Civility: Being "civil" is not a restraint on the First Amendment right to speak out, but it is more than just being polite. Civility is stating your opinions and beliefs, without degrading someone else in the process. Civility requires a person to respect other people's opinions and beliefs even if he or she strongly disagrees. It is finding a common ground for dialogue with others. It is being patient, graceful, and having a strong character. That is why we say "Character Counts" in Town of Loxahatchee. Civility is practiced at all Town meetings.

Special Needs: In accordance with the provisions of the American with Disabilities Act (ADA), persons in need of a special accommodation to participate in this proceeding shall within three business days prior to any proceeding, contact the Town Clerk's Office, 155 F Road, Loxahatchee Groves, Florida, (561) 793-2418.

Quasi-Judicial Hearings: Some of the matters on the agenda may be "quasi-judicial" in nature. Town Council Members are required to disclose all ex-parte communications regarding these items and are subject to voir dire (a preliminary examination of a witness or a juror by a judge or council) by any affected party regarding those communications. All witnesses testifying will be "sworn" prior to their testimony. However, the public is permitted to comment, without being sworn. Unsworn comment will be given its appropriate weight by the Town Council.

Appeal of Decision: If a person decides to appeal any decision made by the Town Council with respect to any matter considered at this meeting, he or she will need a record of the proceeding, and for that purpose, may need to ensure that a verbatim record of the proceeding is made, which record includes any testimony and evidence upon which the appeal will be based.

Consent Calendar: Those matters included under the Consent Calendar are typically self-explanatory, non controversial, and are not expected to require review or discussion. All items will be enacted by a single motion. If discussion on an item is desired, any Town Council Member, without a motion, may "pull" or remove the item to be considered separately. If any item is quasi-judicial, it may be removed from the Consent Calendar to be heard separately, by a Town Council Member, or by any member of the public desiring it to be heard, without a motion.

AGENDA MEMO

TO: Town of Loxahatchee Groves, Planning and Zoning Board

FROM: Kaitlyn Forbes, AICP, CNU-A, Planning and Zoning Department

DATE: December 11, 2024

SUBJECT: Groves at Town Center

Background:

The 90 +/- acre Groves Town Center PUD, including a Statement of Use, Conceptual Master Plan and Conditions of Approval was approved by the Town Council (Ordinance 2013-010). Revisions to the PUD were most recently approved by the Town Council (Ordinance 2019-08).

Additional revisions to the PUD (i.e. PUD Amendment) require approval by the Town Council. The Applicant proposes a comprehensive plan text amendment, master plan amendment (rezoning), and a site plan for a proposed hotel use, and site plan for a public park. The comprehensive plan text amendment will be considered by the Town Council on December 3, 2024 and modifies permitted uses to accommodate the proposed hotel use. The master plan amendment (rezoning) revises the location of the public park from Pod TC to Pod G, accommodating a hotel use on pod TC, and modifies previous conditions of approval. The two site plans provide design details for an 81-room hotel (3-stories) and a public park for use by the Town.

The applicant was previously before the Planning and Zoning Board on July 22, 2024, and August 29, 2024. The applicant submitted revised drawings for consideration before the August 29, 2024. Changes at that time included the following:

- Revised hotel elevations to reduce the proposed building height to 40-feet to the roof deck and 52-feet to the tallest point of the building. A waiver continued to be necessary for the building height.
- Revised site plan for the proposed public park to include three (3) new concrete pads with benches for seating near the wetland area. The intent was to provide a viewing area for the wetland for park visitors to utilize. Additional landscape would be provided in these areas, if the benches are desired.

- The applicant continued to offer the removal of the proposed parking area fence as an alternative design option.
- A proposed directional/wayfinding signage plan to route traffic to the most effective ingress/egress points and adjacent streets. The intent was to address congestion concerns at the B Road and Avocado Rd. intersection by diverting traffic to newer access options such as the roundabout along Southern Blvd.
- Revised comprehensive plan text amendment to special policy 1.15.2 to modify the proposed revision to the commercial development location standards.
- Separately, the applicant temporarily revised traffic circulation within the Groves at Town Center to modify Avocado Road to be an ingress-only access point from B Road. As such, out-bound traffic, leaving the Town Center, was routed north to Tangerine Road to make a left- or right-hand movements out of the site. The intent was to determine the effectiveness of limiting the number of automobiles making conflicting maneuvers on either side of B Road at the Avocado Road intersection. Circulation concerns were noted at this intersection based on the volume of traffic on-site and across the street at the Publix Plaza. Notable improvements were seen during this temporary analysis. As such, permanent improvements within B Road were agreed to and are recommended conditions of approval relating to the rezoning application (master plan amendment).

Since the September 2024 Town Council meeting, the applicant was directed back to the Planning and Zoning Board for further review. The applicant has since submitted further refined plans to reduce the number of waivers requested and address noted concerns. Revised drawings are attached for reference. Modifications for consideration include the following:

- Reduced number of hotel rooms to 81 rooms.
- Reduced hotel building height to comply with district standards, eliminating need for waiver.
- Reduced number of waivers requested. Waivers continue to include deviations relating to reduced size of required parking spaces (hotel), provisions for security lighting (hotel), and a park parcel larger than code maximum of five (5) acres.

To address and improve circulation within B Road, adjacent to the subject site, the applicant proffers the following improvements:

- Installation of “pork chop” median within B Road, at intersection of Avocado Avenue and B Road. Design to include flexible delineators or similar, and to be approved by Town prior to installation.
- Installation of “Don’t block the box” painting at same intersection.
- Installation of wayfinding signage, as noted above. Applicant has ordered signage and anticipates installation prior to the end of the year.

Recommendations: Staff recommends approval of the master plan amendment (rezoning), hotel site plan, and public park site plan subject to conditions of approval noted below:

NOTES:

1. THIS PLAN IS BASED ON SURVEY INFORMATION BY CAULFIELD & WHEELER DATED AUGUST 12 2019.
 2. THE INTENT OF THIS MASTER PLAN IS TO REFLECT DEVELOPMENT PODS PURSUANT TO THE COMPREHENSIVE PLAN DESIGNATIONS. PRIOR TO ANY DEVELOPMENT, EACH POD WILL REQUIRE SITE PLAN APPROVAL BY THE TOWN OF LOXAHATCHEE GROVES.
 3. ALL FUTURE DEVELOPMENT WILL BE IN COMPLIANCE WITH THE TOWN OF LOXAHATCHEE GROVES RURAL VISTA GUIDELINES TO BE CONFIRMED AT TIME OF SITE PLAN APPROVAL FOR EACH POD.
 4. "COMMON AREA" CONSISTS OF ROADWAY, LANDSCAPE BUFFERS, AND CONSERVATION EASEMENT TRACTS.
 5. PARCEL AREA BOUNDARIES ARE FROM PROPERTY LINES, CENTER LINE OF TANGERINE DRIVE AND THE EXTENSION OF THE NORTHWEST PROPERTY LINE TO THE EAST PROPERTY LINE. POD AREA BOUNDARIES EXCLUDE ROAD EASEMENTS, BUFFERS AND OPEN SPACE COMMON AREA. PARCEL AND POD AREAS ARE APPROXIMATE AND SUBJECT TO FINAL LEGAL DESCRIPTION AND PLATTING. ACCESS LOCATIONS TO PODS AND ROADWAY DESIGN ARE CONCEPTUAL AND SUBJECT TO BEING ADJUSTED AT TIME OF FINAL DESIGN AND PERMITTING.
- * BECAUSE THESE USES ARE MEDICAL AND DENTAL OFFICES, THEY COUNT AGAINST THE PARCEL 2 MAXIMUM ALLOWABLE DEVELOPMENT.
 ** THE TOTALS REFLECT THAT THE DENTAL OFFICE IN POD B4 AND MEDICAL OFFICE IN POD C COUNT AGAINST THE PARCEL 2 MAXIMUM ALLOWABLE DEVELOPMENT.

STATEMENT OF USE GROVES TOWN CENTER PUD

The proposed Conceptual Master Plan, same as the approved Conceptual Master Plan, establishes a commercial center along Southern Boulevard, providing convenient shopping and access to professional services to the Town's residents. It is designed to complement the rural character of the area and to encourage economic development and job creation. The Conceptual Master Plan is consistent with and implements the Town's approval of Applicant's previous request for a Large Scale Land Use Amendment for the subject property (Ordinance Number 2011-017), which amended the site's Future Land Use designation from Rural Residential to Multiple Land Use, and the most recent PUD modification approved via Ordinance 2019-08.

DEVELOPMENT PROGRAM

Groves Town Center PUD was first approved in 2013 per Ord. 2013-010 following a future land use amendment and rezoning. Two amendments have since been approved in 2018 per Ord. 2018-08 and in 2019 per Ord. 2019-08. The Groves Town Center PUD has been approved for a maximum of 103,000 square feet of commercial low, 44,000 square feet of commercial low professional office and medical office, a 128-bed congregate living facility and a Town Commons use.

The impetus for the requested change to the PUD Master Plan is a shared desire by the Applicant and the Town to remove the congregate living facility land use and allow a lodging use and simultaneously move the Town Commons use within the Master Plan to Pod G, which is the Pod that the congregate living facility is currently allowed on. Market conditions have changed since the PUD was first contemplated in 2011 and it no longer makes economic sense to build a congregate living facility while at the same time the demand for lodging along Southern Blvd in the Town has increased. Furthermore, the location of the proposed lodging use makes more sense in the TC Pod, as opposed to Pod G, which is closer to the existing residential neighborhood on the north side of Collecting Canal Road. As demonstrated on the enclosed map of hotels, the closest hotel to the Town is the Royal Inn Hotel (rated as a 2-star hotel by Google) which is approximately 3.5 miles away to the east. There are only nine hotels west of or adjacent to the Turnpike between Okeechobee Blvd and Lake Worth Road. There is a strong need for a hotel in the western reaches of the County.

The proposed swap of the congregate living facility land use for a lodging land use requires a Text Amendment to Special Policy 1.15.2 of the Future Land Use Element of the Comprehensive Plan because Special Policy 1.15.2 specifically enumerates that the Institutional Land Use category only allows a 128-bed congregate living facility and lodging uses are not mentioned. The other uses allowed in the PUD are not changing.

The proposed Master Plan is still divided into commercial, office and institutional pods consistent with Special Policy 1.15.2 and consistent with the provisions of the Town's Planned Unit Development Ordinance. It provides for interconnectivity among the various parcels within the site.

The other aspects of the PUD Conceptual Master Plan that were previously approved are not changing with this proposed PUD amendment. In other words, the configuration of the PUD Conceptual Master Plan in terms of the development pods and roads remains the same as the previously approved Conceptual Master Plan and Plat. The Conceptual Master Plan provides for natural areas, open space and landscape buffers that achieve the Town's Objectives and Policies and provide consistency with the Town's Rural Vista Guidelines. The Conceptual Master Plan maintains a twenty-five (25) foot wide landscape buffer adjacent to Southern Boulevard and it maintains the three hundred (300) foot buffer predominantly along the northern and eastern boundaries of the site and one hundred (100) foot buffer abutting the western and northern boundary. As per the previously approved site plan for the equestrian trail (Resolution 2018-84) a ten (10) foot wide equestrian trail has been constructed within the one hundred (100) foot and three hundred (300) foot buffers.

A site plan for the Town Commons use on Pod G has also been submitted. Parking for the Town Commons is proposed to occur on stabilized grass or gravel areas. The revised Master Plan provides a connection from the equestrian trail to the Town Commons so that people could ride their horses to events in the Town Commons.

Same as before, each proposed Pod within the project will be subject to individual site plan approval processes for individual users, allowing the Applicant and the Town to achieve further compliance with the Town's Rural Vista Guidelines and Land Development Regulations. This will assure that the appropriate setbacks, buffers, building designs, architectural treatments, pedestrian amenities, and other such features are incorporated within the site to further preserve, promote and reflect the Town's rural character.

The Applicant acknowledges that the project is subject to the permitting requirements of the Town's Native Tree Preservation, Soil Stabilization and Invasive Exotic Removal Ordinance and intends, to the fullest extent possible, to plan the project around the existing tree canopy, which shall preserve the natural beauty of the existing eco-system, consistent with the Town's objectives and the Rural Vista Guidelines.

The total proposed floor area of the uses in the proposed Conceptual Master Plan is the same as the approved Master Plan, which is 103,000 square feet of commercial low retail and 44,000 square feet of commercial low professional and medical office.

Nothing in the proposed revisions to the Conceptual Master Plan affects what was previously approved for Pod A via Resolution 2018-83.

Existing Uses of Adjacent Lands

To the south of the Groves Town Center is property within the Village of Wellington that is used as an elementary school and single-family residential.

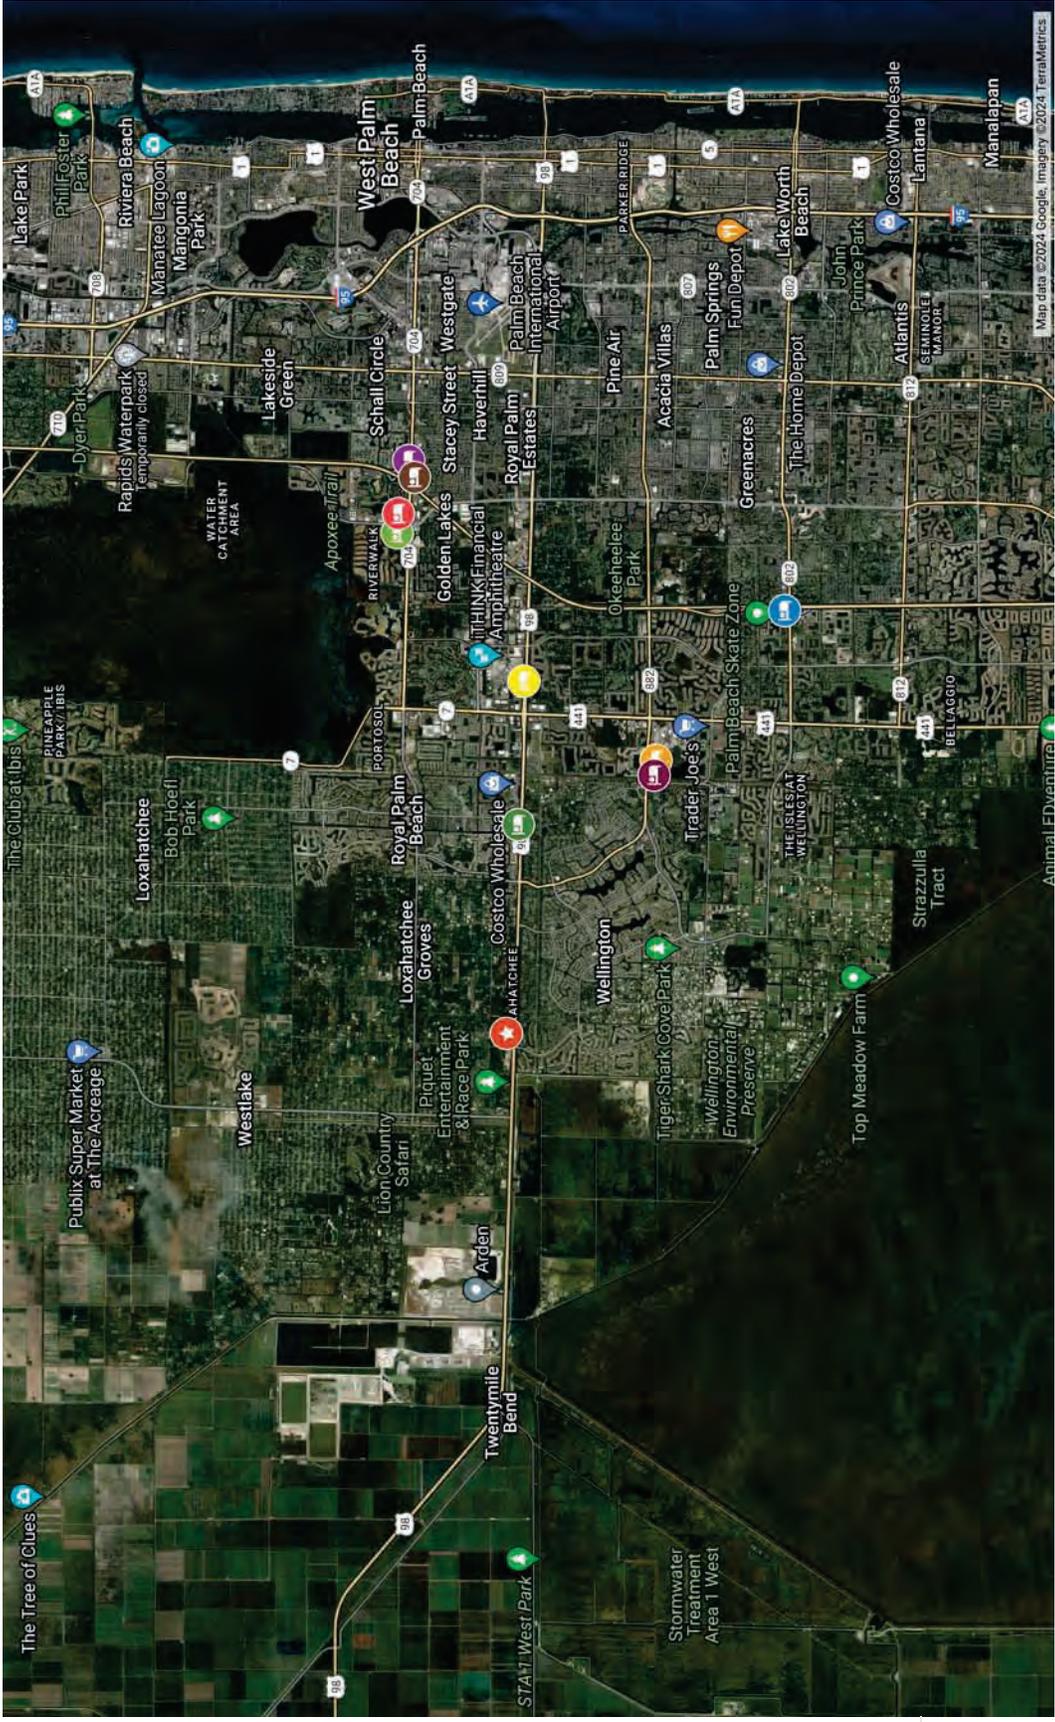

To the west of the Groves Town Center, on the west side of B Road is a shopping center and on the east side of B Road are three properties whose uses range from Ag Equestrian to Miscellaneous Ag.

To the north of the Groves Town Center are six single-family homes.

To the east of the Groves Town Center is one single-family home and numerous vacant, undeveloped parcels.

GROVES TOWN CENTER
PUD Amendment, Rezoning, and Comprehensive Plan Text Amendment**

REQUEST

On behalf of the Applicant, WGI is requesting the following:

- **Rezoning and PUD Amendment** to change the 128-bed congregate living facility use to a 81-room hotel, to relocate the Town Commons from Pod TC to Pod G, change the uses in Pod TC to lodging and commercial, reflect supplemental changes to the master plan in order to match the plat and other issued permits and amend conditions of approval of the Master Plan Ordinance; and
- **Comprehensive Plan Text Amendment** to change Special Policy 1.15.2 to reflect the change of permitted uses from a 128-bed congregate living facility to a 81-bedroom hotel.

SITE CHARACTERISTICS

Groves Town Center PUD is a 90-acre planned unit development with a future land use designation of Multiple Land Use (MLU) and a Zoning classification of Multiple Use Planned Development (MUPD). It is on the northeast corner of southern Boulevard and “B” Road and fronts three roads – Southern Boulevard, “B” Road, and “C” Road. It is comprised of 29 parcels listed in Table 1. The majority of the PUD is vacant with the exception of the southwest corner, where construction has begun on the first two commercial pods.

DEVELOPMENT PROGRAM

Groves Town Center PUD was first approved in 2013 per Ord. 2013-010 following a future land use amendment and rezoning. Two amendments have since been approved in 2018 per Ord. 2018-08 and in 2019 per Ord. 2019-08. Figure 2. is the most recently approved Master Plan. Per Ord. 2019-08 and *Special Policy 1.15.2* of the Town of Loxahatchee Groves Comprehensive Plan, the Groves Town Center PUD has been approved for a maximum of 103,000 square feet of commercial low, 44,000 square feet of commercial low professional office and medical office, a 128-bed congregate living facility and a Town Commons use.

Figure 2. Existing Groves Town Center Master Plan

The proposed amendment removes the 128-bed congregate living facility from Pod G and replaces it with a 81-room hotel in Pod TC and relocates the Town Commons use from Pod TC to Pod G as shown in Figure 3. The proposed amendment will also amend *Special Policy 1.15.2* of the Town's Comprehensive Plan to remove the 128-bed congregate living facility and add a 81-room hotel to the criteria of the Policy.

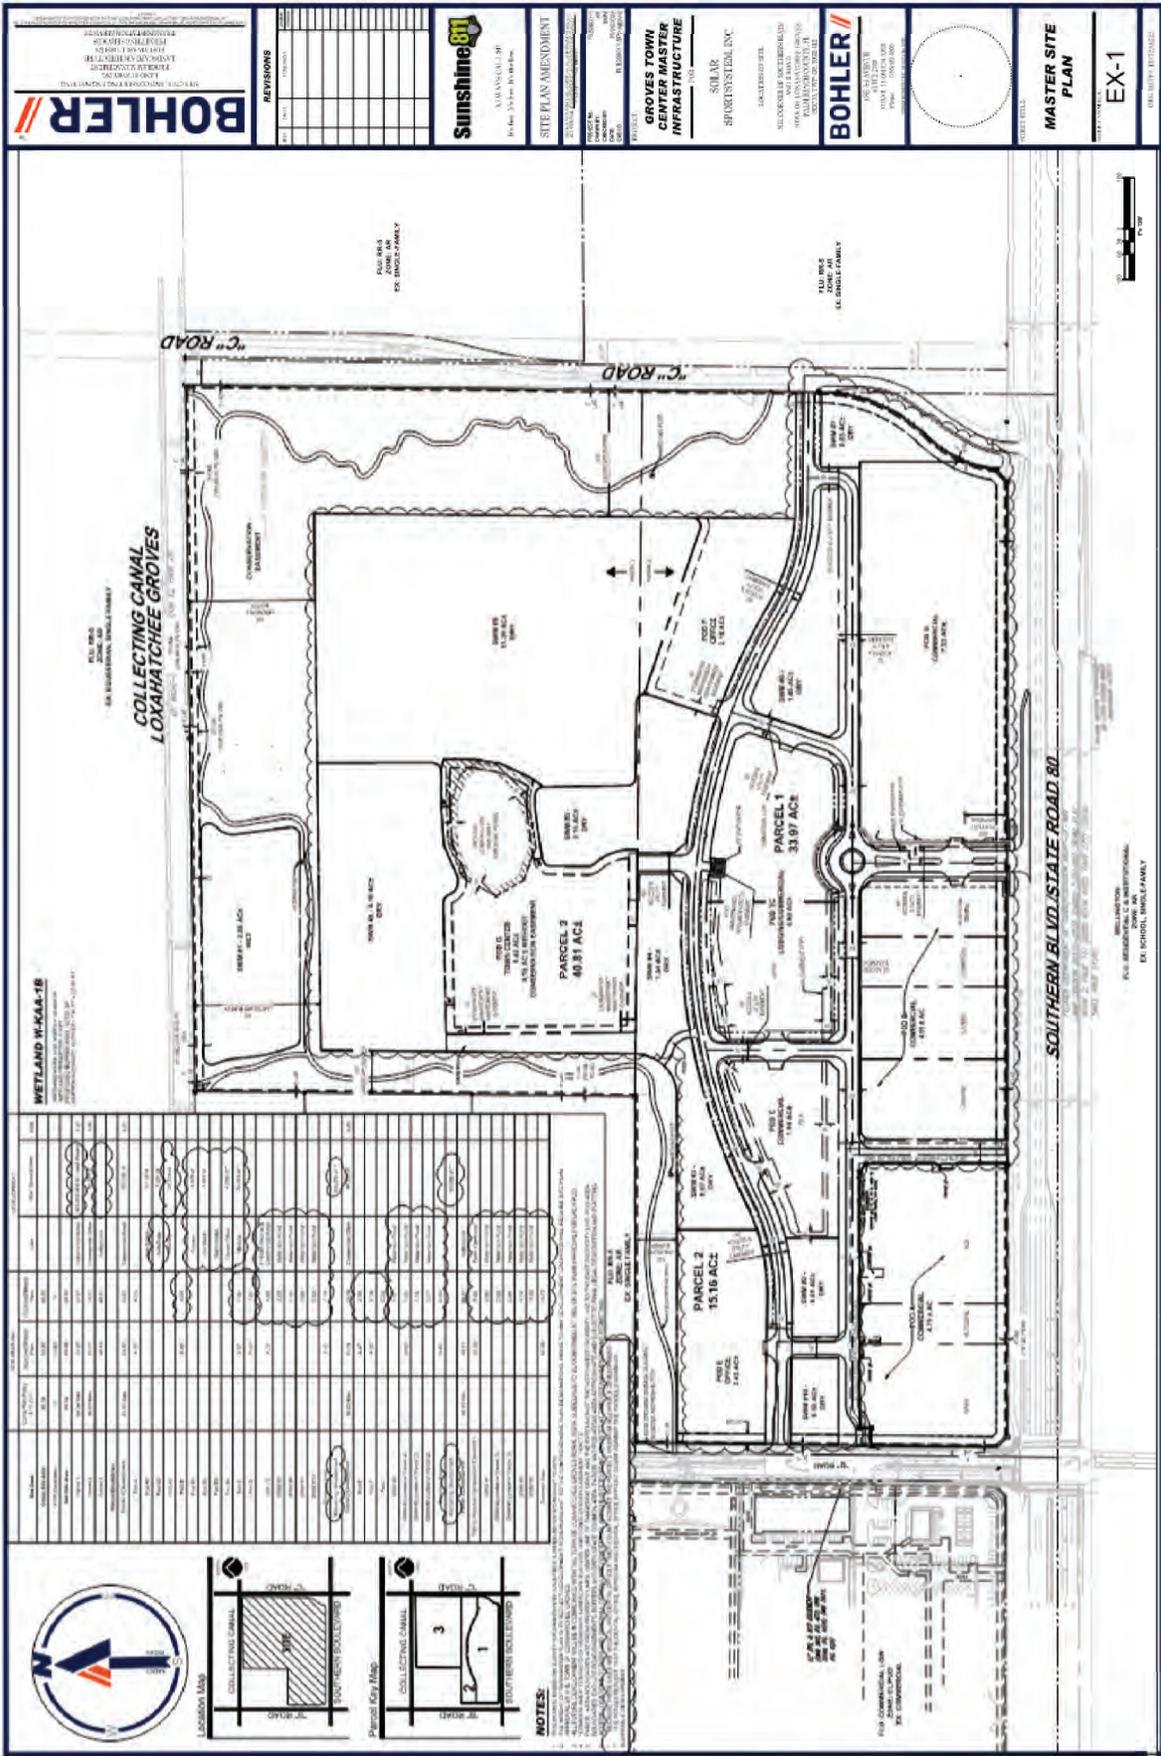

The change of use from congregate living facility to hotel and relocation of the Town Commons is consistent with the original Future Land Use Amendment approved via Ord. 2011-017 to change the Future Land Use of Groves Town Center from Rural Residential to Multiple Land Use, the Town's objectives and policies, Rural Vista Guidelines, and PUD's intent of establishing a commercial center along Southern Boulevard. The hotel will provide lodging for visitors with access to surrounding commercial uses along Southern Boulevard and equestrian facilities in the Town and neighboring communities. Its location in Pod TC means that visitors can easily access commercial uses in surrounding commercial pods, which will promote commercial and economic growth along the Southern Blvd corridor where such growth is directed. By continuing to direct commercial growth along Southern Blvd, the Town's agricultural and rural character away from Southern Blvd will be protected. Data has been collected and submitted that shows on a per room basis a hotel is a smaller building than a congregate living facility. Therefore, a 81-room hotel compared to a 128-bed congregate living facility would typically be a smaller building.

The following are the proposed changes to the conditions of approval for the PUD Master Plan ordinance:

- A.2 Insert new date of Master Plan and new application number
- A.3 Insert new date of Master Plan
- B.1 Change 128-bed assisted living facility to 81-room hotel and insert new date of Master Plan
- B.2 Delete condition because a site plan for the equestrian trails was approved
- B.4 Delete condition because the plat was recorded
- B.7 Delete condition because the improvement agreement was approved
- B.9 Change Pod TC to Pod G and insert new date of the Town Commons site plan
- B.10 Delete condition because Town Council approved the Stormwater Management Area
- C.1 Change the buildout date to reflect the most recent extension of the buildout date
- C.2 Note two items as having been completed
- C.6.a Delete condition because the item has been completed
- C.6.b Delete condition because the item has been completed
- C.8 Insert new date of Master Plan
- C.9 Noting that the conceptual drainage plan for the entire PUD as been completed
- C.10 Delete the condition because it has been completed
- C.11 Delete the condition because it has been completed
- D.6 Delete the condition because it has been completed
- E.1 Delete the condition because it has been completed
- E.2 Delete the condition because it has been completed
- E.3 Delete the condition because it has been completed
- E.4 Delete the condition because it has been completed
- E.5 Delete the condition because it has been completed
- E.6 Remove reference to assisted living facility
- G. Delete the condition because a master sign plan is not being contemplated any longer

- H.3 Add waiver to allow the hotel to have parking spaces that are 9' wide and 19' long and to have ADA accessible parking spaces that meet the federal requirements for size in lieu of the Town's larger dimensions for ADA spaces
- H.4 Add waiver to allow the Institutional use of the Town Commons on Pod G to exceed the maximum plot size of five acres

Figure 3. Proposed Groves Town Center Master Plan

CONSISTENCY WITH REZONING CRITERIA

Per Sec. 160-020 of Loxahatchee Grove’s Unified Land Development Code, the following criteria have been met:

- **The request is consistent with the Town's Comprehensive Plan:**

- *Goal 1: Loxahatchee Groves will continue to protect its natural environment and rural character in the midst of an urbanizing region. The Town will continue to be a rural residential and agricultural community that has a great respect for lifestyle choices balanced with historical community needs.*

The requests for a change of use and relocation of the Town Center maintains the protection of the Town’s natural environment and rural character by putting the commercial lodging use closer to Southern Blvd and putting the institutional use of the Town Commons in Pod G, which is closer to the back of the PUD.

- *Objective 1.1: The Town shall designate future land uses with appropriate uses, densities and intensities that will protect residential and agricultural land uses and encourage limited economic development.*

The requests propose appropriate uses and intensities. Market conditions have changed since the PUD was first contemplated in 2011 and it no longer makes economic sense to build a congregate living facility while at the same time the demand for lodging along Southern Blvd in the Town has increased. Furthermore, the location of the proposed lodging use makes more sense in the TC Pod, as opposed to Pod G, which is closer to the existing residential neighborhood on the north side of Collecting Canal Road.

- *Objective 1.2: The Town shall support development of rural-style commercial center along the Southern Boulevard Corridor.*

The requests support a rural-style commercial center along the Southern Boulevard Corridor. As with all development within the Groves Town Center PUD, the hotel will follow the Town’s Rural Vista Design Guidelines.

- *Policy 1.12.3: The Town shall encourage development of a rural-style commercial center along the Southern Boulevard Corridor to provide a center of accessible shopping, recreation, and employment opportunities for Loxahatchee Groves’ residents.*

The requests further the development of a rural-style commercial center along the Southern Boulevard Corridor to provide a center of accessible shopping, recreation, employment and now lodging opportunities for the Town’s residents and visitors.

- **The request would not give privileges not generally extended to similarly situated property in the area, or result in an isolated district unrelated to adjacent or nearby districts:**

The requests do not give privileges not generally extended to similarly situated property in the area or result in an isolated district unrelated to adjacent or nearby districts.

- **An error or ambiguity must be corrected:**

The congregate living facility use was not favored by the Town or the Applicant, therefore, the request for a change of use from congregate living facility to hotel addresses this ambiguity.

- **That there exists changed or changing conditions which make approval of the request appropriate:**

Market conditions have changed since the PUD was first contemplated in 2011 and it no longer makes economic sense to build a congregate living facility while at the same time the demand for lodging along Southern Blvd in the Town has increased.

- **That substantial reasons exist why the property cannot be used in accordance with the existing zoning:**

Market conditions have changed since the PUD was first contemplated in 2011 and it no longer makes economic sense to build a congregate living facility while at the same time the demand for lodging along Southern Blvd in the Town has increased. Neither the Town nor the Applicant desire to have a congregate living facility in the PUD.

- **That the rezoning is appropriate for the orderly development of the Town and is compatible with existing and conforming adjacent land uses and planned adjacent land uses:**

The location of the proposed lodging use makes more sense in the TC Pod, as opposed to Pod G, which is closer to the existing residential neighborhood on the north side of Collecting Canal Road.

CONCLUSION

The proposed PUD amendment, Rezoning, and Comprehensive Plan Text Amendment are all consistent with the Town of Loxahatchee Groves Comprehensive Plan and Rezoning criteria. The change of use from a 128-bed congregate living facility to 81-room hotel and relocation of the Town Commons to Pod G and transformation of Pod TC into Lodging and Commercial uses will continue to establish a rural commercial center along Southern Boulevard while protecting the rural and agricultural character of the Town. Based on this justification, Applicant respectfully requests approval of a **Rezoning** and **PUD Amendment** to change the congregate living facility use to a lodging use and to relocate the Town Commons use to Pod G and change the uses in Pod TC to lodging and commercial and a **Comprehensive Plan Text Amendment** to amend *Special Policy 1.15.2* to reflect the change of use from the 128-bed congregate living facility to a 81-room hotel.

Sincerely,

Matthew Barnes, AICP

Re: Groves Town Center Hotel - #PTC23-086

Dear Mr. Zimmer:

The purpose of this letter is to provide a traffic statement for the above referenced project. It is proposed to develop a 81-room hotel within the approved Groves Town Center located in the northeast quadrant of Southern Boulevard and B Road in the Town of Loxahatchee Groves. Access and the buildout year for the site will remain the same. The Parcel Control Number (PCN) for this Site is: 41-41-43-31-13-002-0010. **Attachment 1** provides a summary of the Site Plan submittals to date within Groves Town Center.

A trip generation analysis was conducted using the newest Palm Beach County and ITE, Trip Generation, 11th Edition trip generation rates. The trip generation for the overall Master Plan uses is provided on **Attachment 2A**. **Attachment 2B** provides the cumulative trip generation for the approved and proposed site plans. **Attachment 2C** shows the trips remaining for the Groves Town Center project. It is demonstrated that the trips associated with the approved and proposed site plans do not exceed the approved thresholds for the Groves Town Center project. With no increase above the approved trip thresholds, the requirements of the Traffic Performance Standards have been met.
