attached sign erected on a roof or projecting above the eave or rake of a building or coping of a parapet. A sign erected on top of a canopy, arcade, awning or marquee is a roof sign.

Sign is any thing, or element of a thing, located out of doors or in a place where it is visible from out of doors, created, adapted, or installed, by a person for the primary and apparent purpose of communicating a message, and may include supports, standards and fixtures. A color scheme or special lighting effect on the exterior of a building is a sign where the placement of the colors or lighting effect in relation to the building create a primary effect of advertising. Exceptions:

- (1) Merchandise on display is generally not a sign because merchandise is ordinarily possessed for the primary purpose of permitting sales from stock on hand. A merchandise display located at a distance from the point of sale or displayed in the unusual manner might constitute a sign.
- (2) A structural element of a building or the supports, standard, or fixtures of a sign would not be a sign where the element is related to reasonable structural necessity, and the circumstances show that the element is not intended to be identified by viewers with the sale or promotion of goods or services.
- (3) Nighttime, white illumination, within reasonable brightness limitations, of a building or of merchandise is not of itself a sign, where the result is only to make visible without undue emphasis that which can be seen in the daytime.

Sign area is the total area of the face or faces of a sign. Each face is measured by determining the smallest area within a single perimeter composed of not more than eight (8) straight lines drawn by the applicant enclosing the extreme limits of the face. Where a sign consists of letters or symbols on a wall, the wall is not designed so that one (1) of its main purposes is to support a sign, and the sign's background is an indistinguishable part of a wall.

For the purposes of measurement a six-inch margin around all of the words and symbols will be included in the perimeter composed of not more than eight (8) straight lines.

Sign permit is the permit issued by the Planning Director to evidence approval by any of the bodies or person authorized by this division to erect a sign.

Temporary sign is a sign, usually constructed of cloth or fabric, cardboard, wallboard, wood or other light materials, intended to be displayed for fewer than 90 days or a short period of time as set forth elsewhere in this Division. Examples of temporary signs are yard signs, for sale signs, for rent signs, flags, balloons, and banners.

Time and temperature sign is a sign which shows time and/or temperature and which contains no advertising.

Vehicular directional sign is an off-premises sign which shows the direction to or location of a use or activity.

Wall is a surface which has a slope steeper than one (1) foot horizontal to two (2) vertical.

Wall sign is a sign erected on a wall or fascia of a building or structure (other than a structure, one (1) of whose main purposes is to support a sign), the face of which is generally parallel to the wall or fascia and all of which is below the coping of the parapet, below the rake, the top of the fascia, the eave line, or in any event, below the top of the structure. A sign which meets the definition of this section but is erected between posts, pillars, or columns which support a roof or second story, rather than on a wall, is also a wall sign. A sign which is erected on and incidental to a freestanding wall or fence, including any gateway portion of a wall or fence, is also a wall sign.

Window sign is a sign which is displayed in or through a window, is less than twenty-four (24) inches inside glass, and is visible from a street, walkway, parking lot, or pedestrian plaza, any of which is accessible to the public.

Yard sign is a temporary freestanding sign that is supported by a frame, pole, or other structure placed directly in or upon the ground on private property.

SECTION II. Section 29.10.105, "Generally," of the Town Code is amended to read as follows:

Section 29.10.105. Generally.

- (a) *Application.* The regulations in this Division apply to all signs in all zones. Regulations of the number and area of signs refer to the signs allowed on a parcel, except where the regulations prescribe the number and area of signs allowed on a business frontage.
- (b) *Intent.* The intent of this Division is as follows:
 - (1) The Town is a predominantly residential community of natural beauty, distinctive architecture and historic character. The economic stability of the Town is dependent upon its high quality and Town-oriented, commercial and residential environment. Unregulated and uncontrolled erection and maintenance of advertising structures

tends to create a garish and gaudy atmosphere which is not in harmony with the character and environment of the business or residential community.

- (2) The purpose of a sign is to inform the general public that a business enterprise and function exists in the Town.
- (3) This Chapter recognizes the right of the public to be directed, warned, advised, and informed; and also recognizes the economic need for a sign to function as a means of identification, expression of business character, and positive notification of product and service availability for consumption.
- (4) This Chapter regulates the location, height, width, shape, proportion, design, illumination and construction (except as provided by building codes) of signs for the purpose of insuring that they are architecturally compatible with the planned image of the Town.
- (5) The purpose of this Chapter is to assist in the continuation of existing and introduction of new commercial activities in architectural harmony with the existing and planned Town, to take advantage of the unusual character of the Town and to encourage proper maintenance and rehabilitation of real property. To accomplish this:
 - a. Local public values must be balanced with general public rights and economic functions related to signs.
 - b. The size of a sign must be prevented from overpowering its surroundings or becoming a determinant factor in consumer evaluation of competitive enterprises.
 - c. The shape of a sign must not conflict with the architectural lines of its setting.
 - d. A sign must be prevented from overpowering its surroundings through hue, saturation, and brilliance or close combination of incompatible colors.
 - e. Normal maintenance and speedy repair is required for all signs.
- (c) *Permits.* Sign permits must be obtained before erection of all signs, except as provided by section 29.10.110. A building permit may be required by another ordinance.
- (d) *Variances.* The provisions of this Chapter concerning variances are not available to modify the terms of this division.
- (e) *Authority to erect.* No sign shall be erected without the express permission of the landowner. A lease to a lessee would be sufficient evidence of the authority to erect a sign.
- (f) *Noncommercial Signs.* Notwithstanding any provision of this Section, signs containing noncommercial speech are permitted anywhere that advertising or business signs are permitted, subject to the same regulations applicable to such signs.

SECTION III. Section 29.10.110, "Exceptions," of the Town Code is amended to read as follows:

Section 29.10.110. Exceptions.

A sign permit is not required for the signs described in this Section. The number and area of these signs are regulated only by this Section and they are allowed in addition to signs of other classes.

- (1) *House numbers, traffic, etc.* House numbers, street names, signs warning against danger, railroad crossing signs, authorized traffic or parking signs and rural delivery boxes.
- (2) *Nameplates.* Nameplates having an area not over one and one-half (1½) square feet, affixed flat against the wall of a building, which only show the name or address of a person or persons or entity occupying the area, up to a limit of six (6) plates per building.

One (1) nonilluminated sign on each street frontage for any fence or building where the sign is located, provided the sign does not exceed twelve (12) square feet in area if the sign is in a commercial, professional or industrial zone, or six (6) square feet in area if the sign is in a residential zone. This exception is only available when all or part of the premises is actually available for sale or lease.
 - b. At Intersection or on Parcel. Nonilluminated, off-site, portable signs are permitted, unlimited in total number, but limited to one (1) double-faced sign per corner of an intersection or parcel. The signs shall not exceed an area of two (2) square feet per face and shall not be more than four (4) feet high. Prior permission shall be obtained from the property owner if the sign is to be placed on a privately owned parcel. The signs shall be removed each day. Such signs are an exception to the rule prohibiting off-premises signs and signs on public property.

- (13) *Other public agency signs.* Street signs, traffic signs, emergency warnings, and the like erected by a public agency.
- (14) *Special event signs.* Any sign permitted by a special event permit issued under Article X of Chapter 14 of this Code.
- (15) *Temporary signs on private property.* With the exception of yard signs, any number of temporary signs on private property, either freestanding or attached, is permitted, limited to a total sign area not exceeding six (6) square feet in residential zones and eighteen (18) square feet in other zones. There is no limit on the number of yard signs, but no yard sign shall exceed six square feet in size. All persons who erect temporary signs, including yard signs, or who own or control the premises where temporary signs are erected, are jointly and severally responsible to remove such signs after ninety (90) days or as otherwise set forth in this Division. Temporary signs relating to an event, such as an election, shall be removed within seven (7) days after the event.

SECTION IV. Section 29.10.115, “Prohibited signs,” of the Town Code is amended to read as follows:

Section 29.10.120. Temporary Signs Requiring Permits.

Every sign described in this Section, regardless of the manner of its construction, is a temporary sign. The number and area of such signs are regulated only by this Section and are in addition to the allowed number and area for other classes of signs.

- (1) *On Premises Sign Erected by Business.* Temporary signs erected on premises of a business are permitted for up to forty-five (45) calendar days. The total area of temporary signs may be equal to or less than the total sign area permitted for the business by Section 29.10.135. The permit shall state the maximum sign area allowed and the date the sign is to be removed as set by the erector or this Chapter, whichever is more restrictive.
- (2) *On Premises of Subdivision.* Nonilluminated, on-site signs on property which has received subdivision or development approval from the Town, from that approval until issuance of a building permit for the last lot to be sold or completion of the development project, are permitted, limited to one (1) double-faced sign not exceeding an area of twenty-five (25) square feet per face, placed at a right angle to the street, or two (2) single-faced signs not exceeding an area of twenty-five (25) square feet each placed parallel to a street. - (3) *Sign Erected on Commercial, Office, or Industrial Development for Sale or Lease.* One (1) single-faced sign on property for sale or lease of a commercial, office, or industrial development to be built in the future. The sign shall not have an area exceeding twenty (20) square feet, shall not be more than fifteen (15) feet high, and shall be erected parallel to a street, at least fifteen (15) feet from a street right-of-way line. The sign shall not be erected for over 90 days.
- (4) *Sign Erected by Special Event Sponsor.*

The Planning Director shall review the application and determine whether to grant the application based upon whether the proceeds from the event will benefit residents of Los Gatos. If the Director denies the application, the applicant may appeal the decision to the Town Council within ten (10) days of the Director's decision.
- c. Application. The event sponsor shall submit an application with applicable fee to the Planning Director. SECTION VI. Section 29.10.135, "Zone regulations," of the Town Code is amended to read as follows:

Section 29.10.135. Zone regulations.

- (a) *Scope.* This Section specifies the signs which may be erected in each zone, other than signs which by the express provisions of this Chapter may be erected in all zones. Except where this Section specifies, nonconforming uses shall have only those signs allowed for the zone and not signs which might otherwise be allowed for similar uses in other zones.
- (b) *Residential zones.* In residential zones (defined by Section 29.40.010) the following signs may be erected:

Rules 1 and 2 govern the calculation of the area of attached signs for each entity. Rules 3 through 9 govern the calculation of the total area of all signs for each parcel. The following paragraph applies to all nonresidential zones. The numbered rules apply only where the table so indicates. The maximum sign area for attached signs on any frontage may not exceed the area derived from the calculation for that frontage. Attached signs may be erected on any wall of the building, however, the area of a sign on a wall that is not a business frontage may not exceed twenty-five (25) percent of the sign area predicated on the primary business frontage. In addition, signs cannot be erected on a nonbusiness frontage wall if the parcel is contiguous to a residential zone and if the wall faces that zone.

- (1) Allowed sign area is one (1) square foot for each lineal foot of primary business frontage plus one (1) square foot for each lineal foot of secondary business frontage provided that the sign area generated by each secondary business frontage cannot exceed fifty (50) percent of the sign area generated by the primary business frontage.
- (2) Allowed sign area is one (1) square foot for each lineal foot of primary business frontage plus one-half square foot for each lineal foot of secondary business frontage.
- (3) For vehicle sales the area of freestanding signs is not restricted by any rule limiting total sign area on the parcel.

SECTION VII. Section 29.10.140, “Nonconforming signs,” of the Town Code is amended to read as follow

Section 29.10.140. Nonconforming signs.

- (a) *Scope.* This section regulates the use and removal of nonconforming, unlawful, and abandoned signs.
- (b) *Modifications to nonconforming signs.* The following modifications to nonconforming signs are allowed:
 - (1) Changes in sign copy.
 - (2) Modifications that reduce the extent to which the sign does not comply with this chapter.

No modification of a nonconforming sign shall have any effect on the length of the amortization period for the sign.

- (c) *Record of nonconforming signs.* The Planning Director shall prepare a list of all signs in the Town which are nonconforming signs.
- (d) *Mailing of notices.* The Planning Director shall mail a notice by certified return receipt mail to the occupant business, if known, and to the owner (as shown on the last equalized assessment roll) of the land where each nonconforming sign is located. The notice shall contain:
 - (1) A description of the land where the sign is located and a description of the sign, both in terms reasonably sufficient for the owner to identify the sign.
 - (2) A statement that the sign is a nonconforming sign.
 - (3) The applicable date for removal of the sign under the provisions of subsection (f).

Information concerning more than one (1) sign, and information concerning separate amortization dates for different characteristics of one (1) or more single signs, separately stated, may be included in a single notice. If the Planning Director subsequently learns that for any reason notice has not been given in a timely manner, or that notice given is defective in any way, the Planning Director shall promptly mail a proper notice to the occupant and owner, even if the regular time for notification has expired. Notice mailed after the time required by this subsection meets the requirements of subsection (e) and is effective to start the time period provided in subsection (f).

- (e) *Effect of mailing of notices.* Notice mailed as provided in subsection (d) is deemed to be notice to the owners of nonconforming signs and to all persons having any right, title or interest therein. The mailing of notices is intended as a convenience to sign owners. However, no failure to give notice shall invalidate any proceeding to enforce this chapter to abate any sign, or to punish any sign violation.
- (f) *Duration of nonconforming signs.* A nonconforming sign which becomes nonconforming shall be a nonconforming sign for the applicable period shown on the following schedule:

- (1) Painted on wall signs, excessive brightness of signs, roof signs, signs suspended from a marquee: two (2) years.
- (2) Freestanding signs, wall signs, projecting signs and all signs not otherwise specified in this section: five (5) years.
- (3) Signs where total area of all signs on a building or parcel exceed permitted area: five (5) years.
- (g) *Notification and other procedures concerning subsequent nonconforming signs.* Within six (6) months of the date when a sign described in subsection (f) becomes a nonconforming sign, the Planning Director shall add the sign to the list of nonconforming signs and mail notices in the manner specified in subsection (d), and such notices shall have the same effects as the notices provided for other nonconforming signs.
- (h) *Extension of nonconforming sign status.* During the deliberations on the provisions of this Chapter concerning signs, it was determined that this chapter should not include provisions for granting extensions of nonconforming status since the basic periods for nonconforming status were extended by the same number of years originally proposed for allowable extension.
- (i) *Removal of unlawful signs.* Any sign erected or maintained contrary to the provisions of this Division or any other ordinance of the Town including unlawfully erected signs, and formerly nonconforming signs whose nonconforming status has terminated, is in its entirety an unlawful sign. The provisions of Sections 29.20.950 and 29.20.955 are applicable to unlawful signs, and to those who erect or maintain them.
- (j) *Abandoned signs.* The owner must have all copy removed from an abandoned sign and the sign shall remain blank until a new entity has occupied the premises. Further, if any sign has been abandoned for a period of one (1) year the owner shall remove the sign and any appurtenant structures.
- (k) *Maintenance.* All signs shall be maintained and kept in repair and shall be painted and repainted at reasonable intervals. If the owner fails to comply, after ten (10) days' written notice by the Planning Director, or duly appointed deputy, to so maintain such signs, the Planning Director shall have the sign removed at the owner's expense.

(Ord. No. 1316, §§ 3.39.010—3.39.070, 6-7-76; Ord. No. 1380, 1-23-78)

In the event that a court of competent jurisdiction holds any Section, subsection, paragraph, sentence, clause, or phrase in this Ordinance unconstitutional, preempted, or otherwise invalid, the invalid portion shall be severed from this Section and shall not affect the validity of the remaining portions of this Section. The Town hereby declares that it would have adopted each Section, subsection, paragraph, sentence, clause, or phrase in this Section irrespective of the fact that any one or more Sections, subsections, paragraphs, sentences, clauses or phrases in this Section might be declared unconstitutional, preempted, or otherwise invalid.

SECTION IX. CEQA.

Adopting this Ordinance is not a project subject to CEQA because it can be seen with certainty that it will not impact the environment (CEQA Guidelines Section 15378).
