        - o Cost of study is covered via grant.
        - o Have used roughly \$2 million in grants for completed projects at the Coal Dock
- Ongoing projects:
  - o Ice House/Hardware rehab
    - Adding on to the Hardware Store and fixing up the old ice house for storage
    - Will eventually be using the old ice house area for UPS - have built a ramp so that a forklift can run pallets in and out
  - o Electrical upgrade
    - \$500,000 project with J. Ranck Electric out of Sault Ste. Marie, MI
    - Started last fall - still have quite a bit to do. Hoping to have completed by June 2025

  - Do not currently have plans for this - need to get complete conception for the docks first
- Use of the Coal Dock for winter boat service

    - Keeps the passengers out of the freight operation area
    - Plan is to have passengers and luggage disembark in to the warehouse
- Coal Dock lease extension – 40 years

- Goals for the Transportation Authority and City

  - Obtaining a dock in St. Ignace

Good morning Danielle!

I know there is going to be additional discussion regarding the arrival of the Manoogian Art Truck to the island this week at the City Council Meeting.

I had originally asked for it to be brought over on Friday, May 23rd after 6pm and escorted to the hotel that evening to be secured behind our building. That has been the historic date and timing in the past, but I understand you do not want it to be on the road that evening.

Can I have it come over with the Creative Day Technology truck that the city permitted for arriving at 6:30am on that Friday morning? I spoke with Arnold Freight, and they can bring them both over that morning and both can come up to the hotel together. Would that work for the city?

It would be difficult to have the art arrival at an earlier date and be securely stored until the space is open to hang it up on Saturday, May 24th. Let me know what you think of this as a solution or if I need to go back to the drawing board.

Mary Beth

City Clerk

Dear Danielle;

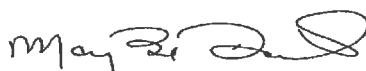

Thank you for assisting me with a permit for the vehicle coming with the art from the Manoogian's later in May.

The vehicle will be coming over on Arnold Freight the afternoon of Friday, May 23, 2025. They will be at British Landing around 6pm and will wait there until the police can escort them to behind the hotel.

The vehicle will be departing from the hotel at 7am on Sunday, May 25, 2025, back to British Landing for Arnold Freight to pick them back up to take them to St. Ignace. I know there were questions about a Sunday morning departure last year so please let me know if this isn't possible and we'll move the truck departing to late on Saturday night.

Please let me know if you have any questions and thank you again for your assistance.

Sincerely,

Mary Beth Daniels,

### **Bounce Houses**

#### **Friday June 6 - Sunday, June 8 & Friday June 13 - Sunday June 15 | 10:00 AM – 5:00 PM**

In collaboration with Bouncers & More, five inflatable recreational structures will be installed at Windermere Point for the event. Structures will be positioned as close to the water's edge as safety regulations allow, and air blowers will be directed toward Lake Huron to minimize noise disruption to surrounding areas and blend with natural wave acoustics.

These strategies have been successfully implemented over the past seven years. Additional safety measures include the use of 24" to 48" stakes. Wind conditions will be monitored, and units will be temporarily deactivated during gusts exceeding 20 mph. Each structure will be staffed by trained personnel from Bouncers & More. With authorization, the structures will be erected each morning and deflated each evening for operation during designated hours.
