ZONING BOARD OF APPEALS HEARING - 1485 ASTOR STREET

Friday, December 20, 2024 at 2:00 PM

City Hall – Council Chambers, 7358 Market St., Mackinac Island, Michigan

I. Call to Order

Mayor Doud called the hearing to order at 2:05 pm

II. Roll Call

PRESENT

- Richard Chambers
- Steven Moskwa
- Jason St. Onge

ABSENT

- Tom Corrigan
- Anneke Myers
- Alan Sehoyan

V. Correspondence

- A letter was received from Cathy Arbib of 4-F Development LLC on December 16, 2024
  - o The letter was placed on file.

VI. New Business

- Application has been made by Tony Brodeur, representing 1485 Astor Group LLC, to have usage restrictions removed from the property located at 1485 Astor Street. Property number 49-051-550-029-00, Assessors Plat No. 3, City of Mackinac Island, County of Mackinac, Michigan. The subject property is zoned Commercial.  
The subject restrictions were established in October 2007, in conjunction with the approval of a variance request to construct an additional / second apartment above the business known as the Mustang Lounge, located at 1485 Astor Street, as part of a 2007 proposed remodel project. The subject usage restriction states that, “only owners / employees will be allowed to use the housing (and that the use be non-transient) above the business known as the Mustang Lounge.” The applicant is proposing that “any person may own, use the apartments.”
- Requesting a density variance to keep the footprint as it is, but removing the restriction of who can use the apartments
  - o There are no plans to change the layout or anything of the sort
  - o Original 2007 request was for a density variance
- Dennis Cawthorne, attorney representing 1485 Astor Group, noted that there may potentially be less density by using the apartments as rental units rather than employee housing
  - o Mr. Cawthorne noted that, when reading the two sets of 2007 minutes, it is unclear whether the Council at the time imposed a use restriction because it thought the Liquor Control Commission required it or whether the Council did so for its own unstated reasons
- The Michigan Liquor Control Commission has no objection to the restrictions being lifted
- Discussion was had on if the removal of the restrictions being removed changes the use
  - o Nightly rental / hotel use (less than 30 days)
    - Apartments have been rented in this matter for the last few years, against the current zoning
- Building Inspector David Lipovsky noted that change in transient vs. non-transient use and various construction codes that would been to be brought up to date by the owner
- Councilman St. Onge voiced that the current restrictions are unfair, no other business in the downtown area has such restrictions, and there is no evidence as to a valid reason that these restrictions were set in the first place
  - o Councilman St. Onge stated that he is in favor of removing the restrictions.
- Mr. Cawthorne noted that at the time the original request was approved in 2007, the Mustang's liquor license was changed from a hotel class B to a resort class C

VIII. Adjournment

There being no further business, motion made by Moskwa, seconded by St. Onge, to adjourn the hearing at 2:45.  
Voting Yea: Chambers, Moskwa, St. Onge

Re: Mackinac Island Ferry Antitrust Issues

Dear Ms. Evashevski:

You have asked us to review the antitrust issues relating to the acquisition by Hoffmann Marine of the ferry companies serving Mackinac Island.

### Executive Summary

Hoffmann Marine's acquisition and combined operation of both ferry companies serving Mackinac Island is a monopoly and, unless an exemption applies, could be challenged under the federal or state antitrust laws. Active regulation of the ferry companies by the City of Mackinac Island pursuant to its charter likely serves to exempt the ferry companies from the antitrust laws under the "state action" doctrine and the Local Government Antitrust Act of 1984.

### Background

We understand the following based on our discussion with you. We did not independently review these facts and are relying on the information you provided.

Historically, three ferry companies provided service to Mackinac Island: Arnold Transit Company, Shepler's Mackinac Island Ferry ("Shepler's"), and Star Line. In 2016, Star Line purchased the assets of Arnold Transit Company, including its boats, docks and name, and began rebranding the combined business "Mackinac Island Ferry Company" ("MIFC"). In 2022, Hoffmann Marine, part of the Hoffmann Family of Companies, a privately-owned group of companies headquartered in Florida, purchased Shepler's. In 2024, Hoffmann Marine purchased Star Line/MIFC, bringing the two remaining ferry companies under common ownership. Hoffmann has since rebranded MIFC "Arnold Transit Company" ("Arnold").

Hoffmann Marine has maintained Shepler's and Arnold as separate corporations with separate management teams and separate assets, including docks and boats. Both companies, however, report to Jenny Gezella, Hoffmann Marine's President, who appears to be the ultimate decision-maker for both companies. Shepler's CEO Chris Shepler has spoken on behalf of both companies in dealing with City officials. In Summer 2024, when most of Arnold's boats were out of service, Shepler's used its boats to transport passengers for both companies.

The Charter of the City of Mackinac Island, approved by the Michigan Legislature in 1899, gives the City power to "license and regulate ferries to and from the city, . . . and to regulate and prescribe from time to time the charges and prices for the transportation of persons and property thereon." *Arnold Transit Co. v. City of Mackinac Island*, 99 Mich App 266, 269-272 (1980), quoting 1899 LA 437, Chapter IX. Relying on its charter, the City has historically granted franchises to the ferry companies.

In late 2024, Shepler's and Arnold asked the City to approve identical \$2 increases in certain ticket prices for 2025, citing their investments in equipment upgrades. Ms. Gezella and others appeared at the City Council meeting on behalf of Hoffmann Marine, representing both companies. Hoffmann Marine representatives denied the ferry companies are a "monopoly," apparently because they are allegedly managed separately, have separate assets and somewhat different rates. The City Council declined to approve the fare increases pending further study by a consultant.

### Analysis

The Hoffmann Companies' acquisition and operation of all ferry companies serving Mackinac Island creates a monopoly and, unless an exemption applies, could be challenged under multiple antitrust laws. Specifically, Section 7 of the Clayton Act, 15 USC 18, prohibits mergers that may substantially lessen competition or create a monopoly; Section 1 of the Sherman Act, 15 USC 1, prohibits contracts, combinations or conspiracies in restraint of trade; Section 2 of the Sherman Act, 15 USC 2, prohibits monopolization or attempted monopolization. Sections 2 and 3 of the Michigan Antitrust Reform Act, MCL 445.772, .773 ("MARA") are similar to Sections 1 and 2 of the Sherman Act and are construed in accord with the federal antitrust laws. See MCL 445.784(2).

There is little doubt that ferry service to Mackinac Island could be found to be a relevant product and geographic market capable of being monopolized. Compare *Spirit Airlines v Northwest Airlines*, 431 F3d 917, 933-35 (6<sup>th</sup> Cir 2005) (city pairs served by airlines were relevant markets for antitrust purposes).

The antitrust laws can be enforced by the Department of Justice ("DOJ"), the Federal Trade Commission ("FTC"), or the state Attorney General. See 15 USC 4; 15 USC 45; MCL 445.777, MCL 445.778(2). Private persons or entities injured in their business or property by an antitrust violation can bring lawsuits in state or federal court, including class actions, to recover treble damages, attorney fees and costs, and the State can bring a lawsuit seeking damages on behalf of its citizens as *parens patriae*. See 15 USC 15; MCL 445.778.

January 7, 2025

The argument that Shepler's and Arnold are "not a monopoly" is not supported by antitrust law. A parent corporation and its wholly-owned subsidiaries are, except in very rare circumstances, treated as a single entity under the antitrust laws. See *Copperweld Corp. v. Independence Tube Corp.*, 467 US 752, 771 (1984). As a single entity, Shepler's and Arnold have market power and would be considered a monopoly in the relevant market. If Shepler's and Arnold were actually independent companies (or were seriously held out as such), they could be found liable for fixing prices and dividing markets, which are per se antitrust violations of the Sherman Act and MARA. See *id.* at 763-64.

Hoffmann Marine has also suggested that the acquisitions are immune from challenge under the antitrust laws because they were not required to file a notice with the DOJ and FTC under the Hart-Scott-Rodino Act, 15 USC 18a ("HSR Act"), for the purchase of either ferry company. The City assumes Hoffmann relied on the size of the transactions as an exemption from the HSR Act. Regardless of the exemption, the HSR Act is clear that action or inaction by the agencies does not provide a defense to a future challenge to the acquisition or to post-acquisition conduct. 15 USC 18a(i)(1). All that can be said is that the DOJ and FTC have not yet challenged the acquisitions.

To date, no private suit has been filed challenging the acquisitions or any post-acquisition conduct. The four-year statute of limitations on a private lawsuit against either acquisition has not yet run, see 15 USC 15b, MCL 445.781. Any alleged violation is arguably continuing, tolling the statute of limitations.

The most viable defense to an antitrust challenge to the consolidation of the ferry companies is the "state action" doctrine, which exempts certain conduct of government units and regulated entities from the antitrust laws. See *Parker v. Brown*, 317 US 341 (1943). The Michigan Legislature's express delegation of the power to regulate ferry rates exempts the actions of the City of Mackinac Island itself from the antitrust laws. While municipalities and other subordinate state units like the City of Mackinac Island are not automatically covered by "state action," *City of Lafayette v. Louisiana Power & Light Co.*, 435 US 389, 413 (1978), municipalities need only show their anticompetitive activities were "authorized by the State 'pursuant to a state policy to displace competition with regulation or monopoly public service.'" *Community Communications Co. v. City of Boulder*, 455 US 40, 52 (1982). A municipality need not show either state compulsion or active state supervision. See *Town of Hallie v. City of Eau Claire*, 471 US 34, 38 (1985).

Private entities like Arnold and Shepler's are covered by the "state action" doctrine if their conduct is "actively supervised" by the state itself pursuant to a "clearly articulated and affirmatively expressed . . . state policy" to displace competition with regulation. *California Retail Liquor Dealers Ass'n v. Midcal Aluminum, Inc.*, 445 US 97, 105 (1980). Passive acceptance of a tariff, however, is not enough to trigger the exemption. *Cantor v. Detroit Edison Co.*, 428 US 579 (1976).

In 2024, Michigan Attorney General's antitrust unit conducted an informal investigation of the acquisitions, but took no enforcement action, relying on the understanding that the City would actively regulate the combined ferry companies. While the United States Supreme Court has never decided the issue, a number of lower courts have concluded that active municipal supervision in

accord with state law confers antitrust immunity on the regulated entity. See *GF Gaming Corp v. City of Black Hawk*, 405 F3d 876, 886-87 (10th Cir 2005); *Trinity Ambulance Service, Inc v G&L Ambulance Service, Inc*, 625 F Supp 142 (D Conn 1985), aff'd, 787 F2d 86 (2d Cir 1986); *Vartan v Harrison Development Corp*, 655 F Supp 430 (ND Pa 1987). Also see *Crosby v Hospital Auth. of Valdosta and Lowndes County*, 93 F3d 1515, 1531-32 (11th Cir 1996). But see *Riverview Investments, Inc v Ottawa Community Improvement Corp*, 774 F2d 162 (6th Cir 1985) (assuming active supervision must be by the state, not a city); *City Communications, Inc. v. City of Detroit*, 660 F Supp 932, 935 (ED Mich 1987).

Reacting to the large number of antitrust suits against municipalities after *Lafayette* and *Boulder*, Congress in 1984 adopted the Local Government Antitrust Act, 15 USC 34-36 ("LGAA"). The LGAA prohibits an award of damages, interest or attorney fees under the federal antitrust laws against local governments or their employees "acting in an official capacity," or any other "person based on any official action directed by a local government, or official or employee acting in an official capacity."

The LGAA's limited immunity from damages under the federal antitrust laws thus potentially extends to private entities regulated by the municipality, like Shepler's and Arnold. The Eastern District of Michigan in *City Communications*, however, found a question of fact existed as to whether the city was the "effective decision maker" or merely rubber-stamped the decisions of the private defendants. 660 F Supp at 935.

The Michigan legislature has not adopted a counterpart to the LGAA. While MARA is to be applied consistently with federal antitrust law, MCL 445.784(2), we are aware of no Michigan state court decision considering the application of the state action doctrine to municipal regulation.

We appreciate the opportunity to advise the City on the issues presented and would be pleased to address any further questions.

Very truly yours,

Miller, Canfield, Paddock and Stone, P.L.C.

## MEMORANDUM

TO: Township/City Clerks & School Representatives

FROM: Hillary Vowell  
Mackinac County Clerk

RE: Election Coordination School Agreements

DATE: January 2, 2025

---

As you are aware, consolidated election legislation now requires that school board elections be held in November of even years; however, election law still requires that a School Election Coordinating Plan be adopted. This requirement is in order to accommodate a plan for any "special" school elections that may occur on an election date other than the November even year.

I have included an agreement for your review. If the enclosed proposed agreement meets your approval, please sign and email back to me or let me know asap if any changes need to be made. These agreements are binding on the participating jurisdictions and must be reported to the State of Michigan Bureau of Elections.

If you have any questions or concerns, please do not hesitate to call me at (906) 643-7301.

## Swimmer Safety Protocol for The Mackinac Island Swim

(text in red denotes changes from 2024 protocol)

### Swimmer's required safety measures

- All swimmers are required to wear a wetsuit\*
  - \*Except for swimmers opting to bring their own support crew
    - Swimmer will be required to have either (or both)
      - A kayaker with them at all times
      - A support crew following their swimmer around the island and checking in with staff at aid stations to update their status
- All swimmers are required to have a swim buoy
  - Marked with personal identification and emergency contact
- All swimmers are required to have a whistle

### Additional safety recommendations that are not mandatory

- Swimmers are encouraged to have a support kayaker with them
- Swimmers are encouraged to have a support crew follow them around the island from land
- Swimmers are encouraged to pack footwear in their buoy for entry/exit

### Chip timing system

The Mackinac Island Swim will be using a chip timing system or something equivalent (RFID tracking, QR code, etc.) as an initial means to track swimmers entering or leaving the water. We will also have a manual system set in place as a means of back-up.

### Tracking swimmers from land and safety measures taken on land.

Staff will be responsible for checking swimmers out of the water if they decide they cannot finish the swim. Staff roaming the perimeter throughout the swim will also be responsible to contact finish line staff with these reports (swimmers exiting the water) as they occur. All volunteers and staff will be in wearing event shirts. Swimmers will be informed of this procedure during the online safety meeting. This information is also covered during registration and on the website's "info" link.

Lifeguards that are present on the land will be instructed to gradually spread out during the event to no more than ¼ mile spacing (this number is based on recommended distance of lifeguard towers at public beaches). The Mackinac Island Swim will follow American Red Cross standards and will thus have at least 1 lifeguard or medical professional for each 25 swimmers in the water. All lifeguards and medical staff present at this event will be wearing red shirts labeled with the swim's logo and the term "MEDICAL" or something equivalent.

Specific exchange points will be used for relay teams. These relay exchanges are noted on the map on page 4. Relay swimmers not in the water will be acting as additional support for land spotting and tracking of their respective swimmer.

Two aid stations will be located along the swim course. These locations can be seen on the provided maps. Each aid station will be supported by a volunteer crew that consists of at least one medical volunteer (lifeguard, nurse, doctor, etc.) and a roaming paramedic within at least 1 mile of this location.

Lifeguards and medical staff have full authority to address any swimmer they feel is struggling to be pulled from the water.

### **Tracking swimmers and safety measures taken from the water.**

In addition to support kayakers with their respective swimmers, the Mackinac Island Swim will be providing kayak/boat support volunteers. A minimum of 1 volunteer kayaker per 20 swimmers will be provided. These kayakers will be moving along as the swim proceeds around the island. There will always be 1 lead kayaker with the fastest swimmer and 1 kayak with the slowest swimmer. All other kayakers will gradually spread out during the event and remain with the packs of swimmers as they disperse. Kayakers will be responsible for keeping swimmers within 200 yards of the shoreline. Support kayakers and volunteer kayakers will be differentiated by shirt color, each kayaker will be given a neon shirt or reflective vest for the event. These volunteers will also be required to carry cell phones and lifejackets.

Swimmers will be required to reach the North point of the island by 12:00pm or they will be escorted to shore and required to walk to the finish line per waiver they signed.

At minimum there will be 3 additional 6-8 passenger vessels in the water to assist with the event. These vessels will patrol the front, middle and back section of each herd of swimmers. These support crews will have cell phones along with marine radios to act as communications beacons for event staff on the island as well as in the water. Each vessel will include a minimum of 2 volunteers. One to navigate the boat and one to oversee the participants.

### **Communications**

Cell phone signal has been tested at various locations around the swim course and signal shows sufficient strength in all locations for calls and messaging. All volunteers have been informed to carry a cell phone with them in case of emergency and given a list of emergency contacts which include: Paramedic staff, event director, finish line staff, boat staff and additional volunteers of importance. Kayakers are provided waterproof cases for their cell phones and urged to bring back-up batteries.

Volunteers on powered vessels as well as paramedics will be given handheld marine radios to communicate with in addition to the use of their cell phones.

### **Inclement weather**

In the event of weather creating hazardous marine conditions or lightning being forecasted in the area, a decision will be made by the Event Director to cancel the event. If the leeward side of the island allows for safe swimming conditions, an out and back course will be used as a back-up route. The same protocols discussed for a swim AROUND the island would be placed for use in this OUT-&-BACK back-up plan.

### **PAYMENT/CREDIT ARRANGEMENTS**

#### **Pre-Payment for Event**

The group agrees to pre-pay its projected master account 14 days prior to arrival. Working with its Mission Point conferences services manager, the group will provide final food and beverage guarantees 21 days in advance of arrival. Within 1 business day of final guarantees, Mission Point's accounting department will provide the group an invoice based on the master account. The preferred and most efficient method of payment is wire transfer; however, credit cards and checks are accepted. Regardless of type, payment must be received 14 days in advance of arrival.

Should payment not be received 14 days prior to arrival, *Mission Point retains the option to terminate this agreement and the group will remain liable for amounts outlined in projected Master Bill.*

Both Mission Point and the group understand that in some cases during the post event reconciliation there may be additions or credits to the final account for the group. Final post event reconciliation and final invoice will be provided to the group within 5 business days of the group's departure. Any credits will be provided to the group within 5 business days and any outstanding invoices will be due to Mission Point in 30 business days.

Should the account not be satisfied within 30 days, it will accrue interest at 1.5% per month (18% per annum). If needed to secure payment, the Group agrees to pay Mission Point all expenses incurred in attempting to collect the balance owed including, but not limited to, all legal expenses and attorney's fees.

**Food and Beverage Cancellation Policy**

The Group may reserve individual meal functions with the Hotel. These meal functions will be counted against the contracted Food and Beverage Minimum. If Group cancels an individual meal function within 120 days of the Group's arrival, it will be charged 100% of the agreed upon charge for the meal function. This charge will be counted against the contracted Food and Beverage minimum. There is no charge to the Group if it cancels an individual meal function outside of 120 days from the Group's arrival.

**FORCE MAJEURE**

No party shall be liable or responsible to the other party, nor be deemed to have defaulted under or breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement (except for any obligations to make payments to the other party) when and to the extent such failure or delay is caused by or results from any circumstances or causes beyond the reasonable control of a party, including, without limitation, fire or other casualty, act of God, strike or labor dispute, war or other violence, pandemic or epidemic, all types of disaster, any law, order, regulation, or requirement of any governmental agency or authority, curtailment or interruption of utility service for sewer, water, or power to the Hotel, high lake levels, curtailment of transportation facilities, or any other events or circumstances not within the reasonable control of the party affected, whether similar or dissimilar to any of the foregoing (each, a "Force Majeure Event"). If a Force Majeure Event makes it illegal, impractical, or impossible for the Hotel to provide, or the Group to use, the Hotel facilities for the Group's function on the schedule event date(s), then this Agreement may be terminated by either the Hotel or the Group upon written notice to the other party within 10 business days of the terminating party learning of the Force Majeure Event. In the event of such a termination, the Hotel will not charge the Group for any cancellation fees or assessments and the Hotel will work with the Group to rebook the function to a mutually agreed new event date(s) based on availability. If the Group rebooks the function to a new event date(s), the Group's non-refundable deposit will be held by the Hotel for the new event date(s). If the Group elects not to rebook the function to a new date(s), then the Hotel shall retain the non-refundable deposit.

Group also agrees to defend, indemnify, and hold harmless Hotel from any liability resulting from any claim or action or cause of action, which may be asserted by third parties arising out of performance of Group's obligations pursuant to this Agreement, except those actions which are due to the misconduct or negligence of Hotel.

**INSURANCE**

Group is required to insure its obligations set forth in the section entitled "Indemnification and Hold Harmless" above, and to provide evidence of such insurance upon request. For any activity introduced onto the premises by an outside contractor hired by Group, Group will be fully responsible for the actions of such outside contractor. Upon request, Group will provide a certificate of insurance covering the actions of such outside contractor, naming Hotel Owner and Mission Point as additional insured with regard to the activities of such outside contractor.

All meeting room layout, set-up and diagrams must be pre-approved and in accordance with state and local fire codes. Hotel reserves the right to impose restrictions with respect to the type, quality and placement of all signs.

Notice must be given through certified or registered mail, return receipt requested, overnight delivery, with a signature signifying receipt, or by facsimile in order to be effective under this Agreement and shall be deemed delivered upon receipt.

**DAMAGES**

The Hotel shall not be liable to the Group or any individuals within the Group for any special, indirect, incidental, consequential, punitive or exemplary damages, including, but not limited to, lost profits, even if the Hotel or any of its agents or employees have knowledge of the possibility of such damages.

**WAIVER**

If one party agrees to waive its right to enforce any term of this Agreement, that party does not waive its right to enforce such term at any other time or to enforce any or all other terms of this Agreement.

**BINDING AGREEMENT**

This Agreement, along with the Program of Events, Meal Functions and Hotel's Information Sheet, which are incorporated herein and by reference, are all of the terms agreed to by the parties. Any changes to these terms must be made in writing and signed by both parties to be effective. All prior agreements, verbal or written, are no longer effective once this Agreement is signed by the parties.

**WAIVER OF JURY TRIAL**

Group and Hotel acknowledge that the right to trial by jury is a constitutional right, but one that may be waived. **ENFORCEABILITY**

Hi Danielle,

I hope this email finds you well, and ready for a relaxing holiday season!

I am attaching my permit request for the 2025 Mackinac Island Swim along with the relevant contract I have with Mission Point Resort, the State Park permit, and our safety protocol. As I have in the past, I will update you with my insurance contract once it's completed after we have our registration numbers.

We don't have any changes from the previous year other than an addition to our safety protocol. We are certainly open to suggestions or hearing any questions/concerns that may have arisen following the 2024 event.

Please let me know if there is anything else you need from me.

Thank you and Merry Christmas!  
Jon

Dennis, Danielle,

Hope your Christmas was great. I have a handful of permit apps coming your way this AM. All are short fiber placements, and pretty straight forward.

This one is for the water treatment plant at 5951 M-185. It's a short bore from out existing fiber HH at the Verizon site 300' to the South. All work will be in the greenbelt. No road crossings or concrete restoral foreseen. The actual bore starts on Print 3 of the attached. The fist couple prints are just doing some splicing in existing fiber already placed.

Have a great New Years!

Dennis, Danielle,

This one is for fiber placement for 1432 Bogan St North of Main St. All work should be done in the greenbelt. We will need to go under a flag of sidewalk, but I don't believe we should need to do any sidewalk restoral. See picture on print 2

Dennis, Danielle,

This one is for the church at 1623 Fort just NW of Market St. We will need to do a short bore under Fort St and place a handhole in the sidewalk. So, there will need to be sidewalk restoral as well. I believe UCI was going to get with you, if they haven't already, and find out who the City uses for concrete restoral.

Mike,

Just a heads up. There will likely need to be a bond for the bore under Fort St and the concrete restoral in the sidewalk.
