CALL TO ORDER

ROLL CALL AND DECLARATION OF A QUORUM

ELECT CHAIRMAN AND VICE CHAIRMAN

1. Discussion and possible action to elect a Chairman and Vice Chairman for the Mangum City Hospital Board.

CONSENT AGENDA

The following items are considered to be routine and will be enacted by one motion. There will be no separate discussion of these items unless a Board member (or a community member through a Board member) so requests, in which case the item will be removed from the Consent Agenda and considered separately. If any item involves a potential conflict of interest, Board members should so note before adoption of the Consent Agenda.

- 2. Approve February 23, 2021 Regular meeting minutes.
- 3. Approve February 18, 2021 Medical Staff Minutes.
- 4. Approve February 11, 2021 Quality Meeting Minutes.
- Discussion and possible action regarding amending, adopting, approving, rescinding, or updating the following policies and procedures. All polices were made available to board members digital format for their review and will be made available to the public as requested in paper format at the hospital within 48 hours.

- Approve Hospital Rehab Department Policies and Procedures
- 24. Approve Patient Discharge Safety Checklist.
- 25. Approve Blood Transfusion Outcome Review Form
- 26. Approve 2020 Financial Reports

FURTHER DISCUSSION

Items 27 and 28 will be voted on in one motion and items 29, 30 and 31 one will be voted on in another motion.

27. Approve Financial Reports for December 2020.

Andrea Snider went over the the financials as follows: Balance Sheet

Operating cash decreased \$128,163 from November 30, 2020 balance. This is primarily driven by:

An adjustment to the stimulus fund balance was made to replenish the \$1.04M initially borrowed for operating cash. (previously - \$1.492M borrowed - \$451K that had been identified to qualify to be retained as operating cash.) The stimulus funds have been segregated within the financial statements to track and report these separately.

A \$967,967 Medicare receivable was paid to the facility in December and an additional adjustment of \$495,378 to increase the 2020 interim rate receivable estimate, along with principal payments on debt services resulted in the net increase of \$341,364 seen in the Due to Medicare liability account.

Income Statement

Net Patient Service Revenue increased \$405,757 from November. This is primarily driven by a positive adjustment to contractual allowances regarding the 2020 interim rate receivable.

Total operating expenses for December were \$1,467,267. This amount is substantially higher than the YTD average of \$1.2M due to a surge in contract labor, stimulus bonuses through payroll, and inventory audit adjustments regarding year end physical count.

28. Approve Financial Reports for January 2021.

Andrea gave an overview of the financials as follows:

Balance Sheet Highlights:

Operating Cash of \$1.4M increased \$190K from the December 31, 2020 balance. A small adjustment to the Stimulus fund reserve for supplies related to the treatment of COVID-19.

AP increased \$430K in January, this primarily is due to having a \$210,000 operating loss and a little bit of a timing of a delayed check run processed 2/1.

The Medicare overall showed a 1.3-million-dollar receivable based on August 31, 20, so this is not the final for 2020. These funds were not paid out to the hospital instead were applied to the past ERS loans. The Medicare payables I referenced on the January Medicare schedule is where you will see the payoff of the three oldest loans, the 2016 settlement and the 2017 interims have all paid off. You will see a sizable payment on 2018 cost report settlement as well.

Income Statement Highlights:

Net Patient Service Revenue in January is about \$878,000. This is a little bit of a decrease from prior average. January had a lower census than previous months and so January is reflective of that.

Operating expenses for January were also lower in January of about \$1.1 million. This is primarily driven because of contract labor by the decrease in contract labor was lower as Marie mentioned that they have hired some more staff. As you know the less patients we have, the less staff we need. Overall, the revenue and expense totals for January resulted in a \$210,000 net operating loss.

Motion to approve both items 27 and 28 in one motion.

Motion made by Trustee Lively, Seconded by Trustee Vanzant.

Voting Yea: Trustee Lively, Trustee Heiskell, Trustee Vincent, Trustee Vanzant

29. Approve CEO Report for November 2020.

Marie Harrington went over the Nov 2020 CEO report.

Jessica Pineda was Employee of the month for November.

We continue to swab any admits for COVID-19.

Nov COVID-19 stats 208 Swabs, 45 positives (21.63%, 164 Negative (78.84%) 0 Pending and 1 death. Median Age: 54-68.

Greer County November COVID-19 Statistics: 262 Positive Cases and 8 Deaths (3.05% death rate).

Due to COVID-19 surge in November we have prohibited vendor visitation to hospital and limited patient visitation to only palliative care patient visitation.

November average daily census 14.67 Swing bed and Acute patients per day.

Carport was installed at the clinic on November 17, 2020.

30. Approve CEO Report for December 2020.

Marie Harrington gave her CEO report for December.

Some of the highlight are listed below:

We continue to swab any admits for COVID-19.

December COVID-19 stats: 161 Swabs, 16 positives (9.93%), 145 Negative (90.06%) 0 pending and 1 (.62%) death.

December prevalence: 9.93% Median age: 66 to 81.

Greer County December COVID-19 Statistics: 390 positive cases and 9 deaths (2.30% death rate).

Participated in all OSDH Region 5 Vaccine planning meetings.

Drafted our MRMC Vaccination plan for Phase 1 and beyond.

Administered the Pfizer-BioNTech Vaccine to 3 groups of Phase 1 recipients. Everything went well and no serious adverse reactions were reported.

December Daily census 8.5 swing bed and acute patients per day; Average daily census for 2020 was 10.95.

COVID-19 Bonuses were approved, and these bonuses were distributed to all staff the first payroll in January.

31. Approve CEO Report for January 2021.

Marie Harrington gave her CEO report for January 2021.

Listed are some of the highlights.

Continue to swab any admits for COVID-19.

January COVID-19 Stats at MRMC: 157 Swabs, 7 Positive (4.45%), 139 Negative (88.53%), 0 Pending and zero deaths.

January COVID-19 Prevalence 4.45%, Median Age: 49.4. Greer County January COVID-19 Statistics: 461 Positive Cases and 13 Deaths (2.81% death rate).

Completed Savance COVID-19 Screening Kiosk Implementation and Training in January. We tested a small number of the administration/business office team members the week of January 18th -22nd. Went well but worked through some technical difficulties. Go Live was scheduled for the week of January 25, 2021 and went well. Successful implementation with minor issues that continue to be improved and resolved.

Enrolled RHC as a Pandemic Provider and received status approval on January 13, 2021. Hospital and Clinic are Pandemic Providers.

Desiree Sutherland was awarded the Employee of The Month for January during the MRMC All-Staff meeting on February 9, 2021.

Price Transparency Link from PARA was embedded into our Mangum website and went live on January 27, 2021. It looks wonderful and I went through a demo to review what the patients would experience submitting a price request.

Motion to approve items 29, 30, and 31 in one motion.

Motion made by Trustee Lively, Seconded by Trustee Vincent. Voting Yea: Trustee Lively, Trustee Heiskell, Trustee Vincent, Trustee Vanzant

REMARKS

Remarks or inquiries by the audience not pertaining to any item on the agenda.

None.

REPORTS

OTHER ITEMS

OPEN SESSION

46. Discussion and possible action with regard to executive session, if necessary.

Not needed.

STAFF AND BOARD REMARKS

Remarks or inquiries by the governing body members, City Manager, City Attorney or City Employees

Trustee Vanzant asked how he can see a yearly financial report, a yearly budget, a monthly budget and a P&L statement. Dennis or Andrea can get it for you. We can work that through Marie. Trustee Heiskell asked if they could be given a class on the financials. Corry explained that it would be considered an open meeting and an agenda would need to be posted and the public could attend as well.

There was a request for an update from our legal standpoint on where we are with a lot of things. We are not prepared to give that and don't have those attorneys on hand that we can just reach out to them and they be able to get us that in a short time. They took it off the agenda because they were not ready. Trustee Heiskell asked if we could be ready for the next meeting. City Manager stated that it would be on the next meeting.

NEW BUSINESS

Discussion and possible action on any new business which has arisen since the posting of the Agenda that could not have been reasonably foreseen prior to the time of the posting (25 O.S. 311-10)

None

- 4. Report from the Chief Executive Officer
 - a. CEO report Marie Harrington, CEO
 - We continue to swab any admits due to increased number of positive COVID-19 patients in Mangum. Treating all patients in our ER as if they have COVID-19 until proven otherwise.
 - January COVID-19 Stats at MRMC: 157 Swabs, 7 Positive (4.45%), 139 Negative (88.53%), 0 Pending and 0 deaths.

- COVID 19 Prevalence Overview by Month at MRMC:
 March: 32% Prevalence, April: 25% Prevalence, May: 6%,
 Prevalence, June 0% Prevalence, July: 10% Prevalence,
 August: 2.4% Prevalence, September: 2.73% Prevalence,
 October: 6.47% Prevalence, November: 21.63% Prevalence,
 December Prevalence: 9.93%, and January Prevalence: 4.45%,
 Median Age: 49.4.
- Greer County January COVID-19 Statistics: 461 Positive Cases and 13 Deaths (2.81% death rate).
- PPE and Swab supplies have been adequate for us to manage during this current crisis.
- Updated COVID-19 Binder at Nurse's station, City Annex and Provider room to ensure communication and COVID-19 updates and education are read. Signature is required for all read and sign documents in binder. Providers are kept up to date with the COVID-19 Provider Update/Education Binder in the provider sleep room. CEO has also communicated with providers via email, cell phone and text messages during this continued COVID-19 Pandemic. Last update was 12.03.2020.
- Due to COVID-19 surge in January we have prohibited vendor visitation to hospital and limited patient visitation to only palliative care patient visitation.
- Cohesive Healthcare provided staff lunches for January, 2021 during this pandemic. All staff members are very thankful for this support.
- Completed Savance COVID-19 Screening Kiosk implementation and training in January.
- Enrolled RHC as a Pandemic Provider and received status approval on January 13, 2021. Hospital and Clinic are Pandemic Providers.
- Desiree Sutherland was awarded the Employee of The Month of January during the MRMC All-Staff meeting on February 09, 2021.
- MRMC-KPIs for January were reviewed. The quality improvements continued to be significant: 0 Falls, 1 Employee Work Related Injuries, 3 Med Variances, 2 AMAs, 0 LWBS, 5 Referrals, 3 Denials, 0 Inpatient Mortalities, 0 ER Patient Mortality, 1 Readmission to Acute, 1 Grievance and 0 Complaints. Zero CAUTIs, CLABSIs, or CAEs, and OHA Pressure Ulcers. A total of 104 ER patients were admitted which was a decrease of 16.8% over previous month. A total of 252 Outpatient visits. Average Daily Census: 5.9
- The hospital generator update:
 - Reyes Electric began the project and will perform a new assessment when approved. Project is still pending.

- Contracts and items, we prepared for February Board meeting:
 - o Lippincott (Wolters Kluwer Health, Inc.)
 - o OFMO
 - o Spacelabs

Written report remains in the minutes.

5. Committee / Departmental Reports

- a. Medical Records
 - i. No report was given.

b. Nursing

Excellent Patient Care

- Monthly Education topics included: Administration of Bamlanivimab for COVID-19 positive patients.
- Staff are updated regularly regarding Cohesive COVID Task Force directives.
- Implemented and initiated Oklahoma State Dept. of Health COVID-19 Pandemic Provider status.

Excellent Client Service

- Patients continue to rely on MRMC as their local hospital. Patient days decreased from 265 in December to 183 in January. This represents an average daily census of 5.90.
- MRMC Outpatient services are proud to begin offering Bamlanivimab. Bamlanivimab is a neutralizing antibody infusion available for Outpatients that are positive for COVID-19. The drug may help to limit the amount of virus in the body. This may help their symptoms to improve sooner and may be less likely to need to be admitted to the hospital.
- MRMC continues to collaborate with Oklahoma State Dept of Health in providing COVID-19 vaccination clinics.

Preserve Rural Jobs

- Open Positions include Full Time RT, MLT, RN, LPN and CNA
- Recruiting efforts included direct mailing of postcards to qualified recipients.
- Hired 3 LPN's for core staff. Written report remains in minutes.

c. Infection Control

Date of Meeting: February 10, 2021

 - c. New email: vaccinate@mangumregional.org
 - d. Wednesday meetings Mangum Covid Vaccination
- Employee Education
 - a. HealthStream
- Employee Health
 - a. Employee Files Annual TB
 - b. COVID Vaccinations
- Policy & Procedure
 - a. Changes to EMR now mandated 41- 47
- Committee Updates:
 - a. Performance Improvement Projects
 - N/A
 - b. Regulatory Compliance/Site Visits
 - TB Risk Assessment
 - TB Risk Assessment Completed for 2020
 - 3 Key Areas for Improvement Identified: RPP, Annual TB RA, TB RA Policy Updates
 - Action Plan Developed for areas of improvement
 - c. Changes in process, procedure, or protocol
 - o N/A
- Recommendations from Committee
 - a. Rapid Covid Testing need to evaluate new policy for patients and employees

Written report remains in minutes.

- d. Environment of Care and Safety Report
 - i. Evaluation and Approval of Annual Plans –
 - i.i. Old Business
 - a. Flooring in nurses break area and med prep room rescheduled could not close off area due to patient care additional tile will need to be ordered.
 - New oxygen/suction headwall needed in ER1 scheduled visit has been postponed – contacted Apex – not allowing vendors inside at this time – COVID-19
 - c. New covered pegboard needed for supplies in ER1 pegboards will have to be custom made
 - d. Wall repair around window in room 19 has been postponed due to COVID-19
 - e. Roof over OR2 area damaged and in need of repair –

- insurance not covering repairs item on Board Agenda for discussion.
- f. Code drill schedule drills can be tracked in QAPI.
- g. Complete Active Shooter Exercise Schedule was postponed by by Sheriff due to family emergency – drill scheduled for January 19, 2021.
- h. 15 AMP Receptacles All 15 AMP Receptacles will be replaced with 20 AMP Receptacles throughout Hospital replacement has started.
- i. Room 9 needs electrical coming through floor addressed
- j. Exit signs in COVID Wing signs have been ordered.
- k. Additional Electrical Circuits for COVID Wing on Board Agenda for discussion.
- 1. Ceiling in OR2 needs repaired repairs made January 11, 2021.

i.i.i. New Business

- a. Gurney in ER2 leaking oil.
- b. Ceiling in OR2 needs repaired. Written report remains in minutes.
- e. Laboratory
 - i. Tissue Report Approved January 2021
 - i.i. Transfusion Report Approved January 2021
- f. Radiology
 - i. There was a total of 180 X-Rays/CT/US
 - i.i. Nothing up for approval
 - i.i.i. No Updates

Written report remains in minutes.

- g. Pharmacy
 - i. Verbal Report by Pharmacist.
 - i.i. Formulary approved.
 - i.i.i. P & T Meeting held January 28, 2021.
- h. Physical Therapy
 - i. No report.
- i. Emergency Department
 - i. No report
- j. Quality Assessment Performance Improvement
 - Quality
 - Quality Minutes from previous month included as attachment

- Previous policies approved by Quality/Med Staff/No approval from Governing Board.
 - 1. Respiratory policies and procedures.
 - 2. Drug Room policies and procedures.
 - 3. Clinical Policies and Procedures
 - 4. Emergency Department Policies and Procedures
 - 5. Wound Care Procedure Form
 - 6. Rehab Policies and Procedures
 - 7. General Hospital Policies and Procedures
 - EMD-016 Blood Alcohol Collection for Law Enforcement
 - 9. EMD-016 Blood Alcohol Concentration Form
 - EMD-016B Testing for Blood Alcohol Concentration Log Consent Agenda – HR Performance Evaluation Policy
- Policies and forms approved by Quality Committee on February 10th, 2021.
 - 1. Form Blood Transfusion Outcome Review
 - 2. Form Patient Discharge Safety Plan
- o HIM Keeps showing improvement on completing documentation. Physician access to EMR outside of the facility is set up and going. Also, the Kiosk is being set up and were put into place the end of January. This will help with the completion of consents. They will be able to sign in and complete any paperwork.

Compliance

- One Grievance for January. Thorough investigation was done with no findings. Matter was resolved and letter was sent.
- Contracts that were approved in Quality for January:
 - 1. Wolter Kluwer Health
 - 2. Lippincott Procedures
- Contracts up for review from November: not approved by GB as of 1/15/21
 - OGA auto insurance (Business auto liability insurance renewal Policy)
 - Life Share Contract and Log
 - 3. Space Labs for Telemetry
 - 4. Press Ganey Contract

Risk Management

- 3 Medication Variance
- 2 − 2 AMS's ER. One didn't like COVID-19 restrictions and she felt better. She was informed of benefits of staying and risks of leaving. Patient signed AMA. AMA #2 was CP

patient and was being treated and was put on NPO. Patient wanted to eat and kept becoming more verbally irritated. Provider verbalized the benefits of staying and the risks of leaving. Patient still left without signing AMA paperwork.

- o 3 incidents in nursing.
- Working with Infection Control Nurse, CEO and CNO to stay informed with updates and information about COVID-19 Immunizations have been given to clinical and direct patient contact employees. We have had more immunizations in January.
- O During the outbreak we have in place:
 - 1. No visitor for the patient (unless near end of life)
 - 2. Screening for all entering the Hospital and Annex
 - 3. Drive through swab for COVID-19
 - 4. Possible positive COVID-19 patients are seen in the OR2 room with direct ventilation
 - 5. Positive COVID-19 patients are to stay in COVID wing. We have 5 rooms on the wing. Rooms 12 and 13 have direct ventilation. The other 3 rooms are available for use as well.
- Workman's Comp
 - There are currently no Workman's Comp cases currently open Written report remains in minutes.
- k. Utilization Review
 - i. Total Patient days for January: 183
 - i.i. Total Medicare days for January: 156
 - i.i.i. Total Medicaid days for January: 19
 - i.v. Total Swing bed days for January: 133
 - v. Total Medicare SB days for January: 133 Written reports remain in minutes.

Motion made by Dr. John Chiaffitelli, Medical Director to approve Committee Reports.

6.New Business

- a. Approval of Wolters Kluwer Health, Inc MRMC Quote
 - **i.Motion:** made by Dr. Chiaffitelli to approve Wolters Kluwer Health, Inc. MRMC Quote.
- b. Approval of Wolters Kluwer Health Agreement MRMC Agreement
 - **i.Motion:** made by Dr. Chiaffitelli to approve Wolters Kluwer Health Agreement.
- c. Approval of Blood Transfusion Outcome Review.
 - **i,Motion:** made by Dr. Chiaffitelli to approve Blood Transfusion Outcome Review.
- d. Approval of Patient Discharge Safety Plan
 - i.Motion: made by Dr. Chiaffitelli to approve Patient Discharge Safety Plan

- e. Approval of Nutrition Memo Review/Discussion
 - **i.Motion:** made by Dr. Chiaffitelli to approve Nutrition Memo Review/ Discussion.
- f. Approval of OFMQ Consulting Services Agreement
 - **i.Motion:** made by Dr. Chiaffitelli to approve OFMQ Consulting Services Agreement.
- g. Approval of OFMQ Work Order
 - **i.Motion:** made by Dr. Chiaffitelli to approve OFMQ Work Order.

7. Adjourn		
	a. Dr. Chiaffitelli made a motion	n to adjourn the meeting at 12:30 pm.

QUALTIY ASSURANCE &
PERFORMANCE IMPROVEMENT
REPORT

REPORTING PERIOD

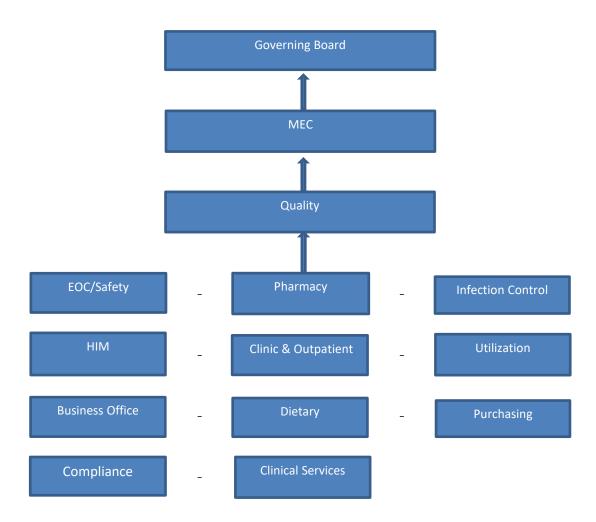

Date:

Overview

The Hospital Quality Assurance and Performance Improvement Committee is the central coordinating body for all performance improvement and patient safety activities within the hospital. The Quality Committee meets on a routine scheduled basis. The Quality Committee coordinates the performance improvement process by establishing a planned, systemic, organization-wide approach to performance measurement, analysis and improvement. Membership includes representation from both leadership and staff levels.

The hospital quality indicators are a set of measures that provide a perspective on hospital quality of care using hospital data. These indicators reflect quality of care inside the hospital. The quality indicators can be used to help the hospital identify potential problem areas that might need further study; provide the opportunity to assess quality of care inside the hospital using collected data and implement improvement processes.

Reporting Hierarchy

Name of Facility Hospital Meeting Calendar/Meeting Frequency

Title of Meeting	Frequency of Meeting	Attendees
Quality Assurance & Performance Improvement Committee	Monthly	CEO, CNO, QM/RM, IP, Dept. Leads
Environment of Care (EOC) & Patient Safety Committee	Monthly	CEO, CNO, QM/RM, IP, Dept. Leads
Infection Prevention & Control Committee	Monthly	Physician, CEO, CNO, QM/RM, IP, Pharmacy, ES, MTN, EHN
Pharmacy & Therapeutics Committee	Monthly	CEO, Pharmacist, DRN, CNO, QM, IP
Health Information Management (HIM) & Credentialing Committee	Monthly	HIM, CNO, QM, REGISTRATION CLERK, CREDENTIALER
Utilization Review Committee	Monthly	CEO, CNO, QM, IP, CM
Compliance Committee	Monthly	CEO, CNO, QM, BOM, CO, Physician, HR, Nurse Managers, CM
Medical Executive Committee	Monthly	Medical Staff, CEO, CNO, QM
Governing Board	Monthly	CEO, CNO, Medical Staff, Governing Board Members

VI. Pharmacy and Therapeutics

A. Adverse Drug Reactions

Definition: "a response to a drug which is noxious and unintended, and which occurs at doses normally used in man for the prophylaxis, diagnosis, or therapy of disease, or for the modification of physiological function." reference: WHO (World Health Organization)

Function: Outcome & Process Measure

Rationale: High Risk, High Volume, Problem Prone Data Source, Patient Records, Incident Reports

Sample Size: All Incidences with a Reported/Suspected ADR During Reporting Period

Mehodology: Patient Reords, Incident Reports, PDSA																
Indicator	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	YTD			
# of medication doses that elicited adverse drug reaction													0			
# of medication doses dispensed from pharmacy during reporting period													0

B. Medication Error Rate

Definition: " any preventable event that may cause or lead to inappropriate medication use or patient harm while the medication is in the control of the health care professional, patient, or consumer. Such event may be related to professional practice, health care products, procedures, and systems, including prescribing; order communication; product labeling, packaging, and nomenclature; compounding; dispensing; distribution; administration; education; monitoring; and use." (The National Coordinating Council Medication Error Reporting and Prevention)

Function: Outcome & Process Measure

Rationale: High Risk, High Volume, Probleme Prone **Data Source: Patient Records, Incident Reports**

Sample Size: All incidences with a Reported Medication Error During Reporting Period

Methodology: Patient Records, Incident Reports, PDSA														
Indicator	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	YTD

February 2021 CEO Report for MRMC Hospital Board

Interim CEO: Cindy Tillman

COVID - 19 Activity and Overview:

- ✓ We continue to participate in daily Region 3 Merc Briefings to increase communication during COVID-19 surge. We review open beds, transfer plans and all pertinent COVID-19 information to coordinate care. Robert Stewart is our Region 3 RMRS Director that facilitates each daily briefing.
- ✓ COVID-19 Overview: As detailed thoroughly in the CCO report, we continue to keep up to date on the most current COVID-19 information for the Mangum area. Cohesive has a COVID Task Force that monitors the continuous updates and newest releases concerning COVID. The Cohesive Task Force has recently rolled out the newest visitation policy and mask policy which went into effect Monday (3/15).
- ✓ Cohesive and hospital leadership make sure the staff and providers are kept up to date regarding any changes or new policies pertaining to COVID-19. A COVID-19 Binder kept at the Nurse's station, City Annex and Provider room are updated as new information is sent through the Task Force. We want to ensure we have open communication with all staff and providers. Signature is required for all read and sign documents in binder. Providers are kept up to date with the COVID-19 Provider Update/Education Binder in the provider sleep room.
- ✓ Participated in all OSDH Region 5 Vaccine Planning Meetings.
 - The hospital and clinic are approved as Pandemic Providers. The clinic will start administering the COVID-19 vaccine April 7th.
 - Email address for directing all patients interested in the vaccine to sign up: vaccinate@mangumregional.org

Hospital Staff and Operations Overview:

- ✓ The staff has remained cohesive and worked effectively during the past two weeks transition. Cohesive staff has been available to answer any questions the staff may have about moving forward with interim CEOs. Everyone seems to be adjusting well.
 - No new employees were hired the month of February. Cohesive makes it their motto and objective to always look for local talent to fill any open positions. If local talent is not available to hire, Cohesive has a pool of employees to fulfill the role until the position is filled with a full-time employee.

- ✓ We continue to conduct Morning Director's Huddle each day. This week we have offered to those who are comfortable with meeting in the cafeteria the opportunity to gather again as a team but those who wish to meet virtually can do so on Microsoft Teams.
- ✓ Cindy Tillman and Kathy Hammons are onsite each week as interim CEOs. We have notified vendors, State Health Department, directors, and providers that there has been a change in the CEO position. We are working to revamp meeting schedules and workflow.

Additional Items:

- ✓ All roof leaks for hospital have been addressed and hospital roof repair is still pending board approval.
- ✓ Contracts and items, we prepared for February Board Meeting:
 - Oklahoma Blood Institute

Chief Clinical Officer Report February 2021

Excellent Patient Care

- Monthly Education topics included: Effective management of Critical Lab findings to ensure optimal intervention in a timely manner.
- Additional education topics included proper use and application of products for admitted patients with chronic wounds.
- Continue to participate in daily Region 3 Merc Briefings to increase communication during COVID-19 surge. We review open beds, transfer plans and all pertinent COVID-19 information to coordinate care. Robert Stewart is our Region 3 RMRS Director that facilitates each daily briefing.
- Coming up:
 - i) Next Clinical meeting is set for 03/09/21 at 06:30, 14:00 and 16:30.
 - ii) As we continue to see a steady decline of COVID-19 cases, it is important that we continue to take all necessary measures to protect our employees and patients. Effective March 11, 2021, all employees and outpatients are required to wear a simple mask when in facility. We will continue to wear N95 mask for all patients under investigation (PUI) and confirmed COVID-19 cases. No mask is required for fully COVID-19 vaccinated employees in non-patient care areas, but social distancing must be maintained. We continue to encourage everyone to reach out with any questions, concerns, or suggestions.

Excellent Client Service

- Patients continue to rely on MRMC as their local hospital. Patient days increased from 183 in January to 324 in February. This represents an average daily census of 11.57!
- MRMC continues to collaborate with Oklahoma State Dept of Health in providing the most up to date COVID-19 vaccination clinics.
- February COVID-19 Stats at MRMC: 130 Swabs, 15 Positive (11.54%), 115 Negative (88.46%), 0 Pending and zero deaths.
- Greer County February COVID-19 Statistics: 532 Positive Cases and 17 Deaths (3.19% death rate).
- MRMC is proud to have vaccinated 87 Oklahomans through MRMC's Covid -19 Vaccination Clinic.
- Coming up:
 - i) Effective March 15, 2021, in response to the COVID-19 pandemic, Mangum regional Medical Center is uniquely charged with protecting both the health of those they serve and the health of their caregivers. As an essential part of the front line to stopping the community spread of COVID-19, Mangum Regional Medical Center should maintain compliance with current CDC guidelines regarding limiting visitation to their facilities. If

Chief Clinical Officer Report February 2021

determined that it is safe for the patient and the staff, the following visitation will be allowed except for the COVID-19 Wing:

- 1. All patients who are COVID-19 positive, as well as those with pending test results, may not have a visitor at this time.
- 2. All other patients will be allowed two designated visitors with the following guidance.
 - **a.** The two patient visitors must be designated upon admission and remain the same throughout the stay. We are not opening our facilities freely to visitors.
 - b. Patient Visitors shall be subject to all seeing procedures required by the facility including temperature screenings, observance of hand hygiene practices, and always appropriately wearing their mask while in the facility.
 - **C.** The facility may further limit access to patients when patient visitors fail to follow facility policy.
 - d. Social distancing is always required.
- 3. End of Life Care-Exception on the number of visitors
- 4. Vendors/Marketing- Not Allowed
- 5. Screener for discharge evaluation-Allowed with approval from CEO/CCO
- 6. Pastoral Care- Exception Only

Depending upon the prevalence of community spread and number of suspected or confirmed COVID-19 patients in the facility, in consultation with medical staff and corporate task force, visitation will be customized to protect the safety of patients, employees and community at large.

March 23, 2021

Board of Directors Mangum Regional Medical Center

February 2021 Financial Statement Overview

Statistics

- The average daily census (ADC) for February 2021 was 11.57 (rebounding from an over 2-year ADC low experienced the prior month of only 5.90).
- Year-to-Date Medicare swing bed patient days were only 376 as compared to the PY total of 629.
- The January ADC directly impacted February cash receipts as well as the YTD total.

Balance Sheet Highlights

- The operating cash balance as of February 28, 2021 was \$579K. This decrease of \$804K from the January 31, 2021 balance was primarily due to material payments made towards vendors combined with our lowest monthly cash receipts since last July (which, as stated above, was census / ADC driven).
- AR increased \$180K from January. This was primarily volume driven as the facility rebounded to an ADC of 11.57.
- The facility paid down approximately \$364K in AP and cash receipts were approximately \$270K less than the previous 3 months (excluding the cost report cash). The remaining decrease was primarily due to payments on MCR ERS loans.
- The Medicare principal balance decreased by \$105K due to ERS loan payments.
 Note that we have estimated a CY receivable of \$150K for FY21 at this time that will be adjusted throughout the year based on census and respective costs.

Income Statement Highlights

- Current Year Gross patient revenue is down compared to PY primary due to swing bed volumes as previously discussed (Current YTD 376 compared to PY 629).
- Net patient revenue is breakeven with the prior year primarily due to the 2020 MCR receivable not being estimated until later in the year and consistency in overall cost.
- Other operating income is higher due to the treatment of COVID related expenses funded by the CARES act which are treated as Grant Income.
- Operating expenses are reasonably consistent with the prior year, exceptions being increases in contract labor (offset somewhat by decreases in salaries) and a decrease in the monthly management fee. In addition, interest expense has materially decreased due to the cost report settlement applied to 2016 & 2017 Medicare ERS loans.

Other

 Other attached reports include an income statement trend, CY financial statement comparisons to FY17-FY20, Accounts Payable Aging & an estimated claims list for the following month.

MANGUM REGIONAL MEDICAL CENTER QUALITY REPORT TO THE MED STAFF & GOVERNING BOARDS

DATE OF MEETING: 3/23/21

REPORTING PERIOD: FEBRUARY 2021

The Hospital Quality Assurance and Performance Improvement Committee is the central coordinating body for all performance improvement and patient safety activities within the hospital. The Quality Committee meets on a routine scheduled basis. The Quality Committee coordinates the performance improvement process by establishing a planned, systematic, organization-wide approach to performance measurement, analysis and improvement. Membership includes representation from both leadership and staff levels.

CONFIDENTIALITY STATEMENT: This meeting contains privileged and confidential information. Distribution, reproduction, or any other use of this information by any party other than the intended recipient is strictly prohibited.

I. Executive Summary

Mangum Regional Medical Center Quality Program

The Quality Assurance and Performance Improvement Department is pleased to share the February 2021 quality data with you.

Our medical staff and employees are committed to providing safe, high-quality care and exceptional service for every patient, every time. We look for ways to improve the patient care experience from beginning to end.

We use data to help us optimize outcomes of care and make improvements as needed to ensure the quality of care rendered to our patients is exceptional. The Quality Committee meets on a routine basis to review and analyze the service and performance of the hospital and its day-to-day operations. The annual quality and performance program plan will strive to set clearly defined goals to achieve optimal outcomes. The Quality department utilizes a system of indicators and benchmarks to measure and evaluate the effectiveness of our outcomes. This allows us to rapidly adjust, analyze, plan, and continuously improve our performance.

The governance work is accomplished through a series of committees that interact. The hospital has established department level committees including: Utilization Review, Infection Control, Health Information Management, Pharmacy and Therapeutics, Environment of Care and Safety, and Compliance. These formally report up through the facility's Quality Committee (QC) which in turn reports through the Medical Staff Committee (MS) and the Governing Board (GB).

The hospital has a governing body that assumes full legal responsibility for determining, implementing and monitoring policies and programs governing the hospital's total operation and for ensuring that those policies and programs are administered so as to provide quality health care in a safe environment. The governing body assumes responsibility for the hospital's day-to-day operations and is fully responsible for its operations.

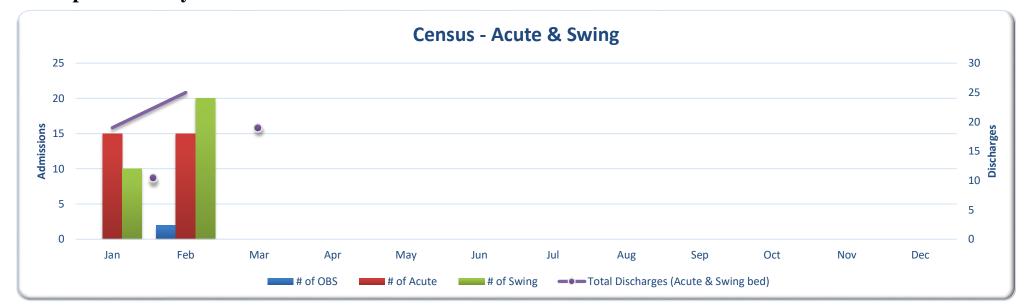

II. Scope

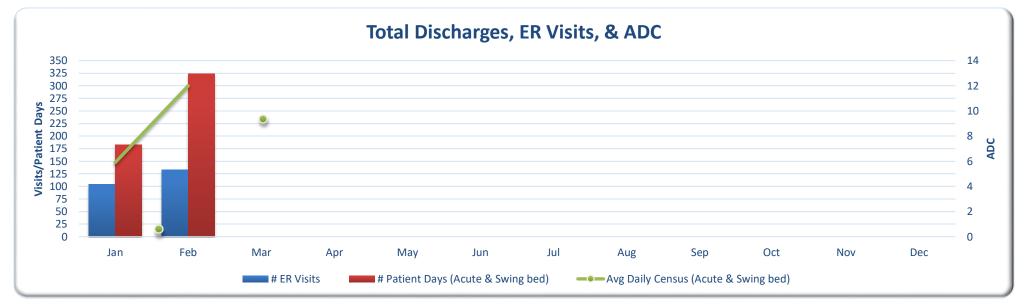

The Quality Assurance and Performance Improvement Program will apply facility-wide and to any contract provided services. It is the responsibility of every leader and every person providing and supporting care in our facility to ensure an environment where care is safe, effective and centered on patient's needs. Leaders foster performance improvement through planning, educating, setting priorities, and providing time and resources. Leaders play a major role in creating an environment where staff feel safe and free to engage in performance improvement and understand it is their responsibility to not only report quality and safety issues and concerns, but to participate in developing solutions and to ensure the right thing gets done.

The hospital strives to meet the needs of the community and surrounding areas. Mangum Regional Medical Center is an 18 bed hospital that provides emergency care, observation, acute, and swing bed services.

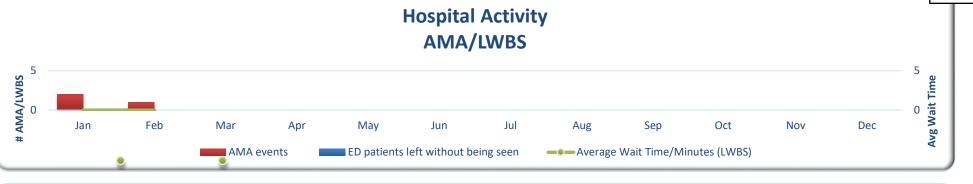

Item 10.

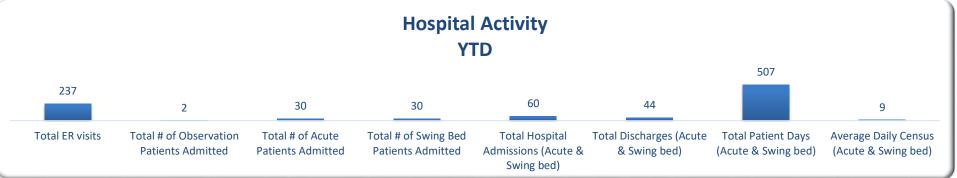

III. Hospital Activity

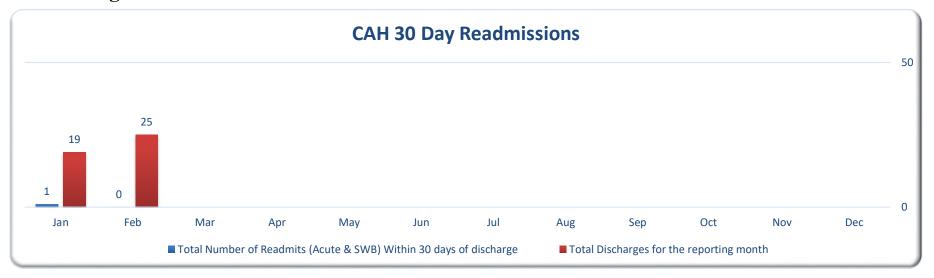

Type of Event (AMA/LWBS)	Count	Brief Description of Event	Actions
AMA	1	Patient presented to the ED @ 15:15 Patient was triaged and seen by Provider. Patient left AMA due to home emergency. Patient was informed of risks of leaving and the benefits of staying before signing AMA.	Staff did explain to patient the risks of leaving and the benefits of staying. Patient was being treated but had emergency.

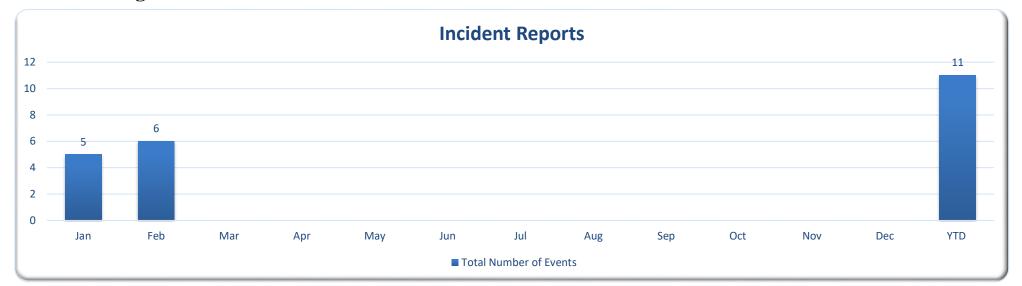

IV. Care Management

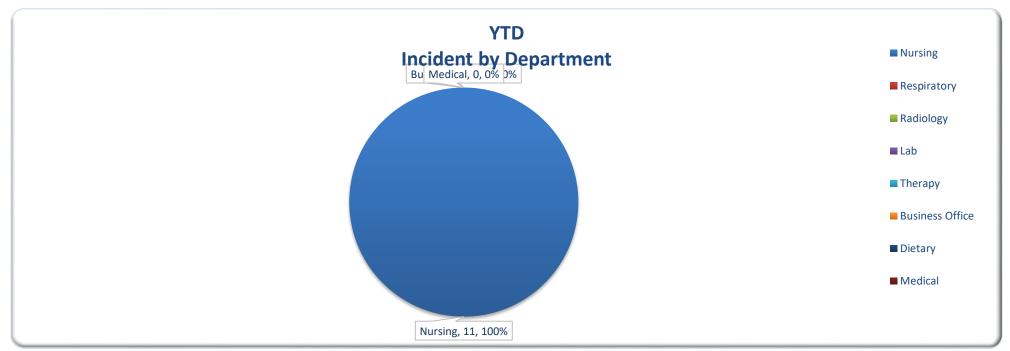

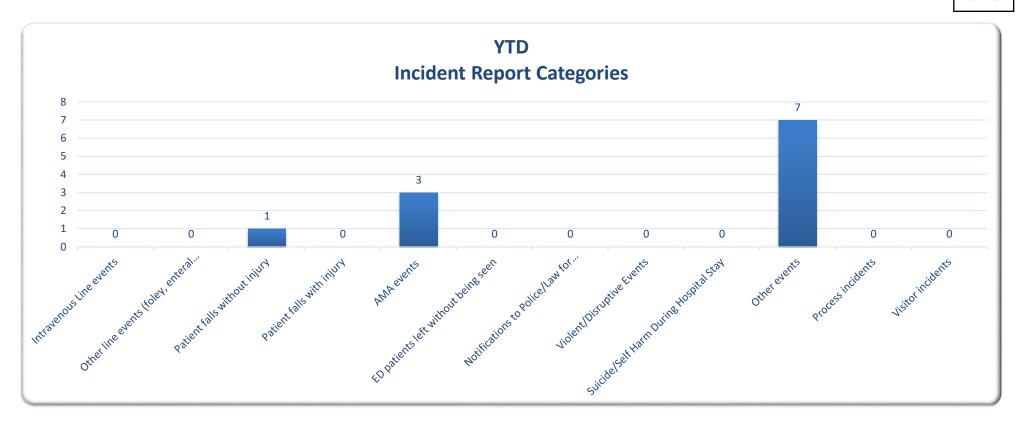

Event	Count	Comments	Actions
	0	No readmissions	Will continue to monitor

Item 10.

V. Risk Management

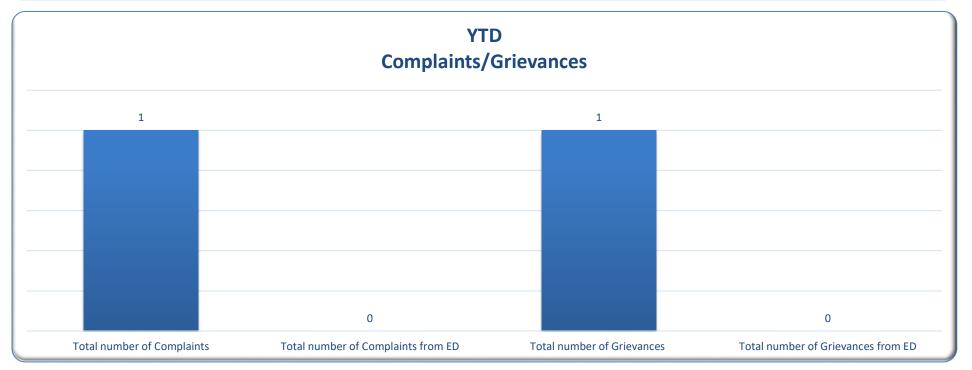

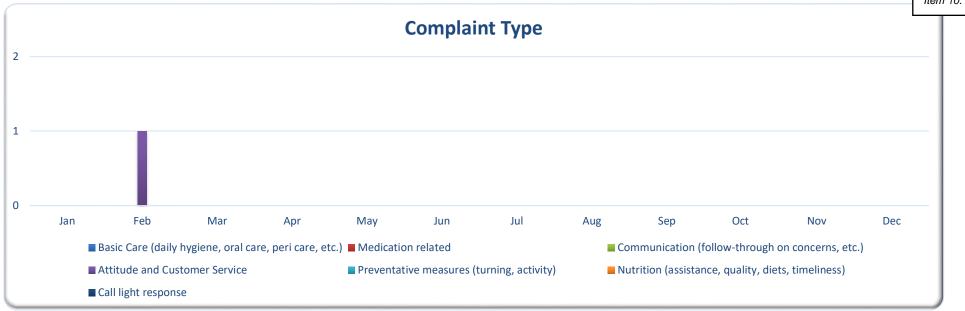

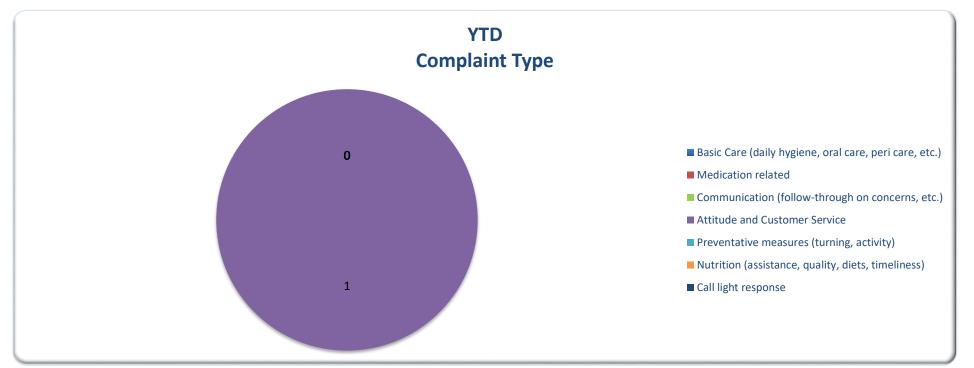

Incident Type	Count	Brief Description of Event & Outcome	Actions
Fall	1	Patient fell unassisted w/o injury on 2/24/21 Patient did not activate call light.	Patient was assessed and assisted back to bed. Re-educated patient to use call light. Bed alarm turned on

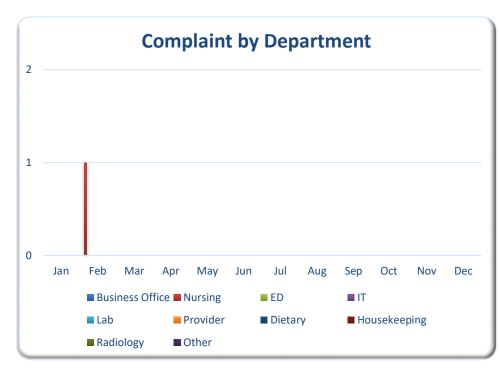

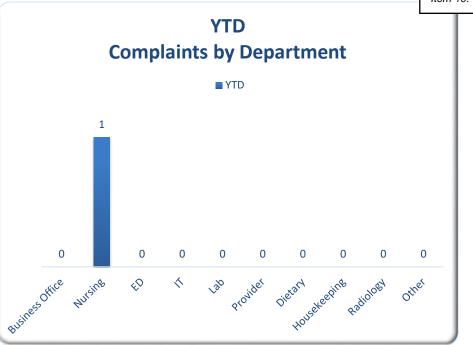

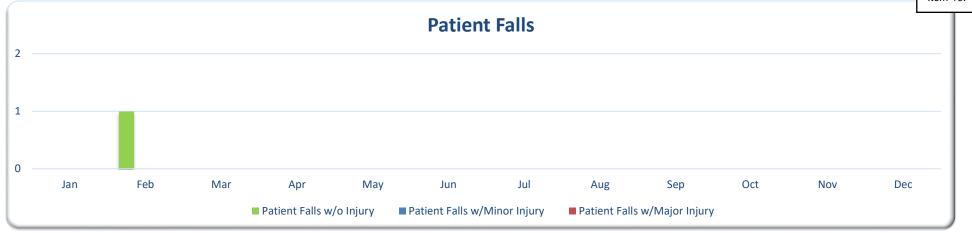

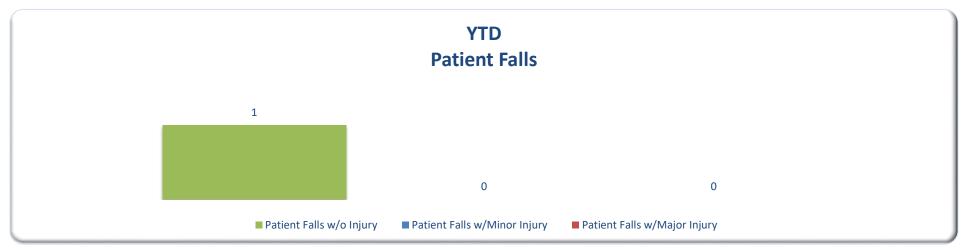

Brief Description of Complaint & Outcome	Actions
Patient voiced a complaint to the charge nurse. CCO and QM spoke with patient and found patient didn't like a comment an LPN made to her.	CCO and QM spoke with patient. Found actions at bedside to make the patient happy. CCO had LPN read and sign education about incident.

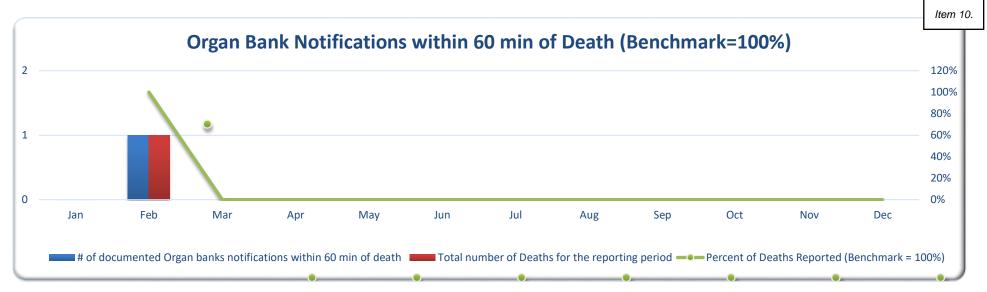

Count	Brief Description of Event & Outcome	Actions
1	Patient fell, unassisted w/o injury on 2/24/21 Patient did not activate call light.	Patient was assessed and assisted back to bed. Re-educated patient to use call light. Bed alarm turned on

	YTD ER Patient		
0	0	0	
■ ED Patient Falls W/O injury	■ ED Patient Falls With Minor injury	■ ED Patient Falls With Major injury	

Count	Brief Description of Event & Outcome	Actions	
0	No patient falls for February	Will continue to monitor	

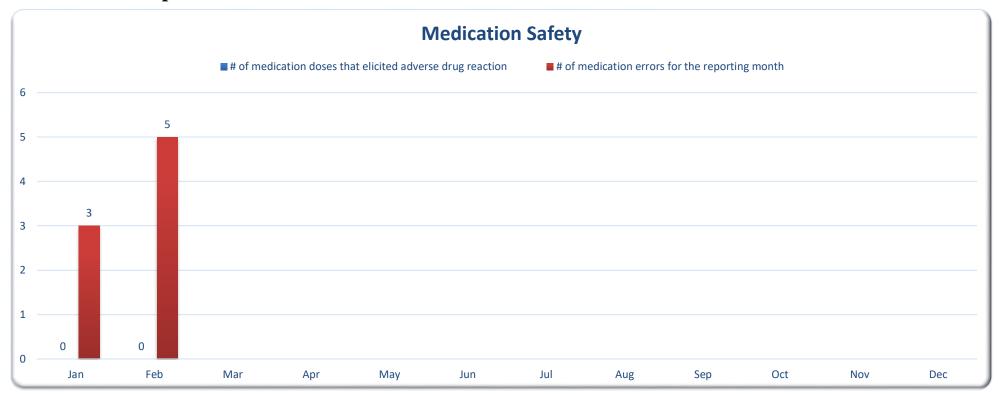

Count	Brief Description of Event & Outcome	Actions	
1	One patient death in reporting period. Pt was admitted with worsening of a chronic condition. During stay patient became unresponsive. ACLS protocols appropriately administered with an unsuccessful outcome	Mortality review completed. No indicated outcomes at this time.	

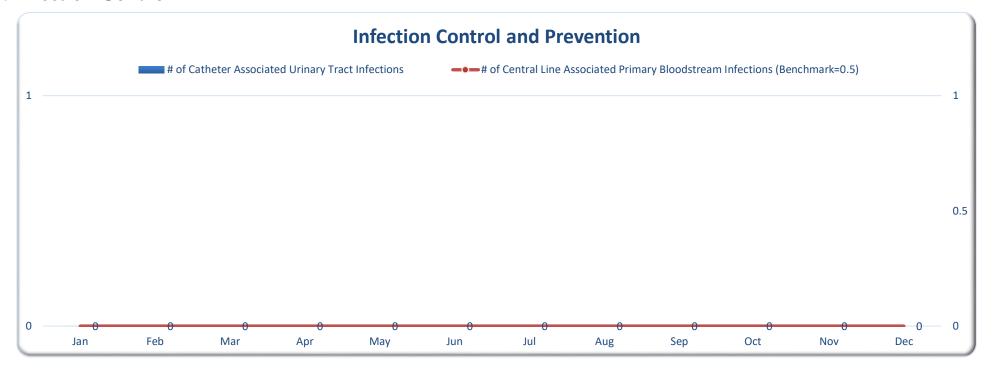

Count	Compliance	Action
1	Life share was called within 60 minutes	No action needed

VI. Medication Report

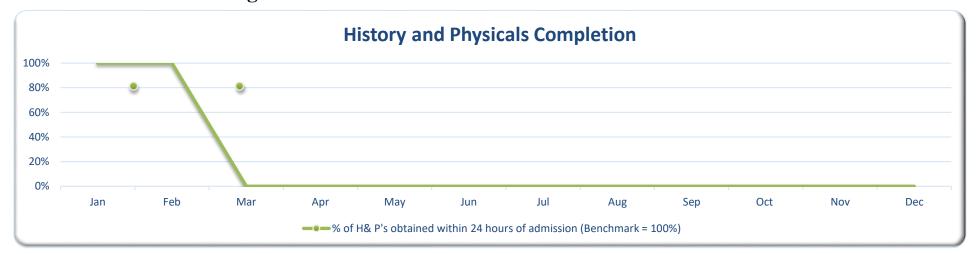

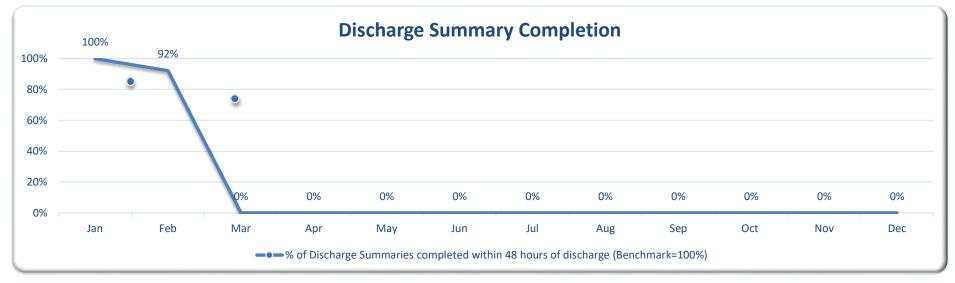

Type of Event (Med Error/ADR)	Count	Brief Description of Event & Outcome	Actions
Med Error	5	1) IV antibiotics 2) IV antibiotics 3) IV antibiotics 4) wrong solution of IV TPN 5)Proper mix IV TPN prior to administration.	1-4) CCO re-educated staff regarding 6 rights of medication administration. Staff acknowledged understanding via signature. 5) Nurse's agency offered re-education and counseling to this nurse on an unrelated matter. Nurse terminated contract and will not be returning to MRMC.

Type of Event (CLABSI/CAUTI)	Count	Brief Description of Event & Outcome	Actions
CLABSI/CAUTI	0	None for February	Will continue to monitor

VIII. Health Information Management

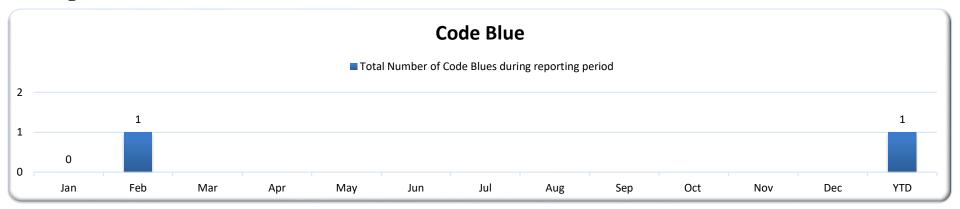

Type of Documentation (H&P/Discharge)	Count	Actions
History and Physicals	100%	No action needed. Will continue to monitor

Item 10.

Discharge Summary	92%	HIM put these in the dr.'s boxes to be done. HIM sent out an email to both physicians letting them know that these are
		missing on 3/5/21. 3/9/21 Sent out an email to CEO and Credentialing and they are going to send the message along to
		get these matters completed.

IX. Nursing

Count	Brief Description of Event & Outcome	Actions
1	One code blue reported during reporting period. Pt was admitted with worsening of a chronic condition. During stay patient became unresponsive. ACLS protocol appropriately administered with an unsuccessful outcome.1	Airway was maintained by suction and bagging via RT

Event	Count	Comments	Actions	
Ip Transfer	1	Inpatient transfer to a higher level of care from Acute care	No action needed. Will continue to monitor	
ER Transfer	10	6 - Higher level of care needed.2 - Surgical repair needed.2 - Inability to keep at facility due to inability to heat Covid rooms at time of presentation	The inability to keep POI in covid wing was due to breakers not being able to hole enough current to run several items at once. Electrician is due to come out ASAF and replace breakers and upgrade electrical.

B. Annual Review & Summary of the Hospital Quality Program

The 2021 annual report highlights the hospital's Quality Assurance and Performance Improvement (QAPI) activities, hard work and dedicated effort of the staff. Our overarching aim is to fulfill our:

Mission: To provide our Mangum community and surrounding counties with convenient, gold-standard "dependable and repeatable" patient care, while assisting and supporting all their medical healthcare needs.

Vision: Provide patient-centric care, positioning us to achieve unparalleled standards of excellence in the healthcare industry through the eyes of rural healthcare.

Goals: To improve our valued and loyal patient's overall health outcomes, increase their access to exceptional healthcare, while exceeding their expectations, from the first encounter to the last, acquiring patients for the lifetime of all their healthcare needs.

C. Key Performance Indicators for 2021

The hospital quality indicators are a set of measures that provide a perspective on hospital quality of care using hospital data. These indicators reflect quality of care inside the hospital. The quality indicators can be used to help the hospital identify potential problem areas that might need further study; provide the opportunity to assess quality of care inside the hospital using collected data and implement improvement processes.

E. Recommendations & Plans for 2021

AGREEMENT BETWEEN

Mangum City Hospital Authority

DBA: Mangum Regional Medical Center

AND

THE OKLAHOMA BLOOD INSTITUTE

THIS AGREEMENT is entered into as of _______, by Mangum City Hospital Authority DBA: Mangum Regional Medical Center, 1 Wickersham Drive Mangum, OK 73554 ("Hospital") and the Sylvan N. Goldman Center, Oklahoma Blood Institute, an Oklahoma not for profit corporation with its principal office located at 1001 North Lincoln Boulevard, Oklahoma City, OK, 73104 ("Blood Institute").

The Hospital desires to utilize the services of the Blood Institute for the procurement of blood, blood components and related services. The charges and fees payable to the Blood Institute for blood and blood components are to compensate the Blood Institute for its direct and indirect costs incurred for the administrative, medical, and technical services provided in the drawing, processing, storage, and delivery of blood or blood components; for donor recruitment; and, for the maintenance of an inventory of blood and blood components (collectively, "blood services").

The Hospital and the Blood Institute agree as follows:

- 1. Provision of Blood and Blood Components. During the term of this agreement the Hospital will obtain from the Blood Institute all of the blood components required by the Hospital in its daily operations and the Blood Institute will supply all such blood components and services, subject to Paragraph 5 herein. These products and services are for the sole use of the Hospital and will be utilized only within the Hospital's facility at the address above and the Hospital's affiliated facilities.
- 2. <u>Processing and Services Fees</u>. The Hospital shall pay to the Blood Institute the processing and services fees shown on the attached Schedule 2.0.
 - 2.1 <u>Fee Increases</u>. The Blood Institute, in its sole discretion, may increase the fees paid by the Hospital during the term of this agreement if one or more of the following should occur:
 - (a) The U.S. Food and Drug Administration ("FDA") mandates, endorses, or licenses the implementation of a new test; or
 - (b) Significant change occurs in the cost of compliance with blood banking industry standards, in either the technology used in product manufacturing, or testing, or the offering of new products for patient use.
 - 2.2 <u>Fees for Extended Term.</u> The Blood Institute may increase the processing and services fees effective August 1st of each year by amounts up to four percent (4%), excluding the increased cost of any new test.

- 2.3 <u>Notice of Changes</u>. The Blood Institute will provide the Hospital with at least 30 days written notice of any changes to the fees payable under this agreement.
- 3. <u>Blood Product Services</u>. The Blood Institute will provide blood products and related services to the Hospital 24-hours a day every day and reference laboratory and testing services as provided in the attached fee Schedule 2.0. Reference laboratory sample requirements and the definition of "related services" are provided in Schedule 3.0.
- 4. <u>Hospital Privileges and Medical Consultation Services</u>.
 - 4.1 The Blood Institute's medical directors, being duly licensed medical doctors, shall have medical oversight over the Blood Institute personnel providing blood services at the Hospital, unless those personnel are acting under the direction of the attending physician. The Blood Institute's medical directors will generally not provide any direct patient care services and may provide such oversight without obtaining medical staff membership or clinical privileges at the Hospital and without the payment of membership or credentialing fees. The Blood Institute's nursing staff who perform patient care services at the Hospital will obtain clinical privileges or permission to provide specified services as may be required in accordance with the Hospital's medical staff bylaws or credentialing requirements.
 - 4.2 Upon request, the Blood Institute will provide the Hospital with medical consultation services for transfusion-related problems and recommendations regarding blood product utilization. From time to time, the Blood Institute will endeavor to provide the Hospital with relevant updated scientific, technological, or medical information as such becomes available and as the Blood Institute, in its sole discretion, believes such information may be of interest or relevance to the Hospital. The Blood Institute shall have no duty to keep the Hospital informed of any scientific, technological, or medical information. The Hospital shall be solely responsible for keeping its personnel aware of such information.
- 5. <u>Inventory Control and Product Stewardship.</u> A minimum standing inventory of transfusable blood products will be agreed upon between the Blood Institute and the Hospital. Such inventory shall be maintained at the Hospital by the Blood Institute on a consistent basis, in the amount and varieties of types necessary to meet the routine needs of the Hospital. The Hospital will promptly notify the Blood Institute of any requests for specialized blood products, services, or variations to the Hospital's standing inventory. Such requests may be subject to the Blood Institute's medical review and approval.

The Blood Institute and the Hospital must work together to ensure adequacy and good stewardship of the blood supply for all healthcare providers and patients. Therefore, parameters need to be monitored and maintained to support both sound blood utilization and system-wide operational efficiencies. To these ends, the Blood Institute, at its sole discretion, may implement cost recovery charges if, over a

calendar quarter, the Hospital has: A) product return rates in excess of 50 percent of deliveries; B) O negative red cell usage in excess of 11.5 percent of total RBC usage; or C) non-routine orders (STAT/ASAP) in excess of 35 percent of all delivery requests. If one or more of these targets is exceeded, OBI will work with Hospital over the subsequent calendar quarter to address that metric or metrics before implementing cost recovery fees. If these targets are exceeded in the second consecutive calendar quarter, the Blood Institute will provide 30-days written notice before fee implementation. The fee schedule is: A) up to \$25 per returned product; B) up to \$50 per O negative unit shipped, and C) up to \$75 per order shipped.

- 6. <u>Credit/Return Policy</u>. Regular communication between the Hospital and the Blood Institute must occur to prevent the expiration and destruction of blood or blood components. Credit will only be issued in accordance with the guidelines stated on the attached Credit/Return Policy, Schedule 6.0. The Blood Institute may modify the Credit/Return policy during the term of this agreement by giving 30-days written notice to the Hospital.
- 7. <u>Donor Source</u>. Only blood donations from volunteer donors will be utilized in the preparation of blood products for transfusion.
- Quality Standards and Regulatory Compliance. The Blood Institute shall maintain 8. standards of performance consistent with its experience, research, and expertise in blood banking. Both parties shall maintain standards of performance in accordance with the applicable recommendations of the Center for Biologics Evaluation and Research (CBER) of the FDA, the applicable requirements of all applicable state regulatory agencies, and to comply with all other applicable laws, rules, and regulations. The Hospital shall notify the Blood Institute as soon as practicable of any adverse reactions resulting from the transfusion of any blood product it receives The Hospital shall maintain a record of the adverse from the Blood Institute. reaction, conduct an investigation and provide a written report to the Blood Institute, as required by 21 CFR §606.170(a). Both parties shall comply with OSHA Bloodborne Pathogen Exposure Final Rule 29 C.F.R. Part 1910.1030, effective March 2, 1996, and any subsequent revisions thereof. Compliance Statements are included in Schedule 8.0. All of the foregoing requirements are collectively referred to as the "Regulations."
- 9. Records and Patient Information. The Hospital will provide the Blood Institute with all transfusion records and patient information necessary for the provision of products and services under this agreement. The parties will use and disclose protected health information in accordance with and as required by the Health Insurance Portability and Accountability Act of 1996, as amended by the Health Information Technology for Economic & Clinical Health Act and the implementing regulations thereunder, as they may be amended from time to time (collectively, "HIPAA"), and will execute the Business Associate Agreement set forth in the attached Exhibit A. The Blood Institute will provide the Hospital such information as may be required by FDA recommended guidelines for look back and product recalls.
- 10. <u>Charges by Hospital</u>. The Hospital fees provided in this agreement are intended to defer the Blood Institute's previously described operational costs. This agreement

does not restrict the Hospital's ability to add service charges as it deems reasonable and prudent to ensure proper patient service and as may be permitted by applicable law.

11. <u>Billing and Payment</u>. The Blood Institute will provide an itemized monthly statement of charges to the Hospital as of the last day of the month, unless the Hospital has requested semi-monthly billing. Payment in full is expected no later than thirty (30) days from the date of the invoice. A prompt payment discount of 0.5% will be applied to all invoices paid within ten (10) days of the invoice date. A late penalty of 1.5% per month will be added to each invoice not paid within 30 days from the date of the invoice. At the Blood Institute's discretion, the late payment penalty may be suspended for a reasonable period of time in order to resolve any good faith disputes over payment.

12. Indemnification.

- 12.1 The Blood Institute shall indemnify the Hospital and its officers, directors, employees, and agents and hold each of them harmless from liability to and claims by third parties, including reasonable attorneys' fees, to the extent that they result from or arise in connection with the negligence or willful misconduct of the Blood Institute or its officers, directors, employees, or agents in the performance of this agreement.
- 12.2 The Hospital shall indemnify the Blood Institute and its officers, directors, employees, and agents and hold each of them harmless from liability to and claims by third parties, including reasonable attorneys' fees, to the extent that they may result from or arise in connection with the negligence or willful misconduct of the Hospital or its officers, directors, employees, or agents.
- 13. Insurance. Each of the parties shall, at its own expense, maintain in effect a policy of professional liability insurance with coverage in the amount of not less than \$1,000,000 per claim and \$3,000,000 per occurrence. This coverage shall insure a party and its employees against liability for damages directly or indirectly related to the performance of any services and other respective obligations under this agreement. Each party shall provide the other with a certificate from the insurance carrier evidencing the required coverage. With the Blood Institute's prior written consent, the Hospital may opt to self-insure as to specifically identified risks. Each party shall notify the other of any adverse change in insurance coverage required by this agreement.
- 14. <u>Force Majeure</u>. Neither party will be liable for any failure to perform its obligations (except payment obligations) for any reason beyond the party's reasonable control, including acts of terrorism, strikes, fires, explosion, flood, riot, lock out, injunction, interruption of transportation, unavoidable accidents, or a significant change in any applicable law or regulation.
- 15. <u>Affirmative Action</u>. The Blood Institute wishes to comply with the provisions of Executive Order 11246 of September 24, 1965; Executive Order 11375 of October 13, 1967; Executive Order 11758 of January 15, 1974; Section 503 of the

Rehabilitation Act of 1973; the Vietnam Era Veterans Readjustment Act of 1974, as amended, 38 U.S.C. 4212 (formerly 2012); and the implementing regulations at 41 CFR Chapter 60. The Hospital will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, handicap, or status as a disabled veteran or a veteran of the Vietnam Era. This policy not to discriminate in employment includes hiring, transfer, training during employment, and rates of pay.

- 16. Term. The term of this agreement will begin upon signature of the Agreement and continue through July 31, 2026 (the "Initial Term"). After the Initial Term, the Agreement automatically renews from year to year (a "Successive Term") unless a Party provides written notice of termination at least thirty (30) days before the expiration of the Initial Term or any Successive Term. All terms and conditions of this Agreement shall remain in effect during any Successive Term. The Initial Term and any Successive Terms shall be referred to as the Term. Processing and services fees may be adjusted each year as provided in Section 2.
- 17. <u>Termination</u>. A Party may unilaterally terminate this Agreement: (a) if the other Party fails to fulfill any one or more of its obligations under this Agreement ("Breach") and the Breach continues for a period of thirty (30) days after the non-breaching Party sends written notice of the Breach, (b) if any of the Regulations are amended in a way that precludes a Party from performing its obligations under this Agreement, effective upon the effective date of the amended Regulation; (c) if a Party ceases to operate or otherwise function as a business; or (d) if a Party fails to maintain professional liability insurance as required herein. The Blood Institute may unilaterally terminate this Agreement upon notice to the Hospital if (x) the Hospital's state license to operate as a hospital in Oklahoma is suspended, terminated, or revoked by the State Department of Health, or (y) the Hospital is excluded from participation in Medicare, Medicaid, or any other federal health care program. Termination of this agreement pursuant to this provision shall not constitute an election of remedies, and the terminating party shall retain all rights and remedies that may be available at law or in equity with respect to the default by the other party. Upon termination, the Hospital shall, within 15 days of the termination date, pay the Blood Institute any and all amounts owing for blood products and related services provided through the date of termination.
- 18. <u>Confidentiality</u>. Both parties acknowledge that the terms, conditions, and fee schedules of this agreement are confidential. This confidential information shall not be disclosed to any officer, director, employee, or agent of a party, except as necessary in carrying out the person's respective duties under this agreement. This confidential information shall not be used other than in connection with this agreement. Additionally, the parties shall keep confidential, and not divulge to anyone else any of the proprietary, confidential information of the other party, including information relating to such matters as finances, methods of operation and competition, pricing, marketing plans and strategies, operational requirements and information concerning personnel, referral sources, patients and suppliers.
- 19. <u>Construction and Governing Law</u>. The rule of construction that a document is to be construed most strictly against the party who drafted the document shall not be

applicable because all parties participated in the preparation of this agreement. "Includes" and "including" are not limiting. The laws of the State of Oklahoma shall govern this agreement and the legal relations between the parties without giving effect to any conflict of law provision (whether of the State of Oklahoma or any other jurisdiction) that would cause the application of the law of any other jurisdiction.

- 20. Notice. Any notice, consent or communication required or permitted to be given under this Agreement shall be deemed to have been duly given if in writing and either delivered personally, sent by electronic transmission, or sent by United States first class mail, postage prepaid to the addresses set forth in the introduction of this Agreement.
- 21. <u>No Assignment</u>. Neither party may assign its rights or delegate its duties under this agreement without the prior written consent of the other party; such consent shall not be unreasonably withheld.
- 22. <u>Binding Effect</u>. This agreement shall be binding upon, and insure to the benefit of, the parties and their respective legal representatives, successors, and assigns.
- 23. <u>No Third Party Beneficiaries</u>. Nothing in this agreement, express or implied, is intended to confer upon any person, firm, or corporation, other than the parties named herein, any right, remedy, or claim under or by reason of this agreement, as third party beneficiaries or otherwise.
- 24. Communications and Community Relations. The Hospital plays a critical role in the Blood Institute's ability to support the Hospital with blood products, and the Hospital desires to assist the Blood Institute in its efforts. The Hospital can accomplish this objective by encouraging community support of the Blood Institute. Through the use of its public relations and communications efforts, the Hospital can encourage the public to make blood donations to the Blood Institute. In communities where the Blood Institute is the new blood provider, the Hospital can help to introduce the Blood Institute to the community as the blood provider. In furtherance of these goals, the Hospital will issue news releases to the local media announcing the Blood Institute as the provider of blood and blood products. It will advise Hospital staff of the collaboration between the Hospital and the Blood Institute to ensure that the Hospital staff is knowledgeable and supportive of the relationship. The Hospital shall allow the Blood Institute to place approved printed materials in strategic locations within the Hospital (e.g., in lobbies, waiting rooms, etc.) stating the Blood Institute is the blood provider and encouraging blood donations. From time to time, the Hospital may have the appropriate persons in Hospital administration send communications to community leaders (e.g., business leaders, ministers, school superintendents, civic group leaders, governmental leaders, etc.) encouraging personal and group support of blood donations to the Blood Institute. The Hospital may provide ongoing support for the Blood Institute with the media, the Hospital, and the community. The Blood Institute will provide staff and resources to assist with any or all of the hospital's public relations efforts on behalf of the Blood Institute.
- 25. <u>Entire Agreement; Amendments; Waiver</u>. This agreement is the final expression of the entire agreement of the parties. This agreement supersedes all prior

agreements and understandings between the parties. This agreement may not be amended, modified, or waived except by a written agreement designated as such and signed by the party against whom it is to be enforced. The failure of a party to insist upon the strict observance or performance of any of the provisions of this agreement or to exercise any right or remedy shall not impair any such right or remedy or be construed as a waiver or relinquishment thereof with respect to subsequent defaults.

- 26. <u>Counterparts</u>. This agreement may be executed in one or more counterparts, each of which will be deemed to be an original copy of this agreement and all of which, when taken together, will constitute one and the same agreement. The exchange of copies of this agreement and of signature pages by facsimile transmission shall constitute effective execution and delivery of this agreement and may be used in lieu of the original agreement for all purposes.
- 27. <u>Survivability of Terms</u>. The terms and provisions and each party's obligations and/or agreements under Sections 9, 12 and 18 shall survive any termination or expiration of this Agreement and will be construed as agreements independent of any other provisions of this Agreement.

Print Name	Schedules: 2.0 Fee Schedule 3.0 Crossmatch Sample Requirements 6.0 Blood Products Credit/Return Policy 8.0 Compliance Requirements
Print Title	

Schedule 3.0 Crossmatch Sample Requirements

Sample Labeling Requirements. The Facility shall provide properly identified blood samples in sufficient volume to the Blood Institute for laboratory testing in accordance with the Blood Institute's SOPs and AABB and FDA guidelines. The Blood Institute may refuse mislabeled samples and require the Facility to collect new, properly labeled samples. If multiple mislabeled samples are received from the Facility, then the Blood Institute may suspend cross-matching services until the Facility can provide reasonably satisfactory written assurance to the Blood Institute that corrective action has been implemented.

Schedule 6.0 BLOOD PRODUCTS CREDIT/RETURN POLICY OKLAHOMA BLOOD INSTITUTE

The following blood products may be returned for credit or exchange to the Oklahoma Blood Institute in accordance with the following established guidelines:

Product	<u>Timeframe</u>
	Restrictions required to receive credit:
LEUKOREDUCED RED CELLS	a. Stored at 1 to 6 degrees Centigrade as documented by a continuous recording device;
	b. The blood container has not been entered;
	c. Product storage has met all other applicable CBER/FDA and AABB requirements;
	d. At least one crossmatch segment remains attached; and,
	e. Greater than 10 days of shelf life is remaining before the product outdates/expires.
	Leukoreduced Red Cell products ordered as STAT or ASAP will not be accepted for credit.
LEUKOREDUCED PLATELETS (Single donor) (Aphereis-derived)	Greater than 24 hours of shelf life providing such products have been: a. Stored at 20 to 24 degrees Centigrade as documented by a continuous recording device; b. Stored with continuous agitation
	If <u>less</u> than 24 hours, OBI will assist Hospital in offering the product to another facility [provided products have also been stored at 22 degrees Centigrade, plus or minus 2 degrees]. If successful, credit will be issued to Hospital; if unsuccessful, credit will not be issued. This policy provision will not apply where the product had 48 hours or less of remaining shelf life when supplied to Hospital by OBI.
PLASMA and PLASMA PRODUCTS	Plasma and Plasma products will not be accepted for credit.
MODIFIED PRODUCTS	Products modified by Blood Institute or Hospital will not be accepted for credit.
AUTOL 000010 INUTO	
AUTOLOGOUS UNITS	No returns will be accepted/credited.
RESTOCKING FEE	If OBI, in its sole discretion, determines that Hospital is routinely overstocking red cells and/or platelets and returning for credit, OBI may impose a restocking fee in the amount of \$100 per excess red cell unit and/or \$250 per excess platelet unit. OBI shall notify Hospital in writing 30 days prior to imposing the restocking fee and provide Hospital with an opportunity to remedy the overstocking problem. If after the 30-day period Hospital continues to overstock, OBI will add the restocking fee to its monthly statement of charges as provided in Section 11 of the Agreement. The restocking fee covers OBI's administrative and logistical costs related to supplying Hospital with red cells and/or platelets and accepting the units for return and credit, represents a fair estimation of reimbursing Hospital for such costs, and does not constitute a penalty.

Schedule 6.0 BLOOD PRODUCTS CREDIT/RETURN POLICY OKLAHOMA BLOOD INSTITUTE

The following blood products may be returned for credit or exchange to the Oklahoma Blood Institute in accordance with the following established guidelines:

Product	Timeframe
	Restrictions required to receive credit:
LEUKOREDUCED RED CELLS	a. Stored at 1 to 6 degrees Centigrade as documented by a continuous recording device;
	b. The blood container has not been entered;
	c. Product storage has met all other applicable CBER/FDA and AABB requirements;
	d. At least one crossmatch segment remains attached; and,
	e. Greater than 10 days of shelf life is remaining before the product outdates/expires.
	Leukoreduced Red Cell products ordered as STAT or ASAP will not be accepted for credit.
LEUKOREDUCED PLATELETS (Single donor) (Aphereis-derived)	Greater than 24 hours of shelf life providing such products have been: a. Stored at 20 to 24 degrees Centigrade as documented by a continuous recording device; b. Stored with continuous agitation
	If <u>less</u> than 24 hours, OBI will assist Hospital in offering the product to another facility [provided products have also been stored at 22 degrees Centigrade, plus or minus 2 degrees]. If successful, credit will be issued to Hospital; if unsuccessful, credit will not be issued. <i>This policy provision will not apply where the product had 48 hours or less of remaining shelf life when supplied to Hospital by OBI.</i>
PLASMA and PLASMA PRODUCTS	Plasma and Plasma products will not be accepted for credit.
MODIFIED PRODUCTS	Products modified by Blood Institute or Hospital will not be accepted for credit.
AUTOLOGOUS UNITS	No returns will be accepted/credited.
RESTOCKING FEE	If OBI, in its sole discretion, determines that Hospital is routinely overstocking red cells and/or platelets and returning for credit, OBI may impose a restocking fee in the amount of \$100 per excess red cell unit and/or \$250 per excess platelet unit. OBI shall notify Hospital in writing 30 days prior to imposing the restocking fee and provide Hospital with an opportunity to remedy the overstocking problem. If after the 30-day period Hospital continues to overstock, OBI will add the restocking fee to its monthly statement of charges as provided in Section 11 of the Agreement. The restocking fee covers OBI's administrative and logistical costs related to supplying Hospital with red cells and/or platelets and accepting the units for return and credit, represents a fair estimation of reimbursing Hospital for such costs, and does not constitute a penalty.

Schedule 8.0 COMPLIANCE STATEMENTS

The Oklahoma Blood Institute (OBI) manufacturers Blood and Blood Products under Food and Drug Administration (FDA) license number 0766. Each OBI facility has an FDA assigned Establishment Identification Number (FEIN) and is inspected by the FDA to evaluate Current Good Manufacturing Practices (CGMP) and compliance with relevant sections of 21 CFR 200, 600, 800 and 1200.

AABB Blood Bank and Transfusion Services accreditation is maintained by OBI. In accordance with the Social Security Act and 42 CFR Parts 422.156, 422.157 and 422.158 the Health Care Financing Administration has granted AABB deemed status with the Centers for Medicare and Medicaid Services (CMS). Therefore, AABB standards have been found to meet or exceed all relevant CMS requirements for participation. AABB bi-annual assessments evaluate OBI against these standards.

Infectious Disease Testing is provided under CLIA number 37D0470358 and Immunohematology Testing is provided under CLIA number 37D2175055 in the headquarters location in Oklahoma City. Immunohematology Testing is also provided under CLIA number 37D0931105 in the Tulsa location, CLIA number 04D2096885 in the Little Rock location, and CLIA number 45D0507042 in the Coffee Memorial Blood Center location. CLIA compliance inspections and renewals are performed biannually by the AABB. OBI Laboratories participate in CMS approved proficiency testing programs. AABB Immunohematology Laboratory Accreditation is maintained by the Clinical Laboratories in Oklahoma City, Tulsa, Little Rock, and Coffee Memorial Blood Center.

OBI maintains a Quality Plan, Quality Manual, Emergency Preparedness and Disaster Plan, Transfusion Associated Disease Investigation Procedures, Look-Back Procedures (HCV and HIV), and Consignee Notification Procedures for Positive Test Results, Market Recalls and Market Withdrawals for non-conforming blood or blood components. Initial consignee notifications occur in accordance with federal and state statutes and regulations. Specifically within 3 calendar days if the blood collecting establishment supplied blood and blood components collected from a donor who tested negative at the time of donation but tests reactive for evidence of HIV or HCV infection on a later donation or who is determined to be at increased risk for transmitting HIV or HCV infection; within 3 calendar days after the blood collecting establishment supplied blood and blood components collected from an infectious donor, whenever records are available; and within 45 days of the test, of the results of the supplemental (additional, more specific) test for HIV or HCV, as relevant, or other follow-up testing required by FDA. These documents can be made available for reference during relevant facility inspections.

OBI performs bacterial detection testing on all apheresis platelet components. This test is a culture that is incubated throughout the shelf life of the product.

OBI maintains a Privacy Policy, Notification of Privacy Practices and Business Associate Agreements that include relevant requirements identified in 45 CFR 164, Health Insurance Portability and Accountability Act (HIPAA) of 1996 and the Information Technology for Economic and Clinical Health (HITECH) Act of 2009.

For Regulatory or Compliance Issues, Call VP, Quality Management (405) 297-5758 Compliance Officer (405)297-5733

Exhibit A BUSINESS ASSOCIATE AGREEMENT

THIS AGREEMENT is entered into as of ________, by Mangum City Hospital Authority DBA: Mangum Regional Medical Center, 1 Wickersham Drive Mangum, OK 73554 ("Hospital") and the Sylvan N. Goldman Center, Oklahoma Blood Institute, an Oklahoma not for profit corporation with its principal office located at 1001 North Lincoln Boulevard, Oklahoma City, OK, 73104 ("Blood Institute").

- A. The Blood Institute provides services for the procurement of blood and blood components and related services (the "Services") for the Hospital pursuant to a written agreement between the parties (the "Services Agreement").
- B. The Blood Institute and the Hospital are subject to the privacy and security requirements of the Health Insurance Portability and Accountability Act of 1996, the Health Information Technology for Economic & Clinical Health Act, and the implementing regulations promulgated thereunder, as amended from time to time (collectively, "HIPAA").
- C. To facilitate the provision of Services by the Blood Institute, it may be necessary for the Hospital to disclose protected health information concerning its patients to the Blood Institute. "Protected health information" is demographic information collected from a patient which (a) is created or received by the Hospital, (b) relates to the past, present or future physical or mental health condition, the provision of health care or the past, present or future payment for the provision of health care of a patient, and (c) identifies the patient, or the information can be used to identify the patient. "Protected health information" includes information that is transmitted, maintained or received electronically. Demographic information that identifies the patient or that could be used to identify a patient includes: name, street address, city, county, precinct, zip code, birth date, admission date, discharge date, date of death, telephone number, fax number, email address, social security number, medical record number, health plan beneficiary number, account number, certificate/license numbers, vehicle identifier and serial number, and full face photographic images and any comparable images.
- D. The Hospital wishes to obtain satisfactory assurances from the Blood Institute that the Blood Institute will safeguard protected health information from misuse and unauthorized disclosure and that the Blood Institute will assist the Hospital in complying with other requirements related to protected health information.

In consideration of the covenants, terms and conditions set forth in this Agreement, the Hospital and the Blood Institute agree as follows:

1. <u>Protected Health Information</u>. The Blood Institute and the Hospital shall appropriately safeguard from misuse and unauthorized disclosure all data that is protected health information.

- 2. <u>Business Associate Standards</u>. By virtue of this Agreement, the Blood Institute may receive protected health information on behalf of Hospital, and is thereby subject to the "business associate" standards set forth herein. The Blood Institute may use and disclose protected health information it receives from the Hospital, in accordance with HIPAA, strictly for the following purposes and only to the extent necessary for the Blood Institute to perform its obligations under the Services Agreement:
 - a. The Blood Institute may use and disclose protected health information it receives from the Hospital (i) in the proper management and administration of the Blood Institute; (ii) as required by law; (iii) to carry out its legal responsibilities; (iv) to perform blood banking and transfusion services in accordance with recognized standards of care; or, (iv) to other person(s) who provide reasonable written assurances that the information will be held confidentially, under the same conditions and restrictions that apply to the Blood Institute, and used or further disclosed only as required by law or for the purpose for which it was disclosed to such person, and that such person(s) will notify the Blood Institute of any instances which it is aware or becomes aware that the confidentiality of the information has been breached:
 - The Blood Institute may use and disclose protected health information it receives from Hospital to provide data aggregation services relating to the health care operations of the Hospital;
 - c. The Blood Institute may use and disclose protected health information it receives from the Hospital for purposes related to the testing and analysis of specimens and for internal operational purposes, including: conducting quality assessment and improvement activities; conducting or arranging for medical review, legal services or auditing functions; business planning, development and management; implementing and conducting compliance programs; performing aggregate data analysis; and conducting due diligence in connection with the sale of part or all of the business.
 - d. With respect to information that it has received from Hospital, the Blood Institute shall:
 - (i) Not use or further disclose the information other than as permitted or required by this Agreement or as required by law, not copy, duplicate or otherwise reproduce any part of the information except as required to perform services under the Services Agreement, and comply with the HIPAA privacy regulations with respect to any obligations under HIPAA that the Blood Institute is performing on behalf of the Hospital;
 - (ii) Promptly report to Hospital if the Blood Institute becomes aware of any use or disclosure of protected health information not permitted by this Agreement or any other security incident related to the protected health information, and take all necessary actions to promptly remedy the situation and to minimize any adverse consequences of such use, disclosure or security incident;

- (iii) Ensure that any agents, representatives, subcontractors or others to whom the Blood Institute provides protected health information received from, or created or received by the Blood Institute on behalf of the Hospital (each, a ("Subcontractor") enters into a written agreement with Blood Institute that imposes the same obligations on Subcontractor that are imposed on Blood Institute under this Business Associate Agreement;
- (iv) Make available protected health information in accordance with 45 CFR 164.524;
- (v) Make available protected health information for amendment and incorporate any amendments to protected health information in accordance with 45 CFR 164.526:
- (vi) Make available the information required to provide an accounting of disclosures in accordance with 45 CFR 164.528;
- (vii) Make its internal practices, books and records relating to the use and disclosure of protected health information received from, or created or received by the Blood Institute on behalf of the Hospital, available to the Secretary of the Department of Health and Human Services for purposes of determining the Hospital's compliance with 45 CFR 164.500 534; and.
- (viii) At termination of this Agreement, if feasible, return, destroy or permanently delete all protected health information received from, or created or received by the Blood Institute on behalf of the Hospital that the Blood Institute still maintains in any form and retain no copies of such information, except (A) the Blood Institute may retain, use and disclose such protected health information to meet quality standards and public health and regulatory requirements related to its blood banking and transfusion services, or (B) the Blood Institute may retain such protected health information if return or destruction is not feasible and the Blood Institute extends the protections of this Agreement to retained information and limits further uses and disclosures to the purposes that make return or destruction infeasible.
- e. Hospital shall be responsible for obtaining all consents and authorizations of patients, in accordance with HIPAA.
- 3. <u>Use of Safeguards</u>. The Blood Institute shall use appropriate safeguards to prevent the use or disclosure of the protected health information other than as provided for by this Agreement. If protected health information is transmitted, maintained or received electronically, the Blood Institute shall use administrative, technical and physical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of such information, including access controls, workstation security, integrity controls, data backup and storage and encryption.

- 4. Reporting. The Blood Institute shall promptly report to the Hospital not later than 30 days after the Blood Institute becomes aware of (a) any acquisition, access, use or disclosure of protected health information not permitted by this Agreement or HIPAA, or (b) any other security incident related to protected health information of which the Blood Institute becomes aware (an "Incident") whether or not the Incident qualifies as a "reportable breach" under HIPAA. With respect to a reportable breach, the Blood Institute shall provide the following information to the Hospital: (a) a brief description of the Incident: (b) a description of the nature and extent of protected health information involved in the Incident and the likelihood of re-identification; (c) the individual who impermissibly used the protected health information; (d) a description of the Blood Institute's actions to mitigate the consequences of the Incident and to prevent further Incidents; and (e) if requested by the Hospital, contact procedures for individuals to contact the Blood Institute for additional information. Except as directed by the Hospital. the Blood Institute shall not directly report an Incident to the Secretary, the media, or any individual, and shall keep the matter strictly confidential. The parties shall take all necessary actions to promptly remedy the situation and to minimize any adverse consequences of such Incident.
- 5. <u>Independent Contractor Status</u>. The Blood Institute is performing services for the Hospital as an independent contractor. Nothing in this Agreement shall be construed as creating an agency, partnership, employment or joint venture relationship between the Blood Institute and the Hospital. Neither party may bind, or create any obligations on behalf of, the other party.
- 6. <u>Obligation to Disclose Information</u>. This Agreement does not impose any specific obligations on the Hospital to disclose protected health information.
- 7. <u>Binding Effect</u>. This Agreement shall be binding upon the parties hereto and their respective legal representatives, successors and assigns.
- 8. <u>Governing Law</u>. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Oklahoma.
- Assignment. This Agreement may not be assigned by the Blood Institute, nor may the Blood Institute delegate its duties hereunder, without the express prior written consent of the Hospital.
- 10. <u>Amendments</u>. This Agreement may not be amended except by an instrument in writing signed by the Hospital and the Blood Institute.
- 11. <u>Notices</u>. Any and all notices, consents or other communications by one party intended for the other shall be deemed to have been properly given if in writing and personally delivered, transmitted by electronic means, or deposited in the United States, postpaid, to the addresses or numbers set forth below the signatures of the parties.
- 12. <u>No Waiver</u>. No waiver of a breach of any provision of this Agreement shall be construed to be a waiver of any breach of any other provision. No delay in acting with regard to any breach of any provision of this Agreement shall be construed as a waiver of such breach.

13. <u>Entire Agreement</u>. This Agreement constitutes the entire understanding and agreement of the parties with respect to its subject matter and cannot be changed or modified except by another agreement in writing signed by the parties.

EXECUTED as of the date written above.

Discussion of agreement between the City Manager and the Hospital CEO regarding the Hospital Roof. The negotiated agreement is for a 50/50 split of the costs associated with the roof replacement. The roof will be replaced in stages over the next year, to maximize available funding. Stage 1 is to replace the section of the roof that is actively leaking, the City's cost of which is \$15,000, will commence upon approval of this agreement. Stage 2 will be completed in late summer of FY2022 (August or September of 2021), the City's cost to be \$11,500, and Stage 3 will be completed in spring of FY2022 (February/March of 2022), the City's cost to be \$15,000.

Agreement approved by the City Commission on March 2, 2021.
