# MEMO

Section 5, Item a.

---

**To:** Police & Fire Commission – Chair Brian McGuire  
**From:** Daron J Haugh – City Administrator  
**Subject:** Memorandum of Understanding for Mutual Aid & Fire Suppression Services  
**Date:** 2025-07-24

---

The City of Mauston Fire Department regularly responds to emergencies in areas overseen by the Department of Natural Resources, particularly within the Town of Lemonweir. Under the proposed Memorandum of Understanding (MOU), if approved, the Fire Department would have the authority to send fire service invoices directly to the DNR instead of billing the township or individual homeowners. This adjustment is intended to make the billing process simpler and reduce any confusion for those in DNR-protected areas. I recommend approving the MOU so that, when applicable, billing is handled directly with the Department of Natural Resources rather than with the Township or parcel owners.

Personal information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Open Records laws (ss. 19.32-19.39, Wis. Stats.).

**Agreement**

THIS AGREEMENT is entered into by and between the above-listed fire department (the Fire Department), and the State of Wisconsin Department of Natural Resources (DNR), for the suppression of forest fires within each party's respective jurisdiction in DNR Protection Area and/or on land owned by the DNR (DNR Land) in Cooperative Area.

WHEREAS, s. 26.11, Wis. Stats., vests the DNR with the power, authority, and jurisdiction in all matters relating to prevention, detection, and suppression of forest fires outside the limits of incorporated villages and cities and s. 23.09(4), Wis. Stats., and s. NR 1.23, Wis. Adm. Code, authorize the DNR to render assistance in case of emergencies.

WHEREAS, the DNR and the Fire Department pursuant to ss. 23.09(1)(2), 23.11 and 26.11(4), Wis. Stats., desire to cooperate in the suppression of fires; it is agreed by and between the DNR and the Fire Department as follows:

#### 1. DEFINITIONS

- a. "Cooperative Area" means the areas of the State outside the DNR Protection Areas where Fire Departments have primary forest fire initial attack responsibilities.
- b. "DNR Protection Area" are the areas of the state defined by ss. NR 30.01 and NR 30.02, Wis. Adm. Code, as intensive or extensive.
- c. "Extended Attack" occurs when resources beyond those designated for initial attack must be dispatched to an incident or when extensive mop-up is required. This is generally when suppression efforts exceed one hour.
- d. "Forest Fire" means an uncontrolled, wild or running fire occurring on a forest, marsh, field, cutover or other lands or involving farm, city, or village property and improvements incidental to the uncontrolled, wild or running fire occurring on forest, marsh, field, cutover or other lands (as defined in s. 26.01(2), Wis. Stats.).
- e. "Incident Command System" means a set of personnel, policies, procedures, facilities, and equipment, integrated into a common organizational structure designed to improve emergency response operations of all types and complexities. ICS is a subcomponent of the National Incident Management System (NIMS), as released by the U.S. Department of Homeland Security in 2004.
- f. "Initial Attack" is defined as the first hour when suppression efforts are needed.
- g. "Non-reportable Fires" include incidents involving:
  - i. Burning activity that does not spread from predetermined limits
  - ii. Fires that cannot be located
  - iii. False alarms
  - iv. Structural fires
  - v. Vehicular or equipment fires
- h. "Project fire" means an extended attack forest fire requiring state-wide resource deployment by the DNR
- i. "Reportable Fires" are all fires not listed in Section. 1.g.
- j. "Suppression" means the action of the responding agency(ies) beginning with initial attack and continuing through control of the forest fire, mop-up, and until the forest fire is out.
- k. "Unified Command" means a system of command that enables institutions and agencies with different legal, geographic, and functional responsibilities to coordinate, plan, and interact effectively
- l. "ATV" (all-terrain vehicle) and "UTV" (utility terrain vehicle) include equipment that is a manufactured motor driven device capable of off-road use. These vehicles cannot meet the federal motor vehicle safety standards.

## 2. RESPECTIVE RESPONSIBILITIES

- a. The DNR is responsible for the suppression of all forest fires and protection and suppression of any improvements threatened by forest fires as defined previously in s. 26.11, Wis. Stats.
- b. DNR may assist the Fire Department when resources are available, as authorized by s. NR 1.23, Wis. Adm. Code and s. 26.11(1), Wis. Stats.
- c. Within DNR Protection Areas, the DNR may request the assistance of the Fire Departments to provide forest fire suppression, as well as structural protection.
- d. Outside of DNR Protection Areas, in the Cooperative Areas, the Fire Departments may request the assistance of the DNR to provide additional resources and support in forest fire suppression and Fire Departments have been delegated the authority on DNR-owned lands for fire suppression actions by virtue of this Agreement.
- e. Structural and vehicular fires are the responsibility of the Fire Department, but the Fire Department may request DNR equipment and personnel to assist with the structural and vehicular fire or when there is danger of a forest fire being caused by the structural or vehicular fire.

## 3. REPORTING FIRES

- a. The Fire Department agrees to make every effort to immediately notify the DNR of forest fires, or fires which may become forest fires that are burning or threatening DNR protection areas or DNR Lands. If immediate notification cannot be made, the Fire Department shall report the location of the fires, and the action taken, to the DNR as soon as possible, but no later than 24 hours from its knowledge of the forest fires.
- b. If the Fire Department is unable to contact the DNR, it shall take immediate, independent action to effectively suppress the forest fire.
- c. If it is uncertain whether a reported forest fire is within a DNR protection area or on DNR land due to the fire's proximity to the boundary line, the Fire Department or DNR shall notify the other party. If the Fire Department or DNR is unable to contact the other party, it shall take immediate, independent action to effectively suppress the forest fire, as soon as practicable. Thereafter, it shall notify the other party and report the location of the fire and the action that was taken.
- d. The DNR agrees to notify the Fire Department through County Dispatch if they become aware of a structure or vehicular fire within the Fire Department's jurisdiction.

## 4. COMMAND AT FIRES

The Incident Command System will be used at all forest fires. When the Fire Department is the first to arrive at the scene of a forest fire within a DNR protection area or on DNR land, the Fire Department shall establish incident command and begin initial attack. Command of the incident may be transferred to a qualified DNR incident commander upon arrival. A Unified Command structure is encouraged when deemed appropriate. If DNR does not arrive on scene, or is called to another incident, the Fire Department shall maintain command of the forest fire until out.

## 5. OUTSIDE ASSISTANCE

A DNR designated employee shall be consulted when in attendance by the chief officer of the Fire Department before calling in additional crews and equipment or outside fire departments for forest fires originating and occurring in DNR protection areas or on DNR lands. The incident commander is responsible for releasing the additional crews or equipment as soon as possible.

## 6. EQUIPMENT AND PERSONNEL REQUIREMENTS

- a. The DNR and the Fire Department agree to have available and utilize firefighting units suitable for suppressing forest fires. Responding units should be equipped with forest fire fighting hand tools and equipment. All responding units shall be equipped with a radio that contains a common frequency with the local DNR fire units, such as "Fire-ground Blue."
- b. It is recommended that Fire Departments respond to forest fires with firefighters that have successfully completed **INTRODUCTION TO WILDLAND FIRE SUPPRESSION FOR WI FIRE DEPARTMENTS** in accordance with NFPA 1051 standards, which is an 8-hour course taught by DNR personnel and available to all Fire Departments.
- c. Firefighters shall wear protective clothing on all forest fires. It is recommended that protective clothing meets the 1977 NFPA standard on protective clothing and equipment for forest fire fighting including, as a minimum, Nomex shirts, pants or coveralls, boots, hardhat or helmet, and leather gloves. Use of web belts and fire shelters are also recommended for additional protection. Structural turnout gear should be available on each unit for every firefighter in the event there is a structural fire.

## 7. FIRE SUPPRESSION SERVICES AND COMPENSATION

- The Fire Department agrees to provide suppression services on forest fires, if its resources are available, whenever it is requested to respond by DNR or through established dispatch procedures. The DNR agrees to provide suppression services on forest fires, when resources are available, if requested by the Fire Department or through established dispatch procedures.
- In DNR Protection Areas, Fire Department suppression services compensation applies to all forest fires occurring outside the limits of incorporated villages and cities.
- In Cooperative Areas, Fire Department suppression services compensation applies **only** to forest fires originating on DNR owned lands.
- On all State lands and lands under DNR management, Fire Department compensation applies only when invited to assist with prescribed burning on DNR managed lands.

## 10. BILLING PROCEDURE

Good afternoon,

Ya know, I was wondering if you went by a nickname.

Alright, I can do that. I know I saw contacting you by email as an option on the form, and figured it would obviously be the easiest, and fastest, way to communicate with you, but I will do as you mentioned.

I noticed that the invoice was dated for the 25th. Crazy that it took 11 days to make it one town over, but I can get stuff from China in about a week lmao. Wild.

I'll be sure to have it in before then.

I do have three questions for you though.

1. If possible, could you, please, email me a copy of the form I need to submit for an appeal?
2. Where can I turn the form in?
3. How can I find out when the next PFC meeting is, or do you know when the next PFC meeting is?

Thank you for your hastily response.

Hello Mercedes Ravencroft,

This is Christopher J. Barebo, and I am contacting you with regards towards the emergency fire call that happened on 3/13/25.

I'd like to appeal the invoice. Whether that be for something as simple as entire invoice waiving, a cost reduction, or even just interest rate removal is all up to you, or the city of mauston, I suppose. I am not sure who makes that decision.

It's not like I can make this incident just go away, so charging interest to an invoice for a past emergent event where no one was injured apart from my own vehicle just seems morally wrong to do, in my opinion.

The reason why I believe it is morally wrong to charge interest is because, essentially, I am being told that I will be charged more if I don't pay on time for a past action that would be considered a city protection..

That's legalized extortion.

Now, the city did put out the fire that I called about. The protection level was met, and I'm grateful, but I just don't have the funds, and almost certainly won't have the amount needed within 90-days, so I'd like to appeal the fee.

I wouldn't say that I'm direly struggling financially, but I'm also definitely not swimming in money by any means. I did have my truck burn down less than two months ago.. which means I needed to buy a new vehicle.. which means I needed to register a new vehicle.. And not to mention all of the property that I had within the vehicle, or that I also have plenty of other financial obligations that have to be met in our damn near collapsing economy.. I know you feel that pain as well when you're standing at the grocery checkout.

I don't make a lot of money.. in fact, I'm barely making it by on \$17.50per hour, but I am, and I would definitely be open to working something out, but it'll take time. Something that is being taken from me.

Thank you for your time, and also any genuine consideration on the matter.
